Golden Wedding Anniversary

Mr. and Mrs. Hillard L. Bryant, of Martin, celebrated their Golden Wedding anniversary April 14 at their home. The observance was hosted by their children. The Bryants were married April 11, 1929 at Buckingham by his grandfather, Elder John M. Akers. Mrs. Bryant is the former Deleary Waddles, daughter of the late Thomas and Lula Beverly Waddles. Mr. Bryant is the son of the late Sidney and Mary Akers Bryant, of Hi Hat. He is a retired C. & O. employee. The Bryants have nine children, 25 grandchildren, six step-grandchildren and five step-great-grandchildren.

BETSY LAYNE HIGH OBSERVES MUSIC IN OUR SCHOOLS WEEK

The Betsy Layne Music Department held a spring recital, April 1, in observance of Music in Our Schools Week. The recital was held in the Betsy Layne United Methodist Church. Private piano students of Mrs. Billie J. Osborne, band director at the school, were the first to perform. Next on the program were Betsy Layne High School band members who had entered the Pikeville Music Festival which was to be held the following week at Pikeville College. Among these were numerous solos and ensembles. Vocal solos came next, followed by the high school Glee Club, which sang several selections. Last

on the program was the youth choir from the Betsy Layne United Methodist Church, under the direction of Mrs. Osborne. Many parents and classmates of the performing students attended. Refreshments were served immediately following the recital. The federal-state employment service system—or Job Service—offers special programs for groups with special problems, including Vietnam-era veterans, disabled veterans, welfare recipients, minority group youths, older workers, and the handicapped.

Hope for More Coal Use Seen in Carter Address

President Carter's recent energy address could have the effect of increasing alternative uses for coal, state Energy Secretary David Drake said last week.

Drake said the "most significant" aspect of the president's speech directed the Environmental Protection Agency (EPA), U.S. Department of Energy (DOE) and the federal Department of Interior to study possible problems which could result from increased national reliance on coal as the major fuel for generating energy.

But Drake warned that the study needs to be conducted expeditiously and then acted upon. "We need to be under way building pioneer plants instead of debating about the need for the plants" he said.

"I'm hopeful that the president's efforts with EPA, DOE and the Interior Department, along with the president's Coal Commission, will highlight the constraints on using coal" and allow the lifting of those constraints, Drake said. "We need to use coal in greater quantities right now."

Drake said that federal environmental regulations now provide most of the restrictions for increased coal use. He said that while protecting the quality of water and air is important, "I think short-term accommodations must be made in order to allow the national economy to continue functioning at the level which we enjoy."

Drake noted that possible gasoline

shortages "could well affect" the Kentucky tourism industry this summer. "It perhaps wouldn't hurt us as badly as states further south by encouraging northern tourists to stop in Kentucky and save on their vacation expenses," he said, but added that shortages would have a detrimental effect on states that depend heavily on tourism.

Ginseng, Held Endangered, To Be Topic of Conference

Speakers from a dozen states have been lined up for the first National Ginseng Conference in Lexington May 1-2 to discuss national and state policies, research, domestic marketing and exporting of the plant.

Ginseng, a plant whose root is popular among Orientals for medicinal purposes and is gaining popularity in the U.S., is on the endangered species list of the U.S. Endangered Species Scientific Authority. Since December 1977, the authority has approved the export of wild ginseng on a state-by-state basis only. Kentucky, which derives an annual income of about \$5 million from its ginseng crop, was granted export approval for the 1978 season.

Gordon Patty, of the U.S. Department of Agriculture's Foreign Agriculture Service, will discuss trends in commerce with American Ginseng during the conference at Campbell House Inn.

Speakers from Tennessee, North Carolina, New York, West Virginia, Missouri and Kentucky will participate in a panel discussion and presentation on what individual states are doing to preserve wild ginseng.

Tom Chambers, president of the Kentucky Root and Fur Co., Louisville, will present a report on the goals, objectives and activities of the Kentucky Ginseng Association.

IN APPRECIATION
Fitzpatrick First Baptist Church concluded last Sunday night with a great revival, and on behalf of the congregation I wish to attempt to express to our evangelist, the Rev. Ira McMillen, and Mrs. McMillen our deepest appreciation of their dedicated work. Our church has been blessed by having them. We are appreciative, also, of the contributions made by Mrs. Frankie S. Best and all others who worked and served in any way.

Our Sunday School hour is 9:45 a.m., with Sunday morning worship at 10:45. Please come.

Artist, Still Undaunted at 95

Two years ago, at age 93, Mrs. Elizabeth Williamson Stafford decided to take an art class at Prestonsburg Community College. Although she hadn't been in any school in 80 years, and then in a one-roomer in her native Lawrence county, the college environment didn't intimidate her in the least. As she told The Times in an interview then, "Nothing scares me any more."

Although she had played a little with drawing in the past and an artistic inclination was evident in her beautifully made quilts and other needle-work, painting was new to her. But that, too, didn't scare her and soon she was turning out representations of mountain themes, many from childhood memories.

Now, at age 95 she is no longer in college. She is a resident of the new Riverview Manor Nursing Home here, but she continues to draw and paint, and more skillfully than ever.

"I ought to be better," she commented. "I practice three hours at a time." Examples of her work—mountain landscapes, wildlife, flowers, a stark picture of winter trees which grow along the river bank outside her room window—decorate the walls of her room in a colorful montage. She's particularly proud of one watercolor which depicts

New Law To Help Middle Class Cope with Soaring College Costs

A new law is helping middle-class families cope with soaring college costs by making student loans with "interest-free" benefits available, regardless of family income size, says W. Thomas Cooper, CPA, president of the Kentucky Society of Certified Public Accountants.

Mr. Cooper says it's now possible for almost any student enrolled in a qualified school to get a government-guaranteed loan that is, in effect, free of interest until nine months after graduation. But the new law, the Middle Income Student Assistance Act, received little publicity when it took effect last November 1, and many families are unaware of it, he contends.

Previously, "interest-free" benefits on guaranteed loans generally were denied students of families with adjusted gross incomes of \$25,000 or more. "Our

lawmakers seem to understand now that \$25,000 is no longer a lavish income for a typical family with a house to maintain and children to educate," says Mr. Cooper.

Unfortunately, he adds, students who obtained guaranteed loans before the new law was enacted and were not eligible for the "interest-free" provision then cannot change the terms of their current loans.

The CPA president says parents who are planning ahead for the financial burdens of college should give careful consideration to the student loan program. He observed that "severe financial sacrifice for the sake of the children's education may be unnecessary. The opportunity to carry thousands of dollars of debt without interest for several years can represent one of the best ways to finance a higher education."

The fact that banks currently are charging their best commercial customers 11 1/2 to 12 percent interest underscores the value of the student loans, says Mr. Cooper.

The loans—up to \$2,500 a year for undergraduates, more for graduate students—are available under the Guaranteed Student Loan Program. The money can be applied to qualified vocational, technical and hospital nursing schools, as well as to colleges.

For students planning to enter school in the fall semester, now is a good time to apply for a guaranteed loan, says Mr. Cooper. Allow plenty of time for processing in any case, he advises.

Applications usually are available from commercial and savings banks and other lending institutions. A student must send the application to his or her school for certification of enrollment and other additional information. Then it goes to the potential lender, who must get approval from the agency that is guaranteeing the loan.

The interest rate on guaranteed student loans is seven percent. But the interest is subsidized by the federal government while the student is in school and for at least nine months after graduation, when repayment of the principal usually is scheduled to begin.

The loans are "guaranteed" in the sense that the federal government, or in some cases, the state government or a non-profit private agency, will repay the loan if the student defaults and then try to recover the funds from the student.

Mrs. Marie Coburn Mullins, of Garrett, and Mr. Eugene Mullins, of Wayland, announce the engagement and forthcoming marriage of their daughter, Jennifer Lou, to Mr. Rick Stanley Fyffe, son of Mr. and Mrs. Stanley Fyffe, of Blaine, Kentucky.

Miss Mullins is a 1977 graduate of Allen Central High School and is now a sophomore at Prestonsburg Community College where she is majoring in chemical engineering.

Mr. Fyffe is a 1974 graduate of Johnson Central High School. He is also a sophomore at Prestonsburg Community College where he is majoring in mining engineering.

The wedding will take place on June 2 at 6:30 in the evening at the Garrett Baptist Church. The gracious custom of open church will be observed.

The Old Mulkey Meeting House State Shrine

Built in 1804, Old Mulkey Meeting House is the oldest log meetinghouse in Kentucky. The church has 12 corners, said to represent the 12 Apostles, and three doors supposedly symbolic of the Trinity. A pioneer cemetery in the churchyard includes the graves of Hannah Boone, Daniel Boone's sister, and 15 Revolutionary War soldiers. In nice weather, groups still gather at the historic shrine to enjoy picnics and reunions.

By MAC LACY

Old Mulkey Meeting House, a Kentucky State Shrine, is in a wooded section of southcentral Kentucky, about three miles south of Tompkinsville. Built in 1804, the simple church is the oldest log meetinghouse in Kentucky. It is remembered as a primary site of a severe religious conflict, and a subsequent spiritual revival that flourished on the Kentucky frontier, in the early 1800's.

Initially christened the Mill Creek Baptist Church, the meeting-house saw a bitter doctrinal dispute in 1809 that involved its pastor, John Mulkey. He led a separation of the congregation over the question of predestination—an issue that was being raised in churches throughout the American frontier. Convinced that the doctrine was false, Mulkey and other religious leaders of the day initiated a

break from the Baptist denomination and sparked a fervent spiritual revival across the land. Mulkey himself baptized hundreds and continued his work in the log structure which came to be known as the Mulkey Meeting House.

Today, the meetinghouse is restored and preserved for visitors to the shrine. Located well back into the thick woodland, its simple lawn stretches to the borders of a pioneer cemetery. This shaded churchyard contains the graves of Hannah Boone (Daniel Boone's sister) and 15 Revolutionary War soldiers. The headstones of the troops are lined up in close quarters and are given a place to themselves. They are lettered simply and solemnly.

Matthew Kidwell, PVT. Hanson's MD Regt. Revolutionary War. Solomon Dickerson, PVT. Griffin's MD Regt. Revolutionary War. Thomas Brown,

Drum Major, 14th Va Regt. Revolutionary War.

It is fitting that a shrine be dedicated to this pioneer meetinghouse because each year, when spring arrives in the remote Kentucky countryside, the grounds become a scene for church picnics, family reunions and even weddings. On weekends, visitors from neighboring counties and from nearby Tennessee gather to enjoy the park's picnic tables and grills, playground and shelter house. But guests do not all hail from close-by. The worn register in the meetinghouse includes the names of those from all over America who have come to see this particular piece of Kentucky heritage.

Old Mulkey Meeting House State Shrine is on Highway Ky-1446, three miles south of Tompkinsville. It is open daily from 9 a.m. to 5 p.m., and admission is free.

Pot-Smoking Drivers, Dangerous

The perils of the drunken driver are well known to law-enforcement officials and the public alike. A massive public-education drive has alerted people to the risks they incur when they drive under the influence of alcohol, and many states have inexpensive and legal roadside tests for establishing alcoholic intoxication. Drunk drivers frequently find their driving privileges revoked.

Yet comparable legal provisions to protect the public from drivers stoned on marijuana are in most states not in place—there are no cheap roadside tests to determine drug intoxication, and most pot smokers perceive their use of the drug as "relaxing," never dangerous.

They are wrong. The May Reader's Digest reports, "Persuasive evidence is mounting that such drivers (high on marijuana) often have a distorted sense of space and time, altered peripheral and central vision, and impaired manipulative and coordination skills."

In the article, written by Peggy Mann, there are "remarkably consistent" research findings that indicate marijuana smokers are "over-represented in fatal highway accidents." In several studies—in Boston, Albuquerque, Baltimore and Oklahoma City—about 16 percent of drivers involved in accidents had been smoking marijuana prior to the event.

The first large-scale study linking marijuana to traffic arrests was completed by California's Department of Justice last year and revealed that of 1792 arrested drivers 16 percent had a sufficiently high level of THC, the chief mind-altering ingredient of marijuana, to constitute marijuana intoxication.

Incredibly, in one study, 25 percent of the pot smokers believed pot actually improved their coordination, while an equal number believed it had no effect on their driving.

An effective roadside test for marijuana intoxication is being

prepared, but it is probably three or four years away from being ready.

In the meantime, there is action that can be taken to protect others from the menace of the pot-head driver. "First," Mann writes, "state legislatures should immediately pass laws imposing a high fine or other stiff penalty for possession of marijuana in a vehicle—including taxis, buses, trucks, trains and planes." Only Alaska and Minnesota have enacted such legislation, and most states are lax in enforcing marijuana-possession laws.

Secondly, the public must learn how dangerous driving "high" is. Mann calls for a massive educational program sponsored by governmental agencies, insurance companies, foundations, private groups and high-school and private-driving instructors.

Robert Willette of the National Institute on Drug Abuse is working on the development of THC detection kits. Says he: "We can only hope that growing awareness of the problem will prevent a national disaster."

EKU Honors Floyd Educators, April 17

Gordon Moore, of Prestonsburg, and Delphia H. Hicks, of West Prestonsburg, veteran county educators, were honored by Eastern Kentucky University, Richmond, last Tuesday night.

Both were recognized by the Eastern faculty for their leadership, service and research in the field of education and were inducted into Phi Delta Kappa, the university's professional educational fraternity.

Moore, a former coach, high school principal, newspaperman and local businessman, has been with the Floyd County Board of Education for 24 years, the last 12 as a supervisor.

Mrs. Hicks is in her 27th year with the Board of Education, and is currently a remedial reading teacher at Clark Elementary, a position she has held for the past 11 years.

The recipients both hold Rank I certification from the school and will be working with two Eastern staff members in a special research project in July.

