The Ammunition is being passed

There's no monkey-business about the way the ammunition is being passed in this war, either. For example, the Navy's 5-inch 38 caliber gun throws shells at planes or surface craft at a terrific rate. Its powder and shells must come to the gun in a steady stream. How is it done? With an ingenious hoist whose tolerances are so close that the mechanism is comparable to the movement of a fine watch.

Ammunition hoists for the Navy are being produced so fast and efficiently by the

Busch-Sulzer Bros. Diesel Engine Company that the organization has been awarded a second star in its Navy E pennant. Busch-Sulzer, which made engines for submarines in the last war, was founded by Adolphus Busch, the founder of Anheuser-Busch. He was the first to build Diesels in America—and the first American-made Diesel went into the Home of Budweiser. Now as then, the quest for better methods and facilities to produce the world's most popular beer never ceases.

Budweiser

In addition to supplying the armed forces with glider parts, gun turret parts and foodstuffs, Anheuser-Busch provides materials which go into the manufacture of: Rubber • Aluminum • Munitions • Explosives • B-complex Vitamins • Hospital Diet • Baby Foods • Bread and other Bakery Products • Vitamin-fortified cattle feeds • Batcher • Paper • Soap and toilet • Tanning • a few.

OVERLOADING APPLIANCES IS A WAR HAZARD

Be Patriotic... Conserve Electricity

CERTAINLY no woman is going to stuff a mattress into a washing machine, but without realizing it, she might over-stuff it with clothes...

The Government urges all citizens to conserve fuel. Whether it be used directly, or indirectly as electricity, it is vital to the war effort.

Remember this when using your washing machine and other electric appliances... don't fail to defrost your refrigerator... don't operate your electric range at higher speed than is necessary.

Other forms of waste are leaving lights or appliances "on" when not needed... washing hot water with leaky faucets.

Do Not Waste Electricity Just Because it is Not Rationed.

Kentucky and West Virginia POWER COMPANY

HELPFUL HINTS TO SAVE FUEL, EQUIPMENT AND ELECTRICITY IN THE OPERATION OF YOUR WASHING MACHINE.

1. SAVE ELECTRICITY with proper loading of your washing machine—this means don't overload it with clothes but don't have two washing operations when one would do, with careful planning.
2. CONSERVE FUEL. Don't use more hot water than is necessary... don't run your machine longer than 7 to 12 minutes... That is simple and longer time doesn't make your clothes any cleaner.
3. SAVE THE MOTOR. In cold weather, if the washer is stored in a non-heated space, allow it to warm up to room temperature before starting to save the motor.
4. SAVE THE MACHINE. Refer to instruction booklet for filling instructions.

Floyd County Times

OFFICIAL ORGAN FOR FLOYD COUNTY, KY. EST. 1877

Published Every Thursday by PRESTONSBURG PUBLISHING CO.

WORMAN ALLEN, Editor

NATIONAL EDITORIAL ASSOCIATION 1943 Active Member

MEMBER KENTUCKY PRESS ASSOCIATION

Entered as second class matter June 18, 1877, at the postoffice at Prestonsburg, Ky., under the act of March 3, 1879.

For 1943 Boys and Girls

A CERTAIN percentage of our grown-ups are agreed out of the profundity of their experience that the younger generation most certainly is hellbound.

The Times is no authority on the merits and demerits of those now known as the rising generation or of those known as their elders. But it does have some enlightening history as recounted by those of the generation next preceding these youngsters of ours who are considered by some bluestockings as hell-bent.

We are told, for instance, by these of the generation next preceding the present, that in their time gangs of boys ran through Prestonsburg; that no individual ventured into nearby West Prestonsburg, unaccompanied by his father, some other older (or by his gang as a

...and vice versa.

Children, these days, remain at heart as they were, years or centuries ago, yet the civilizing influences of association, church and school have assuaged their warlike spirits. Mainly, their parents have felt the civilizing influences of modern society. And so "gang rule" has ceased to exist in Prestonsburg boys-town.

