800 Miners Quit At Wayland

MINE IS IDLE AS STOP-WORK ORDER, NEAR

Mine Labor Dispute In Roosevelt's Hands; General Walk-Out Seen

First Work-out to be idle as a result of the current wage dispute between the United Mine Workers and operators was that of the Elk Horn Coal Corporation at Wayland where 800 miners quit work this morning (Thursday).

The coal case was handed Wednesday to the War Board for a final showdown between John L. Lewis, UMWA chief, and President Roosevelt.

Before the Floyd miners quit work 6,000 miners were already idle in unauthorized walkouts.

Most of the miners left this week, "beating the gun" to Lewis' expected stop-work order Friday midnight and from Pennsylvania and West Virginia operations.

Lewis refused to appear before the War Labor Board the agency established as a court of final appeal for all wartime labor disputes and will refuse to go on a company union after midnight Friday in the absence of a contract. He said such action would be taken of the ground that work without a contract would be "repressing on company property."

The Elk Horn Coal Corporation's Fleming, Ky. mine became idle Tuesday night.

BIDS SOUGHT ON SURFACING

Of 11 Miles, Route 80, Martin to Knott Co.; Lett Beaver 'Out'

The State Highway Department, in an advertisement appearing in THE TIMES this week calls for bids on asphalt surface sealing of approximately 11 miles of the A-luckey highway on Right Beaver Creek.

Surfacing will begin at the end of the pavement near Martin and extend to the Floyd-Knott line at Lett.

Asked what the Department's plans for Lett Beaver Creek are this year, Dr. B. M. Brown, Hazard, highway commission zone, this district, said a War Department ruling will permit only one surfacing and another road work by maintenance only. Dr. Brown added that unless these restrictions are relaxed Lett Beaver Creek will be a "black hole" of highway work this year.

The surfacing apparently was in contemplation in the report issued here Tuesday that the War Department may spend this year under an emergency provision from \$20,000 to \$50,000 on the haul up support of the Lett Beaver Creek highway. This amount is projected.

Martin Theatre Collects \$165 for Red Cross

The Martin Theatre, one movie house in the county to report its collection for the Red Cross fund, collected approximately \$165 recently for that cause. Treasurer of the theatre, Dr. B. M. Brown, has been asked to check for this amount by Lawrence Keathley, owner of the theatre.

70 Are Examined At X-Ray Clinic

Approximately 70 persons appeared at the tuberculosis x-ray clinic conducted here Monday at the office of the Floyd County Health Department. X-ray examinations were given, especially for the benefit of high school seniors. At the same time the services of the clinic were offering tuberculosis contacts, suspects and others referred to the clinic by physicians.

Mrs. Sarah Johnson Is Tuberculosis Victim

Mrs. Sarah Johnson, 56 years old, wife of E. L. Johnson died Tuesday at her home at Lambert on Clear Creek, a victim of tuberculosis.

Mrs. Johnson was a daughter of the late Henry Thornsbury and was well-known in this section. Her funeral was conducted today (Thursday), the Revs. Aaron Buck and Jerry Hall officiating. Burial was made in the Buckingham cemetery, under direction of the Ryan Funeral Home.

Mrs. Johnson is survived by her husband and the following sons and daughters: Henry Allen, I. B. Johnson, the Revs. Aaron Buck and Jerry Hall officiating. Burial was made in the Buckingham cemetery, under direction of the Ryan Funeral Home.

FLOYD WOMAN BURNS VICTIM

Mrs. Nolen Succumbs At Lackey Hospital Monday Afternoon

Attempt of Mrs. Catherine Nolen, 77 years old, widow of Wm. Nolen, to extinguish flames in a curtain in the home of her daughter, Mrs. Melvin Allen, near Garrett, Sunday resulted in burns which proved fatal to her, Monday noon.

Mrs. Nolen's clothing was almost completely consumed by her body's fire, and she died at the Stumbo Memorial hospital at Lackey.

Mrs. Nolen was twice married—first to Steve Collins, of Ohio, and of this marriage one son, John Collins, survives. Of her marriage to Wm. Nolen three daughters, survive: Mrs. Allen at Garrett, Mrs. Ida Williams and Mrs. Josephine Grigby, both of Perry county.

Funeral rites were conducted Wednesday afternoon, the Revs. C. Conn, M. M. Chaffin, Hawk Moore and Alex Coburn officiating. Burial was made under direction of the Arnold Funeral Home in the Wicker cemetery, near Garrett.

Bright's Disease Claims Mrs. Amanda Akers, 62, At Ligon Sunday

An illness of Bright's disease resulted Sunday in the death at her home, Mrs. Amanda Akers, 62 years old, widow of Henry Clay Akers, who died in 1941.

