### WHICH IS WHICH?

Here's a teaser. In the event that you've not already seen it or solved the puzzle:

Three major league baseball stars, a pitcher, catcher and outfielder are named Smith, Robinson and Jones, but not respectively. Attending a game in which they are playing are three business men of the same names: Mr. Jones, Mr. Smith and Mr. Robinson.

1. Mr. Robinson lives in Detroit.
  2. The outfielder lives halfway between Chicago and Detroit.
  3. Mr. Robinson earns exactly \$22,000 a year.
  4. Smith beat the pitcher at billiards.
  5. The outfielder's nearest neighbor, one of the spectators mentioned, earns exactly three times as much as the outfielder.
  6. The spectator whose name is the same as the outfielder's lives in Chicago.
  7. Who is the catcher?
- Answer will be given next week. But, we are told, five minutes is long enough for you to figure it out for yourself.

### WHO GOT 'EM?

Now that the season is well under way in the big leagues, it is apparent that Cincinnati got all the best of it in that trade with Brooklyn. Tomlinson, the glum catcher, obtained from Philadelphia in this deal, is the hitting sensation of the National League, and leaves no doubt whatever as to his superiority over Siskeloff whom the Reds gave up in the trade.

best is doing good. . . . though he may be a little behind Joe Siskeloff in a good third baseman when in playing condition. Cincinnati is going about the second base duties for Brooklyn in a workmanlike manner, but his worth to Brooklyn can't be equal to that of the one and only Babe Herman in Cincy. Though hitting below his usual gait, the Babe is a specialist in the matter of extra bases, and may be depended upon to furnish his part of the attack from any ball team of which he is a member.

Whatever Cincinnati does this year, the Reds' ownership can't be accused of being too miserly to spend money in order to strengthen the team.

### OUR GUESS IS ANY

If we had to make our guess at how the major league teams will finish in the pennant chase—which we don't we'd put 'em down this way:

National League	American League
St. Louis	Washington
New York	New York
Cincinnati	Athletics
Brooklyn	Cleveland
Boston	Detroit
Pittsburgh	St. Louis
Philadelphia	Chicago
	Boston

And don't ask us how or why we got that way.

The Wayland-Prestonsburg game here Sunday was a lulu, one of the best possible with which to introduce the Sandy League baseball localities. A hard-fought, hot one in doubt right up to the last.

Marks the Wayland first baseman had a lot of fun out of the game. He and Curritto were particularly fast when Opa stopped at his station. Opa would take his lead off first, and Haney would lob the ball over to first. Curritto, of course, would be back at the base with the

by apure, to Marks would proceed with judicious care to rub the ball on the rimmer, once starting along about the knees, and ending up at the head.

Prestonsburg isn't a bit fooled as to Haney's pitching ability. That victory Sunday won't cause the best team to be over-confident when they next face the Wayland right-hander. They know he's a tough bird.

Trilling teeth and filling them admirably isn't very strong-bowling, to the pitching arm, but Dr. Kelly had plenty of cunning left in the old "soup-bone" Sunday after a two-year absence from the diamond.

## W. PRESTONSBURG

Mr. and Mrs. Herman Blevis arrived here from Detroit, Mich., to get Mr. Blevis' father and three sisters. Mr. and Mrs. Bob Campbell, of Garrett, were visiting his mother at this place Sunday.

Mr. and Mrs. Green Calhoun were visiting Mr. and Mrs. John Calhoun in the Porter Addition Sunday afternoon.

Mr. and Mrs. W. J. Hale and son, Joe Ed, of Columbus, Ohio, are visiting her mother, Mrs. Maude Spurluck.

Mrs. Alice Harris, teacher at Hardy, is home, spending the summer vacation with her parents.

## Republic Established Because Washington Refused A Kingship

Few Americans know that our country today might be a monarchy but for an act of nobility performed by George Washington on May 22, 1782. The officers of the revolutionary army implored Washington to assume royal power, place himself at their head and rule the country as a king.

On May 22, a century and a half ago, general Washington refused this situation in patriotic terms so strong that the idea was dropped. This information comes from the United States George Washington Bicentennial Commission.

We know that he refused the offer of kingship but the circumstances surrounding that dramatic moment in our history, known chiefly to scholars, need be recalled to the everyday American that he may form a still clearer conception of the nobility of Washington's character.

