FOR INTERNAL GENERAL:

The following from Thomas B. Stone, Floyd countyman who is a patient in Hazelwood Sanatorium, Louisville.

"In reading a recent issue of the Times I saw that there would be a goodly crop of candidates for the Floyd county voters to plow under again in the coming election. This reminded me of my own efforts to keep my head above the flood of ballots in the first Masterial district four years ago. The feeling of gratitude to many loyal friends more than made up for my loss in the race and I'm sure that it will be most of those who will run and lose this year. I'm also sure that a third of candidates will have some amusing things to look back upon in their sometimes over-zealous appeal for votes. I remember one of the clients which I think might be of interest to readers of the Times, especially to those who are candidates.

"While standing in front of the courthouse at Prestonsburg and passing out my cards to the voters of Ward 1, my attention was drawn to a lad about ten years old who was parading back and forth with posters of Hubert Meredith strung across his shoulders and asking all who could hear to vote for Hubert Meredith for Internal General. I didn't learn the name of the boy but I should ever make another race for office I'd like to have him for a campaign manager."

SPECIAL ANNOUNCEMENT

According to a penit-written announcement, tacked on a third street tree, an outstanding sports event will be staged Friday afternoon at 1 o'clock, in Roby Marcum's garage. It's two boxing bouts, folks--"BUD D. O'CRIFT vs. GOMER (Roundhouse) Stiles; Roby (The Panther) Marcum vs. Junior (Slag) Sutphin. Don't forget! The admission--from 2 to 14 years, 1c; 14 to 20 years, 2c; 20 to 40 years, 3c.

QUESTION

There is no need to be vehement about it, but this newspaper would like to have a civil answer to a civil question. Just why is Eastern Kentucky, Floyd county particular, shoved into the outer darkness while federal and state officials consider sites for defense plants elusive? A very reasonable question to ask, we claim.

For County Attorney

Virgil Osmer Turner

TO THE VOTERS OF FLOYD COUNTY: Since announcing myself a candidate for County Attorney, I have tried to see as many of you personally as I could. For the reason that you assured me openly your support and for this I am grateful and only ask you not to forget. To those who have not been able to see me and to those who may not have yet made a final decision let me say that I am able and eager to serve you. I am better qualified for this office than either of my opponents. I finished a full college course as a foundation for the study of law. Then studied law for four additional years before asking for a law license. I could have set myself up as a lawyer with one-third of this investment of time, money, and effort. But I expected to be serving the people of Floyd County and I wanted to be qualified to do so in the best manner. I have been a practicing lawyer for twice as long as the law requires.

BANNER MEADE'S SUPPORTERS Address VOTERS of FLOYD County

Since one of Banner Meade's opponents has stated what he calls the "Real Facts" concerning the race for the Democratic nomination for County Clerk, we, as citizens and voters who refuse to be humbugged or stamped into accepting the false instead of the true, want to set out here the FACTS AS THEY ARE.

To begin with, we assume that you citizens, like us, expect honest, faithful service from our public officials. That being true--where could we find a County Clerk who has served his people and his county better than Banner Meade? We can all recall--

How he has always been ready to turn the facilities of his office to the benefit of all--regardless of race, color, creed or position in life--day or night.

How he has always been ready to go down into his pocket to help our churches and schools and the needy.

How he has, not once but many times, given of his services and funds to the cause of the laboring man when, help being sorely needed, others failed these men.

How he has kept his office in such condition that its records are among the most accurate and easily accessible in the state.

How he has been a friend to all, between election and after--the need of a friend being the only call necessary to summon him to serve.

You know what Banner Meade has done as County Clerk and what he will do. Had you ever thought that these pleas for "A Change" might mean a "Short Change" for the people?

It is true that Banner Meade has saved some money. But is that a crime? He has not gambled and drunk his money away as others have, and that, we substitute, is to his eternal credit. Our great President, Franklin D. Roosevelt, is a wealthy man--was born rich--but he has been the greatest friend to the common people of all our Presidents.

If we must discuss the financial standings of the two candidates, let us take into consideration the fact that Mr. Leslie has a lucrative income from gas wells, has an interest in a big store, a share in a large farm, and has a pleasant and desirable position.

Edward B. Leslie claims that a change should be made because Banner Meade has been Clerk for 12 years. Did he vote against President Roosevelt, because he thought he had been in office too long?

The people re-elected Franklin D. Roosevelt because they found in him a great leader and servant. And they will nominate and re-elect Banner Meade on the record he has made--a record of real service.

In this very county, the late Greenville Davidson was County Clerk for 23 years. Joe E. Bates, a native Knott county, was County Clerk of Greenup county for 15 years and is now in Congress. County Clerk Patton, of Bourbon county, is now serving his 32nd year.

They remained in the service of their people, because they served them well. The voters knew the wisdom of playing safe by electing men who had been tried and who had met their requirements--they did not want to make a change that might result in them being "Short-Changed."

