High School Here Talked By Co. Board

\$8.5 Million Budget For Current Year Approved at Meet

The publicly expressed concern for the physical condition of Prestonsburg High School was discussed at some length by the Floyd County Board of Education at its meeting last Wednesday, and Supt. of Schools E. P. Grigsby, Jr. later announced that work is under way to provide the school a new roof.

Roof repair has been given maintenance priority in the school system, and interior renovation is to follow that.

"We intend to repair the Prestonsburg school ceilings, and now we have a full crew of janitors to keep the building clean and top-shape," the superintendent said.

A general budget of \$8,583,102 for the current school year was approved by the board, to be submitted to the State Board of Education for its approval. (See complete general budget on another page, this edition.)

The school tax rate of 22.9 cents per \$100 valuation was approved. The rate is actually unchanged from that of last year when it was 52.9 cents, since the remaining 30 cents is assessed by the state for the Power Equalization Program adopted by the last General Assembly.

The 7.6 cent gym tax here remained unchanged. Supt. Grigsby said this tax for the retirement of bonds issued to cover cost of construction of the fieldhouse here will end March 26, next year.

District Kiwanians Elect P'burg Man

H.C. "Huck" Francis, of Prestonsburg, has been chosen Governor-elect of the Kentucky-Tennessee district of Kiwanis International at its 60th annual convention held in Gatlinburg, Tenn., Sept. 8-10. The Ky.-Tenn. district includes 188 Kiwanis clubs in Kentucky and Tennessee and has a membership of 8,600.

Mr. Francis has been a member of the Prestonsburg Kiwanis club for 30 years with 28 years of perfect attendance. He served as Lt.-Governor, 1975-'76, and as International Convention chairman, 1977-'78; was president of the Prestonsburg Kiwanis in 1954 and has held several other positions in the local club.

Serving on various boards and commissions in this area of the state, Francis has received many local and statewide awards for his work with the youth of Kentucky.

Mr. Francis will serve in the office of Governor-elect for one year and will then step up to the office of Governor of the district on Oct. 1, 1979.

Mr. and Mrs. Francis, the former Betty Davis, of Prestonsburg, have two daughters.

Court Session Here Lengthens, Near-Continuous

The Floyd circuit is assuming the aspect of a court of continuous session rather than one convened for a specified term.

The present session, which has been called the September criminal term, will, for example, run into December, with a mixed docket of criminal and civil cases.

Four grand jury sessions instead of three are now mandated by law: January, April, June, September and, possibly, December. It is possible that dates for the grand jury may be changed as long as four sessions are held or the jury is in session 20 days.

Two criminal cases have been called during the current session, with defendants in each case pleading guilty. John Paul Blair's was given two four-year pen terms on pleas of guilty to third degree burglary and theft by unlawful taking charges, but the two terms run concurrently. In the second case Rodney Phillip Sexton was sentenced to a 10-year term for first degree burglary.

Blair, a resident of West Virginia, did not ask the court to withhold sentence until a pre-sentence report was made by the probation officer. Asked if he had anything to say, he told the court, "All I want is for you to send me on and let me begin my sentence."

Contractor Told To Show Record On Allen Work

The Floyd fiscal court was presented a bill Tuesday which it firmly refused to pay until it knows more about what is happening in connection with the work at the Allen park.

Wilton R. Fish, president of Big Wheel, Inc., contractor on Phase I at the park, was quizzed by the court after he had submitted for payment an estimate on the job. Eleven suits totalling \$104,000 have been filed against Big Wheel, its bonding company and the fiscal court. "We paid you. What happened to the money? Why are we being sued?" County Judge-Executive Yvonne S. Jones asked Fish.

The suits were filed by sub-contractors and suppliers of materials. Magistrate Kenneth Roberts asked the head of the contracting firm if it was possible that he had spent a part of the money paid him by the county for work on other jobs outside of the county, and Fish admitted that this could have happened.

The county at one time considered terminating Big Wheel's contract, then decided to stay that action and seek liquidated damages from its bonding firm.

At Tuesday's meeting the court voted unanimously not to pay anything until Fish produces all his records, showing invoices, and those paid as well as those yet due, at the next court meeting, at 1 p.m. Sept. 26.

The contractor claims that the work is 98 percent complete, with work promised to correct some sub-standard construction items.

Magistrate Roberts' motion to rescind the recent vote of the court to pay \$500 a month for the salary of a trial commissioner for the district court lost on the deciding vote of Judge Jones. Roberts and Magistrate Eddie Caudill voted to rescind the action, Magistrates Ray Wilcox and Hershell Hamilton to sustain it. In casting the vote to keep in effect the order to pay for a trial commissioner, Judge Stumbo explained that District (See Story No. 6, Page 4)

KY 80 Sector Nears Contract

Work on about 4.5 miles of new KY 80 in Floyd and Knott counties is to be included in the state Bureau of Highway's September 22 bid-letting.

The new KY project in this county is for about two miles of grading and drainage, near the Bull Creek road. About one-half mile of this section is to be surfaced under the project, Transportation Secretary Grayson said.

Pupil Truancy Cost May Be \$9,000 a Day

Floyd county's school system is losing an estimated \$9,000 a day to pupil truancy, and what to do about the situation is a real puzzler.

Superintendent of Schools E. P. Grigsby, Jr. said this week that attendance personnel are contacting parents, and that work within the system is being done to make school programs more inviting and interesting to youngsters. That helps—but not enough.

And taking youngsters to court is virtually a waste of time. They are returned to the custody of the parents, or the schools.

The schools lose money—\$8 per day per child out of school. The youngsters lose precious time.

One attack on the problem the school system here has not undertaken, and that is on the parents of truants.

Boyd county is leading the way in that direction. Floyd county native Calvin Gearhart, who has long held the office of county attorney in Boyd, last week announced the plan agreed to between school and district court officials there regarding truancy cases in which the students are without excuse.

"The plan," he explained, "is when a child attains five absences, that fact will be reported to the district court. Once the information is made available to us, we'll evaluate it and if it appears that there's no excusable reason for a child missing school, the parents will be brought to court."

He added that a parent who fails to keep a child from becoming a truant is guilty of a first degree misdemeanor

which is punishable by a fine of \$500 and a jail term of not more than 12 months.

That's getting tough, but Calvin Gearhart has little patience with parents who willingly permit their children to remain out of school. For he recalls his own boyhood and the sacrifices his father, the late Fred Gearhart, made to keep him in class.

County Attorney Gearhart suffered a crippling sickness in his childhood. Roads were miserable. There were no automobiles. But his father got him to school—by sled, wagon, or on his own back.

Truancy, Gearhart maintains, is the parents' responsibility. "It was Dad who kept me from being a truant. I never did see a child who wanted to go to school. Anyone would rather play around the house or go fishing. It's not the child's fault."

"After five days," Gearhart said recently, both parents will be brought before the court. Why take the child out of school another day?"

Commented Alice Thomas, pupil personnel director of the Ashland school system:

"Normally, we approached the problem through the child rather than through the parent, but now we're trying a new approach to an old problem. The schools were in limbo. They didn't know what could be done. We're finding out that the schools can't do it alone."

County Attorney Gearhart said, "I don't want to confuse truancy with juvenile delinquency, but this will nip a lot of juvenile delinquency in the bud."

More Trouble for Dewey—If Milfoil Means Trouble

Dewey, a reservoir with a long history of problems, may have a brand new and potentially serious problem in the form of milfoil, a small, aquatic plant introduced into the lake about two years ago.

The plant, which is not native to this section, was apparently brought to Dewey by a few well-meaning local sportsmen from a lake "down south" in the hope that the vegetation would adapt

to the environment at Dewey and provide cover for baitfish as well as enriching the water's oxygen content.

Reportedly introduced in the Dick's Creek section of Dewey, the milfoil has obviously flourished, and now large patches of the small, leafy clusters can be seen along considerable stretches of shoreline, especially in the upper section of the lake.

In a telephone interview with The Times, Pete Pfeiffer, assistant director of the state Division of Fisheries at Frankfort, summed up his position on the pros and cons of the plant, saying, "If I were faced with the choice of having too much milfoil in a lake or none at all, I would choose to have none."

Pfeiffer emphasized that a certain amount of milfoil is a good thing, and may, indeed, provide refuge for minnows and other baitfish and introduce added oxygen to a body of water, but, he said, it's almost impossible to predict at what point the milfoil growth will abate.

Dewey, according to Pfeiffer, is apparently the only large impoundment in

the state with milfoil, although several small impoundments of one to five acres in the state have been literally choked to death by the plant. And therein may lie the most potentially serious problem.

"We can think of combatting a milfoil problem with herbicide treatments in a small body of water," Pfeiffer pointed

Price Tracks 'Gangster' Weapons

Price examines "ganster-type" weapon in his Washington office.

Phillip R. Price, 40, works with "gangster-type" weapons similar to the ones used by Al Capone and George "Baby Face" Nelson in the 1920s.

But his purpose differs from that of the two infamous crime figures.

As new chief of the National Firearms Act Branch of the Bureau of Alcohol, Tobacco and Firearms in Washington, Price oversees the registration and transfer records for weapons covered under Title II of the Gun Control Act of 1968, which incorporated the 1934 National Firearms Act.

In 1934, Congress made it illegal to own or possess "gangster-type" weapons unless registered with the federal government. Weapons which must be registered include machine guns, sawed-off rifles and shotguns, silencers, and destructive devices, such as molotov cocktails and hand grenades.

Price, a native of Johnson county, joined ATF in 1967 as a special agent in Louisville. He transferred to Ft. Wayne,

Ind., in 1969, and was made the special investigator in charge of the Cincinnati post of duty in 1972.

By 1977, Price moved to Washington, as an operations officer with the program development and planning division of ATF's Criminal Enforcement Office.

Before joining ATF, Price worked seven years as a Kentucky state trooper in Morehead and Pikeville, and from 1956 to 1960, he served with the U.S. Air Force. He studied criminal justice at Northern Kentucky University at Highland Heights, Ky.

Price grew up in Floyd county, where his mother, Mrs. Lillia Mae Price, is postmistress at David. His sister, Mrs. John D. Evans, lives in Prestonsburg. Another sister, Mrs. Joe Coburn, resides in Oakland, Calif., and a brother, Gordon, lives in Frankfort.

Price and his wife, Roxann, are the parents of two children, and reside in Fairfax county, Virginia.

WELCOME BACK, GRAFTER

Skimming through one of our old files of 40 years ago, we are reminded of another loss this sophisticated age has suffered—namely, the Indian medicine man who came to town at least once a year to gyp a willing public, the while staging a pretty fair show. One of the "star" medicine men who came here every year, 'way back then, was a son of a former commissioner of agriculture who at one time had lived on Abbott Creek and moved to Glasgow, Ky.

The item which revived these recollections pertained to one such itinerant dispenser of medicines and potions "good for man or beast," one Guy Rabbitfoot, late a resident of Somerset, Ky., wherein was located his plant for the manufacture of certain panaceas. This blue-eyed "Indian" wound up in quarterly court here, accused of making medicine without a pharmacist's license and of selling same outside a store and without license to do so.

ARC Confirms \$150,000 Grant To Water Dist.

The \$150,000 grant on which the Abbott-Little Paint Water District had been depending for a part of its water system construction expense was approved last week by the Appalachian Regional Commission, Senators Ford and Hudleston announced.

At the same time it was announced locally that John T. Hill has resigned the post of chairman of the water district and that W. L. Baldrige has been named his successor. Delmas Saunders is scheduled for appointment to fill the vacancy on the board. Thomas Hereford, III, the third member, is the board's secretary-treasurer.

Mr. Hill said he resigned only after it appeared that the water district was "over the hump" in getting water service for the Abbott Creek and Little Paint Creek areas. He added that business interests otherwise demanded his attention.

Bids on the water district project, which involved approximately 17 miles of mains, were opened July 14. The low bidder on phase 1, G. R. Alderman Co., of Morehead, asked \$555,151.48 for construction of mains and foundations. The \$36,465 bid of the Chicago Bridge & Iron Co., Shaker Heights, O., was low on construction of a water tank on Little Paint.

Total cost of the project has been set at \$612,000. In addition to the ARC grant, the Farmers Home Administration will provide a grant of \$275,000 and loan the district \$157,000. An additional \$30,000 was added locally, mainly from hook-up charges.

It is expected that within the next two-three weeks the Public Service Commission will hold a hearing to set rates and issue a certificate of necessity and convenience. District commissioners said they are hoping that contracts will be awarded early next month.

Water to serve the district will be purchased from the Prestonsburg water system.

Virginians Lose Round In Knott Land Case

Virginians who a few years ago laid claim to thousands of acres of Knott county land have lost the first round of a federal court fight.

U.S. District Judge H. David Hermansdorfer ruled last week in favor of M.R. Godley, of Charlotte, N.C., who filed suit in 1975 to set aside and expunge the records of some land transactions that took place several years earlier.

Defendants in the suit were Piedmont Land Sales Inc. of Salem, Va.; Hugh Rakes, of Salem, a principal of Piedmont; Clinton Coal Co., in which Rakes also was involved; and W.F. Goff, of Pound, Va.

In his decision, Hermansdorfer said seven deeds recorded in Knott county involving a series of land transactions have no legal force, and that Godley has title to the land, subject to a coal mineral lease made to John Graham and L.D. Graham.

