This Town-- That World

VIEW THE BODY The series of Business Clinics began at the courthouse here Tuesday night. A good thing, too. But some of us need an autopsy instead of a diagnosis.

WHERE THE MONEY GOES Chairman A. J. May of the House Military Affairs Committee, estimates that investigations made by his committee has effected a saving of a billion dollars on war jobs, chiefly through re-negotiation of contracts. Chairman Vinton of the House Naval Affairs Committee, reports a similar saving by the same method. And so Congress is going to haul up on the carpet some high-ranking army and navy men to see how come. Don't be surprised if, some of these days, union racketeers get a needed airing.

I DO NOT CHOOSE TO RUN No, I shall not be a candidate for Governor even if two men were promised to vote for me. 'Lige Brown was called on, just when I was about to be drafted, for a pledge of support. "Sure, I'll vote for him," quoth Lige. "In November—I'm a Republican, you know." Which recalled to mind that Walter's sage promise when given the same promise, a few years ago, while a candidate for Jailer: "November, hell—I won't be on the ballot, in November!"

WE POOR MEN They fell in to wear trousers without cuffs, eschew double-breasted models, even if we could wear them—and at the same time permit evening gown to be made for, and worn by, the women-folks. So it would seem that, if we men could cut down on our apparel on the top, front and back, we might have as we want on the bottom.

THAT MAKES A DIFFERENCE The Germans start this plunger movement business on the Russians. Now the Russians are pinning the Germans—only, the Germans have their plunger down.

KIWANIS CLUB IN BANQUET

Lieutenant-Governor Of District Installs 1943 Club Officers

Prestonsburg's Kiwanis Club made more than a regular meeting of it last Thursday.

The ladies' night banquet was held, officers for the year 1943 were installed, and meritorious members were honored in one session.

Lieut.-Gov. C. V. Snapp, of the Kentucky-Tennessee district, conducted the installation of N. M. White, Jr., as president; S. Cabell, vice-president; J. M. Davidson as secretary, and J. P. Melvin as treasurer. Also received into the club here as new members: Ambrose Mandt, Wade Hall, Joe Berry, James Morell, Jr., and C. V. Chumley.

Mr. Snapp was presented a Bond wallet, the presentation being made on behalf of the club by Dr. Hut-splinger.

At the same time, J. M. Davidson, a charter member of the club, was presented a 20-year jubilee. Since the club was formed here in 1923, Mr. Davidson has been its treasurer. Perfect attendance bulletins for 1942 were presented by L. Hut-splinger and P. L. Hall.

The drawing for guest prizes resulted in handsome awards for Mrs. H. B. Patrick, Mrs. E. F. Arnold, both of Prestonsburg, L. B. Brashear, of Mantion, and H. L. Leahy, of Ashland.

Fifty-five members and guests attended the banquet.

The retiring club president, Bob Pringle, sprang a surprise on the club and guests as well as upon the musicians themselves by presenting Dr. Marvin Rensdell and his fiddle and County Superintendent Town Hall and his band in their own rendition of "Cripple Creek."

Mother of Four Dies In Childbirth at 26

Twenty-six-year-old Flora Kilburn, wife of William Kilburn, Cracker, and mother of four, died Saturday following childbirth.

Surviving, besides her husband and parents, Mr. and Mrs. Eza Tuckers, of Johnson county, are three children, William, Jr., Michael, Joe, and Jesse. Funeral rites were conducted Sunday from the Kilburn residence and burial was made in the family cemetery, Johnson county, under direction of the Ryan Funeral Home.

4 MEMBERS OF FAMILY CONVICTED

In Murder of Watkins; Caudill Jury 'Hangs'; Court Term Near End

Four of five members of the Barnett family on trial here for the murder last September of Walter Watkins, 53, on Cole Branch of Middle Creek, were convicted Tuesday.

Mells and Warren Barnett drew pen terms of 10 years each. Lacy Barnett, brother of Mells, and Melvin Lacey, were given two-year sentences.

Two of the defendants only Mrs. Mollie Barnett, wife of Mells, was acquitted. The jury deliberated three hours before making a verdict.

The second murder jury to be dismissed in haste was docketed was that which heard the trial of William Caudill, accused of the slaying at Buckingham, last June, of Jess Osborne.

