SPEAKING OF AND FOR FLOYD COUNTY

PRESTONSBURG, KENTUCKY

THURSDAY

WILLARD MAY ASKS CHANCE TO SERVE ALL THE PEOPLE

I entered this race for Sheriff in the hope that the people were "fed up" on these politicians and that the good people would stand behind me and elect me as their Sheriff so that I could serve without my hands being tied or where I would have to pay back some political debts.

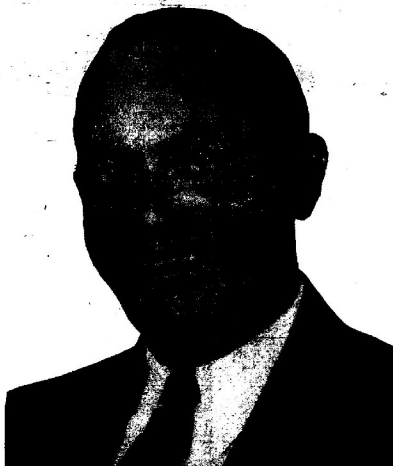

I have said nothing about any candidate or any group of people. I want the people to make up their minds whom they want for their Sheriff. No group of people or any one man has endorsed me for Sheriff, not have I been asked for it. When elected I will owe no man, then I can serve the people of the county without fear or favor.

Having the majority and by the help of the good people of Floyd county, and I feel confident of victory in November. I entered this race of my own accord. No body asked me to run. I have run my own race and when elected I will be the Sheriff.

I humbly solicit your support now and in November.

Your friend,
WILLARD MAY

To the Voters of Floyd County:

The campaign draws near a close and this will be my last written appeal to you voters before you cast your votes for your Sheriff. I've been fair with my opponents and with the people and shall continue to be. I've accused none of them of anything that would hurt their chances to win this fall if either of them wins over me.

The people have been exceedingly nice and kind to me in my mingling with them and for this I shall ever feel deeply thankful to them. I pledge you now that your reward shall be HONEST, SOBER, FAIR AND UPRIGHT MEN AS DEPUTY SHERIFFS DURING MY TENURE IN OFFICE, if elected. I hope that reward will be worth your confidence and vote.

VICTORY IN NOVEMBER is my main goal and I now pledge all of my opponents that if either of them should win the nomination over me that I will be in the campaign for that one this fall.

Yours for Better Government,
BILL HALL

JERRY FONCE HOWELL FOR REPRESENTATIVE (DISTRICT NO. 97)

DEMOCRATIC PRIMARY, AUGUST 7
To the Voters of Legislative District 97:

Because of the fact that I have been unable to see you all as I had planned and hoped to do, I am making this statement of fact for your consideration.

First of all, I should like to brand as untrue certain statements circulated as to my attitude toward Labor.

My record in the 1941 session of the Legislature will prove my friendship for the workman. Ask any CIO or A. F. of L. legislative lobbyist at that session and he will attest to what I say.

I wrote and sponsored the bill which eliminated the employee's contribution to the Unemployment Compensation Fund.

I also either sponsored or supported every bill before the House that was in the interest of the working man.

ACTIONS, NOT WORDS, PROVE WHERE THOSE WHO SEEK PUBLIC OFFICE STAND.

As Representative during the last two years I worked and voted for all legislation I considered of value to our people here in Floyd county and to the state as a whole. When I return to Frankfort, I will keep that record clean.

I have no word to say against my opponent. But I do think I am entitled to say for myself that I am honest, sober and truthful.

Your friend, JERRY FONCE HOWELL

To the Voters of Legislative District No. 96, Floyd County:

I appeal to the voters of this district for their support, believing they want qualified and conscientious representation at Frankfort.

I invite the good people of the district to inquire about my loyalty to the Democratic party and my earnest desire to be of service. The office of Representative, while not a high-salaried position, is one of great importance.

I trust you will join me in giving Floyd county the representation in Frankfort our people so richly deserve.