The property mentioned in the suit, which was filed in Pikeville, covers some 24,700 acres—all but 1,000 of them on Quicksand and Troublesome creeks and some of their major tributaries in Knott county.

The uncertain status of the land first aroused interest in 1974 when a Bob Bales, of Salem, claimed ownership of the acreage and said he intended to mine it for coal.

Bales claimed to have been assigned deeds by Piedmont, although there are other claims to the disputed land by families that have lived there and paid taxes on it—some for more than a century—the Knott county school system and the University of Kentucky, owner of Robinson Forest.

Although Hermansdorfer's decision takes notice of the possibility of other claims and additional litigation, it states the decision expresses an opinion only on ownership insofar as it involves the parties to the suit. Accompanying the judge's two-page order resolving the issue in Godley's favor is a 13-page memorandum opinion that outlines the transactions that took place in so far as they could be determined.

In that opinion, Hermansdorfer notes the complexity of the issues and states, "In short, this litigation has much the flavor of a spirited checker game played on the lawn of a rural Kentucky courthouse on a summer afternoon—one must stay alert to know where the checkers went."

On the question of fraud in connection with Rakes' dealings with Godley, Hermansdorfer found that although Rakes "engaged in acts of intentional misrepresentation," Godley had failed to make a case of civil fraud before the court because he did not establish he had been injured by Rakes' actions. "Any injury suffered by Godley arose, not from Rakes' misrepresentations to Godley, but from Rakes' subsequent transactions with other purported grantees (land purchasers)," the decision states.

Annual Candy Sale Slated To Benefit Kidney Foundation

Fall is at hand, and one of the traditions of the new season is the annual Tootsie Roll candy sale sponsored by the local chapter of the Kidney Foundation of Central Kentucky.

Mike Parlier, of Prestonsburg, chairman of the annual campaign for the Big Sandy Chapter of the Foundation, will coordinate the local sales effort. Parlier, the kidney dialysis supervisor at Highlands Regional Medical Center here, said this year's goal is to raise \$1,800. Last year's candy sales resulted in more than \$1,500 for the Foundation.

The Tootsie Roll Midgees for sale this year come in reusable banks. Printed on each bank is a list of the six warning signs of kidney disease. The cost for each candy-filled bank is \$1.

Proceeds from the candy sale will support efforts to help dialysis and transplant patients, promote organ donor education and research and other Foundation activities.

A large portion of the money raised remains in the area for use by local patients and institutions. Highlands Regional here has four dialysis machines used by some 17 patients. Each patient receives three treatments weekly. The hospital also has two dialysis machines that are in use in private homes in the area.

The candy banks will be on sale at the Kidney Foundation-Highlands Regional Medical Center booth at the Floyd County Fair and also at the Apple Festival next month in Paintsville. Candy sales will continue through the month of October by various civic groups, Highlands Regional staff members and dialysis patients.

Outpatient Operating Room Opens

With the snip of the scissors, the new outpatient operating room at Highlands Regional Medical Center at Prestonsburg was opened to expand the surgical services offered by the hospital. Shown cutting the ribbon, from the left, are Les Rankin, administrator, Lois Burchett, RN, operating room supervisor, and Dr. William B. Cook, chief of surgery. Members of the hospital's surgical staff look on.

Out patient surgery has a new emphasis at Highlands Regional Medical Center here with the opening of the hospital's outpatient operating room. Highlands Regional becomes the first hospital in the area to provide a sophisticated facility, primarily for outpatient surgery.

The concept of outpatient surgery is a "coming thing" in hospitals and allows safe, effective, one-day service to patients for a number of surgical procedures, according to Les Rankin, hospital administrator.

Dr. William B. Cook, chief of surgery at Highlands indicated that a variety of minor operations will now be performed in the new facility that were previously done in other operating rooms. The result, said Dr. Cook, will be the freeing of the other rooms for a greater number of major cases.

With the addition of the new room, Highlands Regional now has four operating rooms. Plans call for approximately six procedures per day in the new facility. Records show that more than 300 surgical procedures were performed at the hospital during the month of August.

Lois Burchett, RN, operating room

supervisor at Highlands Regional, called the new room, "marvelous for the staff but, more importantly, for the patients." She explained that "patients can arrive in the morning, have their surgery, leave that afternoon and save a great deal of money."

The expansion to build the new operating room was begun last February.

The Danger of a Fuel Monopoly

The proposed deregulation of prices to be charged for newly produced natural gas as a means of stimulating fuel production in the country is drawing the headlines, these days, but the Administration's energy program has other equally important facets.

And it may be lacking some control provisions that could be as important as natural gas production. A provision to relieve the national fuel supply from the danger of a monopoly, for instance.

Big Oil and a few other conglomerates are gradually "cornering" the national fuel supply. As domestic oil production has dropped far short of the national need, these firms naturally have looked elsewhere, taking steps to remain in business in the future. To oil and gas production they have added coal and uranium—everything but solar energy.

Meanwhile, federal regulations have become so stringent and involved that few "small" coal operators are financially able and have the expertise to cope with them. Again, the trend is toward the big corporations.

In Eastern Kentucky, where individual operators have till this date shared in the financial benefits of the coal boom, coal is placed at a disadvantage by the federal mine law which exempts operators in Wyoming from the necessity of restoring to their original contours the 30-40-foot holes scooped in the mining of huge seams of coal. Conglomerates are the main operators there, too.

Conglomerates or individuals, coal operators and producers of all fuels are, naturally, in business to make money. Natural gas producing companies have literally sat on their hands in recent years, awaiting the day when the price is right. That is what the deregulating of gas prices is all about—to get them moving again.

Now, if a few companies get control of production of all known fuels, what will be the plight of the individual consumer and the nation as a whole?

The United States may as well be held up for better prices by the Arabs as by our own people.

decrease in blood donations. Many regular donors are on vacation and other would-be donors often get busy with outdoor activities and do not think about donations unless the need is called to their attention, it is explained.

More than 150 pints of blood have been transfused daily through the 33 hospitals that are supplied by the Central Kentucky Blood Center, but only an average of 80 or 90 pints have been donated daily. This has forced the center to go to its supply of blood that is kept frozen for emergencies, and even this supply is now running dangerously low, a spokesman for the Center said.

There was a brief trial. No, this Guy Rabbitfoot was not a licensed pharmacist. Nor did he have license to use the courthouse lawn as a "store" for the sale of his medicines. The late Forrest D. Short, then county attorney, had a good case, and Acting Judge Woodrow Burchett had instructed the jury what it could do in the matter. But Defense Attorney J. D. Bond recalled in the course of his argument the historic Manhattan Swindle in which a white, namely, one Peter Stuyvesant—or was it Minuet?—bought the whole island for \$24 worth of beads. The attorney clinched the matter by declaring that "we shouldn't put this Indian in jail, even if he sells us blue water for \$1 per bottle."

That did it. Forgotten were the "pickled" tapeworms the blue-eyed Indian had exhibited out there on the courthouse lawn, the trained dog act, the blackface monologue and wooden dummies that profaned grounds outside "the temple of justice." The jurors, smiling, if not actually snickering, brought in a verdict of not guilty.

This old copy of The Times shows that the editor got pretty hot under the collar himself about this "miscarriage of justice," and said so.

But, if I were on the jury today, I doubt if I would convict the poor fellow. Lo, the poor Indian—he was one of the more innocent and more gentle grafters of his time.

And why not let him come back? We are all buying nostrums from others that are just as worthless as Indian Snake Oil.

CHURCH GROUP MEETS

The Women's Society of the Horn Chapel Church met Monday evening, Sept. 4, at the church. The president, Mrs. Marietta Crager, presided at the business session. The secretary-treasurer, Mrs. Willia Mae Branham, gave her reports. The program for the evening was presented by Mrs. Lula Wallen. Following the meeting, the hostess, Mrs. Belvie Wills, served refreshments to Mesdames Bessie Adkins, Jennifer Branham, Willia Mae Branham, Rosey Burchett, Dania Bingham, Marietta Crager, Pat Calhoun, Mollie Hyden, Linda Jefferson, Bess Wells, and Belvia Wills, and visitors, Mrs. Mag Bingham and Mrs. Mabel Allen.

It was emphasized that the general budget reflects only estimated expenditures and receipts. Supt. Grigsby said that a "close estimate" statement due in about two months will more accurately reflect the board's fiscal situation and how much the deficit existing since last year has been reduced.

Biggest estimated outlay item in the budget is \$5,411,229 for instruction. In addition to salaries of principals, supervisors and regular classroom teachers, this item includes school clerical help, audio-visual and library materials, tests and the like.

An expenditure of \$590,000 for pupil transportation is expected, and plant operation cost of \$573,643 is estimated. Other estimates of expenses include \$178,000 for administration, \$116,000 for attendance services, \$375,000 for plant maintenance, \$303,000 in fixed charges such as social security, insurance and bonds, and \$294,530 for food services.

The Kentucky School Boards Association has begun work on a program of secondary and elementary education in anticipation of the next General Assembly session, and the board named Ray Campbell to represent it in working with KSA on the program.

auto death of Harold Paul Curry, has been docketed for Sept. 28. The attorney general's office will appear in the trial for the Commonwealth, since Commonwealth's Attorney James R. Allen had earlier represented the defendant's father in a case and disqualified for the trial.

The murder trial of Randy Hall was booked for Nov. 27.

Other cases docketed and their trial dates:

Willie Watson, hit-run, Nov. 6; Dewey Shepherd, wanton endangerment, Nov. 21; John Mullins and Douglas Sexton, both charged with second degree arson, Nov. 29; John Melvin Kidd, first degree robbery, Dec. 4.

In civil cases this week juries rendered judgments for two plaintiffs—\$50,000 damages for William Spradlin against West Virginia Mack, and \$96,250 to Mr. and Mrs. Chester Layne in their US 23 right-of-way suit with the Department of Transportation.

(Continued from Page One)

Judge Harold J. Stumbo had said he has \$6,000 in excess fees—the annual salary of a trial assistant—to turn over to the county.

Assistant County Attorney Eric Hall pointed out that District Judge Stumbo is seeking a trial commissioner to serve the Beaver Creek sections because of the long distance litigants must travel to court here. He said a trial commissioner does not necessarily have to be an attorney.

The state's failure to pay the county rent on offices in the courthouse which are used by the district court was also raised by Magistrate Roberts. The assistant county attorney said efforts have been made to reach Frankfort for an answer but that he has failed to establish communication. He added that the county is required by law to furnish office space but not without charge.

The state has offered only \$1800 a month—a figure which court members say is pitifully low.

Since they can't reach the proper officials by telephone, members of the court discussed the possibility of going to Frankfort next week in an attempt to reach an understanding.

Earlier, the court set September 1 as the deadline for the state to pay rent or vacate.

To Discuss Industrial Parks

Some 100 business and civic leaders throughout the state are expected to attend a Sept. 21-22 Lexington seminar on "Community and Multi-County Industrial Parks: Developing Kentucky's Regional Resources."

Development Cabinet Secretary William L. Short said several of the nation's experts on industrial park development are to participate in the program. Short himself will be the seminar's keynote speaker and is expected to discuss the role played by a variety of state government agencies in assisting with the financing of industrial parks.

As development secretary, Short oversees several of those agencies, including the commerce department, the Appalachian Regional Commission, the Kentucky Port and River Development Commission, and Kentucky's federal Economic Development Administration program.

Short said the seminar has been scheduled to benefit those smaller Kentucky communities attempting to arrange a financial package for industrial parks. He explained that industrial park funding usually comes from several federal, state and local sources and that many communities may be unaware of such a variety of assistance.

Short pointed to the Corbin Tri-County Industrial Park as an example of a business park made possible through several monetary sources. The park is still taking shape but will include portions of Knox, Laurel and Whitley counties when complete.

Funding has come from several agencies, including the Kentucky Development Finance Authority, the Appalachian Regional Commission, the federal Economic Development Administration, a coal severance economic fund grant, the Cumberland Valley Area Development District and a community block grant from the federal Department of Housing and Urban Development.

"As most communities simply do not have the resources and expertise at their fingertips for putting together such a complex financial package, we have scheduled this seminar to make them more aware of state and government agencies that they might consider as they develop local industrial parks," Short said.

The seminar will be held at Lexington's Carnahan House on Newtown Pike.

An unlimited number of tickets to the event are available.

Subcommittee To Investigate Road Maintenance Complaints

A legislative subcommittee agreed last week to examine changes made recently by Rep. Bill Weinberg (D-Hindman), attacking the state road maintenance system.

The Highway Finance subcommittee of the Interim Joint Committee on Highways and Traffic Safety decided to conduct a follow-up investigation of problems in the road maintenance program cited by Rep. Weinberg.

Weinberg had charged during the full committee's Aug. 11 meeting there were abuses of equipment allocation at the state level. His remarks have since toned down, but this is one of the areas to be examined by the subcommittee.

"The state maintenance system in Kentucky itself needs maintenance and perhaps a complete overhaul," Weinberg told the 11-member subcommittee. "It is time for a fresh look and a new beginning and your committee has that opportunity."

Weinberg suggested the subcommittee examine the coordination of services between state and county highway departments with the aim of redefining divisions of responsibility along functional lines.

