MAY'S TERM BEGINNING INDEFINITE

Second Trial Soon Could Be Demanded By Defense Counsel

Date for Headmon May to begin serving the life pen term imposed upon him last week when he was held guilty of the murder of his mother-in-law, Mrs. A. B. Hobson, of Harold, was indefinite this week.

Sentence had not been passed Wednesday on May, and there is the possibility that his attorneys may press for an early trial on the second murder charge against him for the slaying of his father-in-law, A. B. Hobson.

Commonwealth's Attorney Harold J. Stumbo said this week that he will not agree to a second life term for May unless the defense agrees to await action of the General Assembly on the question of abolishing the death penalty. Admitting that May is entitled to a speedy trial on the second charge, he said that for trial and trial of May held prior to the voiding by legislative action of the present capital punishment penalty he will insist on empanelling a jury under the death penalty qualification.

Sentence was passed Monday on Willie "Jap" Harris, who was given a 21-year term upon his plea of guilty to the near-fatal beating of Mrs. Catherine Akers. He is expected to be taken to the state reformatory within the next few days.

This Town . . . That World

IN OLD KENTUCKY

When the honeymoon was on, briefly, between Harry Lee Waterfield and Governor Breathitt we wondered about that hatchet-burial job. Wondered mostly about in whose head the aforesaid hatchet would be buried. Now, each accuses the other of wanting to be a dictator over the State. We doubt that either of the gentlemen is dead set on being a Senate dictator. All either wants is enough Senators on his side to take the hide off the other. Such is politics in Old Kentucky.

Incidentally, Mabel, there's a lot of difference between the body politic and a political corpse.

Why do I start off on this matter of politics? It couldn't be the heat. Maybe it's the climate.

FISHING REPORT

I turn to a more tranquil pastime—namely, fishing. And report that "Red" Osborne and Earl Castle haven't done too badly, according to my standards, at Dewey Lake. If Earl will stop shaking, I will report that 21-inch bass he landed on a flyrod popper, the other late afternoon.

Somebody has suggested that an election seat is needed in automobiles almost as badly as seat belts. To get rid of back-seat drivers.

AHEAD AT ALDER SPRINGS

W. R. (Bill) Smith, of Hindman, might be interested in learning that he's running strong for Representative, over at Fred Fuller's Alder Springs boat dock on Norris Lake. His is the only candidate's picture displayed there.

COUNT 'EM

I think that the first time the following was printed in this column, tranquilizers hadn't caught on and maybe weren't so badly needed. Anyhow, it has gone the rounds—where it started, I haven't the slightest idea—and now it comes back from a reader (See Story No. 3, Page 6)

MR. FRAZIER

HIGH AWARD TO FRAZIER

Lonesome Pine Council Honors Three Scouters With the Silver Beaver

The Silver Beaver, highest honor within the gift of Lonesome Pine Council, Boy Scouts of America, was awarded last Thursday evening to three Scouters of the area, one of whom is Chalmer H. Frazier, of Prestonsburg.

The three receiving the awards have had a total of more than 100 years service in the field of Scouting. The others so honored are Dr. Thomas McDonald, Scoutmaster of Troop 8, Grundy, Va., and John Fischer, of Big Stone Gap, Virginia.

Mr. Frazier is chairman of Lonesome Pine Council's training committee. He has been active in Scout work for 31 years.

The awards were made at the 31st annual Recognition Banquet, which was held at Hazard.

Participating in the ceremonies were F. B. Fowler, president; H. A. Street, vice-president and master of ceremonies; J. Lincoln Kiser, past president; and Music. Members of the executive board, and Harold Trivett, Breaks district chairman, H. E. Greer, honorary president, was chairman of the Silver Beaver committee.

Charles E. Hudson, Scout executive, Knoxville, Tenn., gave the principal address in which he showed the purposes and needs of Scouting along with statistical results of the movement in America—Scout trained boys had grown into the type of leadership which had caused America to remain free and move into the front position in many areas of activity.

BONDS SELL AT MEETING

Issues Total \$200,000 To Complete Financing 2 Urban Renewal Jobs

A total of \$200,000 worth of bonds were sold Monday night at a special meeting of the City Council to complete the financing of Prestonsburg's two urban renewal projects.

Of this total, \$93,000 worth of the bonds, Series A, was purchased locally, as heretofore pledged, no better bids having been submitted, and the remaining \$107,000 (Series B) was bought by the federal government.

A work order on surfacing of the two parking lots involved in urban renewal here—the Court-house and Central Business District projects—was issued to the Adams Construction Company, contractor, two weeks ago, Mayor George P. Archer said. But, he added, the contractor has not promised to begin work on either lot or on the street-surfacing job here earlier than two or three weeks.

Adams has several projects under contract elsewhere, and one of the most pressing, the road from Lancer to Jenny Wiley State Park, is expected to be surfaced first.

HARRIS GETS 21-YR. TERM

Enters Guilty Plea To Charge of Beating Of Woman Near Here

Willie "Jap" Harris entered a plea of guilty Monday to a charge of striking and wounding Mrs. Caroline Akers with intent to kill, and was given a 21-year term in the state reformatory.

Mrs. Akers, who lay for weeks near death, is a patient in a Lexington rest home. Her condition is improved but she was unable to be brought here to testify against Harris.

Harris, who was accused of clubbing the woman at or in the vicinity of her home on the Middle Creek road, at first indicated he would stand trial. Preparations were being made to draw additional names from the jury drum for his trial under the habitual criminal act when he entered the guilty plea.

Mrs. Maude Howard, owner of the house occupied by Mrs. Akers, is accused of counselling Harris in the commission of the crime, but is not expected to be given trial until the September circuit court term convenes.

Disposition of the Harris case ended most of the court work for the week. Trial of C. H. Farley, superintendent of Pike county schools, and Herbert Cool, member of the Pike board of education, is scheduled to begin May 26. Commonwealth's Attorney Harold J. Stumbo said last week he had been notified by Pike Commonwealth's Attorney T. J. Ratliff that Ratliff will not take part in the prosecution at the trial here.

Martin Pancake Day Scheduled, May 22

The Martin Kiwanis Club will hold its Aunt Jemima Pancake Day Saturday, May 22, from 6 a.m. till 6 p.m., at the Martin school lunchroom. It was announced this week.

Funds derived from Pancake Day will go to the benefit of underprivileged children.

332 ABSENTEES GET OKEH FOR BALLOTS

The number of persons who will vote by absentee ballot in Floyd county's May 25 primary is far below the predictions heard locally, a few weeks ago.

As of Tuesday morning, 332 ballots had been mailed from the County Clerk's office to applicants.

A total of 381 applications had been received at the Clerk's office at the May 6 midnight deadline, but the County Election Commission rejected 49 of these. County Clerk C. Ollie Robinson said that the law requires that he accept applications post-marked not later than May 6.

but he added that he expects few applications to be received in addition to those at hand last Thursday midnight.

The ballot applications were rejected by the Election Commission on three grounds: Some were not properly notarized, since the notary was related to the applicant; some were not notarized at all, and some of the applicants had been purged from the county's voter registration books.

Next turn of the election machinery to prepare for the May 25 voting date will be the selection of election officers, a job which must be done not later than noon May 18.

Floyd county's annual Music Festival, with two of Kentucky's storied ingredients—pretty women and fast horses—assured, is expected to attract to Prestonsburg Saturday one of the largest crowds to gather here in years.

Saturday will be more than Music Festival Day. Not only the beauty queens of seven high schools and their attendants will be in the spotlight—there will be the nine contestants for the title, "Miss Floyd County '65" in the parade preceding the selection of the high school queen.

And there will be not only sleek convertibles and seven high school bands in the line of march—sleek saddle-horses from the Floyd County Saddle Club will have their place in the parade.

GAS COMPANY GROUP ATTAINS SAFETY GOAL

The compressor station group of Kentucky West Virginia Gas Company reached a goal of one-half million man-hours worked without a lost-time injury on April 7, at 11:40 a.m.

This goal was achieved through a cooperative effort on the part of all 75 employees of the Compressor Station Department, which includes both union and supervisory personnel. These employees had worked since March 12, 1962, without a lost-time injury.

SEWER WORK HERE CITED

As Paintsville Council Criticizes Work There; Say Fills Inadequate

Prestonsburg streets were left in poor condition by the firm which did sewer construction here, said a member of the Paintsville City Council last week during a discussion of the condition of streets there after excavations had been made for sewer lines.

The discussion was generally critical of the work being done toward filling ditches dug in Paintsville streets. Councilman Wes Mason, who has been connected with the Adams Construction Company in street-surfacing here, referred to the condition in which Prestonsburg streets were left by the same sewer system contractor.

Mason questioned whether specifications were being met in Paintsville, adding that improper compaction when ditches were filled would lead later to street deterioration.

A meeting was slated with the contractor and Howard K. Bell, engineering consultants, to review the entire sewer project there.

2nd PARK STRUCTURE STARTED THIS WEEK

Foundation work on the second building to be erected in the new city park here was begun Wednesday morning.

The 40 x 120-foot structure will be known as the Community Building. Mayor George P. Archer said. It will house a community hall and restrooms and also serve as a picnic shelter.

Work will be done by fathers of dependent children, as was the case in the construction of the first park structure, a 70x40-foot two-story brick building which will house concessions, maintenance supplies and, in its second story, provide apartments

BERRY PLANT OPENING SET

Buying of Strawberries At Processing Plant Here Begins Monday

Carl Abbott, Bedford, Kentucky, owner of the strawberry processing plant which has been in operation here the past three years, announced this week that he will begin buying berries next Monday afternoon.

The plant is open this week so that growers may pick up crates. No prediction could be arrived at as to the volume of business the plant expects to do this season. It is known, however, that the growing season has been favorable.

Next year should see a sizeable increase in production, it was said, since more than 600,000 strawberry plants were set out this year. These will bear their first berries, next season.

The processing plant is located in the Floyd County Emergency & Rescue Squad building, between Highland avenue and College Lane.

Board Reaches No Decision On Cause Of Plane Crash Which Claimed 101 Lives

Mr. and Mrs. Tom Calhoun, of Prestonsburg, have been notified that the investigation of the DC-7 airliner crash in which their son, A/2C Victor J. Calhoun, and 100 other passengers lost their lives, June 3, 1963, has ended without definite conclusions being reached.

Because of lack of evidence, the Civil Aeronautics Board is unable to determine the probable cause of the accident, they were notified by their attorney, Joe Yancey, Knoxville, Tennessee.

The plane was lost in the North Pacific, 116 miles southwest of Annette Island, Alaska.

Mr. and Mrs. Calhoun were called to Nashville, Tennessee, last week to sit in on the hearing and discussions among legal representatives of families of the victims.

Airman Calhoun was en route to an air base at Anchorage, Alaska at the time of the crash.

YOUTH IN COMA SINCE ASPHYXIATION IN MARCH DIES AT HOSPITAL HERE

Seventeen-year-old Elzie Thomas Spears, of Abbot Creek, who had never regained consciousness since his asphyxiation March 23, died Saturday at the Prestonsburg General Hospital.

The youth and Homer Hackworth, of Middle Creek, were found unconscious in their auto by Coroner James J. Carter, Bev Shepherd and Amos Poe. Hackworth recovered within a few days. Young Spears was taken to the University Medical Center, Lexington, for a time but was later returned to the hospital here.

He is survived by his parents, Foster and Geneva Ousley Spears, and three sisters, Tichie, Tealie and Bonnie. Funeral rites were conducted Sunday by the Revs. Hobert Holbrook and Wallace Calhoun, and burial was made in the Holbrook cemetery on Williams Branch of Abbot Creek under direction of the Carter & Callihan Funeral Home.

MRS. SPARKS NAMED CLERK-OF-THE-YEAR

Argues Flood Threat Justifies Construction Of East Ky. Reservoirs

Mrs. Pauline H. Sparks, clerk-typist on the staff of the Floyd County Health Department, was chosen April 21 at the Kentucky Public Health Association meeting in Louisville to receive the Clerk-of-the-Year Award.

Mrs. Sparks received a \$25 Savings Bond. She won the honor in competition with a large percentage of the 278 clerks employed by health departments over the state.