COMMISSIONER'S SALE

FLOYD CIRCUIT COURT
The First National Bank of Prestonsburg, Ky. vs. Notice of Sale
Mountain Investment, Inc. and Frank M. Arnall... Defts.
CR 78-CI-671

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered at the February 8 term, 1979 in the above-styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 4th day of May, 1979 at 10:30 a.m., same being a day of the regular term of the Floyd Circuit Court, for cash or upon a credit of six months, the following described property to-wit:

Those certain tracts or parcels of land, lying and being on the waters of Otter Creek in Floyd County, Kentucky, and being more particularly described as follows, viz:

"Being Lot B-2, and the improvements thereon, of Mountain Investment, Inc., Wheelwright Subdivision, better known as Clark's Laundry Building, as shown by Plat File 348, Floyd County Court Clerk's Office, said property having been acquired by Mountain Investment, Inc., by Deed of Conveyance from Island Creek Coal Company, dated November 9, 1966, and recorded in Deed Book 191, at page 504, Floyd County Court Clerk's Office."

"Being Lot A-12 (Apartment A-12) including the building and the appurtenances thereunto belonging located on said lot or parcel of land of the Wheelwright Subdivision, as shown by map or plat in file number 348, and being a part of the same property conveyed to Mountain Investment, Inc. by Island Creek Coal Company by deed dated November 9, 1966, and recorded in Deed Book 191, at Pages 501 and 504, Floyd County Court Clerk's Office."

The amount of money to be raised by this sale shall be in the principal sum of \$25,000.00 with interest thereon at 9½ percent annually from the 25th day of November, 1977 until satisfied and the additional sum of \$25,000.00 with interest at 9½ percent per annum from January 23, 1978, and the costs of this action, including costs of advertising of this sale and the fees and commissions for conducting this sale.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply with these terms.

Given under my hand, this 16th day of April, 1979.

KET To Premiere World War II Series

A revealing documentary series, "The Commanders," captures some of World War II's most colorful military leaders in history-shaping events. The seven-part series starts Friday, April 27 at 10 p.m. (ET) on KET.

Douglas MacArthur, supreme commander of the Pacific, is the subject of "The Commanders" debut program. The presentation is the human story of the flamboyant and individualistic general who declared, "I came through and I shall return," during his campaign in the Philippines. When he did return, he accepted the Japanese surrender.

The film also portrays a general whose character and judgment became increasingly controversial as he reached the zenith of his fame and influence. About to win final victory over the Communists in Korea when Truman fired him, MacArthur presents an image of a great man marred by flaws of character.

Much of the archive film reveals MacArthur's flair for self-dramatization including the famous "I shall return" promise to the Philippine people, the pictures of him wading ashore on the day of that return, and his final farewell speech to the Congress.

Colleagues remembering MacArthur include Lord Mountbatten, who describes their meeting in Manila in 1945, and General Carlos P. Romulo of the Philippines, who was with him at Bataan.

Other commanders profiled in the forthcoming weeks are Sir William Slim, field marshal, British Army; Georgi Zhukov, marshal of the Soviet Union; Erwin Rommel, field marshal, German Army; Dwight D. Eisenhower, supreme commander of the Grand Alliance; Sir Arthur "Bomber" Harris, marshal of the Royal Air Force; and Isoroku Yamamoto, grand admiral, Imperial Japanese Navy.

\$100,500 Damage Suit Aftermath of Injury In Bridge Collapse

The filing of a \$100,500 damage suit last week in circuit court here is an aftermath of the collapse last September of a bridge for pedestrian traffic across a small stream at Betsy Layne. The plaintiff, Cathy Church, a minor, who says she was on the bridge when it collapsed, is the plaintiff. Suing by her father and next friend, Jack Church, she names Floyd county as the defendant, alleging that the county "negligently, carelessly and unlawfully" maintained the bridge and allowed it to exist in a hazardous condition. Plaintiff says her wrist and two ribs were broken in the fall, that she suffered a fractured elbow and a back injury. She asks \$50,000 for past and future physical and mental suffering, \$50,000 for impairment of her earning capacity, and \$500 for medical bills.

Maytown Comp Care To Hold Open House

In recognition of National Mental Health Month, the Maytown units of Mountain Comprehensive Care Center (MCCC) will hold open house, May 3, from 2 to 7 p.m. Both the partial hospitalization program and the adult activity center will open their doors to area visitors interested in learning about local programs for the mentally handicapped.

The partial hospitalization programs operated by MCCC in Maytown and in Pikeville aim to maintain and rehabilitate the chronically ill mental patient who has been returned to the community from a state facility for the mentally ill such as Eastern State Hospital in Lexington. Therapeutic support on the community level is designed to prevent rehospitalization by helping the client make the smoothest possible transition from an institutional setting into mainstream living.

Adult activity centers provide similar training in social and occupational skills for the mentally retarded adult. Program participants receive education in basic life skills such as conversational and table manners and ways to use community resources. In preparation for independent living, participants are introduced to fundamental vocational skills. Recreation provides valuable social skills. MCCC has adult activity centers located in Pikeville, Salyersville and Inez in addition to the Maytown unit.

Martin Area Jayceettes News

April 14, the Martin Area Jayceettes held their first Easter Egg Hunt for children of the area at the Martin ballfield. It was enjoyed by about 200 children and their parents. The Jayceettes wish to thank Pic-Pac, I.G.A., Triangle Market, Hall's Pharmacy, Murphy Mart and Rosemary Osborn of the Hut Restaurant for their donations and help. The Martin Area Jayceettes hope to make the egg hunt an annual event.

On April 28, the Martin Area Jayceettes will help the Paintsville Jayceettes to sponsor the regional Jayceette meeting at Jenny Wiley State Park in conjunction with the Regional Jaycee meeting.

We would like to encourage and invite all the area women to come and join us. Meetings are held on the fourth Tuesday of each month at 7 p.m. at the Hut Restaurant in Martin, and everyone is welcome.

BILL WELLS

Democrat For

County Judge-Executive

YOU WILL BE THE JUDGE!

As an experienced Administrator Bill Wells believes that the people of Floyd County should have a greater role in the part their government plays. Bill Wells will establish a "Mini-Court" in each Magisterial District, this concept returns government to the people.

"FUNCTIONING OF THE MINI-COURT"

As your next County Judge, I will schedule a series of perodical meetings in each district, these meetings would be advertised by local media giving the locations and dates they are scheduled. Schools and civic buildings would be used with no expense involved whatsoever (efficient government doesn't cost—it pays). The MINI-COURT would bring your County Judge out of the Courthouse and back to the people. The problems of each district could be discussed and solutions worked out by the people of that district. As County Judge I will request that each magistrate attend the meeting of the "Mini-Court" in their district.

COMMISSIONER'S SALE

FLOYD CIRCUIT COURT
 JAMES R. CLINE Plaintiff
 Against NOTICE OF SALE. CR 78-CI-298
 Rickey Lee Whitaker and Margie Ann Whitaker, his wife, and First National Bank of Prestonsburg, Kentucky Defendants

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered at the February 12 term, 1979 in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 4 day of May 1979 at 10:00 o'clock a.m. same being a day of the regular term of the Floyd Circuit Court, for cash or upon a credit of six months, the following described property to-wit:

That certain tract or parcel of land, lying and being on the waters of State Road Fork of Middle Creek, Floyd County, Kentucky, and being a part of the same property conveyed to Rickey Lee Whitaker and Margie Ann Whitaker, his wife, by Woodrow Whitaker, widower, and Clifford Whitaker, single, by deed dated July 5, 1975, and recorded in Deed Book 221, page 518, Floyd County Court Clerk's Office, which is more particularly described as follows, viz:

Beginning at the tree in Clay Vaughn's line; thence with said Vaughn's line in a southerly direction to a fence post and Woodrow Whitaker's line; thence running with line; thence running with present fence row in an easterly direction to a stake in fence enclosing a barn and barn yard; thence running with said fence a northerly direction to a stake; thence running in an easterly direction to a ditch; thence running with said ditch a northerly direction to a creek; thence running with the creek in a westerly direction back to Clay Vaughn's line, the point of beginning.

The amount of money to be raised by this sale shall be in the principal sum of \$8,643.85 with interest thereon at 8½ percent annually from January 30, 1979, and the further sum of \$5,931.45 with annual interest at 8 percent from the 12 day of February 1979 until satisfied and the costs of this action, including costs of advertising of this sale and the fees and commissions for conducting this sale.

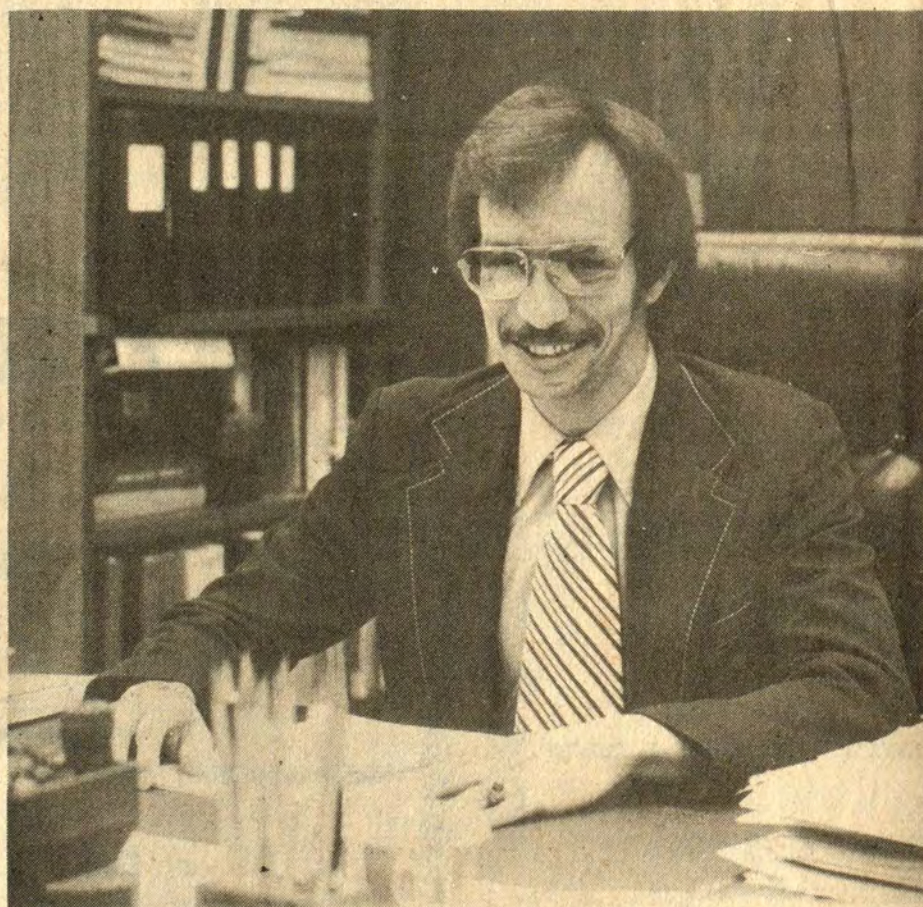

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply with these terms.

Given under my hand, this 13 day of April 1979.

Loretta Lynn Story Filming In Kentucky Is Completed

All Kentucky location filming for "Coal Miner's Daughter," the movie biography of Loretta Lynn, has been completed, Commerce Commissioner Carroll Knically said this week.

Knically, who is also chairman of the Kentucky Film Commission, said the Universal Studios crew filmed in Kentucky for four and a half weeks during March and April. The studio spent approximately \$600,000 with an economic impact in excess of \$2 million.

"I am very pleased with the contribution the Kentucky Film Commission is making to the economy of the Commonwealth," Knically continued.

"In less than three years, this agency has attracted 10 motion picture productions that have accounted for almost \$6 million in direct revenue for Kentucky with an economic impact of more than \$20 million," he said.

Asked to comment on his experience of filming in Kentucky, Bernard Schwartz, executive producer of "Coal Miner's Daughter," said, "We spent half of the movie's schedule and more than one-fifth its entire budget in Kentucky. I'd say we not only benefited from the beauty of the unique location, but that the extraordinary cooperation of the Film Commission and area residents made it one of the finest locations in my entire career as a movie maker."

Tom Clark-Todd, executive director of the Film Commission, said that attracting "Coal Miner's Daughter" is one of the commission's proudest accomplishments.

"It is a picture about Kentucky that accurately depicts the spirit of the people and the state," Clark-Todd said. "This is the third Universal production in Kentucky within the past two years and, as always, it was a pleasure to work with them. Especially on a project that has so much to say about our state and its people."

The other Universal productions were "Black Beauty" and Centennial."

The Film Commission is currently working with several producers in an effort to attract additional film work to the state. Knically and Clark-Todd said they hope to have two productions in Kentucky by the end of the summer.

KET offers Forum For Candidates

As the May primary elections get into full swing, KET provides coverage of all candidates in contested races for major state offices in the public affairs presentation, "Election '79." The 10-part series premieres on KET Tuesday, May 1 at 7 with coverage of seven candidates for the Lt. Governor's office. Other candidates for the Lt. Governor's post will be featured on May 2.

Subsequent programs will present the contenders for the offices of Superintendent of Public Instruction (May 3), Attorney General (May 7), Governor (May 8-10), Secretary of State and State Treasurer (May 14), Commissioner of Agriculture (May 15), and State Auditor (May 16).

The live presentations from KET's Lexington studios will include brief introductions of the candidates, questions on the issues from a panel of journalists, and short closing statements from the candidates. The 60 to 90-minute programs will provide equal amounts of time for each contender.

To enhance viewer understanding of the issues, Al Smith, producer-moderator of the series, who also serves as the host of KET's "Comment on Kentucky," has assembled a corps of journalists with special expertise in public affairs, education and agriculture to interview the office seekers.

