

### YUCK!

More and more of the same is the report from the US Weather Service in Jackson. Today's forecast is for partly cloudy skies, with a 60 percent chance of thundershowers ("heavy rainfall possible"). High of around 80, lows tonight in mid-60s. Expect fog tonight and 40 percent chance of rain.

With little change, Thursday's reading is partly sunny, warm and humid; 60 percent chance of showers again, with highs in the mid-80s and lows at night in mid-60s. The extended weekend forecast contains a chance of showers each day, with about the same temperatures continuing.

### Rush Is On

In the first few hours that Watson's personnel took applications for jobs for the department store's new Paintsville location, more than 200 persons applied, according to a source at the Prestonsburg regional Employment Services office. The department store, opening this summer at Mayo Plaza, advertised 20 part-time positions, the source said. Several hundred more applications were expected by closing time today.

### Parents To Meet

Parents of handicapped children will have their regular meeting Thursday at 11 a.m. at the Parents Resource Center on the third floor of the Mountain Comprehensive Care Center in Prestonsburg. For more information about the group, call 886-8572, ext. 52.

### Dry Up!

Since Cliff No. 2 and Richmond districts went dry, liquor selling establishments in those areas had until this week to either quit selling or move. East Point Liquor will be moving Thursday to a location near KY 3 near Auxier. Owner Herman Hayden said it will be at least a week until he reopens at the new location and the move has cost him about \$20,000. Giovaanni's Pizza has already stopped selling beer, and representatives of the other establishments affected were not available for comment Tuesday afternoon. They had 60 days from the date of the referendum to cease liquor sales.

### Council To Meet

Prestonsburg City Council, on its summer schedule, is set to meet Monday, June 26 at 7 p.m. at the Municipal Building.

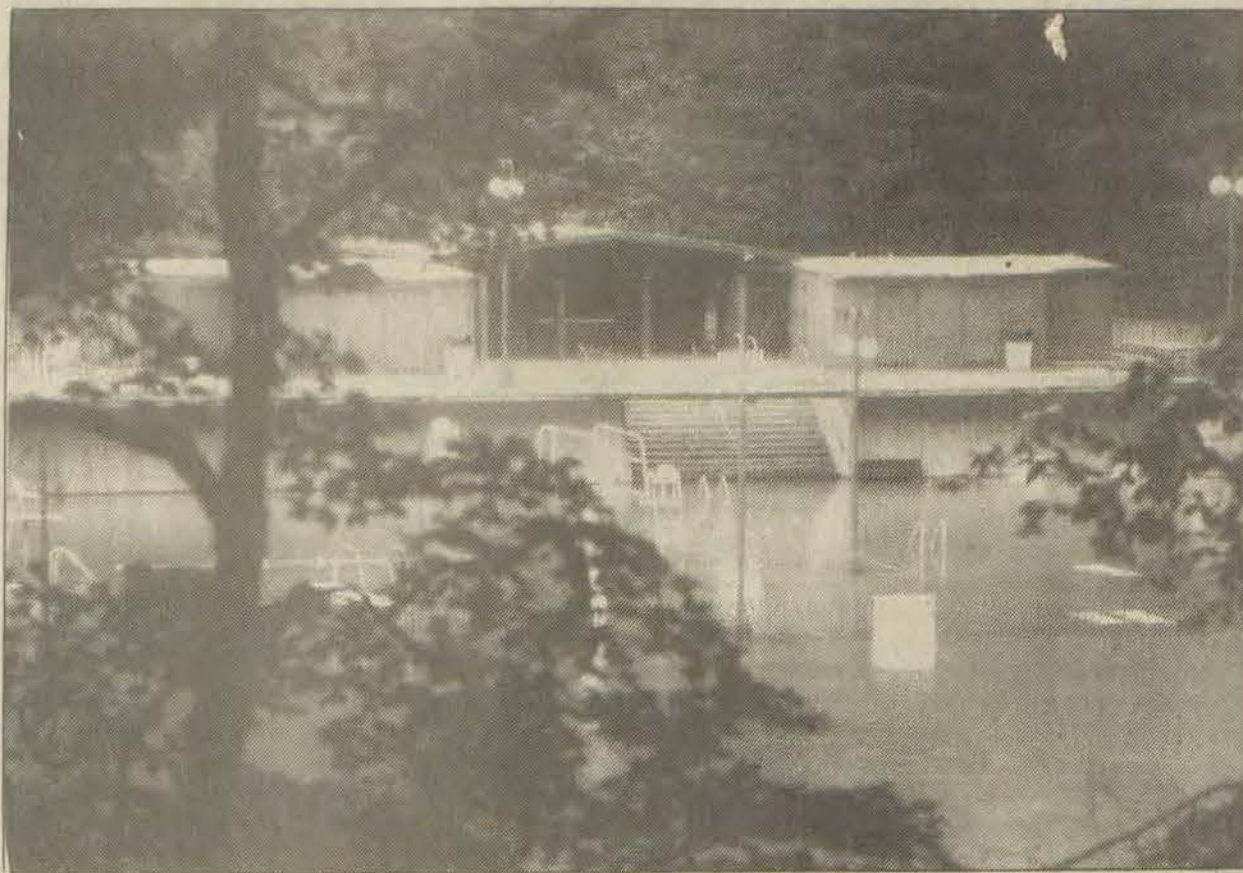

### School Board To Clean-Up

A special "clean-up" meeting of the Floyd County Board of Education is set for Wednesday, June 28, at 6 p.m. at administrative office building, according to a memo from the superintendent's office. The agenda includes placement and transfers, more hirings, contract and salary approvals and other items.

## Heavy Rains Cause Damage To Highways, Bridges

### Everyone Out Of The Pool!

The swimming pool at Jenny Wiley State Resort Park was literally under water Sunday. Rising creeks and rivers in the area forced Dewey Lake to back up, flooding the pool, marina and several park access roads. May Lodge, although high above the flood line, was closed for a day because of water in the road leading to the lodge.

For a time last week people throughout Floyd County were expecting to be routed from their homes by flood waters as heavy rains Thursday and Friday drove creeks and rivers above their banks.

Several counties west of Floyd saw severe flooding, but, except for a few low lying areas, the damage was minimal compared to past years.

Judge-Executive John M. Stumbo estimated that county roads sustained about \$150,000 in damages. In a letter, dated June 20, to Gov. Wallace Wilkinson, Stumbo declared that a state of emergency exists and requested assistance from the Governor's office.

Stumbo said eight bridges were damaged by flood waters. They include two bridges over Buffalo Creek and one each on Abbott, Bull, Eastern, Upper Right Beaver, Saltlick and Stone Coal creeks.

County crews have been working since Saturday on repairing the bridges, correcting mud slides, replacing pipes and mending washed out road shoulders, Stumbo said.

In an effort to stem additional flooding, officials of the US Army Corps of Engineers allowed Dewey Lake to back up which caused some flooding at Jenny Wiley State Park. Water spilling out of the lake at the

## Fly In, Drive Out May Be Possible

The Big Sandy Regional Airport, touted as a model of cooperation and progress, has been on idle since its completion about three years ago, but the facility may in gear if plans fly for an access road.

A deal struck recently between private corporations and public agencies could mean that users will have access to the airport "by this time next year," according to Floyd County Judge-Executive John M. Stumbo, a member of the airport board.

The airport, located in Martin County near the juncture of Floyd and Johnson counties, was built on a 150-acre reclaimed strip mine donated by Pocahontas Land Co. Land surrounding the airport, however, was not part of the bargain and the airport has not been accessible to public use.

The land on which an access road was planned is reportedly leased from Pocahontas by Enoxy Coal Inc. The coal company, jointly owned by

Occidental Petroleum Corp. and an Italian government agency, has apparently been tightly patrolled because of employee/management problems.

Stumbo said Pocahontas has given right-of-way for a road, and Southside Mining Co. has agreed to "strip and make a road that will be ready for surfacing by next April."

The judge also said the state "will spend \$1.3 million to surface" the road, which he said will be about two miles long. He added that the road will be about two miles long.

"It appears we've pretty well got it straightened out," Stumbo said.

The airport can accommodate "corporate aircraft and some commercial airplanes," said airport board member Burl Wells Spurlock, president of First Commonwealth Bank in Prestonsburg.

Stumbo said that when the access road and KY 3 are both completed, Prestonsburg residents will be only about "20 minutes from the airport."

## Fiscal Court Reviews Bids And Passes Annual Budget

Floyd County Fiscal Court at its regular monthly meeting June 16 reviewed three bids for five tandem trucks, agreed to pay the State Treasurer \$9,700 for the end loader, dump truck and four pick-ups the county received from the Division of Surplus Property, and closed Old Brush Road.

Music, Carter, Hughes made a bid for five 1989 Chevy series '90, tan-

dem, gasoline powered chassis for \$29,956 each. World Wide Equipment bid three different chassis and dump-bed combinations; a 1989 Mack RD6905 for \$67,999 each, a 1989 Mack CS250T, single axle, for \$31,500 each and a 1989 Kenworth T450 for \$59,850 each.

Stiners, from Huntington, W. Va., bid \$39,720 each on a package of all five, chassis and dump-bed.

Judge John M. Stumbo agreed to personally look at all the trucks and go over the specifications again before making any recommendation to the Court.

Greg Hamlin of Turner Branch made a request that the bridge, which is still in good condition, receive a weight limit to keep it that way. Judge Stumbo agreed to look into it.

### Hunter Bridge Is Patching Up

Residents of the community of Hunter got a little worried when a hole (top) appeared recently in the bridge over Left Beaver Creek linking them to KY 122. They watched as it gradually enlarged and until road crews closed the access temporarily. Floyd County Judge-Executive John M. Stumbo said Monday that county workers patched the hole last week and that he has talked with state officials about money to replace the bridge which is believed to be about 60 years old. Stumbo said a new bridge will cost about \$100,000. Local residents say the bridge, which has a five-ton weight limit, has been patched several times before.

## Chamber Takes Regional Focus As Development Plans Evolve

by Pam Shingler, Assistant Editor

Tim Hites is struggling to change a vision he has of how Eastern Kentuckians are perceived by outside powers.

"I can see the guys in Frankfort sitting around and saying 'They (Eastern Kentuckians) can't get their act together. Why should we try to help them?'" says Hites in trying to explain his leadership thrust in the Floyd County Chamber of Commerce this year.

What the rejuvenated chamber is attempting, with Hites as president, is to bring a "regional focus" to local development efforts.

"We want to promote whatever improves the quality of life in Floyd County," says Hites, "but we also know that whatever helps Floyd County or Johnson County or Pike or Martin or Magoffin helps us all."

Evidence that the chamber is operating with renewed vigor and purpose this year is the flurry of new memberships. With a yearlong goal of 100 new members, the chamber launched a membership drive in late April that has resulted two months later in 96 additions, just four shy of the 12-month goal.

Importantly, membership represents nearly every corner of the county, signifying that the organization does not take the Floyd County tag lightly.

The chamber also recently adopted a simple, easily remembered mission statement that capsulizes the scope of its purpose: To advance the commercial, industrial, civic and general interest of all Floyd County.

When Hites took over as chamber president, he acknowledged that he had much to learn. He approached the assignment with the same savvy and energy that has made him a successful businessman.

Hites admits to looking around to see what other chambers of commerce were doing. "If you want the flu, you get around someone who has it; if you want to be a big flea, get on a big dog," he says seriously and matter-of-factly.

Resolutely, he spent time with Gerri Kinder, director of the Pike County Chamber of Commerce, which he says has developed a workable structure with active members

who are making a difference in their county.

