## Parolee Sought As Hale's Slayer

### SUIT ASSAILS CANDIDATE'S ELIGIBILITY

#### COURT IS ASKED TO STATE RIGHTS OF DR. STUMBO

Floyd county's most divided political topic of the moment—Dr. W. L. Stumbo's eligibility to appear on the ballot at the coming primary election as a candidate for Sheriff—this week found its way into the courts.

The court action, filed Tuesday by Boone Arnett, of Cliff, through his attorneys, Clarke & Francis, asks the Floyd circuit court for a declaration of rights "to the effect that the said W. L. Stumbo is not eligible to the office of Sheriff, that he is not a candidate for Sheriff—this week found its way into the courts.

### Boy Scouts Enroll Here In First-Aid Training Course

Twenty-two Prestonsburg Boy Scouts are enrolled in a 20-hour Red Cross first-aid course conducted by Carl G. Ford, chairman of the first-aid committee of Floyd Chapter, American Red Cross.

Those who achieve passing grades will automatically become second class Scouts. The classes are held on Tuesday, Thursday and Friday nights at the Scout cabin here.

The course is designed to train Boy Scouts for the first-aid duties to which they are called in cases of emergency. Other groups who desire similar training should contact Mr. Ford.

A first-aid course for NFA superiors will be started here soon by Franklin Moore and Frank H. Layne. It was said this week.

### COURT SPLITS ON TREASURER AGREES ON FUNDS FOR HEALTH DEPT., COUNTY AGENT

The Floyd fiscal court's board of four Magistrates split wide open Tuesday on the question of who would be County Treasurer for the next four years.

County Judge Hill's vote being necessary to break the deadlock, but in making the annual appropriations for the County Agent and the Floyd County Health Department there was little dissension.

W. J. May, assistant cashier of The Bank of Prestonsburg, was appointed Treasurer at a monthly salary of \$50 by virtue of the votes of Magistrates Joe Prater and Daniel Akers and County Judge Hill. Magistrate W. A. Willie and Henry Stumbo opposed May's appointment as R. R. Allen, assistant cashier of The First National Bank, sought the post on a bid of \$1 a year.

### MEREDITH ALLEGES 'SHAKEDOWN' OF STATE WORKERS BEING MADE

Attorney General Meredith has announced that he will open April 6, Mrs. Ambrose Mandt To Lead Campaign To Aid Cripples

Floyd county's Easter campaign for memberships in the Kentucky Crippled Children's Society will open April 6, Mrs. Ambrose Mandt, local chairman, announced Tuesday. Mrs. Mandt said the campaign date was set by the Society.

Paul G. Blazer, president of the Ashland Oil & Refining Company, is chairman of the Big Sandy district. Floyd county's quota is 600.

The Floyd county campaign is to be held in conjunction with the state-wide campaign, which is being supported by the Crippled Children's Commission of Kentucky. A state goal of \$5,000 has been set.

### Toler Creek Woman Succumbs Friday At Martin

Mrs. Sally Brown Butts, 51 years old, of Osborn, died Friday at the Beaver Valley hospital, Martin, a victim of gallstones and a kidney tumor.

A native of Pike county, Mrs. Butts had resided on Toler Creek, this county, for years, and was known as one of her community's best women. She was a devout member of the Christian Church. She was twice married—first, to Andrew Shelton, after whose death she was married to W. R. Butts, who died in 1932.

Surviving are eight sons: Frank Shelton, Cleveland, O.; W. M. Butts, Prestonsburg; Charles, Butts, Nortonville, W. Va.; Russell, Marshall, Fred, Eugene and James Butts, all of Cleveland, Mo.

### HALE KILLED, FIANCEE SHOT BY DWALE MAN

#### JEALOUSY BELIEVED GUNMAN'S MOTIVE, OFFICERS TOLD

A parolee ex-convict was sought today by Floyd authorities as the gunman who shot and killed Henry Hale, 23, at Dwale Wednesday night and seriously wounded his fiancée, Miss Minnie Porter, 22.

