Mitchell Dotson of Middle Creek thinks there's been a lot of mud slinging in politics, and he said "Republicans can throw more mud in their campaign" than anyone. Dotson, who said he's 100 percent Democrat, may not be slinging mud, but he's spreading his message. Dotson got the idea from a story he likes to tell: A few years ago, at a farm sale, a young man, dressed in business suit complete with a derby, circled a manure spreader, and then got up in it. "Ladies and gentleman," said the young man, "I want to talk to you. I'm a Democrat; my father's a Democrat; my father's father was a Democrat; my whole family are Democrats. I just want you to know that this is the first time a Democrat has stood on a Republican platform. "(photo by Janice Shepherd)

In what was called "the largest cocaine bust in the city of Prestonsburg" by detective Jeff Stumbo, Mosley was arrested at his place of business, Dale's Citgo on North Lake Drive, by Prestonsburg city police last November after he allegedly sold an undercover officer cocaine. Bare cupboards send local group in search of funding

Cupboards are bare in Floyd County 's six food pantries and will have to depend on community resources to continue to provide food to needy families for the rest of the

The Floyd County Ministerial Association reported that a 20 percent cut in federal funding this year has tightened even further their small budgets.

Now, efforts are being stepped up to seek aide from the city of Prestonsburg and the Floyd County Fiscal Court, said Rev. Tim Jessen, treasurer of the association.

"The city often refers transients to us to help," Jessen said, "and we feel the entire community should help in meeting these needs. The churches have simply not been able to meet the attention this year."

The association receives Federal Emergency Management Assistance (FEMA) funds to give to the pantries to purchase food through the Cooperative Christian Ministries of Floyd County (CCM). The CCM coordina-

Donna Blackburn, another opponent to closing Combs Field, advised the mayor that "there are plenty of people willing to serve on the board," suggesting that Latta seek them out.

The mayor responded that she would not have her appointment decisions "dictated."

C.K. Belhasen interrupted the exchange saying that the airport could function without Prestonsburg's participation.

"If Prestonsburg's council feels they don't want to be involved," Belhasen said, "move to withdraw. Then it will be a one city airport." He said the Paintsville City Council had "voted 6-0" to oppose the airport closure. That claim, Paintsville Mayor John David Preston said Tuesday, was inaccurate. Preston said the council had issued no resolution in connection with the airport. The council did, however, reject three of Preston's appointees to the airport

C.K. Belhasen, who earlier had labeled Preston a "dictator" who "does not believe in compromise," softened his stance a bit near the end of the airport discussions, suggesting he would be "the first one to disassemble my hangar" if an industrial prospect expressed interest in the airport site. He added that use of the airport for that purpose would be difficult because it was under the 100-year flood plain.

Belhasen's confrontational posture reappeared after Mayor Latta offered a list of airport shortcomings, including her suggestion that three recently constructed homes near the airport were "built in the flight path and would have to be removed" if the airport remained open.

Belhasen responded with an accusation that Latta, Preston and Martin County Judge-Executive John Callaham were "lobbying to close" the airport.

"We know who is behind trying to close the airport and we will make it known in a public relations campaign," Belhasen said.

"I wish you'd let me know right now," Latta answered, adding that it was her understanding that American Standard had withdrawn its objection to closing the airport and repeating that state officials had recommended the field be phased out of

"Whoever said American Standard was on record saying they would not oppose closure is a liar," Ron Bel-

Council members took no action on the issue.

Noting he fully supported the fall festival's goals, councilman Mike Vance said the city hosted "two major festivals each year and neither makes much money." Vance recommended that the city's economic development committee "see if there is some way to pull (the Jenny Wiley Festival and the annual Festival of F.A.C.E.S.) together to have one major festival a

City pastor Tim Jessen noted that a Prestonsburg Bicentennial Commission was "considering just that" and the commission would propose "one homecoming celebration" for the spring of 1992

Council accepted Vance's recommendation to have the city's economic development committee review the proposal.

After settling into routine business, which was interrupted by an hourlong executive session called to "discuss personnel and pending litigation," council was confronted by an irate resident of Goble-Roberts who sought city action on a problem with stray dogs in the neighborhood.

Phillip Harless told the panel Monday that had recently spent \$300 to repair damage to his home caused by stray dogs, adding that "people are getting fed up with the problem." Harless said he had filed numerous complaints with the city police department over his problem with strays but little had been accomplished to resolve those problems.

Council took no formal action on the complaint, but agreed they would ask the area animal shelter for help. In other business Monday, coun-

The association members hope that since October 16 has been proclaimed World Food Day by Governor Wallace Wilkinson more attention will be focused on the plight of hungry families in the Commonwealth.

One community group that has supported the food pantry work on an annual basis has been the Floyd County Bar Association, Jessen said. For the last five years the association has given a substantial contribution at Christmas.

Another way of dealing with the food crisis could be through a county wide food drive and the association is considering such an effort, Jessen

"Many individual churches and groups, such as the Boy Scouts, have already conducted food drives," Jessen said. "But, the efforts have not been coordinated in a united push.

We need to raise the consciousness of this community about the needs of our hungry," Jessen added. "If food drives can do it, it needs to be done on a cooperative basis."

Jessen suggests that a sharing of money, local resources and individual contributions-of the entire community have help the food pantries survive their current financial

Darkened Courtroom

Why is it that the Floyd District Courtroom is dark at noon? Could it be because the Judge goes home for lunch and doesn't return? Maybe, if this Judge who is paid over \$60,000 per year worked more than 2 or 3 hours a day there wouldn't be over 3 million dollars in uncollected fines in Floyd County. Maybe there wouldn't be over 200 alcohol related cases waiting to be tried. Maybe you don't have to work all day when you have already dismissed 110 Drunk Driving cases this year.

I have tried many cases in Circuit Court that lasted into the night. I remember one case where we were in court 48 hours in 4 days. As

you can see it is not an easy job.

Your next Circuit Judge needs to be a person who is willing to work long hours to get the job done. With the heavy case load that we have in Floyd County you don't have the luxury of spreading those 48 hours over 6 or 7 days. That would deny someone else their day in court.

I am willing to work all day and into the night to give the people of Floyd County their day in court without experiencing needless delays. I promise to treat everyone who enters my courtroom fairly and honestly.

by Scott Perry

If we were so inclined, we could use our entire allotted space here to discuss the Anita Hill-Clarence Thomas controversy which is so prevalent on the American scene. We are not, however, so inclined.

After a weekend's worth of viewing the Senate confirmation hearings on the Thomas nomination, though, we have arrived at some conclusions.

First, we still don't know who is telling the truth.

Secondly, we suspect we never

We do know that Anita Hill has passed a polygraph test; that she apparently didn't consider her claims of sexual harrassment important enough to disclose during Thomas' four prior confirmation hearings; and she apparently didn't find those claims important enough to break off her professional relationship with Thomas even after she left his employ.

We do know that Thomas has adamantly denied Hill's allegations and that he has a respectable record in judging cases involving similar issues and a respectable record as head of the federal Equal Employment Opportunity Com-

There is reasonable doubt on both sides of the issue.

Only one word will bring this circus to an end. Next!

Besides, we have more important matters to discuss.

Like why a person would have to pay long distance telephone charges to call their countyseat.

That's the case in Floyd County (and other counties, we suspect) and it just doesn't seem fair.

Free access to local government is a basic right that some

people do not enjoy. There oughta be a law....

In case you didn't know, there is no requirement that a member of the U.S. Supreme Court be a li- lessons. censed attorney.

You just need to be pure of heart, pure of mind and pure of background.

The last person to meet that criteria died on the cross.

Only 20 shopping days left before the November 5 general election and you can bet that none of our choices for statewide offices have spent much time lately walking on water.

They have, however, promised in so many words to turn our water into wine during those occasional periods when they aren't knocking each other over the heads with the jug.

Compared to what's happening in Washington these days, our statewide election is welcome comic relief.

And, we don't have to try and decide who's telling the truth, the whole truth and nothing but the

Nobody is.

In Kentucky you don't have to raise the dead to be elected, though some of our officials are, in fact, quite adept at getting the dearly departed to vote.

If any good has come of the debates on Capitol Hill, it is that the hearings pre-empted Saturday morning cartoons.

The cartoons your children watch today - many of which are nothing more than 30 minute commercials- are the product of a morality movement some time ago where some well-meaning folks decided cartoons were too violent for impressionable youngsters to

So, instead of watching Bugs Bunny blow Yosemite Sam to smithereens, those impressionable youngsters are fed fairytales where good always triumphs over evil...batteries not included.

Every story has a plot (action figures sold separately) and each is designed to teach us valuable

Letters

to the Herald Leader dated on Octo- one-party system. However, voters interest? ber 5, 1991 under the heading, "The must go to the polls with an open Answer to our Problems." It is not my intention to intimidate or embarrass the author of that letter, so I will not use the name of the person. However, I would like to comment on the substance of the letter. The writer asked "Could we live without Republicans?" then replied, "Yes." He then touched on several real-life problems, including civil rights, drugs, unemployment, homelessness, and medical services for the poor and elderly. The writer continued by saying, "I am 18. I am being forced to leave Kentucky because of the lack of opportunities. If I go to college, I am not guaranteed a job because of the nation's economy. The only answer to our problems is to vote President Bush out and a Democrat in." Thirtynine years ago I stood at this same crossroads as an 18 year old hardcore Democrat, blaming a Republican President for the conditions. I left Kentucky for a job only to return to the state I loved so much. I was forced to leave Kentucky again and again when jobs were not available in Floyd County, Kentucky. My unsolicited advice to this young person is to go for the education if at all possible. The economy will improve, and you will be prepared. The writer is blaming President Bush for the lack of opportunities in Kentucky, but where will this person go? Mr. Bush is President of the entire nation; so why are opportunities greater in other states than in Kentucky'? Perhaps we have problems closer to home. Maybe Larry Hopkins has the right idea on the Right To Work Law. I am not anti-union, but we must face the facts. The jobs in Kentucky have diminished, taking the union with them. If we must choose between union and welfare, maybe Hopkins has the answer. It is time to bring back November elections in Kentucky, where a candidate must receive a majority of the votes cast rather than run in a pack in the May primary and many times be elected with 25 to 30 percent of the vote. So, back to the writer's question, "Can we live without Republicans?" The answer is no- not in a Democracy. We need the Republicans to protect us from the Husseins, Castros, Noriegas, Khadafis, and any other would-be dictators taking advantage of a one-party system. We

need Republicans to insure honest

elections. We also need Republicans in November to protect us from canmind and understand that neither of the two parties have dominion over honesty, integrity, leadership and dedication.

How can anyone believe in America without believing in a two-party system? Anyone who blames one person (the President) for all the problems of our nation should read the September 1991 Reader's Digest article entitled, "Pig Tales for Taxpayers." I believe everyone will find it very enlightening. I would like to ask the writer of the October 5, 1991 article to not be discouraged because someone disagrees with your views. Stay active, exchange views, write your elected officials, "Get Involved," and demand that our elected officials do their jobs, regardless of their party affiliations. If you want to replace the President or any other elected official, support the candidate of your choice. That is what free elections are all about. Just make sure the candidate you choose has more qualifications than just being a Democrat.

Editor:

Why is the courthouse trying to make about five thousand Floyd

didates with one-item agendas, who County residents back up and pay This letter is in response to a letter someday may be nominated with the their 1983 property taxes again, with

> Isn't it obvious that was the year Sheriff Hale and Clerk C. Ollie Robinson was in office and both are dead now? No witness is living now. Who or how many young and

> elderly people keep up with their receipts for eight years? I have heard the clerks at the clerk's office tell the public, 'if you cannot come up with a receipt, you will have to pay up.'

