NIGHT POLICEMAN HERE STRUCK BY CAR, DIES MONDAY

B. C. Hollifield Fatally Injured Sunday Morning When Struck by Hills' Auto

BURIAL HERE

Struck by an automobile at 1:30 o'clock Sunday morning near Neely's garage in the Porter Addition to Prestonsburg, Night Policeman B. C. Hollifield, 49 years old, of his home here, died at his home here about noon Monday.

The tragedy took place a short distance below Neely's garage as an auto, driven by Jack Hill, of this place, was passing two cars when the Mayo Trail Mr. Hollifield, struck him in the ankle, causing a deep laceration.

The shooting, believed to have been accidental, has some element of mystery about it, since a third occupant of the truck, whose name was not given, is said to have fired a shot which caused only a flesh wound. Curtis Laferty and Johnny Reathorford were the other occupants of the truck.

PRESTONSBURG HIGH SCHOOL ATHLETE IS WOUNDED RECENTLY

John Allen Reathorford was indicted this week by the grand jury when Clive Burchett testified that Reathorford shot him.

Football is not as dangerous as riding on running boards of autos, on route to practise the gridiron sport, the shooting recently near Gasco Park of Clive Burchett, Prestonsburg high school boy, indicates. Young Burchett, a recruit to the Blackcat football squad, had practised for several days and had found the game to his liking and not as hazardous as many believe it to be. He had a sufferer, no injuries. Then he was riding the running-board of the Ideals Cleaners' truck to the football field recently a bullet said to have been fired from within the truck from a .22 calibre revolver, causing a deep laceration.

The shooting, believed to have been accidental, has some element of mystery about it, since a third occupant of the truck, whose name was not given, is said to have fired a shot which caused only a flesh wound. Curtis Laferty and Johnny Reathorford were the other occupants of the truck.

RELIEF CLERICAL

CORPS DECREASED

Increased relief work in the Pike County area has rendered the employment of six new clerks in the area office, one in the county relief office here and one in the Pike county relief office, it was said last week.

Miss Ruby Blackburn, of Wayland, is one of the six added to the area office clerical force, and Miss Alta Craley is the new clerk in the local relief office.

In Floyd county \$28,210 will be spent for relief during April. Of this amount \$22,000 has been appropriated for work relief; \$88 for child feeding and \$5,847 will go for the aid of those unable to work on any of the projects. At this time, 1,895 men and 56 women are employed on projects in Floyd county, where 2,781 families are represented on the relief rolls.

In announcing the amount of funds allotted to Pike and Floyd counties for relief work during the month of April, Mr. Murphy stated that he has orders from the state officials not to spend more than one-fourth of the allowance unless further orders are given. With the passage of the \$4,800,000 work bill in Congress late last week, it is expected that more funds will be available for relief purposes.

WEEK IS FULL OF WORK FOR COURT IN MURDER CASES

Martin Draws Four Years; Tavis Flanery And Potter Are Acquitted

JOHNSON TRIAL BEGUN

Tavis Flanery was acquitted of the murder of Walter Kiser. A packed murder docket has claimed the attention of the Floyd circuit court during the past week, in which time one trial was another was acquitted. Mrs. Mary Carter Estep was acquitted of the murder of John Stone at the trial of seven charged with the murder of Adam Hicks, Knott county deputy sheriff, docketed for Monday.

With his alleged partner in crime, Hays Vance, now a convict doing time on a life term in the penitentiary, being brought here from Frankfort to appear as a Common Pleas witness against him, Creed Martin was given a four-year pen term Friday for the slaying of John Stone at Ligon in September, 1933. Vance testified that Vance gave him the revolver with which he slew Stone and

Toy Potter was acquitted Tuesday of the murder charge filed against her for the killing of Jodie Adams on Left Beaver Creek recently. The burden of testimony was to the effect that Adams, armed and threatening the life of Potter when he was shot.

