FLOYD WOMAN, 3 CHILDREN DROWN

HUSBAND, DRIVER ESCAPE WRECK AS 4 DIE

Four graves in the Stratton cemetery, Mare Creek, this county, Monday received the bodies of a 27-year-old mother and her three children—victims of a tragedy of the highways.

The four, Mrs. Floesie Mae Taylor, her son, Gene Tunney, 12, and her two daughters, Betty Doris, 9, and Phyllis Ann, 3, met death by drowning early Friday night when the auto in which they were passengers plunged over an embankment into the Guyan river, near Gilbert, W. Va.

The tragedy followed a visit of the Taylor family with Mrs. Taylor's mother, Mrs. Laura West Stratton, Mare Creek, who was ill.

Forced from the highway, it is said, by another car, the Taylor auto rolled over several times down a 25-foot embankment into a pool of water 12 feet deep. Elmon Taylor, husband and father of the victims, and Earl Cover, driver of the auto, contrived to kick out a window and effect their escape.

The Taylor family had resided at Betsy Layne until September, this year, when they moved to Ripesholm, Logan county, W. Va. Mrs. Taylor was born and reared on Mare Creek, the daughter of James and Laura West Stratton, both of whom survive. Her husband was employed in the mines of the Buffalo Eagle Coal Company, Ripesholm, W. Va.

Mrs. Taylor was a member of the Preswells Baptist Church and held the esteem of all who knew her. Surviving are her husband's three sons and three daughters and two sisters: Paul Stratton, Betsy Layne; Mrs. Fannie Stratton, Miss Stella Stratton, and Eugene Stratton, all of West Virginia; and Betty Stratton, of Wonder.

Funeral rites for the mother and children were held at the Stratton home, Monday, assisted by the Rev. Lem Hunt, from the Stratton home on Mare Creek, and burial was in separate graves in the family cemetery.

Knott County, Victim Of Paralytic Stroke

Funeral services for Sam Terry, 65, of Monite, prominent Knott county farmer who died at his home last Friday after suffering a paralytic stroke, were conducted from the Knott county courthouse at Hindman Sunday.

He was buried in the Knott cemetery, with the Ryan Funeral Home directing.

This Town That World

WEATHER REPORT
For Prestonsburg, fair; precipitation, nil. Third street waterholes dusty.

Muscolini shouldn't worry about the shortage of fats in Italy. Greece is not his way.

NOT 'OUR' LILY

I GIVE MYSELF AN ASSIGNMENT
When, and if, I do go to Louisville on some pretext or another, I propose to play the role of benefactor to Eastern Kentucky. For when I come home I shall possess enough ammunition to do some thing in the direction of the Falls City retaliation for all that sneer of adjectives and other parts of speech they have aimed, all these years, at us of what they call the Mountains.

Funeral Rites Held For Garrett Woman

Funeral rites for Mrs. Molly Goodman, 74, Garrett, who succumbed to a heart ailment at the Stumbo Memorial hospital, Lackey, Wednesday of last week, were conducted from the Methodist Church at Garrett Saturday afternoon, with the Revs. Green Allen, Johnson, Meade and Sam Hammond officiating.

The victim was the widow of the late Bert Goodman, who died six years ago.

Survivors here are three daughters, Mrs. Ida Wills and Mrs. Pearl Stone, both of Garrett, and Mrs. Pearl Stone, Carey, Ky.; three sons, Charles, Earl and Jim Goodman, all of Garrett; two sisters, Mrs. Laura Colby, Martin, and Mrs. Lydia Jacobs, of Lee City, Ky., and one brother, Elza Coker, Dana; Lee Akers and Douglas Burke, Thursday and Friday of last week 16 volunteers from board 45 were given physical examinations.

DISTRICT MEET HELD BY VETS

FLOYD POST IS HOST TO MEMBERS OF LEGION

American Legion officers from throughout the state attended the summer conference which was held with the Floyd Post in the high school building here last Saturday afternoon, when the local post presented the Legion flag to the Prestonsburg high school.

Marvin Marshall, commander of Floyd Post, presided, and among the officers who appeared on the program were: "Toad" Owens, Jenkins, tenth district commander; T. H. Hayden, Lexington, service officer; Cy Cooper, Paintsville, past commander; Mike Sullivan, Frankfort, past state commander; J. W. Hammond, Paintsville, past state commander, and Miss George Gammie, Jenkins, of the Ladies' Auxiliary.

