PRESTONSBURG--IN 1900 WHEN BOATS STEAMED UP THE BIG SANDY

There is the old dormitory behind the schoolhouse in the upper left corner of the picture where the students boarded when Professor Byington taught reading and writing.

The steamboats tied up at the landing, center, in front of the old Hollifield place, while many of today's prominent business men, as "the barefoot boys," scooted down the bank to see what-all was a-comin'.

The Methodist Church was located on Court street, and the railroad was just being built, and in the winter the mules couldn't go dry-shod down Front street.

The old-timers will recall shopping days then—the Mrs. made her selections of calicoes and gingham in one corner of the store while the men folks bargained for hardware and flour across the aisle.

YOU'LL like the size of this trim new Buick Fireball for '41—its room, its softer ride, its Permiform steering, its fresh smart style and all that.

But what you'll go for is what happens under that broad bonnet—the thrill and the thrill you get from that bushy, big, 115-hp. Buick FIREBALL Eight.

For in each flame-packed cylinder of that silk-smooth power plant a flaring ball of fire is set off with each spark-leap.

Packed to higher compression than ever before, fuel gives up more power and more mileage — power when you need it, economy throughout the whole driving range.

Indeed, so great is the power at your command that at 30 you use only one-eighth of the energy at your disposal.

*According to the Encyclopedia Britannica, a super motor which travels with a series of explosions like the shock waves of a great projectile is called a "FIREBALL."

All the rest is there waiting for pick-up, hill-climb and sudden getaway.

Even at 50 you use less than one-quarter of your available power, and at 75 still have nearly half "on call" for emergency use.

More than that, to this engine you can likewise add Compound Carburetion—and step up both power output and your mileage. At 30 you'll get nearly one and one-half more miles per gallon, at 50 almost two, and at 70 an extra mile and one-fifth.

But that's just one side of the story—the facts side. Only one thing will give you the stirring feel of Buick's thrill-packed behavior on the road.

That's a demonstration — and it's yours for the asking. When will you be in to ask for it?

Mr. and Mrs. Tom Henry Muse were in Prestonsburg Monday on business.

Mrs. Curt R. Decker was visiting her parents, Mr. and Mrs. T. J. Music, Cliff, on Friday.

Elizabeth Green was shopping in Prestonsburg last week.

Mrs. T. H. Music and daughter, Anna Jo, and Miss Alice Tackett were visiting Mrs. Music's sister, Mrs. Stewart Horn, of Bays Branch, Sunday.

Mr. and Mrs. Harry Hammond and sons, Roger and Ronnie, were week-end guests of Mrs. Hammond's parents, Mr. and Mrs. Malcolm Hager.

Born to Mrs. and Mr. Tommy Blackburn at the Paintsville hospital, Friday the 13th, a fine daughter.

God's Love and His Wrath

REV. CAMPBELL JEFFRIES How can God love the human race, and send a soul to eternal hell? is the outstanding question in the religious world today. The other question that men debate is the assurance of salvation, or "How Do I Know I Am Saved?" These two are ably answered in one verse in the Bible, John 3:16.

"For God so loved the world, that he gave his only begotten Son, that whosoever believeth on him should not perish, but have everlasting life." This is called the little gospel, because it has the entire plan of salvation.

We see in this verse that God's love is revealed in the gift of his own Son. God has shown his love in many realms, but this is the crowning achievement when he gives an escape for sin to the human race. The divine Son of God, dying on Calvary, is the gift of God, and brings salvation, which is unmerited by man. We cannot do anything worthy of the gift through love, and so salvation is not within man but from God. Christ on the cross reached up and touched God, he reached down and touched man, bringing them together.

This gift must be accepted by man, and the method is to say in your heart, "Lord, I do;" just as a condemned man would reach through the bars to receive a pardon from the governor. "Whosoever believeth" are the most encouraging words, for that means we are saved. The faith in God through Christ is a requirement for this gift. "Believe" here is in the present tense, which bears the idea of continuing in that state; for we cannot believe today, and not believe tomorrow, as we do or don't believe in something. This is not the idea of living up to salvation or holding out, for our job is to trust in Jesus Christ and he does the holding out or holding on to us. When a man accepts this gift he is saved, and the life he lives in the future is in gratitude to God for his great love.

If we do not accept this plan of God's for salvation, we will perish. The idea of perishing is what man deserves from sin, and not God sending him to hell, any more than a judge pronouncing a sentence upon a criminal, sending a person to prison. We send ourselves to hell, and God's wrath is not anger but the justice he shows toward sin. He could not be just and ignore sin, or save the sinner without punishment. The love is shown above as he has given a means of escape, if you are living in sin without God, and

think that God won't send you to hell if you do not accept his plan, my friend I fear for you, because God will have no other choice. You are on the road to hell if you do not have Christ as saviour, or something just as good. Are you as good as Christ?

The eternal life that is mentioned in this verse comes to the Christian the very moment you accept Jesus Christ, and we do not have to die and go to heaven to have the joy of the Christian life. If you don't have the Christian life in this world, you will never taste of it in the next.

I leave this challenge to all my readers. This very day, why don't you try it? Take God's plan for your life seriously for one month. The way is very simple; just pray this prayer: "Oh, God, come into my life," and you get out of the way so he can get in. It really works.

Mrs. Leete Studies Floral Designing

Mrs. Claudia Leete left Sunday for Nashville, Tenn., where she will take a course in floral designing. Rapid Strides in Army Made By Castle

Within less than a year after he had enlisted in the U. S. Army Edmund Castle, son of Mr. and Mrs. Vernon Castle, of Estill, attained the rank of expert gunner, after receiving three other appointments.

A graduate of Wayland high school young Castle entered the Army October 26, 1939. Within three weeks he was rated a first-class private, and then was appointed a non-commissioned officer with a rank of corporal and a base salary of \$42 a month. A short time later he was appointed sergeant with a base pay of \$54. His appointment as expert gunner carried an additional \$5 in salary.

EFFECTIVE MONDAY, SEPT. 30

Dear Bud,
You and about so many other youngsters are going back to school Monday.

You're starting in a new school year in a brand-new building that's a credit to Prestonsburg or any other town.

And, so help me, Bud, if I ever hear of you defacing the walls, cluttering up the premises or abusing that fine building in any way, I'll tan you till my arm hurts. You see, I appreciate the things of beauty—that's why I married your ma.

All of us taxpayers have paid, and will pay, to give you and your generation such surroundings as you pursue, in your own lachrymose way, a little learning. Your town board of education has worked hard for this monument to a town's enterprise. A beneficent national government has worked along with local officials and citizens and made this thing possible for you.

It's a pity that you and your schoolmates couldn't go back with me more years than I like to recall and visit that one-room school I attended. And walk a mile to a neighbor's well for a bucket of water (or stay behind and lick dry lips while the water carriers were gone). And wack "dirt-dobbers" zizzing on the wall while you wished you had their wings to lift you off those terrifying alley-slave seats.

After a few months of this and a lot of other things I have not taken the trouble to mention here, you boys and girls would find a very real appreciation of what has been done for you.

Twenty-two classrooms, two blackboards in every one, the light from a row of windows streaming in over your shoulders (not glaring into your eyes), six electric lights in every room, maple floors beneath you, spit-and-spew plastered walls and ceilings surrounding, three playgrounds, steam-heated rooms—what more would you want for a schoolhouse?