This incident, which constitutes one of the critical moments in the destiny of America, occurred while General Washington and the Continental Army were camped at Newburgh, on the Hudson. The surrender of Cornwallis had virtually ended the Revolution, but nominal hostilities were still in effect, and Washington was determined to hold the army together against any further renewal of the war. As usual his soldiers were poorly clothed and fed, and Congress was deeply in arrears to their pay. By then the war had dragged on for seven long years. The struggle had cost many of Washington's officers the loss of their personal fortunes, and the entire soldiered force faced a future of want on being released to civil life.

Discontent rose to dangerous intensity in all ranks. At length Colonel Lewis Nicola, a respected character on friendly terms with the commander in chief, spoke for the officers as a body when he addressed to Washington a veiled proposal that he take over the government of the country, with the army behind him, and rule it as a king.

The late Senator Henry Cabot

Lodge, in his biography of Washington, states that on this second Washington was as truly tempted as Caesar with an offer to make himself king or emperor. The stroke, however, would have been that of accomplishment. The colonies were all beggared by the war. Their governments were weak and weak. The revolutionary army was the one resource, national power in the land. The soldiers shipped Washington, and with their aid he could have taken over control of the nation. As near as that, at this stage of America's history, was the country to becoming a monarchy.

And yet it was a great distance away. To George Washington the reputation of kingship was no temptation at all. On the contrary he put it aside with far greater and more sincere indignation than did Caesar.

He was aside the laurel crown. In a letter whose every word should be implanted in the mind of every school child in America, he declined Nicola's offer and rebuked the man who wrote it. Writing on May 22, 1782, he said:

"Sir:—With a mixture of great surprise and astonishment, I have read with attention the sentiments you have submitted to my personal ears. It is, assuredly, the course of the war has given me more painful sensations than your information of these things such ideas existing in the army, as you have expressed, and I must view with abhorrence and repugnance with severity. . . . I am at a loss to conceive what part of my conduct could have given encouragement to an address, which to me seems big with the greatest mischief that can befall my country. If I am not deceived in the knowledge of myself, you could not have found a person to whom your schemes are more disagreeable. . . . Let me conjure you, then, if you have any regard for your country, concern for yourself or posterity, or respect for me, to banish these thoughts from your mind, and never communicate as from yourself or any one else, a sentiment of like nature."

**FOR JAILER**  
We are authorized to announce  
"DOKE GRIPPIER"  
of Prestonsburg, (well known as the crippled Jeweler) as a candidate for Jailer of Floyd county, subject to the action of the Republican party at the August primary, 1932. Your support will be greatly appreciated.

### Baked Beans - Substitutes

## For Meat on Lenten Menus

**BECAUSE they are rich in protein, Baked Beans may take the place of meat in the menu. The food laws and other reasons in Baked Beans make them worthy of the high position they occupy in the food world. Nutritionists advise us to include more Baked Beans in our weekly menus. They are a valuable food element. We are glad to have beans that have been thoroughly tested, since long slow cooking makes them tender and meaty.**

In the Lenten season when hearty meals are served without meat, recipes for preparing the valuable food, containing calcium, are especially interesting. Here are some recipes for all home-makers planning appetizing meals without meat.

**Oven Baked Beans in Green Pepper Casserole:** Wash four large green peppers, cut in half lengthwise and remove seeds. Place in baking water and allow to stand for five minutes to remove sting from the peppers. Fill with Oven Baked Beans (1 medium can) spiced with onion, salt, Tabasco and crumble, place in a deep baking dish, add 1/2 cup water and bake in a moderate oven until peppers are tender and the sauce is thick. Serves 4.

**Tomato Sauce Baked Beans:** With 1/2 cup butter in a saucepan remove from fire and mix with 4 tablespoons of milk. Add 1/2 cup onion and 1/2 cup celery and cook for 10 minutes. Add 1/2 cup tomato sauce and 1/2 cup tomato catsup gradually and remove from fire.

**Baked Beans:** Heat 1 tablespoon butter, add 1/2 cup onion flour and blend thoroughly. Add 1/2 cup milk, 1/2 cup tomato catsup and 1/2 cup tomato sauce. Add 1/2 cup tomato catsup gradually and remove from fire.

**Baked Beans:** Heat 1/2 cup onion flour and 1/2 cup milk. Add 1/2 cup tomato catsup and 1/2 cup tomato sauce. Add 1/2 cup tomato catsup gradually and remove from fire.