"We need to look again at how we divide the job of taking care of Kentucky roads," he began. "It's inefficient to have two separate crews in a county and two separate garages."

He also suggested the subcommittee seek ways to more efficiently use state

funds to "get more mileage from our (tax) dollars. We need to attempt, if possible, to do full service for the road when it's resurfaced."

Other areas to be reviewed by the subcommittee include: the lack of an efficient supply system, employees' salary scales, the setting of priorities, duplication of effort, equipment repair, inadequate equipment, bidding procedures and overweight coal trucks.

Weinberg emphasized that he is not seeking a scapegoat. Instead, he noted, "this should be a cooperative venture between our two branches of government to assure that better services are rendered the people of Kentucky."

He added that certain aspects of the program should be retained, but the subcommittee should "examine all possible changes, including the organization of the program."

Otto Ingram, deputy commissioner of Rural and Municipal Aid in the state Transportation Department, agreed with some of Weinberg's suggestions, but noted little can be done because of a lack of adequate funds.

HAROLD NEWSOME

Of Craynor, Ky.

Secretary-Treasurer, Dist. 30

Dear Sir and Brother:

I take this opportunity to introduce myself as a candidate for District 30 Secretary-Treasurer to fulfill the vacancy of Julius Mullins, who is now Chairman of the Board Trustee of the Health and Retirement Fund, and personal and very close friend of mine and my family.

I am a coal miner and a graduate of Pikeville College with a Master's degree, yet I chose to work in the coal industry since it's a tradition of my father, brothers, and family on both sides of my parents. I have served as Recording Secretary of Local Union 8100 for the past 5 years.

I am asking your support and nomination in my endeavor, for I feel I can do a good job and help you and this membership in many ways because of my education, experience, and above all my desire to serve the membership of District 30.

In closing, I want to assure you I will do everything in my power to make you a good and honest District Secretary-Treasurer, and I can work with anyone elected, or whoever may be elected in the future.

Come out and vote Thursday, September 28, 1978.

Best wishes and kindest regards to you and your membership.

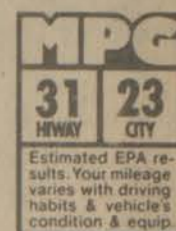

A friend,

New Council Studies East Kentucky Needs

Members of the Appalachian Development Council, a group formed by Gov. Julian Carroll earlier this summer to plan for continued economic growth in Eastern Kentucky, last week decided to tackle that responsibility by subdividing themselves into five major areas of concern.

Gathered at the Governor's Mansion for their first formal meeting, members

of the council, after much discussion as to just what their priorities should be, agreed to stress transportation, enterprise development (the creation of a more diversified economy), education, quality of life (a heading that would include housing, health care, the environment, etc.) and local, state and federal government relationships.

Carroll met with the council, telling the group that in planning for future prosperity in eastern Kentucky, it should keep in mind a time when coal will no longer be abundant. "We would be remiss if we didn't plan for this," he said. The governor suggested that the delegation include four main areas affecting eastern Kentucky when formulating their proposals: the coal severance tax, transportation, enterprise development and a general development that "covers the gamut."

Carroll said the strength of the 13-state Appalachian Regional Commission was based on the ability of the commission to ignore state boundary lines when developing programs. "Your strength can come out of ignoring county lines," he noted.

Council chairman G.B. Johnson, Ashland banker, later seconded Carroll's feeling that the group should regionalize its thinking, suggesting that university personnel in Appalachian Kentucky could be brought together for educational problems, bankers for solutions to financing, and so on.

Johnson also said that, although the council is to report to William L. Short, secretary of the Kentucky Development Cabinet, and is to make use of personnel from the cabinet, members should not rely on the Development Cabinet for directions. "Our advice should be independent," he said.

J. L. Jackson, president of Falcon Coal Co., said he believed education was the number one problem in eastern Kentucky, explaining that the coal industry has difficulty filling management positions with persons from the area and that potential employees from outside eastern Kentucky decline job offers after inspecting the school systems.

Jackson said many eastern Kentuckians are unaware that they can upgrade their standard of living, now that coal wages are above the average, as they have never been exposed to alternate styles of living. In explanation, Jackson said he knew of several instances of eastern Kentuckians making monthly mortgage payments on mobile homes that could be used instead for \$50,000 or \$60,000 homes.

Jackson further advocated a more diversified economy in the region.

stating that "In the coal industry we have people who don't like it (mining), but do it because it is the only work they can find."

Council membership was originally set at 19 persons but Letcher County Judge-Executive Robert Collins also has been named by Carroll to the body. Two more positions are to follow soon to allow for labor and agricultural representation. Rep. William Weinberg (D-Hindman) was elected vice chairman.

Other council members include C.V. Kirkpatrick, Tompkinsville; Pikeville Mayor W.C. Hambley; James C. Witten Sr., Paintsville; Wallace G. Maffett, Richmond; Rep. Pete Worthington, Ewing; Sen. Bert E. Pollitte, Harlan; Janie Douglass, Harlan; W.W. James, Mount Vernon; Dr. Morris Norfleet, Morehead State University president; Sen. Woodrow Stamper, West Liberty; Nan Hagan Gorman, Hazard; Jerry Ikerd, Somerset; Phillip R. Dillon, Liberty; Monticello Mayor Carl Shearer, and Orin E. Atkins, Bellefonte.

Base Sewer Charge At David Set at \$5

The Kentucky Public Service Commission has approved sewer rates for the David Community Development Corporation.

Since the corporation is a non-profit operation, the rates were determined on the basis of the minimum revenues required to meet financial obligations and operations costs.

Monthly sewer service bills will be based upon the customer's metered water consumption, with the minimum bill being \$5.

The National Highway Traffic Safety Administration estimates the number of motorcyclists injured annually at more than 350,000.

McDowell Hospital Gets \$214,660 Grant

Congressman Carl D. Perkins announced last Friday that the McDowell Appalachian Regional Hospital in this county will receive a HEW grant which will help tide it over financial difficulties common this year to hospitals in the ARH chain.

A rural health initiative grant of \$214,660 has been made by HEW to the hospital for the fiscal year ending next June 30.

"This grant," the congressman commented, "will enable the McDowell hospital to continue to render service to the people."

Teacher, Pupil in Reunion Here

Mrs. Edith Fitzpatrick James of Prestonsburg was surprised recently by unexpected visitors. Dr. and Mrs. Duane White, faculty members of Bob Jones University in Greenville, S.C., dropped in to chat with Mrs. James and to introduce her to their three children.

The reason for the visit was that Mrs. White, formerly Frances Ruth Stevens, had been a piano pupil of Mrs. James 33 years ago when she was a first-grade student at Prestonsburg Elementary School. Though there had been no contact or correspondence between her and Mrs. James through the years, Mrs. White wanted to bring her husband and children to meet Mrs. James, who had made a deep impression on her at those early piano lessons so many years ago.

Mrs. White teaches voice at Bob Jones University, where her husband, Dr. Duane White, is chairman of the Department of Music History and Literature. Dr. White teaches piano, music history, hymnology, and graduate courses in musicology and sacred music. The Whites graduated from Bob Jones University in 1961, and have served on the faculty since that time. They were on leave of absence from 1967-'70 while Dr. White was earning the Ph. D. degree in musicology at the University of Wisconsin, where he was a student of the eminent Viennese musicologist, Eva Badura-Skeda. He studied in Europe during the summer of 1969, doing musicological research in Vienna, Salzburg, Munich, Berlin, Prague and London.

The Whites were much impressed with

Mrs. James's work in the area of Kentucky folk music. Upon learning about her activity with annual folk music festivals, Dr. White remarked, "Why, you are an ethno-musicologist!" "Teachers make profound and lasting impressions on the lives of their students," say Dr. and Mrs. White. And one of the greatest rewards of teaching, according to Mrs. James, is to view, years later, the successes of one's pupils. But it is not every day that a former pupil whom you have not seen for more than 30 years drops by to pay you a visit!

Dr. and Mrs. White left with Mrs. James a copy of the program of the sacred concerts they were presenting in churches in West Virginia in August. And, in return, she gave them copies of programs of the Highlands Music Festival which she originated and of which she is so justly proud.

High School Chess Tourney Scheduled

The Prestonsburg Community College Chess Society, in cooperation with the Community Services Department, will be sponsoring the third annual high school chess tournament Saturday, November 18, in the Martin Student Center. Registration will be at 8:30 a.m. with Round 1 beginning at 9:30 a.m. Each school will be allowed to enter one team of four members, and the top three teams will receive trophies. For further information, contact Prof. John D. Sammons at Prestonsburg Community College.

Nursing Graduate

Charlotte Bentley, daughter of Bob and Dova Bentley, of Wayland, was graduated from the Mayo State Voc-Tech. School of Practical Nursing, Aug. 31. She will be specializing as a member of the medication team at Highlands Regional Medical Center.

HERE FROM LOUISVILLE

Mr. and Mrs. Charles Wharton had as their visitors last week Mr. and Mrs. William Kelly, of Louisville. The highlight of the Kelly's visit was a trip to the craft center at David.

FLOYD COUNTIANS SCHEDULED FOR 7th OUR APPALACHIA DAY

Pippa Passes, Ky.—Two musical groups and two soloists from Floyd county are among area musicians who have already indicated they will perform at the seventh annual Our Appalachia Day, Saturday (Sept. 16) at Alice Lloyd College. They are:

“The Buddy Ratliff Group,” of Martin; “The Green Mountain Boys,” of Hi Hat; George Tucker, of Ligon, and Fiddlin Dewey Shepherd, of David.

The music will start at 10 a.m. and continue through the day. An arts and crafts exhibit will also open at 10 a.m. and continue through 6:30 p.m. At 4:30 p.m. the college will provide a traditional soup-bean supper. There will be folk dancing after supper from 6:30 to 8:00 p.m. All activities are free and open to the public.

New this year will be a baking contest.

Entries will be judged in seven divisions including cobbler, pies, cakes, old fashioned cakes, cookies, candies and breads. Entries should be in the hands of the judges by 2 p.m. on Our Appalachia Day. All entries will be served as part of the supper provided by the college. All are invited to bring a dessert to enter in the contest or just to share with the crowd. Persons are encouraged to bring an old fashioned dessert, along with information about the recipe.

Other musicians already scheduled to perform include:

“The Lonesome Valley Boys,” of Virgie; Sonny and Susan Houston, of Hemphill; Melva Jean Watkins, of Salyersville; “The Stone Family,” of Hindman; “The Kentucky Mountain Grass,” of Pinetop; “The Lonesome Mountain Boys,” of Topmost; “The Midnight Travelers,” of Pippa Passes; “The Pinetop Ramblers,” of Pinetop; Emma Smith and “The King’s Harbor Fishermen,” of Leburn; Doug Hutchens and “The Phuzz Street Knucklebusters,” of Pippa Passes, and Lummy Thornsberry, of Pippa Passes.

VA Not Connected With Offering Vets Free Burial Sites

The Veterans Administration has no connection with any cemetery offering so-called free burial space to a veteran. This reminder was issued today because of advertisements and letters making offers of free space circulating in the state.

The messages usually state that there are 29 million veterans and only two million burial sites in National Cemeteries. At this time the VA is planning more sites and even new cemeteries in states where none are located.

A VA spokesman pointed out that the VA provides burial allowances of \$250 for any honorably discharged veteran, and an additional \$150 for a plot allowance, if the veteran is not buried in a national cemetery.

The VA does not have any control over private cemeteries which advertise free plots for a veteran. However, it advises the veteran to read all of the material carefully, for in some cases while space may be free there are other requirements. These range from an additional purchase for a member of the veteran’s family to requirements for expensive vaults, as well as expenses of opening and closing the grave site.

NOTICE OF MEETING

There will be a regular meeting of the Floyd Fiscal Court to be held on Tuesday September 12, 1978 at 1:00 p.m. in the Floyd County Courthouse Annex Conference Room.

Only One Type of Diploma Planned for High Schools

Only one type of high school diploma would be awarded to high school students under a regulation adopted by the State Board for Elementary and Secondary Education at its quarterly meeting last week.

The regulation requires each student to satisfactorily complete high school graduation requirements established by the state board and by the local board of education, thus prohibiting local districts from awarding a diploma to exceptional children who cannot complete the requirements.

Chairman Henry Pogue of Fort Thomas said, “All diplomas in all districts should mean the same thing.” An attorney general’s opinion issued earlier said that school districts do not have the option of giving two types of diplomas, one for students completing

the regular course of studies and one for exceptional children.

The regulation will not prohibit local boards from awarding special recognition to students for their achievements.

After being approved by the state board, the regulation must be approved by the Legislative Research Commission. If requested, a hearing on the matter will be held.

All of the state's interim surface mining regulations have now been approved.

The Administrative Regulations Review Subcommittee last Wednesday filed two remaining regulations that had been held over from a similar meeting. The panel also agreed to amend a previously approved regulation.

Eugene Mooney, secretary of the state's Department for Natural Resources and Environmental Protection, asked that one sentence be removed from the first regulation considered. The regulation concerns prime farmland.

Mooney made the request because a federal judge has ruled against a similar part of the federal surface mining law.

Language in the sentence described prime farmland as that which has been in production of cultivated crops for at least five of the last 20 years.

