BLACKCATS DOWN HAZARD FOOTBALL TEAM, 13-0 SCORE

Local Eleven Enact Role of Giant Killer in Trouncing Heavier Team

The Prestonsburg Blackcats Saturday essayed the role of Giant Killers and how well they played this role is the burden of the story.

Facing a far heavier, more experienced Hazard eleven on the Hazard field, bogged down in mud and water before the weight advantage held by their opponents, up against a team that rates a place on the schedule of the famous Army and Navy and the Danville Admirals—well, with all that against them, the Blackcats fought their way to a thrilling 13 to 0 victory.

Hazard had a weight advantage of from 10 to 15 pounds per man. But the Perry Countians lacked the speed and drive of the Prestonsburg team. And they lacked the services of a punter such as Mayo, Blackcat quarterback, whose educated toe kept Hazard in the hole throughout the game. This boy's kicking under the most trying conditions indicates that his toe is not only educated but that it has had post-graduate work. Four times he placed punts out of bounds within the Hazard 40-yard stripe.

Prestonsburg scored within the first five minutes of play. Standing on the Hazard 30, Mayo heaved the soggy pigskin 20 yards to Craft, who snatched it from the hands of four Hazard players and dashed 10 yards across the goal line. A punt netted the extra point. The second Blackcat marker was made when one of Mayo's punts left Hazard with the ball on their own five-yard stripe. There Howell broke through and blocked a desperate Hazard punt. Hughes then juggled the ball across on three plays.

OFFICERS CAPTURE PITTS, THORNSBURY

Two Released in Pitts Fork Shooting Under \$2,000 Bond; Stephens Uncap- tured

Henry Pitts and John Thornsbery were arrested Friday night on the mountain top at the head of Pitts Fork by Sheriff M. T. Stumbo and Deputies Elson Kendrick and Bill Willis, who had sought them for several days on a charge of shooting and wounding Steve Justice and Alka Thornsbery September 23.

The pair was taken without difficulty. They were released under \$2,000 bond each Saturday. Their bondsmen are Jim Pitts, Joe Thornsbery and John L. Pitts.

Floyd authorities yet this week were unable to locate whereabouts of the one who is wanted for the murder Sept. 26 of Lace Hunt, aged farmer, at Sugar Loaf, near here.

COLONEL STUMBO

Governor Rubv Laffoon this week commissioned Oliver H. Stumbo, Jr., son of Mr. and Mrs. O. H. Stumbo, of this place, a Colonel in his staff. Young Stumbo is student at the Kentucky Military Institute, Lyndon, Ky.

MISS GOBLE, MR. OLIVER WED ON SEPTEMBER 14

Marriage of Miss Anna Lee Gobble, of Prestonsburg, and Mr. Ernal Oliver, of Williamson, W. Va., was solemnized at Ford Creek, Ky., Sept. 14. It was announced here this week.

The bride is the attractive daughter of Mr. and Mrs. James Gobble, of this place, and has many friends in this section. Mr. and Mrs. Oliver have returned from their honeymoon to Portsmouth, O., and other points of interest, and are at home to their friends in Williamson, where Mr. Oliver is employed.

MAY CAMPAIGN OPENS OCT. 6

Congressman A. J. May Saturday opens his campaign for re-election to Congress from the Seventh district at Whitesburg, Letcher county.

For the occasion hundreds of persons from the Big Sandy are expected to join Kentucky River citizens at Whitesburg. A motorcade will form at Salsyville, be augmented by others from Paintsville, Inez, Prestonsburg, the Beaver valley, Hindman and Hazard, and join at Whitesburg another motorcade starting from Pikeville and going through Jenkins, all forming a gigantic boosters' organization.

BOTTLE OF BEER AS MISDIRECTED BULLET CAUSE MAN'S WOUND

A dispute over where a bottle of beer should be drunk and a misdirected shot resulted in the shooting Saturday at Betsy Layne of Ernest Mullins by Deputy Sheriff Jay L. Hamlin. The bullet caused only a slight wound in Mullins' groin. The sheriff's office here was told that Robert Guffey had bought a bottle of beer at the Pike Floyd store at Betsy Layne and had been asked to accompany with a store rule to step outside to drink it. When he refused, Deputy Sheriff Hamilton ordered him outside. A dispute followed, the officer drew his revolver and as he fired Guffey whirled, the bullet struck Mullins directly behind Guffey.