Presentation of the flag was made by Rev. J. S. Hale, of Jenkins, and it was received by members of Mrs. S. A. Combs' high school class. Music for the occasion was furnished by the high school Glee Club, Mrs. Chalmers Frazier and Mrs. Combs.

REA APPROVES POWER LINES

150 MILES IN FLOYD AND JOHNSON APPROVED

Approval of construction of 150 miles of rural electric lines in Floyd and Johnson counties under authority of the Rural Electrification Administration has been made, it was announced this week by Lawrence Hubbard, REA co-ordinator here.

Work on the line will be begun immediately by the Walker Construction Company. Right-of-way was being cleared this week.

An additional 125 miles of line is being planned as an extension of the present construction program, it was said. New territory will include Floyd, Martin, Lawrence, Knott and possibly some Magoffin and Morgan county communities.

An REA grant of \$10,000 was recently made to the Big Sandy Rural Electric Co-operative which serves this and other counties of the area, this grant to be made available as loan to farmer-members of the Co-operative with which to purchase electric accessories.

The Merial Supply Company here recently was awarded a second REA contract, this latest contract covering outside wiring. A previous contract awarded Merial's was for electric wiring of home interiors.

HALL ACCEPTS APPOINTMENT

AS LEGAL ADVISOR TO CONSCRIPTS OF BOARD NO. 45

Appointed as legal advisor to selective conscripts of local board No. 45 by Gov. Keen Johnson last week, County Superintendent of Schools Town Hall was sworn in by the board Tuesday, after the county board of education had approved his acceptance of the appointment. Mr. Hall will serve without pay and his services will not interfere with his work as county superintendent, it was said. No similar appointment for board No. 44 has yet been made.

One-year voluntary enlistments under the service act by registrants continue, and last week 11 more Floyd conscripts applied for immediate release. They were Estill Colton, James Atkinson Price, Dugan Atkins and L. C. Stewarts, all of Clay; Ernie Hall, Byrd; Adam Bailey, Northern; Maurice Patton, Prestonsburg; Carson Harkness, Dana; Lee Akers and Douglas Burke, Thursday and Friday of last week 16 volunteers from board 45 were given physical examinations. The board members urge that all questions in the questionnaires be fully answered, as they classify the registrants for military information. The series of questions on dependency are the ones most frequently incomplete, members of the board said, and nominations for exemption have been returned because of the lack of that information.

For those who desire to volunteer for the three-year period an army recruiting officer will be at Pikeville Monday and Tuesday to accept enlistments.

DEARS SERVE DEER AS DINERS CHEER

Seventy-six members and guests of the Floyd County Fish and Game Club assembled at the cafeteria of the Prestonsburg graded school for a venison dinner Tuesday night. After a short address of welcome by Mayor E. P. Arnold, the guests "fill in" and the dinner was served from the reports from eye-witnesses, the deer disappeared almost as fast as if it had materialized on the hoof. The venison for the occasion was donated by Arnold Cassidy, of Maytown, and was killed by Mr. Cassidy and his son on a recent hunting trip in Pennsylvania.

Ladies of the Prestonsburg Parent-Teachers' Association prepared and served the meal.

After the banquet a round table discussion of the past and future policies of the Fish and Game Club was held, with comments by Charles Morse, Hazard, president of the Club, S. I. Isbell, county agent, Chas. L. Hutship, president of the Prestonsburg Kiwanis Club, E. R. Burke, district game warden, and other guests participating.

SPAGHETTI SUPPER

Misses Marie Spradlin and Sylvia Poley entertained with a spaghetti supper and rock party Saturday night. Guests were Misses Catherine Leake and Alma Collins, Mrs. Fannie Collins, Messrs. Virgil Preston, Scott Conley and Mitchell Adams, all of Van Lear. Prizes for high score were awarded Miss Alma Collins and Mr. Conley.

VISITS RELATIVES

Mrs. Mary E. Martin, of Huntington, is visiting relatives here this week.

