

## CLUB TOLD DEWEY LAKE PROSPECTS

### Little Encouraging Heard at Meeting; Carter Reviews Work

No great hope of improvement of fishing at Dewey Lake was held out by either Bernard Carter, state director of fisheries, or James Charles, biologist assigned to Dewey and Buckhorn Lakes, in their appearance here Monday night at a meeting of the Dewey Lake Fish & Game Club meeting.

Carter stressed the point that his division has done everything possible to better fishing at the impoundment, and added that he is open to any suggestion that is reasonable.

Club members inquired about the possibility of introducing an underwater plant to the lake and of carrying on a program to fertilize the lake. Neither was considered probable by Carter and Charles. It was explained by the biologist that the water at Dewey is of a peculiar tint that does not permit penetration of sunlight to a depth of more than two feet—a situation which precludes growth of vegetation in the water. It also was pointed out that, if fertilizer were spread in the water, near the shore, it would be pulled into the deep water of the old stream channel when the annual five-foot draw-down of the lake is made. (In state impoundments up to 300 acres, fertilization has apparently achieved considerable success. Dewey has 100 acres.)

Commissioner Minor Clark, of the Department of Fish and Wildlife Resources, later promised Bob Burchett, club president, that experimental planting of aquatic vegetation will be done in the Dick's Creek area.

Carter reviewed the work done at the lake by his division, including the use of rotenone in 1957 and later, the major draw-down of the water in 1962, the unsuccessful introduction of white eye and northern pike to the lake and the successful placing of car bodies as fish shelters there in 1963.

He indicated that he is not considering further use of poison to rid the lake of an over-supply of shad and rough fish. To the (See Story No. 2, Page 4)

## Supply Company Says Martin Club Traffic Fills Parking Facility

Business is so good that one Martin business house is closing its doors on Saturdays, beginning this week.

T. J. Allen, president of the Martin Supply Company, Inc., explained that his firm is taking this step, not because it has too much business but because two neighboring clubs have so many customers, especially on Saturday afternoons, that those who would trade with him can't find a place to park.

One of the clubs reportedly remained closed, part of last week, after Sheriff Joe W. Lewis had arrested several persons there on the preceding Saturday night.

## GUN-TOTIN' WOMAN, RAIDS ARE FEATURES

Three liquor raids and the stir created here Tuesday afternoon by a woman, armed with a revolver and threatening to shoot workers at a garage, feature the crime news of the week.

Two raids were staged Friday night, resulting in the arrests of Cecil Newsome on Mud Creek and Bill Slone on Stephens Branch. Sheriff Joe W. Lewis, Deputy Sheriffs Wallace Frazier and Cecil Bert Hall and Lieut. Lykins, of the State Police, reported they found 5 1/2 cases of beer and 65 half-pints of whiskey in the home, store and car of Newsome. The same county officers, ABC Agent Claude Flanery and State Trooper Richard Ray confiscated 19 half-pints in a search of the Slone residence.

A raid on the Joseph taxi stand here Wednesday afternoon by ABC Agent Flanery, Lieut. Lykins, Trooper Don Goble and Deputy Sheriff Frazier failed to locate any intoxicants. Flanery

## BOARD GETS FEDERAL AID

### First Check Received For Reading Program; Accepts Textbook List

The Floyd County Board of Education at its meeting Saturday received a check in the amount of \$299,670.60 in response to its quarterly request for funding of the remedial reading program which was recently initiated in this county.

The program is designed to improve the reading capacities of pupils who are slow readers or who have not shown the advancement expected.

At the same meeting the Board accepted the texts recommended for use in the schools next year by the Teacher Textbook Committee.

Otherwise, the meeting dealt with routine business, which included:

Employment of Mrs. Myrtle Hardwick to replace Loretta Brooks who resigned as Harold elementary teacher; Mavis Flanery and Cheryl Tussey as emergency substitute teachers; granting of leave of absence to Charlene Sexton, home economics teacher at Betsy Layne, and employment of Genevieve Hayes to fill the vacancy for remainder of the school year.

The Board authorized Superintendent Charles Clark to advertise the Brandy Keg school building and a portion of its grounds for sale, its pupils to be transported here; accepted the high bid of Dingus Bates, \$1,000, for the Upper Jack's Creek school and grounds, and the bid of Harcourt & Company on high school diplomas.

## This Town . . . That World

I am just reminded that the drip of icicles is the countdown on Spring.

March came in like the proverbial lamb, and may be expected to leave like a roaring lion. But the important thing is that it came in and that it will go out, to make way for the wonderful month of April.

It says here that there was a parrot which insisted on wearing a raincoat because it wanted to be Polly Unsatuated.

### 'S THE TRUTH!

A lot of the fellows are concerned, and properly so, about good, old Dewey Lake and how fish are multiplying, if at all, there, and about their growth. The fastest growing fish I've ever known are those that leave the lake weighing a pound and by the next day have gone up to two.

## GARRETT LOSES FIRST GAME OF TOURNNEY

Garrett, 58th district champion, fell in the first round of the 15th regional tournament here, Wednesday night, while McDowell, runnerup in the district, survived by downing its opponent, Warfield Hi.

Meade Memorial ousted the Black Devils, 77-70. McDowell came from behind in the last three minutes of the nightcap to defeat Warfield, 70-62.

The two games opened the tournament, the winner of which will represent the region in the

state meet next week. Tonight (Thursday), might well be designated Pike county night. Johns Creek will play Pikeville in the first game, with Virgie meeting Belfry in the second. Meade Memorial and McDowell will determine the upper bracket finalist in the opener Friday night, with the second game pitting the winners of tonight's games against each other. The championship game will be played at 8 Saturday night.

## CAMP WORK IS PLANNED

### Camp Chatterawha Improvement Planned For 'Family Week-End'

The Camp Chatterawha Service Committee of the Wilderness Road Girl Scout Council is making plans for a family week-end this spring at Camp Chatterawha, on Dewey Lake.

The date for this event will be April 23-24-25, 1966. Families interested in this camp's growth are invited to participate in this week-end of fun and camp work. Any Scout family who is interested should notify a member of the Chatterawha Committee.

The committee met last Sunday at the Camp Lodge to plan the family week-end, plus 1966 plans for the Camp Chatterawha camping season. Members who attended the meeting were Mrs. Rex Ankrum and Mrs. Saul Brown, Williamson, West Virginia; Andrew Goble, Prestonsburg; Mrs. Ora Howard, David, and E. B. May, Jr., Prestonsburg.

Representatives from the Council office were: Mrs. Earl Scott, Camp Committee chairman, Frankfort; Mrs. Douglas Tuttle, camp coordinator; Mrs. Douglas Cox, Council site chairman, and Mr. Cox, of Georgetown; Miss Jackie Howard, Camp Program chairman, Pippa Passes; Douglas Tuttle, Frankfort.