The boys may remain outside the "pink-tea" party list of guests; the girls may shock their elders, in some respects. But, God grant, may we have more boys and girls of the year 1943! Bless their civilization—curses upon any defunct form of social life that claims its boys and girls were superior to the youth of today!

THEY ASKED FOR IT

LET no tender hearted soul be disturbed by the term order to crush the Reich from the air, city by city, target by target. The Reich can stop these crushing blows at any moment by the act of unconditional surrender.

Let no one bewail the fact that in this great air bombardment the Allies are lowering their standards to those of the Axis. The Allies did not ask for invasion, or bombing, or war itself. The Axis invaded innocent countries, bombed cities without any regard to saving harmless civilians.

In making unprovoked war it asked for war. It is getting now only what it asked for, and by utilizing two words it can halt invasion before it begins. It can keep every plane on the ground, it can cause every munition-making nation to beat its swords into plow shares, its spears into pruning-hooks, and glad enough they would be to do it.

What the United Nations are now seeking to accomplish is that "Nation shall not lift up sword against nation, neither shall they learn war any more."

But the Axis has never shown good judgment. So it will not save its own people. The Allies have no choice. The bombs will continue to fall. The invading forces, now ready and marking time, will march on to Berlin. The day of the great crushing, so eagerly awaited, draws near.—Herald Dispatch—Huntington, W. Va.

"...and see what the dictionary tells us about it—To take part in wild merry-making, dancing, frolicking; a noisy feast; wild and hilarious merry-making."

A GOOD WORD

By the REV. W. B. GARRIOTT, Pastor, Prestonsburg Methodist Church

It is easy for any of us to be mistaken in what we think regarding any of the great issues of life. We may be able to state conclusions from what we know, but our knowledge may be limited. "My people are destroyed for the lack of knowledge" is the statement of the Bible. It is not always a wise procedure to take what someone else says, for sometimes the person and even a preacher might be mistaken, but there is one source to which we can go and feel that the conclusions drawn from that source are safe. That source is the Bible.

I ask you not to be critical with the writer, but I do ask you to take your Bible and turn to the 6th chapter of Galatians and begin reading with the 18th verse. "Now the works of the flesh are manifest which are these: Adultery, fornication, uncleanness, lasciviousness, idolatry, witchcraft, hatred, variance, emulations, wrath, strife, seditions, heresies, envyings, murders, drunkenness, and such like. Now let us pause here at this word

"...and see what the dictionary tells us about it—To take part in wild merry-making, dancing, frolicking; a noisy feast; wild and hilarious merry-making."

You will notice that dancing is included in this definition. I will say that it is not what it means. Well, if it doesn't mean that, then let us read on in that passage of scripture where we left off, for it shall not.

AND THE SUCH LIKE OF ALTHOUGH I TELL you before as I have told you many times past, that they which do SUCH THINGS shall not inherit the kingdom of God."

SHALL NOT. We are told that "Holy men of God spoke as they were moved by the Holy Ghost," when they wrote the scriptures. If these are the words prompted by the Holy Ghost, and we have no reason to believe that they were not, then deal carefully with them, for the sin against the Holy Ghost shall not be forgiven in this world or in the next.

Now let us read again at the 22nd verse. "But the fruit of the spirit is love, joy, peace, long-suffering, gentleness, goodness, faith, meekness, temperance; against such there is no law." Now if there is no law against them, then it is no sin to do them. Now listen to the

next verse: "AND THEY THAT ARE CHRIST'S HAVE CRUCIFIED THEIR MEMBERS WITH THE AFFECTIONS AND LUSTS; DO YOU BELONG TO CHRIST? If you do, then you have crucified the flesh with the affections and lusts."

So to say that dancing is no worse than any other sin affords no relief. You could also say that it is not any better than any other sin. Sin is sin, and the law of God's law do it, will condemn you.

