WHY EVERY BELIEVER IN FAIR PLAY AND GOOD GOVERNMENT SHOULD VOTE FOR JARVIS ALLEN FOR COUNTY CLERK

1. His character is unimpeachable and he has every qualification for the office.
2. He has never before asked the people for anything.
3. He will never ask the people to keep him in office to the exclusion of all other deserving young men and women. Instead, he insists that no one man is indispensable and that "turn about" is not only fair play but also a cardinal principle of democratic living.
4. As a wounded veteran, he represents the youth of Floyd county who went to war for us all. For the voters to deny him and perpetuate in office a wealthy man who has for 16 years been honored by them would be a slap in the face to all other veterans who ask a chance to serve the people in some position other than on the firing line.
5. He is not able to do manual labor, but can handle the affairs of the County Clerk's office efficiently and honestly.

And because we all vowed, while the boys were fighting, that "nothing we can do is too good for them"—and we must not forget... (Pol. adv.)

TO THE DEMOCRATIC VOTERS OF THE 96th LEGISLATIVE DIST.

As your present Representative, I am not ashamed for you to see my record. I invite your close inspection of my every act as your Representative.

I have constantly worked for Education and higher salaries for our teachers, help which they so deservedly need.

If you will help to return me for two more years, I will continue to work for your interests.

I want every merchant and laboring man to know I am against any form of Sales Tax. Our business and money must not be forced to leave Kentucky.

I am the first Representative ever in the Kentucky Legislature to introduce a bill for the poor and afflicted people who are suffering from Tuberculosis. I will never stop until these five new hospitals are completed.

I ask the people to return me for two years to finish the job that I have started for you.

To each of my friends, individually, I extend my thanks for what you have done for me in the past, and I assure you I will continue to be grateful.

TO THE VOTERS OF FLOYD COUNTY:

This is my final statement to you before the primary election. You have two men as candidates to choose from as to who will be in charge of the law enforcement of your county for the next four years.—Taylor Stumbo and myself. We both have served you as Sheriff and from our records and acts I am asking you to make your choice.

I promised you two years ago that if you would elect me I would be sober, honest, fair and friendly. I promised you that I would appoint sober Deputy Sheriffs. I promised you that I would safeguard and protect your schools, churches and property with SOBER men that the law-abiding citizens would have respect for. This I have done the very best I could. I may have made some mistakes, no man is perfect and he makes mistakes in private life, and we certainly may as public officials, but I have corrected them as quickly as I could.

I am trying as best I can to live both as a private citizen and public official a life that my family and my friends will be proud of. The people of the city of Prestonsburg will tell you that when it is possible I take my family in my body to church, and I am proud that my neighbors who know me best and know my family best will go to the polls and cast their votes for me. My ambition is to serve you and help you make Floyd county a better place in which to live and bring up your children. I am more anxious, as all parents are, to have my boys and girls go out in life as honorable, useful men and women.

This is the most serious time, and should be given the most serious thoughts, than ever in our history. Hundreds of boys will be coming home, not as they left, but wounded, nervous and wrecked. These boys must be taken care of, with officers who are SOBER, kind and patient. We cannot do this with drunken officers who believe in using pistols, clubs and abuse. They have seen and had enough of this on the battlefields of this war. I promise each and every one of you that your boys will be treated with patience, kindness and fairness.

I do not want to and will not go into the record of my opponent as an officer or as a citizen. You all know his record as Sheriff of this county. He tells you on all his advertising that he will do the job. You know the kind of a job he did do. He says he will lead his men and pray that the conditions will never come in this county when a bunch of men will have to be left by a leader to enforce the law. This is not my idea of law enforcement and it is not YOURS. I still say kindness and good treatment is better than shooting and killing.

My final appeal to you is to search our records and think seriously upon our records, and from those records make your decisions.

If I have made you the kind of an officer during this short term that you think this county should have, I think I should be nominated for the long term. I have no doubt as to what a large majority of the voters will do on next Saturday, and that I will be nominated by an overwhelming majority.