## K. J. BOWLES AUTO VICTIM

### So. Carolina Crash Claims P'burg Man; Wife Seriously Hurt

Kimber J. Bowles, 70, well-known Prestonsburg man, died Monday afternoon at General Hospital, Greenville, South Carolina, of injuries suffered the preceding day in a three-car collision at a Greenville intersection as he and Mrs. Bowles were driving to Florida.

Mrs. Bowles suffered a broken arm and foot, rib fractures and multiple lacerations. Though seriously injured, she was flown Wednesday to Prestonsburg by chartered plane following arrival here of the body of her husband.

The fatal crash occurred, it was said, when an oncoming auto cut from its opposite lane into the path of the Bowles car. All occupants of the other two cars have been dismissed from hospitals where they were treated.

Mr. Bowles, who was known to hundreds of friends here and throughout a wide section of Kentucky as "Shorty," was a son of William and Molly Bowles and was a native of Tyner, Jackson county. He was first married to Clara Owney and, after her death, to Jeannette McGuire, of Prestonsburg.

A graduate of Berea College, he at one time was county agent of Morgan county, later represented the Central Hardware Company, Paintsville, and for the last 20 years prior to retirement about five years ago was the representative in this section of Stratton & Terstegge, Louisville.

Retirement did not lessen Mr. Bowles' activities in service to his church and in community enterprises. He was a past secretary of the Kiwanis Club, was one of the founders of the Circle K Club at the Community College here and also served the Ki-

## Auto Crashes Span, Hueysville Man Hurt Near Here This Week

Miles (Dud) Beverly, of Hueysville, was severely injured Monday afternoon when his compact-model auto missed the curve at the northern end of the bridge across the Big Sandy at Cliff, smashed through guard-railling and plunged over the bank.

Beverly, who was quoted as saying he blacked out before the crash, suffered a broken breastbone and multiple lacerations about the face and head. He also was cut on his left knee. His condition was described Tuesday as good. He is at the Prestonsburg General hospital.

## Woman's Club Sponsors Red Cross Fund Drive; Mrs. Short Is Chairman

Sponsorship of the Red Cross fund drive in Prestonsburg has been assumed by the Woman's Club here, which has named Mrs. Hardin Short community drive chairman, it was announced this week by Clyde Burchett, chairman of the county-wide campaign.

Co-chairmen named by the club to work with Mrs. Short are Mrs. C. E. Roberts and Mrs. Clyde Burchett. The club announced that its goal is to have a Red Cross membership sticker in every Prestonsburg window by end of the drive.

Community chairmen are being named in other parts of the county, and these will be announced soon.

## ARMCO PROMOTION WON BY FLOYD MAN

Townsell G. Marshall, native Floyd countian, has been appointed director of industrial engineering of Armco Steel Corporation, W. C. Higdon, vice-president of engineering and planning, announced last week. Marshall succeeds Paul Cain, who has retired after 43 years of service with Armco.

After receiving his education in the Prestonsburg schools, at Alice Lloyd College and at the University of Kentucky, Marshall joined Armco at the Ashland works in 1945 as a checker in the industrial engineering department. After progressing in this department, he was named suggestion coordinator in 1951, personnel adviser in 1953, supervisor of labor relations in 1956, and assistant to the manager in 1957.

In 1961 he was transferred to corporate headquarters in Middletown, Ohio as contract administrator in industrial relations. He became manager of contract administration in 1962 and assistant director of industrial relations in 1965.

Marshall is a member of the Labor Relations Committee of the Ohio Chamber of Commerce, the Labor-Management Manpower Committee of Region 2 of the Manpower Administration and is active in Boy Scout work.

He is married to the former Mary Fleming, of Ashland, and they have three children. His parents were Mr. and Mrs. Robert S. Marshall, and they resided on the Auxier road (now, U. S. 23), a few miles north of Prestonsburg.

While in Ashland, Marshall was active in city and state civic programs. He was president of Associated Industries of Kentucky, a member of the executive board of the Tri-State Area Council of the Boy Scouts and of the official board of the First Christian Church. He was a member of the Ashland Kiwanis Club, the Belmont Country Club, and the American Legion.

Marshall and his family now reside at 2600 Sherman Avenue in Middletown, Ohio.

## Nine-Year-Old Child Is Claimed March 3 At Home of Parents

Jimmie Kidd, 9 years old, died Sunday at the home of his parents at Honaker of a lifelong illness.

He was a son of Millard and Bertha Case Kidd.

Surviving, other than his parents, are three brothers and two sisters, Timmy, Johnny, Tony, Carol and Sheila Kidd, all at home.

Funeral rites were held Wednesday at 10 a.m. at the home of the victim's grandparent, J. H. Case, ministers of the Church of Christ officiating. Burial in the family cemetery at Honaker was under the direction of Hall Brothers Funeral Home.

Mr. and Mrs. John Graham, of Oak Hill, West Virginia, announce the birth on March 3 of their first child, a daughter — Melissa Lee.

## MAY BRANCH SUBDIVISION WORK BEGUN

### Music, Archer Plan Area Development For Quality Homes

Development of a third major subdivision here was under way this week on May Branch where grading and landscaping of 12 large home sites was begun by Ed Music and Dr. George P. Archer on property acquired from Joe Hunter.

The other recent developments here were made on land of the Harkins estate, on Trimble Branch, and by C. R. Hatton, Jr., on land acquired from Mayo estate heirs.

In the planning stage here is an apartment complex to be built by George Lee Shannon and Irvin Akers on the site of the old Valley Inn, which the two recently purchased from Roe Turner.

Developers said this week that the May Branch development is being planned to be one of the finest of its sort in Eastern Kentucky. The entrance to the development will be of stone construction and will bear the name, "College Heights Estate."

The area will be restricted to prohibit the building of any home of less than 1600 square feet of floor space and with less than 75% masonry.

A six-inch water main will be run to the development soon, and all necessary fire hydrants will be installed.

Each of the 12 lots now being landscaped and planted with shrubbery is 100 by 140 feet. (See Story No. 4, Page 6)

## TWO APPEAL CONVICTIONS

### Fines, Jail Sentences Imposed in Rum Cases; 3 Held to Grand Jury

Two liquor defendants convicted in quarterly court Monday and given fines and jail terms executed bond to appeal their cases to circuit court.

They are Eugene Allen, who was fined \$20 and ordered jailed 30 days when he entered a plea of guilty, and Mrs. Mack Hunt, who stood trial and was fined \$50 and also given a 30-day jail sentence. Both were held to \$500 peace bonds for 12 months.

