A Matter of Gratification

It is especially gratifying that the U.S. Employment Office is at last located in Prestonsburg, strictly on the merits of this place as a central location. There was no political pressure brought to bear in effecting the change. Out of justice to the thousands of persons who must visit the office for job placement, job transfers and other varied

Floyd-Co. Enrollment At U.-K. Totals 21

Enrollment at the University of Kentucky for the fall quarter of 1944 school year reached 1,761 at the close of the regular registration period Oct. 4, an increase of 283 students over the same period last year.

There are 125 more women students in residence than in 1943. In University buildings, than ever before in the history of the school, and enrollment among men students totals 492 for the fall quarter, more than were registered during the same period in 1943.

Among students registered from Floyd county are: Miss Virginia Ward, Wheelwright; Miss Violet Turner, Drift; Miss Patricia Rimmer, Prestonsburg; Miss Justine Potter, Wheelwright; Bert Osborne, Drift; Miss Harriet Messer, Garrett; Billy Sturgill, Prestonsburg; Elmer Martin, Amba; Miss Lillian McGuire, Langley; Miss Cleora Francis, Martin; Gardner Combs, Prestonsburg; Cleon Combs, Prestonsburg; Miss Helen Coburn, Garrett; Miss Jane Clark, Prestonsburg; Jay Childers, Wheelwright; Miss Irene Bridgeman, Wheelwright; Miss Anna Bailey, Wheelwright; Miss Norine Cann, Fed; Miss Barbara Salisbury, Hunt; Harrison Smith, Jr., Byrro; Miss Eloise Williams, Prestonsburg.

From 38,000 acres, farmers in Carlisle county expect to harvest 1,000,000 bushels of corn.

Madisonville, Hopkins county, seed dealers sold 377 per cent more alfalfa seed this year than in 1943.

One thousand acres of potato were seeded in Bullitt county in contrast to 50 acres last year.

services it renders, Prestonsburg, the center of the district, was selected for district headquarters. Also considered was the fact that Floyd county has approximately 5,000 men in the country's armed forces, and these, as well as other returned service men, will find the office accessible as their rehabilitation and employment becomes a major post-war program.

To County Judge E. P. Hill and other county officials the county and the district were of much credit for the location here of this important center of war manpower mobilization. They have continued to present Floyd county's claim to this office, and their persistence has finally won out.

THE TIMES, as a matter of community pride, is naturally glad that this governmental agency has moved here; and, as a matter of plain, common justice to the people who need the best service at the least expense and waste of time, it welcomes to Prestonsburg the Employment Service and the men and women who compose its office staff.

Civil Air Patrol At Pikeville Seeks Floyd-Co. Members

The Civil Air Patrol is interested in enrolling members from Prestonsburg and vicinity for its recently organized flight at Pikeville, B. A. Yarns, Civil Air Patrol squadron commander, announced last week.

All men and women 16 years of age or over are eligible for enlistment in the Civil Air Patrol. All meetings are held Thursday evening at 7:30 at the Pike county courthouse. Instructions in military drill, navigation, military law and courtesies, meteorology, and aircraft and engines are a few of the courses offered in these instructions. This voluntary military organization is operated by the American air force. Applications may be secured for enlistment by writing to Civil Air Patrol Headquarters, Pikeville.

To the Fathers, Mothers, Wives, Brothers, Sisters, Relatives and Friends of Men In The Armed Services

Probably at no time have the people of the Seventh Congressional District ever been called upon to assume a more serious attitude in the selection of a Congressman than at the present time. On November 7 it will be our privilege as well as our duty to make this selection. WE MUST DO WHAT WE KNOW TO BE TO THE ADVANTAGE OF OUR BOYS WHO ARE FIGHTING ON THE BATTLEFRONTS OF THE WORLD.

Ordinarily the selection of a Congressman is a very simple matter. Most of us go along with the man who represents our own political party. Many of us simply cast our vote without much thought.

BUT, THIS TIME IT IS DIFFERENT, MUCH DIFFERENT

At this election we will decide whether we will continue in office a man who is probably more familiar with the problems of the boys who are fighting to protect their country and its institutions than ANY OTHER MAN IN THE UNITED STATES. We will decide whether he will be replaced by a man who, while he is a high class gentleman and who, in peace time, might serve his district and his country well, has had no experience in military matters nor does he understand the problems of our boys in service.

For 14 years Jack May has represented the Seventh Congressional District as our Congressman. For 14 years of that time he has been a member of the important Committee on Military Affairs. For six years he has been Chairman of this Committee. Long before this country became involved in war Mr. May was struggling with the problems which the country was destined to face. When war came he was familiar with every phase of military preparation. There is no doubt that his knowledge and experience contributed more to our successful conduct of the war than that of any single civilian individual. This same knowledge and experience will continue to contribute to the welfare of our country and to the welfare of our boys in the armed services so long as he remains in Congress.