Banner Meade's opponent, Edward B. Leslie, our present Representative, and at the time of the Legislature he attended he had a chance to serve the working people of his county and state. But he failed! His vote on the Social Security Bill would have given the laboring men their Unemployment Compensation within one day after they were injured or thrown out of work. But his vote--alas, it was cast otherwise. That important vote was cast for an amendment postponing this pay two weeks after date of injury or unemployment.

Mr. Leslie had that chance to serve--and he failed. Banner Meade has had his chance to serve--and he has never failed!

In brief, it all resolves itself to this proposition--WHO CAN AND WILL SERVE THE PEOPLE AND THE COUNTY BEST? A vote for Banner Meade is a vote for a man who has faced and met the test as an Honest, Efficient and Courteous official.

Remember, please, that, "after all, the old friends are the best."

SPECIAL PROBE INTO ELECTION THREATENED

VOTERS, CANDIDATES GIVEN WARNING BY JUDGE

Circuit Judge Henry Stephens, Jr., this week in printed circulars issued a warning to candidates, election workers, voters and election officers that a special session of the grand jury of the Floyd circuit court will be empaneled to investigate any irregularities at the polls during the "August primary." The circular, titled "Warning," cites the duties of election officers and asks that interested citizens at the polls watch the proceedings and take notice in writing of election law violations. Also cited was the presence on the voter-registration list of the names of 2,000 persons who have died, moved out of the county or joined the county's armed forces. This list of ineligible is the result of the purgation board's failure to remove them from the registration lists, the statement said.

No Absentee Voting

Members of the country's military forces and all others outside the state will not be qualified voters at the August primary, since Kentucky has no absentee-voter law. It was learned here this week. One thousand or more voters from this county are now in the army, navy or air corps.

"Election officers," Judge Stephens said, "should thoroughly inspect each ballot box in which ballots are to be deposited for the purpose of detecting any voted ballots which may have already been deposited therein, and when they observe one or more voters from this county are now in the army, navy or air corps."

The Only Poor Man The People Are Behind In This Race For Jailer

GUY HORN... X

(NO. 1 ON DEMOCRATIC BALLOT)

There are a number of men in the race for Jailer who need the office. But there is only one man who is a poor man and in need of the office who can win.

For that reason, we claim that helping father and mother, every son of whomever age, who believes in helping those who need help instead of helping those who are rich and powerful--we claim that they are behind Guy Horn and will give him the Democratic nomination for Jailer.

We claim this because we have a deep and abiding faith in the sense of justice of our people. And to get behind the only poor man who has a chance to win is certainly nothing but justice.

We have nothing of a derogatory nature to say about any of Guy's opponents, but we would point out the fact that some of them are wealthy, engaged in profitable businesses or holding lucrative positions. W. J. Reynolds, owner of a fine home and a large farm, has a high paying position with a gas company. Roy Turner is a son of one of the county's wealthiest men, has one of the largest mercantile businesses in the county. SURELY NEITHER OF THESE FALL WITHIN THE POOR MAN'S CLASS.

And surely the common citizens of this county, or any citizen who sympathizes with the under-dog, will not vote in and vote out a man who needs the office and who can, do the job as well, or better than, either of them.

We invite you to inquire about Guy Horn, about his qualifications, about his strength throughout Floyd county with the common people. After you do that and find that we are telling you the truth, that Guy Horn is qualified and is a winner, won't you join in the movement to give this office to a man who needs it?

Yours for victory, HARRY R. BURKE (Pol. adv.)

CARTER KILLED IN COLLISION

EIGHT OTHERS HURT AS TRUCK, TAXI IN CRASH

Clayde C. Carter, 49 years old, Northern taxi driver, was instantly killed and eight other persons were injured Saturday night when his taxi and a truck collided, head-on, at a curve seven miles from Sandy Hook.

Seven of the eight injured were passengers in the Carter taxi. They are Mrs. Carter, Keith Allen Maynard, grandson of Mr. and Mrs. Carter, Mrs. Evelyn Withrow and five children, of Dayton, Ohio. One Ferguson Relief, Ky., driver of the truck, suffered a cracked chest.

Mrs. Carter and grandson were taken to the Paintsville hospital where it was said Wednesday that both will recover. Her left arm and right clavicle were broken. The child's thigh was fractured. The five Withrow children and Ferguson were taken to a Lexington hospital. Mrs. Withrow, a former resident of Garrett, was taken to the home in Morehead of her father, Melvin Haman.

Mr. Carter was born and reared at Fallburg, Lawrence county, and was the son of Mrs. Ruby Holt Carter, of Louisville, and the late George Burton Carter. He moved from Lawrence county to Beaver Creek 20 years ago and for 18 years was employed as a mine foreman at

Harry R. Burke Addresses Voters Of Floyd County

TO THE VOTERS OF FLOYD COUNTY:

I am a candidate for the Republican nomination for County Attorney. Owing to the short space of time between now and the primary I will be unable to see all of you. I want to plead and beg of you that you vote for me. I can win in November. With your help and numerous others we will win.