DANA WOMAN DIES AT AGE OF 38

NEW BUILDING IS PLANNED

WAYLAND HIGH SCHOOL TO GET \$45,000 STRUCTURE

County Superintendent of Schools Town Hall was directed by the County Board of Education Saturday to engage the services of the Dean Engineering Company, Huntington, W. Va., in the preparation of plans and specifications for the construction of a 12-room high school building at Wayland.

The structure will be built under next year's budget, and will cost around \$45,000, Superintendent Hall said.

ACA LINE AVAILABLE

TO FLOYD FARMERS WITHOUT ADVANCE PAYMENT

Floyd county farmers may now order lime through the Floyd County Agricultural Conservation Association, without making any advance payment, James Stephens, chairman of the county association, said this week.

The lime is being supplied as a grant of material in Floyd county this year by the Agricultural Adjustment Administration. The material is for use in the 1941 Agricultural Conservation Program in the county, and the cost will be deducted from the farmers' soil-building allowances under the program.

The deduction rate for the lime in Floyd county is \$2.40 per ton. Mr. Stephens said, and each farmer may order enough lime to take up as much as 90 per cent of his soil-building allowance.

Mr. Stephens emphasized that orders for liming materials should be placed as early as possible since the 1941 program year closes on June 30, 1941.

Of the total 1,784 farms in the county, 754 used 5,683 tons of lime in the program last year. Mr. Stephens pointed out, but lime is needed on all of the farms in Floyd county, and through co-operation in the Agricultural Conservation Program all farmers will be able to obtain this much-needed material this year.

Two thousand tons of lime, valued at \$24,000, are available to 650 farmers. The County Agent's office has applications for four additional.

WHEN NEIGHBORS DON'T SPEAK, NEIGHBORS 'SMELL A RAT'

When Mr. and Mrs. Nero Watkins, returning to their home near Goodfellow on Monday night, met some of their neighbors and the neighbors didn't answer their friendly greetings, they thought it was "kind of funny."

When they got home, found the household looted and remembered that their neighbors were carrying on a "howdy," they thought it wasn't so funny.

Blackcat Netters Win First Two Games, Bow To Inez

After defeating Royaltown, 44-25, Tuesday night and Dorton, 21-26, Saturday night the Prestonsburg high school basketball team fell before the Inez Indians, 33-15, Tuesday night in a conference game in Inez as the Blackcat 1940-41 net season got under way.

Battling the strong Inez team to a standstill during the greater part of the game, the Blackcats succumbed to the power of the perennial Eastern Kentucky champions only after four first string players fouled out early in the fourth quarter. The score was knotted, 7-7, at the end of the opening period and at the half the Indians had a 12-8 lead. During the third quarter Prestonsburg outscored Inez, 7-8, and narrowed the Indian margin to 18-15. In the final period regulars for Heinz, Salisbury, Hunter and Stone, all of whom fouled out.

The Floyd countians were for a time held without bond. They are charged with manslaughter, according to their attorney, J. C. Burnett, Hindman.

WEST P'BURG ENJOYING BOOM

EARLY COMPLETION OF MIDDLE CREEK ROAD IS SOUGHT

West Prestonsburg this week took on the aspects of a boom town.

The Middle Creek railroad was on its way.

Haley, Chisholm & Morris, awarded contract on construction of the 19 miles of railway, had seven carloads of equipment on West Prestonsburg sidetracks.

A Chesapeake & Ohio Railway Company extra-force crew is building a spur track for camp cars. Rail facilities there for a time Tuesday morning, were congested. Men were actually working—and others, looking on, were waiting to work.

The railroad, contractors said, was ready to be started when C. & O. gave the word, "Go."

In fact, the contracting firm Wednesday morning was reported at beginning construction. Work began from the corporate limits of West Prestonsburg toward railroad on the Left Fork of Middle Creek.

From the junction with the railway company's main line to the "outside" city limits, C. & O. was being reported as building the rail line. From that point the contractors are expected to do the work.

At the same time county officials here, in a discussion of plans for construction of a highway to the proposed mining center, were told by officials of the Princess Elkton Coal Company that they expect to begin work immediately, so that coal-loading may be begun as early as the rail line is completed. The Works Progress Administration has been asked to begin highway construction at once and survey of the route was begun this week.

"We have been told to finish the building of the railroad at the earliest possible moment," a representative of the contracting firm said Tuesday. He declined to state the contract price.

