CHANDLER WINNER IN SECOND PRIMARY

LEAD OVER RHEA IN SECOND RACE EXCEEDS 25,000

'Happy' Loses But Two of State in Saturday's Run-off Primary

SUPPORT PLEDGED Lieutenant-Governor A. B. 'Happy' Chandler Saturday was nominated on the Democratic ticket for Governor over Thomas S. Rhea by an unofficially reported majority of 26,565 votes.

Mr. Chandler scored a brilliant victory after waging one of the most unusual campaigns in the history of Kentucky politics. Apparently without an adequate organization at the start of the first primary campaign, though supported by the Retail Merchants' Association and influential men, he steadily picked up strength until he met Mr. Rhea on even terms in the run-off primary.

With Mr. Chandler three of his "bluffs" for lesser state offices won, only Keen Johnson for Lieutenant-Governor and Charles D. Arnett for Secretary of State winning on the Rhea ticket.

As returns indicative of the trend toward a Chandler victory came in, local Democratic leaders who supported Mr. Rhea immediately asserted their loyalty to the nominee in the November election and the healing of scars of the two primary campaigns was well under way as this was written.

Floyd county vote totals follow:
For Governor — Chandler, 3,560; Rhea, 3,319.
For Lieutenant-Governor — Keen Johnson, 2,456; J. E. Wise, 1,538.

For Secretary of State — Charles D. Arnett, 2,631; Major Eudaley, 1,016.
For Attorney General — Francis M. Burke, 2,954; B. M. Vincent, 2,025.

For State Treasurer — John E. Buckingham, 2,603; Sara W. Mahan, 1,356.
For Clerk of Court of Appeals — Ray H. Kirchdorfer, 2,266; W. B. O'Connell, 2,304.

ALLEN IS APPOINTED PAYMASTER FOR WPA

Latest appointment made in Floyd county by the Works Progress Administration was that of G. R. Allen, who was named paymaster for sub-district No. 35 of District 5, WPA, it was announced this week. Mr. Allen's appointment is effective September 16.

STATE PROJECTS TO TOTAL \$75,000,000

Goodman Expects All Projects To Be Under Way in Six Weeks
Louisville, Ky., Sept. 9.—Projects approximating \$75,000,000 will have been submitted to Washington for approval by September 12, the previously announced deadline, by the Kentucky Works Progress Administration, George A. Goodman, administrator, said today. In all, there will be about 2,000 projects.

It is expected, Mr. Goodman said, these projects will more than care for 46,433 workable men for a period of one year. Out of a total of 91,202 workable men in the state CCC camps, WPA, the state highway department and other federal agencies are expected to absorb 49,819 men. This number is the difference between the total number and those to be handled on Works Progress Administration projects.

Mr. Goodman today expressed gratification at the manner in which projects had been filed by local governmental units and the co-operation evidenced by governmental officials.

These projects, Mr. Goodman said, will get under way just as rapidly as they are approved by Washington. He continued on page five

YOUTH VENTURES 60 FEET UNDERGROUND TO SAVE DOG

A canine Floyd County landslide at the old Elkhorn Star Coal Company operation, below McDowell. A relief party immediately began work.

Several persons were sent down into the fissure, connected with the surface by a rope tied around their bodies. After venturing some distance downward, they gave it up as a bad job.

On Friday afternoon Taylor Moore, a 21-year-old McDowell youth of slight build, found it possible through sheer courage to negotiate the tortuous route downward for a distance of 60 feet until he reached a narrow ledge upon which the dog had found a foothold. Below remained, according to Moore, an unknown space.

Up came Moore with the dog — the dog little worse for his experience, to his master's care, Moore to a well-earned reward.

LOCAL SOFTBALL SEASON NEAR END

Puro and Modern in Tie for Lead; This Week's Games To Decide Championship.

Last games of the second half of the local softball season are scheduled for play this week, and these contests will determine if the Puro team, first-half champion, is to play another team of the league for the championship or is to meet a team picked from other teams of the league.

This week's play will decide the matter, it is believed, with Puro in meeting the Standtys Tuesday afternoon standing a fine chance of ending on top. If Modern can beat Hip-Hi Thursday, that team and Puro will be obliged to play an extra game to decide the winner. The other game scheduled for this week is between Francis and Warfield Wednesday afternoon.