Your friend, BILL BIGGERS

MESSAGE TO BE SENT TO SOLDIER OVERSEAS

In this our last opportunity to decide the Democratic race for State Senator, we want to urge every good Democrat to vote for Doug Hays, on the following grounds:

1. He is a Democrat of unflinching loyalty to his party, whether in defeat or victory.
2. He is qualified by years of living among us to give our people the right kind of representation at Frankfort.
3. If your vote is to be cast solely for personal reasons, because of your personal friendship for any one candidate, Doug Hays, always friendly and ready to be your friend in time of need, deserves your support.

There are many other reasons, but we more so want in particular to urge a your reason: This is the fact that Mr. Hays has a son, Capt. Stanley Hays, in foreign service of our country. He is the only one here for State Senator who has a son doing his bit to the end that elections such as this and all the other privileges of a free people may be preserved. When the vote is counted, a message will be sent to Capt. Hays, telling him how his fatherland in the hands of the people has voted.

DON'T YOU THINK WE SHOULD MAKE THAT MESSAGE ONE THAT BOY WILL BE GLAD TO RECEIVE?

TIME FOR THE PEOPLE TO WAKE UP!

TEACHERS: It is time the teachers of Kentucky are making up their minds and using their influence in their own interests. In every speech Rodes K. Myers has made he has asked Governor Johnson to call a special session of the Legislature so that the financial plight of the underpaid teachers may be remedied. But instead of calling the legislature in special session or leaving the state so that Myers can call it, the Governor has his Crown Prince, Lyter Donaldson, promise a lot of big-sounding things.

The teachers and all their friends of Floyd county and the state are asking, Why do Donaldson and Johnson and their crowd wait? Why do they make such promises? Why can't the teachers be helped now with some of that \$13,000,000 surplus lying idle in the State Treasury?

SOLDIERS:—Every ex-soldier and every father and mother of boys and girls in the service of their country now should study a long time before casting a vote against Rodes K. Myers. Those who serve their country now and all their relatives and friends should remember that Rodes K. Myers volunteered for service in World War I at the age of 17. Where was Mr. Donaldson, then only 26 years old and without dependents? Mr. Donaldson was working in his home county—FOR THE RED CROSS.

Let us stand now and always for our service men.

LABOR—Rodes K. Myers is the only candidate with a clean labor record. You know what Keen said about the miners and the C.I.O., four years ago. He said, "the CIO is the OIG to him and all they want is to root and grout." WELL, NOW IS THE TIME FOR EVERY MINER REALLY TO DO SOME ROOTING FOR RODES K. MYERS WHO PARDONED HIGHTOWER AND BENSON AFTER HAPPY AND KEEN HAD TURNED THEIR BACKS ON THEM AND THE LABOR ORGANIZATION THAT HAD CONTRIBUTED MONEY TO THESE MEN'S FIGHT IN THE COURTS FOR FREEDOM.

When elected, Rodes K. Myers will enact legislation to give back to the railroad men the \$1,300,000 which was illegally collected from them.

Myers will repeal the state income tax, a tax not now needed with a surplus in the State Treasury, a tax the State Administration pledged itself to repeal when not needed. (That promise, however, was forgotten as many the other.)

Let the people of Floyd county wake up and vote for their own interests. Floyd county will never get anything as long as the present administration and its hang-ons are in power.

The way to rid ourselves of the highway machine, the old-age pension graft, the soap deal, the laundry deal and the truck deal is to go to the polls on August 7 and work and vote for

RODES K. MYERS

a teacher, lawyer, friend to Labor and a man who can carry the party to victory in November.

WAYLAND HOT SHOTS
By R. H.
I guess you all remember the honor roll or service men's monument I wrote about in my column about six months ago. Well, I see by THE TIMES it's about to be under way now, when we really should have it completed and a day or so for its dedication. Why let the old Floyd county be caboose of other counties in doing things for our service men who are fighting for the freedom we enjoy? I notice in THE TIMES that World where he writes of some donations coming in without any call. He seems to be waiting on the action of the fiscal court. It might be like waiting on the road scraper which only comes around just before the election and then leaves or disappears? I notice in THE TIMES that World where he writes of some donations coming in without any call. He seems to be waiting on the action of the fiscal court. It might be like waiting on the road scraper which only comes around just before the election and then leaves or disappears?