Other whiskey cases are to be heard on remaining Mondays of the month.

Others fined: Steve Craig Slone, no operator's license, \$2 and costs; Tommy Ray Burke, no operator's license, \$50 and costs, jury verdict.

The reckless driving charge against Donald Ray Tackett was filed away when the prosecuting witness failed to appear for his trial.

Andy Kidd, Arbie Adkins and Leonard Workman, who are accused of grand larceny, were held under \$2,000 bond to action of the grand jury. Workman, who confessed having a part in the theft of copper wire, testified against Kidd at the examining trial of the latter. After the Commonwealth had presented its testimony, Kidd announced that he wanted to waive to the grand jury. Adkins and Workman had already waived.

## REP. REYNOLDS SAYS HE'S A HOUSE REBEL

Representative W. J. Reynolds, Jr., of Allen, not only admitted last week that he is one of the Rebel Democrats at the current legislative session in Frankfort—he expressed some pride in earning that classification.

Reynolds expressed dissatisfaction with the "rubber-stamp" tag placed on legislators, saying he reserved for himself the right to oppose any legislation which he considers unsound and, likewise, to support those bills which he believes to be sound.

"We meet in my room, every day the Rules Committee meets," he said. He added that there are more rebels than the 15 so listed last week in the daily newspapers.

Reynolds said the only bill discussed by his group, as of the end of last week, was the pending water resources legislation. The rebels are not adamantly opposed to the measure, House Bill 260, which would establish a water resources authority, but

feel very strongly, they say, that some of its provisions are not in the public interest and should be revised.

The rebellion may more definitely be ascribed to exclusion of all members of the dissenting group from places on the powerful Rules committee. Reynolds himself was left off the committee while his Floyd colleague, Representative Ben Martin, of Drift, and State Senator Fairis Johnson, also from this county, are among its members.

Some members of the dissenting group declare that Governor Breathitt excluded all but one or two of former Governor Bert T. Combs friends from the committee.

It takes 51 votes to control the House. The Democrats, who were most active in organizing the coalition, hope to get most of the 37 Republicans to go along with them.

Among the rebel Democratic group are Reps. W. J. Reynolds, Jr., B. E. Billings, Otis Chaudoin, Lloyd Clapp, George Harris, Howard Hunt, William Jordan, Phillip King, Henry Maddox, Fred Morgan, James Murphy, Russell Reynolds, Gus Sheehan, Lynn Wells and James Whitlock. Rep. Foster Pettit

also might join the group if he feels this might help pass his re-flectorized-licen-s-e-plate bill through the Senate.

Democratic rebels were un- (See Story No. 5, Page 6)

## PERKINS HEADS HEARINGS ON SCHOOL AID EXTENSION

The General Subcommittee on Education, Education and Labor Committee, U. S. House of Representatives, chaired by Congressman Carl D. Perkins, began hearings this week on legislation to extend the Elementary and Secondary Education Act of 1965.

The first witness appearing in support of the legislation was the President's cabinet member, John W. Gardner, Secretary of the Department of Health, Education, and Welfare.

The legislation which establishes federal fund entitlements for the school districts of Kentucky, amounting to approximately \$28 million annually, is scheduled to expire on June 30 this year, unless extended by the Congress.

Perkins praised features of the legislation to extend the law which would authorize the continuation of the program over the next four fiscal years. Perkins, who is the author of the original Act, said that this provision "is of critical importance in assisting school administrators at the state and local levels

## Shooting of Husband By Ex-Floyd Woman Is Held Self-Defense

Albert Cox was in critical condition at a Flint, Michigan hospital this week after three bullets reportedly fired by his wife, the former Allene Holbrook, of West Prestonsburg, had struck him in the chest.

Mrs. Cox's mother, Mrs. Birdie Holbrook, said officers at Flint told her no charge has been preferred against her daughter. She said they told her that Mrs. Cox had been struck before the shots were fired. The shooting took place at the Cox home last Saturday.

## Area Heart Clinic Slated for March 15 At Floyd Health Dept.

The area heart clinic for medically indigent patients will be held at the Floyd County Health Department Tuesday, March 15, for adults only, and on Wednesday, March 16, for children only. Under the definition used for this clinic, a child is any person who has not reached his or her 15th birthday.

The clinics will start at 3:30 a.m. each day. Only those patients with written referrals from physicians as to their status will be accepted.

## Inez B. Livingston, Betsy Layne Native, Named to 'Who's Who'

Mrs. Inez B. Livingston, a former resident of Betsy Layne, and a graduate of Betsy Layne high school, has been selected for listing in the fifth edition of Who's Who of American Women. This is a distinction which is granted to women of outstanding achievement.

Mrs. Livingston received the B. S. degree from the University of Kentucky, and her M. A. from Ohio State University, Columbus, Ohio. In June, 1966 she will receive the Ph.D. degree from Ohio State. (See Story No. 7, Page 6)

Pictured above are Mike Schmitt, President, and Carl Chaffins, project chairman, of the Circle K Club, Prestonsburg Community College, presenting to Mrs. Harris Howard, Heart Fund chairman, a check for \$300. This donation represented the proceeds from a dance, sponsored by the Circle K Club Saturday night at the college. "This contribution is just one of the community service projects planned by our club this semester," Mr. Schmitt said. Chaffins, dance chairman, added that the Circle K Club wished to express its appreciation to the four bands who donated their services — the Invaders, the Classics, the Saxons, and the Agents 007.

**McDOWELL ACE HAS COACHES BEATING PATH TO HIS DOOR**

By GORDON MOORE  
College basketball recruiters are beating a path to McDowell, in quest of future services of ace high school basketballer Rickey Hall, son of former coach Adrian Hall.

The likeable youth is one of Floyd county's finest prep stars, on and off the court, and his basketball merits have attracted the attention of some 50 colleges and universities.

In various pre-season polls, 15th region coaches labeled the 6-4 senior the region's outstanding player, and he has lived up to all expectations in leading McDowell to a 20-8 record.

In 28 games he averaged 25.6 points a game, compiled a mean of 16.6 in rebounds and hit on 48 percent of all field goal attempts. In his junior year he scored 20.2 points per game in registering 710 markers and in his sophomore year tallied 343 points for a 10.4 average.

A B-plus honor student, Hall also plays first base on the baseball team and takes part in many other extra-curricular activities.

Coach Pete Grigsby, Jr., describes the agile youth as the best player he ever tutored and a model youngster in every respect.

**P.T.A. GAMES SCHEDULED**

Members of the Clark Elementary School P.T.A. will compete against members of the Salyersville P.T.A. in two basketball games, Saturday, March 19 at 7 p.m. at the Clark school gymnasium. There will be two games, one played by the ladies and one by the men. Tickets may be procured from any member of the P.T.A.'s.