Coal company officials said Tuesday that, in addition to installation of a trolley and machinery for operation of the mine, they expect to construct 150 homes at the rail-head.

From the West Prestonsburg terminal the rail route follows the bottom between Main and Duncan streets of the town, up the right side of Middle Creek to the forks, across

Some seriousness and some fun—nevertheless, life as we live it.

(The views expressed here are the opinions of the writer and not necessarily those of THE TIMES.)

This little city all lit up and making ready in a big way for the old boy (Claus) himself—the red, yellow, green and all the colors of the brightest rainbow brightening all the shopping district, and the lights extend all the way to the postoffice.

It would take a really keen eye to discover which store has the Christmas—most windows—they are all working together and there is no competition, only a desire to make Prestonsburg a city beautiful this holiday season but it would be impossible to pass on without giving special mention to Bob Francis for the Francis Cash Store windows and Billy Morell for the Valley Wholesale Furniture Company.

Joe Hill joining the absent minded professor club . . . Joe recently made a trip to Charleston and, a day or so after his return, so the story goes, a lady phoned his home and asked for him to call 253. Joe made the call, asking, more to himself than others present, "Now, just who can that be?" No one answered the phone and Joe, anxious of course, rang the operator.

The conversation: "Operator, who is listed at 253?" "Joe Hill," very sweetly replied the operator. And Joe had remained in Charleston only one day.

The City Council having a bad time getting a quorum—certain members just can't find time to attend. It might be asking too much to suggest a few resignations . . . Gwendolyn Sturgill just can't make up her mind—too many rubbin' her . . .

Floyd County Farmers To Attend Annual Farm, Home Meet

A number of farmers and farm women in Floyd county are planning to attend the annual Farm and Home Convention at Lexington the last week in January. County Agent S. L. Isbell announces. More than usual interest is said to prevail in this year's state meeting of farm men and women.

There will be meetings for stock raisers, poultry keepers, beekeepers, rural pastors, fruit growers and for men interested in special problems of soil conservation, agricultural adjustment marketing, crops, and the like.

Attendance at this convention has been increasing every year, and special accommodations are being arranged for the large numbers expected this year.

Women will have meetings of their own throughout the four days. It is expected that more than 2,000 women will attend the convention.

Farmers thinking about attending the convention should see County Agent Isbell for further details.

LETTERS TO THE EDITOR

WE STAND CORRECTED

Editor, Floyd County Times: An article from The Floyd County Times appearing in the Palmettoville Herald, under the caption, "Title to Big Sandy Property Threatened," bears two historical discrepancies to which I would like to call your attention.

First: It is stated that the hearing concerning the Wolcott survey was held by Circuit Judge A. J. Austin in 1907; but by the late Judge D. W. Gardner, Circuit Judge at that time. Second: Here I quote from the article: "And across the old bridge line of Prestonsburg with the 'railroad' side of the river they marched, bearing the huge banner which proclaimed their sentiments to the world: 'Down with the Wolcott claims.'" The old bridge here mentioned was begun in the late spring of 1907, and was not completed until after the Wolcott hearing was held.

Very truly yours, ROBERT MURPHY, COC Co. 155, Camp F-9, Stanton, Ky.

TIDBITS OF KENTUCKY FOLKLORE

"A HOUSE BY THE SIDE OF THE ROAD"

Sam Walker Foss, who wrote the poem, "The House by the Side of the Road," must have come into our community or county on an observation tour before the poem took form. I certainly know of enough things that he could have seen to justify his well-known poem and its philosophy.

Across the creek on one of the highest and poorest hills lived old Uncle Bill Cabell, in a little unpainted shack that looked strangely like several dozen others of our neighborhood. There was nothing very distinctive about Uncle Bill except his habit of keeping the coffee pot on the coals all through the winter and inviting everybody who passed by on the little county road to come in and have a cup. Now, isn't that a fine thing for anybody, to, especially one so poor as Uncle Bill and so far away from the center of life?