This situation bothers me, real bad. It hurts me deeply seeing the public jumped on that way. Floyd Countians have a hard enough time, let alone paying the same tax twice.

There is one loop hole the County Court Clerk's office use throughout the state of Kentucky, and that is they can take your tax bill out of the file and type up another. Just like the original bill, but they leave the bill unpaid and place it back in the file.

I am not accusing anyone of doing that, but I am showing you how you could be cheated.

Something is going to have to be done to protect the taxpayers. Write your representatives to get a law passed to protect all Kentuckians and ask for an investigation.

Legislative Perspective By Rep. Greg Stumbo

(FRANKFORT) For those living in coal producing counties, the long wait is over for the anticipated recommendations from the legislative Coal Revenue Allocation Task Force. They were released by the panel last week and received approval from all members excepting one abstention.

As co-chairman of the task force with Senator Charlie Berger of Harlan, I can ascertain that everyone involved worked extremely hard to achieve reasonable recommendations that could be agreed upon by the variety of regions represented in the membership of the panel. To obtain a larger share of severance tax revenue for my coal producing areas has been one of my major objectives during my tenure in the General Assembly.

The proposals that were endorsed would increase the portions of the severance tax that coal counties now receive of the \$186 million the tax raises from twelve percent to 50 percent. While, the current severance tax program allows "coal impact" counties to receive that amount also, the task force report recommends that those "impact" counties be eliminated. One East Kentucky legislator who is a member of the panel said he did not think this would affect the favorable attitude toward d bill because most coal impact counties receive such an insignificant amount of revenue from the program. "Coal impact" counties initially received their allocation of the severance tax to repair road on which coal trucks traveled. Now most coal trucks use state and federal highways. Forty one Kentucky counties were designated 'coal impact"

the current twelve percent return - would be placed in a special fund according to the proposal. And, counties would submit applications to the Kentucky Development Finance Authority as to how the money would be spent before the revenue could be

And, in addition, the recommendations contain a provision that bars any county from receiving sev tax revenue if local magistrates salaries were higher than the statewide

But some of the members who voted for the task force proposal in committee said they would work to change parts of it during the 1992 legislative session beginning in Janu-

For instance, one member expressed concern as to how the state budget would compensate for the loss of the severance tax money.

Also mentioned was the inclusion of including infrastructure installation, repair and replacement into the new money usage. An argument was made to the panel that many of these coal producing areas have no clean water supply as a direct result of the mining that is going on now or that has occurred in the past.

Now that the proposal is on the table, the issue is open for public scrutiny. I believe that legislation giving additional revenue back to the coal producing counties will be passed in 1992. If you have any questions or comments regarding this very important issue please contact me at home on Fred's Fork, Prestonsburg, Kentucky 41653 or my law office in Martin Kentucky 41649. I look forward to serving you in the future.

Breast cancer on the rise; new treatments available

frightening things any woman can they are more likely to seek medical experience is to discover a lump in her breast. With American Cancer Society statistics now indicating that one of every nine women will develop breast cancer, the odds of finding a lump seem to be increasing. October has been designated National Breast Cancer Awareness Month by the American Cancer Society (ACS), more aware of the very real danger of this potential lady killer.

Highlands Regional, since opening its Breast Center in 1987 has been collecting information about breast Kentucky. In 1987, 29% of the breast cancer treated at Highlands was diagnosed at local stage (meaning that the cancer was confined to the breast and had not spread into any other areas of the body-also the form most easily treated). Sixty-six percent of the

monthly breast self exams, screening mammograms and physician examicancer cases diagnosed and treated in 1990 have no evidence of reoccurrence or spreading to other parts of

The good news is that when detected early, Breast Cancer is very treatable and curable. Women who follow the American Cancer Society recommendations for breast cancer detection able to post-mastectomy patients.

One of the most devastating and have a better chance of cure because attention early.

Of all the guidelines recommended by the American Cancer Society, one of the most important is that women have a screening mammogram at age 35; at age 40 every two years; and age 50 and over, every year. The use of a dedicated mammography unit for screening mammograms such as the and Highlands Regional Medical one used in the Breast Center, makes Center urges all women to become it possible for more breast cancer to be diagnosed in the local stages through the use of compression views, sonograms, and mammography directed biopsies. Each year over 3,000 mammogram procedures are percancer specific to patients in eastern formed in Highlands' Breast Center.

New treatment options are also available for women who have breast cancer. Instead of radical mastectomy which involves removal of the entire breast, the tendency now is toward less radical procedures. Radiation and chemotherapy, in addibreast cancer cases diagnosed in 1987 tion to less aggressive surgery continue to be disease free even (lumpectomy), is now used for small though the disease had spread out- tumors. The use of radiation and/or side the breast in 65% of the cases. chemotherapy is determined by the At the end of 1990, 65% of the size of the tumor and whether the breast cancer was diagnosed at the cancer has spread beyond the breast local stage. Increased options are also avail-

search these patients need not suffer the disfigurement previously associated with breast cancer. Plastic surgeons can now perform breast reconstructive procedures within a short period of time following the Mastectomy. Options available to patients include prosthesis, implants under the skin, permanent implants (tissue expander), and TRAM flap. (Transverse Rectus Abdominous Myocutaneous) The TRAM flap, a new and very successful procedure, has several advantages. In this procedure, skin and fat are taken from the patients abdomen and put on the chest wall to reconstruct a natural breast. The advantages to this procedure over other procedures are that it totally uses the patients own tissue; uses no foreign implant; and gives the patient a flatter abdomen. Breast reconstructive procedures are covered by most insurance plans.

Although new advances in the diagnosis and treatment of breast cancer have given women weapons to win the war against breast cancer, the human error factor still remains. Meaning this—if you have already found a lump in your breast and have done nothing about it, you are playing a dangerous game and ignoring the facts. You will either win or lose and the odds are 1 in 9 that you will lose. Be a winner and see your doctor as soon as possible.

Harold Stumbo

for Circuit Judge

Bruce

During the closing days of any campaign, candidates become desperate and engage in mud slinging. My opponent has already engaged in this type of campaign. I have made every effort to apply the mandatory drunk driving law. I have informed people, not apologized, over and over that I can not alter this law and they will have to abide with it. I will admit that I have sent people to jail but I did not enjoy depriving any person of his or her liberty.

My opponent has never denied that he stated that I was the most dedicated public official in the court house.

My family and I have made every effort to do our duty and to perform our duties as citizens of this county.

I ask for your VOTE and SUPPORT to ELECT ME as your NEXT Circuit Court Judge.

Your Public Servant,

Women stress how to prevent rape

By Barbara DiObilda Scripps Howard News Service

She knew him.

He was a nice guy. Quiet and sort of shy, the type who opens doors for women. He was also a friend of her boyfriend, so it wasn't unusual that he should ask to wait at her apartment for friends to pick him up.

Only the friends didn't show.

And she didn't know him at all. Jan Oaks was raped at gunpoint before her captor finally left her Tennessee apartment five hours later. It happened 13 years ago, but the memory lingers.

"It was - and is - a nightmare. Sometimes, I can still smell him, feel him," said Oaks, 32, who now lives in Lake Worth, Florida.

"He reduced me to such a hysterical mess in that five hours that I went from begging him not to kill me to begging him to do it — I just couldn't take it anymore. I wanted it to be over. I wanted to die."

It was when she voiced that request that the rapist finally backed off and left.

It was over. She was alive. But this kind of thing usually do it again. then another hell began.

"One of the first things the authorities asked me was what I had been wearing," Oaks remembers. "At first, I thought the question made sense, but later, it didn't at all. Why should that have mattered? A woman should be able to walk down a street buck naked and nobody-nobodyhas the right to touch her."

Unable to find counselors who could relate to or understand her feelings, Oaks began her own ther-

She started Crisis Control, an organization through which Oaks and two staff members offer free seminars to teach women-and menhow to protect themselves against attacks.

An ounce of prevention is worth a pound of cure, they say.

"I don't know if I could have prevented what happened to me, but I really believe that if I had then some of the information I teach in the seminars now, I might not have been in the situation that allowed the rape to happen in the first place," she said. "I would have been more aware of what was happening."

That lesson can't be taught too early, according to St. Lucie County Sheriff's Department Cpl. Joseph Mutter, who supervises the Florida county's school resource program. It is his job to make sure teenagers realize potential dangers - includ-

ing the possibility of sexual assault. "It is disheartening to hear, but there is a belief among some young men that if they take a girl on a date and spend money on her, then they are deserving of other affections,' Muttersaid. "The boys must be taught that that is not the case, and the young ladies must be taught to communicate their wishes. They have a right to say no, and mean it.'

That goes for all women of all ages from all social backgrounds.

"Women are warned practically from birth not to accept rides or candy from strangers, but somehow they never believe rape is something that is going to happen to them," Oaks

Although it makes sense to take precautions among strangers, police say the majority of rapes are committed by someone the victim already knows or is at least acquainted with.

"The rapist is not always a dirty, grungy, trench coat-wearing pervert,' Oaks said. "More often, they are goodlooking, unassuming men you may otherwise want to date.

Where is Mother?

If you have a mother in this life, She is the sweetest thing alive. Where is mother as she grows

Don't let your love for her grow cold.

I can't see her face anymore, Or see the things she did before. Mother left home before, But she always came back

through the same old door. Things are different than before, Because mother's not with us anymore.

But her love will always shine, In our hearts and in our minds. What is a home without a mother?

God replaced her with my sisters and brothers.

My mother touched so many

lives. Her heart was filled with joy and

pride. I was with her the day Jesus came and took her home.

Where is mother on this day? She's with Jesus where she'll stay.

Happy Birthday Mother

Who is this individual who seems to float along, enjoying life with or without money, like the romanticist Jean-Jacques Rousseau? Is Tim Hawk Sizemore really crazy and just trying to prove it with his paintings? This showing may leave you puzzled as to the personality of this primitive bohemian, but it will be difficult to keep from being touched by his art.

Sizemore's early works depicted our mountain heritage. His new works are more colorful and more stirring. A new painting called "The Two Kentuckys" depicts life in the golden triangle of Lexington, Louisville, and Covington, It is separated from Eastem Kentucky by a wall at the Favette County line. The Appalachians are beginning to see a crack in the wall. Sizemore's paintings put into tangible form the economic and social struggle of many people in Eastern Kentucky.

mall loans are important at First Guaranty National Bank

Every bank likes to loan large sums to qualified customers. But, at First Guaranty National Bank, we welcome the opportunity to make even the smallest loan too. We know that small beginnings can lead to steady and constant growth because we were small once too.

When we first opened back in 1946, we made small loans to our neighbors. Young couples borrowed just enough to fix up a place to start housekeeping. Soon, families grew and eagerly anticipated a new home of their own.

We were especially pleased when those couples came back to let us finance their new homes. Folks didn't move around much in those days and homes were built with a lifetime in mind. A lot of care and planning were involved and we were there to help.

First Guaranty National Bank is and always has been locally owned so we've been around to watch as those homes assumed characters all their own. We've seen skinny seedlings grow into tall shade trees and flower beds flourish more beautifully each year. Now some of those homes are called the old homeplace and the memories they hold are precious.

Yes, small loans are important at First Guaranty National Bank. They give us the opportunity to meet needs and to establish lasting relationships with new customers. Relationships that have taken us from a brand new bank back in 1946 to a strong and sound financial institution today. So sound, in fact, that we are one of only three banks in Kentucky recognized in the Top 100 Best Midsized Banks in America.*

If you need a loan, from \$50 to \$1 million, we welcome your business at First Guaranty National Bank.

SEZ KOKIE DINGUS.....