I thank you for your friendship and support in the past and appreciate with all my heart your interest in this race. Again let me say that the reports that are being made by my opposition that I am lined up with any candidate is FALSE and for the purpose to deceive you.

Your Friend,
TROY B. STURGILL

**VOTE FOR
JOHN CHRIS CORNETT
—FOR—
COMMONWEALTH'S ATTORNEY**

Dear Friends:

This campaign is drawing to a close. I have shown you that I am a good worker and a hard fighter. I will continue in this way as Commonwealth's Attorney. Please help me to be elected.

My opponent says that I am not qualified. After attending Caney Junior College, I graduated from Morehead, did graduate work at Western. I then received my education in law at the University of Kentucky, and at Cumberland University. These are two well recognized law schools. You know the reputation of our own Kentucky College of Law. Many prominent men, including Cordell Hull, received their legal education at the Cumberland University School of Law.

I have not practiced law as long as my opponent, but I am qualified under our Kentucky Constitution and the laws thereof. I have represented numerous clients in many kinds of cases in court, including felonies, misdemeanors, civil suits and compensation cases. I have been successful. I have never had a client to be dissatisfied with my legal work for them nor to accuse me of doing them wrong. There will not be any criminal cases in our courts that will be too difficult for me to handle. Unless you should out of respect for someone so desire, it will never be necessary for you to hire an attorney to help me prosecute any case, nor will it be necessary for you to hire an attorney to watch me in order to see that I don't lay down on you or sell you out. You give me the honor and opportunity to serve this district as Commonwealth's Attorney, and with the help of God, and with your help, I will strive with every ounce of my mind, heart and soul to serve you well.

Please don't be subdued by a sympathetic appeal for your support for such a high and important office as Commonwealth's Attorney, and don't let geography have any thing to do with your selection of this officer. I will treat you kind, I will be accommodating and helpful. I will be honest and fair to all. By my conduct you will soon forget but what I have been your next door neighbor.

I appreciate the kindness that you have shown me in this campaign. I hope that the majority of the people of Floyd and Knott counties will do the best thing for us all on August 4.

May God be with you as you perform this duty to Our District and Our Country.

HAVE YOU PAID YOUR TAXES?

I assume you have and if so, do you know what goes with your money? The four Magistrates to be nominated and elected this year, together with your County Judge, have the exclusive power to handle every cent of money you pay into the treasury of Floyd county. Therefore, you should think seriously before voting to nominate your Magistrate. It is a most important office, and requires your serious consideration.

I have served you as Magistrate in District One for the past four years. Your county fiscal affairs are in the best condition they have been in for many years. Not a single claim was unpaid on June 30, 1945, at the close of the last fiscal year. The county has \$50,000 in government bonds, on which it is receiving interest. It also has over \$25,000 in cash in the bond account. Your taxes can be reduced at any time. With the floating debt paid in full, and the county discharging its obligations much more on roads than has been possible in the past.

Do you want a continuation of this kind of management? This is for you to decide. I have been tried, and my running solely upon my record. You may be a special friend to one of my opponents, and want to vote for such a friend. But do you think he will serve you as I have? I have been successful with my own affairs, and with your county affairs. I promise you a continuation of the services I have been giving you. GLENN BURCHETT

Experience from several years as a taxi driver, business man and coal miner give me a knowledge of what a man can give me the opportunity to serve you and I can only promise TO BE READY AND WILLING TO SERVE YOU AT ALL TIMES TO THE BEST OF MY ABILITY.

"HOW'D THE UMP GET IN THE GAME?"

WHETHER it's baseball or business, Americans expect fair play all the way.

In baseball, the umpire sees to it that the game is played according to the rules. But he is not a player.

In business, government should be the umpire who enforces fair rules.

But when government goes into business and competes with its own citizens, the American tradition of fair play is set aside. The umpire then becomes a player, and he enjoys advantages that are denied to all the other players.

For example, government and municipal power plants are not required to pay federal taxes; often get money from the U. S. Treasury at little or no interest; make up losses out of the pockets of the taxpayers.