Some twelve miles west of Fidelity lived my great-grandfather, who he longed, wittingly or unwittingly, in Foss's poem. When he built his house, he dug a well right by the side of the road. This well was typical of fashioned one, with a well-house, an old oak bucket, and all. By the very side of the road he had a long horse-tough dug out of a log with an adze. Here the wayfarers stopped to refresh themselves and their horses, sure of a welcome for the well neighbor, who was free to everybody. When I used to visit at this old place, long after my great-grandfather had passed away, there was a constant stream of people coming by and stopping at the well by the side of the road.

Fidelity had and has another institution that is as remarkable as the union church, now long gone but its bell preserved and mounted on the new high school building. This other institution was a public cistern. The water from a large store building was collected in it. I grew up to think the cistern a large one, and it must have been, for I never knew it to run dry, though many families used from it, and we usually had to depend on it to water the thirty children in the schoolhouse, some half mile away. It was to this cistern we went when Miss Bunice let us go for a bucket of water. The cistern is now gone, but a public well has taken its place, right out in the rockiest part of the village. And that reminds me not only this very year I drove through a small county-seat town where the old town pump is still running at the same old stand. There used to be many of these, picturesque things that have had to go in the limestone regions because of the danger of pollution.

More and more I hate to see passing community enterprises that held people together long before we even knew the word "civic." It is a pity that we could not fence in some typical community and keep it untouched as an object lesson, in some of the virtues that standardization may cripple or kill. If I were asked to plan a museum of this sort, I would fence in old Fidelity, except I fear I have waited too long for modernization long ago reached out and put its stamp upon my real-dream village.

TRAVEL BULLETIN TODAY'S ROADS

Prepared by Eastern Kentucky Automobile Club

LICENSE PLATES IN GAY COLORS FOR 1941

Motor vehicles take the road in 1941 with license plates in gay colors. The color calendar will be late in starting, for all except a few states have deferred motor vehicle registration dates, and the 1940 plates will be good throughout the winter. It is expected the state treasuries will profit by increased gasoline tax collections.

Helpful color scouts of the American Automobile Association traditionally report the new hues and report that for 1941 yellow-and-black and black-and-white combinations are the more popular. Here's how the colors will show for the states:
Alabama, black on yellow; Arizona, black on copper; Arkansas, green on aluminum; California, red on black; Colorado, yellow on black; Connecticut, black on aluminum; Delaware, gold on blue; District of Columbia, yellow on black; Florida, red on white; Georgia, yellow on blue; Idaho, black on yellow; Illinois, yellow on black; Indiana, white on blue; Iowa, black on grey; and Kansas, gold on red.

Kentucky, black on aluminum; Louisiana, black on grey; Maryland, black on aluminum; Massachusetts, white on green; Michigan, white on maroon; Minnesota, black on aluminum; Mississippi, white on black; Missouri, white on black; Montana, blue on white; Nebraska, blue on orange; Nevada, blue on silver; New Hampshire, green on white; New Jersey, white on black.

New Mexico, red on yellow; New York, black on orange; North Carolina, gold on black; North Dakota, black on orange; Ohio, white on maroon; Oklahoma, white on black; Oregon, white on green; Pennsylvania, yellow on blue; Rhode Island, black on white; South Carolina, black on

yellow; South Dakota, yellow on black; Tennessee, white on black; Texas, gold on black; Utah, white on black; Vermont, white on blue; Virginia, white on black; Washington, white on green; West Virginia, black on yellow; Wisconsin, black on yellow; Wyoming, red on white.

It seems as though these state employees who have been taking vacations and charging them to the state will have to fork over. More power to you, Mr. Meredith, and when you get thru with that bunch we want you to check up on the \$6.50 charges in this county.

It seems as though the Italians will have to be good swimmers to get away from the Greeks.

A fellow was asking me the other day why it is that the Democrats always had a big majority in the election of Precinct Committeemen and the County Chairman while the Republicans always organized without an argument. The bigger the crowd, the more the argument—I guess that's why we always argue.

Instead, I shall look for all the bad things, all the little, nasty, squally things. I shall, I WILL turn mine eyes not to the south, the east, the west or the north—I will turn them toward what I think is Louisville's worst.

And I shall take some pictures. And some notes, and the more notes, the more memory-inspiring that I am convinced I cannot forget. And when I come home I shall sit me down and write—write oh, so gleefully, tell, oh, so truthfully, so much more truthfully than those Louisville newspaper folk have told the story of the eastern Kentucky, just how "porly" the folks in that overgrown town are doing.

