This Town-- That World

If I had the naming of this column to do over again, it wouldn't be what it is. Back when Jimmy Goble wrote it, it might have been called "Gobolology." Now it should be, "Abnormalities."

STATIONSHIP--1943 MODEL. "You wouldn't sacrifice a principle, would you?" Representative Hoffman shouted. "The hell with it!" replied Representative Doughton. N. Y. Times.

MOTHER'S DAY THOUGHTS. Sunday was Mother's Day. It is a beautiful memorial to a beautiful ideal. But why remember her on only one day of a whole long year?

WE REPEAT. And we continue to receive unnamed letters. If I've said it once, I've said it a million times, no anonymous contributions printed in this newspaper.

LEGEND OF THE DOGWOOD. Bloom of the dogwood, one of its sections as beautiful as what we in this section call the redbud, but the legend of the Dogwood aureates it in beauty.

THE JUDAS TREE. Incidentally, the redbud is known as the Judas tree, and tradition has it that it was upon this tree that Judas who betrayed led to the Crucifixion hanged himself.

DON'T BREAK THE CHAIN. If you haven't thought about the chain-letter business recently, take a gander at this one, said by a service newspaper in India to a soldier.

COURT HOUSE HAPPENINGS. Mrs. Julia Ann Vaughan, 86 years old widow of William Vaughan and mother of Mrs. Arch Childers, of Auxler, this county, died at her home at Richardson, Lawrence county, Thursday evening, last week.

MARRIAGE LICENSES. Robert Potter, 46, and Ethel Casale, 28, both of Wayne, married at Wayland May 13 by Rev. Marion Davis, Walker Hamilton and Corrent Jones. Joy Evin Laferty, 28, Crocker, and Opal Adams, 21, Altoona, marriage solemnized May 8, by Rev. R. S. Marshall officiating.

ADMINISTRATIVE BONDS. Matthew Triplett, adm. estate of Elizabeth Triplett. Joe Tackett, adm. estate of Mary Tackett. Oscar Bush, adm. estate of Bill Guss.

THURSDAY OPA CHECKS FOOD PRICES IN EAST KY.

One Floyd Mine Local Warns No More Work Unless Pact Signed

As OPA investigators this week were probing into food prices asked and received by grocery stores of this section, seeking to verify or refute charges of John L. Lewis, UMWWA leader, that food prices are out of control in mining sections and that a 32-day pay raise is necessary for the miners, at least one Floyd county mine union warned both Secretary of Interior Ickes and Mr. Lewis that its members will not work after the present 15-day strike expires unless a definite agreement is reached.

WORK 'FREEZE' ORDER GIVEN Clearance Necessary Before Workers May Make Job Changes

County payers and all others in the Pikeville area who plan to get jobs elsewhere will not be hired without a referral and a statement from the United States Employment Service. Moreover, all workers whose most recent employment was in active service under the war effort, must obtain a statement of availability before they can be employed by an employer here or elsewhere.

This warning was issued by J. Hayden Roache, manager of the Pikeville office of the U. S. Employment Service in discussing the new employment stabilization plan covering Ohio, Michigan and Kentucky.

TAX APPEALS BAR TO O.K. By State of Totals On Floyd Assessment Showing Big Increase

But for pending circuit court appeals of several companies from the tax assessment placed on their properties, the 1943 assessment is accepted by the state. Tax Commissioner Clive Akers Monday said he had been informed by the State Department of Finance.

Auxier Woman's Mother Dies at Richardson, Pneumonia Victim

Mrs. Julia Ann Vaughan, 86 years old widow of William Vaughan and mother of Mrs. Arch Childers, of Auxler, this county, died at her home at Richardson, Lawrence county, Thursday evening, last week, of pneumonia.

Mrs. Vaughan, a daughter of the late William and Jane Preston Warner, was born and reared at Richardson and had spent all of her life there. She was a devout member of the Methodist Church and was one of the community's best-loved women.

WHAT ABOUT AN ARMY AND NAVY 'E' FOR THE COAL MINERS?

Every few days we notice in the papers that another plant has been awarded the army-navy "E." Those fellows in the factories are deserving no doubt, but then they work in air-conditioned, well-lighted factories, and they can wear better clothes to work than the miners wear on Sunday and without our product—coal—none of these factories could run.

have left for work in the defense centers and in talking to them I find they are not so well satisfied, or they don't have much work to do, yet they are wearing the army-navy "E." Now, take the coal miners—there is hard, brutal and dangerous work deep in the dark interior of the earth. The air is dark, the place is damp, sometimes water is ankle deep, when you're not always on the alert, you don't live long. Yet despite these conditions, the mines are producing the greatest volume of coal in history and the miners would be proud of an award from the government for production.

