### BAESLER STILL WINS IN FLOYD

A recanvass yesterday of the votes cast locally on Nov. 3 in the race for the US Senate between Democrat Scotty Baesler and Republican Jim Bunning turned out the same. Rechecking the tally sheets from the electronic voting machines, as well as absentee ballots, the Floyd County Board of Elections counted 7,652 votes for Baesler, 3,533 for Bunning and 191 for Reform Party candidate Charles Arbegust. Baesler, who lost narrowly statewide, requested the recount. The State Board of Elections asked local boards to schedule the recanvass between Nov. 11 and Nov. 13. Election board members participating in the recount were County Clerk Carla Boyd, board chair, Charles Thompson and Norm Marcum. Republican Party Chairman Bobby Stumbo witnessed the recount.

### KSP CAPTURES ONE ESCAPEE

One of three men who escaped from the regional jail in Paintsville last week was captured Wednesday in Magoffin County. Benji Clay Manns, 23, was taken into custody at Combs Branch at about 8:30 p.m. He was returned to the jail and charged with escape and being a persistent felony offender. He was in jail originally on burglary charges. Still on the loose, as of yesterday, were Gary Mills, 31, of Martin County, jailed for capital murder and arson, and Jeffery Marshall, 25, of Magoffin, in jail on burglary charges.

### PUBLIC MEETINGS

- County 911 Executive Board, today, 10 a.m., 2nd floor courtroom, courthouse.
  - Carl D. Perkins Job Corps Center Community Advisory Council, Tuesday, 12:30 p.m., Culinary Arts Classroom.
  - Floyd County Board of Education, Tuesday, 6 p.m., Adams Middle School.
  - Prestonsburg City Utilities Commission, Wednesday, 2 p.m., 2560 N. Lake Dr.
  - Wheelwright City Commission, Thursday, 6 p.m., City Hall.
  - Wayland City Commission, Thursday, 7 p.m., City Hall.
- The Floyd County Board of Elections meeting scheduled for Tuesday has been postponed for a week. The group will meet Nov. 24 at 3 p.m. in the conference room of the Solid Waste Office in the former Chamber of Commerce building.

# Have you got a clue?

## Students practice criminal investigation

by Willie Elliott  
Staff Writer

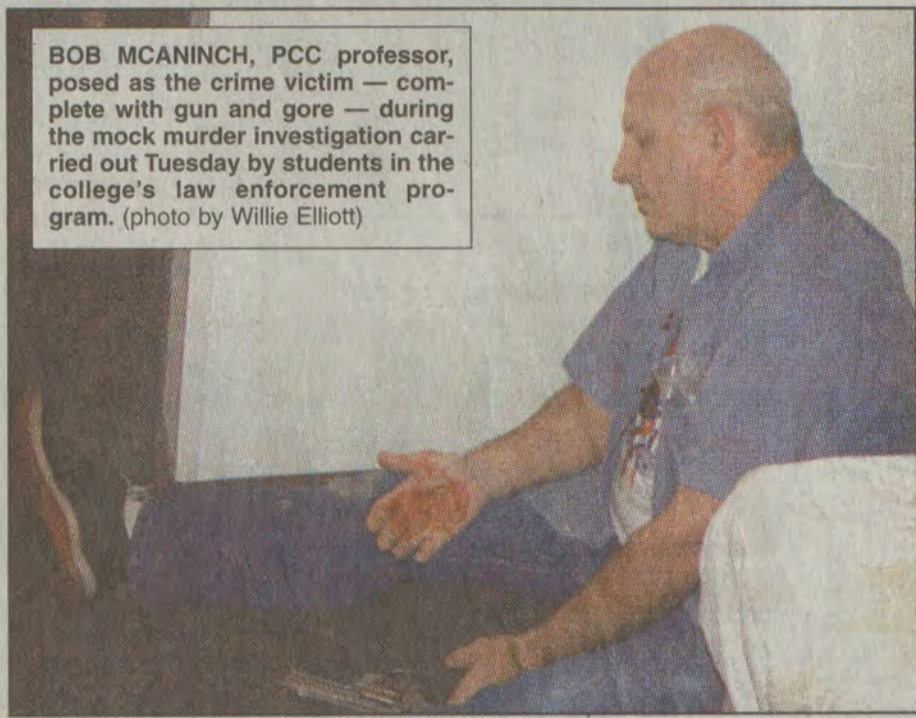

Prestonsburg Community College students got hands-on training Tuesday as they investigated what was billed as a double homicide at the Super 8 Motel in Prestonsburg.

The students were the "investigators" in what was actually a mock murder. Nobody got hurt; they just played like they did.

About 24 students in the Law Enforcement Technology Program at PCC responded to the crime scene in much the same way professional investigators would as they collected evidence and conducted interviews with the witnesses.

The motel provided two rooms where one "live" victim, PCC professor Bob McAninch, and dummy models posed as crime victims. McAninch turned out

(See Clue, page two)

BOB MCANINCH, PCC professor, posed as the crime victim — complete with gun and gore — during the mock murder investigation carried out Tuesday by students in the college's law enforcement program. (photo by Willie Elliott)

## Local woman earns education award

Carol Stumbo, District Four representative on the Floyd County School Board, recently received the Earl Wallace Memorial Award from Forward in the Fifth, an organization that promotes educational improvement in eastern and southern Kentucky.

The award was created to honor the organization's founder and is presented each year to someone who works to improve education in the region. Stumbo was cited for her work to help schools with education reform, according to a Forward in the Fifth spokesperson.

"She is an inspiring, humane, and mature advocate of our people in eastern Kentucky," said Taylor Collins, superintendent of Jackson Independent Schools and Forward in the Fifth board member, as he presented the award at a ceremony

in Berea. Stumbo is director of the state Department of Education's Region 8 Service Center in Prestonsburg. She is also a former teacher and education advocate for Floyd County.

She was recently elected to a seat on the local board after having been appointed to fill a vacancy.

Also recognized at the Forward in the Fifth Awards ceremony were five persons who won Principals with Principles awards: Jerrie Bolton, Keavy Elementary School in Laurel County; Jackie Smith, Pineville Elementary School in Bell County; Wayne Napier, Clay County Middle School; Karl Leap, Middleboro High School in Bell County; and Jill Ratliff, Menifee County Elementary. Mimi Moore of Greensburg received the Al Smith Friend of Education Award.

## Martin officials appeal to congressman for aid

by Willie Elliott  
Staff Writer

Spokesman and newly-elected councilman Mahendra R. Varia used Hal Rogers' recent visit to Allen Elementary School to inform the US representative of the needs of the City of Martin.

Martin, with no money to fix its water and waste system and even less to pay penalties, has been faced with threats of fines from the state.

Varia presented to the congressman a petition signed by several citizens of Martin that asked for Rogers' help in solving some of the city's problems. The petition pinpointed two major problems: the sewer system and water bills.

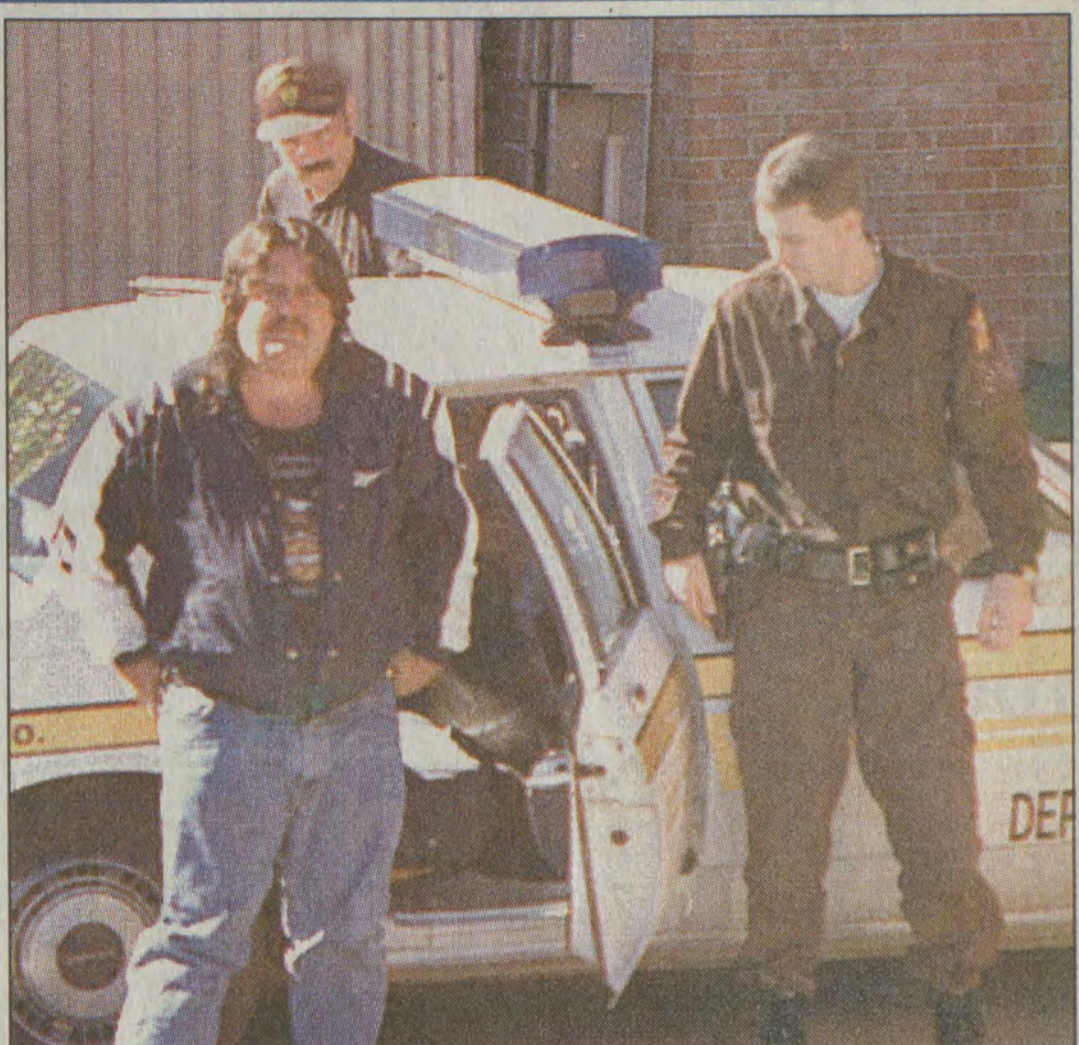

The petition reads, in part: "The sewer

in Martin is inefficient, with broken pump stations and leaking in the creeks. In certain areas the stink from the sewer is unbearable and people in those areas have to keep their doors shut and keep incense in their houses at all times."

The petition pointed out that other cities such as Allen are getting improvements to their sewer system because of Rogers' help.

The city has been cited by the state Department for Environmental Protection because it has been unable to comply with an agreement to repair its sewage system, estimated to cost up to \$50,000. The state has threatened fines of up to \$15,000 per day.

High water bills were also mentioned in the petition.

DEPUTIES JASON NEWSOME (front) and Rick Newsome bring Donnie Deal and other drug suspects to the Floyd County Detention Center Wednesday afternoon. (photo by Willie Elliott)

## Grethel raid nets two

by Willie Elliott  
Staff Writer

Two Grethel area residents, who are alleged to have sold drugs to four juveniles, ages 14 and under, were arrested in a raid Wednesday afternoon at a residence on Branham's Creek by members of the Floyd County Sheriff's Department.

Michael Adkins, 42, and Donnie Deal, 37, both of Branham's Creek, were

charged with unlawful transaction with a minor, second degree, when they "knowingly induced, assisted and caused a minor to engage in a controlled substance activity," according to the arrest log.

Adkins was also charged with trafficking in marijuana.

A McDowell resident, Ronnie Collins, 29, was at the scene at the time of the raid and was charged with possession of a controlled substance.

A police scanner, radio,

marijuana, and drug paraphernalia, along with \$1,355 in cash, were confiscated during the raid.

Participating in the raid were Sheriff Paul H. Thompson, EDT Jim Redrick and deputies Rick Newsome and Jason Newsome.

All three were lodged in the Floyd County Detention Center, but were released later in the day. Atkins' bond was \$700, Deal's \$500 and Collins' \$400.

## Youth basketball put on hold while answers are sought

by Ed Taylor  
Sports Editor

An incident two weeks ago at the Martin gymnasium has brought a halt to junior youth basketball in Floyd County until the Floyd County Board of Education gets some answers as to how the different leagues plan to handle violence in their respective leagues.

The report of a shoving match at the Martin gym, involving a scorekeeper and parent, prompted the school system's state manager Woodrow Carter and interim superintendent Mike King to close the doors to the school gymnasium while they seek answers to problems in the leagues.

While both King and Carter have vowed to reopen the gym doors again for the leagues, they said they want to know what is going on.

Paula Ousley, whose training league at Martin has come under questions, stated that her league hasn't had any incidents such as fights in the two years she has been there.

"We have never had any

problems in our league," she said. "I do want to apologize to Mr. Carter, the parents and players for what has happened to cause the stoppage in play."

"Some of the parents have come to me wanting their money back because we haven't been able to play the past week, but I can't help it we can't use the gym."

Johnny Mayo and Patsy Gearheart head up the Martin Junior Pro league and both have been involved with the program for a number of years.

"I have been in it for the past 27 years," said Mayo, "and we run a clean program at Martin. We haven't had any problems until two weeks ago when a parent went after a scorekeeper. The incident was over in less than two minutes."

Ousley said she was at the game where the incident occurred and she didn't see any real problem with what hap-

pened. "They had changed scorekeepers and a fan questioned a fifth personal foul on one of the players," she explained. "Words were exchanged, but no one hit anyone."

Mayo said he grabbed the irate parent and escorted him out of the gym where a Martin policeman was standing. The policeman apparently calmed the parent.

"The incident was over and we went back to playing basketball," said Mayo.

Carter wants each league representative to appear at Tuesday's board meeting to discuss the matter.

State Rep. Greg Stumbo, along with State Sen. Benny Ray Bailey, were brought into the picture when Mayo asked for help.

"I called Greg because he has

(See Youth, page two)

### A heap of shame

A stack of used tires and a pile of old batteries mar the beauty of a section of KY 404 near Blue River. This week several agencies, working together to accomplish the goals of PRIDE, began clearing this and several other illegal dumps in the area. Lon May, Floyd County PRIDE coordinator, said the person responsible for this illegal site has been cited and a warrant has been issued. These tires will be transported to Hazard where they will be quartered and properly disposed. PRIDE week runs through tomorrow. (photos by Willie Elliott)

The Floyd County Area Technology FBLA officers attended an officers' workshop training session at Morehead State University. These workshops prepare the students to become more effective leaders in their organization. Pictured, in front row are Sonya Stephens, president; Kristi Teel, treasurer; Shellie Hackworth, secretary; back row: Doris Lawson, advisor; and Dorothy Teel, parent.

## Youth

(Continued from page one)

experience with our league and the people at the school board know him," said Mayo. "Greg's boy played in our league and he knows what a good program we run."

Mayo said he called Bailey, "because I was mad about the situation."

Carter and King have stated they are only concerned for the welfare of the kids and the continuing ring-

ing of the school board's telephone over the situation. They are concerned over increased violence nationwide and the "ugly incident that took place at Martin."

"We want the leagues to hold to the same standards as the Kentucky High School Athletic Association," said Carter. "We don't want to keep the kids out of the gym. We want them to use the gyms."

Carter said the board of education does not want to have to face another lawsuit over any incidents that take place in the leagues.

Each league is to have in place a set of by-laws and procedures when they appear before the board of education Tuesday evening.

No one questioned would release the names of the persons involved in the alleged shoving incident.

## Clue

(Continued from page one)

also to be the prime suspect in the fake homicide-with-a-twist.

The rooms were messy and smelly—much like what would be found at a real crime scene.

Students in the two classes, Introduction to American Criminal Justice and Criminalistics, were assigned the various duties of investigating a crime scene.

Mike Dixon, the program coordinator, enlisted the aid of the Prestonsburg Police and Fire departments as well as the Floyd County coroner's office in the exercise.

Motel manager Dana Spurlock cooperated with and supported the learning-by-doing event.

"This is great. It is exciting. Mr.