To cut a long letter short, Bud—I hope I don't have to remind you of these matters again.

DAD.

WE SPEAK A PARABLE

Let us say that you and I are strangers or that we, at best, merely recognize the other as So-and-So. That being established, let us say that you speak to me, every morning, as we pass—but that I, old sour-puss, pass you by, sometimes with a nod, more often without returning your greeting.

Who's going to have the better opinion of the sour-puss that I am, I cannot, if I have any semblance of order in my upper story, keep from putting you down as a pretty good sort, at least a cheerful sort of soul, friendly and willing to meet the other halfway.

But what do you think of me? Of that, the least said, the better. So it is with advertising.

So it is with Customer and Store.

The Customer walks into the Store, he lets his money talk for him—and it talks right cheerfully, like all will admit. That's his overture.

But the Store doesn't speak back. All it does is, accept the friendly greeting, sour-puss like.

The Customer's comment is unprintable except as "Hi," etc.

In the same town is another merchant who speaks to his customers. He advertises regularly. He lets these folks who have been his friends in on the news about whatever bargains he has for them. He doesn't merely grunt out a greeting, one week a month, or one month a year. He speaks to them regularly.

And what Friend Customer has to say of him is highly printable; in fact, it can be recorded on the old cash register.

In other words—
"If you would have friends, first show yourself to be friendly"—"It pays to advertise."

7,000 Witness Safety Exercises At Pikeville

Seven thousand persons witnessed the annual safety day exercises in the mine rescue teams and first aid crews from Kentucky coal companies completed Saturday at Pikeville for prizes.

First place was won by the Consolidated Coal Company of Jenkins, second by the Koppers Coal Company of Weebury, third by the Eastern Coal Corporation and fourth by the Beaver Coal and Mining Company of Drift.

Prizes valued at more than \$1,200 were awarded.

AN EMERGENCY PARTNERSHIP

Ever since the desultory and pointless war of 1919, our relations with Great Britain have been improving and expanding, except for a period of strain during the Civil War, which found England's mercantile interests daily in opposition to the military policy of the Union. To a degree far greater than most persons suspect, America's foreign policy is the product of an understanding with England.

The Monroe Doctrine originally was the joint product of English and American diplomacy. Its strength through the early decades lay in the willingness of Great Britain to back it up, in a time when she had sea power and we did not. Our policy in the Far East has been developing in the light of Britain's policy, and in such a way as to insure that each of the great English-speaking nations might aid the other in the defense of common interests in Asia.

In more recent decades Anglo-American cooperation has taken the form primarily of a division of labor, with the British fleet controlling the Atlantic and the American fleet the Pacific. As the commander-in-chief of a resurgent Germany has taken form, the unwritten, almost unspoken, partnership of America and Britain has been crystallizing.

We have seen the United States revise its neutrality policy once to accommodate Britain. Another revision may be made soon. We have seen our government send 100,000 tons of armaments to British ports with unprecedented speed to arm Britain for an expected German onslaught. Now Great Britain has assigned to the United States sites of incalculable value from Newfoundland to British Guiana, a string of strategic positions such as no country in history has ever had before its ocean front. And in turn we have released for Britain's use 50 warships.

This is not the proof that an alliance exists. Indeed it is clear that none does exist. If there were an alliance, we would be commencing it at the war. But it is clear that a partnership has been formed, founded on common interests and bound tightly by common principles and ideals.

A partnership is possible, because British and American needs and interests are so closely parallel in all parts of the world. It is desirable and imperative because neither power can be certain it is strong enough alone to survive in a totalitarian world.

It is idle to try to combat this fact of Anglo-American cooperation by empty references to splendid isolation. For the fact is that the partnership of Britain and America has been developing for more than a century. It has emerged from mere cordiality into a working arrangement because the facts of world politics have compelled both nations to work together.—Cincinnati Enquirer.

CARNIVALS SLIPPING

The carnival which held forth here last week evidently lost money and the operators thereof barely escaped the sheriff through attachments, it is reported. This is evidence that carnivals in Paintsville "slipping." The people are rapidly learning that such exhibitions are a nuisance, a fraud, and corrupt the minds of the people wherever they operate.—Paintsville Herald.

NAME-CALLING, DANGEROUS

"Without self-restraint and a certain civility in public men the democratic system of government will crack under the fierce pressure of contemporary events," wrote Walter Lippman recently. "Thus, one of the indubitable causes of the ruin of France was the savagery with which the politicians attacked one another and intrigued against one another. Not only did the fury of their partisanship render impossible a coherent and effective policy; the manner in which public men assassinated the honor of public men which demoralized the people."

Our nation has witnessed some distressing examples of this lately, such as the name hurled at Colonel Lindbergh for expression of his views in his recent speech on the European situation. And when General Pershing urged that we give Britain 50 destroyers to aid in her defense, he received similar treatment. These are men who have done more for their country than 999 out of 1,000 of their critics. Yet, because some did not agree with their views, they are abused unreasonably.

In contrast with this is an incident which occurred in Des Moines. Secretary Wallace, Democratic candidate for the vice-presidency, was booed and heckled while attempting to make an address. He was followed by Republican presidential candidate Wendell Willkie—who soundly rebuked the audience for its shameful treatment of his opponent. It is a cardinal principle of democracy that all sides be heard—and that the same privilege of free expression be extended to those with whom we disagree, no less than to those with whom we agree. Let that principle perish and democracy perishes. If we are to be permitted to hear only the voices of those representing our side, we will have dictatorship.

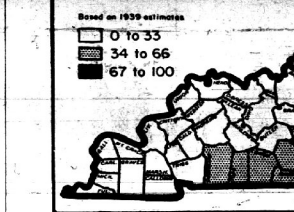

No nation can afford cheap, name-calling politics—the kind of politics that makes for hatred and disunion and which sets class against class and neighbor against neighbor.—Ashland Daily Independent.

Kentucky Needs More Cover Crops

Percent of cultivated crop acreage seeded to winter cover crops

As shown by the map above, a considerable portion of Kentucky's cultivated farm land is left bare during the winter, subject to destructive erosion and leaching. It is estimated that Kentucky farmers participating in the AAA farm program seeded 750,000 acres of cover crops in the fall of 1939. The state AAA committee points out that farmers can prevent a large part of the annual loss of soil fertility by further increasing their acreage of protective winter cover crops.

County Agent S. J. Ibell said this week that only 20 per cent of crop acreage in Floyd county was seeded to winter cover crops last year. He plans a series of community meetings to enlist the co-operation of farmers in such crops.

"Floyd county farmers are losing their full share of the \$25,000,000 taken from the pocketbooks of Kentucky farmers each year by the loss of soil fertility," he added.

Mr. Ibell, for years, has been telling farmers that "When the fields are green in winter, Floyd county will come into her own." And now that winter cover crops are a part of the AAA program, he fully expects a larger part of the county to realize the truth of that prophecy.

X-RAY CLINIC SCHEDULED

WILL BE HELD HERE BY DR. FLOYD, OCT. 9-10

The tuberculosis X-ray clinic sponsored annually by the Floyd County Health Department and the Prestonsburg Women's Club, will be held in the health department office here Wednesday, October 9, and until noon the following day, Dr. Marvin Randall announced this week.

