TENTH YEAR NUMBER 19

\$1.50 PER YEAR

LACK FUNDS FOR COURT BUILDING; TO ASK PWA AID

Lowest Bid Received on Addition and Repair Work \$162,260.60; Council, Short on Committee

NO MACHINERY BOUGHT
With \$102,200.00 the lowest bid received on the construction of an addition to the Floyd county courthouse and the repair of damage done to the structure by fire this year, the best value being had without funds necessary to finance the building process, moved Monday to complete a Public Works Administration loan.

Circuit Judge John W. Canfield and County Attorney Harvey D. Short were named as a committee to go to Washington and enlist the aid of Congressman A. J. May in the securing of the loan.

Shortly after the fire which damaged the court and addition of the courthouse, the county engineer, Albert W. Duffley, at that time, no PWA funds were available. Possibilities of procuring funds from this source are considered brighter now, however.

At these funds are unavailable, it is planned to go ahead with repairs on the building, postponing for the present the proposed addition to the courthouse. County officials had hoped Governor Chandler would include in his bill for a special Legislature a bill which would permit the county to divert the sales tax money in payment of the cost of the building fund. The county attorney has been to the state capital to see if this could be done.

The low bid was made by B. T. Thomas of Tabor, this county. Other bids were filed by "outside" concerns and the lowest bid was \$198,000. The plumbing and heating equipment R. E. Holtsworth bid a bid of \$13,000.00. The West Virginia Heating Company filed a bid of \$25,750.70 for equipment. In a night session the fiscal court concluded business to be transacted at the meeting. Edgar W. Archer and Levi J. Dean, architects, were paid \$1,807.88 for plans and other work done in preparing for the courthouse construction and repair. Their plans will be used for the roof and interior, if it is found impossible to build the addition, it was said.

Though several representatives of roof machinery firms appeared before the court, no machinery was purchased.

DEPUTY QUITS BETSY LAYNE

Deputy Sheriff Elson Kendrick, who has been at Betsy Layne for the last 10 months as officer, Monday resigned as his officer here. He remains as a deputy, however. Deputy Sheriff B. R. Allen has also resigned. It is announced at the Sheriff's office.

To Seek Construction Here Of School and Library Buildings

If efforts being made locally are successful, not only a library building but also a graded school will be constructed in Frostburg within the next few months under the auspices of the Works Progress Administration. Congressman A. J. May, in Frostburg last week, conferred with members of the city board of education with a view to procuring WPA assistance in the construction of a modern brick building to supplement the unimproved graded school structure here. Members of the board expressed keen interest in the undertaking and are expected soon to submit to the district WPA office at Paintsville their plans in this direction. At the same time, Congressman May will assist in procuring approval of the project in Washington, it is said, so that it may be definitely undertaken.

WORKMAN IN FATAL ACCIDENT

Oran Allen, 24 years old, of Clio, was injured in an odd mishap Thursday morning while working in a ditch at the upper limits of town. An auto driven by Dr. C. H. Kyker, of Hamen City, Tenn., knocked a rock into the ditch and squarely onto the top of the workman's head. Concussion of the brain and scalp wound resulted. The injured man was taken by Dr. M. T. Dawson to the Golden Rule hospital, Paintsville, where an X-ray examination revealed no serious injury.

RADIO PROGRAM TO OUTLINE PWA WORK

All administrative and semi-administrative employees of the Works Progress Administration will be expected to listen in on the broadcast to be made over the Columbia network June 20, from 4 to 4:30 p. m. Eastern Standard Time, of a program to acquaint WPA employees, sponsors and others with the work to be done by the governmental agency during the fiscal year beginning July 1. WPA also may broadcast the program.

Arrangements will be made for an auditorium to be made available here for those wishing to listen to the program. Elsewhere in the country project superintendents will be expected to arrange in their communities for security wage workers to hear the program.