Trial of Tavis Flanery, charged with murder in the killing of Walter Kiser at Martin, and under way Wednesday, will probably be completed after Thursday morning. Johnson, charged with the murder of Walter Johnson at Cove, Va., about 18 years ago, here but was granted a new trial by Chief Justice Caudill. Claude McCown, of McDowell county, Her illness dated, it was given a sentence of one year in the penitentiary upon his conviction this week of perjury. The charge arose from his alleged sworn statement to the effect that he was worth \$10,000 above all debts when he signed the bond of Mrs. Jack Adams, who had been arrested for cutting and wounding Lee Frazier.

Though separate trials probably will be held in the case of Garrett, two brothers and one sister, Ballard P. Carter, of Clinchburg, Va., also survive. Funeral and burial will be held day at Garrett Friday afternoon, the Rev. J. M. Clark, of this county, officiating.

Crime Wave Ebb Is Seen By Grand Jury

Report of Jurors Points to Marked Decrease Indictments —121 True Bills Returned After 179 Witnesses Quizzed During-Nine Day Session

Upon completing a nine-day session Wednesday afternoon during which 179 witnesses have been examined and 121 indictments returned, many of which are felonies, the grand jury of the Floyd circuit court in its final report to Circuit Judge John W. Caudill expressed its opinion that the crime wave in this county is receding.

"We have devoted our full time," the report, signed by Allen Triplett, foreman, says, "to the investigation of crimes and violations generally, and it is our observation that the crime condition in Floyd county is possibly better at this time than at any time for the past several years. This evidence is based on the fact that the number of indictments returned by this grand jury during the period of nine days than at previous terms."

In the murder indictments returned against the seven persons from Knott county in the slaying of Deputy Sheriff Hicks, Alex Wicker and Ivan Collins are named as the slayers, while the others are charged as accomplices. Frank Tanner was named in a murder indictment this week, being charged with fatally stabbing McKinley Williams on Left Beaver.

J. M. Clark, of Harold, a member of the petit jury at the present court term, was indicted last week, charged with the wrongful conversion of his own use of \$779.15 of the estate of John Gibson, deceased, of which he is administrator.

George W. Stephens was indicted this week, charged with fraudulently and feloniously converting to his own use, while an officer of the Prestonsburg lodge, Independent Order of Odd Fellows, \$163 in cash belonging to the lodge.

Three McDowell youths were indicted on jailbreaking charges after having escaped from the McDowell lockup. They are Arthur Moore, Curt Tackett and Allen Moore. Kermit Keel and Pearl Lee Webb were named in a true bill returned this week on charges of carrying a dangerous weapon. They were arrested recently on warrants sworn out for them as having robbed the North East Coal Company store at Auxier.

Choster Wiley and Junior Childers also were indicted on storehousebreaking in the robbery of the store of Escrom Murray at Garrett. Others named as serious offenders and charged against them are: Dave Shepherd, shooting and

THE 1935 STATE FAIR PLEDGED AID OF LEADERS ALL OVER STATE

Several New Features To Be Added

LOUISVILLE, Ky., April 12.—Spurred by the very great success, financially and otherwise, of the Kentucky State Fair within the last three years, some twenty-five leading representatives of the press, industrial, agricultural and other interests in the State, met here today for the purpose of proffering their support and cooperation to the fair officials in their plans for the 1935 Fair, September 9th to 14th, the greatest in the institution's history. Not only the greatest, they declared in point of attendance, but in every other way of the highest value to the State as a whole.

The keynote of the meeting was that the State Fair, great benefit to the agricultural interests of the State should be stressed more forcibly than ever upon the people of the rural sections, and that every farmer, stock raiser, poultry raiser, orchardist, gardener and school should, in some way have a part in the exhibits or in some other department. The fair officials were highly commended for the success of the Fair in every way for the last three years. They were strongly urged to continue such very popular and successful features as the State-wide beauty contest, and every effort put forth this year for a contestant from every county in the State. Likewise, the musical and music festival feature in which some thirty bands participated last year with about 500 pieces. With the State's seventy-five or more bands, drum and trumpet corps from the various counties marching the streets had playing on the grounds and massed into one mammoth band of 1500 to 2000 pieces, and several thousand voices from the schools of the State in folk and community songs, to the Band's accompaniment, would make one of the largest musical aggregations ever gotten together on the American continent, and by far the most spectacular and entertaining attraction of the Kentucky State Fair, or any other state fair ever staged.

