PEN ESCAPEE NABBED HERE BY TROOPER

Bolen, Floyd Native, Battles Extradition; Is Wanted in Indiana

An Indiana state prison escapee who was arrested here Saturday night by State Trooper Elmo Allen was scheduled to be returned this week under extradition granted by Governor Breathitt to resume serving his 19-year term for armed robbery.

The prisoner, Vernis Bolen, 27, formerly of Garrett, this county, was recognized by the trooper as the two drove past each other at the junction here of U. S. 23 and the Mountain Parkway. When Bolen stopped his car, in the vicinity of Ball's restaurant, two blocks away, the trooper made the arrest.

The officer said Bolen was penned for a bank holdup staged when he was 19 years old. He escaped last June 7 while on a work detail at the Indiana prison at Tell City.

State and county officers had gone, earlier Saturday, to the Endicott community where Bolen's father, Enoch Bolen, resides. Falling to spot the fugitive, they returned to the Mouth of Cow Creek to await Bolen. Trooper Allen decided he was not needed there, the officer force was so heavy, and went about his routine work. It was while on regular patrol that he sighted Bolen.

Bolen was unarmed when captured. He was driving a stolen 1965 Chevrolet station wagon owned by a La Porte, Indiana resident. Later, officers found his prison clothes at his father's home.

The prisoner refused to waive extradition. He had served more than seven years of his term when he escaped, officers said.

Until construction of its new church building is complete, the Presbyterian Church is worshipping in the circuit courtroom.

PLAN HONORS FOR PERKINS

Expect 600 To Attend Morehead College Fete Recognizing Legislator

An appreciation luncheon honoring Congressman Carl D. Perkins will be held on the Morehead State College campus Saturday, October 2.

More than 600 persons from throughout Kentucky are expected to attend the luncheon sponsored by the National Education Association Legislative Commission, the Kentucky Education Association, the Eastern Kentucky Education Association and the Upper Kentucky River Education Association.

Dr. Adron Doran, president of Morehead State College and chairman of the NEA Legislative Commission, said the NEA, KEA and regional education associations are honoring Perkins for "his distinguished service to education on all levels as chairman of the Subcommittee on Education in the House of Representatives."

"Carl Perkins has been one of the outstanding leaders in educational legislation in Congress," said Dr. Doran, "and we are taking this opportunity to show him how the people of Kentucky appreciate his great efforts on behalf of education."

Perkins was author of the Elementary and Secondary Education Act of 1965.

Prestonsburg Jaycees, Hosts to 14 Chapters, Get Blue Chip Award

The Prestonsburg Junior Chamber of Commerce was host, last week-end at May Lodge, Jenny Wiley State Park, to the Region 6 board meeting and to Jaycees from the 14 chapters of the region as well as state and national Junior Chamber leaders.

Harold Hudson, national Jaycees director, presided at the board meeting Sunday, and at this session it was unanimously voted to support the state bond issue at the November election.

The Prestonsburg Jaycees received at the meeting the Blue Chip Award, an expression of appreciation from the U. S. Junior Chamber of Commerce for their cooperation and service. Nine other Kentucky chapters have received this award. A Certificate of Appreciation from U. S. Jaycees was received prior to the meeting, by Ted Hicks, 1964-65 president of the local organization, in recognition of his work.

Recognition also came to the Prestonsburg group because of the warmth of its hospitality: the Jaycees attending the meeting, including those from other regions of the state, asked that the Prestonsburg Chamber host the (See Story No. 4, Page 3)

DRIVE START IS STRONG

125 at Kickoff Dinner Hear Combs, Matthews; Auction Aids Retarded

A gathering of approximately 150 persons heard Ex-Governor Bert T. Combs and Attorney General Robert Matthews in address Monday evening at the "kick-off" dinner held at May Lodge, Jenny Wiley State Park, to launch the 1965 drive for funds for the Floyd County Council for Retarded Children.

The speakers were introduced by Dr. George P. Archer, mayor of Prestonsburg.

WPRT's radio auction began the following day, with results that indicate a successful fund drive. Mrs. Dora Stephens, of the radio station, said higher bids are being offered and that items placed on auction are of finer quality than in recent years.

The Council, uncertain of further assistance from the Crusade for Children, is faced with the task of raising around \$8,000.

Mr. Zukoffsky is appearing at the University of Kentucky in connection with the University's Centennial Humanities Seminar. His most recent publication is a book of poetry, entitled "All," which contains all of his lyric poems. He is also the author of a long poem, "A," and a two-volume Shakespearean study, entitled, "Bottom."

Mr. Zukoffsky spoke at a convocation of the student body here at 2 p.m. Wednesday, and was guest of honor at a luncheon, the same day.

The week of October 11 will be a red-letter week for Prestonsburg Community College. It is during this week that the college will have its own Centennial Convocation and all the related activities. The convocation exercises, with Dr. T. Marshall Hahn, president of VPI, as the speaker, will begin at 10:30 a.m., October 13, at the Jenny Wiley State Park amphitheatre. Following the convocation exercises, and beginning at 12:30 p.m., will be a luncheon at May Lodge. At 2:30 p.m. at the lodge, there will be a panel discussion on the topic: "The Role of Higher Education in Appalachia." Participating in this panel discussion will be: O. T. Dorton, Paintsville; Dr. Alex Spencer, West Liberty; Mayor Willie Dawahare, Hazard; Dr. Francis S. Hutchins, president, Berea College; Dr. Adron Doran, president, Morehead State College; Dr. Harry Sparks, superintendent of public instruction. At 5 p.m. there will be a dinner at May Lodge, and at 8:30 p.m. the panel discussion will re-convene.