The clinic, which is primarily for the benefit of indigent persons, will be conducted by Dr. John D. Floyd, of the State Department of Health. A fee of \$1.25, covering the X-ray film, will be charged for each picture.

Last year more than 140 persons were examined by the clinic, which made possible largely by the sale of Christmas seals, sponsored annually by the Women's Club. Those feeling they may have symptoms of tuberculosis, as well as members of a family in which the disease has appeared, should have the X-rays made. Dr. Randall said.

Dr. Floyd also will be glad to examine any patients who are referred to him by their physician.

PHS GIRL RESERVES BEGIN SCHOOL YEAR

By PHYLLIS M. HYDEN
Girl Reserves of Prestonsburg high school began school year with an attendance of 98.

An impressive candle-lighting service was held Monday evening, with the officers taking part.

Officers: Margerilla Branham, president; Jane Hamilton Clarke, vice-president; Frances Hagans, secretary-treasurer; Dimple Clark, secretary; Phyllis M. Hyden, reporter; and song leaders, Thelma Jean Africa and Peachie Howard. Girl Reserve advisers are Mrs. May K. Roberts and Miss Naomi Goss.

BASS 'GANG' YOUNG FISHERMAN

Two smallmouth bass with an amazing singleness of purpose Sunday afternoon gave young Tom Bunting, son of Mr. and Mrs. W. V. Bunting, Prestonsburg, one of the "once-in-a-lifetime" thrills.

Fishing the stretch of water above Colonial, near here, Tom got a strike but furious battle.

And when the youngster, a lad of 14, landed his catch he was the possessor of not one but two fish—12 and 13 inches long, reeling from left to right.

Paralysis Claims Marion Maynard, Of Wonder

Stricken with paralysis while gathering seed near his home at Wonder, Marion Maynard, 65-year-old Buffalo Creek farmer, died Friday, nine hours later.

Mr. Maynard was a member of the Baptist Church and was one of his community's best citizens. He is survived by his widow, Mrs. Jane Maynard, and seven children: Ernest Maynard, Glenham, W. Va.; Mrs. Sadie Justice and Mrs. Dell Justice, both of Clougher, W. Va.; Mrs. Daisy Collins, Endicot, Ill.; Milford, and Dixie Maynard, all of Endicot.

Funeral services were conducted from the home Sunday, the Rev. I. M. Stratton and Cyrus Boyd officiating. Burial was made in the family cemetery under the direction of the Arnold Funeral Home.

Burke Is Appointed Game Warden

E. R. Burke, Prestonsburg, has assumed his duties as conservation officer for Floyd, Johnson and Magoffin counties. He was appointed to the post September 22.

The three counties for the last six months have not had the services of a game warden and specimens of the county in particular have been interested in the appointment of a Floyd countyman to conduct an education and enforcement program.

McDowell FFA Group Elects Officers

McDowell, Ky. (Sp.)—At a meeting of the McDowell high school Future Farmers Thursday evening, the following officers for the coming year were elected: Ira Hall, president; Elmer Lewis, vice-president; Binbald Hall, secretary; Lester Tackett, treasurer; Irv Moore, reporter, and Joe C. Moore, which do. Mr. Moore, which do. The officers, with their advisor, Roy Denny, will attend the Officers' Training meeting, which will be held at Paintsville Saturday, Sept. 29.

FIRE DESTROYS HOME OF LEE DEROSSETT

Home of Lee Derossett and practically all its contents were destroyed by fire here at 7 o'clock Friday evening.

Mr. and Mrs. Derossett were at the nearby home of Mrs. Derossett's mother, Mrs. J. J. Meade, Friday night when the blaze was discovered in the rear part of the building. Destructive fire is believed to have caused by the residents of Prestonsburg's ancient fire truck arrived too late to save the building, but prevented damage to nearby structures.

The residence was a four-room frame structure, containing a garage and a part of the loss sustained.

U.D.C. CHAPTER MEETS

The Greenville Davidson chapter, No. 1904, U.D.C., met with Mrs. E. P. Arnold Monday evening, with Miss Josephine Davidson as leader of the program and Mrs. Joe Hobson, president of the chapter, presiding over the business session.

The subject of the meeting, "The Battle of Lexington," was discussed by Mrs. Harry Sandige. Mrs. John Hensley entertained the group with a very interesting story.

Members present were Mesdames Joe Hobson, Luthern Shivel, John W. Hensley, Guyne Ford, Lida Spradlin, Hays Sandage, A. May, Jr., and Miss Josephine Davidson. Officers were Mesdames S. R. Auer, B. F. Combs, Lida Cottrill, J. D. Thomas, Thomas Herford and Miss Minerva Fields.

FALL INTO SAW KILLS FRASURE

MERCHANT, VICTIM OF SAWMILL TRAGEDY

After falling onto the carriage of a sawmill he was operating near his home on Frasure's Creek Oliver Frasure, 48, of Dony, was killed instantly last Friday before noon when his lower chest was completely severed by a circle saw.

A prominent land owner and merchant, the victim was born and reared on Frasure's Creek, the son of the late Ewan and Myrtle Elvira Frasure. He has purchased the mill only a short time before the accident and was helping in the operation of it at the time.

Surviving are his widow, Mrs. Margaret Frasure; five sons, Roy, Wade, Earl, Teddy and Moses Frasure, and one daughter, Miss Lizzie Frasure, all of Dony.

Burke Is Recovering From Auto Injuries

Injured when his pick-up truck collided with a Kentucky West Virginia Power Company truck on the Mayo Trail near Lenoer early Tuesday Morning, L. E. (Buddy) Burke, 49, of Oil Springs, an employe of the Beaver Coal & Mining Company at Drift, is in the Martin General hospital recovering from shock and severe bruises.

Two men received minor injuries Saturday night when the car owned and driven by R. L. Blake, of Van Lear, left the road and crashed into the side of the hill near Road Alley, above Prestonsburg.

Announcing the big NEW FORD 1941 FORD

In some years, some cars take a big jump ahead. The Ford does that for 1941.

It has jumped ahead in size. It's the biggest Ford we've ever built, inside and out. It's wider. It has a longer wheelbase. Its seating room is wider by as much as 7 inches. It has new wide doors and semi-concealed running boards.

You'll notice also a new beauty, achieved by a skilful blending of mass with longer flowing lines. Larger windshield and windows give better vision all around.

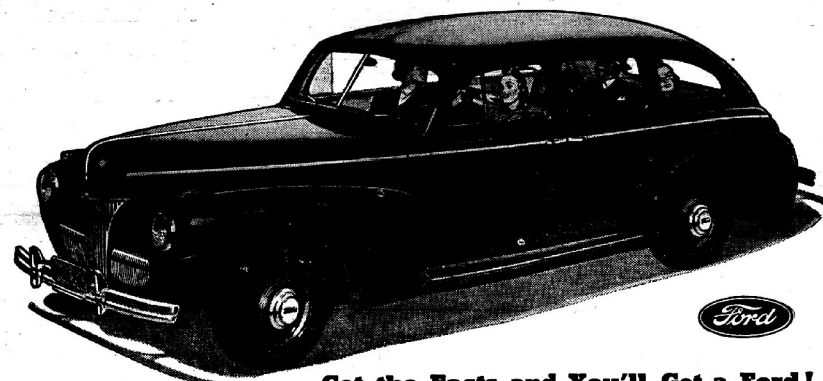

One of its biggest advantages is the new soft ride.

