Shooting Reported At Courthouse Late Tuesday Night

Prestonsburg Police Officer Charles B. "Chuck" Akers was pronounced dead at Highlands Regional Medical Center early this morning, after sustaining a gunshot wound to the head around midnight Tuesday at the Floyd County Courthouse.

The shot was fired from a .38 calibre Smith and Wesson handgun, according to sources who asked to remain unidentified.

There were apparently no witnesses to the shooting. Akers served as captain of the Floyd County Rescue Squad, and had been employed on the City of Prestonsburg police force since December 1985.

The incident took place in the hallway immediately outside the sheriff's office, and remains under investigation by the Kentucky State Police.

Additional details were unavailable as of presstime.

Receiving Awards

Jim Ratcliff, director of community services at Prestonsburg Community College, accepts the "Employer of the Year" award from Clifford Austin of the Big Sandy Community Action Program. The college received the award for its work with the Senior Community Services Program. (See story, Page 9.)

School System: State Takeover?

By Tim Sizemore
It was with surprise that Floyd County School Superintendent Ronald Hager received the news that the state school board is considering declaring the Floyd County school district academically bankrupt.

were drawn up in 1984 with input from parents, teachers, school principals and administrators have been met. Hager points out that there has been a marked improvement in attendance and great strides have been made to stem the dropout rate over the last three years. He says he has as yet to hear from the state board as to the areas the problems are in.

Higher Costs Prompt 'Times' Rate Increase

Effective with sales for the Wednesday, Sept. 14 edition, the *Floyd County Times* will institute an advertising rate increase, according to Marty Backus, publisher.

Backus made the announcement this week, citing increases in materials and mailing costs as major factors in the decision. "Newsprint prices have been raised 7 percent since the beginning of the year," said the publisher, "and the US Postal Service recently instituted a 25 percent rate increase. These costs, combined with our desire to maintain current levels of quality service, made it necessary for us to take this step."

Backus added that subscription rates and per-copy newsstand prices will likewise increase Oct. 1. "We are delaying these increases to allow our readers plenty of time to renew their subscriptions, and to enable readers who purchase our publication from racks to take advantage of subscription specials," explained the publisher.

The *Floyd County Times*, the largest weekly newspaper in Kentucky, has an average weekly circulation of 11,400.

The newspaper's open rate will be \$3.80 per column inch, with volume discounts continuing to be available. Color charges will remain the same, while classified display advertising will be \$4.26 per column inch. Churches, charities and other non-profit organizations will still receive discounted rates of \$2.99 per column inch.

After Oct. 1, in-county subscriptions will be \$14 annually; out-of-county subscriptions will be \$17, and out-of-state subscriptions \$20. The newsstand price will be 35 cents per issue. "We want to emphasize to our readers that these subscription increases will not go into effect until Oct. 1 — until then, our customers may renew or initiate subscriptions at our previous rates," said Backus.

In Surprise Move, Lounge To Apply For License To Sell Liquor By Drink

Larry Goble of the Black Cat Lounge in Prestonsburg surprised some city officials this week by announcing that his business will begin selling liquor by the drink as soon as permitting procedures are approved. Goble, who advertised his intention to sell liquor by the drink more than a month ago, said his firm qualifies under the newly-passed ordinance.

Prior to the City Council's passage of a liquor by the drink ordinance in late August, most officials thought that only Jerry's Restaurant would qualify; Jerry's has a company-wide policy against alcohol sales.

Goble said he has rearranged seating and the facility was re-inspected by the fire marshal, and has a 113-person seating capacity. Because the Black Cat Lounge earns 50 percent or more of its revenue through food sales, it apparently

will be \$14 annually; out-of-county subscriptions will be \$17, and out-of-state subscriptions \$20. The newsstand price will be 35 cents per issue. "We want to emphasize to our readers that these subscription increases will not go into effect until Oct. 1 — until then, our customers may renew or initiate subscriptions at our previous rates," said Backus.

Forum Takes School Board To Task

By Anne Chaney
Editor
The Floyd County Board of Education, facing state officials' threats of declaring the district academically bankrupt, is under fire from yet another front.

Teachers attempted to survive by working diligently behind classroom doors, in spite of the climate around them. Teachers have often felt that they did not have the support of parents and community. While teachers have not felt community support, the community has not felt part of the educational system. Most

17-Year-Old McDowell Youth Dies During Saturday Automobile Accident

A McDowell youth was killed instantly Saturday, after the pickup he was driving left the road and struck a house.

The victim was identified as Clinton Ray Collins Jr., 17, of McDowell; his fellow passenger, Travis Goble, 18, is listed in critical condition at Cable Huntington Hospital.

State Police say Collins apparently lost control of his vehicle while driving east on Kentucky 122, and struck a home belonging to Vida Stumbo.

The victim was pronounced dead on the scene by Floyd County Coroner Roger Nelson. Collins was born Dec. 10, 1970 in Trenton, Mich., a son of Sharon Irene Bailey Hall and the late Clinton Ray Collins. He was a 1988 graduate of McDowell High School.

In addition to his mother, he is survived by his stepfather, Elder Jimmy Hall, his maternal grandmother, Ruby

Bailey Smith of Pippa Passes; his paternal grandmother, Ruth Akers of Ravenswood, W. Va.; his paternal grandfather, Clinton Collins of Ravenswood, W. Va.; and his fiancée, April Kidd of Drift.

Funeral services were conducted Monday, Sept. 5, 1988, 11 a.m. at the New Salem Association Building in Minnie, with the Regular Baptist ministers officiating. Burial followed in the Lucy Hall Cemetery at McDowell, under the direction of the Hall Funeral Home of Martin.

Active pallbearers were Don Junior Parker, Danny Tuttle, Michael Tackett, David Tackett, Jamie Tackett, Stevie Jones, Larry Foster Stumbo Jr., Larry Bailey Jr., Leonard Bailey, William Parker, Jimmy Lee Jones, and Randy Tuttle. The 1988 graduating class of McDowell High School served as honorary pallbearers.

Labor Day

Although most folks in Floyd County had a day of rest, James McCoy of East Point was working at Somerset Gas Station -- as he has done each Labor Day for the past 17 years!

Festival Begins This Weekend

The 23rd Annual Kentucky Highlands Folk Festival begins one day early this year with a program of mountain music by area musicians. It will begin in the amphitheatre on Thursday, Sept. 8, at 7 p.m. It has been designated Senior Citizens night, and admission for all is \$1. The program was added to provide an extra opportunity to hear local performers. Featured groups will include the Bottom of the Barrel Bunch from Salyersville, and a young group of musicians from Pike County known as Elkhorn Grass.

A three-day Appalachian Writer's Workshop which is sponsored by Appalfoiks of America begins at May Lodge on Friday, Sept. 9. A three-day arts and crafts fair also begins at noon that day in the amphitheatre parking lot. A musical program will again be held in the amphitheatre at 7 p.m.

on Thursday night; \$3 for adults, \$2 for senior citizens and students for the Friday and Saturday amphitheatre programs. A fee is charged to exhibitors in the arts and crafts fair, and to participants in the writer's workshop. All other events are free.

For more information on the Kentucky Highlands Folk Festival, call: Festival Director Kathy Lowe, (606) 886-1497; arts and crafts, Dorothy Harris, chairperson, (606) 886-3830; Appalalchian Writer's Workshop, Appalfoiks of America Association, (703) 862-7407; or Jenny Wiley State Park, Prestonsburg, (606) 886-2711.

Local Man Dies After Car Collision

A head-on collision at 11 a.m. Tuesday, Sept. 6, three miles south of Prestonsburg on U.S. 23, resulted in the death of Dennis Tackett, 65, of Melvin.

According to a dispatcher for the Kentucky State Police, Pikeville post, Tackett was travelling southbound in the northbound lane when he collided with a vehicle driven by Carol Stratton, 41, of West Prestonsburg. Tackett was transported to Our Lady of the Way Hospital, where he died at

11:45 a.m. Stratton was transported to Highlands Regional Medical Center, and later taken to Cabel-Huntington Hospital, where she is listed in serious condition.

Trooper Bob Huepel, investigating State Police officer, said no seat belts were worn. Funeral arrangements for Tackett were incomplete at presstime Tuesday.

These activities continue on Saturday, in addition to a dulcimer workshop, mini-concerts, an old time play party for children, and a square dance exhibition. Kentucky First Lady Martha Wilkinson is scheduled to visit during the morning. The first Youth Festival will be held at 2 p.m. on the amphitheatre parking lot. Activities return to the amphitheatre at 4 p.m. with dance groups, including the International Folkdancers from Ashland who do traditional ethnic dances that were brought into the mountains by early settlers, and the Hillbilly Square Dancers. Those with valid tickets from the

A special voter registration session will be held for Floyd County residents at the Holiday Inn near Prestonsburg on Saturday, Sept. 10. According to Martha Taylor, general manager of the Holiday Inn, and Carla Bolton, County Clerk's Office, in 1984, 81 million Americans didn't vote in the presidential election — nearly half of all eligible voters. The business and County Clerk's office are teaming up to create a county-wide voter registration day, and urge all eligible citizens to

Pugsley: Well-known educator retires

Reading, writing and arithmetic have all played an important role in our school years, but for many older Floyd Countians, religion also enriched our curriculums, this often brings to mind Miss Anna Woods and Miss Myrtle Pugsley.

For many years Miss Woods and Miss Pugsley lit up the eyes of school children in the Prestonsburg area, for they knew that an entertaining Bible story would brighten up the day.

Miss Woods passed away in 1969, but Miss Pugsley has carried on the work, and new generations of children have come to recognize Pugsley's warm

Myrtle Pugsley, well-known instructor, has taught Bible lessons in Floyd County for 42 years.

smile and inspiring testimony of faith. Pugsley came to Floyd County in 1942, after six years as a student at the Moody Bible Institute in Chicago, and a short stay in West Virginia.

Born in Loup City, Neb., Pugsley was one of six children. She said she has always had a strong faith in God, and in 1937 following a path she felt He had

laid for her life, she entered the Moody Bible Institute. "The Lord decided for me and showed me what to do," Pugsley said, and went on to say she had never regretted her decision to follow Him.

Many of the schools Pugsley taught in when she first arrived consisted of one room. She said it was one of her most delightful experiences to "teach His word to small children," especially in rural schools.

After the U.S. Supreme Court's ruling on religion in schools, Pugsley taught her Bible lessons after school hours. She emphasized her story tell-

ing sessions were not compulsory, but many of the children grew adept at quoting Bible verses. A story she related concerned an adult who had forgotten a Bible verse, when the adult asked Pugsley to quote the scripture, she also was unsure of the wording; a small child spoke up, quoting the passage word for word. Pugsley said of the event with a chuckle, "A little child shall lead them."

Lately, due to illness, Pugsley has not been able to teach any Bible classes. She plans on going to Witchita, Kan., to live with her brother and sister-in-law in the near future, but she

says she will miss Eastern Kentucky because she thinks of it as home.

According to local resident Orville Cooley, she will also be missed, because "she's one of our very best friends, and she is one of the greatest people I've ever been acquainted with. We love her."

Miss Pugsley modestly downplays her role as religious mentor to several generations of school children, instead placing credit for her success not with herself, but with God.

"I praise the Lord for helping me. Without Him, I could not have done it alone."

Model Mentor
A hometown model mentor in Prestonsburg is Myrtle Pugsley, who has taught generations of youngsters the lessons contained in the Bible. She has taught since 1942.

US 23, Arnold Ave. Site Of Two Auto Accidents

The intersection of U.S. 23 and Arnold Avenue was the scene of two separate traffic accidents Monday, Aug. 29, according to the Prestonsburg police department.

Richard S. Mullins of Printer was attempting to exit Arnold Avenue and enter U.S. 23 when he struck a vehicle driven by Debra Blackburn of Prestonsburg.

Mullins told the investigating officer, Sgt. G. Hall, he did not see Blackburn approaching.

Passengers in the two vehicles were Connie Mullins and Brandon Blackburn. No injuries were received and no citations were issued.

Trudy Slusher of Fairborn, Ohio, lost control of her vehicle at the intersection due to slippery road conditions. Slusher's car struck the rear of the vehicle driven by Vernia Bentley, of Chapmanville, W. Va.

Sgt. Gerald Clark said no citations were issued and no injuries were received.

An unrelated accident occurred near the intersection on Arnold Avenue when Ruth Collins of Blue River backed her Blazer into a motorcycle owned by John Scott Derossett, of Prestonsburg.

According to Sgt. Sue Blackburn, Collins returned to her Blazer and, preparing to pull into traffic, backed up. Collins backed into the motorcycle, bending the front bumper. No citations were issued and no injuries were received.

Ricky Conn, Prestonsburg police officer, investigated a broken windshield in a Chevrolet van owned by Jim Sellards, Wednesday, Aug. 31, at approximately 10 p.m.

Sellards, owner of the Wild Cat Lounge, had parked his van near the front door of the lounge. A fight had been reported there earlier.

Conn said, "There appeared to be two impact marks as if it had been broken by someone's fist." No arrests were made.

A two-car accident Friday, Sept. 2, in the municipal parking lot resulted in minor damage to the vehicles but no injuries to the individuals involved. Janice Sammons of Banner was backing into a parking place and Marvin B. Meade of Hi Hat was backing out when the two cars collided.

Jim Mullins, investigating officer, said no citations were issued and no injuries occurred.

Mullins also investigated a two-car accident on 1428 East, near Greene's Farm Supply, Sept. 2. Cathy M. Allen of Garrett was attempting to make a right turn when the accident occurred. Allen was transported to Highlands Regional Medical Center complaining of a neck injury.

The driver of the second auto, Charles O. Branham of Prestonsburg, was uninjured.

A third accident occurred Sept. 2 in Prestonsburg near Long John Silvers restaurant, involving Hobert Younce and Malane Adams. Investigating officer, Woodrow Lafferty, said no citations were issued.

Lafferty also investigated an accident Saturday, Sept. 3, at the intersection of 114 and U.S. 23. Lafferty issued a citation to Lewis Owsley, 76, of Hindman, for driving with a suspended license.

Elzie Collins, 68, of Borderland, W. Va., said that Owsley went around him near the traffic light and stopped. Owsley said he stopped for the light when the accident occurred.

Owsley was transported to Highlands Regional Medical Center where he was treated and released.

Bettie Collins, a passenger in the Collins' auto, and Lula Owsley, passenger in the Owsley auto, were uninjured. A minor accident also occurred Sept.

3 in front of the Wild Cat Lounge, a vehicle driven by Thomas Thornsberry, of Prestonsburg, was struck in the rear-end by a vehicle driven by William Nairn, of Prestonsburg.

Investigating officer, Ricky Conn, said no citations were issued and no injuries were received.

Grant To Continue Assistance Program

Several rural water systems in Floyd County will continue to benefit from the Kentucky Rural Water Association's "circuit rider" program, following a federal grant announced recently by Gov. Wallace Wilkinson.

The \$30,000 grant from the Appalachian Regional Commission goes to KRWA to provide technical assistance and training for rural water systems in Eastern Kentucky, continuing a program that was instituted last year.

According to Gary Larimore, executive director of KRWA, the services are provided at no charge to rural water commissions.

Last week, Gary Layne of KRWA visited the Beaver-Elkhorn Water District to conduct a water audit survey to detect any possible leaks.

In the past, he has also visited Wheelwright, the David Water System, Prestonsburg, the Sandy Valley Water Association, Hawley-Scott Water System in Garrett and Francis Water System, also in Garrett.

The program assists water systems by reducing water loss through more efficient operations, and by providing training to management and operations personnel to bring about better system management.

The grant from ARC is a federal program which provides funding for community and economic development projects in the 49 Appalachian Regional Commission counties in Eastern Kentucky. It is administered on the state level by the Department of Local Government.

Formal Grant Approval Given

State officials have formally approved a \$24,971 grant for power line improvements at the Big Sandy Regional Airport Terminal, following an Area Development Fund award by the local development district.

Although local officials have not yet received the check, it should arrive in

the near future, according to Roger Reckenwald, executive director of the Big Sandy Area Development District.

The money will be used for Kentucky Power Company to install permanent power supplies to the airport.

DES Lists Several Job Openings In Floyd, Surrounding Counties

The local Department for Employment Services continues to have a number of job openings available in Floyd County and the surrounding area, according to Thomas Hereford III, field office manager.

Job openings, and the experience required, are:

Floyd County: Auto body repairer, one year; auto mechanic, four years; carpet layer, two years; cook in a full service restaurant, six months; land surveyor and drafter, one year; registered nurse (MSN only), two years; pharmacist, licensed; program aide, six months' experience and must be 21 or older; two-way radio repairer, one year; van driver, 20 hours per week, must be age 55 or older; and waiter or waitress in a full service restaurant, six months' experience.

Census Bureau To Collect Employment Data Locally

The Census Bureau will collect data on employment and unemployment from residents in Floyd and surrounding counties the week of Sept. 19-24, according to William F. Hill, director of the bureau's Charlotte regional office.

The local data will contribute to September's national labor force picture to be released October 7 by the Bureau of Labor Statistics.

In Johnson County, a grocery meat cutter with two years' experience is needed, while in Pike county, an underground mine electrician with five years' experience is sought. In Martin County, an opening is available for a truck mechanic with one year experience. In Laurel County, an automotive engineer with no experience required is needed.

Jobs available in the area include: Substitute bus driver with one year experience; fast food worker, no experience required; insurance sales agent, no experience required; manager trainee for fast food restaurant, one year experience; route sales for soft drinks, six months experience; advertising salesperson, six months experience; sign salesperson, one year experience.

All-Night Robbing Spree Ends With Arrest Of Adults, Juveniles

Defective tail lights led to the arrest of two adults and two juveniles Wednesday, Aug. 31, and netted the recovery of large amounts of coins taken during an all-night robbing spree.

Sgt. Gerald Clark, Prestonsburg police officer, observed a vehicle early Wednesday morning traveling on Court Street without any tail lights. Clark became suspicious when

passengers in the vehicle became nervous and attempted to hide something under the seats.

Investigating further, Clark found speakers that had been taken from an auto parked behind Kentucky Power Co. and money that had been taken from pop machines located at the Hock Shop in Prestonsburg, Gordies Gulf in Lancer, Nelson's Grocery on Town Branch and at Allen Park, and from

vending machines located at the Wild Cat and Dairy Cheer car washes.

Sgt. Clark and Officer Roy Roberts arrested Avery Lowe Jr., of Corn Fork, and Thomas Ratliff of Cow Creek, and the two juveniles, and charged them with five counts of theft and five counts of criminal mischief, third degree. Lowe and Ratliff were also charged with unlawful transaction with a minor, and were lodged in the Floyd County Jail. The juveniles were taken to the juvenile detention center.

Roberts said approximately \$60 to \$70 was taken, but around \$20 had been used to purchase gas and food.

PCC Fundraisers Planned

"Prestonsburg Community College Day" has been officially declared by Prestonsburg Mayor Ann Latta and Floyd County Judge John M. Stumbo. Saturday, Sept. 17, will see the Prestonsburg Kiwanis Club involved in two major events to benefit PCC, including a radio-a-thon on WQHY-WDOC from 6 a.m. to 6 p.m. A phone bank will be set up to receive call-in donations during the 12-hour period, according to Kiwanis spokesman Dr. Blake Burchett.

Secondly, the public is invited to participate in a walk-a-thon the same day. Walkers will meet in the PCC parking lot at 9 a.m., prepared for a 5-mile journey, said Burchett. Participants raising over \$100 will receive a commemorative t-shirt, and those raising over \$500 will have their name engraved on a plaque in the new building.

All proceeds raised will go to help

accelerate the construction of the proposed science building at PCC.

For more information, or to register for the walk-a-thon, contact Burchett at 478-4800; Dr. Henry Campbell, 886-3863; or George Spiggle, 886-2321.

Summer Music Theatre Season Sets New Record For Attendance

Jenny Wiley Summer Music Theatre closed its 1988 season Sunday, Aug. 21, marking record-breaking attendance, visits from VIPs and four excellent productions.

Attendance over the past three years has risen continually, going from 11,400 in 1985 to 13,923 in 1986, followed by 1987's 19,554.

This year, Jenny Wiley Summer Theatre put to rest all attendance records with attendance of over 21,000, including tourists from 36 states and five foreign countries.

A number of dignitaries also visited the theatre this summer, including Gov. and Mrs. Wallace Wilkinson, Commissioner of Parks Rapier Smith, former Commissioner of Parks June Hudson, University of

Kentucky President and Mrs. David A. Roselle;

Roger Paige, executive director of the Kentucky Arts Council; Robin Phillips, matching funds coordinator for the state department of travel development, and department staff Bill Hearn, Elma Freudenthal, Diane Thomson, and arts council staff Mark Miller, Ann Ogden and Charlene Goodlett;

House Majority Floor Leader Greg Stumbo, former UK basketball stars Rick Robey and Jack Givens, Mrs. Richard Thomas, and John Benjamin, producer of the Lincoln drama.

Pike Man Killed, Crushed By Coal

Emmitt Looney, 53, of Elkhorn City in Pike County, was killed Friday when he was crushed by 300 pounds of coal at a Pikeville Mine.

Looney was walking under a 21-foot-high conveyor belt at 5:40 a.m. when the coal rolled off the belt, according to David Phillips of the state Department of Mines and Minerals office in Pikeville.

Although the belt had been running, no coal had come out for 10 minutes before the accident, which occurred at Lick Fork No. 4 mine.

The fatality is the sixth this year stemming from a mining accident; none have involved roof falls.

Looney's survivors include his wife, Linda Looney; a son, Emmitt K. Looney of Road Creek; three daughters, Tammy Coleman and Pamela Smith, both of Road Creek, and Camella Looney of Pikeville; three brothers, Dewey Looney of Belcher, Joe Looney of Road Creek and Harlow Looney of Pikeville; two sisters, June Justice of Road Creek and Emmajean Thacker of Pikeville; and two grandchildren.

Funeral services were held Monday at 1 p.m. at Bailey Funeral Home in Elkhorn City, with burial following in Wilson Cemetery at Draffin.

German Campground Closing: Nothing Official Has Been Said

German campground will remain open for the remainder of the current recreation season, contrary to rumors that it will close, according to Dean Murray, resource manager with the US Army Corps of Engineers in Prestonsburg.

Murray said that in most cases, when an area is closed, a study is

done beforehand. No study is being done at present.

The German campground has 48 campsites, as well as picnic and restroom facilities.

Murray said that total visitation figures would not be available until early October.

KET IS VALUABLE. GROWING STATE ASSET
Kentucky Educational Television is one of Kentucky's great institutions—a source of hope for our state and a model for the nation. Since its inception some 20 years ago, KET has provided numerous educational and community service programs for all Kentuckians.

I was among the legislators who supported the bond issue to build the system. And as I look back, I can say that one of the best things I did as

Governor was to support the GED program then being started by KET.

The dedication and skill of our KET leaders has allowed our high school equivalency program to succeed where others have failed. It is estimated that this program already has raised the incomes of GED graduates by a total of \$1 billion a year in Kentucky and across the nation.

However, we cannot rest on our laurels when it comes to educational progress in Kentucky. And KET is a growing force for improvement.

I had the honor recently to meet with the Friends of KET, who have done and continue to do so much to promote educational television. Their recognition of my past support of KET was greatly appreciated. And I want to pledge my continuing support of their efforts to help solve the remaining educational problems that place limits on the progress of our state and the well-being of all Kentuckians.

It is appropriate that KET, in its 20th anniversary year, is launching a new beginning with what is expected to be

the nation's largest educational satellite network. I strongly support KET's application for federal funds to advance this work under the U.S. Department of Education's Star School's program.

