Floyd Budget Increase Made To Pay on Old Indebtedness

Although Floyd county's planned expenditures for the current fiscal year as shown by the county budget published in condensed form elsewhere in this edition of THE TIMES is higher than that of last year or the year before, Floyd county taxpayers will like it better than preceding budgets. For the heavier expenditure planned is for debt service. Debt service, the paying of principal and interest on old bonded indebtedness, has increased from the \$31,600 of 1941-42 and the \$38,750 of 1942-43 to the impressive total of \$65,225 for this year.

Grantland Rice The Real Check Back

What other manager or what other team turned in such a job? They forgot the check back.

About Connie Mack It was something more than a pleasure to have a visit with 80-year-old Connie Mack

During the last series game I turned the clock back even further. I ran into Arlie Latham, now working at the Yankee Stadium.

Another 80-Year Old This brought to mind another active sporting star who goes back 60 years.

The Iron Horse Much has been said and written about the iron horse.

Horse Ages Tony, the 40-year-old Tom Mix horse, was scheduled for execution recently.

FOR STATE SENATOR

You call it Bread your ancestors would have called it Cake

Your daily bread is nutrition in one of its finest and most appetizing forms— and today it saves ration points. We Americans can be grateful that our country produces an abundance of this perfect 'staff of life'.

We can be grateful, too, to science for the greatly improved quality of our daily bread. It has been tremendously enriched. Its texture is finer, its appearance and flavor more inviting.

Did you ever wonder how many millions of pounds of yeast are required each year to leaven the nation's bread? Did you know that yeast must be absolutely fresh when it reaches the baker? Thanks to a network of specialized delivery services plus modern refrigeration, bakers in even remote parts of America get their yeast fresh and on time.

The Baker's Yeast Division of Anheuser-Busch supplies bakers with yeast for a large part of the nation's bread. Now nearly 15 percent of our entire output goes to the Army. This service to civilian bakers and our armed forces resulted from applying to food the knowledge gained from years of laboratory work in producing the world-famous Budweiser.

Budweiser

In addition to supplying the armed forces with glister pants, gun turret parts and food-salts, Anheuser-Busch produces materials which go into the manufacture of B Complex Vitamins • Rubber • Aluminum • Muntions • Medicals • Hospital Diets • Baby Foods • Vitamin-fortified cattle feeds • Batters • Paper • Soap and Textiles— to name a few.

Four Kentucky Coal Mines Receive Federal Inspection

Improved ventilating facilities, effective control of dust, and elimination of ignition hazards have been recommended by federal coal mine inspectors for four Kentucky coal mines in Floyd, Harlan, Bell and Muhlenberg counties. Dr. R. R. Sayers, director of the Bureau of Mines, informed Secretary of the Interior Harold I. Ickes...

have made safety improvements for further protection of life and property. Listed among the ignition hazards in the Glo Mine were underground smoking, use of open-flame cap lamps, and blasting with black powder and dynamite. A federal inspector recommended the adoption of a "no smoking" rule, use of permissible electric cap lamps, and exclusive use of permissible explosives. He said some workers wore permissible electric cap lamps and that some permissible explosives were used.

E. M. Moore, of Moore-Knox, is a candidate for the Democratic nomination for State Senator from the 29th district composed of Floyd, Knott and Martin counties. He knows the problems of his home people and will stand by them, working for increased pay for the aged, the retired old teachers and those teachers who are now in service. Mr. Moore deeply appreciates friendship and will not forget any favor you may now show him. (Pol. adv.)

County Agents to Handle Farm Labor

In accordance with a law passed by Congress, the Kentucky College of Agriculture and Home Economics, through its county agricultural and home demonstration agents, has assumed full responsibility for the recruitment and placement of agricultural labor within the state. In two counties, McCracken and Davies, the Extension Service and the County Agents have contracted with the United States Employment Service for handling the farm labor problem. In all other counties, requests for farm labor and applications for agricultural work are to be filed in the county extension office.

SERIOUSLY SPEAKING

By E. F. EPLING They follow, squeal and squirm. They'll cry and plead for mercy when there is no mercy for the Axis. It is our side doing the dishing out. Yet it's hard to understand how some people are unconcerned about what the Axis is doing. Or what it should be doing. The rights of citizens are to be upheld.

THE GARDEN

By JOHN S. GARDNER Kentucky College of Agriculture and Home Economics FOOD FOR NEXT WINTER In other years, at this time it has been time to say "good-bye" to the garden. But this year it is not a normal year. Gardens were started late and wet, and many now feeling the lack of rain, appear to be falling short of their earlier promise. But, Uncle Sam needs food, and more food. And Kentucky needs food for the winter. So, what to do? Fortunately much, it done quickly.