I thought we were going to get Briar Buck turned loose on some of those Governors that are trying to fool the people with their mouthing against their fellowmen and telling the people what they are not going to do. I hope the people get wise and elect a Governor for the people and not for the political machinery.

Sam Nee has returned from Detroit where he has completed several bombers. I guess—maybe enough for the duration.
Delbert Davis and Delbert Webb were down the road the other day and ran across a blind boy playing a guitar and singing and they say the boys really cried. I believe they had unions in their eyes or maybe too much beer.

Sherd Shipley has gone to scotch.
Those trappers up north need some of those men from Beaver Creek to help them catch their game. Will Martin, Ralph Coleman and other boys were fishing the other night—and were they surprised when instead of catching fish they caught a beaver. It looks like a grizzly bear, weighs about 40 pounds.

In Wayne county, contracts were signed for more than 2,000 acres of hemp.

What You Buy With WAR BONDS
Prevents the "Bonds"
Before our fighting pilots take to the air for atmosphere flying they must be "stuffed-up." To do this the pilot just before he takes off pedals a stationary motor driven bicycle to reduce the amount of nitrogen in his blood. Otherwise the bubbles would collect in his blood stream.
The stationary bicycle is an inexpensive piece of equipment, but the vast quantities of this and other materials of war make it impossible for all of us to keep our fighting men well supplied by greater and greater purchases of War Bonds Overseas.

Interest in Education Over State Increases
Public interest in education is shown by the increased activities of various civic, professional and industrial organizations throughout the state.

Meeting recently in Louisville, a number of lay people representing many interests discussed the problems of education. The group effected a voluntary organization which will be known as the Coordinating Council on Public Education. The chief function of this organization will be to assist school leaders in the program of publishing to the parents and the public information about the schools and their needs in this serious time and to formulate plans to counteract the teacher-and-shortage crisis.

Under direction of county and city superintendents, a series of public conferences are to be held throughout the state. These conferences will be purely local center around the individual school. Persons who are informed on the problems of the schools will talk to the parents in every school community about the need for greater support of the schools. Literature which has been specially prepared will be distributed, and with the co-operation of the press, social, civic and industrial organizations of all localities, it is hoped that greater progress will be made toward the problems of salaries and closed schools.

Organized groups participating in the program of publishing the critical plight of the schools are: American Association of University Women (Kentucky Branch), American Legion, Department of Superintendents, Farm Bureau, Independent League of Women Voters, Kentucky Education Association, K. E. A. Young Men's Board, Kentucky Federation of Women's Clubs, Kentucky Negro Organizations, Kentucky School Board Members Association, Kentucky State Federation of Business and Professional Women's Clubs, Lions Clubs, Kiwanis Clubs, Parent-Teacher Associations, Rotary Club, Service Clubs, State Department of Education, and the State Federation of Labor.

The Bowns, the big butter and egg man from Johnson county, is conspicuous by his absence.

Well, it seems that my argument with Tom Dingus down at the courthouse has created a lot of interest. That is good for the fourth term. Tom's argument against the doctor, saying he's charging too much and that he probably would be up and about, and. And just as soon as he could throw his crutches away, he started cursing the doctor, saying he's charging too much and that he probably would be up and about, and.

The Hall of Fame
Baseball's Hall of Fame has come to a rather abrupt pause lately. But as long as this institution looks back to the past, it may use of oil or rubber, apart from any priorities, there is no reason now why it shouldn't be brought back to life. My friend Bob Stedler, a veteran from the Buffalo Evening News, a sporting writer who knows what it's all about, has brought out the best new nomination in sight. The name is Jimmy Collins, in my mind the greatest artist ever played third base, one of the top infield artists of all time. Jimmy Collins, staving for 16 Grandstand Base years, was in many ways the greatest ballplayer Boston ever knew.

Great Third Basemen
In the last 40 or more years, I've seen many great third basemen come and go.
In this list I can give you Jimmy Collins, Art Devlin, Buck Weaver, Bill Bradley, Frank Baker, Pie Traynor and a few others.
Pie Traynor was one of the greatest. He was the leading offensive star. Art Devlin was a Bradley Devlin and others could play third base, but Collins was the fastest and most graceful of them all. Jimmy Collins was a third baseman what Hal Chase was to first and Larry Lajoie to second.