New, slower-action springs give a slow, gentle, gliding movement. A newly designed stabilizer helps absorb road shocks, and maintains balance on sharp curves and in cross winds.

More rapid acceleration to match its familiar speed and power makes this new Ford an even livelier car to drive.

These are only a few of this new car's outstanding features. It represents all the rich experience gained in building more than 28 million motor cars.

Any Ford dealer can give you many good reasons for making this your 1941 car.

Get the Facts and You'll Get a Ford!

4 ALIENS REGISTER HERE UNDER ACT OF CONGRESS

Only four aliens registered at the Prestonsburg postoffice, on till Tuesday morning, in compliance with the Alien Registration Act of 1940. The registration began August 27 and will continue till December 26. Aliens from all parts of Floyd county, except in the Weeksby-Wheelwright section, will be required to register at the local postoffice. For failure to do so, or for making false statements, the offender may be fined \$1,000 and imprisoned six months. Every person who has not become a full-fledged citizen of the United States must register and be fingerprinted.

The Alien Registration Act, a measure taken as a safeguard against subversive elements, was passed so that the United States could determine exactly how many aliens are in the country, who they are and where they are. Law-abiding aliens will find registration and fingerprinting unobjectionable and unharmed to their status as residents of this country.

After registration, the law requires all aliens or parents or guardians of aliens to report change of addresses within five days of the change to the Immigration and Naturalization Service Department of Justice, Washington, D. C.

Aliens in the Weeksby-Wheelwright section of this county may register either here or at the Pikeville postoffice, Mrs. Bess S. May, postmistress here, said.

MAYTOWN

Misses Erma Stewart and Harriet Allen motored to Morehead Sunday, with Miss Virginia Lee Newsome and Ed Stewart, who returned to school.

Madames Henry Byrd, Lee Barker, Mr. and Mrs. Carl Stewart, of Malone, and Mrs. H. G. Steel, of Ashland, were guests of Mr. and Mrs. W. A. Stewart Saturday and Sunday.

Miss Opal May spent the week-end with friends in Huntington, W. Va.

Dr. and Mrs. Pritchard, of Harold, and daughter, Mrs. John Roberts, of Huntington, were dinner guests of Dr. and Mrs. J. H. Allen Thursday.

Mrs. J. H. Allen, Mrs. Elizabeth Baker and Ben Baker were in Prestonsburg on business Saturday.

Mr. and Mrs. H. L. May motored to Ashland Tuesday.

G. A. May, Sr., is seriously ill at this time.

Mr. and Mrs. Thomas Patrick and children attended the re-union of the Patrick family in Salyersville Sunday.

Mr. and Mrs. S. A. Combs, of Prestonsburg, visited friends here Sunday.

Misses Gradis Plannery and Harriet Allen spent Saturday in Pikeville.

SHOWER FOR MRS. NEWSOME

Mrs. C. C. Newsome was the honoree of a canned goods shower in the Methodist church Sunday night, when

the four churches of the Allen Circuit, under the sponsorship of the Maytown Women's Club, presented her with a huge shower which contained several hundred jars and cans of fruits and vegetables. Assisting the Maytown Club were the Lackey-Garrett Club, the Martin Married Women's Bible Class, and the women of the Allen Sunday School. At the same time the men of the church presented Rev. Newsome with a handsome suit of the paragon. Mrs. Frank May, Arb Hayes and Pat Williams were speakers on this occasion. Rev. and Mrs. Newsome responded very graciously.

SENIOR DANCE

The seniors of the high school, with Oliver Batts as class sponsor, held a dance in the gymnasium Saturday night, some four hundred persons attending. Mrs. Sid Begley and Miss Osborne were in charge of ticket sales, while Miss Allen, Reid Bingham and Lester Northrup took them up. Miss Helen Salisbury and Claude Webb were in charge of the drinks counter. Local talent supplied the music, which was greatly enhanced by use of an amplifier. Jones Martin was auctioneer for the pie which preceded the dance. Misses Frieda Cassidy's and Marie Fraley's pies brought the highest prices.

The entertainment was delayed when the school bus bringing the crowd broke down, but this did not prevent a record attendance.

FUN OF THE WEEK

The pun of the week goes to Atty. Claude Candill for this: "The people aren't going to Mofary (make nary) President out of Wilkie."

MORE CONSIDERATE HERE

It's no wonder the mountain women are so devoted to their husbands—the men are more considerate here. I know one couple who have been married thirty-six years and the husband will still leave his rocking chair and climb half-way up the hill, to the new ground, just to hold the mule while she goes off to the bucket of water. Women appreciate little things like that!

"THERE'S POWER IN NUMBERS"

As further proof that Floyd county's Fish and Game Club cut a wide swath, please note the fact, that they brought pressure enough to bear on the Frankfort politicians to get a game warden appointed. And even Lyter Donaldson, the fellow who was "unhatched" by the Hatchery Act, can't delay the appointment any longer!

A NEW VACCINATION

A Perth talkative fellow who had had a couple of drinks was enumerating his various escapades and experiences to a small cump of unwilling listeners one week when Dick Davis arrived on the scene.

Dick listened for several minutes to the monologue which seemed to have no end, until he could no longer stand the monotony of the whole crowd when he interrupted: "Son, somebody must have vaccinated you with one of those Edgins talking-machine needles!"

COAL COMPANY REMINDED

SHIKE'S POKES

(Views expressed in this column are those of the writer and not necessarily those of The Times.)

Seems as though a recent week-end was a bad one for Coal Dumps—they tried to quarantine both "Chub" and "Beef-Head."

The "Green Hornets" must have purchased the Sammy Hughes mule.

Joe H. reports that Guy Taylor is going in the dairy business.

And while we are talking about Joe C. L., reports that Joe learned to drive over on Bull Creek. Now he has purchased a car. I just wonder what Sammy and Jimmy carry a Bible around for.

I also wonder why Ward Reed, Squire Stumbo and Bill Hall were calling Wayne "Andy."

Someone reported that Bas was weeping his button under his coat lapel.

"The Chumk" reports a bad week-end. He says that after quitting Will Hall's boarding house a wheel ran off his car on the way up Left Beaver.

PRESTONBURG DOWN WAYLAND, 6-2

TEAM REACHES FINALS OF SANDY LEAGUE PLAY-OFFS

Prestonsburg's young baseball team put together a combination of timely hitting and tight defensive play behind Leslie's brilliant six-hit pitching here Sunday afternoon to defeat Wayland, 6-2 and thus advance to the finals in the Big Sandy League play-off series.

Clear Creek and Prestonsburg met here Sunday afternoon for the league championship.

Finding Paton's fast ball to their liking, the Prestonsburg boys took a 4-0 lead in the first three innings and at no time thereafter was their lead threatened. Martin came in from left field to relieve Paton with one out in the third and turned in a creditable performance.

