AGREEMENT ENDS SCRAP OVER POLL OFFICIAL SELECTION

Appointment of Election Commissioners Starts Political Maneuvers in County
OFFICERS NAMED

With the Rhea and Chandler forces scrapping for the past week over the "balance of power" in the naming of election officers to preside at the "run-off" primary September 7, an agreement was finally reached Wednesday.

To start with, the two factions made a race of it for the appointment of election commissioners to succeed Frank Hatfield and Sam Nelson, whose terms expired with the first primary. Several names were submitted for the commissions by the voters of Hatfield and Nelson. Finally they named the Democratic commissioner to succeed Hatfield, and Nelson being re-appointed as the Republican commissioner. Sheriff M. T. Stumbo is the third member of the commission by virtue of his office.

When the election board failed to agree, with Chandler forces holding a two to one margin with the board over Rhea, supporters of the latter procured a petition signed by 50 per cent of the candidates asking half of the election officers. A mandamus was filed Tuesday afternoon seeking to join the commissioners to select officers as directed.

The whole matter was settled amicably enough when an agreed order was entered Wednesday morning giving each faction half of the poll officials.

Election officers follow, the clerk; the two judges and the sheriff appearing in order in each instance.

ELLIOTT FIELD HOLDS INTEREST

"Rich" Oil Field is Being Developed, Lease High as \$10 an Acre

The recently "tapped" oil field in Elliott county near Sandy Hook, is attracting wide attention, according to persons interested in oil and gas sections. It was reported recently that representatives of oil companies were "rushing over one another" in their haste to get leases signed and recorded at the county clerk's office.

Leases, it is said, are selling as high as ten dollars an acre in the new field and it is predicted that the field, in which there are now four "brooding" wells, will prove to be one of the best in the state.

Outside capital is pouring into the Elliott field and it is said the field will be thoroughly developed.

Floyd County Supplies 'Lone Star State' With Appellate Court Chief

Judge W. P. Leslie

"Horace Greeley's advice, 'Go West, young man,' has been heeded by Floyd, countians with notable success.

One of these, the late W. L. (Be) Mayo, founded a college in Texas and became one of its most famous educators.

This story has to do, however, with a student of Professor Mayo, The "hero" is Judge W. P. Leslie.

William Pharmier Leslie he was christened by his parents, the late A. N. and Martha Leslie, respected residents of what is now Emma, six miles above Prestonsburg.

Today, at the age of 55, 23 years after he was graduated from the law school of the University of Texas, he is chief justice of the Texas Civil Court of Appeals.

A review of Judge Leslie's life indicates that his career has been directed by some divine force toward a definite goal. But when he left Floyd county he was but another young man of this county, bent on procuring an education and assuming the part of a worth-while citizen. The successes that have resulted from a brilliant mind. Continued on page two

RHEA'S ADDRESS OPENS CAMPAIGN

In Floyd County; Charges Opponent with Misrepresenting Facts to Voters

With the appearance in an address at the courthouse here Wednesday night of Thomas S. Rhea, candidate for Democratic nomination for Governor, Kentucky's first "run-off" campaign was officially opened in Floyd county.

Mr. Rhea, who was introduced by S. Milam, of Logan county, and Circuit Judge John W. Caudill, scolded his opponent, Lieutenant-Governor A. B. "Happy" Chandler, as the conductor of the "misrepresenting" campaign, alleging that Mr. Chandler "has done nothing but indulge in mud-slinging, spread falsehood and slander." "I would let the Governorship go to the eternal bow-wow," he added, before I would destroy the Democratic party in Kentucky.

Advocating a "modified" sales tax, exempting foodstuffs, and clothing, Mr. Rhea said: "Mr. Chandler says he has never been for a sales tax. The Senate Journal shows that in 1930 he voted for a sales tax. If that is not true, I will out the race. Any man who misrepresents facts of vital importance to you citizens, is not worthy to be your Governor."

Mr. Rhea commented upon his opponent's recent promise of a \$2 cent capita for schools. "Chandler is just a recent convert to the \$12 per capita," he said. "If his program had prevailed, the per capita would have been only \$2.48."

A crowded courtroom and many in the courtyard and on neighboring sidewalks heard the address over a public address system.

The method is simple. Just before the last cultivation of his corn crop about July 16, last year, he sowed a mixture of 6 pounds of orchard grass, 6 pounds blue grass and 3 pounds red top per acre.

LETTERS TO THE EDITOR

Says Story Erroneous

Editor, Floyd County Times: In regard to a news item appearing in your paper of August 23, wish to make the following statement: That the party who wrote this article knows nothing about mining or the contract between the operators and miners.

J. S. Hampton is not store manager, but is mine superintendent, and there had never been a case before the board in any way concerning how much or how little strip is to be issued to the miners.

Furthermore, this being what is called a "wildcat" strike and not having the support of the United Mine Workers of America, and the men were ordered back to work by John Hanratty and were told they had violated the contract by asking for something the contract did not call for.

Whenever your correspondent goes in a district to get news he should try to get facts and not cause articles to be published that are not true.

Miss Patton Dies Here On Sunday At Age of 78

Miss Tabitha Patton, 78 years old, died Sunday evening at 6:30 o'clock at the home here of her nephew, J. H. Patton, after a protracted illness.

A daughter of the late David and Mrs. Nancy Patton, "Aunt" Bitha, as she was affectionately known, was born and reared in Prestonsburg. She had been a member of the Presbyterian Church for more than 30 years, and was one of the town's best women. Only one member of her family, J. W. Patton, a brother, survives. She leaves several nieces and nephews and a host of friends. Funeral rites were conducted Tuesday morning from the Presbyterian Church, the pastor, the Rev. Robert A. Potter, and the Rev. Arnold T. Malmberg officiating. Burial was made in the Gearheart cemetery under the direction of E. P. Arnold.

BABE SERIOUSLY ILL FROM BITE OF SPIDER-- WAS IT 'BLACK WIDOW'

Bitten by a spider two weeks ago, the 10-month-old daughter of Mr. and Mrs. Norman Prater, of Middle Creek, a few miles from here, was in a serious condition this week. Though the child suffered severely from the poison from the spider, infection now is endangering its life, it was said this week by Dr. Dotson attending physician. The spider was killed, a few few moments after the child was bitten, and much speculation has arisen as to its species if it may be the deadly Black Widow spider which has been widely discussed recently. The spider was of a dark color, but was not black, members of the Prater family said.

What St. Paul wrote to the Christians in Rome nearly two thousand years ago is as true today as ever it was. There is "peace to believers."