Her name was placed in nomination by other members of the health department staff here. In their recital of her varied abilities staff members wrote, in part:

"Mrs. Sparks (we call her Polly) has developed the very best of working relations with the public and with her fellow-workers. She is polite in adversity; calm in the midst of chaos, and can smile through the turmoil of a fatiguing day."

She is the wife of Willis Sparks, of Prestonsburg, and is a veteran on the health department staff.

MCCOY WINS IN US COURT

Federal Judge Holds Texas Firm at Fault, Must Refund \$36,000

Charles M. McCoy, of Prestonsburg, has been awarded by U. S. District Judge Bernard Moynahan a judgment slightly in excess of \$36,000 against the Mosley Machinery Co., Inc., of Waco, Texas.

The suit grew out of the purchase by the Prestonsburg man, who is the owner of the Mountain Metal Company here, of a portable baling machine for use in compressing scrap cars and other metal items into compact sizes. The purchaser claimed the machine was defective, rendered little service and that the company failed to place it in operating condition.

McCoy contracted to pay \$70,000 for the machine, paying \$30,000 of that amount during its construction by the Texas firm. He sued for \$100,000, which included loss of time and profits, but Judge Moynahan allowed the plaintiff to recover only the total paid, plus transportation costs and repair bills, holding that (See Story No. 4, Page 6)

Carroll Draws Fine In Knott-co. Court; Transfer 3 Prisoners

State Trooper Jerry Combs and members of the Knott county Sheriff's department arrested Willie Carroll, of Martin, at Flsty, Knott county, at 3:40 a.m. Monday and confiscated from a truck which he was driving a heavy load of intoxicants.

The haul was reported as 2880 16-ounce cans of beer, 720 quarts of beer and 96 half-pints of whiskey. Knott Magistrate John Wes Corbett fined the Martin man \$116.50 for transporting and \$31.50 for driving without an operator's license. The magistrate suspended the jail term.

Three federal prisoners held in the Floyd county jail were transferred Sunday by U. S. Deputy Marshal Joe R. Mullins to Jackson for trial in U. S. district court. Two of the prisoners are Harold and McArthur Armstrong, who figured in a jail break here several weeks ago. The third is Specco Riley.

Jailed here within the week were: James Slone, charged with obtaining goods under false pretense, arrested by Deputy Sheriff Given Waddle and Potter; Walter Rife, arrested by Deputy Sheriff Henry Slone on a Mazon county storebreaking charge; and five accused of drunk driving—Silas Muncy, booked by Wheelwright officers, Harold Conn and Harshel Hitchcock; Cecil McClellan, by Constable Gillis Conn; Russell Gibson, by State Troopers Ray and Johnson; Andrew W. Cecil and Jack E. DeLong, both by State Trooper E. B. Allen.

REP. PERKINS WOULD RUSH AREA WORK

Argues Flood Threat Justifies Construction Of East Ky. Reservoirs

A strong appeal was made Monday by Congressman Carl D. Perkins for funds to hasten the construction of flood control and water resource projects for Eastern Kentucky.

Perkins, in appearing before the House Public Works Appropriations Subcommittee, asked approval of a total of \$17.65 million for the construction of the Grayson, Fishtrap, Cave Run and Carrs Fork reservoirs.

The 7th Kentucky district represented by Perkins is the only Congressional district in which four major reservoir projects are now underway. In addition, \$3,693,000 was requested by Perkins to continue construction of the North Fork of Pound and the John Flannagan reservoirs in the upper reaches of the Big Sandy, and \$105,000 for advanced engineering on Red River in the Kentucky River basin where \$25,500 was also requested to enable the Corps of Engineers to develop additional flood protection measures for the Upper Kentucky River basin.

Perkins emphasized that the federal government was more than justified in expanding flood control construction activities in Eastern Kentucky because of the constant threat of flood. "Tremendous assistance can be given to efforts to redevelop the Appalachian area if adequate flood control is provided. The protection of potential business and industrial sites from flood threat will materially assist in attracting investment capital in Eastern Kentucky. This means many more jobs for our unemployed," Perkins declared.

In addition to financing the construction of already authorized flood control projects, Perkins said there was a great need for Congress to authorize the Big Sandy River reservoirs approved recently by the U. S. Army Board of Engineers for Rivers and Harbors. He expressed the hope that the early authorization of these projects would enable engineering funds to be provided in a supplemental appropriation bill.

In connection with the Upper Kentucky River, Perkins said present flood control authorizations developed by the U. S. Army Engineers were inadequate to eliminate flood control threats and that new reservoirs should be authorized in the upper reaches and constructed at the earliest possible date. "Intensified efforts to develop new reservoir projects have now been made possible by Section 206 of the Appalachian Regional Development Act of 1965 and the full \$5 million authorized for this purpose should be appropriated," he argued. "For example," said Perkins, "flood control reservoirs and projects are urgently needed in the Pond Creek and Tug Fork areas of the Big Sandy basin, and additional Kentucky River reservoirs such as Booneville and Walkers Creek must be started."

DAVID B. LESLIE OFFERS PLATFORM

As the Democratic primary is drawing near I feel it is my duty to state how I will conduct the Sheriff's office, the kind of deputies I will employ and my attitude toward law enforcement. Every voter is entitled to the platform upon which a candidate solicits votes. In this article I am offering you a program under which I propose to administer the office of Sheriff. This platform is a pledge to you and I respectfully urge you to give it your consideration.

1. I pledge fair, dedicated and impartial enforcement of the law. Too long this county has been the haven of illicit whiskey dealers. The Sheriff can reduce this business to a minimum if he tries and that I intend to do.

2. I will employ deputies who are sober, honest and respected citizens and I pledge that they will serve you at all times, day or night, and without extra costs not provided by law. The residents of the rural sections are as much entitled to the protection of the law as people of the towns and I intend to give both town and country the full protection of the law.

3. I will employ office help that is courteous and efficient and one of my first orders to them will be that they handle your legal papers as quickly as possible. You are entitled to prompt and efficient service and anything less would be a failure to properly conduct the office.

4. Last but not least, I pledge to make you a good Sheriff. To serve you in the office is a proud ambition of mine. I trust that when my term of office is expiring you will be proud that you elected me Sheriff.

Upon the above platform I solicit your support with the hope that you will extend all of your influence to me. I will repay you with honest, sober, dedicated, fair, impartial administration of the office.

Sincerely submitted,

DAVID B. LESLIE For SHERIFF OF FLOYD COUNTY

DEMOCRATIC PRIMARY

I lost two close races—one by 21 votes, the other by 43, and am still a good Democrat.

Beach at Park Here To Open on May 29, Announcement Made

The beach at Jenny Wiley State Park and other Kentucky state parks will open May 29.

Until then, Robert D. Bell, state parks commissioner, warned, park visitors and all other persons are urged to keep out of the lakes. "It's dangerous for people to try to swim in unsupervised places. In addition, some of the beaches are out of condition, and we have signs up saying this. Work is under way to reconstruct these beaches, and the work will be completed by May 29," he added.

Opening of Pennyville Forest State Park, near Dawson Springs, May 15, will make available lodging at all 12 of Kentucky's famous resort-type parks. Other recent opening dates include: Carter Caves, near Olive Hill, April 30, and Pine Mountain, near Pineville, May 8.

Jenny Wiley did not close for the winter as did most parks.

Bell said that all of the 34 state parks and shrines will be open by mid-May, except the museum at Lincoln Homestead State Park, near Springfield, which opens May 29. The 18-hole golf course at Lincoln Homestead, however, already is open.

Both Carter Caves and Pennyville Forest will offer new resort-type pools and golf courses throughout the entire tourist season this year. These were opened late last year at both places.

Another new golf course, at Pine Mountain State Park, near Pineville, is to be ready for play by about June 1, Bell said.

These bring to 10 the number of golf courses available at state parks. Other nine-hole courses are at General Butler, near Carrollton; Kenlake, near Hardin; General Burnside Island, Burnside; and Jenny Wiley's here. A par-3 course is at Lake Cumberland State Park, near Jamestown, and 18-hole courses are at Kentucky Dam Village, near Gilbertsville, and Lincoln Homestead.

Overnight reservations for any of the state parks can be made by contacting the park directly or by calling the Central Reservation Service in Frankfort (223-2326). Free local lines are available from Louisville (583-9796), Lexington (252-4913), and the Covington-Cincinnati area (261-2643).

Babe Ruth League Re-Elects Officers; Season Starts June 7

Garrett, Ky., May 10—In the first meeting of the 1965 season of the Babe Ruth League, held here April 25, its members reelected all of last year's officers for the coming year: Shelby Draughn, of Garrett, president; Carlos Watkins, of Hindman, vice-president, and Donald E. Hughes, of Garrett, secretary-treasurer.

The Babe Ruth League this year will be made up of six teams. The Allen Indians team will again be managed by Day Crisp, of Allen. Garrett's Braves will have Jimmie Cox, of Garrett, for their manager. Hindman's Yellow Jackets will be led by a new manager this year, Gardner Slone, Jr., of Hindman. The Martin-Maytown Colts will have the services of the Martin basketball coach, Denzil Halbert, of Martin. Claude Frady will manage the Wayland Mets again this season. The Wheelwright Millers will be managed again this year by their old manager, W. C. "Casper" Smith, of Byrro.

The league will play a 20-game schedule, beginning Monday, June 7. All games will be played on Mondays and Thursdays of each week at 5 p.m. The first portion of the schedule will run up to July 9, then another meeting will be held at Garrett to complete the schedule, choose the tournament team, and make plans for the second annual play-off.

This year, for the very first time in Babe Ruth baseball history, the state tournament will be played in Eastern Kentucky. This will be played on July 30 and 31 and August 1 at Elkhorn City. The site for the district tournament hasn't been decided. Last year, it was played at Wheelwright.

Any city, town or community interested in entering a team in the Babe Ruth League should contact Shelby Draughn for information. Babe Ruth baseball is for boys 13 through 15 years old, played on regulation fields.

Woman's Club Service Awards Go To Five Women, Two Men

The Prestonsburg Woman's Club last Thursday evening honored its own members and others for services rendered to youth, the community, the cause of education and to the club.

The occasion was the club's installation of officers and Service Awards dinner, held at May Lodge, Jenny Wiley State Park. Mrs. R. V. May and Mrs. B. Fairchild presented the awards to the first group for their services—to Dr. George P. Archer, the Service to the Community Award; E. B. May, Jr., the Service to Youth Award; Mrs. Frankie Best, the Service to Education, and Mrs. Clyde B.

Connie Mack Baseball Meeting Set, May 17

Garrett, Ky., May 10—A meeting of the Floyd-Pike Connie Mack Baseball League has been set for Monday, May 17, at 7 p.m. at Garrett high school. Shelby Draughn, president of the Eastern Kentucky organization, says this is the first organizational meeting of the league this season. All former managers, managers this season, officers, directors and all other interested persons, including sponsors are urged to attend. Any city, town, community or area interested in entering a team should contact Mr. Draughn and attend the meeting at Garrett. Connie Mack Baseball is for boys 16 through 18 years old.

CARD OF THANKS

We take this opportunity to express our deepest appreciation to our many relatives and friends for their expressions of kindness to us in the passing of our mother and daughter, Mrs. Gaye Greene Crisp. The gifts of flowers and food and so many kindnesses extended at this time of grief will long be remembered by her family. Especially do we thank the Rev. A. J. Dickerson, Rev. Douglas Burkett and Rev. W. D. Jagers for their comforting messages and prayers, and to the Hall Bros. Funeral Home for its efficient services. May God bless you all.

To Scotch a Rumor . . .

JOE WHEELER LEWIS STATES PLAIN FACTS

Some of my opponents have undertaken to damage me in my race for the Democratic nomination for Sheriff by spreading the rumor that, if I am elected, I will put my brother, Mack Lewis, in as my chief deputy.

In reply to that rumor, let me put it as plainly as I can:

I promise the people of Floyd county that, if I am elected their Sheriff, NEITHER MACK LEWIS NOR ANY OTHER PERSON WHO HAS BEEN CONVICTED OF A FELONY WILL EVER BE A DEPUTY OF MINE.