Would you like to have a next-door competitor who has little or no rent, or taxes, or interest to pay, and who is kept in business partly by your tax money?

Fortunately for America today, over 80% of the tremendous electric power in this country is produced by tax-paying, self-supporting electric light and power companies, owned and operated by several million folks like you.

These business-managed companies are a big reason why there is enough electricity to meet even the gigantic demands of war—and why, when most things cost more, electricity is still delivered at low pre-war prices.

TO THE PEOPLE OF FLOYD COUNTY:

As a candidate for the Democratic nomination for Sheriff of this county, I stand on my record as a peace officer and former Sheriff.

In all my years as an officer I have never oppressed any man or woman. When elected Sheriff, I will press no person then.

I will enforce the law, always using a sound judgment gained from experience and from my acquaintance with practically every family and every community in Floyd county where I was born, reared and lived all my life.

As Sheriff I will go anywhere I am called to enforce the law and protect your homes, churches and schools. I never have, and never will, send a deputy where I would not myself go. As Sheriff, I will lead the way.

When your taxes are due, I or one of my deputies will come to your homes to collect. You will not have to pay expenses to and from Prestonsburg to pay taxes for the upkeep of government.

My past record is such that even my enemies have privately admitted I was the best Sheriff Floyd county ever had.

When the boys come home after serving their country in this war, they will find me their best and most understanding friend. Two of my own boys are in uniform and I pray—as every father and mother prays—they, too, will be coming back.

I ask that each of you consider these matters and cast your vote for me at the primary, August 4.

Since he announced his candidacy for the Democratic nomination for County Clerk, Clark Jarvis Allen has received numerous letters from Servicemen in this country and from practically every part of the world. Such letters will all honor their writers and will help their "Buddy" in his attempt to have a part in the government of his and their home country. Some of the best addresses have changed since these letters were written, some of them have won promotions, some have received citations. Some that have been killed.

Following are excerpts from a number of these letters (the original letters may be inspected by any interested person):

From **Polk Saunders**, petty officer, U.S. Navy: "Having associated with such letters will all honor their writers and will help their 'Buddy' in his attempt to have a part in the government of his and their home country. Some of the best addresses have changed since these letters were written, some of them have won promotions, some have received citations. Some that have been killed."

From **S/Sgt. Mathias Salisbury**, APO 8, New York, N.Y.: "I can't think of any one who has more honestly earned the right or who is more prepared for the job than you are. You answered the call to arms like any good and true citizen would have done and carried the war to the enemy. I have fought on the front for eleven months and no one could more appreciate the fine work done by you and your buddies in the air corps. I have seen my buddies praise and cry when they would see the American Air Force overhead. Although I have been lucky and have avoided being wounded or injured, I fully realize how it is to be wounded and disabled... I am sure you are the man for County Clerk."

What the People of Floyd County Need in a Jailer

Guy Horn

TRIED AND PROVEN TRUE

It is not what I want or what any other candidate wants that will mean something for Floyd county during the next four years. The important thing in this race for Jailer is WHAT THE PEOPLE NEED.

As I see the matter, Floyd county needs a Jailer who will take care for the jail, treat the prisoners as human beings, feed them well, care for them, receive their friends and relatives in a friendly spirit, keep the jail and its surroundings clean and, generally speaking, give the jail and the courthouse an air of cleanliness and decency.

I am willing to leave it to the good citizens of this county how nearly I have come to doing these very things during the last four years.

As Jailer, I have made a little money. I have worked to serve the people, all of them, as they deserve to be treated and have placed the money-making angle last.

When our boys left for pre-induction or induction in the armed forces, I had many of them served coffee at the bus station in Prestonsburg. On their return, many of them, unable to get home after arriving in Prestonsburg late at night, were treated to my best. These things I did at my expense and not at the county's. These things I did because I wanted to befriend the boys.

You surely have no desire to see the county jail become a place of squalor and filth, the prisoners' beds infested by bugs and roaches, their food unfit to eat. Surely you do not want the jail to become a place for drinking and carousing, a place where public worship could not be held and where decent men and women would be afraid to visit.