TEN YEARS AGO, THIS WEEK
Dallas Sherman was killed, Louis Burchett wounded on Home Branch of Buffalo. Warfield's big gas line was the big industrial news of the moment.

The Beaver Valley Golf Club was formed. THE TIMES editorially scolded. Al Capone's seizure of providing soup kitchens for Chicago's unemployed and starving burd. Theodore Hopson, 49, Prestonsburg, killed by rock dropping from roof of mine at Wheelright where he was assistant mine foreman for the Inland Steel Company. Lindsey Case killed, Charles Martin injured by tree they felled on Doty Fork of Left Beaver.

Doesn't time fly?

The best thing that Governor Johnson has done was—sending Dan Talbot snipe-hunting. Just keep him holding the bag, Governor.

I just wonder what "R" had in that bundle and just why he was hanging around the E.V. hospital.

Vincent Shepherd—the big Goose and Gander man of West Prestonsburg—he's a goose over a cooked gander—and his gander would sure be cooked if I told all I know.

If Duce's words sure "back-fired" on him—he said he was attacking Greece in "defense of his Empire." How true are those words today—he is really on the defense.

This place will look like an army camp if all the boys from this section get home for Christmas.

The meanest man we know is the fellow who went out behind the house on Christmas eve—fired off the shotgun and told the kids that Santa Clause had committed suicide.

Trout and his Ground Hog Day—It's not the 2nd or the 28th, either. My grandfather always said that it was the 14th—that date still goes in Bath, Montgomery and Clark counties.

GROWING!
Growing in prestige, popularity and political stature is Commissioner of Agriculture, W. H. "Bill" May—at ready a greater friend to the farmer than any Commissioner in a decade.

ITSO FACTO
Judging from the J. Howard Henderson description of Clifford Smith's power and influence in Kentucky politics, one wonders who is Keen Johnson to be occupying the Governor's mansion!

IF I'M WRONG, SCOLD ME!
Were the rich half so generous and hospitable as the poor, there would be no class consciousness in America!

PESSIMISM
The height of pessimism was exemplified recently by the Johns Creek farmer who refused to buy wire for a line fence "because the waters backed-up by the proposed dam would just cover it up!"

BOOKERS RATED
On the blackboard in Cooley's book

parlor appears this unique ranking of players:

ROOK PLAYERS
Lawrence Prater, Joe Hill, "Briar Buck" Marcia George, Tom Calhoun, Solly Hopson, Bill Cooley, Dewey Campbell, Ozama Porter, Buck Mann, Harry Ranier, "Scrub" Calhoun, Harry May, Hobber Burke, Winston West, "Red" Clevenger, Boyd Holbrook, Carl Corbin (author).

LIST
Tony "Mus" Ranier x, "Whale-Jonah" Hall x, "Teht-Wad Tooter" Cooley x, "Wooden-Head" Fugate x, "Black John" Hobson x, James "Gobble" Goble x, "Black Cloud" Clifton xxx, "Bake" Waugh xxx, Estill "Wimpy" Nealey xxx.

HATCH BILL AGAIN
The Hatch Act is like the Prohibition Amendment. In its attempt to regulate public morals it detests personal liberties and is, consequently, a virtual breeder of law-breakers!

POP & STUFF
There's no telling when the dam will be finished now—Leo has quit... Ky's "forgotten man"—J. Lytle Donaldson Bites-slices West-brook Pegler, Secretary Jekes and J. Howard Henderson... C-J editorial asks: "Why Doesn't Italy Learn Some Sense?" From whom? ... Apparently Mexico takes her politics even more seriously than do Floyd counties—400 deaths south of the border during the recent national election... Last week's editorial is right—Prestonsburg CANT grow unless the big property owners turn loose some of their holdings for building sites... Perhaps higher taxes would cause them to see the "light" and feel their responsibilities!

P.T.A. TO MEET

December meeting of the P.T. A. will be held in the library on Monday, Dec. 16, at 7 p. m., with Miss Harriet Allen, of the program committee, in charge of the program.