Others jailed within the week: Hanson Holbrook, arson, booked by Deputy Sheriff Herald; Edward Kidd, drunk driving; Daniel Kidd, grand larceny, by Deputy Sheriff Hunt; Ronald Burkhardt and Carl Smith, a.w.o.l.

(A woman named Marie Vance was listed as the person who swore out the search warrant for the Bill Slone premises. The woman, officers said, is a resident of Knott county and is not the Marie Vance who lives on Middle Creek and is employed by the Regional Library here.)

## GARRETT HI UPSETS McDOWELL TO WIN DISTRICT 58 NET TITLE

**Pike Countians Lease Mountain Park Dragway**

Pikeville, Ky. — Former Pike County Sheriff Charles (Fuzzy) Kessee and Victor Tackett, both of Pikeville, have leased Clay City's nationally known Mountain Park Dragway.

The 1966 racing season will open March 20, weather permitting.

The drag strip is sanctioned by the National Hot Rod Association and is one of the finest in the country. The raceway has been operating for three years and has gained steadily in popularity each year and now employs 28 persons. It is located on the new Mountain Parkway at Clay City, which is 18 miles east of Winchester.

The strip features 3,700 feet of asphalt 60 feet wide, the latest timing devices, two concession stands and parking areas comprising some 60 acres. Covered grandstand seating is to be added this year before the opening date.

The new operators said drag-racing would continue on Saturday nights, Sundays and holidays, as in past years, and, for the first time, beginning in late April, horse, mule and pony racing will be featured on Friday nights and Saturday afternoons.

Garrett's Black Devils won the 58th district tournament here Saturday night by coming from behind in the last quarter to down the McDowell Daredevils, 58-49.

Twice during the regular season McDowell had gained four-point decisions over John Campbell's club.

Guards Johnny Martin and Jerry Manns sparked the winners in the final two minutes as they hit successive fielders to break a 47-47 tie and give the Black Devils a margin they never relinquished.

McDowell led 23-21 at the half-way point, after a first period 12-12 deadlock, and 41-38 entering the final period. The teams exchanged goal for goal until less than two minutes before the end of the game, with the count tied, 47-47. Then Martin and Manns took over.

Rickey Hall, McDowell's stellar center, canned 24 points and controlled the rebounds for the Daredevils, who suffered their 11th defeat in 35 games.

Clovis Manns paced the victors with 17 points and H. Chaffins hit 14.

Garrett won its way into the finals by eliminating Betsy Layne, 46-41, in first-round play, and ousted Martin in Friday night's semi-finals by a score of 73-56.

McDowell had moved into the

final round with a hair-raising win over Maytown, 59-56, in Friday's semi-finals after bouncing Prestonsburg, 68-51, in their opening game.

Denzil Halbert's Martin Purple Flash reeled off the tournament's biggest upset in first-round play as they nipped strong Wheelwright, 68-67, on Bill Ousley's winning goal in the final five seconds.

Both Garrett and McDowell will represent the district in the regional tournament which began here Wednesday night.

**AN OPEN LETTER**

FROM MR. AND MRS. CURT HOMES:

OUR DEAR FRIENDS AND MANY CUSTOMERS:

It saddens us considerably to have to write a letter such as this but we realize that under the circumstances we must. We want to inform our many friends and customers that we are having to go out of business due to the heart attack and stroke that Curt suffered last fall. It has left him in such a condition that it is doubtful if he will ever work again at his profession. We want to thank you for your loyalty and business throughout the years and also thank you for your concern, thoughts and prayers during this time of sickness.

Those of you that have been our customers throughout the years and have been satisfied with our merchandise and with the tailored suits that we have sold, we urge you to turn your loyalty and business to the Francis Stores, which is owned jointly by us and our brothers and sisters. With their many years of experience of selling fine clothes we are sure that they will be able to please and fit you. So when you want a new suit, sport coat or pants, go by and see "Huck" Francis at the Francis Store and he will fit you in a nice new garment. By going to the Francis Store you will be assured of a good fit and will also be helping us out.

Once again let us say "thank you" for all you have done for us and all that you have meant to us and also let us invite you to come by our home and visit with us whenever you wish as both Curt and I will be glad to see all of you. By the way, if anyone wants to pay on their bills they can be paid at the Francis Store.

May God bless each and every one of you.

MR. and MRS. CURT HOMES

suggestion that perhaps the lake should be drained and rotenone used to kill all fish left in the stream, he replied that that would be done only "as a last resort."

The club was told that the sinking of old car bodies in the lake has provided productive fishing spots. Carter said 5% of the fishermen fished at these spots and that they caught 14% of the fish taken.

I am not going to bore you with the memories that came rushing back as I stopped for perhaps five minutes and looked from the highway, across to the closed school door...

But I will indulge myself this comment: I could almost see boys and girls piling out that door, and I caught myself mentally calling off their names.

These are experiences that may to this blase age seem sentimental, but they will do any of us a lot of good.

A hundred yards I drove back to the main road. Back to the old rat-race.

IT WAS COLD INSIDE Pat Hayes, an old reader of this family journal who now lives in Ohio, writes in familiar vein:

Thank you so much for the paper. It gives so much news about my old home country. I can't see why every family in the Big Sandy valley doesn't take it.

Club members discussed with Carter the establishing of boat speed limits in the upper section of the lake, and Carter advised them to convey to the Boating Division their specific requests.

Strict enforcement of restriction of water skiing to the section of the lake designated also will be asked.

Owners of the property may themselves construct two of the homes.

The lots now being prepared are only a part of the land which may be developed later. Acreage acquired includes both sides of May's Branch from the upper boundary of the Bascom May farm to the Howard Church property and the west side of the left fork of the church.

Although no detailed plans have been made for the apartment construction by Shannon and Akers on the First avenue site, it was said that they will probably erect three separate buildings, each with from four to six apartments.

## Jail Inmate Fights To Keep His 'Home'

Chicago—"It's a fine jail. I'm comfortable. I have all the food, clothing and shelter I need and I want to stay here."

That's why Clarence Bendix, 46, an inmate of Cook county jail, is fighting the court and his estranged wife to stay inside the institution.

Bendix began serving a six-month sentence July 21, 1965, for failure to pay \$75 a week support to his wife, Pearl, 43, who filed suit for separate maintenance. After serving the sentence, Judge Hyman Feldman told Bendix he would be released if he would sign a \$2,500 bond and stay within the jurisdiction of the court.

"Nothing doing," Bendix replied. "For the first time in my life I have no worries."