OLD-TIME HYMN IS FESTIVAL FEATURE

Floyd county singers at the 19th annual Folk Song Festival held here Saturday night, which was low-Kentuckian but also visitors from other states, including neighbors in the world of music who "old-time" hymns was sung in all its rugged, primitive beauty. They proved that this music is unique in that it is preserved, down through the generations, the earliest hymns based on the Georgian Glee.

The singers were from the music project here of the WPA which is under the direction of Mrs. Edith Fitzgerald. James, widely known singer, singers from the local music branch of the WPA were Sam Lafayette, Eban Elyden, Jay Salzman and Theodore Haddock. They were joined by Mr. James, Alex Hayden, Tom James and Miss Haddock. Mrs. James' rendition of a waltz-like song in homely costume was a feature of the festival, evoking an enthusiastic reception for the singer. The festival was held at the "Folkways" building, a building on the ditch and squarely onto the top of the workman's head.

LOCAL WOMAN, 46, COMMITS SUICIDE

Miss Sattie Clifton Fires Revolver Bullet Through Chest; Ill Health

Ill health, relatives said, caused Mrs. Sattie Clifton, 46-year-old Frostburg woman, Saturday morning at 11:45 o'clock to fire a bullet into her chest from a .45-caliber revolver. She died at 6 o'clock Saturday afternoon at the Golden Rule hospital, Paintsville.

Mrs. Clifton, shortly before Christmas last year, suffered a polio attack and had for several months been dependent, her husband, James Clifton, said. Mrs. Clifton had received his revolver in his barn, but his wife, finding the door locked, said to have torn loose a plank and fired the weapon. Returning to the house, she seated herself in a favorite chair and fired a bullet into her chest, about the heart. Relatives said she left no note and made no statement explaining the motive for the deed. She was a member of the Freewill Baptist Church for many years. Mrs. Clifton was a woman of excellent character. She was a daughter of the late J. D. Dillon. Surviving her are her husband, one son, Darwin Clifton, one sister, Mrs. Nellie Frank, all of Frostburg, and three brothers: Marion Dillon, Rock Camp, O.; Joseph Dillon, Shelbyville, Ill.; and Watt Dillon, of Lancaster.

Announcement is made of the marriage on Sunday, May 3, at Ashland, Ky. of Miss Margaret Preston, of Paintsville, and Mr. W. H. Jones, Jr., of Prestonsburg. The wedding ceremony was solemnized by the Rev. Guy Coffman, of the Methodist Episcopal Church, South, Ashland.

The bride is the attractive daughter of Mr. and Mrs. Parrett Preston and is a member of a prominent John's county family. She was graduated from the Paintsville high school and attended the Morehead State Normal College and Cumberland College.

Mr. Jones, the son of Mr. and Mrs. W. H. Jones, Sr., well-known residents of this place is a graduate of Prestonsburg high school, where he was prominent in athletic circles, and later studied at the Western Kentucky Normal College, Bowling Green, Ky. Mr. and Mrs. Jones are receiving the felicitations of a host of friends.

FLYER PANCAKES, AVERTS TRAGEDY

Quick thinking on the part of a pilot averted Saturday afternoon what would have been a tragedy for two passengers, a woman and a man, both of Wayland.

The passengers, Mrs. Elmer Rowe and Jim Noble, and the air pilot, a local man named Elmer, escaped with slight scratches and bruises as the plane crashed in the street in front of the home of Dr. M. V. Weker at Wayland. After taking off from the Martin bottom, a few hundred yards he jerked his revolver, thrust it under his arm and fired in self-defense. The pilot was in Prestonsburg Sunday after he had trucked his ship to Stone, Ky., for repairs. The undercarriage, both wings and propeller were torn loose.

YOUTH DIES AFTER EIGHT-YEAR ILLNESS

P. D. Lafayette, 17-year-old son of Mr. and Mrs. Frank Lafayette, died Saturday night at 10:30 o'clock after eight years of invalidity. Funeral rites were conducted from the home Monday by the Rev. James Clark and the Rev. Joe Lafayette, both of the Methodist Church, and burial was made in the family cemetery under the direction of E. P. Arnold. Surviving are the parents, one brother, G. H. Lafayette, and two sisters, Lillian and Hazel Lafayette, all at home.