### SHERIFF'S SALE

By virtue of execution No. 2892, directed to me, which issued from the clerk's office of the Floyd circuit court in favor of Joe P. Tackett, Trustee against Alvin D. Turner, I, or one of my deputies will, on Monday, the 23rd day of May, 1932, between the hours of 1 o'clock p. m. and 2 o'clock p. m., at the courthouse door in Prestonsburg, Floyd county, Kentucky, expose to public sale to the highest and best bidder, the following described property, or so much thereof as may be necessary to satisfy plaintiff's debt, interest and cost to-wit:

Eleven lots located at Martin, Floyd county, Kentucky, bounded and described as follows, to-wit: East by Dr. Dewey Osborne; West by T. A. Bates; North by Fitzpatrick; South by Douglas Hays. For a more perfect description of the above property, the records of the Floyd county court clerk's office are referred to and made a part hereof.

Levied on as the property of Alvin D. Turner.  
TERMS: Sale will be made for CASH IN HAND.  
Witness my hand this 5th day of May, 1932.

R. L. STURBILL,  
Sheriff Floyd County.  
By M. T. STUMBO, D. S.  
Newspaper advertising \$9.

The urgent appeal of the Ohio Chamber of Commerce to Congress, published on this page, is a striking departure from the practice of many such organizations in clamoring for governmental economy and protesting against economy when it affects what they regard their own selfish interests. These Ohioans—manufacturers, rail-roads, bankers, farmers and professional men, look beyond their own limited horizon, realizing that their interests are bound up with the interests of the whole country. They have about exhausted their own resources in dealing with the depression. "Ohio business," they say, "has done its best to meet the situation. We have staggered employment. We have cut salaries and wages and passed dividends. We have introduced mass-slock campaigns; for giving home work to the jobless. We have dug down in our pockets for community funds. We have privately helped our relatives and friends. We have paid extra taxes for local relief. We have drawn upon our dwindling resources and exhausted our credit. We are reaching the end of the passage!"

"In the meantime a balanced budget, which is the basis of the nation's credit, recedes from view like a mirage."

"Everyone knows what the trouble is: Our servants have become our masters!"

There they show their understanding of the failure of Congress to do its duty to meet the situation, as they have done their part. "Our servants have become our masters!" Congress

in a hall of the jobless. The Chamber, the official department of the government, is not to be taken to task for its failure to take a lead in the manufacturing clamor of special groups, and to think only at this solemn hour in terms of the whole people of our common country.

And this is not only an appeal but a demand, in which the Ohio Chamber of Commerce is joined by "the whole people of our common country."—Courier-Journal.

### SHERIFF'S SALE

By virtue of execution No. 2918 directed to me, which issued from the clerk's office of the Floyd circuit court in favor of Eagon Heralds against Lefe Johnson and D. K. Johnson, I, or one of my deputies will, on Monday, the 23rd day of May, 1932, between the hours of 10 o'clock a. m. and 4 o'clock p. m., at the courthouse door in Prestonsburg, Floyd county, Kentucky, expose to public sale to the highest and best bidder the following described property, or so much thereof as may be necessary to satisfy plaintiff's debt, interest and cost, to-wit:

All the right title and interest of the defendant Lefe Johnson, in and to the following described tract or parcel of land, lying and being in Floyd county, Kentucky, on the waters of Clear Creek, bounded and described as follows: Beginning at the said creek on corner of George Hall's, line; thence

to the corner of the property of Lefe Johnson, thence south with back side of said garden and house and lot and upper garden with back side of same to a pointed stone 230 feet on back side of said garden and house and lot to opposite a small luecke on the bank of said creek; thence East to said luecke on the bank of said creek; thence down said creek North with center of same to the beginning, so as to include both garden and the dwelling house. For a more perfect description of said lands the records of the Floyd county court clerk's office are referred to and made a part of the same.

Levied on as the property of Lefe Johnson.  
TERMS: Sale will be made on credit of three months, bond with approved security required, bearing interest at the rate of six per cent per annum from day of sale, and having the force and effect of a Receipt bond.

Witness, my hand this 25th day of April, 1932.  
B. L. STURBILL,  
Sheriff Floyd County.

Newspaper advertising \$15.

### WEETER

Frank Scotchfield was in his shop here working when he fell and hurt his head. He is recovering.  
A thief is reported to have visited Frank Scotchfield's chicken house recently and to have taken 12 chickens.

Joe Shively, of Trum, was here on Monday, Monday.  
Mr. and Mrs. Fred Hunt and children, Anne and Russell, and Miss Doris Ellen Layne and Miss Gene Crabtree, returned from a visit to Brandy Ky. recently.