"The only thing that would stop me from being a Los Angeles Dodger fan is for them to trade for Eric Davis." LETTON CLASS ACT..

Prestonsburg's recent victory over the Magoffin Hornets (63-0) may sound bad but it could have been much worse had the Prestonsburg coaching staff elected to do so. I think Coach Bill Letton showed some class when he began sending in his bench early in the game (second quarter). I, for one, appreciate the efforts of Coach Letton this season and am looking to the next two seasons Prestonsburg will be a tough team to handle in district play. A lot of coaches would have exploited the situation but not Coach Letton.

SPEAKING OF COACHES...

Magoffin County first year coach Pete Greene's team may be struggling in a rebuilding year, but if the folks in Magoffin County will rally behind Coach Greene and the program, it can be built back into a winning program.

Coach Greene is going to have to have some help in rebuilding the program and it must come from the people.

Pete is a young energetic coach who will do a fine job at Magoffin County. RIGHT BEAVER CLASSIC DRAWS

LARGE OPEN

GAME CROWD... Monday night the Right Beaver Classic got underway at Maytown with three girls' games on opening night. From the time the first game started, the gym was packed. What a sight to see as fans poured in to take in the first basketball in the county. Floyd Countians love their basketball grade school or otherwise.

STILL TO BE NAMED ...

A head girls' basketball coach is still to be named at Wheelwright after the resignation of Donnie Daniels as coach. I don't who has applied for the job, but I know one coach who would do a great job - Melinda Hopkins, girls' coach at Melvin. She knows the players, and she knows the game. She deserves a chance at the position. Melinda has done a great job at Melvin and has an excellent girls' team this season.

NEW FLOOR AT ALLEN CENTRAL TO BE REALITY...

The Allen Central gym will be getting something it should have had when the place was built - a new wooden floor. Discussion has been going on, and bids have been let out on the job that could begin in November.

SAD NEWS DEPARTMENT....

The rumor has it that the Martin Junior Pro training league and junior varsity programs may be history. If the rumor proves to be true, that would be very sad. Especially since the Martin program was the pace setter in junior pro in Floyd County. Other towns have adopted the program and have already begun play. The Martin program may die from lack of interest.

Martin's All-Star teams have consistently traveled to regional and state tournaments and returned champions. They are the only program that can boast of a National Championship when their girls won it all in 1984. I sure hope someone will step forward and take over the program.

WILDCAT FANS READY TO

ROAR... All the media hype this year about the preseason ranking of the basketball Kentucky Wildcats has all UK fans ready to roar. Some polls says they are a number 2 team while others have placed them fifth or eighth. One has to remember the rankings are all based on the previous season when the Cats finished 22-6. That, plus the players returning. But the real reason for such high preseason rankings has to be Rick Pitino. He certainly knows what it takes to help the fans forget the horrible season of the football Cats have Big Blue Madness. Looking for-

ward to the season! HIGH SCHOOL BASKET-

BALL PRACTICE... Has officially started and it should be a great season in Floyd County. A new coach at Wheelwright, an interesting look at Betsy Layne, the excitement at Allen Central, returning players at Prestonsburg and, of course, wondering if this is the last year for the McDowell Daredevils.

We will take a look at our preseason picks next Wednesday. Until then, good sports everyone and be good sports even after my picks.

Wheelwright Disposes of KSD 42-26; Has Chance For Best Season Since '85

The Wheelwright Trojans foot- much, we did not have to spend that ball team has not had a winning season since 1985 when they finished with a 6-4 mark. This year's Trojans and Daniels will tell you how imhave an excellent chance of posting a winning season if they can come up with wins in their final three games.

Wheelwright traveled to Danville this past Thursday night to take on a good Kentucky School for the Deaf with their eighth grade sensation Pat Harris. The Trojans got a scare early but posted a 42-26 win for their third win of the season — the most for a Trojan team in some years.

If the Trojans can pull out victories over Allen Central, Berea, and Elkhom City, they could finish the

season 6-4 same as the '85 team. 'We don't have a shot at placing as one of the top four teams in our district," said Trojan head coach Donnie Daniels, "and it doesn't look as if we will be in the playoffs. But we have had a good season and a 6-4 record would be real good."

Steven Jackson led the Trojans in rushing with 80 yards on 12 carries. Eddie Shelton, carrying the ball more since his injury, picked up 64 yards on nine carries. Arnold Adams rushed for 62 yards while carrying the football 13 times. Chuck Hutton managed 51 yards on six carries.

Other Trojans had an opportunity to run the ball as Matthew Johnson had 44 yards on nine carries and Mutu Oden carried five times for 35

Trojan quarterback Steven Shelton had two completions for 47 yards. Shelton had the golden toe for the Trojans as he kicked four of five extra points.

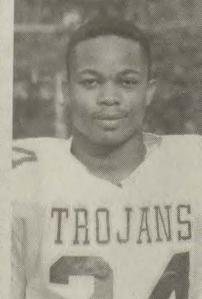

"We haven't really used our kicking game this season," explained Daniels, "so I decided to try against

Wheelwright amazed their coach by carrying the football 65 times in the game for 269 yards. "That's a lot of times to carry the football," he said. "We did pretty much what we wanted to on defense. We scored about every time we had the football so we never did punt in the game. And with us carrying the football so in the second period to take a 20-12

much time on defense.'

Mention the name of Pat Harris pressed he is with the youngster.

"He is just an eighth grader and is

the second leading rusher in the state," the Wheelwright coach explained. "Boy, he has a lot of speed."

Harris took the opening kick off from the Trojans and raced 85 yards for the touchdown that gave KSD an abbreviated lead of 6-0.

"He went to the right and we hemmed him in, and then he went to the left and we hemmed him in," said Daniels, "and then he just went up the middle on us and scored."

The Trojans tied the game and took the lead, 7-6, in the first period on Steven Jackson's 5-yard touchdown run and Shelton's first PAT. KSD charged back in the first period to assume a 12-7 advantage on Terry

Hensley's 33*yard run. Eddie Shelton put the Trojans on top to stay with a 13-yard run in the final minutes of the first period. "Teeter" Shelton's extra point kick gave Wheelwright a 14-12 first quar-

lead to the lockerroom at halftime. Arnold Adams scored from 3 yards out just before the half.

In the third period it was all Wheelwright as Chuck Hutton scored from 11 yards out and Shelton added the extra point. Before the quarter had ended Oden had scored his first touchdown of the season in the period.

Steven Shelton added the final score for the Trojans in the fourth quarter on a touchdown run from 12 yards out. He also added the extra

Hensley put the final two touchdowns on the scoreboard for KSD on runs of 50 and 20 yards.

"We got lost going down there," stated Daniels of his team's travels. "We were about 45 minutes late getting there and we just weren't ready to play. I think the kids thought all they had to do to win this one was to show up.

"The Harris kid just about beat us himself," explained the Trojan coach. "He played for about two and a half quarters and then we sort of stuck him a couple of times in the third quarter and he went out. I don't think he wanted to come back in."

Harris led the KSD ground attack with a 165 yard outing. Hensley finished with 148 yards on just six carries, scoring three touchdowns.

"We played slow as a team and just couldn't find out what we wanted to do early," Daniels said. "But once we got adjusted we played well. I wasn't totally pleased with the way we played, but overall we played

Wheelwright will face county rival Allen Central tomorrow night (Thursday) at Allen Central in a big district and county match up.

'We'll just regroup and practice and treat it as any other game," said Daniels of the rivalry. The game will be homecoming for Allen Central. On Saturday night, Wheelwright will host Berea in their homecoming game that will get underway at 7 p.m. Homecoming festivities will start at 6 p.m.

school and first year coach Pete Greene's (former Blackcat) ball club is still looking for their first win.

Prestonsburg scored quick and often enroute to their third consecutive win to run their overall record to 3-4. But, more importantly, they stayed tied for second place in District 2 competition with a very good 3-1 mark.

John Thomas Clark got the Blackcats on the scoreboard on the opening kick off when he gathered in the football and scampered 65 yards for a touchdown. Clark then added the point after and it was 6-0 with only 53 seconds off the game clock.

Magoffin County, who only had a plus 5 yards at halftime, failed to move the football on their first possession and the Cats took over on their own 25-yard line. Five plays later Blackcat quarterback Aaron Tucker, on a keeper, galloped 51 yards for a TD. On a bootleg play Clark threw a strike to Dwayne Garza for the two-point conversion to make it a 15-0 game.

The early play of Prestonsburg was to the approval of Coach Letton.

"I thought we executed well in the game. We came out and looked sharp," the Prestonsburg mentor said. "I thought we had good down-field blocking from our players."

Itdidn'ttake long for Prestonsburg to add to the lead when Tucker connected with Clark for a 44-yard touchdown pass with 1:51 remaining in the first period. Right away the Prestonsburg starters knew that their playing time was going to be limited

in the second half.

But Coach Letton didn't wait until the second half to get his bench onto the gridiron.

Ten seconds had elapsed off the stadium clock when Garza, on the first play from scrimmage, broke a couple tackles and jaunted into the endzone from 38 yards out and Clark added the two-point conversion on a fake PAT attempt to give Prestonsburg a commanding 29-0

It was heartbreak and rejoicing time for the Blackcats in second quarter. John Goble had a 78-yard touchdown run nullified by a clipping call. The rejoicing came one play later when Seth Hyden carried the football in from 64 yards out for the touchdown. Clark hit Ronnie Goodman with a pass for the twopoint conversion and it was 37-0.

Freshman Thomas Ratliff replaced Aaron Tucker at the signal calling position for a series of plays with 3:07 remaining in the first half. Ratliff, on a keeper, ran for 31 yards in the drive that ended at the horn.

Prestonsburg picked up where they left off in the second half. Magoffin County had first possession and had to punt the ball over to Prestonsburg. On a first-and-ten play Goble took the handoff from Ratliff at the Magoffin County 46-yard line and ran into the endzone for the TD. Clark

kicked the PAT for a 44-0 game. The young Hornets experienced more woes after taking the kick off. Quarterback Shawn Perkins was sacked in the backfield and fumbled

First Win Continues To Escape Rebels As Elkhorn City Posts 45-6 Win

Allen Central is still looking for that first win of the 1991 football season. The Rebels fell to the Cougars of Elkhorn City Thursday night at Elkhorn City 45-6 for their seventh loss in as many games this season.

Allen Central could only manage 95 yards rushing while the Cougars were piling up 246 yards on the ground. Joe Williams led the Cougars in rushing with 86 yards. Cougar quarterback Kevin Rose rolled up 74 yards for the Cougars while Eddie Morton picked up 61 yards.

Rose was three for 10 in passing for 46 yards. Allen Central intercepted one Rose pass.

Allen Central's freshman quarterback Brad Blackburn had a good percentage with seven completions in 19 attempts but the frosh signal caller also threw five interceptions.

Morton put the Cougars on the scoreboard early with a 66-yard kick off return for a 6-0 lead. The try for the extra point failed when the Rebel defense blocked the kick.

Allen Central came right back in the first quarter and made it a 6-6 game on a 1-yard plunge by Jamie Slone. The two-point conversion

After that it was all Elkhorn City as the Cougars' Joe Williams took a Rose pass for a 26-yard touchdown toss to give Elkhorn City a 12-6 lead. Before halftime, on a keeper, Rose plunged 1 yard for a score to give the Cougars an 18-6 halftime advantage.

Again, in the third period, Williams ran in from 6 yards out for the TD and Joe Leathers added the PAT as the Cougars began to extend their lead. Before the end of the fourth stanza, Martin had scored again on a 6-yard jaunt and Leather kicked the extra point to put the Cougars way out in front 32-6.