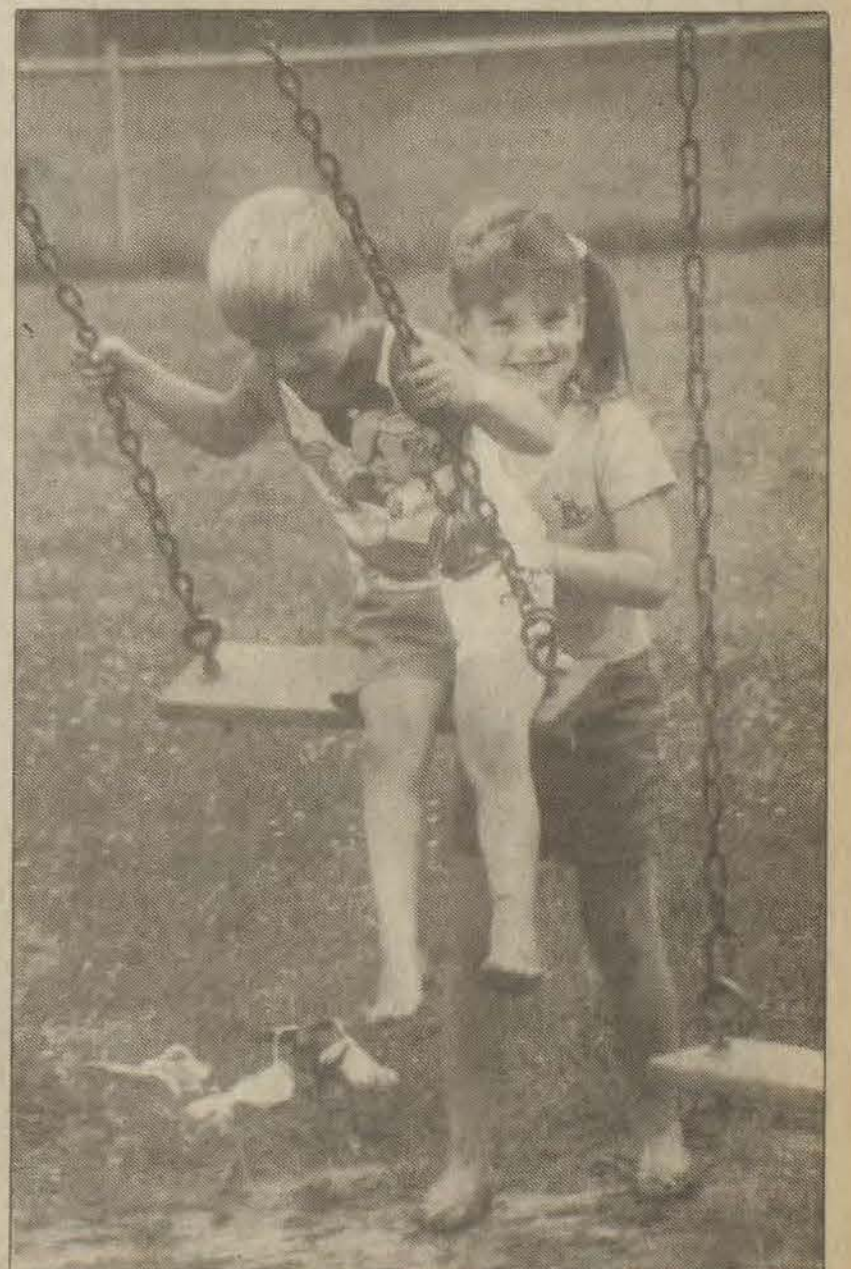

Patterning after the Pike organization, the Floyd County chamber now has seven working committees, each challenged by Hites with carrying out a major project this year.

"Recognizing that coal is the valley's major business, the chamber recruited Johnny Burke, owner of Emanuel Coal, to chair a Coal Committee. The committee's role is primarily of a public relations nature,

says Hites. It will try to re-educate the public about the coal industry which, despite negative reports, still employs thousands in the area and will remain the primary industry.

"The Economic Development Committee, headed by Floyd County Times Editor Anne Chaney, is looking at the potential for economic expansion in the area. 'We're trying to get away from the concept of bringing a large industry here,' Hites says.

### Swinging Into Summer

Today is the first day of summer. And what better way to usher in the change of seasons than a ride on a swing. At Allen Park, Adam Newsome, 4, of Teabery gets a push from Nikki Diane Keathley, 5. The two enjoyed a few, treasured hours of sunshine Tuesday.

# Chamber of Commerce

(Continued from Page 1)

"Face it, Ford and GM are probably not going to locate here. We want to look realistically at a number of smaller industries."

"A Transportation Committee will work on the awesome task of improving transportation in the area through roads and the new regional airport. Heading this committee is Burl Wells Spurlock, president of First Commonwealth Bank and a member of the board of directors of Kentuckians for Better Transportation, a lobbying group."

"Prestonsburg Mayor Ann Latta is in charge of the Legislative Re-

search Committee, the purpose of which is to disseminate information on state and federal legislation that affects the community."

"An Education Committee is led by Gary Frazier, assistant superintendent of Floyd County Schools. The committee's charge is to examine how the chamber can support efforts to improve the county's schools."

"Jim Deaton, manager of Jenny Wiley Summer Music Theatre, chairs the Tourism Committee. Hites says the chamber sees tourism as a means of economic growth for the county

and is looking at ways to develop the potential that is here."

"Putting out a 'timely newsletter that gives goals and news of the chamber' is the purpose of the Newsletter and Logo Committee, says the chamber president. Marty Backus, publisher of the *Floyd County Times* and chamber vice president, is the committee chairman."

Assisting with all of the chamber's activities is retired businessman Chalmer Frazier, who has the title of

executive director. Peggy Bailey is the secretary/treasurer and mans the chamber offices in Prestonsburg's municipal building."

The chamber meets the first Monday of each month at May Lodge at Jenny Wiley State Resort Park. Hites boasts that meetings "start right on time at 12:15 p.m. and end by the bell at 1:15."

Membership fees are based on number of employees a business has, ranging from \$150 to \$500. Individu-

als may also join, with a \$100 fee.

"I envision a year from now an organization that propels Floyd County and helps to propel Eastern Kentucky into the 1990s and the 21st century," Hites says from his office at Abacus Computers.

"I want us to have a better school system, more tourists and for this to happen because we tried," says the computer store owner. "Even if we miss the mark, we will have done some important things."

marina covered the access to May Lodge, forcing park officials to evacuate the lodge, a popular tourist spot.

A park source said visitors at the lodge were asked Saturday evening to check out as early as possible on Sunday morning before the water covered the access road. Water had receded by Monday morning and the lodge was reopened.

Tuesday, some areas of the lake, including the swimming pool and some low roads, were reportedly still covered with back water. The park business office, which rests on pontoons, returned to its foundation on Tuesday, the park source said.

In the Right Beaver Creek section of the county, some flooding occurred. Maytown was reportedly flooded on both sides of town even though the main road through town was clear. Friday and Saturday many residents were preparing for the worst.

Flood-prone Martin escaped serious flooding this time around. According to Harold Case, his basement took about five feet of water, but no

water got into the main part of the house.

No record exists of how much rain actually fell last week in Floyd County, according to the US Weather Service Bureau in Jackson. Officials there said the county has no satellite reporting stations. Nor did the weather service's rain gauges in the county record the full impact, because of the sporadic nature of the rains.

### Area To Get New Station

An FM radio station that will serve Salyersville and Magoffin County, as well as parts of Floyd, Johnson and five other counties, is expected to be in operation next month in Salyersville.

Kenneth Dingus, president of Licking Valley Radio Corporation, announced recently that the corporation has received permission from the Federal Communications Commission to construct the station, which will broadcast on 97.3 FM.

Much of the equipment has already been installed and most of what remains consists of installing the transmitter and tower and conducting necessary tests prior to signing the facility on, Dingus said.

Dingus also announced the hiring of a new general manager for Licking Valley Broadcasting, Jim Bradley, former station manager of WKY in Louisa.

WRLV-AM, sister station to the new FM station, has also hired Mike Compton as news director. A five-year veteran radio announcer and newscaster, Compton holds a second class engineering license and has a technical background in electronics.

# Illness Fund Suit Is Dismissed By Court

A suit filed in the spring that alleged four Garrett residents misused funds collected for a child's medical expenses has been dismissed in Floyd Circuit Court.

The suit against Sheila Jackson,

Shirley Morgan, Rita Slone and Gary Slone was decided in their favor by Judge James Knight of the Johnson/Martin Circuit on behalf of the Floyd court, according to their attorney Jim Hammond.

Lucy Samons of Garrett accused the four of misusing money they raised to pay for medical expenses for Samons' 3-year-old daughter, a

cancer patient. The four had filed an answer asking that the action against them be dismissed.

The four said they used the money they raised only for the purpose of the trust fund, which was to benefit Misty Lee Samons who was diagnosed as having acute lymphoblastic

leukemia.

The four defendants in the original suit began depositing money in the fund at First Guaranty Bank in 1987 after the diagnosis was made. The mother had requested access to the trust fund and that the four be denied access.

### Quilt Marks Priest's 40 Years of Service

A handmade quilt with 40 squares was presented recently to Rev. Ralph Beiting, center, in recognition of his 40th anniversary as an ordained priest. The quilt was made by employees and volunteers of Christian Appalachian Project, which Beiting founded, and by members of Beiting's family. A mass to mark the anniversary was held at Our Lady of Mt. Vernon, one of six Roman Catholic churches the priest established in Eastern Kentucky. Beiting is now pastor of St. Michael's Catholic Church in Paintsville. CAP, a non-profit, ecumenical organization with eastern division headquarters in Martin, will celebrate its 25th anniversary in August.

### Wins Lottery

Debra Hurd Click of Betsy Layne is at least \$5000 richer since she purchased her "Two For The Money" lottery ticket at DanDec's Supermarket at Stanville.

Her ticket had "Entry, Entry, Entry" on it and she was one of five people, out of 1000, chosen last Friday to be a contestant in the \$1 million drawing on July 4.

Click's chances of winning the grand prize are one in 35 or she could win \$50,000 for second, \$25,000 for third, \$10,000 for fourth, or the \$5,000 for being an entrant.

She said she can't believe she could win that much money and is just happy with \$5,000 with which she intends "to pay some bills and maybe go on a little vacation."

### No Time For Tents

Heavy rains last week left several sections of the county under water. Bridges and highways were hard hit by the overflowing creeks, causing highway crews to work overtime. By the way, occupants of this tent beside a Maytown residence did evacuate before the water came up.

### CARD OF THANKS

The family of Carl Ray "Rady" Martin wishes to gratefully acknowledge the thoughtfulness and kindness of friends, relatives, and neighbors in the loss of our loved one. Thanks to all who sent food, flowers, prayers or spoke comforting words. Special thanks to Maudie Osborne and Jesse Osborne, Chad and Janet Vance, Beverly Martin, Melvin and Pricilla Webb and Barry Hall. The help of these people during this trying time will always be in our hearts. ## Postscript

By Pam Shingler

The Kentucky Supreme Court's recent action calling for reform of the state's school system is abrim with promise. Some of the glow brought by the announcement still lingers, and many Kentuckians still feel the tiny palpitation that hope, much like fear, creates in the pit of the gut.

A Supreme Court edict was not, however, necessary for many of us to know that Kentucky schools, particularly Eastern Kentucky schools, are substandard. And those who have followed reports of the nationwide decline in ACT and SAT scores or who have lived in other parts of the country know the problem is shared by many, many other states. Nationally, education is in sad shape, and we Kentuckians appear to be among those in the worst shape.

So, what now? That's the megabuck question.

Our august legislature has purportedly taken the matter in hand. The best we can hope for is that our elected officials, most of whom are legal minds, will take the issue of overhauling the educational system as seriously as they did the establishment of the lottery.

Let us hope our leaders take the time to work out a sensible, rational, substantive and practicable plan of reconstruction. Following the Lottery Commission's lead, they might study what has been successful in other states and try to incorporate some of that success. They might also spend some time listening to the folks on the frontline of the educational battle—the teachers, particularly the ones who have been around enough years to have witnessed the continuing erosion of the system.

Once a strong reform plan has been drafted, the real work begins. We're not talking about the implementation. The big job has to come before that. The Kentucky population has been sold on the fact that change is needed, that the proposal will make positive changes and, most important, that education is important. And that's a tall order. As a former public relations person, I'd go into a quivering fit over that assignment.

The majority of Kentuckians, unfortunately, simply don't regard education as important, it seems. Else why would we be in such a mess? Reading this, you're probably the exception, part of a distinct minority.

Otherwise, you would have put the paper aside (assuming you picked it up in the first place) after checking out who died, married, bought property, entertained company or wrecked. Think about it. What do most Eastern Kentuckians you know talk about, read, watch on television, or give money to? Why, we'd sooner give a thousand dollars to the NRA, the UK basketball team or a favorite politician than to have a tenth of that amount added to our utilities or property tax.

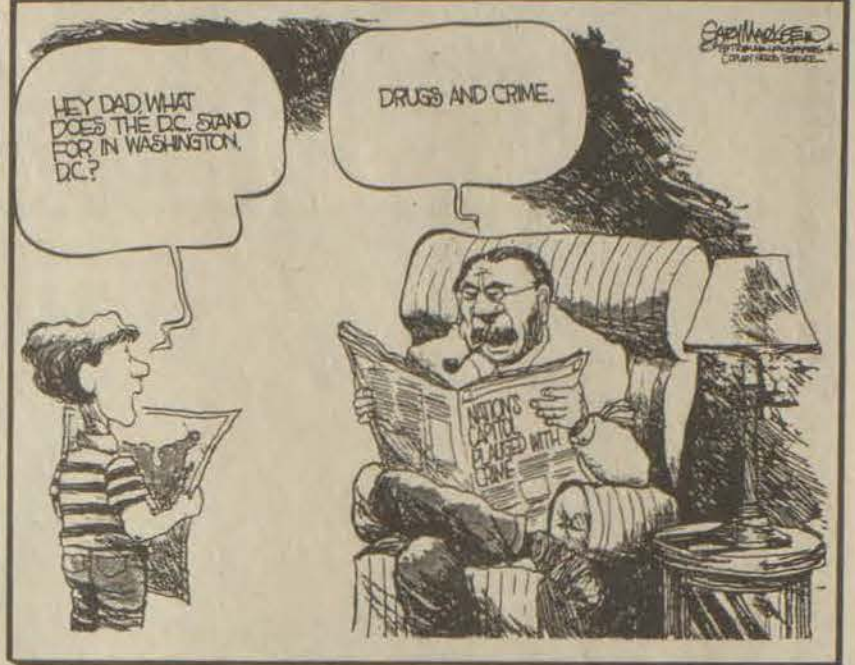

If only a fourth of the taxpayers in Floyd County truly believed that education can make a positive difference in lives and were willing to put their money where their beliefs, we'd have a model education system right here. We desperately need to be persuaded.