Rounding out a week of convocations, discussions, and other activities will be the centennial dance Saturday, October 16 from 8 p.m. to 12 midnight. All activities except the centennial dance are scheduled for Jenny Wiley State Park. In case of inclement weather, the convocation exercises will be held at the college.

This Town . . . That World

Well, there's one less thing to worry about this morning, since the Cincinnati Reds blew their last chance last night.

WELCOME TO THE CLUB!

Things do come to pass, if you wait long enough. Years ago, I vented my wrath, spleen and supply of adjectives on that ancient toll-bridge across the Big Sandy, between Louisa and Fort Gay. It was only a rasping voice in the wilderness, and I got not even an echo. But now come many, hundreds of them, saying this antiquated nickel-grabber, this fender-scraper that's been scarping fenders ever since there was one to scrape, must go.

I'm not joining these people. They're joining me.

AND I MAY HAVE TWISTED THE STORY

I may have long John Hyden's story, which he told me recently, slightly mixed up, but it runs to this effect:

Two preachers were exchanging confidences, and one prefaced his story by saying he hoped the other wouldn't think he was being irreverent, then told of approaching a man to discuss his relationship with God. The man turned his head, said the preacher, and when he looked back again the minister for the first time became aware that the other was the most cross-eyed man he had ever seen—so cross-eyed, in fact, he declared, that he was crying and the tears were running down the back of his neck.

"Who am I to dispute what may well indeed be the truth?" rejoined the other. "For I know what such physical affliction will do to living things. My brother, I tell you, I once saw a tree so crooked—please believe me!—that the sap couldn't rise in it and it was dying of starvation."

BREAK GROUND HERE FOR PLANT BUILDING

Ground was broken shortly before noon Monday for the building at West Prestonsburg which will house the plant to be operated by Kentucky Appalachian Industries, Inc. It will accommodate a plant expanded to an area of 30,000 square feet when, and if, this additional working space is needed.

The structure, which will have an initial 10,000 square feet of floor space, will be built by Tom O. McGuire, Prestonsburg contractor.

Members of the Prestonsburg Development Corporation, which is providing the plant site and building, were joined in the groundbreaking ceremonies by Leslie L. Irving, chairman of the board of the Irving Air Chute Company, and by Roger Murphy, vice-president of the firm.

Introduced by Marvin Music, president of the Chamber of Commerce here, both Irving and Murphy expressed their pleasure at working with the people of this section of Kentucky.

Mr. Irving remarked that Monday's was the 16th plant site groundbreaking that he had attended and that he was "delighted to be in Prestonsburg and to be a part of the new plant." He expressed the hope that the occasion would be only the beginning of a long and pleasant association with the people of Prestonsburg, Floyd county and Eastern Kentucky.

Dr. George P. Archer, mayor of Prestonsburg, spoke a welcome to new industry, to the visitors and the crowd attending the exercises. Mr. Music described the plant venture as "a breakthrough and only the beginning of what we have so long hoped for."

Also attending the groundbreaking were Robert Bowen and David Steinforth, who are associated with Irving Air Chute at Lexington.

The site for the plant was acquired by the development group from the Chesapeake & Ohio Railway Company. It will accommodate a plant expanded to an area of 30,000 square feet when, and if, this additional working space is needed.

The list of individuals and firms contributing \$500 to the Prestonsburg Development Corporation for site acquisition and construction work has increased to 26. New contributors include the corporation and J. T. Hughes, H. D. Fitzpatrick, Jr., Dr. Herbert Salisbury, Jr., and the Kentucky Power Company.

The corporation has benefited, Mr. Music pointed out, by contributions of valuable services by three Prestonsburg men—H. B. Ranier, who excavated the site; George Lee Shannon, architect, and Richard E. Martin, engineer. He added that others have offered free services and that those affording such help will be listed later.

Present plans call for completion of the building in time for opening of the plant December 1. Operation of the business will be by the Kentucky Appalachian Industries, Inc., with Irving Air Chute Company supplying the management.

FLOYD GROUP BACKS ISSUE

Howard and Patrick Heading Organization For Ky. Bond Issue

Merle E. Robertson, of Louisville, and Richard Cooper, of Somerset, brother of Senator John Sherman Cooper, co-chairmen of the Kentucky Citizens for the Bond Issue, announced this week that a committee of interested citizens of Floyd county has been appointed to work on behalf of the \$176,000,000 bond issue to be on the ballot at the November 2 general election.

It has been pointed out by Robertson and Cooper in making this appointment that all citizens of Floyd County should support the bond issue, inasmuch as the monies will be used to match federal funds by which Kentucky will then obtain \$860,000,000 in construction money from the federal government for highway construction, park improvements and funds for the various schools in Kentucky, including a generous allotment for the Prestonsburg Community College.

The Floyd county committee for the Bond Issue follows: Harris S. Howard and H. B. Patrick, both of Prestonsburg, county co-chairmen; Marvin Music and Ted Hicks, co-chairmen of the Business Men's committee; Mrs. C. B. Latta, chairman of the Women's committee; Troy Hackworth, West Prestonsburg, chairman, Farmers' committee; Bee Osborne, Ligon, (See Story No. 6, Page 6)

JURY CLEARS MRS. SHORT

Self-Defense Claim Made by Defendant In Warrix Slaying

Mrs. Virgie Short, Abbott Creek woman, won last Saturday an acquittal from the manslaughter charge against her in the slaying of her ex-husband, Zeon Warrix.