It would give the miners more incentive to work, for if one mine in this section should be awarded the army-navy "E," the others would "bus a gut" or equal it. Now, mind you, we're not talking anything away from the assembly lines, but why just include us fellows in the awards, for there would be no assembly

lines without the coal miners? The miners' clothes are wet, black and greasy, but their uniforms are just as important as the men in the front lines, and they'd feel just as proud with a token from our government for excellence in production. And why wouldn't anyone be proud to wear a like token? Remember, the miner is the only defense worker who has to labor away from the sunlight and fresh air with a five-pound battery on his hip for his only light—an emergency oxygen tank with about one hour's supply in case of an explosion. The coal in this section runs from 32 inches to 44 inches and for 7½ hours the miner is in a cramped position on his knees loading coal.

The miners will not only hold production at its present level, they will increase it—army-navy "E" or no army and navy "E," but in all things of the assembly line, they are just as deserving of the award as the factory worker? I do.

Where Floyd Countians in Armed Forces Are, What They're Doing

Pvt. Carl N. Woods, former member of the Martin consolidated school faculty, and husband of Mrs. Docie Baldwin Woods, Prestonsburg, is now stationed at Ft. Lewis, Wash., with the communications department.

Back from Iceland recently to spend a furlough with his parents, Mr. and Mrs. Joe Stumbo of McDowell, Edward Stumbo, 25, of the U. S. Army, told of the months he spent with other Floyd countians, one of whom was Capt. Stanley Hays, son of Douglas Hays, McAdowell, in the northern outpost. Stumbo is now an officer candidate at Ft. Riley, Kansas, with the mechanized cavalry.

Carl (NMI) Candill, of Corbett, who recently applied for Army Air Cadet training at the Aviation Cadet Board in Louisville, has successfully completed his mental and physical examination. He has been instructed to report to his local Selective Service Board for voluntary induction. He will be assigned to one of the many army air bases for aid cadet training.

Pvt. Gene Hale, son of Mrs. J. M. Hale, of Mantion, has been from Harrison, Ind., to St. Petersburg, Fla., for basic training.

Perry Green, Jr., son of Mr. and Mrs. Perry Green, of West Prestonsburg, has recently been promoted to the rating of corporal in the army medical corps. Cpl. Greene is stationed at Camp Barkley, Texas and is also an instructor in the Motor Pool Division. He was an employee of the Inland Gas Company before entering the service May 14, 1942.

Pfc. Merton Harn, son of Mack Horn, Haysville, who entered the army almost two years ago, has been in Bermuda more than a year of the time he has been in army service.

Upon orders of Gen. Jacob L. Devers, commanding general of the armored forces, a new class of soldier students has reported at the Armored Air Force School, Ft. Knox, to take a special course in the vehicle department.

New students include Pfc. James T. Sparlock, son of Mr. and Mrs. Homer Sparlock, Prestonsburg.

The month of March has particular significance to Tech Sgt. Isaac Fitzpatrick, section chief of the armaments department at Brooks Field, Texas. For it was in March, 1941, that he first went to Brooks Field in March, 1942, he left Brooks Field for foreign service, during which he was injured in a bomber crash; and March, 1943, that he returned to the "Mother Field."

Sgt. Fitzpatrick is the son of Mr. and Mrs. W. P. Fitzpatrick of Prestonsburg.

Tech. Cpl. Fred Hale, son of Mr. and Mrs. G. M. Hale, Harold, has enrolled in a special course of instruction at the Signal Corps school at Camp Murphy, Fla. Cpl. Hale was selected for this specialized training on the basis of his aptitude.

From "back" private in February to first sergeant, highest rank of a non-commissioned officer in April is the record of Samuel R. Hatcher, son of Mrs. Emma May Hatcher, of Allen, whose 12th promotion was recently announced by Brigadier General John W. N. Schulz, commander of the Engineer Unit Training Center at Camp Claiborne, La.

First Sergeant Hatcher enlisted in the military service at Prestonsburg in October, 1942 and is currently serving in the 374th Engineer Central Service Regiment, Col. Frank P. Bell, commanding.

Pvt. Herbert A. Casey, husband of Mrs. Madge Allen Casey, Haysville, has been transferred from Ft. Benjamin Harrison, Ind., to Camp Polk, La., for basic training.

Pfc. Blaine Salisbury, son of Mr. and Mrs. Lark Salisbury, Hunter, who entered the service Jan. 30, 1941, as a volunteer, was in the first group trained in an armored regiment at Ft. Knox, Pfc. Salisbury has been stationed with a service unit at Camp Atterbury, Ind. He was 25 years old April 13 and his birthday greetings were orders for a transfer to an unknown destination. Pfc. Salisbury married the daughter of Mrs. Mattie Niche, of Hunter, Jan. 12, 1942, while home on furlough.

Pvt. Scott C. Osborn, son of Rev. and Mrs. S. D. Osborn, of Martin, who recently became a volunteer officer candidate at Fort Benjamin Harrison, Ind., has been transferred to basic training. Before entering the army he was instructor in English at Male high school, Louisville.