At the same time, we need to remember, while this reformed educational system is being devised, that money does not equal quality. Money is not the issue in depoliticizing school boards and school administrations. Money is not the issue when parents fail to impress their children with the value of education. Money is not the issue when communities refuse to

support academics and teachers as avidly as they do athletic teams. Money is not the issue when parents turn the responsibility of rearing their children over to the schools. Money is not the issue when teachers are required to spend more time on paperwork than on classroom teaching and preparation. Money is not (necessarily) the issue when future teachers are graduated from colleges and hired for the classroom when they cannot speak or write correct English, figure percentages or recognize Illinois on a map.

Kentuckians deserve an improved educational system. Kentucky, as a state and as a people, must make education the top priority. Eastern Kentuckians, from coal baron to fast food worker, must realize that better schools and more emphasis on quality education are our only hope if we are to join the national mainstream.

Let's thank the state Supreme Court for dramatically drawing the state's attention to its number one problem. And let's hope the legislature has the backbone and the wisdom to devise and enact an appropriate attack plan.

## Our Yesterdays

(Items taken from the Floyd County Times 10, 20, 30, 40 and 50 years ago.)

### Ten Years Ago

(June 20, 1979)

The stream channelization project at Martin, which has been funded for nine years by Congress, is viewed as a critical need by the Kentucky Department for Natural Resources and Environmental Protection. It was recommended that the Floyd County Fiscal Court apply for further funding through the flooding abatement program... The review of the Floyd County school system's \$660,000 deficit at the beginning of the current school year was heard in an informal meeting in Frankfort last Tuesday... The trial of Richard Scott, one of two Pike County men charged with the holdup of the Alpique Motel near Allen, is scheduled to begin in Circuit Court here today... The Big Sandy Health Council voted last Thursday to pass on to its parent body, without recommendation, applications for additional hospital facilities submitted by HRMC and Paintsville... Kentucky Housing Corporation announced that the state agency would negotiate with Mountain Investment to buy the large part of Wheelwright that it owns... There died: Genevieve Newman, 39, of Hi Hat, Monday at McDowell Appalachian Regional Hospital; Robert Martin Goble, 55, of Prestonsburg, Wednesday at Central Baptist Hospital in Lexington; Lona Thornsberry Fields, 55, at her home at Kite, Knott County; Lem Gayheart, 79, of East Point, Sunday at McDowell Hospital; Rana Frasure Case, 81, of McArthur, Ohio, formerly of Langley; Emma Lou Pigman, 48, of Columbus, Ohio, formerly of Eastern; Bill Perry, 82, of West Prestonsburg, Tuesday at Riverview Manor Home; Lizzie Coburn, 77, of Garrett, Tuesday at her home; Juanita O. Elson, 71, of Miami, Fla., formerly of Floyd County.

### Twenty Years Ago

(June 19, 1969)

Troy L. Webb, 70, well-known Garrett man, died at his home there Saturday afternoon... The farm pond of Earl and Gordon Moore at Cliff was poisoned Sunday night and all its fish killed, including 43 bass up to 15 inches in length, bluegill and crappie... Archer Park has added to its wide range of facilities a modern camping area of 75-ten capacity... There died: Harry Edwin Wakeland of Chicago, former resident of Pikeville; Wheeler Turner, 67, Tuesday; Jonas Hunt, 58, formerly of Lancer, Saturday; Edith Hooker, 53, native of Prestonsburg, last Wednesday; Israel Tuttle, 63, of Rock Fork, Saturday; Virginia Griffith, 67, of David, Tuesday; Bessie Gayheart, 66 of Betsy Layne, Tuesday; Mable Williams, 68, of Slater Branch, Pike County, Monday.

### Thirty Years Ago

(June 25, 1959)

Ova Ellis Boggs, of Morehead, former Floyd County Agricultural Agent, died Wednesday morning at a Paintsville hospital of injuries sustained in an auto-truck collision... Dr. William Dewey Osborne, of Bypro, who for 35 years was a physician in the Left Beaver Creek section of this county, died Monday at St. Joseph's Infirmary. It was said of Dr. Osborne that he never sent a bill to a patient or turned one away for lack of money... Tom Hicks, 40, was killed by a blast from a 12-gauge shotgun, at his home on Ball Branch, near Mousie, Tuesday... W.O. King, manager of the Davidson Memorial Gardens at Ivel, offered a \$50 reward this week for information leading to the arrest and conviction of the person or persons responsible for the theft of shrubs from the cemetery... There died: Florie Moore, 48, of Drift, Thursday; Edna M. Stochine, 38, formerly of Minnie, Wednesday, June 18; Henry Tackett, 78, of Blue Moon, Tuesday; Manuel Hall, 68, of Hall, Saturday; Alex Noble, 55, of McDowell, Monday, June 15; Douglas Turner, 54, of Paintsville, Tuesday.

### Forty Years Ago

(June 30, 1949)

The body of Muriel Baldrige, 17-year-old Prestonsburg High School Cheerleader, was found about 5:30 a.m., Tuesday, on the west bank of the Big Sandy River, within 75 yards of her home... Club 23, barely across the county line at Boldman in Pike County, was the scene of a fray in which two men were wounded, one critically, last Saturday morning, shortly after midnight... While miners the length of John L. Lewis' farflung labor empire were enjoying their annual vacation, beginning this week, a large number of those employed by the Princess Elkhorn Coal Company at David were still digging. They were engaged in making the excavation for a long-planned project at the mining town, a community swimming pool. The job, without miner cooperation, would have cost \$30,000 to \$40,000. The company expects to spend under the co-op plan around \$15,000 for a 75 by 40-foot pool which will accommodate 200 to 300 people... There died: Lacey Hayden, 24, of East Point; Alie Margaret Meadow, 72, native of Magoffin County; Willie Gibson, 50, native of Right Beaver Creek; Sam Femfrey, 76, of Prestonsburg; Neil Coleman, 15, and his brother, Willie Coleman, 11, of Millard, in a boating accident near Pikeville.

### Fifty Years Ago

(June 22, 1939)

Three people were injured last Friday night when one madman drove his truck through the crowd of about 500 on "Pal Night" at the Martin Theatre, then 15 minutes later another man appeared on the highway practically nude, waving a calf's leg over his head... Near the \$500 mark this week was the fund being solicited by the Prestonsburg Cooperative Business Association to finance a fitting celebration of the fourth of July here... Forty-six Kiwanis, their wives and guests were entertained Friday evening at the home of S.K. Music, Little Paint dairyman. County Judge E.P. Hill teamed with Marvin Music to win the horseshoe pitching contest, and Mrs. Hill had the best control in hurling the rolling pin... There died: Rebecca Yates, 101, Little Mud Creek; Susie Howard Patton, 53, Huysville; W.M. (Woodie) Blackburn, 51, Betsy Layne; Roland Branham, 37, Pike County.

## Letters To The Editor

### Garbage Is A Concern

Dear Editor,

Are our judges concerned about the condition of our county? I think it is time our county officials wake up to reality. I called the Floyd District Judge's office on May 11 to speak with him about the garbage problem in Floyd County. The receptionist asked for my name, I gave it, and the phone went dead. I guess he didn't want to hear what I had to say.

I had talked to him once before about the situation and he told me we didn't have a garbage problem in Floyd County. I would like to know what he calls large bags of garbage floating by when the water rises and the trees along the creek hanging full of rags, diapers and garbage bags.

It seems our District Judge doesn't know the difference between littering and traffic violations. The ecology officer was made aware of a fellow throwing out a bag of garbage beside the road and got a warrant for him. The trial was supposed to have been Tuesday, June 6. He called his office the day before and was told, the man had been probated and sent to traffic school.

Until our county officials decide

to quit playing politics with our county and make everybody pay their garbage bill and start imposing the law, we will have the same mess we now have. Mister judge, if you think it is fun picking up trash, I would like to invite you all to help pick it up. Just let me know when you can help, the Citizens of Mud Creek will be ready.

Cathern Tackett  
Beaver.

### Workers Deserve Praise

Dear Editor,

The Kentucky Council on Child Abuse would like to extend a sincere "THANKS!" to the people of Floyd County for their support and participation in the recent "Stop the Hurt Days" in Wayland. Over 200 volunteers gave generously of their time, talent and finances to make the event a tremendous success.

Special thanks go to Janie B. Hall, who volunteered her expertise in planning and conducting the entire two-day event. She was competently supported by KCCA's Regional Coordinator, Charles Slone, who dedicated much of his own personal time, in addition to his paid time, to make certain that every detail was attended

to. Together Janie and Charles provided spirited leadership to all involved.

Special mention goes to Patricia Murphy, mayor of Wayland, for her presence and participation in our program and for the Proclamation of Child Abuse Prevention Month in Wayland. Travis Fritsch of the Advocacy Division of the Kentucky Attorney General's Office also deserves special recognition for her involvement and support.

In addition to these few, there were scores of speakers, performers and workers (186 to be exact), without whose help "Stop the Hurt Days" could not have happened.

One final, special thanks goes to the memory of Ned Jackson Colegrove. Ned was instrumental in helping to facilitate local publicity for the event. We owe him a debt of gratitude for the success of our program. Ned passed away on April 10, after several years of illness.

### This Land Is Our Land

Dear Editor,

This land is your land, this land is my land, from California to the New York Island, across the prairies and through the mountains this land was made for you and me.

So goes the song!

God has blessed us through the ages, in spite of ourselves; our jealous, hate, greed, prejudices.

America continues to say "give me your tired, sick, poor and lonely."

God will bless America, again; if we let Him!

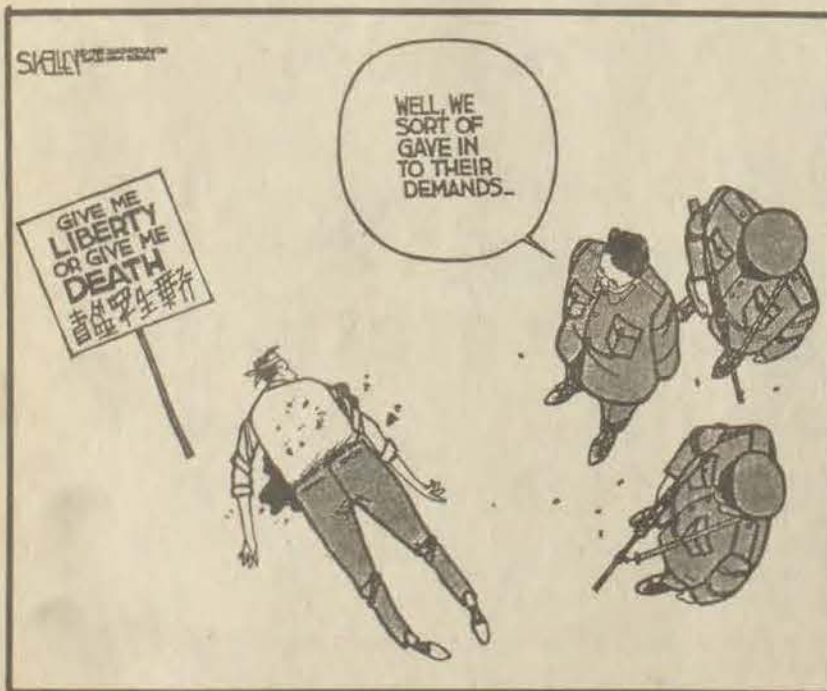

Have a Happy Independence Day Season.

### Criticizes Dog Show

Dear Editor,

Yesterday I attended something resembling a dog show, but the majority of the dogs that won anything were a shame.

I have bred dogs for a few years and I have studied pedigrees and tried to breed the very best dogs only. Yesterday I discovered that the AKC standard doesn't seem to be the standard for the shows in Floyd County.

**Mud Leaves Mark On Mobile Home**

A pile of rubble is about all that's left of a mobile home formerly occupied by the Ronnie Anderson family on Rice Branch at Banner. A mudslide worked its way from the top of the hill behind the trailer and brought trees, poles and tons of mud onto and around the residence on Friday. The family evacuated the home before the slide had completed its path. Leonard Conn, who lives near the damaged trailer, said the family "knew it was working and were able to move out." Conn said the area had had no problems with slides previously.