The producer describes the scope and format of "Election '79" in this way: "We are trying to give the candidates a chance to answer pertinent, questions with insight about the issues and the races they are in. We are eliminating the opening statements that are sometimes used in these forums in order to get to the questions faster—to get to the hard questions. We think the candidates will like this because they won't have to organize a prepared speech, but can offer a conversational approach to the issues."

Breckinridge Girl Wins Spelling Bee

"Paralysis" was the winning word for Robbie Bland, 14, of Breckinridge county's McQuady Elementary School, who took first prize at the Kentucky Education Association President's Spelling Bee at this year's KEA convention.

The last few minutes of the contest found Robbie and the runner-up, 13-year-old Sharon Holland of Knox county's Artemus Elementary School, both misspelling "bayonet."

Robbie later misspelled "insolent," which Sharon spelled correctly. But Sharon then misspelled "transmitter," which Robbie spelled correctly plus the new word "paralysis."

Earlier, Robbie had misspelled "botanical," but WHAS-TV newscaster Kristie Wilde, who pronounced the words for contestants, started to spell it correctly without giving Sharon a chance to try. The judges ruled the word should be discarded and Robbie given another word. She then spelled "chocolate" and the contest continued.

Third-place winner was Jay Paul Cannon, 11, of Eddyville, a sixth-grader at Lyon County Elementary School. Both Robbie and Sharon are eighth-graders. All received U.S. Savings Bonds as prizes.

Robbie represented the Fourth District Education Association, Sharon the Upper Cumberland Education Association, and Jay Paul the First District Education Association.

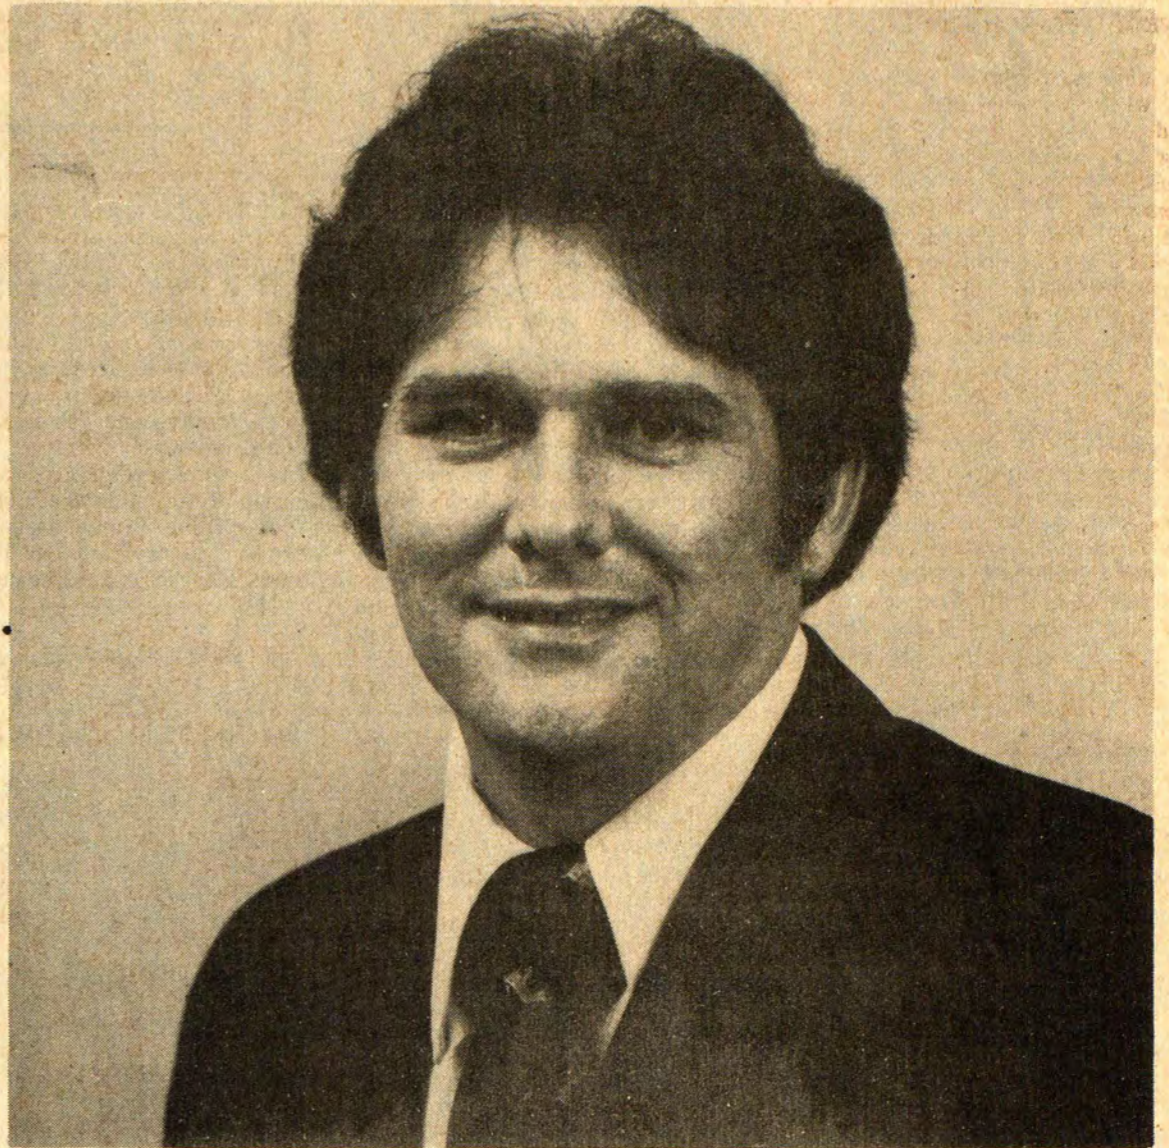

Words missed by other contestants were "equivalent," "personnel," "opportunity," "gastric," "thoroughly," "gerund," "argument," "explanation," and "feign."

Other contestants were Roger Dills, of Providence's Broadway Elementary School; Rebecca Norene, of Edmonson county's Brownsville Elementary School; Tim McReynolds, of Shelby county's West Middle School; Lisa Marie Downey, of Lincoln county's Hustonville Elementary School; Peter Kambelos, of Maysville's Jones Elementary School; Jon Deuser, of Jefferson County's Crosby Middle School; Katie Daugherty, of Pendleton County Middle School, and Ruth Baldrige, of Knott county's Caney Creek Elementary School.

The Kentucky Educational Television network will show the spelling bee at 2:30 p.m. (Eastern time) on both May 23 and 30.

Use fluorescent lighting wherever you can, for more lumens per watt. A 40-watt fluorescent lamp gives off 80 lumens per watt and a 60-watt incandescent bulb gives off only 14.7 lumens per watt. The 40-watt fluorescent lamp would save about 140 watt-hours of electricity over a seven-hour period.

VOTE FOR

DR. RALPH DARRELL JOHNSON

CANDIDATE FOR

STATE SENATOR

29TH SENATORIAL DISTRICT

FLOYD, KNOTT, MARTIN AND PERRY COUNTIES.

- * During the course of the campaign, I have talked to thousands of people from the 29th Senatorial District, and hope to talk to many more before election day. Although during the conversations few people have mentioned it, I feel, however, that our local hospitals need additional funds for upgrading their staffs and facilities.
- * Eastern Kentucky desperately needs a flood control program. In the senate, I will work with knowledgeable people in drawing up sensible legislation in this area.
- * I will also support legislation that will make it less difficult for qualified miners to receive compensation for black lung and other related diseases.
- * I also hope to encourage legislation that will make more money available to expand and better pay our state and local law enforcement agencies.

As your State Senator, I will do everything in my power to find and implement solutions to these and other problems.

NOTICE OF BLASTING SCHEDULE

In accordance with the provisions of 405 KAR 1-090, Addington Bros. Mining, Inc. U.S. 23 Woodland Place, Paintsville, Ky. 41240, announces the following Blasting Schedule. The blasting sites are located in Floyd County as follows:

1. East of Auxier at Latitude 37 degrees 43' 00", Longitude 82 degrees 40' 55". Approximately 146 acres.

2. East of Dewey Dam at Latitude 37 degrees 44' 10", Longitude 82 degrees 41' 10". Approximately 13 acres.

Blasting of overburden is conducted on a daily basis, 6 days per week (Mon-Sat.). Designated blasting time is between 11:30 a.m. - 1:30 p.m. and 4:30 p.m. - 6:30 p.m.

Access to the blasting area will be marked with a sign "Blasting Area". Blasting areas containing loaded holes will be marked with Hi-Vis cones. Authorized personnel will patrol the blasting area to restrict unauthorized access into this zone.

Audible warning of blasting activity will be given by sirens audible for at least 1/2 mile. The first signal will be 3 long sounds with a siren prior to the blasting signal. The blast signal will be 3 short sounds made with a siren prior to the shot. On the last short sound the shot will be fired. The all clear signal will be one long sound made with a siren after inspection of the blasting area for complete explosion.

In unusual situations it may be necessary to detonate a blast at times other than specified. This emergency blasting will be done when weather or other conditions present some hazard to normal procedures, when necessary to maintain safe operating conditions, or when necessary for public safety.

Engagement Announced

Announcement is made of the engagement and forthcoming marriage of Sarah Elizabeth DeRossett to Rodney Glen Alsip, both of Lexington. Miss DeRossett is the daughter of the late Silas DeRossett, of Prestonsburg, and Nolene Hatfield, of Jackson, Ohio. Mr. Alsip is the son of Mr. and Mrs. Harold Alsip, of Milton, Kentucky. A May wedding is planned.

CARD OF THANKS

We take this opportunity to express our heartfelt thanks and appreciation to all our relatives and friends who were so kind and helpful in so many ways upon the passing of our dear mother, Maude Roberts. We would thank those who sent such a beautiful array of flowers, brought and sent food, those who made donations to the Cancer Fund, the ministers for their consoling words, those who sang, the men who prepared the grave, and a special thanks to the J. W. Call and Son Funeral Home for the kindness and patience shown the family, and the fine efficient service rendered. God bless you all.

Urge More Centers For Drug Treatment

Both law enforcement and drug abuse treatment personnel called for establishment of additional residential treatment centers in Kentucky during testimony last Wednesday before the subcommittee on drug abuse.

The testimony was given a public hearing at Northern Kentucky University. This meeting was the first in five planned around the Commonwealth by the subcommittee on health and welfare.

Witnesses also suggested early drug education in elementary schools plus stiffer penalties for drug suppliers and sellers might ease the problem.

Robert Sanders, assistant Commonwealth's Attorney in Kenton County, said the highest drug treatment success rate in his county has been achieved when an abuser can be placed in a residential center. However, this is difficult in out-of-state placement at Ohio Centers, he said.

Mark Toennis, of Dayton (Campbell County), a drug alternative program organizer, said there is only one residential center now operating in Kentucky—the 17-bed Off-Broadway House in Lexington.

Sanders, in a presentation with Robert Robertson, director of the Northern Kentucky Narcotics Enforcement Unit, said drug abuse is increasing in all directions including frequency, variety of substance and expansion of the age group beyond college students to include children and middle-aged people.

Since drug dealers cross city and county barriers, regional drug enforcement units should be created, said Sanders. The units should be funded by the state and staffed by local officers on a rotating basis, he explained.

The Northern Kentucky Enforcement Unit, formed in 1977 with federal funds, has indicted 172 people on 288 felony counts, said Sanders, and has seized drugs worth \$547,890. If the federal grant is not extended, funding runs out at the end of the year, he added.

Newport probation officer Karen Wires said drug abuse is not being controlled in Northern Kentucky. Undercover agents are quickly spotted, informants are "working both sides of the street" and plea bargaining in Campbell county, in particular, is being abused, she added.

Sanders said there is also a plea bargaining problem in Kenton county. Many offenders are paroled when they should be jailed, and there is difficulty in getting paroles revoked, he said.

Lack of drug treatment services limits judges to either jailing offenders or returning them to their old environments, Wires said. The subcommittee on drug abuse was originally formed to make plans for drug seminars in Kentucky. It was later expanded by the state Legislative Research Commission to a fact-finding body.

LANDSCAPE SCHOOL

The third in a series of landscape lessons sponsored by the Floyd County Extension Service was presented last week.

House plants was the topic discussed by Dr. Robert Anderson, U.K. Horticulture Specialist. He emphasized selection of quality plants, regular feeding and water care, the importance of good soil, light and insect control.

The final session in the series, "Wild Flowers in your Landscape" was held yesterday (Tuesday,) at the library.

Those attending were Bill Hoffman, Anna Hoffman, Agnes Bauers, Pat Phillips, Monnie Sparks, Carolyn Sparks, Helen Boyd, Mabel W. Allen, Mary Jane Brown, Patsy Brown, Sandra Shepherd, Rose Marie Ray, Christine Spradlin, Suzanne S. Hoffman, Charles J. Isbell, Mrs. Hardin Short, Dee Dee Moore, Sandy Burchett, Linda Burchett, Garnet Fairchild, Freda Carper, Dorothy L. Harris, Russell Sparks, Judy Waddle, Janice M. Cook, Clara Friar, Jack Friar.

Put State Parks on List To Visit

Talk about Kentucky parks! Go ahead, please do. While you're talking, you will be discussing a system that ranks at the top in the nation. You might also want to include plans to visit a number of Kentucky parks this year.

The grass is never greener than in the Bluegrass, particularly at the new Kentucky State Horse Park near Lexington.

The countryside is never more alive than at Barren River Lake State Resort Park near Lucas.

Surroundings are as smooth as can be at Rough River Dam State Resort Park near Falls of Rough, and you might even say things are mighty peaceful at Blue Licks Battlefield State Park near Mount Olivet, Columbus-Belmont Battlefield State Park near Columbus and Perryville Battlefield State Shrine near Perryville.