The regulation was given approval after Mooney agreed to use language in the federal act which differed slightly from that the state had earlier drafted.

The second regulation concerned the surface effects of deep mines on two acres or less.

Joe Zaluski, an attorney representing the coal industry, was opposed to the regulation because he said the federal

act exempts operations of two acres or less and state law cannot be more stringent than federal law.

Mooney said that is partially true but he pointed out that the federal law does not address itself to permits and state law does. Following that reasoning, he said, the state should have the authority to regulate the small operations.

The legislators agreed with the secretary and approved the regulation.

Subcommittee members also agreed to amend a regulation concerning permitting requirements. There were no industry objections to the amendment.

GARRETT NEWS

Mr. and Mrs. Mark D. Howard, of Petersburg, Mich., and Mr. and Mrs. Henry Howard, of Ida, Mich., were the Labor Day week-end guests here of their sister, Dollie Duff. They also visited their sister-in-law, Effie Howard.

Mr. and Mrs. Larry Farmer and daughter, Jennifer, of Warren, Indiana, was the Labor Day week-end guest of their grandmother, Effie Howard, and Mr. Farmer's sisters, Brenda and Rita Boldins, also of Warren, accompanied them.

The fatality rate on the nation's highways since 1955 has fallen from 6.34 deaths per 100 million vehicle miles to 3.25 deaths by the end of 1977, according to the U.S. Department of Transportation.

**Grigsby and Welch
Opponents for Spot
On KHSAA Board**

Supt. of Floyd Schools E. P. Grigsby and Frank Welch, Belfry High School principal, are opponents in the race for the vacant seat on the Kentucky High School Athletic Association's board of control.

The vacancy developed when the board member representing Regions 15 and 16, Paul Timble, resigned his post as principal of Paintsville High School. Each school from the two regions are eligible to vote in the selection of his successor for the unexpired two-year term. After that, a member from the 16th region will be elected for the full four-year tenure.

At stake is the location of regional basketball tournaments.

PLAN FAMILY REUNION

There will be a reunion of the Kennis Spears family at the Kennis Spears family cemetery across from the mouth of Cherokee Creek, at Blaine, beginning on Sunday morning, September 24, at 11 o'clock. All family members are invited to attend, bring a basket of food, and enjoy the day. The Rev. Henry Crider will be the speaker for this event.

Joins First National

The First National Bank of Prestonsburg announced this week that John Leake, Jr. recently joined its staff as vice-president in charge of the Real Estate Mortgage Department. Mr. Leake, a native of Floyd county and a graduate of Prestonsburg High School, attended Alice Lloyd College and the University of Kentucky prior to entering the Army during World War II. He served four years and was discharged as a captain. He remained in the Army Reserve and is now a retired colonel. Mr. Leake's experience in all phases of real estate lending and investing was acquired during some 30 years with the Real Estate Investment Department of the Prudential Insurance Company of America in the South and Southeast. He also has experience as a real estate broker and commercial mortgage officer with a savings and loan association.

Revival To Begin Sept. 17 At Allen Methodist

A revival will begin at the Allen United Methodist Church, Sunday night, Sept. 17, and continue through Sept. 23, with services daily at 7 p.m. The guest-evangelist will be the Rev. A.A. Fredricks, of Inez. There will be special singing by Jerry B. Lafferty, Karen Marcum and Bonnie Spencer, The Reflections and others. The pastor, the Rev. Kenneth R. Lemaster, extends a warm welcome.

Bound Bodies Found in River In Perry County

The bodies of a man and a woman, bound together with barbed wire and weighted with an old plow, were found last Wednesday, floating in the Kentucky River, near Chavies, Perry county.

A train crew spotted the bodies floating about three feet beneath the surface and notified police.

A spokesman for the Perry County Rescue Squad, which recovered the bodies about a mile from the Chavies community, estimated they had been in the river for five to seven days.

State police said autopsies would be performed probably in Louisville. Lt. Ray Brittain, of the Hazard post, indicated that authorities know the source of the barbed wire and plow.

"We feel like we know where they came from, yes," he said. The officer would not elaborate, adding that no arrests have been made.

The victims' identities were unknown, he said.

Workshop To Clear Questions Relating To Unsafe Buildings

Cities and counties have been left in a quandary by the 1978 legislature as to what can and cannot be done about unsafe buildings.

The General Assembly replaced KRS.8620 to 8720 under a new act relating to counties.

This left local jurisdictions with no clear cut directions on how to carry out elimination of an unsafe building condition in their city or county.

Cities of the first, second and third class and counties have authority to adopt ordinances relating to the subject. In some instances ordinances already exist but are in reference to the repealed statute. Attorneys are asking if these are no longer valid.

To help resolve these and other questions, the Department for Local Government is sponsoring a one-day workshop September 11, at Rodeway Inn, Louisville, beginning at 9 a.m.

Notice of Intention To Mine

Pursuant to Application Number 036-5000.

1. In accordance with the provisions of KRS 350.065, notice is hereby given that Wade Coal Co., Harold, Ky., intends to file an application for the surface disturbance mining of approximately 2.30 acres located northwest of Harold in Floyd County. The proposed operation is approximately 2 miles northwest of State Route 1426's junction with Route 979 and located northwest of Sammy Clark Branch of Little Mud Creek, latitude 37-32'-37", longitude 82-40'-21". The surface of the area to be mined is owned by Fedd Conn, Betsy Layne, Ky. A brief description of the kind of mining activity proposed is: Deep Mining. The application will be filed at the Bureau of Surface Mining Reclamation and Enforcement, Prestonsburg Area Office, 431 S. Lake Drive, Prestonsburg, Kentucky 41653.

Persons wishing to file written objections and/or request a formal administrative hearing in regard to the above described surface mine should notify the Department for Natural Resources and Environmental Protection within 30 days of the date of this notice. The written objection must have attached a copy of the newspaper clipping, and reference the above application number. Such objection or request must be in accordance with KRS 224.081 (2) and must be forwarded to the Director of Permits, Bureau of Surface Mining Reclamation and Enforcement, Capital Plaza Tower, Frankfort, Kentucky 40601.

2. Notice is hereby provided pursuant to 30 CFR 715.13 (d) (10) and KRS 350 that the proposed post mining land use constitutes a change from the pre-mining land use: Interested citizens and local, State, and Federal Agencies are invited to review and comment, to the address listed above, on the proposed land use.

Come and hear about a place where there is no delinquency, no problems in the families, the entire family is Christian . . . A land where the preacher is pleaded with by the congregation to preach one more sermon—
Just one more! A place with no divorce, no stealing, or other crime.
A dream, you say—not so— Come hear Bro. Louis Hall tell about such a place.
Christianity makes a difference.

Louis D. Hall is a native of Eden, N. C. After graduation from high school there he enlisted in the U.S. Army where he served for two years on active duty during the Korean conflict. He enrolled in Cincinnati Bible Seminary in 1957 and graduated in 1961. He has held ministries in Ohio, Michigan, Tennessee, and for the past 13 years, he has preached in North Carolina. Most of Bro. Hall's ministry has been in general evangelism. He has traveled to 12 foreign countries and 32 states to preach the Word.

For the past four years, Hall has served as travelling evangelist for Southeast Asia Evangelizing Mission. This work has taken him into India, Thailand, Burma, Viet Nam and Hong Kong on four different tours of service. He is also a private pilot and a Chaplain with the rank of 1st Lieut. in the Civil Air Patrol. Hall is married and has three children.

CARD OF THANKS

The family of Bill Branham, Jr. wishes to thank all those who did so much to help us through our recent bereavement. We especially thank those who brought food and sent flowers; the Rev. Kaminski Robinson and Rev. Cohen Campbell; Billy Jean Osborne and the Betsy Layne High School chorus, and the J. W. Call & Son Funeral Home. The prayers and expressions of sympathy meant so very much.
Mrs. Willie Branham Caldwell and Family.

Patrick-Nelson

Mr. and Mrs. Harold Patrick, of Salyersville, announce the marriage on July 22, of their daughter, Sheila, to Kenneth Nelson, son of Mrs. Shirley Nelson, of Auxier, Ky. They are now residing in Ivyton, Ky.

Rebekahs State Official Honored by Lodge Here

Mrs. Theckley Short and Mrs. Joyce Allen were hostesses at a party held Tuesday evening in the dining room of the I.O.O.F. Lodge hall, honoring Mrs. Mabel Jean Lemaster, vice-president of the Rebekah State Assembly. Mrs. Lemaster was presented by the hostesses a money tree in which members had participated, also a gift from master James Kenneth Allen, a former student of Mrs. Lemaster's. Refreshments were served.

Mrs. Lemaster has been a member of Miriam Rebekah Lodge No. 31, for 38 years. During that time she has served as noble grand, district president, lodge deputy and was secretary for 26 years. She was named "Rebekah of the Year" in 1977.

She was appointed inside guardian at the Rebekah State Assembly in 1954, assembly page in 1962, assembly marshal for 1975-1976. In October, 1976 she was elected assembly warden and in October 1977 vice-president of the Rebekah State Assembly. She will preside as president of the State Assembly when it convenes next month. She will attend the annual session of the Sovereign Grand Lodge, International Association of Rebekah Assemblies, in San Antonio, Texas, Sept. 17-22.

IN APPRECIATION

The family of Maggie Hatfield Stricklin would like to thank the many people for the food and flowers, and special thanks to Triple Elkhorn Mining Co. for the special things they did. Also thanks to Sue Martin for all that she has done.
Thank you.

Notice To All U.M.W.A. Members District 30

I would like to take this opportunity to remind you of our District 30 election, Thursday, September 28, 1978. This is the time that you, the membership, will be in charge of electing, for office of Secretary Treasurer of District 30, the person that you can be confident in, who will strive for you in every way possible. I am a graduate of Fed's Creek High School and attended Kentucky Business College at Pikeville, Kentucky. My only employment has been in the coal industry, except for the time spent in the United States armed forces. I am the son of Reverend Curtis Justice who is a retired member of Local Union 8045. I have been active in the Local union as mine Committeeman, Financial Secretary, and Vice-President. I also served as a delegate to the 47th Congressional Convention. I am a member of Local union 2267. If I am elected your District 30 Secretary Treasurer I will be available day or night to serve both active and retired members to the best of my ability. Your vote and support will be greatly appreciated. Best wishes and kindest regards to you and your membership.
Fraternally yours,
Bobby Ray Justice

Three Floyd Grid Teams Lose

It was a Bad Day at Black Rock for all three of the county's varsity football teams last week.

The Prestonsburg Black Cats dropped their first game of the season Friday night to the visiting Pikeville Panthers who outran them to a 27-0 decision. The Cats next face Johnson Central at Paintsville and are not in top physical condition, with two regulars, Estill Carter and Dwayne Rodebaugh, injured in the Pikeville game.

The Wheelwright Trojans, who were undefeated last year in their division, lost their third game of the new season to highly regarded Belfry, 22 to 6, and the young Betsy Layne Bobcats were swamped by a much-improved Elkhorn City team, 61 to 0.

Allen Central, which is not playing a varsity schedule, defeated Knott County Central, 28-26, in an overtime.

The schedule for this coming Friday:

Prestonsburg at Johnson Central, Wheelwright at Greenup, Breathitt County at Morgan County, West Carter at Lewis County, Maysville at Rowan County, East Carter at Lawrence County, Montgomery at Russell, Fairview at Ashland, Mullins at Virgie, Belfry at Pikeville, Paintsville at Jenkins, Johns Creek at Whitesburg, Fleming-Neon at Elkhorn City, Phelps at Lenore, W. Va.

Last Week: Results

Pikeville 27, Prestonsburg 0; Elkhorn City 61, Betsy Layne 0; Belfry 22, Wheelwright 6; Paintsville 76, Mullins 0; Russell 14, Johnson Central 0; Breathitt County 30, Cumberland 3; Crum, W. Va. 8, Johns Creek 6; Lynch 20, Fleming-Neon 0; M. C. Napier 6, Morgan County 0; Virgie 20, Phelps 14; Raceland 21, Lawrence County 0; Ironton, Ohio 34, Ashland 2; Greenup County 7, Lexington Bates Creek 6; Hazard 21, Cawood 14; East Carter 22, West Carter 13.

Former P'burg Man Named Nat. Service Officer by DAV

Hershel Joseph, of Louisville, formerly of Prestonsburg, has been named one of four National Service Officers appointed nation-wide by the Disabled American Veterans organization.

Prior to his appointment as National Service Officer, Joseph served as Kentucky DAV adjutant and director of the Floyd County Chapter, American Red Cross. The 30-year-old Joseph served with the U.S. Army in Vietnam where he was seriously wounded in 1969.

A son of Mr. and Mrs. Corbin Joseph, of Prestonsburg, he and his wife, Bonnie, have three children, Jayne, Stephanie, and Hershel, Jr.

Health Dept. Offers Weight Control Program

The key to effective weight control is keeping food intake and physical exercise in balance. However, lack of exercise, as opposed to overeating, is more often the cause of overweight. Exercise can be fun, provide recreation, and offer opportunity for companionship. The man or woman who exercises will maintain a better state of physical fitness and keep active and healthier longer.