**Fiscal Court** — (Continued from Page 1)

Also the Court received \$2,396.96 from Sheriff Henry C. Hale for the Timber Tax collected. The county receives a Timber Tax bill from the state of \$4,080 and must make up the difference from the General Funds. This has happened for the past three years, according to Stumbo's office.

The Court also received \$740 from William Joe Kendrick, county electrical inspector, as the county's part of the \$2,960 he collected.

The closing of Old Branch Road, located at the forks of Old Turner Branch, was advertised three times and no complaints were registered. Thus, the Court moved to close it and return the property to the landowner, Ralph Spencer.

The Floyd County budget for Fiscal Year 1989-90 was tentatively approved by the Court on May 25, and approved by the State Local Finance Officer on May 30. The Court adopted

said budget at this session. Ashland Howard resigned from the David Water District Commission as of May 11, leaving a vacancy, which the Court filled with the appointment of Larry Tussey of David. His term was effective June 1 and will expire in four years.

The Court moved to consider the reading on two emergency budget amendments as the second reading and waived the advertising. These amendments increased the Jail Fund to \$1648 and increased the Road Fund from \$100,000 to \$425,511.

### Joint Effort May Mean Jobs For Handicapped

Federal and state agencies recently joined a national effort to increase the hiring of handicapped workers in Kentucky.

According to Carroll Burchett, an associate superintendent in the Kentucky Department of Education, "This agreement should result in more and better job placement services for persons with handicaps throughout Kentucky."

The agreement, in the form of a Memorandum of Understanding, is between the Office of Federal Contract Compliance Programs (OFCCP), of the US Department of Labor and the Office of Vocational Rehabilitation, and is designed to make both agencies more responsive to the needs of individuals with handicaps, according to Gordon Nichols, from the Kentucky Department of Education.

"As a result of this agreement, OFCCP now recognizes the Office of Vocational Rehabilitation as a major recruitment source for qualified handicapped individuals. We also are now approved as a resource to provide OFCCP with expertise in the areas of affirmative action, reasonable accommodation, architectural and attitudinal barrier removal, adaptive devices, worksite modification, job restructuring and evaluation of employees who experience problems working due to physical and/or mental handicaps," he added.

"Vocational Rehabilitation administers a \$30 million program with a staff of less than 500," he stated. "The money spent to serve clients is returned in the form of increased tax revenues in less than five years. We were doing a good job before, but this agreement will help us make the program even better."

## Commodities Given Thursday and Friday

Billy May, executive director of the Big Sandy Area Community Action Program, announced that distribution of USDA Commodities will be Thursday, June 22, and Friday, June 23, from 8 a.m. until 4 p.m. or until commodities are gone.

The distributions locations are Wheelwright Senior Citizens Center, Mud Creek Clinic at Grethel, and the Swimming Pool Building/Convention Center at Allen Park, according to May.

Commodities to be issued are

honey, beans, raisins, pork and peanut butter.

He said persons will be limited to picking up commodities for themselves and two other households, from which they must have the following

information: Social Security card, Medicare card or Driver's License for the person commodities are being picked up for, and a signed dated note, which includes the number in the household, total income for the

previous month and complete address. There will be no exceptions, May said.

May added that participants should bring a container to carry the commodities in.

### Floyd County Funded For Dropout Program

US Cong. Chris Perkins announced Thursday that the Appalachian Regional Commission has approved a grant of \$750,000 to Kentucky's Department of Local Government to continue a program to attack Eastern Kentucky's student dropout prevention problem.

The grant will be split among 24 of counties, including Floyd.

The local monies will go to the "Touchdown" Program, a local variance of the statewide "Adopt" Program, at Prestonsburg High School to continue serving the 75 students, grades 9-12, deemed at risk, according to Dana Smith, Floyd County Dropout Prevention Program representative.

The program is coordinated by Judy Burchell, a full-time teacher who spends half of her time in direct contact with the students and the other half as community developer specialist, trying to get community and parent awareness and involvement, Smith said.

The total cost of the statewide program is \$987,360, according to Perkins. The Commonwealth will provide \$29,390 of the extra money and local sources will contribute \$208,000.

In 1964 Norman L. Manley scored two holes-in-one, back to back, at the Del Valle Country Club golf course in Saugus, Calif.

### Veterans Apply For Bonuses

Veterans of the Vietnam era conflict have now mailed in 30,000 applications for the Kentucky Vietnam Veterans Bonus, according to a news release from the state Department of Military Affairs.

"There are an estimated 108,000 eligible veterans in the state of Kentucky," said Larry Arnett, Division of Veterans Affairs Director. "We are now 16 weeks into the project and the response has been excellent. I appreciate the cooperation by the news media and our veterans organizations in helping us get the information on the bonus program distributed."

Application forms for the bonus are available at local county clerks offices, Department of Employment Services field offices statewide and at each National Guard Armory in Kentucky.

"Things are running smoothly thus far," said Ed Gill, Vietnam Veterans Bonus Branch Manager. "The response has been good and we believe we will meet the deadline. However, veterans are reminded that failure to provide a copy of their DD 214 will

result in a delay in processing the application."

Vietnam veterans or beneficiaries who have any questions about the program or the applications can call 1-800-223-0713 toll free in state.

## CARD OF THANKS

The family of Stella Collins would like to thank all of those who were so kind and so considerate during our time of sorrow. Thank you to all of those who sent flowers, food, prayers, and words of comfort. We appreciate each and everyone of those who came to the hospital to be with us. Your comfort and support were invaluable. We extend a special thanks to the staff of McDowell Appalachian Regional Hospital and to the Nelson-Frazier Funeral Home. Also a very special thanks to the Martin Branch Freewill Baptist Church ministers and to the Old Regular Baptist ministers for their beautiful singing and comforting words of hope. A special thanks to the Bestway Market, and to my Aunt Edith, no words could ever express how we appreciate you. The kindness and love shown by you were greatly appreciated, God Bless you all.

## A proud tradition

Our funeral home has been responding to the needs of the community for many years. To continue this proud tradition of helping families in their time of need, we now offer the Sunset Security<sup>SM</sup> Plan.

Sunset Security<sup>SM</sup>, offered by us as a member of the Kentucky Funeral Directors Burial Association, is a plan that lets you reduce the stress your loved ones will experience at the time of a funeral.

Through Sunset Security<sup>SM</sup>, you can pre-arrange a funeral now. The plan offers an inflation-proof feature that lets you save money by freezing the cost of a funeral at today's prices. And it provides special tax-saving advantages.

We'd like to give you a "Personal Record Guide" and tell you about the Sunset Security<sup>SM</sup> Plan. Just complete the coupon below and send it to us.

## Commission Okays Hospital's Request

The Commission for Health Economics Control approved, at its June 14 meeting, a request by Our Lady of the Way Hospital to establish a "swing bed" program at its Martin facility.

According to Sr. Mary Fanning, chief executive officer of OLWH, a "swing bed" is a bed used for both acute patient care and skilled nursing care for the same patient. This care is primarily for people who would otherwise need to be transferred to a nursing home to receive field nursing or rehabilitation care beyond what the hospital is authorized to give.

Fanning said patients would benefit since they would be transported less and they could remain in the local area. She added that this care is usually covered by Medicare and insurance that covers a normal nursing home.

Similar programs were approved for hospitals in Barbourville, Bowling Green and Marion.

Disapproved at the commission meeting was a request from Mountain Manor of Paintsville to construct a 120-bed intermediate care facility in Johnson County.

## MSU To Offer Business Tests

Morehead State University's School of Business and Economics will administer the Master of Business Administration and Master of Business Education Comprehensive Examination on Saturday, July 1.

The exam will be given at 9 a.m. in Combs 307 to students in these degree programs who have completed or are completing requirements.

Students taking the exam must register with the school no later than Monday, June 26. Registration may be processed by calling or writing to the Office of Business Graduate Programs, UPO 1317, Morehead State University, Morehead, KY 40351-1689. Telephone 783-2183.

## Phone Affordable For More In County

Eligibility guidelines have been broadened for low income persons who need assistance in getting telephone service through South Central Bell's "Link Up Kentucky" program, according to a company official.

Any Kentuckian who receives Aid to Families with Dependent Children, Medicaid, Food Stamps or Supplemental Security Income is eligible for the program which reduces the cost of phone installation, said SCB manager Art Willett.

Last year, 197 Floyd County residents received assistance with phone installation costs, Willett said, adding that many people who were not eligible last year may now be eligible. Recipients of aid are to be informed of the expanded guidelines this month through the state Cabinet for Human Resources, he said.

The "Link Up" program provides a 50 percent reduction of the total service connection and installation charges up to \$30, Willett said. Customers are responsible for additional service charges and for paying the monthly bill, he said.

The assistance program is a cooperative effort of the Federal Communications Commission, Cabinet for Human Resources, local telephone companies, Consumer Federation of America and the US Telephone Association, he said. It is funded through an assessment on long distance companies.

Willett said persons who qualify for "Link Up" assistance and want to obtain telephone service may call SCB, toll-free, at 1-557-6500.

## Pete Rose: Guilty Or Not Guilty? Locals Say 'No'

by Ed Taylor  
Sports Editor

You may be a Cincinnati Reds fan and not necessarily a Pete Rose fan. You may be for Pete Rose and not necessarily for the Cincinnati Reds.

If you live in Kentucky, are a member of society in Eastern Kentucky, and are a resident of Floyd County, chances are you are a Big Red Machine fan. It seems that those of us from these parts are facing yet another dilemma with one of our favorite teams. As with the Wildcats, the Reds have encountered stormy "whether": whether manager Pete Rose is guilty of betting on baseball and his team.

Rose has been accused, as all of us know, of betting on baseball. If proven true, he could be suspended from the game he loves and has contributed so much to for a full year. If found guilty of placing bets on his own team, the Reds, he faces lifetime suspension from baseball.

Rose, who was granted a 30-day extension from baseball commissioner Bartlett Giamatti, is scheduled to appear before Giamatti next week for the results of the investigation.

If judged guilty, Rose could appeal, which would take until September to hear, and still be able to finish out this season. Of course, all this is purely speculation.

We conducted a survey among some of the area's hardball faithful, asking them if they felt Rose is guilty of betting on baseball. The question is not if he is guilty of gambling; Rose admits to that. The question is whether he is guilty of betting on baseball.

Here are some of the results:

**Ernie Moore of McDowell:** "If he's not, they're oing to get rid of him anyway, because the players don't like playing for him. With the talent he has on the Reds, they should win easily."

**Bonita Compton of Martin:** "No, I don't think he is guilty. It would hinder his being selected to the Hall of Fame."

**Charles Lafferty of Martin:** "No. He's got better sense than to bet on baseball, let alone on his own team. Pete Rose has done a lot for baseball,

but baseball has done a lot for Rose. What the Reds need is better management. Rose should have stayed in Philadelphia."

CHARLES LAFFERTY

**Don Hansford:** "Looks like he might be. If he is found guilty, he should only be suspended for two months."

**Dean Conn of Harold:** "No. I don't believe he would do that. He knows it would hurt his selection to the Hall of Fame."

**Adrian Bentley Jr. of Garrett:** "They may have the goods on him. I think they should leave him alone. It doesn't matter if he did or didn't."

**Ellis Spurlock of Martin:** "No, I don't think he would bet on baseball, especially his own team. He knows better than that."

**Darren Conn, baseball umpire:** "No. If he is guilty he should be suspended; if not, just leave him alone."

**Dale McKinney, WMDJ:** "No, he's not guilty. I believe they will suspend him a year, and he will appeal the decision and finish out the year. I believe Dave Bristol will be the next manager for the Reds — that's why they brought him back. He managed the Reds once before."

**Arnold Griffith of David:** "I don't know. If he is, he should be suspended."

**Lawrence Flannery of Spurlock:** "Yes, he's guilty."

**Johnny Martin, Allen Central:** "I'd hate to think he is. It's too bad if he is."

There was a time that kids looked to sports personalities as heroes,

ELLIS SPURLOCK

someone they identified with, and respected. The antics of a Wade Boggs, Steve Carvey, and a Pete Rose (if he is guilty) are anything but setting a right

DALE MCKINNEY

example for kids today, especially their own, to follow.

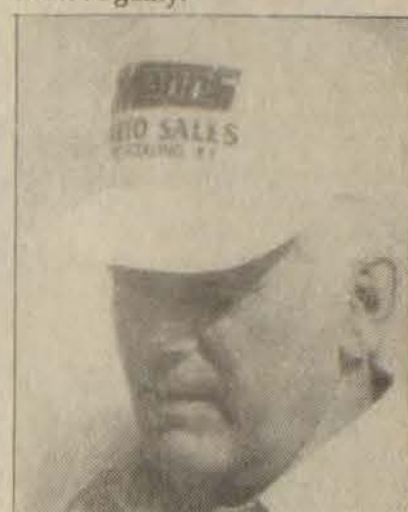

Is Pete Rose guilty? It depends on the individuals, and their opinion of

DARREN CONN

Pete Rose as a manager, as a person, as a gambler.