Dixon is cool," said Sammy Bacca, a student from Martin. Bacca plans to go into corrections at one of prisons in Eastern Kentucky or become a probation officer.

Student Stephanie Maynard of Martin County said the exercise gives the students a chance to see first-hand what it will be like to investigate an actual crime scene.

Maynard, who went back to PCC after having two children, said she hopes to get a degree and find a job at the new prison scheduled to be built in Martin County within the next four years.

Dan Pierson of Inez had praise for Dixon. "He gets right into it. He gives students all they need. He even helps me with my English class," said Pierson, who wants to become a forensic psychologist.

The mock murder investigation exercise will be followed by a mock trial on Nov. 23 at the college. Pierson will be the defense attorney in that trial.

"We had a lot of fun," said Dixon, "and we learned a lot from the mistakes we made."

Dixon said he was surprised at how chaotic and distracting the pretend crime scene was — just like it will be in most real crime scenes the students will encounter in their real work.

**The Huggables Collection**

Elegance has never been this cute! A sleek black choker is "hugged" by one of five adorable animals: teddy bears, a kitten, a cub or dolphins. The band is made of soft, comfortable *ebony flex*, and each animal is crafted in sterling silver or also available in 14K gold with unique diamond accents.

### "It's great to be alive and to help others"

Big Sandy Mended Hearts, Chapter #220 invites you to honor and remember those you love, by placing a light on its LIGHTS OF LIFE TREE this holiday season.

This holiday display of light and beauty is located at Highlands Regional Medical Center, Prestonsburg, on a live tree. It illuminates the night from December 1st until after New Year's, showing all the Big Sandy area your remembrance and your care for others.

This year, proceeds from the LIGHTS OF LIFE TREE will go to Mended Hearts, Chapter #220. Your gift will do double duty; it will represent your care for someone you admire or love, and it will help support

our local heart patients.

Each gift of \$5.00 for a LIGHTS OF LIFE TREE light will be acknowledged by a card to the person you honor, or the family of the person you remember. In addition to the card, a receipt will be mailed in acknowledgment of your tax-deductible contribution.

When you make a gift to the LIGHTS OF LIFE TREE, you are automatically invited to be our guest at the reception and/or the tree lighting ceremony, Tuesday, December 1st. The reception will be held at 6 p.m. in Meeting Room B, and the lighting ceremony will begin at 7 p.m., at the entrance of Highlands Regional Medical Center.

# College construction nears completion

by Pamela Slone  
Pikeville College student

Construction on two Pikeville College buildings is expected to be completed by January, according to college officials. An open house, showcasing the newly-renovated Derriana has been scheduled for the afternoon of Sunday, December 13, marking the end of months of renovations.

According to Ron Damron, dean of enrollment and student services, the college will open the Derriana to faculty, staff, alumni, students, and the community in general. A few rooms will be completely furnished to serve as displays.

The oldest building on the upper campus, the Derriana, was completed in 1908 to serve as a women's dormitory. Financed by a donation from John A. Simpson of Covington, an ardent supporter, the Derriana is named in memory of Simpson's younger sister, Lucinda Derriana Simpson.

Upon completion, the Derriana will have 27 single rooms and 24 double rooms, providing housing for up to 75 female students. The

dorm has not housed students since the early 80s. According to the schedule, construction will be completed by December 1, with furniture arriving in mid-December. The dormitory will open for students in the spring semester.

Under construction since March, the Derriana will alleviate not only housing problems, but parking headaches associated with the work. The once thought to be

"haunted dorm" is receiving a much needed facelift both inside and out. The brick exterior was sandblasted and the windows and damaged bricks were replaced. New features will include central air, in-dorm computer access, and an elevator that will connect the Derriana to nearby Condit Hall.

The addition of a fourth floor to the Armington Science Center will provide space needed for Pikeville

College School of Osteopathic Medicine (PCOM). Funded through Appalachian Regional Commission (ARC) grants, the addition's cost is estimated to be \$1.8 million.

The new floor will house 21 faculty offices, two research labs, a conference room, a 35-seat microbiology/pathology lab, and a state-of-the-art, 75-seat classroom.

House Majority Leader and Container Deposit Task Force Chairman, Rep. Greg Stumbo, D-Prestonsburg, welcomed Joe Massey of Massey Management Company, in Anaheim, California to the November 4 task force meeting. Massey explained the effect of California's "bottle bill," or Beverage Container Recycling and Litter Abatement Act of 1986, on that state's economy and waste management. Massey also gave task force members input into the creation of a container deposit bill for Kentucky which would reduce litter and encourage recycling. The Container Deposit Task Force was created by the 1998 General Assembly with passage of a House Committee Substitute to House Bill 371, a bill introduced and sponsored by Rep. Stumbo. The Task Force is exploring solid-waste management provisions which were deleted from House Bill 371 and therefore not passed by the legislature. The group will review the provisions to determine if they would improve Kentucky's solid-waste management structure.

### Office technology curriculum

During the last few weeks, the Department of Technical Education has been conducting a series of curriculum workshops in Frankfort to begin the alignment of Kentucky Tech Curriculum with KERA goals, academic expectations and core content for assessment, and identifying possible interdisciplinary courses. Pictured in the Office Technology Curriculum meeting are, from left, Delores Montgomery, Lee Co. ATC; Rosalee Bradley, Breathitt Co. ATC; Donna Horn, Martin Co. ATC; Doris Lawson, Floyd County ATC; Mavis Sparks, Business and Graphics Technology Curriculum specialist; Anita Akridge, Marion Co. ATC; Louise Jackson, Harrison Co. ATC.

# College students learn first-hand about disabilities

by Christie N. Chapman  
Pikeville College  
journalism student

Students in the Pikeville College survey of the Exceptional Child education class recently learned about the daily struggles of disabled students first-hand when they assumed various disabilities for the class period.

"The purpose of this assignment was for future teachers to be able to relate more closely to the inner feelings of those students who sometimes feel left out and different from the others," said instructor Deborah Atkinson.

Atkinson gave each individual an IQ test that consisted of questions from 12 different cultures, so the future teachers would realize how biased IQ tests could be to a person with a disability.

Jennifer A. Robinson, a junior from Pikeville, had the chance to experience the reading disorder, dyslexia.

"The test was really hard for me to take, some of the words were missing, and I realized what it was like for someone who really had this disorder."

A video was presented to the class called *American Tongues*. Atkinson said this video would show how biased others are to one's dialect.

Kenneth Bradley, senior from Eastern, had the opportunity to experience total blindness. "I adapted to my disability quickly," said Bradley. "I could hear more distinct sounds around the room and outside the building. In my mind, I could picture everything that I listened instead of viewing the objects."

"As a teacher, I would have to accommodate the class better for the student. I would make sure the student had an aide to take notes, have the student take verbal tests (if appropriate and make sure the student has the necessary Braille books," said Bradley.

Barbara E. Williams, a senior from Prestonsburg, experienced the disability of being paralyzed from the waist down. "This activity allowed me to understand the spe-

cial needs of a child being paralyzed. I see reasoning for automatic door openers or a person to help open doors for that child as well as a table to substitute for a desk.

"When I teach in the public

schools, I will accommodate the special needs of all my students and ak my classroom a collaborative and productive environment," said Williams.

## Editorial

This is the third and final Friday the 13th this year. Quite enough, don't you think?

People have been antsy about the number 13 for centuries. Some of the reasons: • The Last Supper was attended by 12 apostles and Jesus Christ, making a table for 13. • A traditional witches coven has 13 members. • 13 is one number beyond the zodiac. • In the Tarot card deck, the 13th card is Death.

Team the 13th with Friday and the fun begins. Throughout the ages, Friday has been considered an unlucky day. It is the day Christ was crucified. Some people argue that the serpent successfully tempted Eve on a Friday. In the old days, Friday was known as "Hangman's Day," the day for public hangings.

Here's another eerie fact — straight from the internet. Based on the Gregorian calendar where a pattern of leap years repeats every 400 years, there are 4,800 months in 400 years and the 13th of the month occurs 4,800 times (whew!), the 13th is more likely to be on a Friday than on any other day. The recurrence is ever so slight — 14.33 percent, as opposed to the 14.31 percent of the time that the 13th appears on a Sunday or Wednesday, 14.27 percent of the time on Monday or Tuesday, 14.25 percent on Thursday or Saturday.

If you are particularly bothered by Friday the 13th, you may be suffering from triskaidekaphobia, a 50-cent word for the fear of the number 13. Actually, it means the fear of three and 10: treis=three, kai=and, deka=10. (Thanks to Ryan

Elliott, who knows just about everything, or at least where to find it on the net.)

At any rate, have a nice day. — Pam Shingler

### WASTE NOT, WANT NOT

Sunday has been proclaimed America Recycles Day to remind us of the need to stop wasting so much and to begin to conserve what we have through recycling.

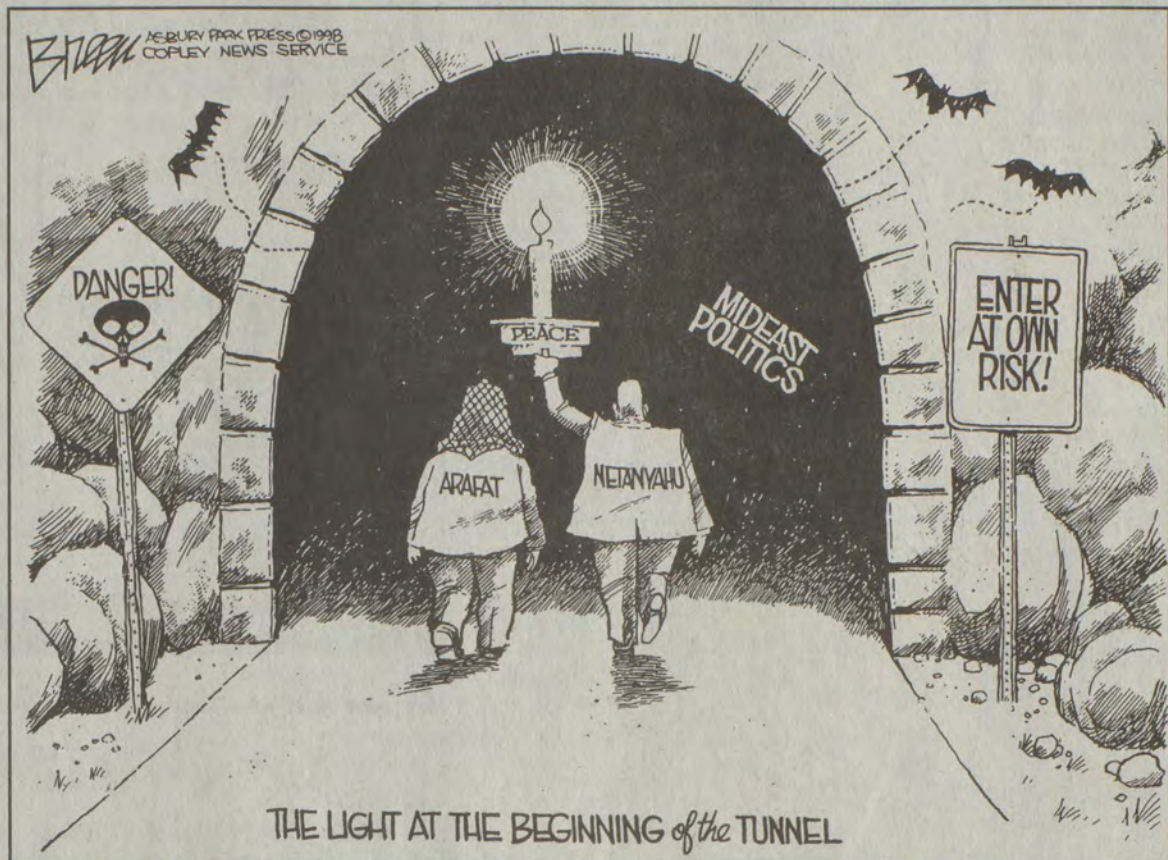

This is a subject that can be approached two ways:

## Triskaidephobia, anyone?

First, we can re-use as many goods as possible. Our ancestors knew how to do this, and we would be wise to follow their example. Put your fallen leaves around your flowers and on your garden plot instead of in garbage bags bound for the dump. Do the same with vegetable scraps from the table. Put your old newspapers in the Times' recycling bin behind the building. Push for our governments to become enlightened and creative enough to provide us with a way of recycling goods such as plastic, glass and metal.

Second, when you're buying goods, if possible, choose the items that have been recycled. Read labels and look for the recycled symbol. The Times, by the way, is printed on recycled paper.

Don't litter. Do recycle. Let's try to save the earth. — Pam Shingler

## Letters to the Editor

### THE OTHER SIDE OF TOWN BRANCH BRIDGE

Editor:

I was amazed that the Prestonsburg City Council would fight a new exit and entrance to their city. Money has already been appropriated to build the Town Branch Bridge which serves the people of Town Branch, as well as a short cut from U.S. 23 to downtown Prestonsburg.

One council member stated it would be an inconvenience because he lived in the area of the bridge, and traffic would increase. I don't suppose he stopped to think about the inconvenience it causes the people of Town Branch as well as the many people from out in the county that use the bridge as a short cut from U.S. 23 to Prestonsburg.

Naturally, traffic would increase, but if he doesn't want traffic, then I suggest he purchase some land in the head of a hollow and put up a private property sign.

The proposal to build the bridge to connect to KY 1428 would go all the way back to the planning stage

and take years to complete. This is a tactic putting off the issue, and it will go away.

I would like to suggest the bridge be built in same location as the old bridge. No one's property would be affected by this.

Since \$3 million has already been appropriated, the money should be spent to replace or repair the old bridge on schedule. The bridge is scheduled to be replaced next year. It seems a shame to turn down a \$3 million bridge just because it inconveniences a couple of city council members.

If you agree that this bridge should be replaced or repaired in the same location, please contact your local and state officials and let them know.

By building the bridge in the same location, we could avoid inconveniencing any property owners on the Prestonsburg side of the bridge.

## COMMENTARY

### HOW I LEARNED ABOUT FRANKFORT'S CULTURAL PATERNALISM

by Robert Perry

Let me introduce myself. I'm an English professor, and since the fall of 1989, I have taught English at Prestonsburg Community College. I'm a native of Nebraska, and have degrees from the University of Nebraska and the University of Colorado. My hobby is local history, and my book about Jack May, Floyd County's Confederate hero, was recently published by Overmountain Press.

Though I'm not a native of Kentucky, I have well-developed nesting skills, and since coming to Floyd County, I have developed a strong attachment to the place and to the people who live in it, as well as a strong interest in its extraordinary history.

From 1992 to 1997, I served as president of the Friends of the Samuel May House, an organization I helped found. Floyd County's most important Civil War landmark was restored in 1997 by the City of Prestonsburg, using a grant our organization made possible.

My work on the May House project has brought me into contact with a number of Frankfort's most influential people.

For example, I worked closely with David Morgan of the Kentucky Heritage Council and James Klotter of the Kentucky Historical Society. Before I

go any farther, I want to make it clear that my remarks about Frankfort paternalism are not directed at them.

On the contrary, they both have my highest respect. Indeed, it was David's influence, more than anyone else's, that helped my group obtain the grant that allowed the city to restore the house.

I have no quarrel with Morgan or Klotter. The people I do have a quarrel with are the people who run the Kentucky Highway Marker Program.

In June 1997, I submitted an application for a historical highway marker for the Samuel May House. In my application I suggested that the marker carry the following text:

"Built in 1817 by Samuel May (1783-1851), this is the oldest brick house on Big Sandy. Bricks used in its construction were manufactured at the site. Samuel's 350-acre farm, with its steam-mill, was used as recruiting post by Confederates during Civil War. The house was restored in 1997 by City of Prestonsburg and Friends of Samuel May House, Inc."

Staff members of the Kentucky Highway Marker Program spent nearly a year reviewing my application. Then, on May 22, 1998, I received a letter from them saying that "additional research was done, and a text has now been written."

Editor

Sometimes I think God made traffic to teach me patience. But so far, it hasn't worked.

I don't dare make this confession to my friends who live in big cities, but if there are more than 10 cars at a traffic light — on both sides — I get unnerved. I guess that's a sure sign I've turned into or reverted to a country person.

