## Employment Office Helping To Recruit Crewmen for Ships

The Prestonsburg office of the United States Employment Service is co-operating in a campaign to recruit 1700 civilian officers and crew members for the transportation corps of the War Department to serve on vessels in the Philippine Islands area, Glenn S. Anderson, USES manager, announced Monday.

Those recruited will replace regular enlisted personnel and will serve on cargo ships, large tug, tankers and passenger ships, he said. Masters, first officers, chief engineers, first assistant engineers, chief cooks, oilers and radio operators are needed. Base pay ranges from \$1,740 for able-bodied seamen to \$3,480 for chief engineers and masters. There are provisions for overtime as well.

"In addition, those accepted will be given maritime benefits, and sick and annual leave, including sick and annual leave, \$5,000 war risk benefits, free of premium, as well as medical care and hospitalization," the USES manager explained. "They will be given a 12-month contract and they will be furnished transportation from Columbus, Ohio, or Chicago, to New Orleans where they will receive a three-week indoctrination course. Applicants should apply at the USES office."

**The Telephone Service Situation IS IMPROVING**  
We're On Our Way To Serve Those Waiting For Telephones

WITH the receipt of increasing amounts of telephone equipment from our manufacturers, we are making progress in catching up on hold orders for service.

In many places where new additions to outside plant and central offices were not required we are now installing telephones without delay. But in places where additional outside lines and cables are needed or where central office switchboards must be manufactured and installed it will require more time before we can catch up with orders for telephones now on hand.

Building new lines, installing new cables overhead and underground and expanding central office facilities, which, in many instances, calls for new buildings or building additions, is a big undertaking. It's a job that requires a tremendous amount of labor and time to complete.

We are anxious for all who want service to get it. And you may be sure that we are doing all we can to hasten the day when no one will have to wait for telephone service.

**35% more meat wanted!** This means thousands of new jobs!

**Jobs in packing plants!**—As demand for meat zooms!

**Jobs in stores!** More demand means more workers needed.

# Making Postwar Jobs—Out of Meat!

HOW many jobs will there be as this country returns to peacetime production? Will there be enough jobs for veterans, for former war workers?

No one can say, exactly. But this much we know: Many industries along our routes offer amazing possibilities for jobs in the immediate future—thousands of new jobs that have never existed before! These jobs are going to grow out of the gigantic demand for goods and services that exists in this country—and from production that will satisfy that demand.

Consider the meat-packing industry. Meat suffered the greatest shortage and was missed more than any other food during the war. Moreover, meat has become a greater item in our diets—both military and civilian. And new knowledge of the health-giving qualities of meat has made meat more in demand than ever.

Right now, leaders in the meat-packing industry are producing product facilities to take care of a tremendous increase in domestic consumption. They confidently expect a rise in demand of as much as 35%! This will make meat a 4-billion-dollar enterprise, ranking with steel and automobiles in the number of people employed.

It will mean myriads of new jobs on the country's 3,000,000 ranches and farms growing meat, in the 4,000 packing plants, and on the sales staffs serving these plants. It will mean more jobs in the country's 400,000 retail outlets selling meat—and it will mean new jobs in the factories and the service trades that supply or serve people connected with raising, packing and distributing meat!

Meat-packing is only one of many industries along the Chesapeake and Ohio, the Nickel Plate, and the Pere Marquette, that are going ahead with all possible speed, now that Victory has been won.

## Bloodhounds Trail Two After Iynton Home Is Burned

Two Mason county youths were arrested after bloodhounds from Lexington had trailed them from the scene of a house burning in Iynton, near the Floyd-Magothin line to Royallton, a distance of approximately six miles, it was reported here last week by residents of Iynton, this county.

The two were taken to Salersville by Magothin county Sheriff Oliver Patrick but were released by Judge Lacey who cited the court ruling to the effect that evidence based on tracking by bloodhounds is not recognized in Kentucky courts. Investigation of the blaze is being continued, however.