Griffin Porter left Wednesday last week for Chicago, where he joined Mrs. Porter and Mr. and Mrs. P. A. Lilling, whom he will accompany to Chicago, Ore. The Fykes and Mrs. Porter left about two weeks ago, and have been on an Eastern motor trip.

Veterans' Bonus Bonds Arrive at Postoffice Here Monday Morning

Approximately 650 Floyd county veterans Monday began receipt of their long-awaited bonus bonds. Veterans are instructed to present vouchers and affidavits to the postoffice at Paintsville to receive their bonds. Distribution of these bonds is being made at the various Post Offices. The bonds, in denominations of \$5 each with a treasury check for the odd amount are being mailed to the veterans in person and his representative. All bonds or any number of them will be forwarded to an address if the veteran has the latter desired. Bonds held at or turned out of the postoffice will bear interest of 3 per cent annualization. The bonds will be exempt from taxation.

HEAD OF BETSY LAYNE MINERS' UNION WOUNDED

Machine Operator Jailed Here After Shooting Piquet During Union Meeting Saturday

BURNETT THREATENED

A mine local union was near destruction in this county early this week, following the shooting of Robert Pison, 45 years old, president of the local, at the hands of a member of the organization. Pison was shot early Saturday afternoon while the Betsy Layne local, United Mine Workers of America, were in regular session at the U. M. W. A. hall in Betsy Layne. Pison, a well-known local operator, was arrested and is in jail here, charged with the shooting.

Pison, in the Methodist hospital, Pikeville, suffering from the effects of a .38-caliber bullet which entered his body above his hip and emerged from the other side of his body, is expected to die.

Burnett, it is said, had been arrested before the local, threatened with being ejected from the organization because of an alleged infraction of labor laws when the local met Saturday, it was told here.

Burnett and the head of the local, John L. Stone, a member of the local, detained Burnett until Deputy Sheriff Elmer Kendrick and John Hall arrive and take charge of him. Throats were made against Burnett by a number of mine workers, it was said, but the officers removed him to the county jail here without difficulty.

WHEELS OF MISFORTUNE

Those omens who took part in the move to halt gambling operations, at the carnival which recently appeared here and at Melvin desire praise not only because they sought to enforce the law but because they also practiced the principles of fair play.

They did not show the partiality in evidence when official arrests of some of the "one-gallon gals" for poker playing over the river bank or in some back room and at the same time permitting traveling shows to operate gambling machines openly and with impunity.

The only defense that machine-operators have in playing their machines is not gambling—it's simply giving your money away.

This county can well do without these "carnival" troupes. They bring nothing worthwhile into the county. They take thousands of dollars with them when they leave. Disease may follow in their wake. And they leave behind nothing but a financial headache to business in general.

Why welcome these "wheels of misfortune," they turn up in some youngster here at home and pass on him for taking part in a dime-a-line poker game in which the boy, live at least a chance?

ENFORCE THIS LAW

Kentucky now has a law which, if enforced, will go far to curb motorist's crime wave. This is the recently-enacted law providing for revoking of the driver's license of any person convicted of operating a motor vehicle while intoxicated.

In a few scattered instances the law has been enforced. There are hundreds of instances weekly in which it should be enforced.

This law must not be relegated to the status of Kentucky's pistol law. Kentucky motorists who believe and practice sober, careful driving must not be as the state's population that can go in shirt-sleeves and without "hairpins" has come. They must insist that the officials put the law into effect. Friendship, political "pull," station in life, nothing should deter the court, in making this law a curb to drunken, reckless driving and thus a protection to those, both motorists and pedestrians, who see and think clearly and therefore wish to live and let others live.