Although it was testified that Osborne lived more than 20 minutes after having been pulled from beneath a train at Wheelwright, the jurors could not decide if Caudill had or had not committed murder.

The Commonwealth contended that Caudill had struck Osborne with a poker and a chair, crushing his skull, and had carried him almost two miles to the tracks, where he had been crushed and a hip had been broken.

Caudill denied that he struck Osborne and the defense pointed out the marks made by the tracks approximately five hours after he had been at the Caudill home. Patience Johnson testified that Osborne, who had been crushed and a hip had been broken, was ordered by Caudill to leave the home and, upon refusing to do so, was struck first with a poker, then with a chair.

DAVID WOMAN TO LEAD DRIVE

Mrs. Hill, Floyd Chairman Of Drive for Polio Funds; Campaign Ends Jan. 30

The role Floyd county will play this year in the celebration of the President's birthday by raising funds for the fight against infantile paralysis will be directed by Mrs. Lon C. Hill, of David.

The campaign ends Jan. 30, the President's birthday. Mrs. Hill said this week she is soliciting the help of co-chairmen in the several communities of the county where coin containers and birthday cards will be distributed.

Kentucky, it was explained by Nell Dalton, Louisville, director of the Kentucky Committee for Cripple Children, the National Foundation for Infantile Paralysis, has a state chapter which has charge of half of the proceeds of the "Birthday Campaign" pays out this money on orders of the Kentucky State Crippled Children's Commission in infantile paralysis cases.

Mrs. Dalton said, "should a child in Floyd county develop infantile paralysis you would have to do something to help through the County Medical Officer, or any doctor, to the Crippled Children's Commission, who would immediately take the child into the hospital of the case and handle it as the facts call for."

TRAIN KILLS LIGON MAN

Walker's Legs Severed By Train He Intended To Board at Wheelwright

John Walker, 53 years old, Ligon carpenter, was fatally injured shortly after noon Sunday at Wheelwright Junction by the passenger train he intended to ride back to Ligon after visiting his son at Wheelwright.

It was said here that Mr. Walker was crossing the tracks in front of the train when struck. His legs were severed and he died soon afterward.

The train had been visiting his son, Thurman Walker, and was en route home when the tragedy occurred. He was a native of Marion North Carolina, and had many friends at the Left Beaver section of the county.

Besides his son at Wheelwright, he survived by his widow, one daughter, Mrs. Bill Hall, of Ligon, and a son, James, also of Ligon. Funeral rites were conducted Wednesday at the home of Bill Hall, 400 1/2 Third Creek, near Ligon, and burial was made under direction of the Arnold Funeral Home.

Mrs. Phena Newsome, III 8 Years, Is Victim At Teaberry Home

Mrs. Phena Newsome, 79 years old, wife of William Newsome, died Monday at her home at Teaberry following an illness of eight years. Senility was given as the cause of death.

A daughter of the late Andy and Amanda Mitchell, she was born and reared in this county where she had many relatives and friends. Besides her husband, her survivors include five sons and three daughters: Halter Newsome, Pikeville; Monroe, Andy and Walter Newsome, all of Teaberry; John Newsome, Louisville; Mrs. Ella Newsome, Creighton; Mrs. Laura Moore, Beaver; and Mrs. Conzetta Osborne, Donny. She also leaves two granddaughters, Robert Mitchell, Ligon, and Mrs. Hulda Jane Hamilton, McDowell.

Funeral rites were conducted at the home Tuesday, and burial was made at Teaberry under direction of J. W. Call and Son.

Salisbury Named Head Of Water Polo Team

Bobby Salisbury, son of Mr. and Mrs. Herbert Salisbury, Prestonsburg, was recently named captain of the water polo team, "The Monitors," at Indiana Tech. Ft. Wayne, Indiana. The team won the intra-mural championship last year, is leading the inter-mural league this year. Although only a second-term member, young Salisbury was chosen to head the team, one of the finest in the middle-west.

BIG SANDY CONFERENCE NET TOURNEY TO BEGIN NEXT WEEK AT BETSY LAYNE

Prestonsburg, Betsy Layne, Only Floyd Representatives, in Opposite Brackets; Cumberland Named Pre-Tourney Favorite

The Big Sandy Conference's annual basketball tournament will be held next week, beginning Thursday night, at Betsy Layne. Ten teams are entered, and the winner of this meet will be the Conference champion, regardless of the outcome of subsequent district and regional tournaments.