The slayer, Joe Hall, 20, ex-convict, heart of Miss Porter, fired five shots from a .32-caliber revolver at close range as he escorted the couple on route home from church. Hale fell dead with two bullets in his head. One of Hale's bullets struck the girl at the corner of her right eye, entering at her right temple. As she lay another bullet passed through her thigh.

The wounded girl said at the Martin General hospital that jealousy prompted Hale to fire. She had not been told Thursday morning that her fiancée was dead. Miss Porter said Hall had told her brother that he proposed marriage to Hale would be broken up, regardless of what means would be necessary to be taken. She was quoted as saying that her co-widow with Hall married two years ago.

### ARRESTED

Favored by Governor E. A. Tamm, Dr. Stumbo has contended that he is entitled to the right to hold office as a citizen of Kentucky.

Legal opinion here is divided on the question, "Can a man be a citizen of Kentucky and entitled to hold office without a pardon from the President, restoring to him his status as a citizen of the United States?"

An assistant to Attorney General Hubert Meredith recently expressed the opinion that Gov. Johnson's pardon rendered Dr. Stumbo eligible to hold office.

The private opinion was recently expressed by an United States District Attorney, however, that the Governor's pardon "restores no more than a German treaty."

Mr. Arnett filed his suit as a private citizen, though he has announced last week in this newspaper as a Democratic candidate for Sheriff.

Arnett's petition states that "he and (Please turn to page five)

### ALFALFA SEEN AS NEW CROP FOR FLOYD COUNTY FARMS

A program, begun last year and expected to be broadened during 1941, has given Floyd county a new crop, County Agent S. L. Isbell said this week.

The new crop is alfalfa, and its successful introduction to Floyd county is largely the result of the liberal use by farmers of agricultural lime as a soil-building practice, under the Agricultural Conservation Program.

Last year, eight Floyd farmers sowed alfalfa with excellent results. They are W. L. Baldrige, Little Point; James Stephens, Cliff; Den Fairchild; Allen, Dr. H. H. Mayo, Martin; Dan Prater, Haysville; Ballard Gunnels, and Grant Weddington, of Banner, and Amos Akers, Galveston, all except Mr. Weddington, sowed their alfalfa in August.

### CALLS ON JOHNSON FOR FAIR PLAY AND DECENCY

Frankfort, Ky., March 28—Attorney General Hubert Meredith charged Friday that state employees were being forced to contribute 1 per cent of their salaries toward a state administration campaign fund and challenged Governor E. A. Tamm to stop the practice.

"It will not do to say you do not have the power," said the Attorney General, a frequent critic of administration policies, in a letter to the Governor, "for everyone will know better."

The fund, Meredith said, was designed "to procure the nomination of administration candidates for seats in the legislature, but he added, "certain political bosses" would spend part of it for "expensive vacations," new automobiles and other luxuries.

### JAY TACKETT IS VICTIM

#### FATHER OF P'BURG RESIDENTS DIES IN PIKEVILLE

Jay Tackett, prominent Pike county farmer and merchant, and father of Mrs. Chas. P. Bond and Atty. Joe P. Tackett, of Prestonsburg, died Tuesday morning at the home in Pikeville of his daughter, Mrs. F. M. Burke. Death resulted from an attack of pneumonia following an attack of influenza.

Born and reared on Long Fork of Shelby Creek, he was a member of one of Eastern Kentucky's largest families. He had been a member of the Regular Baptist Church for half a century and was one of the section's founders.

Mr. Tackett was married 59 years ago to Miss Sarah Johnson, and of the 14 children born to this union 12 survived.

At the same time, the visitors declared that bookbinding done at the library here was of the highest quality.