I hold for my brother the brotherly love that is natural. But our mutual regard for each other does not lessen my duty to the people of this county. I would not have Mack as my deputy, and I am sure he would not have the job if it were offered to him.

I do not believe in personal attacks or mud-slinging. I am running my own race, leaving other races for the candidates who are seeking those other offices. Because other men are wanting the same office I seek is no reason for me to want to damage them in any way or to hold hard feelings against them. If any of the candidates for Sheriff in this primary want to travel around over the county with me, they are welcome to join me. I will furnish the car—it won't cost them a penny.

I am the father of 14 children. My oldest two have graduated from college, three are still in high school and four are in grade school. These children of mine and your children deserve a better county in which to grow up, live and do their life's work. To that end, and to the end that law and order may prevail in our county, I pledge my every effort when I am elected your Sheriff.

On no other basis will I presume to ask the people of this county to help elect me.

Sincerely,
JOE WHEELER LEWIS

PEGGY CRUM for COUNTY COURT CLERK

Elect a Woman for a Woman's Job

★ TO THE PEOPLE of FLOYD COUNTY ★

My opponent, grasping like a drowning man for any straw, asks a question in The Floyd County Times to infer that something is wrong about the handling of funds in the construction of the new courthouse.

He knows—or should know—that this was a matter which was handled by a Building Commission. This commission was composed of three men in whom I have great confidence. They are B. F. Reed, Burl Spurlock and H. D. Fitzpatrick, Jr.

If the integrity of these three men is not sufficient to satisfy, my opposition may refer to an audit which has been made by R. R. Allen and which is now in the hands of federal auditors. If anything is wrong, I have an idea they will find it. I have not seen the audit, but I await it without any fear whatsoever that it will reflect on my honesty, the honesty of any member of the Fiscal Court or that of any member of the Building Commission.

This new courthouse was built without one cent of extra cost to you taxpayers, and \$185,000 of the bonds have already been paid off.

Beware of rumor-mongers! Desperate men often turn to desperate measures.

Now, as to the other statement made by my opponent, alleging the Big Lie, I remind him and all who might be interested that I did not start this talk about liquor dealing. Any person whose memory goes back as long as two years ago will know that this matter was first mentioned, and that it gained wide circulation, long before either my opponent or I entered this election campaign.

I leave this matter without further comment. I did not begin it, in the first place.

I appeal to all my friends and relatives and all those who are truly interested in Floyd county to give me their support in this election and to work with me toward making further gains for our county and its people.

HENRY STUMBO Democratic candidate for COUNTY JUDGE

CONFUSED? WHY GAMBLE? ELMER BOWE

For
MAGISTRATE
District No. 2
Safe—Sober—Sound

To Voters of Magisterial District No. 2:

The Primary election campaign is drawing to a close. I wish to thank you and express to you my deep gratitude for your support and encouragement you have been kind enough to give me in my race for Magistrate of District No. 2. The encouragement has been extended throughout the district. Since it is a physical impossibility for me to meet each of you personally as I would like to do, I am using this means in making my appeal to you. Some candidates will use treacherous and desperate means and methods, unprincipled in their promises as desperate men will use desperate methods of deceiving you. Don't be deceived. I am in this race to the finish and any false rumor that I will withdraw is not true. I never show cowardice in the face of the enemy. Your friends will tell you they are sincere, and enemies are really so. A quitter never wins and a winner never quits.

If we must build, we must build together. Let's never become tarnished or rusty in our aim in making District No. 2, and Floyd county, a better place to live. We march on easily because we all are marching together. It is only by virtue of unity we can accomplish the many developments and improvements we so badly need in District No. 2 and Floyd county.

The multitude which does not reduce itself to unity is confusion. March to the polls in May 25 Democratic Primary and follow the crowd... Vote BOWE. Don't be assassinated on the assembly line by the Absentee Dealers. No. 4 on your ballot.

Sincerely and respectfully,

Your friend,
ELMER BOWE

STATE SCHOOLS TOLD ACTION NEEDED NOW

Frankfort, Ky. (Sp.) — Local school systems have no time to lose in planning programs to qualify for their full share of federal funds under Title I of the Elementary and Secondary Education Act passed last month by Congress.

That warning was emphasized repeatedly when P. Alistair MacKinnon, assistant specialist for legislation in the U. S. Office of Education in Washington, D. C., discussed the history-making new law here recently with officials of the State Department of Education, Kentucky Education Association, and other interested groups.

Assistant State Superintendent of Public Instruction Sam Alexander pinpointed the urgency of an immediate start on local planning when he said, "Local boards of education ought to squeeze out some planning money for staff right now, if they can, so as not to lose millions of dollars later for Kentucky school districts."

"We must not be penny-wise and pound-foolish," Alexander asserted. "In order to get started immediately on planning programs the local districts will have to do less of something else for the moment."

Alexander said the State Department of Education also must accelerate its planning for all five titles of the new law "so as not to lose thousands for itself and millions for the local districts." The department is eligible for up to \$351,893 under Title V, which is designed to strengthen state departments of education.

Kentucky could be allocated as much as \$31,804,035 under the act. Of the total amount the major portion—up to \$28,215,150—would be allotted under Title I, which provides financial assistance to local educational agencies for special educational programs in areas having high concentrations of children of low-income families.

Under the act's Title II Kentucky would receive up to \$1,549,486 for school library resources, textbooks, and instructional materials. Under Title III the state's allotment could amount to \$1,687,506 for supplemental education services.

Title IV funds—\$100 million for national and regional research facilities—are not allocated by states.

Kentucky counties will receive the full estimated amounts for which they are eligible under Title I only if school systems within those counties develop programs appropriated under the act and then have them approved by the State Department of Education.

Stated another way, the systems could lose all or some of the federal money for which they are eligible if they develop no programs or too few programs.

"We ought to talk about what we can do rather than worry about what we can't do," Dr. Harry Sparks, state superintendent of public instruction, told participants in the meeting here. MacKinnon said the U. S. Office of Education hopes to have regulations for the new act developed by June 15. It takes effect with the fiscal year beginning July 1.

In a related development the National Education Association and KEA have urged local education associations to take the leadership in developing programs made possible by the act.

John H. Starie, NEA consultant for local associations, said provisions of the act "offer local associations an unprecedented opportunity to resolve many conditions-of-work problems teachers have faced for a long time."

UK Receives Grant For Research Work

A new research project in the University of Kentucky Department of Chemistry is being supported through a \$40,896 grant from the U. S. Army Research Office. Under the direction of Dr. John M. Patterson, the work is centered on the reaction of simple molecules when subjected to intense heat. The investigator said the basic research possibly could lead to several applications, major ones being the refining process for petroleum and the study of the combustion process when tobacco is smoked.

C. "OLLIE" ROBINSON

for
County Clerk

C. "OLLIE" ROBINSON, is a Floyd countian, born at Jack's Creek, attended Drift graded school, and graduated from Maytown high school. He is the son of Clarence (Greaser) and Martha Robinson, of Maytown. The senior Mr. Robinson is employed by Turner-Elkhorn Coal Co., with whom he has been associated with as a Union man for the past 40 years.

He is married to Margie Neeley Robinson, daughter of Elzie and Susie Baldrige Neeley, of Lancer. They have two children — Sharon Kay, 9, and Melissa Lynne, 6.

C. "OLLIE" ROBINSON is completing his first term as your County Clerk. During this term, he has returned excess fees to the County Treasurer. He has set up branch offices in various schools and communities for the purpose of registering voters and issuing license tags, thereby sparing the residents inconvenient trips to the Courthouse. Mr. Robinson's office and his home have always been open to accommodate anyone in need of a service, during office hours or after.

If re-elected, you will receive the same honest, efficient, dependable and friendly service at your Clerk's Office.

The County Clerk's Office is self-supporting. All salaries are paid on issuance of license and recording fees and various other work.

Republican

for

SHERIFF

Fellow Republicans:

Four years ago I was your candidate for Sheriff. I waged a hard-fought, close contest receiving over FIVE THOUSAND THREE HUNDRED votes.

After receiving pledges of support from hundreds of people who voted for me last time, and a like number from people who did not vote for me last time asking me to run again, I felt it my duty to seek the nomination again for the office of Sheriff.

Having been a candidate before, I feel I have the experience and know enough people to win this fall if you will favor me with the nomination.

I have been informed that many of the democratic candidates for Sheriff are doing everything in their power to keep me from getting the nomination so they will have a walk in this fall.

Please, may I have your support and help in the coming May 25, primary election, it is impossible for me to see you all, or to write every Republican in the county before the election, I must depend on you to ask your friends to vote for me, and this fall in the final election I promise you an all out fight to win REGARDLESS of whom the Democratic nominee may be.

SAM HALE

For SHERIFF

Many unkind things are said by candidates for office and their supporters about other candidates, and during the present campaign I have not escaped. On occasion I have been urged to reply in kind to such criticism, and, I confess, I have sometimes been tempted to do so.

But I will not depart from a rule I have tried to follow all my life. That is this: I will not try to win an election or anything else by tearing down the other fellow whose loved ones have feelings that can be wounded, too.

If I can't win on my own merits, I have no case, nor has any other candidate.

I taught school for a number of years, and I had my problems as children had their problems. I made it a rule to listen to the worst boy in the school, hear his side and try to encourage him to be a better boy rather than to simply write him off as a bad boy and undeserving of my attention or affection.

If you elect me your Sheriff, I will work with the best people of the county and with every law-enforcement agency—city, county, state, federal—to make this a better county. I cannot promise to make this county an Eden, but I will work for the benefit of the people. I will meet you all—good, bad and indifferent—as human beings who have their problems, and each of whom has his or her needs.

Your support will be deeply appreciated. I will not be able to visit each of you, and I regret that, but I hope you will understand the limitations of time that will prevent me from coming to your door.

On the basis of friendship and service I earnestly solicit the support of the people of Floyd county.

Sincerely,

SAM HALE

LET'S GO With "O!"

("Osborne, that is")

Dear Floyd Countians:

My name is Homer Osborne—a candidate for Sheriff of Floyd county. I was born and raised at Melvin, Kentucky, the son of Mr. and Mrs. William Osborne. I graduated from Wheelwright high school and attended Morehead State College.

My father, Mr. William Osborne, Melvin, Ky., has been employed with Inland Steel Co., Wheelwright, Ky., as blacksmith, and has been a member of the United Mine Workers for the past 35 years. My mother, Ida Mae Osborne, is the daughter of the late Hiram Hall and Merby (King) Hall.

I am married to Rose Marie (Little) Osborne and have one daughter, Sandra Kaye, 4 years old.

I have four brothers—I'm sure you or your friends might know one of them. My oldest brother, Freeman Osborne, Paintsville, Kentucky, has been sales manager with Pepsi Cola for the past 10 years; Victor Osborne, Savannah, Georgia, an employee of the Citizen & Southern Bank in Georgia for the past six years; Jim Osborne, employed with South Henry School Corp., New Castle, Indiana; Douglas Osborne, Berea, Kentucky, will graduate from Eastern State College, Richmond, Kentucky, in June.

Previous to my candidacy for Sheriff, I was employed as salesman for Big Sandy Hardware Co., Paintsville, Kentucky, and Ades Lexington Dry Goods, Lexington, Kentucky.

Your vote and influence will be greatly appreciated.

The section of the Appalachian Act referred to by Perkins authorizes the Secretary of the Army to prepare a comprehensive plan for the development and efficient use of water and related resources of Eastern Kentucky's Appalachia and, in so doing, to give special attention to the need for new job-creating enterprises within the region. This new approach will overcome obstacles which have denied Eastern Kentucky a maximum water use and flood control development program.

Perkins also called for the appropriation of funds to enable the U. S. Army Corps of Engineers to extend its dredging and stream clearance program in the Eastern Kentucky area. "Much effective work has been accomplished in eliminating the flood threat on smaller streams that have been clogged with silt and debris, but much more needs to be done. Funds must be provided for this purpose," said Perkins.

Following a series of meetings which Perkins had with the U. S. Army Corps of Engineers and the Bureau of the Budget last fall, the President has recommended in his budget \$3 million to continue construction of the Cave Run reservoir, \$2.2 million for the continuation of construction on the Carrs Fork reservoir, \$5.5 million for the continuation of construction on the Fishtrap reservoir, and \$6.95 million for the continuation of the construction on Grayson reservoir.