Betsy Layne and Prestonsburg are Floyd county's only representatives in the tourney, and they are in opposite brackets. Betsy Layne, bracketed along with Paintsville and Cumberland, is expected to have the toughest going, but Prestonsburg may come a cropper in the first round when it plays Van Lear, a team which has defeated the Black Cats in two engagements this season.

Tom Holland, in Sunday's Courier-Journal, named Cumberland high school of Elkhorn City as the pre-tournament favorite, with Paintsville, last year's winner, in second place.

Capt. Sutton Awarded Air Medal at Cairo For Flight Services

A dispatch from Cairo, Egypt, says that Capt. William E. Sutton, son of Mr. and Mrs. Ed Sutton, of Langley, this county, was one of 48 American flying officers and enlisted men awarded air medals Jan. 12 by Brig. Gen. Patrick Embert, chief of the American Bomber Command in Egypt.

Capt. Sutton's citation read, "In recognition of his extraordinary achievement while participating in aerial flight."

SURVIVOR OF U. S. CRUISER SUNK BY JAPANESE FINDS GETTING MARRIED, TACTICAL PROBLEM

Benjamin Franklin Hicks, 24-year-old son of Mrs. Julia Hicks Bailey, whose ship was sunk by a Japanese plane in the Guadalcanal naval battle of last November, saw his hope of getting married last Saturday sinking when he came here with his bride-to-be, Miss Callie Marie Hale, Ryeveville, only to find the Floyd County Clerk's office closed.

But the 24-year-old veteran of numerous sea battles decided to out-brick the enemy, Tom. He telephoned Paintsville, and he caught County Clerk Lonza Reed, just before he locked the door of the Preston County Clerk's office. County Clerk Reed agreed to stay in his office till the couple could drive to

Separatious in Africa

Separated for almost two years by demands of their service in the armed forces, Cpl. Arthur Crabtree, of the U. S. Air Corps, and Pfc. James Franklin Crabtree, of the infantry, were re-united in North Africa last November, their parents, Mr. and Mrs. Gilbert Crabtree, Crooksville, O., formerly of Prestonsburg, recently learned.

One had before the African invasion, been in Ireland; the other in England. Letters from both arrived within a few days of each other to tell of the reunion and one of the brothers facetiously remarked that he was exceedingly glad to see the other because he himself had run short of money between long-separated pay-days and thus found a "soft touch."

COURT, BOARD, CO-SPONSORS

Of Surplus Commodity Distribution; Allen Is Referral Agent

The Floyd fiscal court and the county board of education will share expense in advertising the distribution of surplus commodities to the county's schools and indigents. It was said after the court unanimously voted Monday to pay the salary of a certifying agent.

The court's order providing for payment of the certifying agent's salary was effective with the board of education agrees to pay \$20 a month on rent of a storage room, and on payment of utility expenses during the year. The cost of commodity transportation.

Superintendent of Schools R. T. Allen, of this county, was named as the certifying agent. He will be paid \$100 a month.

The court last week began the work of re-instating federal surplus food distribution in the county. As was weeks meeting it adopted a resolution stating that 80 rural schools and several high and consolidated schools, as well as poor persons, have been obtaining food from the Federal Surplus Commodity Administration. The past unproductive year season, however, has given as a reason for the need of such aid.

Each of the county's four magistrates was named commissioner of the road being brought on the right fork of Wilson Creek road and the road from the mouth of Hawkwork Branch, near Harold, were ordered by the court.

James' Suggestion Wins Award at Shipyard

Tom James, formerly of Prestonsburg, now a shipyard worker at Baltimore, Md., had himself an idea recently that paid off.

Each month, the Bethlehem Steel Corporation offers \$250 in prizes to employees making the most practical suggestions. The November awards were announced Jan. 15—and Mr. James was the winner of \$50, the only winner among the more than 600 men in his group.

His prize-winning suggestion was that checks be put on brown plates in the yard being brought on the ways. His suggestion, according to The Fairfield Yarrbird, Baltimore labor publication, will not only save time but will save a lot of valuable material.