A RECORD OF ACTION—NOT PROMISES

During our preparations for this war and while it has been going on many questions involving the welfare of our boys in the armed services have come before the Committee of which Mr. May is chairman and he has constantly placed their interests above everything else. He has seen to it that they have received and are receiving the very best of everything and that their welfare is being preserved. HE DESERVES THE GRATITUDE OF EVERY PERSON IN THE SEVENTH CONGRESSIONAL DISTRICT AND EVERYONE OF US SHOULD BE PROUD THAT THIS DISTRICT IS ABLE TO FURNISH A MAN OF HIS TYPE TO SERVE OUR COUNTRY IN THESE TRYING TIMES.

Every Father, Mother, Brother, Sister or other Relative or Friend of a boy in service, whether he is overseas or in a military camp in this country, should support Jack May for his re-election to Congress regardless of their party affiliation or of anything else. THERE IS NO MAN IN THE SEVENTH CONGRESSIONAL DISTRICT WHO CAN DO WHAT HE IS IN POSITION TO DO FOR THE SERVICE MEN.

Many people seem to have the idea that, if Dr. Gabbard should be elected to replace Mr. May, Dr. Gabbard would become Chairman of the Military Affairs Committee. Nothing could be further from the fact. The chairmanship of this Committee, as well as all other committees of the House of Representatives is governed by seniority and a newly elected member of Congress cannot possibly become chairman of a committee. Neither is there any assurance that Dr. Gabbard, if elected, would ever become a member of this committee. THINK WHAT THIS MEANS TO THE PEOPLE OF THIS DISTRICT IN TIME OF WAR. IT MEANS A LOT TO US, DOESN'T IT?

DON'T TRADE EXPERIENCE FOR INEXPERIENCE

Today we have a man in Congress who thoroughly understands just what to do in response to any request made of him by the people of his district concerning any matter of a military nature. He is personally acquainted with the heads of the various government departments. Matters of an important nature are discussed personally by him with such men as General Marshall, Chief of Staff of our armed

forces, Secretary of War Stimson and others of equal prominence. He has on many occasions been in conference with the President of the United States. WHO ELSE FROM THE SEVENTH CONGRESSIONAL DISTRICT COULD ARRIVE AT THIS IMPORTANCE IN THEIR GOVERNMENT AND IF THEY COULD HOW LONG WOULD IT TAKE THEM? The answer is NOBODY. With all due respect to Dr. Gabbard, HE COULD NOT DO IT. And remember—Jack May represents THE PEOPLE IN THE SEVENTH CONGRESSIONAL DISTRICT. Could it be possible that we would agree to replace him with a man who has no experience or an understanding of the situation which it takes years to acquire?

The entire nation is fervently praying that not long hence our boys will be returning home to join their families that they were so abruptly called upon to leave to fight for their country. Nobody is in a better position to expedite their return than Jack May and he has earnestly pledged that he will use every effort at his command to see to it that no boy will remain in the armed services a day longer than is necessary after victory is won.

CAN HELP 'BOYS' AFTER RETURN FROM WAR

Upon the return of our boys many problems will arise concerning their interests which will call for expert guidance and counsel. Their rights under the GI Act, pensions, hospitalization and a thousand and one other things will confront them. Who is better prepared to assist them than a man who has spent years in dealing with legislation providing for their welfare and under whose direction much of it has become law? Jack May is not only willing to assist them but he is eager to contribute his experience and prestige in helping to work out their problems.

From the day he entered Congress he has been a consistent and unflinching friend of the veterans of all our wars. Thirteen years ago he stood up and was counted on the side of the defenders of our country on the bill known as the Economy Act, by which the Liberty League, a device of the rich, undertook to close forever the doors of every hospital in the country in the face of our sick and disabled veterans of World War I. In this war he has at all times been in the forefront for them and has unflinchingly supported and sponsored all administration recommendations in preparing the country in the present war.

HERE ARE SOME OF THE THINGS HE HAS CHAMPIONED:

- (a) To provide adequate housing, clothing and food for all our fighting forces with necessary weapons for their defense and use.
(b) To increase the enlisted man's pay from \$21.00 per month as in World War I to \$50.00 in this war.
(c) To provide hospitalization and medical treatment for the sick and wounded while in the service.
(d) To protect their wives, children and dependent parents against law suits by landlords to oust them from their homes while their husbands and sons are in the service.
(e) To provide liberal pay and allowances of money for the support and maintenance of the wives, children and dependent parents of our soldiers in the service until time of their discharge and return home.
(f) To provide \$5,000.00 government insurance against death paid for by the government with the right of the service man to purchase an additional \$5,000.00 insurance, the government paying half the cost of that at a small rate per \$1,000 for the protection of the soldier's wife and children.
(g) To provide discharge or muster-out pay for all men who serve 60 days or longer and are honorably discharged.
(h) To provide pensions, compensation, loans to buy homes, hospitalization for the disabled, vocational training, apprentice training, homes for the disabled veteran, loans for business purposes and many other benefits.

This statement of facts is being published and distributed by a committee made up of prominent men and women of the Seventh Congressional District, both Democrats and Republicans, who are interested in the welfare of our boys in the armed services. In urging the re-election of Jack May they have laid all politics aside. It is sincerely hoped that no person in the District will allow politics or any other thing to interfere with the duty we owe to the boys to see to it that their interests are preserved.

