what of Multever ne has proposed. What of Judge Willis? In a recent speech, during the present campaign, he let the brue Willis shine through for a moment. He blanded America's unpreparedness for the present war on the Democrate adminis-tration. Does he not know that but for the valiant fight of President Roosevel and those who saw abaed with him, despite all opposition from the Nyes. But who built the roads we now have? Not Flem Sampson and his "Flint-Flam" philosophy. Not Herbert Hoover. We all know that these roads were built during Democratic administrations. We all know that, but for the state and county Democratic administrations working hand in hand 'with a We all know that, but for the state and county Democratic administrations working hand in hand 'with a Democratic administration in Washington, not a rural road would have been built in Floyd county. Middle Democratic administration in Washington, Not a rural road would have been built in Floyd county. Middle Creek, Buble Creek, Auxier, Cow Creek, Boll Creek, Clear Creek—set them down and remember them all.

Those roads were built while our Republican friends scoffed.

We are all only human. It is natural that we should like to see elected the man or group of men who can and will do most for us and ours. It is good that we are a free people and have the right to discuss these men and vote for the man of our choice. But, exercising these rights, we should ponder long the value of unfulfilled promises as against a record of things achieved.

We ask that you do this-think the matter through for yourselves, without prejudice. Consider the fu-ture of Kentucky Floyd county, the nation as a whole. We believe you will agree with us that the best ser-tore you can render as a voter is to cast a straight Democratic ballot.

TO THE CITIZENS OF

FLOYD COUNTY:

While it is true that Floyd county is normally Democratic, yet be it said to the honor, intelligence and integrity of our people that they have shown in the past that they are not slaves to any selfish, arrogant, and corrupt political

That such a machine now exists at Frankfort has been established beyond all doubt. The record of graft and cor-uption of the past four years of the Keen Johnson-Lyter Donaldson machine has been established by court records, onmittee reports, and leading newspapers of the state.

committee reports, and leading newspapers of the state. The Maintee insolved the chaomated of court records, In each instance, these horrible disclosures of corruption were disclosed by Democratic courts, a' Democratic Autoropy General, and a Democratic news-reporter. Only a few short weeks ago, Rodes K. Myers, Ben Kilgore and Hubert Meredith publicly exposed the horrible conditions existing at Frankfort. They told us how this Frankfort machine had mistreated and abused the old people of the state and that thousands of applications for Old-Age pensions now lie covered by dust at Frankfort and unattended to; that soap to be used to wash the bodies and cloth-ing of the thousands of unfortunate inmates of our state reformatories, feeble-minded institutions, asylums, and Ken-tucky Children's Home, and selling on the open market for seven chuts per pound, was purchased by the machine errowd for fifty cents per pound; that the thousands of bind people of our state and thousands of indigent children were compelled to go into court to put into effect a law for their aid that had been on the statute books over three collection of bridge tolls, after such tolls had puid the bridge bonds and interest (in this instance he was stoped by a judgment of a Democratic court); how that a Democratic court again prevented the machine from huging for the use of all of the alove mentioned state institutions, odd, second-hand, woin-out laundry equipment for hum-derds of thousands of ionlars when the specifications called for new equipment; how Governor Johnson dared not be the state for tear Roles K. Myers would call a special session of the Legislature to grant the much-needed aid to our underpaid school teachers.

These three Democrats in making these startling disclosures stated that "the half had not been told" of graft corruption on the part of this Johnson-Donaldson machine.

Speaking as to our local situation, what has this crowd done in behalf of Floyd county roads?

The nucl-talked-load "Dam" should be forgotten and a state bighway immediately constructed up Johns Creek to aid these nuch-abused people; a state highway should be built from Harold up Mud Creek and down Clear Creek to intersect with the Left Beaver highway; a state highway should be built up the left fork of Middle Creek and down Brnsh Creek to intersect with the Right Beaver road. With these long stretches of highway taken over by the state, we have sufficient revenue in Floyd county, if properly used in connection with the state rural road fund, to construct and maintin every creek road in Floyd county. Judge Willis places special emphasis on such a program by aging that he favors a law giving each fiscal court powers over its own road fund and removing such powers from the state machine.

The record of the machine is not only one of graft and corruption, but one of broken promises. They promised to repeal the state income tax when it should pay the state debt. This, they failed to do, and although not one penny of this tax is paid to our soldiers or their dependents, yet, this crowd is keeping it to further their own sel-ths aims and build up in Kenucky a Huey Long machine which, as shown by the recent primary, dictates from Frankfort what young aspiring Kentuckian should be nominated by his party for Sheriff, or even Constable.

Frankfort what young aspiring Kentuckian should be nominated by his party for Sheriff, or even Constable. None of the above enumerated charges to this hour, have been denied by Lyter Donaldson and in his des-peration he violates every sense of decency of all intelligent Democrats and patrotic Kentuckians, when in his opening address he stated in substance that it would be appatriotic to a for hundred Willis, our neighbor and friend, avainst him. This statement was made in the face of the fact that near hundred Willis, our neighbor and are today facing "The Battle Care" with their "Buddies." a like number of face youry young Farifatic Democrats. They recognize no politics "Over There," and we as their fathers, mothers, brothers and s, particular democrats one "Over Here," but highly resolve that under God "Theye." all shall have a decent state to which to retronging home "Over Here," but highly resolve that under God "Theye." All shall have a decent state to which to retrong a prove becaused a smile in his idenction of public servants? Under Willis, our neighbor and friend, whose record in pri-vate and public life is beyond reproach, and a state and local ticket of candidates of smiller character, pledge the smashing of this "machine."

Mothers, fathers, brothers and sisters of our boys "Over There," do your duty. Stand at attention. On guard for "their" rights. Vote the straight Republican ticket.