### BOWEN KILLED IN AUTO WRECK

#### FRIGHTENED MAN CAUSED TRAGEDY, COMPANIONS SAY

Started when suddenly awakened as he and two companions drove into the lower limits of Martin, shortly after Saturday midnight, Herman Bowen, 40, Amberley, W. Va., twisted the wheel, wrenched it violently toward the left side of the highway. A moment later he was dead, his neck broken.

His companions John Bradley, owner and driver of the auto, and Tony Stone, escaped without a scratch as the car ran up the embankment, then turned turtle and rolled back onto the highway.

The three men were driving from Amberley to Exit, home of Bradley, when the tragedy occurred. The body was prepared for burial at the Ryan Funeral Home, then taken to Pikeville and later to Soldier Ky., where sisters of the victim reside, for interment.

### NO HELP NEEDED

A few days ago, a WPA indexing worker at the courthouse here became a proud father. Next day, however, problems demanded treatment. "It's half a friend volunteered, 'I'll stand the balance,' another chimed in. 'Whereupon, Papa faced the whereupon. 'Just a minute,' he admonished. 'Just who do you think is the Pappy of this lamp?'

### DEPONENT SAITH NOT

To Attorney General Meredith's charge that state employees are being assessed, as usual, for a political war chest Governor Johnson's reply, to date, is a thick, heavy, almost palpable, silence. And again the word in answer to the Meredith challenge, to stop the practice. Are the charges just too too ridiculous to be honored with the recognition of an answer? THE TIMES hardly thinks so. The "shakedown" is a practice so much a part of state politics, so ancient in origin and so recently repeated if not now actually

being perpetrated, that the Governor owes it to his friends, admirers and the people of Kentucky some word of denial or admission of guilt. He should let the people know exactly where he stands. Is it true, Governor, that the laborer is not worthy of his hire in Kentucky—unless he pays a percentage of his wages so that his employer may continue to run the business? Is it true that, in addition to paying one per cent of his wages for social security, the state employee must pay one per cent to political organizations for job security? Attorney General Meredith has asked some very pertinent questions. The people of Kentucky are glad he asked them. They await, with him, all the answers.

Floyd county is not backward. Its Health Department will soon start its fifteenth and its County Agent his eleventh year of service—thanks to a fiscal court which appreciates the splendid services of the two agencies in a county where their work are as near indispensable as any service can be called indispensable.

Labor has its rights. Capital has its rights. But unless the two get together, we may all lose our Bill of Rights.

### 1st Regular Meet Of Lions Club Held Friday

At the regular meeting of the Lions Club at the Auster hotel, March 22, the first since its organization, a committee was appointed to work on a program for a public playground. The members are Franklin Moore, Jack Keenan and Joe Taylor Hyden. This program will be carried on in cooperation with a similar committee from the Kiwanis Club.

J. Barnett Napier, special representative of the Lions International, returned to Prestonsburg for the first meeting of the local club. Moore, Draughn, president of the Hazard Lions, Mrs. Draughn and Lion Frazer and Mrs. Frazer of Hazard were present. Much enthusiasm was expressed by the visitors in the future

of the local organization, evidenced by its immediate action in promoting community progress.

In a discussion of the activities of Lions Clubs, Lion Napier stated, "On the basis of their objects and their ethics, Lions Clubs are service organizations, first and last, and their deeds bear witness to the effectiveness of their program. With this record of service and perhaps because of it, there is a feeling of goodwill and mutual understanding between members of Lions Clubs and between the Lions Clubs of the Association that is the pride of all Lions."

### 'Door in the Wall' Supplies Theme For Speaker

"The Door in the Wall," H. G. Wells' story of a cloistered garden, supplied the Rev. Campbell Jeffries, pastor of Irene Cole Memorial Baptist Church, with the theme for his inspirational talk at the Kiwanis Club's meeting Friday evening.

Developing the theme of the door leading to sanctuary, the Reverend Jeffries said, "In seeking the way, we find Jesus Christ the Door to a new life."