A daughter of James and Mary Tucker, Virgie, Floyd county, Mrs. Akers was a member of a well-known Eastern Kentucky family. Her father survives, as also do the following children: James Akers, wife, Mrs. Jacob Akers, Ligon; Mrs. Pauline Akers, Ligon; Mrs. Hamilton Akers, Ligon; Mrs. Gladys Akers, Ligon. She also leaves two brothers and four sisters: Abney Tucker, Ligon; Abel Tucker, Ligon; Mrs. Elmer Hamilton, Ligon; Mrs. Ellis Little, Virgie; Mrs. Mirza Tackett, Virgie; Mrs. Hiram Anderson, Robinson Creek.

GAS COMPANY BUY APPROVED

Public Service Body Acts; Sale of Bonds To Be Made May 3

Last obstacle to purchase of the Prestonsburg Gas Company by the city of Prestonsburg was removed Thursday, last week, when the Public Service Commission at Frankfort approved the transaction.

Purchase of \$50,000 worth of bonds issued by the city to pay for the utility has been guaranteed by D. P. Knecht, Mayville, Ky., at 103 1/2%. Sale of the bonds will be made at the City Hall May 3 when bids are opened. Soon thereafter, actual transfer of title of the property is expected to be made.

'They Give Their Lives—You Lend Your Money'

FLOYD HEMP-GROWERS MEET, SEEKING GOAL OF 400 ACRES

On notice by County Agent S. L. Lett, Floyd county hemp growers met at the courthouse here Thursday, April 23, with the following: Tom Harris, Emma, Wm. Hiler, Hippo; Hyram Salsbury, Printer; Joe Reynolds, Beaver; Lack Hunter, Woods; Wash Miller, Cliff; Webster Akers, Grethel; Dick Spradlin, Auler; Darce Montgomery, Blue River; James Hunter, Pjinter; Jim Stephens, Cliff; Edson Moore, Hueyville; Henry Stamba, McDowell; George Sherman, Auxier.

Names of those who attended were unavailable. A check-up of the county's proposed production this year shows that the Floyd acreage has increased from 25 acres to about 200 acres. Since the goal for the county is 400 acres, it is expected that additional acreage will be taken up this year and hemp planting time will bring acreage up to the 400-acre goal. Hemp is definitely a war-time crop, Japan having captured America's best source of imported hemp, and now every effort is being made to reach the wartime production goal sought. Floyd growers president, who produced hemp seed last year, plan to increase their acreage this year and urge other farmers to do likewise. County Agent Isbell said.

The meeting was called for the purpose of planning the best approved methods of producing the 1943 hemp seed crop. W. C. Johnson, head of the Agronomy Department, University of Kentucky, was present and gave growers benefit of his observation and experimental work in more than 50 counties of this state. Hemp growers present agreed on the following practices as being necessary for making this crop the success that it should and must be: 1. Select a well-drained bottom field, as the creek bottoms and valleys offer the best conditions available to the production of the heavy crop. (See story No. 3, Page Four)

Floyd County Is 'Over Top' In New War Bond Drive

Floyd county is definitely "over the top" in its drive to reach the \$463,000 quota assigned the county in the nation's campaign to raise \$12,000,000 in War Bonds this month. The total of Bond purchases in the county during the month may exceed \$600,000.

Two days short of the May 1 deadline, Floyd county Wednesday was forging ahead beyond the goal established. Prestonsburg, which had subscribed their share of the War Bonds at the same time, private citizens had done their part.

Glenn C. Spradlin, executive vice-president of The First National Bank, and drive chairman, said this week a spirit of Bond-buying followed announcement from Washington that the Japs had executed American flyers captured in the air raid on Tokyo. The same reaction to the news resulted throughout the nation.

Floyd county exceeded its huge Bond quota without benefit of organized or fanfare. Mr. Spradlin commented, "Its contribution of patriotism was what naturally might be called spontaneous. The only incentive beyond the desire of the people to help win the war was given by local newspaper publicity and advertisements sponsored by local business men and firms."

Congressman May Says Junkets Should Not Cost Taxpayers

These junkets to North Africa by Congressional delegations are an essential to victory and should not be made at the taxpayers' expense, was the opinion expressed here this week by Congressman A. J. May.

"I made a speech recently on the floor of the House in which I said that, so far as the House Military Affairs Committee is concerned, there will be no junketing by my committee, for the reason that I will have control of the funds from which travel expenses would be paid. I said then, and I repeat now, I will sign no voucher to pay out the money of the taxpayers for any such purpose."