JUDGE E. P. ARNOLD ADDS NEW FUNERAL CAR TO EQUIPMENT

Delivery of what is said to be the finest invalid car, a combination ambulance and hearse, in this section, was made recently to Judge E. P. Arnold for use in his business as funeral director here. The car, a Buick, has a wheelbase of 165 inches, is designed along the most modern lines and is luxuriously outfitted to meet the needs and conveniences of the public. Purchase of the car entails heavy expense, but Judge Arnold has taken this step to keep abreast of the times and to render a complete and more efficient service to the public as an expression of his interest in the welfare of his section.

Assistant U. S. District Attorney Claude P. Stephens has been threatened with appendicitis for several days, and returned to his home here Thursday night from the Marting hospital, Tronton, where he received treatment. His condition is much improved, and an operation at this time is not necessary. He was accompanied to Tronton by Mrs. Stephens.

CHANGE OF VENUE IN WAYLAND CASE

Layne, Castle and Meade Trial To Be Held in Law- rence County

Louis, Castle and Meade O. C. Hall's plea for a change of venue for the trial of Layne, Cannon, Meade and French Martin, was granted by Circuit Judge John W. Caudill a few days ago, and trial of the case will be held in the Lawrence circuit court at Louisville Thursday.

The defendants in the case went to Louisville Thursday, appeared in court and executed bond. The first indictment made against them for the Martin slaying was quashed. The ground that the indictment was irregular, since it had been returned by a grand jury serving more than the nine days allowed a grand jury session.

In filing his motion for a change of venue, Mr. Hall contended that such a state of lawlessness exists in this county that a fair trial cannot be had.

BUSINESS WOMEN IN DISTRICT MEET

Members of the Prestonsburg, Hazard and Pikeville Business and Professional Women's Clubs held their North-eastern district conference Sunday at the Hotel Hatcher in Pikeville, Miss Ruth Stapp, of Mt. Sterling, state president, presided at the conference.

Miss Ina Neville, president of the Hostess club, welcomed the guests. Mrs. R. R. Bobbitt, president of the Hazard club, responded for the visitors. Miss Stapp then took charge of the meeting. Following lunch, she gave the principal address, choosing as her subject, "What Is the Matter With Women?"

Talks and discussions followed. Miss Eunice Hensley, of Hazard, spoke on "Programs" and led a round table discussion on her subject. Mrs. Bess Golden, of Prestonsburg, addressed the club on "Magazine and Membership Committees." Miss Virgie McCombs, of Prestonsburg, and Mrs. J. E. Dupuy, of Pikeville, talked and led discussions on the Finance and Budget system in the clubs. Miss Stapp appointed Mrs. John W. Langley, of Pikeville, a member of the state legislative committee.

Members present were: Miss Ruth Stapp, of Mt. Sterling; Mrs. R. B. Bobbitt and Miss Eunice Hensley, of Hazard; Mrs. Bess Golden, Misses Virgie McCombs, Mae Kinney, Anna Harris, of Prestonsburg; Mesdames John W. Langley, Sally V. Dotson, K. L. Arns, Ira Williamson, T. S. Hoskins, J. B. DuPuy, Joe F. Lewis, Jr., Louis Bashara, M. D. Picklesimer and Arthur Fields; Misses Ina Neville, Zenna Hamlin, Thelma Maynard and Edna Marcum, all of Pikeville.

BEN ENDICOTT DIES AT AGE OF 63 YEARS

Ben Endicott, 63 years old, died at his home in Endicott, this county, Monday, a victim of illness attendant upon advanced age. Mr. Endicott was a farmer, and was highly respected as one of the best citizens of his community.