In the event that Puro wins the second half championship that team will challenge a team picked from other teams

HALL IS FATALLY WOUNDED; DEPUTY CONSTABLE SHOT

Duffy Slone in Critical Condition After Receiving Half-Bullet

LAFERRY UNDER BOND
Walter Hall, 38 years old, is dead and Deputy Constable Duffy Slone, aged about 45, was seriously, probably fatally wounded in a gun battle at Garrett late Saturday night.

The shooting took place in semi-darkness over the low hill between F. F. Williams' store and the restaurant formerly owned by Felix Coburn. Hall fell, shot in his left chest, near the heart. The officer was shot in his side, the lower portion of his body paralyzed, and scant hope is held for his recovery.

According to Deputy Constable Fred Bates, who said he accompanied Slone and Policeman Lafferty, of Garrett, when they sought to arrest Hall and his son-in-law, L. C. Slone, Hall ran down over the embankment when accosted by the officers and as Deputy Constable Slone followed began firing. The officer shot Hall, he said, after he had been wounded.

Policeman Lafferty executed \$5,000 bond here pending a grand jury investigation of the shooting. Though friends of Hall are quoted as saying Lafferty took part in the shooting, Deputy Constable Bates said he saw the entire battle and stated emphatically that Lafferty did not fire. The policeman's hand was blistered by a bullet and his cap was shot from his head as he ran down the bank to recover Duffy Slone's revolver after Slone had been wounded, Bates said.

Considerable feeling arose as a result of the affray, according to reports received here. Friends of the slain man gathered at Garrett Sunday night but finally dispersed without creating trouble. One officer said "I thought the worst situation I ever was in was at Wayland when the negro was lynched for killing Hall, but this thing Sunday night seemed to me more dangerous."

Hatcher Picks Up 137 Votes Thru Re-Count

First tilt in the contest suit filed by Mel Petry against J. (Jimmy) Hatcher for the Democratic nomination for Representative from this district was won last week when Circuit Judge John W. Caudill held that three precincts are to be disregarded in the vote total, leaving Mr. Hatcher a majority of 137 instead of the 10 originally given him in the tabulation of the vote by the election commissioners.

Judge Caudill's decision on the re-count was taken to the court of appeals for a final ruling. Wayland precinct was disregarded for the reason that George Pow, an election officer, signed his name simply "Pow," while the law provides that at least the initial of the Christian name and the full surname be signed by the elec-

tion officers on the reverse side of the ballots. It was noted, the election officers used only their initials in signing the ballots.

In Prestonsburg No. 2 the vote was shunted aside for the reason that the number of ballots found in the boxes did not coincide with the stub-book. There were 29 less ballots in the box than there were stubs, it was said. These ballots, it was unofficially said, were found secreted or mislaid in the Prestonsburg high school building where the August primary election was held in that precinct.

No ruling had been given by Judge Caudill up till Tuesday, this week, on Mr. Petry's general petition in his contest of Mr. Hatcher's nomination.

118 Cripples Examined At Clinic Here Last Saturday

One hundred eighteen crippled children from Floyd, Pike, Johnson, Martin and Magoffin counties were examined and directed to treatment and correction of their infirmities at the clinic held at the high school building here, Thursday, last week, under the auspices of the Kentucky Crippled Children's Commission, the Prestonsburg Woman's Club and the Floyd county health department.

The clinic, visiting doctors and officials of the Crippled Children's Commission said, was the most efficiently conducted, because so well prepared for, of any such clinic yet held in the state. Dr. W. M. Brown, of the Kossair hospital, Lexington, Dr. M. D. Garred, Ashland, Miss Anna B. Quinn and Mrs. Anna Bowling, Louisville, of the Crippled Children's Commission, were in charge of the clinic. Those assisting were Dr. Marvin Ransdell and nurses of the Floyd county health department, Miss Ella Noel White, of Prestonsburg, Dr. Russell Teague, and Dr. Wm. G. Keith, of the Pike and Martin county health departments, respectively, Miss Vera P'Pool, field secretary of the Kentucky Crippled Children's Commission, Mrs. W. M. Brown and Dr. Brown's nurse, both of Louisville.

Mr. Whitehouse, of the brace shop of Kossair hospital, Lexington, measured several children for braces. Of all those attending, it was said, only one family refused to have examination made and treatment

High School Here Starts With 2 Principals Hired

Prestonsburg high school's 1938-39 session got under way Monday morning, as per schedule, but not without unusual difficulties in the matter of faculty selection which was made at the "eleventh hour."