### STEPHENS BRANCH

Mrs. Alma Marshall was taken to the Beaver Valley hospital Tuesday evening as the result of a nervous breakdown. She is improving slowly. Edith Goble, who is employed at the New Hill Baptist Church the first Saturday and Sunday in June, is to be announced.

John Wells, of this place, spent the past week at Eckhardt visiting relatives.

George Duke and Russell Patton of Hueysville, was visiting at T. F. Marshall's Monday night.

Mrs. Hervis Patton, who has been in the Beaver Valley hospital for the past few days, returned to her home here Saturday. She is recovering. Claude Turner, of Glo, spent Sunday here.

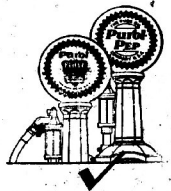

### BARN AND LIVESTOCK DESTROYED BY FIRE

Fire of unknown origin early Monday morning destroyed the barn of Elias Shepherd in West Prestonsburg. Two mules, a cow and a large quantity of corn and hay were lost in the blaze. Damage is estimated at \$1,000.

# Anti-Knock? YES!

But PLUS Increased Power. Pop and Mileage, with Improved ALL 'ROUND Performance

**CHECK**  
These Claims Yourself  
Try one tankful of New Parol-Pep. Let your motor be the judge of its superior all 'round performance.

- ✓ ANTI-KNOCK
- ✓ INSTANT STARTING
- ✓ QUICK PICK-UP
- ✓ SUSTAINED POWER
- ✓ GREATER MILEAGE
- ✓ 1932 ECONOMY

Most gasolines have been recently stepped up in anti-knock quality, to meet the requirements of modern high compression motors. This has been accomplished in many instances by sacrificing other important qualities.

Not so with new Parol-Pep. Gyro Vapor Process refining has made it possible to increase the anti-knock rating of the "regular price" gasoline to a point where it now equals some premium grades. This special process not only produces the highest anti-knock gasoline known in the refining industry, it also improves gas-line performance in many other ways.

For example, Gasoline made by the Gyro Process is heavier than ordinary gasolines. This means it contains more heat units. The more heat units the better the mileage. Hence, from the standpoint of mileage economy you'll find new

Parol-Pep is the thriftiest gasoline buy you ever made.

You'll also find this Gyro-Processed gasoline puts new life in your motor—makes it start quicker, pick up faster. You'll marvel at the smooth, surging power it delivers on steep hills.

Next time you buy gasoline, fill up with Parol-Pep. Test it for pick-up, speed, power. Then check your mileage. Compare its all 'round performance with other gasolines. You'll find it gives you what you're looking for these days—more miles for your money.

**TIOLINE MOTOR OIL**  
Scales in bottles for your protection.  
No danger of substitution when the label shows the TIOLINE logo.  
Parol-Pep and Tioline are the standard in the petroleum industry and are recommended by you always get the best quality oil for less money.

THE PURE OIL COMPANY, U.S.A.

# New Parol-PEP

## Hanna's Liquid Satinoid, the modern washable finish for walls

Spreads freely, leaves no brush marks, is a washable, flat satin finish and comes in eighteen beautiful soft tones and whites. HUEYSVILLE

GAS FIRM HAS TROUBLES
Owners of the recently-formed
'Inventor' Gas Company of this
place, which is now under contract
to furnish residents of Hueysville
with natural gas at the rate of 20
per thousand cubic feet, bottled into
a tank a few days ago when an official
of the Federal Gas Company laid
claim to the 25-inch pipe line which
carries the gas from the well into
town. However, a couple of good
citizens of this place bought the line
and all was well—for a time. Now
another company is claiming a couple
of gas regulators used by the new
firm.

DOG LOST IN MINE

A citizen of Garrett, near here,
according to a story now going the
rounds, lost his best dog a few days
ago and was much worried over the
matter. He did not make much
search in the hills near his home
and was successful in his first trip out.
The animal had fallen into one of the
numerous "mine breaches" above the
Stone Creek mines, and some 50
feet of rope was required to lift him
out.

CHESTNUT BLIGHTED

Timbermen and farmers alike are
missing the beautiful supply of
chestnut wood which existed through
out this section only a few years ago.
The chestnut blight has swept over
the country during the past two
years and left nothing but ruin in
its wake.