Defendant's plea of self-defense convinced the jury, which deliberated little more than an hour before reporting its verdict. She testified that Warrix came onto the porch of the home of Ernest Campbell, where she was a visitor, and that when she went to the door he began drawing a revolver from his pocket. It was then, she said, that she fired a single shot.

The defense offered in support of her testimony that of two funeral home attendants who said that when they picked up the body from the porch a .38-caliber pistol fell from his pocket. Other defense witnesses testified that Warrix had threatened his ex-wife's life.

Mrs. Lucy Campbell, wife of Ernest Campbell, testifying for the Commonwealth, told of seeing Mrs. Short fire the shot but could not say that Warrix did not move to draw a weapon.

Almost two days were required for the empanelling of a jury. Except for the murder cases pending against Headmon May and Roy Salisbury, both of whom have been convicted and who are now in state prison, the case against the woman was the last of its kind on the circuit court docket.

Stated for trial Wednesday were two liquor charges against John M. Slone and one against Tommy Ratliff. The latter was convicted at an earlier term, but was granted a new trial when the affidavit of a doctor stated he was in a hospital, ill, at the time of his first trial.

Election Officer Case Hearing Set Tomorrow

Trial of the election officer case will be held Friday afternoon at 1 o'clock, it was said today (Thursday). Judge Charles E. Lowe, of the Pike circuit court, has been designated by the Court of Appeals to preside. Trial was slated earlier this week but was postponed because of the necessary absence of Paul E. Hayes, an attorney in the case.

Enlarged Ft. Korner With 'New Look' Seen As Result of Work

An enlarged Fountain Korner Drug, with a new look, will result from work begun this week. Workmen employed by John Allen and A. B. Meade, owners of the building, began tearing out the walls which separate the drugstore from the room formerly occupied by The Fashion, a women's apparel shop. This space, added to the present drugstore quarters, will provide an area approximately 65 feet square.

The whole area will be re-floored, and a marquee will extend across the entire front, which will be finished in ceramic tile.

The Burke brothers, Hern, John and Joe, owners of the Fountain Korner Drug, will install new fixtures through a greater part of the store, and provide a small kitchen for serving various types of small orders of food. Their arrangement of the interior, its stock and other facilities will make the store largely self-service, with a check-out counter at the front.

13 APPOINTED NOT ON LIST, SUIT CLAIMS

Conley Disqualifies For Trial of Action; Injunction Is Asked

A suit filed in the Floyd circuit court, Wednesday of last week, asks a mandatory injunction to require the Floyd County Election Commission to reassemble and set aside the appointments of 13 persons as precinct election officers at the November polls and appoint in their stead officers from the list submitted to the commission by the Floyd county Democratic executive committee.

Plaintiffs are Earrit Hayes and Oliver Hall, legislative district chairmen of the party, James E. Conley, county chairman, and Joe Wheeler Lewis, Democratic nominee for Sheriff. Named defendants are Sheriff Henry C. Hale, ex-officio chairman of the election commission, and the other two commissioners, Bill Darby, Republican, and Glenn Burchett, Democrat.

Names of election officers whose appointments are asked to be voided, with officers to be selected from the executive committee's list are:

Prestonsburg No. 1—Paul Branham; Porter—Edna Madison and Adrian Lafferty; Middle Creek—Estill Ousley; Rough and Tough—Lee Owens and Greeley Dotson; Martin—Hazel Robinson; Halbert—Bill Dingus and Jack Dingus; McDowell (John Ant)—Raymond Meade; Jack Allen—Arnold Prater; Weeksburg—Floyd Johnson and Hattie Johnson.

It was not known Wednesday of this week when the case will come to trial. Circuit Judge Hollie Conley has voluntarily disqualified as trial judge, pointing out that he did so because he had met with the executive committee, and a special judge has not been designated.

The list of election officers, as announced last week, was first brought under attack by Glenn Burchett, Democratic member of the election commission. Burchett objected to the naming of officers from lists other than the official list submitted by the county Democratic executive committee, and refused to sign the list of appointments made by the other two commissioners.

Reviewing the work of the commission, the suit filed last Wednesday alleges that in Prestonsburg No. 1 precinct, only the name of Bill Callihan was selected from the committee's list of names; that in Middle Creek, only the name of Allen Slone; that none were selected from the list submitted for Rough and Tough; only one, George Barnett, at Martin precinct; none in Halbert; only Sam Martin in McDowell and Nero Ousley in Jack Allen, and that in Weeksburg precinct nobody was named from the official list.

DRIFT

DAVIDSON IS SPEAKER
 The regular meeting of the Drift Woman's Club met September 20, at the Sanora Restaurant with Mrs. Ben Martin, the president, presiding and Mrs. James Reed acting as hostess. Members present were Pauline Case, Mrs. McKinley Little, Mrs. Sam Martin, Sr., Mrs. Ronald Turner, Mrs. W. L. Along with the talk Mr. Davidson showed a film highlighting the importance of being aware of and fighting this disease. Jane Hoffman, director of nurses at the McDowell Appalachian hospital, had with her as guests, Margaret Epp and Margaret Unruh, of Canada, and Mary Poole, of Pennsylvania. These women are Mennonite nurses working as missionaries at the hospital. Mrs. Peggy Jones also was a guest. The club voted to invite seven new members into the club: Mrs. Shirley Vanderpool, Mrs. Violet Moore, Mrs. Raymond Rowlett, Dr. Helen Sharp, Dr. Mary Hall, Dr. Sue Brenner and Peggy Jones, all of McDowell. LETTERS TO THE EDITOR