## Chip Off Old Block A 'Nip' From Old Bottle

Cognac, France — A chip off the old block becomes a "nip" off the old block here in the birthplace of cognac brandy.

At the birth of a baby, the father, according to age-old custom here, labels a bottle of his best cognac with the child's name and puts it aside for the day, years later, when the youngster makes his first communion.

Then the bottle is opened—not for Junior, but for the family at large.

## REDISTRICTING, PAY BILLS ON LEGISLATIVE CALENDAR

Frankfort, Ky. — The current Kentucky Legislature is no different from any other in that it faces the difficult duty of disposing properly of several hundred pieces of proposed legislation before sine die adjournment, March 18.

Up for major consideration during this next to the last week (March 7-12) of the regular session is reapportionment of Kentucky's seven congressional districts to make them more uniform in population.

The districts presently range in size from 350,839 in the First, in far Western Kentucky, to 610,947 in the Third, Louisville and Jefferson county. The average in the seven districts, based on the 1960 census, is 433,737.

Governor Edward T. Breathitt, who scheduled introduction of his reapportionment plan for Monday, March 7, also was supporting certain other administration measures introduced after rules committees assumed bill-control for the last 15 days of the session.

Among these were bills to raise the pay of state officials and county tax commissioners, and to require public reporting of election campaign contributions and expenditures.

The salary of the next governor would rise from \$18,000 to \$30,000 a year, plus a \$12,000 expense allowance under Senate Bill 263, and that of the next lieutenant governor from \$12,000 to \$18,000. Pay of the seven other elected state officials would go from \$12,000 to \$18,000 in 1968.

The statutory ceiling on salaries of non-elective state officials, such as departmental commissioners, would be placed at \$25,000 instead of the current \$17,500. Most of the cabinet members affected presently draw less than the \$17,500 ceiling. Maximum pay for county tax commissioners would depend on the size of the cities within the county.

A bill passed by both houses provides an expense allowance of \$150 a month for each of the 138 legislators during months the legislature is not in session.

A bi-partisan registry of election finance of five members would be created under Senate Bill 265. Both candidates and state and county party executive committees would be required to report to the registry. Public reporting would be required of contributions of \$500 or more and an accounting made of how the money was spent.

## NEPAL WEDDING RITES TOLD BY MISS CONLEY

Miss Melanie Ann Conley, daughter of Circuit Judge and Mrs. Hollie Conley, of Eastern, who is an International Farm Youth Exchange (IFYE) living and working with farm families in Nepal, tells of a Nepalese wedding in her most recent letter to the Floyd County Extension Service. Her letter deals with the marriage of a Nepalese district government official:

"It was a Hindu ceremony as most of the people are Hindu, although there are many Buddhists in Nepal, especially in the mountainous region near the Tibetan border. The marriage ceremonies differ according to the caste and financial position of the family.

"In the village areas parents arrange the marriages for their children, and many times the couple may never meet until the ceremony takes place. In the cities it is becoming more popular for the boy to choose his own wife. If a father has several daughters, he often will marry them to a boy whose economic status is slightly lower, due to the expense of the marriage. In certain cases the girl is married to a fruit at the age of six or seven in order that any evil may be transmitted to the fruit and not to her husband. Child marriages have been very popular in Nepal, but a recent law states that a bride must be 14 years of age. The ceremony which I attended was for a 15-year-old girl and a 20-year-old boy.

"The priest decided upon the day according to ancient astrological teachings. He decided which would be the most auspicious day and then the invitations were extended. On the fixed day the groom was carried by bearers, in a coach supported on bamboo poles. Accompanied by 300 friends and a local band of drums and brass horns, he arrived at the bride's home. The groom's party was housed in tents, and, instead of the customary rice, many sweet preparations were served. The groom's party and all the guests invited by the bride's family must be maintained for the three-day celebration. While awaiting the beginning of the ceremony, the guests were entertained by professional dancers who had come from India. They performed under a huge tent, male entertainers alternating with dancing girls until 4 a.m.

"The priest spends the afternoon and evening in meditation and when the most auspicious moment arrives—in this case, 11 p.m.—the ceremony began. Only a few persons observed the cere-

mony, but watched the entertainers instead. The marriage took place in the courtyard surrounded by the bride's house. A tent-like structure had been erected and the bamboo supports were gaily decorated with colored paper and tinsel. Underneath were many gaily decorated earthen pots and figurines, a wooden chest with gifts for the bride and her family, gifts for the priest and the barber who was his assistant, and all the necessary flower petals, leaves, colored powder, rice and water to be used in the ceremony.

"The bride entered and was dressed in a gold-trimmed sari. Her face was completely covered and she had to be assisted by another female member of the family. After she was seated on a mat, several rituals were performed by the priest. The bride's father thought it was a good omen that I was attending the ceremony, so he seated me in front, facing the bride. My flashbulbs were additional blessings, according to the priest. The elder brother of the groom presented the gifts to the bride, who had to touch each individually to indicate ornaments of pure gold—bracelets, earrings, necklace. These ornaments are the sign of a married woman and may be made of gold, silver or glass beads. After marriage, Nepalese women also wear a streak of red powder where their hair is parted.

"Following acceptance of the gifts, the bride was taken to her room and the groom came forward. He wore a three-quarter-length coat and pants made of gold-colored silk. He wore a head ornament which was made like a tree, 15 inches tall, with many branches. It was decorated with bright paper and tinsel and reminded me of a small Christmas tree.

"At this time bargaining between the groom and the bride's family began. His first demands for clothing and money were easily settled, but it took half an hour of discussion before the family agreed to his demands for a motorcycle. It was promised within two years; because of the wedding expense, the father was unable to supply it now. The girl's father must also provide a dowry which includes enough clothing for five years and money—\$1,000 in this case.

"When the bargaining was complete, the groom changed to completely new clothing, even including his watch, and the bride was again seated by the priest. The bride's younger brother grasped a scarf around the groom's neck and led him around the tent three times before seating him opposite the bride. The priest joined their hands, chanted, performed the rituals with the rice, powder and water. The priest had them face the North Pole and the South Pole to symbolize that their union was to be as lasting as the poles. He then placed a handful of rice in the boy's scarf and tied it there to signify that the two had been joined (in American terms, he tied the knot). The ritual ended about 3 a.m., but the feasting and celebration continued for two more days. On the third day the bride went to her husband's home.

"I talked with the bride and her family, and they were amazed that a 21-year-old was still unmarried, because most village girls of my age have two or three children. They came to the conclusion that it was my dress, so they presented me with a complete Nepalese dress, bracelets and even a red tika on my forehead. My host-father said that I was certain to attract a man in that costume and if I didn't he would arrange a husband for me.

