This Town... That World

"DREAM TOWN"

At Middleboro, through the cooperation of the Smaller Plants Corporation, a \$100,000 firm will begin manufacture of pre-fabricated homes as soon as war shortages permit. "BLESS'D IS THE PEACEMAKER"

During her account of a musketeer given by her husband at Midway recently, Mrs. Edith F. James mentioned a little old organ which played a part in the program. The story she told impressed me.

This early organ long ago sat in the Christian Church at Midway. Solemn and beautiful hymns were played on it. Then arose the dispute between the followers of Campbell and Stone over instrumental music in the church. Even as today, good men and women lost their tempers, dissension grew, the church was being destroyed.

But along came one who was not a member of any church. Not because he wanted it but because he wanted peace and took this means of removing the cause for strife.

Question: Will that "poor strafe" be denied a place where strife and all hatred cease?

A MOUNTAIN NAME

For all his known traveling over the world, few know that the late President Roosevelt once visited the Poor Folk of Cumberland river.

This bit of information was confided to Congressman A. J. May by the President, a few years ago. Roosevelt, with typical camaraderie informed the Congressman he had been on the Poor Folk being housed on horseback. He said, in 1906.

Of more interest, however, was the President's pronouncement of an old and honored mountain family name. "Now, I'll see," he told Congressman May, "how about your people. I stayed all night on Poor Folk with an old gentleman named Napper. Tell me, what is the correct pronunciation?"

Mr. May replied that, despite the spelling, the name originally did not rhyme with "napier."

Agreeing with Mr. May on the pronunciation, Mr. Roosevelt added that his host on the Cumberland pronounced it "in the original." And when he returned to Washington he had it up—and, as you say, Napper it is.

Court Street Phone 4251
PRESTONSBURG, KY.

To the Voters of Floyd and Knott Counties:

As I sit here in the cool shade of a deep ravine by the side of the road resting from my labors in this campaign and entertained only by the singing of the birds overhead, I feel deeply the great responsibilities of the exalted office which I seek. Under such surroundings a man, seen only by the eyes of God, should and can unfold himself and the things for which he stands, to you, truthfully and honestly, and that I do.

What manner of man am I, anyway, that the people should elect me to the office of Commonwealth's Attorney? Below you will find the answer, and I ask you to check on the truthfulness thereof.

Forty-nine years ago I entered this world in an old-fashioned double-log house on the head of Beaver Creek. I grew up (one of 14 children) on the farm and was schooled in every phase of work and "hard knocks" that go with the average mountain farm boy. I have done every kind of work that goes with "pulling" the lever to saw lumber; from cutting the timbers in the forest to moving the saw-dust, including "pulling" the lever to saw the lumber.

In addition to the above, I have taught school in the rural one-room schoolhouses. While teaching, I took Law by correspondence, studying that course by night with the old-time oil lamp for a light, and teaching during the day. I completed that course and was admitted to the practice of law. Then, World War One came, and I went to war, along with your young men of that day. I was wounded in that war just 28 days before it ended, but my wife and baby had to wait nine long months thereafter for my return while I lingered in hospitals recovering. When I did get my discharge I was rated as a disabled veteran and was entitled to vocational training. I then entered college and completed a college course in law, graduating in 1922.

Since 1922, I have been actively engaged in the practice of law among you. I have served as County Attorney of Floyd county one term and as your State Senator one term and I stand on that record as your humble servant.

Who am I, to be seeking this high office? My father was Jay Tackett, and his father was Abel Tackett. My grandmother (Abel's wife) was a sister to the late lamented and much loved Uncle Almander Caudill, of Hollybush, Knott county. My mother was Sarah Johnson Tackett and her father was Pleasant Johnson. Her mother was a Burke. I married Minerva Wallen and her mother was Ritter Combs Wallen.

I have six children, five sons and one daughter. One son is in Northern Italy with General Clark's army and wears several Battle Stars. Two sons are in the Pacific war and a fourth son was discharged with a total disability last January 31st, after spending 11 months in hospitals.