Surviving Mr. Endicott are his widow, Mrs. Minnie Endicott, two sons, Elmer and Tom Henry Endicott, and a daughter, Mrs. W. E. Setzer. Burial was made in the family cemetery Sunday.

LEAGUE SERIES TO BE PLAYED HERE

Wayland Defeats McDowell, 3-0, Here; Title Series Starts Sunday

Beginning Sunday, baseball fans of this county will have their own big series to attend—not a World Series, but one which may draw considerable attention for a day from the big league championship series between Detroit and St. Louis. This side attraction is the three-game series to be played here between McDowell and Wayland for the championship of the Big Sandy-Elkhorn Eastern League at Gasco Park here, neutral ground, has been selected for the scene of the series.

Wayland won the second-half championship here Sunday from McDowell, 3 to 0, in a pitching duel between McDowell's righthander, Kit Stumbo, and Wayland's portlander, Johnson. The two teams had tied for the second-half lead and Sunday's game was the play-off.

Each team made only five hits, but Wayland's were bunched in the seventh and two of the five were over the fence and out. After Stumbo had retired 20 Wayland batters in succession, Slone singled in the seventh with two out—turning, Wayland catcher here, drove a homer over the left field fence. In the eighth, Martin smashed a home run for Wayland's other score.

McDowell lost two scoring opportunities when Kit Stumbo was tagged on second by the simple expedient of the hidden ball trick, and Buck Stumbo was picked off first by Curruette's snap throw with the bases loaded.

Johnson and Kit Stumbo are expected to operate from the mound for the opposing clubs throughout the series. Both have excellent records as twirlers, and close, hard-fought games are expected for the series. Last Sunday, Corbin umpired behind the plate, with Art Hager and Adrian Collins umpiring the series. Both were so efficient and satisfactory that the same arbiters may officiate through the series.

Wayland during the second half won three games from McDowell without losing a contest to the first-half winner, and are given an edge in this series by many fans. It is pointed out, however, by McDowell fans that the Left Beaver boys had already clinched the first-half championship and suffered from lack of an incentive to fight for these last-half games. What the two nines do in the three week-end games ahead is another matter which will be closely watched by baseball fans throughout this section.

Big Sandy Young People Install Officers Friday

Installation of officers of the Big Sandy Young People's Union was held Friday night at a meeting of the U. P. in the Methodist Church here which was attended by approximately 200 members from Prestonsburg, Pikeville, Garrett, Wheelwright, Betsy Layne and Van Lear. Prof. Jesse Elliott, of Betsy Layne, was installed as president of the union, succeeding S. L. Isbell; Paul Roach, Garrett, vice president, and Miss Slater, of Betsy Layne, secretary. Dr. W. H. King, new pastor of the W. E. Church, South, here, was introduced at the meeting.

COURT OF APPEALS TO DECIDE SCHOOL CASES

Suits filed by Maytown and Weebury school trustees against the Floyd county board of education were decided this week in favor of the defendants, and are now going to the court of appeals for final decision.

First of these cases was that filed by J. H. Allen and others, contesting the appointment to teacher positions in the Maytown school of several persons contrary to recommendations of the trustees. The Weebury suit was filed by J. E. Parker and others, the same question being involved.

NO MORE DANCES IN GYMNASIUMS

County Board Votes at Meeting Tuesday; Audit Is Completed

There shall be no more dances held in any gymnasium in which the Floyd county board of education has an interest, it was voted by the board at its meeting here Tuesday.

A. D. Roberts, who had been employed by the board to make an audit of the county board of education records for the past four years, reported that his work had been completed and filed the audit statement. Superintendent Ballard Hunter declined to reveal for publication contents of the audit, but the report in full will be published, since publication of disbursements of public monies is required by law.

Attendance, the board was told, is from 12 to 15 per cent higher this year than at the same time last year. John Waris, attendance officer, has been making an intensive drive toward better attendance, and his work, it was pointed out, is being very successful. The fiscal court Tuesday voted to make available to the use of a purchase.