REV. W. R. HALL
DIES ON MAY 13

Prominent Business Man Heart
Attack Victim; Burial
Sunday

Rev. W. R. "Red Will" Hall, well-known
Baptist minister and one of
Floyd county's wealthiest citizens,
died suddenly at his home at Bechville,
this county, at 1 o'clock Friday
morning of last week as the result of
a heart attack. Mr. Hall had been ill
for three weeks, prior to his death,
but was believed to have been improv-
ing when the fatal stroke came.

He was about 70 years old.
The son of the late W. R. Hall Sr.,
the father was a native of the Left
Beaver section of this county and re-
sided at Bechville almost his entire
life. When he was married at the
age of 21 he was said to have been
peaceful, but soon thereafter he en-
tered the mercantile business in
which he applied such industry and
business acumen that he became one
of the wealthiest men in Eastern Ken-
tucky. At the time of his death he
was a director in the Bank Josephine
here and president of the Jack's Creek
Oil & Gas Company.

The Reverend Hall had been a
minister of the Baptist Church for
more than 40 years, and held the re-
spect and friendship of thousands
scattered over a wide section of Ken-
tucky. He was married to Miss
Norman Thompson, who died 16
years ago. His second wife, the
former Miss Alice Burke, survives, as
also do one son and two daughters,
children of the first marriage: Mar-
ton Hall, Bechville; Mrs. Arminia
Hall, Buchanan, Ky., and Mrs. Connie
Hall, Bechville. Two brothers and
a sister also survive: Lee Hall, Aus-

Funeral services were conducted
Sunday afternoon at the Berea, Scott
Brooks, Jerry Hall and Willie Innes
officiating. The last rites were at-
tended by a large crowd of friends
and relatives, of the deceased. Burial
was made in the family cemetery
near the home.

BEAVER ROAD WORK
TO BE COMPLETED

Is Assurance Given Delega-
tion; Trail Paving Contract
Awarded

Grand and drain of the Right
Beaver Creek road will be completed this
week, the Floyd county delegation
was assured last week in Frankfort,
county Attorney Joe P. Tackett said
this week. Details for right-of-way
were accepted last week, he said, and
it was said monthly, though upon
final action, that the contract will
be let at the July 27 meeting of the
state highway commission.

Officials minute of the last week's
meeting of the commission have not
been received here stating definitely
what is to be done, but these are ex-
pected soon and will be named in
The Times.

Contract for paving of the Mayo
Trail from Prestonsburg to Green was
awarded last week to the Carey Con-
struction Company, Lexington, and
work is expected to be begun on the
project soon. Upon completion of
this stretch of road only that section
of the trail between Bechville and
Tombig will remain unpaved.

To accommodate traffic which must
detour between Allen and Prestons-
burg, the Bull Creek road is being
paved in excellent condition. Be-
sides being drained and widened, the
Bull Creek road will be given a gravel
surfacing, it is said.

BUNTING ATTACK WINS
FOR VAN LEAR SUNDAY

Going into the seventh inning with
the lead of half, the Van Lear team
of the Big Sandy Baseball
League Sunday at Pikeville started
bunting attack which netted four
runs and the all time, defeating
Pikeville 5 to 1.

This score of this game is unavail-
able to The Times, as Pikeville's sec-
ond loss in two games played, but in
each encounter the visitor boys
showed a classy ball team. Van Lear
has a .500 standing in the League.

FISH DYNAMITERS FINED

Pikeville, Ky., May 14.—John Tay-
lor, Wade Taylor and Tom Ford, Jr.,
were convicted in county court here
today of having dynamited fish.
John Taylor pleaded guilty and was
fined \$50. The other two went on trial
and were fined \$25 each and the work
is started was applied.

George Owsley, president of the
Fish and Game Club, said eight other
steep dynamiters would be tried
soon. The leading citizens are backing
up the club in its effort, so conserve
game and fish, he said.

SWEET POTATO PLANTS

I now have thousands of Sweet
Potato Plants growing. Varieties
are Southern Queen and Nancy Hall.
Price: postpaid, 30c per 100; \$2.25
per 1000.
EUGEN LAYNE, Edinburg, Ky.

FLOYD COUNTY COURT

TO HONORABLE CLERK WILLIAM
JUDGE OF THE FLOYD COUNTY
COURT AND OF THE 31st JUDICIAL
DISTRICT OF KENTUCKY:

Your petitioner, City of Prestons-
burg, would respectfully represent
and show to the Floyd county court
that it is an incorporated city of the
Fourth Class under the Constitution
and Laws of the Commonwealth of
Kentucky; that it is empowered with
all usual power, in cities of this
class in Kentucky, and has a right
to suit and be sued, placed and be im-
posed, contract and be contracted
with, in its corporate name, City of
Prestonsburg.