The following newly inducted personnel of the United States army have been sent forward from the reception center at Fort Thomas, Ky., to the stations and addresses indicated:

- To Engineer RTC, Ft. Belvoir, Va.—Richard Bradford, Myrtle, Ward Hall, Prestonsburg.
- To Transportation Corps, Indian-town Gap, Tenn.—Mervin Hamilton, McDowell.
- To Infantry RTC, Fort McClellan, Ala.—Chester Miller, Haysville; Howard D. Price, Wheelwright.
- To Tank Destroyer Bde, North Camp Hood, Texas—Leno Howell, Langley.
- To Air Force Command Medical, Kearns Field, Utah—Raymond Harris, Lancer.
- To Cavalry RTC, Fort Riley, Kansas—James D. Brannan, Lancer.
- To Infantry Regiment, Ft. Meade, S. D.—Arnos Blackburn, Wonder.
- To 73rd Field Artillery Battalion, Ft. Bragg, N. C.—Thomas E. Allen, Martin, Ky.
- To Infantry RTC, Camp Weller, Texas—Clam K. Combs, Prestonsburg; Wain Keathley, Harold.

Let's Rid Ourselves Of Npotism

"Npotism" is a big word that nearly every voter knows the meaning of, these days—they've seen as much of it. They've seen "the hooligans" get "the gravy" thru office-holders till they know all about it and are sick and tired of it. I have no family in this district to get on the state payroll. As for myself, I have my own profession. My only interest in the office is to have an opportunity to do some things for the mountain people that I have always considered important. As for any jobs I might be able to get for anybody, they would be given to the folks who need them—not a bunch of my own kindstuf. Voters, won't you think this over? Your friend,

Haysville Family Offers Four Sons To U. S. Service

Mr. and Mrs. Gold Reed, Haysville, have given their four sons to the service of the United States, and one of the four is reported as missing, a second is back in the United States recuperating in an army hospital after service in the Egyptian desert and yet a third, a tall gunner with MacArthur in Australia, is reported as having been decorated for his achievements in action on a bomber.

The family's record: Norman, reported lost in Feb., 1942 at the age of 20 on the U. S. S. Houston; volunteered at 17 in Sept., 1929.

Cpl. Andrew J. tall gunner on a bomber operating from Australia; volunteered at the age of 15 in 1941, later refused help of parents who sought to gain his release from the army. Has since been decorated for bravery.

Pvt. Kelle, now at White Sulphur Springs, Va., is a U. S. hospital; he volunteered in 1939.

Eight Sgt. Roger, 29, volunteered in 1939, is one with the army in Tennessee; has had the tames career of the four.

GOODBYE BOOTLEGGERS!

When Floyd County Votes Dry Saturday, May 15th

SO SAYS JUDGE E. P. HILL, JR.! SO SAYS U. S. TREASURY DEPT.!

U. S. TREASURY DEPARTMENT ISSUES A CIRCULAR Urging every citizen to "Observe automobile license numbers and notify your nearest alcohol tax unit office when attempts are made to purchase sugar by those who appear to deserve suspicion."

COUNTY JUDGE HILL WILL KEEP THEM OUT TO WHOM IT MAY CONCERN! It isn't necessary to assure the good citizens of Floyd county that this office is pledged to enforce the law to the best of our knowledge and ability. This is the platform on which we were elected and we shall not back faith. If it is the will of the people to vote Floyd county dry next Saturday, May 15, we shall do everything within our power to keep the county dry and free from bootleggers and illicit liquor dealers.

WET COUNTIES ARE LOUSY WITH BOOTLEGGERS In one wet county (Campbell) there are 338 registered bootleggers. Besides this there are 282 state licensed saloons. In the 51 wet counties of the state there are 2235 Federal Licensed bootleggers and 3911 state licensed saloons. Floyd county has BOTH the Federal licensed bootleggers and 80 saloons. Bootleggers hide behind the smoke screen of legal liquor. THERE ARE MORE REGISTERED BOOTLEGGERS IN THE ONE WET COUNTY OF CAMPBELL THAN IN 50 DRY COUNTIES OF THE STATE.

Who Says We Can't Enforce the Law Against Bootleggers?

IT'S THIS SO-CALLED "TAXPAYERS LEAGUE" THE LIQUOR GANG WHO INTEND TO BREAK IT!

18 WHISKEY STORES NOW IN FLOYD COUNTY LAWLESS LIQUOR MUST GO This county is running a hell on your slimy business. You are weary and feeding your poison sip by the party dollars you may gain. You care nothing about law and order or the misery and suffering you create and much less for the boys and girls you ruin. Every dollar you get your itching fingers on is BLOOD MONEY. The decent people of the county have had enough of your lawless traffic. SATURDAY—OUT YOU GO.

Every citizen to "Observe automobile license numbers and notify your nearest alcohol tax unit office when attempts are made to purchase sugar by those who appear to deserve suspicion."

DRY FLOYD WILL SAVE THOUSANDS OF DOLLARS... THE SMALL REVENUE NEVER PAYS FOR THE DRUNKS. HUNDREDS OF DRUNKS ARRESTED LAST YEAR. THE TAXPAYERS PAY THIS ENORMOUS BILL... VOTE DRY... VOTE YES SATURDAY MAY 15TH.