New Hours for Work Folding Bandages

New hours for the work of folding Red Cross bandages were announced this week by Mrs. Lillian Kenson, director.

EASTERN STAR DISTRICT MEET

To Be Entertained By Adah Chapter Here May 7th

Adah Chapter, Order of Eastern Star, will be hoisted Friday, May 7, to the Fifth district School of Instruction which will be conducted by Mrs. Josephine Harkins Browning, Ashland, formerly of Prestonsburg, and in the presence of Grand Master of the Order in Kentucky. Chapters to be represented here, in addition to Adah Chapter, are those from Pikeville, Whitesburg, Dixie, Freeborn, Van Lear and Wayland.

Registration of representatives will begin Friday afternoon at 12:30 o'clock, ending an hour later. Following the afternoon session, a banquet will be given at the Methodist Church at 6:30 p.m.

RECRUITER FOR WAVES, SPARS TO Be Here, Each Wednesday

A Navy recruiter will be in Prestonsburg, at the postoffice building, every Wednesday from noon until 4 p.m., to interview and accept applications for enlistment in the WAVES and SPARS.

Basic requirements for enlisted women are: Be between the ages of 20 and 38, have at least two years of high school or business school, be either married or single, but if married have no child under 18, and be in good health.

The Waves recruiter will furnish booklets on the WAVES and SPARS, which explain in detail the opportunities offered, or furnish any other information desired. Those desiring application forms should call in person or write the Navy Recruiting Station, Postoffice Building, Ashland, Ky., for full particulars.

State Sunday Schools Prepare for Increased Attendance May 2

Hundreds of Sunday Schools over the state are preparing for increased attendance Sunday, May 2, which is Go-To-Sunday-School Day in Kentucky. The promotional campaign has been under way since early in April.

Inaugurated on May 3, 1914, by the late Dr. George A. Joplin, at that time general secretary of the Kentucky Sunday-School Association, the first observance of Go-To-Sunday-School Day resulted in an attendance of 600,000 in the Sunday Schools of the state, which was nearly double the number ever present on any previous Sunday. The movement attracted attention all over North America. Within a few years 28 states and some provinces of Canada were following Kentucky's lead in observing Go-To-Sunday-School Day.

SIX INDICTED IN JOHNSON SLAYING

Harris Denied Bond; Grand Jury Advises Action Against Idle

Four of the six Lett Beaver Creek court grand jury Friday in new order indictments for the ambush-slaying of Noah Johnson, Halo merchant, gained liberty Tuesday under bond, while one remained in jail and the sixth had not been arrested.

Indictments were returned against the six after the original murder bill charging John Harris with the assassination of Johnson had been dismissed. Named in the new indictments are Harris, Ted. Allen, Gomer, Mitchell and John Martin. Gomer Martin will be admitted to bail in the sum of \$2,000 when he is brought before the court.

The grand jury adjourned Saturday after returning 37 true bills during a nine-day session. It examined 45 witnesses.

DAN MARTIN DIES IN BOYD

Ex-Sheriff's Father Succumbs Wednesday; Burial in Boyd Co.

Daniel D. Martin, native Floyd county, and father of Ex-Sheriff T. Y. Martin, of this county, died Wednesday at 12:45 p.m., at the home in Ashland, of his daughter, Mrs. B. B. Geiger, after a long illness. He was 89 years old.

A native of the present town of Wayland, he was son of the late John Martin and Rhoda Gearheart. His family at one time owned the land which Wayland and its mining activities stand on. His father in 1814 sold his land in this county and bought the Muscle farm near Cannonsburg. He resided on the farm, one of the largest in Boyd county, till six months ago when he became ill and moved to the home of his daughter.

He is remembered in this county, particularly by older residents as one of the section's best citizens. Surviving are two sons and one daughter: Ex-Sheriff Martin, of Banner and Ashland; Martin, of Ashland; and Mrs. Geiger, both of Ashland. He also leaves 10 grandchildren and 14 great-grandchildren.

Funeral rites were conducted today at 10 o'clock at the First Baptist Church, the Rev. W. K. Wood, pastor of the Polard Baptist Church, officiating. Burial was made in the family cemetery on East Fork, Boyd county.

Hour of Crucifixion Is Observed Here, Good Friday

Traditional hour of the Crucifixion, 2 to 3 o'clock, Good Friday, was observed here by a community service at the Methodist Church which was attended by approximately 100 persons.

All churches of the community were invited to attend the service, which, conducted by the Rev. W. B. Garriott, included hymns pertaining to the Crucifixion and readings from the Scriptures.

Approximately 300 students of Prestonsburg's grade and high schools attended the service. During the hour all Prestonsburg business hours were closed.