I shall never forget the story a young man told me one day of a young lady who lived in the next town. She was a beautiful young lady, with charm and grace, stood at the head of her classes, and was admired by all who knew her.

There came the time when the spirit of God knocked at the door of her heart and wanted to come in. She felt the urge to leave the ways of the world and yield to God. There was to be a dance in that community and she said, "I cannot come to Christ now, or I want to attend that dance and I do not feel that a Christian can dance and please God." She did promise that, as soon as she was over the dance, she would give her heart to God and live a Christian life. Her mother had purchased her a beautiful gown and outfit for the occasion and was proud to see her, as she said, take her place in the society of the town. The evening came and this young lady was there. She danced until well into the night and went to an open window where she sat in the cold chill of the winter night and contracted pneumonia. Two days later the doctors told the family that there was nothing more that they could do for her. The information was conveyed to her. She asked her mother to go to a certain place where she had put the gown down, and was to bring it to her. The mother did and when she unfolded it she looked at it and then pushed it away and said "Mother, that is a beautiful dress and I appreciate what you did for me to make it so attractive and lovely, but it is the price of my soul." She did not know anything without ever making any profession whatsoever.

What has the dance cost you? There is a person living in this town of Prestonsburg who can tell you an almost identical story which happened among their friends. I have never known anything good to come out of the dance, but I have known a great deal which has come out of it that has been harmful.

If I could tell you the things people have come to me in confidence and told me that look at the dance and what it had done for them and their homes, you would never ask again, "Can a Christian dance?" I have often thought of John the Baptist and his experience with a dancer, for she received his head in a charger. For what?—because

Hope for the Darkest Hour

Hope for the darkest hour is found in the Bible—in God's word—through knowing Jesus Christ as a personal saviour, loving Him with the heart, mind, soul and strength; as you claim His promise for help, by faith, when you have complied with the conditions upon which help is promised and hope is assured. The word of God is bright with promise and glorious with hope. However, you will be destitute of all if affairs, unless you turn prayerfully to His sacred pages, "search the Scriptures," receive the word with all readiness of mind, and obey it through faith in Christ.

Many are without hope in the days which try men's souls. With a word in chaos and turmoil, with vast armies on the march, with multitudes in prison and concentration camps, with millions of refugees from home and land, the latter number, "refugees from God," mankind is unable to cope with the sinister forces which rush us rapidly into the darkness and confusion, a troubled heart voices the appeal for a divine ray of hope and assurance.

If you have a word from God, speak it, in God's name, and speak it! Now! Show it forth with no uncertain sound. The light of the western civilization, may hear it. No one else has a saving word for us. Can you not awake to realize and see the way out?

This reason so many are without hope is revealed in the following quotation: "According to a recent national survey made by Dr. George Gallup, only one person in ten reads his Bible daily, while forty-one out of every hundred Americans admit that they have not looked inside their Bibles since the war started. This means that only eight out of every ten Americans turn to the word of God as often as they read the daily paper. But more challenging is the fact that thirty-five million people have not opened the Bible in more than a year."

Only one person in twenty says he is reading the Bible more today than he was in the year preceding the global conflict, while others admit that they are neglecting to study the Scriptures because their life is heavier with work. Twice as many women as men read the Bible, reports the Gallup poll, and people who live in rural communities are more faithful in their reading than are the "city dwellers."

Let us turn to the Bible and think on some of the precious promises which bring us earthly fall, and when things earthly fall, "Come unto Me, all ye that labour and are heavy laden, and I will give you rest." Mark 11:28. "God is our refuge and strength, a very present help in trouble." Psalms 46:1.

"He that dwelleth in the secret place of the most high shall abide under the shadow of the Almighty." He shall call upon Me, and I will answer him; he shall be with him in trouble; I will deliver him and honor him." Psalms 91:1, 15.

"Be strong and of a good courage; be not afraid, neither be thou dismayed; for the Lord thy God is with thee whithersoever thou goest." Joshua 1:9.