His brother, William Jeffries, Camp E. Bragg, N. C., entertained at the piano with musical interpretations.

To work with the Lions Club in planning a summer playground for Prestonsburg children, N. M. White, Jr., I. H. Triplett and J. D. Harkins were named on the Kiwanis playground committee by C. H. Smith, club president.

The meeting was well-attended by members, who were joined by a number of visiting Kiwanians and guests. Horace Williamson, Pikeville, Boy Scout executive, was a special guest of the club.

### Johns Creek Dam Ready for Work If Funds Ready

The Johns Creek dam at Dewey, this county, is ready to be started if, and when, necessary funds are available, army engineers said last week during hearings on the War Department civil functions bill.

The engineers asked for \$70,000,000 for various flood control projects, but only \$6,000,000 was actually earmarked at the time—all for flood control work at Cincinnati, Jeffersonville, Clarksville and Evansville, Ind., Paducah, Ky., Portsmouth and New Boston, Ohio.

Garrett, Ky., March 31 (Sp.)—The Lacey-Garrett Woman's Club held its March business and program meeting Saturday afternoon at the home of Mrs. W. T. Hatcher, Lacey.

Mrs. Thomas Hatcher presented an interesting and enlightening program, entitled, "Enemies Within Our Gates," dealing with Fifth Columnist and espionage activities in the United States. The program consisted of: "America's The Lord's Prayer," "Enemies Within Our Gates"—Mrs. C. C. Ward; "Treachery in the Air"—Mrs. R. H. Suit Assails

(Continued from page one)
other citizens and taxpayers and voters of Floyd county contend that the defendant, W. L. Stumbo, is ineligible to hold any office of honor, trust or profit under the laws of Kentucky, whilst the defendants, W. L. Stumbo and A. H. Mesdie, County Clerk and Assessor, maintain that said W. L. Stumbo is eligible to hold said office, and by reason thereof a real controversy exists as to the eligibility of said candidate, and unless prevented by orders of this court said W. L. Stumbo will be placed on said primary ballot and thereby be held out to the voters of the Democratic party as eligible and qualified for said office, to the great injury and damage of the plaintiff and of all other taxpayers of said Floyd county.
Dr. Stumbo, in declining to make a statement Tuesday, told THE TIMES that his answer to the suit would state his position.

Court Splits on Treasurer

(Continued from page one)
The court also fixed tax levies for 1941. For the general fund a levy of 50c per \$100 of taxable property and a poll tax of \$1.50 was established. A 20-cent levy was made for the sinking fund. For common schools a 75-cent levy was made, with a poll tax of \$1 added. The consolidated school tax levy for Auxier, Dwalie Betsy Layne, Garrett, Wayland, Bert Dowell and Worksburg was set at 75c per \$100 valuated. Whimsical taxpayers will also pay a 75-cent levy, plus 25c for the sinking fund. The levy for Harold, Martin, Mayvorn, Bosco and Lick is 50 cents.
The Floyd County Board of Education's appropriation for the fiscal year 1940 has not been made. But it is expected shortly an appropriation of \$800, \$200 above last year's \$600, is being sought from the Board. This increases of \$200 and the fiscal year's \$250 above last year's appropriation will compensate for the \$250 whittled last year by E. R. Price, Wheelwright, and \$200 from an anonymous contributor.

FLOYD TO GET 500 QUAIL

CLUBHOUSE, DAM ARE DISCUSSED AT MEETING

Plans were made Tuesday night at the Floyd County Plan & Game Club meeting in the auditorium of the Gaslett high school for the distribution in the county within the next few days of 500 quail.
At the same time, consideration was given of the possibility of construction by the club of a clubhouse and a dam in one of the county's larger creeks which would be stocked with both large and small-mouth bass. If built, the dam would afford a brood of large enough to accommodate motor boats.
A large group of foxhunters joined the big crowd attending the meeting, and the committee appointed to decide on steps to be taken relative to the gray fox problem reported. It was recommended that the gray foxes be hunted and trapped by the foxes. The club has been invited to hold its next meeting at Wheelwright high school on Tuesday evening, May 6.