Sunday morning, Easter services were conducted at the several churches here.

THE STEP-CHILD

Left Beaver Creek, unhappy step-child of the state highway system, now has the War Department down on it, so we are told. Bring on the jeeps! It's too rough for cars.

Left Beaver Creek — Beaver Creek left — out in the cold.

NOT SO BAD HERE If this story, recently told, is to be believed, rationing here is nothing. The story goes that a citizen of German-occupied Holland decided he could stand the Nazis no longer, so he tried to hang himself. But the rope was so rotten it broke. Then he tried to drown himself but his suit, made of German crease wool, kept him from sinking. He took poison, but it, too, was an imitation and succeeded in merely giving a headache. It was then that he gave up the idea of suicide and started living on his ration coupons. The poor fellow died of starvation in six weeks.

WE STRIKE... Our pickets are at their posts. Everything is being made ready. We strike at dawn. Nothing shall stop us. There will be no drivers' east, once. How we shall show them. We want only the order, and it will come, and then we shall strike. We all have now, idle; it is the full before the storm.

No, our pickets do not belong to the picket line back home. Those whom we shall overthrow are not the owners of a factory. That order we await will not come from any labor leader, and we do not sit here in "sit-down" fashion. And when we strike, come tomorrow's dawn, we will not walk out—we shall walk in on the enemy.

For we are the boys in Tunisia and on South Sea Isles, when we strike, we strike for all.

To Represent County Music, Crafts Groups At National Festival

Although wartime demands have separated Mrs. Edith Mispatriek from her Floyd county friends, she will represent the county at the National Folk Festival, Philadelphia, as usual, but most of the other Chambers will not be able to attend because of wartime conditions. Mrs. James is now a resident of Baltimore, Md., where her husband, Tom James, is a shipyard worker.

Walter Hall, one of the Chambers, will join Mrs. James at the Festival, and Mrs. Winnie F. Johns, director of the Mountain Crafts, associate enterprise of the Chambers, will also go to Philadelphia where displays of her group's weaving and other arts will be on display at the Academy of Music and Gimbels store.

Handicrafts of Mrs. Johns and associates has attracted wide attention during the last few years, particularly in the east where their products have been displayed.

THE OLD JUDGE SAYS...

"Judge, I didn't realize till the other night when I ran across an article in the paper what a whole of a lot of industrial alcohol the government needs for the war."

"I should say it does, Chet. I understand the beverage distillers around the country are producing about 2,400,000 gallons of industrial alcohol this year for ammunition, tires, and other things. I'd say it's mighty fortunate these distilleries are available to do the job. Otherwise, if we still had prohibition, the government would have had to spend millions of dollars and use up a lot of critical materials to build plants... to say nothing of all the time it would take. It might have been just another case of 'too little, too late.'"

PUBLIC NOTICE

Less Than Two Cents

Per Person Is All That Floyd County Will Lose In State Liquor Revenue When She VOTES DRY MAY 15th

For Less Than Two Pennies, WOULD YOU VOTE TO MAKE DRUNKARDS OF THE BOYS AND GIRLS OF FLOYD COUNTY BY KEEP-
ING LIQUOR UNDER THEIR NOSE EVERYWHERE THEY GO?

When Floyd County Votes Dry, it means a loss of less than 2 pennies for every man, woman and child in the county in revenue from the
state's liquor consumption and license taxes.

IF YOU WANT THE PROOF

READ THE REPORT OF KENTUCKY'S DEPARTMENT OF REVENUE YEAR CLOSING
JUNE 30, 1942

THE TOTAL WHISKEY CONSUMPTION TAX RECEIVED BY THE STATE:	
From all sources, fiscal year ending June 30, 1942, was.....	\$2,906,746.05
Total State beer consumption tax, same period, was.....	1,234,273.28
Total State wine consumption tax, same period was.....	182,022.35
Grand total consumption tax for this period was.....	4,323,041.68
This total consumption tax of \$4,323,041.68 received by the State if divided by the 2,839,927 people in Kentucky, would amount to \$1.48 for every man, woman and child in the State.	
At \$1.48 per capita, Floyd County's 53,002 population paid into the State's general fund, for the year ending June 30, 1942, a total liquor consumption tax of.....	
She sent the State for whiskey license fees.....	\$78,442.96
Her State beer license fees at \$25.00 per store were.....	1,800.00
Her grand total sent the State for liquor revenue was.....	1,700.00
Her grand total sent the State for liquor revenue was.....	
\$81,942.96	

THIS \$81,942.96 IS THE SUM THE STATE WILL LOSE AND NOT FLOYD COUNTY WHEN THIS COUNTY VOTES
DRY MAY 15

This county is only one of the 120 counties of the state sharing in the general fund. So this county will lose ONLY her
120th part of the \$81,942.96, which totals \$653.69. This \$653.69 is this county's only loss in state revenue—less than
2c per person.