I've been unnerved quite a bit lately with the construction on KY 114 of the left turn for the new post office. I go through the snarl two to four times a day. I'm convinced that many drivers forget how to drive while they sit waiting for the light to change. The red turns to green and they're going, "Whoa! Which pedal was it I pushed to make this baby go?"

### Queen of the road

If it's not amnesia, then it has to be that they've nodded off and are nudged awake by the horns of the cars behind them. They manage to rouse themselves enough to chug slowly through the light on yellow, successfully keeping anyone else from getting through.

Or perhaps they simply become mesmerized by the machinery that's right there beside them, close enough to touch if your arm was just a little bit longer. Particularly charming is the little machine used to pack down the earth. It seems like a handy tool to have if your lawn's uneven, which is the norm for most of us around here.

Maybe that's what the drivers are thinking of as they sit daydreaming while the light goes green to yellow. If you're in one of the cars behind, you realize you're going to sit through another light.

My advice to the dawdlers: remember where the gears are, wake up and stop dreaming. The green light means go. While you're finding the right gear five of us could have gotten through.

I've never liked traffic. When I lived in Atlanta — way before it became the snarl monster it is today — I found an apartment five blocks from work so I could walk and not have to wrestle every day with the traffic that ties up the city like kudzu.

I took public transportation to the shopping centers and, since I was already downtown, it wasn't hard getting to shows, restaurants and the Omni where the Hawks played. When I went out of town on my job (back when I had a life), I simply took a cab to the airport.

Most of my friends lived in the suburbs, so I pored over city maps to find the easiest back streets to get to their homes without subjecting myself to the frustration of getting on the infernal interstates.

I became an inveterate map reader, and, to this day, I regard every journey as a challenge, a mental game, if you will, to find the quickest route with the fewest vehicles.

It's not that I'm not a good driver or that I'm afraid to drive. I know I'm a competent driver and I have driven superhighways and one-lane hillside roads successfully.

It's just that I begrudge other people being on the same road. I'm ashamed to admit it, but it's the truth.

I'm trying to do better. Two speeding tickets on US 23, shortly after it was completed in this area, forced me to slow down. I got several warnings when I was younger, but the face of innocence has become tainted and the tickets, cum fine, are much more threatening.

I have just about succeeded in convincing myself I don't always have to be the lead car. It's ever so hard, but I am learning that it's all right to be passed, that I

## Letters to the Editor

Letters to the Editor are welcomed by The Floyd County Times.

In accordance with our editorial page policy, all letters must include the signature, address and telephone number of the author.

The Times reserves the right to reject or edit any letter deemed slanderous, libelous or otherwise objectionable. Letters should be no longer than two type-written pages, and may be edited for length or clarity.

Opinions expressed in letters and other voices are those of the authors and do not necessarily reflect the views of the newspaper. Send letters to: The Editor, The Floyd County Times, P.O. Box 391, Prestonsburg, Ky. 41653.

# Commentary

(Continued from page four)

In other words, staff members had vetoed my text and replaced it with one of their own. I read their text and noted the changes which they had made. Most of them I didn't like, but at that point in time, I was so weary of the long application process that I decided to accept them. To have done otherwise would have delayed the installation of the marker for another year.

Their version, which is now cast in bronze on our newly-installed marker: "Built in 1817 by Samuel May, this is the oldest house in Prestonsburg. It was constructed of bricks manufactured at the site. The 350-acre farm, with its grist mill, was a recruitment and supply post for Confederates during Civil War. The house was restored in 1997 by the City of Prestonsburg and Friends of Samuel May House, Inc."

Evidently the experts who worked on the application decided that my claim that the May House was the oldest brick house in the valley was a dubious one. They decided on "the oldest house in Prestonsburg."

This is cultural paternalism, folks. Who do these people think they are? Who has given them permission to rewrite the history of Eastern Kentucky?

In my neck of the woods, it goes without saying that the history of a particular region belongs to the people who live in that region. It definitely doesn't belong to government officials who live in another region.

I have a Ph.D. I am a trained researcher, and I have devoted five years of my life to researching the history of the May House and the man who built it.

In the course of my research, I reached the conclusion that the May House is indeed the oldest house in the Big Sandy Valley. The people I interviewed during my research, people like historian John B. Wells III of Paintsville, the late Chalmer Frazier of Prestonsburg, and the late Woodrow Burchett of Cow Creek, all agreed that the claim was justified.

There are two supports for the claim. First of all, we have indisputable proof, in the form of deeds

and entries in ledgers, that the house was built in 1817.

Second, we know that in 1817, Prestonsburg was the only platted town in the entire valley. Cadletsburg wasn't platted until 1849 and incorporated until 1858. Louisa wasn't surveyed until 1822, and the initial survey for Pikeville wasn't done until 1824. Paintsville wasn't founded until 1834, 17 years after the May House was built.

Furthermore, as any student of Eastern Kentucky history can tell you, Floyd County was the mother county of all the counties in the Big Sandy region, and once covered the land now occupied by Pike, Martin, Johnson, Morgan, Magoffin, and Knott counties, as well as parts of Rowan, Lawrence, Wolfe, Elliott, Perry, Breathitt and Letcher counties.

Are the experts at the Highway Marker Office aware of the fact that in 1817, Prestonsburg, was the only town in the entire valley?

My book about the May House, *The Oldest House in the Valley*, was published in 1993. Since that time, no one has come forward to contest the claim asserted by the book's title.

If anyone has documentary proof that the May House isn't the oldest house in the valley, let him speak now or forever hold his peace. I do hereby invite any citizen of the Commonwealth who contests my claim, to come forward and make his case.

But even if it could be established that there is another brick house somewhere in the valley which is older than the Samuel May House, there is no reason on God's green earth why the people of Floyd County should not be allowed to make this claim. For heaven's sake, Frankfort, this is a matter of local pride. Who do you think you are, to try and deprive us of our local pride?

In Nebraska, where I come from, expressions of local pride are viewed with approval. Every town in Nebraska, no matter how small, has some marvel that it likes to boast about. In Kentucky, however, as this story illustrates, expressions of local pride are viewed with suspicion and

mistrust. At any rate, that is the lesson that this experience has taught me.

Let me give you another example. Like most other roadside markers, the Samuel May House Marker carries two distinctly different texts. On its reverse side, it gives a brief biography of Samuel May. The text which I submitted in my original application reads as follows:

"Son of Revolutionary War veteran John May and Sarah Phillips May, who pioneered on Shelby Creek in 1800, Samuel settled in Prestonsburg around 1807. In 1818 he was awarded the contract to build the county's first brick courthouse. Elected to State Senate in 1835, he led the fight to build the Mount Sterling-Pound Gap Road, the first state road through Eastern Kentucky. He died in the California gold fields in 1851."

Of course, the cultural czars didn't like this text either, so they revised it as follows:

"Son of Revolutionary War veteran John May and Sarah Phillips May, Samuel settled in Prestonsburg around 1807. Commissioned to build county's first brick courthouse in 1818. Elected state senator in 1835, he proposed improving a critical road in eastern, Ky., the Mt. Sterling-Pound Gap Road. He died in California during gold rush.

The altered version is notably inferior to the original version in several respects. For one thing, it contains a sentence fragment. Another thing that cheapens it and makes it less dignified is the fact that three words have been abbreviated. "Mount Sterling-Pound Gap Road" has been abbrevi-

ated to "Mt. Sterling-Pound Gap Rd."

But perhaps the most important change, from the standpoint of cultural paternalism, is the fact that "Eastern Kentucky" has been changed to "eastern Ky."

What on earth is wrong with capitalizing the "E" in "Eastern Kentucky?" What possible objection could anyone have to this particular usage? Any English teacher can tell you that names of geographical regions are customarily capitalized.

Bureaucrats behave in very puzzling ways. What accounts for this weird phobia regarding capital letters? After scratching my head about this, I finally decided that there is only one possible explanation. Are you thinking the same thing I'm thinking? Yes, you are! I can hear you laughing. Evidently Frankfort's cultural czars are afraid that we Eastern Kentuckians are getting too big for our britches. Therefore, they have seized the opportunity offered to them by this little roadside marker and are trying to teach us a lesson in humility. They are evidently trying to tell us that we are lower-case Kentuckians, not higher-case ones.

I hate to say it, Frankfort, but everything people say about you is true.

Speaking as an English professor, I want to take this opportunity to encourage everyone in Eastern Kentucky to make it a regular habit to capitalize the "E" in Eastern Kentucky. Every chance you get, capitalize that "E." And as for you, Frankfort bureaucrats, if this be treason, make the most of it!

He's not "wimpy",  
I've told him so,  
Fate just dealt him,  
the BIG 5 - 0!!!

### THE WEEK AHEAD...

### NATIONAL SUMMARY

A strong storm system will cross the nation during the time period. Moisture from the storm will range from snow in the Rockies and Plains to heavy rain in the East. High pressure is expected to keep the Great Basin cool and dry. Mild weather will cover the Great Lakes and Ohio Valley. High pressure will keep the Northeast cool and dry while warm weather covers southern Florida.

### THE WEEK AHEAD...

# PostScript

(Continued from page four)

will get there almost as soon as the one who passes me.

Still, I am unnerved by people who won't get in the right lane when there's a passing lane, by a coal truck that tries to pass another truck going up a hill (East Kentucky roadblock, someone has called it), and by people who leave a turn signal on long after they've turned so you don't know if they're really going to turn again or they're just unaware.

I also wonder why some drivers refuse to go more than 30 miles an hour in a 55 zone. What they succeed at, often, is annoying the drivers behind them into taking foolhardy chances. (I'm trying to get over that, as well.)

I wonder, too, why some people, no matter how fast you go, insist on riding your back bumper. I am always tempted to slam on the brakes so they'll plow into me, but I figure I'll be the one who is paralyzed for life as a result.

If I ever win the lottery, I intend to hire a chauffeur, no matter how pretentious and wasteful — and counter to what I say I believe — it sounds. But it would make me so much happier.

I could read, watch TV, write, take a nap, whatever, and let someone else cope with the driving, with the combat on the road. I could forget about the patience lessons and do something more productive and enjoyable.

# National crackdown on drivers who don't buckle up children

Last May, 16-year-old Jana House heard a radio announcement about the Operation ABC Mobilization, a nationwide effort to protect children by cracking down on drivers who don't buckle children. So, she decided it was time that she and her two younger sisters buckled up.

Three minutes later, a truck turned into her car, causing a crash that could have been fatal had they not heeded the radio message. Drivers who don't buckle up children will be stopped and ticketed. No exceptions. No excuses.

Jana and her sisters were three of the more than six million additional Americans who buckled up because of the week-long crackdown last spring. And, the Memorial Day weekend death toll dropped by more than 35 percent from the previous year.

On the heels of this success, tens of thousands of law enforcement officers from all states will again conduct the Operation ABC Mobilization, this time over the week of the Thanksgiving holiday.

"People don't understand that crashes are the leading cause of death to children, so they let kids ride unbuckled and unprotected," said Chief Ron Neubauer, president of the International Association of Chiefs of Police.

"The possibility of being stopped and ticketed is one method to motivate adults to protect their kids and always insure that they use appropriate seat restraints," he said.

With the official support of more than 1,000 civic, corporate and advocacy organizations, more than 5,000 law enforcement agencies will, for the second time this year, conduct child safety checkpoints, saturation patrols and/or focus on child passenger safety violations during routine patrols throughout the week of November 23-29.

Officers also will be looking for adult belt law violations, since mounting research that adult belt use is the strongest predictor of child restraint use.

Despite the fact that the majority of Americans understand the benefits of seat belts and child restraints, and 49 states have a mandatory belt use law, only 69 percent of adults and only 60 percent of children are buckled up. "Each year, six out of ten children who die in crashes are unbelted. Nearly half of them would have survived if they'd been properly restrained," said Janet Dewey, executive director of the Air Bag and Seat Belt Safety Campaign. "Far from trivial, this is tragic. The Mobilization works to increase seat belt use and saves lives."

The November 1998 Operation ABC Mobilization: America Buckles Up Children, sponsored by the Air Bag and Seat Belt Safety Campaign in cooperation with the Department of Transportation and the National Highway Traffic Safety Administration, is part of the Buckle Up America

Campaign—an ongoing national safety initiative to increase seat belt use and save the lives of Americans.

For more information, call (202) 625-2570 or visit the web site of the Air Bag and Seat Belt Safety Campaign ([www.nsc.org/airbag.htm](http://www.nsc.org/airbag.htm)) or the National Highway Traffic Safety Administration ([www.nhtsa.dot.gov](http://www.nhtsa.dot.gov)).

## Crashes: No. 1 killer of kids

• Traffic crashes are the leading cause of death and injury to children of all races, ages 0-15.

• There are one-third fewer fatalities to children who ride properly restrained in the back seat.

• Seat belts increase the chance of surviving a crash by nearly 45 percent. Child safety seats, properly installed, reduce the risk of death by 69 percent for infants, and 47 percent for toddlers.

• Studies consistently show that the best way to get children buckled up is to get drivers buckled up. A study from the University of California, Irvine, published in the journal *Pediatrics* found a buckled driver was three times more likely to buckle a child.

• For air bag safety, remember the following ABCs:

Always slide the seat back—and sit back!  
Buckle everyone!  
Children in back!

# COMMUNITY CALENDAR

## Calendar items will be printed as space permits

Editor's note: As a service to the many clubs and committees that meet in our community, The Floyd County Times' Community Calendar will post meeting and public service announcements. Articles for the Community Calendar must be submitted in writing to The Times no later than 5 p.m. Monday for Wednesday's publication or 5 p.m. Wednesday for Friday's publication. These cannot be taken over the telephone.

### Fall festival

Wesley Christian School and Christ United Methodist Church

will sponsor a fall festival, Friday, November 20, from 6-9 p.m. in the Wesley Christian School gymnasium, Allen. There will be lots of food, fun, games, door prizes, fellowship and a pie and cake auction.

### South Floyd Center provides recreation

The South Floyd Youth Service Center is providing recreational activities before school and during lunch periods. The center is sponsoring several guest presentations.

The center has a One Stop Career Station satellite. This is available to the community, as well as to the students. It is open Monday through Friday, from 8 a.m. to 3 p.m.

Adult education classes are also

taught at the center.

The center is located on South Floyd's campus in room 232. For more information about activities there, contact Keith Smallwood or Mable Hall at (606) 452-9600, ext. 145 or 158.

### McDowell Diabetes support group

The second monthly meeting of the McDowell Diabetes Support Group will take place Tuesday, November 17, at 6 p.m. in the Tackett Complex across the street from McDowell Appalachian Regional Hospital. The support group is free and all diabetes are urged to attend. For more information, please call 606-377-1088.

The Professional Risk Reduction Center is sponsoring a Smoking

Cessation Workshop on Thursday, November 19 for the Great American Smokeout. The workshop is free for persons wanting to quit smoking and improve their overall health. The workshop will begin at 6 p.m. in the Tackett complex across the street from McDowell Appalachian Regional Hospital. For more information, please call 606-377-1088.

### Health Fair

The Floyd County Area Technology Center (formerly GAVEC) and the Floyd County Health Department will sponsor a health fair November 20, from 11 a.m. to 1:30 p.m., at the technology center, Martin. For information, call Annette Harris at (606) 285-3088 or Kimberly Hughes at 886-2788.

## Audit approved for PHA; rent ceilings increase

by Willie Elliott  
Staff Writer

At Wednesday night's Prestonsburg Housing Authority (PHA) meeting at Green Acres, Jackie Slone, a representative from the accounting firm Slone and Sumpter, was late, but the message was well worth the delay.

Slone commended the housing authority for its meticulous record keeping. She said her firm did find one instance where the housing authority's records did not agree with those of the US Department of Housing and Urban Development (HUD). She said this is common and the mistake probably is in HUD's figures.

Other than that, she said the audit was easy to do because all controls were in place. "We had to write a letter to explain how good the controls were," said Slone.

Board member Paul Nunn asked Brenda Harris, director of Prestonsburg Housing Authority, to see what she could do to get the two balances reconciled.

Slone told the board the two different balances had no bearing on the financial statement of the PHA.

The board accepted the raise in ceiling rents which will become effective Dec. 1. A ceiling rent is the highest amount charged a tenant for a particular apartment. The highest rate increase was \$19 for a four-bedroom apartment. The rent went from \$553 to \$572. Prices for smaller-sized apartments were also raised with an efficiency unit going from \$254 to \$262 per month.