ABSENTEE REPORT

To those whose interest extends this far (the heart) into the interior of this streamlined stalwart of weekly newspapers, here is my absentee report:
I've been up here on Lick Fork of Middle Creek, watching local boys and girls operate modern mining machinery... (with full pay)... Seeing Virgil Warrick, the stove man, smoke his cigar and tote his satchel hither and thither... Bill (W. S.) Sloan build a railroad—out of fence rails... Tony Ranier lig "bees" hole—out of the ground... Elson Kendrick keep the peaceful peace... (Say, you never see my new red-tipped hard hat—Boscha Fire Chief Arthur Blackburn would like to have it to go with his new fire truck!)

NEAREST MAN

The nearest man around here is mine foreman, Dan Thacker. He hasn't slept as much as an old time, and he just simply delights in making up the who's camp at an unusual hour every morning.
Here's hoping the angry gods of nature strike that man to sleep—at least, while it's still sleeping time on these cold mornings.

It's been a long time since I've seen a Spanner. I am behind on the war. This Spanner hasn't declared it yet, has he?

The last report I had Messino! was going to the front (in Albania) to get his soldiers. Did he get them all safely back home?

FAGING A. J. MAY!
My nomination, for a name for this nameless town's hoped-for and much-needed postoffice is none other than my familiar, widely-known name of "Blackhawk"—in honor of Blackhawk Shepherd, local sage and mill-man, whose picture recently appeared in the C. O. Magazine, and within whose veins flows strains of Indian blood.

The name, "Blackhawk," is not only easy to spell and easy to remember, but it would add picturesqueness and color to a section of Kentucky whose main assets (besides coal) are picturesqueness and color.

Although the missile pierced her intestines and passed through her bladder, Mrs. Sherman is expected to recover. It was said by Dr. Stumbo.

Floyd Coal Men On Mine Meet Committees

Named to committees to develop plans for the 18th annual coal convention and exposition of the American Mining Congress at Cincinnati, Ohio, April 28-May 2, are two Floyd county coal officials.
They are J. T. Parker, superintendent of the Inland Steel Company, Wheelwright, and Harry LaViers, president of the new Princess Elkhorn Coal Company on Middle Creek. Mr. Parker was appointed to the program committee, while Mr. LaViers will be a member of the entertainment committee.
Continued modernization of the nation's coal mines to meet any and all requirements of defense industries for a rapid flow of efficient solid fuel will be among the foremost of topics to be considered at convention sessions. The program committee is developing a series of papers for presentation at the meeting which will analyze the major operating problems facing the industry. It is expected that more than two score leading coal officials will address sessions of the gathering on these subjects as well as defense topics and associated economic questions. Mr. LaViers and Mr. Parker are serving with many other prominent coal mining men and allied equipment manufacturers in making this year's coal show one of the largest ever held. In normal times, 5,000 mining men attend the meeting and exhibits, but in view of the serious need for full discussion of operating and defense problems, it is believed that this year's attendance will eclipse that number.

NOTICE TO CONTRACTORS

Sealed bids will be received by the Department of Highways at its office, Frankfort, Kentucky, until 10:00 a. m., Central Standard time on the 23rd day of April, 1941, at which time bids will be publicly opened and read for the improvement of:
Floyd County FAS 33E A (2) B (2); SP 36-76. The Martin Wheelwright Junction Road, beginning at end of bluish surfaced road near Hunter and extending to approximately 1 mile north of Gearhart, a distance of approximately 7.79 miles. Medium type surfacing construction.

SERIOUSLY ILL

Chas. Oppenheimer was taken to the Paintsville hospital by ambulance Tuesday night. He is reported seriously ill. Some months ago Mr. Oppenheimer was injured in an automobile accident and since that time has not been well. On Tuesday, the day he entered the hospital, he complained of severe pains in his back.