## Billboard, Junkyard Hearings Scheduled At Frankfort, Mar. 29

Federal Highway Administrator Rex M. Whitton has issued an invitation to all interested persons in Kentucky to participate in the public hearings to be held on the standards for control of outdoor advertising and junkyards.

The hearings will provide a forum for persons to submit information relevant to establishing advertising and junkyard control under the Highway Beautification Act of 1965.

The Kentucky hearings will be conducted by George F. McInturff, Bureau of Public Roads, beginning at 9:30 a.m. (E.S.T.), March 29, at the State Office building auditorium in Frankfort.

For the convenience of those wishing to participate in the hearings, pre-registration facilities will be available at the auditorium between 9 a.m. and 5 p.m. on March 28.

The Highway Beautification Act of 1965 provides for control of outdoor advertising within 660 feet of the edge of the right-of-way along interstate and federal-aid primary highways, and for control of junkyards within 1,000 feet of the edge of the right-of-way along interstate and federal-aid primary highways. It also provides federal funds for scenic protection and development of roadsides.

Signs advertising the sale or lease of property or an activity conducted on the property are excluded from control and signs can be permitted in zoned or unzoned commercial or industrial areas, subject to size, spacing and lighting standards. Junkyards within 1,000 feet of the edge of the right-of-way but in a zoned or unzoned industrial area also do not come under the control of the Act.

The draft standards will cover definitions of unzoned industrial and commercial areas; size, spacing and lighting limitations for advertising signs permitted in controlled areas; and criteria for signs within the right-of-way of interstate highways to inform the public of specific services available at interchanges.

Copies of the draft standards, which were published in the Federal Register on January 28, and any other information pertaining to the hearings, may be obtained from the Office of the Bureau of Public Roads Division Engineer, 151 E. 11th Street, Frankfort, Ky., or Highway Commissioner's Office, Public Affairs Staff, State Office Building.

The standards are prepared as a basis for holding the public hearings and do not represent conclusions or proposals of the Secretary of Commerce.

The standards which will be promulgated by the Secretary of Commerce following the public hearings will be minimum standards.

## PIKEVILLE COLLEGE HEAD SAYS PAPER'S HEADLINES HURT SCHOOL REPUTATION

Misleading headlines in the February 18 edition of the Lexington Herald rendered a grave disservice to the reputation of Pikeville College, according to Acting President Redford Damron.

The story which followed the headlines did not bear out the emphasis placed on the fact that a former student at the college was involved in illicit dealing in liquor. The story, in fact, pointed out that the situation developed in the city of Pikeville, not on the college campus as the headlines implied, Damron said.

In an address before the student body, the following Monday, President Damron echoed the distaste and resentment felt by friends, faculty and students of the college. He said, in part:

"I was greatly disturbed last week over a news item that appeared in the Lexington Herald concerning a former student of ours. The thing that disturbed me most was the headlines: 'At Pikeville College, Sold Whiskey As Student, Defendant Says,' which implied that the young man in question was bootlegging liquor on the campus at Pikeville College. If you read the article, you will see that he, James Nash, did not state that he earned from \$1,000 to \$3,000 bootlegging at Pikeville College but that he earned that amount in Pikeville.

"James Nash enrolled at Pikeville College in September as a part-time student, taking two courses. In a short time he quit attending classes without officially withdrawing. We withdrew him unofficially in November, 1965. He did not live in the dormitory and was not known by many students.

"I feel that the Lexington Her-

ald did Pikeville College a great injustice by the headline. It would be an injustice to any educational institution, but more so to one that is trying to uphold the Christian principles on which it was founded."

## Learn The Truth About THE CATHOLIC CHURCH By Mail...At No Cost!

You can easily investigate Catholic faith and worship in the privacy of your home.

Just send us your name and address and advise that you want to know what the Catholic Church really teaches... what Catholics really believe. We will send you an interesting course of instruction which is short, yet complete.

Kansas City, Mo., Feb. 13—Poultry and eggs not only were the main topics of conversation, but also the main course for meals served at the 13th Junior Poultry and Egg Fact Finding Conference held here this past week. Among the delegates were Kentucky 4-H'ers (from left) Steve Givens, 17, Greensburg; Fred Carner, 17, Jamestown; James Newman, 15, Grethel; Allan C. Davis, area poultry specialist, Somerset.

Much of the program was devoted to career exploration in the \$6 billion industry, and a greater appreciation of quality products and consumer acceptance. The young delegates earned their trip because of exceptionally fine poultry projects.

TWISTER-STRICKEN AREA IS GIVEN RED CROSS AID

The American Red Cross dispatched 15 workers, including several nurses, early last Friday into a five-county area of Mississippi and Alabama struck by tornadoes the preceding night, taking heavy toll of lives and injuries.

From the Mobile, Alabama, Red Cross Regional Blood Center 20 units of O Negative blood and 60 vials of serum albumin derivative used to combat shock caused by injury were flown to Jackson, Mississippi, early Friday morning via a U. S. Air Force Reserve C119. Plane also carried two REA mobile vans from the Mobile County Red Cross Chapter, and two Red Cross workers, Mobile County Chapter Safety Director John Sharp and Red Cross Field Representative William McNutt.

Red Cross nurses were rushed to Meridian, Mississippi, hospitals where many of injured from Scott county were being treated, and more nurses were being recruited for hospitals in Jackson and other communities.

Relief work for stricken families began immediately. In Jackson, Red Cross workers converged on area around Candlestick Park Shopping Center where many shoppers were killed and injured. Preparations were made for setting up shelters if needed, and cots and blankets were being made available from Jackson.

Destruction surveys were under way by Red Cross crews. Plans already were begun to make all recovery facilities of the organization available to stricken families.

Meanwhile, heavy flooding Thursday in Columbus and Macon, Georgia, areas eased. Civil Defense crews evacuated about 20 of 100 affected families at Columbus, and rental homes have been found for some of them. An REA mobile van, also staff of the Muscogee County Red Cross chapter has been assisting homeless families. A shelter was opened, accommodating 20 persons, Thursday. The Macon, Georgia, Chapter assisted several families routed by flash flooding.

# NEW VETERANS' LEGISLATION PROVIDES ADDED BENEFITS

The Veterans Readjustment Benefits Act of 1966, which was signed into law last Thursday by President Johnson, provides a permanent program of benefits to veterans who have served or who will serve in the U. S. Armed Forces since January 31, 1955.