Just how many of the state's parks and shrines have you visited? Check these facilities in Kentucky's Western Wonderland:

In addition to Columbus-Belmont Battlefield and Rough River, there are John James Audubon State Park at Henderson, where you may see Audubon paintings and Kenlake State Resort Park, Hardin, where annual sailboat regattas are held. Kentucky Dam Village State Resort Park, in Gibertsville has a 4,000 foot airstrip with jet fuel. Lake Barkley State Resort Park, Cadiz, has a more than 62,000-acre lake and is not far away near Golden Pond, the Land Between the Lakes (a national recreation and environmental education area).

Also in the area are Pennyriple Forest State Resort Park with 15,000 acres near Dawson Springs; Lake Malone near Dunmore and near Fairview the Jefferson Davis Monument Shrine, the world's tallest cast concrete obelisk.

You might want to check-list parks and shrines in the Bluegrass. In addition to the horse park, there are Big Bone Lick

State Park near Florence; Constitution Square Shrine in Danville, where the state's first constitution was signed; E. P. "Tom" Sawyer Park near Louisville; Fort Boonesborough State Park at Boonesborough; General Butler State Resort near Carrollton; Kincaid Lake State Park near Falmouth; Lincoln Homestead State Park near Springfield; Old Fort Harold State Park in Harrodsburg, site of "The Legend of Daniel Boone" musical; My Old Kentucky Home at Bardstown; Waveland Shrine, Lexington; White Hall Shrine, home of Cassius Marcellus Clay in Richmond; Perryville Battlefield at Perryville and at Hodgenville the Abraham Lincoln Birthplace, a national historic shrine.

In Eastern Kentucky, there are Breaks Interstate near Elkhorn City; Buckhorn Lake State Resort near Buckhorn; Carter Caves State Resort near Olive Hill; Dr. Thomas Walker Shrine, Barbourville; Grayson Lake State Park between Grayson and Sandy Hook; Greenbo Lake State Resort, Greenup; Jenny Wiley State Resort, Prestonsburg; Kingdom Come State Park near Cumberland; Levi Jackson Wilderness Road State Park near London; Natural Bridge State Resort near Slade; Pine Mountain State Resort near Pineville; Blue Licks Battlefield, Mount Olivet, and near Middlesboro, Cumberland Gap National Historic Park.

Parks and shrines in Kentucky's cave and Cumberland country include Cumberland Falls State Resort Park near Corbin, site of only moonbow in the western hemisphere; Dale Hollow Lake

State Park near Frogue; General Burnside State Park, Burnside; Green River Lake State Park near Campbellsville; Isaac Shelby Shrine, Danville; Lake Cumberland State Resort Park near Jamestown; Old Mulkey Meeting House Shrine, Tompkinsville; William Whitley House Shrine, Stanford; Barren River Resort near Lucas and Cave City Mammoth Cave National Park. Kentucky's resort parks have lodges and other expanded facilities. Parks usually feature campgrounds, museums and other attractions. Each park and shrine has unique features to keep vacationers busy during their time away from home.

East Ky. Educators' Meet Begins Friday

The Division of Equal Education Opportunities of the Kentucky Department of Education is co-sponsoring two human relations workshops for superintendents, principals, teachers and guidance counselors from local school districts.

The first one, for Eastern Kentucky educators, will be held April 27-28 at the Holiday Inn, Winchester, and the Western Kentucky session is scheduled for May 18-19, at the Executive Inn, Owensboro.

Sandra Simmons and Scott Horan, student activities specialists from the Jefferson County schools, will conduct the workshops, which will begin at 7 p.m. Friday evening. Saturday sessions will start at 9 a.m. Simmons and Horan will use exercises such as role playing or sensitivity training as part of their presentation.

June M. Ridley, director of the Division of Equal Educational Opportunities, said that the purpose of workshops is to help teachers encourage harmony in public school settings. "It is up to the teacher to set the tone for the classroom," she explained. "If teachers understand their pupils' viewpoints, they will be better able to ease tensions."

Co-sponsor for the two workshops will be the Mid-Atlantic Appalachian Race Desegregation Assistance Center.

WHO IS THIS MAN and WHY IS HE RUNNING FOR STATE REPRESENTATIVE?

The young man pictured above is Gregory D. Stumbo. He is a Democratic Candidate for State Representative, 95th District, in the May Primary.

Greg would like to take this opportunity to tell the voters a little about himself.

He is the son of Harold Stumbo and Pluma Martin Stumbo, of Prestonsburg, Ky.

He is the grandson of Wayne D. Stumbo (deceased) and Barbara Hopkins Stumbo of Minnie, Kentucky, and Dewey Martin and Magnolia Sizemore Martin of McDowell, Kentucky.

He is the great-grandson of Eli and Belle Gayheart Stumbo, Johnny and Maggie Hall Hopkins, Alexander "Squint" and Nancy Osborne Martin, Edward and Florence "Hebads" Hall Sizemore.

This is not to suggest that you should vote for a man just because of his family; but, rather to point out the "Roots" and heritage that have given Greg a strong sense of dedication to the needs and problems of our area.

Greg is a native of Floyd County. He grew up in Prestonsburg and attended school there. He also spent a lot of time visiting with his grandparents and family in the areas of Drift, Minnie and McDowell. This type of background enables Greg to know and understand the particular problems of our urban and rural communities.

As your State Representative Greg intends to call for a coalition of coal producing counties to press for special legislative funding to repair, upgrade and maintain the rural and secondary road system for those counties.

Greg is a candidate for State Representative because he believes the time is NOW for strong, dedicated leadership in Frankfort. He sincerely feels that we can have in Floyd County what other areas of our state have experienced, namely economic growth.

When you are considering who to vote for as your State Representative, remember there is one candidate who:

- 1.) Is young, sincere and dedicated;
- 2.) Knows the problems of our area;
- 3.) Wants to build a better area for all of us to live in.

So why is he running for State Representative?

BECAUSE HE CARES!!

GREG STUMBO — WHY NOT!

Delivers Lonesome Pine Report

Eagle Scout Eric Christopher Conn, of Stanville, is pictured presenting a gift to Governor Julian Carroll after he had delivered the annual report of the Lonesome Pine Council at a luncheon meeting recently at the Governor's mansion in Frankfort.

Each year one scout is selected for this honor. The 1979 report was the last report to a governor on the Lonesome Pine Council since it was merged with the Bluegrass Council in late 1978.

Chris' parents, Mr. and Mrs. Harold L. Conn, accompanied him to Frankfort and were guests at the luncheon. Scout Executive and Mrs. John Fanning, of Pikeville, were also guests at the luncheon.

D.A.V. Meet Set At Auxier, Friday

Andy J. Blanton Chap. No. 18, Disabled American Veterans, will hold its regular meeting Friday, April 27, at 7 o'clock. All members and auxiliary are urged to attend.

There will be a state service officer present to discuss veterans' affairs, and other pertinent matters.

Veterans Administration education assistance extends to some 60,000 widows, wives of totally and permanently disabled veterans and their children who are enrolled in college or other training with VA financial help that closely parallels VA programs for veterans.

NOTICE

Legal Notice to families who lived in public housing projects operated by the Prestonsburg Housing Authority or lived in public housing projects in any other city between March 16, 1971 - September 26, 1975.

If you rented a house or apartment from the Prestonsburg Housing Authority or any other Public Housing Agency (PHA) during the period between March 16, 1971, and September 26, 1975, you may be eligible to file a claim for a refund of part of your rent during that period if:

1. The wife or husband of the head of the household was present and dependent upon the head of the household for support and/or:

2. A dependent member of your family household was employed.

If you believe your family falls within one of the categories described above, you may wish to continue reading this Notice in order to determine how and under what circumstances you may file a claim.

On July 7, 1978, the District Court of the District of Columbia entered a Stipulated Order providing that the definition of family income for purposes of computing maximum rentals for public housing, as contained in a HUD Circular, which excluded spouses from the \$300 deduction for each dependent and excluded dependents from the \$300 deduction for each secondary wage earner, was invalid and violated the United States Housing Act of 1937, as amended. The effect of this determination is that certain families who lived in public housing during the period from March 16, 1971 to September 26, 1975, may have been charged too much rent. Therefore, the District Court ordered HUD to establish a one million dollar fund for the payment of claims which current or former tenants of public housing may submit for a refund of any overpayments.

The District Court's Stipulated Order provides that, if valid claims exceed one million dollars, HUD has the option of having the Order dissolved in which case NTO and HUD may negotiate a modified settlement or proceed with further litigation. Thus, claimants should realize that the submittal of a claim determined valid by a PHA may result in full, partial, or no payment, depending on the total amount of valid claims submitted to HUD, or the final outcome of any further litigation. Any person wishing to receive a copy of the Stipulated Order or a claim form may do so by making their request known to a local PHA.

Individuals wishing to submit a claim must fill in the claim form made a part of this Notice and must submit it to the Public Housing Agency's address indicated on the claim form, or such other appropriate Public Housing Agency if different from the address indicated, within 120 days from Dec. 6, 1978. No claims will be accepted after the end of the 120 day period, April 5, 1979.

Information provided by the claimant on the claim form must be specific as to the time period between March 16, 1971, and September 26, 1975, for which the wife or husband of the head of the household was present and was a dependent and/or a dependent in the household was employed.

HRMC Emergency Room Expands To Meet Demand

Emergency room utilization at Highlands Regional Medical Center has increased by more than 80 percent in the past four years—from 8,800 patient visits in 1974, to nearly 16,000 last year. To help accommodate the growing number of patients, two new treatment beds, shown above, have been added in what used to be the emergency room office and the waiting room is also being enlarged.

Highlands is the only hospital in the area providing 24-hour, physician staffed emergency services.

PUBLIC NOTICE

SECOND READING

The Floyd County Fiscal Court, at its special meeting commencing at 1 p.m., Monday, April 30, 1979, to be held at the Floyd County Courthouse Annex Conference Room, Prestonsburg, Kentucky, will call for a second reading and then consider same for passage of the following ordinance:

SECTION ONE: The annual budget for Fiscal Year 1978-79, is amended to:

(a) Increase receipts of the Special Flood Account to include unanticipated revenues from the Commonwealth of Kentucky.

(b) Increase budget expenditures account Numbers: Special Flood Account by \$20,000.

SECTION TWO: The sum added to budget expenditure account in Section one is appropriated for General Governmental purposes.

A copy of the full text of said Ordinance above will be available for Public Inspection in the Floyd County Judge-Executive Office in the Floyd County Courthouse Annex in Prestonsburg, Kentucky, between the hours of 8:30 a.m. and 4:00 p.m., Monday through Friday.

The Floyd County Fiscal Court hereby certifies that the summary above is true and accurate and written in a way calculated to inform the public of its contents.

Mountaineer Sterotype Highlighted in Films

Two films made in Hollywood and dealing with the subject of coal mining will be shown at Alice Lloyd College in order to help reveal how the Appalachian stereotype is handled by Hollywood directors. The films, "How Green Was My Valley" and "The Molly Maguires," will be shown at 7 p.m. Thursday (May 3) in Cushing Hall on the Alice Lloyd campus. Admission is free and the public is invited to attend.

Following the showing will be a group discussion of the image of the coal miner as portrayed by the films. The discussion will be led by A. H. Walle, assistant professor of English, and Charles E. Martin, director of the ALC photographic archives.

"Discussion will deal with the image of coal mining in the media using the films

as a jumping off place. Since 'Valley' was made in the early 1940s and 'Maguires' came out in the early 1970s, the two will be compared and related to the eras in which they were made," said Walle.

A series of ten Hollywood films portraying the Southern mountaineer, or dealing with aspects of mountain culture began last week with the showing of "Tobacco Road", "Sgt. York" and "Deliverance."

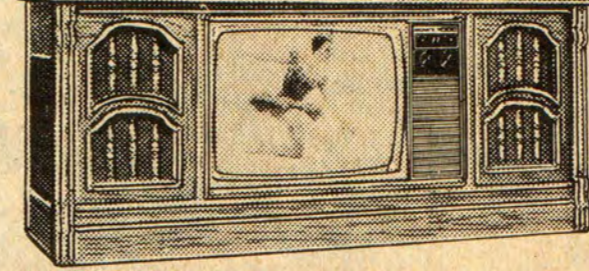

The series will continue each Thursday through May.

Maytown Homemakers Meet

The Maytown Homemakers held their April 12 meeting at the home of Trilby May. The president, Helen Boyd, presided. Devotional was given by Alda Gibson. The lesson on Decorative Wall Accessories was given by Helen Boyd. John Sparks also talked to the club on how to raise butternut squash and prepare it. The club bought cauliflower and broccoli plants that Mr. Sparks had brought with him. A buffet supper was served by the hostesses, Trilby May, Thelma Hicks and Betty May, to Alda Gibson, Minnie Gayheart, Sue Osborne, Lorraine Beach, Helen Boyd, Mag Patton and Francis.

DWALE COMMUNITY NEWS

Mr. and Mrs. Newton Wallen, of Pierceton, Ind., and Mr. and Mrs. Ollie Wallen, of Bourbon, Ind., were Easter week-end guests of Mr. and Mrs. John Calhoun.

Mrs. Cathy Campbell, Mrs. Theo Blanton, Mrs. Donna Branham and Mrs. Palma Elkins were visiting in Lexington, Tuesday.

Susan Blackburn had as her guests for dinner on Easter her children and grandchildren and friends, Mr. and Mrs. Ezra Branham and Pam, Margaret, Keith and Duane, Mr. and Mrs. Ricky Branham and Ricky, Jr., Mr. and Mrs. John S. Fulks, all of Dwale; Mr. and Mrs. Jimmy Burchett and son, Gary, of Cow Creek, Mr. and Mrs. Trent Prater and Josh and Chris, of David, Mr. and Mrs. Harold Burchell and Laura and Gretchen, of Prestonsburg, Mr. and Mrs. Monty Rice, and Monica and Melissa, of Little Paint, Mrs. Judy Phillips, and Angie, Lynn and Bobbie, of Hazard.