The highlight of the game for the Cougar fans came when 268 pound Keith Puckett lumbered across the goal line from 2 yards out for the final touchdown. Leathers added the extra

Bess, Tuttle Place First, Roberts Second Overall In Fourth Running Of PumpkinFest

Martin Bess took the lead at the and Blue 5K run at Martin, but they three-quarter mile and pushed on in for the victory in the Fourth Annual PumpkinFest Two-Mile run at Inez last week. Bess posted a time of 9:23 for the victory. Rick Roberts placed second in the race with a close 9:39.

Winning her first overall women's race was newcomer Trudy Tuttle. Tuttle bested her previous two-mile time by two minutes and 44 seconds. Tuttle recorded a time of 15:02 to capture first place overall in the run.

Tuttle hasn't been racing that long. "I wanted to enter the Red, White are not having it this year," she commented. "I'll just hunt me another one to race in.' Local runner Mark Tuttle placed

third overall with a 10:30 which was good enough for first place in his age group of 15 to 24. Lance Daniels took fourth place just five seconds behind Tuttle at 10:35. Pikeville's Garry McKenzie placed sixth at 11:40. McKenzie was first in the 36 to 45 age group. Placing 12th overall was Ken DeBoard with a 12:14. DeBoard was first in the 46-55 age group.

Betsy Layne Drops 48-6 District Homecoming Game To Whitesburg

It was homecoming at Betsy Layne Thursday night at the Lloyd Hamilton football stadium as Amy Adkins was crowned Miss Homecoming Queen of 1991. It was a big crowd on hand in perfect football weather.

However, the outcome of the game was not so perfect as the Bobcats dropped their fifth game of the season to fall to 1-5 on the season. Betsy Layne is 1-3 in district play.

Whitesburg, tied for second place in District 2 standings, kept pace with Prestonsburg by winning their third district contest against one loss.

Whitesburg had a total of 340 yards on offense with 257 coming on the ground. Yellowjacket quarterback Jason Rose had five of seven completions for 83 yards in the air.

didn't take long for the Yellowjack- did not miss the opportunity to put six ets to put eight points on the score- more points on the scoreboard. But board. Lenny Bates ran for an 11yard gain on the first play from scrimmage. On a reverse run, Steve Mercer ran 52 yards for the touchdown and Jeff Hale added the two-point conversion.

Betsy Layne was forced to punt the football after their first three downs and Mercer took the football and brought it back 62 yards for a Yellowjacket touchdown. J.J. Buttery added the point after and it was very quick 15-0 Whitesburg lead.

Mental mistakes hurt the Bobcats. Whitesburg was faced with a fourthand-eleven situation and punted the football. However, a roughing the kicker penalty gave the Yellowjack-

After taking the opening kick, it ets an automatic first down and they that wasn't the only break that the Yellowjackets received. Again on a third and long yardage, Rose connected with John Collins for a 29yard pass. A flag was thrown on the play and the Bobcats were assessed 10 yards on a holding call, placing the football on the Betsy Layne 4-yard line. Bates completed the drive with a 4-yard run into the end zone.

> The Bobcats struck late in the first quarter when Bobcat quarterback Bryan Combs hit tailback Doug Hammonds with a pass good for 83 yards and a touchdown. The twopoint conversion failed.

> Whitesburg got excellent field position when they took the Betsy Layne kick 64 yards to the Betsy Layne 23 yard line. Collins ran the ball in from the Betsy Layne 4 for a 27-6 Whitesburg lead.

> Mercer scored his third touchdown for Whitesburg when he intercepted a Combs' pass and raced 37 yards for the score. The converted turnover gave Whitesburg a 33-6 advantage in the second quarter.

> The Yellowjackets took a 40-6 halftime lead with 7:15 left on a 42yard scoring pass from Rose to Greg Amburgey.

> Betsy Layne looked like a much better defensive team in the second half as they held the Yellowjackets scoreless in the third period and much of the fourth. Whitesburg scored their final points on a 3-yard run by Shane Campbell. A pass from Rose to Shiloh Campbell completed the twopoint conversion play and a 48-6

> Offensively for Betsy Layne, there wasn't much yardage on the ground as they Bobcats managed only 55 yards on 25 carries. Leading rusher for Betsy Layne was James Keathley with 18 yards on eight carries. Jamie Kidd rushed for 14 yards on four attempts while Doug Hammond managed 14 on five carries.

> Combs was just shy of 50 percent in the passing department with six of 14 passes good for 139 yards. Betsy Layne had a total of 194 yards offensively. Hammond had the 83-yard reception plus a 9-yard catch for 92 yards receiving. Randy Woods had a reception of 26 yards. Kidd caught one pass good for 6 yards.

> Betsy Layne was penalized five times for 45 yards. Combs was intercepted once while the big quarterback was sacked three times for a minus 22 yards. The Bobcats fumbled the football four times but recovered all four miscues.

> Defensively, Jamie Kidd had a great game with 18 tackles, 10 solos. Bush finished the game with 10 tackles, five solos. Combs, had a good defensive game with eight tackles and six being solos. Chad Wilson had five hits with four being solos.

> Whitesburg had 15 yards in penalties with one flag. The Yellowjackets lost the ball on two fumbles. Rose was sacked once for a loss of 5 yards. Rose was three of three in passing for 75 yards. Freshman Chester Adams had two completions for just 8 yards.

Mercer was the leading ground gainer with 89 yards on two carries -both for touchdowns. Bates rushed for 24 yards on three carries.

Clash Of The Beavers, Part II—The Rebels Cry

Daniels Athletic Field two county rivals will get together for a the second part of the Clash of the Beavers. This will be the sixth time the two teams have met on the gridiron with Wheelwright holding a 3-2 edge.

Allen Central enters the contest with a 0-7 record after experiencing their first winning season last year. Wheelwright, on the other hand, is enjoying their best season in a while with a 3-4 record. Allen Central lost to Elkhorn City last Thursday night 45-6. Wheelwright will be coming off a 42-26 win over the Kentucky School for the Deaf, also played last Thursday night.

This will be more than just a district game. More than just a homecoming game for the Rebels. A season for Allen Central could be had here if they could post a win over the Left Beaver school. Bragging rights of the Beavers are at stake.

"We will just treat it as another game," said Wheelwright coach Donnie Daniels. But is that impossible. Take into consideration that two years ago Daniels was on the other side of the log, coaching against Wheelwright. In fact, the Trojan is a former student at Wheelwright. He, along with his father Don Daniels Sr., were instrumental in starting the Allen Central program.

Consider this. Dewey Jamerson is a former Wheelwright student that played his football under his father, Shorty Jamerson in Trojan country. Don't think either team will treat it as just another game. How about this one. Jody Sword, present principal at Allen Central, was at one time the principal at Wheelwright.

But the real issue will be settled on the field when the two Beaver schools collide

It will be the experienced backfield of the Trojans against a very young and inexperienced Allen Central team. Coach Jamerson has gone the last two games with freshman quarterback Brad Blackburn, Blackburn has a lot of potential to be a

FISHIN' TIPS FROM THE TRACKER® PROS

Thirty years ago they were called plugs. Today bass fishermen know them as crankbaits and they are some of the best weapons in a bass angler's arsenal.

Crankbaits allow a fisherman to cover a lot of water in a short time. They are great for locating and catching bass, but they can also serve additional purposes. A deep diving crankbait can help you determine water depth, find underwater structure and identify the texture of the

A crankbait is most effective when it is fished close to underwater structure. Most strikes are triggered as the lure bounces off the structure. Speed of retrieve is very important. In cold water, slow the retrieve. The length of the cast, size of line, speed of retrieve and position of rod all govern the depth a crankbait runs.

Fishin' Tips are presented by America's #1 Fishing Boats.

This Thursday night at the Don varsity signal caller and Jamerson it will be homecoming and every wants to give him that experience this year. Jamie Slone has been the number one ball carrier for the Rebels. Slone will face a very stingy Trojan defense. However, the quickness of Slone could prove to be a problem for the Trojan line.

The Rebels, a team that has been mentioned in the press much of late, and not because of any great win they have pulled out, but for the performance of Jesse Watts of Sheldon Clark two weeks ago, will find the Trojans more to their liking. In this game it will be the backfield of the Trojans that must be of concern to Allen

Arnold Adams, Steven Jackson, Chuck Hutton, Eddie Shelton and Ryan Hamilton are experienced and possess very good speed. The passing game of the Trojans has not been all that spectacula,r but with the runners that Daniels has, passing the football is not needed but to mix one up now and then to keep the defense

Steven Shelton quarterbacks the ball club and of late has handled the kicking chores for the Trojans.

"If someone would have told me before the season started that we would be in the position for a .500 or a winning season I would have thought they were crazy. But as I saw this team play and practice I thought this is a pretty good little team," commented Daniels. "When we started scrimmaging I thought that perhaps we could win four games." But now the Trojan mentor envisions a winning season if not a .500 year.

The Rebels will have three things going for them tomorrow night. First,

Blackcats

team gives an added effort on homecoming night. Second, it is a county game and against Wheelwright with all the Wheelwright connections. That should be incentive enough. Third, the Rebels desperately need a win and the Trojans could provide them

The Rebels know that down the road the next two weeks lie the likes of Leslie County and Phelps. The game with Leslie County was a scheduling mistake and could prove to be a nightmare or just a good opportunity for a young team to grow up. A win over Phelps is a possibility, especially if the Rebels could come away with a win over Wheelwright and have at least a good showing at Leslie

Coach Jamerson realizes that his team is in a rebuilding year after graduating 16 seniors from last year's 6-5 team. Coach Jamerson takes it all in stride and just tries to encourage his young ball club.

Wheelwright on the other hand is an experienced team sprinkled with youth. Jackson is perhaps the quickest player in the county this year. Arnold Adams has greatly improved as a runner since his freshman year. Add the ability of Hutton and Shelton at quarterback and you have a pretty good backfield. The Trojans' problems have been on the both sides of

'We need to improve both our offensive and defensive lines," explained Daniels. "That has been a weak area for us. Hopefully, we can strengthen that with some players that will be coming into the program

next year."

Allen Central, though young as they are, has shown a lot of improvement in some areas of the game, but not on either side of the lines. They have the same problem as the Trojans. Opponents seem to just run through the blocks.

This should be a good game. Neither team has a playoff spot at stake. Neither team is guaranteed a winning season by winning just this one game. But it is two county teams, two county rivals and two district squads about to meet on the gridiron for the sixth time.

Game time is set for 7:30 p.m. with the homecoming festivities taking place before the game.

the football with Tucker recovering of passing by Tucker and Clark was on the Magoffin County 22. On pass play action, Tucker found Clark for a 22-yard touchdown pass on the first Magoffin County looked as if they

were finally going to score in the final quarter when they put together a good drive of their own. The Hornets took the ball from their own 30-yard line and marched to the Prestonsburg four with a group of young Blackcats in the game. On a first and goal, Perkins' pass was incomplete. Second and goal: Perkins hit Richard Caldwell with a pass but there was no gain on the play. Third and goal: Perkins' pass incomplete. Fourth and goal: Perkins sacked for a loss and Prestonsburg took over as the clock ran out. It was great goal line stand for the younger Blackcat players.

Magoffin falls to 0-7 on the season. Prestonsburg improves to 3-4. Prestonsburg had seven penalties for 70 yards. They fumbled the football twice, losing it both times.

A host of players ran out of the backfield for the Blackcats as Goble led the way with 67 yards on just three carries. Hyden finished with 64 yards on one carry. Garza, in limited playing time, rushed for 44 yards on four attempts.