The Prestonsburg board of education, which because of joint ownership and operation of the high school here acts conjointly with the county board of education in the election of teachers, has been having its troubles for the past two or three weeks in its own ranks, and when Saturday arrived, two days before the opening of school, only three teachers had been named by that body.

These teachers were Clayborne Stephens, Carl Ford and Miss May Kenney. Holding that an emergency existed, with appointment of teachers considered an urgent necessity, as a member of the superintendent's office expressed it, the county board Saturday hired for the high school N. C. Boughton as principal, Jack Allen, John Wells, Mrs. N. C. Boughton, Bill Messer as athletic coach, Miss Minnie Grace Harris and Tilden Jones. This action was taken, it was said, when the county board found it impossible to get the city board together for a joint session.

The city board then, with Richard Spurlock and Heber Burke reported absent, refused to accept the county board's

In addition to the lunch and other aids furnished by the Prestonsburg Woman's Club, Floyd Post, American Legion, contributed \$25 toward purchase of milk and ice cream for children brought to the clinic. Other clubs and individuals donated automobiles in which the children and their parents to and from the clinic.

A number of those examined were taken to Ashland for treatment on the same day the clinic was held, and others are to be taken to Lexington and Louisville for correction of their unfortunate condition.

appointment of Mr. and Mrs. Boughton, and in their stead appointed Beecher Scutcheff and Gerald Leslie.

All this leaves the high school well-supplied with teachers, even if they are, as it is contended by several persons locally, not legally hired. Twelve teachers have been hired, the records show, and N. C. Borcherdt and Clayborne Stephens, by virtue of the appointments of the two boards, the principalship of the high school in partnership.

There is, however, no friction in the school faculty, it was stated this week, and the work of teachers and students is not suffering from the mix-up in the hiring of a faculty. The county board, it was authoritatively stated, sees no difficulty in an agreement being reached between it and the city board, and if they are not reached together, as they are not, it is reported, the Richard Spurlock and ...

In its meeting Saturday the county board hired Edison Lewis, of Letcher county, as principal of the Betsy Layne consolidated school to succeed Maurice Baker, who resigned to accept the superintendency of the Olive Hill schools.

At the same time, every one of the five plaintiffs in the injunction suit filed to compel the board to hire teachers recommended only by the "new" trustees were officially hired. They are: Aeta Mae Wells in District 81; Chester Merritt and J. S. Dingus in District 27; Paris Conley in District 47; Ruby Conley in District 49; Harrison Elliott was employed as a teacher in the Estill school; Graham Harris was named principal of the Maytown grades; John E. HALL WOUNDED

Hall came to this county from Troublesome Creek, Knott county, and had worked in the mines at Wayland for a time. He is survived by his widow and several children. Stone is married and is the father of two or three children.

L. C. Stone, who had been reported as the companion of Hall Saturday night, was arrested and lodged in jail at Garrett. He later was released.

UTILITIES MAY OPEN MINES NEAR BOSCO

Hueyville, Ky., Sept. 11.—The Utilities-Elkhorn Coal Company, owner of a large tract of "black diamond" in this vicinity, is apparently going to do within the next few months just what the citizens of this place long ago gave up hope of their doing—build a tippie and start running coal. Several times during recent years this firm has done work here which established a very definite hope among Hueyvilleans—a hope that was almost the belief that the company was on the verge of beginning real work. But as often as hope grew, it was blasted into nothingness at the hour of fullest bloom.

Now, however, there is something tangible to build a new hope upon. A substitution has been erected upon the company's land between this place and a new mine opening has been driven several feet into the earth near the sub-station. The coal vein at this place was uncovered for a considerable distance during the construction of the Allen-Lackey highway.

Since the U. F. mining camps, store building, etc., are located here, it is only reasonable to believe that the opening of a new mine by this concern in this vicinity will mean something close akin to a rebirth of Hueyville. Anyway, the people of this place are crossing their fingers and trying to keep from building their hopes too high.

NOTICE

You are hereby notified that bids will be accepted in the office of the County Superintendent of Schools at Prestonsburg, Kentucky, until Friday, September 20, 1935. The publication of this notice is to begin on September 6, 1935, and the bids will be opened fifteen days thereafter, which shall be on September 20, 1935.

These bids will be accepted on the following buildings:

Ligon — three-room building.