The Floyd County Health Department offers a program of exercise and diet for the overweight in their Weight Control Class held every Tuesday night at 6:30 p.m. in the basement of the health department. There will be a fee of ten cents per weekly visit.

Highlands Regional Plans Fair Displays

The life-saving treatment for kidney failure, hemodialysis, will be one of the interesting displays presented by Highlands Regional Medical Center at the Floyd County Fair this week.

A dialysis machine will be on display at the hospital's booth from 5 p.m. to 8:30 p.m. today (Wednesday), Thursday and Friday. Highlands Regional has six of the machines that are used by a number of local residents in regular treatment schedules. Technicians from the hospital will be available at the fair to explain the dialysis machine.

In addition to the dialysis machine, Highlands Regional has a variety of displays, handouts and film material.

This year's fair-goers will have a chance to have their blood typed free of charge by qualified technicians. Also available at the Highlands Regional booth, which is being presented in conjunction with the Big Sandy Chapter of the Kidney Foundation of Central Kentucky, will be a film on kidney disease. The Foundation will be selling Tootsie Roll filled banks to raise money for its activities.

Other displays by the hospital include a heart monitor and a slide show featuring the Medical Center.

M.Y.F. TO MEET

The Floyd county sub-district M.Y.F. will meet at the Betsy Layne Methodist Church at 7 p.m. Monday, Sept. 18, for its monthly meeting. The film, "Eighteen," will be shown. All groups are urged to attend.

How to stop wondering about your next electric bill.

If you'd like to smooth out the ups and downs of your electric bill, we have a way.

It's called the Equal Payment Plan.

And it's simple. We average out your electric usage and bill you a fixed amount each month based on that average. You'll continue to receive a bill each month showing your actual usage, but you'll pay the fixed amount.

The twelfth month is "settle-up" or final payment month.

We'll automatically review your account every six months, so that you'll know whether your electricity costs are going up, or down, or staying about the same.

If an electric bill you can budget for sounds like a good idea (and it does appeal to a lot of our customers), simply contact us. We'll take it from there.

Receives Doctorate

Among the graduates at Florida State University's June 10 Commencement was Brenda Crager Helton, native of Prestonsburg. Mrs. Helton received the Doctor of Philosophy degree in the design and management of postsecondary education. Her dissertation concerned the volume, source and administrative burden of information demands imposed on colleges and universities by state and federal agencies.

Mrs. Helton was valedictorian of the 1965 graduating class at Prestonsburg High School and received a scholarship to Morehead State University. She continued her education at Indiana University and was graduated with distinction in 1969 with a B.S. degree in health and physical education. While teaching at Pikeville College, she earned a Master of Higher Education degree from Morehead State University in 1971. Mrs. Helton maintained a perfect academic standing throughout her master's and doctoral studies.

Dr. Helton has been a staff member of the Kentucky Council on Higher Education since November, 1973, where she is currently associate director of academic programs. She is the daughter of Mrs. Marietta Crager, Prestonsburg, and the wife of George Helton, Frankfort and Paintsville certified public accountant.

Eastern Ky. Mack Donates Truck

From left—Larry Whitt, Jesse Conley, C. W. Combs, J. R. McClung.

A brief presentation at Eastern Kentucky Mack here recently marked a contribution to the Mayo Vocational School in Paintsville.

The contribution was a 1969 Mack truck, which will be used to provide "Hands On" training to students enrolled in the school's diesel mechanics course. The donation by Eastern Kentucky Mack is to help the institution in its efforts to prepare students for careers in the trucking industries.

Making the presentation on behalf of Eastern Kentucky Mack were Larry Whitt, division manager and J.R. McClung, president of Worldwide Equipment. Accepting on behalf of Mayo School were Jesse Conley, director, and C. W. Combs, assistant director.

Vocational Ed Centers Get ARC Funds To Stress Mining

Gov. Julian M. Carroll has announced that a \$110,920 Appalachian Regional Commission grant has been approved for funding of conversion of existing vocational education programs in Breathitt, Lee, Clay, Letcher and Bell counties.

According to Kentucky Development Secretary William L. Short, Carroll's alternate representative to the commission, the funds will be used to update educational programs in Area Vocational Education Centers to put more emphasis on mining careers.

"This is an important step toward meeting the expanding manpower requirements in these five Appalachian Kentucky counties," Short said. He said projections by various sources of the demand for new mine workers in the entire state during the period of 1977-1985 range between 12,060 and 16,594 workers.

The Bureau of Mines and Minerals projects for Eastern Kentucky a need of 12,068 new workers who will require 48

hours of entry-level training in mine safety.

"The time to train miners is now, so that Kentucky may be prepared for the significant increase in demand of coal which is expected to occur," Short said.

One project will involve the conversion of drafting programs previously offered at the Lee and Clay county centers and of the appliance repair program at the Breathitt County center into mining careers programs. The programs will accommodate some 30 secondary students per center per year.

The other project calls for the conversion of existing auto mechanics programs at Bell and Letcher centers into programs on diesel mechanics programs. Diesel mechanics is an integral part of coal mine equipment maintenance. This project will also serve 30 secondary students per center on an annual basis.

KET To Profile Martin

State Senator Robert R. Martin, former president of Eastern Kentucky University, talks with former Governor Bert Combs on "Distinguished Kentuckian" Tuesday, September 19 at 9 p.m. (ET).

Martin has had a long career as a public servant. He and Combs reflect on his accomplishments, discuss his future as a senator, and explore his thoughts on Kentucky's future.

NOTICE TO PUBLIC

Big Sandy RECC has filed with the Public Service Commission (PSC) of Kentucky an application to adjust its rates in order to comply with PSC's regulation relative to the Fuel Adjustment Clause as defined in Case No. 6877. The basis for the increase in the base rate is limited to the wholesale power supplier's revision of its Fuel Adjustment Clause. The increase in base rates is limited to the amount of the reduction of the Fuel Adjustment Rate and in no way affects the actual cost of power to the consumer.

A public hearing concerning our application will be held at the offices of the Public Service Commission of Kentucky, 730 Schenkel Lane, P.O. Box 615, Frankfort, Kentucky, on September 27, 1978, at 10:00 A.M. E.D.T. The following rates in condensed form are as follows:

Physical Assessments Slated by Health Care

The Big Sandy Health Care screening team will be doing physical assessments at its Prestonsburg clinic, Sept. 13 and 14. The assessment will include vision testing, hearing testing, hematocrit, urine testing and a complete physical exam.

If a medical card is brought, the child will be seen without charge; otherwise, a fee is charged. The legal guardian must be present for the child to be seen.

Dance To Be Held Davis Memorial Fund

Area residents will have a chance to enjoy themselves and contribute to a worthy cause Saturday night, Sept. 23, at a dance sponsored by the Charles Davis Memorial Trust Fund at the National Guard Armory, near here.

The fund was originally established to raise money to help pay the costs of a heart transplant for 16-year-old Charles Davis, of Van Lear, son of the Rev. Orin Davis. The youth died last month before he was able to receive the transplant.

Miss Billie Post, social services director at Highlands Regional Medical Center here, and one of the directors of the Memorial Trust Fund, said efforts to raise money for the fund will continue.

"Money raised will be used to help other area residents in life-threatening situations who are not otherwise able to get medical care," according to Miss Post.

The Spring Water Band of Prestonsburg will provide the entertainment, featuring both rock and country music. The band has donated their services for the dance. The dance will be held from 8:00 p.m. until midnight at the National Guard Armory in Prestonsburg which has also been donated for the night.

Notice to Public of Request for Release of Funds

THE SECTION 407 FLOOD DISASTER PROGRAM APPLICANT: Floyd County and City of Prestonsburg, Kentucky, in care of Anna Jean Tackett, Coordinator, Prestonsburg C.D. Agency, 6 Court Street West Prestonsburg, Kentucky 41653

TO ALL INTERESTED AGENCIES, GROUPS, AND PERSONS:

On or about September 23, 1978, Floyd County and the City of Prestonsburg will request the U.S. Department of Housing and Urban Development to release federal funds under Title I of the Housing and Community Development Act of 1974 (as amended) to be used for the Section 407 Flood Disaster Program.

PROJECT DESCRIPTION: The applicant proposes to provide assistance to households on the HUD Disaster Field Office (DFO) case load on a priority basis. Such efforts include assistance in leasing mobile home sites and provision of water, sewer, and site preparation to accommodate the mobile home. The second priority includes relocation of mobile homes out of group sites for which license by state authorities is unavailable. For those families, the above noted infrastructure will be provided plus minimal transport and set-up costs. (Transport will be provided by the DFO for families still on the DFO case load.) If funds remain, a third level of assistance will be provided for those already relocated into unsatisfactory circumstances. The total grant amount is budgeted at \$160,000.

An Environmental Review Record respecting the project has been made by Floyd County and the city of Prestonsburg which documents the environmental review of the project. This Environmental Review Record is on file at the above address and is available for public examination and copying, upon request, at the PRESTONSBURG COMMUNITY DEVELOPMENT OFFICE during normal working hours. Floyd County and the city of Prestonsburg will undertake the project described above with Block Grant funds from the U.S. Department of Housing and Urban Development (HUD). Floyd County and the city of Prestonsburg is certifying to HUD that Floyd County and the city of Prestonsburg and Yvonne S. Jones in her official capacity as Judge-Executive of Floyd County and Harold Cooley in his official capacity as Mayor of the city of Prestonsburg, consent to accept the jurisdiction of the federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision-making, and action; and that these responsibilities have been satisfied. The legal effect of the certification is that, upon its approval, Floyd County and the city of Prestonsburg may use the Block Grant funds, and HUD will have satisfied its responsibilities under the National Environmental Policy Act of 1969. HUD will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following basis: (a) that the certification was not in fact executed by the chief executive officer or other officer of applicant approved by HUD; or (b) that the applicant's environmental review record for the project indicates omission of a required decision, finding, or step applicable to the project in the environmental review process. Objections must be prepared and submitted in accordance with the required procedure (24CFR, Part 58) and may be addressed to the Federal Department of Housing and Urban Development at P.O. Box 1044, Louisville, Ky. 40201. Objections to the release of funds on basis other than those stated above will not be considered by HUD. No objections received after September 30, 1978, will be considered by HUD.

CHIEF EXECUTIVE OFFICERS
Yvonne S. Jones, Judge-Executive
Floyd County, Ky.
Harold Cooley, Mayor
Prestonsburg, Ky. 41653

it.

Constitution Week is being celebrated September 17th through 23rd. In the Preamble of the Constitution of the United States, our founding fathers wrote their purpose, "to secure the blessings of liberty to themselves and their posterity." The Daughters of the American Revolution recommend teaching our youth the virtues of and a dedication to the preservation of our American heritage.

Exhibit Features Art of Mrs. May

Mrs. Sue May, of Prestonsburg is pictured with two of her paintings which are currently on display at the Floyd County Library here. The exhibit, which will run through Sept. 23, also includes works in water color, pencil and charcoal.

BAPTIST WOMEN MEET

Women of Irene Cole Memorial Baptist Church met at the home of Mrs. Lois Williams, Monday evening, Sept. 4. The president, Mrs. Julia Curtiss, presided at the business session. In a candlelight service, Mrs. Janice Pack, used the theme, "Ye are the light of the world," from Matt. 5:14, when she installed the following officers and leaders for the year 1978-79: President, Mrs. Patsy Evans; vice-president, Mrs. Pat Minns; secretary, Mrs. Helen Clark; treasurer, Mrs. Julia Harrington; program chairman, Mrs. Shirley Branham; prayer chairman, Mrs. Lucy Regan; mission study chairman, Mrs. Ruth Isbell; mission in action chairman, Mrs. Opal Dingus. Following the meeting the hostess served a desert course to Mesdames Nawonie Conley, Deliah Nolan, Myrtle Peters, and Pearl Crum, and members, Mesdames Janice Pack, Patsy Evans, Pat Minns, Helen Clark, Julia Curtiss, Eva Collins, Lucy Ransdell, Docia Woods, Charlene Nunn, Lucy Regan, Beatrice Collins, and Opal Dingus.

IN LEXINGTON HOSPITAL

Mrs. Fannie S. Jarrell is a patient at St. Joseph's Hospital, Lexington. Mrs. Jarrell's room number is 426. She would be glad to hear from her relatives and friends.

HAVE HOUSEGUESTS

Mr. and Mrs. Victor Hale had as their houseguests last week her sisters, Mrs. H. T. Parrish, of Stamping Ground, and Mrs. Belva Hockensmith, of Lexington, and her niece, Miss Michelle Hamilton, of Seattle, Washington. During the Labor Day week-end Mr. and Mrs. Hale had with them, their daughter, Mrs. George Letton, Mr. Letton and daughter, Laura, of Dayton, Ohio.

The first proposal for federal legislation to provide old age pensions was in 1907, made by Congressman William B. Wilson (D-Pa.), who became the first Secretary of Labor in 1913, according to the U.S. Labor Department booklet, "Labor Firsts in America."

Gabe Kaplan, CF Chairman

Gabriel Kaplan, perhaps better known as "Kotter" to the millions who view his television series, has once again renewed his commitment to the Cystic Fibrosis Foundation by accepting the National Chairmanship for 1978.

Early in the year Kaplan met with National foster child Robbyn Fox, to make the CFF's educational and fund-raising TV and radio spots which are currently being aired.