Mr. and Mrs. Miles Thomas had as their Saturday dinner guests Mrs. Bill McGuire and son, Mark, Miss Frances Jones, of Louisa, Mr. and Mrs. H. V. Thomas, of Flatwoods, Mr. and Mrs. Perry Stephens and daughters, Tena and Lisa, of Ashland, and Mrs. Melvin Rice and Angela, of Dwale.

We wish to thank the men and boys of Dwale who helped in our community cleanup operation over the past week-end.

Jack Nelson, who has been a patient at Our Lady of the Way Hospital at Martin, has returned to his home, where he is recuperating.

Our sympathy goes out to the family of Walter Prichard, who passed away, April 20.

Visiting Mr. and Mrs. Otis Page for a week was Miss Joan Mills, of Belleville, Mich.

Miss Terrisa Cline, of Allen, was the Friday night guest of Belinda Clifton.

Sunday dinner guests of Mr. and Mrs. Jack Nelson were Mr. and Mrs. Dallas Calhoun and son, Mr. and Mrs. Johnny Collins, Mrs. Bonnie Campbell and Ronda.

Mr. and Mrs. Stewart Sherman, of Akron, Ohio, were recent guests of Mr. and Mrs. Odd Clay.

Mr. and Mrs. Jim Sword entertained members of their family to Easter Sunday dinner. Those present were Mr. and Mrs. Dee Branham, Stewart Garrett, Mr. and Mrs. Alton Sword, Mr. and Mrs. Gene Paul Branham, Mr. and Mrs. Clifford Branham and Monty, Mr. and Mrs. Brad Walls and Amber Lynn, Mr. and Mrs. Jack Howard, Miltz and Jack Kyle, Miss Betty Lou Branham, Mr. and Mrs. Gary Mullins and Gary Michael.

Gary Michael, son of Mr. and Mrs. Gary Mullins, was in Highlands Regional Hospital last week and is now recuperating at home.

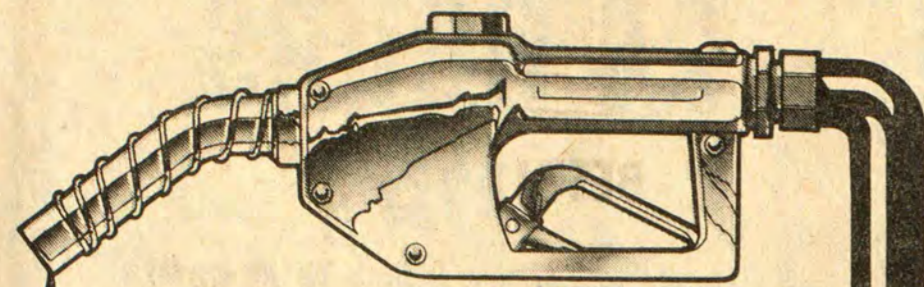

Mrs. Jack Howard and Opal Branham were in Pikeville Wednesday accompanying Jack Kyle Howard there for minor surgery.

Miss Debbie Burchell, of Ashland, was the weekend guest of her mother, Mrs. Spencer Fulks, and Mrs. Fulks.

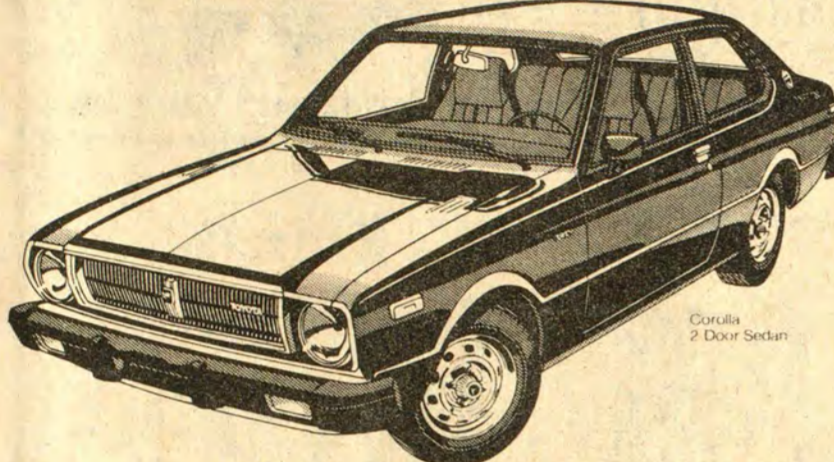

Roger Nelson was in Georgia last week on business.

Sunday guests of Mr. and Mrs. John Davis were Mr. and Mrs. Tim Conn and Tonya, of Dana, and Mr. and Mrs. Shirley Rice, Debbie and Barbara, of Banner.

The Veterans Administration employs some 36,700 Vietnam Era veterans, more than any other federal agency.

WASTE NOT.

Corolla 2-Door Sedan

CLEAN DEALS ON THE CLEAN RUNNING COROLLAS!

Corolla 2-Door Sedan.

Waste not gas, waste not money. That's the idea behind the clean-running, quality-built Corollas... and every Toyota we sell. The Corolla 2-Door Sedan is a clean deal from purchase price to gas economy. It's built to energize every penny's worth of fuel cleanly and, above all, efficiently. Corolla's one solid buy. And the clean-cut answer to cut down waste... and make the most of your dollar mile after mile.

Remember: Compare this estimate to the EPA Estimated MPG of other cars. You may get different mileage, depending on how fast you drive, weather conditions and trip length. Actual highway mileage will probably be less than the EPA Highway Estimate.	31 EPA estimated mpg	40 EPA estimated highway mpg

Howard Keathley has the knowledge and experience to build a better Floyd County.

He was born at Harold, a son of Bertha King Keathley and the late Grover Keathley. He is a 1950 graduate of Betsy Layne High School. He attended Pikeville College where he met and married Lucille "Tiny" Cartmell, of Emma. They later had two daughters Evelyn "Ebbie" Keathley and SuzAnne Keathley. Howard and Tiny have one granddaughter, Susan Renee.

It has been proven in the past that promises will not bring forth progress. **Goal setting, hard work, and determination** to see these important goals reached is what Howard Keathley is talking about.

Realization of what needs to be done and where it's needed most is the first step. **It is very obvious where this county has been neglected most!**

For example, our inadequate means of travel on our "so-called" roads and highways, our inadequate water, garbage, and sewage systems, our inadequate, inefficient ambulance, emergency and fire prevention and control services. **These subjects are vital for our safety and simply cannot exist and operate without support.** Our health and education programs definitely cannot be neglected.

Floyd Countians, there is hope for the future of this county if a change is made in the right places.

Howard Keathley is a man with a **great desire for progress and growth** and possesses the **determination and positive attitude** to see it brought forth!

BETSY LAYNE NEWS

We are glad to learn that Beckham Caldwell is feeling much better after his recent illness and that he is able to be back in church.

We would like to wish Ray Brackett a speedy recovery. He has been a patient in the Methodist Hospital at Pikeville.

Russell Frazier is able to be back at his job as principal of Betsy Layne High School after a recent illness and stay in Prestonsburg hospital.

Mr. and Mrs. Donnie Rose and Stephen, of Wisconsin, Mr. and Mrs. Johnnie Billiter, Jeffery and John, of Bridgeport, Va., were visiting Mr. and Mrs. Wm. Lynch last week.

Lois Collins Hoag, her husband, Raymond, and children, Rick and Kathy Dedra, from Albion, Mich., visited her parents, Mr. and Mrs. Castel Collins, for a week.

Citizens of Betsy Layne were sorry to learn of the death of the Rev. C. H. Furman. Rev. Furman was well-known in this area as he worked with the Floyd and Pike county schools for many years, teaching Bible studies.

Mrs. Ethel Foley has returned home after visiting her daughter in Ashland. Mr. and Mrs. E. P. Davis are in Lexington, where they were called due to the illness of her brother-in-law.

Visiting Mrs. Robert Jones and Bobby over the Easter week-end were Mr. and Mrs. Carl Mahan and Sheri, also Mrs. Randell Jones, Cara and Randy.

Mr. and Mrs. James George had their children, Mr. and Mrs. Larry Hale and sons, with them over the Easter week-end.

Mr. and Mrs. Castel Collins had as a houseguest for a week his father, Elijah Collins, while his daughter, Mrs. Rhoda Stone, and Mr. Stone were in London, Ohio, as their daughter, Mrs. Georgia Skaggs, had surgery.

Mr. and Mrs. Gene Collins, of Albion, Mich., visited Mr. Elijah Collins and the relatives last week.

Willie Steele, of Allen, suffered back injuries in a fall and is a patient in the Methodist Hospital, Pikeville.

Mrs. Vivia Kemmel is much improved after a recent illness.

The U.S. Department of Labor's Employment and Training Administration sponsors research on a wide variety of employment-related topics, including labor market processes, factors contributing to unemployment and underemployment, problems of disadvantaged persons, and transitions from school to work, between jobs, and from work to retirement.

For
COUNTY JUDGE-EXECUTIVE

**Why Would A Person Want To Be
County Judge, Executive?**

Is It Power?

Dewey Roberts has no further political ambitions. He has no cronies to please or enemies to punish. Employees would be selected strictly on a basis of merit and the ability to fill a public need. A dollar earned for a dollar paid.

Is It Money?

Dewey Roberts is a successful business man. He does not need to use the office for personal gain.

Is It Promoting An Interest?

Dewey Roberts has no connections or interests that could profit from the office of County Judge.

What Is It, Then?

Dewey Roberts wants to clean up the garbage, fill up the pot holes, improve the roads, take proper advantage of the available programs to improve the conditions of living for Floyd County's People, and to go on record as being a County Judge that you can be proud you elected

**WHAT DO YOU THINK,
ENERGY GROWS ON TREES?**

Buck Stove Owners Know It Does.

Wouldn't it be wonderful if energy grew on trees? Every morning the sun could come up and, from sea to shining sea, America could sprout a little more energy.

Naturally, energy does grow on trees. Trees, in fact are our only expandable energy source.

The only problem with using energy from trees has been that the sun does a great job of packing energy into trees, but people do a poor job of getting it out again.

Until Buck Stove, that is. Buck Stove is almost as good at getting energy out of trees as nature is at getting it into them. Buck Stove is the wood stove for modern America.

How well do Buck Stoves work? Well, a recent owner survey uncovered the fact that 96% of the families surveyed used their Buck Stove as their primary heat source. Doesn't that tell you something?

Another interesting fact came to light during this survey. Of all the really great reasons for buying a Buck Stove (like saving 50-80% on your heating bills, as a majority of our customers do), fully 48% of the customers surveyed listed outstanding quality as their number one reason for buying a Buck Stove.

Of course, this didn't surprise us. We know all

about that quality, which is why we can conditionally guarantee your Buck Stove for the lifetime of the original owner.

Buck Stoves are safe and easy to install, too. These all-steel, heavy-duty stoves meet the strict safety standards set by the National Fire Protection Association and Underwriter's Laboratories. And every Buck Stove dealer has trained, certified installers who assure you of the safest, most effective installation. Or, you can even do it yourself.

Because energy grows on trees, and money doesn't, Buck Stove is the sensible alternative for the American homeowner.

RALPH DARRELL JOHNSON: NO FRIEND OF THE WORKING MAN

In last week's Floyd County Times, Ralph Darrell Johnson, in his advertisement for State Senator stated that he would continue to talk to the UMWA to find out their problems and goals. As all members of the UMWA know, Mr. Johnson's family has always fought the UMWA. Mr. Johnson states that he was educated as a dentist, yet he does not practice dentistry; he is associated with the family coal business which operates non-union coal operations in Knott and Perry Counties. Why would a man who has gone through training to be a dentist not practice his profession? Ask Mr. Johnson and his supporters this question.

It should be pointed out that not only has Mr. Johnson's family always operated non-union mines, but they have actively fought the UMWA whenever any attempt was made to organize their mines, even going so far as to have some of our brothers in the Union put in jail.

People of Floyd, Knott, Martin and Perry County should think about the benefits that all our people have received from the UMWA. How many of our people have been treated at the hospitals begun by the UMWA, how many physicians have come to our area because of the excellent health care benefits which the UMWA has won for its members, how many businesses benefit from the wages that the UMWA has won for its members and is spent locally, how many of our

people are presently benefitting from Black Lung Benefits which the UMWA fought so hard for, how many of our elderly are presently drawing pensions from the UMWA Retirement Funds? The benefits that the UMWA have brought to the coal fields are obvious. Many of our older people can remember what work in the mines was like before the UMWA. Do we want to return to this type of coal mining and this type of life for our area? We think not. Think about it. Would a man who has fought the working man and actively sought out ways to keep the UMWA from representing coal miners represent the interests of the people or the interests of a select few in Frankfort?

We, the undersigned members and officers of the UMWA, wish to make it clear to the voter that Ralph Darrell Johnson has no support of the UMWA. We ask all our brothers, friends and neighbors who are interested in the future of our area and have the interest of the common man at heart to talk to their neighbors, family and friends. Ralph Darrell Johnson says he wants to know the goals of the UMWA. One of our goals is to organize the JOHNSON MINING COMPANY so that their employees will have the same benefits as other UMWA members. Will he publicly state that he will support us in this cause? Ask him. Let's make sure that none is misled in this election into believing the UMWA is supporting any candidate that has proven that they are against the working man.

Left Beaver Squad Coal Severance Aid Gets Dept. Approval

A \$1,000 allocation recommended by the Floyd County Coal Severance Economic Aid Board has been approved, according to Commissioner William S. O'Daniel, Department for Local Government.

The money has been given to the Left Beaver Rescue Squad and Volunteer Fire Department to purchase equipment.

Economic aid funds were established by Gov. Julian Carroll in 1976 and approved by the 1976 and 1978 legislatures with \$10 million allocated from coal severance money each biennium. Funds are allocated to the 47 coal-producing counties on a formula that includes population and per capita income. An economic aid board in each county selects the projects to be presented from its allocation to the Department for Local Government.