No Local Revenue Is Lost

TAXPAYERS WILL SAVE THOUSANDS OF DOLLARS WHEN FLOYD GOES DRY MAY 15

The small license fees charged the beer and liquor saloons in Floyd County, to help pay for damage the liquor outfit
creates NEVER HAS paid for the care and maintenance of the DRUNKS THE SALOONS MAKE.

Floyd County--Wet or Dry

WILL CONTINUE TO RECEIVE HER SHARE OF \$9,157,255.20

In Liquor Revenue pouring into the State's general fund from 7 breweries, 200 wholesale distributors and 4,500 beer
and whiskey saloons. A COUNTY VOTING DRY DOES NOT DISTURB THIS REVENUE. Dry Floyd will get her
share.

FLOYD'S LIQUOR BILL IS \$1,241,836.86

FLOYD COUNTY'S LIQUOR BILL LAST YEAR WAS APPROXIMATELY \$1,241,836.86. This equals \$23.43 for
every man, woman and child. Figure for yourself how much this staggering sum would have contributed to the peace
and prosperity of the County, had this amount been spent for useful things.

THE LOCAL LIQUOR OUTFIT

And the Distillers and Brewers of Louisville, Milwaukee, St. Louis, and Chicago are itching to keep their hands on this enormous sum
for three more years.

LET'S VOTE LIQUOR OUT OF FLOYD COUNTY ON MAY 15

TO VOTE DRY, VOTE YES. GIVE OUR BOYS AND GIRLS A BREAK!

MRS. JULIA B. STEPHENS, Chairman

To the Citizens of Floyd County: Should We Vote Wet or Dry at the May 15th Election?

When prohibition or local option is discussed in nearly every section of our country, the Americans divide themselves into different schools of thought. The wets call the dries radicals and the dries denounce the wets as big game hunters who are in favor of the sale of liquor as an enemy of the community. To call one who is opposed to your side of the question a names may end the argument but it does not solve anything. A correct solution of any great problem can be reached only when our citizens are able and willing to discuss the matter in an intelligent and logical manner. Then, after all of the arguments are presented, reach the conclusion which appears to be to the best interest of all concerned. There is, however, one outstanding fact with which all high wets and dry wets can agree. It is that the legal sale of alcoholic beverages produces an enormous sum in taxes for the federal, state, city and county governments.

FEDERAL REVENUE
During the year 1942 the alcoholic beverage industry paid in taxes to the federal treasury the total sum of more than a billion dollars. Most of us are unable to understand how much a billion dollars is unless it is broken down in a way to enable us to grasp its significance. Perhaps it would be more impressive if it were stated that the taxes imposed by the federal government on alcoholic beverages produced for the federal treasury in 1942 an average of \$2,700,000 a day for each and every day of 1942; or to put it another way, the revenue received by Uncle Sam in 1942 from the taxes imposed on alcoholic beverages was enough money to pay the entire salary for all 1942

of a standing army of 1,600,000 private soldiers.
We are now engaged in the greatest war of all times, leaving whether or not the American government and the American way of life shall survive. Every penny received by Uncle Sam by the sale of bonds or through the medium of taxation carries us one step nearer final victory.
In view of our great need of money in this crisis, and in the light of our experience under national prohibition, is it unreasonable for one to ask, "Is it advisable at this time, when revenue is needed so badly, to vote the nation dry and divert a billion dollars from the pockets of Uncle Sam into the pockets of the bootlegger, the moonshiner, and the racketeer?"

CITY AND COUNTY REVENUE
The various cities and counties of Kentucky collect thousands of dollars in license fees and property taxes from those who are engaged in the alcoholic beverage business, but this is only a drop in the bucket compared to the state of Kentucky, which the citizens of the various cities and counties of Kentucky receive from the alcoholic beverage revenue collected by the state of Kentucky.
The Legislature of Kentucky appropriates millions of dollars annually from the general fund of the state treasury which directly benefit the citizens who live in the various cities and counties of the state. A few of the appropriations for the fiscal year ending June 30, 1942 are mentioned below. These appropriations are always made from the general fund; they are approximately the same each year and we are discussing the revenue collected for the fiscal year ending June 30, 1942, we shall discuss only the appropriations made for the same year.