LET'S NOT MISLEAD THE PEOPLE

On April 29, 1943, the United Temperance Forces of Floyd County published a full page article in the Floyd County Times which purported to discuss the revenue received by Floyd County from the legal sale of alcoholic beverages. In doing so, they conveniently forgot that the state of Kentucky collected last year a whiskey production tax of more than \$4,000,000.00 from the distillers of Kentucky and that this tax is passed on to the ultimate consumer in Floyd and the other counties of the Country. They could remember the liquor consumption tax only, and in an effort to arrive at the average amount of consumption tax paid by

the citizens of Floyd County they divided the total amount received by the state of Kentucky last year by the total population of Kentucky when they knew that more than fifty counties of Kentucky were dry during all of 1942 when the consumption tax was collected. We agree with them that as much alcoholic beverages are consumed by the citizens of a dry county as are consumed by the citizens of a wet county, but the whiskey consumed in a dry county is usually moonshine liquor or is liquor which has been imported from another state, and in either case the state of Kentucky collects no consumption tax or other revenue.

JUGGLED FIGURES

By juggling the figures in this manner the United Temperance Forces of Floyd County reached the erroneous conclusion that Floyd County paid the state of Kentucky last year only \$81,942.96 as alcoholic beverage taxes. They, then, made the following statement. We quote:

"This county is only one of the 120 counties of the state sharing in the General Fund. So this county will lose ONLY her 120th part of the \$81,942.96 which totals \$653.69. This \$653.69 is this county's only loss in state revenue—less than 2c per person."

The state of Kentucky spends its General Fund revenue for schools, for free text books, for old age pensions, and many other worthwhile purposes. A large portion of it is returned to the counties of the State more or less according to the population of the county. But the United Temperance Forces of Floyd County conveniently forgot that Floyd County contains more than twice as many people as the average county of Kentucky, and they divided the grossly underestimated revenue from Floyd County equally among the 120 counties of Kentucky even though Floyd County is twice as large as the average county of the state; and they also conveniently forgot the THOUSANDS OF DOLLARS paid to Floyd County and the incorporated towns within her boundaries as license fees by those who are engaged in the sale of beer and whiskey, all of which would be lost if Floyd County should vote dry.

But that is not all. We submit that their article is grossly misleading in that it leads the average citizen of Floyd County to believe that Floyd County receives

only \$653.69 as its share of the revenue paid into the State Treasury by the Alcoholic Beverage Industry, when anyone who is familiar with the facts knows that:

FLOYD COUNTY RECEIVES MORE THAN \$80,000.00 ANNUALLY as her share of the taxes paid into the State Treasury from the manufacture, sale, and distribution of alcoholic beverages in Kentucky.

This \$80,000.00 is used in Floyd County to help finance the schools, to pay for free text books, to pay old age pensions, etc., and every penny of it came from taxes paid by the Alcoholic Beverage Industry in Kentucky.

Of course, the United Temperance Forces of Floyd County in publishing their misleading article were endeavoring to tell the people of Floyd County something about the revenue which Floyd County would lose if we should vote dry on May 15. In doing so, they assumed that the other wet counties of the State would remain wet and continue to pay alcoholic beverage taxes into the State Treasury and that Floyd County would continue to receive her share of the alcoholic beverage taxes paid to the State Treasury by the other wet counties. They did not dare tell the people of Floyd County that the United Temperance Forces of Kentucky hope to vote the whole state dry and that if they succeed, Floyd County will lose more than \$80,000.00 annually from the alcoholic beverage taxes instead of the \$653.69 mentioned by them in the article complained of.

UNDISTORTED FACTS

If the United Temperance Forces of Floyd County are interested in advising the people of Floyd County as to the amount of taxes paid to the Federal, state and County Governments by the Alcoholic Beverage industry, we suggest that they tell the citizens of Floyd County that:

1. In 1942 the taxes received by the Federal Government from the legal sale of alcoholic beverages was large enough to average \$8.00 per person for every man, woman, and child in the United States.
2. For the fiscal year ending June 30, 1942, the taxes received by the Commonwealth of Kentucky from the legal sale of alcoholic beverages was large enough to average \$3.27 per person for every man, woman, and child in Kentucky.
3. Floyd County receives as her share of the alcoholic beverage

taxes paid to the state of Kentucky more than \$80,000.00 annually—more than an average of \$1.50 for each and every person in Floyd County, and NOT the 2c per person as stated by the United Temperance Forces of Floyd County.

4. In addition, Floyd County and the various incorporated towns located within her boundaries collect thousands of dollars annually as license fees from those who are engaged in the sale of beer and whiskey and contrary to the statement made by the United Temperance Forces of Floyd County, the money received from the license fees is not needed to pay for the increased cost of operating our courts, because the cost of operating the courts of Floyd County has been greatly reduced since the repeal of National Prohibition.

LET'S TELL THE WHOLE TRUTH!

Let's not mislead the people of Floyd County by inference or otherwise. Let's tell them the whole truth. When this is done, the people of Floyd County will have the true facts before them and they will have some idea of the additional tax burden they will be called upon to bear when and if the United Temperance Forces succeed in voting the whole State dry.