When you "make your bow" to Canning....
Pie Traynor the hard plays long and simple. On the offensive side, Collins batted well over .300 with the dead ball for six years.
On the defensive side, he was the fielding champion of both the National and American leagues.

All-Graceful
If I had to pick an all-graceful team it would be along these lines: Catcher—Johnny Kling of the Cubs.
Pitcher—Walter Johnson of Washington.
First base—Hal Chase of the Yankees.
Second base—Napoleon Lajoie of Cleveland.
Shortstop—Herman Long of Boston.
Third base—Jimmy Collins of Boston.

Belated Tribute
In the first vote for the Hall of Fame, Collins pulled one of the highest votes and just fell short of the nomination. Then the old guard began to fade as younger fellows came along with only a faint memory of the past.

They began to forget about Jimmy Collins, only remembering the stars they had seen along these lines: Catcher—Johnny Kling of the Cubs.
Pitcher—Walter Johnson of Washington.
First base—Hal Chase of the Yankees.
Second base—Napoleon Lajoie of Cleveland.
Shortstop—Herman Long of Boston.
Third base—Jimmy Collins of Boston.

Kentucky and West Virginia POWER COMPANY

SHIKE'S POKES
You make \$7 per day than when you made \$1.00 a day and just worked here one month. Over half of the working men of Floyd county couldn't buy meat at a c pound in Hoover times—they didn't have a job.
Let's hope Hitler leads with his neck!
Hitler used to talk about the "Red" menace. But now it's the Red, White and Blue menace.
Why all the explaining about the bombing of Rome? Did Hitler and Ole Miss show Coventry and London any mercy? Four is on as long as Rome stands. Then it's Berlin and Tokyo.
It seems to me that everyone should be working in an industrial job. Coal loaders and farmers are needed all over Kentucky. So why not let these weeds grow along the highway for the duration? After all they have been growing for four years. I'd like to see one Governor's election where they wouldn't get that ole grader and tractor stuck up in some hollow.

When you "make your bow" to Canning....
SOME HINTS FOR FIRST-TIME CANNERS
1. For canning, select only sound green fresh fruits and vegetables.
2. Make sure that all jars and caps are in perfect condition—free from cracks, chips, or dents.
3. Wash all container lids and jar rubbers and place in hot water until ready to use.
4. Pack contents loosely in canisters to allow proper head expansion and leave sufficient space to allow for expansion.
5. Do not subject jars to sudden temperature changes—never lift jars from canner by jar lifter; do not open jars after processing (cooling in jars).
6. Use utmost care in sealing jars to avoid spoilage and breakage of containers. Follow jar manufacturer's instructions exactly for sealing the particular style of jar top that you use.
7. Be sure to heat all home-canned meats and non-acid vegetables 10 to 15 minutes before eating or even feeding.
BE SURE TO FOLLOW THE RULES
OF COURSE you are going to can this year—not just to assure subsistence for your family, but because it is part of every one's war duty to preserve food when there is an abundance.
To can successfully you must follow the rules religiously. Many jar manufacturers will supply excellent booklets giving detailed recipes, time-tables and instructions for use of their customers.
With the hope of rendering assistance to the homemaker in this enterprise, we have produced a compact booklet containing most of the essential information necessary for the successful canning of fruits and vegetables. This booklet is available in our office. Be sure to get your copy.

'Wings at Seventeen'
Naitip's New Slogan

"There's a new slogan that you'll be hearing more and more among the young men of America," Pfc. Harry E. Greer said this week at his office, Pikeville, Ky. "It is 'Wings you want are yours to wear at seventeen.'"

"That slogan is an answer to thousands of Americans who have dreamed of flying with the U. S. Army Air Forces," Pfc. Greer explained. "Instead of waiting until they are 18 to start their training as aviation cadets, they can now enlist in the Air Corps Enlisted Reserve at 17, with their parents' consent, and wear the silver wings with the AC on a blue cord which identifies them as members of the U. S. Army Air Forces."