But for die-hard Rose fans, he will never be guilty.

DEAN CONN

## Newsome Is Fifth Local To Sign With Alice Lloyd

Duran Newsome of the Betsy Layne Bobcats became the fifth Floyd County player to sign a letter-of-intent with Alice Lloyd College to play baseball for the Eagles next season.

Earlier Thomas Nairn, Todd Justice, Darrell Sparks, and Tim Trusty of Prestonsburg signed with Alice Lloyd.

Alice Lloyd baseball mentor John Mills has recruited heavily in the county this summer. According to Coach Mills, quality students with the ability to play baseball is what he is after. "You can build a program on quality students," Mills stated earlier.

Newsome batted .430 for the Bobcats with one home run and was 7-0 on the mound for Coach Newsome's squad this past season.

"We will use Duran at short stop and at second when my second baseman has to go behind the plate," Mills said. "He is a good hitter, has decent speed, but with our program we expect to see that improve."

"We're looking to play Duran a lot

this year. He's a quality young man who will be a great asset to our program. He will help in a lot of different areas for us. He has played with some quality people this year and against some quality teams."

Mills has a beam in his eye when he talks about the players coming into his program next season. "With kids like we have already signed (eight) we have quality people and with these and others we have coming back, we are going to go places. We should be on our new ball field this spring, and hopefully this fall when we play our fall schedule, which includes a game with Morehead State."

"I'm looking forward to the chance to play baseball for Alice Lloyd," the high school standout said. "Alice Lloyd is a good school, and I hope to get a good education. I would like to play in the NAIA (which Alice Lloyd is a member of) World Series."

"I know some of the other players they have signed and look forward to playing with them for the next four

Inks With Alice Lloyd

Duran Newsome of Betsy Layne High School signed a letter-of-intent with Alice Lloyd College to play baseball next spring. Newsome was 7-0 on the mound for the Bobcats. Looking on are Eagles coach John Mills, left, and Newsome's father, Junior Newsome, right, coach at Betsy Layne.

# Parido's Basketball Camp Attracts Local Hoopsters

Parido's Campers

These second, third, and fourth graders participated in the basketball camp last week at the Prestonsburg Fieldhouse. The camp was conducted by PHS Coach Gordon Parido. The fundamentals of shooting, dribbling, and defense were stressed.

Coach Gordon Parido's basketball camp drew 47 participants last week for five days of instruction on how to play the game of basketball. All phases of the game were covered, such as passing, shooting, rebounding, free throw shooting, and defense.

The camp was held for different grade groups. For grades second through fourth the camp was from 9 a.m. until noon. Eighteen players took part in the lower grades group, and 29 participated in the upper grades, fourth through eighth, from 1 p.m. - 4 p.m.

Individual awards as well as t-shirts and posters were awarded to the participants in the second grade through fourth grade group. Shane Branham won the shooting award, and Mike Clark was the runner-up. The fitness award went to Seth Crisp, and Grant Castle was the runner-up.

Shane Branham also took the free throw trophy, and again Mike Clark was the runner-up. Neil Hamilton received a plaque for being named the player of the week. The award is given to the one who is not necessarily the best player, but one who lis-

ten, who displays a proper attitude, and participates in the games, according to Coach Parido.

The relays champions, who received a special t-shirt, were: Neil Hamilton, Kalen Harris, Seth Crisp, Shane Branham, Jonathan Dixon, Jeremy Weisner, and Grant Castle.

Brothers Mike and Grant Castle won the two-on-two game, and Mike Castle took the one-on-one contest.

Each player received a packet that contained a certificate and a sheet with all their individual scores.

In closing ceremonies for the lower grades, Coach Parido encouraged his kids to take to heart all they had learned during the five days of camp. "You cannot come to a week of basketball camp and be a good ball player," Parido instructed the players. "You must develop by practice and participation. I hope to see some of you up here playing for the high

school in about eight years."

In the upper grades awards, Robert Risner was the winner of the shooting award and Jason Spencer took the runner-up spot. The physical fitness trophy went to Thomas Ratliff, with William Marsillett as the runner-up. Kevin Milligan captured the free throw award and Chad Caldwell was the runner-up.

Caldwell was the winner in the one-on-one contest, and Ratliff, Spencer, and Daniel Cline were champions of the three-on-three game. Brett Jones and Toby Robinson shared player of the week honors. Jason Spencer, Thomas Ratliff, Brett Jones, Robert Merion, Jason Osborne, Ricky Blackburn, and Jason Blackburn were the relay champions.

Coach Parido was assisted by Thomas Nairn, Stuart Robinson, David Layne, Chris Stone, Dale Hamilton, Bill Letton in the camp.

## Hamilton Signs With ALC For Academic Scholarship

Barry Hamilton, son of Mr. and Mrs. Hayes Hamilton of Grethel, recently signed an academic scholarship to attend Alice Lloyd College this fall.

Hamilton was a member of the Betsy Layne Bobcats basketball squad, where he started at guard for Coach Junior Newsome's Bobcats. He played second base on the school's baseball team.

Signs Academic Scholarship

Barry Hamilton, son of Mr. and Mrs. Hayes Hamilton of Grethel, signed to attend Alice Lloyd College on an academic scholarship this fall. Hamilton was a member of the Betsy Layne Bobcats basketball and baseball teams.

Coach Newsome had high praise for the the departing senior.

"Barry was one of the most coachable kids I've had in the years I've been here. He is an excellent leader, intelligent, with a 4.0 grade average. He had an excellent attitude when he came to practice or play. Barry's the kind of a player every coach wishes he had."

Hamilton was presented a plaque from Betsy Layne High School upon his graduation for perfect attendance. Hamilton was not absent a single day in 12 years of school. He graduated second in his class and was the class salutatorian.

Hamilton picked up seven honors at his graduation exercises. Some of the awards were for science, math, an award for the U.S. Army Student Athlete of the year, and others. Hamilton was named to the First Team Academic All-State team. Morehead State and Pikeville were other schools that offered academic and baseball scholarships to Hamilton.

"We're proud of him," Hayes Hamilton, his father, says. "Barry is a self-initiative person. He has a deep desire to excel in his studies. I've had to speak to him very little about the books."

"Barry is proof that a kid can do both and excel in both academics and athletics. It takes a lot of sacrificing. Kids have to give up a lot of things in growing up if they are to succeed. Barry was one of those kids. If it wasn't for the books, he would have been gone fishing a lot of times," his father added.

Hamilton plans to study dentistry.

## Prestonsburg Indians Over P'burg Cubs 4-0

While the rains fell all week, not much hardball action was seen around the county as the fields were drenched or flooded. However, the Prestonsburg Indians and Prestonsburg Cubs managed to get a game by moving to Auxier park to play because Archer park was under water.

Jason Burke took the mound for the second-place Indians and tossed a three-hitter in shutting out the Cubs 4-0. Burke had 15 strike outs for the winners.

Harry Russ, Irvin Osborne, and James Taylor each had doubles for the Indians. Taylor also had a triple in the winning affair. Osborne had three hits in three plate appearances. Russ and Taylor each went two for three.

Jason Osborne took the loss for the Cubs and had five strike outs. Jeremy Osborne came on in relief in the fourth and recorded six strike outs. Osborne was two for three at the plate for the Cubs.

The Indians managed only three hits also in winning their 10th game of the season.

## Betsy Layne Camp: 'Excellent Week'

Betsy Layne Coach Junior Newsome termed his summer basketball camp as "an excellent week," with 59 participants turning out for instruction in dribbling, passing, shooting, free throws and defense.

"We broke our group of kids down to seven different age groups," Newsome said. "That way, they competed against kids their own age. We stressed defense, how to handle the ball, and the art of rebounding."

Awards were presented to winners in each age group, such as one-on-one, three-on-three, and five on five. Each participant was given a t-shirt.

Assisting Newsome in the camp were Hayes Hamilton, Dwight Newsome, Tim Rice, and James Roberts. Each coach taught different levels of the game.

"We're here to teach the kids the basics," Newsome says. "We're very pleased with the response we got this year. A few went to a camp at Transylvania, and the 4-H took a group to their camp, but we were well pleased."

## Maytown Edges Out Garrett By 17-14

Maytown's Babe Ruth team scored eight times in the bottom of the sixth inning to overcome a 14-9 deficit and defeat Garrett 17-14 in the Floyd County Babe Ruth play Monday evening at Allen park.

Nubbin Ratliff (2-2) picked up the win in going the distance and he recorded 10 strike outs.

Philip Ritchie went three-for-three for the winners including two doubles. Ritchie also had four RBIs. Joey Brown (1-2) suffered the setback. Brown had two hits for Garrett.

**Two County Schools Take Part In AAU Meet**

by Ed Taylor  
Sports Editor

The Betsy Layne Bobcats and McDowell Daredevils will take part in the AAU Basketball Tournament in Frankfort June 21-25. Sixty high school teams will converge on the capital for the five-day event.

The tournament will be held at five different sites in Frankfort. Each team will play at least three games in the tournament. The games, each of four quarters, will consist of regular high school basketball rules.

"It's a chance to get in shape this

summer," Betsy Layne Coach Junior Newsome says. "It will be a conditioning program for many schools."

Coach Johnny Ray Turner's McDowell Daredevils will square off against M.C. Napier in a 9:30 a.m. game Wednesday at the Franklin County Gym. Turner's Daredevils will then go up against Lincoln County in a 8 p.m. game at the Second Street gym.

Betsy Layne will play two games Wednesday at the Franklin County gym, the first at 12:30 p.m. against Owensboro Apollo and the second at 8 p.m. against the Hazard Bulldogs.

Thursday, June 22, McDowell will take on Covington Holmes at the Frankfort gym in a 2 p.m. game. Betsy Layne will go against Warren East at the Bell Gym on the campus of Kentucky State University at 5 p.m.

McDowell is in the number one pool with M.C. Napier, Covington Holmes, and Lincoln County. Betsy Layne will be in the number six pool with Owensboro Apollo, Warren East, and Hazard.

Other 15th Regional teams in the tournament are Virgie, Belfry, Johnson Central and Feds Creek.

**Mud Creek Cubs Slip Past Dodgers, 17-2**

The Mud Creek Cubs, 17-2, scored a run in the top of the seventh inning to defeat a good Dodgers team 17-16 in tournament action in the Harold-Allen-Prater Little League at Allen Park Monday evening.

The Cubs were coasting along, having scored nine runs in top of the fourth inning and two in the fifth to build a 16-6 lead. The Dodgers, not giving up, pushed across nine runs in their half of the fifth to close to within one, 16-15, and tied the game with a run in the bottom of the six to send the game into extra innings. The Cubs won the game with a run in the top of the seventh.

Mark Tackett was the winning pitcher in relief of Doug Hamilton who started for the winners. Derrick Newsome had four hits in the game including two triples for the victorious Cubs. Marcus Hamilton also had a triple. Mike Gillespie tripled for the Dodgers. Toby Newsome got the game winning RBI for the Cubs.

Greg Hunter was the losing pitcher. Hunter and Jason Hall had doubles for the Dodgers.

**McGuire Is First In Warfield Race**

Dale McGuire, Price, placed first overall in the Second Annual Liberty Run at Warfield last Saturday. McGuire had the winning time of 15:15 in the two-and-half mile run.

Andrew Reed of Martin placed seventh with a time of 18:10. Reed was second in the 35-39 age group. This was only Reed's fourth race.

T. Mark Miller of Allen placed eighth, just 14 seconds behind Reed. Miller placed second for the 25-29 age group. Miller has placed in all four races he has participated in, and he

has the distinction of having beaten World Class Runner Al Salazar in a 10k run.

Both Reed and Miller will take part in Rick Roberts Fifth Annual Food City Moonlight Mile on July 4 in Paintsville. Registration for the race will be 8-8:45 p.m. with the race scheduled to begin at 9 p.m. Registration will be at Island Creek Road off Route 40 at Mayfair Apartment sign. Entry fee is \$6.

Boston Marathon Runner Rick Roberts of Emma took part in the First

Annual Courier-Journal Bridge To Fun 5K Run in Louisville last Saturday. Roberts, who had been suffering from an injured knee, placed 16th out of 1,422 runners with a time of 17:29. He finished fourth in the 30-34 age group.

"I tried to get in at around the 16:35 time," Roberts said. "I ended up 54 seconds slower than my time in the Russell run. There was a 40 mile an hour wind blowing that day, and I was running on my own with nobody to block the wind off of me and that held me back."

Roberts says he is experiencing no problems with his leg.

"This is the first time, outside the Boston Marathon I failed to make the top 10," the running enthusiast said. "I missed by about 25 seconds."