EDITOR, The Times:
 No single group is more devoted to the future of our native state than the O'Tucks (Ohioans from Kentucky Association). Hence, we have seriously studied the proposed \$176 million Bond Issue to be voted on November 2. In Ohio we have realized great benefits from similar programs. During the past 18 months Ohio has approved \$1.4 billion in bond issues without creating any increase in taxes. Kentucky, we find, can indeed finance its \$176 million proposal absolutely without any increase in taxes. In fact, the bond issue is, we feel, the best way to prevent a tax hike. O'Tucks are daily visitors to Kentucky. We have thousands of relatives and friends living in every Kentucky county. Many of us plan to retire in Kentucky. This is why we are urging a Yes vote to the November 2 decision. We want our home state to grow; we want our families to enjoy the many blessings of fine highways, excellent educational facilities, the nation's best parks system, industrial development, agricultural research and those other necessary services which can be provided through passage of this bond issue. This can happen if Kentucky votes Yes.

Comment on my explanation of how a b'led owl gets as drunk as some people, or vice versa:
"I have read your feeble attempt to explain this, a la Trout, and it would appear that I have driven my ducks to a dry pond."
"(Signed) JIM GOBLE."

CLICHES, 1965 STYLE
I have been idling a bit with one of these old-fashioned novels and its cliches; meanwhile have dangled a bit with how the same thing might be said in these modern times. For example:
"She dropped her eyes" might now be written, "Her eyes made re-entry to the floor."
"He shot a glance around the room" would be, "His glance blasted off and circled the room, non-stop, a dozen times."
"Nay, nay, my love!" would be, "Nope, dope!"
And for the classic, "Their eyes met," I like the late Adlai Stevenson's "We stood, eyeball to eyeball."

EXPLANATION
This week's Times, I suspect at this stage of the game, may be a bit late. We started the week off with a newsprint shortage which has been solved — I hope. Work piled up—thank you, one and all—and our Uncle Sam's call for one of our fellows to take a preinduction examination took him away temporarily. Another was near to coming down with a granddaddy of a cold. And the set of complications didn't help the rest of us. So-o-o go crack that whip elsewhere, please.

GRATEFUL CHURCH GIVES FORMER FLOYD MAN, WIFE FREE TRIP TO HOLY LAND

The Rev. It's 1966. Rise up with Dodge. Get with the swinging cars of the year! JOIN THE DODGE REBELLION

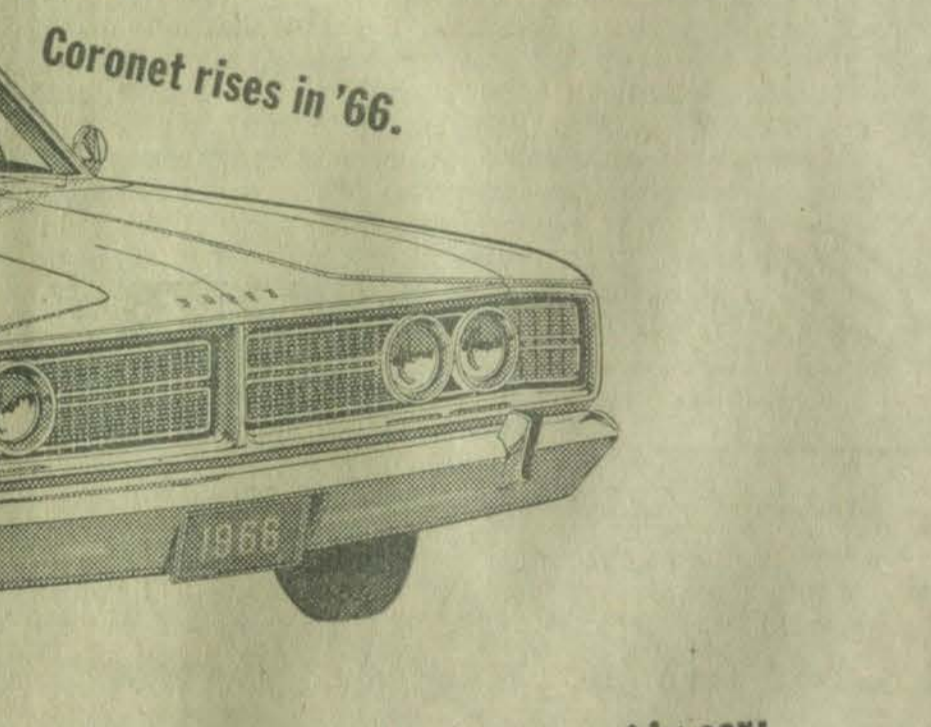

Why wait, when your year is here? The year to snap tired old ties, to break old buying habits. The year to really express yourself... with the '66 swingers from Dodge. Different, exciting cars for people with different, exciting tastes. Rally 'round Dodge for '66. Dart, Coronet, Polara, Monaco... cars made to help you kick the dull driving habit. There are lots of Dodges for you to hang your personal rebellion on.

Every one backed by a 5-year or 50,000-mile warranty.* Every one with these features that used to cost extra but now come standard: Outside mirror. Padded dash. Variable-speed electric windshield wipers and washers. Backup lights. Turn signals. Seat belts, two front and two rear. And lots more with Dodge... the beautiful Rebellion on wheels. Stir up your spirit and march to headquarters.