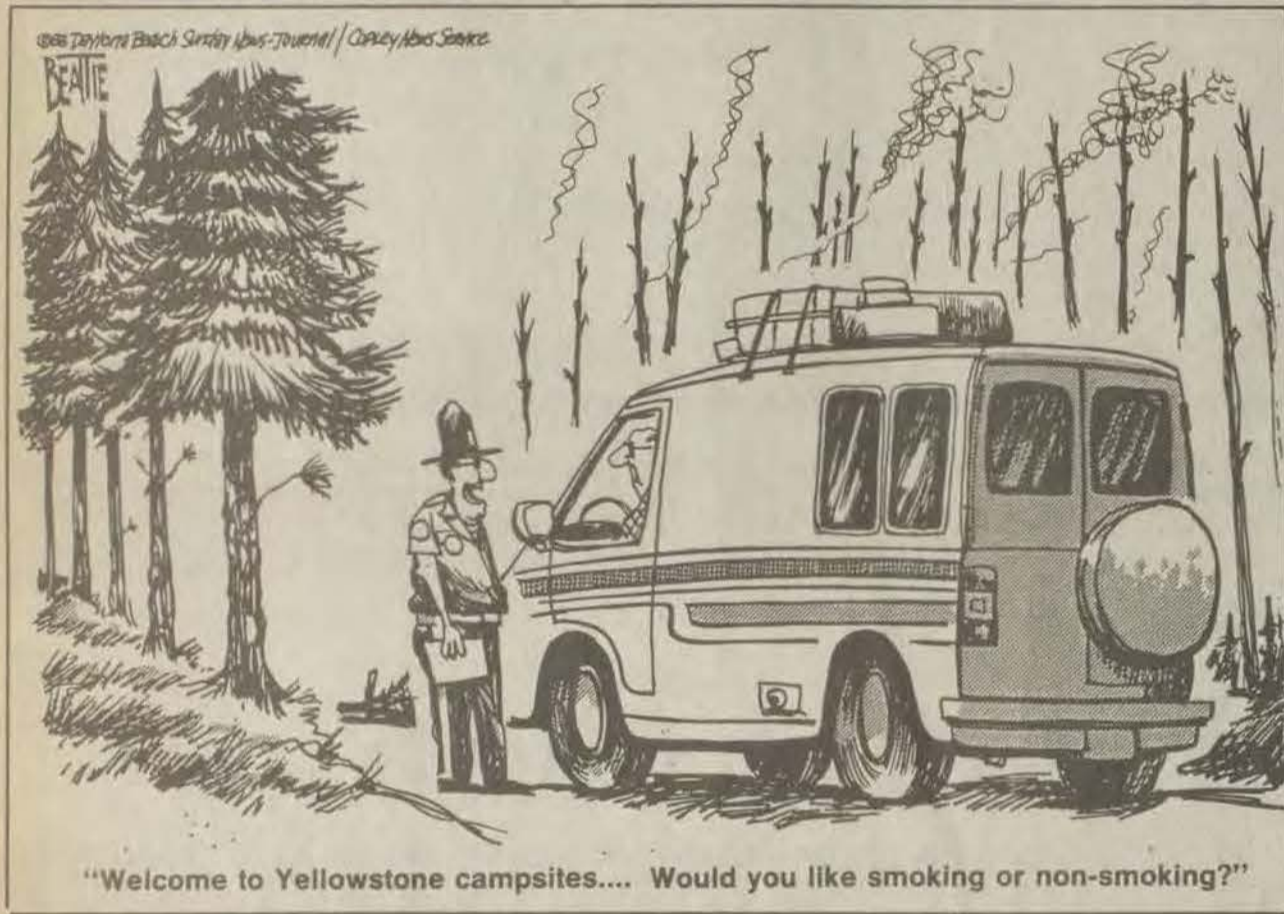

These funds would be used to produce advanced high school courses in math, science, and foreign language for delivery to all Kentucky high schools and others throughout the nation using live interactive satellite television. Advanced training for teachers—via satellite—would be available in physics and mathematics. All 250 Kentucky high schools would be equipped with TVs, VCRs and related equipment.

Kentucky's need for this type of educational programming is greater than that of most any other state because we have one of the highest proportions of small, rural high schools in the nation.

The state's current commitment of \$11.5 million to build a statewide satellite television network far surpasses any other state's effort in using technology to improve education. KET plans to construct an educational satellite uplink with a state-provided downlink to every public elementary, middle, and secondary school in the state.

I look forward to the initiation of satellite broadcasts because they will bring such a wide variety of courses to Kentucky schools with limited enrollments and resources. I'm especially pleased that KET will offer live educational programming with long-distance communications between students and teachers.

With such programs, KET can do even more for education in the future than it has in the past—and all of Kentucky can be the beneficiary.

A proud tradition

Our funeral home has been responding to the needs of the community for many years. To continue this proud tradition of helping families in their time of need, we now offer the Sunset Security™ Plan.

Sunset Security™, offered by us as a member of the Kentucky Funeral Directors' Burial Association, is a plan that lets you reduce the stress your loved ones will experience at the time of a funeral.

Through Sunset Security™, you can pre-arrange a funeral now. The plan offers an inflation-proof feature that lets you save money by freezing the cost of a funeral at today's prices. And it provides special tax-saving advantages.

We'd like to give you a "Personal Record Guide" and tell you about the Sunset Security™ Plan. Just complete the coupon below and send it to us.

Religious Viewpoints

Gary Shepard, Pastor
Zebulon Baptist Church

"And he was speechless."

The scriptures tell us that this was the state of the man that Christ told of in Matthew 22:12. When asked why he came to the wedding without a garment, he could answer nothing! This is a picture of each and every individual in their standing before God. It is our present standing before God and this is how it will be when all men stand before Him in the judgment.

Many fancy to themselves that when they stand before God they will plead

their own case and come out the better for it. Not only do we have this story to give a solemn preview and warning of that hour, but many times the same thing happened when Christ confronted men on earth. His answers were truthful, final and ringing with all the authority of heaven behind them. No man could ask Him any more questions.

Dare finitite man debate the infinite God? Shall human ignorance challenge divine wisdom and knowledge? The thought of it is utter foolishness!

Like the wedding garment, no man shall stand in the presence of a righteous God without a perfect righteousness. In that hour there will be nothing left to ask or to dispute. God already has in His word, told us that kind of righteous garment He demands and provides.

Men should be speechless even now, because God has said that there is "none righteous, no, not one." Years of boasting and arguments would not change this devastating truth. We have no righteousness that God will accept. All our righteousnesses are as filthy rags!

Men should be speechless at the realization that there is no way in which they can in their own strength produce this righteousness. Adam and Eve sought to cover their nakedness with aprons they had made of fig leaves, but it would not satisfy God. He slew a sacrifice and gave to them coats of the skins. Only when He provided the garment were they covered. All our laborings, all our religious activities, all our ceremonies and rituals, all our good works and morality—none will produce this righteousness for they are defiled with sin. After all we do, we are still left standing naked in our sin before the Holy and Just God.

Men are left speechless because God has provided a perfect righteousness in His Son, the Lord Jesus Christ. It is

a free gift of the grace of God. God gives it and He will accept it and it alone! This covering or robe of righteousness which is illustrated by the wedding garment is received by faith. All without Christ are without it and stand this moment under the just condemnation of God because they have not believed on the Son of God. (John 3:18) They rush headlong toward that day when they stand speechless before this righteous God and hear Him say, "Bind him hand and foot, and take him away, and cast him into outer darkness; there shall be weeping and gnashing of teeth." (Matthew 22:13)

Though men may offer excuses, human logic and prideful arguments it cannot avail. Those who speculate now shall without doubt be speechless then. Let me be speechless now, trusting my Advocate, the Lord Jesus Christ, to plead His righteousness on my behalf both now and then. I shall be silent except to speak with Isaac Watts in this manner:

Awake, my heart, arise, my tongue
Prepare a tuneful voice,
In God the life of all my joys,
Aloud will I rejoice.

Twas He adorn'd my naked soul,
And made salvation mine!
Upon a poor polluted worm
He makes His grace to shine.

And lest the shadow of a spot,
Should on my soul be found,
He took the robe the Saviour wrought,
And cast it all around.

How far the heavenly robe exceeds
What earthly princes wear!
These ornaments, how bright they shine!
How white the garments are!
The Spirit wrought my faith and love,
And hope, and every grace;
But Jesus spent His life to work
The robe of righteousness.

Late Summer Yard Sale

Summer is winding down, and lots of folks are taking advantage of slightly cooler weather to hold last-minute yard sales. Above, friends gather at the home of Minnie Joseph in Prestonsburg to take advantage of discarded treasures.

Nancy Baker: The Appointment Secretary For Governor Wilkinson

Her career, for Nancy Godsey Baker, has been a natural progression. "When I think, 'What do I want to do?', I am doing it," she said.

Baker, a native of Prestonsburg, is currently Gov. Wallace Wilkinson's appointment secretary.

"I found in life the old theory rings true: 'When one door closes, another one opens,'" Baker said.

She began in state government as an administrative assistant for the Kentucky Commission on Women during the Collins administration. In September 1986, Wilkinson's campaign staff called and asked if she would be his scheduling assistant during the campaign, she said. She has worked for him during the primaries, general elections and now during his term in office.

"It was a good opportunity, so I took it," she said.

The appointment secretary handles requests for the governor's time—literally anything, Baker said. If someone wants to meet for 15 minutes or an

hour with him, they have to go through the appointment office.

What is difficult about the job is the volume of work, Baker said. The staff of three has handled about 4,000 requests for the governor's time in nine months, and those do not necessarily include the telephone requests for private meetings.

It is great when a request can be approved because it is something that the person really doesn't expect, but hopes for, Baker said. But it is hard when people are turned down, and unfortunately that is done a lot.

Out of 10 requests made to them, about one or two get approved, she said. There are so many requests, it is simply impossible to do them all.

"It gets a little crazy at times with just three people handling the work," she said.

Baker thinks that her childhood prepared her for her responsibilities now.

"Growing up in Eastern Kentucky, (you see that) people are a breed

apart," she said. "People have a determination and toughness that you don't necessarily find in all areas of the state because you have a hard way to make a living."

"Being raised in a tight-knit community has given me more confidence to do what I have to do," Baker said. She really appreciates the support of her family and friends.

"I have two great parents, and they told their three daughters that they are equal to men and they can go out and do anything they want to do," she said.

Baker also thinks the governor is a great person to work for.

"A lot of people put the governor on a pedestal, but it is nice to work with someone down to earth and he is nice to work with," she said.

The job has been very exciting and enjoyable getting to meet the people I've met," she said.

"Someone told me that the closer to the top you get, the nicer people are—that pretty much rings true."

Midge Music: It's A 'Plumb' Successful Enterprise

The story is reminiscent of an old-fashioned American success story: a woman who was born in a back hollow of an Eastern Kentucky mining camp grows up to write country music for the likes of Willie Nelson, Tanya Tucker and John Conlee.

Midge Plumb loved music early on, going up in the hills to make up songs, or listening to her mother sing religious music at home, she said.

Midge was about 7 years old when she got her first taste of country music.

She was part of a 13-child family who lived in the Bosco mining camp near Hueysville 52 years ago. Her uncle came and took the kids up another hollow where he lived to listen to the Grand Old Opry on a car battery operated radio, she said.

"I knew somewhere along the way I would be in the music business," Plumb said.

Although she now lives in Bellmead, Texas, the sound of her cheerful voice

on the telephone has the same qualities as the voices heard throughout the mountains.

Plumb's family moved to Michigan where she was 9 years old and she began pursuing her music ambitions locally, she said.

"I sang with a family in Michigan and Indiana and we were called The Foley Family and Friend—I was the friend," Plumb said. They did mostly country music.

But Midge, who recently celebrated her 61st birthday, did not have her big chance to be in the music business until 1981.

"My husband would come in saying that my songs were better than the guy on the radio, and he said to make appointments in Nashville (with publishing companies)," she said. "I thought he was just being nice to me, but he was serious."

The music companies liked her songs

immediately. They moved to Nashville and lived there over 2 years, but moved back to Texas because of her allergies, Plumb said.

Since her songwriting career took off, she has had her songs performed by Tommy Lee and Bobby G. Rice, who recorded the number one song "You Lay So Easy On My Mind," she said. Plumb's song "Makin Love in Macon, Georgia," sung by Rice, reached number 70 on the Cashbox country music chart in 1987.

She currently has a popular "fun song" out on the jaxboxes in Texas called "Number One Did Number Two on Me," she said.

So far, 80 of her songs have been published by one company and that's "pretty good," she said.

But she has no particular favorite. "Sometimes I think of one and think, 'it's the best,' and then I think of another and so on," Plumb said.

Songs come as short bursts of inspiration which are written down, she said. She has a list of hundreds of ideas.

"Ninety-nine percent of the time I get the title first, then write the chorus and then the rest (of the song)," Plumb said.

Plumb says that many of her ideas for songs have come from her life when she was young in Eastern Kentucky. The ideas came from simple things—how she and her sister entertained themselves, about things her mother did, she said.

"We were the poorest up the branch but I would take nothing for the memories of that because it makes me appreciate what I have," she said.

"I look at life as it might end tomorrow and make the most of today," she said.

"I got started later in life than others (songwriting) but I just keep going farther and farther."

for
BOARD OF EDUCATION
District 3

(Pol. Adv. Pd. for by the Candidate, Karen Clark, Treasurer, 9-7-1tpd.)

when it was proposed that the Floyd County school district be declared academically bankrupt.

Hager says for the last three years, the Floyd system has worked toward the goals they themselves helped to set. Likening it to a football game, he said all plays are designed to ensure a touchdown, but even though the player carries the ball the length of the field, he trips before he is able to score. The moral, Hager pointed out, is "though

some of the goals were not reached due to unforeseeable circumstances, a lot of progress was made."

The state board contends that the school board has not followed their recommendations, primarily not eliminating jobs as recommended by the management team. Hager says in his less than three-month tenure, he has eliminated three positions.

Floyd School Board Chairman Dr. James D. Adams recognized there are problems with the district's test score rankings, but the superintendent explained that if the schools were taken separately, Floyd County would have some excellent test scores in individual schools. He pointed out that the

Brown said that if the permit is approved locally, it must be sent to Frankfort for final approval.

"If we approve it, it is pretty much standard that they will do the same," said Brown of Frankfort officials.

In addition, a certified copy of the ordinance must be sent to Frankfort.

Goble, meanwhile, is awaiting city officials' next move before completing the application process.

"I'm ready any time they are," he added.

If approved, the Black Cat Lounge will become Prestonsburg's first business to sell liquor by the drink.

Ultimately, said Forum officials, "the real losers will be the children who have benefitted from the school-community partnership programs."

"We cannot allow the situation to return to the past, with important decisions made behind closed doors, with teachers concerned more about survival than teaching. We will not allow our system to go back to what it was in the past," the position paper concluded.

Prestonsburg High School Academic team was the top in the area, outranking such academically-lauded schools as Paintsville Independent, which was ranked in the top 10 schools by the state.

The state board will meet Sept. 13th and 14th to discuss the status of the Floyd school system, and whether it will be deemed academically bankrupt. Hager says the state has not asked any concrete questions, or intimated what the problems are.

While State Superintendent John Brock says there have been great improvements over the last few years in the Floyd County school district, he said that he will carry out the directive the state board charges him with.

Although Adams does not expect any trouble at the September state school board meeting, Hager says he will be prepared to defend the system and to speak "for the benefit of the children of Floyd County."

Many residents of the county believe that the system's woes with the state board are politically motivated, coming two months before the Floyd School Board election in three districts.

Covington Lawyer Robert Ruberg, who is a member of the state school board, says that many of the board's actions stem from frustration.

"My concern was the inability to get things done in Floyd County. We recommended changes and the board dragged its feet and nothing happened," Ruberg said, and added, "I hope we can resolve the problems with the Floyd County board at the September meeting."

Slone Charged For Robbery

By Tim Sizemore

A Buckeye man faces charges of first degree armed robbery, after he allegedly robbed the David School Service Station at knife-point Friday.

Accused is Ricky Slone, 29, of the Buckeye Fork of Middle Creek.

Police sources said Slone allegedly entered the David service station around 2 p.m. brandishing a knife and demanding the stations receipts. A youth who was working at the station was slightly injured during the holdup, which netted the culprit around \$200.

Deputy Sheriff George Hale said he arrested the suspect at 4:15 p.m. near his home. Hale said he had received several descriptions of the felon involved, and, acting on this information, ar-

rested Slone.

Officers involved in the investigation included Deputy Antony Castle, State

Police Officers Tim Wermouth, Lee Weddington and Detective James Redrick.

qualifies under city ordinance.

Larry Brown, Prestonsburg Alcoholic Beverage Commission administrator, said that no permits have been issued as yet. City officials must still set licensing fees, and the ordinance must be published twice to become law. Mayor Ann Latta said Tuesday the ordinance will likely be published for the first time next week.

PCC Honored For Work With Senior Citizens' Program

Prestonsburg Community College was honored Tuesday at May Lodge by being named Employer of the Year by The Big Sandy Community Action Program for its work with the Seniors Community Services Employment Program.

The program, which serves a six-county area, has been a great success at the college, according to Clifford Austin of Big Sandy CAP. He says that the college has trained and upgraded

seniors job skills, and can boast a 100 percent employment rate for those participating in the program. Besides conducting the program, the college has also found hired some of the seniors.

Jarrett Wood, who is the director of the college program, says it has been a pleasure to work with the seniors and "help them attain jobs in the private sector, because it allows seniors to take care of themselves."

Suzanne Smith, 16-Month-Old Suffering From Heart Defect, Has Surgery Postponed

Suzanne Smith, a 16-month-old suffering from heart defects, went to the hospital a week earlier than expected, but still has not undergone surgery to

correct the vessel in her heart. Suzanne developed a virus last week, and was taken to a Louisville hospital Tuesday, according to Ruth DeRossett at the Floyd County Head Start Program. Suzanne's mother, Janie, is the local Head Start director.

They were still planning the operation, originally scheduled for Monday, but Suzanne developed a rash and surgery will be postponed until the rash clears, DeRossett said.

According to Suzanne's grandmother, Marcella Bailey, it will be about a week before the operation is rescheduled, DeRossett said.

Bobcats Impressive But Not Enough As JC Earns Victory

Steve Tremble was surprised. Vince Tucker was happy. In a sports rarity both coaches came away from Friday's game pleased.

Tremble, mentioning his surprise with the intensity in which Betsy Layne played with, was pleased because his Johnson Central team had just pulled out a 15-6 victory on the road.

Tucker, the Bobcats second year head coach, was happy with the effort his team put forth, although key mistakes may have costed them a victory.

"Just a few mistakes cost us the game, but as far as effort goes, it was there," Tucker said after the game. "We moved the ball well. As far as effort goes, we couldn't have asked more from the kids than they gave."

Betsy Layne, 1-2 on the year, advanced the football deep into Golden Eagle territory twice in the first half, but both times stopped their own marches with fumbles.

"Betsy Layne came out fired up, and they really took it to us early. It kind of surprised me how they hit tonight," Tremble said. "In the first half we were lucky that they fumbled a couple times when they were driving the ball."

The Bobcats, after Chris Bias picked off a Mitchell Johnson pass to end an early Johnson Central scoring threat, found plenty of immediate success on the ground against the Golden Eagle defense.

Bias made the interception inside the Bobcat 10 yard line, ending Johnson Central's drive that had taken them from the Bobcat 39 to the eight.

From the 12, where Bias had returned the interception, tailback Chris Kidd reeled off a run of 34 yards, and followed that up with a 19-yard gainer, putting Betsy Layne on JC's 35.

The Bobcats advanced all the way to Johnson Central nine, but on a first and goal run, fumbled the football away on the eight-yard line. But JC failed to do much with the pigskin, and after running three plays, they were forced to punt it away to the Bobcats. Betsy Layne, still eating up huge chunks of yardage on the ground, found their way to the Golden Eagle 11.

During the 18-yard march, Kidd, who ran for 123 yards in the game, had runs of 16 and two yards, getting the Bobcats in scoring position. But they fumbled again, and Frank Ratliff picked it up for Johnson Central.

Dodging those two early bullets must have breathed some life into the Golden Eagle offense. They immediately mounted a 90-yard drive, helped along by a big pass play, and a hard running Brian Hall.

Johnson Central, which gained 153 yards in the first half, drove the 90 yards in 3-13, eating the yardage up in six plays.

The big play proved to be a 69-yard pass from Johnson to junior end Darick Preston. The completion, coming after the Golden Eagles had been thrown for a two-yard loss, took Johnson Central from their own eight to the Betsy Layne 23.

Hall, a senior fullback, tacked on runs of nine and six yards, and with 7:59 remaining in the first half he found paydirt from one yard out, leading to a 7-0 JC advantage.

"We had some trouble running our offense early," Tremble said. "We had

trouble getting our running game in gear, and throwing the ball. We also had trouble with their defense, picking up their stunts and blitzes."

One such problem came later in the second quarter when Johnson, who threw two interceptions and one touchdown pass, floated a pass out to his left, but the throw, intended for a Golden Eagle running back, ended up in the arms of Dave Recznic.

Recznic, a 6'3" 245-pound lineman, read the play quickly, stepped in front of the intended receiver, and loped untouched into the end zone.

The score, which came with 3:48 remaining in the first half, proved to be Betsy Layne's first and last of the night. The Bobcats came up short on their two-point try, allowing Johnson Central to improve to 2-1 on the season.

"I thought we did a better job in the second half," Tremble said, mentioning his team's improved play as the game grew older. "We moved the ball a lot better, and we did a better job of stopping them."

On their first drive of the second half Johnson Central, using Hall as a battering ram to knock the Bobcats' defense back, moved the football inside the Betsy Layne 15, but penalties pushed them back.

The Golden Eagles, rolling up a total of 168 yards in the second half, got as far as the Betsy Layne 12, but their opening drive of the third quarter took a turn for the worse when they were called first for an illegal lateral, followed by a personal foul and a clipping call.

They were eventually forced to give up the football, punting from the Bobcat 36. But in the second half, Johnson Central found much more success in stopping the Bobcat offense.

Betsy Layne not only came out early with hard hitting on their minds, they also proved they could move the football. But the Bobcats found little success offensively after their opening two drives.

They ran only 13 offensive plays, getting only three first downs in the second half. Two of those came on long runs

from Kidd, and the other was a result of a 19-yard completion from Kidd to Recznic.

But Johnson Central, behind Hall, had no trouble sustaining a drive, and probably one of their most impressive ones of the season came in the late third and early part of the fourth quarter.

Leading by one point, the Golden Eagles took possession of the pigskin on their own 28 with 18 seconds remaining in the third period. When the drive ended 17 plays later, JC led 13-6 with only 3:34 left in the game. Hall, who carried the football 24 times, had 11 attempts during the final drive, running for 32 yards.

The biggest play had been Chris Burchett's 12-yard run, but after being thrown for a three-yard loss, Johnson tossed a 14-yard touchdown pass to Preston, who made an impressive over-the-shoulder grab in the corner of the end zone.

Preston caught five passes in the game for 107 yards. "He's had a few big games for us," Wells said of his talented end. "I was real pleased with his performance tonight."

Hall ran for 109 yards. Chris Burchett had 36 yards rushing for the Golden Eagles, and quarterback Johnson had 33. He also threw for a two-point conversion, hitting Preston with the pass following the last touchdown.

Although the Bobcats came up short when the final margin was decided, they impressed Wells, and they gave their own coach reason to be happy.

"That's what we asked from them all week, just to give us a good effort," Tucker said. "We just need to correct our mistakes, and get ready for Prestonsburg. Hopefully, we'll do better against them. They know that they can play with some people now. A 3A school and we held our own against them, and we're not known as a powerful program."

The Bobcats' next game will come this week when they welcome in district foe Prestonsburg for what is expected to be an emotional county clash.

HEAD TO HEAD: Paintsville and Wheelwright battled in a hard hitting affair Friday. Tiger head coach Walter Brugh said Wheelwright was one of the hardest hitting teams Paintsville had faced all season.

Tigers Keep Defense Perfect In Victory Over Wheelwright

By John Sellards

As long as his team keeps playing the way it has, Paintsville football coach Walter Brugh doesn't care if he and his Tigers ever see the friendly confines of Memorial Field.

"If we can keep winning, we'll stay on the road," Brugh said after his club blanked Wheelwright 35-0 last Friday for its third consecutive shutout of the young season.

The Tigers, now 3-0 on the season and 2-0 in the local Class A district race, matched their entire win total of one year ago when Brugh's rebuilding team finished a disappointing 3-8.

"We've come along in leaps and bounds," said Brugh, the dean of prep coaches in Eastern Kentucky. "This is probably the hardest hitting club I've had in a number of years. There's not a one of them that won't hit you."

Paintsville's balanced offense has improved just as much as the defense. Last year the Tigers generated less than 10 points a game, but have scored 106 in three games this season for an average of 35.3 points per outing.

Against Wheelwright, Paintsville rushed 35 times for 243 yards and junior quarterback Jeremy Holbrook completed eight of 13 passes for 101 yards and one touchdown. That gave the Tigers 344 yards in total offense.

The homestanding Trojans, who broke a 10-game losing streak dating back to last season by defeating Fairview 8-6 in a district clash on opening night, managed just 63 yards rushing and 17 in the air for 80 yards in net offense.

The week before Paintsville only gave up 71 yards at Allen Central during a 48-0 district triumph.

"The kids again performed pretty well," said Brugh, who picked up his 233rd career victory, second only to Bardstown's Garnis Martin among the state's active coaches. "I don't think we were as quick getting off the ball as the preceding week, but we came alive in the second quarter and dominated the game after that."