Support was also pledged to the fair's suggested plans for arranging in the huge main exhibit building a separate booth for every county in the State desiring to participate to present its resources and other advantages along with a large, separate display for the State Agricultural College.

"The State Fair," declared Judge Ben F. Ewing, himself a farmer by birth and rearing, "is the greatest benefit of the farmers of the State, and I heartily agree with both Agricultural Commissioner Eugene Ruckler and Secretary Garth K. Ferguson who have accomplished so much with it, and for the State Fair in the last three years, that the people of the State and should be conducted for the benefit of all the people. But of all the things that it gets the most out of it, is the man who makes his living in the rural sections, and I trust that every county in the State may be getting on every hand this year for the display of its particular resources and products."

Secretary Garth K. Ferguson who had been invited to the meeting for a resume of the results of the fair's activities for the last three years, said that with all it had now under way, and the wonderfully fine support that the State Board of Agriculture was getting on every hand from the people of the State. More especially from the type of men in that meeting, the people in the agricultural sections would find the State Fair of great educational value and well worth their coming to see.

Mr. Ferguson recounted the difficulties that the present Board had to face when it came into existence three years ago facing the worst depression in history. But the people of the State were with us, and by their help, we staged fairs that have brought the people from all over the State, in greatly increased numbers each year. The State press, and the cooperation of civic, business and agricultural leaders and economical management, resulted in three financially successful fairs in succession.

Secretary Ferguson not only pledged the Board's heartiest cooperation in every move the citizens of the State might take for the fair's advancement, but said the State Board of Agriculture would welcome any constructive criticism or suggestion from anyone interested in the fair's management or its efforts for the furtherance of the agricultural, educational and industrial interests of the State for which the fair was instituted and is solely conducted.

Crime Wave Ebb

Continued from page one wounding Henry Parriott; Bob Stone, malicious cutting and wounding of Oscar Stone; E. L. Francis, robbery of Sam Wells, \$80 being involved; John Stone, false swearing; the Commonwealth in the trial here of Hiram Lattery, charged with the murder of Kermit Sexton.

The grand jury's report in full follows: We, the grand jurors for the April term, 1935, of the Floyd circuit court, would respectfully report as follows: That we have been in session for a period of nine days, during which time we have examined 179 witnesses and have returned 121 indictments, a large number of which are felonies.

We would further report that we find the crime wave in Floyd county on the decline. We have devoted our full time to the investigation of crimes and violations generally, and it is our observation that the crime condition in Floyd county is possibly better at this time than at any time for the past several years. This is evidenced by the fact that a few more than half the number of indictments were returned by this grand jury during the period of nine days than by grand jurors at previous terms.

In our investigations of crime we have had the splendid cooperation and assistance from the various officials of Floyd county. We would especially commend our Circuit Judge, Commonwealth's Attorney, County Attorney and Sheriff, and other officials for their cooperation in the matter of combating crime, and we believe that it is this splendid spirit of cooperation and the expedient manner of handling cases that are material factors in the improvement of the crime condition in our county that we as citizens observe. We would especially commend our reporter, Miss Goldie Elkins, for her work and cooperation in the matter of furnishing the labor. Permanent equipment of good design will enhance the school yards and simplify outdoor discipline, also promote the physical welfare of Floyd's youngsters. Any school which can provide material for this should contact the relief office. Old pipe, chains, lumber, cement, etc., may be donated, or money for same raised by various means, and a good start made.

The office has under consideration a day nursery and a day school. Children would be cared for and given free lunches while their mothers were employed on relief projects during the day. Supervised recreation will also be a project. County Superintendent Ballard Hunter is giving his cooperation in each of the above. The Red Cross first aid training class began in the relief office Thursday, April 11 at 7 p. m., Dr. Marvin Ransdell, of the health department, instructor. Miss Ella Noel White, Red Cross secretary, assisting in this. Employees and foremen are availing themselves of the opportunity. 1,536 bottles of cod liver oil were recently distributed to children who need it. Largest amounts of cases of pellagra; senility, tuberculosis, etc. Seed potatoes have been sent to all concentration points. Garden seed which came in bulk were sacked by relief women, under the capable direction of Harmon Hubbard, garden supervisor, and were distributed on Tuesday of this week.