THE OLD JUDGE SAYS ...

"That's really a great editorial you just read to us, Justice. When did you say it prepared?" "In 'The Stars and Stripes' ... the newspaper of the U.S. Armed Forces in Europe. Kind of gives us folks back home something to think about, doesn't it, Bill?" "It certainly does, Judge. Particularly the last paragraph. Would you mind reading that again?" "Glad to, Bill. It says, 'We can remember

the days of prohibition, when moonshine whiskey made enough money for bootleggers, crooked politicians and dishonest police officials. As a result, we claim we know what we want in the way of liquor legislation and what those of home should be able to do to help us. ... Out of fairness to our boys over there fighting, Judge, how could we disband such a wish?"

SGT. PHILLIP HALL

His brother, Sgt. Phillip Hall, enlisted in the Marines in July, 1943, took "Boot" camp training at San Diego, Calif., and was placed in the transport service. He went in Feb. 1944 to the Pacific theater of war and has seen action on several islands of the Pacific, the last two being New Guinea and Saipan. While on Saipan he wrote his mother: "It's nice to meet some of your childhood friends. Do you remember the Martins, mother? Last week I met Kermit and Lovell. In fact, I was the means of uniting them."

Herbert Layne Hubert Layne

After spending three of his four years' army service overseas, Sgt. Herbert W. Layne, son of Mr. and Mrs. Lee Layne, of Tram, was killed in action in France Sept. 12. His twin brother, Hubert C. Layne, is stationed at Geneva, Neb., has been in the army two years and, expecting to be overseas soon, expressed the hope his destination is France where his brother fell.

In a letter shortly before he was killed, Sgt. Layne wrote his sister saying he was still with Tom Ratliff and the Lewis boys from Iov. "I have a job to do and I don't care to do it; for I know that I am doing something for you all," he wrote.

Pvt. Radford Kne's Barnett, son of Mr. and Mrs. R. M. Barnett, of Lackey, is now stationed at Fresno, Calif., with a military police unit of the air corps. A volunteer, he has been in the army almost 1 1/2 years. His wife, Mrs. Marjorie Barnett, resides at Lackey.

Sgt. C. L. Robbette while on Saipan wrote his sister, Mrs. Jack Allen, of Haroid, that he came thru the battle without a scratch. "Joe Johnson, Jr. shook hands with me and wished me luck just before I went down the scramble net," he wrote. Sgt. Robbette is in the Marine Corps.

Mrs. Joe Berry is visiting relatives near Pittsburgh, Pa. She will attend the wedding of a friend while there.

**How to keep a house from catching cold!**

ONE WAY to keep a house from getting cold is by weatherstripping all doors and windows. Closing up the cracks that let cold in—and heat out.

There is going to be some shortage of coal delivered to homes this winter. Not because less coal is being mined. It is estimated that 29 millions more tons of bituminous coal will be mined this year than last—with fewer men. Quite a tribute to mine owners and miners alike!

There are adequate rail facilities for hauling the coal to your city. But certain grades of coal are going to be greatly in demand for war production. And your coal dealer is handicapped by a shortage of manpower, trucks and tires. So be patient with him.

Little, common-sense precautions can make your coal pile last 10% longer—and save that much on your fuel bill.

Such things as weatherstripping, cleaning the heating system, closing off unused rooms, firing carefully, and drawing your shades at night can help to keep your family snug and warm.

One of the biggest jobs of the C & O Lines is hauling coal from the mines along its routes, so we're in a position to understand the problem, and to know how essential coal is these days.

From where I sit... by Joe Marsh

### Life's Too Short for Idle Bickering

Bill Barry dropped in to see me one day last week. All smiles, he was, and proud as a peacock. "Just got a letter from my soldier boy overseas," he said. "Eben promoted to first lieutenant, he tells me."  
"Well, young Bill always was quick to catch on," I told him. "Don't know about that, Joe," said Bill. "But he's learned one thing that's mighty important in this day and age. That's to get along with others—men of all classes and creeds. Without bickering over trifles and with full allowance for the other fellow's point-of-view."

"He's learned to make his sole objective the winning of this war and makin' this world a better place to live in."  
"Well, Bill," I said, "Eben when I sit that broad-minded tolerance of his—that respect for the rights of others—religious, political and social—is the thing needed most to do the job, both abroad and here at home, during these trying days of war."

## WHO

is QUALIFIED to sit at this table?

For YOUR sake, and for the sake of your children, it is MOST IMPORTANT to have the RIGHT man in this chair, at the peace table!

THE OTHER THREE MEN ARE CERTAIN TO BE THERE,

but because of America's democratic form of government only the voters on November 7th can decide WHO will occupy the fourth chair for these United States. Franklin D. Roosevelt alone is qualified by past experience and by his highly respected acquaintance with these Allies to occupy this chair. Your vote will decide this most important issue of the 1944 election.