Tucker had not only a good game passing, but the junior quarterback rushed for 56 yards on two carries. Ratliff carried the football twice for 52 yards. Robby Risner saw a lot of playing time as a freshman and carried the football five times for 30 yards. Risner also scored the final touchdown of the game.

good for 74 yards in the air. Ratliff was 0-1 in the passing department to give the Blackcats five completions in six attempts. Clark was two of five on the points after touchdowns, one area that Coach Letton said that his Blackcats must improve.

(Continued from B1)

"We have to improve our kicking game," said Letton after the game. The young Hornets of Coach Greene had a total offense of 83 yards. Magoffin County carried the football 15 times for only 35 yards rushing. Perkins had five completions in 28

tosses for 48 yards passing. Robbie Helton had 19 yards on the ground on five attempts. Perkins carried the ball five times for 16 yards.

Magoffin County was penalized only one time for 15 yards. The Hornets lost the ball on a fumble and James Derossett intercepted two of Perkins' passes.

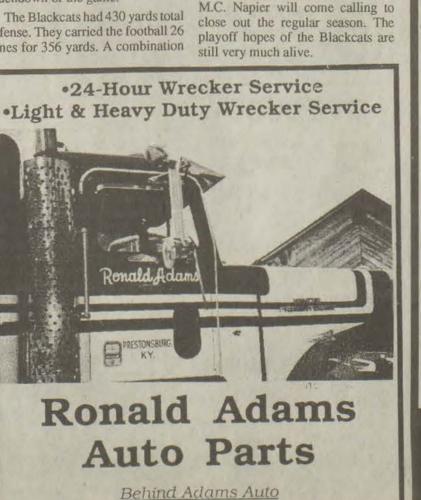

Defensively for the Blackcats, Todd Clark's five tackles and two assists led the Blackcats defensive line. Ronnie Goodman had four tackles and one assist. Risner and Ratliff each had three hits with Tucker getting two sacks. Derossett also had two sacks of Perkins.

After the game the Blackcats were presented the Jenny Wiley Festival Bowl trophy.

Prestonsburg will take to the road this Friday night to face an undefeated and district leading Sheldon Clark team. The Blackcats will have two games remaining - one away and one at home - after the Sheldon Clark game. Morgan County will be on the road while the Navajo's of M.C. Napier will come calling to

Attention Coaches

With the approaching of grade school basketball the Times is in need of all the completed basketball schedules of each grade school, boys and girls. We plan to attend all the games that we possibly can but it is certain we cannot be at all the places all the time. Therefore, we would ask when a grade school team plays that the results will be called in to us here at the Floyd County Times. We have forms that can be completed over the phone or we will leave some with each coach to complete and mail in. We will make every effort to see that it is reported in the sports section. Again we plan to attend all the games that we can personally. But you can help us out by calling or sending in your teams results - win or lose. Mail to Ed Taylor, c/o Floyd County Times, Box 391, Prestonsburg, KY 41653.

Modifications Make Carolina Rig Versatile

Bass anglers across the nation have is no rule that says the leader has to be long been singing praises about the Carolina rig lizard, the heavy sinker/ long leader lure that catches fish with ease in both deep and shallow water. Naturally, professional tournament anglers have tried to modify the rig to make it even more effective.

"This is one lure that really is a genuine fish-catcher," explains Evinrude Outboards Pro Staff angler Mickey Bruce, "because it is so versatile. You can literally rig it for the types of water and cover conditions you're fishing." Basically, says Bruce, the most common modifications the pros make are changing either the sinker weight or the leader length, and adding extra beads.

The standard Carolina rig consists of a 3/4 to 1-ounce slip sinker threaded on the line ahead of a small swivel. A leader of up to four feet in length is tied to the swivel, and the lure, usually a worm or lizard, attached to the end of the leader. "One of the favorite places to fish a Carolina rig is over submerged grass," explains the Evinrude pro, " when you use a heavy sinker, it usually snags in the grass so you have trouble feeling bites.

"This is where a lighter sinker, or a much longer leader can be used. A lighter sinker lets you keep the lizard or worm above the grass easier, while a longer leader (with a heavier sinker) simply lets the lure float higher above the vegetation." Bruce also adds two extra beads to his Carolina rig when he's fishing grass. The standard bead placement is between the sinker and swivel; many believe the noise created by the sinker clacking against the bead helps attract bass.

"Yes, that bead is for noise," admits Bruce, "but if you put another bead on the leader ahead of your worm or lizard, it will help the lure come through the vegetation much easier. The grass just seems to slide around it, rather than clog on the head of the lure and foul it."

If the pros are fishing in extremely shallow water vegetation, they occasionally eliminate the sinker entirely, letting the swivel serve as a weight. "Another modification that helps the Carolina rig is changing the length of the leader," Bruce continued. "There

leader length." Basically, if you are fishing the lure around heavy cover like stumps or treetops, you want a shorter leader so you don't get snagged as much. It's more manageable.

four feet long, which is the standard

"In more open water, however, or where the vegetation is fairly high off the bottom, a longer leader may be used. Some of the pros may have a leader as long as seven feet." The service experts at OMC recommend bass boaters and other high performance enthusiasts install a water pressure gauge on their boats. Outboards can lose water pressure if the motor is trimmed or raised too high, or if the water intake is covered with weeds or mud. This can lead to overheating and possible engine damage.

Lady Cougars Suprise Martin In 29-17 Win At Maytown

What! The Martin Lady Purple Martin was standing around. Flashes got beat? That is something you don't hear too often. The Martin girl's program has been one of the top basketball teams in the county for many years. However, they faced a very good Melvin Lady Cougar team Monday night in first round action of the Right Beaver Classic at Maytown and the end result was a 29-17 loss to the Left Beaver school.

Crystal Tackett tossed in 10 points, and Melissa Tackett added eight as the Lady Cougars advanced on in tournament play, Melissa Tackett. who suffered an injury to her ankle and was taken to the hospital for Xrays, scored the first four points of the game to give Melvin a quick 4-0 lead. Two free throws by Amanda Samons for Martin cut the lead to two, 4-2. Tiffany Compton's basket followed by a bucket from Crystal Tackett made it an 8-4 contest. Martin struggled throughout the game, falling behind by 16 points at half time, 20-4.

It was in the third period that the Lady Flashes had a chance to get back into the ball game as Melvin went cold from the field. However, Martin couldn't seem to find the basket and missed several free throws. In the third quarter, Melissa Tackett suffered her injury and had to leave the game. Melvin seemed to lose the momentum they had earlier, but the Lady Flashes still could not find the basket, missing several easy shots underneath.

The Lady Cougars controlled the backboards against the shorter Martin team. Melvin was getting three and four shots at the basket while

CALL IN YOUR SPORTS SCORES TO THE FLOYD COUNTY TIMES 886-8506

In the fourth quarter, Martin went to the free throw line for 10 attempts hitting only three while Melvin continued to experience cold shooting. Martin had cut the lead down to 10 points, but a long two points from the corner by Teresa Adkins and a big basket by Toni Collins put the lead back out by 14. A three point play by Tiffany Compton gave the Lady Cougars a 16 point advantage once again. Martin scored the final four points of the quarter to cut the final margin to 29-17.

Martin was led in scoring by Jenna Hall with nine points. Samons finished with four, and Melissa Mullins added two. Amanda Holbrook and Brandy Griffith scored one each.

Tiffany Compton finished with seven points for the Lady Cougars. Teresa Adkins and Toni Collins had two each.

Martin, the defending tournament champion last year, is eliminated from tournament play and will resume the basketball wars next week. Melvin advances on and will play the winner of the John M. Stumbo and Adams Middle School winner on Friday night at 8 p.m.

Prater Lady Cougars Impressive In Opening Round Of Classic

took charge early against McDowell, then held off a late charge by the Lady Daredevils and went on to post a 32-15 win in the opening round of the Right Beaver Elementary Classic at Maytown Monday night.

Prater jumped out to a 6-1 first quarter lead and led 15-4 at half time. The Lady Cougars built a 19 point advantage after three quarters only to see the Lady Daredevils putting together a rally in the final period behind the scoring of Latita Wilhite. Wilhite, who did not start the game, tossed in six points in the fourth period to lead the late McDowell charge.

Jones Funeral Home Sweeps

Two From Weeksbury Cats

The softball season has finally come to an end as Jones and Sons Funeral Home swept the Weeksbury Cats in a doubleheader at the Minnie Park this past weekend. Jones and Sons ended the season with a good 15-3 record and were the winners of the first division of the Minnie Softball League.

In the first game, Jones Funeral Home pounded out 23 hits enroute to a 18-5 win over the Cats in the five inning game. Eugene Tackett and Chris Caldwell went a perfect fourfor-four at the plate to lead the Jones hit parade. Caldwell had four runs batted in for the winners. Gene Tackett tripled to score two runs in the second inning when Jones scored six times to take a 10-0 lead. After James Tackett singled, Johnny Little doubled him home.

Gary Hamilton and Frank Fargo had three hits each in three plate appearances. Fargo drove in three runs with two coming in the fourth inning on a base hit.

Weeksbury was shutout until the fourth inning when they pushed home five runs on four hits. The big blow was a two-run triple by Tommy Horn. Horn scored Tony Buckley and Chad Hall. Buckley had singled and Hall reached on a base hit that scored two runs earlier. Until the fourth, eight Weeksbury batters were retired until Kevin Hamby opened the fourth with a base hit. Ryan Hall two hits in the game for the Cats as did Hamby.

In game two, Jones scored a 23-10 win over Weeksbury behind the bats of Gene Tackett, Andy Akers and Eugene Tackett. Jones scored 11 runs in the top of the seventh inning, as 13 batters went to the plate, to put the

Bassin' with the Pros

Ken Cook used a spinnerbait to win the 1991 BASS Masters Classic* world championship, but he didn't retrieve it the ordinary way. Instead, he fluffed, fluttered and shook it.

"It sounds like the spinnerbait was dancing all the way to the boat," laughs Cook, a member of the Evinrude Outboards Pro Staff and a former fisheries biologist for the state of Oklahoma, "but what I was really trying to do was create an erratic action that triggered strikes from inactive bass." The technique worked, for Cook brought in a five-bass limit on each of the three competition days, one of only six contestants to do so in the 40-angler field.

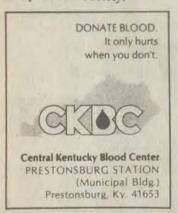

"I had located fish around isolated clumps of vegetation several feet below the surface," explains Cook, "but they were not aggressive. I wanted to use a spinnerbait because I could cover the water more rapidly, so I started shaking my rod tip as I retrieved each cast." Holding his rod tip down, Cook not only shook the spinnerbait, he also stopped his retrieve periodically. The two actions caused the spinnerbait blade to stop and start repeatedly, and also allowed the lure s skirt to fluff open and then close, as well.

"Each time I stopped the retrieve around the grass, the spinnerbait would start to flutter down beside the vegetation, too," notes the Evinrude pro. "All in all, the lure presented something totally different and unpredictable, which is sometimes the key that triggers a strike." Cook was especially pleased at the results, as the spinnerbait was one of his own design. He had spent months developing the lure and having it manufactured to his exacting specifications. It features one single willow leaf blade, rather than the more common tandem blade arrangement. "Inactive bass usually pose a major problem to anglers," continues Cook, "and, unfortunately, this is the way we find them most often.

"Ilearned through my experiences as a biologist, and now as a tournament angler, that to trigger a reflex strike from these fish you have to really excite them.

"You can do the same things with other lures. With crankbaits, a stop-and-go retrieve that bounces the lure off logs or rocks is often very productive, and with worms and jigs you can hop and jump them up and down instead of simply crawling them along the bottom."