Magistrate Hicks' Kin Dies in Knott County

George Hicks, 70 years old, brother of Magistrate John A. Hicks, of Garrett, died Thursday last week at his home on Quicksand Creek, Knott county, a victim of cancer.

Mr. Hicks was a devout member of the Baptist Church. His funeral was conducted Sunday, the Rev. Banner Manns, Alex Coburn and Marion Chaffin officiating. Tom Hicks, he leaves one brother, Jonah Hicks, of Mounds, a sister, Rosabelle Hicks, Garrett, and several children.

112 SELECTEES ARE NOTIFIED FOR INDUCTION

Draft Board 45 To Send 101 White Selectees, 11 Colored in Week

One hundred one white selectees have been notified to report next at 6 a. m. Thursday, Jan. 28, for army induction, and 11 colored selectees will report on the following day, officials of Draft Board 45 said this week.

Draft board officials here said that the Navy's quota of volunteers for January has been filled, but that draft registrants seeking to volunteer for either Navy or Marine service may go to the Ashland recruiting station on Wednesday, Feb. 4, and make application. If application is accepted it was said, the registrant will return to his local draft board to receive a letter of acceptance from the recruiting station. He will then be notified by his draft board when to report for induction.

The first two Floyd countians to be inducted into the Navy under revised selective service laws are Billy Burns Martin, Minnie, and James Attison Price, 610. The two engaged in friendly rivalry here Tuesday for the honor of being the first man thus inducted. Both have been notified by Board 45 to report to Ashland for induction at the same time, and which was first will be determined later by service serial number.

Names and addresses of selectees to leave here Jan. 28 for final physical examination and possible induction (V following name indicates volunteer):

William W. Brown, Jr., 1105 Lexington, (now at Detroit, Mich.); Leonard Davis, Wheelwright, (now with Benito Valley Barracks, Louisville, Ky.); Edwin M. PRACTICAL AND PATRIOTIC

MOST of Johnson county's schools will operate on a six-day weekly schedule during the second semester, this year.

The one day of extra work a week will enable schools having a nine-month term to close on April 16 instead of mid-May and in the height of the early farming season.

This wartime time-saving schedule was agreed upon by county school officials, teachers and students—all anxious to work with no weekly holiday, save Sunday, to the end that teachers and students may be available for necessary work next spring outside the school-room.

Johnson county's plan will enable many teachers to get to their farming early or to spend a longer period between schools terms in other war production jobs. School's end in April also will release many high school students for work on farms already short of labor.

WHAT PRICE LIBERTY—

FIFTY CENTS?

FOR two weeks now, several thousands of Pennsylvania anthracite coal miners have been on strike.

They walked out, not because of any dispute with operators of the mines. They quit because John L. Lewis had demanded fifty cents more of them on monthly union dues.

Fifty measly cents stood between them and the face of the coal where their work, engaged in a war-to-the-death with an implacable foe, needs them.

Those fifty cents are a measly sum, because they are the added dues asked over a period of a month and because they are only a small part of any miner's monthly wage in this land of the free.

But shall we call these workers traitors to our common cause because they refused to heed the dictatorial demand of their chieftain, John L. Lewis, for more funds for his union treasury? Why not, instead, question his need for that extra fifty cents a month from all these thousands of miners?

Shall we not wonder if that fifty cents asked of each man facing the coal back under the Appalachian mountainsides is not more important to those workers than to their leader in his luxurious home or office?

It is shameful, true, that any man should refuse to work in a free America, for a living wage and to produce the materials necessary for this good land to remain free.

But to these "little" men who work with their hands beyond the blame no more than to their leader—whose fortune long since has been assured.

John L. Lewis tells President Roosevelt he will do all in his power to send the men back to work. He talks talk. Chides, advises, reprimands the miners. Is he not enjoying the same liberties we all enjoy?

Does not Mr. Lewis himself entertain the same bright hope we all cherish? Would he do all in his power to send the men back to work—to work, for a great cause?

It was, and is, in his power to tell those workers to keep their fifty cents. He has not done that.

Buy U.S. WAR BONDS

Year best investment—United States War Bonds and Stamps!