At high schools all over the country, silver wings are being worn on the coat lapels of thousands of students. When they are called up as Aviation Cadets, they continue their education, first with pre-flight training at selected colleges, then at one of the more advanced air bases like Randolph Field, known as "The West Point of the Air."

"The opportunity to become aviation cadets," Pfc. Greer emphasized, "is still open to men who have reached their 18th birthday but have not yet reached their 21st. They can volunteer for induction, or if they are already in the army, they can apply through their nearest Aviation Cadet Examining Board."

The mental examination to become an aviation cadet is given at the U. S. Army recruiting office, Pikeville, thereby saving the expense of going to Dayton or Louisville to take the examination.

NON-PARTISAN BALLOT VOTED

By City Council Here Monday; Act Of 1942 Is Cited

Presidentsburg's City Council Monday night enacted legislation designed, one member said, "to eliminate the bias of the state on the city election in November."

The ordinance enacted would file the filing on the Democratic ticket of a group of candidates as an anti-partisan election. Although this ticket has been awarded certificates of Democratic nomination, Council's action was unanimous, it was said.

The ordinance is based on Kentucky Revised Statute 118.175, which reads in part:

"When any city so provides by ordinance, the ballots used at any election in which city officers are to be elected shall contain, in a single vertical column, the names of candidates for such city offices grouped according to the offices they seek, and such candidates shall be similarly arranged on the ballot and beneath the title of office such candidates seek. The names of the candidates shall be listed in rotating order—each candidate to have his name first in order on an equal number of ballots."

Who's a Friend to Labor?

By "SHIKKPOKE"

I've heard a lot of arguments over the week end about who the miners will support Saturday in the governor's election and I'm of the opinion that I've talked to hundreds of miners and am one myself that Donaldson won't get their support. Every miner in Floyd county remembers the election four years ago when Happy's "Charlie McCarthy"—Keen Johnson—ran against John V. Brown. They remember the speech that "McCarthy" Keen made at Presidentsburg. I was there when he said "He didn't have 'em, I didn't want 'em, and I don't need 'em" the support of the U.M.W. of A. He'll not have them, anyway, this time and I sure don't believe the people of this end of the state will elect who he nominated and elected who he had nothing done to the left. Beaver road, just four miles from the end of the Distinctors' building. He spends more beautiful roads in the Blue Grass than we get for all his Big Sany.

Happy appointed his successor, "Charlie McCarthy" Keen Johnson. Now "McCarthy" Keen is trying to appoint his Crown Prince "Mortimer" Donaldson as his successor and I don't believe the people of this end of the state will elect that ball. What the hell's the use of having an election if Keen is allowed to appoint?

We all know that the property of the mines and railroads are closely tied together. If the election is held together, the railroads back "Seerd" Donaldson, "The Big Truck Man." Remember the truck deal Ask D. C. Moore. Our sons, brothers and fathers are bleeding and dying on foreign battlefields for our American way of life, our right to vote as plebeians, and rights at home. Keen is trying to do just like Hitler, picking a man to succeed him. The American forces are pinning their faith on the election. So let's here on the home front pin back the ears of the "Braying Jackass" from Carroll County—"Mortimer" Siner. He's the worst labor-baiter besides Keen Johnson and Chandler in Kentucky. That picture that Brar Buck was taking about sure beat Keen's Crown Prince in Floyd county. If Donaldson could have had that picture made on the left Beaver highway, we would only see his ears.

Remember this, all you working men—the only time Keen and Lyster will speak to you is on election day. They're out shaking hands now but they're just wasting their time. If they were friends of Labor, why didn't they pardon Al Benson, Higmore and how follows? Those men would have been in prison yet if Keen had not been caught out of the state—and Myers pardoned.

Remember, fellows, these politicians and men who are out working for Donaldson are PAID to come to the state payroll. Don't let Lyster's crowd soft-soap you. Remember we paid 50 cents a pound for the soap.

Home After Months of Fighting In Pacific, Sanders Preaches From Pulpit of Floyd Church

A navy veteran of eight major engagements in the Pacific told his story in a Floyd church Sunday.