The Bridge To Fun Run was a three-quarter mile run that went from Louisville to New Albany, Ind., and back. "Running across the bridge held me back some," Roberts explained. "There were these up grades you had to go up and that slowed us up."

Roberts will next run in the Lost Creek Salute The Flag 5k Run in Breathitt County on July 1. "I've never finished first in that race, always second or third," Roberts plans to enter the Ashland Regatta 10k run July 4.

**Baseball Coach Named At MSU**

Former Morehead State University baseball standout Frank Spainol has been named head baseball coach at his alma mater, replacing Steve Hamilton, who resigned after 14 seasons to devote his time to the position of director of intercollegiate athletics at the university.

Spainol has spent the past two years as Hamilton's assistant. Born in Covington, he was raised in San Diego, Cal., and went to Serra High School where he was an all-county and all-league baseball standout.

He played two years for Mesa Community College in San Diego before coming to MSU in 1982. He played two seasons for the Eagles and was on the 1983 Ohio Valley Conference championship team.

Spainol earned a bachelor's de-

gree in physical education/secondary education from MSU in 1984, spent one year as a baseball coach at Serra High School and returned to MSU to earn a master's degree in physical education while assisting with the baseball team. In 1986 he was the baseball coach at Plantation High School in Plantation, Fla.

Spainol has completed degree requirements for a doctorate in exercise physiology at the University of Mississippi. He is a member of the National Strength and Conditioning Association and the American College of Sports Medicine. He is a Certified Strength and Conditioning Specialist.

"I'm extremely pleased that Frank will be our head baseball coach," Hamilton said. "He has been inval-

uable as our assistant coach the past two years while I have been serving as both baseball and athletic director. Also, he is an outstanding academician and will be an asset to the university in many ways."

## Magoffin Learning Resources Center Dedicated Monday At PCC

by Tess Whitmer  
Staff Writer

This past year students and faculty at Prestonsburg Community College saw the realization of a \$3.1 million project that was in the works for nine years — the completion of the Magoffin Learning Resource Center. A dedication ceremony for the building was held Monday, June 19, at 11 a.m.

Dr. David Roselle, president of the University of Kentucky, was the primary speaker, with the audience also hearing comments from State Rep. Greg Stumbo; State Sen. David LeMaster; Dr. Charles Wethington Jr., chancellor of the University of Kentucky Community College System; Robert Conley, chairman of PCC Advisory Board, and Prestonsburg Mayor Ann Latta. College President Dr. Henry Campbell presided.

The new building contains the college library, classrooms, art gallery, computer laboratory, developmental studies laboratories and faculty offices. The fourth building on campus, it is named for one of the counties served by the college.

Construction of a new science laboratory building, to be named for Knott County, will begin this fall according to President Campbell.

"The completion of this building and the planned construction of the science building exemplifies the commitment of the UK Community College System to providing adequate education facilities for the students attending PCC," Campbell said. "With an anticipated enrollment of 2400 students this fall, the building expansion program could not have come at a better time."

quality of instruction and facilities are concerned," said Stumbo, add-

Roselle cited the improvements at PCC as a sign of change and an opportunity for the college to provide education to more students.

"Improving the college-going rate of Kentuckians is a high priority of the Commonwealth," he said. "The more formalized education we have the better chance we have to improve our financial situation...and to be better citizens to this country."

He stated that PCC will continue to improve and grow and will someday possibly be a four-year college.

Rep. Stumbo spoke of the quality of education that PCC students receive and the state's obligation to see that it is equal to that of other students.

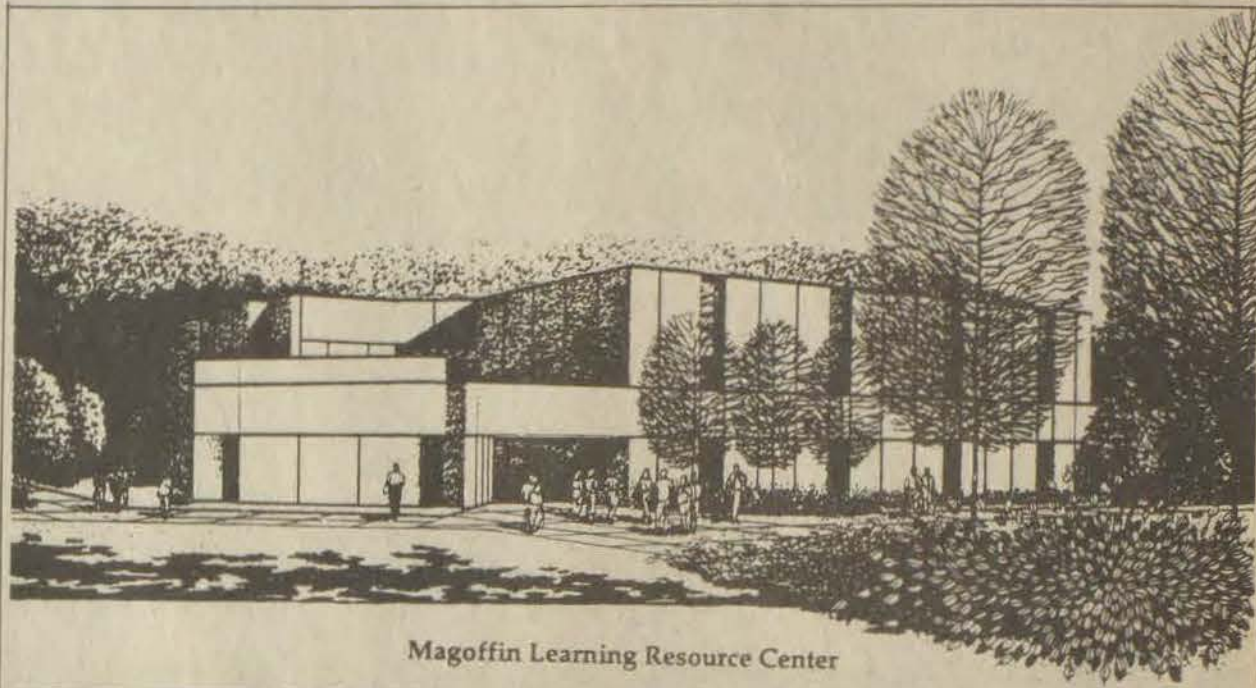

"Children who go to a community college have a right to as equal an education as those who attend the four-year main campuses as far as

ing that the addition of the new learning resource center helps to provide quality education.

During the dedication ceremony Robert Allen, dean of academic af-

fairs, remembered three PCC instructors who died in tragic auto accidents: Susan Nutter, math teacher who died in January, 1985; Bill Graves, history professor, and Lou-

ise Houghton Graves who died in September, 1987. PCC commissioned portraits of the three and funded the travel expenses for the family members to be there to receive them.

### Librarians Attend Workshop

Librarians from across Kentucky recently participated in a 10-day workshop on computer technology at Morehead State University. Participants included, from left, Thomas Webb of the Floyd County Public Library; Connie Hall and Charlene Minix, MSU seniors from Salyersville; Hildreth Lyman, Montgomery County bookmobile librarian; and Susan Stephens, librarian with the Montgomery County Public Library.

## Hylton Graduates With Many Honors

Morris "Marty" Hylton III, son of Morris and Marcia Hylton of Ivel, was graduated from the June Buchanan School in Pippa Passes recently. An honor student, he delivered the invocation during commencement.

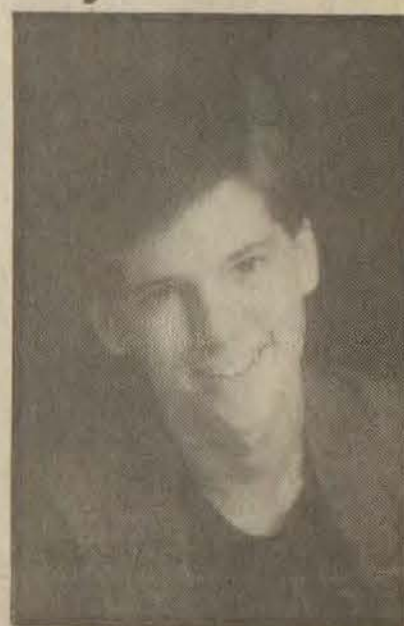

He also received the June Buchanan School Award, the most prestigious award given at JBS, and the "I Dare You Award." He was recognized as one of WYMT-TV's Student Achievers of the Week.

Hylton was a member of the JBS Thespians and went to state competition in one-act play, storytelling and

duo-acting. He was named fourth best actor in Kentucky and advanced to the semifinals in storytelling.

He played the lead role in JBS's production of "Charley's Aunt" and received the director's "Best Actor" Award and the "Luck" Award from the speech team coach.

Hylton was the senior class and student council president and a member of the National Honor Society. He will attend Rhodes University in Memphis, Tenn., this fall and the summer PEPP Program, an intensive study program for students interested in pre-medicine or pre-dentistry.

## Seven Locals Make UK Dean's List

Seven students from Floyd County have been named to the Dean's List at the University of Kentucky for the 1989 spring semester.

The students, who represent the top 10 percent of all UK students, are: Kimberly Ann Cornett of Hueysville, a senior physical therapy major; Andrea Malena Combs of Langley, a

freshman in architecture; Melissa Kaye Conn of Emma, a junior in accounting; Jayne M. Allen of Prestonsburg, a senior, special education/speech and communication disorders; Karen Kaye Addis of Hi Hat and Kimberly Hall of Drift, both senior nursing majors, and Steven Gregory Dawson of Hi Hat, a third-year student.

## Education: A Family Affair

by Pam Shingler  
Assistant Editor

If education paves the way to success, then a Price family is on the right road. This spring three members received diplomas on three different levels.

Brenda Mullins earned a degree in social work from Morehead State University, and her sister Gloria was graduated from McDowell High School.

But more than their own accomplishments, the sisters are most proud of their mother, Nellie, who received her GED almost 30 years after dropping out of high school.

"They thought that because they had an education I should have one too," said the mother, laughing. "I never really thought too much about going back to school, but Brenda talked me into it."

"I tried for a long time to get her to go back to school," said Brenda.

"Finally she got tired of hearing me."

The elder Mullins, though reluctant at first, turned out to be a quick learner. She entered GED study classes, taught by Willie Elliott at McDowell, in February and passed the high school equivalency examination in April.

Although she said she "enjoyed the classes," the mother of five admitted that she missed several classes to follow daughter Gloria's basketball exploits. (Gloria's skill on the court earned her All-Conference and All-District honors as one of the McDowell Lady Daredevils' star players.)

"People get knowledge through the years," said Nellie, in explaining her speedy success.

Brenda said her mother was anxious about her test scores. "When they came in the mail, she was afraid to open the envelope. I had to open it for her," the daughter said.

"I really didn't expect to pass," said the mother. "I kept looking for the envelope to come and, if I failed, I was going to hide the scores."

Brenda, who's now looking for a job, has long been the scholar of the family. "She was one that school always came before everything else," said her mother. "When she was in grade school and high school, she recited Club and two honor societies and was a resident hall advisor. The 1985 graduate of MHS attended Alice Lloyd College before transferring to Morehead.

If she doesn't find a job in her field soon, Brenda said she plans to return to MSU to work on a master's degree in psychology.

At her sister's urging, Gloria plans to enroll at Morehead this fall. She has received a residence hall award to help pay for her board there, and she hopes to try out for the women's basketball team. The student athlete's likely major is physical education, she said.

Not content with the family's present accomplishments, Brenda is now trying to talk her mother and an older sister into enrolling in college classes at Prestonsburg Community College.

For now, the mother will only say she's "thinking about it." always did her homework before anything else."

At Morehead, the college graduate was a member of the Student Association of Social Workers, Cor-

# County Kettle

Dear  
Betty  
Crocker

## County Kettle

Is a feature offered by the Floyd County Times. Send all recipes, kitchen tips and suggestions to "County Kettle," The Floyd County Times, P.O. Box 391, Prestonsburg, KY 41653

Great cooking is not always a result of following the recipe. This is why often times certain dishes do not taste quite like Mom's did.

Young people living on their own for the first time often spend a lot of time on the phone with their mothers trying to figure out how to cook that special dish for entertaining, or just every day baking and cooking problems.

This week County Kettle features a question and answer section, answers provided by Betty Crocker, to assist those in need of "Mom's advice" for some kitchen techniques. Starting next week this will be a regular addition to County Kettle. Questions can be answered by writing Dear Betty Crocker, Box 1113, Dept. D, Minneapolis, MN 55440.

Q. How is kiwi fruit served?

A. Peel and slice fruit. Serve it alone, in fruit salad, to decorate cakes or as a garnish. Don't use it in gelatin dessert because an enzyme in kiwi prevents gelatin from thickening.