Perkins said that the Corps of Engineers had indicated these amounts would enable the Corps to adhere to timely construction schedules for these important Eastern Kentucky flood control projects.

The hearings conducted by the House Appropriations Public Works Committee are for the purpose of preparing appropriations measures to submit to the full membership of the U. S. House of Representatives for financing public works projects for the fiscal year beginning this June 30.

fluctuating scrap metal prices made it impossible to determine actual profits.

Mosley also was held responsible to the C.I.T. Corporation for any future payments on the machine.

The case was heard in U. S. district court at Pikeville in February last year but was decided only recently. C. B. Latta and Harris S. Howard represented the plaintiff. The defendant was represented by Paul C. Combs, C. Kilmer Combs and Leonard L. Gorcin, the latter of Waco. Joe Hobson represented C.I.T. in the case.

Another case in which a judgment of \$50,000 damages was awarded Hershel Hamilton last January has been settled for \$45,000, it was said. The defendant was the Appalachian Power Company, and the suit grew out of a highway fatality.

COMES HOME SATURDAY

Mrs. Fanny Jarrell returned home Saturday to spend Sunday at her home, having been in Lexington and Frankfort since March 12 when she underwent surgery. She returned to Frankfort Sunday with her daughter, Mrs. George Glenn Hatcher, Mr. Hatcher and daughters, Elissa Lee and Elizabeth Ann, where she will spend some time. She is now able to walk and is improving nicely.

Mrs. Corinne Jackson, of Betsy Layne, was here on business and calling on friends last Thursday.

who's still on speaking terms with us, and we print it again, hoping it might help and sure in the knowledge that it won't hurt.

It's an old Kentucky "receipt" for doing the washing:

- 1. bid a fire in back yard to heat kettle of rain water.
2. set tubs so smoke won't blow in eyes if wind is pert.
3. shave one hole cake soap in bilin water.
4. sort things, make three piles.
1 pile white, 1 pile colored, 1 pile work britches and rags.
5. stir flour in cold water to smooth then thin down with bilin water.
6. rub dirty spots on board, scrub hard, then bile, rub dullard but don't bile—just rench and starch.
7. take white things out of kettle with broom stick handle then rench, bile and starch.
8. spread tee towels on grass.
9. hang old rags on fence.
10. pore rench water in flower bed.
11. scrub porch with hot soapy water.
12. turn tubs upside down.
13. go put on clean dress—smooth hair with side combs—brew cup of tee—set back and rest and rock a spell and count blessings.

Heart Attack Fatal Wednesday to Salyers At Office of Doctor

Jay Salyers, 71, of Prestonsburg, died of a coronary occlusion at 3:45 a.m. Wednesday, in the Prestonsburg General hospital office of Dr. J. D. Adams.

Mr. Salyers became ill at his home and was taken to the hospital in a taxicab. He walked to the cab and also from it into the hospital, but died almost immediately after entering the doctor's office.

A native of Wayne county, West Virginia, he had resided here most of his life. He was a son of the late George and Louise Dillon Salyers. Retired from active work, he operated a parking lot here and also served at times as a deputy sheriff. Mr. Salyers was a veteran of World War I, and for years was active in the affairs of Floyd Post, American Legion.

Surviving are his widow, Mrs. Margaret Osborne Salyers and five sons and two daughters, George Thomas Salyers, Sacramento, California, Bill Henry Salyers, Chicago, Illinois, Oscar Lee Salyers, Findlay, Ohio, Ezra Mitchell Salyers, Cairo, Nebraska, James Estill Salyers, Prestonsburg, Mrs. Gertrude Robinson, Delphos, Ohio, and Miss Louise Salyers, Lima, Ohio. He leaves two brothers, Woodrow Salyers, Prestonsburg policeman, and Charlie Salyers, also of Prestonsburg, and two sisters, Mrs. Henry Beavers, Frankfort, Indiana, and Miss Bertha Salyers, Chicago. One half-brother, George Salyers, resides in Michigan.

Funeral arrangements are incomplete, it was said Wednesday afternoon at the Carter & Callahan Funeral Home.

FIRST SON BORN

Mr. and Mrs. Edward Lambert and children, of Huntington, W. Va., were here Sunday visiting her parents, Mr. and Mrs. Burl Spurlock.

Mr. and Mrs. Harold Lockwood and children, Andy and Jenka, of Huntington, spent the holiday week-end here with her parents, Mr. and Mrs. George W. Stephens.

Luther Shivel Retires After 42 Years' Service

Luther H. Shivel, of Prestonsburg, retired April 30 from Chesapeake & Ohio Railway Company employment after 42 years of service.

Mr. Shivel is the son of the late Mr. and Mrs. G. W. Shivel, of Gallup, Lawrence county, where he spent his early years. His first assignment as telegraph operator was at Chapman, Ky. He worked as telegraph operator until 1945 when he was promoted to train dispatcher at Ashland, where he worked until retirement. He is a member of the First Methodist Church, Prestonsburg.

Mrs. Shivel is the former Virginia Davidson, of Prestonsburg. They have one daughter, Mary Jo, who is a senior art major at Eastern Kentucky State College, Richmond.

Veterans Administration Announces NSLI Resume For War II, Korea Vets

The National Service Life Insurance program has been reopened, commencing May 1, 1965 and ending May 2, 1966. Olney B. Owen, manager of the Veterans Administration regional office, Louisville, has reminded veterans of World War II and the Korean Conflict.

To be eligible to purchase this insurance the veteran must have been originally eligible for National Service Life Insurance (NSLI) between October 8, 1940, and January 1, 1957, and have now either no GI insurance or less than \$10,000 of such coverage. In addition he must be a veteran within one of the three following groups:

- 1. A veteran with a service-connected disability rated 0% or more who meets standards of good health.
2. A veteran whose service-connected disability rated 0% or more alone does not permit him to meet standards of good health.
3. A veteran whose non-service-connected disability as of October 13, 1964, the date the bill was signed into law, prevented him from buying commercial insurance at the highest rates.
Persons now on active duty with the Armed Forces are not eligible to buy this new insurance.
No dividends will be paid on the new insurance policies, and the premium rate will cover administrative costs as well as policy value.

Those veterans of World War II or the Korean Conflict who have a disability due to injury or disease arising from active military service who have not yet applied to the VA to have such disability adjudged service-connected, may do so and thereby establish possible eligibility for the new insurance.

Mr. Owen said full information on the new insurance program may be obtained by writing or visiting the VA Regional Office at 1405 West Broadway, Louisville, Kentucky, or by telephoning 582-5811, Louisville, Kentucky.

Garrett Boy Scouts To Attend Camporee

Garrett, Ky., May 10—Garrett Boy Scout Troop No. 144 will attend the Spring Camporee again this year. This is the sixth of the annual affairs which is sponsored by Lonesome Pine Council, Boy Scouts of America. The Garrett Troop has attended all five of the Camporees of the past years. This year's event will again be at Breaks Interstate Park near Elkton City, Friday, Saturday and Sunday, May 14, 15 and 16. The three-day outing has been titled "American Heritage Camporee."

The Scouts of Troop 144 have been busy in the afternoons for the past week, scrubbing, sanding and painting their bus and making it ready for the trip. Quite a bit of vandalism damage had to be corrected: replacement of head and tail lights, windows, etc. was needed.

Boys who will make the trip are: Clyde Caudill, Stephens Collins, Barry C o m b s, Bennie Combs, Michael Dunfee, Mike Fitzpatrick, Gary Francis, Paul Francis, Charlie Frasure, Johnny Frasure, Larry Hicks, Roomie Johnson, George Messer, Jimmie Potter, Phillip Rowe, John Trusty, Harold Scott, Larry Scott and Wendell Scott. The Troop will be led by their Scoutmaster, Shelby Draughn; Troop Committee Chairman K e r m i t Rowe and Assistant Scoutmaster, Anthony Rowe.

TO THE VOTERS:--WEIGH ALL THE CONSIDERATIONS

Every candidate for public office naturally tries to put his best foot forward and present his better side to the public and I am no exception.

But I do not ask the voters to take my word for those things which I may say about myself. I ask them to check all the facts closely as they pertain to all of us who are candidates for office, because this is of the utmost importance to the people.

It is very important that the voters know the men for whom they vote, for their choice, good or bad, will in the normal course of events last for four years. That could mean four years of good, honest service or four years of neglect or actual corruption in office.

Ask yourselves these questions: Will this candidate work for the benefit of all the people, not merely for himself or for only a few? Does he know our needs, and would he do anything about them even if he did?

Is he sober, honest, truly reliable? Has he a sound concept of his duty to the public, to serve the people rather than to make the office a thing to serve his own ambitions?

You know as well as I that all the answers to these questions should be, "Yes." If you will select a man for the office of Magistrate in District No. 1 who will measure up to these standards, you will benefit—otherwise, you will regret your choice later.

I honestly believe I could be a Magistrate who would render the kind of service that you have every right to expect. I ask you to consider me and all my opponents on that basis.

I am a son of Jack Allen and Sallie Hicks Allen, of Goodloe. My wife is the former Phoebe Bray, and we have one daughter, Betty. Except for 51 months of Army service during World War II, 32 months of which were spent overseas, and the time I was away in school, I have spent all my life in Floyd county. I attended Caney Junior College (now, Alice Lloyd College) two years and Georgetown College for one year. I am a member of Zebulon Masonic Lodge No. 273, Prestonsburg, and a member of Irene Cole Memorial Baptist Church where I have taught a Sunday School class for 10 years. For the last 26 years I have been employed by Cities Service Oil Company (formerly Columbian Fuel Corporation).

I have one sister, Eva Allen Horn, of Prestonsburg, and one brother, Ralph Allen, of David.

Inquire about me—inquire about us all. Then, if you will vote for the candidate who, you honestly believe, will best serve the people and the county, I shall be satisfied with your decision.

Democratic Candidate

for MAGISTRATE

Dist. No. 1

(Pol. adv.-5-13-2t.)

URGENT APPEAL TO MY MINING FRIENDS

I have been in your ranks for 42 years. I worked at Auxier and later at David. I retired in 1954. From my meager earnings I raised six children.

My son, J. M. "Toodles" Wells, is now a Democratic candidate for Sheriff and I urge you to elect him to this important office.

Toodles is well qualified. He is a graduate of Morehead College and is presently teaching at Prestonsburg High School and has the active support of the young people in Floyd County.

As one who knows your problems I strongly urge you to elect a friend to the office of Sheriff for these uncertain times.

VOTE FOR J. M. "TOODLES" WELLS.

Your friend in retirement,

SAM WELLS

We are making this appeal to you for your support for our brother T. P. (Tim) Reynolds for Magistrate. We know he will accommodate one and all, just the way he has in the past; he has gone out of his way to help the people that couldn't help themselves. We know this is the truth about our brother, so if you want to return just a little favor this is all we are asking you all—just give him your vote on May 25th. This is to all of the people of District 4. He is a friend to all, so go out and vote for T. P. (Tim) Reynolds for Magistrate.

Career-Help Books Available at Library

BY HOMER LEE HALL
 Regional Librarian

The Floyd County Library has recently received the Careers In Depth series that should be of interest to recent high school graduates. This series will enable young people to weigh their own capabilities and ambitions in the light of the requirements, the advantages, and the drawbacks of any chosen career.

The Careers In Depth series is for the student who is looking for the right career. All of the books on the list were written by prominent men and women who are successful in their chosen fields. The series covers all the major careers in practical terms for the young man or woman who is interested in more than just a job. A few of the points included in these books that will help the student make a decision and then act on it are:

What kind of person does this career require? What educational background is helpful? What are the personal satisfactions? What are the disadvantages? What are the opportunities? In what area should you work? How much on the average can you expect to earn? Will you as an individual like this career? Of course, it is easy enough to ask these questions. But, ultimately, only you can answer them. This series—which has been approved by authorities in the fields it covers as well as by teachers and librarians—is designed to help you.

CAR-COUNT WORK BEGUN

Five-Year Program Designed To Provide Data on State Roads

Frankfort, Ky.—The Kentucky Department of Highways' Division of Planning is carrying out a five-year traffic counting program designed to provide traffic data on almost every road in Kentucky's 120 counties and in all urban areas of 2,500 or more population.