HIGHWAYMEN TAKE A TOTAL OF \$680

Grand Jury Members Told of Depredations Committed On Jack's Creek

Highwaymen in the vicinity of Jack's Creek within the last three weeks have reaped a toll of \$680 from their victims, persons appearing here before the Floyd grand jury said this week.

Latest of the alleged outrages was the hold-up of Tatt Hall on Wednesday night. He was robbed of \$30 in cash. Hall, returning to Jack's Creek from Catlettsburg, where he had been attending federal court, said he was accosted at 10 o'clock Wednesday night by three men near the home of Sam Hall. The trio, none of whom he said was a stranger, punched him with revolvers and forced him to surrender his money. He and Sam Hall identified two men of the robbers.

About two weeks ago, William Hall, 67-year-old merchant, was slugged and robbed of \$680. Hall was said Thursday to have sought to apply to the grand jury Bill Adams as his accomplice. The latter assisted him in his story on Jack's Creek, he said, and while he was accompanying her to her home nearby, shortly after dusk, they were accosted by a lone highwayman who struck him on the head with the butt of a revolver.

Miss Hall is reported to have fled when the highwayman appeared, and is quoted as saying her only impression of the robber was that "he was a big, tall man."

GOVERNMENT RESTS IN RELIEF HEARING

Five Defendants Plead Guilty; 188 Witnesses Are Examined

The government Wednesday afternoon closed its case in the trial against several alleged relief frauds committed in this county. A number of federal witnesses yet remained to testify.

Five of the 27 defendants named in the federal indictment were leaving the government witnesses against the remaining 22 who are standing trial. With the close of Wednesday's session of federal court at Catlettsburg 188 witnesses had been examined.

Former U. S. District Attorney Sawyer Smith, now representing the defendants in the case, informed Judge Church Ford that he would ask for a directed verdict in favor of the defendants Thursday morning.

Judge Ford, a few months ago, assumed the office vacated by the death of Judge A. M. J. Cochran, indicated that he would rule immediately upon the motion.

Those who have confessed to the charges against them are: Fred W. Bailey, Clinton A. Cline, Joe Cooley, W. H. Chapman and S. A. Derpout.

The prosecution introduced 61 witnesses during Tuesday's session. All except E. B. Fugate were residents of Floyd county who were "on relief" at the time the alleged fraudulent acts were committed. One hundred and forty-eight witnesses have testified for the defense.

Witnesses introduced were Buddy Whitaker, John Shepherd, Bruce Gibson, W. L. Doherty, Jim Clegg, Bill Moran, Lum Davis, Frank Linn, Floyd E. Ball, Elmer Greer, Malcolm Crum, Adrian Perry, W. H. Butcher, Bill Bradley, Andy Stephens, Henry Hamilton, Nelson Hall, Jeff Short, Mort Shepherd, Frank Spradlin, Will Hale, Tom Compton, Bob Ball, J. H. Ball, U. S. THIRTEEN INVOLVED IN MURDER DOCKET

Trials Begin September 18; Other Cases Slated for Hearing

Beginning Wednesday, September 18, the Floyd circuit court swings into the task of clearing a murder docket involving 13 persons. Several of the defendants' trials are second hearings or are for alleged slayings committed several months ago.

Murder cases slated for trial at the present court term follow, names of the defendants and names of their victims appearing and the date of each trial following in order:

Orville Bentley, charged with the murder of his cousin, Bert Tackett on Mud Creek, Sept. 18.

Claude Isaac, new trial for

the killing of ...
Sept. 24.

Wesley Pennington, slaying of Grayson Stone, Oct. 1.

Cash Triplett, trial for the slaying of Rest Scott, Oct. 4.

Special in the Sept. 8 Louisville, Ky., Times.

Prerequisites against political activity on the part of any person connected with the Emergency Relief Administration or the Works Progress Administration in Saturday's primary were taken today by George H. Goodman, administrator.

All persons connected with either organization had been warned by Mr. Goodman that to enter into the primary other than to exercise the right of franchise would call for immediate dismissal. Mr. Goodman also intimated he had made arrangements for observation in the various counties for any possibility of violations of his order.

"There is no place in the relief picture," Mr. Goodman said, "for politics. Anyone in my organization has the right to vote but he has no right to call a convention of relief how he is to vote. Relief clients are not to be intimidated or told that unless they vote for any certain candidate, aid will be stopped. Nothing is further from the truth."