The residence destroyed was that of Mrs. Mazie Hackworth, wife of Marvin Hackworth who is based in China with the U.S. navy, and a sister of Mrs. Levi Prater, of Iynton. Mrs. Hackworth was away from home on the night of the fire and nothing was saved. The loss, none of which was insured, was placed at \$2,000.

A motive for the suspected arson was found in Mrs. Hackworth's threat to have her husband taken after her home had been entered recently by the lock of a trunk forged and \$18 in cash stolen.

### FLOYD CLUB AHEAD OF OTHERS IN ORGANIZATION AND PLANNING

Aims and purposes of the Floyd County Club, organization planned and founded before any other group was organized in the State. However, the club has been the other group gave an indication of its purpose, which was to be a club for the benefit of the community.

1. To recognize that Floyd counties have a charge to keep with our God, if we desire the more abundant life. That God, who is the author of every individual who surrounds his life in time, "that we have dominion over all the earth." Gen. 1:26.

2. To help see that every community has one Daily Vacation Bible School annually, that Floyd county has a county-wide revival each year, using local talent.

3. To boost Floyd county everywhere all the time, to encourage it at home, to assist in the development of the industries, in the utilization of native materials, to help the unemployed.

4. To realize the wealth here being exhausted, though Floyd is one of the richest counties in the State in natural resources, if we realize as we use, we will be blessed, also when poverty strikes, we will be able to help further development resources above and below the ground.

5. To do everything possible towards assisting veterans. To erect monuments in honor of those who have died, that they be publicly remembered at least one day each year.

6. To work with groups and organizations in providing facilities for school lunch rooms. To seek to increase community canneries, health and playground equipment and to encourage their use.

7. To seek increased recreation facilities and playground equipment and to encourage their use.

8. That we seek to have an industrial arts program included in the school curriculum, to provide a wider range of livelihood and greater independence for the unemployed population. That we work for the establishment of a county level technical high school for those who wish to specialize before reaching college.

9. That we co-operate with the County Health Department in an educational program concerning venereal and intestinal parasites, with emphasis on curative measures and improved sanitation. That we assist in a parasite survey since former ones showed almost 70 per cent of the mountain population infested.

**ENTERTAINS**  
**D.A.R. CHAPTER**  
 John Graham Chapter, Daughters of the American Revolution, was entertained at Emma's Tea Room Tuesday evening by Mrs. Joe Hobson. The regent, Mrs. Lida Spradlin, presided. Mrs. Herbert Salisbury read the devotionals which were followed by the ritualistic service. Letters were read from two of the adopted crew of the LCI 587 and the chapter will reply with gifts to be sent them at Christmas. A shower of cards and letters will be sent to Mrs. Jolie D. Harkins, a member who is spending the winter in Miami, Florida. A message from the president general of D.A.R. was read by the regent. Following the business session a salad and dessert course was served by the hostess to the following members: Mesdames Joe Hobson, J. O. Webb, H. B. Patrick, Herbert Salisbury, Everett H. Swartz, E. P. Arnold, G. T. Stephens, Lida D. Spradlin, Winnie F. Johns, Misses Frances Jones and Minerva Friend. Christmas carols were sung before the departure. Santa Claus candles were lighted during the refreshment course, lending a touch of the Yule season. Christmas napkins and a tiny bit of candy holding a red candle were used on the refreshment table.

**ATTEND SHIRINE CEREMONIAL**  
 Among those from here who attended the Shirine ceremonial at Ashland last week-end were Mr. and Mrs. C. H. Smith, Dr. and Mrs. R. M. Skirle, Dr. and Mrs. Marvin Randall, Mr. and Mrs. Franklin Moore, Charles Wedington.