Approximately one of every 1,500 babies are born with Cystic Fibrosis, which is still incurable. C-F is inherited when both parents are carriers of the recessive gene which causes C-F. It is believed that ten million Americans are symptomless carriers of this gene. Current research funded by the Cystic Fibrosis Foundation is seeking a practical test to identify these carriers, as well as a cure for C-F and better methods of treatment for all lung-damaging diseases.

Kentucky Fishing Report

Frankfort, Ky., Sept. 11—Reports from the state's 15 major lakes indicate that anglers willing to fish early and late and deep can expect fair to good stringers of crappie and black bass. The lake-by-lake rundown, as compiled by the Kentucky Department of Fish and Wildlife Resources:

CUMBERLAND—Crappie fair to good over submerged cover on the upper lake and in deep coves on the lower lake in 20 to 30 feet of water; black bass fair early and late on the lower lake still fishing crawfish off rocky points, early mornings on the upper lake on surface lures and by trolling deep runners with some walleye off deep banks and points; white bass fair on the lower lake in jumps and by trolling deep runners off deep banks and points; in tailwaters, trout good with scattered limits; clear to murky to muddy, falling, 25 feet below the timberline and 82 degrees.

BARREN—Crappie fair to good over submerged cover in 8 - 12 feet of water; black bass good on the lower lake casting artificial nightcrawlers and still fishing crawfish off deep points, deep drop-offs and submerged road beds; in tailwaters, trout fair; clear to murky, stable at pool and 79 degrees.

LAUREL—Trout good at night still fishing worms and nightcrawlers off deep banks; crappie fair around stick ups; clear, falling slowly, six feet below power pool and 79 degrees.

GREEN—White bass good trolling deep runners over flats; bluegill fair off points and over drop-offs and submerged cover; in tailwaters, trout fair; clear, stable at pool and 80 degrees.

ROUGH RIVER—Crappie fair to good over submerged cover and around stick ups; black bass slow to fair on artificial nightcrawlers off points and over drop-offs; clear, stable at pool and 85 degrees.

HERRINGTON—Crappie fair over submerged cover and around stick ups; black bass fair late afternoons on ar-

tificial nightcrawlers in inlets and bays and off deep banks; clear, stable, two feet above pool and 78 degrees.

BUCKHORN—Bluegill fair in inlets and bays; black bass fair on crank baits off deep points; in tailwaters, catfish and trout slow; clear, stable at pool and 81 degrees.

KENTUCKY—Sauger fair trolling deep runners and drifting minnows over ridge tops; black bass fair on spinner baits off rocky points, in inlets and bays and over stump beds; in tailwaters, catfish and sauger fair; clear, stable, 2.5 feet below pool and 81 degrees.

BARKEY—Black bass fair on surface lures and artificial nightcrawlers in inlets and bays; crappie slow to fair and improving over submerged cover and drop-offs; in tailwaters, catfish and crappie fair; clear to murky, stable, three feet below pool and 80 degrees.

CAVE RUN—Musky fair on deep runners casting in timbered coves and trolling over main channel; black bass slow late afternoons and at night on live and artificial nightcrawlers off deep banks; clear, stable, two feet below pool and 82 degrees.

DALE HOLLOW—White bass fair on plunker and fly combination in the jumps; crappie slow over submerged cover; clear, falling, 4.5 feet below pool and 81 degrees.

FISHTRAP—Crappie fair and white bass slow still fishing minnows over submerged cover and around stick ups; clear, stable at pool and 83 degrees.

NOLIN—White bass slow trolling deep runners over flats; black bass slow at night on artificial nightcrawlers over drop-offs; in tailwaters, trout fair; clear, stable at pool and 82 degrees.

GRAYSON—Black bass slow and improving on medium deep runners and spinner baits off mud banks and over submerged cover; crappie slow around stick ups; in tailwaters, trout fair; clear, stable at pool and 80 degrees.

DEWEY—Crappie slow around submerged tree tops and stick ups; clear to murky to muddy, rising, six inches above pool and 82 degrees.

Allen Central Rebels Down Knott Patriots In Two Overtimes

The Allen Central Rebels football squad defeated the Knott county Patriots 26-20 on Wednesday in two overtimes on the Patriots' home field.

The Rebels threatened four times the first half and managed to capitalize on 2 of those threats with runs of 15 yards and 10 yards out. The Rebels were successful on one of two 2-point conversions. Steven Lafferty scored the first touchdown, and Tom Caudill scored the second touchdown. Darrell Allen ran for the 2-point conversion.

The Rebel defense held the Patriots scoreless the first half.

Due to minor injuries to running backs Steven Lafferty and Tom Caudill in the second half, the Rebels were unable to sustain any serious offensive threats. In the meantime, the afternoon heat began to take its toll on the Rebel players. In the third and fourth quarters, the Patriots scored two touchdowns and one 2-point conversion, tying the game at 14-14 at the end of regulation time. In the first overtime, both teams scored a touchdown, the Rebels on a yard run by Darrell Allen. Both teams missed the 2-point conversion. In the second overtime, the Rebels managed an 8-yard touchdown, again run by Darrell Allen, to capture the victory.

The Coach Jim Hopkins and Roger Johnson commented that they were generally pleased with the overall play of the Rebels, but noted a few areas to be worked on to improve the team.

The Rebels' record stands at 1-0. The next game the Rebels will play is against the Prestonsburg Blackcats on September 11 at 6 p.m. at the Prestonsburg high school football field.

Motor vehicles in the U.S. consume about 328 million gallons of gas each day, according to the Federal Highway Administration.

THE BEATITUDES

From The Sermon on the Mount:

Blessed are the poor in spirit: for their's is the kingdom of heaven.
Blessed are they that mourn: for they shall be comforted.
Blessed are the meek: for they shall inherit the earth.
Blessed are they which do hunger and thirst after righteousness: for they shall be filled.
Blessed are the merciful for they shall obtain mercy.
Blessed are the pure in heart: for they shall see God.
Blessed are the peacemakers: for they shall be called the children of God.
Blessed are they which are persecuted for righteousness' sake: for their's is the kingdom of heaven.
Blessed are ye, when men shall revile you, and persecute you, and say all manner of evil against you falsely, for my sake. Rejoice, and be exceeding glad: for great is your reward in heaven: for so persecuted were the prophets which were before you.
Ye are the salt of the earth: but if the salt have lost his savour, wherewith shall it be salted? it is thenceforth good for nothing but to be cast out, and to be trodden under foot of men.
Ye are the light of the world. A city that is set on an hill cannot be hid.
Neither do men light a candle, and put it under a bushel, but on a candlestick; and it giveth light unto all that are in the house.
Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven.

Spotlight on State 4-H Horse Show

Each year the top 4-H equestrians in the state converge on Louisville the weekend just prior to the opening of the Kentucky State Fair to participate in the annual Kentucky 4-H Horse Show. The grooming and preparation for the appearance in the various events of the show

always hold an excitement that near rivals the actual participation. The 1978 show was three days long and was staged in the Kentucky Exposition Center in Louisville. These photos portray activities of but a small part of the participants as they prepped for the entrance in the show ring.

"HEY! DO I REALLY NEED A SHAVE?"—"Stellar Event," appears to be posing the question as her owner, Beth Saltsman, (left) 15-year-old Glasgow 4-H'er, applies the clippers in preparation for the horse's appearance in the show ring. Lending a hand at holding the horse steady is Beth Page, another 15-year-old Glasgow 4-H'er.

"HOLD STILL! I'M MAKIN' YOUR HOOVES PRETTY!"—Mike Bowling, 17-year-old Boyd County 4-H'er from Ashland, paints the hooves of his horse, "Golda's Pride," before riding out into the arena in the walking horse division of the state 4-H Horse Show. It's a must to have the horse's hooves shine just like the boots of the rider.

WHAT'S A GOAT DOING AT A HORSE SHOW?—"Julie," a milk goat, seems a bit out of place in the barn area at the 1978 Kentucky 4-H Horse Show, but she's really "right at home," for she's the traveling mascot of a horse entered in the show by Heather Mathes. Heather, a Nicholas County 4-H'er, is the daughter of Mr. and Mrs. W. C. Mathes of Carlisle. The young miss participated in the annual show, which is held on the weekend prior to the opening of the Kentucky State Fair in Louisville.

"WONDER WHO'S TAKING CARE OF WHOM?"—Janice Watkins, 16-year-old daughter of Dr. and Mrs. James Watkins, Lexington, catches a few winks in the barn area at the 1978 Kentucky 4-H Horse Show in Louisville, as she awaits her turn in the show ring. Her horse, "Star of Freedom," appears to be standing guard over the young miss. But Janice had a tight hold on the reins despite her snooze.

A HORSE NEEDS SPRUCIN' UP FROM HEAD TO TAIL—Betsy Plattner, 14-year-old Campbell County 4-H'er, lovingly braids the tail of her saddlebred horse, "Royal Senior," before going into the ring at the 1978 Kentucky 4-H Horse Show. Betsy is the daughter of Mr. and Mrs. Kenneth Plattner of Camp Springs.

ENROLLS AT ACADEMY

BYFIELD, Mass.—Governor Dumer Academy will open its academic year Sept. 12 with an enrollment of 332 students including 115 new enrollees. Of the new incoming students, 60 will be freshmen making this one of the largest classes ever.

Attending for the first time this fall will be Paul T. Coombs, son Mr. and Mrs. Allen T. Coombs, of Langley.

Did you know that of a total of twenty-six amendments to our Constitution, three of them are directly concerned with insuring the right of citizens to vote? This is evidence that the Constitution is a working basis for government—not just a static document. The Daughters-of-the-American Revolution urge you to celebrate Constitution Week, September 17th through 23rd, by resolving to be a citizen who votes responsibly.

Under the Federal Ports and Waterways Act of 1972, the U.S. Coast Guard has full authority over ships of any flag operating in U.S. waters to enforce regulations designed to prevent oil spills or other marine hazards.

There are more than 5 million motorcycles registered in this country according to figures compiled by the U.S. Department of Transportation.

Completes Training

Yeoman 2nd Class Maynard Crum, U.S.N., native of Allen, graduated from Naval Submarine School at Groton, Connecticut, recently and will be stationed at Charleston, South Carolina. Notice of Intention To Mine

Pursuant to Application Number 036-008.

1. In accordance with the provisions of KRS 350.055, notice is hereby given that: Diamond Capitol Mining Co., Box 235, Allen Ky. 41601 intends to file an application for the surface disturbance mining of approximately 19 acres located North of Arkansas in Floyd County. The proposed operation is approximately 2 miles North of State Route 80's junction with Old County Road in Martin and located West of Beaver Creek Latitude 37 35' 05" Longitude 82 44' 05". The surface of the area to be mined is owned by: Delmer Bentley Rt. 2, Allen Ky. A brief description of the kind of mining activity proposed is: Contour Stripping. The application will be filed at the Bureau of Surface Mining Reclamation and Enforcement Prestonsburg Area Office, Prestonsburg, Kentucky.

Persons wishing to file written objections and/or request a formal administrative hearing in regard to the above described surface mine should notify the Department for Natural Resources and Environmental Protection within 30 days of the date of this notice. The written objection must have attached a copy of the newspaper clipping, and reference the above application number. Such objection or request must be in accordance with KRS 224.081 (2) and must be forwarded to the Director of Permits, Bureau of Surface Mining Reclamation and Enforcement, Capital Plaza Tower, Frankfort, Kentucky 40601.

2. Notice is hereby provided pursuant to 30 CFR 715.13 (d) (10) and KRS 350 that the proposed post mining land use of Woodland constitutes no change from the pre-mining land use: Interested citizens and local, State, and Federal Agencies are invited to review and comment, to the address listed above, on the proposed land use.

Mine Safety Day Slated at Park

Coal mine safety personnel from Eastern Kentucky will be participating in mine rescue and first-aid contests at the Big Sandy Safety Day event at Archer Park here, Sept. 15 and 16.

H.N. Kirkpatrick, commissioner of the Kentucky Department of Mines and Minerals, said the purpose of the contests is to give rescue and first-aid teams "another opportunity to prepare themselves for something we hope doesn't happen."

The contests will consist of simulated mine accident situations. Teams will be graded on their ability to solve a variety of problems, Kirkpatrick said.

The first contest in a series of state events was Harlan Safety Day, Sept. 9, at Southeast Community College at Cumberland. Mine rescue teams competed.

Western Kentucky Safety Days will be Sept. 22 and 23 at Earlington High School. Both mine rescue and first-aid teams will participate.

The state contest is scheduled Sept. 29 and 30 at the new Kentucky Horse Park in Lexington with mine rescue and first-aid teams competing.

All events are open to the public.

'Stephen Foster Story' Ends Its 20th Season

"The Stephen Foster Story" closed its 20th season Sunday evening, Sept. 3, after having played to a total of 73,453 persons.

"This was one of our best seasons," says Bert Ballard, the outdoor drama's general manager. "In spite of several days of adverse weather, we've managed to set some new records this summer."

Notable is the fact that the show broke its single-day attendance record on two successive Saturdays in August.

The Paul Green musical will open its 21st season next June 9.

Officers Foil Jail Break Try

Although three prisoners had successfully sawed through two bars of their cell at the Floyd county jail, Tuesday afternoon, they weren't even close to escaping.