CHURCH RENOVATION FUNDS RECEIVED

Many donations for church renovation were made at the meeting of the Woman's Missionary Society of the Baptist Church, held Tuesday at the home of Mrs. Marvin Ransdell, Plans were discussed for making choir robes, and a flower committee for the church was appointed.
Mrs. Jo M. Davidson read the devotion, after the singing of "Stand Up for Jesus." Mrs. J. Archer directed the topic of Challenge to True Discipleship.
A very tempting salad course was served. In addition to Mesdames Davidson and Archer, those attending the meeting were Mesdames J. R. Hurt, E. P. Hill, J. B. Clarke, Richard Feiler, Alley Maude Nunney, Josh Williamson, George Cohen, H. C. Francis and John W. Caulfield. Misses Anna Martin and Virgie McCombs.
The May hostesses are Mesdames Jo M. Davidson and Greta Ford; Mrs. W. W. Burchett is program leader.

SLAYER OF FATHER HELD IN LOUISVILLE

Held in the Jefferson county jail at Louisville, late last week, was John Morgan Allen, of Prests, Breathitt county, whose shot resulted, a few weeks ago, in the death of the Stumbo Memorial hospital, Lackey, of his father, Bura Allen.
The 24-year-old Breathitt convict was placed in the hands of Louisville police by a motorist who had given him a ride from Zanesville, Ohio, last Thursday. Allen is said to have told the motorist of the killing.
Allen said he fled Breathitt county because neighbors threatened to lynch him if he shot his father with a 22-caliber rifle. He was quoted by police as saying during an argument following the slaying of a younger brother by the elder Allen.

TIMES WANT ADS PAY

**SHIKE'S POKES**

(Views expressed in this column are those of the writer and not necessarily those of The Times.)

DUCK MANNs will have to wear two bumpers if he doesn't stop stepping on their toes for his luck to land on and one for them to land on.

We have a report that "Ked" is kinda changin' color since he went to the Stumbo mine. Must be trying to change his luck.

About that diplomatic poker game in the Balkans—it seems that Hitler tried to run a "sandy" and was "called" and "raised" and had to "go down."

We hear a lot about un-Americanism. About the three most un-American things I can think of are: Senator Wheeler, Lindbergh and Henry Ford.

Ford is under about six orders from the Supreme Court to cease and desist certain practices—yet he gets fat contracts in violation of the law. He always bragged that he paid higher wages than any other. That is not so. Chrysler and General Motors are paying more, according to the Sunday papers. I think that it is a pity that such fellows as Ford, Lindbergh and Wheeler are not in Germany. Maybe Hitler could use them and I'm sure we'd never miss them.

If those other little Balkan countries had acted like Yugoslavia, Hitler wouldn't be in the Balkans today. A war in the Balkans is the end of Hitler.

Hoover, wanting to feed Hitler's prisoners in Europe should start at home first. There are thousands of underprivileged people in every neighborhood who are in need and their mental or physical condition prevents them from getting jobs in any industry. Let Hoover tackle that problem.

Duward W. is having a hard time with his poultry. John says that he brings, or was bringing, eggs to the store he came to work. But he has a pet crow and if he doesn't lay off and watch the hen house he doesn't get any eggs. Looks like the poultry or mixing business one will have to suffer neglect.

I just wonder what the city of Louisville would say if we refused to use their liquor or beer—because they are sneaking our coal. Boy, wouldn't they bellyache!

Maude says that his "Thumb" is certainly worth lots of money. He has been selling it for 30 cents a pound for 20 years.

Ole Muss once said that he wasn't a man but an event. A cross-country marathon.

Truth is stranger than fiction. Before marriage she sits up half the night waiting for him to leave and after marriage she sits up half the night waiting for him to come home.

We are all hoping that the miners' new contract is signed before this is printed, but, if it isn't, Beaver Creek coal will be scarce.

