This Town-- That World

FLOODED

Even as our friends and neighbors worried about the water while the river here kept up on us all, we of the Floyd County Times were already under water. But definitely. Our roof leaks.

TOUGH

The Circuit Judge Hill was instructing the grand jury Monday morning, T. M. (Slim) Mann, who had come over from the Scott county, for the occasion, whispered: "He's gonna be a pretty tough judge, but he's got a heart of gold justice—and that's what I call pretty tough."

NECROLOGY

Our necrologist for the last nine years, Russell Layne, comes through again, reporting that in 1846 exactly 50 Prestonsburg citizens were killed. The list, as prepared by Mr. Layne, follows:

Henry Blackburn, Otto Stephens, Theodore Collins, John Pennington, Banks Wallen, Fanny Deroyett, Lourney Shapard, Wendell Spivey, Locke, Buster, Gilbert, Jack, James, Harriet, Horn, Hopson, Myrtle Harris, Mary Rose Joseph, John, James, Merl Wilson, Henry Craft, Annis L. Crossland, Willie, Frank Caudill, Mauds Stephens, Clara, Yandross, Rowland, Ben Layne, Fanny Roberts, James Goble, Lee Sammons, Ted Burke, David, John, James Hunt, John Hale, Mary Lou Fannin, Fatsy Jean Holbrook.

WE DAFINNESS GUYS

I have been reading a very interesting book brought to me by Marie Martin, formerly of this office, when I find the army has weaned from newspaper work. The title is "Such Interesting People," and being about newspaper people, it is on the premises that all newspapermen are screwballs.

Barie got a kick out of the book and I am enjoying it a lot, not even denying its principal theme—to wit, Barie and I and thousands of others are screwballs.

Sure, we are, guys who tinker around typewriters and go poking our noses into the business of business or businesses (if any). Why should we be interested in such matters? Why should I, who have a word in public without having successive attacks of vertigo, "right and partial paralysis have the cheek to write about myself and my fellow screwballs, and week out, in the 5,400 papers we print (advertisements) without a bit of shyness, if I am not indeed the greatest of screwballs?

Most newspaper folk earn their deserved screwball title by loose drinking and resultant antics, the ordinary person cannot understand. But a newspaperman can.

Poor Photographer! (If There Had Been One) No 'Shots' To Be Had

The newspaper photographer who might have brought the world a "shot" of Floyd county, the official family being sworn in, with all the formalities of a wedding, Monday morning would have been up the well-known stump.

There were no witnesses; the new officials were scattered all over the courthouse. Some of the officials were not present at all. The bridegroom—they had taken the oath of office several days earlier.

One official, John Chris Cornett, of Hindman, now Commonwealth's Attorney of the Floyd-Scott judicial district, did not appear for either the oath of office or circuit court. Flooded conditions were believed responsible for his absence Monday, but Tuesday morning Circuit Judge E. P. Hill, Jr., called on the bellie Mr. Cornett in his steno word has been received from him.

Anyhow—there's all county and district list of officials:

Circuit Judge—Edward P. Hill, Jr.,

Floodwaters Wreak Heavy Damage

WATER HERE AT HIGHEST SINCE 1929

Business Firms, Homes Throat County Flooded; Transportation Hampered

Floyd county had another huge clean-up job on its hands this week after four hours' rain in unseasonable spring-like weather had sent every stream in the county past its flood stage, leaving roads and bridges, streets and homes flooded and cluttered with mud and debris.

No estimate of the damage had been reached when this was written Wednesday afternoon while there yet remained in low-lying sections of Prestonsburg last of the high water, the highest locally since 1929.

"The flood was on its way Sunday night when a violent thunderstorm broke up the main heavy waters of the preceding day. Monday morning, upstream towns and farms were flooded. Through Tuesday, the rise in the Big Sandy here continued while river-wise residents began evacuating their homes of household belongings.

In Prestonsburg a dozen business firms, flooded, some seriously and possibly a score of residences suffered from backwater. Damage to the hour store here, the Trail Department, will run into several thousands of dollars. It was estimated. Other business places flooded include the Sparks Brothers Bus Garage, the Carter Garage, the Standard Service Station, Esso Service Station, the Dairy Bar, Moore & Boyd's Restaurant, Central Radio Service, Moore's Barber Shop, Bailey's Dispensary, City Market, Boyd's Restaurant and the Prestonsburg Police Station—all within a block of the Court street and Main street. The RMA office and Master Service Station at Friend street and the Trail.