Funds are administered by the Department of Finance which has final approval of all projects following a technical review.

MARTIN NEWS

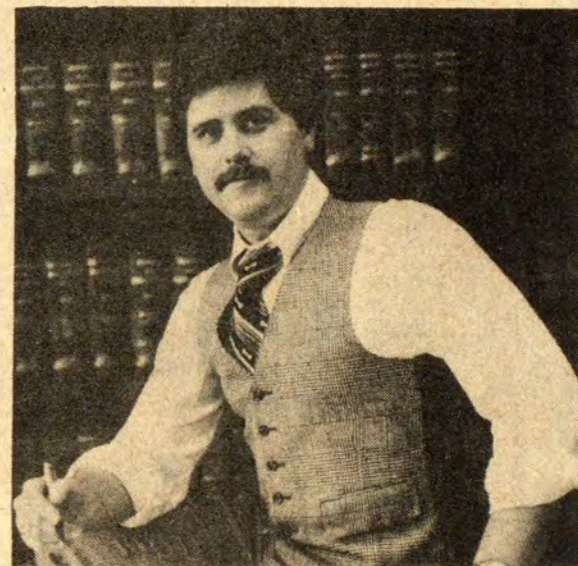

Mr. and Mrs. L. A. Maggard had the following members of their family visiting at their home during the Easter holidays: Mr. and Mrs. Daryl G. Meade, Prestonsburg, Mrs. Sharon Ratcliff and son, Nathan, of Morehead, Mrs. Cheryl Hansford and son, Joshua, of Elyria, Ohio, Mr. and Mrs. Walkie Spencer, Martin, George W. Frazier and son, Wesley, of Betsy Layne, Tim Allen, of Martin, Myrtle Berry, of Martin, and Brenda Camp, Mrs. Larry Frazier and daughter, Rebecca, of Iowa. Other guests were Mr. and Mrs. Charles D. Dingus and children, Deanna and Chris, and Norman Napier, Jr., all of Martin.

Visiting Mr. and Mrs. Walkie Spencer during Easter were Mr. and Mrs. Ken Ratcliff and son, Nathan, of Morehead, Mr. and Mrs. Donald Hansford and son, Joshua, of Elyria, Ohio, Mr. and Mrs. Buddy Oiler, Dayton, Ohio, Ada Carol Luxmore and sons, Bryan and Marty, Chicago, Illinois.

KHC BOARD OF DIRECTORS MEET

The Kentucky Housing Corporation Board of Directors will meet on Wednesday, April 25, 1979 at 9 a.m., EST, in the Department of Housing, Buildings and Construction Conference Room on U.S. 127 South in Frankfort, Kentucky. The press and public are invited to attend.

Experience

EXPERIENCE a drive over the rural roads of our county, but watch out for the potholes.

EXPERIENCE the view of garbage floating in our streams and lying along our roadways.

EXPERIENCE a trip to Jefferson County, where millions of Coal Severance Tax dollars are being spent to build a new highway.

EXPERIENCE the sudden rash of promises "to get things done" but look back over the accomplishments of the past four years before you believe what you hear.

If experience is an important issue to you when choosing whom to vote for as your next State Representative, ask yourself—Do we need experience like we've had, or new qualified leadership to take the case of the needs of Floyd countians to Frankfort, and

WITH SPRING COMES ASPARAGUS

We are right in the midst of the peak season for asparagus. Keep in mind the following tips to choose good quality stalks and to maintain the quality with proper storage after you purchase it.

You'll want firm, crisp, bright green stalks. The tips should be closed tightly and almost purplish green. There should be no soft, dark spots around the tip; soft slimy spots are signs of decay.

Take a good look at the bottom part of the stalks when you are inspecting asparagus. The entire stalk should be plump. If the lower part looks shriveled the asparagus is old.

Large asparagus yields more servings per pound or bunch than thin ones because there is less waste. The amount of woody, tough, inedible stalk varies in asparagus. Generally, thin ones have a larger amount of fibrous stalk.

Buy only what you will use in a few days, unless you plan to freeze or can it. Asparagus ages quickly. Store it unwashed in a moisture-proof bag in the refrigerator, and use it within two days for best quality.

To prepare, bend the stalk so it snaps just below the tender part. Check underneath the scales in the asparagus tip to make sure you removed all trapped sand when you washed the stalks.

Nutritionally, asparagus is a good source of vitamin C—a one-half cup serving provides almost half of an adult's daily need. It also provides vitamin A, and other vitamins and minerals as well as fiber.

Cooked and chilled it makes a tasty salad or it may be served hot as a vegetable in a variety of ways.

HOW TO EXTEND YOUR FOOD DOLLAR

Planning is one of the best ways to stretch your meat dollar. After serving a large beef roast for one meal, the remainder can be prepared in several different ways.

You may spend a little more money initially, but a roast with little fat and no bone will serve three for each pound of meat. A cut with more fat and bone will serve two per pound of meat.

After a meal, cool the meat, broth and gravy quickly, and store well-covered in the refrigerator. It should be used within three days.

You can freeze part of the leftovers in meal-size packs. Use freezer bags or freezer paper labeled, telling what the leftovers will be used for. Large pieces, removed from a bone, can be sliced for another dinner, smaller pieces for sandwiches, and bits and pieces for casseroles or hash.

Here are some suggestions on how to use your extra beef:

- Reheat roast in the oven, wrapped in foil to retain juices.
- Slice and reheat in gravy, adding an herb for a different flavor.
- Grind the meat, combine with a thick white sauce. Fry and serve as croquettes.
- Chop beef, and combine with white sauce to make creamed beef.
- Make into a stew with the left-over gravy and fresh vegetables.
- Make into a casserole by chopping beef and combining with vegetables, rice, noodles or macaroni.
- Make chopped beef into a pie with vegetables and top with biscuits.
- Slice or chop and use for sandwiches with lettuce and salad dressing.
- Slice and serve cold with a sauce or relish like chili sauce, catsup, mustard and piccalilli.
- If there is bone, use this along with the remainder of beef to make a pot of vegetable or barley beef soup.

The U.S. Labor Department's Bureau of Labor Statistics says that since 1968, the number of females in the teenage labor force has grown about three times faster than their numbers in the population.

EASTERN TENT CATERPILLARS

The webs of the Eastern Tent Caterpillar are becoming very numerous again this year. The Tent Caterpillar or Apple-Tree Tent Caterpillar is primarily a defoliator of wild cherry trees in spring. However, other trees are also attacked especially when the caterpillar runs out of food on cherry trees. Most trees are not seriously harmed by defoliation so early in the spring because they put on new leaves when the caterpillar is gone. However, the tent web of the caterpillar is unsightly and remains in trees through the summer. The caterpillar may also be a nuisance during the times it migrates across the ground.

The insects pass the winter as eggs which have been laid in a collar-like mass encircling the twigs of host trees. The egg mass which contains about 200 eggs, is about 3/4 inch long and 1/2 inch in diameter and has a shiny, varnished appearance.

The caterpillars leave the nest during the good weather to feed on leaves on all parts of the trees. At night and during bad weather they migrate back to the nest, following silk trails they laid down when migrating from the nest. As the caterpillars grow they add layers of webbing to the nest to accommodate their increasing size. The nest may reach the size of a basketball. If they strip a tree before they have reached their full development, they migrate together to another tree and build a new nest.

It takes about six weeks after hatching, for the caterpillar to be full grown.

Natural control accounts for some reductions in tent caterpillars. The larvae are preyed upon by some ground beetles, predaceous bugs, and few birds and toads. Several kinds of wasps attack the eggs, caterpillars or pupae.

When natural controls are insufficient other types of control may be needed. Tents in small yard trees can be torn out by hand or with a pole and the caterpillars crushed. One may also burn the tent out with a torch. Either of these methods should be done at night or on cloudy days when most of the caterpillars are in the nest.

Insecticide sprays may be simpler if many hard to get at nests are involved. The spray should be applied before the nests get larger than a baseball to get the best effect. Spray the tent and about one foot of the branches around the tent. The following chemicals give good results:

- Malathion 57 percent EC,
- Methoxychlor 50 percent WP, and
- Sevin 50 percent WP.

Be sure and follow the directions on the labels when using any pesticide.

CARD OF THANKS

We take this opportunity to express our heartfelt thanks and appreciation to all who were so kind and thoughtful to us upon the passing of our beloved mother, Frances Hackworth. We would thank all who sent flowers, brought food, the ministers for their words of comfort, the men for preparing the grave and a special thanks to Hall Bros. Funeral Home for efficient service. Thank you all very much.

The Chrysler 5/50 Protection Plan is the longest protection plan of any car maker in America. It protects you from unexpected power train repair bills for 5 years . . . or 50,000 miles . . . whichever comes first (from the time you take delivery of your vehicle). Plan not available in Nebraska.

Coverage includes cost of parts and labor for repair of major power train components: engine, transmission, transaxle, drive axles and drive shaft.

You pay only the first \$50 for each covered repair.

All you are required to do is use your car or truck in a normal way and give it the routine maintenance called for in the Owner's Manual. Chrysler 5/50 Protection also includes coverage for towing, car rental—even a toll free help-number. See your Chrysler-Plymouth dealer for full details.

The Chrysler 5/50 Protection Plan could pay for itself in your first visit to your dealer's service center.

Confidence in Chrysler engineering makes it possible for Chrysler Corporation to offer you the longest protection plan of any car maker in America . . . longer than GM or Ford by two full years.

**... about your
Social Security**

By JOHN FAULKNER
Manager of the Prestonsburg
Social Security Office

This is the first of a series of articles on Social Security. The articles will consist of Social Security questions people in the area ask the Prestonsburg office. If you have any questions about Social Security, please contact the Prestonsburg Social Security office. The telephone number is 886-8525. The address is U.S. 23 North, Auxier Road, Prestonsburg, Kentucky 41653.

Q—I'm 69, and on Social Security retirement. I haven't worked since I started drawing three years ago. Now I have an opportunity for a part-time job. I'm drawing \$300, and my wife gets \$150, per month on my record. How much can I earn without losing my Social Security?

A—Since you are over 65, you can earn \$4500 this year without losing any benefits. If you earn over \$4500, for every additional \$2 you earn, \$1 is withheld from the Social Security you and your wife have coming for the year. If your wife has earnings of her own, the same formula applies to her checks separately (since she gets on your record, her earnings would affect her check but not yours.)

Q—My children and I have drawn Social Security since my husband died in 1970. I'm only 35 and have a chance to marry again. What I want to know is, if I decide to get married again, will my children's Social Security checks stop?

A—No. Your check will stop when you remarry, but the checks to the children will continue. A child eligible on her father's record can draw until age 18, marriage, or death. If he goes to school full-time, he can draw until age 22. If he has a disability which began before age 22, he may continue to draw disabled child's benefits after he becomes an adult.

Q—I'm 62 years old and have been getting a widow's check since my husband died 2 years ago. I have a chance to marry a younger man who hasn't retired. Will my widow's check end if and when I marry him?

A—You're in luck! The 1977 Amendments to the Social Security Act permit full payment of widow's benefits to a widow age 60 or older who remarries. The amount of your check will be unchanged. Before the amendments, a widow who remarried generally suffered a substantial reduction in her check.

**APPOINTED TO RESIDENCE
HALL POST AT TRANSY**

Sam Isbell, a senior physics-mathematics major at Transylvania University in Lexington, Kentucky, has been appointed as a residence hall assistant for the coming year. Mr. Isbell, a son of Mr. and Mrs. Sam Isbell, Sr., of Prestonsburg, will advise other students in Clay-Davis, a men's residence.

**We Need
Jerry
Lafferty, Jr.
As Our Next
County Judge-
Executive.**

Jerry Will:

Lay the foundation for a united Floyd County people as he works with all of our county officials to improve our county. United we can do much, divided we can do little.

Alert our Federal and State officials that Jerry Lafferty will be visiting them and soliciting their assistance in obtaining funds for our county.

First order of business will be to find revenue necessary to repair our pitiful and dangerous county roads.

Forever appreciative of your support and understanding and always be conscious of the fact that you will and should "fire" your next Judge-Executive if he is not getting the job done.

Earrest effort will be made to obtain and initiate county-wide ambulance service, especially to benefit our elderly and those on fixed incomes. This service is now enjoyed by our citizens in neighboring Pike County.

Reconstruct and reorganize our Road Department to assure maximum efficiency. This can and will be done by utilizing our fine county road employees now working for us. We must and will repair our county roads and keep them maintained. The high expense of repairing our cars while traveling our bad roads must be reduced. We taxpayers deserve no less.

Together we can and will improve the quality of life for our people in Floyd County. Jerry Lafferty is a business man and with your help he can obtain the necessary State and Federal dollars to get our county moving again.

You can trust and depend on Jerry Lafferty to work hard and do good things for Floyd County.

She's busy in the kitchen, but the recipe she wants is a continent away. So two old friends put their heads together with a phone call and agree on the ingredients. You can call a faraway friend to find out what's cooking or just to say hi. Dial the One-Plus way to any other state, except Alaska and Hawaii, after 5 p.m. Ten minutes won't cost more than \$2.57 (plus tax); even less if you call after 11 p.m. or on weekends. So reach out and touch someone. Someone who's waiting to share your day.

INVITATION FOR BIDS

Sealed proposals will be received by the City of Wheelwright, Wheelwright, Ky., (Floyd Co.) on Thursday April 26, 1979 at 7 p.m., at which time and place they will be publicly opened and read aloud for the furnishing of all materials and labor and performing all work as set forth by this Invitation for Bids, the Instructions to Bidders, the General Conditions of the Contract and the Specifications, prepared by the City of Wheelwright, Wheelwright, Kentucky.