Maytown Lady Cats Spoil Opener For Auxier In Right Beaver Classic

the grade school season officially got underway Monday night at the Maytown Elementary gym with three girl's games being played.

In the opening game, Maytown posted a 37-10 win over the Lady Hornets of Auxier behind the 10 of Crystal Martin, Maytown took a 12-2 first quarter lead with Martin scoring four points in the first period. Drema Kilgore added eight points in the Maytown win.

Martin hit the first basket of the new grade school season as Maytown scored the first eight points of the game to go ahead 8-0. Jennifer Greathouse broke the Auxier dry spell with a basket at the three minute mark. Martin and Melanie Hagans scored buckets just before the quarter

Jessica Martin came off the bench to start the second quarter for Maytown and connected on her first shot; then added a free throw as Maytown went out in front 15-2. Auxier had a chance to cut into the lead but was cold at the free throw line, missing four straight. Shelly Greathouse, who's going to be a good one, connected on two shots to make it a 15-6 game at half time.

It was all Maytown in the third period as they scored 14 unanswered points. In fact, Auxier did not score in the period missing four free throws.

In the final period, Shelly Greathouse scored four points on two steals, but the Lady Wildcats scored the final six points to win going away.

"We have just a group of young players which includes some fourth graders," said Ashland Gearheart, who coaches the Auxier boy's team. "But they will grow up and improve in the coming years." Jerome

A Winning Tradition: The Apple Festival

As usual, the Kentucky Apple Festival was a huge success. I believe that the festival is one of the best in the state. This year, the 29th anniversary of the event, was truly spectacular.

Friday evening, I went to the "Crank-It-Up" stereo competition, the carnival, and the clogdancing event. Of course, I enjoyed all of them. Judging by the number of people on the streets, everyone else must have been having a great time, as well.

Many varieties of apple foods, along with other dishes, were being served on the streets. My younger brother, Ryan, and my cousin, Lisa, discovered they like sausage sandwiches. I think it's really great that there are so many new foods to try at the festival.

I really enjoyed walking through the flea-market stalls (big surprise, huh?). In the stalls, everything from bolos to baseball cards were being sold. I bought a really great Harley-Davidson Tshirt. Another item I found amusing (but didn't buy) was an official 1991 Elvis tour shirt. It was really cute.

Saturday, of course, was parade day. Even though the weather had turned cooler and there was some rain, an enormous crowd was on hand. Many different floats, bands, and organizations were represented in the parade.

The arts and crafts (which I failed to mention before) were wonderful, as usual. Many different mountain items, jewelry, and artwork were being displayed and sold. One of the most unusual booths I visited was selling jewelry decorated with coal. Surprisingly, it was very beautiful.

At last, it was time for my favorite part of the entire festivalthe concert. I must say that this year's show was the best one I've ever attended. A sold-out crowd was in attendance to see the Kentucky Opry and Travis Tritt.

As usual, the Kentucky Opry was sensational. They really had the crowd rocking. Of course, some of this was probably due to the surprise visit of "The King". The entire troupe was in top shape. I think Saturday was the best I've ever seen the Opry look (and they've been good every time I've seen them).

When it was time for Travis Tritt to appear, the crowd went into hysterics. I happened to be sitting on the front row with Billie Jean Osborne and Wendi Martin, We were almost killed by a mob of women that were trying to get to the stage. Fortunately for us, the security was very good and soon we were out of danger.

Travis was incredible! Words cannot describe how wonderful he was. It was a high-energy, rocking show. Travis Tritt definitely knows how to turn on a crowd. I had seen him once before but this concert was even more phenomenal than the first. I can safely say that the Kentucky Opry and Travis Tritt were definitely a winning package. This concert was easily the best I've ever seen.

I'm waiting to see what next year's festival will be like. The organizers will really have to do some work to top this year. If you weren't there, you should have been. If you were there, I hope you're as satisfied as I am. The Kentucky Apple Festival is a winning tradition.

God's Pantry to hold annual "Walk for Hunger"

God's Pantry East of Prestonsburg will be holding their second annual "Walk For Hunger" on Saturday, October 12, during the Jenny Wiley Festival Parade. This is a project to help support the Crisis Food Bank. Refreshments and prizes will be

available. Teams are asked to sign up now. For more information call 886-8598 or 886-1719.

Jahoda also pointed out that the inn is starting an outside catering business and will soon be able to bring your favorite cuisine to a company party or private celebration.

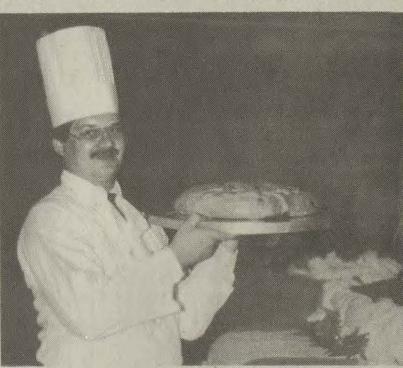

One specialty of Jahoda's, that he does himself for special occasions, is ice sculptures. Beginning with a 30pound block of ice and an electric chain saw, Jahoda turns his imagination into reality. "You just imagine what shape you want and picture how you would get it out of a block of ice and start cutting," he said. After the basic shape is cut, Jahoda will then use a hammer and a chisel to add detail, and about one and a half hours later the final product is done.

"You can only have them out on display for about two hours before explained. "So you set it out about 15 minutes before the guests arrive."

Jahoda explains, the difficulty comes when something happens to the sculpture as it's being set out. "Nothing is funny when your talking about ice sculptures, but probably the most frustrating thing is when the head will fall off a carving as they often will," he laughed. "One time we had the head of a swan fall off our Mother's Day display just before the doors opened. Luckily someone caught it before it fell into the salad and we were able to repair it with a saltwater solution.'

Because people eat with their eyes first, Jahoda strives tirelessly to create beautiful dishes and to arrange items attractively.

Poison Oak-

From Two-Mile Creek to Cairo, Egypt: They All Came Home Again

There was definitely something "unusual" about that talking, laughing, crying, hugging group of people that gathered at the Mayo State Vocational-Technical School auditorium on Saturday night of Apple Festival weekend.

"Unusual," however, only until one realizes that all these people are kindred spirits...attached somewhere in their hearts by some unseen umbilical cord of memory.

A memory of a time and place where, as youthful participants, they frolicked their way through the halls of Old Meade Memorial High School. on their way to becoming whatever fate had predetermined them to be.

They assembled to stare into the faces of friends they hadn't seen in 20, 30, even 40 years, in an attempt to glimpse some faint hint of familiarity that would permit them to pull out an 18-year-old's face from somewhere behind the mask of wrinkles, grey hair and age spots.

In some cases they did. In those cases where Father Time had done his job all too well, the sighs of unbelief when a name tag was finally revealed, simply resulted in even more vigorous handshakes and heartier hugs...generally followed by, "Bless your heart. How've you been?"

They came from all walks of life, attract such a crowd. but for a couple of house, everybody was the same. Everybody was 16 years old, trying to sneak away from Mr. Boyd for a quick dash over to Bob Elam's store for a doughnut and

They came by the hundreds, from practically every state in the union. However, Pam Ward Chapman, who went to Meade in the '60s, won the prize for having come the greatest distance. She came from Cairo, Egypt.

There were also dozens of former teachers on hand, including Mr. Virgil Preston, who was a member of Meade's very first faculty when school took up for the first time on August 20, 1931.

One has to wonder what it is. . . or maybe I should say, what it was. . .That made this little Eastern Kentucky high school special enough to

Perhaps it was something in the drinking water. (As I recall, it always did taste kind of funny.)

Seriously, though, it certainly didn't hurt that it was held in conjunction with the Apple Festival. . .a

proven homecoming attraction. But if the truth were really known, there were probably as many reasons for attending as there were those who

I would suspect, however, that the primary reason for the success of the event-aside, of course, from all the hard work done by its organizerswould have to be the smallness of the

Everybody who went to Meade knew everybody else who went to Meade at that time, regardless of whether they were freshmen, sophomores, juniors or seniors. There was a camaraderie there that is absolutely not possible to duplicate in a larger school. It was the Red Devils against the world, and in most cases the world was a 10-point underdog.

This year's Apple Festival turned out to be very special. I'm glad I was a part of it.

Kim's Korner

Last Friday, as we all are

aware, was a no school day for our children. With this in mind, I had asked Scott if it would be okay the rest of the

if I could have Kim Frasure

day off after our advertising meeting.

Being the understanding person he is, (and he really is), I was granted permission.

I was so excited to get home and catch up on my Soaps and just plain ole' do nothin'.

Around 10:30 a.m., I turned on the tube and saw Sally Jesse Raphael. It was enjoyable, she had clothing designers on showing what's new for '92.

Then Geraldo came on with guests who had been sexually abused by family members. After a few short minutes into this show, I turned off the tube and started cleaning house. What a way to spend your day off.

1:00 p.m. arrived-Yeah, it's time for Days of Our Lives. With my Pepsi and cigs, I sat down with the remote and was anxiously awaiting to see two Roman Brady's, Bo the hunk, Marlana, and cast.

"Wrong!"

Instead, I saw Senator Kennedy and a slew of other senators sit back and watch a lady by the name of Anita Hill, a professor of law, enter a crowded room.

What is this, I began talking aloud to myself. I was flipping through 36 channels like I was racing through the wind. All channels were consumed with this Anita Hill.

Okay, let's just see what she's got to say, and get on with Days, I told my TV.

Ms., Hill began her story with the name of her parents. She was the voungest of 13 children, born and raised on a farm and so on.

Then came what all those senators were sitting there to

Ms.. Hill's relationship with the Supreme Court Judge nominee Clarence Thomas. Ah man, I said, here we go

again. Listen Kim, just listen, I'd say to myself. So, I did. Ms. Hill told of an instance in

1981 (10 years go) where she and Thomas were in a conversation and that conversation led to him asking her out socially. Now of course, he was her Boss and she didn't feel this would make for a good working relationship, so she said no.

Anyway, according to her, Thomas kept on asking her and turning their conversations into ones with sexual comments at that.

These comments and conversations took place from '81-'85. Ten years ago, and this lady remembered them vividly because of the trauma, of course.

Thomas was single, so was she. I was furious. But then I thought, hey who needs Days? This is a Soap Opera right here. I continued to watch and listen, as Ms. Hill was questioned by senators on her experiences with Thomas.

Wait a minute, here is this woman bringing to millions of peoples' attention conversations between her and Thomas that nobody else overheard for, in her words, "No one else could have heard." They were the only two either in his or her offices, or at a nearby restaurant, 10 years

ago. Why?

Wasn't Thomas checked thoroughly by the FBI and anybody and everybody our government could get their hands on to find out something on this man?

Then one day, Ms. Hill is approached and WHAM. Yes, there's dirt, this Thomas man does have dirty laundry hanging in his closet. Well, well, well, it must be aired.

Let's do the airing on every single channel, newspaper, rasee Kim's Korner, C7

Honest Errors

An item in last week's paper should have read: Judy and Ron Hooker were in Minneapolis, Minnesota, recently, where they visited with their son and daughter-in-law, Chris and Pam Hooker. It is being proudly announced by the parents and grandparents, that Chris and Pam are expecting their first child around April 1.

And another item should have read: (That during a recent meeting of the GFWC/KFWC Prestonsburg Woman's Club) Mrs. Garnett Fairchild, president, announced that the 7th District KFWC had been selected as the outstanding district in the state of Kentucky. Thanks.