Paintsville scored on three of four first-half possessions to build a 20-0 edge at the intermission. Things looked bad for Wheelwright from the start as Todd Jackson lost 16 yards on the opening kickoff to pin the Trojans back at their own 10-yard line. The Trojans went on to gain just two first downs in the half and five in the game.

Paintsville scored on its first possession for the second time in as many weeks. On the third play from scrimmage, Tiger senior Gene Rice scooted 28 yards to paydirt on a cross-buck to give the visitors a 6-0 lead less than five minutes into the contest. A 22-yard pass from Holbrook to his favorite receiver, senior split end Jerry Pelphrey, set up the TD run.

Tucker Howard's attempted extra point kick was blocked.

After a series of punts, Paintsville took over on its own 38-yard-line and drove 62 yards in seven plays to up the lead to 14-0. Junior halfback Greg Slone, who topped all ground gainers with 84 yards on nine carries, went over the goal line from three yards out after his 34-yard scamper had thrust Paintsville deep into Trojan territory.

Howard, from kick formation, fired a two-point conversion pass to Rice to increase the margin to 14-0 with 8:14 left until intermission.

A 20-yard return of the ensuing

kickoff by Shawn McKenzie gave Wheelwright good field position at the 43, but the Trojans failed to penetrate the midfield stripe when fullback Benjy McKay was stacked up for a two-yard loss on a fourth-and-three play.

Paintsville took over at Wheelwright's 48 and, with Holbrook completing four of four passes, easily moved in for the final TD of the half. The big play was a 22-yard pass from Holbrook to Pelphrey (who caught three in the drive) that carried down to the Trojan's nine-yard-line.

Slone, breaking a tackle inside the five, scored his second TD on a six-yard run to make it 20-0 with a minute and a half left in the half. Howard's kick sailed just wide of the left upright.

On the first play of the second half, Paintsville tried to strike quickly on a bomb from Holbrook to Pelphrey. The pass was on the money but Pelphrey couldn't haul it in while racing down the right sideline. The incomplection broke a seven of nine string by Holbrook, who completed all five of his passes for 117 yards the week before against Allen Central.

"Jeremy has really come alive this year," Brugh said of his junior signal-caller. "He stays in the pocket and delivers the ball when he's supposed to. He's really leading the team."

Holbrook finished with eight completions in 13 attempts for 101 and one touchdown, improving his season numbers to 18 of 31 for 275 yards with two TDs and no interceptions.

Holbrook's scoring toss, a six-yarder to Rice, came on a fourth down play after Wheelwright had mounted a spirited goal line stand late in the third period. Twice in a row the Trojans stacked up Howard, a 205-pound fullback, for no gain at the one-yard-line.

On fourth-and-goal, Holbrook faked another handoff to Howard before pulling the ball back and flipping out to the flats to Rice for his second TD of the night. Howard's conversion pass to Slone made it 26-0 with 1:18 remaining in the third. Slone contributed a 28-yard run from scrimmage on the drive and Pelphrey caught a 15-yard pass.

But Wheelwright, which matched Paintsville lick-for-lick in the hard hitting game, made a believer out of Brugh with the goal line stand.

"Wheelwright probably hit harder than any team we've played," the 32-year veteran said. "They really came hard."

After Howard had a 38-yard field goal nullified by a penalty early in the fourth, the Tiger defense provided the final points as sophomore Matt Williams intercepted a Bobby Hood pass and raced 48 yards untouched for the TD. Howard added the extra point boot to complete the scoring.

Junior Irv McMaster also came up with an interception as time ran out, while Randall Miller and Mike Eldridge recovered fumbles for the Tigers.

Brugh was especially pleased with the blocking of his offensive line, which allowed the PHS ball carriers to average 6.9 yards per rush.

"The people we've got on the line, I feel, can move anybody," he said. "I think those guys can hold their own against anybody they come in contact with."

The line directly added to the Tiger rushing total as senior guard Harry

Burchett recovered a couple of offensive fumbles for gains totaling seven yards.

Besides Slone's 84 yards, the Tigers got 51 yards on three carries from Rice and 47 on 10 tries from Howard. Eldridge, a sophomore, was next with 36 yards on only two carries.

Wheelwright, which was dropped behind the line for losses on several occasions, was led by Handy Jackson's 27 yards on seven carries. Chad Hall followed with 23 yards on two tries.

In the air, Hood completed two of 10 passes, both to Chris Thornsby, for 17 yards. Both he and backup Greg Little were picked off. Steven Jackson intercepted a pass for the Trojans.

Wheelwright, meanwhile, will be trying to improve on its 1-2 mark when it goes to Hazard for a district tilt this Friday.

Gingerbread Run Set For Saturday

This time each year, local runners are training for the Gingerbread 10K. For the past five years approximately 600 runners from Eastern Kentucky have tried their luck at the 6.2 mile course. The 10K and 2-Mile Fun Run are held in conjunction with the annual Gingerbread Festival held in Hindman.

Race day registration will take place in the parking lot of the Carl Perkins Vocational School on Highway 160. Registration will begin about 7:45 a.m., Saturday.

The 2-Mile Fun Run will start at 8:30 a.m. and the 10K will start at 8:45 a.m.

Runners participating in the 2-mile Fun Run will proceed toward Hindman on Highway 160, turn left onto Highway 550 toward downtown Hindman. The finish line will be in front of the Knott County Courthouse.

Runners participating in the 10K will proceed toward Hindman on Highway 160, turn right onto Highway 160/550. They will then turn left onto Highway 160, the Highway 80 access road, and proceed to Ogden Branch Road. At this point they will turn left and travel down Ogden Branch Road to Highway 550. They will turn left onto Highway 550 and return to Hindman. The finish line will be in front of the Knott County Courthouse.

The first man and woman 10K entrant across the finish line will receive a special plaque. First, second, and third place runners in each category will receive a medallion.

Awards presentations will take place as soon after the completion of the race as is possible. The Awards Ceremony will take place in front of the Gingerbread Festival "Bandstand" across from the Knott County Courthouse.

The fee for the 2-Mile Fun Run is \$3.00 if you pre-register, \$4.00 if you register the day of the race. The fee for the 10K is \$5.00 if you pre-register, \$6.00 if you register the day of the race. Checks and money orders should be made out to "The Gingerbread Festival." Pre-registrations should be postmarked no later than Thursday, September 4.

Official entry forms may be obtained from local merchants displaying the Pepsi Free 10K poster. Further information may be obtained from Race Director Jim Silliman, at (606) 368-2904.

The Sporting Times

If Major League baseball was counting on a fantastic finish to boost attendance then several people will be disappointed come October.

With less than a month remaining in the season only one of baseball's four divisions have what could be termed as a race, and that one consists more of losing than winning; it could be a matter of who loses it rather than who wins it.

Detroit and Boston, in the AL East, constitute the only fight for first baseball can currently offer, and the future doesn't hold much more hope for heated battles.

It isn't because dominant teams have run away and hidden with divisional hopes, it is because not enough teams can win enough games to stay with mediocre leaders.

The Tigers, despite losing one of their best players (outfielder Kurt Gibson), have managed to remain numero uno in the AL East, but just barely staying in front of surprising Boston.

The Red Sox changed leaders in mid-battle, and the troops responded with an impressive surge under the command of Joe Morgan; enough so that as of Sunday they trailed by only one game. The New York Yankees have struggled since the All-star break, and are concerned not with Boston or Detroit, but trouble they face within themselves.

But the Yankees, although the schedule is against them, still have a chance. They play 14 more times against Detroit and Boston, seven at home and seven on the road. The Red Sox and Tigers do not meet any more this season.

While Detroit and Boston have been busy struggling, the Milwaukee Brewers have sneaked back into the pennant picture, hot on the heels of third place New York.

The Tigers have the worst winning percentage of any division leader, and after Sunday's loss they saw their losing streak reach three in a row. They have lost eight of their last 10 games.

While Detroit, Boston, New York, and Milwaukee wind down to what could be a four team photo finish, the Oakland Athletics ride the wave of a tremendous early start. The Athletics, owning baseball's best record, lead by a bunch in the West. Sunday, before defeating the Yankees, they led themselves by eight and one half games.

Oakland appears headed to the American League Championship Series, mostly because of their own accomplishments. Unlike other divisions, the Athletics lead because of their tremendous success.

Minnesota, if in any other division, would be in second place, trailing by no more than four games. The Twins, with their record, would be in the first place in the AL East.

The New York Mets own baseball's second best record, and its biggest lead. They went on an 8-2 stretch recently, opening up a nine-game advantage over second placed Pittsburgh, and appear on their way to another Eastern Division title.

The Mets play Pittsburgh four more times this season, two at each place, giving the Pirates little chance to catch up by beating New York in head-to-head contests.

The National League, this past Sunday, finished up its inter-divisional play, and the Mets play 13 of its remaining 24 games at home.

Los Angeles, holding the top spot in the NL West, are in a like position. The Dodgers, despite injuries to their pitching staff and infield, they have remain-

 ed consistent in the West, and went into the final four weeks of the season with six-game lead over Houston.
 LA has 13 games remaining at home, but has to contend with Houston, San Francisco, and Cincinnati, all with chances of overcoming the Dodgers. Los Angeles plays the Astros tonight and Thursday in LA before welcoming

SHORT SPORTS

A district matchup and county rivalry will cause emotions to be running high when Prestonsburg travels to Betsy Layne for their annual gridiron hookup Friday night.
 The Blackcats, 0-3 on the season, have won both games with Betsy Layne since the rivalry was started again in 1985. They soundly defeated the Bobcats at home last year.
 Betsy Layne, playing their first district game, have won one of three games this year, but showed marked improvements Friday against a strong Johnson Central team.
 Prestonsburg, 0-1 in district play, has scored only 27 points in three contests, but can move the football. Finding the end zone has been the Blackcats' trouble.
 Betsy Layne, also having trouble with critical turnovers, has two coaches, Chuke Williams and Donnie Ray, who are former members of Prestonsburg's program.
 Williams served as head coach of the Blackcats until last spring when he resigned his post, reportedly on request of program leaders. Ray, a former lineman for Williams at Prestonsburg, left the school when Williams went to Betsy Layne as an assistant coach.

in the Cincinnati Reds for a three-game weekend series. But while the Dodgers are contending with the other three teams chasing them, the Reds, Astros, and Giants must play each other as well.
 A change in leadership in any of the divisions, except the AL East, seems improbable, especially the NL East and the AL West.
 Oakland has shown absolutely no weaknesses this season, and sent out a powerful message this week and when they won two of three from the Yankees.
 Oakland has six games remaining with the Twins, but Minnesota, last year's American League champs, have yet to show the firepower needed to unseat the Athletics.
 A pair of Kentucky natives, pitchers Drew Hall and Joe Magrane, have enjoyed success lately while continuing their progress in the Major Leagues.
 Hall, a graduate of Morehead State University, was elevated to the stopper role in the Chicago Cubs' bullpen, and Magrane, a native of Morehead and a graduate of Breckinridge Training, threw a shutout Friday night, his second of the season.
 Hall, from Ashland, replaced Goose Gossage as the Cubs' late inning reliever after Gossage had a run-in with manager Don Zimmer.
 Magrane, who started last year in the World Series, is only 3-8 this year, but has an earned run average below 3.00.
 If you're looking for an MVP for the American League this season take a peek at Oakland's Jose Canseco. The huge outfielder has blasted 35 home runs this season while driving in over 100 runs. He has also stolen over 30 bases for the Athletics this season.

ALL EFFORTS FAIL: The Blackcat led his troops into battle, but Whitesburg proved to have the biggest guns, defeating Prestonsburg 35-7 in a district matchup Friday in Prestonsburg. The Blackcats 0-3, take to the road for the first time Friday when they travel to Betsy Layne for another district contest. (Photo by Estill Robinson)

Turkey Hunting Dates Established For 1989

The Fish and Wildlife Resources Commission established a two-turkey spring bag limit and approved a new three-tag turkey permit at its August 15 meeting in Frankfort. The permit, which includes two tags for the spring season plus one tag for fall hunting, will cost \$15.
 The state is divided into two turkey hunting zones. Two turkeys with visible beard may be taken in Zone A during the spring season, but both birds may not be harvested on the same day. Hunters may take only one turkey in Zone B and during any fall archery season. Fall hunts are generally limited to a few wildlife management areas in conjunction with deer bow hunting.
 The following Zone A counties or portions of counties will be open for turkey hunting April 19-May 2: Ballard, Bell south of Hwy. 119 and east of Hwy. 25E, Boyle, Bullitt, Butler east of the Green River Parkway, Caldwell east of Hwy. 139, Casey west of Hwy. 127, Christian, Harlan, Hopkins south of Hwy. 70, Letcher, Logan west of Hwy. 431, Marion east of Hwy. 337, McCreary north of Hwy. 92, Nelson west of Hwy. 31E, Pike south of Elkhorn Creek, Pulaski south of the Cumberland River and Todd east of Hwy. 181.
 The following portions of counties comprise Zone B and will be open April 19-25: Adair north of the Cumberland Parkway, Breckinridge south of Hwy. 60, Carroll west of the Kentucky River, Calloway south of Hwy. 94 and east of Hwy. 641, Carter north of I-64, Grayson north of the West Kentucky Parkway, Hancock east of Hwy. 69, Hart south of Hwy. 88 and west of I-65, Larue north of Hwy. 84, Laurel west of I-75, Liv-

ington south of the Cumberland River, Marshall southwest of Hwy. 68, Rowan north of I-64, Taylor south of Hwy. 70, Trigg south of Hwy. 68, Trimble east of Hwy. 421, Webster east of Hwy. 41A.
 Special areas open for turkey hunting are Fort Knox, all weekends in March and April, and Fort Campbell, April 8-May 7. Two turkeys may be taken on these areas.
 Only one turkey per season may be taken from the following three areas: Land Between the Lakes, April 19-May 7; Reelfoot National Wildlife Refuge, April 7-9; and Higginson-Henry Wildlife Management Area (archery only), April 19-May 2 and October 1-31.

Charleston Run Held Recently

Don Norman, who finished sixth in the Olympic Marathon Trials, claimed top honors in the 16th annual Charleston Distance Run held recently.
 Norman covered the 15-mile distance in 1:15:52 to edge out Zack Bier of Tanzania, Africa. The race attracted 1,834 runners from 30 states and several different foreign countries.
 Local long distance runner Rick Roberts finished 183rd, ending the race in a time of 1:38:50.

Saturday wasn't exactly a perfect day for football, and it wasn't exactly a good day for Kentucky's major colleges.
 Of the state's bigger schools opening their schedules Saturday, only the University of Kentucky managed a win, downing Central Michigan 18-7 at Commonwealth Stadium.

The Wildcats, 1-0, play Auburn Saturday in a 12:30 kickoff which will be televised by WTBS. Kentucky has been selected to finish in the bottom three in the SEC, and this week will probably be the biggest test of just how tough 1988 is going to be.
 Louisville, which hasn't had a winning season since 1979, allowed Maryland to come from behind to earn a 27-16 victory. The Terps scored 21 points in the third period to pull out the win.

The Cardinals, playing at home against Wyoming Saturday at 4 p.m. led 10-0 after the first quarter, but failed to hold that lead. Senior quarterback Jay Gruden, a highly touted pro prospect, threw for 319 yards, but had two passes picked off.
 Morehead State University also lost its season opener, falling short to Marshall University. The Thundering Herd, runners-up in the 1AA playoffs last year, defeated MSU 30-17 in Morehead.

The Eagles, coming off a 2-8 season, have what they expect to be one of their best teams of the decade, but found themselves overmatched by Marshall.
 Morehead plays at home this Saturday, taking on Western Kentucky, a former OVC team. Western, playing its season opener, returns 36 lettermen from last year's squad that finished 7-4 and 11th in the nation.
 Eastern Kentucky University, again tabbed as one of the top teams in 1AA, also opens its season Saturday. The Colonels take on Delaware State at 7:30 in Richmond.

Delaware State lost their season opener Saturday to Florida A&M, falling 35-31.
 Former University of Kentucky center Melvin Turpin agreed to terms this past week that make him the property of the Zaragoza, a Spanish team. The Utah Jazz, which owned the rights to Turpin, traded the 6'11" post player to the Spanish team in exchange for Jose Ortiz.

Turpin, who played for the Wildcats in the early '80s and helped lead them to the NCAA final four, served as a backup in his NBA career and battled weight problems while doing so.

The Pikeville Panthers kept their perfect season intact Friday night by handing Fleming-Neon, previously undefeated, a 36-0 thumping.
 Pikeville, thanks to their defense, took a 13-0 lead in the first quarter, and built that to a 22-point advantage at the half.
 Bobby Deramus scored the Panthers' first points on a two-yard touchdown run, and Jon Blackburn, a former student at Betsy Layne High School, returned an interception 43 yards for a touchdown.

Pikeville, 3-0 and yet to be threatened, recovered a fumble in the end zone for another score in the second quarter to put the game out of reach early.
 Fleming-Neon, in their first season under the direction of former Betsy Layne head coach Jack Hall fell to 2-1.

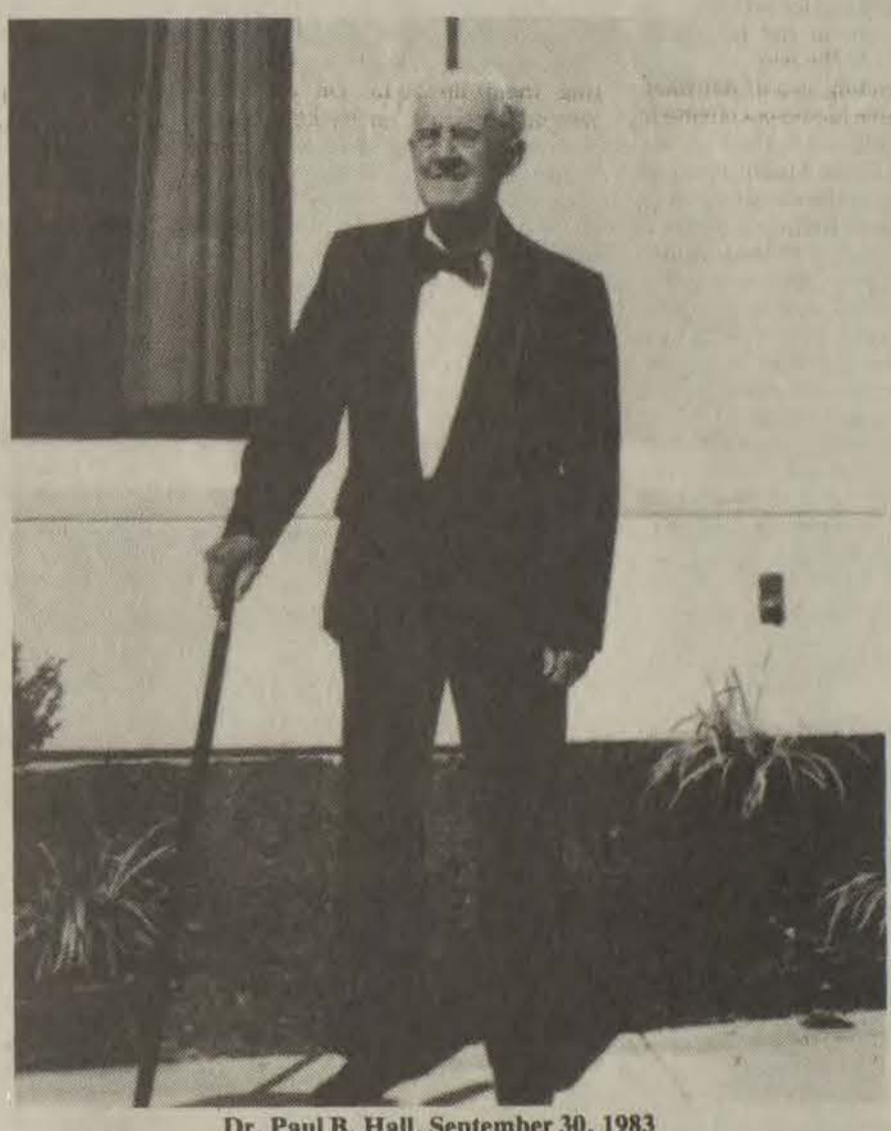

As the NCAA's investigation continues into wrongdoings involving the University of Kentucky's basketball program, more charges are expected to be levied in the next week to 10 days.
 UK is currently under investigation in the case involving a package which reportedly contained \$1,000 sent to the home of a recruit.
 But after beginning their look at the Wildcat program, the NCAA has

PAUL B. HALL REGIONAL MEDICAL CENTER 60 YEARS OF VISION - FIVE YEARS OF RENEWED COMMITMENT

In 1923, the young man shown at right returned to Johnson County and Eastern Kentucky with a vision and a commitment.

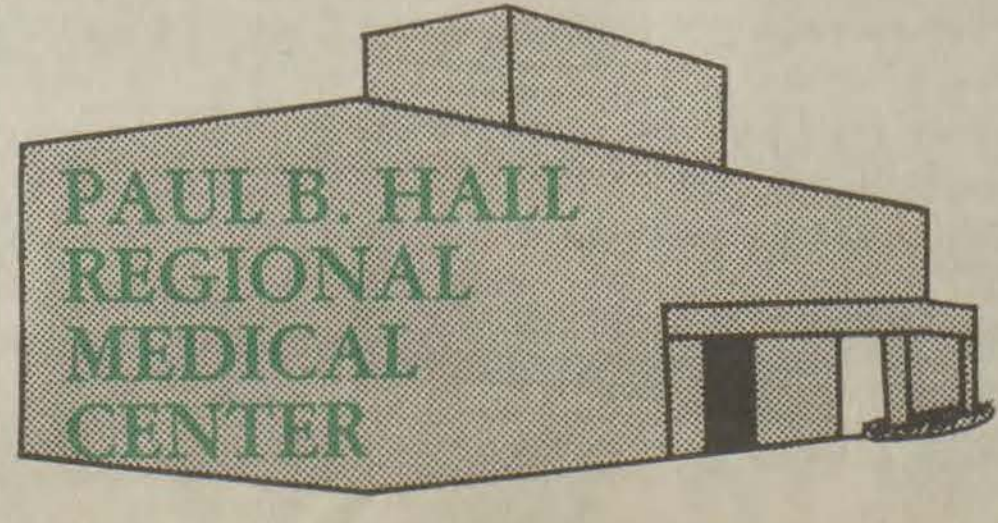

60 years later, on September 30, 1983, Paul B. Hall Regional Medical Center opened the doors to a new dimension in regional health care.

The commitment of Dr. Hall (along with the support of people in five counties) had made his vision a reality.

Dr. Paul B. Hall, September 30, 1983

The Administration, Medical Staff, Nurses and Support Staff of Paul B. Hall Regional Medical Center wish to thank you for your support and acknowledge the vision of Dr. Hall and the dedicated medical professionals who have followed him for making quality health care a reality as we celebrate our Fifth Anniversary.

NFL News And Notes

If history intends to repeat itself this season, the New Orleans Saints are a sure bet when they play December 11 in San Francisco. And they should win by one point.

Last year as San Francisco edged the Saints out in the race for the NFC West title, the 49ers defeated New Orleans by two in the Superdome, and in return, the Saints handed San Francisco a two-point loss on the West Coast.

Sunday, as the NFL kicked off its 1988 season, the 49ers traveled to Bourbon Street and came away with a 34-33 win. In keeping with tradition, it is the Saints' turn to win on the road in this battle between the best of the West.

Even though San Francisco lost its number one quarterback in the second half, they managed to pull out the victory. Joe Montana, the 49ers' starting signal caller, was knocked out of the game after injuring an elbow, but before he left the veteran passer did enough damage to secure a San Francisco win.

Trailing 17-0 when the second half started, the 49ers got three touchdown passes from Montana in the third period to build a lead they never relinquished. Bobby Hebert threw four touchdowns, but his efforts weren't enough for the Saints.

The Saints, though, have an easier week ahead. They play Atlanta Sunday while San Francisco travels to New York for a battle with the Giants. The 49ers, veterans of many playoffs, took a positive step toward yet another post-season appearance, and Chicago, also an experienced playoff squad, kicked 1988 off in an impressive manner. The Bears, Super Bowl champions three seasons ago, ripped apart a venerable Miami defense, thrashing the Dolphins 34-7 in the Windy City.

Chicago played its first game without Walter Payton, who retired, or Otis Wilson, who's out for the season, and Wilbur Marshall, now a Washington Redskin. But they stifled the potent Dolphin offense while enjoying plenty of offensive output themselves.

Neal Anderson, Payton's replacement, ran for over 100 yards and two touchdowns, and Jim McMahon added two running touchdowns to fuel the Bears' rout. The Bears also got some help in week one, which may play a part in determining the final NFC Central standings. Buffalo, one of those expected to contend for a title in the AFC East, upset Minnesota 13-10.