I do not say my opponents would permit the jail to fall to this low estate, but I would remind you that such things are possible. And I assure you that while I am Jailer the same kindness to prisoners, that I have always extended, the same friendliness to all, the same open-handed hospitality will be my rule and practice.

These are things to which I invite the attention of every citizen, especially the fathers and mothers. When your boys return home from war, they will need to be treated with kindness and forbearance. They will need friendly hands to help them over the hard places. You know what my record has been in the past and you can be assured it will be even better in the future.

The safe thing to do is to give me your vote August 4 and be assured of a Jailer who has had experience and whose record no man can say one word against.

I reached the conclusion that your plea for the support of the people will serve as a test of their faith and gratitude. Do you see what I mean? Well, they have a chance to express their gratitude and at the same time make a choice in a matter that undoubtedly deserves consideration. In case they don't know about the life of a service man, then it's high time they were becoming oriented on that score.

As Jailer, I have made a little money. I have worked to serve the people, all of them, as they deserve to be treated and have placed the money-making angle last.

When our boys left for pre-induction or induction in the armed forces, I had many of them served coffee at the bus station in Prestonsburg. On their return, many of them, unable to get home after arriving in Prestonsburg late at night, were treated to my best. These things I did at my expense and not at the county's. These things I did because I wanted to befriend the boys.

You surely have no desire to see the county jail become a place of squalor and filth, the prisoners' beds infested by bugs and roaches, their food unfit to eat. Surely you do not want the jail to become a place for drinking and carousing, a place where public worship could not be held and where decent men and women would be afraid to visit.

I do not say my opponents would permit the jail to fall to this low estate, but I would remind you that such things are possible. And I assure you that while I am Jailer the same kindness to prisoners, that I have always extended, the same friendliness to all, the same open-handed hospitality will be my rule and practice.

These are things to which I invite the attention of every citizen, especially the fathers and mothers. When your boys return home from war, they will need to be treated with kindness and forbearance. They will need friendly hands to help them over the hard places. You know what my record has been in the past and you can be assured it will be even better in the future.

The safe thing to do is to give me your vote August 4 and be assured of a Jailer who has had experience and whose record no man can say one word against.

What the People of Floyd County Need in a Jailer

Guy Horn

TRIED AND PROVEN TRUE

It is not what I want or what any other candidate wants that will mean something for Floyd county during the next four years. The important thing in this race for Jailer is WHAT THE PEOPLE NEED.

As I see the matter, Floyd county needs a Jailer who will take care for the jail, treat the prisoners as human beings, feed them well, care for them, receive their friends and relatives in a friendly spirit, keep the jail and its surroundings clean and, generally speaking, give the jail and the courthouse an air of cleanliness and decency.

I am willing to leave it to the good citizens of this county how nearly I have come to doing these very things during the last four years.

THE VETERANS SPEAK!

Since he announced his candidacy for the Democratic nomination for County Clerk, Jarvis Allen has received numerous letters from Servicemen in this county and from practically every part of the world. Such letters still are coming all the time. They are coming from people back home who help their "Buddy" in his attempt to have a better life. They are coming from their home country. Some of the best addresses have changed since these letters were written, some of them have won promotions, some have received citations. Some may have been killed.

Following are excerpts from a number of these letters (the original letters may be inspected by any interested person):

From **Hoik Saunders**, petty officer, U. S. Navy: "Having associated with such letters all through their high school and through three years of college, I highly recommend him 'Buddy' in his attempt to have a better life. I know of many friends to cast their vote for him. I consider it an honor and a privilege to recommend them have won promotions, some have received citations. Some may have been killed."

From **Pat Robie Skeans**, APO 45, New York, N. Y.:

From personal experience I have a good idea what you've been through, and this gives the people of our county a chance to show their appreciation. I think it would be only a small payment on the debt we owe you.

