Don't run your tires ragged. They may be the only ones you'll get for a long time, and they won't last long without proper attention. Have your tires re-capped in time--don't wait too long. No rationing certificate needed for passenger tire re-caps.

DAY

Memorial Day comes closer home this year. For our Nation is at War. Perhaps that neigh-bor boy you knew so well has just given his life, or has been seriously wounded on some far-away front. Perhaps he has been reported missing in action on land or sea.

While we pause to honor the memory of the heroes of all our Wars, past and present, let's resolve to make whatever secrifices are re-quired to bring about the downfall of today's would-be dictators, so that we may nove for-ward in a better world... a world at peace.