# ONLY SYNTHETIC TIRE BACKED BY 80,000,000 MILE ROAD TEST

Three years ago car owners started the greatest road test in history, driving thousands of Silvertowns (made with Ameripol). That's why you can have the utmost confidence in our all-synthetic tire of today—the 1943 Ameripol Silvertown

### LIMITED STOCKS

Only B & C Book Holders Who Qualify For Tires For Essential Driving Can Get Ameripol Silvertowns.

### RUBBER SHORTAGE STILL ACUTE

There still is a critical rubber shortage. Most synthetic rubber is needed for vital war requirements. Every American must continue to conserve rubber! Follow the five basic rules of tire conservation from the Office of the Rubber Director.

1. Drive only when absolutely necessary.
2. Keep under 35 miles an hour.
3. Keep your tires properly inflated.
4. Have them inspected regularly.
5. Share your car with others.

### WHEN YOU BUY a synthetic tire—use the same kind of good buying sense you always use. Look for facts and evidence. Here's some—from a U. S. Senate Investigating Committee:

"The only general-purpose tire rubber which had been brought into small commercial production by 1940 was Ameripol, another B. F. Goodrich product. In the summer of 1940 Goodrich placed Ameripol tires on the market, and recent reports on the performance of those tires seemed to indicate that Ameripol was equal or possibly superior in durability and service to the crude rubber product."

Thousands of these Ameripol Silvertowns were driven

in every state, and under every condition of road and climate. They were driven the way drivers drive them—and not by factory experts.

Results show that these tires were "at least as good as those made with natural rubber."

In these Silvertowns, more than half the natural rubber was replaced by synthetic. In the new Silvertowns we offer you today, more than 99% of the natural rubber is replaced by synthetic. And these new Silvertowns of ours have been undergoing a severe test, too—the test of battle on a dozen fronts.

If you buy on proof of performance, you'll buy B. F. Goodrich Ameripol Silvertowns. See us today!

### SOME OF THE HUNDREDS OF COMPANIES WHO MADE THE GREATEST TIRE TEST IN HISTORY

STANDARD BRANDS bought a number of Silvertowns made with synthetic rubber back in 1940. They were installed on company cars in several regions of the country. Some of these tires went more than 80,000 miles!

AMERICAN AIRLINES was another of the companies who bought made-with-synthetic Silvertowns months before Pearl Harbor. This airfield maintenance truck went 29,518 miles and was good for thousands more.

BRINKS, INC., operators of armored trucks, tried these Ameripol Silvertowns on a conveyer car. 26,892 miles were recorded—excellent mileage for this type of driving.

CELEBRATES 5TH ANNIVERSARY

Mrs. Cynthia Holbrook was guest of honor at a buffet supper last Sunday at her country home on the Middle Creek road. Her daughter, Mrs. Minerva Spradlin, was hostess to her friends and relatives. At 1 o'clock the guests were invited to the dining room where a delicious supper was awaiting them. Mrs. Holbrook was presented with a huge hand-decorated birthday cake and in pastel shades of orchid and pink sweet peas the inscription on it bore the date, July 7, 1887-July 7, 1942. To Mother—Happy Birthdays! The Rev. David M. Irvine read a blessing after which Mrs. Holbrook invited the guests to partake of the food. After supper she was seated at a small table where she opened the numerous remembrances from her friends. Those enjoying the occasion were Mr. and Mrs. J. M. Davidson, Mrs. Everett Sowers, Mr. and Mrs. H. D. Fitzpatrick, Mr. and Mrs. W. H. Jones, Mr. and Mrs. C. M. Bower, Mr. and Mrs. Henry Holbrook, Mr. and Mrs. W. H. The latter theory was asserted by several Prestonsburg attorneys. Among as Democratic candidates for Council were: from Ward 1—Herbert G. Salisbury, A. C. Carter, Thomas Hereford, Graham Harris, Ward 2—Mont Gibson, Ward 3—Tackitt, Ward 4—E. K. Dotson, John Osborn.
The courts may have almost as much to do with this race as voters, was the opinion expressed this week.
The roster of candidates, as filed in the office of County Clerk A. B. Meade and in the order in which they will appear on the ballot, follows:
Democrats
For Representative District No. 96—R. L. (Bob) May, David B. Leslie, Jr., R. T. Allen, Bill Disigers.
For Representative District 97—Jerry Ponce Howell, Columbus Compton. (A. L. Martin withdrew from the race before the Thursday night deadline.
For Sheriff—Elson Kendrick, Otto Fanning, Bill Hall, Troy B. Sturgill, Adam Hays, Willard May.
For Constable (Industrial District No. 2)—Tommy Cole, Rich Hall, Muncie Parter, New Robinson.
Republicans
For Representative (District No. 96)—Robert Hicks (unopposed).
For Representative (District No. 97)—Clarence Mullins (unopposed).
For Sheriff—Millard Salisbury, D. P. (Perk) Dingus.