D. M. Burgess, director of the planning division, said the comprehensive traffic count program is now a year old, and 27 counties and 10 urban areas have been covered under the program. He said close to 9,000 individual counting stations were used in completing these counts.

Burgess said the project was undertaken to supply the Highway Department with the current data it needs to help determine design standards for future improvements and for the selection of priority projects.

"In the past when a decision was made to improve a road it was often necessary to take a special traffic count on the road in order to help determine the type improvement we should make," Burgess said.

"This practice was necessary because the Department had no handy up-to-date traffic data on many of the minor roads, and traffic data is one deciding factor in determining design standards for any particular road improvement."

"This lack of a current source prompted the decision to carry out the continuous traffic counting program now under way. Traffic information gathered on counties is transferred onto county traffic flow maps, and these maps give the Department the source it needs."

Burgess said the Highway Department has six full-time employees located in specified regions of the state who are responsible for making traffic counts in counties and urban areas within their respective regions. Each of the employees is supplied with 25 new electronic traffic counters.

Priority for counting is given to those counties with the oldest traffic counts on file, except when an urban transportation study is scheduled within a county. In that case, it makes it more feasible to cover the county at the same time as the urban area is being studied.

The Department plans to develop a complete set of county traffic flow maps, and will keep the maps up to date, Burgess said.

Says Body Was Found By Shepherd Brothers

Jake Fraley, president of the local union, UMWA, at Drift, said this week that the body of Anna Doris Yates, 3, who was drowned in Left Beaver Creek at Hunter, was not found by Ancil Turner and Willard Stanley, as reported in The Times last week. He said the body was found by two members of his local, Jobie and Acie Gene Shepherd, brothers. Mr. Fraley added that the body was removed from the stream by Turner and Stanley.

AN EXPLANATION

The similarity in names continue to plague Floyd countians and the Floyd County Times. The suit listed last week as having been filed against Denzil Radliff was not against the late Denzil Radliff, of Martin, it is explained.

**Melvin Boy, Age 7,
Is Victim of Cancer**

Omar Lee Meeks, seven-year-old son of Mrs. Thelma Collins Rowe, died April 5 at the home of his mother at Melvin, a victim of cancer from which he had suffered for about nine months.

Surviving, besides his mother, are a brother, Carl Rowe, one sister, Linda Sue, and his maternal grandparents, Mr. and Mrs. Henry Collins, all of Melvin.

Funeral services were conducted Saturday from the home by ministers of the Regular Baptist Church, and burial was made in the Tackett cemetery at Melvin under direction of the Merion Funeral Chapel.

**Postmasters Attend
State Convention**

Area postmasters who attended the annual convention of the Kentucky Chapter, National Association of Postmasters, at Gilbertsville, Kentucky, April 28 through May 1, included Lillian Vass, Stone; Sylvia Newman, Hi Hat; Mary Wilson, Bypro; Grethel Mullins, Melvin; Aileen Hall, Betsy Layne; Edna Everage, Garrett; Minnie Staley, Lackey, and Irene Hayes, Hueysville.

Mrs. Newman presented a scholarship award given by the Education Foundation of the chapter to Miss Nancy Treas, of Fulton, at the banquet on Saturday evening. Her son, Willis Newman, was the recipient of this award last year.

Mrs. Hall was re-elected vice-president. She also served with Westport Postmaster Jim Chambers to usher Postmaster General and Mrs. John A. Gronouski for the opening session when he made the principal address of the convention.

To the Voters of Magisterial District No. 2:

Fellow-citizens and voters of Magisterial District No. 2, a few short weeks remain until you will have the opportunity of going to the various polling places and choosing the officials who will be given the privilege of serving you as your Magistrate for the next four years.

I am sure the voters will want to know as much as possible about the candidates who seek public office. With this fact in mind, I have tried to reach every person that I have had time and opportunity to meet during my campaign for Magistrate. I have done this not only to express to the people my interest in becoming their Magistrate, but also to learn, first hand, the many different ways that I could serve the people as their Magistrate.

I realize that every voter has a right to see and talk to the candidate, and I will continue my efforts to visit every home in Magisterial District No. 2. With the understanding of human failure that each of us experiences through life, it may be impossible for me to meet and talk to each individual before the May primary because of the limited time. Therefore, I would like to take this opportunity to visit your homes through the medium of the Floyd County Times, and give you a brief description of my family and background.

I am a resident of Wayland, Kentucky, the son of George Hansford and Bernice Slone Hansford, both of Wayland.

My wife, Edith, is the daughter of the late "Little" Troy Moore and Maudie Turner Moore, both of Wayland. My wife is a niece of the late Harry Lee Moore, of Turkey Creek, near Garrett, Kentucky. She and I have two children.

Many of the families that Edith and I are related to include the Moores, Turners, Lawsons, Collinses, Chaffins, Coleys, Warrens, Wallens, Slones, Barnetts, Hansfords and Salisburys.

Fellow citizens, in my entire campaign for the office of Magistrate, I make you this pledge, I shall never attempt to raise myself by depreciating the merits of my opponents. I wish to abide by the decision of the people and I hold myself accountable to you for every action of my life which respects the public. By your upright decision I desire to stand or fall.

FILE AT 65, ADVICE GIVEN

District Manager Says Benefits Lost by Some Through Belated Filing

Floyd county residents 65 or over who have not yet applied for social security benefits were advised this week to file a claim now, even though they may not be planning to retire immediately.

In issuing this advice, Thomas L. Read, Pikeville, social security district manager, pointed out that several local people who applied last year found that they had lost some benefits by not applying earlier.

"We have found," said Mr. Read, "that the best way for a person to protect his social security benefit rights is to apply at 65 whether or not he intends to go on working. Even if no benefits are payable right away, there's an advantage in having your claim already approved when you actually retire. With entitlement already established, the benefits can be started immediately when we are notified of the retirement date."

Read said that, according to the latest figures, there are nearly 19 million Americans who are 65 or over. Of that total, more than 14 million have already established their entitlement to social security monthly benefits, and 1.1 million are insured for benefits but have not yet filed their claims. The latter figure includes the wives of insured workers.

Noting that President Johnson has designated May as National Senior Citizens Month, Mr. Read extended a special invitation for all Floyd county over-65 residents who have not applied, to visit the social security office, learn about their rights, and file application for benefits. The office, located at Second and Division Streets, Pikeville, is open on weekdays, 8:45 a.m. until 5 p.m. A representative from this office is in Prestonsburg every Tuesday at the Employment Office.

Dr. Hyden Asks Henry Stumbo . . .

WHY DO YOU REFUSE TO DEBATE THE ISSUES OF THIS CAMPAIGN?

Since Judge Stumbo has steadfastly refused to debate the issues of this campaign I am taking this means of asking a few questions that should have been asked in open debate and answered frankly for the voters.

QUESTION NO. 1 . . . Will you explain where the \$184,000 difference between the cost of the courthouse (\$562,000) and the funds allocated to finance it (\$746,000) has gone to? The voters are entitled to know.

QUESTION NO. 2 . . . Will you tell the voters frankly how many years you think a man should serve in the office of County Judge? Don't you think 26 years is long enough in the office? Or do you plan to run and run and run?

QUESTION NO. 3 . . . When are YOU, Judge, going to pass "The Torch" to the young generation you were talking about last week? There are hundreds of voters in this county who were born 26 years ago or immediately after you first went in office. They have grown from babyhood to school children, from grade school through high school and on through college. Many of them are now married and have children of their own in school. Remember, Judge, these voters were born after you first went into office.

TWENTY-SIX YEARS is more than a quarter of a century, Judge. You want to make it 30 years. And after 30 years you would ask again for another four and after that you would want 38 years and if possible you would make it 42 years, wouldn't you? How many years would it take to satisfy your insatiable appetite for office?

FINALLY . . . Let me repeat, Judge. Where did the \$184,000 go?

and . . .

Isn't 26 years in office enough for one man?

and . . .

When are you going to agree to pass "The Torch" you talked about last week in The Times?

I am asking these questions in the name of the people of Floyd county and they have a right to know.

26 Years Is A Mighty Long Time

DOES MY OPPONENT WANT A DEED TO THE OFFICE?
IF 26 YEARS AREN'T ENOUGH—HOW LONG IS ENOUGH?

Vote for

Dr. Hyden for Judge

(Pol. adv.)

Floyd County Times, May 13, 1965 — Sec. 2, Page 3

To the PEOPLE
of
FLOYD COUNTY:

It is unfortunate that in political campaigns men resort to mud-slinging and deception in an effort to win a public office. My opponent and I have been lifelong friends and I had hoped this would not be the case in this race for County Attorney — but such is the case! I had hoped this campaign would be conducted on the same high level as the campaign 4 years ago between Robert S. Wellman and myself — on a high professional level, both having respect for our families, our profession and the office we were seeking.

My opponent and some of his supporters are going about the county showing a copy of a check I received as a legal fee on the courthouse project. They infer that something is wrong or illegal about it. THIS IS NOT TRUE. I was hired by the courthouse corporation, whose officers are Mr. Burl Spurlock, Mr. B. F. Reed and Mr. H. D. Fitzpatrick, Jr. I was paid by this corporation for legal services and work beyond my duties as County Attorney. This legal fee was set by the federal government as a part of its grant. It was to be used as legal costs and nothing else! This fee was approved by the federal government and the corporation. All funds have been audited and approved. I am a young man with my career in front of me and I have nothing to hide or be ashamed of.

This type of campaign is regretful. Any candidate or group supporting him that uses "smear" tactics and spreads malicious gossip is not being honest with the people.

Now, what about my opponent?

He has made much in this campaign about his many jobs and how much he has done free. Now let's look at how many payrolls Mr. Latta has been on or is on:

- The First National Bank payroll.
- Prestonsburg Municipal Housing payroll.
- Prestonsburg Urban Renewal payroll.
- Martin Urban Renewal payroll.
- Martin Low-Rent Housing payroll.

These are public projects paid by public money except the First National Bank job.

Most people would be satisfied with ONE job. But evidently this is not true in this case.

I have only ONE JOB—County Attorney. I have only one desire—to continue to serve the people as your County Attorney. I need the job!

I have a family to raise the same as my opponent. I am not a rich man. I am not vice-president of a bank. I have only one job and one aim—to continue to help this county and our people.

Why change? One real issue is why change? During the last four years Floyd county has made more progress than any period in its history. I have worked hard to see that Floyd county got its fair share of all programs from the state and national level. I think the record shows we have done right well. It is most important to all our people that we continue these programs. WE FOUGHT TO GET THEM. WE MUST FIGHT TO KEEP THEM. I want to continue to cooperate with Governor Bert Combs, Representative Carl Perkins and Governor Breathitt to take full advantage of the Appalachia Program and other programs and keep Floyd county moving ahead.

It is important that the people know their County Attorney. He must be a man that can talk to the people—poor and rich alike—know their problems and be willing to help solve their problems. I have served you 4 years—I believe I know the people. I want to continue to serve you as County Attorney and provide the leadership and hard work in this ONE job to make Floyd county a better place to live.

I ask your vote and support on this basis.

SPORTS CHATTER

By GORDON MOORE

Freddie Setser, Prestonsburg's leading scorer during the past cage season, signed a basketball grant-in-aid Monday with the University of Mississippi.

Setser, who was also one of the state's top scorers, had applied for admission to the U. S. Naval Academy and turned down scholarship offers from the University of North Carolina and other schools.

He is the fourth 15th region cager to sign. Martin's Larry Hall and Meade Memorial's Alvin Ratliff will be at the University of Kentucky, and Terry Young, of Blaine, has cast his lot with Marshall University.

The Prestonsburg Blackcats baseball team ran their overall record to 11-2 on May 3 in downing Meade Memorial, 12-0, behind the two-hit hurling of righthanded junior Stanley Roberts.

Bobby Wells' club has now won nine in a row with vic-

tories over Pikeville 10-3; Vinson high, Huntington, W. Va., 4-1 and 11-0; Martin 3-1 and 3-2; McDowell 4-1 and 8-0; Oil Springs, 6-3 and Meade in the string.