The Vikings barely missed a trip to the Super Bowl last season, but rookie Thurmon Thomas ran for over 50 yards and a touchdown in the first half, leading Buffalo to the win.

The Bills, leading 10-3 at halftime, checked the explosive Minnesota offense in check despite playing without all-pro defensive end Bruce Smith. Because everybody else in the division except New England lost, Buffalo is on top in the AFC East along with the Patriots.

The Indianapolis Colts, one of the division's expected challengers, were beaten at home in overtime by the Houston Oilers. Houston, a playoff team a year ago, recovered an Eric Dickerson fumble in overtime, which led to the eventual winning field goal. The FG marked the only points scored by either team after Mike Rozier tied the contest in the second quarter with a short touchdown run.

All four of the AFC Central teams won Sunday, making it the only perfect division on the day, and the only division that had a team which didn't lose to a team outside its own division.

The Pittsburgh Steelers defeated Dallas 24-21, thanks to two Earnest Jackson touchdowns. It was only the Cowboys' third opening day loss in the last 24 years.

Cincinnati claimed a 21-14 victory over the Phoenix Cardinals in Riverfront Stadium as Boomer Esiason threw for three touchdowns and the Bengal defense displayed its stubbornness on two successful goal line stands. One came at the end of the game when Phoenix moved inside the Cincy five yard line.

Cleveland, the favorite in the Central and a top selection for the Super Bowl, managed to hold off Kansas City, 6-3, despite an injury to quarterback Bernie Kosar.

The Seattle Sea Hawks made an impressive step toward earning respect by defeating defending AFC champion Denver in Mile High Stadium. The 21-14 victory was Seattle's first in Denver since November 1984.

Curt Warner, in the past, has proven to be a Bronco buster, but Sunday the Seahawk defense threw a clog into the Denver wheel. Despite going into battle four starters from 1987 short, Seattle's defense made the day one not to remember for John Elway and his Bronco offensive comrades.

Kenny Easley, a former all-pro defensive back, retired due to kidney ailments, and all-pro Fred Young walked out of camp again last week, leaving Seattle short, but not incapable.

Warner, who had averaged 115 yards rushing in games against Denver, did score two touchdowns (one running and one receiving), and Dave Kreig threw two touchdown passes to lead the Seahawks.

Problems continued for Super Bowl winners Monday night when the defending NFL champion Washington Redskins completely fell apart in the second half in their loss to the New York Giants. Washington, which traded backup quarterback Jay Schroeder to the LA Raiders Monday afternoon, scored on its first two possessions of the game, and opened up a 13-0 lead, but eventually lost 27-13 to the Giants.

New York, playing without all-pro linebacker Lawrence Taylor (suspended because of drug use), forced four turnovers, two of which went for touchdowns, to claim the win.

Tied at 13 in the fourth quarter, Harry Carson blocked a punt and Tom Flynn returned it for a touchdown, putting them up 20-13. On the next Washington drive, linebacker Pepper Johnson hit Doug Williams from behind, causing the football to bounce up in the air. Lineman Jim Burt picked the pigskin out of mid-air, one of two interceptions Williams had, and loped 39 yards for the score.

The loss for Washington was the seventh in the last nine years that a defending Super Bowl champ had lost its season opener.

The two teams, expected to battle for the title in the NFC East, will meet again Oct. 2 in the nation's capitol. New York, having the easier schedule of the two, play San Francisco next week while the Redskins take on Pittsburgh.

Kentucky Fishing Report

Fishing activity was light on Kentucky lakes during the Aug. 27-28 weekend, the Department of Fish and Wildlife Resources reported.

The lake-by-lake rundown of conditions:

Kentucky: Black bass were taking plastic worms over drop-offs in 10-15 feet of water; white bass were hitting spoons 20-25 feet deep in open water; clear; stable at summer pool, 86 degrees.

Cumberland: Striped bass were hitting live shad around 30-feet deep over creek channels and in open water areas of lower lake; Kentucky bass were taking crawfish 15-20 feet deep off rocky points; largemouth bass were taking plastic worms 20-25 feet deep over drop-offs in upper lake; clear; falling, 30 feet below pool, 85 degrees.

Laurel: Bluegill were hitting meal worms, wax worms and crickets off steep banks; trout were taking nightcrawlers at night in 25-20 feet of water off deep banks; clear; falling slowly, 15 feet below pool, 84 degrees.

Cave Run: Muskie were hitting live bait and artificial lures trolled 15-20 feet deep in open water; largemouth bass were hitting plastic worms over drop-offs 20-25 feet deep; clear; stable at pool, 88 degrees.

Dewey: Largemouth bass were hitting nightcrawlers and plastic worms 5 feet deep over drop-offs; bluegill

were taking wax worms 5 feet deep along shoreline cover; murky; stable, 1 foot below pool, 86 degrees.

Paintsville: Largemouth bass were taking plastic worms 5-10 feet deep along shoreline cover; bluegill were hitting wax worms 10 feet deep over rocky points; clear; stable, 1 1/2 feet below pool, 86 degrees.

Daniels Hopes Game Saturday Turns Season Around For ACHS

Although 1988 hasn't been one of the better ones for Donnie Daniels, the Allen Central head football coach isn't ready to write it off as a total waste. At least not yet.

The Rebels were shutout in their first nine quarters of the season, and along with the winless record, have been outscored 106-7. But still Daniels says good things can come of Allen Central's third varsity season.

"We've got a chance Saturday to win our first-ever game at home, and if that doesn't get them up then, I don't know what will," Daniels said, mentioning the team's contest with Magoffin County.

The game, scheduled to kick off at 5 p.m., will be the first one ever played at Allen Central's new football field, and the first home game the Rebels have ever had. Magoffin County, 0-3, is also a young program, participating in its initial varsity season.

Ex-Cats To Appear In Knott County

Five members of the University of Kentucky basketball team in 1978 that won the national championship are scheduled to play in a game during the Gingerbread Festival in Hindman on September 9. In addition to the game which will also feature mountain star basketball players a world championship slam-dunk and three-point shooting contest will be held with \$250 going to the winner.

Members of the 1978 team that will be at the game are Jack Givens; Rick Robey, Truman Claytor, James Lee and Levon Williams. Other UK players scheduled to play are Cedric Jenkins, Paul Andrews and Leroy Byrd. More UK players and well-known basketball players may be present.

King Kelly Coleman, the state's greatest high school basketball player, has indicated he will be at the game unless a problem arises. Coleman set most state tournament scoring records while playing for Wayland in 1956.

The game is sponsored by the Knott County Gingerbread Festival Committee and the Knott Central boys basketball team. The event is part of the festival theme, "Basketball—Our Mountain Tradition."

An interesting part of the event will be the crowning of the World Champion slam dunker or three-point shooter at half time.

WYMT's sports anchor Jay Crawford and weatherman Jeff Noble are two of the slam dunk judges.

The event is open to all age groups. There is a \$5 registration charge. Persons interested in being a part of the contest should be on the playing floor at 6:30-7 p.m. Friday, September 9, just prior to the game. The contest is sponsored by Movies and Munchies. The UK players have been invited to compete.

Entrants must qualify to enter the finals of the three-point shooting contest. The finals will be held at halftime, however, the qualifying rounds will be held earlier in the day or Wednesday night, Sept. 7. There is a \$5 entry fee.

The top 10 qualifiers will join the UK players and other celebrity basketball players in the finals. In order to qualify, appear at the Knott Central gym Wednesday from 7 p.m. to 9 p.m. or Friday, 10 a.m. to 12 noon. Out-of-county persons will be given the opportunity to qualify at 5:30-6:30 p.m. before the game.

Entrants will shoot 10 baskets from outside the three-point line. The 10 players hitting the most shots will qualify. During the finals, the players will shoot at two locations.

The game will start at 7:30 p.m., but the doors will open at 6:30 p.m. Autographs will be granted.

Two people scheduled at random will have the chance to win \$250 in a half-court shot. If they miss, they will try a three-point shot for \$50. This special opportunity is sponsored by Danny Terry.

Other persons or businesses that wish to sponsor special events should contact Ron Daley at the Troublesome Creek Times (785-5134).

Tickets are priced at \$4 for adults, \$3 for students, with those six years old and younger getting in free.

Forsch Deals Death Blow As Cincinnati Sees Hope Vanish

They had, even though it was meager at best, created renewed hope in Cincinnati. An impressive five game winning streak had moved the Reds steadily up toward the top spot in the National League's Western Division.

But all hope, at least most of it, disappeared Monday on one pitch, and one pitcher's swing of the bat.

Cincinnati's sweep of the Chicago Cubs over the weekend had moved the Reds into third place, six and a half games behind division-leading Los Angeles.

A win over Houston in the Astrodome would have moved them to within one-half game of second place, and allowed the Reds to have kept pace with the Dodgers, who picked up a victory in Atlanta earlier Monday.

But Bob Forsch, who began the season with St. Louis, would have nothing to do with it. The veteran righthander, in his first start for the Astros this season, threw eight shutout innings, and drove in all Houston runs as the Astros dumped Cincinnati 3-0. Forsch, 38 years old, slapped a double to left center in the fifth inning, scoring three runs for the game's only runs batted in.

After Buddy Bell, a former Red, had singled with Glen Davis on first, a sacrifice bunt moved both runners up a base. Cincinnati intentionally walked the bases loaded with one out, setting up a force play and a possible double play.

Norm Charlton, the Reds rookie lefthander, retired ex-Red Alex Treveno on a short fly ball to Eric Davis, but with two outs, he ran the count full to Forsch.

With the runners moving on the pitch, Forsch, known as one of the league's best hitting pitchers, smacked the pitch for the game-winning hit.

Houston, which had two hits in the inning, collected only three hits off Charlton, 1-3, and reliever Rob Dibble. Forsch ran his record to 10-4. Cincinnati collected only six hits.

The Reds, 71-65, fell seven and one half games behind LA, and two and one-half behind the Astros, who now have a solid hold on second. They finished up the two-game series with Cincinnati last night.

Cincinnati, for the first time this season, moved to seven games above the .500 mark Sunday when lefthander Danny Jackson became the National League's first 20-game winner.

Jackson, the leading candidate for the NL's Cy Young Award, gave up only six hits in recording a complete game as the Reds blasted Chicago 17-0, completing the three-game sweep in the Windy City.

Jackson, 20-6, has an opportunity to become only the second pitcher to win the award after suffering through a losing season the year before. Bret Saberhagen accomplished it in 1985 after going 10-11 in 1985.

The Reds ace was 9-18 last season for Kansas City, but he is near the top of the National League in complete games, shutouts, and earned run average.

In Sunday's win, Luis Quinones drove in five runs, and punished his former teammates with a three-run homer. Paul O'Neill drove in four runs in the victory, and Jackson himself had four hits.

Saturday, Cincinnati earned a 6-4 win when Jack Armstrong, another rookie pitcher, claimed his third win of the season, breaking a personal three-game losing streak. John Franco pitched the last one and two-thirds innings to record his 31st save. That is a league best.

Nick Esasky blasted a three-run homerun, and Paul O'Neill had two doubles, a triple, two runs scored, and one knocked in to hand Armstrong the win.

Cincinnati had beaten the Cubs 6-5 Friday afternoon to kick off the weekend series. It was the last action the Reds will see against Eastern Division competition this season.

The Reds, heading into last night's game with Houston, were looking at a magic number of elimination adding up to 16. Any combination of Cincinnati losses or Dodger wins, and the Reds will be mathematically eliminated.

They open a series tonight on the West Coast, taking on the San Diego Padres in the first of a two-game set.

After playing a pair of night games, starting at 10:05, Cincinnati moves on to Los Angeles Friday for a three-game weekend series with the Dodgers.

The Reds, which have beaten LA in four of their last six meetings with the Dodgers, return home after Sunday's 4:05 contest to open a series with the Astros Tuesday night.

Cincinnati, 36-31 at Riverfront, will play every Western Division team except Atlanta during that 10-game homestand. They then take to the road for games in Atlanta and San Francisco before returning home to end their season against the Braves.

Notes: Jose Rijo, after suffering from a sore elbow, is scheduled to pitch Thursday night in San Diego. Rijo hasn't seen any mound duty since the middle of August.

Catcher Bo Diaz underwent knee surgery Saturday, and will be out for the remainder of the season. According to reports, the surgery was a success.

South Central Bell

Hats off to Keith Patton and the McDowell Lions Club. They sponsored a very nice trip for the vision-impaired children of the area. I understand all the children enjoyed Trooper Island at Dale Hollow.

Keith is a South Central Bell cable-splicing technician and a past president of the McDowell Lions Club. He currently serves as Zone Chairman for the club.

From McDowell to Paducah, you'll find South Central Bell employees working hard to provide your telephone service. However, our service doesn't end with your telephone.

All across Kentucky, SCB and its employees are committed to making the communities we serve better places to live and work. Our Telephone Pioneers of America are particularly noteworthy. The Pioneers work with "Camp Bluebird," a summer camp for cancer patients, and many other projects.

Many South Central Bell customers, including some of you in Floyd County, have expressed concern about the way telephone bills are laid out. People sometimes have said the bill is confusing or hard to read. Because of such customer comments, we began thinking that maybe our bill format was due for an overhaul.

We started by interviewing customers from all across our five-state service area. We asked them what they didn't like about our current bill format, and what they would prefer in a new bill design. Then we took the customers' comments and went to work. Well, our work is almost done. And when the new bill appears, you'll see improvements such as:

- an all-new, easy to read type-style.
 - a summary of your charges on the front page.
 - larger pages.
 - a tear-off return form at the bottom of the front page.
 - Bold, distinctive color stripes across the top of each page.
- In short, your new telephone bill will more closely resemble the design of other bills you've told us you prefer.
- Why did we go through all the time and effort it took to come up with a new bill? Because you are our customer—and "Customer First" is a value that South Central Bell takes very seriously. We don't want to cut corners when it comes to your concerns about service.
- The first bills featuring the new design should arrive in Floyd County mailboxes late this year or early in 1989. You'll receive more information about the new bill as that time draws closer.
- We hope you'll like the changes—since they are being made in direct response to our customers' suggestions. You spoke... and we listened!

Hilltoppers To Open Season At Morehead

It's been a long, hot month since the Western Kentucky University coaching staff first welcomed the athletes who will make up the 1988 Hilltopper football team.

Three-a-day practices, meetings, film sessions, hours in the weight room, drills, and then more drills—then, things got in full gear around the Hilltop campus when classes started.

It might be an understatement to say that WKU Coach Dave Roberts and his '88 edition Toppers are looking forward to suiting up for the "real thing" and getting out on the field to play.

"All of us are chomping at the bit to get the season underway," said Roberts, who is entering his fifth year at the Western helm. "For the most part, our young men have worked awfully hard in camp. I guess we coaches will never think that our team is totally 'ready' to play. But, I know these players are rarin' to go. We need to play and now the time has come and we'll soon get that chance."

The Hilltoppers open their 11-game '88 schedule on the road at Morehead State's Jayne Stadium, Saturday, Sept. 10, at 6:00 p.m. (CDT).

That game will be Roberts' first season-opener on the road. In his four years at Western, the Toppers opened at home each time, winning two and losing two. Those two losses came by total of just five points—a 17-16 setback at the hands of Appalachian State in his first game at the WKU helm in 1984 and then a 28-24 loss to NAIA powerhouse Gardner-Webb last September.

The Toppers are coming off Western's finest season since 1980. The '87 Western eleven went 7-4 en route to an appearance in the NCAA I-AA national championship playoffs. That team finished the campaign ranked 11th in the nation by the NCAA and 14th in the country in the Sports Network poll, while also ranking among I-AA football's best defensive teams.

Morehead State, which opened its 1988 season at home versus Marshall Saturday, was 2-8-0 last fall. But, that mark is probably misleading. Eagle Head Coach Bill Baldrige, who guided MSU to one of its finest seasons in recent years in 1986 (7-4-0), suffered through much of the '87 campaign with health problems, but appears to be ready to go this time around.

"Bill is a fine coach who has done a great job at Morehead," said Roberts. "I understand that he is healthy again and I'm sure that will have a positive effect on his football team. They have some fine athletes up there to go along with good experience and depth. And, they'll have a game under their belts before we come to town. All that adds up to a long night for us if we're not ready to play."

The Eagles return 17 starters from last year's team, including 8-3 sophomore quarterback Chris Swartz, who completed 50 percent of his throws for 1,726 yards last season, the most ever by a MSU rookie. He ranked third in the Ohio Valley Conference in both passing and total offense. His favorite returning receiver is 5-9 sophomore speedster Dave Pingue, who hauled in 31 aerials for 374 yards last fall. Add to those two names a deep offensive line and you could see the Eagles putting the ball in the air a lot.

On the defensive side of the line, Morehead returns an experienced unit led by senior co-captain Jeff Hester, a 5-11 linebacker who led the OVC with four fumble recoveries last fall.

The Hilltoppers will have to contend with Swartz' passing threat with a rebuilt defensive backfield. Three of four starters, including I-AA consensus All-American safety James Edwards, are gone from last year's team that ranked among the nation's leaders in pass defense. Ron Burroughs, a 5-10

senior from Owensboro, is back to anchor the Toppers' efforts in the backfield. However, only one other letterman returns there for the Hilltoppers, safety Vince Anthony, a senior from Louisville.

And, veteran senior linebackers Mike Carberry (6-0, 220, Oaklawn, Ill.), the team's leading tackler last fall with 108 stops, and Calvin Edwards (6-1, 220, Williston, Fla.), have both missed a great deal of pre-season camp with injuries. In the defensive line, veterans Allen Reitcheck (6-3, 245, Sr., Goodland, Kans.) and Chad Kraml (6-3, 255, Jr., Hinsdale, Ill.) will anchor the Hilltoppers.

Veteran Xavier Jordan (6-2, 240, Jr., Atlanta, Ga.) and South Carolina transfer Zip Zanders (6-0, 218, Jr., Vienna, Ga.), the scheduled starters at the defensive end slots, have been slowed in camp due to illness and injury. As a result, redshirt freshmen Howard Freney (6-2, 210, Fr., High Springs, Fla.) and Brad Anchors (6-0, 215, Fr., Marietta, Ga.) have been getting a long look from the coaches.

Offensively, the injury bug has slowed veteran tight end Robert Coates and running back Tony Brown. Coates (6-2, 235, Jr., Birmingham, Ala.) has just come out of a cast after suffering a broken foot back in the summer and will not be available in the early going. He caught a team-high 40 passes for 470 yards last fall and ranks as one of the most productive tight ends in WKU history. Brown (6-2, 225, Jr., Denison, Tex.) suffered a knee injury early in pre-season drills and underwent arthroscopic surgery. He will miss some action early.

On a more optimistic note, the battle to replace record-setting quarterback Jeff Cesarone has seen senior David Armstrong (6-0, 195, Sr., Nashville, Tenn.) rise to the top, although junior Mark Marsh (6-3, 190, Jr., Cincinnati, Ohio) has also been impressive.

"We'll miss the experience that Jeff gave us at quarterback," said Roberts. "But, I have a lot of confidence in David and his abilities. He's been patient, waiting in the wings for his opportunity to play and he is working very hard to make the most of that opportunity. He is very capable and just needs more game experience."

Veteran seniors Joe Arnold (5-11, 195, Decatur, Ga.) and Pedro Bacon (5-11, 225, Paducah, Ky.) return to start at tailback and fullback, respectively, although backups Tony Brown and Gerard Mark (6-1, 240, Jr., LaPorte, Tex.) will push them for playing time. Arnold ran for 901 yards and scored nine touchdowns last fall, including a spectacular 260-yard, four-TD effort at North Carolina A&T. He already ranks among Western's all-time leaders in both rushing and all-purpose running.

The receiving corps has some holes to fill, particularly with the absence of Coates in the early going. But, Doug Jones (6-3, 240, So., Covington, Ky.) has been impressive filling in for Coates. And, Darwin Harris (6-0, 160, Jr., Daphne, Ala.), Glenn Holt (5-11, 178, Sr., Miami, Fla.), Cedric Jones (6-0, 170, Sr., Clermont, Fla.) and Ronnie Shepard (5-10, 170, Jr., Rusk, Tex.) all appear ready, willing and able at the wide receiver positions. Jones set out the '87 campaign after ranking as one of the Toppers' best receivers the previous three seasons. He has 94 career catches for 1,283 yards.

Finally, the offensive line has been relatively stable, although not too deep, since spring practice. Veteran tackles Rob Weinkle (6-5, 275, Sr., Cincinnati, Ohio) and Dean Tiebout (6-4, 290, Sr., Maywood, Ill.) and center Dan Watterson (6-5, 260, Jr., Elizabethtown, Ky.) will be joined by guards Chuck Hughes (6-5, 260, Jr., Hopkinsville, Ky.) and Dwayne Penn (6-2, 290, Sr., Brownsville, Pa.), a transfer from Purdue. Also on hand will be Notre Dame transfer Bob Hodge (6-4, 300, Jr., Wichita, Kans.) and redshirt rookie Kent Carter (6-6, 270, Corbin, Ky.).

In the kicking game, back will be senior placekicker Dan Maher (5-9, 180, Florence, Ky.), already the most productive kicker in school history, and sophomore punter Todd Davis (5-11, 185, Harrodsburg, Ky.), who averaged 39.0 yards per boot as a rookie last fall.

"We've got some key injury and illness problems to deal with," added Roberts. "But, we have some capable people to work with and they're worked hard to try and mold themselves into a team unit. Now we need a test to see how far we've come and what we need to do from this point on." The opener will be the 45th meeting

between Western and Morehead State on the gridiron. Hilltopper teams have won 35 of those, against only seven setbacks and a pair of ties. In games played at Morehead, the Toppers hold a 16-5-1 edge in the series. Western has won the last three meetings between the two schools. But, the Toppers' last visit to the Morehead campus (1984) was a near disaster. The Eagles scored to take a 31-27 lead with less than a half minute to play, then, Cesarone hit Arnold Grier with a 50-yard TD pass as time expired to give WKU a 33-31 victory before a stunned Eagle crowd.

Morehead's last victory in the series came by a 17-13 count in Jayne Stadium back in 1982. The two teams last met in the 1985 campaign when Western came away with a 26-13 triumph at home.

Saturday's trip to Morehead will mark the first time that Western has ever opened with MSU. However, Western has posted an overall record of 41-21-6 (.647) in all previous season openers. Since World War II, Western teams are 10-6-2 in season openers away from home. But, Topper teams lost out in their last two openers on the road (41-22 at Louisville in 1983 and 20-10, also at Louisville, the year before). The last time WKU posted a victory in a season opener on the road was in 1981 when Evansville was the victim (35-7).

Following the trip to Morehead, the Hilltoppers travel to Middle Tennessee for a Sept. 16 (7:30 p.m.) date with the Blue Raiders.

Third Place Honors

Recently the Harold-Allen-Prater Little League participated in a 16 team state wide single elimination tournament sponsored by East Frankfort Kiwanis in Frankfort, Kentucky. H.A.P. won over Williamstown and Owen County to reach the semi-finals only to lose to Frankfort Blue, however H.A.P. defeated Glassglow to win third place honors. Favorite Card

G.P. Summers of Prestonsburg shows off his favorite baseball card, of his personal favorite player -- Pete Rose. "It is one of the first ones I got on my own," he adds.

Baseball Cards: A Hobby For All

They are found everywhere—at candy stores, supermarkets, flea markets and specialty stores. They are enjoyed by children and grandparents alike.

They also have one of the highest rates of return on any investment that can be made.

It is an investment that is fun: baseball cards.

"The baseball card business covers all ages—a surprising amount of women and lots of adults," according to Greg Crum, who has a baseball card counter at Lloyd's Hardware and is an avid collector himself.

"The baby boomer group of people have got kids collecting and they got the parents involved," Crum said.

G.P. Summers has his father's collection of cards in addition to his own.

"We found his cards in the house—but half the cards are my sister Jessica's," Summers said.

The kids at Lloyd's Hardware last Saturday are avid collectors. All said that they collected as a hobby and started when it became popular at school.

"Everybody started collecting (cards), but now that's out," said Brandon Lowe, one of the kids hanging out at the card counter at Lloyd's on Saturday.

'The baseball card business covers all ages -- a surprising amount of women and lots of adults.'

-- Greg Crum

day. But the five there that day have kept collecting.

On the average, each of them have 700-800 baseball cards and some have spent between \$25 and \$75 on an individual card.

"See all that money in that cash thing? That's ours," said Neill Hamilton, pointing towards the cash register behind the counter.

"They look forward to their birthdays and Christmas because that's when they get money and come buy them," said Eleanor Crum, who works the counter at Lloyd's.