Chief among these benefits will be education, home loan guaranty and the extension of Veterans Administration hospital benefits on the same priority basis as for wartime veterans. Thus, approximately 600 additional veterans (about 50,000 in Kentucky) discharged from the service since January 31, 1955, ranging from "Cold War" veterans to those now on duty in Viet Nam, become eligible for benefits somewhat similar to those granted the veterans of World War II and the Korean Conflict. At the same time, provision has been made for 600,000 additional veterans (about 8,000 in Kentucky) who will be returning to civilian life each calendar year to participate in the same benefits. In all cases, to be eligible the veterans must have discharges that are other than dishonorable and they must not already have used up their eligibility under previous programs.

All the new benefits, with the exception of the Educational Assistance Program, went into effect immediately upon the President's signing of the Bill. The Educational Assistance provisions will go into effect on June 1, 1966. The benefits established by the new law are: educational assistance, home and farm loans, medical care, job counseling, job placement, Federal employment preference and the issuance of burial flags. A brief summary of each follows.

**EDUCATION.** Veterans with more than 180 days active

duty, any part of which occurred on or after February 1, 1955, will be eligible for one month of college, vocational or similar education for each month or fraction of a month on active duty. Those taking fulltime courses will receive \$100 per month if they have no dependents; \$125 a month with one dependent, and \$150 a month with more than one dependent. Proportional rates will be paid for part-time courses. The income of the veteran will not be considered. Application blanks and full information will be available at VA Offices and at colleges and educational centers sometime in April, well in advance of the June 1, 1966, starting date.

The maximum period allowed will be 36 months but this may be reduced by the amount of educational assistance previously received under a VA educational program. Since the program starts by law on June 1, 1966, there can be no retroactive payments. There is no deadline date to enter upon the educational program and veterans will have eight years from the date of their last discharge from active service to complete their courses. However, the first cutoff date will not be until March 3, 1974.

In Kentucky, 11,500 applications for veterans' educational assistance are expected during the ensuing year; about 9,500 will enter training with an average monthly enrollment of about 4,000. This will result in about \$6,000,000 direct benefits during the first year of operation of the law.

**LOAN PROGRAM.** Veterans with more than 180 days of active duty will be eligible for VA guaranteed home or farm loans or VA direct home loans in areas where such loans are authorized. Ninety-six counties in Kentucky are eligible areas. They will have until ten years after the date of their last discharge from active service plus one year additional for each three-month period of active service to make such a loan, with a maximum deadline date of 20 years after the date of discharge from the qualifying service. For those veterans who have already been out of the service for a period of years, a minimum entitlement date has been set at ten years.

VA guaranteed loans will be made at 5 1/2% interest rate. The new law authorizes the Administrator of Veterans Affairs to establish an interest rate as he determines the requirements of the loan market, but not to exceed the rate in effect for loans insured by the Federal Housing Administration. A one-time non-recurring fee not to exceed one-half of 1% of the loan amount is payable by the veteran but may be included in the loan and collected by the lender. However, it must be remitted to the Veterans Administration before a guaranty certificate may be issued. In the direct loan program, the new law raises the maximum loan possible from \$15,000 to \$17,500. Veterans with unused and unexpired World War II or Korean Conflict entitlement will have that previous entitlement cancelled and will become eligible under the new law alone. However, during the period their cancelled entitlement would have been available, such veterans not only need not pay the statutory guaranty or direct loan fee under the new law but they may also secure loans for business purposes as well as for home and farm purposes. We expect to guarantee or make about 1,200 loans in Kentucky under this law during the next year. Most of the loans will be guaranteed rather than direct.

Both the Educational Assistance and Loan Guaranty provisions of the new law will apply to those persons who remain in the service after two years of military duty.

### LEGAL NOTICE

Pursuant to the provisions of Chapter 337 of The Kentucky Revised Statutes, I, or my authorized agent will on March 23, 1966, commencing on or about 10 a.m. (Eastern Standard Time) in the Floyd County Courthouse, County Courtroom, Prestonsburg, Kentucky, hold a hearing to determine the prevailing wage scale for laborers, workmen, mechanics, helpers, assistants and apprentices engaged in the construction of public works. All interested persons and public authorities are invited to attend to present evidence and give testimony pertaining to the prevailing wage rates in that locality.

CARL CABE  
Commissioner  
Ky. Dept. of Labor

**MEDICAL CARE.** Veterans who have served after January 31, 1955, will be eligible for admission to VA hospitals on the same basis as wartime veterans. The priorities are:

First—Veterans with service-connected disabilities have top priority for admission;

Second—Veterans with service-connected disabilities but who are seeking treatment for some other ailment will be admitted as beds are available;

Third—Veterans without service-connected disabilities may be admitted to VA hospitals if (1) hospitalization is deemed necessary, (2) they are financially unable to defray the cost of the hospitalization, and (3) beds are available.

**OTHER BENEFITS.** The new law also makes provisions for job counseling and job placement, both of these under the auspices of the Veterans Employment Service of the U. S. Department of Labor; and Civil Service preference in Federal employment. Presumptive service-connection for certain chronic disabilities is also provided under the law. A United States flag will be provided for use at the funeral of veterans who have served after January 31, 1955, to be retained by the next of kin.

The Louisville Regional Office will add approximately 25 employees due to increased workloads resulting from this legislation.

Veterans interested in the educational benefits are reminded that they cannot start any courses until after June 1, 1966, and it will not be until mid-April that the proper forms and instructions will be ready.

Veterans who believe they are eligible for any of these benefits except for the Educational Assistance program can write, visit or telephone the Veterans Administration Regional Office, 1405 West Broadway, Louisville, Kentucky 40201. The telephone number is 502-582-5811.

## If the first part of your vehicle identification number is here, you might be a winner.

Here's how it works. Look at the first symbols (the prefix) on your vehicle identification slip. Then look at the symbols listed above. If you find yours on the list, you've taken the first step toward being a winner. Now go see your Buick dealer. He has a list of 72 winners posted in his showroom. If you see your entire vehicle identification number on the poster—the symbols plus the rest of the numbers—\$2332 cash is yours. (If your prefix isn't listed in this ad, don't give up. Your numbers may have been posted during the past few weeks. And every week there are 72 new winners posted on the showroom wall. So watch for next week's list of new symbols in this newspaper.) No slogan to invent, no puzzles to solve. In fact, you don't even have to own a Buick to have a winning number. While you're in the showroom, get a good look at the Buick Special. The \$2332.00 happens to be its price. \*Manufacturer's suggested retail price for Special V-6, 2-dr. coupe. Price includes Federal Excise Tax and suggested dealer delivery and handling charge. Contest Rules. Residents of Kansas, Missouri and Nebraska may, if they prefer, send in a postcard to R. L. Polk and Co., P.O. Box 1347, Detroit, Michigan 48231 and receive the weekly list of winning numbers by mail for comparison with their own vehicle identification number. An official entry form will be included. **Banner Woman Dies  
Sunday at Residence;  
Burial Made at Dana**

Mrs. Louise Wallen, 75, succumbed Sunday at her home at Banner to an illness of two weeks.  
She was a member of the Regular Baptist Church for 50 years. A daughter of William and Martha Robinette Rice, she was the widow of Alex Wallen.  
Survivors include two sons, Lawrence and Shirley Conn, both of River, Kentucky; two daughters, Mrs. Verlie Hall, of Banner, Mrs. Merry Chaplin, of Florida, and a sister, Mrs. Vada Boyd, of Banner.  
The funeral was conducted Wednesday at 10 a.m. from the Little Salem Regular Baptist Church at Dana, ministers of that church officiating. Burial was made in the family cemetery at Dana under the direction of Hall Brothers Funeral Home.