But the features of the tilt were Leslie's neat trick on the mound and the support given him by his mates, the infield in particular. Leslie fanned six, walked none, and held Jess Ratliff, Prady and other sluggers of the visiting team to six hits. One of these hits was Martin's line drive over the left field fence. The other run scored by Wayland came in the fourth when W. Ratliff's liner to right skipped through Salisbury and went to a triple. J. Ratliff's lone hit of the day scored him.

Brown opened the Prestonsburg scoring with a scratch hit off Prady's glove. Miller sacrificed, and Brown took third as Marks was throwing out Salisbury. Spradlin lined a three-bagger to deepest right and scored. Brown, Roark's double plated Spradlin.

Branham's double, Maynard's single and a two-bagger by Brown scored two more for Prestonsburg in the third. After Wayland had scored its first run in the fourth, Roark matched this with a towering homer over the right-field fence. Prestonsburg's final run was with the compliments of Wayland's third sucker who permitted Vanhoose's bunt, which was intended to sacrifice Maynard who had walked to second, to dribble through him, all hands being safe. Brown then forced Maynard at third, and Miller did the same for Brown at second. Vanhoose making it on to third. Salisbury then scored Vanhoose with a ringing single to right.

Bingham-Hall Wedding Solemnized, Sept. 20

Miss Oval Geneva Bingham became the bride at 5:30 o'clock September 20, of Mr. Palmer L. Hall. The ceremony was performed by the Rev. W. B. Garriott, pastor of the M. E. Church, South, at the home of the bride's parents, Mr. and Mrs. Clabe Bingham, before an altar of green foliage.

Preceding the ceremony, Mrs. Edith Fitzpatrick, James played "At Dawning," and "Because." Miss Carlos Hale, intimate friend of the bride, sang "I Love You Truly" and "Oh, Promise Me." During the ceremony, Mrs. James played "My Heart at Thy Sweet Voice."

The bride was attractively attired in white net over blue tulle with a tanger-tip veil. She carried an arm bouquet of roses and lilies of the valley held with satin ribbons.

Mrs. Chalmers Frazier, the bride's attendant, was given in pink embossed organza, with a turban of pink gros-grain ribbon. She carried a mixed bouquet.

Mr. Henry Martin was the groom's attendant.

The bride is one of Prestonsburg's most attractive young women, and is very prominent in music circles.

She is a graduate of Prestonsburg high school. She received her Bachelor of Science degree in music from the University of Kentucky. For the past five years she has been a popular member of the Martin high school faculty.

Mr. Hall is the son of Mr. J. E. Hall, of McDowell. He attended Caney Junior College and later received his A. B. degree from Tusculum College, Tennessee. Since that time he has studied law at the University of Kentucky. At present he is supervisor of rural schools of the county.

Following the ceremony a buffet supper was served at the home of the bride's parents to a small group composed of the wedding party and a few close friends.

For traveling the bride wore a soldier blue dress with navy blue accessories. The couple left soon after the ceremony for a short wedding trip. They are now receiving congratulations from their many friends on Riverside Drive.

KEEP THE CHESTNUTS OUT OF THE FIRE

Into a land where all the chestnut trees are considered dead Deputy Sheriff Bill Little last week brought chestnut buds bearing not only green burrs but also chestnut bloom. These came to Prestonsburg from the Tus River section, barely across the Kentucky-West Virginia line. But, says Mr. Little, the chestnut borer is on his way out, has dwelt his little while in the old trees and is done. He tells of many young chestnut sprouts growing quite healthily across the river from Prestonsburg, and predicts that a new crop of chestnuts will dot Floyd county hillsides within a few years if the trees are given proper protection.

Each Week GAY Goes Shopping— Watch Her Collar

If this be autumn, lets make the most of it. Such was our resolve when we started out to Scout the Shops this week. We entered every store with a challenge on our lips. We came, we saw, and we fell victim to dozens of pretties that you must be told about if we're to remain friends. If we were less than ecstatic about these things, we'd be playing traitor to our conscience. So here goes!

We needn't tell you that the backbone of your wardrobe is a good looking dress. You should also know that F. Richmond Company is offering some mighty good values in style, fabrics and price.

Clicks you do want to look your best... and your best means a careful selection of Cosmetics. At Hutzlippler Drug you will find just the very items which have a way of bringing out that elusive thing called Personality.

The Valley Wholesale Furniture Company is co-operating with the Prestonsburg Gas Company to make it convenient for you to pay your gas bills—the gas company office is now located in the Valley Wholesale Furniture store.

Paul Francis and Company is offering a real honest array of bargains this week via a four-page supplement in THE FLOYD COUNTY TIMES. There's something listed for every member of the family.

Carefree, breezy, easy-to-live-with clothes—they are the ones you want for fall. The Margaret Mann Shop has them—a brilliant array—just the right sort of casual good looks that make them so writes both with the weather and the observer.

Glazer's say they are "A little off of the main street, but it pays to walk." After seeing the rock-bottom values they have in men's work shoes, you'll be inclined to agree with them. No one should fail to look in on them this week.

It will soon be time for a nice, cozy fire—and don't wait too long to see Morell Supply Company, about a new heater. If you'll just give them a ring they will be glad to check your old heaters for you—and that's a mighty good idea.

Have you visited the Hughes Drug Store, lately? If you haven't, there's a treat in store for you. Attention has been going on—and what a change! But that is for you to see for yourself. Next week you will receive the surprise of surprises—watch.

Boys and girls can go to school with dry feet now if they visit A. W. Cox Department Store this week. They are featuring a wide range of the very latest in fall outfits at unusually low prices.

The sun will be bright and blue the sky, and all the world will be a grand place in the Big Sandy Valley? The Koch Radio Shop is just that—orders come in from as far away as Central Kentucky, and believe it or not, Ashland, and it is anything but a part of your fall wardrobe from the new styles arriving at Francis Cash Store.

Follow the guide posts to a better table, you'll find them leading you to the Taverna Market where foods are so fresh and clean, so appetizingly displayed and so attractively priced.

Did you know that Prestonsburg is the home of the largest and best equipped radio shop in the Big Sandy Valley? The Koch Radio Shop is just that—orders come in from as far away as Central Kentucky, and believe it or not, Ashland, and it is anything but a part of your fall wardrobe from the new styles arriving at Francis Cash Store.

Leave it to observant youngsters to find the adult way of doing things correctly. If they're precocious, they know that Perry's Grocery is one of the places in town to get good foods without jeopardizing the budget.

Ashland Downs 'Cats

(Continued from page one)

His kick for the extra point was blocked, and the Tomcats led 18-0. Ashland kicked in Prestonsburg and two plays later the Blackcats kicked and Ashland recovered on its own 48. After Manney huffed kicked up two yards through center W. Allen on the 45, Ashland made a 53-yard jump, being stopped on the Prestonsburg 7, as the third quarter ended. On the first play of the fourth period Blanton crashed through center for another touchdown. He received Green's pass for the extra point, making the score 28-0.

After receiving the kick-off following Ashland's fourth touchdown Prestonsburg tried a long pass, which was intercepted by W. Allen on the 45. Ashland made a first down on two plays, then Green got loose on a run around right end and was finally knocked out of bounds on the Prestonsburg 4. On the next play he smashed through center for the final Ashland score, making the score 31-0. The kick for extra point was wide. Prestonsburg's only serious threat for a touchdown was halted when, deep in Ashland territory, a pass from center sailed over the head of the intended ball carrier. Although the

Blackcats recovered the ball, they were unable to regain the ground lost by the Prestonsburg.