The prisoners' long hours of scheming and considerable expenditure of "elbow grease" went for naught when they were caught in the act by a fellow "prisoner," State Police Trooper Forsythe, who, dressed in plain clothes, patiently observed the activity of the three until the time was right to foil their plan.

Jailer Lawrence Hale, who was alerted to the escape plans early in the afternoon, informed law officers, including Forsythe, who was "planted" in the cell area of the planned break. Arrested by Forsythe, Sheriff Doug Lewis, County Detective Sam Hale, Jailer Hale, Deputy Jailer Charles Clark and State Troopers Delmar Lafferty and Shelton were Dwayne Williams, of Harold, and Jeff Mullins, of Drift, both of whom were in jail on robbery charges, and Rocky Garner, of North Carolina, who was serving time for a number of charges stemming from a shooting fray of some months ago with State Trooper Don Weedman.

Jailer Hale said a search of the jail turned up three "billy clubs," which had been made by rolling up successive layers of wet magazines, and a single hacksaw blade which had apparently been smuggled into the jail.

Hale said the prisoners would be charged with attempt to escape jail by state police today (Wednesday).

Others booked at the county jail over the past week, charges against each, and arresting officers follow:

Charles Harris, assault on a police officer, by Park Ranger Phillip Neeley; Robert Hensley, assault on a police officer and drunk driving, by Park Ranger Phillip Neeley; Arthur Hurd, drunk driving, by Prestonsburg Policeman Kilgore; William D. Nelson, drunk driving, by State Trooper Stephens; Ernest Hall, theft by unlawful taking, by Deputy Sheriff Randall Lewis; Allen D. County Firemen Form Ass'n To Improve Service

Members of nine fire departments from all parts of the county met at the Maytown grade school cafeteria Thursday, Aug. 24, to organize the Floyd County Firefighters Association.

By forming a county-wide organization, the firefighters feel that they can give better service to the county by helping each other. For example, becoming familiar with the various types of equipment each department uses will speed up assistance when there are mutual aid calls.

Funding presents a serious problem for some of the county departments. "One department was forced to pass a hat around to get enough money to respond to a call—this is no way to get things done," says Ricky Davis, of the Prestonsburg Fire Department, who was elected publicity chairman at the association's first meeting.

The importance of volunteer firemen was discussed. "These men risk their lives for nothing more than a job well done," says Davis.

Temporary board members of the association are Edward F. Robinson, Maytown, Robert Campbell, Martin, Danny Stephens, Allen, Hershell Hamilton, Mud Creek, Lee Johnson, Wheelwright, Paul Burke, Prestonsburg, Howard Ferguson, Auxier, Owen Short, Left Beaver, and James George, Betsy Layne.

The next Firefighters Association meeting will be at the Allen Fire Department on Monday, Sept. 18 at 7 p.m. Anyone wanting further information is asked to contact one of the board members.

Pupil Testing Guidelines Approved by State Board

The State Board for Elementary and Secondary Education Wednesday approved guidelines to help local school districts implement the Educational Improvement Act and bring competency testing into Kentucky schools.

Under the provisions of House Bill 579 passed during the 1978 legislature, more than 224,000 students in grades three, five, seven and 10 will be tested during the current school year. Local districts will develop educational improvement plans to address educational weaknesses demonstrated by their students during testing.

Dr. Donald Van Fleet, head of the Office of Research and Planning which will coordinate the testing of Kentucky's school children, emphasized positive aspects of the legislation for board members. Having no graduation requirements or promotional policy based on test scores will

make Kentucky's educational improvement plan much sounder than plans tried in other states, Van Fleet said. Evaluations of teachers for tenure will not be based on their students' test scores either, he said.

James B. Graham, state superintendent of public instruction, expressed some reservations with the law. "I feel the program is too broad. Testing in reading and math would have been enough for the first year," he said. The legislation calls for testing in six basic skills areas: reading, writing, spelling, mathematics, language arts and the development of learning skills.

Graham said that the education board had been working on a plan for competency testing prior to passage of the legislation that was "much more educationally sound." Graham cited the delay of implementation for another year and greater funding for remediation as improvements that could have been made in the law.

Graham cautioned educators and the public not to "view it (the Educational Improvement Act) as the panacea for all educational ills."

Department officials emphasized the lack of funding for the program. The Department of Education will receive \$338,000 during the first year for testing and \$1.75 million during the second year for remediation.

But no funds were allocated for additional staff to aid local districts in the implementation of the law or for workshops to familiarize local teachers and administrators with the program, education officials said.

Dr. Mitchell Davis, of Glasgow, chairman of the Advisory Committee for Educational Improvement, said further legislatures will have to look for extra funding for remedial work if the program is to be successful.

The board also approved experimental programs for twelve school districts and two private schools. The programs include creative band for gifted and talented students in Danville High School, personal mathematics for Campbell County High School students, career exploration projects in Bowling Green and Warren County, and a career internship program at Fort Knox High School.

During the two-day meeting, the board also:

—installed two new members, Peggy Howard of Owensboro and John Ramsey of Louisville;

—approved a regulation permitting only one type of high school diploma for Kentucky high schools;

—approved guidelines for the development of kindergarten programs in Kentucky's public schools;

—approved the revised annual plan for the Education of the Handicapped Act; and,

—approved the general budgets for 1978-79 tax levies for 90 school districts.

Proclaim Talking Book Library Week, Sept. 10-16

Gov. Julian M. Carroll, has been joined locally by County Judge-Executive Yvonne S. Jones in proclaiming the week of September 10-16 as Talking Book Library Week in Kentucky.

The proclamation urges every Kentuckian to make all qualified persons aware of these services to the visually and physically handicapped by remembering the name Talking Book Library and the toll-free number 1-800-372-2968.

The proclamation also pointed out that libraries have established free services to all citizens...the Library of Congress established free National Library Services for the Blind and Physically

Handicapped...and the Kentucky Department of Library and Archives has established special services for the blind and physically handicapped. These services are available to all qualified persons free of cost or financial obligation.

The first vice president of the United States to resign from office was John C. Calhoun in 1832.

TIPS FOR HOMEOWNERS

Till Your Garden Beautiful

How does your garden grow? If you're using a power tiller on your soil, your flowers and vegetables are probably doing just fine. Here are some tips for tilling safely, from the experts at the Outdoor Power Equipment Institute.

NEVER LET ANY spilled gasoline go untended.

1. Make sure you know how all the controls and attachments work. The owner's manual should be at the top of your must-read list.
 2. Avoid the possibility of fire and explosion—don't smoke while you refuel—wipe up spilled gasoline quickly.
 3. Stop the engine and make sure parts are not moving if you want to unclog blades, make repairs or refuel.
 4. Make sure guards and shields are always in place.
 5. Wear heavy-duty, rough-soled shoes for the best footing.
- These safety tips should help you—till the roses bloom.

One Fifth of Kentucky Students May Need Remedial Reading

About 20 percent of Kentucky's students will need remedial training when the state's competency testing program goes into effect this year, a Department of Education official last week told the state advisory committee on educational improvement.

Dr. Donald Van Fleet, head of the education department's Office of Research and Planning, said that 15 to 24 percent of the students tested would score beneath the accepted standards. He based his prediction on student performances on tests administered over the past few years. The Comprehensive Tests of Basic Skills, which will be used to determine student competencies, is already used by 160 Kentucky districts.

Teacher judgement and test scores would both be taken into account when local school districts plan remedial programs for students under the Educational Improvement Act, passed during the 1978 General Assembly, Van Fleet said.

House Bill 579, which calls for statewide competency testing program and remedial training for those students with educational weaknesses, also provides for an advisory committee for educational improvement to advise the governor and the department of education on implementation of the act.

The 18-member panel, made up of citizens, parents, teachers and administrators, met for the first time last week to organize and discuss its duties as an advisory body. Dr. Mitchell Davis, of Glasgow, was elected chairman of the committee. Davis is also a member of the steering committee for the Governor's Task Force on Education.

Henry Pogue, member of the committee and chairman of the State Board for Elementary and Secondary Education, urged the committee to make recommendations to the elementary and secondary education board soon concerning implementation of the educational improvement program.

The board has not adopted any regulations governing the implementation in the coming school year, Pogue said. "We would like input from this committee before we adopt any regulations," he said.

Van Fleet told the committee that 200,000 Kentucky students in grades 3, 5, 7 and 10 will be tested next April and May to determine their competencies in six basic skills areas—reading, writing, spelling, language arts, mathematics and the development learning skills.

Calling competency-based education a "national movement," Van Fleet said that 33 states have mandated some form of competency education, either through state board of education action or legislative action.

He pointed out two differences between Kentucky's program and the programs developed by other states. Kentucky's law has no mandated test score for graduation from high school and it makes no provision for the promotion or retention of students based on their test scores.

The state Department of Education will be responsible for purchasing and scoring the screening tests, which will identify students with weaknesses in the basic skills areas, and for providing technical assistance in developing remediation plans. Department personnel will also help local districts interpret test scores.

Local districts will administer the screening tests during the coming school year and develop a local plan for educational improvement.

THE U.S. LABOR Department's job banks are an important tool of the public employment service. They are computerized daily printouts of available jobs listed by employers in a labor market area and are available for use by jobseekers in most of the public employment services 2,500 local offices.

Business Opportunities

Three estate auctions, Saturday, September 23, 1978 to settle the estate of the late Emily Mann: two farms and two houses and lots.

AUCTION NO. 1: 10: A.M. EDT on the premises, about seven miles east of Mt. Sterling on the Spencer Pike and Hope Road near Antioch Church in Montgomery County, Kentucky. Farm contains about 112 acres and is improved with one two-story farm house, one eight-bent tobacco barn, one three-bent stock barn, one double corn crib, one hay shed. Tobacco base for 1978 is 5,278 lbs. Average fencing, watered by pond, creek and spring; lays extra good.

AUCTION NO. 2: 11:30 A.M. EDT on the premises. Two houses and lots located in Camargo about five miles southeast of Mt. Sterling in Montgomery County, Kentucky on Highway No. 460 across from Mt. Sterling National Bank. House No. 1 has four rooms, one bath, city water and gas. House No. 2 has three rooms, one bath, city water and gas.

AUCTION NO. 3: 2:00 P.M. EDT on the premises. 123-1/2 acre farm located about seven miles east of Owingsville near Olympia in Bath County, Kentucky on Kentucky Highway 36. Farm improved with one farm house, two four-bent tobacco barns, one three-bent stock barn, one crib, average fencing and long road frontage. Tobacco base for 1978 is 2,107 lbs. New city water line in front. Two springs and creek. About 75 acres in good grass and cropland and rest in timberland.

All three sales can be shown by appointment with Ira Potter, real estate broker, Mt. Sterling, Kentucky. (606) 498-1609.

The above and foregoing report of Floyd County Treasurer covers the period July 1, 1977 through June 30, 1978, showing receipts and disbursements.

Dated this the 8th day of September, 1978.

David S. Allen
Floyd County Treasurer

Our Constitution, the cornerstone of our freedoms, was written to protect every American from the abuse of power by political parties as much as from abuses by kings. Without the determination to restrain the tempting excesses of political power, our Republic will perish. The Daughters of the American Revolution urge that we study the value of public service during Constitution Week. Today's problems call for the highest character of leadership. Read your Constitution.

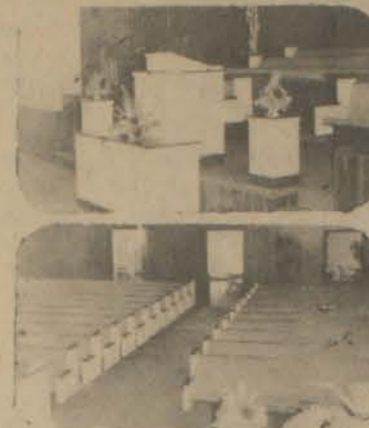

In the course of your lifetime, your feet will take you an average of 65,000 miles, or more than 2½ times around the earth, the September Reader's Digest informs us. To keep feet healthy, foot doctors advise propping them up on any handy surface as often as you can.

Strip-Mining Fines Total \$44,000

The state Department for Natural Resources and Environmental Protection collected \$44,000 from 14 coal companies during August for violations of state strip mine regulations.

D & R Coal and Equipment, of West Liberty, and Marty Corp., of Evanston, paid the largest fines of \$6,000 each. D & R was fined for stripping outside the permitted area at one location, disturbing a second area off the permit, and allowing material to slide into a stream in Elliott county.

Marty Corp. was fined for failing to repair and certify a dam on its site in Breathitt county and allowing black water onto the outcrops of another mine site in Magoffin county.

Other companies fined were:
 —General Refractories Co., \$5,000 for placing spoil into a stream approximately 200 yards from Grayson Lake. The company also failed to backfill its mine site near Airport Road in Carter county and did not follow the approved box cut method of mining.

—Ky. Coal Co., \$5,000 for allowing a slide to occur off the permitted area on one of its sites in Breathitt county. On another site in Pike county, the company failed to properly backfill, grade, seed and mulch the permitted area and neglected to properly construct a hollow fill.

—Jim Smith Construction Co., \$4,000 for failing to provide adequate silt control on its strip mine site in Webster county.