No crime wave had yet been stopped without fearless, unbiased enforcement of law. Motorist's crime wave, in which the weapons are gasoline-powered engines of destruction, from which a ghastly toll in human life and suffering, mounts and mounts, will not be stopped without the same measures.

MRS. CONN DIES OF CANCER

Mrs. Elizabeth Conn, 74 years old, wife of Ira Conn, died Saturday at her home on Prater Creek after a year's illness of cancer.

No Balance . . . No Beer!

Brewing, like cake-making and biscuit-baking, is really a matter of knowing how to balance the ingredients. It's just too bad for the beer, the cake or the biscuits if the ingredients are out of balance. It takes skill and experience to bake cakes or biscuits that guests rave about. It takes skill and experience to make Budweiser—the beer that guests rave about. Of course, the Budweiser process is exclusively ours. If it were not, there would be lots of beers like Budweiser. As it is, only Budweiser tastes like Budweiser.

Budweiser's Imported Saazer hops cost six times as much as the finest domestic hops with which they are blended. Budweiser's Saazer hops are rich in the flavors and fragrances necessary to give skillfully brewed beer a plus in taste and bouquet.

Budweiser gets the best of each year's barley crop. Wherever the best barley grows in season, the Home of Budweiser goes after it... and pays premium prices. No barley accepted until our laboratory has analyzed and germinated every sample.

MORE THAN 800,000 NEW 1936 CHEVROLETS

have been sold

America

is giving overwhelming preference to Chevrolet because it's
The only complete low-priced car

MORE than 800,000 new 1936 Chevrolets have been built and sold—more than four-fifths of a million since announcement day—the largest volume of business that Chevrolet has enjoyed in any comparable period in its entire history.

Record-breaking sales always indicate record-breaking value, and that is why we are printing these figures. They are important, not because they establish a record, but because they carry the following message to all people who have yet to buy their 1936 cars.

America is choosing Chevrolet because America is convinced that Chevrolet represents the most motor car for the least money.

"The most motor car," because it's the only low-priced car with such vitally important

features as New Perfected Hydraulic Brakes and Solid Steel one-piece Turret Top for greatest safety; Improved Gliding Knee-Action Ride; Shockproof Steering and Genuine Fisher No Draft Ventilation for greatest comfort; and a powerful High-Compression Valve-in-Head Engine for the most efficient all-round performance.

And "the least money," because Chevrolet's low purchase price, low operating costs and low maintenance costs make it the most economical of all cars to own.

America is saying these splendid things about Chevrolet with actual buying orders. Follow America's judgment. Place your order for a new 1936 Chevrolet—the only complete low-priced car!

PASSING INSTITUTIONS—DRESSER, BREECHERS, PANTS

The Romans made a big to-do over a boy's becoming a man, but the boy himself probably got no bigger kick out of the experience than did the boys of my generation—when they "put on" long pants, galluses, and shirts. Age-old customs had decreed, with the finality of a Mrs. Post, that long trousers or pants were to become a part of the boy's life about the time he lost the power of calling dogs on any musical scale except the Chinese. Other indications of the approaching end of an era were: the boy's efforts to black the toes AND heels of his shoes without showing partiality to the toes; efforts to shave, in secret, with Father's Wade and Butcher razor, often with disastrous and even bloody results; efforts to summon courage to ask Father for the old family buggy and the old family rug. Some Sunday afternoon to "buggy-ride" the girls. The long-dressed girls, and gallsuses rather crowned the other sign that "Kinture" was maturing, driving, the boyhood in its earlier stages, was peddling away the detected holes, and gallsuses were laid away; henceforth the lad was to be a man, capable of lifting a hand-saw, of doing a man's share of work in the field, of getting tobacco instead of merely dropping plants for others to set. It was not always so pleasant an experience as one had anticipated. For instance, if the neighbor court, otherwise the big boys, felt that you weren't big enough to be dressed like a man, then you had to prove your manhood by beating up two or three of your own size or a little larger. But that was not bad in comparison with having to wear bodies and breeches a whole season beyond the going age. I doubt whether I can ever again have the contempt for a boy "tricked" of my own age. The very idea of a boy with a settled voice, even with permission to drive his father's buggy, walking around in decent company in the garb of a little fellow! Even yet I feel a sort of awe come over me, a feeling of profound pity for such a boy.