Shortstop Freddie Setser is the team's leading hitter at .480 with 14 runs batted in. Pitcher Randall Burchett has a 4-0 won-lost mark; left-hander Johnny Wright, 3-0; Freddie Setser, 3-1; Russell Shepherd, 0-1, and Roberts, 1-0.

Contrary to reports in metropolitan newspapers, fishing at nearby Dewey Lake is generally "lousy". Several bass have been caught; however, most have been below keeper-size. Most of the crappie are as small as usual, according to several local anglers who have fished the lake for years.

Gigging of rough fish ended Monday at midnight. Frogging season begins May 15. Frogs may be taken with bow-and-arrow or rifle. If these items are used, a hunting license is required. If they are caught with hands or gigged, a fishing license is necessary.

Ole Miss Announces Signing of Setser, Prestonsburg Star

Ole Miss basketball coach Eddie Crawford Saturday announced the signing of Freddie Setser, of Auxler, to a Southeastern Conference grant-in-aid scholarship.

The signing raised the list of prospective candidates for the 1965-'66 Rebel freshman team to eight.

Setser, a 6-1½ guard, played his high school basketball at Prestonsburg.

Setser was ranked the 14th player in Kentucky high school basketball last winter. He was third-team All-State, averaged 32.4 points a game, scored on 52.3 percent of his shots from the field. Prestonsburg's full-season record, including tourney results, was 24-7.

Other Rebel signees to date as announced are: Jim Miller, Jr. (6-5½) forward from Berea, O.; Rodney Chamblee (6'11") of Raymond, Mississippi; Tommy Williams (6-4) of Philadelphia, Mississippi; Charles Burhorn (6-6½), of Amory, Mississippi; Jerry Brawner (6-8), of Kossuth, Mississippi; Dale Stevens (6-6), of Decatur, Illinois; D. T. Whitfield (6-4), of Booneville, Mississippi, and Ken Turner (6-4), of Metropolis, Illinois.

Wayland Club Holds Driver Refresher Course

Second session of the driver refresher classes being currently sponsored by the Lackey-Garrett-Wayland Woman's Club and conducted by State Trooper Jerry Combs was held Monday evening, May 3, at the clubhouse.

Highlight of the meeting was a written test on the "Rules of the Road." When the answers were read by Trooper Combs and clubmembers and others graded their papers, it was interesting to note that a number of experienced drivers did not know some of the essential rules laid down by the Department of Public Safety. A lively question-and-answer period ensued. Trooper Combs then explained that this was the reason for the classes and commented that if he had helped one person to become a safer driver, he felt the classes were worthwhile.

Several Department of Public Safety forms were distributed for study, to be discussed at the next meeting of the class. These classes will be held each Monday at 7 p.m. for the next two or three weeks. Classes are open to the public.

Reds Report More Alcoholics

Sofia, Bulgaria — Alcoholism, especially among young people, is increasing in Communist Bulgaria, the party paper Rabotnichesko Delo reports.

The paper did not disclose figures, but said that more than 3,000 alcoholics had to be taken to hospitals in Sofia in the last two years.

"Progress" -- A One-Man Effort?

THROUGHOUT THIS CAMPAIGN THERE HAVE BEEN REPEATED STATEMENTS MADE BY MY OPPONENT RELATIVE TO THE DEGREE OF PROGRESS MADE IN FLOYD COUNTY DURING HIS TENURE AS COUNTY ATTORNEY. A CASUAL GLANCE AT NEWSPAPER ARTICLES, HIGHWAY BILLBOARDS AND SIGNS WOULD LEAD TO THE CONCLUSION THAT ALL THAT HAS HAPPENED IN FLOYD COUNTY FOR THE GOOD HAS BEEN ACCOMPLISHED SOLELY BY THE EFFORTS OF MY OPPONENT.

I DO NOT MEAN TO MINIMIZE THE IMPORTANCE OF ANY OF THE PROGRAMS AND PROJECTS WHICH HAVE COME OUR WAY, BUT I DO BELIEVE, IN ALL FAIRNESS TO THE MANY PEOPLE WHO PARTICIPATED IN THIS WORK, THAT THE TRUE STORY SHOULD BE TOLD. IN THE ITEMS LISTED IN HIS RECORD OF PROGRESS THE COUNTY ATTORNEY PLAYED A LIMITED ROLE.

"TRUTH or CONSEQUENCES"

EVERY MAN MUST RUN ON HIS RECORD--I FEEL THAT THE VOTERS HAVE A RIGHT TO ASK QUESTIONS AND INQUIRE INTO A CANDIDATE'S PUBLIC LIFE. FOR THIS REASON I HAVE SECURED PERMISSION FROM SCHOOL AUTHORITIES TO HOLD A PUBLIC MEETING AT THE MARTIN HIGH SCHOOL AUDITORIUM ON SATURDAY, MAY 15, 1965, AT THE HOUR OF 3:00 P.M. THE PURPOSE OF THE MEETING WILL BE TO ANSWER ANY QUESTIONS CONCERNING MY PARTICIPATION IN ANY PUBLIC PROJECT. AT THE SAME TIME I INVITE MY OPPONENT TO BE PRESENT ON THE SAME PLATFORM FOR THE SAME PURPOSE. I WILL WELCOME ANY QUESTIONS FROM THE PUBLIC OR MY OPPONENT. HE SHOULD NOT HESITATE TO DO THE SAME. THE NEWSPAPER IS NOT THE PROPER FORUM TO DISCUSS ISSUES IN A POLITICAL CAMPAIGN. THE PUBLIC SHOULD HAVE AN OPPORTUNITY TO SEE THE CANDIDATES AND HEAR THEIR ANSWERS, LIVE AND UNREHEARSED.

WHAT: QUESTION and ANSWER SESSION

WHERE: MARTIN HIGH SCHOOL AUDITORIUM

WHEN: SATURDAY, MAY 15, at 3:00 p.m.

**WHY: IT IS IMPORTANT THAT the PUBLIC
BE INFORMED--BE THERE!**

GROUND RULES

So that the public may gain the greatest good from this joint meeting of the candidates, I would suggest the following "ground rules":

- (1) The selection of a moderator from the audience by agreement of my opponent and myself.
- (2) Moderator shall receive questions first for one candidate and then the other.
- (3) After the question is answered by EITHER CANDIDATE his opponent will be allowed to COMMENT on the answer given.
- (4) Following questions from the audience, the candidate may address questions to each other. (This period would be limited to a maximum of 30 minutes.)
- (5) TIME LIMITATIONS ON ALL QUESTIONS AND ANSWERS: Answers to questions—3 minutes; comments on answers—2 minutes; closing statement by each candidate—5 minutes. (Order of closing statements to be determined by the flip of a coin by moderator.)

LESS WALLEN

Candidate for Magistrate On the Democratic Ticket, District No. 1

I married Jennie Miller, a daughter of Ella Stephens Miller and Oscar Miller (Prater) and have five children. One of my sons married Ella Rose Robinson, and one daughter married Phillip Whitten, a son of Denzil Whitten and Hope Sherman Whitten. I have six brothers and three sisters and we are the sons and daughters of Henry (Buck) Wallen, and Johnnie Calhoun Wallen. One of my brothers married Thelma Stephens, a daughter of John Stephens and Nola Baldrige Stephens. John Stephens is a former County Superintendent and a teacher in the public schools of Floyd county for many years. Otis Wallen, married a daughter of Bob Hale and Ada Figman Hale. Dick Wallen married a daughter of Murph Jarrell and Daisy Conn. Ollie Wallen married a daughter of Epp Jarrell and Millie Jarrell. Jess Wallen married Rina Mae Willis, a daughter of Jim Willis and Josie Jarrell. Nannie Wallen married Herbert Baldrige. Moron Wallen married Charlie Laferty, and Josephine Wallen married Ed Wright.

My wife, Jennie, is one of nine children of Oscar Miller (Prater) and Ella Stephens Miller, whose names are as follows: Julia Haywood, who married Add Stone and they had nine or ten children; Henry Miller at home; Jim Miller married Pauline Ratliff; Bill married Betty Clevenger; Ruby married Alex Hyden; Lila married Marvin Calhoun; Nora Miller, single; Don Miller, deceased, and Jennie Wallen.

My wife is a niece of Jim Stephens who married Virgie Ousley, both now deceased, and of Henry Stephens, former Circuit Clerk, and Circuit Judge of the 31st Judicial District of Kentucky. She is a cousin of Sam Hale, Henry Hale, Harrison Stephens, Frank Stephens, Albert Stephens, Rev. Alex Stephens, Hie Stephens, Bob Stephens, deceased, George Stephens, John Stephens, Bill Stephens, deceased, Jay Stephens, Marie Stephens, now deceased, Lillie Salisbury, Julia Stephens, and Julia B. Conley Stephens, Edgar Stephens and James Stephens, sons of Henry Stephens, Charlie Stephens, now of Georgetown, Kentucky, Grace Stephens, now deceased, Cynthia Stephens Fitzpatrick, an aunt, and Lula Hale Montgomery, a cousin.

Three of my opponents, Conrad Prater, is an employee of United Fuel Gas Company, Bill Wells is an employee of R.E.A., and Glenn Allen, is an employee of Cities Service Corporation; so, you see, these three are now receiving a big salary and are steadily employed, while I am doing daily labor, and working

when I am able to get a job. I hope that I may be able to receive the support of all people in this district, regardless of relationship. Go out and do your best and we will win this race and I promise you that I will do a good job. Bryant Derossett, one of my opponents, promised four years ago if my folks would support him that he would support me this time, but it seems that he is not sticking to his word.

Support Less Wallen, and he will and can win. (Pol. adv.)

Highway Toll on Rise, Governor Asks Pastors To Stress Moral Duty

Frankfort, Ky., May 7 (Sp.)—Traffic accidents and fatalities are on the increase in the Commonwealth of Kentucky. Last year, 911 persons died as a result of traffic accidents on the highways in Kentucky. Through May 5, 227 Kentuckians died as a result of someone's carelessness while behind the wheel of a motor vehicle.

Governor Edward T. Breathitt, in an effort to bring this situation to the attention of the driving public in the state, has proclaimed the week-end of May 22-23 as Religious Traffic Safety Week-end. During this time, safety officials throughout the state hope that Kentuckians will consider their moral responsibility in the preservation of life on the roads.

Ministers and religious leaders throughout the Commonwealth are urged to include this aspect of moral responsibility in their messages to their congregation during this week-end. The Governor's Coordinating Committee for Traffic Safety, sponsors of the program, have prepared material for use by religious leaders in preparing their messages.

This material will be available by contacting Religious Traffic Safety Week-end, % Governor's Coordinating Committee, Room 220, State Office Building, Frankfort, Kentucky.

For Magistrate

I am still a candidate for Magistrate in District No. 2 on the Republican ticket, and I appeal for the support of the voters at the May 25 primary election. Your support will be greatly appreciated.

VOTE FOR A QUALIFIED AND EXPERIENCED CORONER

JAMES J. CARTER

I wish to take this opportunity to thank the many people who are helping me in my campaign for re-election for Coroner. Many of you have called me or come by to see me. Without your help and support, I would be as the minister in the pulpit with no congregation to hear the message.

During my tenure of office, the importance of Coroner has been elevated as it should be and should be kept. It isn't just an office to be filled, for it deals with your loved ones and friends. There isn't an office of more importance than the office of Coroner. You, the voters, have realized this fact and expressed it by the overwhelming majorities you have given me in the past.

You know that you have a Coroner in office now who is reliable, dependable, efficient, available, honest, sober, experienced and qualified.

Many of you are familiar with my record, but for those who aren't—here are the facts:

I was born in Floyd county and spent all my life here, except for college years and army service in World War II. After graduating from Prestonsburg high school and taking two years pre-medical study at Eastern Kentucky State College, I entered the Cincinnati College of Embalming and graduated with honors. In World War II I served with the United States Army Medical Department as a surgical technician in the operating room. On my return to the states I took a refresher course at the Kentucky School of Embalming at Louisville, Kentucky. I took the State Board examination for funeral directors and embalmers and passed with high honors. Since I was first elected to the office of Coroner I have attended every state convention or seminar. I have attended three national conventions—being a delegate from Kentucky at two of the national seminars, and I served on the hospitality committee and some of the procedure and planning of the entire program, moderator of speaking sessions, and entertainment of guests from the entire United States and Canada was given to me. I have served as a member of the Board of Directors of the Kentucky Coroners Association and as a member of the legislative committee since 1952. I am also a vice-president of the Kentucky Coroners Association.