'66 Dodge Dart Still talking about squeezed-up compacts, when you'd rather do something about them? Put your money where Dart is! Unexpectedly big inside, long outside. Six or V8 power. Rise up with Dart! Be expansive without being expensive.

'66 Dodge Coronet Here comes Coronet... sharp, smart, sassy, the greatest thing from Dodge since Year One. Loaded with luxury the higher-priced cars haven't caught onto yet. With a choice of five engines, designed to make the walls of Dullsville come tumbling down. Get away from look-alike, first-cousin cars with Coronet.

'66 Dodge Polara Snap, crackle, pop, go the ties that bind. You're up and out of the rut with Polara. More "big." More "hot." A lot of standard extras (like a 383 cubic inch V8) at no extra cost. See it now. And if you're carrying a big torch for a car that'll really move you, bring the torch along.

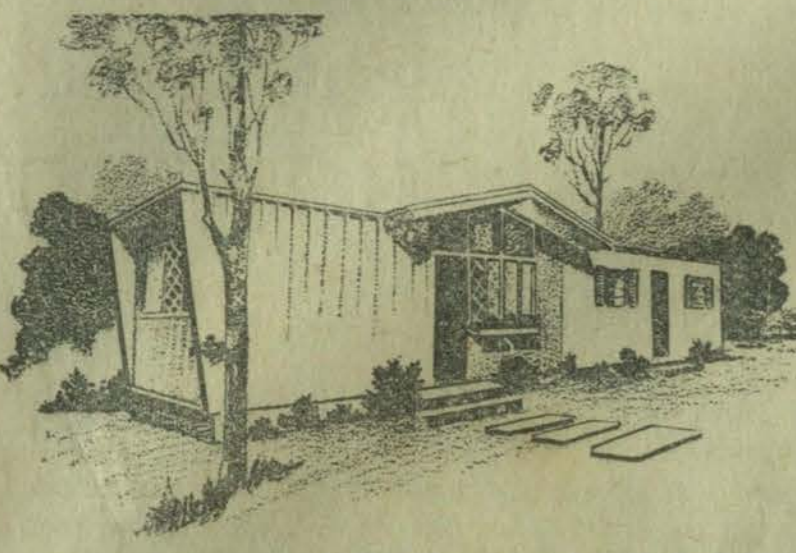

HERE'S HOW DODGE'S 5-YEAR, 50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTS YOU: Chrysler Corporation confidently warrants all of the following vital parts of its 1966 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings.
REQUIRED MAINTENANCE: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

Our Yesterdays

(Items taken from files of The Floyd County Times of 30 and 20 years ago.)

Thirty Years Ago

(September 27, 1935)

Between 3,000 and 4,000 miners were idle in Floyd county Monday and Tuesday as a result of the strike called by John L. Lewis, president of the UMWA. The pouring of concrete on the four miles of the Mayo Trail which have been let for surfacing was begun last Saturday afternoon by the contracting firm of F. C. Gorrell and Sons. On the basis of 50 tons to the car, 320,900 tons of coal were produced by Floyd county mines last month. Challie Marsillett, 16, of Middle Creek, was reported in serious condition as a result of a stab wound suffered Saturday night. Mrs. Elizabeth Manns was wounded by a shotgun blast Saturday on Steele's Creek near Wayland. Floyd county is unusually free of communicable diseases for this time of year—only 12 cases of typhoid have been reported, only four cases of scarlet fever and eight cases of diphtheria. Members of the state championship Floyd county poultry judging team—Carmel Clarke, W. L. Baldridge, Jr., and Harvey Howard—will be guests of honor, Friday, at the Kiwanis Club meeting at the Valley Inn. Born: To Mr. and Mrs. Goble Branham, of West Prestonsburg, a daughter, Aileen, September 12. There died: Elmore White, of Weeksbury, Tuesday at the Beaver Valley hospital, Martin.

Twenty Years Ago

(September 27, 1945)

The three-week-old strike of approximately 1,000 employees of the United Fuel Gas Company and its affiliate, Warfield Natural Gas Company, ended Wednesday with workers gaining a general wage increase of three and a half cents an hour. Despite opposition from rail and coal interests, Congressman A. J. May expressed the belief here this week that the canalization program for both tributaries of the Big Sandy river would be approved at the hearing November 13. Virgil Hall and Bill Hall, Jr., are in serious condition after suffering stab wounds at Amba Sunday evening. Last of Floyd county's election contest suits came to an end Tuesday with the Court of Appeals making final the Floyd circuit court dismissal of D. H. (Dave) Hatcher's suit against Woodrow Burchett. Twelve cases of diphtheria in the county were reported last week by Dr. Marvin Ransdell, director of the Floyd County Health Department. Prestonsburg, with a population of approximately 2,500, has supplied four of the army's 3,000 Judges Advocates for a record unmatched, perhaps, by any community of like size in the United States. S. Sgt. Victor G. Conley, of Martin, recently was awarded the Bronze Star Medal for meritorious service. Married: Miss Ora Calhoun, of Knott county, and Mr. Harold Allen, of Salt Lick, September 22; Miss Marilyn Ruth Roy, of Mansura, Louisiana, and Lieut. Edgill Hall, of McDowell, September 2 at Mansura; Miss Lillian Epling, of Prestonsburg, and Mr. Harold McKenzie, of Lawrence county, Wednesday at West Prestonsburg. Born: To Mr. and Mrs. Donald Music, a son, William Donald, Jr., at the Paintsville hospital, September 12. There died: David Shepherd, 48, of David, Saturday at the Prestonsburg General hospital; Wells Bowens, 81, at home at Drift, Monday; Mrs. Nan Lafferty Jarrell, 68, of Allen, at the Beaver Valley hospital, Martin, Wednesday; Mrs. Charlie Stanley, 32, of Prestonsburg, Tuesday night, at the home of her mother, at the mouth of Branham's Creek; Mrs. Fanny Calhoun Wallen, 51, at her West Prestonsburg home Tuesday; Glenna Sue Hunt, two months old, of Harold, Wednesday.