"Jesus answered and said unto him, If a man love me, he will keep my words; and My Father will love him, and we will come unto him, and make our abode with him." John 14:23.

"Blessed is the man that trusteth in the Lord, whose hope the Lord is." Jeremiah 17:7.

"Where is Christ in you, the hope of glory." Colossians 1:27.

With an earnest purpose to be of the greatest help possible, we have painted a big tent, on north Broadway in Prestonsburg, in which further diligent study of the word of God will be made. We cordially invite you to illuminate your pathway with gleams from the light-house by being present each evening, but an outline of the opening program appears elsewhere in this issue of THE TIMES.

"Dear friend, have faith in God. Very cordially yours, in the 'Blessed Hope'." J. S. JAMESON

Shells To Be Available For Rabbit, Quail Season

Kentucky hunters who had been waiting for the rabbit and quail season to begin...

In an announcement from Washington the WPB made additional rifle and shotgun ammunition available to farmers...

Farmers and ranchers who apply to dealers before Oct. 1 will be allowed 100 rounds of .22 caliber cartridges...

Sportsmen hunters will be allowed 50 rounds of .22 cartridges, 20 rounds of center fire ammunition...

This will do Kentucky hunters no good for the squirrel season, which is now on, and the dove season, which opens Sept. 16...

CRATED YAMS SHOW SMALLER SPOILAGE

Sweet potatoes packed in rigid containers will lose much less from spoilage in storage than those in sacks or in bulk...

Since farmers who hold their sweet potatoes over until next Spring are bound to receive a higher price for their crop, it is important for growers to prepare now for the most effective storage...

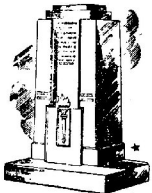

Additional studies and experience show that loss through shrinkage and spoilage amounts to some 20 per cent by weight if sweet potatoes are stored in mesh bags...

Placing of orders for rigid wooden containers for yams as possible was urged by Mr. Young, who stressed the fact that wooden crates and homes are already at a premium...

THE 3rd WAR LOAN DRIVE STARTS - TO BACK THE INVASION!

3rd WAR LOAN

15 BILLION DOLLARS (NON-BANKING QUOTA)

What you will be asked to do--

MARK WELL the date--Thursday, September 15th. For on that day, you must answer to your country's call.

On that day, the 3rd War Loan Drive opens. To you--and to every other true American--a clarion call goes forth to rally to the support of our flag.

You will be asked to back our fighting forces to the very limit of your resources. You will be asked to go ALL-OUT FOR INVASION by investing in EXTRA War Bonds--more War Bonds than you perhaps think you can possibly afford.

To meet the national quota, every individual in the country who earns a wage or draws an income or has accumulated funds must invest, if he possibly can, in at least one EXTRA \$100 War Bond. Those who can, must invest more--thousands of dollars' worth more. Each and every one must do his full part.

Scrape up the money from every source you can... turn in all the loose cash you carry with you... dig out what you had tucked away "just in case." Go without pleasures, luxuries, even necessities this September. And give our fighting men the things they need to fight with--and win.

These men are throwing everything they have into this fierce invasion push. They are giving their blood, their lives. No one can put a price

on such courage, self-sacrifice, devotion. But you can show you're with them to the limit! You can say it with Bonds... EXTRA Bonds this month.

World's Safest Investments

For this 3rd War Loan, you will be offered your choice of various government securities. Choose the one that fits your requirements.

United States War Savings Bonds Series "E"; gives you back \$4 for every \$3 when the bond matures. Interest: 2.9% a year, compounded semiannually, if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1,000. Redemption: Anytime 60 days after issue date. Price: 75% of maturity value.

2 1/2% Treasury Bonds of 1964-1969; readily marketable, acceptable as bank collateral. Redeemable at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated September 15, 1943; due December 15, 1969. Denominations: \$500, \$1,000, \$5,000, \$10,000, \$100,000 and \$1,000,000. Price: par and accrued interest.