From **S/Sgt. Mathias Salsbury**, APO 3, New York, N. Y.: "I can't think of any one who has more honestly earned the right or who is more prepared for the job than you are. You answered the call to arms like any good and true citizen would have done and carried the war to the enemy. I have been on the front for eleven months and no one could more appreciate the fine work done by you and your buddies in the air corps. I have seen my buddies get and they would see the American Air Force overhead. Although I have been lucky and have avoided being wounded or injured, I feel a little bit to be wounded and disabled. I am sure you are the man for County Clerk and I feel sure every man and woman will feel the same way and will want to have you elected. For I am sure other Servicemen can feel sure that you will do all that you mean and do. They know that the death of every one of us would like to be done this very minute."

From **Richard King**, APO 3, New York, N. Y.: "I am writing my father and mother... as a veteran of the war, I hope you will be our next County Clerk."

From **Mc. Russell Crum**, APO 45, New York, N. Y.: "I honestly believe that you know what we boys want when we come home and I am prepared to back you in every campaign. I hope to see you in office."

From **Willard Blackburn**, APO 282, New York, N. Y.: "I hope I'm on my way home by the time you receive this. I'd be glad to help you."

From **Arley Boyd**, in Australia: "I hope that you will be serving us as County Clerk when we all get home. I feel that you should have the job. You have been through it all and know what a servicemen's life is and will know how to serve the best of them. I wish you the best of luck."

From **Ray Howard**, Greenville, S. C.: "I hope you will be our next County Clerk when we all get home. I feel that you should have the job. You have been through it all and know what a servicemen's life is and will know how to serve the best of them. I wish you the best of luck."

From **Herbert Prater**, APO 833, Miami, Fla.: "The mere knowledge that you were in the race was enough for me. How could I do otherwise? I reached the conclusion that once you had the support of the people will serve as a test of their faith and gratitude. Do you see what I mean? Well, they have a chance to express their gratitude and at the same time make a choice in a matter that undoubtedly deserves consideration. In case they don't know about the life of a serviceman, then let's hope they were beginning to know by now."

From **Warne Hale**, Pisa, Italy: "I feel that you have done your part as a soldier and I'm sure you know what a combat soldier wants when he returns to civilian life. I feel sure you will look back and give you my support."

From **Philip Newsum**, Ft. Meade, Md.: "I can't think of any one who has more honestly earned the right or who is more prepared for the job than you are. You answered the call to arms like any good and true citizen would have done and carried the war to the enemy. I have been on the front for eleven months and no one could more appreciate the fine work done by you and your buddies in the air corps. I have seen my buddies get and they would see the American Air Force overhead. Although I have been lucky and have avoided being wounded or injured, I feel a little bit to be wounded and disabled. STAFF SERGEANT BROWNIE HICKS

Five years in the infantry and air corps—therefore I shall be for any legislation beneficial to the returning soldiers.

Good Roads—My father has been member for the Department of Highways for the past seven years, giving me a special interest in roads and the lot of the teachers. Therefore, I shall stand for any improvement or increase to the schools and the teachers, especially those of the country.

Miners—If you will look back you will find my father as financial secretary of a local bank in 1919 even before they were recognized and also as a charter member of Local No. 5900. Without the coal that you have mined, we, as soldiers, could not have won the battles as we did during the 2 1/2 years I was overseas. Although I was seriously wounded by shrapnel and machine gunfire, I am still able to put up some fight, and I hope that you will allow me to do this for you in the next Legislature.

I have nothing to say against my opponents and am leaving our race to your choice. Thank you.

MY FINAL APPEAL

It has been rumored by some who would like to see me defeated that I am not running this race to a finish. That is another of those cheap campaign lies without foundation. I am in this race to a finish and to win. I am not a QUITTER. If nominated and elected, I promise the people of this county—

(1) To be sober, fair and impartial at all times and to devote my entire time to the duties of the office; (2) To recommend to the Fiscal Court the hiring of Floyd County War Veterans for any jobs that it may have to offer in the future, and to hire a clerk to work in the County Judge's office to assist War Veterans in filing out applications that are necessary to obtain loans under the G. I. Bill; (3) To continue Floyd County on a cash basis; (4) To give Floyd County a road program that is needed; (5) To hold the meetings of the Fiscal Court open to the public and have the entire record published in the local newspaper; (6) To work with the Fiscal Court for the best interests of the taxpayers of Floyd County and to be conservative in the spending of the taxpayers' money.

