One Picture Is Worth More ...Than A Thousand Words

... or a million words. Nothing we could say would illustrate more clearly the desperate need for supporting our boys on the battle fronts than this picture . . . a picture of a dying American . . . your son, brother, husband or dear friend. It makes you wonder, "Am I doing my part? Will the war be over sooner because of a nything 1 am doing?" They work, fight, bleed and die. All we are asked to do is put out a little effort, then buy War Bonds, collect a little scrap, save a little grease, donate to the various causes that help our boys so much . . . for their comfort and life itself. Listen, mister, you've got to help.