**Pearl Sexton, 88,  
Passes Away Friday;  
Burial Is On Rock Fork**

Pearl Sexton, retired miner, of Garrett, passed away Friday at Paynesville, West Virginia, at the age of 88. He had been in failing health for some time.  
Mr. Sexton had been a member of the Regular Baptist Church for 50 years.  
A son of Mr. and Mrs. Hiram Sexton, he was married three times, first, to Matt Horton, then upon her death, to Darcus Conley, and following her death, to Myrtle Estep, who also preceded him in death.  
He is survived by two sons, Bill, of Garrett, and Garland Sexton, of Paynesville, West Virginia; a daughter, Mrs. Martha Hicks, St. Paris, Ohio, and four sisters, Miss Josie Sexton, Miss Christie Hughes, Mrs. Lillian Taylor, all of Plymouth, Ohio, Mrs. Della Martin, of Hueysville.  
The funeral was held Sunday at 10 a.m. at the Stone Coal Regular Baptist Church, ministers of that church officiating. Burial was in the Chaffins cemetery on Rock Fork, Hall Brothers Funeral Home directing.

**TOOK STUDIES GRAVELY**  
Cologne, Germany — Police have arrested two college students who were too diligent about homework. Authorities said a medical student and a chemistry student couldn't afford to buy human skulls for study purposes so they went to a graveyard and removed the skull of a man buried in 1948.

**William H. Wright,  
Stanville Man, Victim  
At Pikeville Hospital**

William Hawkins Wright, 66, of Stanville, died March 4 at the Methodist hospital, Pikeville, of an illness of several months.  
He was a retired railway conductor and was a 15-year member of the Pentecostal Holiness Church.  
Mr. Wright was the son of the late C. C. and Virginia Gilbert Wright. His wife, Mrs. Jennie Layne Wright, survives.  
Also surviving are four sons, Caswell Wright, of Stanville, George and William Wright, both of Detroit, Michigan, Thomas Wright, Mt. Clemons, Michigan; three daughters, Mrs. Billa Irene McMasters, of New Guinea, Mrs. Phyllis Dillon, Lorain, Ohio, Miss Virginia May Wright, Stanville; two sisters, Mrs. Nelson Rose, Huntsville, Alabama, and Mrs. John D. Marcum, of Lexington.  
Funeral services were conducted Monday at 2 p.m. from the chapel of the Hall Brothers Funeral Home, the Rev. Lorie Vannucci officiating. Burial was made in the Bush cemetery at Boldman.

**TRAINING COURSE GRAD**

Wichita Falls, Texas—Airman Third Class Gordon R. Burke, son of Mr. and Mrs. Hassel Burke, of Wheelwright, Kentucky, has been graduated at Sheppard AFB, Texas, from the training course for U. S. Air Force aircraft mechanics. The airman, a graduate of Wheelwright high school, is being assigned to Tyndall AFB, Florida, for duty with the Air Defense Command.

**GUARD SET UP**

Wellington, New Zealand—Police guarded damaged shops and offices in the New Zealand city of Gisborne Saturday night after a sharp earthquake. Parapets fell to the ground, chimneys toppled, windows were broken and roofing was dislodged on many buildings. Cracks appeared in the walls of the city postoffice, public hospital and other structures. No one was injured.

**Benefits of Planting  
Trees In Floyd County**

(By Floyd ASCS Office)  
Have you taken a look at some of the hillsides in Floyd county? Some of them are showing "green" during the winter months. That is because some one has taken the time to clear away the useless brush, briars, etc., and set some variety of pine trees. These areas will increase in worth as the years go by.

Now take another look at the acres and acres of worthless brush that you can see in Floyd county. If these areas are permitted to remain in this worthless brush for another 10, 20 or more years, the area will still be of little or no value.

If you own such land and would like to see something worthwhile growing on these worthless areas, why don't you contact the Floyd County ASCS Office and inquire about the Forestry Program? We have a practice, available to Floyd county land-owners, that will assist in removing the brush (site preparation) and set the area in a desirable species of trees.

These areas that have been devoted to a desirable and suitable species of trees will be growing into something of great value as the years go by. You or your children will have areas of land to be proud of, not only from the standpoint of cash value, but the beauty that a good stand of trees will bring.  
Don't just look. Act at once. You have until March 18 to see us here at the ASCS Office.

**HUNTING SANDHILL CRANE**  
San Angelo, Texas — Hunters have begun yearly pilgrimages to San Angelo and West Texas to hunt sandhill crane, the Texas Parks and Wildlife Department says. The 1965 sandhill season opened with about 51,000 cranes resting on shallow lakes west of Lubbock and 6,000 counted near Big Spring. Hunters rely heavily on decoys to lure the birds. Daily bag limit for sandhill cranes in Texas is two with a possession limit of four.

**THIS IS A POSTAL CARD**

(Exact in size and shape)

Suppose you use postal cards for direct mail advertising. Five thousand cards will cost you \$200.

Forget the cost of printing and addressing the cards—but remember they alone cost \$200.

Why do we suggest 5,000? Because that is almost the exact number of copies of the Floyd County Times that go to subscribers each week. (We mention 5,000 subscribers—only a fraction of the number who read The Times, weekly. The most authoritative study yet made shows at least 4 1-3 persons read each copy of a weekly newspaper. So at least 20,000 read The Floyd County Times every week of the year.)

Now, how much does an advertisement in The Times, exactly the same size as a postal card, cost you with no extras for printing, addressing and mailing? EXACTLY \$6.82½. COMPARE THAT WITH \$200! It Pays To Advertise in The Times.

**WATCH THE LANGUAGE!...**

As we and others attempt to describe our products, we turn to the heavy use of adjectives — "best," "finest," and so on.

As one oldtimer put it, we all sometimes are guilty of "kivvering" too much territory.

So we hesitate to say ours are "the best" and "the finest" products of their kind ever made. But we do say —

"Try to find a finer!"