The county has three sewing units operating, under the Prestonsburg Center. Each one turns out garments which are later given relief clients. The comfort project at Betsy Layke began recently. An exhibit of articles made will be displayed at a later date. All garments and items are returned through the work division into the commodity department.

RELIEF NEWS

By WILMA G. MAY Relief Worker More Projects and Plans Plans are being submitted for a project which calls for beautification of school grounds in several of the larger schools. Local organizations will assist in the supervision of this work and persons from the relief office will also be present to assist. Utilization of native shrubbery, vines and trees will dispense with practically all cost. What place has a greater abundance of native plants to offer than Eastern Kentucky? Several of the wideawake schools are availing themselves of this opportunity in the spring and fall.

A second feature scheduled for summer work is the construction of good playground equipment on various school grounds where materials can be furnished, the relief office furnishing the labor. Permanent equipment of good design will enhance the school yards and simplify outdoor discipline, also promote the physical welfare of Floyd's youngsters. Any school which can provide material for this should contact the relief office. Prestonsburg Lodge No. 293, Independent Order of Odd Fellows, will be host of Pikeville, Paintsville, Martin, Wayland, Garrett and Hindman lodges Saturday evening April 20, at a special program to be held in Odd Fellows' hall in observance of the 116th anniversary of the order. The meeting will serve a twofold purpose, since it is planned to reorganize during the evening the district association of Odd Fellows.

On April 27, Grand Master Flem D. Sampson is holding an anniversary program at the Orphan's Home in Lexington maintained by the order. The program will be presented mainly by the children, members of the Home. All Kentucky lodges are invited to send delegates. Those planning to attend are requested to notify W. M. BOARD OF FIVE IS NAMED AS DEACONS

Five members of the Presbyterian Church were named as deacons at a meeting of the congregation after the morning service Sunday. Those selected were: N. Y. Boswell, T. W. Smith, J. A. Hager, Joe P. Hobson and Mrs. C. W. Rimmer.

The deacons are to select a chairman and a secretary and treasurer from their number, and, under authorization of the congregation, are to nominate, also from their number, three members to serve as a board of trustees, the selections to be reported to the congregation. The Prestonsburg diocese will have charge of the temporal affairs of the church.

The Power of Jesus

Therefore doth my Father love me, because I lay down my life, that I might take it again. No man taketh it from me, but I lay it down of myself. I have power to lay it down, and I have power to take it again. This commandment have I received of my Father.—John 10:17-18.

Must Be Tested

In most men there must be a tragedy of the soul, and the "mystery of righteousness" must be burned into us.

Peace of God

We need the peace of God in our heart just as really for the doing well of the little things in our secular life as for the doing of the greatest duties of Christ's Kingdom.

Garden conference will be held in Pikeville this week. County officials will attend. Sympathy of the relief office is extended to Mrs. J. L. Pigman, of Wayland, due to the death of her father, and to Miss Edna Prater, whose aunt Mrs. Oscar Hays, was called by death this week.

SNOW AND FROST HIT FRUIT CROP

A light snowfall and freezing weather, Monday night, followed by heavy frost Tuesday night, both falling on trees and flowers in bloom, caused thousands of dollars' damage to the fruit crop of Floyd and other counties throughout this section. Not only all fruit but also the few garden crops growing were damaged. The fruit crop is expected to be a total loss. A week ago it was believed the yield in fruit in this section would be the heaviest in years.

With this blight to the fruit crop and with almost continual rains delaying farmers in plowing for spring planting, farming prospects in this section to date are discouraging.