Q. I have trouble getting egg whites to whip like they should. What is wrong?

A. Eggs at room temperature will whip better than cold eggs. Also, even a tiny amount of fat from egg yolk or other fats on a beater or bowl will lower the volume of egg whites. Use a non-plastic bowl such as glass or stainless steel because fat is more likely to cling to plastic.

Q. What is a caper and what kinds of recipes include them?

A. A caper is the floral bud from a shrub native to the Mediterranean countries. Capers are pickled and add

a salty-sour taste to cream sauces, creamed dishes and salads. They also can be used as a garnish for meats and fish.

Q. What can I do to make smooth, creamy potato salad? Mine becomes sticky and clumpy after mayonnaise mixture is added to cold, sliced potatoes.

A. Firmer, red (waxy) potatoes are preferred for potato salad since they absorb less moisture from the dressing than mealy potatoes. These potatoes, cooled slightly, will hold more moisture from the cooking process than potatoes which have been chilled, so the potato salad will be moister (less sticky and clumpy).

Q. What will prevent scalloped potatoes from curdling?

A. Curdling is characteristic of scalloped potatoes because of a compound in potatoes that reacts with milk. To minimize curdling, use mealy potatoes such as Idaho or Russet and heat milk (don't boil) before adding it to potatoes. Use a cream sauce instead of milk but expect a different eating texture.

Q. When I thaw frozen fish and pan-fry it, the fish is watery. What will prevent this?

A. After fish has thawed, blot excess moisture with paper toweling. Have fish well-chilled and, if desired, dip in a simple coating of beaten egg, salt and pepper. Fry fish in 1/8 inch of hot shortening, turning once until fish is lightly browned on both sides.

Q. The unpeeled shrimp is so much

less expensive, I like to purchase it that way, but I am unclear as to the proper way to clean it?

A. Fresh shrimp, cooked or uncooked, is easy to clean. After peeling, you can leave the tail on or remove it, use a small pointed knife to cut the length of the outside curvature. Remove the black sand vein and wash the shrimp.

Q. What would prevent bananas from turning dark in fruit salad?

A. Either sprinkle banana slices with juice from the citrus fruit (oranges or grapefruit) in salad or with lemon juice.

Q. How can I make juicy hamburgers on the grill? I usually buy ground chuck or ground sirloin.

A. Thicker patties will cook more slowly and more evenly and remain juicy longer. Shape 80 percent lean ground chuck into patties 1/2-inch thick. Grill 4 to 6 inches above medium coals for about 10 minutes, turning once. Don't flatten during grilling with spatula because juices will be squeezed out. Salting before the meat is done can draw moisture to the surface leaving drier meat.

Q. When I deep-fry, the batter often separates from the meat. What will prevent this?

A. First, dry meat thoroughly before cooking with batter. Use a batter that has a minimal amount of added oil because a too-rich batter may slide off meat. Be certain the oil is at the temperature indicated on recipe.

If you have answered YES to any one of these questions, there is a definite warning that you may be alcoholic.

If you have answered YES to any two, the chances are that you are an alcoholic.

If you have answered YES to three or more, you are definitely an alcoholic.

(The above Test Questions are used by Johns Hopkins University Hospital, Baltimore, Md., in deciding whether or not a patient is alcoholic.)

### CUTTING CHOLESTEROL

High levels of serum cholesterol and of the fats called triglycerides have been clearly linked to heart disease. There are other risk factors, as well, notably smoking and high blood pressure, but lowering cholesterol levels can help reduce the risk of heart attack. In one study, the incidence of heart disease went down by 2 percent for every 1 percent drop in blood cholesterol. Experts believe that changing dietary habits, especially cutting out saturated fats and adding more fiber, is the safest way to lower cholesterol. However, when diet therapy alone does not reduce cholesterol significantly, cholesterol-lowering drugs may be used. Some bind to the bile acids from which cholesterol is made, and remove them from the body. Others prevent the production of cholesterol in other ways.

COOLEY APOTHECARY can provide you and your family with your total prescription needs as well as any over-the-counter remedies you require. Our entire staff keeps up to date on the latest developments in our industry. Complete patient profiles are maintained here at #2 Town Center Bldg., 886-8106 and we want to be YOUR pharmacy. MasterCard and Visa honored plus we welcome all third party payments. Open: Mon.-Fri. 9-5:30, Sat. 9-3.

**HINT:** Even if anti-cholesterol drugs are prescribed, a low fat, high fiber diet must be rigidly followed.

### Lawson Addition

Brian and Kesha Lawson of Lackey announce the birth of their second son, Scott Jacob, born on Thursday, May 11. The grandparents are Mr. and Mrs. Lemayne Dings of Martin, Lynn Hamm of Clearwater, Fla., and Mr. and Mrs. Tob Lawson of Garrett.

## Ivel News

by Hazel D. George  
Hats off to all Floyd County graduates, especially to two of neighbors, Ruthie L. Conn and David A. Layne II.

Curtis Lee Hohenecker recently enrolled at the University of Kentucky Medical School to further his education in respiratory therapy.

Georgianna Weatherholt and family of Catlettsburg were to spend Father's Day with her parents, Curt and Hazel George.

Ronnie Goble and Jimmie Dillon II had a successful "catch" at Cumberland Lake last week.

Fannie Harvey of Venice, Fla., is enjoying an extended visit with her relatives in Floyd County. She is staying with her niece, Ethel Ratliff of Allen.

Curt and Jean Hohenecker visited her mother Mrs. Frank Morrell in Lexington last week.

Mr. and Mrs. Bill Holbrook and daughter Bobbie of Ft. Myers, Fla., are visiting her mother, Celia Hall.

Prayers go out to Kale Layne who is ill. Until recently he was always on the alert and had a big hello for everyone. We miss seeing him driving by and waving to all.

Joshua Ozmun of Catlettsburg is spending part of his summer vacation with grandparents Mr. and Mrs. Curt George.

A steep climb in the price of poultry and near-record potato prices helped inflate Kentucky's food price index by 1.4 percent during May, according to Kentucky Farm Bureau's "marketbasket" survey.

With chicken costing 16 percent more and other meats registering smaller increases, shoppers last month paid an average \$69.33 for 40 selected food items, up from \$68.35 in April and 11 percent above the May 1988 level.

Beef prices rose 1.3 percent and pork jumped 2.4 percent during the month, as continued strong consumer demand kept meat merchandisers busy, according to KFB. Eggs were 4.5 percent cheaper, with large eggs averaging 84 cents a dozen.

Fruits and vegetables were priced one percent higher, as a 10-pound bag of Idaho potatoes rose to \$3.24 average, the highest level in 10 years.

Grain-based foods rose 2.4 percent while dairy product prices declined 2.2 percent.

Boneless chicken breasts posted the largest price jump among the 40 items on the survey, rising an average of 47 cents a pound to \$2.27. T-bone steaks showed a 40-cent increase, averaging \$5.59 a pound, and pork loin climbed 25 cents a pound.

Among bargains on the survey list were a half-gallon of vanilla ice cream, which dropped 23 cents to a \$1.47 average. Sirloin tip roast was 22 cents cheaper.

Comparing present prices to those in 1980, the Farm Bureau said some foods now carry price tags that are more than 50 percent higher. T-bone steaks, for instance, are 65 percent higher than in 1980, whole fryers are 75 percent higher, potatoes are 88 percent higher and vegetable oil is 62 percent more costly.

**HRMC Seeks Volunteers**

Volunteers are being recruited by Highlands Regional Medical Center for a new patient service program. To be known as Patient Escorts, the recruits are to be trained to assist patients around the hospital and to welcome patients, according to HRMC officials. Their primary service will be in the admitting and out-patient surgery departments. For information, call Kathy King Allen, 886-8511.

**Cancer Specialist Joins HRMC Staff**

Specialist in oncology and gastroenterology Dr. William John has joined the medical staff of Highlands Regional Medical Center, according to hospital officials.

John's specialties deal with the treatment of cancer and diseases of the stomach and intestines.

Originally from Ashland, John is a graduate of the University of Kentucky and the UK Medical School, where he served an internship and residency. He became board certified in internal medicine in 1987 and is a member of the American Medical Association and American College of Physicians. He has done research in both oncology and gastroenterology.

John's office is located in the medical offices section on the second floor of the hospital, officials said.

**Support Group  
Forms Locally**

A support group for persons in Johnson and Floyd counties who face a life-threatening illness or disability is being formed under the auspices of Hospice of Big Sandy.

The first meeting of the group will be Thursday, June 29 at 7 p.m. in the Rainbow Room of First Presbyterian Church in Prestonsburg, according to Hospice director Chris Conley.

Called "Friends for Life," the group seeks to give participants a chance "to talk with, to share problems and solutions and generally help affirm that there is no need to face these situations alone," Conley said.

"The meetings will help both those facing the difficulty and those who work with them learn to discuss their concerns openly," she said. "The group will focus on learning to cope effectively with the realities of each person's situation."

"The group believes that sometimes it helps just to know that there is someone else who understands the feelings and struggles of living with a life-threatening illness or disability. No one can understand like someone who has been there, too," Conley said.

For information, call Conley at 886-2721, 886-8091 or 789-3841.

Proposed Flood Elevation Determinations  
AGENCY: Federal Emergency Management Agency.  
ACTION: Proposed rule.  
SUMMARY:

Technical information or comments are solicited on the proposed modified base (100-year) flood elevations shown on your community's preliminary Revised Flood Insurance Rate Map (FIRM). These base (100-year) flood elevations are the basis for the floodplain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program. The proposed base flood elevations modify the base flood elevations shown on your community's presently effective FIRM. DATES:

The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the community.

ADDRESSES: Preliminary Revised FIRMs showing the proposed modified base flood elevations and their delineation are available for review at the City Hall, 31 North Lake Drive, Prestonsburg, Kentucky 41653. Attention: Mr. Larry Adams, Building Inspector.

Send comments to The Honorable Ann Latta, Mayor, City of Prestonsburg, City Hall, 31 North Lake Drive, Prestonsburg, Kentucky 41653.

FOR FURTHER INFORMATION CONTACT: Mr. John L. Matticks Chief, Risk Studies Division Federal Insurance Administration Federal Emergency Management Agency Washington, D.C. 20472 (202) 646-2767

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency gives notice of the proposed determinations of modified base (100-year) flood elevations, in accordance with Section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added Section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 44 CFR 65.4(a).

These elevations, together with the floodplain management measures required by Section 60.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

Pursuant to the provisions of 5 USC 605(b), the Administrator, to whom authority has been delegated by the Director, Federal Emergency Management Agency, hereby certifies that the proposed flood elevation determinations, if promulgated, will not have a significant economic impact on a substantial number of small entities. A flood elevation determination under section 1363 forms the basis for new local ordinances, which, if adopted by a local community, will govern future construction within the floodplain area. The elevation determinations, however, impose no restriction unless and until the local community voluntarily adopts floodplain ordinances in accord with these elevations. Even if ordinances are adopted in compliance with Federal standards, the elevations prescribe how high to build in the floodplain and do not prohibit development. Thus, this action only forms the basis for future local actions. It imposes no new requirement; of itself it has no economic impact. Proposed base flood elevations along flood sources studied in detail are shown on the Preliminary Revised FIRM. Lassees and owners of real property in the City of Prestonsburg, Floyd County, Kentucky are encouraged to review these maps and related materials at the address cited above. The flood sources studied in detail are:

Source of Flooding	Location	#Depth in feet above ground *Elevation in feet (NGVD)	
		Existing	Modified
Levisa Fork	About 0.85 mile downstream of University Drive About 0.7 mile upstream of abandoned suspension bridge	None	*632
Middle Creek	Within community	*639	*645
		*633	*636

FLOYD CIRCUIT COURT

88-CI-051

The First Guaranty National Bank, Plaintiff

VS: NOTICE OF SALE

Z.C. Dingus, Jr., Lydia Dingus, wife and Floyd County, Kentucky, Defendants

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered at the June 7 term, 1988, in the above styled cause I shall proceed to offer for sale at the Court-house door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 7 day of July, 1989, at 10:00 o'clock a.m., same being a day of the regular term of the Floyd Circuit Court, for cash or upon a credit of three (3) months, the following described property, to-wit:

That certain tract or parcel of land, lying and being on the waters of Right Fork of Beaver Creek in Floyd County, Kentucky, and being the same property conveyed Z.C. Dingus, Jr. and Lydia Dingus, his wife, by deed dated May 19, 1972 from Beulah Hall, et al., recorded in Deed Book 207, page 335, Floyd County Clerk's Office, being more particularly described as follows:

Beginning at Susan Blankenship's line near a Milberry at old County Road running with Susan Blankenship's line up hill to smoke-house to corner post; thence around hill (down valley) with Susan Blankenship's line a distance of approximately 50 feet to a marked fence post and M.V. Wicker's line; thence up hill with M.V. Wicker's line to a marked Maple bush near a large Oak tree; thence running around hill (up valley) with Maynard Hopkins' line to a marked basket oak tree near a small drain; thence down hill with drain and Harold Wakeland's line to corner of rock wall at Harold Wakeland's garage at edge of old County Road; thence running with old County Road to corner and Milberry and the beginning.