These qualifications, including others not specifically detailed, coupled with my conscientious determination to do right at all times and to let my life be a living example of good citizenship and orderly conduct before God and man, qualify me, in my humble judgment, to prove to you during the next six years that the Holy Writ is still literally true where it says: "WHEN THE RIGHTEOUS RULE, THE PEOPLE REJOICE."

These boys of ours who, as kids, and in the prime and bloom of life have gone to war for us, have been schooled, trained and hardened for the grim task of fighting, killing, and if need be, dying for us. When the war is over and they start coming home to us, let all of us who are public officials remember that it will be impossible for them to readjust themselves overnight. Let us know and understand them, and knowing and understanding them, let us work with and help them to fit themselves back into our every day orderly peacetime living, and above all, let us receive them, not as criminals, but as Veterans and heroes, bearing patiently with them while we aid, counsel, advise and encourage them in their difficult task of readjustment.

Having been a soldier myself, and having these four boys in this war, I know I can better serve you and your boys these next six trying years, than can my opponent.

The people want good officials and good government. They want quiet and peace in our country, and if they want it as sincerely as I am convinced they do, then bribery, corruption and stealing combined cannot defeat them in their righteous fight.

I, therefore, do not believe that money will bribe this election or seal our fate. The right to vote was purchased by the blood of our forefathers in the Revolutionary War. It has been baptised in the blood of our heroic soldiers of war since then, and today our boys are preserving for us and generations yet unborn that right re-baptised with their blood. It is a sacred right and our people will not sell that right which was purchased and preserved for us with blood, sweat and tears.

Upon these qualifications and my idea of how to use and apply them, so as to bring a greater and happier day to our counties, communities and people I submit my candidacy to you, and shall humbly bow to your choice, as God gives you the wisdom to make it.

Yours for peace and quiet,

JOE P. TACKETT

Few things are more precious than the memory of loved ones who have gone. Grace and dignity should be the keynote of the final rites. To neglect this means years of bitter memories and regrets. At our home you are sure of completeness in every detail and at prices well within reasonable limits.

New Horizons

FOR THE FARMS OF TOMORROW

The future is bright for more and better telephone service for people living in rural areas.

Plans are already under way for resuming our rural telephone expansion program which was suspended in 1942 when equipment and materials became more urgently needed for the armed forces. Surveys are being made to determine the needs and to provide the facts from which we can carry out plans for expansion of farm telephone service.

The Southern Bell Company's farm telephone expansion program is part of the Bell System's nationwide program for rural telephone extension when materials become available again. This program calls for expenditure of a hundred million dollars during a three-to-five year period and will be an important factor in providing jobs for the thousands of telephone men now in the armed forces.

One important feature of our service to the living is providing helpful counsel to those who seek it, without placing them under the slightest obligation.

A public servant's attitude toward the public should be one of "Come-in-and-get-acquainted". In this spirit we respectfully invite you to visit our funeral home.

Good Flour for Good Cooks

Smooth, snowy white SNOW GOOSE FLOUR is a favorite with experienced housewives. They like it because it is a grand, wholesome flour for baking the kind of biscuits and pastries sure to please the family — because it is uniform, and always the same high quality.

ASK YOUR GROCER!

TO THE VOTERS OF FLOYD COUNTY:

When I announced as a Democratic candidate for County Judge, I realized full well the duties and responsibilities of the office. If nominated and elected, I promise the people of this county:

(1) To be sober, fair and impartial at all times and to devote my entire time to the duties of the office; (2) To recommend to the Fiscal Court the hiring of Floyd County War Veterans for any jobs that it may have to offer in the future, and to hire a clerk to work in the County Judge's office to assist War Veterans in filling out applications that are necessary to obtain loans under the G. I. Bill; (3) To continue Floyd County on a cash basis; (4) To give Floyd County a road program that is needed; (5) To hold the meetings of the Fiscal Court open to the public and have the entire record published in the local newspaper; (6) To work with the Fiscal Court for the best interests of the taxpayers of Floyd County and to be conservative in the spending of the taxpayers' money.