Discussion of the debating schedule and the annual oratorical contest was held, and it was said Wednesday morning that both would be approved. Palmer Hall, originator of the oratorical contest, and now a teacher in the Auxier high school, was named to conduct the oratorical contest.

Three new school buildings, those at Hunter, Burton and Precinct (Crawley), have been accepted and school was opened at each place Monday. Addition of a room to the Glo school building will be completed in time for opening of school there Monday, it was said.

Misses Myrtle Franklin and Irene Foster were hired Tuesday as teachers in the Garrett school, crowded conditions there necessitating the need for additional teachers. All Betsy was appointed to succeed McKinley Hunter as teacher at Drift. Mr. Hunter having resigned to accept a position in the Wheelwright school.

Bud Gobble's resignation as trustee in district 10 was accepted by the board, and Clude Gobble was appointed to fill the vacancy.

PARALYSIS VICTIM

The son of Mr. and Mrs. Ed Evans, of Betsy Layne, died Sunday, a victim of infantile paralysis. Funeral rites were conducted Monday and burial was made under the direction of G. D. Ryan.

Joe M. May, of Atlanta, Ga., is visiting his parents, Mr. and Mrs. Bascom May, here.

HUGHES GIVEN LIFE TERM WITHIN WEEK OF KIN'S CONVICTION

Former Officer Held Guilty of Castle Slaying; Johnson Convicted

Six days after his brother, Billy Hughes, had been given a 21-year penitentiary term for the slaying at Hueysville of Ashland Ousey, Jim Hughes, former county patrolman, was sentenced to life imprisonment Thursday. Last week, when held guilty by a jury of the Floyd circuit court of the murder of Green Castle, within a few hundred yards of the Ousey slaying.

Slaying of Castle followed the killing of a snake by the two boys, Green Castle and John M. Whitaker, asking them if they didn't know it was an offense to shoot on Sunday. When, according to Commonwealth testimony, Castle replied, "It's no more than you do," Hughes fired three shots from an automatic, managed in to hit him, then turned the gun on Whitaker, shooting him in his arm.

The defense claimed that Castle was armed with a shotgun and that Hughes believed his life endangered when he fired. The men had had previous trouble, and it was claimed by Hughes that Castle had threatened him, thus explaining for his safety.

Commonwealth attorneys said this would not appeal from the jury's verdict.

Hays Johnson drew an eight year term for the slaying at Melvin a few months ago of Walter Johnson, a kinsman. The former, a merchant, fatal wound, the other when Walter Johnson came into his store. He claimed that the other was intoxicated and that his life was threatened. Commonwealth testimony maintained that young Johnson was shot when he sought to make a purchase.

The September term of court, a criminal term, ended Saturday and was succeeded Monday by the October civil term. Jurors summoned for service during the present term are:

Perjury: Crider, John Creek; Dallas Layne, Laysville; Jack Miller (Miah's son), W. Prestonsburg; Walker Spears, Edgar; Joel Crisp, Martin; Jim Robinson, Laysville; Ben Harrison, Bull Creek; Landon Clarke, Gregg Slope, Middle Creek; Billy Martin, Allen; Malcolm George, Cliff; Eliza (Latham), Bull Creek; Bud Hamilton, Mud Creek; McKinley Caudill, Mt. Zion; Ben Prosser, Andy Reed, Hueysville; Jim Roy, Crisp; Perry Foster, Mrs. Johnnie May, Emma; Lum Kidd, Harold; Willie Fern, Auxier; Harvey Jarrell, Bull Creek; the Star Line, Abbott; B. H. Hunt, Prestonsburg; Ben Harrison, Prestonsburg; Ben Harrison, Ben Harrison; Willie Webb, Cliff; Cover Stumbo, McDowell; B. Jones, Prestonsburg; Sally Gobble, Cow Creek.

Relief Day will be observed at the First Presbyterian Church Sunday morning, the next service of the Sunday school and the church, beginning at 9:45 o'clock. Various classes will contribute to the program.

The occasion will mark also the promotion of pupils and the organization of a junior boys' class. A goal of at least 100 attendance is being set for the day.