The amount of money to be raised by this sale shall be in the principal sum of \$1,588.37 with interest thereon at 12% annually from the 14 day of December, 1988 until satisfied and the costs of this action, including costs of advertising of this sale and the fees and commissions for conducting this sale.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply with these terms.

Given under my hand, this 19 day of June, 1989.

MARSHALL DAVIDSON, Master Commissioner 6-21-31.

WHEELWRIGHT UTILITY COMMISSION NOTES TO FINANCIAL STATEMENTS

June 30, 1988

NOTE C-ACCOUNTS PAYABLE, ACCRUED INTEREST PAYABLE AND PAYROLL TAXES PAYABLE

Accounts payable totaled \$15,233.06. The largest portion of accounts payable was indebtedness to Kentucky-West Virginia Gas Company. On June 30, 1985, the Wheelwright utility Commission was in arrears to the Kentucky-West Virginia Gas Company in the amount of \$22,062.00. On June 30, 1988, the Wheelwright Utility Commission owed the Kentucky-West Virginia Gas Company \$10,085.32, plus interest of \$8,423.81. The aforementioned indebtedness is for past due gas purchases as far back as March, 1984.

Table showing Accounts Payable (General Accounts Payable: \$5,147.74; Kentucky-West Virginia Gas Company: \$10,085.32) and Accrued Interest Payable (Accrued Interest Payable-Ky. West Virginia Gas Company: \$8,423.81).

NOTE D-NOTES PAYABLE

The Wheelwright Utility Commission received a \$276,034.00 long-term loan from the Commonwealth of Kentucky, Department of Community and Regional Development, to rebuild the gas system. The loan is repayable over a thirty (30) year period which began December 1, 1981, and bears interest at the rate of five and one-eighth (5.125) percent. The loan is secured by a mortgage on the gas system and is to be repaid by the revenues of the gas system. Monthly payments are made based on the cash flow of the gas system, but the total payment must equal \$18,213.00 annually. The total balance owed at June 30, 1988, is \$235,882.59.

In January, 1984, the Wheelwright Utility Commission agreed to pay the city of Wheelwright for half of the renovations to the Wheelwright City Hall as the utility commission was sharing space in the City Hall at that time. The original, non-interest bearing loan was \$3,431.00. \$1,000.00 was paid in 1984. The prior utility commission did not acknowledge the indebtedness, and it was not recorded on the prior years' books. Therefore, an adjustment was made to retained earnings on June 30, 1986, to reinstate the loan. The balance on this loan as of June 30, 1988, is \$150.00.

Table showing Notes Payable Summary: Commonwealth of Kentucky (\$235,882.59), City of Wheelwright (\$150.00), Total Notes Payable (\$236,032.59).

NOTE E-RESERVE FOR EMERGENCY EQUIPMENT REPAIRS AND REPLACEMENT

The Utility Commission, as a condition of the note on the gas system, maintains a cash escrow account and a corresponding reserve for emergency repairs and replacement of equipment. 5% of the annual gas receipts, plus interest earned on the account, is added to this escrow account on a monthly basis. During the 1987-1988 fiscal year, the Wheelwright Utility Commission transferred \$20,000 to two certificates of deposit.

Table showing Reserve for Emergency Equipment Repairs and Replacement: Beginning Balance (\$33,384.62), Transfer from general account (7,474.15), Interest income, escrow account (1,725.47), Increase in escrow account and corresponding reserve for emergency repairs and replacement of equipment (9,199.62), Ending Balance (\$42,584.24), Escrow account (\$22,584.24), Certificates of deposit (\$20,000.00), Total (\$42,584.24).

NOTE F-CONTRIBUTED CAPITAL

Contributed capital consists of \$6,465.00 contributed by the former owners of the utility system in the form of receivables collected by the system, \$7,000.00 of improvements to the gas system, \$112,311.00 of improvements and additions to the water system (primarily a water tower) paid for by the Floyd County Community Development Agency from federal grant funds, and \$18,285.00 of Disaster and Emergency Service assistance due to flood damages and related repairs and improvements.

NOTE G-RETAINED EARNINGS

A transfer of \$3,848.80 was made to the reserve for emergency equipment repairs and replacement, per Note E above. Retained Earnings, July 1, 1987: \$56,850.74; Net Income: \$42,234.07; Transfer to reserve for emergency equipment repairs and replacement, net of equipment purchase: (\$9,199.62); Retained Earnings, June 30, 1988: \$69,885.19.

NOTE H-Subsequent Events: City of Wheelwright Water Project

On March 5, 1984, the City of Wheelwright received the original letter of condition from the Farmers Home Administration. This letter was amended September 9, 1988 providing for a grant of \$495,000 and a \$325,000 loan at 5% interest from Farmer's Home Administration to upgrade the water system.

Note I-Contingent Liability

In March of 1989, the Kentucky West-Virginia Gas Company was granted, subject to protest, a retroactive rate-clause adjustment by the U.S. Department of Energy. The amount for which the Wheelwright Utility Commission is purportedly responsible is \$368,411.00 but no information regarding this amount has been received by the Utility Commission from Kentucky-West Virginia Gas Company. A final decision by the U.S. Department of Energy is pending. The Utility Commission sent a protest to the Department of Energy and the actual amount of the liability cannot be determined. 6-21-11.

**SUCCESS. THE ARMY OFFERS YOU THE BASICS.**

Your chances of succeeding in life are greatly enhanced if you possess two qualities self-respect and confidence. The Army has a long tradition of developing these two characteristics. How do we do it? First is physical. You'll be in the best shape of your life, because in the Army, physical fitness and exercise are a way of life.

Second is mental. You'll learn skills that will last you a lifetime, and also gain the hands-on experience that's hard to duplicate anywhere else.

The results will surprise you. You'll have a new feeling of pride. You'll know that you've developed the self-respect and confidence necessary to face the competitive world ahead.

If you want to start on the road to success, then take the first step right now. Call your local Army Recruiter today.

## HOROSCOPE

### June 25 through July 1

#### CANCER (June 21 - July 22)

This is a powerful week for you. A business transaction will take an interesting turn. Stay ahead of the game by observing the people who have already made it.

#### LEO (July 23 - August 22)

A Gemini can help you get yourself together this week. Take the advice of an authority figure and do exactly as they say. Sticking with number eight could bring good luck.

#### VIRGO (August 23 - September 22)

Friendships could be in danger because of neglect. Work may seem important, but you will regret not taking time out for fun. A love interest is just around the corner.

#### LIBRA (September 23 - October 22)

You will be traveling to an exciting locale soon. Be sure your wardrobe is up to par. Try something new and bold fashion-wise. Love could be just around the corner.

#### SCORPIO (October 23 - November 21)

In order to salvage your reputation at work, you must take immediate action. Make sure that all your records are up to date. A missing item will be found.

#### SAGITTARIUS (November 22 - December 21)

A Virgo could play an important part in your immediate future. Keep an open mind in matters of love. Take a closer look at your finances; you might be surprised.

#### CAPRICORN (December 22 - January 19)

Don't make fun of others' spiritual quests. You will soon be on one of your own. Taking an inward look will also help resolve disagreements with loved ones.

#### AQUARIUS (January 20 - February 18)

Take time out this week to contemplate a trip to an exotic locale. Your work environment could pose problems for your love life. Try your best to keep the two separate.

#### PISCES (February 19 - March 20)

You could gain great prestige in your work environment this week. You will also be lucky in matters of speculation. Try sticking with the number two.

#### ARIES (March 21 - April 19)

Be patient with loved ones this week. A co-worker will try and undermine your latest accomplishments; don't let them take the credit for your work.

#### TAURUS (April 20 - May 20)

Be sure and see a doctor for what may seem to be minor stomach problems. Your financial sector is looking better and it is time for you to invest in stock.

#### GEMINI (May 21 - June 20)

Don't let family members make you do something that you do not want to do. Be strong, but be tactful. A friend needs your guidance in matters of education.

# 'Santa Barbara' leads daytime Emmynominations

## Eden and Cruz still hold charm

**By Linda Sparkman**  
 The sun-drenched Southern California seaside community of Santa Barbara provides the provocative setting for the popular NBC daytime serial of the same name. *Santa Barbara*, which focuses on the rich and powerful Capwell clan as well as a myriad of other colorful characters, has become a leading force in daytime television.  
 Winner of the Outstanding Drama Series award in last year's daytime Emmys, *Santa Barbara* earned 13 nominations this year, more than any other daytime drama. The serial's nominations include "the big three" categories: Outstanding Drama Series, Outstanding Lead Actress (Marcy Walker) and Outstanding Lead Actor (A Martinez).  
 Winners will be announced Thursday, June 29, on NBC, during a live telecast of the 1988-89 Daytime Emmy Awards.  
 Walker plays the rich and lovely Eden Capwell, while Martinez plays the cool and charismatic Cruz Castillo, who is a policeman. One of television's most popular couples, Eden and Cruz were married in a lavish wedding ceremony in March of 1988, following a torrid and troubled four-year romance that kept viewers on the edges of their seats.  
 How could a screen romance keep viewers interested so long? "Part of (the relationship's) charm," Walker said, "is that the audience, from the very beginning, has been on our side. They have wanted to see us as man and wife. No matter what Cruz and Eden have gone through, there has always been strong support from our fans."  
 Said Martinez, "Marcy and I are still having fun working together. I hear stories often of other actors

**A Martinez is up for a Best Lead Actor award in the Daytime Emmys, to air Thursday on NBC.**

who have gotten bored in such a long professional relationship. We couldn't pull it off if we were tired of working together... It's hard to explain what makes something work. We care for each other, and it shows on the screen."  
 Walker starred for three years on the daytime drama *All My Children*, for which she won three Emmy nominations. She began acting professionally just before her entry into college, when she was chosen from among 2,000 actresses for the lead in Mark Twain's *Life on the Mississippi*. Later she landed roles in numerous commercials and the cable TV productions *Christian and Katherine* and *The Sisters' Room*.  
 Martinez began acting at The University of California at Los Angeles (UCLA), where he appeared in numerous student productions. He made his professional debut with Patty McCormack in the film *Born Wild*. Since then he has guest starred in several series and starred in such films as *The Cowboys*, *Once Upon a Scoundrel*, *Shoot the Sun-down* and *Beyond the Limit*.

 Q: My favorite personality is Dean Martin. I haven't heard anything about him lately since he quit his tour with Frank and Sammy. Please tell me why he quit and how he is now. Where can I write to get a list of his movies and records? —Sue Zimmerman, W. Frankfort, Ill.

Dean Martin

A: Reportedly, Dean Martin was forced to quit the tour because of ill health. He has been keeping a low profile, but from various reports I hear he is doing fine. Write to him for further information c/o his agent: Chasin-Park-Citron Agency, 9255 Sunset Blvd., Los Angeles, Calif. 90069.

Q: Please provide some information pertaining to Susan Spencer, CBS newscaster: educational background, how long with CBS, and anything else that might be of interest to those of us who admire her and like to see her reporting the news. —William Brand, Roanoke, Va.

A: Susan Spencer is a native of Memphis, Tenn. She earned a master's degree in journalism in 1969 from Columbia University, having previously received a B.S. degree in 1968 from Michigan State. Spencer worked as a researcher for WCBS-TV in New York from 1971 to '72. Prior to that, she was a producer for WKPC-TV in Louisville, Ky. She came to CBS News from WCCO-TV in Minneapolis, Minn., where she held several positions from 1972 to '77. She joined the CBS News Washington Bureau as a reporter in July '77, and was named a correspondent in October '78. In 1986 she was named CBS News Medical Correspondent and in March '88 became anchor of the Sunday edition of the CBS Evening News. She recently

was promoted to National Correspondent.  
 Q: I have two questions. First, whatever happened to actress Veronica Lake? Is she still alive? Second, could you give me information on Dale Midkiff and his address? —A.R. Deerwood, Minn.

A: Veronica Lake, the petite, husky-voiced blonde, died of acute hepatitis in 1973. Midkiff was born in Maryland and attended school in Baltimore. A graduate of Salisbury State College, he holds a B.A. in communications arts. His feature film credits include Pet Sematary, Casual Sex and Streetwalkin'. His first big break came when he was cast as the young Jock Ewing in the telefilm Dallas: The Early Years. He gained fame in the role of Elvis Presley in the miniseries Elvis & Me. He is single and maintains residences in both New York and Los Angeles. Write to him c/o Dream Street, Mahoney/Wasserman & Associates, 345 N. Maple Drive, Suite 185, Beverly Hills, Calif. 90210.

Please send your questions about television past and present to: Polly Vonetes, TV Q&A, P.O. Box 17748, Fort Worth, Texas 76102-0748.