I wish to tell the people of Floyd County that I was born and reared in this county. I have worked on the farm, have taught school for a number of years in this county. For four years I was President and Checkweighman of Local Union No. 6691, U.M.W. of A. Martin, Ky., and was elected International Policy Committeeman to represent the Big Sandy section of District No. 80 at the Appalachian wage scale conference that was held in New York City, beginning in March, 1939.

Later, I served three years as chairman of the Floyd County Board of Education. I began work at The First National Bank, Prestonsburg, in August, 1942, as file clerk. Since that time, I have advanced to an executive position, that of Assistant Cashier.

To those of you who are not acquainted with me, I ask you to inquire from the good people who know me and my record.

If I am elected County Judge of this county, you will have no worries about the honky-tonks and roadhouses becoming a nuisance. I will keep them under strict regulations.

It has been rumored by some of those who would like to see me defeated that my candidacy is sponsored by certain persons. I wish to say emphatically that I am a free candidate and that I will not be controlled by any clique or clan.

I earnestly solicit your support and will deeply appreciate your vote at the coming election.

SOLDIER ASKS FATHER TO SUPPORT COLLINS

I see by The Floyd County Times where Everett Collins is running for Judge. I want you to do everything you can for him, because I know what he's been through. He lost his leg fighting for the people back home, trying to keep our democracy, and now I think it's time for the people to fight for him.

Did if the people at home could only see what our boys go through they would wake up. I know how it is at home. They don't even know that there is a war going on other than that things are rationed. They don't see men die right in front of their eyes, men with their arms and legs shot off, not very much sleep and what sleep you get doesn't do very much good because you just catch a few minutes.

IN MEMORY

Of Pvt. Emerson Cline Estep, who died July 3, 1943 of wounds received in the service of his country:

Two lonely years have passed
Since our great sorrow fell;
The shock that we received that day
We still remember well.
How his life was shed we know not
What his last words, look or thought
Did he do his duty—
He died as brave men have a chance to die,
Fighting to save the world's
We still remember well.
He died the noblest death that man might die,
Fighting for God, and right and liberty.

Industry spokesmen, headed by M. L. Patton, of Charleston, W. Va., contended that the coal shortage of coal could be attributed to: (1) insufficient manpower; (2) shortage of new equipment; and (3) improper Office of Price Administration restrictions.

The three points were elaborated upon by Harry H. LeVine, Paintsville, mine operator; Ralph C. Mulligan, Washington, staff member of the National Coal Association; and Burr Tracy Asselt, Washington, attorney for operators in the four-state area.

Ansell and Mulligan declared that producers signed this year contract with the United Mine Workers on the assumption that increased cost would be passed on to the consumer. Instead, they said, the CMA found the increased cost to be 24 cents a ton and raised the price only 15 cents a ton.

The David school was destroyed by fire last year and classes were held in the Community Church there. Use of the same building again will be sought.

R. C. Dyer, of Prestonsburg, was awarded contract on installation of a filter and completion of the Maytown school water system on his bid of \$4,799.50. The job includes laying of water lines, installation of tanks and all other equipment necessary to operation of the system. Contract for raising the Maytown trenchage five feet to a height farther removed from Beaver Creek floods was awarded to Kendall Martin on his bid of \$125.

The Board authorized Mrs. Town Hall, county superintendent, to invest its surplus funds of approximately \$100,000 in negotiable government bonds which may be converted into cash at any time the school system's building program may be resumed. Greater part of this fund accrued from collection of insurance on school buildings destroyed by fire.

This is an illusion

but this is NOT!

Yes, the first is a trick, but the second is a fact—a fortunate fact for you.

By using more and more electricity over the years, you've helped us reduce the price to a point where the average family now gets about twice as much electricity as it did 15 years ago for the same money.