Prestonsburg's Fullback, Charley Hunter was one of the outstanding men on the field, both offensively and defensively. In addition to backing up the line he carried the ball in about one-half of Prestonsburg's offensive thrusts.

The Tomcats registered a total of 18 first downs, while Prestonsburg was making 13. Ashland backs were thrown for losses totaling 24 yards and the Blackcats losses amounted to four yards. Ashland completed two passes in four attempts, while Prestonsburg was completing one out of seven.

Saturday the Blackcats will go to Fleming where they will meet their first conference foe.

Haymond Is Receiver

(Continued from page one)

The average cost on this score is about half that figure. Garrett Local Union No. 8002, United Mine Workers of America, Saturday issued the following statement explaining its position in the mine shut-down there:

"Whereas, it has been reported that the miners at Garrett and Wexford are out on a strike, we would like to state the facts in this matter. On August 23, 1940 there was a sign put up at the company store stating that the Elk Horn Coal Corporation had gone into receivership, telling at the same time in a separate notice which followed immediately that all our previous contracts were terminated with receivership.

"We have never had any offer of going back to work on any condition. We also have two pay days behind that we don't know when we will ever get. We want the press and the public to know on what conditions we are out of work."

DISABLED AID IS SOUGHT TUBERCULOSIS CITED IN PARTICULAR BY COURT. A resolution adopted by the Floyd county court at a meeting last week calls upon the state to lend its efforts toward establishing and maintaining a sanitarium or similar institution wherein Floyd countyans suffering from disabling diseases, particularly tuberculosis, may receive proper care and treatment.

At the same time the court directed that copies of its resolution be sent to Congressman A. J. May, State Senator Edward B. Leslie and probably to other legislators.

The condition of a large number of unfortunate in this county who are suffering from such diseases is such, the resolution stated, that it "commands" the attention of Floyd county's citizens.

At a meeting later in the week the court accepted a second proposal of the State Finance Company to engage near amortization of the county's floating indebtedness through a \$50,000 bond issue. This plan would pay the indebtedness now outstanding per cent interest, with the sale of bonds bearing 4-2-3 per cent interest. The finance company, for its services will be paid 8 per cent of the amount of the bond issue.

Mrs. Shirley Hughes and Green R. Allen were recommended as assistant referees, to be employed from month to month, at a monthly salary of \$50, plus \$15 for expenses. Mr. Allen was employed this week.

LAFERTY DIES IN SLATEFALL

P'BURG NATIVE, VICTIM OF HARLAN COUNTY MINE. Crushed in a slatefall in a Harlan, Ky., coal mine, Henry Laferty, 29, former Prestonsburg man, was killed at 4 o'clock Tuesday afternoon.

He had been employed at Harlan for more than a year and at the time of his death was mine foreman.

Mr. Laferty was born and reared here, the son of Mr. and Mrs. Fred (Dum) Laferty. He formerly engaged in the dry cleaning business here and had many friends in Prestonsburg and elsewhere in the county.

Surviving him are his parents, his widow, Mrs. Edna Snapp Laferty, one daughter, Thelma Jean, one brother, Curtis Lee Laferty, and three sisters, Mrs. Reba Leep, Cambridge, O., Misses Irene and Delpha Jean Laferty, both of Prestonsburg.

The body will be returned to Prestonsburg for burial. Funeral arrangements had not been completed at Wednesday noon.

HAROLD

One of the most beautiful parties of the season was on Saturday evening when Mrs. C. L. Prichard, of Harold, assisted by Mrs. Chas. Home was hostess to a surprise party observing the birth anniversary of her daughter, Virginia Prichard Roberts. The splendid living room and dining room of the Prichard home was beautifully decorated with fall flowers.

The gifts were opened and admired, Mrs. Roberts thanked the donors in a most gracious manner. At a late hour delicious refreshments were served to the following guests:

Mrs. Madeline Rebecca Hatcher, Richmond, Va.; Belle Brown, Miami, Fla.; Walton Henchman, Huntington, W. Va.; Gracie H. Roberts, Careno, W. Va.; Henry Wilbur Hatcher, St. Petersburg, Fla.; Columbia Roberts, Joe Sturgill, Hatfield Mae Hall, Nannie Brown, Mr. and Mrs. J. O. Williams and Mrs. E. L. Hall, Betsy Layne; Dr. and Mrs. R. W. W'wright Gridders Show Strength In Losing To Fleming, 12-0

Wheelwright, Ky., Sept. 23 (Sp.)—Wheelwright high school's football team took licking Saturday in the first game in which the school was represented on the gridiron, but in doing so it held Fleming to the lowest score that Kentucky ever team has amassed in the last three years.

A short end run in the first quarter and a pass in the second won for Fleming a 12-0 victory.

After that, Coach Price's boys outplayed their veteran opponents, out-tackling, out-passing and out-kicking them.

Defense play of Morick and Manley, Wheelwright ends, smashed the work of the other 20 men on the field. Cordell, James Bowe and Martin flashed a good brand of offensive ball for Wheelwright, while Allen and Venters were outstanding for Fleming.

Wheelwright plays St. Charles, Va., here Saturday afternoon.

Flanky Backfield Will Feature U.K. Team

Lexington, Ky., Sept. 25.—The flanky backs are expected to contribute plenty of dazzling runs and game-winning touchdowns when the University of Kentucky Wildcats get underway in the coming football season that is almost at hand.

The Wildcats of Coach Al Kirwan used a sparkling, wide-open offensive to win six, tie one and lose only two games last fall, and most of the backfield men who gained fame in 1939 are back in the fold this year.

Only two of the 1939 backs were lost by graduation. These were Capt. Joe Shephard, quarterback, and Wilco Cawson, reserve fullback, but there are enough promising sophomores coming up from the undefeated freshman team of last year to fill these gaps.

Junior Jones, a second team quarterback last season, is expected to replace Shephard at the signal calling post. As a sophomore last year, this former Louisville Manual captain starred in Kentucky's victory over Vanderbilt and Georgia, especially in his ability to convert passes into touchdowns.

When Kentucky meets Alabama here November 2, the Tide will concentrate its efforts on Noah Mullins, speedy junior right halfback. At Birmingham last year it was Mullins, playing fullback, who ran the Crimson's ragged scoring the touchdowns that led "Bama."

In Ernal Allen, passing, punting and dodging wizard, Kentucky will present one of the South's most dangerous threats at left halfback where he will alternate with husky Dave Zeller. Although the senior bone crusher, Charlie Schmidt, will have first call on the fullback job, he will be pushed by a sophomore sensation, Tom Herbert, 190-pound sophomore.

Clear Creek Loses To Drift, 1-0, Sunday

Drift, Ky., (Special)—One of the best games unfolded this season on Beaver Creek the Turner Michora baseball team of the Beaver Valley League continued to "jinx" the Big Sandy League teams by noosing out a strong Clear Creek team, 1-0, in a red-hot pitcher's battle between Price of Drift, and Newman of Clear Creek, Sunday afternoon, Sept. 15.