RETURNS TO HOSPITAL

Mrs. Walker Cline returned Monday to the Methodist hospital, Pikeville, for further treatment. Mrs. Cline has been quite ill.

Oil Men of Area To Hold Meeting At Park, Tuesday

Oilmen from Floyd and six other area counties will meet at Jenny Wiley State Park next Tuesday to discuss opportunities and problems which they and area motorists face, according to Marvin Music, coordinator of the meeting.

Principal speaker at a 7 p.m. dinner at the park will be John W. Fish, assistant director of the Kentucky Petroleum Council.

The \$176 million bond referendum, highway financing, and highway safety are among topics to be discussed.

Everyone in the oil business, Music said, is invited to the meeting. Membership of the county oilmen's organizations, he added, includes jobbers, salesmen, dealers, office employees, service station operators and their employees, bulk plant managers and employees, and agents.

The county petroleum committees are affiliates of the Kentucky Petroleum Council, a state oilmen's association which serves as a forum, information center and technical clearinghouse for the Kentucky petroleum industry. The other counties included in the conference are Johnson, Knott, Magoffin, Martin, Morgan and Pike.

NATURE TRAILS

By RUFUS M. REED

THE STORKS OF EUROPE

The white storks of Europe use a bold scheme for taking vengeance on those who dare to tear down their large nests while they are away on their winter migration. These magnificent birds use the same nest year after year, adding material to it each spring until it often is six or eight feet high. They migrate from Europe in the fall, going to Africa or Northern India to spend the winter. When they return in the spring to rear a new family, they expect to find their old nests just as they left them. Some few persons tear down their nests, as they make an unsightly heap on the thatched roofs of the houses.

When the storks come back in the spring and find their old nests destroyed, they patiently bide their time until they find an open fire, perhaps where someone is burning trash or brush. Then they fly down to the fire, seize burning branches or fagots in their beaks and fly swiftly with these to the house where their nest was destroyed. They drop the burning sticks on top of the thatched roof and set the house on fire!

Yet the stork is a gentle bird, highly devoted to its young and it gives the little ones tender care and felicity. That is why the white stork is regarded as a symbol of motherhood, and is called, "the bringer of the babies." When a new baby's birth is announced, the card shows a white stork flying over carrying the new baby folded in a napkin, dangling from its red bill.

Storks are considered good luck to have around and are highly regarded in Holland, where they help to guard the dikes from damage, by devouring the crawfish, worms and other pests that burrow in the ground near the

dikes and weaken them.

The white stork is a long-legged bird, snowy white with black wings, a red bill and red legs. They belong to the same Bird family as herons and ibises but are never found in the New World. Sometimes a stork is seen in a city of ruins, like some of the ancient Greek or Roman cities, and it will be observed sitting for hours as if in solemn meditation atop some mouldering wall, looking over the ruins as if solemnly contemplating the fate of the fallen city.

THE NATURE

LANGUAGE OF ANIMALS

Animals have a language of their own, which all others in the same group can understand and heed. Nearly all animals have their own special cry for food when hungry. A pig will squeal loudly until it is fed. A horse will nicker for food. Cows will bawl when they are hungry. Dogs often bark when they want to be fed. Animals also have a mating call, which the opposite sex can understand. They also have danger calls and distress calls. A crow will give a warning call to the other members of the flock when they are feeding and these will quickly fly away out of danger. Porpoises have a shrill whistle of warning when a shark attacks them. This whistle summons all the other porpoises to the rescue and they will team up on the shark and using their snouts like torpedoes they quickly tear out the bowels of the shark. Both porpoises and whales have a language of their own and can communicate by radar and other means.

The strangest "court trial" in nature is the one held by crows when one of their flock is guilty of violating the established code of the crow kingdom. They form a circle about the guilty crow and while this one stands in solemn dejection, the other crows take all the evidence and if the accused crow is found guilty, the others pounce upon it, peck out its eyes and kill it!

Bees communicate by means of the dance. When the scout bees go out and find a rich treasure of blooms, they hurry back and execute a dance before the workers. By means of their dance, they show the workers in what direction the blooms are and how far away.

The mother hen has a peculiar warning cry for her biddies. If she sees a shadow of a hawk passing over, she makes a peculiar, harsh, throaty call, which causes every little chick to scurry for cover.

THE TALKING MONGOOSE

One of the strangest stories that ever came out of England was the one about a talking mongoose that lived in the house of the Irving family on the lonely Isle of Man. This small weasel-like animal lived in their house for several years and could carry on a conversation with the members of the family. It would follow the little girl to school, to help guard her from harm. The mongoose named himself, "Gef," and was always known by that name. Many scientists, writers and psychiatrists journeyed to the bleak and lonely house to listen at the talking mongoose and some of these wrote books about the mystery.