In view of the failure of National Prohibition and the still greater failure of local option in every county in which it has been tried, we believe it would be a mistake to vote Floyd County dry, but we do want the citizens of this county to know the true facts. They, then, can decide the issue for themselves. If they have all the facts, we believe they will:

Beaten Path Shunned

By Garrett Hi Seniors In Commencement Play

Garrett, Ky., May 10 (Sp.)—Garrett school commencement exercises began Sunday night, May 9, with the annual drama, "Beaten Path Shunned." The graduates address to the graduating classes.

Tonight (Thursday) is Class Night, a program prepared by the Seniors under direction of Audrey S. Martin. Friday night the Seniors go to Prestonsburg for the county graduation exercises.

Monday night at 8 o'clock, the last evening in the school year begins with the production of "Cyrano De Bergerac," a French romance of the 17th century. The graduating class each year attempts to introduce something new in dramatic programs.

The play will emphasize the use of color in harmony with the play. The play itself is a departure from the usual type of commencement programs because there is little scene, farce or burlesque in it. It is written in blank verse and will possibly be the first play in blank verse ever given in Floyd county.

The annual training shop, the Economics department, and the Art classes are co-operating in an effort to obtain the delicate atmosphere required by this type of production. In addition to this, voluntary crew work to the extent of over 200 hours (after school) has already been given to the production staff.

The cast: Cyrano De Bergerac—Jimmy Wilder; Christian De Neurillote—John Albert Huffman; Comte De Guiche—Earl Caudill; Ragueneau—Alton Sloan; Le Bre—Carmel Prater; Catherine De Castel-Jaloux—Denzil Whitely; The Cadet—Harley Moore; Joe Prater; Harold Prater; Claude Prater; James Prater; Paris Johnson; Fernon; Napier; Scott; Laniers—Paris Johnson; Virginia De Valtier—Sam Mullins; Second M. Prater—Joe Prater; Montigny—C. E. Peery; Coligny—Joe Prater; Brissotie—Edward Blent; Prater; Brissotie—Edward Blent; a Meddler—Sam Mullins; a Musketeer—Harley Moore; a Cavalier—Elsworth Coburn; The Porter—Ouida Conley; a citizen—James Patrick Jr.; His Son—Harold Prater; a Cut-Purse—Raymond Earle; a Sentry—Sam Mullins; Bettina—Lucille Cavins; Pique—Evelyn Peery; a Captain—John Arrowood; The Pages—Alene Hayes, Eva Kelly; Roxane—Betty Ann Allen; Her Duenna—Gladys Becher; The Orange-Market—Rhoda Evelyn Craft; Mother Marquette De Jesus—Ethel Kennedy; Sister Martha—Lillian Griffin; Sister Claire—Lucille Cavins; The Flower-Girl—Ruth Martin; Musketeer—Elsworth Coburn; Nuns—Margaret Osborne, Estia Caudill.

Production Staff: Special Effects—Mildred Wicker; Business Manager—Lucille Cavins; Stage Manager—Raymond, Fred; Music—Mrs. Robert Carter, Hank Campbell, Jimmy Messer, Will Jenkins; Stage Carpenters—Thomas Patrick, Bill Bailey, Ed Caudill, Burgess Becher; James Howard, Regnard Oakley, James Patrick, Dempsey Salisbury; Ruth Turner, Paunce Woods, John Arrowood, Charles Becher; Billie Hensley, Electricians—Ralph Johnson, Carlos Higgins; Property Manager—C. WAYLAND HOT SHOTS

By R. H.

I wonder why so many people want to criticize the coal miners and never say anything about the owners of the mines? There are two parties involved. Party of the first part is the owner-operator; party of the second part is the little dirty, black-face man who loses death from the time he enters the drift-mouth in the morning until he returns out at night. Yet the public thinks he's not an American citizen and doesn't have a right to earn a decent living for himself and his family. I wonder just how many of you critics would enter the mines to make a living for your family. Now isn't it the fact that you would rather be on the Tumbler front? A coalminer is not afraid to die. He faces death every day, while the party of the first part has city homes, country homes, beauty rest mattresses to sleep on. I wish they had to live on \$15 a month for one year as the

"I couldn't help overhearing you, Mary, when you said to Jim here why they let the liquor companies sell so much whisky when all the rest of us have to cut down on it. I happen to know the answer to that. You see, the fact of the matter is, the industry never has used a single pound of dynamite in whiskey. The lawbreakers were the only ones who use dynamite to make whisky. On top of that, there's not a single large distillery in the country making whisky any more. They're all working day and night making war alcohol for the government for gunpowder, synthetic rubber, chemicals, and medical supplies. "Just as I told Ed down at the court-house this morning, the government simply wouldn't be able to get all this alcohol if it needs in time if we didn't have these distilleries available and on the job."

LIQUOR IS A CURSE

To the Citizens and Boys and Girls of Floyd County

LET'S VOTE IT OUT!