**SHOWER FOR BRIDE-ELECT**  
 Misses Vivian Caudill and Alice Gray Burke were hostesses last Wednesday evening to a personal shower and bridge party couplet, bride-elect, guests assembled at the home of Miss Caudill at 8 o'clock and enjoyed an evening's play of bridge. At the conclusion of play prizes were awarded the guest of honor, who also won second prize. First prize was awarded Mrs. H. D. Fitzpatrick, Jr., and Mrs. W. A. Rose. Traveling prize was presented Miss Ethel Cross. A shower of personal gifts was presented Miss Sturgill prior to the refreshment plates which were served to the following guests: Mesdames Richard Jones, H. D. Fitzpatrick, Jr., Tom G. Dinegar, Jay Shields, W. A. Rose, Leroy Combs, Misses Judith Morgan, Davidson, Ethel Cross, Patty Rimmer, Sarah Clay Stephens, and the honoree, Miss Sturgill.

**MISCELLANEOUS SHOWER**  
 Grade school teachers were co-hostesses Thursday evening at the Auster hotel complimenting Mrs. J. Lee Hall (nee Miss Heister Elizabeth Jarrell), daughter of Mrs. Fannie Jarrell. The long tables held numerous useful gifts and sent by her many friends. At a tiny table covered with a lacecloth and holding silver candelabra with red candles and a center piece of polinetsas sat the bride who opened her gifts, thanking the donors at the opening of the last gift. A music program was conducted by Miss Carolyn Huls and Mrs. Palmer L. Hall who were assisted by group singing of Christmas carols after a dessert course was served.

**GUILD MEETS**  
**ST. FRANCIS SISTERS**  
 The Wesleyan Guild of the Methodist Church met Nov. 21 at the home of Mrs. E. R. Burke on Greenville street, with Mrs. E. R. Burke as hostess. Rev. R. W. Archer, the president, conducted a long business meeting, and Mrs. W. A. Rose, program reader, asked that the program be eliminated for the occasion. Election of officers was held with the Guild voting to keep the Christmas party will be held in the form of a pot-luck supper on Friday, December 14.

The hostess served a salad course to the following members and guests: Mesdames Harry Bantler, Eddie Worland, Charles Welchers, Martin Lee May, Jr., Luther Smith, William Jones, J. Thomas Herford, Joe Spradlin, Chyobonne Stephens, Carl Spradlin, Wendell Spurluck, G. A. Culbertson, Charles Taylor, Frank Wicker, Palmer L. Hall, Oliver Webb, Milton Cyrus, Frank Levine, Mrs. W. A. Rose, Charles Hale, Frances Josephine Davidson, Pauline Herford and guest, Mrs. S. M. Sides.

**DRISSETT-BRIDG**  
**FOR MISS STURGILL**  
 Mrs. Jay Shields entertained to a dress-and-shawl luncheon party Monday evening at the home of her parents, Dr. and Mrs. Marvin Randall, on Broadway. Four tables were in play. Small tables were decorated with Christmas trees. The guests and bride-elect Miss Winifred Sturgill, for whom the party was given, were complimented by Mrs. Sturgill. The hostess served a salad course to the following members and guests: Mesdames James Camella, H. D. Fitzpatrick, Dick Allen, W. A. Rose, Charles Taylor, Tom G. Dinegar, Jay Shields, Vivian Caudill, Patty Rimmer, Judith Morgan, Davidson, Ethel Cross.

**DINNER AT TEA ROOM**  
 Mrs. J. O. Webb entertained to dinner last Wednesday evening at Emma's Tea Room complimenting Freddie Cottrell who recently returned home from Europe. Other guests were Mr. and Mrs. Joe Hobson, Mrs. C. H. Smith, Dr. and Mrs. R. M. Skirle, William May, Mrs. Thomas Herford, David Webb, Billie Webb and William Arnold Spradlin.

**SHOWER FOR MRS. HATTON**  
 Mrs. Dave Stephens, Mrs. J. M. Cyrus and Miss Minerva Friend were co-hostesses at the opening Friday evening when they received guests bringing gifts to Mrs. Beulah Hatton (nee Miss Gloria Friend). The dining room was attractive in festive decorations. The gift reception table covering was of lace. After opening the numerous packages, Mrs. Hatton graciously acknowledged her appreciation to the donors. The hostesses served a dessert course at 10 o'clock to a number of guests.