I wish to tell the people of Floyd County that I was born and reared in this county. I have worked on the farm, have taught school for a number of years in this county. For four years I was President and Checkweighman of Local Union No. 6691, U. M. W. of A., Martin, Ky., and was elected International Police Committeeman to represent the Big Sandy section of District No. 30 at the Appalachian wage scale conference that was held in New York City, beginning in March, 1939.

Later, I served three years as chairman of the Floyd County Board of Education. I began work at The First National Bank, Prestonsburg, in August, 1942, as file clerk. Since that time, I have advanced to an executive position, that of Assistant Cashier.

To those of you who are not acquainted with me, I ask you to inquire from the good people who know me and my record.

If I am elected County Judge of this county, you will have no worries about the honky-tonks and roadhouses becoming a nuisance. I will keep them under strict regulations.

It has been rumored by some of those who would like to see me defeated that my candidacy is sponsored by certain persons. I wish to say emphatically that I am a free candidate and that I will not be controlled by any clique or class.

I earnestly solicit your support and will deeply appreciate your vote at the coming election.

Good Enough 'Over There' Then Good Enough Here!

I was good enough to drive a tank for Floyd county and all America "Over There," and, too, it wasn't too much for me to lose a leg "Over There."

Now, am I good enough to serve you people of Floyd county as your Jailer?

We needed Super-Men "Over There" but none of us were Super-Men. We were only poor, suffering humans. Bullets stopped us, just like they did the enemy.

Do we need "Super-Men" here at home, in the courthouse and the jail? With all the sincerity in my being, I tell you—I can and will handle that jail and treat the prisoners as well as any man ever did or ever will.

Vote for me, please.

VOTE FOR CAPT. EUGENE SILER

of Williamsburg, Whitley county, for JUDGE OF THE COURT OF APPEALS

Seventh Appellate District PRIMARY, AUG. 4, 1945

Final Election November 6, 1945. When Hitler had almost destroyed Britain, when Russia had almost blotted out the light of the world, when Germany crushed the hearts of men, we, your American soldiers and sailors, left our wives and families and advanced everywhere we had our own country.

I was in the U. S. Army 27 months and I was in the First World War. Men and we could have gone and places when we returned, I felt to me and exactly what I said.

Therefore, I am asking you to remember me at the primary on August 4, 1945, and then at the Final Election on November 6, 1945. Your support will be appreciated.

EUGENE SILER

(Captain, U. S. Army, Inactive)

WHY TAKE A CHANCE?

Why would any of my neighbors vote against me and for a man from Mallie, Ky? They ONLY know him in his "ELECTIONEERING" mood and of course he wears his BEST smiles then. Naturally, he makes himself as pleasant as possible. But, friends! that "ELECTIONEERING" pleasantness may not last 365 days a year.

I have lived among and mingled with you for 23 years. My children have all gone through school right here along with many of yours. They have played ball with YOUR BOYS. They are now on the "Team" with YOUR BOYS over yonder, and because of all these things, you know and have known me and my family not only in our "ELECTIONEERING" mood, but you have known us 365 DAYS A YEAR.

Knowing me, therefore, as you do, and not knowing my opponent but slightly, I repeat, WHY TAKE A CHANCE?

I have no idea you'll ever again see my paragon a ballot. I'm not as young, robust and vigorous as I used to be, but in this, what I'm constrained to think of as my last appeal to my people for their vote of confidence and appreciation of me, I'd like their serious thought, meditation, and earnest prayers for enlightenment on the things here-in discussed before they cast their votes.

In conclusion, neighbors, may I express to you my undying faith in your good judgment upon this race?