Virgin Islands include Numerous Small Islands

The Virgin group comprises a large number of small islands—only a few of them of any considerable importance—lying to the east of Porto Rico between the Caribbean and the Atlantic ocean. They include not only those which the United States bought from Denmark, and which were formerly known as the Danish West Indies, but also a number which constitute a British colony called the Virgin Islands.

Columbus discovered the group on his second voyage in 1494. It is said he was amazed at the number of them, and feared he would not have enough supplies on hand to go round, so he put them under the sacred patronage of the 11,000 martyred virgins of St. Ursula.

Danish traders early established themselves on St. Thomas, and by a sort of equitable sovereignty the island was taken under Danish administration in 1671. St. John and St. Croix and smaller islands were added in 1733. The British, meanwhile, appropriated the rest of the group.

In 1857-58 the American State department sought to buy the Danish islands. Denmark was willing to sell, and the islanders were eager for the transfer, but the United States senate refused to ratify. In 1902 a second treaty was signed and the United States was to have the islands for \$5,000,000, but the Danish upper house did not ratify. In 1917 the islands were finally effected, this country paying \$25,000,000.

Sea Lion Is Wary of Man and Hard to Photograph

Living in the wild, reef-protected waters off the coast of British Columbia, the sea lion is extremely wary of man and is practically impossible to photograph at close range. The males are from 11 to 15 feet in length, 8 to 10 feet weight from 300 to 2,300 pounds. Females are from 8 to 10 feet length, average 500 to 800 pounds. The species hunted, says the Montreal Herald, is the Stellar's or gray sea lion, first noted by a Russian that name, who accompanied Vitus Bering on his ill-fated voyage in 1740.

They dwell on the Virgin Islands, rocky bare reefs rising just a little above the water level, in a triangular-shaped territory of about 65 miles off the coast of British Columbia. Here they breed and have their young. Two pups being born to each female about the middle of June.

Known as sea bears, they are fearless, and from them the attacking machine-guns and riflemen have little to fear. Only the sturdy natives are best to save the children from these men who give no mercy. The Virgin Islands lie in most dangerous uncharted waters, swept by the north Pacific. Hunting only can be done in fairly quiet water.

Jealousy Held Vital to Love

Chinese are among the world's worst lovers, declares M. Maurice Dekobra, the French love-story writer, and during his visit in China he has been telling the men how to show their devoted affection. Because the men do not make love properly, he says, the Chinese women are hard and unamused. He likens them to "strange five-peachens." They are full of the fighting spirit, quick at repartee and very ready to challenge their menfolk. That says M. Dekobra, shows, is wrong spirit. As lovers the men lack imagination, romance and sentimentality. They make no attempt to understand women and neglect them after marriage. Moreover, they consider it undignified to be jilted—and jealousy is necessary to true love, declares Dekobra.

Roads in Richakas

Shanghai, China, is the city where East meets West and a queer combination of ancient oriental customs and the latest modern fads are part of the everyday life of the city. One of the latest is the installation of radio sets in the jitneys which are the principal means of transportation of the city. The two-wheeled, man-driven vehicles have been used for hundreds of years by the wealthier classes of Chinese. The narrow, well-lined streets of the native quarters make any other form of transportation impossible. In China, with its more than 400,000,000 population, man power is the cheapest in the world. It is an inconceivable sight to see a coolie hauling his passenger in his ricksha and hitching to the strains of a modern dance band.

Sunshine Kills Rattlesnakes

One ordinarily thinks of a desert rattlesnake as basking in the sun all day long awaiting its prey. Surprisingly, however, direct sunshine quickly kills this cold-blooded reptile. This was proved by members of the Yosemite Field School in Yosemite National park. A specimen rattlesnake was desired for museum exhibit but in a rural neighborhood conditions. Members of the school, therefore, placed a rattler in an exposed position where he died in convulsions under the direct rays of the sun in 17 1/2 minutes.—Scientific American.