But now I, all changed, I'm no longer much distinctive pride of their lives by acquiring new types of clothing. I have seen more in fact, not old enough in the old days to wear breeches, strutting around in longals. And knickers, that oddity that cannot be classified as pants or breeches, known as age fault! His fellows wear them, usually with one leg shorter than the other or both legs nearly reaching the shoes; young bucks try to look like and sporty in them; and even the old men, with a touch of this line, blossom out in golf knickers

and make blots on the green, his roundish blots with tapering supports. It is a degenerate age; just when we got ourselves thoroughly accused in long trousers, here comes along a style that destroys all distinction and keeps us from knowing a fellow by his "dress." Ability to cut dogs has nothing to do with clothing now, no more than does blacking one's shoe heels. It is all too democratic, too leveling; not like the old times, when all the Gaul of boyhood was divided into three parts.

DOG LOST HEAD, LOST BALANCE, THEN LOST TAIL

Ray "Tuffy" Griffith's motorcycle-riding dog "Mike," while out riding on the vehicle behind Tuffy last Sunday on Third street lost his head, lost his balance then turned right around and lost his tail. And if he had any probably lost his religion. Tuffy, who has been in many "series" in his career as a champion "bat-slinging" fighter, has spent many weeks and many gallons of gasoline teaching Mike to ride behind him on the motorcycle. The dog, past-breed-German pointer "tag-dived" into the drive sprocket and chain on the motorcycle and in some manner maneuvered his front-end appendage so that forward action of the motor-propelled vehicle severed the appendage near the spot where Mike used to sit on the saddle.

So Mike will have to go back to the "horse and buggy days," because his "waggin' days" are over—Paintsville News.

THE MOTORIST'S PRAYER

"Grant me a steady hand and watchful eye, that no man shall be hurt when I pass by," starts The Motorist's Prayer. The prayer first appeared in the London Church Times. The prayer is a reminder that a good driver is a Christian obligation. It follows:

Grant me a steady hand and watchful eye,
That no man shall be hurt when I pass by.
Thou gavest life, and I pray no one may take away or mar that gift of Thine.
Shelter those, dear Lord, who bear from the evils of fire and all calamity.
Teach me to use my car for others' need.
Nor miss through love of speed
The beauties of thy world;
With joy and courtesy go my way.

FUNDS NEEDED FOR CRIPPLED CHILDREN

Louisville, Ky., May 29.—The Kentucky Society for Crippled Children, the volunteer organization which started the movement to provide some care for needy afflicted children, is sending out an annual appeal for funds to supplement the state appropriation to the Kentucky Crippled Children Commission for carrying on this work.

For two years the Society has sponsored an Easter sale of Bibles, but is not again using this method of raising funds on account of a promise made last year that no intensive campaign would be conducted in 1933 if the Kentucky Crippled Children Commission should receive supplementary aid from the federal government under the provisions of the Social Security Act.

When the Social Security Act began to function this spring the plan of handling crippled children work in Kentucky was one of the first three in the entire country approved by the Children's Bureau. Consequently, the Commission is now eligible to receive funds from Washington to extend present facilities for the care of crippled children.

However, the General Assembly in its budget session gave the Kentucky Crippled Children Commission a thirty per cent cut in its appropriation or a reduction of \$70,000 and

hold the presses. Years ago an amusing editor defined the town: "A fine brilliant just broke-out classic gem." When a dog bites a man, it is not news. But when a new holiday is introduced, it is news. What gave you the idea that this was going to pass, he phoned out with, but you can hold it while."