Annie Allen Circle Holds Meeting

The Annie Allen Circle WMU of the First Baptist Church (Irene Cole Memorial) met Monday evening, October 7, at 7 p.m., in Fellowship Hall of the church. Eva Collins, president, presided at the business session. Ruby Garrett opened the meeting with prayer. In the absence of the secretary, Faye Patton read the minutes of the September meeting. Patsy Evans thanked the group for the vegetable tray they sent to her family following the death of her husband's brother. Collins told about the trip to the Salyersville Baptist Church recently, when she and some of the other officers attended an officers' training meeting and supper there. Patton told of the trip she and some of the other members made with their pastor to the Clearcreek Ministerial School recently. Patsy Evans presented the program, which was a story of one of the Baptist missionaries serving in a foreign field, entitled "Through the Window of My Home." Names of missionaries observing birthdays during the month of October were read, and prayer for them was led by Faye Patton. It was decided that the next meeting would be held Monday evening, November 4, with Patsy Evans as hostess. The hostesses, Ruby Garrett and Myrtle Allen served peach cobbler, ice cream, coffee and soft drinks to: Eva Collins, Rebecca Rasnick, Fave Patton, Patsy Evans, Lillia Mae Price, Roberta Sloan, Annabelle Maggard, Fraley, Julia Curtis, and Lorena Slone, a guest.

Prestonsburg Day **Homemakers Meet**

Members of the Prestonsburg Day Homemakers met Tuesday, October 8, at 1 p.m., at the First United Methodist Church. Mary Sue Moore, president, was in charge of the meeting. Dorothy Stover, secretary, read the minutes of the last meeting, gave the roll call, and the financial report.

Jane Wallace presented meaning-

dance to remember Gypsy Jones, a member, whose mother who resided near Drift, recently passed away. Wallace asked that the group join her in saying in unison "The 23rd Psalm." Several Christmas door hangings, brought by members, were on display, and discussed by Frances Pitts, Floyd County Home Economist. Pitts said that Cultural Arts judging was held at this church on September 25. She said that the pecans sold annually by Floyd County Homemakers, for the purpose of assisting the Ovarian Cancer Drive, would cost the club more this year, but would sell for the regular price-but in so doing, the club would need to sell more pecans this year, in order to meet their annual donation to this project. Pitts said that an ornament contest would be held during the November meeting (on a county-wide basis), with the ornaments to be handmade. She said the lesson for November would be on "Christmas Gifts." Shirley Callihan, Mildred Branham, and Mary Sue Moore are to present the lesson. The hostesses will be Phyllis Stanley, Otela Smiley, and Roberta Sloan. Hostesses for October's meeting were Fannie Runnels, Alice Harris, Dorothy Osborne, and Lucy Regan. The one thing that never ceases to amaze me is the way the recipes come in. No matter how many arrive each week, over 50% of them are the same meat, or vegetable. This week it has been chicken. To date I have not received two recipes alike for chicken. To me, I always thought of baked or fried, no way.

I will use the other chicken recipes in later issues, rather than in this one week. Gotta go to the store and stock up on chicken as my supple is running low and we all like it, better now that I am trying new and different recipes. Thanks to all.

Making compost is a sure-fire way and residues of vegetables and fruits how many things can and do go into to transfer life from the plants of this being readied for storage, canning, season to those of next year. It is part drying or freezing. Don't forget of nature's never ending cycle. And nature's multi-colored avalanche of with fall's arrival, there is a good

opportunity to start that one project

so important to improving your soil.

Composting and fall go together

like Thanksgiving and turkey. Heat

and the regular chores of summer are

over, harvesting too is ending, and

with it comes an abundance of raw

materials for a compost heap-corn

and weed stalks, roots, canes, hulls

and all the other end of the year crop

waste. There are also the trimmings

Some people have told me that to them composting is just like making soup. Essentially the basic recipe calls for piling, or heaping certain natural ingredients in layers or mixed proportions, providing the needed air and moisture, plus turning to assure contact of outer material micro-organisms in the center. I hope I have done justice in comparison.

Beginners or old timers at composting will always be amazed at and limestone.

that "soup"—and how nutritious your soil will find the humus it turns out.

The first step, and the main one, is to pile weeds or small brush on the ground to provide a base. Then build the heap in layers of 6-8 inches deep, starting with green material on the first layer. Next comes a 2-inch layer of barn yard manure, if you have it, if not or you prefer not use barn yard manure, use a high nitrogen material, which is in turn covered with a sprinkling of top soil and limestone. Repeat these layers until the compost heap is 5-feet high, ending with soil

The pile must be turned after 2 to 3 weeks and again after 5 weeks to allow the air to penetrate all parts of the heap. After three months, the compost should be ready.

To shorten the time of composting, making better and smoother compost, all materials should be shredded. If you, like me, are not one of the fortunate one who own a shredder, you can use your lawn mower. The compost can be used as early as 14 days if you shred it first. Shredding with a lawn mower is fast and safe, but you will find yourself hunting digging, and even begging your neighbors for their garden waste.

About 1 foot of shredded materials will make a 3-foot high unshredded material compost pile. The turning is easier, for me, with the unshredded materials, and I am in no hurry for the compost as it will not be used before my spring planting.

If you read many articles they will tell you that you will have tons of compost from your back lawn. If you do, you surely must have the largest back lawn in the country. If you get over, or as much as 1-foot of compost from a 5-foot pile to begin with, you are very fortunate. It takes a lot to make a little, but it is pure gold for your soil and vegetables.

Miss Cathy Jarrell Horn, daughter encircled the cathedral length train. The gown was complimented by a tiara of iridescent pearl sprays, cut lace and sequin. Attached to the tiara was a silk illusion pouf forming a double-tier veil flowing to the waist. She carried an armspray bouquet of white calla lilies and stephanotis accented with spring fern and containing an antique hat pin in the shape of a calla lily, a gift from Ms. Penny Glass, a friend of the bride.

Music was provided by Tim Brumfield, organist; April Brumfield, trumpeter; Betsy Grise, soloist; and Charles Weaver, uncle of the groom, flutist. Musical selections included "Arioso" and "Jesu, Joy of Man's Desiring" by Bach; "Aria" by Peeters, "The Wedding Song" by Stucky and "I Love Thee" by Grieg. The Processional included Handel's "Allegro Maesttoso" and "Trumpet Voluntary" by Purcell.

The maid of honor and former college roommate of the bride, Virginia Robbins of Ponte Vedra Beach, Florida, wore a two-piece floor-length gown of fuchsia taffeta. The fitted bodice was enhanced by a portrait neckline and the straight skirt was accented by a peplum at the waist of the bodice. She carried an armspray of calla lillies accented with spring fern and fuchsia streamers.

Also attending the bride were Miss Jenna May of Carrollton, sister of the groom; Mrs. Carla Horn of Richmond, sister-in-law of the bride;

Miss Ashley Weaver of Walton, flowergirl and cousin of the groom, wore a white floor-length dress and a halo of baby's breath and white ribbons and carried a white basket accented with a floral arrange-

The groom wore a formal black tuxedo with tails and a boutonniere of a white rose, stephanotis, and sprengrei. The best man and groomsmen wore formal black tuxedos and boutonnieres of white roses and sprengrei. Ushers and groomsmen included best man and college roommate of the groom, Mr. Kenneth Klusman of Mcmphis, Tennessee; Mr. Brent Horn of Richmond, brother of the bride; Mr. Stace Shelton of Lexington, Mr. Gary Fields of Raleigh, North Carolina, Mr. Bryan Ellington of South Bend, Indiana, Mr. Eric Easom of Indianapolis, Mr. Mike Goodyear, Mr. Tim Ferree, and Mr. Tom Ferree, all of Louisville, friends of the groom. Mr. James Weaver of Walton and cousin of the groom served as ring bearer and wore a white ecton suit.

The mother of the bride chose a corsage of two gardenias to compliment her pale pink suit.

The groom's mother also wore a two gardenia corsage to accent her aqua skirt and matching jacket.

Others contributing to the wedding included Miss Jennifer Ginter of Richmond, cousin of the bride, and Miss Jennifer Weaver of Crescent Springs, cousin of the groom, as guest book attendants. Miss Emily Carpenter of Union and Miss Rachel Weaver of Walton, cousins of the groom, served as acolytes. Mr. John G. Horn of Inez, cousin of the bride, Mr. Jesse Carpenter of Union and Mr. Johnny Weaver of Walton, both cousins of the groom, acted as program hosts. Mrs. Mary Jane Ginter and Mrs. Mildred Turpin, both of Richmond and cousins of the bride, co-directed the wedding.

A reception was held at Arlington following the ceremony. The bride's table featured a four-tier cake topped with pink miniature lilies, white roses and pearl sprays. The groom's table included four sheet cakes and several other refreshments.

Serving at the reception were Mrs. Debbie Osbourne of Mt. Washington, a family friend, and Ms. Sue Begley, Miss Lori Begley, Miss Raglena Turpin, Miss Michelle Ginter, Miss Stephanie Curry, all of Richmond and cousins of the bride. Those distributing bird seed at the reception were Mr. John Robert Horn of Inez, Miss Jillian Cobb of Richmond, and Miss Amy Turner of

Home accessories: Trends and tendencies

Home accessories are a quick and economical way to update your home in the newest colors, patterns and materials. This year's trade fairs have offered a wide assortment of home accessories.

Small pieces of furniture look more functional and more luxurious than ever before. Materials used include inlaid designs, lacquered steel tubes, brass, tinted and clear glass sheets with satin finished edges and beech, oak, ash and cherry woods.

Mirrors continue as an indispensable design element. Look for mirror tiles, round arch mirrors, mirror walls, antique and framed mirrors, faceted mirrors, mirrors with art nouveau accents, etched mirrors, fully mirrored cloakstands, traditional and modern shaped mirrors, folding mirrors, and wall and bathroom mirrors with magnifying lenses.

Accessories are varied to give individuality for unique decorating ideas. Kimonos, bedspreads and pillow covers made of handmade ikat fabric, patchwork blankets and silk collections, handwoven blankets from Tryol, handwoven rugs from around the world and hand embroidered Goebelins, offer interesting design perspectives for the home. Other home accessories included: handmade and handpainted tiels and fancies, unique glass objects, often with gold, silver or platinum touches, vases with artistic surface reliefs, design collections made of metal, glass, crystal, porcelain and ceramics, sculptures-from museum replicas to artist's collections and wooden figures with religious or worldly motifs.

Pictures, prints, posters, frames and borders are offered for every taste. Look for thin, elegant borders of rosewood, yew-wood, poplar, elm root, ebony, maple, birch, walnut, cherry, oak and mahogany. Modern frames in black and white will continue while black lacquered frames with gold stripes, real wood with gold or frames in marble-look finishes add an effective optical accent. Frames in wood, plastic and aluminum offer uncomplicated and quick change possibilities through clips or swinging clamps and are expected to de popular.

Devotions were led by Glenna Evans on the subject, "Our Harvest-God's Gifts.'

The lesson, "Decorating Your Doors," was taught by Floyd County Extension Agent, Frances Pitts. She displayed various styles and instructed homemakers to change the decor for reasons of the year of patriotic themes.

Mrs. Pitts also instructed the homemakers on Swedish embroidery (Huck towel weaving) and they are to finish the design and complete it as a pot-holder and bring to November meeting.

Homemakers present: Glenna Evans, Arietta Hall, Shirley Hamilton, Marjorie Givens and Eileen Martin, An honored guest was Dorothy Kircher, mother of Marjorie Givens, who has been a missionary to Brazil, South America for 35 years.

The next meeting is November 5 and homemakers are to bring a handmade Christmas gift or decoration.

The meeting adjourned at 7:45 p.m.

Ms. Hill's bottled trauma of sexual comments from Thomas has been released. Who cares if it was 10 years ago? Who cares if they were both single? Who cares if he did make those comments to her during a social dinner with the two of them alone?