THE WORK TO BE BID UPON:
VARIOUS STREETS IN WHEELWRIGHT, KENTUCKY.

Contract documents may be examined at the following place: City Hall, City of Wheelwright, Wheelwright, Kentucky 41669.

Copies of the Documents, not to exceed two (2) sets, for the General Contractors, and his Major Subcontractors; may be secured from the City of Wheelwright, Wheelwright, Kentucky 41669, upon return of the Plans, Specifications, and other Documents, in good condition, within ten (10) days after date of Bid Opening.

Bids received after the scheduled closing time for the reception of the Bids, will be returned, unopened to the bidders.

In the event an award is made, and the successful bidder fails to furnish a satisfactory Performance Bond within fifteen (15) days after written notification of acceptance of the Proposal, and fails to execute a Contract for the construction of the work under the award, the City of Wheelwright shall have the right to forfeit such contracts.

The Proposals, shall be in a sealed envelope, bearing the Bidder's Identification, addressed to the : City of Wheelwright, Wheelwright, Ky. and labeled in the lower lefthand corner:
PROPOSAL: VARIOUS STREETS IN WHEELWRIGHT, KENTUCKY.

The owner reserves the right to reject any, or all Bids and waive informalities.

No Bid shall be withdrawn for a period of sixty (60) days subsequent to the opening of the Bids, without the consent of the Owner.

ELLA JANE HALL
Chairperson, Board of Trustees
For: Wheelwright, Ky. 4-11-3t.

By JOHN WILSON

If you put your bow and arrows away at the close of last year's deer archery season, you might want to drag them out again—for some fishing.

Bow fishing for rough fish is an excellent way to get in some extra archery experience. In addition, it's a sport in its own right. If you already have a bow, you only need a little bit of additional equipment.

Most bow fishermen use a special bow reel which attaches to the bow just under the hand grip and allows line to flow off (much like from a spinning reel) when the arrow is released. The only other gadget needed is a special fiberglass fishing arrow with plastic fletching.

The legal restrictions on bow fishing are few and easy to remember: all longbows, compound bows and crossbows shooting arrows with at least one barb are permitted. Bow fishing activity must be confined to daylight hours and is permitted in all waters of the Commonwealth with just a few exceptions.

Bow fishing is not permitted within one mile below Wolf Creek Dam (Lake

Cumberland), within 700 yards below Kentucky Dam or within 200 yards below any other dam in the state.

Bow fishermen may fish from either the bank or from boats. The appropriate resident or non-resident fishing license is required—a hunting license won't work. There is a limit on the number or size of rough fish taken.

Rough fish, by the way, are legally defined as "all species of fishes other than those species designated as sport fishes."

Sport fish, in turn, are largemouth bass, smallmouth bass, musky, northern pike, chain pickerel and all species of trout.

The favorite quarry of bow fisherman is carp. This fish spawns, with much thrashing and splashing, in shallow water where it is easy to spot. Even though most shots are at close range, hitting a fast-moving fish can be more difficult than it looks.

Even a large carp doesn't offer much target area. The archer must remember that if the fish is below the surface, it isn't where it looks like it is—water refracts light, so the fish appears shallower and farther away than its actual location.

When carp spawn depends on the weather, but late April and early May are usually prime times.

If you haven't tried this unusual style of fishing, why not take your bow out of storage and give it a try?

KEA Elects Officers At 117 Annual Meet

Kentucky Education Association Vice-President Joyce Dotson was re-elected without opposition by delegates attending KEA's recent 117th annual convention in Louisville.

Also elected were Wayne Harvey as National Education Association director to succeed Joe Pessarelli of Waddy, and Jo Catherine Clark as ethnic-minority member of the KEA Committee on Professional Negotiation (PN).

Dotson, a third-grade teacher at Shelby County's Southside Elementary School, is a past president of the Shelbyville Education Association. Harvey, immediate past president of KEA, teaches at the University of Kentucky College of Education in Lexington. Clark teaches at Jefferson county's St. Matthews Elementary School.

Doris Morton of Bowling Green, teacher at Warren Central High School, is the current KEA president. June Lee, of Louisville, teacher at Jefferson county's Newburg Middle School, is president-elect.

PN Committee members elected Joan Robinson, science and biology teacher at Jefferson county's duPont Manual High School, to succeed Kenton county teacher Sharon Felty-Comer, of Florence, as their chairperson.

Elsie Ivy, of Paducah, who teaches at McCracken county's Reidland Elementary School, was elected vice chairperson.

Jade plants won't grow very well unless they have about six hours of sunlight a day.

Floyd County Health Notes

By JANETE E. HICKS
 Health Educator
 The Floyd County Health Department and the Floyd County Board of Education remind all parents with children entering school for the first time, (this includes all kindergarten students, first graders, and transfer students), that their child must have a TB skin test, a physical examination, and an immunization certificate. This is in accordance with KRS 158.035 which reads: "Except as otherwise provided in KRS 214.036, no child shall be eligible to enroll as a student in any public or private elementary or secondary school without first presenting a certificate from a duly licensed medical or osteopathic physician stating that the child has been immunized against diphtheria, tetanus, whooping cough, poliomyelitis, and measles. The governing body of private

and public schools shall enforce the provisions of this section."
 The Floyd County Health Department urges parents to start preparing their children now for their first year of school. Immunizations, TB skin tests, as well as hemoglobins (blood counts) and urinalyses can be obtained free of charge at the Floyd County Health Department on Monday, Wednesday, and Friday each week from 8 a.m. to 4 p.m. The above services can be obtained from any of the regularly scheduled outpost clinics in Martin, Wayland, Bypro, and Mud Creek. The schedule for the outpost clinics during May is as follows:
 Monday, May 7—Beaver Valley Clinic in Martin, from 10 to 12 and 1 to 2.
 Wednesday, May 16—Hamilton's Kentucky Food Store in Teaberry from 10 to 12 and 1 to 2.
 Monday, May 21—Ethel Osborne's Store in Bypro from 10 to 12 and 1 to 2.
 (The outpost clinic in Wayland has been cancelled for May)
 The physical examination forms are available from either the health department or the board of education but they must be signed by the child's doctor. The immunization certificate can be obtained at the local health department or from the family doctor's office depending where the child received his immunizations. If the child has not completed his immunizations, he must present a statement from his family doctor stating that the child has started his immunization series and that the child will have completed his immunization series, including both measles vaccines, before entering his second year of school.
 All forms, physical examinations, verification of skin testing, and immunization certificate must be presented to the child's school before he enrolls.

ATTENTION All Local Hairdressers

FORD FAIRMONT
 By now, you've heard of General Motor's X car, (Chevy Citation,) Oldsmobile Omega, Buick Skylark, and Pontiac Ventura.
BUT DID YOU KNOW THAT:
 1) Each of these are more expensive than Ford Fairmont
 2) Each of these has a long way to go to compare in looks with the Ford Fairmont.
 3) Each of these had about nine defects in material workmanship found by the federal government before they were on sale April 19.
 4) Each of these has a front suspension that will have to be replaced about every 50,000 miles.
 5) Each of these has less passenger space than a Ford Fairmont.
 6) Your solution is, of course, to buy a new Ford Fairmont at Town and Country Ford.

Scenes from P.C.C.'s Mountain Dew Activities

Archers, under the supervision of P.C.C. faculty member Bob McAninch, aim for the bullseye.

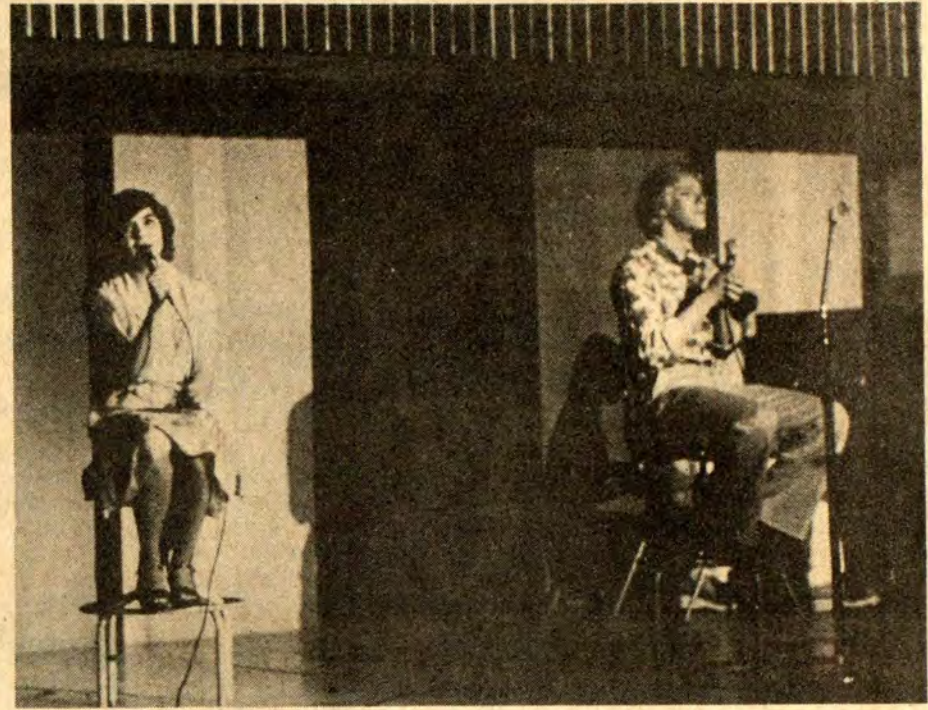

P.C.C.'s Judy Salmons (left) and Nina Fannin during the women's table tennis doubles event.

The new Archer Park courts were the scene for this year's tennis competition.

Mt. Dew Queen contestants including P.C.C.'s entry, Judy Rice (center). Alice Lloyd College's candidate (at far left) won the competition. Pictured beside the ALC representative is Ashland Community College's candidate, while Somerset and Southeast C.C. are represented at right.

Cheryl Turyn and Jimmy Pleasant took first place in the talent competition for P.C.C. with their version of "You Don't Send Me Flowers."

While queen candidates were being judged, this group, including former P.C.C. student Bryan Powell (with guitar) and Susie Campbell (in clown suit) who placed second in the talent competition for P.C.C. with "Send in the Clowns," entertained the crowd.

Prater School Plans Marathon

The Prater Elementary School will sponsor a marathon run Saturday, May 12, to raise money for the seventh and eighth grades. Runners will leave the school, follow a route through Harold, down U.S. 23 to Banner, and back up Prater Creek to the school. The run is approximately 20 miles. The school hopes to raise money by asking political candidates to sponsor each runner for as many miles as he or she wishes. The runners, in turn, will wear the candidate's stickers. All runners in the county are urged to participate. Those interested should contact Sandy Boyd at the Prater Elementary School, phone 478-9919.

WOMAN'S CLUB TO HOLD INSTALLATION DINNER HERE
The installation dinner for the Prestonsburg Woman's Club will be held Thursday, May 3, at the club building in Archer Park at 6:30 p.m. The speaker and installing officer will be Miss Pat Lee, president of the Kentucky Federation of Woman's Clubs. All members are asked to attend and bring a covered dish. The hostesses for the dinner are Mrs. Ethel Burke, chairman, Miss Alice Harris, Mrs. John Sutherland, Mrs. Bill Pettrey, and Mrs. Gorman Collins.

ATTENDS TRUCK SHOW
Bill Caldwell, of Eastern Kentucky Mack, attended the Mack trucks super-spectacular parts and service show in the New Orleans Superdome, April 8-10.

Harold Man Jailed After Johnson Shot At 'Country Palace'

Gary Ray Bevins, 27, of Harold, was charged with assault in the first degree in the Friday the 13th shooting of Joe Johnson, 27, of Jacks Creek, at Marlow's Country Palace, north of Pikeville.

Johnson was shot in the stomach with a .38-caliber pistol, according to KSP Detective Richard Ray who led the investigation. The shooting reportedly resulted from a disagreement over possession of a chair or seating arrangement. Bevins allegedly shot Johnson after he returned to a chair which he claimed was his and Johnson refused to vacate.

The shooting took place during performance by Charlie Louvin. Most of the crowd which filled the room ducked for cover upon hearing the shot, but, the situation was kept under control and the performance continued.

Johnson is listed at the Methodist Hospital, Pikeville, in fair condition.

Bevins was lodged in the Pike county jail.

Tribute to a Good Man

Are family ties really getting to be obsolete? The joy of remembering your childhood and all those small insignificant things that we took for granted? It seems as though the family unit just doesn't mean much anymore.

There have been so many truly important men who have left their mark on so many and never needed any kind of recognition because their reward came from within. They have no idea how their way of life touched all those around them. After all, working hard, sacrificing, and giving everything they possessed to their families was merely a way of life.

There is such a man who at the age of seventy-seven still lives a way of life he doesn't consider great or special.

Bruce Hamilton, born July 2, 1902, simply took care of his wife and family (fifteen children) as best he could. To me, my Uncle Bruce is a great man. I have wanted to do something special for him for a long time. How do you add something to a man's life when he already has all God could have given him. Love, honesty, unselfishness, and faith—these things make up the man I call my beloved Uncle, a man who has all the respect and admiration from everyone close to him.

So many things he gave me when I was a small boy that have stayed with me through the years. The talks we had, the sharing and the deep understanding that only love could produce.

This is my tribute to you Uncle Bruce. I had to let you know of the lasting impression you made on my life. The tragic changes in the world today have made it very hard to find a man you would wish to pattern your life after. But in my eyes, a man who has spent fifty-seven years of caring and devotion for his wife and family, deserves knowing there are those who recognize how great he really is.

The impression that you made on me, Bruce Hamilton, will remain with me for the rest of my life.

Your Loving Nephew,
VERNON REYNOLDS

ON HOMES FOR LIVING NETWORK SERVICE

It's a red-letter day when the Homes For Living sign goes up in front of your home, because that means that your home will be featured in Homes For Living Magazine, assuring maximum exposure to home buyers — here, and across the country.