Chief, I've got it! Well, I'm not a cub reporter with this and I'm not a dog-bites-a-man. But when a new holiday is introduced, it is news. What gave you the idea that this was going to pass, he phoned out with, but you can hold it while."

STARKE NOTE
I'm sure was absent from school one day. The next morning he carried the following excuse to his teacher: "Please excuse Jimmie for being absent—he has a new baby brother. It was not his fault."

"Why, Bobby, you selfish little boy! Why didn't you give your sister a piece of your apple?"
"I gave her the seeds. She can plant them and have a whole orchard."

CHURCH SCHOOL BEGINS JUNE 29

The annual vacation church school, which is becoming a regular feature of the Christian training program in Prestonsburg, will be held for two weeks, beginning June 29 and ending July 13. All boys and girls of the denomination between the ages of four and 16 are invited to attend.

There will be special training in Bible work and practical Christian living. In addition, various handicrafts are to be taught; there will be music and recreational periods, as in former years.

In an other avenue of Christian training are boys and girls brought together with the religious motive for a like period of time. It is pointed out Sunday Schools last only an hour; young people's societies for less time; Christian parents are urged, therefore, to take advantage of this privilege being afforded by the co-operating churches of Prestonsburg.

Any man or woman, or young person who desires to help the work of the school and wishes to volunteer to have a part in this opportunity to serve Christ and His Kingdom is requested to notify Robert A. Porter, dean of any of the ministers of the several churches.

The tentative schedule follows:
8:00-9:00—recreation.
9:00-9:45—assembly and worship.
9:45-10:30—class or study.
10:30-11:00—class and music.
11:00-11:30—recreation.
11:30-12:00—handwork.

BOYS POND CREEK MINES OF FORDSON

New Floyd County Firm Will Reopen Mine United Mine Workers of America

(The Miner News)
Set, of the vast holdings of the Fordson Coal Company in Boyd Creek was announced Friday as the operation closed down for a period which, it is reported, will not exceed 30 days. The Thorney interests, who have been operating in this section for a number of years, acquired the property.

During the time required for the Fordson company to wind up its affairs and for the new company to prepare to take charge, operations of the mine will be suspended.

When the mine is reopened within the next 30 days they will be operated under the union scale of wages now prevailing at other mines in the Williamson field.

Although they will be without equipment for probably 20 days, employees will not be required to give up their homes. The power house will be operated during this suspension to provide light and water.

The final announcement has been made that the success will be retained in the company in a general superintendent and that there will be few if any changes in the office force, superintendents, foremen and other salaried employees.

The Thorney interests, have or will have a new corporation to be known as the Eastern Coal Co., under which some of the business will be conducted.

CHEVROLET SALES TAX BOOK RECORDS OF 1929

Records that have stood ever since 1929, when the automotive industry enjoyed the greatest year in its history are being surpassed in 1934, according to an analysis of Chevrolet sales records announced by J. E. Coyle, president and general manager.

Although the total sales of the industry as a whole are running behind the peak year record, Mr. Coyle pointed out that in three successive months—March, April and May—Chevrolet sales have exceeded the 1929 records for these months and set a new high record for any three months period in the history of the company.

On the basis of present prospects, Mr. Coyle said, Chevrolet dealers should have 610,000 retail sales to their credit at the end of the five months' peak selling period from March 1 through July 31, as compared with 540,000 units sold in the corresponding period in the company's best previous year, 1929.

SEE MORE TONNAGE AT INLAND STEEL

An announcement which indicates more work for the miners of this section was made recently by E. R. Price, superintendent of the Wheelwright operation of the Inland Steel Company.

Mr. Price announced that the Inland Steel operations of the company have, been leased to the Republic Steel Company, thus cutting off the company's source of coal from this mine.

The Inland Steel mine at Wheelwright, so far as can be learned here, is the only "surface" mine operating today in the United States, which recouates union labor. With the supply from the Inland mine cut off, Mr. Price states that additional tonnage will probably be produced at the Wheelwright mine.