The kids there mostly collect their favorite teams such as the Chicago Cubs, the New York Mets and the Cincinnati Reds. Each proudly told about his favorite player to collect: Neill's is Ryne Sandberg, Brian Lafferty's and Joe Campbell's is Jose Canseco and

Matt Crum's favorite is Mickey Mantle.

"Local cable TV has got an influence on local collectors because they collect what they can watch on TV," Greg Crum said.

"It amazes me what they know (about the cards)—it's because they read the sports pages," Eleanor Crum said.

There are about five different brands of baseball cards, and the price of a pack of cards is between 40 cents and \$1.

The favorite among the kids asked Saturday is the Fleer brand, mainly because they are worth more than any other brand in the current year, Matt Crum said. They are also the best looking cards, but they are more expensive and harder to get. Each pack costs \$1.

The return on a baseball card investment can be excellent. A pack of cards bought for 40 cents might have a card worth \$2, Greg Crum said. So the value in 10 years could triple or quadruple, but it all has to do with what the player does.

"If (a player is) hot right now the price will go up, but if he gets sent to the minors, gets sick or injured, the price will go down," Crum said.

Older cards will always increase in price if the player had been good, he said.

The value of a card is determined by the demand of the card. A monthly price guide publication keeps track of the prices of all cards. The guide is followed closely by people in the hobby.

The three ways to get a card is to buy, sell or trade, and the monthly price guide is used to determine the price of a card.

The investment in baseball cards is really unlimited, Crum said.

MSU Athletics Tickets Available

In keeping with their "good neighbor" policy, selected State Farm Insurance agents in Eastern Kentucky will again serve as ticket outlets for Morehead State University football and basketball tickets.

In Prestonsburg, tickets are available from Sam Doyle, 66 North Lake Drive, 886-8000; in Paintsville, from John Chandler, Tower Road, 789-4087; and in Pikeville, from Gary Lowe, 804 Cline Street, 432-4877.

Trading Baseball Cards

Matt Crum, Brian Lafferty, Joe Campbell, Brandon Lowe, Neill Hamilton and Greg Crum are shown at the baseball card counter at Lloyd's Hardware, hanging out on a Saturday afternoon and trying to make good deals on baseball cards.

"I was relieved to discover I was an alcoholic."

One man's story.

The word "alcoholism" is so loaded with shame, it's hard to imagine anyone ever being relieved to discover it applied to them.

This is a glimpse of what one man went through to come slowly to that realization.

"The very first time I drank, I got drunk, I got sick, I had a blackout. I didn't intend any of that to happen"

Often from their very first drink, alcoholics seem to respond differently to alcohol. If you sometimes drink so much that you don't recollect certain events, then by definition, you have an alcohol problem.

Normal drinkers rarely lose control to the extent that they have a blackout.

"Within six years, I was drinking round-the-clock, a quart of vodka a day. I didn't care what happened"

As the disease of alcoholism progresses, more and more you don't control alcohol, it controls you. Once you start drinking, you can't be sure whether you'll have two drinks, or twenty.

The consequences—family difficulties, health problems, arrest, loss of job—cease to matter. All you care about is the next drink.

"I thought I drank because I was crazy. I never realized I was crazy because I drank." The more you drink, the more trapped

you become. That's because drinking at your present rate has devastating consequences. But the thought of cutting down is equally awful.

So subconsciously, you seek a way out by flatly denying you have a problem, and laying the blame for your misfortunes elsewhere. You're going insane, people have it in for you or you're simply unlucky.

"Towards the end, I lay in bed, a half gallon on the floor, soaking wet with sweat, a gun in my mouth"

The possibility of suicide is one reason CareUnit likes to treat people as early as possible.

Last year, our program helped over 55,000 people stop using alcohol and drugs.

Treatment is covered by most insurance plans, and includes medical supervision, education, group therapy and free lifetime aftercare.

Incidentally, there's no charge for the initial consultation, which may involve the drinker, or someone close to him.

"Once I admitted my real problem, the worst was over."

It may be hard to believe—and it may not happen until you've been in treatment for a while—but once you admit you have a problem with alcohol, you'll feel a strong sense of relief and release. Then—and only then—can you start to rebuild your life.

The man whose story you've read has been sober 15 years, he's a highly successful senior executive in a major corporation, and he owes his life to one phone call.

And that's the point. If you don't call, we can't help.

McDowell Native Places In Contest

M. Ray Allen, a poet who gave his first public reading in 1968 at the opening ceremony for the Douglass House Center in Long Beach, Calif., has won second place in The Green River Writers' Poetry Contest.

The McDowell native was awarded a certificate of merit and a cash prize for "Near Graduation From Radford", a free verse poem about a student from Kenya attending college at Radford. Allen said, "The same poem received honorable mention last June in the Appalachian Writers Poetry Contest, and I entered in this contest shortly after that." Allen received a certificate of merit at Berea College in Berea, for the poem.

The winner of The Green River Writers' Poetry Contest is Nancy B. Hoiberg of Denver, Col. Her poem entitled "After A Wyeth Winter" took the cash award for first place.

Allen, a teacher of journalism and English at Allegheny High School, remarked, "The poem will appear in the next publication of their magazine."

Earlier in the summer, Allen won honorable mention for "Pick Your Own Strawberries", a poem he entered in The Nostalgia Poetry Contest sponsored by Nostalgia Magazine which is located in Orangeburg, S.C. The poem will be published in the 1989 spring issue, and Allen received a free subscription for a year for his poem.

Allen founded Appalchians of America Association, a Clifton Forge based non-profit corporation that promotes the literary and performing arts through drug-free creativity programs, and the organization conducts writers workshops, a creative writing outreach at the Augusta Corrections Center in Craigsville and co-sponsored the literacy movement in the Allegheny Highlands.

Allen's poems have been published in literary magazines from coast to coast, and he will be teaching sessions in poetry at the second annual Ap-

M. Ray Allen

palachian Writers Workshop at Jenny Wiley State Park on Sept. 9-11.

Additionally, Allen will teach a session on screenwriting at the writers workshop that drew writers from five states last year. Allen holds a M.F.A. from UCLA in theater arts with a concentration in writing for TV and motion pictures. He has written two original screenplays: "Bloody Harlan" and "Call of the Dragon".

After graduating from Morehead State University with his M.A. in secondary education, Allen pursued a teaching and coaching career that led him from Kentucky where he taught journalism, creative writing and physical education at Lewis County

High School to Michigan and California before he moved to Allegheny County in 1978.

Allen is a free-lance writer who has written hundreds of articles that have appeared in such publications as "Golf Review" and "The Allegheny Highlander". He is a member of the Appalachian

Writers Association, and he has taught creative writing sessions for the organization at Virginia Tech and Berea College.

He resides in Allegheny County with his wife, Cherie Davis Allen, and their three children: Landon Ray, 11; Jana Cherie, seven; and Amber Suzanne, three.

Governor Announces Disaster Declaration

"We still have a long way to go," Secretary of Transportation and Commissioner of Highways Milo D. Bryant said this week. "but as you can see, our anti-littering efforts are beginning to show."

Bryant made the remarks after receiving an end-of-the-month report from the 12 highway districts in the state on litter and trash pick-up efforts.

Locally, District 12 (based in Pikeville) reported pickup of 132 dump truck loads of refuse. The district includes Floyd, Pike, Letcher, Knott, Johnson, Lawrence and Martin counties.

State-wide, 2,205 dump truck loads of trash and litter were removed from state rights-of-way since the clean up effort began in early August.

"This clearly demonstrates that motorists are not respecting our anti-litter laws. Gov. Wallace Wilkinson

and I intend to do whatever it takes to enforce these laws, and to keep our roads clean during this administration," Bryant said.

He also pointed out that state statutes provide for a fine of \$500 or a year in jail for littering. He said he has encouraged all law enforcement agencies to enforce anti-litter laws.

"I not only want to thank our crews," Bryant said, "but we also want to thank other private groups, counties, cities and others that are contributing in this effort. We just have no way of knowing the quantities of trash these other groups have removed."

Bryant said the efforts to increase mowing and the straightening of roadside signs would also continue.

"If we are to encourage industry and tourists to come to Kentucky, we must do so by showing the true beauty of Kentucky," Bryant said.

USS Hornet Crew Plans Sept. 17 Reunion

Crew members of the carrier USS Hornet and members of Company 1239 who served from 1943 to 1945 will hold their annual reunion Saturday, Sept. 17, at noon at Paintsville Lake.

All members and their families, and family members of deceased crewmen, are welcome to attend.

Those attending are asked to bring a covered dish.

Golden Poet

Local poet June Allen has recently been honored with the Golden Poet Award given yearly to poets from around the country by World of Poetry. Allen, who had two of her works accepted in a book of tribute to the late Kentucky author Jessie Stuart, received the award for two of her poems entitled, "Together" and "They Don't Care About Me." The Allen native has been writing all her life. She was invited to attend a banquet in Los Angeles, Calif., to receive her award, but was unable to attend. Currently, she is working on an autobiography for her grandchildren.

Lagniappe

By Lorraine Beach
 Numerous people have asked me what lagniappe (lan' yap) means... it is French for "a little something extra."
 The "Lost In The Shuffle" Bridge Club met Tuesday night at the Meyers Towers and first place was captured by Mrs. Jerry Barnard; while second place was notched by Griff Griffith; and Sarah George ranked third.
 The Monday night game was held at the home of Marie Looney and the lucky winners were Ruth Friend, first; Marie Looney, second, and Mrs. Kaminski Robinson was third.
 Thursday night winners were Betty Burke, first; Phyllis Coe, second; Madeline Ramsey was third.
 Ramsey brought an assortment of hors d'oeuvres served with Hawaiian punch and soft drinks.
 There will be a bridge meet at the YMCA Thursday night. If there are any interested newcomers, please be

sure to call first for guaranteed partnerships or bring a partner with you. The club extends an open invitation to anyone interested in playing bridge, so come on down and join us! Please call 437-5014 or 437-4430; the Y number is: 432-5838.

"I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a Republic; a sovereign Nation of many sovereign States; a perfect Union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

I therefore believe it is my duty to my Country to love it; to support its Constitution; to obey its laws; to respect its flag; and to defend it against all enemies."

State Litter Clean Up Campaign Continues

Gov. Wallace G. Wilkinson announced this week that Floyd County and all other counties in Kentucky have been declared disaster areas by the US Department of Agriculture, following this summer's drought.
 The governor requested the declaration in July in a letter to US Secretary of Agriculture Richard E. Lyng.
 "This designation will enable eligible Kentucky farmers to obtain Farmers Home Administration emergency loans, and will also allow them to consolidate their current loans, increasing them to longer terms," said Wilkinson.

Farmers needing assistance with FmHA loans should contact the local FmHA office.
 In addition, Wilkinson announced that as a second part of the drought declaration, Kentucky is approved for the Economic Injury Disaster Loan program administered by the US Small Business Administration.

The governor explained that the USDA declaration brings programs to help Kentucky farmers, while the SBA program is to help those businesses which have suffered substantial economic injury as a result of the drought.

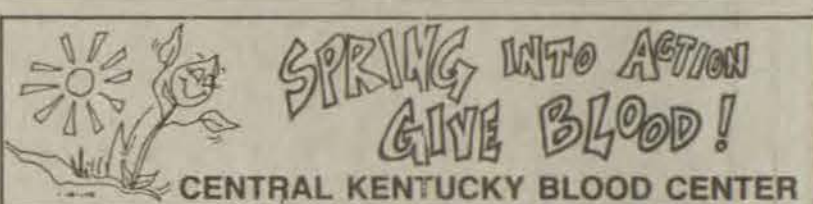

Towering Tomatoes

You may think of Jack and the Beanstalk when you see this tall plant, but it's actually a 10 foot tall "Better Boy" tomato plant grown by Ruth Meade of May's Branch. Meade said that she fed the plant once a week with Miracle Grow and water, and stopped the fertilization after a few weeks. Meade is shown with her husband, Chester.

Local Pork Producers To Vote Sept. 6, 8

Floyd County pork producers will have an opportunity to cast their vote either for or against paying a "check off" fee on all hogs which are sold through livestock markets.
 Moneys collected through this "check off" program will be used for pork promotion, research and consumer education.
 According to Gene Ball, Floyd County Extension agent, voting will take place in the Floyd County Extension

Office, in the Court House Annex, from 8 a.m. to 4 p.m. Wednesday, Sept. 7 and Thursday, Sept. 8. Any Floyd County farmer who has raised two or more hogs for sale through livestock markets since November 1986 is eligible to vote.
 Ball said that strong voter turnout nationwide is expected. Pork producers needing information should call the Floyd County Extension Office at 886-2668.

A Position Paper By The Floyd County Education Forum

In the fall of 1984, more than three hundred citizens came together in the lobby of Allen Central High School in Floyd County to express their concern about the quality of education in a time of crisis in a place that many felt had no real involvement in the matter of education. Given the opportunity to speak about what was happening with education, they responded. From that gathering, the Floyd County Education Forum was born. During the last four years, the Forum has witnessed many changes. Faces have come and gone at its meetings; numbers have, at times, fluctuated, but a score of citizens has remained with the organization continuing to voice their concern about crucial issues in education. Non-political in nature, the Forum does not align itself with any one group or set of issues, but has instead consistently advocated the right of the people in Floyd County to be informed about what is happening in the educational system and their right to speak about those concerns. The guiding principle behind the Forum's activities is the belief that a good educational system involves the community. It does not attempt to operate in a vacuum without any real regard for the needs of the people it serves.

When people are not allowed to express their concerns and are not part of the system, the logical consequences are that, in time, they stop caring about their educational system, leaving it to those who earn their living from it, or they find themselves being forced to a position where confrontation seems the only answer. In both instances, the children of Floyd County are the losers. For the last ten years, Floyd County has been embroiled in one controversy after another with its educational leaders, more often than not, devoting most of their time to crisis management rather than to building a strong educational program. Teachers have attempted to survive by closing their doors and working in spite of the climate surrounding them. Teaching has become an even more difficult task. In Floyd County, teachers often feel that they do not have the support of parents and the community. Their jobs would be easier if they had this support, but it can not happen in a system where the educational leaders are not willing to take the steps necessary to build that support.

Over the last four years, the Forum has fought consistently for the following:

1. The opportunity for people to speak about their concerns at the Floyd County Board of Education meetings. We believe that when citizens appear before the Board with genuine concerns about the welfare of their children, that the Board should not only listen to those concerns, but should also respond to them. We do not expect that all requests should be acted upon or granted, but we do believe that only in the process of airing genuine concerns and by listening to one another can we begin to grow and move forward.
2. That important information regarding the school system be made available to the residents of the county, and more importantly, that the system assume the responsibility of explaining that information. If there are serious problems, whether they be financial or instructional in nature, that they be dealt with openly so that parents and teachers are aware of what is happening within the system. In doing so, we believe that the educational system will begin to develop a relationship of trust and support with the community. When deals are made or when business that is important to all the children of Floyd County is conducted behind closed doors, the result is the creation of an atmosphere of mistrust and suspicion.
3. When major decisions such as the hiring of a new superintendent are contemplated, that the public be involved. If the citizens of Floyd County have input in such decisions, they then begin to feel that, in a sense, they "own" the educational system and will be more likely to care about it.
4. That teachers, administrators, and parents be given the chance to meet through a series of open houses where all can discuss the objectives they have in common.

Some of these have been accomplished. During the last four years, we have made progress here in Floyd County. Through the Forum's subcommittee of the School-Community Partnership, citizens and educators have worked together to bring about the following:

- * a series of writing workshops for the students of Floyd County;
- * the publication of a county literary magazine;
- * a successful Young Authors Program;
- * a writing-across-the-curriculum program that involves some 700 students;
- * the creation of two more student publications, and the productive cooperation of teachers within the county;
- * a mini-grant program allowing teachers to begin new activities.

All of these efforts demonstrate what can happen when schools and the community work together. Instead of teachers finding their energy being drained by the negative atmosphere around them, they are beginning to turn their attention to improving education.

Now once again, Floyd County has been placed under the threat of a possible state take-over. A new superintendent has been elected by the Board of Education without any input from the community. No attempt is being made to inform the citizens about the present crisis or the plans that are

being made to deal with the crisis. A member of the School-Community Partnership Committee approached a local business recently about buying supplies for a partnership project at cost, which that business had been doing in the past. This year the owner was unwilling to make this concession, because he said he was disillusioned about the manner in which the Board was operating the school system. The real losers are not the people in the central office here in Floyd County, but the some nine thousand children in the classrooms of this county.

In a system where attendance is a problem, where our students lag behind in test scores year after year, where we lose too many of our students before they can ever complete high school, we can not afford to allow the system to remain closed nor can we permit it to return to that.

A community will not support either teachers or an educational system if the members of that community are not given the information that is necessary to understand that system. It is not enough that the school board make token concessions to involving the community by creating committees that involve people only on paper or that it allow citizens to speak out only as long as the State Board of Education forces it to do so. Then when the local school board believes it is safe, they return to their old practice of making important decisions behind closed doors. We cannot allow the teachers of Floyd County to be forced back to a position where they are concerned with survival rather than teaching. If the educational system is to really improve in Floyd County, teachers have to be viewed as valuable resources. Their input, their ideas, their creativity must be sought out as actively as it is possible to do so. Like the community, teachers will flourish and contribute in an open system. When a system closes itself off, the real losers are the children of Floyd County. We cannot — we will not allow that to happen again.

We urge the Floyd County Board of Education and the Superintendent of Floyd County Schools to take immediate steps to:

1. INFORM the people of Floyd County about the accreditation report, the measures they intend to take to remedy those deficiencies; to inform citizens about the present crisis that seems to exist regarding over-staffing in the central office and what is being done to deal with that.
2. Take steps to truly OPEN-UP the educational system here in the county by adopting an attitude that makes use of all the resources available to it; to recognize the fact that the community will respond to and assist an educational system that confront it.
3. We expect the Board and the administration of the Floyd County School system to HONOR THE COMMITMENTS that they have made to work with community organizations and not to revert to the old way of doing things without any regard of the impact that those decisions will have upon the people of the county.
4. We expect the administration to SEEK OUT the best among the teachers in the county and to reward those individuals by encouraging their input into developing a better educational system and to inform all teachers about what is happening in the county. We ask that the decisions of the Board and the superintendent be based upon what is best for the children of Floyd County and not upon political or per-

sonal interest. Only by rewarding the best and singling it out for commendation can we as a county begin to excel. We believe there are good teachers in this county who if informed and involved in the educational system can add to the quality of education. We urge the county to begin to develop the resources that are within our schools and our teachers.

5. We ask that the Board and the administrators of the county undertake a serious and long-term commitment TO EDUCATE the people of Floyd County about the issues dealing with education, not because they are being forced to do so, but because they realize that in order to deal with the problems of students in this county that they must do so.
6. Take steps to INSTITUTE SOUND MANAGEMENT. We ask that the business of the Floyd County School system be conducted in such a way that it is not only perceived of as a system that makes wise use of its resources and money, but it does, in fact, do that. When money is spent in this county, the people should be able to see how that money directly affects the quality of education of the students of Floyd County. Our limited resources should not be spent to cover mistakes in judgement or to satisfy the requirements of any personal or group loyalties. The business community will only support a system that it believes is making wise use of current monies. It will not continue to throw "good money after bad". In most cases, the administration of the school system may not believe, in fact, that it has spent money unwisely, but the perception of too many people in this county is that this is what is happening and this is truth for them. When a system fails to inform people about what decisions are being made and what the reasons are for those decisions, it leaves itself open to that kind of perception.

Finally we ask that the Board of Education and our administrators accept the responsibility that has been given to them by the people of this county. As our leaders, they should be vitally concerned about what our concerns and problems are. They should care about these. They should help educate us about the problems and the issues that confront us. If the system wants the cooperation of parents and the community, we must stop dealing with each other in a confrontational manner. We must do long-range planning instead of dealing in crisis management.

We have to be willing to take the steps that are necessary to inform and educate the community. Those steps may mean that meetings will last longer and that more of them will have to be held, but it is no longer possible to assume that education is the sole concern of a few people or that it can be done without the understanding of parents or the support of the community. When did the people in the community become irrelevant to the educational process in some people's minds and how do we change that perception? That is the question that we must deal with.

We believe that the people in Floyd County are no longer willing to accept the fact that the education of their children is something that should not concern them. Teachers and students should not have to wait while the administration deals with one crisis after another. Both should be involved in the process of education and it is the responsibility of the educational leaders of this county to provide an atmosphere in which that can occur. Our leaders should, at the same time, accept the fact that no portion of the educational process should be for sale. Decisions must be made that will benefit all the children of Floyd County. As long as we continue to believe that our real loyalty and interest lies with one small section of the county rather than with all of it, we will remain divided. Personal interest and ambition should be placed in the background. Unless we believe that we have leaders who are willing to accept responsibilities, we will continue to feel despair and hopelessness. We will continue to view the educational system as one that is not meeting its responsibilities to the young people of this county and that is a position that we will not accept. We will not return to that type of thinking. We can not afford to go back to a time of mistrust and suspicion. The children of Floyd County deserve better than that.

Adopted by the Board of Directors of the Floyd County Education Forum on August 30, 1988.

The Forum will present this Position Paper at the Floyd County Board of Education meeting Wednesday, September 7 at 7:00 p.m. at Prestonsburg High School.

**APPLY THE LESSONS OF THE SABBATH
ALL THE REST OF THE WEEK**

At the place where you worship the sermons compel
That you contemplate mending your ways;
After which you are told to remember this well,
For the week has another six days.
You consider that service an hour well-spent,
Where the guidance of God will abound;
And with all good intentions you try to repent,
For temptations are always around.
But those wonderful lessons you're apt to ignore
For the rest of the week, as we know;
So just carry them with you right out of the door.
And apply them wherever you go.

—Gloria Nowak

Real religion is a way of
life, not a white cloak to
be wrapped around us on
the Sabbath and then cast
aside into the six-day
closet of unconcern.

PEP Bankers Announced

The PEP bankers pictured above may be contacted for presentations through their banks. Representing First Commonwealth Bank are Robert R. Allen, Phillip D. Elliott (not pictured), Clydia J. Heintzelman, Debbie Hoskins and Brian K. Onstley. The Bank Josephine PEP bankers are Pamela S. Herrick (not pictured), Janie K. King, Linda Lenox, Cathy H. Prater and Donna R. Roope.

Recent surveys report many high school and college graduates are poorly prepared to handle their daily financial affairs, such as balancing a checkbook, managing a budget, or using credit wisely, according to Phillip Elliott, the Personal Economics Program Coordinator for the Eastern Kentucky area.

Elliott said the Personal Economics Program (PEP), sponsored by the Kentucky Bankers Association, is a volunteer effort of bankers working with educators, clubs and other organizations by making presentations on topics such as personal finance, banks and banking, and the financial system.

Through PEP, bankers visit the classroom to demonstrate how to handle every day personal economic matters. Bankers also conduct bank tours to show students the internal workings of a bank and let them observe the varied careers available in banking.

Kentuckians Laid Off From Oil and Gas Jobs May Qualify for Special Benefits

Some Kentucky workers laid off by oil and gas drilling and exploration companies in the last three years may be eligible for retroactive benefits for people who lost jobs due to foreign competition.

Secretary Harry J. Cowherd, M.D., said a recent amendment to the federal legislation extends Trade Adjustment Assistance benefits to oil and gas workers laid off since Sept. 30, 1985.

"These workers weren't eligible for benefits previously because they provided a service, which wasn't covered under the federal Trade Act, instead of making a product, which would have made them eligible," Cowherd said. "With this change in the law, they now may receive benefits because their jobs ended when import competition forced their former employers to cut back."

Cowherd said there is no good estimate on the number of Kentuckians who may be affected by the change in federal law. However, average monthly employment by oil and natural gas

drilling and exploration businesses operating in Kentucky fell from approximately 577 in 1985 to an estimated 305 in 1987.

People who think they may be eligible for benefits should contact the nearest office of the Department for Employment Services to obtain a petition for adjustment assistance and trade readjustment allowances. This includes individuals and worker groups who earlier were denied benefits.

Petitions must be filed by three or more workers, a union, or an authorized representative who may be a company official. The forms must be received by the U.S. Department of Labor in Washington, D.C., by Nov. 18.

Eligibility for these retroactive benefits cannot be determined until after petitions are filed.

Completes Course

Army National Guard Private Gregory D. Daniels, son of Paul R. Daniels of Highway Contract Route 66, Prestonsburg, has completed a combat engineer course at the U.S. Army Training Center at Fort Leonard Wood, Mo. During the course, students were trained in the techniques of road and bridge building, camouflage and demolition. They also received instruction in combat squad tactics as well as in the use of infantry weapons. He is a 1986 graduate of Pleasant High School, Marion, Ohio.