The strange story is told in a late book entitled, BETWEEN TWO WORLDS, by Dr. Nandor Fodor, a famous Hungarian psychiatrist and a student of the occult and mysterious. While many persons regarded the talking mongoose as a ghost or a "ha'nt" sent to haunt the lonely house on the hill, Dr. Fodor's conclusions, after studying the mongoose for a whole week and listening to his talk, was as follows:

"Gef is a mongoose that simply learned how to talk. Many other animals have done such remarkable things. I know of horses that can draw cube roots and count numbers by tapping their hoofs. I know of dogs that have been taught to read, figure and spell. Many birds also have been taught to speak. So concerning Gef, the mongoose, I would say, 'He is a very clever little mongoose that learned to talk.'"

The mongoose is the only animal in the world that can subdue and devour the dangerous king cobra of India.

Spurlock-Marshall

Wedding Solemnized
August 21 at Martin

The First Baptist Church at Martin, Kentucky was the scene August 21 of the marriage of Lynda Sue Spurlock, daughter of Mr. and Mrs. John H. Spurlock, of Printer, Kentucky, to Mr. Everett Daryl Marshall, son of Mr. and Mrs. Ellis Marshall, of Hueysville, Kentucky.

The Rev. Cohen Campbell performed the double-ring open church ceremony at 1:15 p.m. Mrs. Mildred Ryan and the Rev. Dan Heintzelman furnished the nuptial music.

Given in marriage by her uncle, Bill Tackett, the bride wore a floor-length gown, of bridal satin with scalloped neckline with bodice of lace over satin and long, lace-fitted, tapered sleeves to point over her wrists. The detachable train was edged with lace and bows at each corner. A crown of sequins and pearls held her fingertip veil. She carried a bouquet of shasta daisies.

Mrs. Vivian Barnett was maid of honor. Misses Betty Martin, Joan Stumbo and Donna Hogsed were bridesmaids, and Miss Ann Watson was flower girl. They wore identical gowns of aqua and burnt orange taffeta. Their headpieces were matching bows with tulle veils. Each carried a bouquet of shasta daisies.

Don Marshall served as best man. Stephen Barnett and Kenny Peters were ushers and taper lighters.

David Marshall, brother of the groom, was ring bearer.

The mother of the bride wore a green lace sheath dress with white accessories and a white carnation corsage. The bridegroom's mother wore a navy blue dress with white accessories. Her corsage also was of white carnations.

Following the ceremony, a reception was held at the home. Assisting were Miss Amelia Swager, Miss Sue Watson, Miss Betty Martin, Miss Joan Stumbo and Miss Donna Hogsed.

Mr. and Mrs. Marshall are graduates of Martin high school and Mr. Marshall is now employed in Warsaw, Indiana.

Out-of-town guests attending the wedding were Mr. and Mrs. Bill Tackett, of Ashland, Mr. and Mrs. Oliver Spurlock, of Oak Hill, Ohio, Mrs. Judy Moore, of Cleveland, Ohio, and Roddy Doley, of Washington, D. C.

AG COMMISSIONER BUTLER TO ATTEND APPLE FEST

Wendell P. Butler, commissioner of Kentucky's Department of Agriculture, will headline the festivities at Paintsville, Saturday, when Johnson county will hold its annual Apple Festival.

Mr. Butler will speak Saturday afternoon, and will also take part in the crowning of the Apple Festival Queen that evening.

A day jam-packed with activity is planned for the annual event, in which Johnson county's apple growers—some 14 in number—both show and sell their crops.

Starting at dawn, a contingent of the county's top apple-butter makers will move into a roped-off square before the courthouse in Paintsville and begin making apple butter. In another part of the square an old cider mill will be erected, and fresh cider will be made just as it has been for years. Half the women in the county are busy now making apple pies, and still another group of volunteers is making candied apples.

All the growers, meanwhile, are readying their best apples for display and sale in downtown

Paintsville on the big day. Racks will be set up in the courthouse square for showing the varieties, and the growers will park loaded trucks of fresh-picked apples in reserved spaces along the town's main streets where apples can be bought by the bag or bushel.

In addition to the displays and other apple-oriented activities, the festival will feature music and entertainment for everyone.

Johnson county is one of the big apple-producing regions in Kentucky, with some of its orchards producing since the turn of the century. This year's crop is expected to reach some 30,000 bushels.

1-Year-Old Rides Horse Show Winners

Charlene, 11-year-old daughter of Mr. and Mrs. Charles B. Justice, of Martin, rode one of the winners in the Paintsville horse show, Saturday night. She also won first prize in the Lee county horse show at Beattyville, September 24, when she rode Gold-Harry Rebel, owned by her uncle, Bobby Dean Justice.

FLOYD AMONG 66 COUNTIES OPEN FRIDAY TO ARCHERS IN SPLIT DEER SEASON

Kentucky's 46-day split archery deer season will open Friday in 66 counties, the greatest number in modern day hunting. Minor Clark, commissioner of the Department of Fish and Wildlife Resources, said earlier this week.

The split season will feature the regular hunt opening on October 1 through November 5, plus ten days in December—December 1-10. Again this year, the limit per hunter, both in the gun and archery season, is one deer for the entire year, but the bow and arrow hunter may choose either sex to harvest in the entire hunting area.

The double-barrelled season gives hunters a choice of weather in which to seek the deer. Not always is the weather too cooperative in the early part of the season and so a post-gun season was approved so that crisper, cooler weather could be available.