SINCERELY YOUR NEIGHBOR,

JOE P. TACKETT

P.S. My opponent has LATELY adopted the slogan, "Not always seeking office," notwithstanding the fact that he is now making his FIFTH campaign since 1937. "Consistency, then not a jewel."

J.P.T.

BROWNIE HICKS

—OR— REPRESENTATIVE

96TH DISTRICT

FRIENDS AND VOTERS:

I entered the race for Representative of this district with the thought of being elected throughout the race, and I still feel that was shortsighted. I will be unable to see any of you before the primary because of the fact that, just a few days ago, I had two of the bullets removed from my back which I received in Italy, while fighting for our country and I must protect my health by staying in the hospital a few days longer.

However, there are a few things that have been printed which I have thought to answer and which some of them may not have been meant for me but they fit a broad spot. I do not know who the COMMITTEE OF SELECTED MEN are, but feel that they are some one that have never had on a uniform of that they should have been court-martialed before leaving the camp. DID THEY EVER SEE THE PICTURE, "SOFT-YORK", WHICH ONE OF THEM WOULD NOT TAKE THE BONUS OR COMPENSATION ALLOWED THEM UNDER THE G. I. BILL OF RIGHTS? This bill was passed for them because of the action with the uniform and because of their having an army record. They know that they are wrong in this because the uniform does not always make the man, for if a man has a record as a deserter, he is not eligible and all the wrongs that have been done to him are not his fault.

Now I have been in the hospital for some time and I feel proud of my country, a brave, generous and noble land and we deserve the best men and the best money and the best uniforms and the best pay and the best food and the best everything. And you know what my opponent, Mr. Wallace, tells me that he will give me a uniform, a plane, a uniform and the best pay and the best food and the best everything. I will not take any of that because I can get it all here in my own country. I will not take any of that because I can get it all here in my own country. I will not take any of that because I can get it all here in my own country.

THE BONUS can be used under the present tax structure. THEREFORE, I SHALL BE AGAINST ANY SALES TAX LAW WHICH MAY BE OFFERED. FATHERS, MOTHERS, think of the good of the boys, and give them a chance to see their boys in the uniform of the United States Army.

BANNER MEADE

My Final Appeal to My Friends and Supporters

The primary election campaign is drawing to a close and I want to express to you all my deep gratitude for the wonderful support and encouragement you have been kind enough to give me in my race for County Judge. This encouragement has extended throughout the county, except at Wheelwright where the Inland Steel Corporation's management always leaves most candidates in doubt. I have always been fair and the record of cases I have tried will show. Practically all the cases appealed from the Circuit Court in the Judicial District which I have served for the last six years have been affirmed by the Court of Appeals, and only one case from Knott county has been reversed—which, I submit, is a record. So I must have used good judgment. I am independent and cannot be swayed from the true course of my duty as I see it—and that policy I will continue to follow.

Eight years ago, I made the race for County Judge and Wheelwright was set against me. For whom, you all know. Six years ago, I made the race for Circuit Judge and again Wheelwright was set-up against me. And now again when I am making the race for County Judge, I am up against the organization again in the same precinct. Sometimes the Big Boss leaves on election day, but the guilty when no one pursueth. What is the use to lock the door when the horse is stolen?

WHY? IS IT BECAUSE I CAN'T BE HANDLED? IF THERE IS NOT SOME ULTERIOR MOTIVE, SOME ONE WITH A CLOSER UNDERSTANDING OF THE MOTIVES OF THIS BIG CORPORATION OR WITH A MORE INTIMATE KNOWLEDGE OF THE MANAGEMENT'S MENTAL PROCESSES WILL HAVE TO SUPPLY THE ANSWER.

I know I have many good friends and supporters in Wheelwright who cannot be dictated to, and to men and women such as these I am appealing for a fair deal. The working man is reminded that it is all right with the Corporation if it can get by on taxes and that it does not mind a bit to pass the tax burden on to the little man.

I have always overcome such opposition by appealing to the common people, for the great mass of ordinary citizens do the voting and they cannot be fooled. If he had not so valiantly carried his cause to the great masses of the common people, the late President Roosevelt would never have been elected. You all know what the big corporations would have done to him.