WPA HOUSEHOLD AID TO OPEN

A training center for the Household Aid Division of the Women's Department of the WPA will open here Monday, with Miss Josephine Hatfield, R. N., of Pikeville, in charge. Miss Hatfield, who has done both private and public duty as a nurse, expects 21 women to receive training here. She was accompanied here this week by Miss Pauline Myers of the Ashland office. Miss Myers, district supervisor of the household aid projects, assisted in making preliminary

arrangements for the one to begin here.

The church, the P.T. A., and the Women's Club are co-operating in the sponsorship. Everyone is asked to send anything they can spare in the way of old furniture, heaters, stoves, cooking utensils, materials and such to the center, which is housed in the George Ratliff property adjacent to the schoolhouse. If you have such articles to contribute and cannot deliver them, notify those in charge, and someone will call for them. Even wooden boxes may be utilized. This project covers most of Right Beaver and all communities should assist in donations to the center.

CHURCH ITEMS

The public is reminded of the Christmas shower to be held in the Sunday School for Kittle and Cort Webb Sunday, Dec. 22, and each home is urged to send something to aid these blind women.
Rev. C. C. Newsome preached Sunday morning on the subject: "What Will You Do With Jesus?" Shortly before his sermon, he presented Miss Joyce Stewart and Delmon Bailey, Senior League members, with awards for special achievements.
Rehearsals for the Christmas pageant continue under the direction of the League Counselor, Mrs. E. R. May, and pianist, Mrs. C. C. Newsome. The members will go to the hills this Sunday for exercises to be used in decorating. Those in charge desire to thank all who are assisting in the preparations, those helping to make the costumes, the Manual Training department for its co-operation in the construction of stage equipment, etc. Parents should help make it possible for all youngsters to attend this service in order to see the elaborate decorations and lighting effects. A color scheme of white, blue and silver will be used, and the church will be well heated.

Some folks still can't believe their eyes

GOING over Buick dealers' reports on our 1941 models, we find an unusual thing happening. Time and again cars come in for the usual inspections with an extra note of instructions—"Please check the gas gauge needle."

Even after hundreds of miles, people mistrust their eyes when they see its small-like pace from the Full mark toward Empty—they don't see how it's possible for a car as big as Buick to go so far on so little. But it does—and for good reasons. The whole FIREBALL engine was designed and built to get the most good out of modern gasolines.

Auxier High Defeats Meade Memorial, Wheelwright

Auxier, Ky. (Sp.)—Two more victims were added to the Auxier high school Hornets' string of conquests last week, when Coach Chalmers Frazier's basketball team nipped Meade Memorial, 27-26, and then swamped Wheelwright, 34-15. Both games were played on the Auxier floor.

BLACKCATS WIN TWO

(Continued from page one)
were unable to cope with the power of the Indians, who scored 16 points while holding the Cats scoreless.

Cooper, Inez center, captured scoring honors for the evening, collecting 12 points. Salisbury, at center for Prestonsburg, was runner-up, with six.

In their season opener with Royalton on the local floor the Blackcats, paced by Helme, who scored 12 points, won with ease. Clark, also at forward for Prestonsburg, was runner-up, with 11. These two forwards also headed the attack against Dorton, when they netted 11 and 10 points respectively. The game was played at Dorton.

Friday night Coach Joe Taylor Hayden's charges will meet the Martin Purple Flash at Martin and Saturday night they will play the Paintsville Tigers in the local gym in a Big Sandy Conference game.

Hornets eked out a, one-point win over Meade Memorial, one of the strangest teams in this section, led by Bickford and Evans. Auxier held a 16-15 lead at the half and the game was nip-and-tuck all the way. Watson turned in a stellar guarding performance, in holding Meade's usually high-scoring Butcher to a field goal and a free loss throughout the game. Bickford, Evans and Price, Meade center, were tied for scoring honors, each with nine points.

Against the Wheelwright Maroons, just beginning their net schedule, Auxier led, 17-9, at the half and experienced little difficulty in winning. Patton, Auxier forward, led the scorers, with 14 points. Morich, Wheelwright center, was runner-up, with eight.

Line-ups:
Auxier (27) Pos. Meade (26) Patton (14) F. Stapleton (6) Watson (10) F. Chas. Price (8) Evans (9) G. Butcher (3) Hall (5) G. Meek (1) Substitutions: Meade—Wells, Referees—Buchanan