The board also approved the new electrical allowances which will become effective Dec. 1. The amounts allowed range from \$23 for a one-bedroom apartment to \$34 for a four-bedroom apartment. Units with electrical ranges have a slightly higher allowance with a one-bedroom having a \$27 allowance while a two-bedroom unit has an allowance of \$31.

Deputy Director Rhonda Burchett said the Halloween party for the housing sites was a great success. "Next year we plan to have a parade with all the children in their costumes," said Burchett.

The board approved repair work that is scheduled for Indian Hills.

The Prestonsburg Housing Authority has three sites: Green Acres, Dixie, and Indian Hills.

## HELP WANTED

Floyd Wallen, 69, died Saturday, October 31. He is survived by his wife, Lois Williams Wallen. Funeral services were conducted Monday, November 2, under the direction of Preston Funeral Home.

# MAYO MOMENTS

by Linda Lyon  
Public Relations

## Mayo Prepares to Meet the Public

Mayo Technical College will be on WSIP's Talk of the Town on December 7 at 6 p.m. This will be your chance to chat with us and hear first hand some of what is happening on our campus. I would like to hear from you prior to the show. Email me at [HYPERLINKmailto:linda.lyon@kctcs.net](mailto:HYPERLINKmailto:linda.lyon@kctcs.net) and tell me who you would like to hear from on the show. I would like to encourage you to call in while we are on the air and discuss your concerns and questions.

The City of Paintsville and the surrounding area has always supported Mayo Tech. We have partnered with many of the businesses here to better prepare each year's additions to the workforce. The banks, hospitals, government officials, hotels, motels, recreation agencies, civic organizations, doctors, lawyers, social agencies, newspapers and radio stations are just a few of those who contribute time and services every year to serve on our boards and committees, contribute through scholarships and grants, advise and assist with projects and events and just generally work together with us providing this valuable service to the people of eastern Kentucky. We would like to take this opportunity to thank them for their efforts on our behalf. They understand so well that by helping us provide a quality education for our students, they ultimately help themselves by providing better-prepared individuals for work in their offices and establishments.

We are working on an open house project here at Mayo. I encourage you to watch this column for news about that as it develops.

This week I want to spotlight one of our partners-The Paintsville City Police Department. Like any agency with many activities going on, we are sometimes a target for theft and vandalism. Over the years the City Police Department has worked with us to patrol and protect our campus. They make regular and routine checks of our buildings and parking lots on evenings and weekends. Anyone observed on campus after normal working hours, without proper staff identification is subject to questioning. Any problem or question the police have is referred immediately to our administration and/or processed as a police issue. This helps keep us safe and the cost of providing an education for our students affordable. We thank you "Paintsville City Police" for your assistance.

Remember, now is the time to apply for the winter semester. We

will be registering in December for January's enrollment. Come in today and talk to us. Our entrance test is given every Monday and Tuesday at 8 a.m.

## Mayo welcomes to its campus a new international student

Kim, Young Kil, a graduate of Young Nam Industrial College in Korea is a new Electronics student at Mayo. Young Kil comes to us from a small town in Korea near Seoul.

This is the photo of Gary K. Coleman, Director of Mayo Technical College (on left) and Kim, Young Kil, International Student at Mayo.

Mayo offers programs of study that I am sure have comparable matches at other colleges around the United States. So I asked Dr. Cho, who brought Young Kil to us, why he chose to come to us from so far away. He answered, "I want him to see America from a place where people are real." I think that makes a powerful statement about eastern Kentucky. What you see here is what we are.

Here at Mayo we offer a nurturing environment to all of our students. We have had other international students but we treat them no different than the rest of the student population on our campus, with the exception of some language development. Our last two students from Korea now have profitable careers back in their homelands. Both are successful businessmen. One owns a major hotel in Seoul and the other is an owner/executive in a retail business. We hear from them from time to time. They have many good things to say about their tenure on our campus.

Electronics is a field of study much in demand in countries like Korea. The electronic age is just awakening there, and those who are proficient in electronics can assure themselves of a skyrocketing career. Of course, the United States also needs professionals skilled in this field. Whether you are interested in computers, manufacturing, communications, robotics, or anything that requires electronics to make it "go," there may be a future for you in this field. If you are interested, come in and talk to us about your interests and needs. We can help steer you in the right direction.

Don't forget to visit our webpage for information at [HYPERLINK http://www.mayotech.org](http://www.mayotech.org)

Mayo will host

## open house

Mayo will be hosting an open house this year on December 14 from 4-7 p.m.. We will offer "mini sessions" to the public on different aspects of training offered at Mayo. You can participate in or watch demonstrations and/or hands on training in selected skills. These sessions will be campus wide. I will have more information as we get closer to the event but wanted to give you a "heads up" early so you can mark your calendar. We are very excited about this open house because it will be different from any we have had. The opportunity for you, the public, to come and

the sessions that we will offer.

Fall is here and once again we turn our thoughts toward Thanksgiving. I am reminded constantly by people who email me, write letters or see me in a mall or restaurant, just what Mayo has meant to them. It is gratifying to listen to someone relate how thankful they are for the start they got on careers and fulfilling lives by attending Mayo. There is a registry on the Mayo Website ([HYPERLINK http://www.mayotech.org](http://www.mayotech.org)) where people can give us their comments or just say, "I went to Mayo!" I invite you to drop by the Webpage and sign our book. Let us know when you went to school here or if some of your families are Mayo alumni.

Did you know that Mayo keeps a huge scrapbook of events, news, pictures and memorabilia in the lobby of our administration building? Be sure to come by and browse through it when you attend our open house. We will also try to have other pictures and "remembrances" available for your viewing pleasure.

I want to mention to you that now is the time to start applying for fall enrollment. We have openings in most of our programs, but they will fill up fast as December approaches. We will register on the morning of December 14, the same day as the Open House. You

need to come in, take the entrance test or bring in ACT scores, fill out an application and apply for financial aid if you need it NOW! Don't wait until the last minute. Call us today at 789-5321.

**COUPON**

**FREE HEARING TESTS**

will be given in Floyd County by

# OBITUARIES

## Silas Steele

Silas Steele, 71, of Grayson, died Tuesday, November 10, 1998, at Carter Nursing and Rehab Center.

Born April 17, 1927, in Lawrence County, he was the son of the late Clabe and Flosie Edwards Steele.

He was retired from the timber industry, a truck driver, a U.S. Army veteran, and a member of the Maranatha Bible Church.

Survivors include his wife, Phyllis Boggs Steele; one son, Zachary C. Steele of Prestonsburg; and three grandchildren.

Funeral services were Thursday, November 12, at 11 a.m., at the Malone Funeral Home, with Ronnie Graves officiating.

Burial was in the Webbville Community Cemetery.

## Olive Rose Turner Hall

Olive Rose Turner Hall, 76, of McDowell, died Monday, November 9, 1998, at the University of Kentucky Medical Center, Lexington.

Born January 26, 1922, she was the daughter of the late Thomas Jefferson Turner and Bertha Hall Turner.

She was a retired teacher. She taught at the McDowell High School and grade school for 35 years. She was a member of the Kentucky Retired Teachers Association and a charter member of the Left Beaver Regular Baptist Church.

Survivors include her husband, Elder Adrian Hall; two sons, Rickey T. Hall of Clay City and Don Hall of Huntington, West Virginia; two daughters, Sandra Stevens of San Diego, California, and Karen Sexton of Paris; three sisters, Virginia Hall of Weeksbury, Ruby Pack of Mt. Sterling, and Connie Crissman of Amelia, Ohio; eight grandchildren and one great-grandchild.

Church service will be held Friday, at 6 p.m., at the funeral home.

Funeral services will be Saturday, November 14, at 11 a.m., at the Hall Funeral Home Chapel, with clergymen John P. Church, Darrell Bates, Paul Turner and Gerald Hopkins officiating.

Burial will be in the Lucy Hall Cemetery at McDowell, under the direction of Hall Funeral Home, Martin.

Serving as pallbearers will be Travis Sexton, Evan Hall, Jeff Zevely, John Howlett, Duane Stevens and Donald Sexton.

## Belva Nelson

Belva Nelson, 92, of Blue River, died Wednesday, November 11, 1998, at Riverview Nursing Home of Prestonsburg, following an extended illness.

Born March 29, 1906, in Floyd County, she was the daughter of the late Talt and Nan Dingus Webb. She was a member of the Middle Creek Baptist Church.

She was preceded in death by her husband, Crow Nelson.

Survivors include one son, Crow Jr. Nelson of Huntington, Indiana; five daughters, Josephine Moore of Servia, Indiana, Betty Ort of Krumwell, Indiana, Stella Sheets of Florida, Doris Shepherd of Blue River and Ethel Hill of Muncie, Indiana; two sisters, Estel Brown of West Prestonsburg and Mae Slone of Michigan; 41 grandchildren, 48 great-grandchildren and eight great-great-grandchildren.

Funeral services will be Friday, November 13, at 11 a.m., at the Middle Creek Baptist Church at Prestonsburg, with Vernon Slone and Bethel Bolen officiating.

Burial will be in the Slone Cemetery at Buckeye, under the direction of Nelson-Frazier Funeral Home, Martin.

## Marvin C. Conley

Marvin C. Conley, 82, of Louisville, died November 10, 1998, at St. Matthews Manor Nursing Home in Louisville.

He was a native of Floyd County and the son of the late Kelley B. and Hattie Crisp Conley. He was a retired employee of Greyhound Bus Lines, and was an Army veteran of World War II.

He was preceded in death by his wife, Wanda M. Conley.

Survivors include his son, William Z. Conley of Louisville; one brother, Grover B. Conley of Commercial Point, Ohio; three sisters, Evelyn York of Oak Hill, Ohio, Janice Landrum of Zanesville, Ohio, and Wilma Lafferty of Ypsilanti, Michigan; six grandchildren and eight great-grandchildren.

Funeral services will be Saturday, November 14, at 10 a.m., at the Ratterman Funeral Home in Louisville. Burial will be in the Resthaven Memorial Park Mausoleum.

# Hair stylists 'cut up' for charity

by Janice Shepherd  
Managing Editor

second wish is for a trip to Disney World.

The Dream Factory has fulfilled the dreams of several children since the local chapter was opened in Prestonsburg in March. The office was recently recognized as the outstanding local chapter in the organization because it has granted the wishes of so many children.

"You've done more for the kids than any other chapter since you've been in operation," Dennis Heavrin, who heads the national Dream Factory organization, told Blackburn in the plaque presentation.

The Dream Factory has brought smiles to the faces of at least 13 local children since March.

"I want to see them getting away from their troubles, their pain for a little while," Blackburn said. "You can't look at the money unless you look at it putting a smile on a child's face. It takes a lot to fulfill a dream, but we've been lucky so far. Things have been donated."

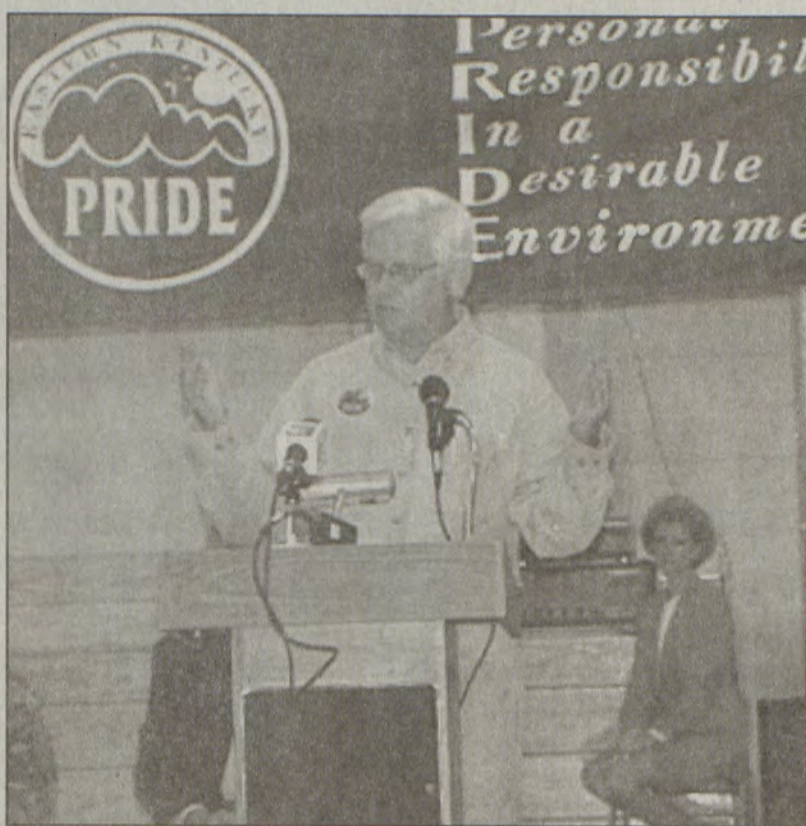

Just recently, the Dream Factory sent Salyersville resident Brandon Howard, his parents, his brother and his grandmother to Disney World. The arrangements were made through the Dream Factory's national headquarters in Louisville.

The Dream Factory is also working to raise funds to grant the dream of Floyd County resident Mandy May, who was seriously injured in an automobile accident just before Christmas last year.

Mandy wants to go on a Disney

cruise. She'll spend four days on the cruise and then three days in Disney World.

To contribute to the Dream Factory, whether through monetary donations or through volunteer efforts, call 889-0707.

### Good news for Allen residents

US Rep. Hal Rogers addressed guests and students at Allen Elementary School Monday about the importance of good water and sewage systems for Eastern Kentucky. Rogers was in the area to sign an agreement between the US Army Corps of Engineers and local officials to proceed with the \$4.3 million sewer project to serve the City of Allen. (photo by Willie Elliott)

## LIFE AT KASEP

By: Kyra Michelle Osborne

This past summer I spent five weeks at the University of Kentucky participating in KASEP. KASEP is the Kentucky Appalachian Science Enrichment Program. It is a camp for incoming sophomores, especially those who want to go into the medical field. Fifty students are chosen from the Appalachian area.

During these five weeks, you are lectured by college professors and other instructors. The lectures last about four hours, but it doesn't feel that long because what they have to say is very interesting. We were also taken on field trips. We were taken to Chi Chi's, Olive Garden and Szechuan Gardens. They wanted us to get a taste of foods from different cultures. Our group went to Waveland, which was very interesting. We also went to the Lexington Bluegrass Airport and were taken on an Aviation tour. We went to four different colleges, Kentucky State University, Eastern Kentucky University, Berea College, and Georgetown College. We were also taken on tours of the Toyota Plant, Entomology Lab at UK, William T. Young Library, Arboretum, the Kentucky Horse Park, Cincinnati Museum, Mammoth Cave, and Abraham Lincoln's birthplace. We also went to see a play entitled "The Legend of Daniel Boone."

We learned about physiology, how to measure your heart rate and blood pressure, and to monitor human performance under Dr. Richardson. Dr. Randall taught us about the heart and

heart disease. We learned what the factors of heart disease are and how to minimize the risk of getting heart disease. Dr. Frazier taught us about neurophysiology and muscle physiology. Under Dr. Frazier we were given a neuroscience case study. We had to determine a diagnosis for the person. That was a lot of fun.

We stayed in dorm rooms on UK's campus. This helped us to learn a little bit about what college will be like. When we got to UK, we didn't know who our roommates would be. The coordinators of the program chose our roommates for us. They chose a person that was most like us. My roommate was just like me and we got along great. We also got to do other activities such as going to the Cincinnati Zoo, the movies, bowling, swimming, Six Flags Kentucky Kingdom, and a Cincinnati Reds baseball game. We were also given stipends which totaled \$250.

During this time I spent at UK, I learned many things. I learned how to grow up fast and learned a lot about science. I am really glad that I chose to go to this program. It has really benefited me and I know it will benefit me in the future. I met a lot of people my age there and I will never forget them. At camps like this you build neverending friendships. I am glad I was given the opportunity to go to this camp. If I had the chance to go to another program like this one, I would never pass it up. It is worth every minute.