ROGER JONES
For SCHOOL BOARD MEMBER
Educational District #5

WHY SHOULD YOU VOTE FOR ROGER JONES CANDIDATE FOR SCHOOL BOARD MEMBER DIST. #5:

1. I am running for School Board Member because I want a better education for all the children of Floyd County.
2. I am in favor of equality and greater job security for non-certified personnel in the Floyd County School System. These people have been the source of the present school board's way to balance their budget. I will do everything in my power when elected to see that this does not happen again.
3. I am in favor of a school board that represents all the people of Floyd County. When I cast my vote as a board member it will be for the people and their children, not for personal gain.

YOUR VOTE AND SUPPORT IS APPRECIATED!

(Pol. adv. paid for by the candidate, Kimberly Jones, Treasurer, 9-7-11pd.)

WHEN YOU WANT THE RIGHT CLOTHING FOR MEN, YOU'RE IN GOOD COMPANY WITH THE COACHMAN.

With fall and winter fast approaching, the fashion needs of the man in your life will be changing. Now's the time to let Pete Jarvis or Helene Branham help you select the latest styles for the new season. The Coachman has sizes for men of all shapes and sizes, including the hard to find big and tall sizes. Top of the line brands too, including Hart Schaffner & Marx, Higgins, Dior, Bill Blass, Oleg Cassini, Thomson, Corbin, Austin Reed-Sero and more.

Tomorrow (Thursday, September 9) is your chance to see another great line of men's clothing. The Coachman will be conducting a trunk showing of Cricketeer suits, sport-coats, slacks and top coats between the hours of 9 a.m. and 7 p.m. Come in and make your selection. While at the Coachman, register for a chance to win a Camel Hair Blazer, no purchase necessary to register.

We're easy to find. We're in downtown Prestonsburg and we're open Monday through Saturday, 9 a.m. to 5 p.m.

Helene Branham, on the right, can help you select the correct coordinated tie to match, or the perfect suit. Come in and see her today.

Meet the folks at Castle's Jewelry. L-R, Earl, Virginia, Sherri and Mike.

Earl Castle's Jewelry has been serving Floyd County for nearly 35 years. Hundreds of satisfied customers have been entering Earl Castle's since the doors were opened in 1954. Many of the items, especially time pieces have changed since that time, but not the personal one-on-one service given to each and every person who enters Earl Castle's.

Earl and Mike Castle pledge to continue to serve their customers with the very best in all types of jewelry and service at the best prices possible. They invite you to come in anytime between the hours of 9 a.m. to 5 p.m. Monday through Friday and just browse around. You'll find it all; diamond rings — black onyx — masonic shrine — birthstone rings — watches and bands — identification bracelets — silverware — china — crystal — brass — pendants, plus gold chains and coins.

Earl Castle's Jewelry Store is located right in downtown Prestonsburg on Court Street. Come in and see them.

OUR LADY OF THE WAY HOSPITAL ...WE TREAT YOU LIKE FAMILY

Dr. Halbert

Dr. Martin

Dr. Verma

At Our Lady of the Way Hospital, we do our best to make you feel like family.

Our hospital rooms are cheerful and homey. Our employees are concerned and caring. We work with families to best meet our patients' needs whether that means encouraging a father to coach his wife's labor, allowing a mother to stay with her sick child, or helping family members cope with social and spiritual difficulties.

Three of our physicians focus their practice on the treatment of families. They see each patient as a member of a family with a unique medical history. Their care is comprehensive and cost-effective. By following their patients through every stage of life, they offer continuity even when referrals to other specialists may be necessary.

Dr. Halbert and Dr. Martin are family practitioners certified by the American Board of Family Practice. To gain, and maintain this certification they have committed themselves to ongoing medical education and must pass rigorous exams every seven years.

Dr. Verma practices family medicine. In addition, he has a special interest in emergency medicine. He is pursuing a course of studies leading to board certification in emergency medicine.

Treating you like family is a tradition at Our Lady of the Way Hospital. Our mission commits us to a personal touch which maximizes our medical and technological efforts.

I HEAR— BUT I DON'T UNDERSTAND.

President Reagan and millions of others have uttered similar remarks to their family and doctors. Few disabilities can be so aggravating as hearing loss.

If you have trouble understanding, or if you are tired of being someone's hearing aid and have to repeat everything to your loved one, come visit our clinic and meet our hearing specialists.

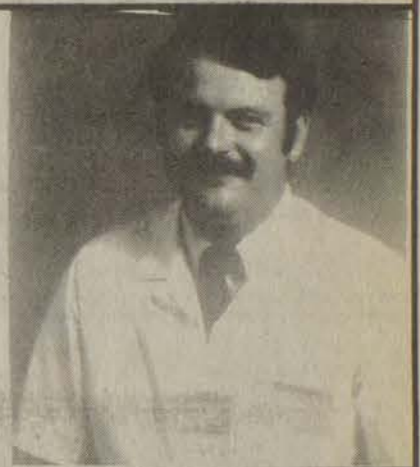

We are your hometown Hearing Aid Specialists. Proud of our products, our prices and our community.

Extra Value Days: A Hometown Promotion

The next six weeks are going to be important ones for readers of the *Floyd County Times*.

Each week will feature several pages of local advertisements and tips under the theme "Extra Value Days."

What's so important about advertisements? Simply this: They are not mere advertisements of businesses and products. Each week, there will be articles featuring various businesses in and around Floyd County. We want our readers to understand that these are people offering these goods and services — your own friends and

neighbors. We want you to know what their business is all about... and how you can benefit by shopping there.

Every shopper wants to be known, recognized and trusted when he or she walks into a store to make a purchase. Contrary to television advertising, bigger is not always better, and the malls in larger cities do not always offer the personal, neighborly touch you come to take for granted when you regularly shop in your home area.

What is equally impor-

tant is the fact that, when you are loyal to them, your local merchants show appreciation by giving you the best prices possible. You will find that the prices featured during "Extra Value Days" can compete with the prices offered almost anywhere.

Plus, you still retain that personal touch. You save money too, by not having to travel so far. You have the satisfaction of knowing you are contributing to the local economy and preserving the livelihood of others. And, when the local merchants know you and your needs, they will

keep their shelves stocked with the items they know you will keep coming back for.

The merchants and salespeople in Floyd County are courteous and progressive. The *Floyd County Times* is pleased to work with them in offering you the biggest and greatest values to be found in any shopping district. They invite you to come in personally to see the "Extra Values" they have to offer.

Please support our local merchants who are serving the county and surrounding area.

The Floyd County Times and participating merchants invite you to stop in and visit each of the businesses advertised here.

You'll find great values at reasonable prices, in a hometown atmosphere that's sure to please!

Here's to your health.

Total Fitness Center, formerly Slimway Exercise Club, had its beginning in 1980. We started as a ladies only club, but when weight training became popular with the women we invested in new equipment and in 1986 we opened our doors to the men. It has been a success.

We are more family oriented now than before. We offer weight training — body reduction — aerobics — gymnastics and we have the Wolff tanning system. We have a free nursery service Monday, Wednesday and Friday mornings 9-11 a.m. We have family and group rates.

We are open 6 days a week.

Council On Child Abuse Planning Sept. Conference

The Kentucky Council on Child Abuse is hosting a two-day conference for parents, professionals and volunteers on Sept. 20-21, 1988 at the Radisson Plaza Hotel in Lexington.

The conference, entitled "Child Abuse Prevention and Treatment: Bridging the Gap" will feature Dr. James Garbarino, the internationally recognized expert on child development issues. There will also be workshops presented both days on a variety of child abuse and social issues.

KCCA will also unveil its newly developed video presentation during the conference. The video will feature the photography of Kentucky's own James Archambeault and the voice of nationally known Hal Riney.

Registration is \$40 for KCCA affiliate volunteers and \$45.00 for non-affiliates. The price includes all workshops, breaks and lunch the first day. For more information, call the KCCA office at (606) 276-1299.

Twins Celebrate Birthdays

William Kirk (left) and Jonathan Dale Salisbury celebrated their eighth birthdays July 27 at their home. A California Raisin cake and other refreshments were served. The twins are the sons of Bill and Linda Richmond Salisbury of Martin. They are in the second grade at Mountain Christian Academy. William and Jonathan are the grandsons of Everett and Olga Richmond and Ashland and Joyce Salisbury, all of Langley.

MISS HUGHES VISITS LOCAL RELATIVES

Miss Janet Hughes, R.N., of Dearborn, Mich., was here recently for a week's visit with her mother, Mrs. Judy Johnson. While here, she and her mother spent some time visiting with friends at Hueysville including Mrs. Rhoda Howard Prater, who has been ill. They also visited the cemetery at Hueysville, where Miss Hughes' father, Jobie Hughes, is buried. Before returning home, they enjoyed lunch at May Lodge, Jenny Wiley State Park.

PATTON HAS TRANSFERRED TO CHURCH'S NURSERY DEPT.

Mrs. LaDonna Patton, who for the past 10 years has been head of the kindergarten department of the Day Care Center at the First Baptist Church, here, has transferred to the nursery department, and Mrs. Nadine Hicks, a retired teacher from the Floyd County schools, is presently teaching in the kindergarten department, there.

Louisville Blues Quartet Encores On KET Specials

New Grass Revival, a Louisville-based quartet, performs its own unique blend of bluegrass, soul, rhythm and blues, jazz and new acoustic music when *Kentucky Center Presents: The Lonesome Pine Specials* airs on KET Saturday, Oct. 1 at 10 p.m.

This summer encore of the popular KET music series is a prelude to the airing of 10 concerts composing this year's Lonesome Pine Summer Festival held at the Kentucky Center for the Arts. KET taped this summer's festival and those concerts will make up the third season of *The Lonesome Pine Specials* on KET.

Funding for the series, and other programs in the Kentucky Center Present series, is made possible by the Fund for the Arts, a program in the KET Fund for Excellence.

This KET and Kentucky Center for the Arts television co-production airs in more than 110 markets throughout the United States. The series is distributed nationally by the Southern Education Communications Association (SECA).

New Grass Revival consists of founder Sam Bush, who plays fiddle and mandolin, John Cowan on bass guitar and vocals, singer-songwriter Pat Flynn on guitar, and Bela Fleck on banjo.

The group's album *On the Boulevard* received rave reviews from fans and critics alike. Their new album, *Hold To A Dream*, features the hit single and video "Can't Stop Now." New Grass Revival has been touted as one of the most exciting and inventive ensembles in contemporary American music.

The KET production of *Kentucky Center Presents: The Lonesome Pine Specials* is an effort to bring concerts,

plays and other Center events to the entire state via the KET network. Other programs originating from the Kentucky Center for the Arts include *The Louisville Orchestra in Concert*, *The Louisville Ballet*, *The Louisville Children's Theater* production of *The Snow Queen*, *Walden Theatre—Sharing the Gift*, and the public affairs series *Plumblin*.

Books And Things:

Behind The Headlines: The Major Stories

By Trisha Morris,
Librarian, PCC

The headlines that scream at us from newspapers and newscasters are made to shock and instantly inform. The stories that make up the following books from the PCC library are extensions of those headline shockers—they are "the rest of the story" behind the news reports.

Challenger: The Final Voyage, by Robert Lewis. On Jan. 28, 1986, the nation stood shocked as the news of the explosion of the space ship Challenger spread across the air waves. Not since the assassination of President Kennedy had the nation united in a more emotional state. Challenger Mission 51-L was intended to be a showcase for a space program that the public was beginning to view as commonly as an air transport flight. Staffed by a crew that purposely exemplified the diversity of American society (and including a civilian to show how safe space travel had become), the flight became instead a total and glaring failure of the world's most advanced aerospace transportation system.

Seven lives were lost, and many more were affected as the catastrophe took its toll of not only personal lives, but NASA's entire space project. The very future of space travel was questioned as the world waited for someone to tell them what went wrong.

Challenger: The Final Voyage, is the most complete account yet of the tragedy, its prelude, and its aftermath.

Robert Lewis, after following America's space program for 25 years, writes with the authority of time and research. The author of four other books on the space program, he vividly recounts the particulars of the Challenger tragedy. Full of photos and diagrams, the book is a sobering testimony to what can happen when everything seems so right.

The Discovery of the Titanic, by Robert Ballard. It was cold when the Challenger exploded 73 seconds after blast-off, and it was cold on an April night in 1912 when the Titanic struck an iceberg and sank beneath the icy waters of the North Atlantic.

Unlike the Challenger narrative, this book is not about the tragedy, but about what happened 73 years later. On Sept. 1, 1985, the Titanic was found. Dr. Robert Ballard and a joint French-American expedition had photographed the ship standing upright on the ocean floor.

In the early 20th century, the Titanic was the largest ship in the world, the most luxurious, and proclaimed as unsinkable. On her maiden voyage she sank, taking the lives of over 1500 people and become a legend. Her discovery brings the legend to life and the shadow of the Edwardian era back to modern headlines.

The Discovery of the Titanic is the author's first-hand account of his 12-year quest to find the sunken liner, a recounting of its fateful last night and

the moment-by-moment drama of the expedition that found and explored her.

Dukakis: An American Odyssey, by Charles Kenney and Robert Turner. The loudest and most timely headlines today are about the 1988 presidential candidates. *Dukakis* is the authoritative biography of the Democratic hopeful, written by two journalists who have reported the Massachusetts governor's doings for the last 20 years.

Pushed into publication for the pre-election voting public, this biography is about the man before he hit the campaign trail for the highest office in the land. The authors bill their book as being about character. In the introduction they claim, "This book grew out of our conviction that character is central, not only to a candidate's prospects of winning, but also to his potential for serving effectively as president."

So, we are inundated with the candidate's character—as a young boy, a man, a husband, a father, and as a politician.

Using extensive interviews with Dukakis, his family, friends and adversaries, the authors weave a fascinating portrait of the man who aspires to be the nation's next leader. With the added interest of photos, the candidate is shown with family and friends in various stages of his life and career.

Sacred Bond, by Phyllis Chesler. Built around the emotional issue of a baby and mother love, the story of Baby M was a sure candidate to touch the heart strings of Americans. A human issue story and a legal battle, it was the fodder of numerous headlines in every media. In this book, Phyllis Chesler, associate professor of psychology and psychotherapist, explores the impact of this landmark case on our society's legal, psychological and ethical condition. She questions several issues: what things make a mother or father fit for parenthood, whether surrogacy be abolished, who

can determine a child's best interest, and if childbirth will become a future occupation for women.

In 1985, Mary Beth Whitehead contracted to have a baby for Bill and Betsy Stern for a payment of \$10,000—then she changed her mind. This is that story and the question of the impact it might have on the future definition of the family as reported by an outspoken feminist.

Mikhail S. Gorbachev: An Intimate Biography, by the editors of *Time* magazine. The Soviet Union, since World War II, has been the boogyman—the nation we are most scared of—the nation that practices a way of life we go to war to fight, and then a single person emerges from that nation as a flesh and blood human who seems rather nice. He has an attractive and intelligent wife, and our President talks to him.

In the early afternoon of Dec. 8, 1987, the United States President, Ronald Reagan, stood at a lectern before a crackling fire in the state dining room of the White House to welcome General Secretary of the Communist Part of the Soviet Union, Mikhail Gorbachev, to Washington. Since that memorial afternoon, the secretary has welcomed our president to Russia, became *Time's* "Man of the Year" and introduced a new word, glasnost, to our language.

To penetrate Gorbachev's past, his career and his rapid rise to prominence, *Time* sent its correspondents to interview dozens of the Secretary's colleagues and former classmates. This book is the culmination of those interviews and subsequent research. Bringing together a large amount of previously unpublished information and the largest collection of official and family photographs ever seen, this book is the most informative and authoritative source of the Soviet leader yet published. From the world's Number one newsmagazine, the story behind the headlines.

A Killing Wind, by Dan Kurzman. On Dec. 3, 1984, a rolling wind carried a poisonous gray cloud past the walls of the Union Carbide plant in Bhopal, India and an estimated 8,000 people died and over 300,000 suffered debilitating injuries. Yet, unlike other scenes of tragedy, no visible sign of calamity scared this Indian city. Not a single shack was destroyed, not a dish broken—there are no ruins or monuments to mark the horror of this tale. Only the survivors remind to warn the world what the price of technological progress without scrupulous monitoring can be. This book is the story of an impoverished Indian community and a giant multinational corporation caught up in the worst industrial accident in the history of the world.

A Killing Wind, based on hundreds of interviews and thousands of documents, reflects the passionate drama of this tragic incident. It is a tale, told in detail for the first time—the background, the hour-by-hour events, the difficult decisions and the bitter aftermath—of terror and guilt and nationally seen horror. It's victims, by way of the television scene, were in our living room—the horrible

story was related for everyone to read in the newspapers. But, as horrible as it was, it could be forgotten as we see other horrors every night. Written by a popular author who has made the story as gripping as a murder mystery, this documentary is a chapter in our history that needed to be immortalized and now needs to be read.

The Homeless in Contemporary Society, edited by Richard Bingham. The United States is used to homelessness—the citizens comfortably see it every day on documentaries in India, Ethiopia and other Third World Nation, but not until the present time have we been shocked into realizing that some estimates cite over 2 million Americans are wandering our streets without a home to go to. Unlike the unfortunates of the depression years or the familiar bums of skid row, the homeless of today are often the young and well-educated. Why? Brought to the public consciousness by press and television, the homeless of America are a program that stab at our conscious and demand that action be taken.

This collection of essays gives answers, reasons and possibilities to this national embarrassment.

Essay Contest Set For Floyd Students

In conjunction with its "Speak Out America" program and voter registration drive Saturday, the Holiday Inn of Prestonsburg is sponsoring an essay contest for all seventh and eighth grade students in Floyd County.

According to Sherri Allen, marketing director for Holiday Inn, students are asked to write an essay from one to two pages in length, addressing: "What Qualities and Qualifications Should a Presidential Candidate Possess?"

"We believe that it is the responsibility of all of us — parents, teachers and citizens — to teach our young people that their votes and opinions will make a difference," said

Allen. "By fulfilling our responsibility, we will ensure that successive generations will go to the polls and vote."

One student will receive an overall grand prize of \$88, while second and third place winners will receive Speak Out America t-shirts. In addition, said Allen, certificates will be presented to the first through third place finishers at participating each school, as well as to overall winners.

The *Floyd County Times* will assist in contest administration and judging.

Registration forms are available at the Holiday Inn, and winners will be announced Nov. 9.

Parents Without Partners Plans Social For Singles

Big Sandy Valley Parents Without Partners invites all single parents to a social night, Saturday, Sept. 10, in the conference room of the Showboat Restaurant in Pikeville.

The evening will begin with a social hour at 7:30, followed by a brief orientation at 8:30. All single parents within the Big Sandy or surrounding area are invited.

Parents Without Partners is an international non-profit organization that serves as a support group for the single parent. People who are single as a result of death, divorce, desertion, or separated for 30 days or more, or never married, and are the parent of at least one child (any age) may join PWP.

Those who are raising a child on their own and serve as the parent in that child's life, natural or adopted, may join. Custody of a natural born child does not matter, as long as parenting skills are shown toward the child.

The group has several educational events each month, along with family activities and adult socials. It offers a monthly newsletter, also the *Single Parents* magazine, and, according to a spokesman, "lots of good times and friends with something in common." Members may visit other chapters when out of town: PWP has chapters in every state in the United States and in Canada.

For more information, call Bill, 432-5809, or Jeanette, 432-8574.

The weekly Cottage Prayer Services, being held by the First United Methodist Church, will be on Wednesday evening, Sept. 7, at 7 p.m.

The areas, homes, and leaders for these services are as follows: South Prestonsburg area, Stuart and Betty Stephens, Gary Brown; Riverside and Cow Creek, John and Billie Goble, Karen Daniel; Central and Porter, Lora and Danny Hamilton, Charles Neeley; South Arnold, Thomas and Inez Hereford, Kathryn Frazier; Trimble Branch, Woodrow and Mabel Allen, Tom Price; Abbott and Auxier, Tom and Mary Jo Hereford, Rose Glenn; Middlecreek, Helen Gable, Cindy Arnett; and North Arnold, Ruth Worland, Phyllis Ranier.

PRESTONSBURG WOMANS CLUB HOLDS SEPTEMBER 1ST MEET

Members of the executive board of the K.F.W.C./G.F.W.C. Prestonsburg Woman's Club held their first meeting of the club year at the Emma Wells May Cultural Center, Thursday evening, Sept. 1, at 7 p.m., with the president, Mrs. Boots Adams, presiding.

Present were Mesdames Boots Adams, Phyllis Herrick, Linda McGuire, Dorothy Stover, Joyce Allen, Maxine Bierman, Elizabeth Ramey, Nan Arnett, and Docia Woods.

The president, Mrs. Adams, was also in charge of the general meeting which followed at 7:30 p.m. The meeting was opened with the Pledge of Allegiance to the American Flag.

Devotions were given by Mrs. Garnett Fairchild, who read the 100th Psalm, and led the group in the reading of the "American Creed."

Mrs. Adams extended a welcome to members and guests. Mrs. Ditty Tackett, introduced Carol Bailey, Pike county extension agent for economics, who presented an informative and worthwhile program on the selection of foods. Mrs. Tackett presented the speaker with a gift.

The minutes were read by Mrs. Joyce Allen, and the treasurer's report was given by Mrs. Elizabeth Ramey.

Mrs. Adams reported that several monetary donations had been made toward the purchase of chairs for the club.

Mrs. Maxine Bierman, corresponding secretary, read letters of appreciation for the donation made to the First United Methodist Church in memory of member Mrs. Minnie Grace Sutherland, and from the Floyd County Board of Education for the donation to Special Olympics Fund.

Woman's Club Year Books were distributed by Mrs. Linda McGuire. Mrs. Judy Kittle reported on the progress of the club's annual birthday calendar, and Mrs. Elizabeth Ramey presented the proposed budget for the year, 1988-89.

The president discussed with the members the following topics: possible assistance with the Appalachian Drop Out program; the possible consideration of helping with the Vietnam War Memorial fund; and participation in the Highlands Folk Festival. She added that the festival this year would be dedicated to two of the Prestonsburg Woman's Club's members, Mrs. Edith F. James, founder, and Mrs. Kathryn Frazier, present director of the forthcoming event. It was decided that, on behalf of the club, roses would be presented to Mrs. James and Mrs. Frazier.

Mrs. Nan Arnett, chairman of the membership committee, announced that the membership tea would be held at the club's Arts and Crafts House, at Archer Park, Sunday, Sept. 25, from 3-5 p.m. She asked that suggestions for in-

ited guests be submitted to her by Sept. 6, and added that she would hand-deliver the invitations of members so desired.

Mrs. Eileen Burchett gave a report on the plans for arts and crafts for the forthcoming months.

Mrs. Mable Brown discussed with the group the food booth to be sponsored by the club during the Jenny Wiley Festival.

Mrs. Phyllis Herrick talked of the possibility of car-pools to be used by members attending club meetings, and asked for volunteers to help with this endeavor. Mesdames Eileen Burchett, Turp Combs, and Dorothy Stover expressed an interest in volunteering their services for this endeavor.

Among the sick mentioned were Mesdames Dolly Pettrey, Zella Archer, and Beatrice Collins, and concern was expressed on their behalf.

The president reported that several awards were received by the club during the last K.F.W.C. meeting, and expressed her gratitude for these honors.

From a table covered with a yellow linen cloth, and having for its centerpiece a bouquet of mixed summer flowers, with silver candelabra, holding tall lighted candles on either side, refreshments of cake, punch, nuts, and mints were served.

Hostesses for this event were Burieta Gearhart, Honey May, Lee Boswell, Ethel Burke, Clara Day, and Roberta Sloan.

Other members and guests included Boots Adams, Phyllis Herrick, Linda McGuire, Dorothy Stover, Joyce Allen, Maxine Bierman, Elizabeth Ramey, Nan Arnett, Docia Woods, Turp

Combs, Eileen Burchett, Honey May, Polly H. Sparks, Shirley Callihan, Trisha Morris, Sandy Burchett, Myrtle Allen, Lida M. Howard, Earlene Daniels, Clara Raven, Mable H. Brown, Dorothy Osborne, Carol Bailey, Ditty Tackett, Barbara Dawson, Christine Spradlin, Florence Music, Dorothy Stover, Lucy C. Regan, Alice Harris, Maman G. Leslie, Fannie Runnels, and Garnett Fairchild.

The next meeting will be held Oct. 6, at 7:30, at the same location, with Mesdames Wonnell Godsey, Mable Brown, Nancy Martin, Melisa Furalow, Drema Miller, and Eileen Burchett as hostesses. The devotional leader will be Mrs. Fannie Runnels, and the program, entitled "Election '88," will be under the direction of Mrs. Roberta Sloan.