I was born and reared in Floyd county. I am 38 years old and have practiced law since October, 1926. I have always been a member of the fraternal, a companion to the poor and oppressed. In my dealings with the people I have been loyal, true, honest, fair and square, both as a lawyer and private citizen.

I promise that if you will nominate me that I will lead the fight in November, visit each and all of you in person and fight and continue to fight for the rights of all the people. Give me your vote and support and in return I will give you an administration of which you may be proud. I shall, to the best of my ability, serve all the people as they have been served so well for the past eight years. Let's fight for our just rights, and through me you shall have them. In conclusion I appeal to you to nominate me for I can and will win. Give me this chance. I am depending on you and with that faith I can not lose. I am No. 2 on the ballot.

\$5,300,000 Taxes Paid by Railroads in Kentucky in 1940

Railroads operating in Kentucky paid a total of more than \$5,300,000 in taxes to the State, counties, cities and towns last year. Of this amount, at least \$2,645,000 went into School Funds; approximately \$960,000 went to build and maintain county roads and city streets, and the remaining \$1,695,000 went into General Funds.

IN THIS COUNTY ALONE IN 1940 RAILROAD TAXES* TOTALED

\$131,756.03

Thus the railroads paid a generous share of all the money required to conduct State, county and local business. This includes public education, streets and highways, public health work, police and fire protection, mental and tuberculosis hospitals, penal institutions, public charity, administration, and all the other services that you and other citizens require of your State and local governments.

You can readily see by these figures that every section of our Commonwealth shares in the prosperity and earnings of Kentucky railroads. So it is to your interest, as a progressive citizen and taxpayer—

1. TO OPPOSE unfair national or state subsidies to competing forms of transportation.
2. TO SUPPORT fair and reasonable measures to put all other carriers for hire under regulations similar to those prescribed for railroads—which bear so large a part of the general tax burden and carry over their own roadways the bulk of the transportation load in peace and in war.

*The railroads also paid to the STATE taxes on all their property located in this county. A large part of these State taxes is spent in the counties for schools and other State services.

ZERO HOUR IS NEAR

My friends, there comes a time in all fields of endeavor when the final message is appropriate. Even in life itself there is that supreme moment when we must give our farewell message and then relax and leave it all to fate. So it is with me in this campaign. It reminds me of the scenes I've witnessed so often in war, "Zero Hour" approaching and the General calls his officers around him and gives them his final instructions for battle, closing with "And may God be with us all." So, friends, this will probably be my final appeal to you through the paper before zero hour.

I entered this campaign with no ill will toward anyone. I've put my whole heart and very soul in it, with clean and friendly campaigning toward both of my opponents and all mankind. I shall do my best in the campaign with that love for my fellow man anchored in my bosom which causes a man to forgive all wrongs done him during the day and then sleep with a clear conscience during the night. I shall hope and earnestly pray that no vote will have to be bought or bribed for in order for me to win. I deeply appreciate the fact that this is one campaign in which found there has been no "mud-slinging" by any of my opponents. My opponents have shown a fine sense of good sound judgment and courteous consideration in their speaking to the people, and I'm sure we all have won the respect and esteem of the public generally for the clean-cut methods we have used. I take this opportunity to publicly say that nothing I've said has been intended as a reflection upon the fine character of either of them—and if anyone has understood me otherwise, please disabuse your minds of that thought now. I present herein my appeal based upon my merit and qualification and with no thought of seeking a single vote at the expense of the good reputation of either of them. A man's reputation is his most valuable possession in life; it's more sacred to him than gold or silver. It follows that he will not, but rather help him add to it.

There is nothing that makes a man realize more fully how much one man is dependent upon another, than to see side by side two men in war when the earth is trembling under your very feet from the bursting of bombs, and you are a prisoner of war around you. These experiences make men love their brethren and love to help him in times of distress. The very thoughtful old War-buddies are going down the line for me. They know what they're voting in the box on Aug. 2, could possess that experience, have that feeling, just for a moment. If they could, I wouldn't lose a vote in the entire county. I love my opponents. I wish for them the best of luck, long, happy, healthy and prosperous lives. I hope they will be the same way toward me and mine. One of them says he has profound RESPECT for the boys who are in the Army. Who wouldn't? Of course I do. But, Brother, I have more than that anchored in my bosom for them. I have PROFOUND LOVE for every one of them, and I have more SYMPATHY for their fathers and mothers back home, because I have two sons subject to go to war too. I know what it is in store for them if war comes and it looks like it will. Hardships, long, weary marches, and ultimately for many of them, a death on the field of battle that will be shrouded in the richest traditions of GLORY, YES, YES, YES. I was a TEACHER for two years and COUNTRY—LIFE ITSELF. They give their lives that LIBERTY, FREEDOM, JUSTICE may come from the earth and that we may still have the right to hold in our hands the power to govern the "ballot." Yes, the ballot has a more powerful than the sword. Then, FATHERS, MOTHERS, and all VOTERS, use it on AUG. 2 in a reverent heart and choose that day whom shall be YOUR SERVANT and not YOUR MASTERS for the next four years.