PUBLIC EDUCATION
For the fiscal year ending June, 1942, the Legislature appropriated from the general fund \$10,700,000, known as the \$12.80 school per capita appropriation. This appropriation helped finance the schools in every county of Kentucky and 28 per cent of this appropriation, or \$3,136,000, came from a tax on alcoholic beverages. **OF THIS SUM, FLOYD COUNTY SCHOOLS RECEIVED \$222,000 AND ALCOHOLIC BEVERAGES PAID \$62,000 OF THE BILL.**

FREE TEXT BOOKS
For the fiscal year ending June, 1942, the Legislature appropriated from the general fund \$500,000 for free text books. Twenty-eight per cent of this sum, or \$140,000, came from a tax on alcoholic beverages. **OF THIS SUM, FLOYD COUNTY RECEIVED \$4,000, AND 28 PER CENT OF THIS \$4,000, OR \$2,560, CAME FROM A TAX ON ALCOHOLIC BEVERAGES.**

COUNTY AGRICULTURAL AGENCIES
For the fiscal year ending June, 1942, the Legislature appropriated from the general fund \$130,000 to help pay the salary and to finance the cost of operating a county agricultural agents office in the various counties of the state. Twenty-eight per cent of this appropriation, or \$36,400, came from a tax on alcoholic beverages. **FLOYD COUNTY RECEIVED ITS SHARE OF THIS FUND.**

PUBLIC HEALTH
For the fiscal year ending June, 1942, the Legislature appropriated from the general fund \$244,500 for county health officers in the various counties of the state. Twenty-eight per cent of this sum, or \$68,460, came from a tax on alcoholic beverages. **FLOYD COUNTY RECEIVED ITS SHARE OF THIS FUND.**

hemp seed crop.
2. Use plenty of commercial fertilizer if barnyard manure is not available, the use of phosphate being especially important, since the phosphate aids in the development of the seed and plant. From 300 to 500 pounds of acid phosphate should be broadcast and worked into the seed beds before planting the hemp; also 200 pounds of a complete fertilizer, such as 8-8 or 3-9-3 applied in the rows gives a needed amount of plant food nutrients. The complete fertilizer can be applied after the hemp is up and growing by dropping by the side of the hemp hill. Since hemp seeds are very small, being about the size of sorghum seed, a loose seed-bed is absolutely necessary.

3. It has been found by the experience of several hundred growers that the rows should be about five feet apart in the row. A bull-tongue or single shovel plow is best for laying out the row and a marker that will mark two rows at a time is recommended for marking the hills. The amount of seed that can be picked up by the thumb and forefinger (from 70 to 14 seed) should be dropped in each hill and your foot used to press the soil firmly down over the seed, either before or after covering. The seed should be planted in late May or early June. Earlier planting does not produce a large quantity of harvested seed.

4. When the plants are from six inches to two feet high they should be thinned and not more than four plants left in each hill. The surplus plants removed can be used to replant any missing hills.

5. Cultivation should be often and shallow, just enough to control the weeds and grass. Since hemp grows very rapidly, cultivation is necessary only in its early growth, as it is soon able to shade the ground and that prevents further weed and grass development.

Farmers interested in growing hemp should apply to the A. A. A. office here to sign contracts and applications to receive seed and permit to grow the crop at no initial cost. Cost of the seed and permit will be taken out of the crop when it is harvested.

Commenting on the urgent need for hemp, County Agent Leibel said: "It may be well to remind ourselves that the amount of seed needed to equip one large ship, if laid end to end, would be 79,000 feet long, and this is real large rope, as if we are to grow the hemp to produce the rope material needed we must first grow the seed as about one and one-half bushels of seed is used to produce each acre of three hemp."

J. W. Prater, foreman, recommended that persons able to work who are found loafing and loitering about on the streets without any visible income be brought into court and forced either to get a job at once, or to accept employment, or to deal with according to law.

The jury's report stated that a decrease in crime was noticeable since the beginning of the year and the manner in which the county jail and public buildings are kept.

Circuit Judge Stephens dismissed petit jurors Monday after trial of J. M. Whitaker, Hueysville, on a striking and wounding charge failed. In the absence of the defendant, no materialize as scheduled. All that remained of court for remainder of the week was the passing of the few sentences imposed during the term and the hearing of a motion for bond for Harris and the Martins.

Last pen term meted out during the session was a three-year sentence to Hoses Williams, Wheelwright negro, who Saturday entered a plea of guilty to a bigamy charge.

Teddy Frasure was acquitted, two days earlier, of a manslaughter charge in the death of six-year-old Walter Salisbury, who was struck and killed at Hunter by a truck driven by Frasure.