DUSTIN LITTLE

## CENTRAL FINANCE

### CENTRAL FINANCE

The school bank at Allen Central High School is designed to promote the education of high school students about the general loan operations of a bank. It gives the student bankers both an academic and "hands-on" experience of how part of a bank operates. The Student Bank also promotes responsibility, integrity, and maturity in the individuals who operate it. The mission of this bank is to educate students about how a bank operates and to provide loan and deposit service to the student body.

The student bank at Allen Central, Central Finance Bank, is operated solely by students who are enrolled in the class, Banking and Financing.

Each student in the class submitted an application and resume to its sponsor, Star Bank of Martin, specifying the position in which he/she is interested.

Later, interviews were set up at the convenience of Star Bank. Representatives from Star Bank came to Allen Central and gave the students interviews, positions were filled for Central Finance Bank. The representatives from Star Bank were Ross Gibson, Brenda Merrion, Tina Mills, and John Heirs.

Later, the students arranged to go to Star Bank in Martin to job shadow. Job shadowing is the process of actually being a real employee's "shadow" to see how they do their specific duty. The students also asked questions that they thought would be helpful in to apply to their position in Central Finance Bank.

Overall, the process of running Central Finance Bank has and is helping each student learn more and to develop skills in the job area.

## THE MOUNTAIN ARTS CENTER AND FLOYD COUNTY STUDENTS

By: Stephanie Sexton

As a child, I loved to play the piano, sing and dance. In grade school I had the chance to perform with the Kentucky Opry Jr. All Stars. This is where I met Miss Billie Jean Osborne, founder of the Mountain Arts Center (MAC) and the Kentucky Opry. Being in the All Stars also allowed me to meet Chris Lafferty, the one person who is responsible for my continued interest in piano.

I started taking piano lessons when I was 5 years old. I took them for 8 years under several different instructors. When I found out that Chris would be offering piano lessons I gave him a call and began taking the lessons under him when I was 13 years old and continued with lessons for 4 years. Now that I have quit taking the lessons under Chris, I am his co-worker. We teach piano together at the MAC.

Two years ago in October the Mountain Arts Center (MAC) opened up for the very first time. This brought entertainment into Eastern Kentucky. Not only did this bring entertainment but it also brought in jobs. Chris who is also a member of the Kentucky Opry began to give piano lessons at the MAC once it became established.

I ran into Chris while I was out one day and he asked if I would be interested in teaching piano at the MAC. Of course with my love for the piano I agreed to think about. After I talked it over with my parents and they agreed that it would be a great experience for me, I gave Chris a call. Chris spoke to Bob Meyers about me and he wanted to meet with me. I went down to the MAC and met with him on a Friday afternoon and I started teaching piano on that following Tuesday. I am currently teaching 8 students. I really enjoy my job and I hope to continue with it for years to come.

Thanks to the Mountain Arts Center and to my very dear friend Chris Lafferty

## BETA CLUB AT ALLEN CENTRAL

Allen Central Beta Club selected its new officers for the 1998-99 school year.

The officers are: President: Ryan Owens, Vice-President: Penny Moore, Secretary: Chanda Stephens, Treasurer: Jenny Wells.

In past years the Beta Club has done many things for Allen Central. This year we plan to do several more projects for our school and our community. We now have a new committee for Charitable Works. The chairpersons are Jennifer Crisp and LeAnn Turner. We are sponsoring the blood drive at Allen Central during the month of November. For Christmas we plan to do "Toys for Tots" where members buy toys for children in order to give them a more enjoyable Christmas. We also plan to have a "Clean-Up Day" around Allen Central. We will clean up the highway in front of our school and beautify the campus.

As the year progresses, we plan to do more things. We have high hopes for this year's Beta Club and will help as many people as possible. We want to do more projects for the school also. The club will continue to grow and improve as years pass.

Chanda Stephens

LESLIE SLONE

The Governor's Scholar Program was far from what I had expected it to be. I can honestly say I pictured it as a dull and boring five week program that would consist of monotonous book work that would inevitably leave me wondering, "Why did I give up my summer for this?"

Yet, these expectations were quickly shattered when I found that they were 349 other students there that had a lot of the same interests as me. Finally, I had found a group of

people that I could relate to, both academically and socially.

The Governor's Scholar Program enabled me to develop responsibilities which proved to be essential when Mom and Dad were more than 250 miles away: waking up on time, getting to class, and doing my laundry. The program was definitely a valuable venture into the "real world."

Sure, they were times when I wished I could go home, just for one day, but that would be the case no matter where you

were at. Yet, as the program drew to a close, those days of homesickness vanished. I actually dreaded the day that I would have to leave my newly acquired friendships that would last a lifetime.

I really wish I could do it all over again! I really miss all the friends that I made, and all the fun we had together. I would strongly encourage anyone who has the opportunity to be a part of GSP, to do it. It's a decision you won't regret!

## State playoffs...

# Bulldogs next for Blackcats

## Prestonsburg hopes to snap Bulldogs' winning streak

by Ed Taylor  
Sports Editor

In the last two football seasons, coach Chuke Williams and the

Lawrence County Bulldogs have known defeat only once and that came last year when the Bulldogs were shut out by Bourbon County 14-0 in the state semifinals.

This year Lawrence County is unbeaten in 11 games, and tonight the Bulldogs host one of the top teams in Class 2A when coach John Derossett and the Prestonsburg

Blackcats visit in what many see as a top regional matchup.

Williams, one-time head coach at Prestonsburg, has seen his teams win 39 while dropping nine in his tenure at the Louisa school. Although the Bulldogs lost some big timber from last year's team when they won over then-defending state champion Breathitt County, the 'Dogs, have visions of a state championship game in mind this year.

The reason for all the optimism at Lawrence County rides on the shoulders of one "Quick" Nick Meadows, who is one of the state's leading rushers and receivers. Meadows set a school rushing record last year totaling over 2,300 yards on the ground. But that total has dropped off this season as he rushed for 1,902 yards, good for third in the state.

Meadows knows the way across the goal line, having scored 27 touchdowns this season. He is averaging 16.4 points per game.

As a team, Lawrence County is first in team rushing with almost

(See Blackcats, page two)

### A LOOK AT SPORTS

#### Isaac running court for kids

First, I want to wish Jennifer Curnutte the best and hope the old ankle will heal up real quick. I hated to see her sitting on the Adams Middle School

bench during the Right Beaver Classic Tuesday night. Jennifer, hang in there and keep the head up. You will be back soon!

On a brighter note in athletics around the county, it is good to see people like Kathy "Katbird" Isaac on the basketball floor running the court for the kids.

Isaac doesn't care a bit to go up and slap a kid on the back with a word of encouragement after they make a bad play. She is demanding of the kids before the ball is ever thrown up at mid-court. She pulls them together and lets them know what is expected of them on the court as basketball players.

"The kids are the most important part of the game," said Isaac. "That is why we are out there — for them. I want to help them if I can."

Isaac has always contended the game would be a lot better for the kids if the parents would leave it alone.

Isaac starred for the Allen Central Lady Rebels and was one of the pioneers as girls basketball came to Floyd County in the mid '70s. Isaac averaged over 30 points a game and only got to play in her senior year.

Katbird has teamed with Mike Click in calling the Right Beaver Classic and both are doing a great job. When the game is well decided by huge leads, they have a tendency to let the kids play a little more. But in a close game, they are in control.

I appreciate the contribution Katbird is making to the kids in Floyd County. Sometimes we fail to give a pat on the back and announce what a good job someone is doing.

In a time when professional sports is in limbo, the junior pros are fighting for a gym, and all the other garbage that is taking place, it is good to be able to tell of the role Katbird is playing in county athletics. From all in Floyd County, thanks Kathy.

### Courtside With Ed

The grade school basketball season is in full swing and I have taken in the Right Beaver Classic at the Duff gym that has been going on all week (except Wednesday). What a great tournament it has been. The crowds have been large, and everyone is ready for basketball.

I ran into my good friend Dale Hamilton, who teaches at McDowell but coaches at Beaver Elementary, in the opening round of the tournament. Dale was talking about Gordon Parido, whom he assisted at Prestonsburg. Dale spoke of

the coaching philosophy of the former Blackcat coach and I agree he was a good one.

In speaking with Ashland Gearheart Wednesday, he is out of the grade school coaching ranks but is enjoying working with the training league at Allen. He says he is really enjoying coaching the young

## MCA follows Caudill in 43-27 win over Stumbo

by Ed Taylor  
Sports Editor

Josh Caudill scored a game-high 20 points and Carlos Repuyan added 15 points in leading the Mountain Christian Academy Falcons to a 43-27 win over John M. Stumbo Tuesday night in the second night of the Right Beaver Classic at the Duff gym.

Jack Slone scored in double figures for the Mustangs with 14 points. Adam Henson, who fouled out, scored five points.

It was a game of spurts for both teams. But it was MCA pulling away in the third period and holding off several comebacks from the Mustangs.

MCA led 10-7 after the first quarter with Caudill scoring five points. The Falcons led 2-0 on Caudill's layup, but a free throw and lay-in by Henson gave the Mustangs a 3-2 lead.

The game was tied at 3, but a short jumper by Slone made it a 5-3 game with Stumbo in front. Stumbo's final lead came at 7-6 on a basket by C.J. Newsome. After that, it was all MCA. Kyle Scalf scored on

a 12-foot jumper and Andrew Burchett hit two free throws that gave the Falcons a three-point edge after the first quarter.

Two baskets by Repuyan and a lay-in by Caudill gave the Falcons a 16-7 lead early in the second period. But Stumbo rallied to cut the lead to one, 16-15 with 2:11 to play in the first half. Dwight Hall had a rebound basket, Slone drilled a long jumper, Newsome scored down low and Hall's basket put the margin to one.

MCA got the final four points in the quarter to take a 20-15 lead to the locker room at the half. Repuyan scored underneath and Caudill sank two free throws.

MCA came out hot in the third quarter and scored the first eight points of the period to grab a 28-15 lead over the Mustangs. Caudill hit three free throws and a short base line jumper, while Scalf pumped in a 14-footer off the right side and Burchett added a free throw. Stumbo trailed 33-23 after the third quarter.

Newsome finished with four points for Stumbo. Hall and Matt Gillespie had two points each.

Burchett and Scalf finished with four point apiece for the Falcons.

To the basket

MCA's Josh Caudill (34) went strong to the basket against John M. Stumbo in the first round of the Right Beaver Classic at Duff. Caudill scored a game high 20 points for the Falcons. (photo by Ed Taylor)

## ACMS advances in Right Beaver Classic at Duff

by Ed Taylor  
Sports Editor

Amber Scott scored 12 points while Jessica Isaac and Becky Thomas added six apiece as the Allen Central Middle School Lady Rebels defeated a young John M. Stumbo team 44-17 Tuesday night in the Right Beaver Classic.

Kesha Newman scored nine points to lead Stumbo's scoring. Shelly Hammond added five and Jessie Bentley scored three. Bentley had a three-point basket in the third period. Hammond hit a trey in the second period.

Jaclyn Martin tossed in five points for Allen Central as did Tiffany Turner. Jeni Spurlock netted four. Terri Mullins and Kristi Howard scored two points each.

Allen Central led 13-2 after the first quarter with Scott scoring eight points.

It was a 20-7 game at halftime as both teams struggled in the second quarter. Hammond hit her three-pointer in the second with Newman scoring the other two points for the Lady Mustangs.

Bentley hit a three-point basket in the third quarter and Newman scored four of her nine in the final stanza.

# Sports

(Continued from page one)

The Kentucky Wildcats struggled last Wednesday night, but with the crop of sophomores and freshmen in camp, this is going to be a team to be reckoned with.

It may be hard for Jamal Magloire to get back into the lineup with the way Michael Bradley and Carrara are playing.

The Cincinnati Reds are making some trades. Can you believe they actually have players another team would want. Bret Boone had his career best season and is now with the Atlanta Braves. Boone led the Reds in home runs, 24, but could have done it a second season.

The Reds got a 16-game winner in Denny Neagle but with the Reds' offense, he may struggle to win 10.

Tim Couch a Cleveland Brown? I hope so. I am looking forward to the return of football to Cleveland. I have always been a Browns fan and remember the greats like Jim Brown, Leroy Kelly and others.

The Browns want a high offensive coach. Kentucky has a coach that fits that description. Could it actually happen? Will Kentucky look for another football coach after this season? Word is that Couch is going pro.

I know he has said that he will sit down between the regular season and bowl game and make that decision. But I say the decision has been made.

Mumme and Couch to Cleveland? Hmmm!

### THIRD SIDE...

Paula Ousley is the director of the Beaver Valley Training League and there seems to be

much confusion with her league and the Martin Junior Pro league.

Ousley stopped in to see me Thursday, after the article on the continuing saga of Junior Pro basketball in the county.

According to Paula, she says there have not been any incidents of violence in her league in the two years she has been at the helm.

"We haven't had any fights in our league," she said. "We had one incident, but just words were said. There was no fight."

The board of education has suspended use of the school gyms in the county until a meeting of the school board on Tuesday evening. Both state manager Woodrow Carter and interim superintendent Mike King, have vowed to work with the youth leagues in the county in getting them back in the gyms.

But the two school system leaders have stated that each league must provide them with a copy of the league by-laws and procedures.

Ousley's league plays on Friday nights at the Martin gym while the Junior Pro league uses the facility on Saturday and Sunday.

"I dropped off a copy of our by-laws at the school board," said Ousley, "and the secretary said she would put them in Mr. Carter's mail box. I suppose he got a copy of them."

Hopefully, with all parties working together, they can get the issue resolved and games underway once again.

Until Wednesday, good sports, everyone, and be good sports! Take the kids to Sunday. School and church this Sunday!

# Courtside

(Continued from page one)

kids.

Ashland will go down as one of the top grade school coaches in Floyd County. Every team he has ever coached was successful in some way or another. But the thing — and everyone says this — is the class of the man. He is a fine individual as well as an outstanding basketball coach. We need more people like Ashland coaching our kids.

The word is former Allen Central standout, Jeremy Hall, has found a home at Southeastern Louisiana. Hall had 11 assists in a preseason game while scoring 14 points. (See story in sports section).

Names to remember? Try these two: Josh Caudill and Carlo Repuyan of the Mountain Christian Academy Falcons. I'm telling you, the two will make a mark in the high school ranks somewhere, hopefully around here. Repuyan will make some high school team an excellent point guard. He could

play the next level right now.

Good news! WMDJ will be back on the air doing basketball games this season. Rick Caudill and Chuck Scoville will do all the play-by-play for the local station. "I can't wait until the season begins," said Caudill.

I understand that Shelly Greathouse of the Prestonsburg Lady Blackcats hasn't been able to go full strength on the leg she injured last year. Greathouse, a senior, will be a key to the season for Prestonsburg. Here's hoping she will fully recover. We want to see her out there on the hardwood.

Speaking of injuries, here are a couple. I talked with Nick Clay of the Allen Eagles and he is right on schedule in the healing process after reconstructive knee surgery over a football accident. Nick told me he should be back some time in December. I hope so. He is going to be one of the finest players to come out of Floyd County.

Easy two

Adams Middle School guard, Erin Majaake (40) went solo for an easy lay in against Betsy Layne. The two teams met in the first round of the Right Beaver Classic at Duff. (photo by Ed Taylor)

Then there is Jennifer Cumutte. Jennifer sat on the bench with a cast on her ankle after breaking it in physical education class at Adams Middle School. Looks like she will be out for four to six weeks. Get well soon, Jennifer. She is a very good basketball player.

Coach Cassandra Akers of Betsy Layne wants her team to play against someone besides each other, so she can see what she has. The Lady Cats will get that opportunity this Saturday at noon when they play in the Perry Central Panoram.

Betsy Layne will hold its annual Blue/White game tonight beginning at 5:45 p.m. All teams — freshmen, junior varsity and varsity (boys and girls) — will be part of the evening festivities. Get out and get an early look at this year's Betsy Layne teams.

Former Paintsville All-Stater Todd Tackett got four points in the final UK scrimmage game on Wednesday night. I look for Todd to get some playing time for the Wildcats.

Belfry Lady Pirate center Ashley Rosen inked a letter-of-

intent with Coastal Carolina Wednesday, the first day of the signing period.

Top 10 boys teams in the 15th Region by just a courtside poll: Paintsville, Pikeville, Prestonsburg, Allen Central, Belfry, Phelps, Sheldon Clark, Johnson Central, Pike Central, Elkhorn City. Well, maybe so. But I look for some surprises from some teams.