Drift's batteries with Russell Price leading them up and Buck Stumbo receiving, were really in top form—the Clear Creekers being set down successively and with only six hits. George Newman, pitching and Squire Stumbo catching, almost matched the Drift battery, with the exception of the second inning, when the only run of the game was scored. Rudolph led off with a single and Lacy Blackburn added a rousing triple into deep right-center—and that was all as far as scoring was concerned.

The Drift batters could garner only three hits off the delivery of Big George—the Clear Creekers garnered two doubles, one by Newman and the other by Childers, but both doubles came after two were out and the next hitters were easy.

Price struck out nine men while Newman struck out six.

PERRY COUNTY IN BANKRUPTCY

TAXES CAN'T PAY ITS OBLIGATIONS, IS CLAIM

Lexington, Ky., Sept. 13.—Perry county Friday became Kentucky's and Federal Court Clerk A. E. House said probably the nation's—first county to file a petition in bankruptcy.

The petition, filed in United States District Court here, said the county owed a total of \$543,559 in bonds, warrants and interest, and that it was unable to levy or collect sufficient taxes to meet its obligations.

Signed by Perry County Judge Billie Baker, the petition was filed under an amendment to the Federal Bankruptcy Act effective June 28 which allows counties to file in bankruptcy the same as individuals and corporations.

The petition stated \$111,123 in county obligations had been defaulted since 1933, "because of the decrease in property valuations and because of the inability in some cases of the taxpayers . . . to pay said taxes as a result of the financial condition created by the national depression."

It added that "it is impossible under the Constitution and laws of . . . Kentucky for the county to levy sufficient taxes to make up such delinquencies in principal and interest and to pay the principal and interest maturing in the future."

The petition suggested a plan of re-financing involving \$434,000 in road and bridge bonds and \$25,123 in interest accrued to June 30, 1940.

The county, it said, entered into a contract last January 13 with the Kentucky Counties Bonding Committee and the Bankers Bond Company of Louisville for re-financing the bonds and holders of \$306,000 of the bonds had accepted the re-financing plan.

The plan calls for issuance of \$434,000 in 4 per cent "road and bridge bonds" to replace 5 per cent bonds, the creation of a sinking fund, and the imposition of the largest levy allowed by law, 20 cents, for bond retirement.

It also fixes a schedule of payments running to January 1, 1970.

The petition said the assessed value of property in Perry county dropped from \$20,400,259 in 1926-27 to \$14,561,918 in 1939-40.

The county debt total of \$543,559 was itemized as follows: Matured road and bridge bonds, \$76,000; unmatured road and bridge bonds, \$254,000; interest accrued to June 30, 1940, \$35,123; jail funding bonds, \$25,500, and outstanding warrants, \$48,934.

Hatfield-McCoy Feud Ended, Young Tennis Enlists in Army

'I'm a fighter man from a fightin' clan, but from now on I'll do my battlin' in the U. S. Army,' said Tennis Hatfield, Jr., when he enlisted last week at Charleston. This 19-year-old grandson of the late 'Devil Anse' Hatfield, leader of West Virginia's famous feuding clan of the 'way back there in the days of long haired rifles and scowled killings' is now a soldier en route to service in Panama. Young Hatfield stated that he is not interested in the old feud between members of his family and the McCoy's. 'I just want to do my part now that this country needs men to build up its national defense. The army is great and I recommend it to any boy who is looking for a good job at good pay,' he said.

Levied upon as the property of Garfield Music April 27, 1940. Said sale will be made on credit of three months bond with approved security required bearing legal interest from the date of sale and having the force and effect of a regular bond.

Drift Mine Local Endorses FDR

Local Union 5967, Drift, Ky., held an Open Forum meeting Saturday afternoon for all to discuss the presidential election and the theme song seemed to be "Happy Days Are Here Again."

It must be remembered that the local Union pioneered the "Third Term for FDR" in this section—our float, made in conjunction with L. U. 7585, Drift, Ky., in the April celebration at Wheelwright, depicted a third term for FDR and we have been working to that end all this year and, after having viewed the fruits of seven and one-half years of FDR, we feel more than justified in making this fight. It must be remembered that in the 1932 International Convention held at Indianapolis, Ind., District 17—now the largest district in the U. M. W. of A.—had only 512 dues paying members while you could count the dues-paying members from Kentucky on the fingers of one hand. At the recent International Convention held at Columbus, Ohio, District 17 had 650 delegates representing 110,000 men while Kentucky had only 512 dues paying members while you have prospered under FDR.

We have the seven-hour day now and good wages—while under the preceding 12 years of Republican rule we worked 12 and 14 hours for as little as \$1.10 a day and loaded coal for 16 a ton and it was "Clean up or bring your keel." We have gotten out from under the Russian Rule during FDR's tenure in office and we don't intend to go back to the dark and bloody days of 1920-1932 when prosperity was just around the corner, two chickens in every pot and two cars in every garage—soup kitchens in operation in every mining camp on the Beaver Creeks. Even if the mines were working, the men couldn't make enough to live. FDR has the courage to step in and start the coal industry toward a healthy recovery and we would be as ungrateful as the sick man that cussed out the doctor just as soon as he was well enough to throw away his crutches—if we didn't support FDR wholeheartedly.

We hear a lot about "Dictatorship" but all of us miners know it is a lot of poppycock, for we all know that in a dictatorship if one word is spoken against by the dictator he is shot at sunrise—and we would like to see a lot of these fellows that are yelling Dictatorship have to spend a while in Germany or Italy—and, as Lee Hinkle puts it, what coal miner wouldn't prefer a FDR dictatorship to Hoover's? We are of the opinion that the only fellows who are yelling about the third term, are fellows hunting for an excuse to support "Willkie."

All laboring men everywhere realize that the Wagner Act is our "Magna Carta." It is the law of the land, upheld by the Supreme Court, yet on the very day that Mr. Willkie was nominated in Philadelphia his company was violating the Wagner act—he says publicly that he is in favor of the "Free Unions." Then why do his companies violate the Wagner Act?

If he isn't a "Wall Street Stogie" then why is he in favor of drafting men but against drafting dollars? He just belongs to the crowd that believes in putting dollars ahead of human welfare.

We have been reliably informed that the Kentucky and West Virginia Power Companies sponsored the Willkie loud speaker truck in this neighborhood and we believe that every Local Union should condemn this. After all, we are paying for the opinion that the Mr. Willkie, according to the press, has endorsed everything that FDR is for, except a third term, so why make a change and support an inexperienced man to run? If we are all aware that he has been fighting labor legislation in the House, Senate—certainly not New Dealers. They are trying to be labor's November friends and January enemies. We all know that the U. S. Chamber of Commerce tried to break down the Wagner Law at the recent session of Congress and a few weeks later this same bunch was conferring with W. W. It was smeared all

over the front pages about Ford and Girdler, the Hitlers of the U. S., conspiring with the press and the Willkie camp, and we don't believe in Lindbergh's appeasement policy—yes, who is he supporting? The same bunch that fought labor and Roosevelt in 1920 and 1936 are at it again and are using every conceivable method to confuse labor into not voting for FDR—but we are wise to the "Crowd." Hitler would like to see FDR defeated, just the same as Willkie would.