**Five Floyd Countians Serve on Same Ship**  
 ON THE U.S.S. HOWARD F. CLARK (Delayed) — Five Floyd countians are on this destroyer escort, en route to the United States. They are: E. L. Spurluck, yeoman, third class, Prestonsburg; Ed. Helt, yeoman 1/c, Fritler; B. J. Peters, seaman 1/c, Dock; E. O'Brien, seaman 1/c, Hunter; W. L. Mullins, seaman 1/c, Tran.

The Clark, which participated in the Luzon, Iwo Jima and Okinawa campaigns, had been at Guam since Oct. 27 until she left home via Eniwetok and Pearl Harbor. The ship sustained minor damage in the typhoon of last June.

Pte. James N. Bailey, USMC, son of Mr. and Mrs. J. W. Bailey, and Curtis E. Reed, seaman 1/c, son of Mr. and Mrs. Walter N. Reid, both of Westchester, are serving on the same heavy cruiser, the USS Louisville. Part of the materiel "The Carpet" fleet, which is transporting Pacific veterans to the United States, will be discharged at Louisville, which is shuttling between China, Korea and Japan and the States, carried about 500 high-point veterans on her latest trip. She fought in virtually every campaign from the beginning of the war to the final months in Japan, suffering three suicide plane hits.

W. H. Craft and son, Ray Craft, of Jeffersonville, Ind., were here this week visiting relatives. Ray was recently discharged after army service in the European theatre of war.

Mr. and Mrs. Robert Rankin, of Louisville, are here, guests of Mr. and Mrs. Leo Robinson. Mr. Rankin has just received his army discharge after service in the Pacific war area.

S/Sgt. South Blackburn, 20, son of Mr. and Mrs. William Blackburn, of this city, was in the army 23 months, and for the last 18 months in the southwest Pacific. A veteran of three major campaigns in the Philippines, he is now in Japan with the 44th Infantry. His parents expect him home soon.

**Howard Arrives Home After European Service**  
 Pfc. Ray Howard arrived home Saturday night after three years service. He saw action in France, Germany and Austria with the combat engineers attached to the First and Third groups and was overseas 11 months. He was joined last week by Mrs. Howard at P. Knox where he received his discharge.

**State FHA Is First To Get Charter**  
 The Kentucky Association of Future Homemakers of America, of which the Betty Layne F.H.A. chapter is a member of the first State F.H.A. Association in the United States to qualify for a state charter, according to an announcement made by Miss Mary Bell Vaughan, Frank Howard, state adviser for the Kentucky Association of Future Homemakers of America.

The Betty Layne F.H.A. chapter is one of 81 chapters comprising the Kentucky Association of Future Homemakers of America. These chapters are composed of girls in high school who study vocational home economics. The Future Homemakers parallel the organization of farm boys known as Future Farmers of America.

Mr. and Mrs. W. F. Clark received a telegram that their son, Willie Clark, who is serving in the United States for a few days. He is now on his way back overseas. He expects to be discharged soon.

Seaman 1/c Eugene Hamilton, son of Mrs. Douglas Hays, of McDowell, was a Prestonsburg visitor recently. In the past 32 months he was with the American Theatre of War ribbons in the Philippines. He has a blue ribbon with two bronze stars and the Asiatic-Pacific ribbon with one bronze star. His home is at Hamilton, is now in the Philippines after 32 months' service in the Pacific war theatre.

**LOOK**  
 HOW MANY CALLS  
 KENTUCKY MADE THIS YEAR

As Telephone Tommy points out, Kentuckians did a whole lot of talking from January through November of this year. Fact is, more local and long distance calls were made than in any other similar period in the entire history of the telephone in Kentucky.

