FIRE COSTS ONE LIFE, HEAVY DAMAGE

MILT NELSON IS KILLED AS BLAZE RAGES NEAR HERE

Loss in West Prestonsburg Fire Estimated From \$15,000 to \$20,000

TRAGEDY MYSTIFIES

Fire and a pipe believed by many to have been charged either by a person with malevolent intent or by a practical joker with a micabre sense of humor early Sunday morning caused the death at West Prestonsburg of a volunteer firefighter and the destruction of six buildings at a loss variously estimated from \$15,000 to \$20,000.

As the fire raged through the structures, a two-inch pipe installed as a hitching rack in an alleyway alongside the Great Savings Store owned by Rev. G. R. Fannin burst loose from its moorings, hurtled approximately 45 feet through the air, struck Mil Nelson, 57 years old, of West Prestonsburg, and carried him whirling down the street a distance of approximately 100 feet. He died almost instantly, a victim of this section's strangest tragedies.

Buildings destroyed were: The Paintsville Grocery Company store building occupied by the store and living quarters of Mr. and Mrs. Henry Hicks. Company's loss estimated at \$5,000; Hicks' loss estimated by Mrs. Hicks at \$6,500.

W. M. Dingus store building and residence property occupied by the Great Savings store and family of Rev. G. R. Fannin. Mr. Dingus' loss estimated at \$5,000; Mr. Fannin's loss placed at \$5,000.

Tom Neeley's residence occupied by Ollie Marshall, loss estimated at \$2,000, \$600 of which was covered by insurance.

Charlie Osborne residence occupied by Ollie Hall, loss estimated at \$1,000.

Ballard Osborne's home, loss estimated at \$2,500, with \$1,000 insurance.

The blaze was first discovered at 2:15 o'clock Sunday morning, and, whipped by a strong wind, the flames spread rapidly through the block of frame buildings. Mrs. Maude Hicks, occupant of the building in which the fire started, alleged this week that the fire was of incendiary origin, expressing the belief that the building was fired, then the door to their upstairs apartment latched from the outside by some person intent upon trapping her and her husband in the flaming structure.

With a crowd of several hundred men, women and children looking on while a bucket brigade and the Prestonsburg fire truck vainly sought to check the blaze, Mil Nelson stood at the street intersection facing the burning buildings when the pipe hitching rack, about 20 feet long, came hurtling through the air, propelled by some mysterious charge or by steam as if shot from a cannon.

Steve Netherley, of Prestonsburg, a gas and oil well shot and a man of years of experience with explosives, expressed the belief Wednesday that the explosion which cost Nelson his life was caused by a charge of dynamite inside the pipe. Mr. Netherley is

making tests with a piece of the pipe in an effort to determine the exact cause of the explosion.

"With only one end of the pipe stopped up as it was," Mr. Netherley said, commenting on the fact that the pipe did not burst, "dynamite would not cause the pipe to burst. A charge of powder might have had a similar effect. I am certain steam created inside the pipe by the intense heat and water or ice did not cause the explosion. Steam would have caused the pipe to burst, and it would have traveled thru the air no more than a few feet."

Carried much as a quilt wrapped around the pipe, as one spectator described the tragedy, Mr. Nelson was disemboweled, his left leg almost severed and his right leg twice broken. He died within a few seconds, after spectators reached him. His pipe was carried ahead as it was pointed toward a muddy street, and had it gone at right angles, it would have swept a street crowded with spectators, many of whom were children.

In support of the theory that the fire was of incendiary origin, Harold and Ollie Sammons tell of seeing a man, as they were leaving West Prestonsburg shortly before 2 o'clock Sunday morning to go to Sten to a radio sermon, jump between two buildings in the vicinity of the fire. They in his direction in an effort to identify him, they said, but he disappeared. Fastening of the door to the Hicks' apartment from the outside is also pointed to in substantiation of this theory. Mr. Hicks kicked out a window in order to reach the stairway leading to the ground, and he and Mrs. Hicks escaped scantily clad, saving only their auto in a garage in the first floor of the structure.

A cylindrical charge of powder of about two feet of the pipe which struck Mr. Nelson was reported Tuesday as having been found within a few feet of the posts to which the improvised hitching rack had been attached.