Your petitioner would further show
that at an adjourned meeting of its
city council, held at the city hall, on
the 23 day of March, 1932, at which
time a quorum of the city council
was present, pursuant to a petition
signed by a majority of the citizens
residents and property owners resid-
ing there, a portion of the said City
of Prestonsburg, by ordinance duly
adopted at said meeting, was ac-
curately described, and ordered to be
stricken from the corporate limits of
said city; that thereafter pursuant
to Section 2483, Chapter 1, Kentucky
Statutes, said ordinance was duly
published for the weekly issues of
April 4, April 11, and April 18, 1932,
three consecutive weeks, in The
County Times, published within said
city. A copy of Ordinance so adopted
and passed at said meeting, is herewith
referred to and adopted, and the
boundary described therein is hereby
adopted for the description of the
area to be stricken as asked hereby. An
affidavit of Norman Allen, editor of
said Floyd County Times, is also
herewith adopted, referred to and
made a part of this petition and
showing publication of said ordinance,
as required by law.

Your petitioner would further show
that a large majority of the citizens
residents, property owners and tax-
payers residing within the boundary
proposed to be stricken from the city
limits, and within the limits of the
city (as defined for the adoption and pas-
sage of said Ordinance striking same),
WHEREFORE, petitioner prays
Judgment of the Floyd County Court
striking said boundary heretofore
described from the city limits of the
city of Prestonsburg, prays for its
costs hereof to be paid, and for all
that to which it may be entitled.

CITY OF PRESTONSBURG.

ORDINANCE

At an adjourned meeting of the
city council of the city of Prestonsburg,
Kentucky, held in the city hall in the
Merry building in Prestonsburg, Ken-
tucky, March 21, 1932, the following
officers, were present and attending:
S. L. Spradlin, councilman; T. L.
Carl, clerk; councilman; W. C.
Goble, councilman; P. H. Allen, coun-
cilman; B. H. Brown, councilman; L.
S. Spradlin, councilman; Sam H.
Hale, councilman.

Upon motion of W. C. Goble, sec-
onded by S. L. Spradlin, Carl, clerk,
was appointed Mayor pro-tem to see
in the absence of Mayor W. M. Black-
burn, the following:

A committee of citizens from
Prestonsburg presented a petition, to
the council asking that their locality
be stricken from the city limits. The
petition is in words as follows:
"We, the undersigned citizens and
residents, property owners and tax-
payers residing on the west side of the
Big Sandy River and within the cor-
porate limits of the city of Prestons-
burg, Floyd county, Kentucky, hereby
petition the Hon. Mayor and City
Council of the city of Prestonsburg,
Ky. to, from the separate limits of
said city, the following portion or
boundary thereof, being and being in
Floyd county, Kentucky, and on the
west side of the Big Sandy River,
described as follows:

Beginning at a low water mark on
the west side of the Big Sandy River,
just opposite a blue walnut tree
standing on top of the bank just above
the mill race, and about 200 feet above
the Chesapeake and Ohio Rail-
way Company's pump station; thence
a straight line to blue walnut tree;
thence from walnut tree to the north
side of the alley running immediately
west of the lot owned by Mrs. C. L.
Spence, Lee Spence and others;
thence with alley including said alley
to the upper corner of the lot now
owned by Charles Hale George; leaving
said corner as bearing to the west
bearing a straight line to the val-
ley between the mill race and the

FLOYD COUNTY COURT

and ending to Old Ferry
road, with 40 paces and then to
water mark on north side thereof to
a stake within ten feet of present
county bridge now crossing said creek;
thence northwest fifty feet to Harkins
Avenue in West Prestonsburg; thence
running straight across, Harkins
Avenue to a stake on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about
feet of the county road; thence a
southern course sixty feet to a stake
located on a station on the east side
thereof; thence running parallel with
the county bridge a south course to
within ten feet of said bridge at low
water mark on east side of same;
thence crossing creek and running up
the bank to an ironwood in about

### Youth, Charged With Wilful Murder, Sentenced To Leave State Forever

Greenup, Ky., May 16—Jack Allen, 21, this week was expelled from the state of Kentucky forever when arraigned before Circuit Judge Harvey L. Parker, Jr., on an indictment charging him with wilful murder.

Allen is charged with the murder of his cousin, J. R. Allen, 22, son of Mr. and Mrs. Woods Allen.