Court Re-Affirms Boyd Dry Rating

Because of the unusual amount of hybrid corn planted in Adair county, it is estimated that 100,000 more bushels will be harvested than last year. Union growers in Laurel county sold their crops at a net average of \$2.26 per hundredweight. Kentucky's Court of Appeals Tuesday reiterated its ruling that Boyd county would dry in last year's local option election. Action was taken in refusing a plea of writs that irregularities had voided the election and asking that the ruling of last June 23 be reconsidered. Under court rules prohibition goes into effect in Boyd as soon as the court's mandate can reach there and be recorded by the circuit clerk. However, it was pointed out a stay might be granted on a move to carry the issue before the United States Supreme Court. John W. McKenzie, attorney for the Anti-Boozy League, was quoted as saying that a petition for appeal and a motion to suspend judgment had been filed with the Court of Appeals. McKenzie said that a petition for appeal to the United States Supreme Court and a motion to suspend judgment pending the appeal would be filed.

He Conducts "Worship for All". Rendering practical aid to listeners who grapple with the cares of life! C. E. BURNS... WHAS' newly ordained Religious Coordinator, is a seasoned, kindly man of the cloth, now offering an entirely new type of airfare to listeners. Selected from numerous candidates after a country-combing search Burns has been entrusted with an important mission. "Worship for All" is what the name implies, a message with broad appeal to all ages, all creeds, church and unchurched alike... Holder of degrees from Hiram College (Ohio) and the University of Chicago in religion and social sciences, Burns took a pastorate for four years, then turned to child welfare foundation work. Prior to joining WHAS he served Milligan College, Tennessee, as college pastor, deacon, professor and finally, president. Tempered by life, Burns has seven grown, married children with whom he recently celebrated the arrival of his 17th grandchild. "Worship for All" has been on the air only since September 1st, yet many listeners have written us their appreciation of this much needed service. Dedicating the power of 50,000 watts to the greatest message of all time! RADIO STATION WHAS

members of the armed forces, citing the fact that of the 363 tuberculosis patients at Dawson Springs, 189 are veterans of the present war. Of the sanatorium location he said, 'This immediate vicinity—I am going to add, immediately to it—certainly needs a hospital of this kind.'

Dr. Howard, the Glasgow leader of the tuberculosis sanatoria movement, was described by Representative Biggers as having 'given more time and money to this cause than any man in Kentucky.'

'When the map of the tuberculosis districts was drawn,' Dr. Howard declared, 'I had the Big Sandy in mind. It and other sections of Kentucky, cut off from Louisville and these hospitals where the common people may be treated, perhaps cured.'

'But we have waited so long,' Dr. Howard continued, 'that half of those put in these hospitals at first will die. We must look forward to the time when hospital facilities will be such that they be saved.'

'Hazelwood (at Louisville) has been a state institution carried on as a private institution,' he declared, 'for those able to pay—that is, the truth of it, the urgent need of sanatoria was illustrated by the story of a high school girl near Glasgow whose uncle had died in her home, then her father died and now she has tuberculosis; the farm mortgaged; no hospital for the girl's treatment since Hazelwood is a long waiting list and she could not establish Louisville residence and gain admittance to another hospital there. Now this girl, as fine a girl as any in your high school or town, who wants so much to live, is at home—just waiting to die,' the speaker said, 'whatever affects your neighbor, if you're right, affects you,' he concluded.

Congressman A. J. May followed Dr. Howard to pledge his efforts toward an appropriation of \$25,000,000 federal aid to this cause rather than the \$10,000,000 now promised. 'I don't want anybody to think a certain approaching event would influence me to make this promise,' the Congressman, a candidate for re-election, said, 'but from this time on this program is my job as long as I am in Washington.' The Congressman commended Governor Willis and the State Legislature for 'taking out' the program out to the people in the country.'

Representative J. P. Howell, of McDowell, expressed the hope that the decision of the committee would bring the sanatorium to Floyd county and at the same time warned against commercializing the program.

Turn Hall, former Floyd county superintendent, now of the navy, gave a brief and interesting review of his service experiences.

W. A. Rose, president of the Kiwanis Club, presided at the meeting. The invocation was given by the Rev. M. Robert Regan and the music program consisted of two solos by Mrs. Wayne Bradley, accompanied by Miss Carlos Hale.

This is National HEARING WEEK Come In For Demonstration

Deaf Legionnaire Aids War Effort

CHICAGO, ILL.—Arthur Swift, Vice Commander of Stone Park, Illinois American Legion Post lost his hearing from head injuries caused by shell burst in the closing days of World War I. Although he was a skilled mechanic he was unable to secure employment because of deficient hearing, and operated a chicken farm for a number of years. As the manpower shortage began to grow he wanted to contribute his mechanical skill in a War factory but was refused employment by three large manufacturers—because of his impaired hearing. Then he went to Zenith Radio Corporation, here, and was fitted with a new radionic hearing aid. He is now helping produce critically important radionic war material.

# Floyd County Goes To War

## Signal Corps Unit Puts Nazi Equipment to Work

WITH THE U.S. FORCES IN FRANCE captured German radio parts and supplies, abandoned by the Nazis in their hurried retreat, are being used by a U.S. army signal corps detachment in England. The detachment, equipped with American radios and electronic machines. Thousands of tubes, condensers, resistors, and other spare parts were found in a vast enemy underground repair shop. The cavern, evidently used by the Germans as a repair shop, is now serving as a depot and shop for the signal corps company. In addition to the electrical equipment, the signal corps men found hundreds of trated Nazi airplane motors and large sheets of aluminum.