Major indictments returned by the grand jury during the last three days, in addition to the Harris-Martins, follow:

Hawley Stephens, Dave Stone and Orville Stone, robbery; John Bohannon, bigamy; Joe McGuire, obtaining money under false pretense; Bertha Tucher, sending threatening letters; Hoses Williams, bigamy; Dinoh Hatfield, grand larceny; Raymond Newsome, destroying property; Garfield Adkins, child desertion; Tom Compton, stealing coal from a common carrier.

Dr. Arnett's Platform Stated to Voters

Dr. Earl T. Arnett, of Wheelwright, as a candidate for the Democratic nomination for State Senator from the district composed of Floyd, Knott and Martin counties, seeks the office to do the following things needed in the district: A free tuberculosis hospital for the mountain people. Higher salaries for teachers. Better road for this section. More pay for the aged and needy. A fair chance for labor, industry and agriculture. Where there is no vision the people perish. (Adv.)

"The Sun is MY Time Clock" HE IS AMERICA'S GREAT PRODUCTIVE WORKER! THE average farmer works from sun to sun and then some. Last year, farmers of the U. S. A. brought in a bumper crop and now they are being asked to produce even more. So on to feed our armies, our allies and the civilian population. It won't be easy, but with any kind of luck with the weather, the farmers will produce more food in spite of labor and machinery shortages. Certainly farmers deserve and should receive the fullest cooperation in this gigantic task. In so far as electricity can help, we are making every effort to assist in keeping electrical farm machinery running and in developing every possible source of electrical farm equipment. We salute the farmers of America who meet the challenge of the elements, working through torrents of rain or scorching sun with the same faithful dispatch of duty—tending livestock and crops with steadfast efficiency. We are proud to be partners with these "unheralded and unsung" heroes in the attempt to do everything possible to aid in the increasing of food production for the nation. FLOYD COUNTY GOES TO WAR

Where Floyd Countians in Armed Forces Are, What They're Doing

PVT. BALL Pvt. Clark & Mate GARRETT SGT. HOWARD

Together at Camp Carson, Colo. charged with the vital task of keeping huge B-24 Liberators in the high state of mechanical perfection required for modern aerial combat. Pfc Otto Elam, son of Mrs. Bessie Elam, Martin, was graduated Wednesday as an expert mechanic from this unit of the Army Air Forces Technical Training Command.

Pvt. Elam has just completed the 17-week course in bomber mechanics, receiving specialized training in B-24 maintenance, hydraulic and fuel systems, propellers, instruments, electrical systems, engines, structures and inspection. During the last eight days he was given a field test under simulated battle conditions, enabling him to apply, as he would in combat, what he had learned from the course.

Eager to get behind the controls of a primary trainer for the first time in their roles as aviation cadets, another large class of Uncle Sam's potential fighters of the air has been advanced from the pre-flight school of the San Antonio (Texas) Aviation Cadet Center.

The cadets will undergo training in the air at primary, basic and advanced flying fields before winning the coveted wings and commissions of flying officers.

One hundred seven Kentuckians advanced from the pre-flight school, before being shipped to India.

Technician Fifth Grade Camden Garrett, son of Mr. and Mrs. Seymour Garrett, Lancaster, was recently promoted from the rating of private and now is somewhere on the desert, taking training for armored recon action.

Somewhere in India, Staff Sgt. Harvey T. Howard, son of Russell Howard, Betsy Laque, is a paratrooper. Before his entrance into the army he qualified for long jumps and quick stops by taking a leading part in Betsy Laque high school athletics. He enlisted July 1, 1940, has 15 months' foreign service and spent a short time in Australia before being shipped to India.

Including one from this county—Aviation Cadet Laveta E. Clark, Alpharetta.

Pfc. Carl L. Tutts, who has been in the army air forces since Jan. 29, recently completed a course in radio operator-mechanics at the Army Air Forces Technical School, Sioux Falls, S. D. He is the son of Mr. and Mrs. James H. Tutts, Prestonsburg. Prior to induction, Pfc. Tutts was employed as mechanic by General Electric, Bridgeport, Conn. He is a graduate of Prestonsburg high school class of '41. His past activities include band and football.

Recently inducted into the Navy as apprentice seaman, three men of the Prestonsburg area have reported to the U. S. Naval Training Station at Great Lakes, Ill., for a period of basic training.

In the 12 weeks of training to follow they will be trained to design plans for trim Blisquets, receiving instruction in seamanship and an indoctrination into Navy customs and procedures, along with other practical training. They will take a series of aptitude tests and receive a personal interview to determine whether they will be assigned to train school for further training or be sent directly to sea upon completing "boot" training. Before their next assignment, however, they will be granted a ninety-day leave.