But it wasn't a story of divine numbers and torpedoes.

The veteran's story was the old "story" from the Bible he has carried with him on every cruise in peace and war.

Sanders wartime mission since he entered the navy more than three years ago.

The speaker was 30-year-old Robert L. Sanders, son of Mrs. Bert Hall, of Banner, who is an ordained minister besides being a radio man, first class on an aircraft carrier.

A large congregation at the Cow Creek Free Will Baptist Church Sunday evening heard the young minister.

What Floyd Could Do In Waste Fat Program Told by Big Collector

One tablespoonful of waste household fats saved every day by each of Floyd county's 12,928 families during the second year of the WFP; fat salvaging campaign would provide enough lard to make 420,000 anti-aircraft shells. It was estimated this week by the largest single collector of this vitally-needed war material.

Indications are that nationwide results of the campaign's initial year, ending the first week in July, totaled more than 68,000,000 pounds of household fats, based on O.W.I. reports for the first eleven months. This is one-third of the annual quota for the nation of 200,000,000 pounds.

Kentucky is asked by the government to salvage 202,000 pounds of fat each month.

Dam-Builder Found Back in Old Haunts

Dr. Arnett's Appeal To Voters of County

In this my last published statement before the primary I want simply to repeat that I still hold that those things I have from the first claimed as state desecrations are still most like sections should have, and can have, a free tuberculosis hospital. My opposition may seem to you to be a bit extreme, but I believe that is what can be done.

I claim that the seed should be paid more by the state.

I insist that Labor, Industry and Commerce should have proper government support operate harmoniously and on equality, with profit to all.

Give me your vote and let me have a chance to offer a real constructive program for this Senatorial district and the state as a whole.

DR. EARL T. ARNETT, Democratic candidate for State Senator

Emma Tips Weeksbury By Score of 8 to 7

Three doubles by Joe Weddington, two of the same calibre by A. Gannell and consistently good pitching by D. W. Weddington brought Emma a hard-earned 8-7 victory at Weeksbury Sunday.

Both pitchers were troubled throughout the game because of faulty fielding. The game was tied up at all when Emma came to bat in the ninth inning. A Gannell led off with a steaming double to center field. After Childers walked, H. Weddington knocked in the winning run by a fast double to right field. In the last of the ninth D. Weddington was relieved by J. Weddington with one out and the bases loaded. J. Weddington stepped the threat by striking out the next man and making the next ground out to second.

Weddington and the Weeksbury attack with 3 for 4. The two teams will angle in the rubber game at Presidentsburg Sunday, Aug. 8, at 2 o'clock with the winner playing Auxier. Weeksbury will use the veteran southpaw, Ray, while the pitching choice for Emma is undecided.

The long-term deserters were Harry Eugene Turner, Auxier, four years taken into custody; and William Joseph Brook, of Wheelwright, captured by Constable Willie Johnson.

Two others named for army desertions were Arnold Vance, Logan, and Thomas A. Lacey, the four were taken to Ft. Knox.

VOTE FOR TOM HIPPIES A DEMOCRAT

FOR COMMISSIONER OF AGRICULTURE

(Pol. Adv.)

VOTE FOR ERNEST E. SHANNON AUDITOR

He stands on his record as a state official. Has nothing new to offer.

(Pol. Adv.)

UNITED MINE WORKERS, REPRESENTATIVES AND FIELD WORKERS OF DISTRICT 30 ARE SUPPORTING THE FOLLOWING CANDIDATES IN THE DEMOCRATIC PRIMARY AUGUST 7, 1943.

J. Lyter Donaldson for Governor
John A. Whitaker for Lt. Governor
Troy B. Sturgill for Sheriff

He has carefully checked the records of the above named races for Governor, and Lieutenant Governor, and we do not hesitate to recommend them to the miners of Floyd county, and urge your support in their behalf.