We wish you could have seen the rush of these calls through our telephone exchanges. They made the signal lights dance across our switchboards with such speed and sparkle as to turn the lights on Broadway green with envy.

You might have felt that with so many calls being handled, the telephone folks were making money because of the war. The best way for Telephone Tommy to prove the company did not profit by the war is to tell you this starting fact. And that is "telephone earnings in 1945 will be the lowest in the company's history, except for the worst of the depression years."

This is because our expenses—wages, taxes, cost of materials, cost of services—increased at a greater rate than our revenues.

Telephone people, however, were glad to be busy handling Kentucky's calls. They were not concerned primarily with figures. Instead these 3,326 busy Kentuckians were concerned with service—getting your calls through and seeing that lines were kept in order. They knew their job was to serve you well and with a pleasant "thank you."

# What Helps Agriculture Helps All of Us

WHAT is it that helps agriculture? We know that to grow good crops it takes good seed, fertile soil, a favorable climate, and the skill and experience of the individual. Likewise in the production of livestock you need well-bred animals, proper care and feeding, plus intelligent management.

Through better seeds and new types of plants like hybrid corn, through soil conservation methods, better land management, and improved machinery, through more effective control of pests and parasites, America has reached a level of food production never before achieved by any nation in history. Therein lies much of America's strength for the future.

By many a tragic example, history teaches us that when food supplies fail, nations fall. We of America must see to it that our agriculture becomes always a stronger, surer base for the economy of our nation. This is a task not only for you as producers but also for us who, by providing nationwide facilities and services, bridge the gap which separates farmers and ranchers from the distant consumers who must have their products.

And because our business is so closely linked with the land, we at Swift & Company are vitally interested in all developments that help agriculturists. And so in these Swift pages we publish helpful information, knowing that a prosperous agriculture is essential to the livestock and meat industry—and to the prosperity of the nation as a whole.

### OUR LIVESTOCK JUDGING METHODS

Head, Department of Animal Husbandry, Oregon State College  
Domestic animals are machines for converting plant material into meat, fibers, and other human needs. Competition forces the modern farmer to evaluate efficiency in terms of cost or pounds per acre, dairy production in pounds of butterfat per cow per year, and poultry results in number of eggs per year. Thus, since the basic resource is feed and not animals, should livestock producers evaluate breeding stock on the basis of meat or of wool their offspring produces per 100 pounds of feed consumed?  
The show ring standards for judging animals by external appearance have given us advancement up to a certain point, but breeding for show ring does not always lead to efficient feed utilization.  
A step in the right direction is the increasing use of proved sires. Today, through use of artificial insemination, the purebred breeder is greatly assisted in the establishment and increase of efficient blood lines.  
Tomorrow's "vards" will not only be bigger yields per acre but also more pounds of meat and fiber per ton of feed.

### THE EDITOR'S COLUMN

A smart steer on range goes to where the forage is best. A smart livestock producer sells where the market is best. There are many sources of information to help him decide where that best market may be. Radio networks and nearby stations report daily on crops and prices at central and local markets. Commission houses and their field men are ready to give personal advice on the best time and place to sell. Newspapers publish detailed descriptions of market conditions. Various timely reports are available from the U. S. D. A. and other impartial sources on trends and developments in the livestock-and-meat industry.  
In making their bids, livestock buyers also use current market information. Acceptance of any price offered is entirely up to the producer or his sales agent. Meat packing plants and their buyers are located at so many widespread points that if a producer is not satisfied with prices offered by any one buyer, he has a choice of several others to which he may sell his animals.  
Moreover, with 3,500 meat packing plants and 26,000 other concerns and individuals who slaughter livestock commercially, there is bound to be keen competitive bidding for your livestock. Barring meat rationing and price ceilings, livestock prices are governed by what the packer can get for the meat and by-products.