Perhaps some of you are wondering what all these facts have to do with my race for Coroner. Just this: I feel I have the background of experience, and knowledge, and education that qualifies me as your Coroner. This is an office of dignity and respect, knowledge and experience. Together we can keep it so. No one knows when the services of a qualified Coroner will be needed for one of our loved ones or friends.

I wish I could visit every home in Floyd county but this isn't possible. So I am appealing to my friends to talk to their friends and ask them to vote for and support me in the coming election.

Remember when you cast your vote that you are voting for the best interest of your friends, yourself and your family. You know you have a Coroner who is qualified by education and experience who has served you well and will continue to do so. My past record speaks for itself. No matter where or at what hour you may need the services of a Coroner, you know I'm available and capable of performing my duties. I will serve you in the future as I have in the past.

Sincerely,

JAMES J. CARTER

VALUABLE HONEY
Honey, which is now included on USDA's plentiful food list, has been highly thought of for centuries. Aristotle called honey "dew distilled from the stars and the rainbow." Egyptians once paid their taxes in honey. In ancient Rome, honey was thought to have soothing powers and was used for dressing wounds. A beverage prepared from honey and vinegar was once thought to cure gout.

Newsman Fred Sievers Chosen to Participate In New York Symposium

Fred Sievers, veteran court reporter for the Evansville (Ind.) Press, was a participant in the session of the American Assembly which ended Sunday at Harri-man, New York.
(Mr. Sievers' wife is the former Billie Moore, daughter of Mr. and Mrs. L. B. Moore, of Prestonsburg.)
He was one of 60 persons prominent in law, business, labor, government, education and other fields or professions who were selected to attend the four-day symposium on judicial administration at Harri-man. The American Assembly is a non-partisan educational foundation with headquarters at Columbia University.
Mr. Sievers was graduated in 1949 from the University of Kentucky and has been a reporter for The Evansville Press 14 years. He formerly was on the staffs of newspapers at Owensboro, Kentucky, and Newport News, Virginia. His series of articles on the topic, "The Law and the Accused," was recently featured in The Evansville Press.

UK Seeking Students For Forestry Study

Through its Forestry and Wood Technician School at Quicksand, the University of Kentucky is seeking 20 or more students interested in a future in the wood using industries or qualifying as a technician with a forestry agency.
If sufficient students are secured, according to John E. Ford, superintendent of this forestry school, a 30-week course will be given, beginning May 31. Those successfully completing the course, he said, will be granted an "Associate in Science in Forestry" degree and every effort will be made by the UK Department of Forestry to help the graduates find suitable employment with industry.
Ford said the course will be open to any person who has completed one year or more of college or its equivalent. Instruction will cover primary wood utilization, secondary wood utilization, and basic forestry. Instruction will be conducted on an eight hour day, 40 hour week basis for a total of 1200 hours. A large portion of the time will be spent in laboratory and workshop sessions.

PICK JUSTICE AS PLANNER

To Serve Two Towns In Floyd, Paintsville And Flatwoods Areas

The Kentucky Department of Commerce will staff five additional multi-county development unit offices soon with master planners. There are now four such offices in the state.
Commerce Commissioner Katherine Peden said 13 other development unit offices will be established as additional cities and counties come under contract for planning assistance and the staff of the Division of Planning is expanded.

One of the new offices will be at Paintsville and will serve Paintsville, Prestonsburg, Martin and Flatwoods. Charles Justice will be the master planner heading the Paintsville office.

The development offices will provide technical planning assistance to local planning commissions, city councils, and to fiscal courts where contracts are in force with county governments.

Justice will assume his new duties on June 1. He and the other four planners will shortly complete work on master degrees in city and region planning. They have been on leave from the Division of Planning to complete their schooling. With the returnees, the Division will have a staff of 70, of which 26 will be master planners, Miss Peden said.

Drafting work for development unit offices is performed at the central Frankfort office, or at area offices in Corbin or Madisonville.

The Division of Planning also has resident directors in Paducah, Henderson, Hopkinsville, Bowling Green, Winchester and Ashland.

Special Forestry Course Set for 36 Weeks

Lexington, Ky.—A special, 36-week wood-utilization course open to persons with a year or more of college or the equivalent will be conducted this year by the University of Kentucky Agricultural Experiment Station forestry department.

Registration will be at the University's Wood-Use Center at Jackson (Breathitt county).

James Newman, UK Ag Extension Service forester, said registration will be May 31. Graduates will be given an associate in science in forestry diploma. "Every effort will be made by the Department of Forestry to place graduates with industry," he said.

He noted the fees will be the same as for regular enrollment at the University. The instructional period is the equivalent of one semester, one summer session and one short session.

Some of the subjects to be taught: sawmilling, logging and grading, seasoning, road layout and construction & blueprint reading, equipment layout, product assembly, finishing, and some basic forestry courses.

A six-man staff will handle the teaching assignment. Technical field experts will conduct periodic seminars.

Information on registration, fees, etc. is available from John E. Ford, superintendent, Forest and Wood Technician School, Department of Forestry, University of Kentucky, Quicksand (Breathitt county), or the University forestry department at Lexington.

PRUNING SPRING-FLOWERING SHRUBS

After your spring-flowering shrubs, such as forsythia, spirea and mock orange, have bloomed, prune them generously. USDA horticulturists recommend. Cut out all dead wood and, in addition, remove 1/4 to 1/3 of the oldest wood, cutting it right down to the ground.

Humble Chicken Man's Best Friend After A-Bombings

Lexington, Ky. — There's another candidate for the title "man's best friend" — if an atomic war is triggered.

It would be the humble chicken, says Kenneth Evans, UK Ag Extension Service rural civil defense specialist.

Why? "The nature of the chicken's domestic environment," he says.

1. Generally, chickens are raised under cover. Thus, fallout wouldn't get to them easily or in quantity.

2. They feed principally on grains, which are low in strontium. Strontium is the big culprit in fallout because of a long radioactive life. But strontium in growing grain plants lodges mostly in stalks and stems and only small amounts are in the actual grain (wheat kernel, corn grain, etc.)

3. Eggs are a big source of food in American diets. Strontium again, as in grain crops, doesn't get into the edible portion; it stays almost entirely in the shells.

4. Chickens are more tolerant of radiation, too, for some as yet unknown reason. It takes larger doses of radiation to kill them.

5. Chickens are easy to slaughter. Also, the farm custom is to kill and pick a chicken, then eat it the same day. Thus, cold storage would be no problem.

6. An oddity: Male chickens are not as resistant to radiation dosages as females—putting the lie to the adage the female is the weaker sex.

Positive information available on chickens is not yet available on other types of poultry such as turkeys, ducks, geese and guineas. However, Evans points out, these probably would react the same as chickens, if housed and fed as chickens are.

Moral: Drive carefully; if you hit a chicken, you may be smacking a potential best-friend.

THE WOMAN FOR A WOMAN'S JOB

WOMEN from time as far as history records have played important roles in moulding our Country's Ideals, in Religion, Education and above all the teaching of CHRISTIAN MORALS not only in our homes but throughout the world.

WOMEN have volunteered their services in time of war, and all performed heroic service at home and with the Armed Forces abroad. Never have they failed to answer the call for help in the time of need.

WOMEN serve unselfishly in time of national or local disaster; you find them on the scene rendering service to mankind.

WOMEN serve as teachers in our local schools; your children's guidance are entrusted to them daily, THEY HAVE DONE and ARE DOING a splendid job in moulding their character, morals and habits for the future.

WOMEN serve in our churches of all denominations, teaching our youth Christianity and the need for it in our every-day life.

WOMEN serve in our welfare programs and do social work of all types and kind to better the living standards of all our citizens, here again they excel in this work.

WON'T YOU GIVE ME ONE—ONE CHANCE to join the ranks of those who have contributed so much, that I too may add to their achievement by being the first woman to serve as your COUNTY COURT CLERK?

I HUMBLY ask for YOUR VOTE, YOUR HELP and YOUR CONFIDENCE, and I assure you that my pledge of HONEST, EFFICIENT, and COURTEOUS service will be maintained during my term in office.

Your friend,

PEGGY CRUM

Do Not Vote for Gearheart, Is Knott Countian's Plea

(The following is a letter sent to Ben Martin, candidate for Representative in the 96th Legislative district.)

Inclosed herewith is copy of Kentucky H.B. 535 dated March 5, 1962, and copy of Kentucky H.B. 116 dated January 27, 1964. You will find the wording in the two (2) House Bills is identically the same.

The vote on H.B. 535, on which you voted, was 76-0 in favor of the bill. The Senate did not act on the bill.

The vote on H.B. 116 on March 3, 1964, was 44-37 in favor of the bill. 19 members didn't vote either way. The roll call shows very clearly that Fred Gearheart voted with the nays. The Senate did not act on the bill.

In effect, Fred Gearheart voted against every schoolboy, every schoolgirl, every older student, every teacher, every school tragedy victim, and every parent of school children and school tragedy victims in Floyd county, and in the state of Kentucky. QUESTIONS: Why did Fred Gearheart vote against Kentucky House Bill 116, a legislative bill designed to reduce and minimize injuries and deaths in the educational system in Floyd county, and in all other counties in the great state of Kentucky? Why did he, Fred Gearheart, vote against legislation further designed to reduce and minimize marches made by mothers and fathers to the hospital or to the grave because of PREVENTABLE school accidents and tragedies?

Every civilized people should keep records of all school accidents and tragedies. Such records would show us how to reduce and minimize the incident of school accidents and tragedies, and thereby reduce the percent-

World War II Veteran, Prestonsburg Resident, Succumbs at Huntington

John H. McCoy, Prestonsburg World War II veteran, died at the age of 59 Tuesday at Veterans hospital, Huntington, West Virginia, after an illness of six years.

A son of Garfield and Fanny McCoy Sherman, he was a native of Martin county. Before his illness he was employed as a miner. His wife, Bertha Cook McCoy, preceded him in death. The couple had no children.

Surviving are a half-brother and two half-sisters, James Frazier, of Washington, Mrs. Eliza Blevins and Mrs. Elizabeth Miller, both of Jackson, Ohio.

Funeral rites will be conducted at 10 a.m. Sunday from the chapel of the Floyd Funeral Home here by the Rev. Curtis Miller, and burial will be made in the government cemetery, near Auxier.

Friends may call at the funeral home after 10 a.m. today (Thursday).

To the People of Magisterial Dist. 2:

I guess by now most of you have made up your minds for whom you will cast your vote on May 25. You have probably analyzed all of these promises that have been made to you, and from the past you know that most of them don't amount to a hill of beans.

I've lived in Floyd county all my life. I've been an employee of Kentucky West Virginia Gas Company for 43 years and am now retired. I have never been in politics before.

I have waded mud and water all my life, as you people have. I thought that the road I lived on was in pitiful shape. But since visiting you people I found that many of you are a lot worse off than I am.

I will work for a road up every hollow. I will support buying a portable rock crusher. I will devote full time to the job. I will promise you that if a problem arises I will bring it to you and we will sit down and work it out together, and when you need me I won't be hard to find. I'll try my best to help all the people, not just some of them. I will appreciate your support.

So on May 25 get out and vote—if not for me, the man of your choice. That is one of our privileges that we have left.

Here is a little reminder: I am No. 1 on the Democratic ballot for Magistrate in District 2.

I thank you,
D. L. (DAVE) BENTLEY

age of injuries and deaths in our educational systems.

Because State Representative Fred Gearheart voted against Kentucky House Bill 116, dated January 27, 1964, which was and is designed to reduce and minimize injuries and deaths to school children and their teachers, I recommend that Floyd county citizens defeat Fred Gearheart at the polls on May 25, 1965, and elect a candidate for the 96th legislative district (Floyd county) who will go to the Kentucky House of Representatives and cast his vote in favor of the school tragedy legislation which will be introduced again in the 1966 General Assembly.