MRS. ELLIOTT HONORED WITH BABY SHOWER

Mrs. Myra Elliott was honored Tuesday evening, Aug. 23, at 7 p.m. in the dining room of the First Baptist Church, with a baby shower.

Tables throughout the room held attractive and useful gifts. The serving table had for its centerpiece a banquet of summer flowers, with colors in keeping with the occasion.

A large crowd of friends and relatives from Prestonsburg and various points of Floyd County were in attendance.

Hostesses for this event were Betty Kalos, Regina Lafferty, Betty Jo Hyden, Ramona Horne, Susan Martin, Dee Dee Callis, Phyllis Kalos, Saundra Bellamy, Jennifer Martin, Pat Hites,

Betty Elliott, Violet Turner, Julia Curtis, Betty Francis, and Helen Vickers.

TREATING CHILDHOOD INFECTIONS

Pediatricians frequently prescribe liquid antibiotics because they are so easily ingested. Taking a fruit-flavored liquid antibiotic to knock out an infection is much preferred by children over tablet form. However, parents must bear in mind that liquid antibiotics enjoy a very short life span. They must be continually refrigerated, and properly disposed of when the prescribed medication period has elapsed. In general, this type of medication only remains potent for about two weeks. Parents should resist the temptation to use any surplus of this type of medication to treat another child. All bacterial infections are not alike, even if they attack the same area of the body. In addition, dosages vary from individual to individual, making the transference of medication a risky enterprise.

Our pharmacists at COOLEY APOTHECARY are part of a 5,000-year-old tradition of service to public health and well-being. Let that tradition of pharmacy serve you and your family by offering you the level of personal attention your family's health deserves. You have a family doctor in whom you place your confidence. Why not a family pharmacist to serve your health needs? At #2 Town Center Bldg., 886-8106 we will gladly answer any questions about your medication. We have plenty of free parking. MasterCard and Visa honored plus we welcome all third party payments. Open: Mon.-Fri. 9-5:30, Sat. 9-3.

HINT:

Doctors often do a culture before selecting an antibiotic that will effectively treat a strain of bacteria.

Retired Teachers Meet Sept. 1

Members of the Floyd County Retired Teachers' Association held their luncheon-meeting Thursday, Sept. 1, at 10 a.m., at May Lodge, Jenny Wiley State Park. Miss Ruby Akers, the new president, presided and welcomed members and guests.

The devotional was given by Chalmer Frazier, former teacher in the Floyd County schools, former superintendent of Prestonsburg Schools and a member of F.C.R.T. The theme of Mr. Frazier's discussion was that regardless of what the laws of the land may decide about such important matters as prayer, and the salute to the American Flag in the schools, there's no law against imparting ethics, truth, and love of God, family, and country to the children of this Christian nation.

Mrs. Alice Martin led the group in the Pledge of Allegiance to the American Flag, and Mrs. Billie Jean Osborne led in singing "My Old Kentucky Home."

Mrs. Imogene Caldwell gave the secretary's report, and the treasurer's report was given by Mrs. Alma Lowe.

Reports were made by committee chairmen on membership by Mrs. Melvina Thompson; public affairs by Mrs. Delphia Hicks; publicity by Mrs. Docia B. Woods; pre-retirement by Mrs. Danese Amburgey; legislation by Mike Auxier and insurance by Elmer Martin.

The president, Miss Akers, reported that the condition of Mrs. May K. Roberts, who served as president of this organization for several years, and is presently contact person and serves on the membership committee, and who has been ill, is satisfactory, and that Mrs. Roberts had called her expressing her best wishes for Thursday's meeting.

It was also reported that another of the members, Mrs. Zella Archer, was seriously ill in the Central Baptist Hospital, Lexington, and concern was expressed.

It was suggested that a profile of the late Minnie Grace Harris Sutherland a former member and officer of the organization, be made and submitted to the editor of the K.E.A. Bulletin for possible publication.

The president introduced Miss Robin Fox Branham, director of the Alice Lloyd College Alumni Association, Pippa Passes, who extended an invitation to attend forthcoming program at this school.

She also introduced Mrs. Clara Johnson, president of the Floyd County Chapter of the A.L.C. Alumni Association, who was welcomed as a new member.

Mr. Ray Brackett, former superintendent of Floyd County schools, was also welcomed as a new member. Mike Auxier, who for several years worked in the office of the Kentucky Retired Teachers in Frankfort, recently became a member of the Floyd County Retired Teachers' Association.

Mrs. Billie Jean Osborne presented an interesting musical program. She played and sang a version of "Amazing Grace," and led the group in singing. Wit and wisdom were added by Mrs. Osborne, as she adlibbed during the program.

Mrs. Danese Amburgey, former president of the F.C.R.T., presented Mrs. Frankie Best, a former art teacher and a member of this organization. With Mrs. Carlos Haywood furnishing background piano music, Mrs. Best painted a picture entitled "Footsteps of Jesus," as she gave inspiring messages to the group. She received a standing ovation.

Mrs. Danese Amburgey, announced the Senior Citizens' night, at the Highlands Folk Festival, Jenny Wiley State Park Sept. 8.

Miss Robin Fox Branham, announced Appalachian Day at Alice Lloyd College, Oct. 1, beginning at 10 a.m.

Miss Ruby Akers encouraged attend-

ance at the Big Sandy Retired Teachers' luncheon-meeting, conducted in conjunction with the K.R.T.A. workshop, at May Lodge, Jenny Wiley State Park, Sept. 15, beginning at 8:30 a.m. Miss Akers also stated the Appalachian Regional Hospital will hold a health care program at the Minnie Park, Oct. 1.

Lunch was enjoyed in the lodge dining room. The door prize was won by Mrs. Carlos Haywood and each member and guest was presented pot-pourri favors.

Presiding at the guest register were Mesdames Alma Lowe and Bessie Conley.

Registering were members and

guests: Ruby Akers, Alice Martin, Danese Amburgey, Imogene Caldwell, Alma and Arnold Lowe, Bessie Conley, Norma S. Stepp, Ray Brackett, Mike Auxier, Chalmer Frazier, Frankie Sue Best, Billie J. Osborne, Robin Fox Branham, Clara Hicks Johnson, Edna and Delmas Saunders, Docia B. Woods, Carlos and Arthur Haywood, Helen C. Stumbo, Delphia Hicks, Mrytle Rathliff, Lula R. Bradley, Margaret G. Tackett, Bertha Rathliff, Nancy and Virgil Webb, Goldia Williams, Elizabeth M. Bailey, Opal S. May, Annis C. Clark, Verbal Meek, Eileen Martin, Elmer M. Martin, Edith Hopkins, Lönzo Lafferty, and Melvina Thompson.

Picnic Held For HRMC Children

The pediatric nursing and medical staff of Highlands Regional Medical Center in Prestonsburg held a picnic Friday, Aug. 26, at Jenny Wiley State Park.

Children who had previously been hospitalized for long-term care in the pediatric department and their families were invited.

Drema Osborne, director of nursing at HRMC, said, "This is something we've wanted to do for a long time. Our nurses feel so close to some of these children, they almost (feel) as if they've helped raise them."

For the children, she said, it was an opportunity to renew friendships with the doctors and nurses outside the hospital environment — no IVs, medication or shots.

"Smokey the Bear", compliments of the Kentucky Division of Forestry, was on hand to entertain children. Games and sack races were held.

Dr. Blake Burchett, Dr. Narong Chalothorn (Dr. Charley), Dr. Kamaljeet Vidwan and Dr. Gopal Majmundar, along with their children, joined in the festivities. For many of the physicians, said Osborne, sack

racing was a new experience. They hopped, crawled, ran and fell down — but all had a good time.

"The entire event was a tremendous success, and one that will be long remembered by all who attended," said Osborne.

The medical and nursing staff who sponsored and attended the picnic included Drs. Kamaljeet Vidwan,

Gopal Majmundar, Carmen Gallosa, Drema Gallosa, registered nurses Drema Osborne, Debbie Newsome, Estilene Lyons, Sherry Lewis, Marlene Robertson, Teddi Ratliff, Margo Bayes, JoAnn Arnett and Lucy Wells; licensed practical nurses Stella Perry, Denise Stephens, Janie Hurlow, Kathy Warrick and Ruby Spears; Debbie Hendricks, NA.

HOROSCOPE

F. D. Smith

Week of Sept. 11-17, 1988

ARIES (March 21-April 20)
The focus is now on work, work-related methods and the new arrangements that you can bring about with others.

TAURUS (April 21-May 20)
Continue to stay with those close-to-the-heart matters. This week sees a significant turning point in close ties and special agreements.

GEMINI (May 21-June 20)
Your general environment and lifestyle are advanced this week, as you now establish some brand new methods and procedures.

CANCER (June 21-July 22)
There is an alternative way to go in intensely personal matters and you discover it.

LEO (July 23-Aug. 22)
Financial matters, in a variety of areas, take an upward swing during this cycle. You benefit as a result.

VIRGO (Aug. 23-Sept. 22)
Be prepared and ready to launch those new endeavors. Money is involved, as well as your desire for certain adjustments in your life.

LIBRA (Sept. 23-Oct. 22)
Behind-the-scenes efforts now pay remarkable dividends. However, secrecy proves to be a mainstay whenever money and funding are discussed.

SCORPIO (Oct. 23-Nov. 22)
The aura of romance, intrigue and mystery fill the air. You are likely to be absorbed with a unique type of adventure.

SAGITTARIUS (Nov. 23-Dec. 21)
Your ability to be flexible, yet absorbed with fact and detail, matter a great deal now. Just avoid self-criticism.

CAPRICORN (Dec. 22-Jan. 19)
Those long-range plans and concepts now meet with approval. Remember, however, to keep lines of communication open and active.

AQUARIUS (Jan. 20-Feb. 18)
What had been delayed or thought lost is about to be restored at this time. Be certain you still want it.

PISCES (Feb. 19-March 20)
A new alliance sails across the horizon and you'll eagerly rush to greet it. It's vital, though, to study the fine print.

Series Explores Soviet-American Conflict

Scholars, political leaders, and experts from around the world explore the roots and dynamics of the Soviet-American conflict and the expanding possibilities of agreement in *Global Rivals*, a new four-part series on KET.

Global Rivals airs Thursdays at 9 p.m. on KET beginning Sept. 29.

The series offers unparalleled insights into the events that have brought the United States and the Soviet Union to their present relationship. Interweaving documentary sequences and interviews, *Global Rivals* analyzes the historic conflict between the superpowers and weighs the possibilities of reducing military danger.

Host for *Global Rivals* is Bernard Kalb, former State Department correspondent for NBC, and one of America's most experienced and respected journalists in the field of foreign policy. Series editor-in-chief is Dr. Seweryn Bialer Belfer, professor of International Relations at Columbia University and one of today's most acclaimed scholars of East-West affairs.

The Sept. 29 premiere program, "Beyond the Cold War," documents the conflicts between the superpowers and why both sides now have an increasing need to reduce tension.

Other programs include: "The Arms Race and the Human Race," a documentary on requirements needed to bring global conflict under control and why arms agreements must be accompanied by political agreements; "The World Arena," which focuses on

foreign trouble spots and how the superpowers' interests in the East-West conflicts are changing; and "Decade of Opportunity," a roundtable discussion involving senior officials and other East-West experts about future possibilities and constraints.

Global Rivals is produced by John Sharnik.

ALC Alumni Group Selects Memorial

Mrs. Clara Johnson, president of the Floyd County Chapter of the Alice Lloyd College Alumni Association, held an officer's meeting, Friday morning, Sept. 1, at 9 a.m., at the May Lodge, Jenny Wiley State Park.

Mrs. Johnson and Miss Robin Fox Branham, a native Floyd countian, who serves as director of the A.L.C. alumni association, led a discussion regarding the possibility of the local chapter's purchase of a memorial for Dr. June Buchanan, (Miss June), co-founder, with Mrs. Alice G. Lloyd of Caney Creek Community Center, Pippa Passes, presently Alice Lloyd College.

she extended an invitation to all alumni and friends of the school to attend.

Attending the meeting were Floyd County Alumni officers of A.L.C.: Mrs. Clara Johnson, president, Mr. Delmas Saunders, vice president; Mrs. Dacia B. Woods, secretary; and Arthur Haywood, treasurer, and director of A.L.C. alumni affairs, Miss Robin Fox Branham.

The proposed memorial will be an eternal flame, marking the site (on a knoll behind Alice Lloyd College's old Hunger Din) where "Miss June," Mrs. Lloyd, and her mother, Mrs. Ella Gettys, (who assisted these two women in their endeavor toward the school's establishment), are buried. It was also suggested that a plaque, bearing the school's motto: "A Light Unto the Mountains," be placed at the base of the proposed eternal flame.

The group asked that Miss Branham present these suggestions to the school's president, Fred Mullinax, and members of the Board of Regents, and to report her findings.

Miss Branham said that Appalachian Day would be held at the college October 1, beginning at 10 a.m., and

Area Woman's Club Meets

The GFWC/KFWC Lackey-Garrett-Wayland Woman's Club met for a business session last Monday evening at the home of the club president, Louise West of Hueysville.

The meeting was opened with prayer, followed by an annual treasurer's report by the club treasurer, LaFaye Hughes. The annual hosting of the daughter clubs was discussed and a brunch will be held again this year in October at the Prestonsburg Holiday Inn, with tentative arrangements in the process.

Money-making projects were discussed and Marie Mullins will be ordering all-occasion cards again this year for sale.

Following the business, refreshments were served by the hostess to Alma Souleyrette, Vera Allen, Marie

Mullins, LaFaye Hughes, Betty Mullins, Blanche Bamer and Elizabeth Duff.

The annual August club picnic which was supposed to have been at the home of club member Libby Martin, near Wayland, had to be canceled due to the hostess being hospitalized for two weeks in August. The next scheduled meeting will be Sept. 19 at the home of Elizabeth Duff, Hueysville with possibly Dr. Mary Pauline Fox of Pikeville speaking and showing slides of her China trip.

The youngest first lady in the nation's history was Frances Folsom Cleveland. She married the President in the Blue Room of the White House when she was 21 years old.

Drought-Related Stress For Farmers Will Be Focus of Self-Help Program

Years of declining land values and rising operating costs have left Kentucky farmers reeling, and this summer's prolonged and severe drought has heightened the stress and strain farmers must deal with.

To help Kentucky's farm families weather the latest crisis time, the state Department for Mental Health and Mental Retardation Services, in cooperation with the Department of Agriculture, is developing community support programs for farmers in Kentucky's 14 mental health regions.

"Many farmers were recovering from the land value crisis and just getting back on their feet when—Pow!—they got hit with the drought," said Mental Health and Mental Retardation Commissioner Dennis Boyd. "When you add crop damage on top of the already depressed farm prices, it's like kicking someone when he's down."

"Farmers are proud, independent people who may be reluctant to seek help, especially from people outside the farm community. Consequently, this effort will concentrate on local support, as opposed to an offer from Frankfort or Washington, D.C."

Boyd said community programs in other states have been very successful.

"The program in Iowa, which started last year with just a few people, has grown to more than 700 members," said Boyd. "Wisconsin's program is even more established."

"The success of these programs has shown us we must get away from what we consider 'traditional' programs and get back to the days when people believed you could 'heal yourself' by helping others."

Previously, Kentucky has had farm stress programs using professionals to counsel farmers and their families on problems relating to finances, personal pressures and the like.

Boyd said that the Agriculture Department will continue to provide information through its hotline (1-800-248-4628) about drought relief programs and how to apply for assistance, while his department will furnish help in coping with emotional

problems. "This will be a different approach than in the past," said Margaret Pennington of the state Division of Mental Health. "The idea is for farmers to help each other directly as well as pointing out other available services."

According to Pennington, a farmer from each region will be selected as the lead person to initiate the formation of a peer support group in that area.

"That farmer will serve as a liaison between the support group and the regional mental health center," said Pennington. "He will provide information to group members on what services are available and where to seek help."

"He also will work with the mental

health centers, providing feedback from the support groups that will be used in determining what services are needed for that area.

"Each program will be specifically designed to address the needs of that region, since a problem that might heavily affect western Kentucky may not be as much of a concern in the eastern part of the state," she said.

Pennington added that the peer support groups will involve entire families.

"When a farmer is under stress, it affects the whole family, because all are involved in the farm's operation," said Pennington. "When the possible loss of the home threatens their lifestyle, the whole fabric of the farm family can rip under the strain."

Newspaper Literacy Day Is Slated September 8

Gov. Wallace Wilkinson has proclaimed Thursday, Sept. 8 as Newspaper Literacy Day in Kentucky and urged all community organizations to take cognizance of the special events arranged for this day in recognition of the newspaper's role in preserving a democratic society.

The proclamation was signed August 18 in Frankfort.

Sept. 8 has also been designated as National Newspaper Literacy Day in efforts by the American Newspaper Publishers Association (ANPA) Foundation and American Society of Newspapers Editors in cooperation with the International Reading Association.

Governor Wilkinson's proclamation recognizes the efforts of daily and weekly newspapers in Kentucky in organizing and implementing adult literacy projects in the interest of creating a literate society. The proclamation also recognized First Lady Martha Wilkinson's leadership "to eradicate illiteracy in Kentucky."

The Kentucky and National Newspaper Literacy Day is a day to focus the state and nation's attention on America's adult reading crisis. Approximately 400,000 Kentucky adults are identified as functionally illiterate and an estimated 21 million adults nationwide cannot read at a "survival" level. Some 40 million adults cannot read bus schedules, job applications or their local newspaper.

Newspapers throughout Kentucky and across the nation will publicize and participate in special community literacy activities on September 8. National, state and local organizations will have an opportunity to announce new efforts through the newspaper.

"For the past two years, the Kentucky Press Association and newspapers across the Commonwealth have

placed added emphasis on the problem in Kentucky," said David T. Thompson, KPA executive director. "The efforts of local newspapers have not gone unnoticed as witnessed by Governor Wilkinson's proclamation."

"Hopefully, this Newspaper Literacy Day will bring the severity of the problem to the attention of all Kentuckians. Our newspapers have long noticed the effects of an illiterate society."

In the past two years, Kentucky newspaper executives have attended and participated in various seminars to learn what newspapers can do to help in local efforts to combat illiteracy.

"Newspapers are directly affected by an illiterate society," Thompson

said, "but the efforts in Kentucky have been from concern for the problem, not from selfishness."

Beginning in July, newspapers were asked to bring more attention to the problem by publishing ads and stories on illiteracy, emphasizing local organizations involved in literacy efforts.

"Several Kentucky newspapers have been recognized nationally for literacy efforts," Thompson said. The ANPA Foundation has showcased the Danville Advocate-Messenger, Lexington Herald-Leader and Landmark Community Newspapers, Inc., of Shelbyville for efforts to assist local literacy programs. Landmark owns 15 Kentucky newspapers.

PHS Honor Choir Performs in Lexington

Members of the Prestonsburg High School Honor Choir were recently invited to entertain the Southern Legislative Conference held at the Hyatt Regency Hotel in Lexington. Representatives from 15 southern states attended the Saturday evening performance which was sponsored by the Eastern Kentucky area. Elizabeth Frazier and her PHS Honor Choir received a commendation from Kentucky House of Representatives Majority Leader Greg Stumbo. Members who performed at the conference were Jackie Hale, Kathy Hale, Aaronada DeRossett, Gina Wells, Clarissa Short, Lyon Frazier, Susan Carter, Beth Hall, Christina Allen, Ginger Howard, Andrea Dale.

Bevins, McDowell Student, Attends Engineering Program

This summer Kristina Bevins, a McDowell senior, attended Engineering Ahead, a program at UK for high school juniors who have an aptitude or interest in engineering.

During the two-week program, Bevins surveyed the different fields of engineering—civil, mechanical, chemical, metallurgical, and electrical. One of the projects was building a

bridge using a computer. The object of this experiment was to see who could build the strongest bridge.

The students also had an opportunity to tour the IBM plant in Lexington. Bevins said she was impressed by the work that goes on at this plant, but is more interested in work that could be done out of doors.

The group also toured the site of the

Cyrus Coal Company in Hazard. There, they learned about some techniques of land reclamation that have been used in mining operations.

Bevins plans to attend college at either Morehead or the University of Kentucky, where she will major in engineering or some other field of science. She advises anyone who qualifies for this program to take advantage of the opportunity to learn.

Johnson: Governor's Scholar

By Brian Boyd and Amy Payne
The top 1 percent of Kentucky's high

school juniors spent five weeks at Murray State University for the Governor's Scholars Program from June 19

through July 23.

Three hundred and twenty-two students from the state of Kentucky attended the program.

The participant from Wheelwright High School was Gina Lynn Johnson, daughter of Bill and Jimmie Lou Johnson of Bevinsville.

The Governor's Scholars Program was set up on a college curriculum, and students chose their own courses of study. Johnson took courses in biology and in fine arts. The students organized their own sport activities, sponsored a blood drive, attended film festivals, and began their own daily news bulletin.

"I feel the program was worthwhile," said Johnson. "It turned into a live and learn experience. We even learned how to do our own laundry." she also said that getting to meet students from other high schools throughout the state of Kentucky was what she enjoyed the most.

"My advice to all the juniors planning to take the PSAT is 'do your best!' Score high and apply for the Governor's Scholars Program. It isn't simply going to school in the summer—it's the experience of a lifetime. You learn in class, you make new friends, and your whole outlook on life changes," she said.

Johnson plans to attend college at either Vanderbilt or Morehead State University. She then plans to attend medical school.

Garrett Elementary Students

Learning French At Garrett

Bon jour! Parlez vous Francis? Well, you may not be saying those words, but the seventh and eighth graders of Garrett Elementary are.

Every Tuesday and Thursday from 10:30 to 11:30 a.m., the eighth graders are at study, and from 12:30 till 1:30, the seventh graders are at work studying French.

The people who made this possible are Carolyn Bellamy, Garrett's third grade teacher, and Ralph O'Quinn, Garrett's principal.

The students are being taught basic

conversation, numbers from one to 12, and basic information about France. Most students think this class will give them a better understanding of the French language, as well as help give them a better concept of English grammar. They feel it will benefit them further in the future.

O'Quinn and Bellamy deserve much of the credit for establishing an extra-curricular way of learning, not just for the seventh and eighth graders, but for the entire school. They said they want to make learning at Garrett School as enjoyable as possible. Classes hope to

take field trips to French stores and bakeries later on in the school year.

So far students have learned to say some of these basic words in French:

Hello-Bon jour; Hi-Salut; Good Bye-Au revoir; Yes-Que; and No-non.

BLHS: Seniors Plan Trip, Juniors Selling Magazines

Betsy Layne High School seniors are planning their trip, the juniors are selling magazines for the spring's prom, and the freshmen don't look quite so strained as the school year begins to get underway.

Schedule changes have been closed for the semester, so the counselors have more time to devote to counseling. They are primarily working with juniors and seniors distributing ACT packets and taking applications for scholarships.

Parents interested in their child applying for a scholarship should see counselors Vickie Ratliff or Arian Isaacs early in the academic year. Applications are being taken for Century III Leaders and the United States Senate Youth Program. The latter is open to both juniors and seniors. Its value is \$2,000 and an expense paid week in Washington D.C.

BLHS students and faculty are forming a chapter of SADD (Students Against Drunk Driving). The club, sponsored by Ruth Patterson (special education teacher), is being formed to educate students about the dangers of drinking and driving. They also hope to make students aware of the health problems that drinking can cause. They recently held a bake sale at the school to help raise funds to open the chapter.

The core members who began the club are Chrystal Bryant, Vickie Watkins, Pamela Smith, Jackie Hamilton and Lonnie Hensley.

Billie Jean Osborne will be producing a play entitled *The Fabric of Freedom*. It will be entirely cast with her fifth period chorus members. The play will be presented to the school the week of Veterans Day.

Floyd County Students Invited To UK Preview

Floyd County students and their parents can learn more about the University of Kentucky and higher education at UK Preview Night, scheduled for 7 p.m. Tuesday, Sept. 13 at the Prestonsburg Holiday Inn, U.S. 23 South, Prestonsburg.

UK faculty, staff and students will be on hand to discuss and answer questions about admission requirements, financial aid and scholarships, housing, academic programs, career planning and student life.

High school seniors who are considering UK are especially encouraged to attend with their parents, to learn about application procedures and deadlines.

Associate admissions director Randy Mills says although the emphasis will be on UK, Preview Night will promote the importance of higher education in general. "We're proud of our role in sending out the positive message of higher education and what it can do for an individual," he said.

In addition to the Floyd County students, all students and their parents from the following counties are invited: Breathitt, Johnson, Knott, Lee, Letcher, Magoffin, Martin, Morgan, Perry, Pike and Wolfe.