Really, the consensus seems to be that there will be several different number-one teams as the season goes on. Parity is the word in this year's polls and who knows who it will be. But it all really matters when the final horn sounds at the regional tournament — you are number one then.

Watch out for Shelby Valley Lady Wildcats. They are going to be tough. Shelby Valley, Johnson Central, Pike Central, Belfry, Sheldon Clark, Phelps, Prestonsburg, Allen Central, Elkhorn City, and Paintsville are my preseason top 10. But I have been wrong so many times before.

We will be looking for you around courtside.

# Blackcats

(Continued from page one)

4,000 yards through the 10-game regular season schedule. The team is third in scoring with a 47-point average, beating teams by an average of 28 points.

Wide receiver Jarad Parker is second in the state in receiving with 1,151 yards in receptions.

### COMMON FOES

Russell and Whitesburg are two common foes that both teams faced during the season. Lawrence County ripped Whitesburg last Friday night in the opening night of the playoffs. Prestonsburg also handled the Yellowjackets rather easily.

The difference would be in the Russell game where Prestonsburg slipped past the Red Devils 28-22 last Friday night. Lawrence buried Russell 64-34 during the regular season.

It is no secret that Prestonsburg will put the bulk of its playoff hopes on the broad shoulders of senior John Ortega. Ortega, who has been the target of the opposi-

tion's defense all year, rushed for 161 yards last Friday.

The running game of the Blackcats seems to have gotten bogged down in the last two outings (Pikeville and Russell), but there are other capable runners in Hank Mullins and Grant Castle. Mullins has gained more than 500 yards this season while Castle has 644 yards on the ground.

Senior quarterback, Adam Hall, is a strong arm thrower and has capable receivers in Seth Crisp, Ortega, and Nathan Leslie. Hall has passed for 1,234 yards this season on 62 of 100 pass attempts. Crisp has caught enough passes for 545 yards. But it has been Crisp who has made the big catch for the Cats when they needed it. Ortega not only gets it done in the backfield, but in the flats as well. He has over 700 yards in receiving this season.

When you look at the Dog/Cat battle that is about to unfold, you wonder how Prestonsburg will contain Meadows and what the Bulldogs will have to do to hold back Ortega. It promises to be a classic matchup in Louisa.

# WEEK 11

**Big game**

South Floyd's Ashley Johnson hit six of six free-throws and scored 18 points in leading the Lady Raiders to a 56-31 win over Adams Middle School last Tuesday night. Johnson also hit two three-point baskets (photo by Ed Taylor)

**Right Beaver Classic...**

# Ousley, Johnson combine for 36 points in win over Adams

by Ed Taylor  
Sports Editor

Meagan Ousley and Ashley Johnson pumped in 18 points apiece to jump start a sluggish South Floyd offense in the second half in a 56-31 win over the Adams Middle School Lady Blackcats Tuesday night in the second night of the Right Beaver Classic at the Duff gym.

The Lady Raiders held only a 17-14 lead at the half as they struggled to hold onto the basketball and execute on offense. Turnovers plagued both ballclubs in the first two quarters.

Johnson scored 12 of her 18 points in the fourth quarter that helped subdue the Lady Blackcats. She hit two three-point baskets and was perfect at the free throw line with six charity tosses.

Adams stayed close to the Lady Raiders in the first quarter after trailing 8-2 early. Two free throws and a short jumper by Amanda Stephens and Erin Majakey's layup made it an 8-7 game, but a lay-in by

Johnson gave South Floyd a 10-7 first quarter lead. Johnson and Liz Williams had three-point baskets for the Lady Raiders.

Adams had only one field goal in the second quarter and that was a three-point basket by Tabatha Carroll. Heather White hit four of seven free throws to help keep her team close.

Majakey was injured in the second period but was able to return after halftime. White went to work under the boards for Adams, but the play of Ousley in the third period helped South Floyd to a 34-25 lead after three quarters. Ousley scored seven points in the third quarter as she began to take control of the game. She scored the first seven points for the Lady Raiders, completing a three-point play the old-fashioned way. White scored six third quarter points for the Lady Blackcats. Carla Hall came off the bench and buried a three-point basket for South Floyd.

Trailing 39-28, South Floyd scored 14 unanswered points to

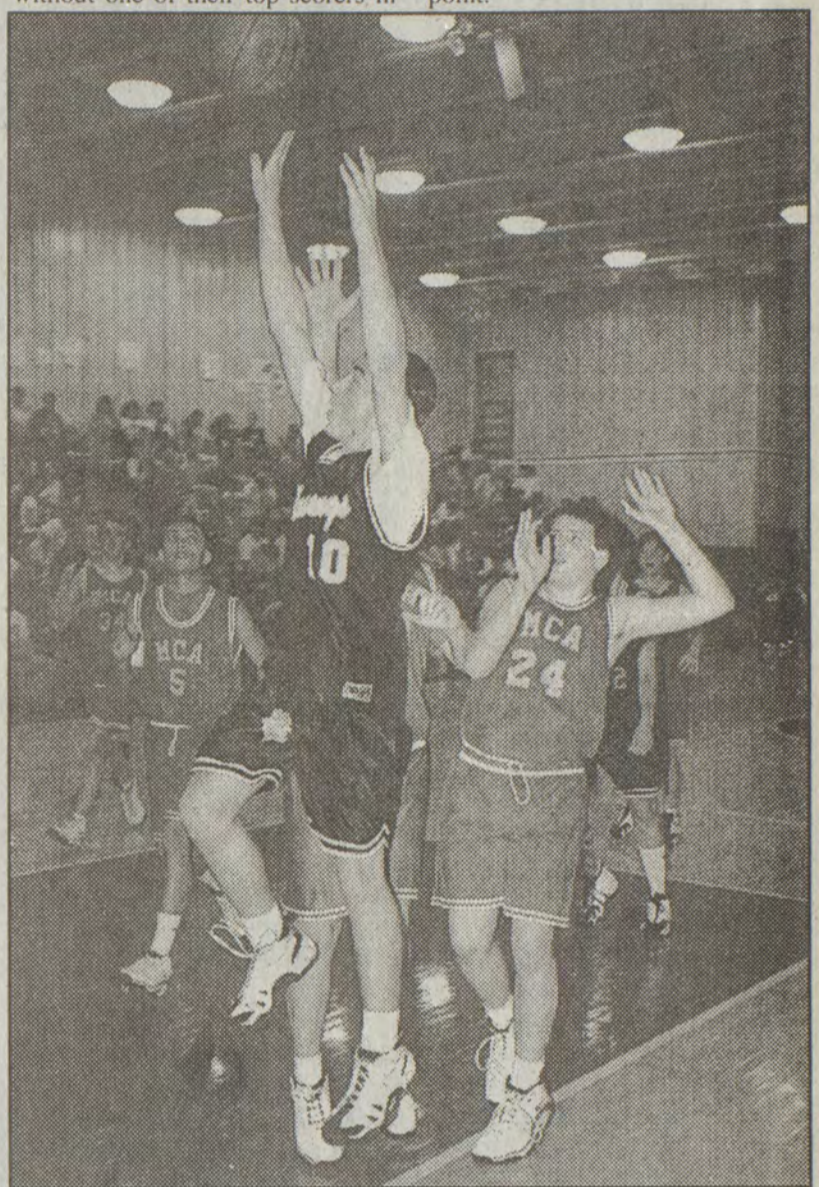

break the game open. Johnson was unstoppable in the period.

Miranda Lafferty finished with four points for Adams. Caudill added four points with Stephens finishing with six. White led the Lady Blackcats with 10 points. Majakey, Amanda Webb, and Charlee Mullins scored two points apiece.

Adams had to play the game without one of their top scorers in

Jennifer Curnutte. Curnutte broke her ankle and will be out four to six weeks.

Leigh Ann Tuttle, who is one of the most improved players in the county, finished with eight points for the Lady Raiders. Stephanie Skeans, Liz Williams, and Carla Hall finished with three points. Brandy Anderson had two points with Mary Beth Bentley tossing one point.

## Hall shines for Southeastern Louisiana

by John Lenz  
Daily Star, Hammond, La.

There might just be a worthwhile ride available on Southeastern's bandwagon after all.

It was sure enough a roomy ride

after the Lions lost to Arkansas Express last Thursday. But on Tuesday night, SLU showed signs that it may not be a pushover any longer by knocking off VASDA Gold, 92-86, in overtime at the University Center.

Keep in mind that VASDA (2-4) has beaten the likes of South Alabama and defending Southland Conference champions Nicholls State this year.

But also keep in mind that the Lions are no longer a donut team. The presence of 6-foot-10 Kellen Payton makes them a Bismarck at least, as Payton proved by posting 11 points, eight rebounds and six blocked shots Tuesday.

Couple that with Cory Combs' 15 points on seven for 14 shooting and point guard Jeremy Hall's 14 points, six rebounds and 11 assists, and the SLU offense displayed a potency it hadn't shown in the loss to Arkansas Express.

"We needed to go inside and out," Hall said. "The last game, we couldn't figure that out until the end of the game, and we came back but we couldn't pull it out."

This time, they figured it out soon enough to pull it out. Payton's defense helped the Lions turn it around after VASDA led for the entire first half. The turnovers were just about a washout for the lions

— 26 for SLU, 25 for VASDA — but Payton's presence contributed to VASDA's 43 percent floor shooting, including just 39 percent in the first half.

"Especially when we're pressing," Hall said of Payton's looming presence. "When we get beat, we know we've got a big guy in there and teams don't want to go in there because they know he's going to block the shot."

Hall, who played as a freshman at Wisconsin and last year at St. Catherine's, transferred to Southeastern this year. He was a crowd favorite with Badger fans but left the school to move closer home. He helped lead Allen Central to the Sweet Sixteen in 1994.

### Buffalo Kartway News

#### Montgomery wins big money

by Ed Taylor  
Sports Editor

It wasn't your ideal day for go-kart racing, but the Buffalo Kartway opened their gates anyway and it was a big day of racing at the local facility with 26 karts taking part in the day's activities.

Brandon Montgomery was the big winner at the Kartway track winning the Stock Medium class and the \$400 purse.

The feature event paid back to fifth place. Being Hall placed second in the race and took home a check for \$200. Michael Stevens pocketed \$100 for third place. Dean Hoskins won \$75 for fourth place and fifth place and \$50 went to Martin Conley.

In the stock light, Jeremy Hall finished in first place in his No. 98 kart with Montgomery taking second place. Martin Conley placed third.

Dave Setser took the checkered flag in his No. 22 kart in capturing the Open class. Gary Harris placed second.

First place in the Briggs Jr. class went to Brandon Hall in kart No. 17. Chris Vaughn crossed the finish line in second place and third place went to Daniel Jarrell.

James Hale won the Road Hog Jr. feature.

Buffalo Creek was closed last weekend and, weather permitting, will reopen the weekend of November 15.

#### FROM LAST WEEK

##### WINSTON CUP SERIES

What else could be expected from Jeff Gordon?

Already the Winston Cup champion, the 27-year-old Gordon dusted Dale Jarrett's Ford in the final laps of the NAPA 500, delivering the NASCAR manufacturer's championship to Chevrolet by the 10 car lengths that separated the two cars.

In so doing, Gordon equaled the 13 victories won by Richard Petty in 1975, the "modern era" record.

No other driver has ever won 10 or more victories three years in a row.

The NAPA 500 was delayed 4 hours, 1 minute, 23 seconds in one installment, and 7 hours, 28 minutes altogether. Empires rose and fell. Fashions changed. By the time another green-flag lap was run, it was 9:40 p.m.

Ultimately only 221 of the scheduled 325 laps were completed as officials brought an end to the proceedings shortly after 11 p.m.

##### BUSCH GRAND NATIONAL

Mark Martin passed Dale Earnhardt Jr. late in the going, winning the Stihl 300 at Atlanta Motor Speedway.

It was the Ford driver's second BGN victory of the season. Earnhardt all but wrapped up the series championship, however, with his runner-up finish.

##### CRAFTSMAN TRUCK SERIES

In the end, a victory by Jack Sprague at Las Vegas Motor Speedway was not enough.

That's because Ron Hornaday finished second, thus enabling him to hold off Sprague in the SuperTrucks championship race.

#### FEUD OF THE WEEK

##### Brett Bodine vs. Dave Marcis

Before the long rain delay, when the cars were circling under caution, Marcis remained on the track when others pitted in order to collect the five bonus points associated with leading a lap.

So did Bodine, who criticized Marcis for not pitting (and allowing others to pick up the bonus) after he had led his lap.

**NASCAR This Week writer Monte Dutton gives his opinion:** "Brett's comments seemed a little testy,

Marcis

leading under caution anyway? It's a bone thrown to the tail-enders, nothing more."

especially in light of the fact that he did get to lead a lap.

"Why does a driver deserve bonus points for

## BUSCH GRAND NATIONAL

**BUSCH GRAND NATIONAL**  
COMING UP: JIFFY LUBE MIAMI 300  
WHERE: Homestead (Fla.) Motorsports Complex

Jarrett

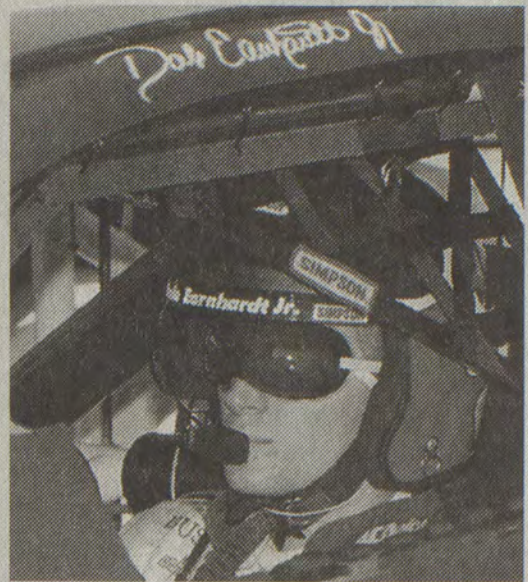

**OTHER FORMER WINNERS:** Nemechek, Lepage and Dale Jarrett, respectively, have won the three previous Busch Grand National events

#### ALMOST HOME COOKING

For great seafood and a relaxed atmosphere, the Florida Keys are practically at Homestead Motorsports Complex's back door. Key Largo is only a few miles out, and restaurants and night spots abound.

at the Homestead Motorsports Complex.

**NOTABLE:** Dale Earnhardt Jr. needs only to start in order to lock up the Busch Grand National Championship. This track will be joining the Winston Cup Series beginning with the 1999 season.

John Clark/NASCAR This week  
Dale Earnhardt Jr. sits in his car.

#### PROFILE

## Jeff Burton

John Clark/NASCAR This Week

Jeff Burton is excited to be considered one of racing's best young drivers.

##### By Monte Dutton

NASCAR This Week

The younger of two racing brothers, Jeff Burton is on the verge of becoming one of the sport's superstars.

After winning rookie-of-the-year honors in 1994 while driving for the Stavola Brothers, Burton's career took a big upswing in 1996 when he signed with Jack Roush. The 1997 season saw his first three victories, and he has followed up with two this season.

**HOMETOWN:** Born and raised in South Boston, Va., resides in Cornelius, N.C.

**AGE:** 31

**WIFE:** Kim

**CHILD:** Kimberle "Paige" (3).

**CAR:** No. 99 Exide Batteries Ford Taurus, owned by Robert Corn (Roush Racing).

**RECORD:** 154 starts, 1

pole, 5 wins, 39 top-five finishes, 57 top 10s.

**FIRSTS:** Start (July 11, 1993, at New Hampshire), pole (Aug. 16, 1996, at Michigan), win (April 6, 1997, at Texas).

**HOW WOULD YOU RATE THIS SEASON?** "It's been a so-so first third and good from that point on. We got out of the gate slow, and things just weren't going the way we hoped they would go. We weren't having great pit stops, I was getting in some wrecks, and we weren't running as well as we thought we should. ... We had a meeting at California, a real heart-to-heart meeting, and since that point it's been really good. ... I think we've been the third-best team on the Winston Cup circuit since California."