Yours truly,
CANTON REYNOLDS,

Ball To Join Floyd Extension Staff, May 17

Eugene Ball, county agent in Martin county for the past eight years, will become Floyd county extension agent in development, effective May 17. He replaces Robert M. Jones, who was Floyd county agent until his transfer to Grant county, April 1.

Mr. Ball is a native of Lawrence county, and is the son of the late Home Ball and Mrs. Monnie Ball Roberts, of Adams. He was graduated from Blaine high school in 1946, is a veteran of the U. S. Navy, received a B.S. degree in Agriculture from the University of Kentucky in 1952 and joined the Extension Service of the University of Kentucky in 1953 as assistant county agent in Pike county until his transfer to Martin county in 1957.

Mr. Ball received his master's degree from the University of Kentucky in 1961. He is a member of the Farm House fraternity, board of directors of the Kentucky Association of County Agricultural Agents, Delta Sigma Gamma and Epsilon Sigma Phi, professional organizations.

He is a member of Martin Hale Lodge No. 672, F. & A.M., American Legion Post 173 in Inez, and a charter member of the Inez Lions Club. Mr. Ball is married to the former Lois Cain, daughter of Mr. and Roy M. Cain, of Salyersville, and has two daughters.

SHOP AROUND FOR LOANS

If you need a loan, shop around for it just as you would for furniture or a car, UK Extension home management specialists recommend. And don't be deceived by seemingly-low interest rates: some companies quote monthly rates on the unpaid balance which aren't as low as they sound. Be sure to figure the true annual interest rate before you decide on the "best buy."

PERSPECTIVE
BY ROBERT J. HASTINGS
**THE WONDERFUL
WORLD OF LOVE**
"In the springtime, a young
man's fancy turns lightly to
thoughts of love." This well-
known quotation is but one ex-
pression of all that makes spring.
These are days of renewal.
Hopes rise higher, day dreams
become more real and the fresh-
ness of the earth taking on a
new wardrobe inspires even the
most unimaginative.
It is a time of beauty as the
hills take on their shades of green
and the flowers come forth as
though the paint pots of God had
been spilled. It is a time of
mating and birth as the beasts of
the field and the birds of the air
bring forth their young. It is a
time for the young and the young
in heart for there is nothing quite
so romantic as the spring.
It is a good time also to con-
sider the love of God. Human
love is a possessing love. It in-
sists on having its own. Though
there are rare exceptions, hu-
man love is of such nature that
the lover gets what he loves or
eventually he ceases to love.
Not so with God's love. Grace
is the word that best describes
God's affection for man. God's
love is a one-sided, unmerited
and undeserved love that keeps
on loving despite the response of
that which is loved.
While considering the wonder-
ful world of love in the spring-
time, don't forget . . . God so
loved the world that He gave His
only begotten son . . ."

VOTE FOR AND SUPPORT

HANSFORD SPEARS

for MAGISTRATE Dist. No. 1

In appealing to the voters of Magisterial District No. 1 to support me for the Democratic nomination for Magistrate I offer you this statement of my views and my pledge as to what I will do.

I have since boyhood worked on a farm. Later, I have been a coal miner, and still later a school bus driver. I think that my experience has given me as full an idea of what our Magisterial district and the county need as any candidate in the race.

I have ridden horses and mules and pulled cars and trucks through as many mudholes and over roads as bad as anybody in this county has ever encountered. I know what it is to dig a living from the soil and from the face of the coal—no working man knows the needs of the ordinary man better than I.

If elected your Magistrate, I will devote my full time to the job. I will not be a part-time Magistrate, my attention will not be divided between the office and some other job. I will give you what I have always believed in—an honest day's work for an honest day's pay.

In order that you may know me better, I offer the following information about my family connections. My wife is the former Helen McSurley, and we have three children. Youngsters who attended Prestonsburg high school will remember my daughter, Veronica, who graduated there.

Through my father and mother I am related to the Sellards, Maynards, Wileys, Smiths, Hatfields, McCoys, Woods, Reeds, Clays, Blackburns, Criders, Burchetts, Jervis, Clarks, McGuires, Hurds, Collins and Baldrige families.

My wife is related to the McSurleys, Crisps, Campbells, Hubbards, Fraziers, Garretts, Halls, Howells, Taylors, Calhouns, McGuires, Endicotts, Woods, Dillons, Gibsons, Burchetts, Wrights, Pattons, Vaughans, Millers, Porters, Sheltons, Stephens and McKnights.

If you are not acquainted with me, ask others about me. I wish it were possible for me to visit and talk with every family, but time will not permit me to see each of you.

Your support will be deeply appreciated.

HANSFORD SPEARS

(Pol. adv.)

To the Voters of Magisterial Dist. No. 2:

I, Ed Hampton, candidate for Magistrate in District No. 2 do hereby announce, due to my illness, I cannot continue my campaign.

I would like to express my gratitude to all my friends and neighbors who have supported me faithfully in my campaign. To you friends, I will always be thankful.

As a last favor in my campaign, I ask you to support your friend and mine, Jake Layne, for your next Magistrate. Mr. Layne will carry out the program I had in mind for you.

Thank you again, I remain your friend, ED HAMPTON 5-13-2t-pd

We Know Him We Recommend Him A Fulltime Man— For A Fulltime Job. As friends and neighbors of Clyde Jarrell we take this means to urge the People to elect him Magistrate of Dist. 1. We have known Clyde for many years. Despite the loss of his right arm he has always worked at any job available. He is active in the Baptist Church and will get up at the hour of midnight if he can give a helping hand. He is sympathetic to poor people because he has known poverty all his life. He will do everything in a Magistrate's power to expand the work programs for Floyd county. We urge you to vote for Clyde Jarrell for Justice of the Peace—No. 6 on the ballot. HIS FRIENDS 5-6-3t

ETB STARTS PLANT HUNT

Pilot Project Points
To Kentucky As Area
Favorable to Industry

Frankfort, Ky.—A pilot project to develop new industrial prospects and point out profit opportunities offered specific types of manufacturing by a Kentucky location has been launched by Governor Edward T. Breathitt.

Telegrams and letters from the governor were sent to top executives of 376 companies that manufacture gaskets, seals and packings in the eastern and western areas of the nation.

Breathitt said that the pilot project, based on material from the Fantasy Area Research study of Kentucky's industrial potentials, "will lay the groundwork for the contacting of other categories of manufacturing industries to match their interests and needs with plant-site opportunities in Kentucky."

In contacting the manufacturers, Breathitt stated that Fantasy has estimated that a Kentucky plant location for production of gaskets, seals and packings could result in an annual saving of between \$166,000 and \$196,000, based on analysis of basic manufacturing costs for a 200-worker plant in their present location.

"Kentucky's central location and favorable shipping rates are good reasons for putting your type of manufacturing facility in our state," Breathitt said.

Kentucky Commissioner of Commerce Katherine Peden also contacted the 376 industrialists, telling them "an industrial representative from Kentucky is available to confer with you. He will show you a plant location opportunity for your type of manufacturing with 'locational fit' in a specific Kentucky area."

FOR MEN WHO TRAVEL

Men away from home often don't know where to start when removing spots from their clothes notes Mrs. Rachel Wallace, UK Extension clothing specialist. If you're sure a spot on your clothes is grease, work on it from the back of the garment rather than the front, she recommends. This forces the grease out instead of working it deeper into the fabric.

Are We Ready To Crusade For Neatness? Is Question Asked In Magazine Article

Frankfort, Ky.—"Are we Americans actually prepared to crusade for order and neatness—(in) President Lyndon Johnson's hopeful and desperately needed program to beautify America?" a writer asks in the May issue of Woman's Day.

In an article titled, "America the Beautiful," freelancer Michael Frome, of Alexandria, Virginia, took up his own challenge by citing Kentucky's five-year-old clean-up effort, administered by the State Department of Natural Resources, as a good example of what can be and is being done.

After noting New York City's clean-up campaign and West Virginia's installation of roadside parks and litter stations, Frome said:

"Former Governor Bert Combs of Kentucky went one step further. How can we demand cleanliness, he asked, when we permit litter in the form of billboards and automobile graveyards? He not only made his state the first to comply with the provisions of the federal anti-billboard law, but sponsored legislation declaring the auto junk yards a public nuisance and requiring them to be set back from the highway, screened from view by fencing, shrubbery or trees.

"This program is being continued by his successor, Governor Edward T. Breathitt, and can certainly be considered as a model for national efforts now being launched in Washington."

However, the writer did not think that the rainbow of success was just over the hill.

"Think," he suggested wistfully, "of the marvels that greeted the early Americans, the magnificent forests stretching to the horizon, the clear, sweet streams overflowing with fish, the skies overhead darkened with birds in flight. Probably no people in all history were so richly endowed with natural beauty . . ."

But today, he pointed out in the article, these hard unpleasant truths exist:

National forests and parks are among the most littered, vandalized, devastated and desecrated portions of America;

Fires started by litter cause \$70 million worth of damage a year;

Despite many industries' and clubs' investment of time and cash in the "Keep America Beautiful" national campaign, thousands of miles along the nation's beaches have been made unfit for human use by rubbish and sewage dumped; and

Five thousand cities continue to spill their raw sewage into streams or use the barest minimum treatment. A widespread 1961 outbreak of hepatitis was traced to oysters and clams harvested in polluted waters, and three years later 17 million fish were killed by pollution.

"In the final analysis," Frome concludes, "the things that people do, whether voting for a bond issue or picking up litter instead of scattering it, are what count most . . . (for) there is

just so much that President Johnson, or any other official, can bestow.

"Certainly if the lakes and streams and parks and forests continue to succumb to the handiwork of the litterbug, the vandal, the scurrilous defacer, there will be nothing left to visit and enjoy."

WOMAN'S DAY is a national service magazine, with a monthly circulation of well over six and a half million and headquarters in New York and Connecticut.

YOUR SUPPORT

MAGISTRATE

District No. 1

Since becoming your candidate for Magistrate in District No. 1, I have been able to see most of you and talk to you personally. However, being a working man, it may be impossible for me to see every one before election day. I think it only fair and right that I give the public a look at my family and wife's family in order that you might better know for whom you are voting. It is only natural for a candidate for public office to solicit the support of his and his wife's family. However, this is not all the support that I solicit and want. I am asking for the support of all who believe that it is in the best interest of our district in particular and Floyd county in general that I be your next Magistrate.

My great grandfather was Wiley Slone who married Amanda Bradley Slone. My grandfather was Branch Whitaker who married Mae Slone Whitaker. My grandmother Whitaker had the following sisters and brother: Tora Slone who married Millard Hamilton, Lou Slone who married Jim Owens, Betsy Slone who married Jot Nelson and Butler Slone who married Sis Whitaker.

I married Billie Jo Fitzpatrick and have two sons, Kenneth 14, and Michael, 9 years. Billie Jo is the daughter of Bill Fitzpatrick and Mae Pitts Fitzpatrick of West Prestonsburg, Kentucky. Her paternal grandfather is Henry Fitzpatrick and her paternal grandmother was Alma Harmon Fitzpatrick. Her maternal grandfather was John L. Pitts of Spurlock Fork of Middle Creek, and her maternal grandmother was Frances Ousley Pitts.

I am the son of W. E. (Everett) Wells and Bessie Whitaker Wells, Prestonsburg, Kentucky, and have three sisters: Jacqueline Wells Sammons, Betty Sue Wells Depp, and Peggy Jean Wells Conley.

I think you will agree that I have demonstrated my interest in the youth of our community by having served fourteen years with your sons in Little League baseball, football and basketball. I am at present president of your Little League for this area. I pledge that my interest in these youth activities will not diminish when I become your Magistrate.

While serving as a member of the Floyd County Board of Education, I have been, and shall continue to be, interested in the education of your children after I become your Magistrate. The Fiscal Court and Board of Education must work closely together. I pledge the utmost cooperation with your Board in all matters concerning our children.

If elected your Magistrate I promise that I will be on the job twelve months of the year. I will give attention to your roads at all times, not just before election time. Road construction and maintenance will be done on the basis of need—not on the basis of votes. First consideration in roads will be given where needed to benefit school children—where they walk, where they are hauled by contract carrier, or where the school bus runs.