Lt. Roger J. Link, commander of the depot company's repair platoon, described the German radio units and equipment as good, mechanically, but old-fashioned and cumbersome. Lt. Link is the son of Mr. and Mrs. W. G. Link of Sibley, Ky. The depot company, a mobile outfit, specializes in the repair and maintenance of radios, telephone, telegraph, radar and meteorological equipment.

"Detachments from our company often work right up to the front, repairing telephone lines and communications facilities," said Lt. Sgt. Herbert Weber, of the Bronx, New York.

"A man at the top of a telephone pole makes a fine target for a sniper."

Personnel of the company includes Capt. Joe E. Burke, son of Mr. and Mrs. R. A. Burke, Prestonsburg.

## Hunter Receives 'Wings' From Army Air School

Cpl. Gerald H. Hunter, son of Mr. and Mrs. L. D. Hunter, of Sibley, Ky., was graduated from the Army Air Forces Flexible Gunnery School, Laredo Army Air Field, Laredo, Texas, a member of the AAF training command. He is now qualified to take his place as a member of a bomber crew.

Along with his diploma, he received his rank of aerial gunner's silver wings and a promotion in grade at brief graduation exercises held there.

He was prepared for his place in America's stepped-up offensive by a comprehensive six weeks course in every phase of aerial gunnery warfare. Besides having to fire every type weapon from camera guns to the deadly 50-caliber Brownings, he studied turret manipulation, aircraft identification, stripping and re-assembly of machine guns while blindfolded. He climaxed the course by air firing on towed targets.

Joe Cooley, husband of Mrs. Mildred Cooley, of Harold, has recently been promoted in England to the rank of sergeant. Cooley was in service at Ft. Thomas, Ky., Dec. 12, 1943, was assigned to the ordnance department and received his basic training at Atlanta, Georgia. From there Sgt. Cooley went to Toxokarna, Texas, where he was given advanced training. In civilian life he operated the Cooley Motor Company, Prestonsburg.

E. F. Frazer, formerly of Martin, now in service in the Marianna area, was recently promoted from private to private first class. A member of an anti-aircraft battery, he is the son of Kaner Frazer, of Martin. He recently wrote his brother, Russell Frazer, it was a mistake about there being South Sea romances, as the material wasn't there.

Astor Kermit Howell, 34, of Harold, is receiving his initial naval indoctrination at the U.S. Naval Training Center, Great Lakes, Ill. When his recruit training is completed, the seaman will receive a period of leave.

PORT DES MOINES, IOWA, Oct. 19.—Pvt. Mary L. Wells, daughter of Mrs. Betty G. Madock, Auxler, Ky., is a member of the Woman's Army Corps unit which recently left First WAC Training Center here for duty with the army at South Post, Ft. Myer, Virginia. WAC units now are at work with the army on more than 268 posts in all 48 states, the District of Columbia, and in Africa, England, West India, New Caledonia, Hawaii, New Guinea, Australia, Labrador and France.

Among the Floyd county soldiers in basic training are: James L. Salsbury, of Martin, and Thomas Prince, brother of Carroll M. Prince, Wayland, in the infantry at Camp Blanding, Fla.; Levi Johnson, son of Jay Johnson, Melvin, armored RTC, Ft. Knox, Ky.; James E. Johnson, husband of Mrs. Geneva Johnson, Hi-Hat, and Herbert Manns, son of Green Manns, Wayland, both in 158th Sea Stu. Camp Atterbury, Indiana.

## Sgt. Burton Enjoys Rest After 24 Air Missions

AN AIR SERVICE COMMAND STATION, Somewhere in England. T/Sgt. Lloyd Burton, brother of Mrs. Onelda Daniel, of Prestonsburg, Ky., recently enjoyed a "recess" from aerial warfare at an air service command rest home—a remodeled English manor house where America's airmen who provide aerial cover for the advancing allied armies in France may relax between missions.

Here T/Sgt. Burton, a veteran of 24 missions over Nazi-occupied Europe, put on sports clothes and lounged in the restful atmosphere of an old country home complete with butter, tea in bed, and every type of recreational facility. American atmosphere, and all the touches of "home" are provided by the American Red Cross, co-partners with the air service command in the operation of the rest home. After seven days he went back to his combat station ready to play his part once again in the air battle supporting the Allied march across the continent.

Pvt. Carl Chaffin, son of Mr. and Mrs. Henry Chaffin, of Prestonsburg, is somewhere in the southwest Pacific in a paratroop outfit of which I am proud to be in. "The paratroops," he writes, "is the highest outfit in the army and they are proud of themselves. The paratrooper gets \$100 a month. We get the extra \$50 for jumping out of a plane by parachute, which is very easy."

Pvt. Ernest Owens, husband of Mrs. Vada Owens, of Lancaster, has been transferred to Camp Atterbury, Ind., and Pvt. James Gibson, son of Clawson Gibson, of Garretts, has been transferred to Camp Fanning, Texas. Both are receiving basic training.