It seems that all the weavers of the Willkie front press are in the Willkie camp, and we don't believe in Lindbergh's appeasement policy—yes, who is he supporting? The same bunch that fought labor and Roosevelt in 1920 and 1936 are at it again and are using every conceivable method to confuse labor into not voting for FDR—but we are wise to the "Crowd." Hitler would like to see FDR defeated, just the same as Willkie would.

We feel that we will have to destroy Hitler in a few years and we all know that we would trust FDR as commander-in-chief above anyone else. He has proved his courage already and the Dictators really hate him—but labor loves him for the enemies he has made. We are wholeheartedly in favor of FDR's defense moves and will back him to the limit. We are in favor of the draft bill, for anyone not willing to fight for our way of life in the U. S. A. should be deported.

We miners know that it is not the Republican rank and file that is responsible for its labor-hating but its reactionary leadership. You have to be a reactionary or an Old Guard before you can get the nomination. A lot of the reactionary Democrats do not like Roosevelt for his humanitarian policies and they are fast joining the Old Guard, which we feel is the place for them. Labor holds the balance of power by its voting—which can be demonstrated in the Senate of West Virginia. Labor made Rober Holt Senator and when he double-crossed us, labor put him among the unemployed.

Mr. Willkie claims he is in favor of party payments to the farmers, yet the Republican minority in Congress voted, 106-38, against these payments just a few short months ago. Labor can put no confidence in their promises, for we are of the opinion that they only make labor promises to get votes. Ford and Girdler would see that they were never enacted into law.

Just why should be Railroad Brotherhood support FDR? Didn't they support Hoover until before 33, and FDR had it restored? In '29 to '32, there were hundreds of men "chopped" by the Hoover Prosperity and most of these men are working regular now. Just a short time ago, the railroads attempted to cut wages 10 per cent again but a commission appointed by President FDR advised against it and the cut wasn't made.

Labor has a champion in the White House and if we are partisan enough to let him down, we are "d—little." We are of the opinion that the electric, Hearst, Hoover, Hill and Hard Times or Roosevelt, Relief and Recovery, and if the power companies bought a loud speaker truck for every precinct in this neighborhood, we are still 95 per cent for FDR.

We hear a lot of people condemning the Democratic machines of Kelly in Illinois and Hague in New Jersey—but we feel these "machines" are no more crooked than the "electric men." We know that most of the press is controlled by reactionaries—that is why most of the press supports W. W.—but the same thing happened in 1936, yet they only carried two states—and these columnists are just mouthpieces for "Labor Baiters." We are referring to Frank Kent and "Popgun" Lawrence.

FRED HICKMAN, Pres. L. U. 5967 LEE SPENCER, P. S., L. U. 5967 LEE PARKER, P. S., L. U. 5967 M. McLOTHEN, P. S., L. U. 5967 S. E. JACKKETT, JOHN C. HUFFE, Mine Committee LEE HINKLE (Pol. Adv.)

TIDBITS OF KENTUCKY FOLKLORE

BURNING DOWN THE HOUSE I WAS BRING UP IN

During the summer vacation of 1839 I camped in both the Great Smoky Mountains and the Mammoth Cave National Park. Both areas, as you know, were inhabited in most places for many years before the land was bought up by the government for parks. It was my lot to camp on the exact sites of houses more than once and even to build my fires with parts of the structures that had fairly recently been home to people now scattered. No one enjoys the prospect of great parks more than I, but there was a strange touch of sadness when I thought of the passing of an older order, "yielding place to new," by which cultivated lands return to wild nature. Out in the young woods I came upon signs of an earlier settlement and felt like Goldsmith in his deserted village. In many ways the past is forever melting thus into the present, leaving relics of itself if you and I can interpret their significance.

Where my neighbor used to cultivate a garden, the earth was black and fertile. As he plowed, he sometimes turned up bits of Indian pottery and an occasional bone. The Mound Builders had once occupied the same place and had made it the burial place for their dead. What a sad change for them in my neighbors' growing beans and potatoes from the soil made fertile by their decaying bodies!

As I have said in another of these articles, every standard mansion I have known occupied land that had been wholly or partially occupied by less pretentious buildings. The log cabin that became home for the pioneers gradually lost its sacredness as the center of the family when the big house on the hill away from the life-giving spring was occupied. Reduced to a tenant's home or stable or hay barn, it often lasted on indefinitely, though man forgot.

But mere things, as tangible as a mound or a house, do not illustrate all of this principle. Customs, habits—more, as the sociologists call them—grow up and become solid and respectable; it would seem almost wicked to question their immortality. An invading army, a change in economic life, a mighty pestilence, or blighting standardization gradually or suddenly overcomes them, except for a few isolated ones. Those who have accepted the new, wonder at the persistence of the old-fashioned people in clinging to their ways, sure that only the new is right. Sometimes the dominant idea lasts so long that the old is literally wiped off the face of the earth. The

LACKEY

Two Floyd Counties Are in Break From New Pike Jail

Less than 12 hours after 30 prisoners had been moved into Pike county's brand new jail, two of them Floyd County inmates, saved their way to freedom Tuesday night. Two were captured later.

Dewey Oshon, 24, under indictment for auto theft, and Curt Hall, 22, indicted by the Pike county grand jury in connection with the theft of a bicycle, were still at liberty this week. Both are from Floyd county. Edmund Mounts, 25, Volcan, W. Va., awaiting trial on a charge of horse stealing, and Ed Thomas, 22, Pikeville, under sentence of two years for grand larceny, were captured by a deputy sheriff and they offered no resistance.

The fugitives made their way out of the jail by sawing the iron bars at the rear of the building. Jailer Floyd Bevins was told by inmates that it took the men less than 10 minutes to cut through the bars. They used three hacks saw blades which, the jailer said, were given to them by several small boys and which were recycled through the windows.

Betsy Layne Youth Enlists In Army

Fort Knox, Ky., Sept. 16 (Sp.)—Private Phineas A. Harmon, Betsy Layne, Floyd county, who enlisted in the regular army this summer and who was assigned to the machine gun company of the First armored regiment (light), has now completed his recruit training and has been assigned to duty with his company. The First armored regiment (light), formerly the First cavalry, is one of the component parts of the army's newest fighting force, the First armored corps. Private Harmon is said to be one of the best in driving armored cars, shooting machine guns and other weapons, and learning motor repair. Due to the rapid expansion of the army, Private Harmon will soon be given a special rating with extra pay, if he performs his present duties in a satisfactory manner.

NO MONOPOLY
JUST because the United States is in the beginning of a presidential election campaign there is no use for the people of the nation to fall out with each other because they support different candidates.

In a democracy the individuals are not all expected to think alike. Each has the right to his own opinion and to express it, too.

In advancing the arguments for specific candidates let us recall, always, that there is no monopoly upon patriotism and brains in this country and resolve that no party, or faction, will have a monopoly upon good manners and fair play in all things political.

Some of us may be perfectly sure we are right and the other fellow dead wrong on the issues of the campaign; but nevertheless we can all be good-natured and certainly good-mannered. —Cynthiana Log Cabin.

Reports from Scott county are that recent rainfalls of the tobacco crop to grow, despite being retarded by drought.

Few persons are aware of the fact that it ordinarily takes about a year to build a standard type torpedo. Naval experts are interested in developing a new type torpedo which can be built quicker and at less expense.