FLOYD COUNTY BOARD OF EDUCATION AUDIT REPORT

From July 1, 1930 to June 30, 1934

September 13, 1934. The Balance Sheet of June 30, 1930, is taken from the records in your office and is used as a starting point. Schedule H (Bonded Indebtedness). Attention is called to the fact that practically no provision is being made for sinking funds to take care of these various bond issues. Schedule I (Warrants Outstanding). I found many of the stubs in the warrant book marked paid but the warrants were still outstanding and I could not find where they had been paid. I also found three stubs missing entirely and very few of the warrants issued have been authorized directly by the minutes of the Board. Schedule J (Accounts Payable). These accounts are as furnished me by your present superintendent and have not been verified. In this connection there is due your board 12 notes of \$200 each, payable annually, commencing in 1934, from the Prestonsburg Board of Education; this does not affect the Balance Sheet of June 30, 1934, as the amount is now included in the cost of buildings. Schedule K (Checks outstanding). These checks are mostly on the teachers' fund which appears to be overdrawn, if present. I believe the balance of the schedules are self-explanatory but particular attention is called to the necessity of having the minutes showing claims allowed correspond exactly with the payrolls and warrants issued. I certify that, in my opinion, subject to the above comments, the accompanying balance sheets, statements of school fund and supporting schedules, fairly reflect the financial transactions of the Board for the period named and the condition of the various funds as of June 30, 1934. Respectfully submitted, ALFRED D. ROBERTS, Public Accountant

SAYS INDO-VIN IS WONDERFUL

A "Godsend" to This Lady's Health; Had Stomach and Kidney Affliction

Mrs. Charles Conley, of 8 Poplar Street, Owensboro, Ky., has now come forward with her REMARKABLE statement praising the new, scientific mixture of extracts from Medicinal Plants, known as Indo-Vin, which is now being introduced to the public daily here in the city of Prestonsburg at Hughes Drug Store.

"For a period of YEARS I had been almost a 'wreck in health,'" said Mrs. Conley. "Everything that I ate would disagree with me and sour and form regular loads of gas inside of me and bloat up my stomach organs so that I could hardly stand it. Then my kidneys simply kept me in constant misery too, in fact, I was so stiff and sore in my back when I got up in the mornings that I could hardly EVEN WALK, and I had to keep rising with my kidneys all night long, which broke up my sleep and rest. My bowels were always constipated and I had to keep 'taking physics.' My condition was awful and Indo-Vin was the first medicine in YEARS that had any effect on me, and it had worked the misery out of my whole body. It has put a complete stop to all the gas misery and awful bloating spells I used to have. My kidneys are normal now. They don't get me up at nights like they used to, and it put an end to the sharp pains in my back and the soreness and misery across my kidneys is gone. It has a wonderful action on my bowels and regulated them perfectly. I am GLAD to endorse this medicine, for it deserves anybody's praise."

Indo-Vin is now being introduced to the public daily here in Prestonsburg at HUGHES' DRUG STORE.

W. H. May, Jr., of Louisville, was in Prestonsburg on business Wednesday. Mr. May is connected with the Federal Land Bank, with headquarters in Louisville.

Constipated?

The doctors say... Use liquid treatment

Here is the soundest advice anyone can give on the subject of laxatives. It is based on medical opinion. We want you to have the benefit of this information no matter what laxative you may buy.

The secret of real relief from constipation is reduced dosage. You can't regulate the bowels unless you can regulate the help you give them. That is why doctors use a liquid laxative; the dose can be measured by a drop.

Avoid laxatives that you can't cut down in dosage; especially those that seem to require more doses than when you began their use.

Under the doctor's care, you usually get a liquid laxative. The right liquid laxative gives the right kind of help, and the right amount of help. Smaller and smaller doses until you don't need any.

The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and research-natural laxatives that form no habit.

MOTHER! don't experiment with your Child's Cold

Often, "mere colds" have serious consequences. It is dangerous to neglect a cold—equally dangerous to experiment with half-way measures.

Feel safe! Use Vicks Vaporub—the proved external method of treating colds. No risks of constant internal "dosing," which so often upsets delicate digestions and lowers resistance when most needed.

DOUBLE DIRECT ACTION
 Just rubbed on at bedtime, Vaporub fights a cold direct—two ways at once—by stimulation and inhalation. This combined poultice-vapor action loosens phlegm—soothes irritated membranes—eases difficult breathing—helps break congestion. Often by morning the worst of the cold is over.