Sirius, Brightest Star

Sirius, the brightest star in the sky, is one of the earth's nearest star neighbors. Its distance from our globe is a mere 88 light years, or 51,000,000,000 miles. It has a diameter of 2.5 times that of the sun. The mass of the heavyweight companion of Sirius is only 85 per cent of that of the sun, and it emanates only 1/60th as much light.

Breaking Pikes Peak Record A Major Feat

By LESLIE L. STEVENS

ALONG with the Labor Day excitement in tires and other developments in tires and other sports, a remarkable feat of automobile racing was accomplished that day. Two dare devils of the speedway smashed two former marks in negotiating the hardest and most serious of all tests of automobile speed and sturdiness, the annual Pike's Peak climb. It is a test calling for the utmost stamina on the car itself, its equipment and especially its driver.

Louis Usher, of Colorado Springs, driving his Shultz Special, using Veedel motor oil and the most modern developments in tires and other accessories, plugged up the steep ascent and finished the twelve mile 2200-foot course in 16 minutes 13 2/10 seconds, thus lowering the former record, made last year by Al Miller, was 20 minutes 5 2/10 seconds.

The race was significant in more than one way. No matter how fast and how well built automobiles were considered virtually unobtainable when made two years ago. And now they are being built in quantities of Colorado Springs, driving a Ford '34 and also using Veedel, broke the stock car record by making a climb in this hazardous and difficult course in 19 minutes, 25 7/10 seconds. The former record, made last year by Al Miller, was 20 minutes 5 2/10 seconds.

The race was significant in more than one way. No matter how fast and how well built automobiles were

WAKE UP YOUR
LIVER BILE—
WITHOUT CALOMEL
And You'll Jump Out of Bed in
the Morning Rarin' to Go!

If you feel sore and such and the world
looks blue, don't swallow a lot of pills,
suffer and expect to make you suddenly sweet
pleasant and full of sunshine.
For YOU DON'T DO IT. They only move the
poison and give momentary relief, but
don't cure. The reason for your down and out
feeling is found in your bowels daily.
If this bile is not kept moving in the bowels,
it will back up and your breath is foul,
your face is red, and you feel down and out.
Your whole
system is out of gear.
I take three good old CARTER'S
LITTLE LIVER PILLS and get them two
pounds of bile moving freely and make you
feel like a new man.
I have seen people who have been
suffering from indigestion, constipation,
headache, neuralgia, rheumatism, liver
trouble, and all kinds of ailments, and
they have been told to take Calomel.
But don't take Calomel! Ask for Carter's
Little Liver Pills on the red label. Beware
of cheap imitations.

REVISED
UNIFORM INTERNATIONAL
SUNDAY SCHOOL LESSON
Lesson for October 7
FELLOWSHIP WITH CHRIST.

LESSON TEXT—John 15:1-8.
GOLDEN TEXT—Abide in me, and
I will abide in thee, and I will
bring forth much fruit to the
world. John 15:4.
PRIMARY TOPIC—Jesus and His
Fruit.

Under the beautiful allegory of the
vine and the branches, Jesus set forth
the spiritual oneness of himself and
his disciples. He has chosen them
though he was going away; they
would be in vital touch with his
spiritual life, and that through him
they might be manifested to the world,
and his purpose accomplished.

1. The Relationship of the Disciple
to Jesus and the Father (vv. 1-3).
Jesus is the source of the disci-
ples' life (v. 1). He is the true vine.
Through the incarnation Jesus identi-
fied himself with his disciples by
sharing with them death and resurrec-
tion. It is possible for the believer to
be a partaker of his life, so that
when he dies he will be with his Lord;
there is a community of life. As the
vine puts its life into the branch, so
Christ pours his life into the disciple.

2. The discipline of the disciple in
the hands of the Father (v. 1).
The Father is the husbandman. Just
as the fruit of the vine is in the hands
of a husbandman, so the discipline of
the believer's life is in the hands of
the Father. He knows exactly how
deep to cut with his pruning knife,
and can be absolutely trusted to cut
no deeper than necessary, for he is
our affectionate Father. In this disci-
plinary process he
a. Removes the unfruitful branch
(v. 2). He does not take the trouble
to prune the fruitless branch—the
apostate church member; the mere
professor he removes.
b. Purges the fruitful branch (v. 2). He
removes the natural tendencies and
desires in order that the virtues of the
Lord, the fruit of the Spirit, may
abound.