Both of my opponents say they worked their way through school. That is commendable, and it is far from true to claim to credit, for they do deserve credit for it. But, my friends, while you are praising them for that, just remember that I was rearer of one fourteen children, by parents who started out in life with less than five dollars and living in a round pole one-room house. My parents couldn't send fourteen children, so, friends, I'm

entitled to credit for working my way through college too, but I worked mine out the HARD way. You see, boys, when I came out of the hospital after having been a Disabled Man's Discharge from the Army and under that I was entitled to go to school at the expense of the Government. Of course I went, otherwise I never could have looked inside a college. I said I worked mine out the HARD way. Now I've told you how I worked it out in the trenches and mine and nine long months in hospitals with three operations for that wound. You be the judge who had the hardest time, working his way through school. I'm still paying for mine and will pay for years to come, that is, if I and Mrs. Martha Bramham do. So, with this last appeal, before "Zero Hour," my friends, I submit my cause to your hands, not mine. I have a wife and five children and especially the cause of Herschel, the "Milk-Fever" boy who came to me to put me over so he can go on to college next year. Guard well the voters, and let the good Providence direct a majority of you to find my name on that second line under "County Attorney" on the Ballot, and from the bottom of my heart that for the next four years I'll be your friend and ally. I never seek to become your GREEDY MASTER.

Faithfully yours, JOE F. TACKETT (Pol. adv.)

Chimney and Flue in the Weeksbury camp was built and erected and split Rails and fenced on the farm. I've "Grubbed," I've "Mowed," I've "Hoed" corn, "Mowed" the hay "Picked" from Cornfield and gathered in the Crops. I've hauled Saw-Logs out of the mountains with a four-Mule team and on Ox team. (I'll bet neither of my opponents would know a thing about "Twisting" an old Oxen's tail to get him up when he is "Sulled.") I've been Saw-Dut boy around the saw-mill. I've "Off-Bore" the lumber and ties and I've pulled the Logs out there.

None of these, however, specially qualify a man for County Attorney, but I mention them so you may know why I'm as good a friend to all classes of workers as either of my opponents. That you may know how perfectly familiar I am with the problems of life, and being familiar with them, how reasonable it is that I should be AND AM a friend to the people of all occupations and professions.

I was the Lawyer for the U.M. W. of A. District No. 30, for three years and defended the members of the MINERS in the Pike Circuit Court, in the Henry Clark Trouble. Not a one of those boys ever saw the inside of the Penitentiary. District 30 trusted me as its Lawyer to save its MINERS in that fight and I never flinched. Ask Sam Cully or any of the miners who were there. So, after all, I'm just one of the boys. A little older, of course, and not as "Spry" as they be, but that's what makes a man really a MAN. I am confidently and supremely happy that we all must, under our system of government, yield to your good judgment the decision on these questions of our county. I believe you have full and complete confidence in my ability to perform each and every duty of the office and I am perfectly satisfied to leave that to your good judgment. I say that my qualifications are as good as theirs. I'm including the real, honest-to-goodness deserving merits of all of us. I am entitled to every sympathetic impulse, the training, Experience, Courtesy, Efficiency, Accommodating, Loyal Service, Sickness, Misfortunes, Free Work for 19 years, my determination to overcome my losses honorably—desire to serve the BOYS who are being trained to face a German Military Machine. Yes, I'm willing to abide by your decision on all these matters. Let these two boys, who are young men fight a war or two, and then practice law a few years, and then they will have that experience which makes a man. I'm no fellow-man, makes him willing to do or night to do a favor, willing to fill out papers for his fellow-men, to turn his own gas-line going to help him, willing to print some ballads, draft little neighborhood agreements, ALL FRIENDS, remember that I'm a man who has been in a war, and then practice law a few years, and then they will have that experience which makes a man. (I'll bet neither of my opponents would know a thing about "Twisting" an old Oxen's tail to get him up when he is "Sulled.") I've been Saw-Dut boy around the saw-mill. I've "Off-Bore" the lumber and ties and I've pulled the Logs out there.

None of these, however, specially qualify a man for County Attorney, but I mention them so you may know why I'm as good a friend to all classes of workers as either of my opponents. That you may know how perfectly familiar I am with the problems of life, and being familiar with them, how reasonable it is that I should be AND AM a friend to the people of all occupations and professions.