Vote DRY

Vote DRY

SAMPLE BALLOT

FOR LOCAL OPTION ELECTION MAY 15

Are you in favor of adopting Prohibition in Floyd County? YES NO

THE LIQUOR DEALERS SAY:

THAT WE LOSE STATE AND COUNTY REVENUE WHEN FLOYD COUNTY VOTES DRY MAY 15

THE FACTS ARE:

The saloon outfit knows... of ought to know if they care anything about the truth... that whether Floyd County votes WET OR DRY she will continue to receive her full share of the \$9,157,255.20 pouring into the state's general fund from the 7 breweries, 200 wholesale liquor distributors and over 4,500 beer and whiskey saloons over the state. THE ONLY state revenue Floyd County loses amounts to LESS THAN TWO CENTS PER PERSON. The local license fees collected from beer and whiskey joints DO NOT PAY for the care and maintenance of the drunks they produce. Floyd county WILL SAVE MONEY when she votes dry May 15.

To Vote Dry--Vote YES

AT LOCAL OPTION ELECTION MAY 15

The people of Floyd county think more of clean bodies, active minds, healthy children, and happy homes than they do of taxes gained by red noses, trembling hands and snake-in-the-bait.

FLOYD COUNTY IS CALLING A HALT
VOTE YES MAY 15

Let's Have The Whole Truth About Liquor!

NOT BY MY VOTE!

Men will have strong drink, and men will sell liquor, BUT

NOT BY MY VOTE

Saloons may go like the brook, forever, and men may die by the thousands in them, but

NOT BY MY VOTE

Truth may be wrecked and character dismantled, homes may be destroyed, and women and children beggared, but

NOT BY MY VOTE

Children may be caught in the saloon snare, the victims of alcohol may fill our jails, almshouses and insane asylums, but

NOT BY MY VOTE

The saloon may degrade and impoverish the people; producing idleness, disease and pauperism. It may breed anarchy and crime, but

NOT BY MY VOTE

The government may license the drink traffic and for a consideration take "a reward against the moonshiner," and bargain away the public health and the public morals, but

NOT BY MY VOTE

The liquor traffic may corrupt the social and political life of the nation; it may worm its way into all business and even into the sacred precincts of the home and the church, but

NOT BY MY VOTE

The bells may toll the death knell of a human being slain by rum every five minutes of the day, but

NOT BY MY VOTE

THE LIQUOR DEALERS SAY---

It's not a question of "Wet or Dry"--It's Legal or Illegal Liquor

Listen to the sad, sad wail of the saloon outfit... PLEASE OH! PLEASE don't vote liquor out, cause if you do this mighty thing to us, more liquor will be sold in Floyd county, WELL! IF IT'S LIQUOR THEY WANT SOLD--WHAT ARE THEY CRYING ABOUT?

The Liquor Dealers Say:

That Prohibition was a failure. Their favorite gossip--between drinks--is to drag out the old threadbare chestnuts about prohibition being so terrible--causing more crime, more drunkenness, etc., etc. Let the Dealers Read the Following and Weep:

Prohibition Stopped Liquor Advertising

LEGAL LIQUOR IS NOW ADVERTISED AND UNDER OUR NOSE EVERYWHERE. In restaurants, candy, drug, cigar, and grocery stores, pool rooms and on our highways, in filling stations and crime breeding roadhouses. It constantly and "legally" tempts and destroys our youth, debauches our womanhood, breeds pauperism and misery and corrupts our government. Enticing liquor signs clutter our highways. Liquor forces its way into our homes through alluring pictures and outrageous statements in magazines and newspapers. Brilliantly colored signs advertise liquor on our streets. Tempting window displays greet our children. And blatant beer radio programs invade our family circle.

Prohibition Decreased Drunkenness 70 pct.

SINCE REPEAL GENERAL DRUNKENNESS HAS INCREASED 300 per cent, according to the Federal Bureau of Investigation. Drunks are everywhere. In Louisville "illegal" liquor in 1929, the very peak of Prohibition, caused 2,155 arrests for drunkenness. In 1937, 12,209 persons were arrested for drunkenness. And the terrible tragedy of it all was that nearly 4,000 of these arrested WERE CHILDREN AND YOUNG PEOPLE UNDER AGE. In this city and county--everywhere drunkenness has increased. MOST PEOPLE DRINK BECAUSE IT IS HANDY. Very few people in comparison will hunt up liquor over in the hollow. GIVE THE UNFORTUNATES IN THIS COUNTY A CHANCE TO CLEAN-UP. DON'T KEEP LIQUOR UNDER THEIR NOSE EVERYWHERE THEY GO.

Prohibition Decreased Crime 54 pct.

SINCE LEGAL LIQUOR RETURNED UNDER REPEAL General crime has increased, according to 'G-Man' J. Edgar Hoover. He further stated in 1937 that the past three years have been the most terrible in the criminal history of America. J. M. Watters, director of the division of correction of the State Welfare Department at Frankfort, declared recently that "Unless something is done, crime is going to back up the state." In wet Floyd County the grand jury declared that murder was on the increase in that county due to the increased sale of liquor at roadhouses. Judge James M. Gilbert said recently that roadhouses were breeders of crime. We have 1,000 more men in Kentucky prison than we had in 1935.