Mr. Goodman pointed to the provisions of the 1935 Emergency Relief Administration Act which provides local punishment through the federal courts for encroaching politics into Works Administration affairs.

There's lots of room in the FORD V-8

EVERY ONE who steps into the Ford V-8 for the first time is surprised at its roominess. There's exceptional seat room, leg room and head room in all body types — the whole car gives you a feeling of substantial size.

The Ford gives you extra body room because of the compact design of the V-8 engine — an exclusive Ford feature at a low price. This V-8 engine takes up less space in the hood and permits more of the car's length to be used for passenger comfort. Many a

car selling at a higher price does not give you as much interior room as the Ford V-8.

Rear seats are wide and restful... three people can ride comfortably in the front seat of the Fordor Sedan, Fordor Touring Sedan, Convertible Sedan and Phaeton, and in the Coupes and Roadster. The seat of the Ford V-8 Roadster is 52 inches wide. A ride in the Ford V-8 will show that it combines unusual body room with fine-car performance, safety and comfort.

Sophomores To Form Big Part Of Wildcat Eleven

Lexington, Ky., Aug. 30.—With a young, ambitious and aggressive squad of husky athletes on hand, Chet Wynne, head football coach at the University of Kentucky, is confident that this year's edition of the Wildcats will be considerably more powerful than the team of 1934, which broke even in a ten-game schedule. "Regardless of the number of games we win or lose," Mr. Wynne said, "we are going to have a better team this year. We have more men to work with and the squad is faster, more aggressive and more experienced than it was last year."

Coach Wynne took over the reins at Kentucky last year when football was at a low ebb. After several disastrous seasons, interest in the Wildcat football team had faded and the outlook was anything but bright. Then the former Notre Dame fullback who had brought Creighton and Auburn out of the depths, came to Kentucky and went to work. He gave Kentucky its best team in years and interest was revived. Now, despite another suicide schedule, including such powerful teams as Alabama, Tennessee, Ohio State, Tulane and Tennessee, indications are that the Wildcats will have a successful season. Sophomores will play a big part in Wildcat affairs this fall. Possibly six members of the 1935 team will be graduates of last fall's undefeated freshman team. Added to these will be talented veterans from last year's varsity, including the AP-Southern halfback, Bert Johnson, one of the most talked-of backs in the South, and Captain Jimmy

Wheat has almost doubled in Kentucky in the last five years, the acreage expanding from 201,251 in 1929 to 402,905 in 1934, but oat acreage decreased roughly in proportion to the decrease in the number of horses.

These figures are for selected items only and are subject to correction. Separate preliminary releases giving crop and livestock statistics for each county may be secured from the Bureau of the Census, Washington, D. C. Final figures for the 1935 farm census are to be presented by counties in a state bulletin for Kentucky.

Ralph and Claude Allen go to Louisville this week to resume their studies at the University.

Ed Sutton and Ben Baker, Jr., enrolled as freshmen at Berea last week. Gene Combs entered the academy there. T. A. and Lamar Combs leave for the University of Cincinnati this week. George E. Allen will re-enter the University of Kentucky in Lexington soon. Mrs. Frank May is seriously ill with tonsillitis. Mr. and Mrs. Wiley Jones moved here from McDowell last week. Mr. Jones is welcomed as coach of the Wildcats who starred under his supervision a few years ago.

Rav. and Mrs. J. Campbell leave for the conference Wednesday. The two were presented a lovely shower Sunday as a token of esteem in which they are held. The church hopes to their return. The Mavoyers P. T. A. has volunteered to sponsor the free lunch room for relief children again this winter. Mr. and Mrs. N. C. Boughton and Elizabeth, Mr. and Mrs. Sam Jones, returned last week from a vacation in Georgia.

Mr. and Mrs. Ed Sutton and children visited Mr. Sutton's mother who is very ill, in Buchanan over the week-end.

Maytown Woman's Club will meet with Mrs. John May on Saturday, September 14 at 2 p. m. Thomas Patrick is visiting relatives in Salyersville. School opened Monday with an auditorium packed with parents and students. Opening exercises under the direction of Superintendent Claude May were held. Mr. May made a splendid talk and was followed by Rev. Campbell and several others. Seating capacity is taxed, enrollment greatly increased, it is believed.

Welding
... the best way to make a perfect union of two pieces of metal is by welding them together.