I was the Lawyer for the U.M. W. of A. District No. 30, for three years and defended the members of the MINERS in the Pike Circuit Court, in the Henry Clark Trouble. Not a one of those boys ever saw the inside of the Penitentiary. District 30 trusted me as its Lawyer to save its MINERS in that fight and I never flinched. Ask Sam Cully or any of the miners who were there. So, after all, I'm just one of the boys. A little older, of course, and not as "Spry" as they be, but that's what makes a man really a MAN. I am confidently and supremely happy that we all must, under our system of government, yield to your good judgment the decision on these questions of our county. I believe you have full and complete confidence in my ability to perform each and every duty of the office and I am perfectly satisfied to leave that to your good judgment. I say that my qualifications are as good as theirs. I'm including the real, honest-to-goodness deserving merits of all of us. I am entitled to every sympathetic impulse, the training, Experience, Courtesy, Efficiency, Accommodating, Loyal Service, Sickness, Misfortunes, Free Work for 19 years, my determination to overcome my losses honorably—desire to serve the BOYS who are being trained to face a German Military Machine. Yes, I'm willing to abide by your decision on all these matters. Let these two boys, who are young men fight a war or two, and then practice law a few years, and then they will have that experience which makes a man. I'm no fellow-man, makes him willing to do or night to do a favor, willing to fill out papers for his fellow-men, to turn his own gas-line going to help him, willing to print some ballads, draft little neighborhood agreements, ALL FRIENDS, remember that I'm a man who has been in a war, and then practice law a few years, and then they will have that experience which makes a man.

entitled to credit for working my way through college too, but I worked mine out the HARD way. You see, boys, when I came out of the hospital after having been a Disabled Man's Discharge from the Army and under that I was entitled to go to school at the expense of the Government. Of course I went, otherwise I never could have looked inside a college. I said I worked mine out the HARD way. Now I've told you how I worked it out in the trenches and mine and nine long months in hospitals with three operations for that wound. You be the judge who had the hardest time, working his way through school. I'm still paying for mine and will pay for years to come, that is, if I and Mrs. Martha Bramham do. So, with this last appeal, before "Zero Hour," my friends, I submit my cause to your hands, not mine. I have a wife and five children and especially the cause of Herschel, the "Milk-Fever" boy who came to me to put me over so he can go on to college next year. Guard well the voters, and let the good Providence direct a majority of you to find my name on that second line under "County Attorney" on the Ballot, and from the bottom of my heart that for the next four years I'll be your friend and ally. I never seek to become your GREEDY MASTER.

Faithfully yours, JOE F. TACKETT (Pol. adv.)

There is nothing that makes a man realize more fully how much one man is dependent upon another, than to see side by side two men in war when the earth is trembling under your very feet from the bursting of bombs, and you are a prisoner of war around you. These experiences make men love their brethren and love to help him in times of distress. The very thoughtful old War-buddies are going down the line for me. They know what they're voting in the box on Aug. 2, could possess that experience, have that feeling, just for a moment. If they could, I wouldn't lose a vote in the entire county. I love my opponents. I wish for them the best of luck, long, happy, healthy and prosperous lives. I hope they will be the same way toward me and mine. One of them says he has profound RESPECT for the boys who are in the Army. Who wouldn't? Of course I do. But, Brother, I have more than that anchored in my bosom for them. I have PROFOUND LOVE for every one of them, and I have more SYMPATHY for their fathers and mothers back home, because I have two sons subject to go to war too. I know what it is in store for them if war comes and it looks like it will. Hardships, long, weary marches, and ultimately for many of them, a death on the field of battle that will be shrouded in the richest traditions of GLORY, YES, YES, YES. I was a TEACHER for two years and COUNTRY—LIFE ITSELF. They give their lives that LIBERTY, FREEDOM, JUSTICE may come from the earth and that we may still have the right to hold in our hands the power to govern the "ballot." Yes, the ballot has a more powerful than the sword. Then, FATHERS, MOTHERS, and all VOTERS, use it on AUG. 2 in a reverent heart and choose that day whom shall be YOUR SERVANT and not YOUR MASTERS for the next four years.

Both of my opponents say they worked their way through school. That is commendable, and it is far from true to claim to credit, for they do deserve credit for it. But, my friends, while you are praising them for that, just remember that I was rearer of one fourteen children, by parents who started out in life with less than five dollars and living in a round pole one-room house. My parents couldn't send fourteen children, so, friends, I'm

entitled to credit for working my way through college too, but I worked mine out the HARD way. You see, boys, when I came out of the hospital after having been a Disabled Man's Discharge from the Army and under that I was entitled to go to school at the expense of the Government. Of course I went, otherwise I never could have looked inside a college. I said I worked mine out the HARD way. EDWARD B. LESLIE Answers
Banner Meade's Misleading Statements

In the July 17 issue of the Floyd County Times we stated that we believed you people were entering the race for County Clerk. Banner Meade and some of his supporters did not like some of our facts. We invite Banner Meade to show that any of these statements are false.

EDWARD B. LESLIE

When Banner Meade saw that he was losing ground fast, he became alarmed, so nervous, and so upset that he distributed a circular which stated that in the State Legislature Leslie did not vote as he should have voted on the Social Security Bill.

you people know that under the Kentucky law, no man in any Floyd county office or in any other county office is allowed more than \$5,000 per year for his "expenses". Did you know that any sum over \$5,000 must be paid back to the county? Did you know that every year the County Court Clerk of Boyd county has turned back to that county about \$11,000?