In Prestonsburg a small part of the so-called "Upper-Crust" of Society has taken time off from tea to parade around over the county against me, uttering unusual statements about me, which they have a right to do, as anything

NAVY VETERAN APPEALS FOR SUPPORT OF ALLEN

As the final days of the primary campaign draw near, I wish to make an earnest plea to the families and friends of our servicemen to give all their support to our disabled veteran friend, Jarvis Allen, for County Clerk.

I never had to jump, as did Jarvis Allen, from a burning plane but after making 11 trips across the Atlantic, my ship was sunk during the Normandy invasion. I was among the lucky ones, and, being a disabled ex-serviceman, I as well as many others, know the hardships our "Buddies" go through and also the difficulties of getting back to civilian life and civilian life.

is fair, it is said, in an election. But after the election they will, somehow, never be able to recognize you again. And their visits to your communities will be few and far between—the sun will be too hot for most of them.

To these I offer this helpful suggestion: LOOK INTO YOUR OWN BACKYARDS BEFORE HURLING ACCUSATIONS AT OTHERS. I am just what I am—no hypocrite, no pretender, no wolf in sheep's clothing. Let he who is among you without sin cast the first stone—you know, that was said a long time ago, and that stone has never yet been cast.

Even our Congressman who used to be in the coal business, and to whose election campaigns I have liberally donated in the past—even last year—, has come down all the way from Washington to meddle in some of our little county races. He has spoken against me and against Jarvis Allen, who as an engineer-runner on a "Flying Fortress" did not transfer from the army to become a commissioned "Dry-Land Sailor" with offices in Boston and Cincinnati, far from the scene of action, as has been done by some. Jack May's opposition to me and Jarvis Allen in our separate races has been mentioned by him to his brother, Clark May, Mrs. Annie Stumbo and Hi Hagans, who married his niece.

MR. MAY SHOULD LET HIS HEART AND SOUND JUDGMENT LEAD HIM MORE THAN HIS AFFECTION FOR POLITICAL POWER. FOR THERE ARE MANY STARS HANGING IN THE WINDOWS OF HOMES IN FLOYD COUNTY. Some of these represent boys in uniform, far from home, probably in constant danger of death. Others are Gold Stars and they stand for boys who will not return. All stand for loneliness, sadness and tears behind those windows, and death itself.

I have no doubt about my nomination for County Judge if the people whom I have accommodated support me. The people of Floyd county have been good to me and I likewise have been good to them. I am making this race solely for the good I think I can do for Floyd county and our people. If I thought I could not do a good job, with less money than has been spent hitherto, I would quit the race now.

Under the statutes of Kentucky there has not been a legal challenger, either a Democrat or Republican, appointed, and none have a right to serve, because the law has not been followed. Look for yourselves.

In closing, I would remind you with all sincerity that there are no great corporations that I desire to protect. Neither do I have any lawyers or Republicans making my campaign. I intend to speak the truth and let the chips fall where they may.

I'll be seeing you—the same old Henry every day. Good luck and on Election Day remember—

Your friend,

Henry Stephens, Jr.

A \$1,000,000 AGENCY

The Hater Johnson Life Insurance Agency has several million dollars worth of insurance in force on the lives of prosperous, satisfied, permanent policyholders; and is currently placing new business at the rate of over \$1,000,000 a year.

This success is due to three factors:

- (1) Selection of agents whose business methods inspire public confidence.
- (2) Policies for every need from the cradle to the grave and beyond: Educational, Disability, Income, Retirement, Mortgage Redemption and Family Protection.
- (3) Agent's contract, training and learning the business in dignified manner that enables the agent to make enough money to conduct himself as a business man should.

We have no "high-pressure-30-day-wonder-blow-hard" whose "brilliant" records are eclipsed with the discouragement and the ill-will of a constant long train of lapsed policies. We are looking for people in Floyd county who can qualify as agents our way; and the pay will be good.