... and the best way to get a more pleasing flavor and a better taste in a cigarette is by welding together the different types of tobacco...

That is just what we do in making CHESTERFIELD Cigarettes—the three types of mild ripe home-grown tobaccos, that is tobaccos grown in this country, are welded together. Then they are welded with aromatic Turkish.

When these tobaccos are welded together you get a combined flavor which is entirely different from any one type of tobacco. It is this welding of the right amounts of the right kind of tobaccos that makes CHESTERFIELD a milder and better-tasting cigarette.

Now That Election Is Over

Dear Editor:
The election is over and for my part, I'm darn glad. For the worst thing in the world to make enemies in an election.

I never in my life ever followed bothering in other people's affairs, and I ain't got any use for them that does. When the last campaign started I made up my mind to

Honey Bee, Ky. treat everybody concerned in it fair and square and not have any trouble with any of them. I just treat them all alike, but there's some folks that won't let you go to them. I started out in the campaign with an open mind, determined to keep the good will of all the candidates man makes countless millions as a dollar bill. — man's ingratitude to return, as I was soon to learn

For three long months I wandered up and down the length of the earth, with every pocket full of candidates' cards and papers, till I looked like a pack peddler, and had about two-thirds of the hide rubbed off of me where this patriotic literature had rubbed me. I carried one bunch of leaflets that were so hot they burned a blister on the side of my next to the south pole as big as a dollar bill. — dollar bill nothin', it was a big as a ten dollar bill.

- Your city will be visited by the "GET ACQUAINTED TOUR," sponsored by The Chamber of Commerce of Huntington.
- This good will visit is being made so that the business men of Huntington may personally contact the people in your community with whom Huntington's business is transacted.
- The Chamber of Commerce of Huntington finds great pleasure in sponsoring their "GET ACQUAINTED TOUR" and looks forward to the warm welcome which your community has assured this visiting delegation. It is hoped that a stronger bond of mutual friendship will result from this annual visit, and that your city and ours will be more closely united from these contacts.

The cities in the column to the left will be visited by the "GET ACQUAINTED TOUR."

But I was impartial. I tried the literature for friends and for allies and recommended it all alike to every voter I met. And treated all the candidates alike. I swore to support—oh and every one who approached my post and they know it. I sat on the stump about two weeks before the election and promised nine different candidates for the same office to vote for them, impartially, and had my spouse make the same promise. I explained to each and every one that I considered him the only one fit for the office and related to each one separately how my rib and I had agreed just the day before that he was the man who deserved our support and that the others were not fit for the place, besides being able to make a living without mixing in politics.

As soon as we'd get rid of one and another one sidled up to our back door, handed us his card and explained that we were first cousins by marriage and third or 4th cousin by mistake, asked about our crop, the garden, seemed relieved over the fact that we hadn't called in force to pay him a visit. Then we'd fall upon his neck and patiently explain that he'd been our choice from the first time we had heard that he had headed the campaign. Then his wife and friends and had decided to sacrifice his liberty and happiness in the interest of his country and become a candidate. We'd bid him good-bye and God's speed at one door and bid another guest who was out for the same office good morning at the other door and painstakingly put him through the same ceremony.

All this routine was rather fatiguing, but it paid. We increased our stock of worldly goods by the addition of two and a half yards of hickory shirting; one 1918 model plus hat; one mowing blade with no handle; one bushel of whippoorwill peas; three yards of blue cloth; one bushel of make same; 19 pink moonshine; seven rabbit dogs—one of them blind—four pair varn socks; one roasting ear grater and two good iron wedges in addition to the satisfaction of knowing that we were saving our country by patriotically supporting her sons for the great and noble work of saving the country in her hour of need, in spite of personal sacrifices they were making.

But it seems we must have been somewhat overzealous in our endeavors and carried the work too far and got our wires crossed somewhere, for, since the election the candidates, especially defeated ones, seem to have gotten together and compare notes and instead of meeting with smiles and outstretched hands whenever we meet with one of these erstwhile friends we are somewhat shunned and very often

Some strange rumors about... (text continues)

The next election that comes up can manage its own affairs so far as I am concerned and if anybody gets beat then he can't blame me. I'll play them and then after the election I won't have to take a lot of flouting that I don't want to take and nobody will know how I voted. And I won't have to be a Democrat to get to fill up a mudhole in the road, nor a Republican to get to stay at home and not work at all like Mr. Hoover allowed us to do.