The Prestonsburg area recruits are:

Trenon C. Hall, 18, son of Mr. and Mrs. William Hill, Prestonsburg; John S. Spradlin, 17, son of Mr. and Mrs. Bill G. Spradlin, Prestonsburg; and Oakie Gobie, 19, son of Mrs. Alice Gobie, Dwale.

Pvt. Vernon Allen, son of Mrs. Lizzie Allen, of Martin, is a member of a heavy bombardment army air force group now in training at Wendover Field, Utah. During the period of his training he, along with other members of his group, will receive instructions and practice under conditions comparable to those met in actual combat. Wendover Field, situated on the edge of the great Utah salt flats, is one of the nation's most important centers for the training of heavy bomber crews.

Pvt. Ollie P. Willis, son of Mr. and Mrs. James H. Willis, Water Gap, writes from "somewhere in the South Pacific" to his sister, Mrs. Jesse Wallen, that he is well and likes "the place." He not long ago observed his 22nd birth anniversary.

Not only Pvt. Claude Leslie, but every member of his platoon, has qualified as a sharpshooter at Camp Lee, Va. The platoon's recent score of 99.8 out of a possible 100 was the best ever recorded by a platoon at Camp Lee. Pvt. Leslie is a son of Mr. and Mrs. L. C. Leslie, of Emma.

Newly-arrived soldiers at Jefferson Barracks, Mo., are the following from Floyd county:

Pvt. James England, son of Mrs. Anne England, McDowell; Pfc. Gardner Tackitt, son of Mrs. Florence Tackitt, Melvin; Pfc. Ashland Patrick Compton, Gearheart.

The following newly inducted personnel of the United States army have been sent forward from the reception center at Fort Thomas, Ky., to the stations and addresses indicated:

To Air Force Command, Engineer, Jefferson Barracks, Mo.—Charles G. Coleman, Prestonsburg; Ellis Refitt, Riser.

To Air Force Command, Signal, Greensboro, N. C.—Irvin Hargis, Lancer.

To Air Force Command, Ordnance (BTC No. 4), Miami Beach, Fla.—Robert Anderson, Wheelwright; James W. Boyd, Betsy Laque.

To Army Air Force, RTC, St. Petersburg, Fla.—Oliver Salisbury, Herald; Dave Snow, Goodloe; William J. Wallen, Water Gap.

To Field Artillery, RTC, Fort Sill, Okla.—Archie Hall, Beaver; Bob Hamilton, Anna.

To Air Force Command, Ordnance (BTC No. 4), Miami Beach, Fla.—Arthur Banks, Dwale.

To Army Air Force, RTC, St. Petersburg, Fla.—Fred W. Akers, Dana.

To 528th Armored Infantry Battalion, Ft. Knox, Ky.—Anthony Newson, Griebel.

To Anti-Aircraft, RTC, Camp Wallace, Texas—Robert G. Bunch, Rice; John W. Burke, Prestonsburg; William James, Banner.

To Medical, RTC, Camp Barkley, Texas—James J. Carter, Prestonsburg; Galloway Lafferty, Allen.

To Central Signal Corps, RTC, Camp Crowder, Mo.—Jack D. Salisbury, Prestonsburg.

To Air Force Command, Signal, St. Petersburg, Fla.—Ollie Collins and Luther J. Rice, both of Prestonsburg.

To 4th Infantry Division, Infantry, Unassigned, Fort Lewis, Wash.—Frank J. Childers, Auxler; Donald B. Crum, Banner; Perry T. Hall, Herald; Greedy K. Hicks, Cliff; Carl N. Woods, Allen.

To Air Force Command, Ordnance, St. Petersburg, Fla.—Buford Barley, Betsy Laque.

LETTERS TO THE EDITOR

EXPRESSES APPRECIATION
Editor, The Times:

I want to take this opportunity to thank you for your splendid cooperation during the filing period of the income tax. Your paper rendered a great service not only to the government but to taxpayers in your district.

There was so much confusion coming out of Washington in regard to the "Pay-As-You-Go Bill" that the people didn't really know what to do and the assistance that your paper gave us and gave them finally got the very best results. I want to thank you on behalf of the Collector's Office for this splendid service.

S. R. GLENN, Collector

FOR STATE SENATOR

We are authorized to announce DR. BART T. ARNETT of Wheelwright, Ky., as a candidate for

Ge. Am I Treadbare!

Poor fellow! It's no wonder he's "treadbare" and down to his last mile. The way he's kicked around.

Don't run your tires ragged. They may be the only ones you'll get for a long time, and they won't last long without proper attention. Have your tires re-capped in time—don't wait too long. No rationing certificate needed for passenger tire re-caps.