War is hell! It's a tough racket all the way down the line—from the men who are throwing bullets at the Axis to the last K. P. The newspaper headlines carry the story of combat, but there's little enough glory and beaucoup hard work for the millions behind the lines who must maintain the Army in the field.

In industry, too, there are millions of unsung heroes. Many of our employees have joined the armed forces—those left behind are working like beavers to fill the gaps in the ranks.

In spite of shortages in materials and manpower, this Company has been able to provide adequate electric service for industry and commerce and the home.

Before Pearl Harbor—before "lend-lease"—we planned the construction program that made this possible. It's just another example of American business management that has provided this country with more electric power than all the Axis nations combined—five times as much as we had in the last war.

Maloney-Salisbury Nuptials Solemnized
 Langley, Ky., Jan. 18 (Sp.)—Details of an August wedding in the East have just been made available to readers of The Times. On Aug. 9 Miss Mary Elizabeth Maloney became the bride of Mr. Ralph Salisbury in Jamaica Plain, Mass., in the church of Our Lady of Lords, the Rev. Father O'Connor officiating. Attendees were Misses Winnifred Maloney, sister of the bride, and Eleanor Blanche, bridesmaid, both of East Boston, while Mr. James Sullivan of Rochelle, Ga., was best man.
 The bride wore long-sleeved white satin with full-length train, sweetheart neckline, pointed basque waist, trimmed in pearls, which also formed the coronet she wore. A full-length veil was attached to the latter by seed pearls. She carried a bouquet of white lilies and myosotis, with blue forget-me-nots and white ribbon streamers.
 The single ring ceremony was used.
 Following the ceremony, members of the wedding party and guests enjoyed an elaborate reception in the Hotel Von Dome, Boston.
 Mrs. Salisbury is the daughter of Mrs. Elizabeth Maloney, East Boston, and a graduate of St. Joseph's Academy, Dorchester, Mass.
 The groom is the only son of Mrs. Lillie Salisbury of Maytown, and the late Ballard Salisbury. He received his education in the Maytown high school, and for the past three years has been in the U. S. navy, having volunteered for service early in World War II.
 Mrs. Salisbury is now visiting Mr. Salisbury's relatives in Maytown, and in his absence receiving the congratulations of his numerous friends.

Smaller mercantile stores and their patrons everywhere are being protected by the War Production Board in an order designed to limit the stocks which can be held by the larger stores—those which do an annual business of \$200,000 and closed the last year with \$50,000 worth of goods on hand.
 Many of these larger stores, with their greater financial resources and storage space, might well be able to stock more of their share of war-care consumer goods. WPB Order L-219 (the "L" stands for limitation) now restricts the amount of inventory they carried in corresponding quarters of last year.
 John G. Virden, regional WPB Director for Kentucky, Ohio, West Virginia and Western Pennsylvania, explains that this is what the order seeks to accomplish:
 To assure a more equitable distribution of stocks, with their normal share of the available consumer goods being available to stores in rural areas and small communities; To curb inflation by discouraging speculative buying on the part of merchants with larger big stores.
 Some 34 per cent of the people live in small communities and rural areas, and L-219 will insure that their stores are able to obtain their fair share of consumer goods. Like rationing, the system of inventory control assures everyone of his fair share of whatever is available in that particular controlled field.
 The WPB requirements committee has approved an Agriculture Department request for an increased production of repair parts for farm machinery and equipment.
 The OPA suggests a sashless storm window made by placing a second pane of glass over the window frame and holding it in place with picture-frames type molding.
 This will save fuel savings for every 10 square feet of window space are eliminated.

The BOX-SCORE OF SELF REGULATION
 Results in The Beer Industry's Crusade of Decency

THESE figures may amaze you. For never before has an entire industry fearlessly acted as judge and jury in keeping its own business clean. But wherever beer is being sold in unwholesome surroundings, without regard for the simple common-sense rules laid down—we act! Here are the results:

| | 1940 (6 mos.) | 1941 | 1942 | TOTAL |
|-------------------------------|------------------|------|------|-------|
| Places investigated | 239 | 446 | 533 | 1218 |
| Places found O. K. | 148 | 303 | 326 | 779 |
| Licenses Revoked or Suspended | 13 | 26 | 76 | 115 |
| Other Actions | 78 | 115 | 161 | 324 |

The record speaks for itself. Decent law-abiding beer retailers are entitled to do business without illegal competition that brings discredit on them all.
 This Committee, pledged to the *Clean-Up or Close-Up* Campaign, investigates constantly, reports those places that do not heed the warning to *clean up*. Alert state enforcement officials promptly revoke or suspend licenses on the evidence we submit.
 Beer's reputation as a beverage of moderation is jealously guarded against those who would use it to cloak unsavory activities.