Pvt. Lewis H. Conley, son of Mr. and Mrs. Marjorie Conley, of Prestonsburg, has recently completed his basic training at Camp Barkley, Texas, and has been assigned to the Fourth Service Command at Ft. McPherson, Ga., and is now serving as dental technician at the Central Dental Laboratory. Pvt. Conley enjoyed the service May 18. His family resides at Prestonsburg.

Mrs. Fred Hall, formerly of Galveston, now of Trenton, Ky., has been named by the War Department that her son, Pfc. Quentin R. Hall, was killed in action in France Aug. 19. Pfc. Hall was sent from Pikeville in July 1942 to Ft. Belvoir, Ill. He took his basic training at Camp Forrest, Tenn., where he received special honors as a sharpshooter and an expert rifleman. He was in the invasion of southern France.

His brother, Sgt. Phillip Hall, enlisted in the Marines in July, 1942, took "boot" camp training at San Diego, Calif., and was placed in the transport service. He went in Feb. 1944 to the Pacific theater of war and has been action on several islands of the Pacific, the last two being New Guinea and Saipan. While on Saipan he wrote his mother: "It's nice to meet some of your old-wood friends. Do you remember 'th' Martins' mother? Last week I met Kermit and Lovell. In fact, I was the means of uniting them."

The old saying, "Necessity is the mother of invention," is proved true in a letter from Cpl. Kenneth Rice, on an island somewhere in the Pacific, to his parents, Mr. and Mrs. Bernice G. Rice, of Lackey. The letter reads in part:

"I think like this is going to be a nice night, but I worked on my tent Sunday till it doesn't leak. I made two tables to put in my tent, and they come in a awful handy, especially when I write letters.

"We have a washing machine now which we made from a gasoline drum and a G.M.C. truck drive shaft and universal joint. We just hook it to the wheel of a jeep, jack the wheel up, start it running and wash the clothes. It does a good job, too.

"The old kerosene lantern I found up forward on Guam comes in mighty handy when I write letters at night.

"A bunch of us old guys are going to celebrate the completion of our third year in service Saturday night, October 14.

"We have very little to beef about, considering how the boys get along in some other zones."

T/Sgt. Raymond Rice, younger brother of Cpl. Rice, who is also located in service almost five years, serving his first three years and four months in Panama, then a year in Texas and overseas again in April of this year. He writes his parents he has a splendid outfit to work with and gets along well.

## Lt. Lyons Receives Silver Pilot's Wings

PAMPANA ARMY AIR FIELD, PAMPANA, TEXAS.—First Lt. Harry D. Lyons, 24, son of Mr. and Mrs. Ora Lyons, Glo, Ky., has been awarded his silver pilot's wings in the army after successful completion of his two-entire advanced training at this top of Texas unit of the AAF central flying training command.

## With 350th Infantry In Italian Campaign

WITH THE FIFTH ARMY, ITALY.—Pfc. Clarence Crisp, rifleman of Water Gap, and Cpl. Walter J. Eardly, drummer, of Westport, are members of the 350th infantry regiment, one of the 88th infantry division units which paced Lt. General Mark W. Clark's Fifth Army smash from the Garigliano to north of the Arno river in Italy.

Men of the 350th, hardened mountain fighters, went into action in early March and during the drive up the peninsula, skipped ditches and towns to capture innumerable strategic heights which paved the way for advance of other Fifth Army units.

Particularly outstanding was the regiment's capture of Mt. Cianelli in 31 minutes after opening of the 11 drive. Seizure of this height, almost unmentioned in news dispatches at the time, has been described as the most important action in the initial operations against the Gustav Line since it cleared the flank of the French Corps and enabled the French to crash through the bottleneck that was Castellote.

The bottleneck came Hill 316, Mt. Ceracoli, Ventosa, Mt. Rotundo, Mt. Casarecchio, Mt. Marino, Mt. Alto and Salvo. Standing off fierce German counterattacks in the valley south of San Boggio, where supplies and ammunition were dropped from planes, the 350th drove on to capture Roccasecca del Velino, 10 miles ahead of Fifth Army lines.

Swarming down out of the mountains after Roccasecca, a motorized Allied troops to enter Rome late Sunday afternoon, June 4. North of Rome, the 350th was pulled out of rest and reorganization and returned to the lines July 7.

NEW GUINEA.—Technician 4th Grade Berwite Hunt is son of R. Hunt, German, Ky., where his father is a teacher. He is now in Guinea with the evacuation hospital in which he is a medical laboratory man. Sgt. Hunt left for overseas early this year.

A 1934 graduate of Prestonsburg high school, Sgt. Hunt attended Pikeville College and Morehead State Teachers College, and was a teacher when he was inducted into the army in August, 1942. He received his training at Ft. San Houston, Texas, and the Desert Center, California, and holds the Good Conduct medal. Sgt. Hunt is now a veteran of the Hollandia operation which cut off the entire Japanese 18th army and again advanced Gen. Douglas MacArthur's forces several hundred miles nearer the Philippines.