#### HOW DOES IT FEEL TO BE CONSIDERED ONE OF THE SPORT'S TOP YOUNG DRIVERS?

"I'm excited about it. The success of this year doesn't guarantee any success for the future. The only thing it means is that we have a foundation to build on. Every team in the garage is working to get better."

#### IS THERE ANYTHING IN PARTICULAR YOU'VE LEARNED THIS YEAR?

"I've learned a lot about myself. It's been a hard year, but at the same time it's been a good year. There have been more positives than negatives; it's just my outlook on things that I look more at the negatives. If they're positive, we don't need to fix them, and if they're negative, we need to."

#### Who's hot... Who's not

**WHO'S HOT?** Jeff Gordon never finished outside the top 10 in the final 20 races.

**WHO'S NOT?** Kyle Petty did not finish in the top 15 in the season's final 11 races.

#### TRIVIA

1. Who was the first Busch Grand National champion?
2. What Truck Series champion was also a two-time champion on the NASCAR Featherlite Southwest Tour?

ANSWERS  
1. Jack Ingram in 1982  
2. Ron Hornaday

#### AROUND THE GARAGE

#### FROM THE ARCHIVES:

##### The rich history of NASCAR

Dale Jarrett, so often a victim of bad luck during the current Winston Cup season, was the beneficiary of good fortune when the Busch Grand National series raced for the first time at Homestead Motorsports Complex in 1995. Everyone in front of Jarrett, including leader Hermie Sadler and Larry Pearson, crashed at the end, allowing Jarrett to capture the victory.

## NASCAR makes changes in rules governing the NAPA 500

By Monte Dutton  
NASCAR This Week

HAMPTON, Ga. — With Jeff Gordon's third Winston Cup championship tucked away, NASCAR officials moved swiftly on Nov. 2 to change the rules governing the season's final race at Atlanta Motor Speedway.

The changes, rumored for several weeks, were made to make the cars more stable in the NAPA 500. Apparently the governing body waited until after Gordon's victory at Rockingham so as not to be accused of altering the balance of competition with the championship still on the line.

The Chevrolet Monte Carlo

will now be required to maintain a rear spoiler size of 6.5 inches in height (up from 5) and 57 inches in width. The Pontiac Grand Prix's spoiler height will be 6.875 inches, up from 5.375, also with a 57-inch width. The Ford Taurus' spoiler will be 6.25 inches (up from 4.75) with a width of 55 inches.

All models will be required to have a 3.5-inch frontal ground clearance, a reduction of 1.5 inches on Fords and Chevrolets and 1.125 inches on Pontiacs. The rear spoiler angle on all models will be a minimum of 65 degrees.

**FORDS ARE O.K. AFTER ALL:** Darrell Waltrip, the great

nemesis of Fords, will drive one in the exhibition Nov. 22 in Japan.

With Dale Jarrett undergoing post-season gall bladder surgery, Waltrip, who last drove a Ford in 1973, will do the substitute-driver honors. Waltrip actually began his career driving a Mercury in 1972. He also has a rich background in No. 88, Jarrett's number. With the old DiGard team, Waltrip won 26 races driving No. 88 from 1975 through 1980.

Robert Yates, owner of Jarrett's car, was engine builder at DiGard in the 1970s, and Buddy Parrott, father of Jarrett crew chief Todd Parrott, was the crew chief.

**THROUGH NO FALK OF**

**HIS OWN:** Joe Falk, who has persevered and done surprisingly well as a car owner with little sponsorship, vows not to close down his shop.

"Everybody keeps coming up wanting to know if this is the last race for LJ Racing," said Falk. "We're definitely going to be racing next year. Whether we're racing a limited schedule or whatever, we will be racing, and we will be in Daytona ready to kick butt."

Kevin Lepage, Tom Kendall, Andy Hillenburg, Morgan Shepherd and Todd Bodine have all taken their turns in the No. 91 Chevrolet.

## YOUR TURN

### Letters From Our Readers

Dear NASCAR This Week, I have a hard time calling it NASCAR racing any more. I think you should call it money racing.

I'm 62 years old, totally disabled, from the U.S. Army. I always have enjoyed racing and have spent a lot of money on it. I will watch racing no more. It's a rigged affair.

No one man can come along and win the way Mr. Gordon outruns everything on the racetrack. He has three cars behind him belonging to the same man.

I'm not stupid enough to believe they are out there but for only one reason — to slow down the other cars so Jeff can get the race under control. I'm not the only one feeling this way.

Ben Pelfrey  
Mount Airy, N.C.

Dear NASCAR race fan, Thank you for your letter, but I must beg to differ. Gordon's dominance of racing is not as unusual as it may seem.

For example, Dale Earnhardt also won two consecutive titles and very nearly a third, missing by only 34 points in 1995.

Also, Gordon's 13 wins in a season only ties the record set by Richard Petty for wins in a single season.

Nevertheless, I would concede that he is moving around in NASCAR's elite class.

If you've got a question or a comment, write: **NASCAR This Week Your Turn, c/o The Gaston Gazette, 2500 E. Franklin Blvd., Gastonia, N.C. 28054**

#### CREW OF THE WEEK

OK, so it's two crews. Car owner Richard Childress had both his Chevys, No. 31 Mike Skinner and No. 3 Dale Earnhardt, pit for only two tires when most were taking on four. That put Skinner first and Earnhardt second. Although the strategy ultimately backfired — Skinner faded to ninth, Earnhardt to 13th — it was worth a try.

#### ON THE MARKET

Want to feed your racing habit and help a worthwhile charity in one fell swoop? Then the \$1 million Easter Seals Fantasy Racing League is right down your pit road. The league turns fans into owners, fielding a team in three NASCAR series for a chance to win \$1 million. All proceeds benefit Easter Seals. Call (800) 265-RACE.

## History of University of Kentucky Football THE FINAL CHAPTER

John Ray entered the scene in 1969 as head coach. In four years, Ray was 10-33. His biggest win came during his first year as Kentucky again victimized Ole Miss and Archie Manning. The Cats upset the Rebels, 10-9, at Lexington.

The Fran Curci era began in 1973, the same year Kentucky moved from ancient Stoll Field/McLean Stadium to spacious Commonwealth Stadium. Though Curci had only one winning campaign during his first three years, things got interesting beginning with the 1976 season. UK ended the 76 year with an 8-3 record and its second SEC championship.

Kentucky helped secure its second league title on the strength of a 62-yard touchdown pass from Derrick Ramsey to Greg Woods to beat Tennessee, 7-0, at Knoxville, Tenn. The victory clinched a berth in the Peach Bowl against North Carolina, UK's first postseason appearance in 25 years. Before a UK contingent estimat-

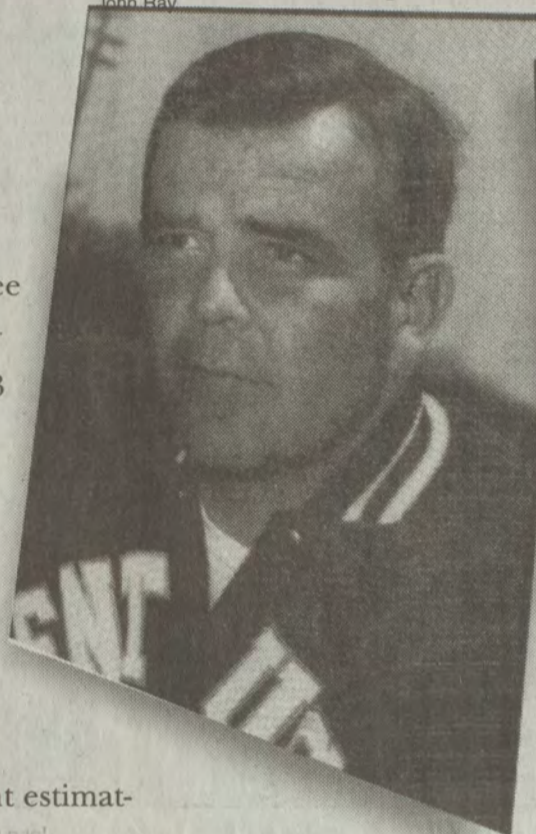

ed at 25,000 the Cats blanked the Tar Heels, 21-0.

The following year, Kentucky went on NCAA probation. Despite an early season loss at Baylor, the Wildcats rolled to an impressive 10-1 record doing it the hard way.

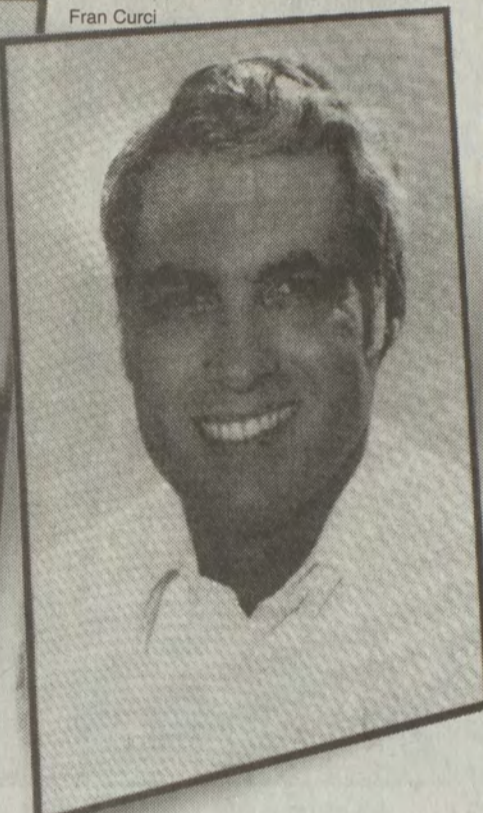

Kentucky defeated Penn State (24-20) at University Park, Pa., defeated LSU (33-13) at Baton Rouge, La., blanked Georgia (33-0) at Athens, Ga., beat Florida (14-7) at Gainesville, Fla., and defeated Tennessee (21-17) at Lexington.

IN the Curci era, players like Sonny Collins (UK career leader with 3,835 yards rushing), All-Americans Warren Bryant and Art Still and multi-talented Derrick Ramsey, wore the blue and white.

Curci stepped down following the 1981 season. In all, Curci worked nine years as UK head coach (longest of any UK football coach and was 47-51-2 overall.

John Ray

Fran Curci

### Say What!

Vanderbilt Coach Woody Widenhofer, "Coach is the Cadillac of quarterbacks - We've got some good kids at QB, but they're just Pintos."

### Cat Profile

**PERSONAL:**  
Jimmy Carter  
Punter, 6-0, 175,  
Sr-3L  
Dunwoody, Ga.  
(Dunwoody)

- SEC Academic Honor Roll (1996, 1997)
- UK Fellowship of Christian Athletes Award (1996)
- SEC "Good Works Team" (1997)
- "Peach of an Athlete Award" by the Atlanta Council of Boy Scouts (1998)

Three year starter at punter ... Expected to retain that duty for his senior season ... Will be working to increase his distance as he hopes to improve his punting average for the fourth consecutive year ... Showed a knack for the art of UK's system of punting the ball at or near the sidelines ... Left-footed punter ... His left-footed ball spin can be difficult to catch ... Opponents have fumbled 14 of his punts during his career, five of which have been recovered by the Wildcats ... Has played in 33 games ... Has been nominated for the 1998 American Football Coaches Association "Good Works Team."

#### The Carter Senior File

*Watching the goalposts fall after beating Alabama in overtime.*
- The one thing I like most about football is:  
*Fourth Down.*
- My nickname is: "ICE."
- What I like most about Coach Mumme is:  
*He doesn't worry about the small stuff.*
- My advice to youngsters is:  
*Seek a personal relationship with Jesus Christ, everything else in life will fall in place.*

### Classic Cat

#33 GEORGE ADAMS

A stalwart running back for the Wildcats from 1981-84 ... Led the Wildcats in rushing and all-purpose yardage as a sophomore, junior, and senior ... His great 1984 campaign was topped by being named first-team All-SEC, UK's Most Valuable Senior, and UK's Most Outstanding Offensive Back ... Helped lead the Wildcats to Hall of Fame Bowl appearances in 1983 and 1984 and was chosen Kentucky's MVP of the 1983 bowl ... Ranks in the top four in school history in eight career categories and six single-season categories ... Finished his career with 2,648 rushing yards on 638 attempts ... Played in the East-West Shrine Game and the Senior Bowl ... First-round draft pick of the New York Giants and had a seven-year career with the Giants and New England Patriots.

### Cat Food

#### TAILGATING RECIPE OF THE WEEK Barbecued Short Ribs

Yummy for this week's tailgate party — you will need:

3 pounds beef short ribs  
1 teaspoon salt  
1/2 cup water  
1 cup chili sauce  
1 12-ounce jar (1 cup) pineapple preserves  
1/3 cup vinegar

Trim excess fat from ribs. Sprinkle meat with salt and pepper to taste. Place ribs in Dutch oven. Add 1/2 cup water; cover and simmer till tender, about 2 hours (add more water during cooking if needed). Drain. Combine remaining ingredients; coat ribs. Grill over slow coals 15 to 20 minutes, brushing with sauce and turning frequently. Heat remaining glaze and serve with ribs. Makes 2 or 4 servings.

### Workers sue Patton over health benefits

The controversy surrounding the elimination of Kentucky KARE insurance for state workers took another turn Friday with the filing of a lawsuit against Gov. Paul Patton and members of his administration.

The civil lawsuit was filed by two members of the Kentucky Association of State Employees Friday and the one member of the Kentucky Community and Technical College System.

Christina Hamble, Larry Little and Jennifer Smith all think their statutory right to health care was denied after Patton's administration decided to switch health-care providers for state workers.

In September, the Patton administration replaced Kentucky KARE with three insurance programs that limit options for workers. — *Appalachian News-Express*

### Pike board of education gets back to business

The Pike County Board of Education resumed normal operations with newly-appointed member Jeff Ramey sworn in last Wednesday, voting to re-open bidding for the school system's diesel fuel and gasoline

contract after Coleman Oil backed out of its penny-per-gallon bid.

Kentucky Department of Education Commissioner Dr. Wilmer Cody appointed Ramey last week to fill the District Three board member slot vacated by Shannon Justice in August, restoring the board to a three-member quorum and allowing it to conduct business.

Ramey, a 43-year-old Beaver Creek resident, is manager of the Elkhorn City branch of Community Trust Bank. — *Appalachian News-Express*

### Phelps man arrested for shoplifting

A Phelps man was jailed last Wednesday evening after he was caught shoplifting from Wal-Mart, authorities said.

Chad Eldridge, 18, of Bones Branch Road, was arrested by Pikeville Police Officer Paul Kimberlain on a charge of theft by unlawful taking.

According to the arrest citation, Dale Richards, security for Wal-Mart in Pikeville, saw Eldridge conceal jewelry in his pocket.

Richards also saw Eldridge leave Wal-Mart without paying for the \$30.84 worth of merchandise, the citation said.

He was arrested and lodged in the Pike County Detention Center. — *Appalachian News-Express*

### Local store disqualified from WIC program

A Magoffin County store has been disqualified by the Department for Public Health from participating in the Supplemental Food Program for Women, Infants, and Children (WIC).

Sav-More, on Route 114, was disqualified from WIC for charging more than the current retail market price.

The action was effective on October 18. — *The Salyersville Independent*

### Charity auction November 15 will benefit St. Jude's Hospital

A charity auction will be held to benefit St. Jude Children's Research Hospital at the Lloyd M. Hall Community Center on Sunday, November 15, at 2:30 p.m.

Merchants and residents are asked to help make the

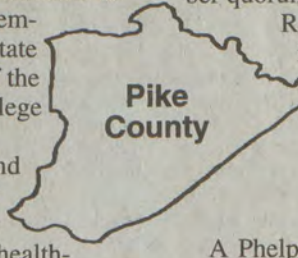

auction a success by participating in the event. — *The Salyersville Independent*

### Salyer, Arnett, Helton, Montgomery are winners

With approximately 58 percent of Magoffin County's registered voters taking part in Tuesday's General Election, Paul Hudson Salyer became the first person in the history of Magoffin County to be elected to three terms as county judge/executor.

Salyer, a Democrat, led the ticket as top vote getter by soundly defeating Republican opponent Carter Whitaker.

