HERE'S PEACETIME BUSINESS
The magic of the mind—imagination. Imagination transformed America from wilderness to the greatest industrial and agricultural power on earth. Imagination—plus courage and determination beat the Germans and the Japs. Imagination will help win the peace, too. For winning the peace can be summed up in one word, prosperity! Yes, prosperity for all and opportunity means jobs. Who makes jobs? They come from American enterprise. And the Telephone Company is proud to be a part of that enterprise. Because thrilling days lie ahead—big days that mean future prosperity for Kentuckians.

The 3,226 men and women of the Telephone Company in Kentucky are now putting into effect the greatest expansion program in their history in this state, calling for an expenditure of millions of dollars. Their imagination did not go to sleep during the war years. It remained awake at the drawing boards.

Blue prints are leading to life with telephones for all who have been waiting for them, just as fast as we can secure the equipment. This is one of our top jobs! Telephones for our farmer and rural friends are also being swiftly scheduled. A greatly expanded long distance service is in process, too. It will include the installation of coaxial cables so we can handle more calls with greater speed and convenience for you, and provide more facilities for television. A lot of construction is to be done and a new service to motor vehicles is also in the offing.

What does it all mean? For one thing, it means a continuation of the pleasant, progressive partnership of the people of Kentucky and the people of the Telephone Company. Telephone calls are happy to be a part of this vast program that will lend so much impetus to the state's own industrial and agricultural expansion plans. As we see it, the future beckons Kentucky with a busy, prosperous hand!

## GARRETT

The November program meeting of the Larky-Garrett Women's Club was held at the home of Mrs. Frank Rankin Friday night, Nov. 30, with Mrs. Thomas Hatcher in charge of the program. For the past several years this club has devoted its November meeting to a music program. In view of the great stress for Thanksgiving, the topic chosen this year was "Thanksgiving Hymns and Prayers." The musical element was retained in the group singing of hymns for which Mrs. Eulene Mills played the accompaniment. Hymnal selections sung by the group included "Come Ye Thankful People," "America the Beautiful," "Count Your Blessings," "Bringing in the Sheaves," "Rejoice Ye Pure in Heart," and "The Doxology." "Psalm 100" and "A Collect for Club Members" were read in unison by the members. "The First Thanksgiving," "Thanksgiving Day," "A Soldier Remembers," "A Message from Mrs. Thomas F. Sullivan" and "A Good Thanksgiving" were read by Mrs. J. T. Spillman, Mrs. M. M. Collins, Mrs. Charles Sturgill, Mrs. Fred A. Martin and Mrs. Thomas Hatcher, respectively. ## WHEN?

On the basis of our observations, we cannot see more than a trickle of appliances flowing into the market within the next few weeks.

## HOWEVER

Brands We Will Sell

# HOT POINT

OUR LINE ON MOST ITEMS WILL BE

## SERVICE

Before the war there were not more than two or three appliance dealers in Floyd county. These few dealers were able to take care of the normal service requirements of the appliances they sold. Now, it is a different story. Because of the pent-up demand, every known (and unknown) appliance will be for sale right here in our county. Some of these new dealers will continue in business and be in position to take care of service on the products they sell. Others will quit when the demand has been met and leave their customers without a local service outlet. So you can see that while it is important what make of appliance you buy, it is also most important FROM WHOM YOU BUY.

Will they be in business when you need service? If so, will they be fully equipped to handle any service problem? Some will—many won't.

Morell Supply Company has been in business in the same location for over 45 years. We have placed orders for over \$4,000 worth of service equipment. We are placing in charge of our Service Department a World War II veteran with three years' experience repairing radios on the battlefronts. He is now taking a refresher course on refrigerator service and will be on full-time duty with us after January 1.

Many other famous brands of smaller appliances. All appliances sold by us will be nationally known.

STILL PERIOD
J. D. Thomas, the other day, gave forth with a cryptic statement as to the whereabouts of a non-paying citizen. Said he: "He's still here—and here, still."

READ IT AGAIN
An old and respected friend writes to protest against this column's recent comment on the proposed removal of the Columbian Fuel Corporation office from Prestonsburg. The point at issue appears to be our use of the expression, "shunted aside like an old shoe."

My friend interpreted the statement as being applied to the company in its relation with its employees. Either he read too rapidly or I am guilty of ambiguity. The article mentioned the fact that Unemployment Compensation is protection to workers from being "shunted aside like an old shoe, without pay, when they outlive their usefulness or when no longer needed by their employers."

Columbian was not accused of shunting aside old workers. The allusion was to Prestonsburg and Floyd county being cast aside as something whose usefulness is no more.

Columbian's relations with its employees and the public in general have been very pleasant, which is one reason why we wanted the company to stay with us. Had it been otherwise, we might have said, "Good riddance."

GIFT FROM ABOVE

"Chick" Howard, our Third street neighbor, was unusually thankful, Thanksgiving. He didn't have turkey but a goose came out of the heavens just in time for the occasion. That's right—a wild goose made a three-point landing in his backyard and waddled around just long enough to get captured.