J. R. Allen was said to have been shot by his cousin on November 24, 1931. J. R. Allen, his father and another man were hunting on a farm owned by Jack Allen's father when the fatal shooting occurred.

The motive for the shooting was not made public.

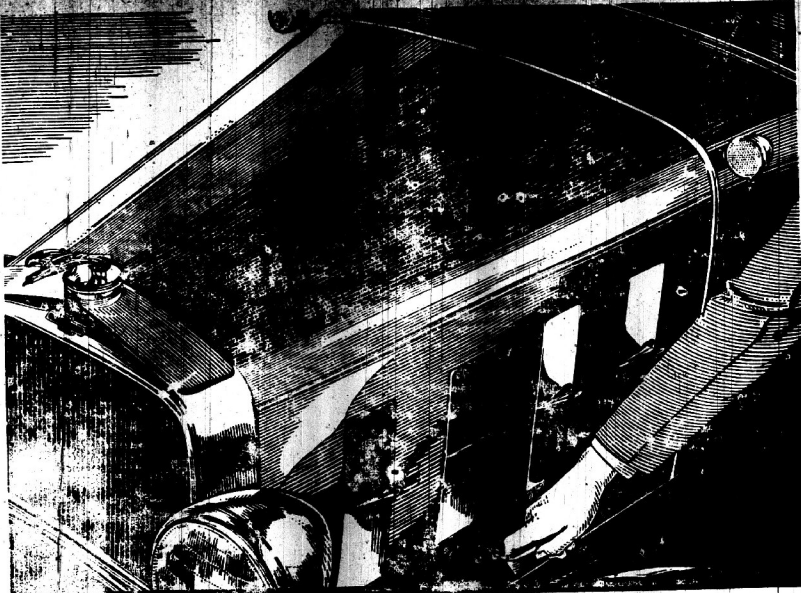

This morning when young Allen

answered to the indictment returned against him, Judge Parker promptly expelled him from the state and the youth must spend the rest of his natural life outside the borders of Kentucky and may never return under any circumstances.

The expulsion order, it was stated, was favorable to the prosecution in the case.

Young Allen planned to leave Kentucky late this evening and take up his abode in another state. He will probably locate in Ohio or West Virginia.

The sentence is unique and said to be the first time ever imposed in a similar case in this county.

## BENEATH THIS HOOD

you will find the time-proved and reliable Chevrolet motor, which combines unequalled economy with smoothness, speed, quietness and flexibility

Raise that big, impressive Chevrolet hood! The fine, modern, six-cylinder engine underneath is one of the chief reasons why Chevrolet continues to be America's largest-selling automobile! For that engine is a six—and only a six, as Chevrolet builds it, combines both built-in smoothness and maximum economy. That engine is mechanically sound! Three and a half years of continuous improving, refining, and testing have made it as nearly perfect as it can be! That engine is thoroughly proved—its basic design and construction have been tested and proved by billions of miles of service. That engine is up-to-date in every respect—It develops 60 horsepower—delivers a speed of from 65 to 70 miles an hour—and accelerates from a standstill to 35 miles an hour in less than 7 seconds. Its advantages are yours for as little as \$445—Duc to new reduced prices, the new Chevrolet Six now sells for one of the very lowest prices in the market.

CHEVROLET  
PRICES REDUCED TO  
**\$445.**  
All prices f. o. b. Flint, Michigan. Special equipment extra. Lead delivered prepaid every 60 days. A. C. Term.

**COMMANDER MOORE RESISTS ATTACK UPON VETERANS**

Harradtsburg, Ky., Bacon R. Moore, commander of the American Legion, Department of Kentucky, stated at a meeting of the organization's executive committee recently that the enemies of the World War veterans who had always opposed the defeat of the nation were making concerted efforts at this time to discredit measures passed by Congress for the relief of disabled veterans.

Commander Moore impressed upon the members of the committee the fact that the legion as the accredited representative of World War veterans, accepted the responsibility for its part in securing present benefits and expected to use all the power at its command to see that those benefits were continued.

Commander Moore praised and defended a just measure, the widows' and orphans' bill recently passed by the House of Representatives of the national Congress, and predicted its early passage by the Senate. "We are not going to let any loopholes in veteran legislation whereby an underserved case might receive government benefit, and we are not opposing the suggested Senate-House committee that is proposing to revise existing legislation so as to close such loopholes, but we do most emphatically present any criticism of the act of the Legion in its endeavor to care for these who, in time or need, cared most for American," the commander said.