Great American, Franklin Delano Roosevelt. Sure, we voted for Roosevelt for a third term, because we needed a great leader in time of Emergency. But don't you think it rather silly for Banner Meade to assume that the office of County Clerk is as important as the Presidency of the United States or to say that his case is the same as the President's? We know you and you know that it would be impossible to replace Franklin D. Roosevelt, but we do NOT admit that there is only one man who is smart enough to be County Court Clerk of Floyd county.

To the Democratic Voters of Floyd County

Due to the fact that the coal miners are working full-time, because of the increased demand for coal for the National Defense program, I have been unable to get away from my job a sufficient length of time to make a campaign. I realize my chances of winning the nomination for County Clerk are slim due to the above-mentioned fact. I am, therefore, not making any further campaign for the nomination. At the same time, I wish to thank my many friends for their interest in my behalf and to release them from any obligation on their part to vote for me.

"Blood Is Thicker Than Water"

My kinfolk, I want you to vote for my son, Edward B. Leslie, for County Court Clerk this coming primary election, Aug. 2, 1941. My great-grandfather, Adam Gresham, was Adam Gresham, who first married Rhoda Spurlock, until which union was born the following sons and daughters: Margaret, my grandmother who married Mike Tarter, who was married in the trading and came from the best of families. He died on a bear-hunting expedition in 1800, furs collected by him being taken to the old trading post at Arlington, Va. My grandmother returned with him to his plantation near Roanokeville, Tenn., where they lived for many years.

APPEAL FOR HONESTY

It seems to me that NOW is the time for all good men and women to join to the aid of their party and their government. I say the time is NOW because the entire human race is now engaged in a horrible struggle to the death and that mortal war is being ruthlessly waged by a CORRUPT and DEPRAVED government in Berlin and it is against humanity that darts to govern itself in the DEMOCRATIC WAY.

OUR ERROR

During the election rush THE TIMES has been guilty of an error in the advertisement of Hader Johnson, well-known Paintsville life insurance man, which made the ad everything that Mr. Johnson did not want. All this was caused by our use of the word, "gangster," for "gangster" as Mr. Johnson wrote the ad. But neither Mr. Johnson nor THE TIMES had any intention of associating the life insurance business with racketeering. You know it's hard to think of everything when as in our case the thinking apparatus isn't all that bright.

You farmers, Miners, Merchants, and all you other people have been paying your taxes for many years. Yet with all this wealth Floyd county has been in debt for years and the county still has to borrow money to pay some of its bills. Did you know that every year the County Court Clerk of Boyd county has turned back to that county about \$11,000?

you people know that under the Kentucky law, no man in any Floyd county office or in any other county office is allowed more than \$5,000 per year for his "expenses". Did you know that any sum over \$5,000 must be paid back to the county? Did you know that every year the County Court Clerk of Boyd county has turned back to that county about \$11,000?

Edward B. Leslie is a fine young man who is asking you to vote for him for County Clerk for the primary election. He has been a successful teacher in the Floyd County High School for the past five years, teaching the children of the farmers and miners. He understands your problems for he knows not only you, but he also knows your children. He is friendly; he is courteous; he is accommodating; he is efficient; he is honest; he is well qualified in every respect to make you a good clerk. When elected, he will NOT ask you to keep him there for a lifetime, but he will be willing to step aside and give some other Young Man a chance.

OUR ERROR
During the election rush THE TIMES has been guilty of an error in the advertisement of Hader Johnson, well-known Paintsville life insurance man, which made the ad everything that Mr. Johnson did not want. All this was caused by our use of the word, "gangster," for "gangster" as Mr. Johnson wrote the ad. But neither Mr. Johnson nor THE TIMES had any intention of associating the life insurance business with racketeering. You know it's hard to think of everything when as in our case the thinking apparatus isn't all that bright.

POLITICAL ANNOUNCEMENTS

FOR COUNTY JUDGE We are authorized to announce EDW. P. HILL as a candidate for

COUNTY JUDGE subject to the action of the Democratic party at the August, 1941 primary.

January 4, 1941 I have this day become a candidate for the office of County Judge of Floyd County on the Republican ticket. If elected, I will build a poor home for the poor people, old men and women who are thrown out on the mercy of the people and not able to maintain a home, and for the little children that are kicked about from pillar to post without a chance in life. I think of the crippled and blind that are mistreated. I pledge my support to extend roads to the isolated and forgotten districts of the county. For results, vote for

DIAL SALISBURY, For County Judge.

To the Democrats of Floyd County: I hereby announce my candidacy for the Democratic nomination for County Judge. I have grown old in the service of the party. I have never held public office, though I have been a leader in political races. These losses hurt but never for one minute did they hurt my Democracy. Everybody who knows me will swear to that. Elect me and I will make you a County Judge serving all the people. If you do not elect me, I will still be the same Doug Hays, serving our party as every good Democrat should.

DOUG HAYS. We are authorized to announce DR. CHRIS GREATER as a candidate for COUNTY JUDGE subject to the action of the Democratic party at the August, 1941 primary. I will work with the people to give the county the kind of administration we all need.