Wayland, for a change, did not suffer as severely as other floods. But Lacey, Garrett, Maytown and Martin on Right Beaver Creek and practically all of the Beaver Creek towns were hard hit. A report received here said water was running over the top of the Beaver Creek gymnasium and the school at Drift. Allen at the confluence of Beaver Creek and the Big Sandy had its heaviest damage in years.

With water three feet in the morning and the Big Sandy was not resumed till Wednesday. Train service was maintained from Allen to Wayland but on the Long Fork (Left Beaver) station Monday extended only to a point between Drift and Gibson stations, the first through run to Weebury not being made till Tuesday. Considerable damage was incurred by the Chesapeake & Ohio Railway Company over a four-mile stretch, a fill being cut off by floodwaters between Drift and Orkney.

WARNING

The Floyd County Health Department Tuesday morning issued the following warning:

"The unusually high water during the past few days has created a very serious problem, due to the flooding of homes and water supplies, both public and private. Typhoid fever, dysentery and other intestinal disorders are the diseases most likely to follow.

"All wells and other water supplies in the flooded areas that are covered by the flood waters should be pumped or otherwise purified, and the wells washed down with a strong chlorination. All wells that were not over-flooded but which have been filled with surface water should be given a heavy charge of chlorine and allowed to stand two or three days before use.

"All water in the flooded areas used for both drinking and in the preparation of food should be boiled before use. All people who are ill, and especially those ill or recuperating from influenza, should be kept away from the water supplies and the wells. All people who have not had the typhoid vaccine during the past year should have their doctor advise them to the health department office and get their immunization at once. A sanitary engineer and an inspector arrived Tuesday night to inspect the water and health department, with its prevention program. The engineer and sanitary inspector will inspect and advise the water supplies and the wells and will conduct typhoid clinics which will be set up at a number of places in Floyd county."

WIFE-SLAYER JAILED HERE

Triplet Confesses Garret Slaying But Denies Premeditation

Shelby Triplett, 33 years old, who was arrested last Thursday afternoon by deputies at the Greenground bus station, Louisville, was returned to jail here Sunday afternoon by Sheriff Troy B. Sturdliff and Deputy Sheriff Harold Cook to face trial in connection with the slaying at Barrett, Dec. 1, of his estranged wife, Mrs. Gertrude Chalm Triplett.

At court here, the accused man confessed to the officers that he shot and killed his wife. "I was sitting in the restaurant with another man," he explained. He denied that he had threatened to kill his wife, five hours before the shooting, as he said I would beat her," he was quoted as saying.

When arrested in Louisville Triplett denied that he shot his wife. Officers quoted him as saying at the time of his arrest that he saw his wife last in Lima, O., three months earlier. He added, according to his report, that he learned of her death through a friend, about two weeks after the murder.

HOWELL WINS LEADERSHIP

Of House Democrats Over J. Y. Brown By 1-Vote Margin

Representative Jerry Howell, of Gearhart, this county, won the Democratic leadership of the Kentucky House of Representatives Monday by a one-vote margin over John Young Brown, Lexington, one-time Congressman and former Speaker of the House.

Representative Howell won the floor leadership in a spirited contest with Brown by a one-vote margin. Howell is a member of the Legislative Council, provided some Democrats felt that party's floor leadership in their traditional pre-session caucus chose Howell as speaker.

The 69 House Democrats in their traditional pre-session caucus chose Howell as speaker. Howell was elected to the Legislature as it convened Tuesday at Frankfort. He is a member of the Republican Party.

JUDGE ASKS ENFORCEMENT WITHOUT FEAR

New Dignity for Court Is Asked by Judge Hill At First Court Session

Law enforcement without fear or favor, a new dignity for the Floyd circuit court and a request that officials and citizens alike work toward improvement of conditions in the county—these were among the aims expressed by Edward P. Hill, 11th judicial district's new Circuit Judge, in his grand jury instructions and his suggestions to petit jurors and practicing attorneys.

At the accompaniment of the Floyd circuit court convened Monday morning for its first 1946 session and Judge Hill's first tenure of the circuit court bench.

To the accompaniment of heavy rainfall after the court house roof, heralding a flood distress keener even than that created by the upsurge of the river, Judge Hill, two-term County Judge of this county, and a son of Ed Hill, Sr., Judge Hill before him, at 9:15 Monday morning took the oath of office.

The oath was administered by Circuit Clerk W. W. Cooley, with Judge Hill himself reading the statute.