Keeping the price of electricity pinned down to the floor in wartime is a much tougher job than keeping a pin-up girl floating in mid-air!

It takes much more than magic. It takes careful planning, hard work and good business management.

RE-ELECT

GLENN BURCHETT
Justice of the Peace

in District No. 1

A man you have tried and who you know will look after the interests of the taxpayers of Floyd County. He will see that not a single penny will be wrongfully spent. A square deal to all regardless of creed or color. (Pol. Adv.)

To the Voters of Floyd County:

It is becoming increasingly apparent that I will not get to see each of you before the election and so I am taking this means of thanking each of you as personally as this sort of statement can be made for the enthusiastic support a great majority of the good people of Floyd county are giving me in my race for the Democratic nomination for County Clerk.

Each of this support is coming without solicitation. It is coming from the goodness of your hearts and from your deep sense of fair play. Such spontaneous friendship, inspired by political pull and the power of wealth, is the real sort and I appreciate it all the more.

I am willing to admit that no man's record in the service of his country at war alone qualifies him for public office. I have never claimed that. I did all I could, and gladly, as a member of the Eighth Air Force and because of that service am now disabled. But, were I not qualified, and were my character not such as to merit the votes of Floyd county's people, I would be rendering my home county and people a dis-service by asking their support.

I received my grade and high school education in the schools of this county, was graduated from Caney Junior College, attended Morehead State Teachers College and studied pre-law at the University of Kentucky. I taught in the Floyd and Greenup county schools and how well I did my job may be learned from the Superintendents of these schools or from the pupils and parents where I taught. I was teaching when I volunteered for service in the army.

As for experience in the office of County Court Clerk, I do not have it—and who does except the present Clerk and a few assistants? No other has had a chance to gain experience in that office for 16 years.

But surely none will contend that any citizen with an adequate education, industry and conscientious desire to serve the people could not do the job. If this matter of experience is to be argued as a bar to any other man or woman holding the office of County Clerk, a "Vice" County Clerk should be named immediately and be given intensive training, so that in the event of the present Clerk's illness or death the office could be run without confusion in the county's records. Every official is for a matter of a few weeks inexperienced when he first takes office, but that is only natural and is no lasting handicap to any individual of normal intelligence.

I have no criticism to make of my opponent either as a man or as an official. I merely contend that he is not indispensable. And I do assure you I can and will do the job as County Clerk as efficiently and at less cost to the County and State.

My election would give recognition not only to me but to all other young men and women who served during this war at very low pay while those at home for whom they served and fought lived in comparative safety and while many grew rich.

I assure the people of Floyd county that I do not propose to make politics my career. I will not be seeking this office, years on end. I will give your boy or your girl a chance. I believe in democracy and the democratic way of life for which we fought.

I ask every believer in fair play, every father and mother and all other relatives of boys who went to fight in a war not of their own making to join me in winning this election. And we shall win—no power of wealth or influence can turn the people away from doing what they know to be just and right. All we have to do is "carry on" till the vote is cast and counted. This is a mission from which we will not turn back.

Please accept my sincerest thanks for your kindness. It will not be forgotten.

(Pol. adv.) Gratefully, **JARVIS ALLEN**

A \$1,000,000 AGENCY

The Hatler Johnson Life Insurance Agency has several million dollars' worth of insurance in force on the lives of prosperous, satisfied, permanent policyholders; and is currently placing new business at the rate of over \$1,000,000 a year.

This success is due to three factors:

- (1) Selection of agents whose business methods inspire public confidence.
- (2) Policies for every need from the cradle to the grave and beyond: Educational, Disability, Income, Retirement, Mortgage Redemption and Family Protection.
- (3) Agent's contract, training and learning the business in dignified manner that enables the agent to make enough money to conduct himself as a business man should.

We have no "high-pressure-30-day-wonder-blow-hard" whose "brilliant" records are eclipsed with the discouragement and the ill-will of a constant long train of lapsed policies. We are looking for people in Floyd county who can qualify as agents our way; and the pay will be good.