**A MERRY CHRISTMAS and a HAPPY NEW YEAR**

"AMINO" ARE IMPORTANT TO YOU! From the nutritional research laboratories, mysterious substances found in the proteins we eat. Amino acids are used by our bodies to build and rebuild our tissues, organs, and blood. They also help fight off infections.  
Of the 23 known amino acids, ten are absolutely essential to health and even to life itself. Meat is rich in all of them. That's why doctors, working to rebuild the shattered bodies of wounded servicemen, use diets with large amounts of meat. That is also why everybody should eat meat for health as well as for its fine flavor and its "stick-to-the ribs" food value.  
Swift and other meat packers, through The American Meat Institute, are telling this vital story of meat and its health-building amino acids in millions of advertising messages. As people read this story, there will be wider markets for meat—and the livestock you produce.

### MARINA LOGAN'S Recipe for LINCENET

Yield: 4 quarts

1 pound cooked beef shank, check, or neck meat	1 1/2 pounds brown sugar
1 cup meat stock	2 teaspoons salt
3/4 pound suet	2 teaspoons nutmeg
4 pounds apples	2 teaspoons cloves
1 pound currants	2 teaspoons cinnamon
1 pint seeded raisins	6 tablespoons lemon juice

Pare, core, and chop apples. Chop together currants and raisins. Add apples, sugar, cider, and meat stock. Cook about 5 minutes. Grind meat and suet. Add with seasonings to apple mixture. Simmer 1 hour, stirring frequently to prevent burning and lemon juice.  
This mincemeat may be made ahead of time and canned for use throughout the holiday season.

### LIVESTOCK EXPANSION IN SOUTH

By J. B. FRANCONI, JR., Head, Department of Animal Industry, Louisiana State University and A.M. College  
Livestock last year furnished 89 per cent of the cash farm income for the South, as compared to a previous ten-year average of 87 per cent. It can also safely be said that no other section has made livestock gains during the war period equal to those in the South.  
The southern states have many natural advantages for livestock production—the mild climate, long growing season and rich vegetation providing good pasturage for a greater part of the year. And now that the crop control and soil conservation programs are making it possible, many planters are changing over to livestock, beef cattle in particular. Improved pastures are being developed, producing more feed for cattle than can be obtained from natural pastures only. And as the feed situation improves, purebred breeds are being introduced. Louisiana alone has imported at least 24,000 bulls and many good females during the last ten years. The state now boasts over 200 purebred breeders, utilizing to the fullest extent better pastures and approved land management practices. The use of good bulls has raised the quality of the grade of offspring and has increased their value when marketed.

### Lecturer Says China's Fight To Finish May Be World War II Highlight

"Why China did not go down during the war will probably be the most brilliant chapter in the history of World War II when it is written," Josephine A. Brown, author-social worker-lecturer, told her hearers recently in Community Hall, Wheeling, when she appeared under the joint auspices of the Wheelwright Woman's Club, Wheelwright high school and the Inland Steel Corporation. The large group which heard Miss Brown was composed of both Floyd and Pike counties.  
Supplementing her talk, Miss Brown showed Kodachrome slides depicting every walk of life in China. Scanning her discussion to the work of women, she told of the part Chinese women played in winning their war against the Japanese aggressor. How in one year the Women's Industrial Co-Operative of China made three and one-half million blankets for Chinese fighting men.  
Miss Brown during her stay in this country discussed at length the subject of "World Society Lies in Understanding," and appeared at the high school where her topic was "Land of the Chinese people."  
After her lecture to Community Hall, Mrs. Elaine Smith, president, Woman's Club social committee, Mesdames Arthur Bradbury, J. H. Cantrell, Stephen G. Clark and E. H. Conley, entertained members of the Women's Club and the following guests: Mrs. L. W. Wilkerson, Humphrey Oleser, Misses Nora Carpenter and Ruth Harman, all of Pike county; Mrs. Tom James, Prestonsburg, Mr. and Mrs. Wayne Ratliff, Misses Ruby Conley, Anna Mae Osley, Mesdames G. N. Wilkerson and Joe Periano, of Wheelwright, and the guest of honor, Miss Brown.