What's this I hear about Blue Eyes and Bill holding a "watch party"? Bet it was awfully cold—watching all night, and just one sack of beer.

Ho, hum—it must be spring. The season of re-birth is upon us, when Mother Earth takes her annual mud-pack facial treatment, and restores her own complexion, all you can't distinguish her from a debutante.

The Louisville newspapers argue that smoke is not a sign of prosperity. Oh, yeah?—where there's smoke there's bound to be a little fire. When you enter a smoke-free city, you will find a city without any industries to amount to anything.

I guess the editor will enlarge The Floyd County Times this year. He will have to get all the candidates' announcements in it.

We've often heard "out of the frying pan into the fire," but Ward can swear to it. A slate car went over the slate dump with him in it. He was dumped out and got stopped just in the edge of where the slate pile was. No one had to tell him to move.

Spring is bound to be here—for: Cat has moved to Hunter. Lee Bug has moved to Johnson county (hope they don't change his politics down there).

Winter underwear is hanging on the line. Bentley painted his barber chair. Clarence has shed his red jacket. Estill has taken the weather-boarding off his truck. Tip has a black eye. Mont is trying to lease his garden. Henry Skeans is threatening to build a boarding house. Sammy got his mule back. Nope—you're all wrong—Bob S. hasn't moved any more.

**IF IT DOESN'T  
SELL ITSELF,  
DON'T KEEP IT**

Let's get right to the point. Whether you want this new Maytag Master depends on what the Maytag itself can actually do for you. So here's the way to find out:

Put this new Maytag Master Washer right in your own home, without charge. Let it do your regular washing—then let it handle your blankets, dollies, lingerie, and all the other things you'd hardly trust to any other washer.

In short, put this new Maytag to any test. See how gently it handles EVERYTHING—how washing capacity has been increased over 50%—how the famous Roller Water Remover has been further improved. See for yourself why over 3,000,000 women have said, "Maytag for me!"

We repeat: If the Maytag doesn't sell itself, don't keep it. You simply can't lose—except by failing to take advantage of this straight-forward offer. So act at once. Come in, or phone for free trial washing in your own home.

**Inland Prepares To Move Office**

Preparations are under way by the Inland Gas Corporation to transfer its offices, supply house and pipe yard from West Prestonsburg to its Midas property. It was said here this week.

Location of these nearer the center of operations was given as the reason for the removal.

To make the proposed changes, the company plans the construction of an office building and a supply house. A concrete bridge across Right Beaver Creek, connecting the highway with the Midas station, is under construction. The span is only 12 feet high, being planned as a low-water bridge.

Plans and specifications for the building at Midas have been submitted to the company's Ashland office for approval, and construction is expected to start within the next two weeks. No estimate of the cost of the work was available.

dump—'way, way down; the smile of a friend looks like a smirk and a snake has coiled in every tuft of grass.

Then I read something like the true story that follows and I feel like bumping my head against the pavement for not realizing how lucky I am—even if I am in the printing business.

London has its Thin-Man, but he's not a detective—he's a printer. He has a little shop in a dank basement. When the Luftwaffe began blasting the city, demolishing great and little businesses, things got worse for the Thin Man. A newspaper correspondent tells of his regular rounds, soliciting work—any order, no matter how little, was welcomed. Given a job, he would hurry back to his dingy little shop and rush it to completion. But with all his industry, he made, the correspondent tells, an average of no more than 40 cents a day.

The day's work done, he was a volunteer freighter at night. The Thin Man grew thinner and thinner.

Came the night when one of the big department stores near his shop was struck by an incendiary bomb. Next morning, the printer found his scant supply of paper water-soaked. Carefully he salvaged every sheet, that was not ruined; patiently he dried the water from his presses, that they might not rust.

Business went on—"as usual." Till the night when a heavy bomb blasted the little shop into wreckage.