72 COUNTIES DRY

AND EVERY COUNTY SATISFIED

Kentucky Is Going Dry Faster Than Any State in the Union Excluding all Liquor Above 1 Pct.

LET'S VOTE FLOYD DRY

And Make It the 73rd in This Steady March Toward a Dry Kentucky.

THE LIQUOR DEALERS SAY: Local Option Does Not Work

THE FACTS ARE:

Testimonials of business men, law officers and others in dry counties prove that it does work. Hundreds are on file but space forbids quoting only a few.

MENIFEE COUNTY--County officers signed a statement saying cases in court decreased as much as 75 per cent.

CARTER COUNTY--"Less bootlegging and drunkenness and safe for our boys and girls."

ELLIOTT COUNTY--"It doesn't seem like the same place."

OWEN COUNTY--"We are surrounded by wet counties, but conditions are so much better, it is not the same place."

ALLEN COUNTY--Scottsville's Chief of Police says: "I have very little to do since we voted liquor out."

POWELL COUNTY--"About 75 pct. improvement."

METCALFE COUNTY--"100 per cent improvement. I was County Judge during liquor and am now County Attorney, and I am in a position to know."

HARDIN COUNTY--"The first week-end after prohibition became effective only three arrests were made, two for drunkenness, as compared to 27 in previous week-ends, the following week."

Let's Make Floyd County A Clean Place To Live In!

THE LIQUOR DEALERS SAY:

HELP KEEP THE MONEY SPENT FOR LIQUOR AT HOME

THEY WOULD HAVE YOU BELIEVE THAT VOTING LIQUOR OUT will drive people to other places. This, of course, is false. People do not go to beer joints and whiskey saloons to buy dry goods and groceries. The good people of the community would like to have some place to get a lunch without having to eat in a beer joint. Certainly with liquor under their nose everywhere, it is more tempting to buy than if they had to go miles away.

THE ONLY LIQUOR MONEY THAT REMAINS IN this county NOW is what goes into the pockets of the dealers. The rest goes to the wholesalers outside the county. The food and clothing stores suffer and the taxpayers pay the bills for the crime, the drunks and the pauperism caused by liquor.

TO VOTE DRY--VOTE YES

THE LIQUOR DEALERS SAY:

THAT WHEN FLOYD VOTES DRY, OLD AGE PENSIONS AND OUR SCHOOLS WILL SUFFER. THIS IS WRONG. Hon. A. Y. Lind, State Director of Public Assistance, declares that "such a statement is false." And he ought to know. Old age pensions and our schools receive support from the state's general fund. Liquor revenue is NOT earmarked for these agencies. BOTH WILL CONTINUE TO RECEIVE THEIR USUAL SUPPORT. As a matter of fact, Floyd County, WET OR DRY, will continue to receive her share of the over nine million dollars in liquor revenue coming from the distilleries, breweries, wholesalers and 4,500 beer and liquor saloons over the state. THIS COUNTY'S ONLY LOSS in state revenue amounts to LESS THAN TWO CENTS PER PERSON.

"ATHLETE'S FOOT" I Made This Test

I learned the term embeds itself deeply. Requires a strong penetrating fungicide. TE-OL solution made with 90 per cent alcohol increases penetration. Reaches more germs faster. You feel it take hold. Get the test size TE-OL at any drug store. Try it for sweaty, smelly or itchy feet. Today at H. E. Hughes Company.

It's A People's War

We are paying more in taxes than ever before... and likely will pay more. But we cannot rely on taxes to finance the war. It would not be fair to have a tax on the average single family income when many families have more than one income. We could borrow all the money from the banks, but for both economic and social reasons this is undesirable. The government would then sacrifice its greatest aim against inflation... the people should finance it. The people WANT to finance it. Sale of War Bonds has mounted consistently since Pearl Harbor. They give new lives... You lend our money.

statements of availability will be issued by any worker by his last employer or the Employment Office where the worker:

- 1. Is discharged by his last employer.
2. Is laid off for an indefinite period or for a period of seven days or more.
3. Can establish that his present employment does not utilize him at his highest skill or that he is not being employed full time.
4. Has compelling personal reasons for wanting to change employment.
5. Is employed at a substandard wage as defined by the War Labor Board.

Until such time as issuance of statement of availability is determined by the U. S. Employment Service, the worker shall remain on the job.

proceeds at the rate of five pounds per individual.

No special form is required for application unless it is planned to sell the home product, and written application may be made in person or by mail. Applicant must furnish: (1) Copy of War Ration Book One for each person for whom sugar is sought; (2) total number of quarts or pounds of finished fruit to be used for making jams and jellies; (3) amount of sugar to be used; (4) total number of persons, within the 25-pound overall maximum. The board will record the number of pounds of sugar granted each person on the cover of his or her War Ration Book One. Boards will issue "sugar allowance coupons" in denominations of 1.5, 4 and 10 pounds. Housewives thus can spend their sugar buying over the entire canning season.