ITCHING BURNING FEET? If so, you're probably just another of over 10,000,000 adults suffering with Athlete's Foot which unchecked quickly spreads to sides and bottom of feet—itching becomes intense, blisters break and there's a wet oozing surface which usually forms scales. You can check the contagious and unbearable misery today with Moore's Emerald Oil, a powerfully penetrating and healing antiseptic which H. E. HUGHES and CO. and all leading druggists dispense. Itching instantly stops. After 2 weeks feet in healthy condition again—or money back. Mrs. James Ball is ill at her home here, threatened with pneumonia. S. J. Picklesimer is very ill this week. THE RISEN CHRIST

By Rev. Josef Nordenhaug

Easter brings us a message of the Christ who rose victoriously from the grave. Thereby He conquered both sin and death. His resurrection is a conclusive proof of a complete salvation offered to man in Christ. If there is anything man needs now as never before it is the hope that springs from that resurrection morning.

Any true message that proposes to be based on the Gospel must have the risen Christ as its center. The Christ who lives today and who is able to come to the rescue of men and women caught in the despair of sin is the real panacea for the ills of mankind. The tragedy of it is that the most people utterly disregard Him and refuse to let Him into their lives. I plead with you at this season to take Him seriously. Give Him a chance to let you be a partaker with Him in His resurrection power. That means a commitment to Him on your part. His will must be your supreme law before you will experience that Christ is indeed risen from the dead and living in you. Finally, the risen Christ is one guaranty that we too one day shall triumph over death. As the great apostle Paul expresses it, "If Christ has not been raised, we are of all those men most pitiable." "But, Mrs. Maggard's parents, Mr. he continues, "now has Christ

been raised from the dead and in Christ shall all be made alive."

Let the living, risen Christ into your heart, and the resurrection shall no longer be an empty phrase to you.

CARD OF THANKS

We wish to thank our many friends for the "moral" contributions and expressions of sympathy in the darkest hour of our distress. We are very grateful to the hospital staff, especially Dr. Gronnerud, Dr. Stumbo and Dr. Townsend, who seemed to take a personal interest in the case, and did all that was possible. We owe our neighbors and friends of Lackey a debt of gratitude we never can pay for opening their homes and feeding and caring for the relatives and friends who attended the funeral.

We will respect for each member of the Woman's Club who knew the sterling qualities of Mrs. Hays better than any outside of her family, and who so graciously gave their assistance during her illness and her sympathy since.

OSCAR C. HAYS AND FAMILY.

FANNY'S REWARD

I went up and stood at the pearly gate. My face was worn and old. I asked the man at the gate for admittance to the fold.

"What did you do down there," St. Peter asked, "to gain admittance here?" "I was a teacher down there for many, many a year."

The pearly gate swung open sharp. St. Peter tapped the bell; "Come in, Old Faithful, and get your harp. For you've had enough of hell."

SKEPTICAL?

Then ask us WHY ELECTROLUX Is Refrigeration's Aristocrat

"INCREDIBLE" ... YES! THE MAGICIAN THAT TURNS HEAT TO COLD

Yes... it's incredible, almost unbelievable that A TINY GAS FLAME takes the place of all "troublesome" MOVING PARTS, such as Motors, Compressors, Fans, Belts, and many other parts too numerous to mention, yet actually freezes faster and maintains a more constant temperature. Because a tiny gas flame takes the place of all complicated machinery Electrolux will operate through the years SILENTLY without wear or tear... without even a valve to stick.

The new Electrolux Safety Burner is the world's most effective burner, approved by Good Housekeeping, the American Gas Association and The National Board of Underwriters.

Women the world over say Electrolux is not only the most modern and beautiful refrigerator, but is the safest, most dependable, and in addition offers every worthwhile convenience. ASK THE ELECTROLUX SALESMAN, YOUR GAS COMPANY, or better still, ASK THE ELECTROLUX USER.

OPERATES FOR 1c PER DAY NO MOVING PARTS AND SILENT AND WE CAN PROVE IT

SKEPTICAL...

Then ask the Electrolux Salesman, the MEAT or the Morell Supply Co., 30 years of reliable business service in Prestonsburg. Frankly, you wouldn't ask your BUTCHER about the BREAD your BAKER baked... now would you? Neither could you ask an electrical dealer about Electrolux and expect a sensible answer.