3. The instrument by which the disci-
pline is accomplished is Jesus'
death. He is the true vine, and he
is fruitful in character and spirit,
the pruning knife, Christ's words,
made intelligently and regularly ap-
plied.
II. The Conditions of Fruit-bearing
(vv. 4-7).
The supreme and grand object of
pruning the vine is fruit. God's whole
design in producing the vine and
making men branches thereof was to
obtain fruit from each true fruit-
bearer.
1. Abiding in Christ (v. 4).
As the branches draw sap and
life from the vine, so the believer
abides in Christ, from whom they de-
rive their purity, strength, and wis-
dom. Indeed, it is a mutual abiding
in Christ and the Father.
2. Christ's words abiding in us (v.
7). So mighty is the power of the one
who abides in Christ and in whom
the words of Christ abide, that Heaven
can withhold no gift from him. In
fact, the one who is united to Christ
by faith and prayerfully meditates
upon his words will be able to let the
Spirit to pray as to have success with-
out limit (Col. 3:10).

11. The Blessed Issue of a Fruitful
Life (vv. 8-10).
1. The glorification of the Father
(v. 8). The Father will be glorified
through much fruit-bearing (Matt.
5:16).
2. Credentials of discipleship (v. 8).
The way to prove that one is a child
of God is to manifest the characteris-
tics of God in his acts and service.
3. Abiding in Christ's love and keep-
ing his commandments (v. 9).
The way to abide in Christ's love is
to keep his commandments.
4. Fullness of joy is to be in
Christ's love (v. 11).
The way to abide in Christ's love is
to keep his commandments.
5. Loving one another (vv. 12, 13).
The one who abides in Christ, and has
the life of Christ flowing into him
will love his fellow-men, especially his
brother in Christ.
6. Friends of Christ (vv. 14, 15).
Christ's friends do whatsoever he
commands. Befig thus obedient to
him, we are taken into his confidence
and have made known unto us the
heavenly Father's will.
7. Perspective fruit-bearing in love
with power in prayer (v. 16). This
enriched life becomes possible through
the sovereign choice and ordination of
Christ.

The Attitude of Hope
It is good and right to hope. It
is the natural attitude of the immortal
soul. Let us hope that some great
happiness awaits us. Let us hope that
some pain and sorrow may be our lot,
and that new ambitions, new goods
may rise up before us with all their
golden opportunities.

Dare to Venture
He who fears to venture as his heart
urges at his feet, and as he goes
forward; he who ventures further than
he intended to go is a slave—Helen.

The Rev. Robert A. Potter,
pastor of the Presbyterian
Church here, returned last
week from Latonia, Ky., where
he attended the "Ebenezer"
Presbytery.

These folks own the
Bell Telephone System
It is truthfully said of the Bell
Telephone System that it is
owned by the public. It serves
more than 80,000,000
holders of Bell System securi-
ties, 381,000 are women, 210,000
of whom are housewives; 98,000
are clerks and sales people;
30,000 are manual laborers;
115,000 are telephone workers.
There are other thousands of
doctors, lawyers, farmers and
mechanics. In fact, people in
every walk of life, many of
whom are doubtless your neigh-
bors and friends.
Most of these folks are
small investors. Eighty per cent
own twenty-five or less shares
of stock, while forty per cent

of the total own five shares or
less. No one owns as much as
one-fifth one per cent of the
outstanding stock of the Bell
System.
It is this vast array of small
investors whose savings have
financed the telephone business.
Their savings have been at-
tracted to the telephone indus-
try because of their faith in the
integrity of the management,
and their confidence in the will-
ingness of the public to pay a
price for the service that will
allow earnings sufficient to as-
sure the best possible service
at all times and to insure the
continued financial stability of
the business.