For more information, contact Randy Mills, associate director of admissions, at 606-257-2000 or toll-free in Kentucky at 800-432-0967.

Beautification Continues

Writing on the wall is permitted if you are either Don Riley or Mike Riley. The two have painted numerous inspirational slogans such as "Books are storehouses of knowledge" throughout the hallways at Allen Central High School. Slogans appear in every department to promote "Rebel pride". Another addition to the school has been new wooden benches and bench rests for the front foyer area.

FLOYD CIRCUIT COURT

88-CI-321
First Commonwealth Bank of Prestonsburg, Ky. Plaintiff
VS: NOTICE OF SALE
Sam Hall, Eva Hall and Floyd County, Ky. Defendants

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered at the August 8 term, 1988, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 23 day of September, 1988, at 10:00 o'clock a.m., same being a day of the regular term of the Floyd Circuit Court, for cash or upon a credit of three (3) months, the following described property, to-wit:

That certain tract or parcel of land, lying and being on the waters of Left Beaver Creek at McDowell, Floyd County, Kentucky, being the same property conveyed to Sam Hall from Edward K. Martin and Patricia Martin, his wife, by deed dated the 6th day of January, 1987, which is duly recorded in Deed Book 309, page 445, in the Floyd County Clerk's Office, which is more particularly described as follows:

Beginning in the center of Marion Martin Branch, just above the Orchard at Edward Martin's line, thence running up the hill with Edward Martin's line 30 feet to a pawpaw bush, thence 300 feet to a black gum, thence 200 feet to a basket oak, thence 150 feet to a beech tree at the corner of fence, thence around the hill towards the point with the fence 90 feet to a beech, thence leaving the beech and the fence, running on around the hill to a beech tree on the point at Marion Martin's line, thence down the point with Marion Martin to the corner of fence, at Ted Collins lot line, thence around the hill with Ted Collins' line to a corner, thence down the hill with Ted Collins' line to State Highway No. 122, thence with the State Highway, to center of Branch, thence up the Branch to Edward Martin's line, the beginning, containing 3 acres, more or less.

The amount of money to be raised by this sale shall be in the principal sum of \$36,000.00, accrued interest of \$5,508.20 and interest thereon at 12% per annum from August 8, 1988, and the principal sum of \$12,010.50, accrued interest of \$1,685.73 and interest thereon at 12% per annum from the 8 day of August, 1988 until satisfied and the costs of this action, including costs of advertising of this sale and the fees and commissions for conducting this sale.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply with these terms.

Given under my hand, this 5 day of September, 1988.

ORDINANCE NO. 13-88

WATER RATIONING ORDINANCE AN ORDINANCE AUTHORIZING THE DECLARATION OF WATER RATIONING; ESTABLISHING PROCEDURES AND MEASURES FOR THE ESSENTIAL CONSERVATION OF WATER RESOURCES; AUTHORIZING THE ISSUANCE OF ADMINISTRATIVE REGULATIONS; AND PRESCRIBING CERTAIN PENALTIES

Be It Enacted by the City Council of the City of Prestonsburg.

Section 1. Purpose. The purpose of this ordinance is to provide for the declaration of rationing for equitable distribution of critically short water supplies. Nothing in this ordinance shall be construed to interfere with common law riparian or statutory water rights.

Section 2. Definitions
(a) "Allotment," as the term is used in this ordinance, shall mean the maximum quantity of water allowed for each customer over any applicable period as established in the provisions of this ordinance.

(b) "Customer," as the term is used in this ordinance, shall mean any person using water for any purpose from the City's water distribution system and for which either a regular charge is made or, in the case of bulk sales, a cash change is made at the site of delivery.

(c) "Excess Use," as the term is used in this ordinance, shall mean the usage of water by a water customer in excess of the water allotment provided under the provisions of this ordinance for that customer, over any applicable period.

(d) "Non-Residential Customer," as the term is used in this ordinance, shall mean commercial, industrial, institutional, public and all other such users, with the exception of hospitals and health care facilities.

(e) "Rationing," as the term is used in this ordinance, shall mean procedures established to provide for the equitable distribution of critically-limited water supplies, in order to balance demand and limited available supplies, and to assure that sufficient water is available to preserve public health and safety.

(f) "Residential Customer," as the term is used in this ordinance, shall mean any customer who receives water service for a single or multi-family dwelling unit. The term residential customer does not include educational or other institutions, hotels, motels, or similar commercial establishments.

(g) "Service Interruption," as the term is used in this ordinance, shall mean the temporary suspension of water supply or reduction of pressure below that required for adequate supply, to any customer, portion of a water supply, or entire system.

(h) "Water Supplies," as the term is used in this ordinance, shall mean water available to the City of Prestonsburg for treatment by virtue of its water rights or withdrawal permit or any treated water introduced by the City into its water distribution system, including water offered for sale.

Section 3. Declaration of Rationing. Whenever the City Council finds a need to provide for the equitable distribution of critically limited water supplies, in order to balance demand and limited available supplies, and to assure that sufficient water is available to preserve health and safety, it shall be empowered to declare by resolution the adoption of mandatory rationing.

Section 4. Objectives of Rationing

(a) It is imperative that water customers achieve an immediate further reduction in water use in order to extend existing water supplies and, at the same time, assure that sufficient water is available to preserve the public health and sanitation and to provide life protection service.

(b) Should shortages continue, further reductions in usage may be required. The additional usage reduction in the rationed area must be a valid and attainable goal reflective of the conditions which currently exist.

(c) The plan provides for equitable reductions in water usage and for equal sacrifice on the part of each water customer. The success of this ordinance depends on the cooperation of all water customers in the emergency area.

Section 5. Water Use Rationing for Residential Customers

(a) Metered Residential Water Customers and Allotments:

(1) The number of permanent residents in each dwelling unit (household) will determine the amount of water that each household will be allowed.

(2) Each dwelling unit (household) shall be allotted 40 gallons per day for each resident of the household. Households with only one permanent resident will have a daily allotment of 55 gallons.

(3) Residential water customers are required to provide city and utility personnel with reasonable access to read meters as necessary to this rationing declaration. Where access is not readily available, all reasonable efforts to contact customers in order to arrange for access to read meters shall be made. In the event a water customer does not allow entry to read the meter after reasonable efforts to arrange for such access, the dwelling unit (household) allotment will be reduced to 55 gallons per day; 40 gallons for households with only one permanent resident.

(4) (i) Where the residential water allotment provided under this section would create an extraordinary hardship, as in the case of special health-related requirements, the water customer may apply to the city for an exemption or variance from these re-

quirements. If it is found that the allotment provided in this section would impose an extraordinary hardship, a revised allotment for the particular customer may be established.

(ii) Any person aggrieved by a decision relating to such an exemption or variance rendered by a public utility or municipal corporation rendering water service beyond its corporate limits, may file a complaint with the City Council in accordance with the City's normal administrative procedures.

Section 6. Water Use Rationing for Non-Residential Water Customers

(a) Non-residential water customers shall further reduce their water usage to 50 percent of use levels during the previous year's average.

(b) It is the primary responsibility of each non-residential water customer to meet its mandated water use reduction goal in whatever manner possible.

(c) The City will establish a water allotment for each non-residential water customer, based upon a required further reduction of water usage from the rate of water used by the customer in effect on the previous month, or the last recorded use level if no meter readings record the rate of the customer's use for the previous month.

(d) Each non-residential water customer shall provide access to City personnel for purposes of meter reading and monitoring of compliance with this ordinance. All reasonable efforts will be made to contact customers to arrange for access.

(e) If the mandated further reduction in water usage cannot be obtained without imposing an extraordinary hardship which threatens health and safety, the non-residential customer may apply to the city for a variance.

For these purposes "extraordinary hardship" means a permanent damage to property or economic loss which is substantially more severe than the sacrifices borne by other water users subject to this water rationing ordinance. If the further reduction would cause an extraordinary hardship or threaten health or safety, a variance may be granted and a revised water use reduction requirement for the particular customer may be established.

(2) Any person aggrieved by a decision relating to such a variance rendered by a public utility or municipal corporation rendering water service beyond its corporate limits may file a complaint with the state's Public Service Commission in accordance with established procedures.

(f) The City will provide each non-residential customer with suggested means to reduce usage levels.

Section 7. Water Use Rationing for Hospitals and Health Care Facilities

(a) Hospitals and health care facilities shall comply with all restrictions imposed on residential and non-residential water customers as may be applicable to each individual institution, to the extent compliance will not endanger the health of the patients or residents of the institution.

(b) Each hospital or health care facility shall survey its water usage patterns and requirements and implement such additional conservation measures as may be possible without endangering the health of its patients or residents to achieve a further reduction in the institution's water usage.

(c) The City will provide each hospital and health care facility with suggested means to reduce usage levels.

Section 8. Enforcement of Water Rationing

(a) The City, or its water utility, will have primary responsibility for monitoring of compliance with the water rationing ordinance.

(b) The following provisions shall govern the implementation of service interruptions:

(1) In order to effectuate compliance with this ordinance the City is hereby authorized and required to plan and implement service interruptions to all or part of its water supply system, as may be deemed appropriate, when any and/or all of the following conditions are determined to exist:

(i) The mandated reduction in system-wide usage has not been achieved, and/or

(ii) The mandated reduction in system-wide water usage has been achieved, but has failed to have a significant impact in extending limited water supplies, and/or,

(iii) Service interruptions are necessary in order to further extend limited and/or dwindling water supplies.

(2) In the event it is determined that service interruptions are necessary, the City shall notify its customers that a planned service interruption is to be imposed. This shall be done through the public media (newspapers, radio, and television) and at least 24 hours prior to the service interruptions.

Such notice shall:

(i) State the day or days when the planned service interruptions will occur;

(ii) State the time(s) when such planned service interruptions will commence, and the time(s) such interruptions will cease;

(iii) State whether the planned service interruptions are to be imposed on the entire system, or part thereof, and, if only part(s) of the system will experience planned service interruptions, identify geographic boundaries within which such interruptions will occur; and

(iv) Advise all customers within the areas affected by planned service interruptions how to treat any water received from the system, for human consumption, during the period(s) of such interruptions and for such additional time as may be necessary until full pressure is restored to the system.

(3) If a planned service interruption

is imposed as authorized and required by this ordinance, it must provide for the continued delivery of water to health care facilities within the area(s) affected by such interruptions, by means of any adequate, alternative delivery measures that may be necessary.

(4) If a planned service interruption is implemented, it must make provision, by any means possible, for the continued delivery of such water as may be necessary for the proper operation of sewage collection, treatment, and disposal systems and facilities.

(c) Any residential or non-residential water customer who exceeds the allotments established pursuant to this water rationing will be subject to the following excess-use charges:

(1) "Excess-use-charges" will be collected based on the amount by which a customer's use exceeds the water allotments established pursuant to the local water rationing declaration, computed in accordance with the following schedule:

Excess Usage Per Month
First 2,000 gallons or portion thereof
Charge for Excess

per 1,000 gallons or portion thereof
Each 1,000 gallons, or portion thereof, thereafter

(2) Any monies collected through excess-use charges shall not be accounted for as income, but shall be placed in a reserve account that is dedicated to addressing water shortage problems and water conservation initiatives.

(d) In addition to the excess-use charge, non-compliance with the water rationing provisions of this ordinance will result in the following:

(1) For the first excess use, a warning of possible discontinuation shall be issued to the customer.

(2) For the second or subsequent excess use, service to the customer may be interrupted or shut off for a period not to exceed 48 hours, or, if the customer provides access, a flow restrictor may be installed in the customer's service line for the duration of the emergency. The cost incurred to interrupt or shut off and reinstate service, or to install and remove a flow restrictor, shall be assessed to the water customer.

(e) Meter reading schedules are authorized to be altered to assure adequate monitoring of compliance with this ordinance.

(f) Any customer or other person aggrieved by a decision or action imposing an excess-use charge or other remedy for non-compliance with the requirements of this ordinance may proceed in accordance with the following provisions:

(1) The City shall adopt procedures which provide an opportunity for the customer or aggrieved party to rebut the finding of a violation, or provide evidence of circumstances beyond the customer's control which resulted in the violation. A record of evidence regarding disputed violations shall be kept, and a written notice of the City's final decision and action in such cases shall be provided to the customer or aggrieved party.

(2) Any person aggrieved by the final decision or action of a public utility or municipal corporation may file a complaint with the Public Service Commission in accordance with established procedures.

Section 9. Shortage Water Rates. Upon the declaration of water rationing as provided in Section 3, the City Council shall have the power to adopt shortage water rates, by ordinance, designed to conserve water supplies. Such rates may provide for, but not be limited to: (a) higher charges per unit for increasing usage (increasing block rates); (b) uniform charges for water usage per unit of use (uniform unit rate); (c) extra charges for use in excess of a specified level (excess demand surcharge); or (d) discounts for conserving water beyond specified levels.

Section 10. Regulations. During the effective period of water rationing as provided for in Section 3, the mayor is empowered to promulgate such regulations as may be necessary to carry out the provisions of this ordinance, any water supply shortage resolution, or water shortage rate ordinance. Such regulations shall be subject to the approval of the City Council at its next regular or emergency meeting.

Section 11. Penalties. Any person who violates the provisions of this ordinance, who fails to carry out the duties and responsibilities imposed by this ordinance, or who impedes or interferes with any action undertaken or ordered pursuant to this ordinance shall be subject to the following penalties.

(a) If the mayor, city manager, water superintendent, or other city official or officials charged with implementation and enforcement of this ordinance or a water supply shortage resolution learns of any violation of any water use restriction imposed pursuant to this ordinance, a written notice of the violation shall be affixed to the property where the violation occurred and mailed to the customer of record and to any other person known to the City who is responsible for the violation or its correction. Said notice shall describe the violation and order that it be corrected, cured, or abated immediately or within such specified time as the City determines is reasonable under the circumstances. If the order is not complied with, the City may terminate water service to the customer subject to the following procedures.

(1) The City shall give the customer notice by mail that, due to the violation, water services will be discontinued within a specified time and that the customer will have the opportunity to appeal the termination by requesting

a hearing scheduled before the City Council or a City official designated as a hearing officer by the governing body;

(2) If such a hearing is requested by the customer charged with the violation, he or she shall be given a full opportunity to be heard before termination is ordered; and

(3) The Council or hearing officer shall make findings of fact and order whether service should continue or be terminated.

(b) A fee of \$50 shall be paid for the reconnection of any water service terminated pursuant to subsection (a). In the event of subsequent violations, the reconnection fee shall be \$200 for the second violation and \$300 for each additional violation.

(c) Any customer may also be charged with violation of this ordinance and prosecuted in District Court. Any person so charged and found guilty in District Court of violating the provisions of this ordinance shall be guilty of a Class B misdemeanor. Each day's violation shall constitute a separate offense. The penalty for an initial violation shall be a fine of not less than \$100.

Section 12. Severability. If any provision of this ordinance is declared unconstitutional, or the application thereof to any person or circumstance is held invalid, the constitutionality of the remainder of the ordinance and its applicability to other persons and circumstances shall not be affected thereby.

Section 13. Effective Date. This ordinance shall take effect immediately upon adoption or passage by the City Council.

Section 14. Effective Period. This ordinance will remain in effect until terminated by action of the City Council.
Adopted this 22nd day of August, 1988.

NOTICE OF INTENTION TO MINE

Pursuant To Application
Number 836-5084, Revision #1

(1) In accordance with the provisions of KRS 350.055, notice is hereby given that Spencer Branch Coal Company d.b.a. Hite Preparation Company, P.O. Box 159, Drift, Ky. 41619, has filed an application for a major revision to an existing underground coal mining and reclamation operation. This major revision proposes to add an additional 0.00 acres of surface disturbance and underlie an additional 0.00 acres for a total proposed permit acreage of 174.57 acres located 1.7 miles southeast of Hite, Ky. in Floyd County.

(2) The proposed major revision area is approximately 0.8 miles east from KY 122's junction with KY 2030 and located 0.01 miles north of Stumbo Branch. The latitude is 37° 32' 15". The longitude is 82° 43' 45".

(3) The proposed major revision is located on the Harold U.S.G.S. 7 1/2 minute quadrangle map. The surface area to be affected by this major revision is owned by Marion & Patty Taylor.

(4) This major revision proposes a post mining land use change and the change from area bonding to incremental bonding. The application includes a proposed land use change from the forest land pre-mining land use to a residential post-mining land use on increment number 1.

(5) The major revision application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 503 South Lake Drive, Prestonsburg, Ky. 41653. Written comments, objections, or requests for a permit conference must be filed with the Director of the Division of Permits, #2 Hudson Hollow Complex, U.S. 127 South, Frankfort, Ky. 40601.

This is the final advertisement of this application; all comments, objections or requests for a permit conference must be received within 30 days of this date.

XXIV Summer Olympics: More, more, more ...

By Paul Elie

The XXIV Summer Olympic Games begin this week, and NBC is the hostess with the mostest. The Games, like the number of sub-four-minute milers, never stop growing. And from its two-hour preview (airing Thursday, Sept. 15) to the opening ceremonies (Friday, Sept. 16) to the competition itself (beginning Saturday, Sept. 17, and concluding Sunday, Oct. 2) NBC will note Olympic mores, mosts, fastest, highest and bests, perhaps setting a record for most overkill.

More countries - 160 - will participate in the Games in Seoul, South Korea, than have participated in any previous Games. Their athletes will compete in 23 sports, as well as five demonstration sports - 237 events in all.

Seoul, which has an estimated 10 million residents, is the world's second-largest city (only Shanghai is bigger). As such it is the largest city to host the Games. And it is farthest away from the U.S.: Seoul time is 14 hours ahead of U.S. Eastern time. Still, NBC will air more than 75 percent of its coverage live. Events that air in the evening in the U.S. will be taking place around noon the next day in Seoul, and events held at night will be shown in the morning here, on an Olympic edition of the "Today" show.

For the right to broadcast the Games, NBC paid \$300 million, a record for a Summer Games (only ABC's \$309 million for last February's Winter

Bryant Gumbel

Games was higher). And the network's broadcast team, headed by host Bryant Gumbel, probably will set a record for most hours of Olympic coverage. It has scheduled 179 1/2 hours - half an hour less than ABC devoted to the 1984 Summer Games in Los Angeles - but is likely to air more.

And, barring dreadful performances by U.S. athletes, NBC is likely to rack up the highest ratings in the history of Olympic telecasts. At first, the unusual September scheduling (made necessary by Seoul's midsummer monsoons) looked as if it would foil coverage. But, as the network points out, fall TV audiences are generally 23 percent larger than those in the summer. And because of the summer script writers' strike, viewers are starved for new programming of any sort. Appropriately, NBC will use its Olympic coverage to incessantly promote its new fall series - the idea being that viewers teased throughout the Games with trailers for the new shows are bound to want to see more.

Meg Ryan played Betsy on 'As the World Turns'

By Toni Reinhold

Who is the striking blond actress who starred in the recent film "The Presidio"? -- W.B., Green Bay, Wis.

Meg Ryan

You're talking about Meg Ryan, whose other films include "Rich and Famous" (she played Candice Bergen's daughter), "Top Gun" (she played Anthony Edwards' wife) "Inner-space" (with Martin Short) and "D.O.A." (opposite Dennis Quaid). She also starred in the sleeper "Promised Land," playing a young woman who barnstormed around the West with her boyfriend, played by Kiefer Sutherland. A Connecticut native, Ryan played Betsy Stewart on "As the World Turns" from 1982 to 1984.

MARQUEE

THE LAST TEMPTATION OF CHRIST (R - Universal) Starring Willem Dafoe. ★★½

By J.T. YURKO

Once upon a time in Hollywood, biblical epics refrained from even showing Jesus' face on the screen. From D.W. Griffith's "Intolerance" to William Wyler's "Ben Hur," the image of Christ was seen only rarely - and never in a close-up. But "The Last Temptation of Christ," Martin Scorsese's film about Jesus, is, in a sense, shot all in close-up.

In this controversial movie, based on a controversial novel by Greek writer Nikos Kazantzakis, Scorsese explores the inherent dilemma faced by a person who is both human and divine. This Jesus (played by Willem Dafoe) can perform miracles, but has the personality conflicts of a schizophrenic. He is a troubled man wrestling with his destiny. This is a Christ unseen in the movies before. When we first see him, his job is making crosses for the Romans, and his best friend is Judas.

Scorsese makes clear in a prologue that he is not simply retelling the stories in the Gospels. "The

film is not based on the scriptures," he says, but on the characters of the scriptures. Thus, this is not The Greatest Story Ever Told, but a story about The Greatest Story Ever Told.

It is a remarkable achievement: consistent in its vision, technically superb and philosophically fascinating. Scorsese reminds us that this is a film - a fiction - by using overlapping dissolves and other filmic tricks. And he ends it by showing the splash of light and sprocket holes seen when film runs out of a projector.

When Christ first sits down to preach in the film, he says, "I'm sorry, but the best way I know to talk to you is to tell you a story," and tells the parable of the sower whose seed falls by the wayside, on rocks or on fertile ground. To many people this story will fall on rocky ground, but to those who are unafraid to confront the issues it raises, "The Last Temptation of Christ" is haunting, challenging, profound movie-making.

SOAP BEA

Hillary Bailey Smith has returned to Margo role

By Marie Michaels

The producers of "As the World Turns" must be pleased that they were able to coax Hillary Bailey Smith into returning to the role of Margo Hughes. Smith was adamant about not coming back when she left the soap to await the birth of her second child, so "ATWT" must have made her an offer that she couldn't refuse. Smith returned to the soap the last week in August.

Hillary Bailey Smith

From "Guiding Light" comes the news that Leslie Denniston has decided not to renew her contract, which means that Maeve Reade will be leaving town in the next few weeks. Apparently "GL" isn't planning to recast the role, either. We don't know where that leaves Charles Jay Hammer, who plays Denniston's on-screen husband, Fletcher Reade. In real life Denniston is married to Don Hastings, who plays Bob Hughes on "As the World Turns."

NEWSHOUR

• Sara Botsford, who appeared in the feature films "Legal Eagles" (1986) and "Jumpin' Jack Flash" (1987), is now playing the mystery woman Lilith on "As the World Turns." When the character was first seen in August, she was called Isabella, and took part in a fashion show at Duncan McKechnie's castle.
 • Shelley Burch, who plays Delila Garretson on "One Life to Live," had the honor of singing the national anthem at the Republican National Convention in New Orleans last month. Burch's father is Dean Burch, a former chairman of the Republican National Committee.
 • Marie Cheatham (who plays Charlene), her "General Hospital" co-star Lynn Herring (who plays Lucy Jones) and Herring's husband, Wayne Northrop (who played Roman Brady on "Days of Our Lives" from 1981 to 1984) are currently taking scuba lessons. Herring and Northrup will put their new skills to use in December, when they will take a three-week trip to Africa. They'll go scuba diving at Lamu on the coast of Kenya.
 • Fans of "The Young and the Restless" will miss Eileen Davidson (she plays Ashley Lasser), who has decided not to renew her contract when it comes due the end of November. The "Y&R" people haven't announced whether the role will be recast.

NOTICE OF INTENTION TO MINE Pursuant To Application No. 836-5156, Revision #1

(1) In accordance with the provisions of KRS 350.055, notice is hereby given that Coal Mac, Incorporated, P.O. Box 3428, Pikeville, Kentucky 41501, has filed a major revision to an existing underground coal mining and reclamation operation. This major revision proposed to add an additional 0.45 acres of surface disturbance for a total proposed permit acreage of 514.30 acres located at Alvin, Kentucky in Floyd County. (2) The proposed major revision is approximately 0.6 miles east from Kentucky Route 194 junction with Kentucky Route 1428 at Alvin, Kentucky and is adjacent to Cow Creek of Levisa Fork of the Big Sandy River. The latitude is 37 degrees 38 minutes 07 seconds. The longitude is 82 degrees 41 minutes 07 seconds. (3) The operation is located on the Lancer and Harold 7 1/2 minute quadrangle maps. The surface area to be disturbed is owned by Dana Spurlock and Frank Mims. The application also includes a proposed land use change from a forestry pre-mining land use to a wildlife post-mining land use. (4) Under this revision, the applicant proposes an additional 0.45 acres for use as an excess spoil storage area. (5) The application has been filed for public inspection at the Department of Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 503 South Lake Drive, Prestonsburg, Kentucky 41653. Written comments, objections, or requests for a permit conference must be filed with the Director of the Division of Permits, #2 Hudson Hollow, U.S. 127 South, Frankfort, Kentucky 40601. 8-17-31. This is the final advertisement of this application; all comments, objections, or requests for a permit conference must be received within thirty (30) days of today's date. 11.