So maybe it will all come out best in the windup.
Cautiously yours,

During Mrs. Sowards' visit in Ashland she was guest of honor at a number of pleasant social functions. She was accompanied here by Mrs. Huttsimpiler, who is the guest of her mother, Mrs. Mary D. Allen, and other relatives.

The Rev. Robert A. Potter, pastor of the Presbyterian Church here, is confined to his bed this week by illness. The Reverend Potter has been slightly ill since his return here from Texas, where he spent his vacation with his parents, and a few days ago his condition became such that he was obliged to forego all pastory duties. His many friends in this community are hopeful of his early and complete recovery.

DIPHTHERIA THREAT PREVALENT IN FLOYD

With One Death Recorded, Warning Issued by Health Department

Diphtheria is prevalent in some sections of Floyd county, and one death has already been reported to the office of the Floyd county health department. The fact that this epidemic, starting earlier by a month than most epidemics of diphtheria, suggests that this may be a peak year for diphtheria.

Nurses of the Floyd county health department are now visiting schools in the county, and parents bring their children in and have them protected against the disease. "Remember," Dr. Ransdell said, "that each case of diphtheria represents a child that has been neglected by its parents. No child should have diphtheria."

It is not convenient for parents to take their children into their local schools for protection against diphtheria, they should bring them to the health department office on office days, Friday and Saturday for the treatment, or, better still, take them to their family physician, most of whom are prepared to give the treatment. "It matters little who and where you get the treatment, but see that the children get it," Dr. Ransdell emphasizes.

Below appears information compiled by Dr. Ransdell which is of prime importance to every parent: Although fewer children are dying from diphtheria now than ever before, your child, if exposed to the disease, is in as much danger as he was before.

We can only guess why these children had not been given toxin-antitoxin or toxoid. In a few cases the mother of father, or both, did not believe in such treatment; a few parents did not know how important it was; some could not get to a doctor or a clinic; but most of these children were left unprotected because their fathers and mothers just put off having it done.

Putting off where diphtheria is concerned is always dangerous. In these cases it was tragic. The same thing will happen this year. Many unprotected children will suffer with diphtheria and every day some one of them will die of it. If your children have not been given toxoid or toxin-antitoxin they may be among the victims. You can do something about protecting them now, and it should not be put off another day.

Take your children to your doctor or to a clinic and ask to have them protected against diphtheria. All children, when they are six to nine months of age, should have this treatment. Children under five years are in the greatest danger. They are most likely to get diphtheria and to die of it. The doctor or nurse will tell you how often to come and what to do. The treatments, usually two or three in number are simple and harmless and quickly given. It takes a few months for the protection to develop.

Six months after the last treatment, take the children back to the doctor to find out if they have had enough treatments to make them safe. He can tell this by giving them the Schick test. Be sure to do this. Then you can be certain that your children are safe.

And that you need never fear diphtheria.

In Case of Diphtheria If your children should catch diphtheria before they are treated, or before protection develops, call the doctor at once. The signs of diphtheria are: sore throat, croupy cough, chilliness, fever, aching pains. Watch for these. Diphtheria works very quickly. The only way to save a child who has diphtheria is to get the doctor quickly, so that he can give his curing medicine—antitoxin—at once.

A child who is sick with diphtheria should never get up or sit up until the doctor says it is safe for him to do so, even though he feels better and begs to sit up. If he does not stay in bed long enough, he may have to wear the rest of his life. The two things to remember are: Get the doctor at once, and keep the child in bed long enough.

GET ACQUAINTED TOUR HERE SEPT. 19

Huntington Mayor, 50 Prominent Business Men to Visit Prestonsburg

Wednesday, September 18, at 2:25 p. m., the "Get Acquainted" tour sponsored by the Chamber of Commerce of Huntington, will visit Prestonsburg.

On this tour will be approximately 52 persons representing 45 or more leading firms of Huntington. The party will travel in two large buses, and will be escorted by two Kentucky state troopers and by the new West Virginia state police white highway safety car.

Among those making the trip will be Hon. Martin V. Chapman, Mayor of Huntington; George D. Bradshaw, president of the chamber of commerce; Wm. B. Anderson, Jr., vice-president of the Chamber of Commerce; Col. J. B. Long, president of the Huntington Publishing Company.