As for the Sheriff's race there are a number of good men in this race whom we have nothing against. However, Congressman A. J. May is sponsoring the candidacy of his nephew, Willard May, and because of Jack May's record in Congress in support of union busting legislation, and his vicious attacks upon John L. Lewis and sharing the patriotism of coal miners in Floyd County, and because of his efforts to block an increase in wages to the miners in his district we cannot support a candidate that would be helping Jack to build a political machine to elect himself as Circuit Judge of Floyd County. Therefore we carefully checked Floyd County and we believe that Troy B. Sturgill is the only candidate strong enough to beat Jack May's job holders and other men who hate union coal miners in Floyd County.

As a means of beating Jack May in electing his two nephews, Bill May, for Lieutenant Governor, and Willard May, for Sheriff we appeal to the miners of Floyd county not to fail to vote on election day and to help beat this political machine of Jack May's, a machine that has gone all out against Labor.

- TOM RANEY, International Board Member District 30
- B. B. BLOOMER, District Representative District 30
- CARSON HUBBETS, District Representative District 30
- W. M. HALL, Representative District 30
- JOHN LUCAS, Representative District 30
- E. L. BAKER, Representative District 30

To the People of Floyd County:

Never, since the untimely death, more than twenty years ago, of my lamented husband, Wm. H. May, father of the present candidate for Lieutenant Governor, Wm. H. May, Jr., have I issued a public statement.

The statement printed above, signed by field workers of the United Mine Workers, none of whom are Floyd countyans, shows that Troy B. Sturgill, who seeks the votes of good Floyd county women and men, has joined the opposition to my son, has joined forces with a man who lives 400 miles away in West Kentucky.

Born and reared here on the slopes drained by the Big Sandy and the Beaver Creeks, I have always cherished a pride in the loyalty of one Floyd countyian to another when he or she faced an enemy or an opponent from without. And so I cannot resist the impulse to point out this particular treachery of one Eastern Kentuckian to the injury of another.

I hope the people who want to see a Floyd county boy Lieutenant Governor will think this over and go out and vote for my son, W. H. May, and scorn such political tactics.

Sincerely,

Mary B. May

INSURANCE

LIFE—FIRE—CASUALTY—BONDS

FOR SHERIFF OTTO FANNIN

DEMOCRATIC PRIMARY, AUGUST 7

To the Miners of Floyd County:

This year, as never before in Lacey's history, it is absolutely necessary for us miners to stand together. Only through complete unity can our organization continue to exist and afford to the working men the rights and privileges we as free Americans deserve.

I am a member of the United Mine Workers of America, have carried a Union card practically all my life and now am working at a coal mine. Moreover, I am the only miner seeking the Sheriff's office who has a chance to win.

IF WE ALL STAND TOGETHER, I WILL BE NOMINATED AND ELECTED SHERIFF. We never in the past have voted the full strength of the miners for one man and, therefore, have never had the part we should have had in the conduct of our country's government.

THINK THIS OVER—DON'T LET NON-UNION CANDIDATES LEAD YOU ASTRAY. Don't split your voting strength. I am the only man you can ABSOLUTELY depend upon, during the trying days that will surely come, to stand up for your rights and give you the protection of the Sheriff's office as the law provides.

TO THE FARMERS:

I promise you that my office will always be open to you. A welcome will always await you when you come to Prestonsburg. I will be glad at any time to help you in meeting your individual problems. I know what the working man's problems are and sympathize with every man who earns a living by the sweat of his brow.

TO ALL CITIZENS:

I am a member of the American Legion and served overseas in World War I, just as thousands of your own sons, husbands and brothers are now serving. My schooling was cut short when I put my duty to my country first in our first war with Germany. I sacrificed my future then for what I devoutly hoped would be a better future for us all.

NOW I AM ASKING THE OPPORTUNITY TO SERVE MY HOME COUNTY AS AN OFFICIAL. Won't you fight for me as I once did for you?

If elected Sheriff, I will not interfere with your legal rights by overstepping my authority.

My deputies will work at all times under my personal supervision. Protection will be given the rural sections of the county as well as the towns. I will have only upstanding men selected by good citizens, as deputies.

I am not a rich man; I can only beg for your support. It is yours to give—yours is the power to name your Sheriff. It has been a long time since 1918 but I served my county and country then, and ask you not to let the memory of those days die.

I humbly solicit your vote and influence in my behalf.