FOR COUNTY CLERK We are authorized to announce BANKER MEADE for COUNTY COURT CLERK subject to the action of the Democratic party at the August, 1941 primary. Tried and True.

TO THE REPUBLICAN VOTERS: I hereby announce my candidacy for the Republican nomination for the office of Sheriff of Floyd county. During the World War I served my country as a soldier in France, have mined coal for five years, and during the past three and one-half years I have worked for the present Sheriff as deputy. During this time there have been a great many homicides in Floyd county, and so far we have caught or assisted in catching, every man wanted on a warrant for the killing of his fellow man. My record is open for your inspection. Nominate me and I will win in November. Your vote and influence will be appreciated. My goal is to every one is my promise to the people.

FOR TAX COMMISSIONER JACK BELLAMONER of Banner, Ky. (Member of Local Union No. 5899, Wheelwright, Ky.) as a candidate for TAX COMMISSIONER subject to the action of the Democratic party at the August, 1941 primary.

I have served as your Tax Commissioner and devoted those years to making the office of the Tax Commissioner an effort to serve the people in an effort to deserve official service. How well I succeeded, you people of this county know best. If elected again, I promise you exactly the same kind of honest, efficient, sympathetic service in behalf of you taxpayers. I will not only visit your home or place of business and take your list, but I will also be conscientiously with the board of supervisors in making the assessment adjustments.

I ran eight years ago against the "Big Slate" and lost by only a small margin. I took my loss and supported the nominee. This is one of many reasons why I think I am entitled to the support of good Democrats in this election.

I have now become a candidate for Jailer and am sure a friend of the poor man who gets in jail and can't pay out, so don't forget a friend who will treat you right. I have one myself. The one that is able to pay gets out. Think of your boy who can't pay. Let me be in shape to treat him like a man, dear or dear old dad, who wet their pillows with tears. But who will take care of all these that is shed. Give me a chance to make you feel right and love me, Old Bill Marshall, who never done no one no wrong. An old friend who has nothing, and don't want money. BILL MARSHALL, Democrat.

VOTE FOR JERRY FONCE HOWELL for REPRESENTATIVE 3rd District Democratic Primary Aug. 2, 1941 Who, not choose a man who is young, energetic and able—a man who will give ALL the people representation at Frankfort which is so badly needed? J. M. TURNER of Wagoner, Ky., Democratic primary, August 2. I was born and reared in Floyd county and expect to remain here all my life. I also will see that the County Judge's salary is right it should be and not the salary it was recently raised to.

Floyd Native's Death Recalls Oklahoma Land Rush Days

Days of the Oklahoma land-rush are recalled by the recent death at Hobart, Okla., of Silas Richardson, 70-year-old native of the Middle Creek section of this county. Leaving this county 33 years ago with Jeff Stanford, Mr. Richardson first settled at Cordell, Okla., then moved to Hobart in 1901 when the Kiowa-Comanche-Apache Indian territory was opened for white settlement. He was a barber for many years. Survivors include two daughters, a son, all of Oklahoma, and many relatives in this county.

SHIKE'S POKES

(Views expressed in this column are those of the writer and not necessarily those of The Times)

The Ole Chub has found a new use for his Pontiac—during the holiday period he dug one row of sweet 'aters and two rows of Irish 'aters. Next time we know, he'll have that ear shuckin' corn.

We had our "Beefy Team" down for the tug-of-war at Prestonburg July 4, but in all that rain both the winner and the loser would have been wet.

Herb seems to have been lucky over the week-end—the first vacation for us miners—and then his "beep" arrived Sunday morning.

I guess that the reason the state is so short on corn is that the good mile-raising industry is that it is too dangerous to stand at the other end.

The Fourth of July went off as expected—with the usual rain and car wrecks. It has got so that cars are about as common as Floyd corn crops as the floods.

All the miners in this section are short on cooking utensils—we donated all our aluminumware to the government through our district offices. Two army truck loads moved off Beaver Creek recently as a donation from us miners.

If the election gets much hotter there is going to be an epidemic of bruised hands in Floyd county.

With Hitler trying to take the Russian granary—it reminds me of hitting the goose that laid the golden egg. He sure is destroying several messes of gray trying to achieve his purpose—and, if he does win, where will the wheat be? Destroyed, of course.

Since Hitler stuck his head into the dog of the Russian bear, just why doesn't Great Britain give him a kick in the pants?

Lafey C., the fellow who got his shoes baked recently, was bitten by a copperhead later while visiting his mother. He is recovering in the Beaver Valley hospital—and, strangely enough, when he got bit there wasn't a drop of "snakebite medicine" on the place.

TOWN-WORLD

(Continued from page one)

It is true, there is no network of railroads in this Floyd county to meet the transportation needs.

It is true that no system of federal and state highways mark, extend the county from end to end.

But the fact remains that all raw materials except those which must be carried for hundreds of miles to other manufacturing centers now in operation—there's all here. Floyd County is a self-sufficient unit.