—Hilltop Energy Corp., \$2,000 for blasting rock off the permitted area in Pike county, causing minor off-site damage.

—River Coal Co., \$2,000 for allowing two slides to occur which caused material to leave the permitted area and

go into a stream near Sewell in Breathitt county.

—Elom Coal Corp., \$2,000 for failing to maintain adequate backfilling and grading and allowing a sudden release of water onto the outcrops of its site near Coalton in Boyd county.

—Wells Coal Co., \$2,000 for allowing spoil over the outcrops while constructing a fill road and failing to maintain adequate silt control on its site near Farler in Perry county.

—Alpine Coal Co., \$2,000 for stripping prior to having a silt structure certified by a registered engineer on its site near Buskirk in Morgan county.

—Arthur Coal Co., \$2,000 for failing to maintain adequate silt control and constructing an access road off the permitted site near War Creek in Morgan county.

Floyd County Girl Scout News

Local Girl Scout volunteers held their organizational meeting Thursday (Sept. 7) at Allen Methodist Church. Lila F. DeRossett, Girl Scout chairman for Floyd county, presided over the meeting, along with Wilma Castle, field director. Other leaders attending were Brenda McKenzie, Ada Depoy, and Henrietta Orsborn.

Floyd county girl scouts currently operate 13 girl scout troops. All girls from 6-17, or in the first through the twelfth grades, are welcome to join.

Troop leaders and assistant leaders are needed in McDowell, Maytown, Martin, Goble-Roberts, Prestonsburg and Auxier. Anyone interested in continuing these troops, please contact Joan Chaffins, Glenda Hicks, Eulene Ratliff, Nancy Roberts, Kathy Music, Pamela Newberry, Brenda McKenzie, or Lila DeRossett at 874-2844. Wilma Castle, field director for Area 4, will work with all the Girl Scout volunteers, helping them to carry out the program.

Some of the activities the local Girl Scouts will be enjoying this year are Songs and Games workshop; Brownie Fun Days; "Jamboree" Junior Encampments; Cadette and Senior "Almost Anything Goes" Encampment; Kings Island Scout Day; Red-White-Blue parade; Christmas caroling; Thinking Day; Friendship Day; Sleep-Ins; Summer Programs; and many more.

For more information about Girl Scouting, call Lila F. DeRossett, 874-2844.

In 1823 Justice Johnson of the United States Supreme Court wrote that the Constitution was "The most wonderful instrument ever drawn by the hand of man." The Daughters of the American Revolution urge you to discover precisely what he meant during Constitution Week, September 17th through 23rd, the one hundred ninety-first anniversary of the writing of this comprehensive document.

To Wed September 16

Mrs. Betty Patton, of Auxier, announces the engagement and forthcoming marriage of her daughter, Suzanne, to Anthony Ray Moore, son of Mr. and Mrs. Ralph Moore, of Price.

Marriage vows will be exchanged at 7 p.m. Saturday, September 16, at the Community Methodist Church in Auxier. Immediately following the service, a reception will be held at the Plantation motel. The gracious custom of open church will be observed.

Miss Patton's father is the late Harold L. Patton, of Auxier.

IN 1912, THE FIRST child labor bureau (Federal Children's Bureau) was established by Congress within the Department of Commerce and Labor; in 1913, the bureau became part of the Department of Labor, according to the U.S. Department of Labor booklet, "Labor Firsts in America."

ALBERT SHEPHERD

For Secretary-Treasurer District 30

Thursday, September 28, 1978

Dear Sir & Brother:

I would like to take this opportunity to announce that I am a candidate for the office of Secretary-Treasurer of District 30, United Mine Workers of America.

I am a Union Coal Miner and a member of Local Union 1741. I have served as Financial Secretary for the past three (3) years and Chairman of both the Mine and Safety Committee for the past five (5) years. I also serve on the Burial Committee. I am a third generation Union Coal Miner. My father is a retired Union Miner and a 37 year member of Local Union 7788 at David, Ky.

I was a delegate to the United Mine Workers 47th Constitutional Convention and the District 30 Constitutional Convention held in March of this year. I have been active in Local Union 1741, as well as District 30.

I actively seek your support and the support of your membership for election to the office of Secretary-Treasurer. If elected, I will dedicate myself to honest, efficient service for all of the membership of District 30, not just a select few. I will be the kind of officer the membership can depend on, not just during office hours, or when it is convenient, but at any time the officers or the membership of this District need assistance.

If elected I will work full-time to:

- Recover the several thousand dollars the International Dues System owes District 30 and the Local Unions.
- With the help of the membership and Local Union officers, work toward a massive Organizing Drive in District 30.
- Send a full Financial Report to each Local Union every six months, including itemized listings of salaries and expenses, so the membership will know how their Dues Money is being spent.
- Make myself available to the membership by attending Local Union meetings and visiting mine portals and bathhouses.

Fraternally yours,
Albert Shepherd

**Eastern Kentuckians Booked
On Illegal Strip-Mining Counts**

Kentucky's war against illegal strip miners has shifted into high gear. Last week, the state's Department for Natural Resources and Environmental Protection announced that illegal strip mining charges have been filed against nine persons in Eastern Kentucky. The announcement followed the earlier arrests of two western Kentucky men on similar charges.
In Laurel county, inspectors from the department's Bureau of Surface Mining Reclamation and Enforcement obtained a search warrant from Laurel district court after observing an alleged illegal operation near Lily. Accompanied by state policemen, the inspectors went on the site and arrested five Corbin area men, two truck drivers and three operators. The truck drivers were identified as Clyde Hopkins and Robert Hurd and the operators as Bobby Alsip, Charles Miller and Terry Steele. All five were taken to the Laurel county jail and charged with strip mining without a permit.
Similar charges were filed in Whitesburg against former Letcher County Judge Stephen Estill Blair and Lonnie Lewis. The two, along with a Virginia man, were identified as officials of B.H. & L. Coal, Inc. Blair and Lewis each posted \$200 of a \$1,000 bond and were scheduled to appear in Letcher district court for arraignment. The warrant had not been served on the Virginia man as of last Thursday.

B.H. & L. has three operations in Letcher county with two of them identified as deep mines. Department officials, however, contend the sites are actually being stripped.
A special strike force, established in the office of the secretary of natural resources solely to seek out illegal strip mines, gathered the information on the B.H. & L. case and another one in Perry county.
In the Perry county case, Leroy Miller, of Grapevine, was charged with operating an illegal strip mine near Stacy's Branch. He pleaded innocent to the charges in Perry district court.
Larry Arnett, coordinator of the strike force, said the purpose of his unit is to "supplement the role of the reclamation inspectors."
The force was created by department Secretary Eugene Mooney earlier this summer.

LEGAL NOTICE

NOTICE IS HEREBY GIVEN THAT THE PUBLIC SERVICE COMMISSION OF KENTUCKY HAS SCHEDULED A PUBLIC HEARING FOR 1:30 P.M., MONDAY, SEPTEMBER 25, 1978, AT ITS OFFICE AT 730 SCHENKEL LANE, FRANKFORT, KENTUCKY, ON THE IMPLEMENTATION BY KENTUCKY POWER COMPANY OF THE COMMISSION'S MANDATED STANDARD FUEL ADJUSTMENT CLAUSE, WHICH WILL REQUIRE THE COMPANY TO REVISE ITS BASE RATES. THIS STANDARD FUEL ADJUSTMENT CLAUSE AND THE REVISED BASE RATES ARE AS FOLLOWS:

FUEL ADJUSTMENT CLAUSE

Applicable.

To Tariffs R.S., G.S., L.P., C.P.O., L.C.P., H.T.P., T.P., M.W., E.H.S., E.H.G., S.S. AND C.P.

Rate.

This rate shall provide for periodic adjustment per kilowatt-hour when the unit cost of fuel (F (m) - S (m)) used to meet the Company's Net Energy requirement (S (m)) is above or below the base unit cost of 1.200 cents per kilowatt-hour (F (b) - S (b)). The charges provided for in the net monthly rate shall be increased or decreased respectively by the product of the kilowatt-hours furnished during the month and a Fuel Adjustment Clause Factor (A), where "A", calculated to the nearest .001 cent per kilowatt-hour, is as defined below:

$$\text{Adjustment Factor (A)} = \frac{F(m) - F(b)}{S(m) - S(b)}$$

In the above formula, "F" is the expense of fossil fuel in the base (b) and current (m) periods; and "S" is the KWH sales in the base (b) and current (m) periods, all as defined below.

2. Fuel Costs (F) shall be the most recent actual monthly cost, based on weighted average inventory costing, of:

- a. Fossil fuel consumed in Kentucky Power Company's generating plants and the Company's share of fossil and nuclear fuel consumed in jointly owned or leased plants, plus the cost of fuel high would have been used in plants suffering forced generation or transmission outages, but less the cost of fuel to substitute generation, plus
- b. The actual identifiable fossil and nuclear fuel costs associated with energy purchased for reasons other than identified in paragraph (c) below, but excluding the cost of fuel related to purchases to substitute the forced outages, plus
- c. The net energy cost of energy purchases, exclusive of capacity or demand charges (irrespective of the designation to such transaction) when such energy is purchased on an economic dispatch basis. Included therein may be such costs as the charges for economy energy purchases and the charges as a result of schedule outage, all such kinds of energy being purchased by the Company to substitute for its own higher cost energy, less
- d. The cost of fossil fuel recovered through inter-system sales including the fuel costs related to economy energy sales and other energy sold on an economic dispatch basis.

3. The cost of fossil fuel shall include no items other than the invoice price of fuel less any cash or other discounts. The invoice price of fuel includes the cost of the fuel itself and necessary charges for transportation of the fuel from the point of acquisition to the unloading point, as listed in Account 151 of FERC Uniform System of Accounts for Public Utilities and Licenses.

4. Forced outages are all nonscheduled losses of generation or transmission which require substitute power for a continuous period of six (6) hours. Where forced outages are not as a result of faulty equipment, faulty manufacture, faulty design, faulty installations, faulty operation, faulty maintenance, but are Acts of God, riot, insurrection or acts of the public enemy, then the Company may, upon proper showing, with the approval of Public Service Commission, include the fuel cost of substitute energy in the adjustment.

5. Sales (S) shall be all kilowatt-hours sold, excluding inter-system sales. Where, for any reason, billed system sales cannot be coordinated with fuel costs for the billing period, sales may be equated to the sum of (i) generation, (ii) purchases, (iii) interchange-in, less (iv) energy associated with pumped storage operations, less (v) system sales referred to in section (2) (d) above, less (vi) total system losses. Company used energy shall not be included in the determination of sales (S).

6. Sales (S) shall be modified to reflect line losses on the Company's delivery of energy to Kentucky Jurisdictional Customers.

Gardening Tips from Extension Specialists at the University of Kentucky College of Agriculture

Since the dawn of history, and not without considerable justification, therapeutic marvels have been attributed to plants and herbs. At least two of these have been onions and garlic.

In Egyptian folklore workers building the pyramids were sustained by a diet that included the two. Ancient Romans put such great stock in garlic that they used it for everything from food and medicine to a charm against werewolves and vampires. Up until recent years some backwoods Kentuckians used onions in the treatment of colds.

To prepare the remedy, a large onion was roasted in a bed of hot ashes until well done. Then the juice was squeezed therefrom into a mug or teacup. Just before going to bed, the person suffering from a cold drank the juice and ate the onion. By morning his cold was gone, or at least a lot better.

For those who may be skeptical, not too long ago medical researchers discovered that onions and garlic contained a powerful antibiotic called "allicin," a milligram of which is equal to 25 units of penicillin. This antibiotic is valuable in the treatment of infectious diseases and unlike some of the other antibiotics in widespread use, does not harm the good bacteria in the human

body and which the body needs to remain robust and healthy. So the onion cold remedy may have had some virtue after all.

Medical science has also discovered that these two vegetables contain an ingredient that breaks up fibrin, the cause of blood clots, all of which lends credence to the Shakespearean statement, "O, mickle is the powerful grace that lies in herbs, plants, ... and their true qualities."

A learned physician said only recently that medical science was becoming less smug in their erudition, was taking a closer look, and taking a less dubious attitude toward old home remedies. In many, many cases, he added, these old remedies were found to have a lot of merit and from both wild and domesticated plants have come many of our most valued medicines.

Medical researchers are now beginning to operate as never before on the assumption that this old folk wisdom concerning medicinal values of plants has a solid basis in fact. More and more they are finding solid evidence to back up the assumption. With this kind of an attitude, no telling what these researchers will find out next. In plants they may discover specifics for the dread diseases of cancer, leukemia and others.

A very REFINED Gentleman OR how NORBERT RILLIEUX was the original Sugar Daddy.

On August 26, 1842, Norbert Rillieux put a patent on a sweet idea. It was a way to refine sugar. To help the sugarcane juices evaporate more quickly, he enclosed condensation coils in a vacuum chamber. A process that's made things a lot sweeter ever since. You can make your future a little sweeter, too, by buying U.S. Savings Bonds through your Payroll Savings Plan. They're the dependable way to save for an education, vacation, or even retirement. Because they always pay off with interest. So buy U.S. Savings Bonds. And be a "sugar daddy" in your spare time.

Series E Bonds pay 6% interest when held to maturity of 5 years (4% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.