Who cares she didn't get up and say, "Look Clarence, I like my job, I want to keep it? I don't like you in a sexual way. We can be friends and have a working relationship and that's it-got it? Pick up her Pepsi or whatever dash it in his face or maybe kick him under the table. Something, for crying out

But no, Ms. Hill just kept it in, all these years. Thomas passed his interrogations from government authorities to be appointed to his prestigious position. His long hours, hard work and investigations passed the government.

But no one knows, only Ms. Hill. Will the real Thomas please stand up? Or maybe, will the real Ms. Hill stand up?

Someone does not want Clarence Thomas to be a Supreme Court Judge. Who will be next in line?

Thompson's already voiced that no position is worth this public humiliation, and darn it, I have to go to work. Somehow I think this Soap will continue a bit longer.

But, frankly, Ms. Hill, what Thomas did or did not say years ago has no effect in this person's opin-

However, I do believe I remember my Boss saying I could have all Friday's off with pay July 1, 1990 or was that June 1, 1989? Anyway, I'm sure he did.

'Till next week, I'm off to buy my Soap Opera Digest and convince Scott and Floyd County that I'm off on Fridays. Maybe Channel 5 would be interested in this, or maybe YMT or Gormie.

Hey, you can't blame a girl for

NOTICE OF INTENTION TO MINE

Pursuant to Application Number 836-0200, Amendment #3

In accordance with the provisions of KRS 350.055, notice is hereby given that Laurel Creek Coal Company, Inc., P.O. Box 940, Paintsville, Kentucky 41240, has filed an application for an amendment to an existing surface coal mining and reclamation operation. This amendment proposes to add 18.25 acres of surface disturbance, delete 7.03 acres of surface area and delete 42.06 acres of auger area for a total proposed permit acreage of 212.00 acres located 0.5 mile north of Ivel in Floyd county.

The proposed amendment area is approximately 0.5 mile east of U.S. Rt. 1426's junction with U.S. Route 23 and located 0.25 mile north of Davison Branch. The latitude is 37° 36'22". The longitude is 82° 40' 10".

The proposed amendment is located on the Harold U.S.G.S. 7 1/2 minute quadrangle map. The surface area to be affected by this amendment is owned by S.P. Davidson Heirs, Marshall Davidson, Harkins Heirs, Roger Reynolds, Don Trimble and James E. Dil-Ion. Mining activities have been completed. This amendment application proposes the addition of downslope area, deletion of undisturbed road acreage, deletion of auger acres, overlap of an adjacent permit and redesign of dugout sediment structure.

This amendment application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 1346 South Lake Drive, Prestonsburg, Kentucky 41653.

Written comments, objections or requests for a permit conference must be filed with the Director of the Division of Permits, #2 Hudson Hollow, U.S. 127 South, Frankfort, Kentucky 40601.

Home is the center of living

By David M. Maxfield Smithsonian News Service

Economists and census analysts speak in terms of "housing units" and "dwellings," but symbolic values make shelter more than just a roof over our heads. After all, "home" for many people is the most significantand perhaps the most accuratemirror of who we are. "Make yourself at home," we say, and, of course, "welcome home." "We don't get countrysick or citysick, we get homesick," Witold Rybczynski, a McGill University professor of architecture notes, reeling off a list of derivative words that express the fondness for the home: homemade, home-grown, homespun and home-brew-not to mention homecoming, home fire, homestead, hometown and homeland. And "homeless," one might add, expresses a need for more than a house. "Housing was always more than shelter," says Amos Rapoport, professor of architecture at the University of Wisconsin in Milwaukee. Frequently a home's meaning-its place in our lives-"is its most important function," he contends. But the role of the home and our relationship to it is rapidly changing, according to these and other contributors to the wide-ranging book, Housing: Symbol, Structure. Site, published by the Cooper-Hewitt Museum, the Smithsonian's National Museum of Design. Edited by Director Emeritus Lisa Taylor, the new book covers almost every conceivable aspect of housing, from its history, to mobile homes and underground living, to future colonies in space. Not long ago, home was the center of life, the place where people were born, lived, worked, played and ultimately died. Home provided continuity, stability

and tradition. But "there is no longer

the same feeling toward home," Taylor says. "How could there be?" she asks, pointing out that 42 percent of the U.S. population moved between 1980 and 1985, more than half of all women worked, and enormous numbers of young people grew up in broken homes. The U.S. Census Bureau's 1987 American Housing Survey provides the latest revealing look at the changes on the homefront. That year, the nation's 100-millionth housing unit was completed, and the average population per household dropped to 2.67, from 3.67 just 13 years before. That decline reflects side them. Even furniture now took not only greater affluence, but also trends like low fertility and high divorce rates. The study also found that more people now live aloneabout a quarter of all Americans and the elderly are more likely to eries for children, "withdrawing' maintain their own homes and less rooms for ladies. "The 20th century likely to live with their adult children was a watershed in the evolution of or other relatives. Yet young adultsbetween the ages of 18 and 24—are more likely to be found in their parents' home-54 percent now compared to 43 percent in 1960. "That's equivalent to the entire population of Chicago packing their bags and going home to mom and dad" if they divorce, lose their jobs or simply can't afford high housing costs, says Larry Long, a Census Bureau demographics chief. "The large size of the babyboom generation has worked against its getting on the home-ownership bandwagon as quickly as its parents did." Addressing "Self-Identity and the Home," Clare Cooper Marcus, professor of landscape architecture at the University of California at Berkeley, suggests that some people have a lesser need these days to find their place in the home. For them, the office may be their avenue for selfexpression. The identity of the busy executive, targeted by marketing campaigns for fully furnished "instant homes," may be more attentive to the business returns of living in the right place than the role of homelife itself. Other cultures have thought of shelter as something more than roof and hearth. The people of Mali, for instance, associate every room with parts and organs of the human body. To the American Navajo, the dwelling symbolizes the cosmos: the roof associated with the heavens, the floor with the earth and the corner posts dedicated to the deities. For them, the house is a temple.

Even in European societies, from which the American concept of home was transplanted, the house was not always a cozy setting for family life. As Rybczynski points out, before the 1700s, the home lacked almost all the attributes of privacy, warmth and comfort. A late-medieval merchant's house, for example, was large by modern standards, but it also contained many inhabitants. Above all, it was a public place for visitors, customers and clients. And for travelers. it served as hotel and restaurant in an

age without them. "All-low and domestic comfort-but paradoxihigh-rubbed shoulders with easy familiarity," Rybczynski says. 'Apprentices slept in the same bed as the children of the house. Servants, if they did not sleep with their masters, slept beneath them, on truckle beds." But this is relatively recent history. Humans began building remarkably early-in Olduvai Gorge in Africa, some 2 million years ago, following the use of stone tools but preceding the discovery of fire. Rapoport speculates that because of the climate in the African region, shelter was not the

motivation but rather the desire for special places where food was brought back and shared." In early Middle Eastern settlements, about 1,000 B.C., residential styles developed that are still in use todayunpretentious, inward-looking houses that focused on an interior courtvard rather than on the street. Here, villagers combined both their work and leisure. Later, Greeks and Romans adopted the inward architectural plan, but embellished their structures with decorative details. As the exchange of surplus agricultural goods and raw materials grew a thousand years ago, small fortified cities developed in Europe and the Near East. Houses still combined work and leisure but their focus now turned to the street, in a sense "advertising" the owner's business. Offices and shops occupied the ground floor, family quarters on the second level, sleeping above. But by the late medieval period, "one senses the beginning of a need for privacy," Rybczynksi says. "During the Renaissance, aristocratic homeowners began to make the one major functional adjustment that would come to characterize modern housing—the separation of work and home," writes Eugenie Ladner Birch, who teaches demography at Hunter College in New York City. By the 18th century, the home became an idea -- something besides a utilitarian setting. "This is a subtle distinction," Rybczynski contends "but an important one. People became attached to their homes, and devoted to home life." "Domesticity" became the ideal for all classes in the 19th century. Houses were divided into various rooms, some for private use by the family, others for social functions. Corridors developed so that no one passed inrough rooms, but bepermanent positions in rooms, no longer taking on temporary duty depending on the activity. Within the Victorian house layout, distinctions arose-libraries for gentlemen, nurs-

cally, it left domesticity diminished." Rybczynski says. Americans began to look outside their comfortable homes for amusements—to shopping malls, restaurants, beaches, all ac-

cessible by car, for parents and youth alike. And yet, there is renewed fascination with the Victorian ideal, from its interior decoration to the home as entertainment center, now equipped with VCRs and CD players. "For most of us," Clare Cooper Marcus believes, "a permanent dwelling where we can put down roots is both a necessary component of physical security and a significant psychological expression of who we are." However, growing numbers of people today-as many as 600,000 accord-

ing to some groups—are homeless.

without basic physical shelter. In the Cooper-Hewitt publication, as elsewhere, government officials and citizens call for long-term, private and public efforts to help the homeless gain control over their lives, to hold jobs and leave life on the streets behind. Additionally, there are countless other individuals who are "homeless" in the sense that they have been uprooted by world events or, as Lisa Taylor notes, "have never found what in one's heart is home.' "The promise of America represented a decent place to live for the millions and millions of 'tired, poor and homeless' who emigrated here from all over the world," she says. "We should make it a shared national goal to fulfill that promise for all Americans by the end of this millennium.

A REPORT TO THE PUBLIC

It's not just the workers against Pikeville Methodist Hospital.

It's Kentucky Working People Fighting Against Political and Big Business Injustice.

he actions taken by the political and business "leaders" of Pikeville, Kentucky, to take the rights away from the employees of Pikeville Methodist Hospital are outrageous.

The Pikeville City Commissioners denied the hospital's employees the right to vote for union representation. By doing so, the City Commissioners took away the workers' rights of freedom of representation for working conditions and wages—leaving them at the mercy of the business rulers of Pikeville.

This sets a precedent that threatens every working person in Kentucky.

The Political and Business Rulers Would Have You Believe That:

They are just doing what's right for the people of Pikeville.

NOT TRUE. They're sticking their nose where it doesn't belong. It's been a tradition for nearly 70, years—since Pikeville Methodist Hospital opened—for the City officials to run the city, and let the Methodists run the hospital.

But now, the political and business "leaders" are making a desperate grab for power because the workers at the hospital are refusing to "stay in their place." And the political and business rulers are worried that it could threaten their control of Pikeville.

They are just innocent victims in this dispute.

NOT TRUE. These few political and business "leaders" took direct, concerted action to bring about this dispute when

they discovered the hospital employees were planning to vote for union representation. The City Commissioners passed specific resolutions that removed Pikeville Methodist Hospital from the jurisdiction of the National Labor Relations Board (NLRB).

Before Walter May was elected Mayor, the NLRB had jurisdiction over labor practices at the hospital.

They are pure, clean, and follow the law.

NOT TRUE. Before the City Commissioners took the hospital away from NLRB oversight, the Board had issued 39 unfair labor practice charges against the hospital's Board of Directors and management.

These are only a few of the distortions that the Pikeville political and business rulers are trying to get you to believe. For the employees of Pikeville Methodist Hospital, the actions taken by the Pikeville City Commissioners are outrageous. But the implications for working people in this area are perhaps even more dangerous. Because whether you would consider joining a union or not, every working American deserves the right to make that decision for themselves.

When someone tries to take that right away from one group of people—and gets away with it—then there's nothing to stop your employer from trying to take it away from you. The workers at Pikeville Methodist Hospital, along with their families and neighbors—the working people who built this community—want you to know the truth.

Join the Fight for Worker's Rights in Kentucky.