More than that, there are at least 4,000 young men of pure Anglo-Saxon strain without the influence of the Fifth Column affecting them, ready to work in any defense factory located in Eastern Kentucky.

If our young women are necessary to be called into the service, multiply our defense worker force by two.

And don't worry about strikes! A ten-mile railway line was built, last year, into Middle Creek to convey an enormous tonnage of coal to the main line and on to market. The work was done within three months. It could have been done sooner.

If the forces of the state and federal governments were to join in the construction of highways in this section, it all could likewise be done in record time.

The section this newspaper represents is what some of you may call "backward" in the sense that it has not received the highways and factories on us and our section of the Big Sandy valley.

We're "all out" for National Defense. We have the coal, the oil, the gas, the water power, the good American citizens of first-grade stock, to make a defense factory—on us and our section of the Big Sandy valley.

No shut-downs, no sit-downs. Just steady and unending, ready to go to it—fight—ha's us, Mr. O.P.M.!

What is the answer to our question?

V FOR VICTORY!

Who'll be the first candidate to adopt that slogan?

It's not a "yes," it's not a "no," in fact, it's a pretty fine letter. What would vim and verve and valiant be without it—and doesn't the world need all of them?

TRY A TIMES WANT AD—OTHERS FIND IT PROFITABLE

CHURCH BEING PAINTED

The Methodist Church is being painted this week, as the result of the extensive efforts of Ogden Stewart, one of the stewards, who raised the funds necessary for this work.

All who have pledged are urged to pay and those who have not been seen are asked to contribute as soon as possible, so that there will be no deficit. Rev. Newton, Mr. Stewart, Wiley Jones, and Carl Ferguson, also members of the Future Farmers Club, are among those who are donating the labor. The inside of the church, both upstairs and down, will require much material before it can be renovated, and it is hoped that all who have not joined in this worthy movement will do so soon.

To the People of Floyd County:

If I am nominated and elected your Sheriff, I will appoint the best men possible, who are sober and will treat the public with respect. I will pay my deputies a salary and in that way they will not be chasing people around over the county in order to get a coffee claim. I will do all I can to enforce the law but at the same time the public is entitled to respect.

If I am elected, I will give the office personal attention, as I have nothing else to do. I will not be shaking the people down or raising their dues. The office will satisfy me. I am very much opposed to pistol deputies, who carry pistols for only one purpose—show.

You may trust me to do the right thing by all people.

KENTUCKY ROADS WILL CARRY SENSIBLE LOADS!

Major Thomas H. Cutler, Chief Engineer of the Kentucky Highway Department, says our roads are designed to sustain at least 16,000 pounds per axle load and our newer bridges will take care of two 15-ton loads passing each other at any point on the span. But our law limits the gross weight of a truck (including its payload) to 18,000 pounds. (Many passenger-carrying Kentucky weigh from 22,500 to 30,000 pounds, empty!)

MODERN WEIGHT LIMITS PROMOTE SAFETY

WEATHER WEARS CAUSE 75% OF HIGHWAY DAMAGE

Heat, frost, erosion of shoulders and drainage accounts for 75 per cent of highway maintenance costs according to a study made by highway experts and announced by Joseph B. Eastman, former Federal Coordinator of Transportation. Vehicles with balloon tires—and almost every commercial truck is so equipped—have no appreciable wearing effect on modern roads.

KENTUCKY HIGHWAYS PAY PROFITS—COULD PAY MORE!

Reports the Louisville Courier-Journal (June 18, 1941): "The State Highway Department believes that high type truck highways pay for themselves in added revenues from gasoline and other taxes and ultimately produce profits that can be used to build local feeder-farm to market—highways."

THESE PROFITS WOULD BUILD MORE ROADS

But the profits would be far larger—and build more and more secondary roads—if Kentucky's motor truck laws were up-to-date. You can see this when you consider that more than 75,000 or 20% of the licensed vehicles in Kentucky are Commercial trucks, and the new 35% of the total gasoline tax. Indiana Highway Department statistics show that truck highways under the Indiana load limit—18,000 pounds—show a net profit of \$2,000 per mile, per year. Kentucky will never match this figure with a 18,000 pound gross load limit—too many truck lines "by-pass" our state and we lose the revenue!

77% OF KENTUCKY COMMUNITIES ARE SERVED ONLY BY TRUCK

Every person in these communities is paying a hidden transportation tax because of Kentucky's antiquated load limit law.

KENTUCKY'S PRESENT LAW INCREASES HAULING COSTS 37 1/2%

Carefully analyzed figures prove that, with a 32,000 pound truck load limit in Kentucky, 37 1/2% of actual hauling costs could be saved on everything imported to or exported from Kentucky by truck.

The Motor Transportation Industry of Kentucky is seeking to modernize Kentucky's motor truck law, to eliminate trade barriers which are now making Kentucky a transportation bottleneck, and which federal officials say are impeding National Defense. For your own pocketbook's sake you should support this program. Talk to your legislative candidate about it!