**GOD SAVE THE COMMONWEALTH**

In a certain state of which we know is the sheriff's duty to formally convene the various sessions of the courts, which does this in a present of form, always closing with "God save the commonwealth."

We are reading this formality because of its pertinence in relation to a certain Kentucky court which will be asked to determine the constitutionality of the legislative debt refunding bill passed at the last session of the Kentucky legislature.

Kentucky owes on state warrants issued on questionable authority in the neighborhood of \$13,000,000. By some mental process courts have held that these warrants are not debts of the state. The constitution of the state prohibits the legislature or state officials from creating a state debt in excess of \$200,000, except by a majority vote of the electors, of the state.

The outstanding state warrants are largely in the hands of scoundrels, many of whom were in one way or another connected in having them issued in the first place. These scoundrels with the certain representative of large financial interests secured the passage of a bill which aims to give authority to refund these outstanding state warrants with an issue of regular interest-bearing state bonds. And all this without so much as saying to the taxpayers of the state, "By your leave."

Regardless of the way in which these outstanding warrants were issued, they are now a moral obligation of the state, and no true Kentuckian wants to see them repudiated. But neither does an honest Kentuckian care to have the state treasury cashed up with bonds in violation of our fundamental law.

Honesty is still the best policy. If our legislature, any session, under the present constitution, had enacted legislation making it impossible for state warrants to be issued unless the cash to pay for them was actually available, and if it were illegal to pay interest on such warrants, then there would be no warrants to refund. But our legislature, any session, is too concerned in accumulating money to pay such debts to pay much attention to problems pertaining to the welfare of the state.

If the courts of the state will hold

As I think they must—that the lobby warrant refunding bill is unconstitutional. Then there seems but one thing to do. And that is to call a legislature which will make assurance of future interest-bearing warrants impossible. When this has been done, let the legislature submit the question of refunding outstanding warrants by a bond issue. If the legislature has this, made it clear that a future bond issue, in like manner cannot become necessary, the people of Kentucky will almost unanimously approve the bond issue and pay the taxes to redeem the bonds.

This seems to be the only honest course to pursue.—Licking Valley Courier.

**THE ADVENTURE OF A. G. HAYS**

The American Civil Liberties Union's delegation has come and Hays, the union's executive, and another power, announced in federal court that his group could not go to Louisville or hold meetings unless it obtained an injunction restraining local official interference. The union does not get that injunction because it is not a group of individuals, but a group of individuals, and officials the restriction was held that because of a time-saving device it was granted individuals, but not groups, the right to sue. The union's delegation has come and Hays, the union's executive, and another power, announced in federal court that his group could not go to Louisville or hold meetings unless it obtained an injunction restraining local official interference. The union does not get that injunction because it is not a group of individuals, but a group of individuals, and officials the restriction was held that because of a time-saving device it was granted individuals, but not groups, the right to sue.

**POLITICAL ANNOUNCEMENTS**

**FOR MEMPHIS**

We are authorized to announce D. P. (PERRY) DINGO as a candidate for sheriff of Floyd county, Ky., subject to the action of the Republican party at the August primary, 1932. Your support is earnestly solicited.

The residence which Col. R. C. Ferguson owns on Broadway is being raised above the level of the new-constructed Mayo Trail.

**WANTED AT ONCE**—20,000 more sweet potato slips, for immediate planting. We now have the ground ready for 30,000 more sweet potato slips at the "Red Cross garden" and we are asking that our friends all over the county donate and send us all the sweet potato slips they can spare for immediate planting. Send or bring the plants to Red Cross headquarters. They will be greatly appreciated and in due time will go a long way in helping with the relief work in the county.

AMERICAN RED CROSS

CALL DAY OR NIGHT. WE WILL BE AT YOUR SERVICE.

**Hectic Days—Sleepless Nights**

**TOO MUCH work, too much mental strain, too much worry ... then "NERVES".** How they torture you, how they keep you awake nights!

"NERVES" make you irritable, restless; give you headaches, indigestion, ... "NERVES" make you look and feel old ... weaken resistance and pave the way for all manner of ailments.

J. M. Foster, a druggist, suffered tortures from Over-worked Nerves. He had dozens of so-called "Nerve Remedies" in his store. One by one he tried them without relief ... But his Mr. Foster tell his experience in his own words:

"I think Dr. Miles' Nerve Tonic is the best nerve medicine made, and that it better than any other I have made. Dr. Miles' Nerve Tonic has put me on my feet."