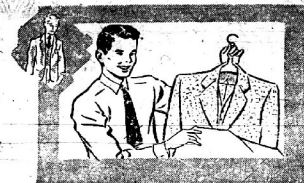

The Thin Man fought London fires with feverish zeal that night. Next day he was on the street, working. A few weeks later, writes the war correspondent, he had managed to borrow and wheedle credit till he had another printing plant together. Now, he's making his daily rounds again, soliciting printing orders, hope high. "I am in a position now to give you excellent service," he tells his prospective customers.

Hand Signals

One of the best safety habits that can be formed is that of giving the proper hand signals in the operation of an automobile. Failure to let the person driving behind you know your intentions is taking an unfair advantage of him. To prevent accidents it is imperative that you give the proper hand signals at all times.

in control of your car in order to meet any emergency.

Memorize these signals and use them.

Right turn—Back of the left arm resting on the door knob, the forearm and fingers pointing upward.

Left turn—Left arm and forearm stretched outward from the window in a horizontal position.

Slow Down or Stop—Left arm extended from window, bent downward so the forearm and fingers point toward the running board of the car.

The person who fails to inform drivers of cars in the rear of his intentions is an unsportsmanlike as the ball player who deliberately contends with the referee.

Let the drivers who share the road with you know what you intend to do. It will save a lot of time and trouble for you and everybody else on the road.

Notice is hereby given to those persons who have been dumping garbage on my property bordering the Mayo Trail on Abbott Mountain that unless this practice is discontinued they will be prosecuted.

# KNOTT FOREST GIANT, SOLD FOR \$15, STATE'S LARGEST

By BURDINE WEBB  
(The Courier-Journal)

REQUIRED a vast amount of manpower and just as much brains to market what was probably the biggest tree ever taken from the stump in the history of Kentucky. The tree stood on a rough locality in Knott county, forty-two miles from the nearest railway point, Jackson, Ky., and roads intervening were simply expediting.

But T. F. Kemp, Cincinnati lumberman and an old hand at the game, knew how to engineer the job. Here's how Kemp happened to own the tree: Uncle Bob Bates, a far-seeing speculator and a former member of the Kentucky Legislature from the counties of Knott, Letcher and Floyd, resided on the headwaters of Rockhouse in Letcher county. He was an extensive cattle dealer and on one of his buying trips in Knott county he heard of the big tree. The owner accompanied Bates to the tree, standing on a steep proclivity near Carr Creek. Bates marveled at the greatness of the tree and when the owner offered to sell it for \$2 cash, made the deal. The tree was nearly nine feet in diameter and was more than 200 feet to its first branch.

Shortly Kemp heard about the big tree, and on his first trip through the mountains he went to Bates' home, as usual, to stay overnight. Bates and Kemp dickered over the tree that night and the lumberman finally agreed to pay \$15 for it.

The next morning Kemp inspected his purchase and took a number of small blocks from it. He found the tree to be of the finest curl and quite valuable, especially for export.

Kemp lost no time in laying his plans to cut the tree and haul it to Jackson. The felling of the tree was very important lest it break, but the axmen made a nice job of it.

Then Kemp figured the length the logs should be cut so as to transport them over the rough, boulder-strewn roadways to Jackson. After months of hard work the big task was completed, with the blocks loaded onto cars at Jackson.

Several months elapsed before Kemp received his profit on the deal, a draft for several thousand dollars.

Several months later Kemp was back at the Bates home. Bates had learned of Kemp's success in marketing the big tree, but he refused a substantial gift to recompense him for his giveaway and said:

"I got my price and made a profit," Bates said.

A few days later, however, Kemp deposited the money in a bank downtown in the name of Mrs. Bates, as a "little refund, and a gentle reminder," making her the deposit slip. She acknowledged its receipt in a letter of thanks and accepted the money in the spirit that it was sent.

This was in 1908, three years before the E. & N. railroad started its Eastern Kentucky extension from Jackson.