The news angle of the trip will be covered by Raymond Brewster, of the Herald-Dispatch, and James Wallen, of the Huntington Advertiser. A running story of the two-day trip will be sent their respective papers by these gentlemen from various points on the trip. This will insure each city visited a considerable amount of publicity in the Huntington papers.

A novel feature of the tour is that Huntington will present no program of speakers extolling their city, but the entire time of the program will be given to speakers of Prestonsburg, who will tell of the history, resources and economic conditions of Prestonsburg and Floyd county to the Huntington visitors, who wish to become better acquainted with their neighbors with whom they daily do business.

The reception for the Huntington visitors at Prestonsburg has been sponsored by the Prestonsburg Kiwanis Club. A sound truck, equipped with phonographic attachment, will arrive in Prestonsburg 15 minutes ahead of the tour and deliver a program of music while awaiting the arrival of the party.

MEMORIAL MEETING There will be a memorial meeting at the Herald cemetery on Cow Creek Sept. 15, at 2 p. m., in memory of Burris and Carl Herald, father and son. All the friends and relatives are invited. The services will be conducted by Rev. Isaac Stratton, Rev. J. K. Stratton, Rev. J. M. Laferty, Rev. Joe Laferty.

Stephens, vice-president of the Society, presided in the absence of Dr. M. V. Wicker, Wayland, president. Dr. Smith's paper was pertinently entitled, "Why Have Medical Societies?" and Dr. Aiken followed with a report of 10 cases of the disease with which his paper was headed, "Malta Fever." Both discussions were timely and were of deep interest and much value to those attending. The hospital as host served a delightful dinner to the following members of the Society and their guests: Members - Drs. O. T. Stephens, A. J. Davidson, Marvin Ransdell, M. M. Collins, T. J. RACELAND IS FIRST FOE FOR BLACKCATS

Local Team, Last Year's Champs, Start Training Under Messer, New Mentor

Football practice was started August 26 by the Prestonsburg high school Blackcats under the tutelage of a new coach, W. M. Messer, in an effort to continue last year's great gridiron record, which gave them their first Big Sandy conference championship.

Coach Messer is dishing out a rigid training schedule to the squad and has been working the boys hard on fundamentals since the start of the training period. Mr. Messer comes to Prestonsburg with an excellent record as an athletic coach, and the student-body and friends of the school are hopeful that he can find replacements necessary to give the 'Cats the same high football standard as that enjoyed under the direction of Clay V. Watson.

The football squad this year is one of the largest the school has ever had. Several good men have been lost through graduation, however, and replacements yet remain a comparatively unknown quantity. "The boys and I join, however," Coach Messer said this week, "in expecting a good, hard-fighting team."

First baptism of fire for the 1935 edition of the Blackcat eleven will be on September 21 when the 'Cats meet Raceland here. Raceland, champions last year of the Little Eight conference, will furnish stout opposition and give the coach, fans and players a good line on what may be expected as the season progresses.

The Blackcat schedule: Raceland, here, Sept. 21. Hazard, here, Sept. 28. Martin, Oct. 5, scene of the contest to be decided. Morehead Training School, there, Oct. 12. Belfry, here, Oct. 19. Louisa, here, Oct. 26. Pikeville, there, Nov. 2. Van Lear, here, Nov. 9. Ashland Tomcats, there, Nov. 16. Paintsville, there, Thanksgiving.

Joe Dyer, of Morehead, was a business visitor in Prestonsburg Friday.

TAXI DRIVER DIES, VICTIM OF WRECK

J. W. Conner Fatally Hurt Sunday Morning in Crash on Jones Fork

James W. Conner, 18 years old, of Estlin, was fatally injured before daybreak Sunday when his taxi plunged approximately 100 feet down the mountainside at the head Hindman road. He died an hour later as the result of a broken neck, a fractured skull and other injuries.

It is believed that the tragedy resulted when the young man either lost the road in the heavy fog or fell asleep at the wheel. His body was prepared for burial by G. D. Ryan, and interment was made at Estlin Tuesday.

The victim is survived by his parents and several brothers and sisters, all of whom reside on Beaver Creek.

ENTERTAIN TO DINNER—Dr. and Mrs. Julian C. Harlowe entertained to six o'clock dinner a few days ago, having as their guests Miss Mary Cox, Cincinnati, O.; Miss Jessie Parsons, Morehead, Ky.; Dr. Fletcher Combs and Bob Harlowe, of Prestonsburg.