And there's no need to have the house-hunting blues. You can preview homes for sale right in the comfort of your living room by paging through our magazine.

If you're pining at the thought of relocating, we'll put the color back in your face when we show you a Homes For Living Magazine from your new home town, and tell you that we have a good friend there: another Homes For Living Member, who's ready to help you find your new home and get your family settled.

Our "Maximum Exposure" gets RESULTS!
When our "For Sale" sign goes up in front of your home, it means that your home can be pictured in Homes For Living Magazine. That means thousands of people will know it's for sale — and REALTORS in all 50 states, Puerto Rico and Canada will be able to "show" your home to people who are relocating to our city.

Economic Diversification: More Jobs For East Kentucky

"Whenever there is in any country, uncultivated lands and unemployed, it is clear that the laws of property have been so extended as to violate natural rights."—Thomas Jefferson, 1785.

When our ancestors framed the Constitution and began to develop our great Nation, one of the most fundamental rights they incorporated into the "pursuit of happiness" was the right to a decent job at a decent pay. Here in East Kentucky, we have been fortunate to have valuable natural resources such as coal, natural gas, timber and oil, that have served to provide jobs for our people.

However, unlike the industrial base of other areas, our natural resources do not "grow back," like those of an agriculture area, neither can we "produce" abundant coal or natural gas, as in an industrial area. We know that our vast coal or natural gas resources, once removed, will not be replaced over any reasonable time period. This is why it is of the greatest importance to us that we support our coal and gas industry so that they might grow and prosper and that we might build upon these two industries to provide additional and different jobs for our area. Some ways we can encourage industries to locate in East Kentucky are:

1. Those industries that depend on coal, steel making, automobile factories and electric generating plants, should be identified and encouraged to locate in East Kentucky.
2. We should upgrade our railroads to provide an economical means of transporting materials into our area. It just makes sense that if industry can afford to pay the transportation costs of coal out of the area to factories, industry can afford to pay the cost of transporting raw materials to coal fields so they can be combined with the coal energy to provide the finished product.

3. Adequate industrial sites, with adequate water, sewage and other utilities must be constructed. With the price of energy continuing to increase, industry will be looking for places that can guarantee an adequate supply. Our area can do this with our coal resources.
4. Government should be encouraged to move immediately to develop and construct coal gasification plants in the coal fields. Our government must realize that we, indeed we must, develop our coal resources if we are to keep America leading the Free World.
5. We must support the coal industry. While President Carter asks the coal industry to double production by 1985 one of the agencies in the government he commands, the Environmental Protection Agency, is moving to prevent the largest coal consuming State in the nation, Ohio, from burning Kentucky coal. This is a prime example of government service in reverse. All of our people, elected officials and citizens, should immediately join with our coal industry in the legal actions to prevent such a ridiculous ruling from EPA from being implemented.

The diversification of our economy to provide more jobs for our people is a complex issue that can not be solved by simplistic answers. We need to have a man in the State Senate who has proven by his past accomplishments that he can effectively deal with the complex issues of State Government. That man is Benny Ray Bailey. Throughout his life, Benny Ray has proven that he has the leadership abilities and natural concern for our area and our people that is needed in our elected officials. With Benny Ray Bailey in the State Senate our people can rest assured that they have an effective representative in State Government who will work hard to make sure that government works for us. Vote for Benny Ray Bailey. It's a vote for more jobs for our area.

Group to Fight Wilderness Development in State, Nation

Environmentalists plan an intensive campaign in Congress to block or delay the Carter administration's decision to open 36 million acres of national forest lands to development, including acreage in Kentucky.

"We think this is unconscionable," William A. Turnage, executive director of the Wilderness Society, said Tuesday. Turnage wants much of the land classified as wilderness, a designation that would stop timber cutting, oil and gas drilling and new mining ventures.

"These are marginal lands," Turnage said. "We're losing 36 million acres of wilderness. There's no necessity for it."

President Carter's decision to open the land to development came under the Agriculture Department's Roadless program, known to many as RARE II. Under the program, 62 million acres of roadless and undeveloped national forest lands were studied for possible inclusion in the wilderness system.

Carter proposed 36 million acres be opened for development, 15.4 million acres be classified as wilderness and 10.6 million acres be studied further. The latter category blocks most development during the study period.

Excluding Alaska, Carter's proposal would increase wilderness acreage by 470,000 acres over the RARE II plan released in January by the U.S. Forest Service. His changes in the Forest Service plan also would decrease by 140,000 acres the land opened to development and reduce by 330,000 acres the land designated for further study.

The plans includes these recommendations for Kentucky: 11,115 acres in the Red River area would be designated wilderness. The area is east of Kentucky 715 and north of Rock Bridge Road. In that area, no roads could be built and no motorized vehicles would be permitted.

3,225 acres in the Cave Creek Cave area would be designated non-wilderness and opened for limited development. The area is in Pulaski and McCreary counties east of the existing Beaver Creek Wilderness Area.

Coal firms already own most of the mineral rights in that area, and Dick Wengert, supervisor of Daniel Boone National Forest, said some deep mining probably would be permitted.

2,934 acres on the Tennessee border in McCreary County was recommended for more study. The area is part of the Big South Fork National Recreational area.

The national forest system contains 187 million acres, of which 14.7 million acres already are classified as wilderness. The addition of 15.4 million acres would mean that 16 percent of all national forest lands would be preserved as wilderness.

Turnage, however, said the percentage

of wilderness "should be closer to one-third," or 33 percent.

Don-Lee M. Davidson, president of the National Forest Products Association, said the net result of Carter's proposal "could well be either shortages of wood products needed by consumers or increased imports."

Davidson said timber interests would attempt to convince Congress that some of the lands proposed for wilderness protection or further study should be opened for development. He was not specific about the areas.

Congress must approve the inclusion of any area in the wilderness system.

HERE FROM CHARLOTTE, N.C.

Miss Linda Sue Stephens, of Charlotte, N.C., who was called here recently due to the serious illness and subsequent death of her mother, Mrs. Claybourne Stephens, is remaining here a few days with her father before returning to her position as guidance counselor in the Charlotte schools. The Stephens' son, Stevie Stephens, Mrs. Stephens and children, of Huntington, who were also called here, have now returned to their home.

HERE FOR WEEK-END

Mr. and Mrs. Donald Roark and sons, Johnathan Dean and Thadius Dale, of Lexington, were here during the week-end for a visit with her parents, Mr. and Mrs. J. Lee Hall. On Sunday, during their visit here, they and Mr. and Mrs. Hall were dinner guests of her grandmother, Mrs. Fannie S. Jarrell. Another dinner guest of Mrs. Jarrell at that time was her grandson, Bill Bailey.

HOME AFTER SURGERY

Mrs. Grace Conley, who recently underwent major surgery at the Highlands Regional Medical Center, and spent a few weeks as a patient at the Riverview Nursing Home, returned to her home Friday, and is improving nicely. Her son, Donald Conley, an officer in the U.S. Navy, stationed near Washington, D.C., is spending this week with her.

Smith Family Reunion Held at Stanville

The Smith family reunion was held April 15 for the first time in 48 years. The reunion was held at the home of Mr. and Mrs. Jim L. Smith on Mare Creek near Stanville. Four generations were represented by Mrs. Wilda Smith, great-grandmother; Mrs. Annie Hunt, grandmother; her daughter, Mrs. Sharon Case, and baby daughter, Misty.

The Smiths have six sons, Robert, Franklin, Carter, and Verlin Smith, all of Floyd county; Nathan and Dennis Smith, of Michigan, and six daughters, Osiephine Coleman, Annie Hunt, both of Stanville, Era Cole, and Vernetta Adkins, both of Pikeville, Arzetta Brown and Margie Bentley, both of Michigan. The Smiths also have 34 grandchildren and six great-grandchildren.

Spring Concert Set Sunday at College

Prestonsburg Community Chorus will present its 14th annual spring concert, Sunday, April 29, at 3 p.m. at Prestonsburg Community College.

The program will include the "Testaments of Freedom," by Randall Thompson, (based on the writings of Thomas Jefferson), songs by Oscar Hammerstein and selections from the Broadway musical, "West Side Story," by Bernstein. The performance will be under the direction of Gus M. Kalos and accompanied by Mary Grace Garland.

The public is invited to attend the concert.

KY. ASSEMBLY PRESIDENT VISITS HOME LODGE

Miriam Rebekah Lodge No. 31 met Tuesday evening, April 17, with Mrs. Pauline Owens, noble grand, presiding. This meeting was significant because the lodge was welcoming one of its own members, Mrs. Mabel Jean Lemaster, president of the Rebekah Assembly of Kentucky, on her official visit. A dinner was served in the decorated dining room, preceding the meeting. Included in the decorations was a cake, made by Mrs. Mary Zemo, depicting the open Bible, surrounded by yellow rosebuds. One of the tables held objects emblematic of the program. Other lodges represented were Betsy Ross No. 95, Louisa; Gate City No. 108, Cattlesburg; Freedom No. 200, and Thealka. Those receiving special recognition were Mrs. Mabel Jean Lemaster, president of the Rebekah Assembly; Bill Harvey Howard, deputy grand master; John N. Burchett, grand marshal; Bernice Dials, Assembly conductor; Maman Leslie, Assembly page, and Arthur Pope, past grand master. Mrs. Lemaster outlined her program for the year, which is, "Happiness through Service to Others," and announced that her emblem is the Holy Bible and "The Bluebird of Happiness," representing the youth of the Order. Her colors are green, yellow and silver, and her flower is the yellow rose. Her scripture is Psalm 121:1; her Bible character is Rebekah, and her watch words are faith and prayer, happiness and service.

She has set six goals: 1. Support the international President's program; 2. Increase the membership; 3. Promote the Youth Program; 4. Remember the IOOF and Rebekah residents in the homes maintained by them; 5. Publicize the Order; and, 6. Support the World Bank and Visual Research Program, the Educational Fund, and the Rose Bowl Parade float. Many members participated in the secret work of the lodge, and each received a small memento. Mrs. Lemaster gave each member a personalized book mark depicting the open Bible. Gifts were presented the President from the lodge and from others. Bill Harvey Howard and John Burchett presented a monetary gift on behalf of the Independent Order of Odd Fellows.

The wedding will be solemnized at 4 p.m., June 23, at the First Baptist Church in Wheelwright. The gracious custom of open church will be observed.

Skill Olympics Set At Somerset, Ky.

Kentucky's 1979 Skill Olympics will be held Thursday and Friday, this week, at the Somerset State Vocational-Technical School. The olympics are sponsored by the Vocational Industrial Clubs of America.

Shafter Bailey, state advisor to the organization, said competitors at Somerset will be "our best vocational education students. They earn their places by making the top score in local and then regional contests." Bailey is a supervisor in the Industrial Education Unit, Bureau of Vocational Education, Kentucky Department of Education.

The olympics will begin at 7 p.m. Thursday in the Pulaski County Elementary School. After the opening ceremony, contestants will take written tests in their fields.

Practical tests begin at 8:30 Friday morning at the vocational school. Auto body, welding, cosmetology, carpentry, practical nursing, electrical trades and architectural drafting are a few of the 21 fields in which the students will compete. The commercial foods event will take place at Somerset Community College.

Students who score highest in each event will go on to national competition.

Gospel Songs Plus

Tenn. Ernie on KET

Tennessee Ernie Ford says he's as excited as a pig in a truffle patch about "That American Gospel Sound," a two-hour special described as "a jamboree of up-beat, up-lifting, feeling-good music" airing on KET Thursday, April 26 at 9 p.m. (ET).

Recorded live before a near-capacity house at Opryland, U.S.A., Ford says, "You know, a lot of people think that to sing Gospel music you've got to put on sackcloth and sit in a pile of ashes. Not true. Not true at all. Gospel music is happy music," emphasizes Ford, host of the special.

"That Great American Gospel Sound" opens with a stirring version of "Put Your Hand in the Hand," sung by all the participants in the program, followed by a brief acappella rendition of "Good News" by the Fisk University Jubilee Singers.

Della Reese, The Happy Goodman Family, The Jordanaires and Micki Fuhrman are also featured in a broad range of musical styles. One highlight of the special comes when Reese and Ford team up, for the first time ever, and perform an old time favorite, "When God Dips His Pen of Love in My Heart."

Some of the songs sung by the groups include "Peace in the Valley," "Life's Railway to Heaven," "Deep River," "Stop and Smell the Roses," "I Wouldn't Take Nothing for my Journey Now," and a final medley constructed by Ford.

Job banks, an important tool of the federal-state employment service system, or Job Service, offer computerized daily printouts of all available jobs listed by employers in a labor market area.

Vote for

Marcella R. Bailey

Democratic Candidate for
County Judge-Executive

May 29 primary election

A message to all voters and citizens of Floyd County and America—We have approximately 4 weeks left until you will be ready to go to the polls and vote. Folks, you who aren't registered to vote, please register—and I want to plead with the ones who told me they've quit voting—disgusted—don't stay at home on election day but go and cast your vote, regardless how you vote—but vote. Let's bring that voting percentage back up in our precious country—else we may wake up some morning and find we don't have a place to vote. We could lose it—our freedoms all taken away. Take a long, hard look at it, people. Stop! Think! We've got little ones coming up in this world and they're our future leaders of tomorrow—They need to be taught about voting, honesty and love for their fellow man. Our country needs to turn around and let God be our guide before it's too late. We can sure build the finest roads that can be built, beautiful schools, and everything anyone would want, but if we lose our freedom we won't need anything—maybe jails—gas chambers, or else. Folks, think about it—it's possible, people. Go vote—let's restore faith back on the national, state and local government levels.

Folks, keep calling me and working for me. If God be willing, I'll be your next County Judge-Executive. Sounds real good.

A VOTE FOR MARCELLA IS A VOTE FOR ALL.