Fencing was dropped from the rationing program following the issuance of an order by the War Production Board, which provides for the distribution of fencing. Present WPB regulations permit any person to purchase amounts of fencing needed not exceeding \$10 in a single purchase, or 4,000 pounds in a quarter-year period.

RETURN TO CAMP: Pfc. Carl Tutts, son of Mr. and Mrs. James Tutts, Prestonsburg, who was called here from Sioux Falls, S. D., by the illness of his brother, Mitchell, returned to camp Monday. He is now attending radio operators school after which he will enter aerial gunner training.

The evening session was presided over by Mrs. Jean Alley, worthy matron of Adah Chapter No. 24. An effective and beautiful address was given by members of the Chapter portraying the life history of Mrs. Browning. Mrs. Olivra James, author of the address, was congratulated upon its originality. Mrs. Browning was presented to the Chapter, after which she conducted the remaining part of the meeting. She introduced Mayor E. P. Arnold who gave a prayer for peace.

Mrs. B. M. James presented Mrs. Browning a certificate of life membership as a token of esteem from Adah Chapter.

The appointment of Grand Representative to North Carolina was presented to Mrs. E. P. Arnold by Mrs. Browning. Mrs. Arnold accepted with a most gracious acknowledgment of the honor.

Mrs. Browning is a member of Adah Chapter No. 24 and the Chapter proudly claims her as its own. Her birthday was celebrated in the Chapter here with impressive ceremonies.

WHAT GREAT AMERICANS SAY ON THE PROHIBITION SUBJECT

The following is a re-print of an editorial from the Russell (Ky.) Times as voters in Greenup county are being asked, as in Floyd, to vote on the Wet-Dry question.

Read what Father Flannagan, Senator LaFollett and the Churchman say on this important issue.

The editorial follows: Just a month from today the Local Option election will be held in the three Russell precincts. Have YOU Russell folks decided just how you are going to vote? Don't wait until the last moment to decide; study over the problem now. For upon your decision rests how Russell must remain for the next three years at least.

We repeat that, in our belief, it is not a question of whether this city will be "wet" or "dry." It is, instead, a question of whether beer and liquor will be LEGALLY sold in the city limits, or ILLEGALLY sold.

When we started writing these editorials on the coming Local Option election, several weeks ago, we felt certain in our own mind that Russell would vote "dry." Now we are not nearly so certain. For we have been considerably surprised at the persons who have told us of their own volition, that they agree with us; that they are going to vote "no."

Herewith are some comments of nationally-known figures on the subject of prohibition:

THOMAS E. DEWEY, governor of New York: "I know the evils of prohibition because I had to clean up the gigantic system of organized crime allowed to subdue the greatest city in America."

FRANK KNOX, secretary of the Navy: "We are convinced that this approach (affirmative education and recreational methods) is more enlightened and effective than rigid prohibition with all its attendant and familiar evils."

SCOTT W. LUCAS, U. S. Senator from Illinois: "We are inviting another Capone ring in this country... a repetition of what happened in the past and start again an orgy of murder, kidnapping... Prohibition utterly failed to do the job."

ROBERT M. LAFOLLETTE, U. S. Senator from Wisconsin: "Are we to repeat the economic, social and moral dislocation of the past experiment? I personally believe that democracy cannot survive any further attempts of this kind."

FATHER FLANNAGAN, of Boys Town: "What did prohibition bring us after the last war? ... yet there are people who would try the noble experiment again despite the trail of blood and terror it left the last time."

THE CHURCHMAN (Episcopal): "One of the most disheartening features of the present moment is the effort being made by godly people with short memories and shorter judgment to plunge this country again into the black depths of prohibition."

"Tommy" is a FAST TALKER! The Japanese were charging as the paratrooper landed. He turned to his "Tommy" gun. "Tommy" guns can "talk" as fast as 800 rounds of ammunition per minute. When war began it was a serious problem whether America could make cartridges faster than the "Tommys" and the machine guns and the Garand's could blast them out. Ingenuity and electric power provided the answer. Today, power driven machines turn out 60 cartridges every minute—removing dents, inspecting, re-jacking—keeping pace with the rate-at which they are shooting our way to Victory! Power passes the ammunition. But electric power is doing far, far more! It's helping to produce those Tommy guns, too—and tanks, ships, planes! That takes a lot of power—and America's got it! Five times more than in the last war—more than all the Axis countries combined have now! And about nine-tenths of all this power is supplied by the electric companies under experienced business management. KENTUCKY AND WEST VIRGINIA POWER COMPANY

NOTICE OLD AGE PENSIONERS

If Floyd county goes dry you will lose 28c from the State and 28c from the Federal Government on every dollar you now receive. For instance, if you are now getting \$10.00 per month you would only get \$4.40.

The Alcoholic Beverage Industry paid to the State of Kentucky for the fiscal year 1942-43--

\$9,157,255.00

If this revenue is lost the State will lose 28.2 pct. of its General fund. The old age pension fund is matched by the Federal Government which you will also lose if the Drys win.