To Our Customers: THANKS
For your splendid cooperation since the first of October when we changed from a part credit to a cash business. Existing conditions made it imperative that we sell only for cash and it now appears that this change is going to be even more beneficial to you than to ourselves.
WHY? A mighty good reason. By selling for cash we can sell for less, thus saving you many dollars on your requirements for hardware. We have cut our expenses greatly and we intend to sell everything in our line at the lowest possible figure. Your suggestions on how to render better service to our trade are always welcomed and appreciated. Come in and see us. We have the goods you want, and the price is right.

Beaver Mentioned Often in History of Old World

The beaver is not peculiar to America alone. It is mentioned frequently in ancient history and mentioned in fossils and old pieces of timber in Korea and Asia. The use of beaver for the manufacture of top hats dates back to before the discovery of the New World. When the vast resources of the forests of the New World became known, beaver became an especially valuable material for the fashionable European hat. Nearly a century and a half after the discovery of America we still find the manufacture of hats, in less made for exportation. Less than a century thereafter, the beaver appeared to have been almost totally exterminated from the colonies to the south of the St. Lawrence and the great lakes. The French traders in 1743 imported into Rochester 127,500 beaver skins, and the British Hudson's Bay company sold 26,700 skins the same year. Within less than half a century afterwards, when Canada had become a British possession, the trade in beaver peltries seems to have reached its maximum, and it had been maintained with only a slight decline till the commencement of the present century. In 1785, upwards of 170,000 beaver skins were exported from Canada, and the value of those forwarded to England from Quebec alone, in 1808, is estimated at nearly \$50,000,000.

Founding of Washington Was Begun Back in 1787

While various proposals for a separate national district had been made soon after the Revolution, it was not until the Constitution was adopted in 1787 that the first real step was taken. A clause in the Constitution gave congress certain powers of legislation over a district not exceeding ten miles square, which should become the seat of the government. A bill for this purpose was passed in 1790, and the capital being Washington's own choice.

The first permanent settlement by white men on this site had been made about the close of the Seventeenth century, by Irish and Scotch settlers. Maryland and Virginia voted land for the capital city, but in 1846 the Virginia portion was given back to that state. The commissioners appointed to purchase the land required for government purposes found that there were 10 original proprietors but only four remained, Andrew, Richard, Carroll, David Burnes, Samuel Davidson and Nottley Young. Burnes was the most stubborn of these but gave in when threatened with the seizure of the government to force a sale. By the terms of the sale, announced in 1791, the owners agreed to convey their portions of land to the government, the streets, parks, etc., and to sell land for public buildings and improvements at \$25 per acre.

Abandon Centuries-Old Tower Camrall France, has decided that it no longer needs a watchman in St. Martin's tower day and night and has discontinued the post of the vigilant men. The tower is also to reduce expense. For hundreds of years men have watched from the 180-foot tower and sounded the alarm in case of fire. Nowadays the residents telephone the fire department and the blaze is put out before the watchman sees it. The famous belfry was melted and destroyed in the World war, but after the war it was rebuilt and the big bell rung, only to fall and crack when the tower caught on fire. The bell was reset and hung again, with a new bell to take the place of one melted by Germans. Of late years the watchman did not ring the bell, but telephoned the fire department.

Birds Migrate to Southwest Herr Postings, keeper of the light at Windenburg, on the shores of the Baltic near Memel, has found that birds migrate from the northwest to the southwest. To learn this he caught and ringed 7,685 in the last two years. Of this number only 74 were heard of again but, he says, this is enough to determine the route. Herr Postings rings birds as a hobby. He procures a large net to catch those attracted by the glare of the light, rings them and sends them on their way. Last year he ringed 6,000 starlings. As fast as one netful was ringed and released another netful arrived. They begin to arrive in June each year. He and young feathered travelers coming together.

Mouse Put Cat in Jam A stray cat became so engrossed in the pursuit of a mouse on the roof of a three-story brick house at 600

the street, that it fell and was killed. An emergency call brought Police Officer Spauld to the scene. He moved a section of the pipe and then the cat both uninjured. The mouse had disappeared, and it was suspected it had found safety in the sewer.
