HEALTH NEWS

Compiled by Dr. Marvin Ransdell
Director, Floyd County Health Dept.

TYPHOID FEVER WARNING

Typoid fever was the subject of a warning issued recently by Dr. A. E. McCormick, state health officer. While there is no serious epidemic of this disease anywhere in the state at present, many new cases of typhoid are being reported each week to the state health department from various sections of the commonwealth. The heavy rains of the past few weeks, with resultant deposit of filth of all kinds in or about sources of water supplies, are likely to be a predisposing factor in increasing the incidence of the disease at this time. In view of these facts and the fact that typhoid is apt to be most prevalent in the period between mid-summer and the early fall, it is urged that every possible precaution be taken to prevent further spread of the disease.

Every case of typhoid is reported on a form from swallowing the germs, or seeds, of the disease and which germs come from just one source. This source is the waste material of the bowel and kidney discharges of human beings who are sick with the disease of typhoid. "Carriers" of the germs, "carriers" are persons who, although not sick with the disease themselves, have typhoid germs growing in their bodies.

When human wastes coming from typhoid cases or from "carriers" are not properly disposed, they are apt to get into soil, Dr. McCormick, water for milk and other foods, and then such germs, he transmitted to well persons. Water is usually infected by sewage or surface drainage; while milk and other food, are liable to be infected by fingers of flies, contaminated with typhoid germs. If all waste from human bodies were properly disposed of, it is pointed out, the danger from typhoid will be greatly obviated.

WAYLAND DEFEATS VAN LEAR SUNDAY

Wayland came back Sunday after losing his last two games, and scored a brilliant 8-0 victory over Van Lear. Haney pitched a fine game of ball and with errorless support had an easy time of it. At no point in the game was he in trouble as the three Van Lear hits were scattered and no runner passed second base.

Several new faces appeared in the Wayland lineup, and this seemed to put new life into the team. Next Sunday Wayland plays Louisa at Wayland.

The box score:

The most powerful and economical low-priced truck you can buy

It takes an exceptionally good truck to meet today's hauling needs. It must be capable of long runs at high speed. It must be powerful enough to let the driver ignore road conditions. It must be able to operate with a minimum of time-out for repairs.

And yet, it must be economical in its use of gasoline and oil. It must be able to stand up to the most severe conditions of the highway and still give you the most economical truck you can buy.

And economical low-priced trucks you can buy! It's the six-cylinder engine that makes these trucks so efficient—and so popular. Six-cylinder smoothness reduces wear on all truck parts. Six-cylinder power and speed make possible heavier bodies with a larger bulk capacity. Six-cylinder flexibility gives you a factor power reserve. Today you can get these six-cylinder advantages at the lowest prices in Chevrolet's history!

SOLE SURVIVOR OF LAST MAN CLUB PAYS TRIBUTE TO COMRADES

Stillwater, Minn., July 21—An old man, bent with the weight of his years that have passed since the war between the States was "alone" in a crowd tonight; the last survivor of the famous "Last Man's Club." Lockwood stood before a table surrounded by guests that were draped in black. On the table was the famous bottle of wine which thirty-four members of the First Minnesota Volunteers, best survivor of their club to drink. Lockwood did not touch it. He drank water instead.

For two years, Lockwood who lives at "Chamberlain, S. D., has been the only survivor of the club, except for those who have followed tradition by attending the annual "meeting."

Tonight, younger veterans of other wars and members of other organizations met with him at a banquet table. In the same room was the black draped table of the "last man's club," the chair reserved for those who had died.

The roll call finished, his shaking hands, dropped to the table. "The roll call," he said, "is a sad thing." He rolled down his sleeve. "The clouds are dark tonight," he said. "No top of clouds or high hills." "The clouds are dark tonight," he said. "No top of clouds or high hills." "The clouds are dark tonight," he said. "No top of clouds or high hills."

RAMEY WITHDRAWS FROM CONGRESSIONAL RACE

H. B. Ramey, of Paintsville, this week announced his withdrawal as a candidate for the Republican nomination for Congress from this district. He was withdrawing from the race because of the attitude shown by the members of the legislature who would not support him. He would not be a candidate for the office from this district at the next Congressional election.