Counties open last year, and which may be hunted again this year by the archery hunters, are Floyd, Lewis, Greenup, Fleming, Rowan, Bath,

Menifee, Morgan, Wolfe, Powell, Estill, Lee, Breathitt, Jackson, Owsley, Perry, Knott, Letcher, Leslie, Clay, Laurel, Rockcastle, Pulaski, a section of Wayne, McCreary, Whitley, Harlan, Livingston, Crittenden, Union, Lyon, Caldwell, Hopkins, McLean, Trigg, Todd, Christian, Logan, Warren, Edmonson, Hart, Green, Taylor, Barren, Metcalfe, Adair, Cumberland, Monroe, Ohio, Hancock, Breckinridge, Meade, Hardin, Bullitt, Larue, Nelson and Marion.

ARE NON-SMOKERS SMARTEST?

Innsbruck, Austria — Marta Hubrecht, 26, who has interviewed 276 women in 14 countries for material for her new book, "The Intellectual Woman," has reported that women who smoke are more interested in current affairs than those who don't.

"However, the most successful women in business are generally non-smokers," she added. "And the best intellectuals and artists are those who tried smoking but gave it up."

CARD OF THANKS

We gratefully acknowledge the many kindnesses of relatives and friends to our loved one, Troy P. Allen, during his illness and the many acts of comfort and helpfulness to us upon his passing. We would especially thank those who brought flowers and food, the Revs. Mack McCloud and Banner Manns for their comforting words, and the Hall Brothers Funeral Home for its kind services.

MEET SECOND TIME

Prestonsburg and Wheelwright clash for the second time this season Friday night on the local field. The Black Cats won the first game at Wheelwright, August 28, by a 13-0 margin.

Since that time the locals have won two, lost two and played one tie, while Don Daniels' Trojans are the winners of two games while losing four.

Tuesday's statewide ratings tabbed Prestonsburg in 104th place and Wheelwright at 137th position. Prestonsburg is picked as a 16-point winner.

Paintsville's annual Big Sandy Bowl football game will be staged Saturday, October 9, at 2:30 p.m. between the host Tigers and the Pikeville Panthers.

The schools will send their junior varsity teams into action at 10 a.m. on the same gridiron, and the Bowl Parade — featuring twelve Eastern Kentucky high school bands — will begin at noon. The Bowl Queen will be crowned at halftime of the afternoon game.

One of the most promising grid stars in the Mountain area is Hazard's junior halfback Keith Reynolds, a 175-pound speedster. Against Whitesburg he gained 99 yards on 15 carries, caught one 21-yard touchdown pass and intercepted another.

William Wright, Whitesburg's junior halfback, continues to lead the area in individual scoring. He has 12 touchdowns and two extra points for a total of 70. Belfry's senior halfback Frank Guyton is second with 10 six-pointers and five extra points for a total of 65.

Edd Mudd and Irvin Spencer, of Louisville, have been named as officials for the annual Jenny Wiley basketball tournament in the Prestonsburg fieldhouse, November 24-27. Jack and Bill Wise, Lexington brothers, will officiate the Floyd county pre-season basketball tournament in Prestonsburg, December 1-4.

New, all-metal boat-docks are now being installed at nearby Jenny Wiley State Park dock. The lockers will be covered, have electricity and running water. They will be covered and house 40 boats in individual slips.

Louisville Manual and Shelbyville high will play basketball doubleheaders this season in Prestonsburg on December 10 and Paintsville on December 11.

Non-playing football schools in the 15th region opened basketball practice last Monday. McDowell, Meade Memorial and Warfield are expected to be the regional powers this season.

CATS DOWN PIKEVILLE, BELFRY IN NO. 1 SPOT

Belfry's rampaging Pirates stand alone as Eastern Kentucky's only unbeaten high school football team.

The Pirates virtually annexed their first Class AA Region Four playoff title and Eastern Kentucky Mountain Conference championship by winning its first football game in history over the Hazard Bulldogs, 20-14, last week-end.

Aside from this Saturday's meeting with winless M. C. Napier, Belfry has yet to meet Prestonsburg, Jenkins, Matewan and Williamson. The three Class AA foes do not appear capable of stopping Belfry's drive for the title.

Fleming-Neon, still aspiring for the Class A title, overpowered Elkhorn City, 26-0, for its second regional victory, and stayed one game behind Belfry in the conference race with a 2-0 mark. Fleming does not meet Belfry during the season but plays host to Hazard on October 16.

In other area action, Prestonsburg nipped Pikeville, 7-6, Morgan County whipped Wheelwright, 33-7, Jenkins fell before Lynch, 45-0, and Catlettsburg stopped Paintsville, 19-6, to go into the lead in the Class A, Region Four picture.

Belfry moved ahead of Hazard 7-0 in the first quarter on a 10-yard pass from Harry Catron to Wally Bevins and stellar halfback Frank Guyton plunged for the extra point.

Hazard came back strong in the second quarter to go ahead 14-7 at halftime. David Baker sped 15 yards and junior halfback Keith Reynolds raced 25 yards for the markers.

The Pirates posted the tying and winning markers in the second half on Guyton's 11th touchdown of the season—a 35-yard run—and a 12-yard pass from Catron to Bevins. Guyton also annexed the extra points.

Pikeville took advantage of a fumble and a 15-yard penalty to move in front of Prestonsburg 6-0

at halftime, but Bert Dixon's charges contained the Panthers inside the 20-yard stripe three times in the last half to win 7-6 on halfback Hershel Joseph's 25-yard scoring run and Phil Caldwell's successful extra point attempt.

Catlettsburg broke a halftime 0-0 deadlock with Paintsville in the third period on Leon Zornes' tally from the five and Phil Caldwell's kick. The Wildcats scored twice more in the fourth as Caldwell racked up his 13th six-pointer of the season and fullback John Perkins' two-yard plunge.