KENTUCKY BREWING INDUSTRY FOUNDATION COMMITTEE
 HARRY D. FRANCE, State Director
 1122 STAMM BLDG., LOUISVILLE, KY.

estimated for climates comparable to New York City's at 4 1-3 gallons of fuel oil, 17 pounds of coal, or 1-028 cubic feet of gas. If weather stripping is used, savings will be up to one-third greater. Window shades help keep in the heat.
 Here is the rationing table:
COFFEE—coupon No. 28 good for one pound through Feb. 7;
SUGAR—stamp No. 10 good for 10 pounds through Jan. 31, stamp No. 11 will be valid from Feb. 1 to March 15;
GASOLINE—No. 3 stamp in the A-Book not good after Jan. 21;
TIRES—B, C and T-Book holders must have inspection by Feb. 28, A-Book holders by March 31.
 The ODT's director has called for better adjustment or elimination of traffic lights to save gasoline and tires.
 Manufacturers must again curtail the use of tin in toothpaste and shaving cream tubes.
 Approximately four million additional cans of canned soups will be packed in metal cans for the armed forces, lend-lease, and civilian use during '43.
 After April 1, packers of beans, foods, flour, meal, nuts, potatoes, seeds, and many other items, may pack their products only in specified sizes of textile or paper shipping bags.
 Employers who need rubber boots or rubber work-shoes for use by employees doing work essential to the war effort, public health or safety during disaster, are eligible for rationing certificates to permit the purchase.
 The OPA has set a uniform method of pricing dressed hogs, but will bring no change to the consumer in the present March, 1942, ceilings for pork cuts.
 The OPA has given its regional administrators authority to adjust locally poultry prices for sellers other than retailers where this is necessary to help eliminate local shortages.
 Ration banking goes into effect Jan. 27. Coffee, sugar and gasoline stamps will be included in the plan at once. The system utilizes the facilities of the nation's commercial banking system for handling and safeguarding ration stamps and certificates after they have passed out of the hands of consumers into the trade channels. Consumers will not be affected. A grocer or other qualified seller may open a ration

bank account by applying at the bank where he has a checking account.
 The average family paid 12 percent more for food on December 15 than on Nov. 17. The secretary of labor reports higher prices for uncontrolled fresh fruits and vegetables were again chiefly responsible for the rise. Prices of foods not under direct OPA control rose 7 percent while the average advance for controlled foods was 0.5 percent. Among the nine uncontrolled foods included in the index, only fresh green beans decreased—by 3.4 percent.
 A total of 1400 trucks, trailers and miscellaneous vehicles were released under the truck rationing program during the week ended Jan. 9.
 In a move designed to prevent further increases in the price of corn—America's largest farm crop—the OPA has frozen corn prices on all exchanges and in every cash and local market over the country generally at the highest level at which sales were made on Monday, Jan. 11, 1942.
 Savings effected by coffee manufacturers who made war-necessitated changes in containers, from metal and glass to cheaper cardboard, will be passed on to the consumers, OPA announces.

Vital to Liberty Conserve its Use

The New Year, 1943, is "the end of the beginning." A greater burden of toil and conflict lies ahead. And while America's sons fight in desert and jungle, telephone communication lines at home will carry an ever-increasing load of calls vital to Victory.
 Telephone materials are still going to battle in the form of guns and shells. So, to get the most out of our present equipment, we will continue to need your help in keeping long distance lines clear of all but necessary calls. And remember, the greater the distance you talk, the greater the chance of your call getting in the way of important war calls.
 We are most grateful for the patriotic response during 1942, to our requests for voluntary reduction of unnecessary long distance calls. It helped us provide the services so badly needed in those critical times.
 For the "duration," we can continue to best serve the telephone needs of all by serving our country first.