Other winners on the Democratic ticket were H.B. Arnett for county clerk; Gene Helton, jailer; Pernell "Buck" Lemaster, magistrate, District II; and Kellie Lee Miller, magistrate, District III. — *The Salyersville Independent*

### Jury finds Kirk not at fault

The final chapter in the Adam Wesley Jordan book was written late Monday afternoon when an eight-man, four woman jury panel agreed that Carroll Kirk, director of Pupil Personnel for the Martin County Board of Education was not responsible for Jordan not attending school over a period of 18 months.

The jury, after four and a half hour of deliberation, returned — deadlocked — but Martin Circuit Judge James A. Knight ordered them to continue deliberating. About 40 minutes later they returned and announced that Kirk was not at fault. Instead, they all agreed that Jordan's biological mother, Bonnie Maynard, was 100 percent at fault, thus shutting out any monetary award for Jordan.

Jordan's attorney, Ned Pillersdorf, asked for \$2.5 million in damages against Kirk. He felt Kirk had not done his job, since he hadn't made a home visit to Jordan's house when the boy had not attend school for nearly three months. — *The Mountain Citizen*

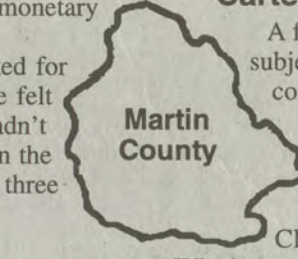

This marks the third change in MAPCO-owned operations within a two-month span. Pontiki Coal shut down its operations September 3, after 22 years of nearly continuous mining.

Pontiki, under the new name of Excel Mining, resumed operations two weeks ago. Coal Ventures Holding Inc. took possession of Martiki Coal Corporation Friday evening. Over 200 employees were affected by a shutdown Monday as company officials "evaluated" the mining site over the weekend to determine future plans. — *The Mountain Citizen*

### Carter pleads guilty to child abuse

A former Martin County woman charged with subjecting her two young daughters to "cruel" confinement or cruel punishment over a four-year period, pleaded guilty to two counts of first-degree criminal abuse Thursday in Clark County.

Nancy Carter, 29, has been lodged in the Clark County jail since her arrest by Winchester Patrolman Roy Judé on February 6. The young girls were discovered living in a shed attached to a mobile home occupied by Larry Wadsworth and Kathy (Perry) Wadsworth. The girls were found clad only in sweatshirts, pants and wet socks during a time when the temperature had dipped to around 30 degrees. — *The Martin County Sun*

### Martiki sold

Another major change may be in the works for employees at one of Martin County's biggest surface mining operations. MAPCO, the reported former owner of Martiki Coal, has sold this operation to Coal Ventures Holding Inc., which is reportedly related to Addington Enterprise Inc., an Ashland-based coal com-

### Detention center escapee spotted in Lawrence County last Thursday

A murder suspect who escaped from the Big Sandy Regional Detention Center in Paintsville last week was spotted in Lawrence County on Thursday, police said.

Gary Haven Mills, 31, of Lowmansville, was one of three men who escaped the detention center last Tuesday, prompting an area-wide search for the inmates.

Mills was one of the suspects indicted in connection with the murder of Lawrence County resident William Walker "Sweet Pea" Ratliff, 60, of Nats Creek.

Last Thursday, Mills was spotted in the Peach Orchard area of Lawrence County in a yellow panel truck. About an hour later, he was seen operating a red ATV near the same area on Ky. 1690. — *The Big Sandy News*

### Accident on U.S. 23 Sunday sends one woman to hospital

A woman from Virgie suffered serious injuries in an automobile accident late Sunday night about seven

miles south of Louisa on U.S. 23. Arlena Hall Brown, 43, was traveling south on U.S. 23 in a 1995 Oldsmobile when she veered off the road and lost control of the vehicle at the intersection of Shannon Branch.

Police said the vehicle overturned several times, ejecting Brown from the vehicle, before it came to rest on its wheels. She was taken to Three Rivers Medical Center and was later transferred to St. Mary's Hospital in Huntington. — *The Big Sandy News*

### Truck tires stolen from business

Thirty truck tires were stolen from a trailer at an area business early Friday morning.

Police said Tic Toc Tires reported that 30 truck tires of different brands and sizes valued at around \$6,000 were stolen from their business.

The tires located in a box trailer used to store the tires was forcibly entered by cutting off the padlock to the rear door. The trailer was parked right beside the building that houses the business. — *The Big Sandy News*

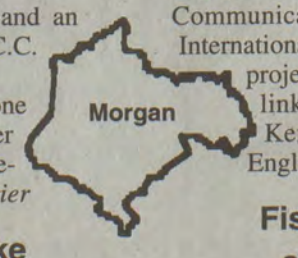

### E.K.C.C. inmate found murdered in cell Tuesday

A 46-year-old inmate was murdered in his cell at the Eastern Kentucky Correctional Complex in West Liberty sometime early Tuesday.

According to a sparsely-worded news release, Charles Kastlehun was found dead in his cell, murdered with an "institutionally made knife fashioned from a piece of metal."

An inmate is being held in custody and an investigation is underway by the E.K.C.C. staff and the Kentucky State Police.

Kastlehun, who was convicted in Boone County for a fourth offense of driving under the influence of alcohol, was serving a five-year sentence. — *The Licking Valley Courier*

### MCMS students involved in unique communication project

Morgan County Middle School is one of a number of elementary through secondary schools in this area whose students will soon be participating in a cultural exchange program with students in Sunderland, England.

The exchange, or at least a part of it, will be conducted in cyberspace. Called Information-Communication-Technology (ICT) Project International, it is a collaborative educational research project that utilizes Internet communications to link the participating public schools in Kentucky with comparable schools in England. — *The Licking Valley Courier*

### Fiscal court eyes industrial site, water pact with city

The Morgan Fiscal Court last week authorized County Judge-Executive Sid Stewart to file an application with the state Economic Development Cabinet for a grant of coal severance tax funds to purchase property near West Liberty for development as another industrial site.

County officials said that if the project is approved in Frankfort, the county will then begin negotiations with landowners for options on approximately 60 acres. Part of the acreage being considered is near Eastern Kentucky Correctional Complex and is owned by the state Corrections Cabinet. — *The Licking Valley Courier*

### Money on the way for lake camp sites and access road

Governor Paul Patton last week announced that a check for \$80,000 was mailed to Morgan County for the Paintsville Lake Primitive Campground and access road project.

The money for the project was approved by the General Assembly earlier this year and comes from the state's budget surplus.

The money will be used to reconstruct about 0.8 mile of access road and to establish both primitive and improved camp sites near the Padoker Boat Ramp. — *The Licking Valley Courier*

NOTICE OF PHASE I BOND RELEASE PURSUANT TO PERMIT NO. 836-0257

In accordance with the provisions of KRS 350.093, notice is hereby given that Locust Grove, Inc., Box 958 Hazard, Kentucky 41702 has applied for Phase I bond release on increment 7 on Permit Number 836-0257 which was last issued on 2/12/98. The application covers an area of approximately 296.8 acres located 1.5 miles east of Wayland, in Floyd and Knott Counties.

The permit area is approximately 23.0 miles east of the intersection of KY 1086 and KY 7 at the headwaters of Steele Creek and Doty Branch. The latitude is 37°25'50". The longitude is 82°46'00".

The bond now in effect for the Increment 7 is a surety bond in the amount of \$59,100. Approximately 60 percent of the original bond amount of \$59,100 is included in the application for release.

Reclamation work performed includes: backfilling, grading, topsoiling, and seeding completed in February 1998 for Increment 7.

This is the final advertisement of the application. Written comments, objections, and requests for a public hearing or informal conference must be filed with the Director, Division of Field Services, #2 Hudson Hollow, Frankfort, Kentucky 40601, by December 14, 1998.

A public hearing on the application has been scheduled for 9:00 a.m. December 15, 1998 at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 2705 South Lake Drive, Prestonsburg, Kentucky 41653. The hearing shall be canceled if no requests for a hearing are received.

ing or informal conference is received by December 14, 1998.

**NOTICE OF INTENTION TO MINE**  
Pursuant to Application Number 836-5100  
Amendment No. 1

In accordance with the provisions of KRS 350.055, notice is hereby given that V and M Mining Company of Paintsville, Inc., 1509 Napier Street, Flatwoods, KY 41137 (606-327-2395), has applied for a permit for an amendment to an existing underground coal mining and reclamation operation located 3 miles northwest of Harold in Floyd County. The amendment will not add additional surface disturbance, but underlies an additional 40.2 acres making a total area of 122.10 acres within the permit boundary.

The proposed operation is approximately 2 miles northwest of KY 979's junction with KY 1426, and is located north of Prater Creek. The latitude is 37°32'25". The longitude is 82°40'30".

The proposed operation is located on the Harold U.S.G.S. 7 1/2 minute quadrangle map. The amendment will not disturb surface area. The amendment will underlie land owned by Fred Conn, David Conn, A.A. Boyd, and Simon Akers. The amendment involves underground mining only.

The surface mining application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 3140 South Lake Drive, Prestonsburg, KY 41653. Written comments, objections, or requests for a permit conference must be filed with the Director of the Division of Permits, #2 Hudson Hollow Complex, Frankfort, KY 40601.

**NOTICE OF INTENTION TO MINE**  
Pursuant to Application Number 836-5263  
Amendment No. 2

In accordance with the provisions of KRS 350.070, notice is hereby given that Buck Coal, Inc., 544 South Lake Drive, Prestonsburg KY 41653, has applied for an amendment to an existing underground coal mining operation located 1.9 miles southeast of Hunter in Floyd County. The amendment will add 19.86 acres of surface disturbance, will reclassify 2.72 acres of surface disturbance, but will not change the underground mining area for a new total of 470.84 acres within the permit boundary.

The proposed amendment is approximately 1.8 southeast of the junction of the Hunter Branch Road and KY 122, and is east of the Left Fork of Beaver Creek. The latitude is 37°30'03". The longitude is 82°45'18".

The proposed amendment is located on the McDowell, Harold, Martin and Wayland U.S.G.S. 7 1/2 minute quadrangle maps. The surface area to be affected by the amendment is owned by The Elk Horn Coal Corporation. The mineral is owned by the Elk Horn Coal Corporation. The operation will use contour method of surface mining and underground mining.

The amendment application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 3140 South Lake Drive, Prestonsburg, KY 41653. Written comments, objections, or

requests for a permit conference must be filed with the Director of the Division of Permits, #2 Hudson Hollow Complex, Frankfort, KY 40601.

**NOTICE OF INTENTION TO MINE**  
Pursuant to Application Number 898-5054, Renewal No. 3

In accordance with the provisions of KRS 350.055, notice is hereby given that Clark Elkhorn Coal Company, Inc., P.O. Box 2805, Pikeville, KY 41502, has applied for renewal of a permit for an existing underground coal mining operation located 1.0 mile south of Owsley in Pike County. The operation will affect a surface disturbance of 4.64 acres and will underlie an additional 494.53 acres, for a total permit acreage of 499.17 acres.

The proposed renewal is approximately 0.6 mile northeast from KY-1384's junction with CR-1552 and is located along Dog Fork. The latitude is 37°29'09"N, and the longitude is 82°35'18"W.

The proposed renewal is located on the Pikeville USGS 7 1/2 minute quadrangle map. The surface area to be disturbed is owned by Clark Elkhorn Coal Company & Bob Billips. The proposed renewal will underlie land owned by Bobby Adkins; Harrison & Octavia Adkins; John & Betty Adkins; Mack Arthur & Charlene Adkins; Richard Adkins; Roscoe Adkins; Ernest Baldridge; Bob Billips; Robert C. Billips; Edward & Cloe Burgess; Clark Elkhorn Coal Company; Mrs. Marvin Gettings; James H. Hatcher's Heirs; Dawson James; Abraham & Stella Justice; Jim Justice; Phil Dean & Thelma Justice; Mildred S. Martin; Claude McKinney; Gene Ray; Richard L. Ray; Ella Mae Robinson; Elvie Salisbury; Earl Steven; Gladys Wagner; and Leland & Icy Wagner.

The application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Pikeville Regional Office, 109 Mays Branch Road, Pikeville, KY 41501-9331. Written comments, objections, or requests for a permit conference must be filed with the Director of the Division of Permits, #2 Hudson Hollow, US 127 south, Frankfort, KY 40601-4321.

**NOTICE OF APPLICATION FOR RECLAMATION DEFERMENT DUE TO COAL MARKETING PROBLEMS**

In accordance with 405 KAR 16:020, notice is hereby given that Branham and Baker Coal Company, Inc., P.O. Box 271, 148 South Lake Drive, Prestonsburg, Kentucky 41653, has applied for a coal marketing reclamation deferral for its surface coal mining and reclamation operation. Permit Number 877-0159. Deferral of reclamation is being requested for approximately 28.18 acres. The operation for which the reclamation deferral is requested is located 1.4 miles Northeast of Gunlock in Magoffin County. The surface area is owned by Astor Clay Collins, David L. Francis Testamentary Trust, Luther Shepherd, John G. Arnett and Branham & Baker Coal Company, Inc.

The operation is approximately 0.30 mile Northeast from Brushy Fork County Road Junction with KY Route 7 and located 1.4 miles Northeast of Gunlock on Big Branch of the Licking River. The latitude is 37°34'14" and the longi-

tude is 82°54'44" on the David U.S.G.S. 7 1/2 minute quadrangle map. The deferral is sought due to a coal marketing problem and is being requested for an initial period of six (6) months. The deferral may be renewed for additional periods up to a maximum of 30 months.

The application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 503 South Lake Drive, Prestonsburg, Kentucky 41653. Written comments or objections must be filed within 10 days of this notice with the Director, Division of Permits, #2 Hudson hollow, U.S. 127 South, Frankfort, Kentucky 40601.

**NOTICE OF INTENTION TO MINE**  
Pursuant to Application Number 836-8025, Renewal

In accordance with 350.055, notice is hereby given that Adams Diversified Corporation, P.O. Box 2320, Pikeville, Kentucky 41501, has applied for renewal of a permit for a coal loader, crusher, washer refuse disposal coal processing facility, affecting 48.72 acres located 0.4 mile Southeast of Allen in Floyd County.

The proposed facility is approximately 2.5 miles Southeast from US 23's junction with KY 80 and located 0.1 mile south of Levisa Fork of the Big Sandy River. The latitude is 37°36'41". The longitude is 82°42'49".

The proposed facility is located on the Harold U.S.G.S. 7 1/2 minute quadrangle map. The surface area is owned by Adams Real Estate Limited Partnership, Cecil Webb and James Webb.

The application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 2705 South Lake Drive, Prestonsburg, Kentucky 41653. Written comments, objections or requests for a permit conference must be filed with the Director, Division of Permits, #2 Hudson Hollow, U.S. 127 South, Frankfort, Kentucky 40601.

**PUBLIC NOTIFICATION FOR INFORMING THE PUBLIC OF POSSIBLE IMPACT TO AN IMPORTANT LAND RESOURCE**

CITY OF PRESTONSBURG

**RECREATIONAL AND INDUSTRIAL DEVELOPMENT COMPLEX**

The U.S. Department of Agriculture (USDA), Rural Development is considering an application for financial assistance sponsored by the City of Prestonsburg.

The proposed project consists of approximately 19,500 linear feet of water lines and one new 200,000 gallon elevated storage tank, one new 50,000 gallon water storage tank and two 300 gallon per minute booster pump stations. The sanitary sewer portion of the project will consist of approximately 7000 linear feet of gravity sewer and 3000 linear feet of forced main and two sewage lift stations. The primary beneficiaries will be all of Floyd and surrounding counties as a result of having a marketable industrial site as well as multiple residential building sites.

If implemented, the pro-

posed action may impact important farmland and designated flood plain within the corridors and/or sites of the proposed improvements. The purpose of this notice is to inform the public of this possible result and to request comments concerning (1) the impacts of the proposed location of farmland and flood plain (2) alternative sites or actions that would avoid these impacts, and (3) methods that could be used to reduce these impacts.

The proposed action is available for review at the following Rural Development Office:  
Rural Development Office  
220 West First Street  
Morehead, Kentucky 40351

Any person interested in commenting on the proposed action may do so by sending such comments within 30 days following the date of this publication to: Joseph C. Frazier, Rural Development Manager, USDA-RD, 220 West First Street, Morehead KY 40351.