Other securities: Series "C" Savings Notes; 7/8% Certificates of Indebtedness; 2% Treasury Bonds of 1951-1953; United States Savings Bonds series "F"; United States Savings Bonds series "G".

conditions are showing marked improvement. With the continued help of coal miners and coal operators, this necessary step in helping win the war will be done," Talbot said.

Every man who is willing to work in the mines or willing to be trained for such employment is asked to report at either the Harlan, Hazard or Pikeville United States Employment Service office on the designated dates. Miners being trained at these offices should report to their local employment office there.

"There is a tremendous demand for Kentucky coal for the steel mills and other industries of the Great Lakes region," Mr. Talbot said. "Our coal is also in great demand for heating homes and other buildings and we must have more production and that means we must have more miners."

"Any man who is willing to work at this time and who can serve in the mines will be doing a patriotic service by taking a job in the mines now. These soldiers in the mines will be as important in winning the war as men at the front."

"Kentucky has always measured up to patriotic demands made upon her and we know she will not fall now," Mr. Talbot said.

Sturall yelled. "Throw up your hands!" "I'll do it," Aaron did so and when he did it was shot and knocked to the floor. I began shooting back at him and then Aaron was shot."

Faiz said he fired 10 or 11 shots and that empty cartridge cases indicated four shotgun charges were fired at him and Allen. "It was a deliberate attempt to kill us and Mrs. A. C. N. pier, an operator, warned me when I started out," the officer declared.

Shots from the shotgun were fired from or near the highway in front of the building.

Constable Hall arrested Hatfield shortly after the shooting. Police men Troy Mullins and Ben Layne arrived from Wayland later to assist in the arrests of Forrest Stur-gill, Triplett and Hopper. Peace bond of \$5,000 was asked for Stur-gill's release and the bond was not executed.

Shooting of Miller took place on the state dump at Glo. Burchwell told Ben Layne, Wayland policeman who arrested him, that Miller was shot during a conflict for possession of a revolver. The wounded man was quoted by the officer as having said, "He shot me for nothing. He said he was going to kill me and Johnny Wells both." Wells fled the scene of the shooting. Miller was unarmed, the policeman said.

The bullet, a .44-caliber, entered Miller's left side and emerged above his right hip. The intestines were perforated, Dr. J. A. Stumbo, of the Stumbo Memorial hospital, who performed an operation on Miller, said. He added that the wounded man's condition is "fair." Dr. Stumbo removed wadding and shotgun pellets from the left side of Allen's chest Tuesday. Allen's lung was penetrated by shot, but he is expected to recover.

4 (Continued from Page 4) he desired to reprove a man for marrying a woman which was an act of adultery. If it seems to be glib and glad to offer excuses for not giving up the things which please us and it is easy to defend the things which our friends and our children want to do, but we had better be honest and turn right-about-face and face God here, for we will have to face Him when He Judge and we are making a final report. If you can dance to the glory of God and it will make you a better Christian and you can stand in His presence and tell Him so, then go ahead to your heart's content. Reader: It will be an easy thing to pitch this paper down when you have finished reading this article and say that is just an opinion of an evil-minded man. Listen to this glowing word I may meet you somewhere on earth and I may not, but we will both meet at the judgment bar of God and I am willing to stake all I have on my position. ARE YOU WILLING TO STARE ALL YOU HAVE ON YOURS? People do not go to the dance to be more religious. (Pinks)

WE'RE NOT QUITTING The rumor to the effect that Richmond's is quitting business doubtless arises from the fact that the manager, Thomas Hereford, Jr., may soon be called for military service. This rumor is just that—a rumor. WE ARE NOT QUITTING BUSINESS. Even though Mr. Hereford may be called into the service, Richmond's will continue to serve the people of Floyd county as fully as it is within the store's power to serve—as it has served the people of this section for more than 75 years. We expect to carry on as usual and ask all our customers, old and new, to continue their friendly patronage as in the past. RICHMOND'S "In Business Over 75 Years" PRESTONSBURG, KENTUCKY