One brother, W. E. Hunt, is in the armored corps in France, and another, Elmer W. Hunt, is in the corps in Georgia. Sgt. Roland L. Burchett and Pvt. Victor Stepp, of German are fellow-members of Hunt's unit.

S/Sgt. Eugene Conley was expected last week to arrive at Camp Atterbury, Ind., after 27 months in the Caribbean area. He will later visit his wife, Mrs. Ellen Allen Conley, at Huesville.

The Louisville Kiwanis Club gave four registered Durac-Jersey girls to Jefferson county 4-H club boys.

# Times Have Changed

(By a West Virginia Miner)

We used to work twelve hours a day. Well two dollars and less for pay. Way back in the year of '32. We had no union, so what could we do?

Hoover was our President then. And we miners were "in the pen." Of course our prison had no bars. But we came back home by the light of stars.

We worked and worked 'till it hurt our back. Moved slate for nothing, and laid our track. Till we voted Hoover out to stay— That was the dawn of a better day.

With Roosevelt came the Union too. And we got nine dollars instead of two. We gained our freedom through F.D.I., And it's hard to express how glad we are!

Wives and children are happy to see. Husbands and fathers at half past three. For there was no joy then for them. When dad ate supper at half past ten.

And this is plain to you, I guess. We're not going back to that Hoover mess. So the score will be, when all is done, Roosevelt four—Dewey none.

War-folows Democratic rule, they say. Sometimes it really looks that way; But the Bible tells us that wars must be. So the party is not to blame, you see.

Inside my Bible I've never read. Where God wants His people to beg for bread. Yet when we had the Hoover mob. There were thirteen million without a job.

Our boys will soon be home again. From far-off lands of war and pain. They're looking for loved ones, home and peace. Where the noise of total war shall cease.

Our boys came home one time before. To find the old "Wolf" at the door. They lost what they'd been fighting for. Found peace at home was worse than war.

No work, no money, just awful dread. While little children cried for bread. With a tattered uniform on each frame. Our heroes were reduced to shame.

So they marched to Washington, for they knew. They had a Soldier's Bonus due. But Hoover drove them out of town— Their native land had turned them down.

Now all you voters remember this— A cautious word won't be amiss. Just turn thumbs down on political "Bull" And vote to keep the flour barrel full.

If I had a pencil ten feet long. And I was a Superman, big and strong. I'd put an X in the Rooster's nest. Forty feet long from East to West.

For I've seen conditions, both good and bad. In our fair land since I was a lad; I've seen both parties in power, you see— And I know damned well what's good for me.

### LETTERS TO THE EDITOR

#### IN DEFENSE OF MRS. WILSON

**Editor, The Times:**  
Inasmuch as much is being said about the good wives of some of our leaders today by radio and in the papers, I wish to express my resentment to those unwise cracks, especially to those of the new Governor of our beloved state. I am sure I am speaking the sentiments of good citizens, Democrats and Republicans alike, who, after eight years of misdeeds, decided to give Kentucky a non-cleaning.

Why smear the Governor's efforts and good intentions and acts by saying he is hopelessly, and because

his God-given helpmate is only acting as any man's wife should act in assisting him in anything he may do that is for the good of all? After all, these days, if you want to make a name, read, especially a politician, you must talk about his dog. Tell him his dog is a flea cushion and he barks at the moon or lags behind. He will retaliate with funny stories, big funny speeches that will so stir his listeners they will beat up a Marine. Even while my two sons and hundreds of Floyd county boys are fighting to keep this a free land, so wife can land groceries over the counter or be her husband's secretary, and still have the respect she deserves.

WAYLAND CITIZEN

**DESPERATE FOR LETTERS**  
**Editor, The Times**  
I don't know whether you could

slip in my address in your paper anywhere or not, but I'm going to try. I'd like to hear from anyone that knows me, especially Buford Bartley from Betsy Layne or any of the guys I graduated with. I suppose this is a pretty common request from servicemen but I am pretty desperate for some letters. I would be glad to tell anyone about the air corps and cadet training. I am a navigator on a B-29 and I find it very interesting.

My sister sends me your paper every now and then and there is nothing like it to take you back to Floyd county for an hour or so. My Address is below:  
Flight Officer A. N. Hall, Jr.,  
Squadron A' LAAP,  
Lincoln, Nebraska

#### THANKS FLOYD COUNTY FRIENDS

**Editor, The Times:**  
In this letter, I wish to acknowledge receipt of the Floyd County Times sent to me by my good friend, Ted Burke, of Wheelwright, Ky. I can not fully express my gratitude to such a friendly gesture of Home County Goodwill.

I wish to say "Hello" to my many friends and to readers of The Floyd County Times. I promise to cheerfully answer each and every letter that my friends care to write me. To say a little about my present status, I'll start with my departure from the States on Sunday morning, July 9. Due to low speed, it was on the 20th when we crossed the equator and eight days later we skipped a day due to crossing the International Dateline. We arrived at our destination just one month from the day of sailing from Los Angeles. At present I am unassigned to any regular organization but still remain in ordnance. There are no specific jobs here at the time I'm passed with routine details and military training.

Elaborate facilities are missing, but our crude accommodations serve us satisfactorily, considering the fact that this was formerly a dense jungle area and, at the beginning of the war, the scene of a bitter battle. In closing I again want to publicly thank Ted Burke. And once again I want to repeat the invitation for all of you to write. It really is swell to know what is going on back home while I am thousands of miles away in foreign territory. Yours for a happy peace.

#### CARD OF THANKS

We wish to express our thanks to all those who offered assistance and consolation upon the death of our dear husband and father, W. F. Laferty. We would especially thank the miners and the Utilities Elkhorst Coal Company at Martin and the good people of Allen for their financial aid to us, also those who sent flowers and the ministers, the Revs. W. H. Horn, Isaac Stratton and J. C. Laferty for their comforting words.

## Dewey's Mask

When World War I was over, that great and immortal American, Woodrow Wilson, looked back through the annals of time and saw the dangers of another World War unless some plan for world peace was organized. Consequently, he went to work on trying to join the United States with the other peace-loving nations in the League of Nations. He met on every turn the bitter opposition of Republican leaders and isolationists. He took the matter direct to the American people, but Congress defeated him in his efforts to avert this very war we are now fighting and Woodrow Wilson died a martyr to that cause and a victim of their bitter partisan fight against it.

After defeating the League of Nations, the Republicans then in power, steamed a third of our navy out in the ocean and "scuttled" it, by blowing it up and sinking it. Oh, how our gallant hero at Pearl Harbor would have loved to have had these warships that fateful December day! But, no Dewey's crowd had deliberately sent them to the bottom of the sea.

When the war clouds began to envelop the foreign nations we were fortunate in having in the White House another great American of the Woodrow Wilson type—Franklin D. Roosevelt. He head and shoulders above the rest of us, saw the lurking dangers and, immediately set out to prepare us for the inevitable. What did those same Republican Leaders and isolationists do to help him get us ready? Nothing. To the contrary, they fought his efforts to lift the embargo. They fought the bill to fortify the Islands of Guam. They scoured him for asking for 50,000 planes a year and said he was just "Plain Dumb." In short, they bitterly fought his every effort to get ready for this war, the seed for which was sown by them when they killed the League of Nations.

Now, Mr. Dewey, with that record staring him in the face, has the audacity to stand in the speaker's rostrum and whimper: "He took us to war unprepared in Great Cases! What a thin smokescreen of a mask!" But, talk about nerve! Dewey not only cries that, but he actually has little enough sense to try to make us believe that he can and will take the Old Age Pension Laws, the Social Security Laws, and, in short, all that Roosevelt and the Democratic Administration enacted, in the face of and over the opposition of his Republicans in Congress, and to send the resistance them as to give the people more and better benefits from them. Another very thin mask indeed.

Since when, Mr. Dewey, did you partly become the champion of the masses? It certainly didn't feel that way before Roosevelt became President. Has he really shown you the light, or converted you over to the cause of the "Forgotten Man?" If he has, then his tenure in office has been a magnificent one. But no, Mr. Dewey, you and your leaders are the same old crowd, but you need votes now and you know you can't get them by saying you are a humanitarian. Your "Mask" therefore, from behind which you hope to fool the great masses of the people is to say, "There are good laws all right, but I think I can execute them better than the Democrats can." In other words, your position is: "It's your baby, Mr. Roosevelt, but it will grow better nursing at my breast."

Voters—don't be "Dipped by Dewey." Don't let Roosevelt's hands with a Republican Senate and House. If you do, they may very likely will, kill his plans for peace, just like they did Wilson's plan.

#### IRENE COLE MEMORIAL BAPTIST CHURCH

We are here humbly but earnestly eager to serve the Lord and promote the highest interests of Prestonsburg and her people and of the surrounding regions in and through our ministry as pastor of the Irene Cole Memorial Baptist Church. We appreciate the support and cordiality with which we have been received on every hand in Prestonsburg. We want to be one with you in the sense that Mr. Reagan was born and reared in your neighboring county, now coming nearer to you down Middle Creek, a granddaughter of that great old money-priest, Rev. Lewis P. Caudill. I came to manhood in similarly homelike hills, the Ozarks of Arkansas. We are grateful for the support and cooperation of our Presbyterian brethren as they make us at home in their church building. We call your attention to the following services: Sunday School at 9:45 and morning worship at 11 o'clock Sunday morning, and evening prayer meeting Wednesday evening at 7:30. A cordial welcome awaits you at these services.

### To Hold 12th Annual Halloween Carnival

Wheelwright, Ky., Oct. 28 (Sp.)—Wheelwright high school's 12th annual Halloween carnival will be held Oct. 28 in the high school gymnasium and its sponsors expect the proceeds to pass last year's record of \$1,400 total. Net proceeds go to the benefit of the Wheelwright Parent-Teacher Association.

Walter Price and John Houpe, co-managers of the carnival, this week announced that 30 concessions will feature this year's carnival. Besides the traditional coronation of the Halloween king and queen, attractions will include bingo, sound movie, beauty contests, roulette, bowling ring-a-dink, hall of mystery, fortune telling, disk throw, penny throw, darts, basketball game, a dance at Community Hall and other features.