HAYS IS MINE BILL AUTHOR

Compensation Act Acceptance To Be Made Compulsory

The Straight Creek Bell county mine tragedy which left 23 widows and 135 orphans desolate as their husbands and fathers died in an explosion, prompted Senator Douglas Hays, of McDowell, last week to prepare and have ready for the state Senate a bill which would require every corporation to accept terms and provisions of the Workmen's Compensation Act.

The bill would amend Sections 271.050 and 271.060 so as to deny compensation to any person refusing or failing to comply with the Workmen's Compensation Act.

Floyd Post Is Host To Officials; Talk Half Construction

Although Prestonsburg was partially inundated Tuesday night, the dinner given at the Auster hotel by Floyd Post, American Legion, for county officials and for discussion of Legion plans for a hall here was attended by approximately 35 persons.

CLAMPS DOWN ON TAVERNS

Judge Davidson's First Order Fixes Roadhouse Hours

First official order of County Judge Al. Davidson, entered Monday morning after his assumption of office, was to shut out roadhouses from the jurisdiction of the Floyd County Times in which he directed the publication.

The complete order appears elsewhere in this edition of the TIMES, and all to remain closed through Sunday.

ONE CAUSE FOR MURDER REMOVED-SCHOOL TRUSTEES ARE APPOINTED

In marked contrast to the days of the school trustee election—back when guns sometimes flamed as high-browed trustees and their neighbors fought it out in a last-ditch fight over the local control of schools—the Floyd County Board of Education began the New Year by quietly naming the Floyd county men and women who will serve during the next four years as sub-district trustees.

The Board, it was explained, was in its appointment to avoid factional differences and in some instances named as many as four trustees to serve over the four years. Where there was no competition for appointment only one trustee was named. Only in District 57, head of Praker Creek, and the scene, several years ago, of a bloody school election battle, and in District 59, head of Mid Creek, were no appointments made.

EX-CONVICT SUSPECTED AS KILLER

Officers Horn, Moore Victims; Law Agencies Join in Investigation

City, county and state authorities today (Thursday) were engaged in an investigation into the murders of two Prestonsburg policemen—Albert (Dave) Horn, 47, and Orbin Moore, 46—whose bodies were found, shortly after 2 o'clock this morning, in an automobile on Garfield avenue, in the vicinity of the bridge connecting Prestonsburg and West Prestonsburg.

Lennie Robinson, an ex-convict, was called before daybreak this morning, accused of the twin murders, but denied his guilt.

Capt. Ford Hall, Pikeville, and Capt. George Blades, Frankfort, both of the State Highway Patrol, quizzed 17-year-old John Shortridge, of Portsmouth, O., formerly of Prestonsburg, who had been in jail this afternoon, seeking to establish the identity of occupants of a second automobile reliably reported to the men parked near the policemen's car when the shooting took place.

Horn and Moore are believed to have met instant death within a few minutes of 1 o'clock Thursday morning. Horn, a veteran member of the police force here, was shot in the head from behind. Moore, a former deputy sheriff and a resident of Melvin, was twice shot—one time down through his shoulder and again over his heart.

Both men had been shot with a .365-mm. automatic of foreign manufacture.

After Tommy Lemaster, a realtor of the neighborhood, saw the shooting took place, had discovered the death car parked in the street, he sought to contact police. Finally reported the chief of Police Ed Lattery at the officer's home. He and the chief of police went to the scene and no items of discovery of the bodies was made.

First clue toward identifying Robinson as having been involved in the shooting came from the bodies of the two policemen had been reported to the Arnold Funeral Home when it was called. Robinson also mentioned the fact that Robinson was a member of the Melvin, Ky. Police Force. He and the chief of police went to the scene and no items of discovery of the bodies was made.

TO THE PUBLIC:

Having failed to get help from the fiscal court toward having the street graded-surfaced from the Mayo Trail at Lancer to my jewelry repair shop at Lancer, and being unable to do the work myself, I am asking for your help. The street is in such condition that it is hard for you folks who are kind enough to patronize me to get to the shop during the winter months and during this season of the year it is impossible for me to get out in my wheel chair. The distance to be traveled is about 225 feet.

As you know, I am no beggar. If I had been so inclined, I would not have undertaken to make a living, working as I do, after suffering a broken back and paralysis below my waist in a mine accident, years ago. But I now need your help; only with your help can I get this street surfaced.

I don't ask a lot. Any amount you care or will give will be spent for this sole purpose, and it will be appreciated.

The Woman's Society of Christian Service of the Methodist Church held Tuesday evening at the home of Mrs. T. J. Chandler. The devotional program was led by Mrs. James George, followed by the business session in which many goals were discussed for the year 1946. Refreshments were served to the members present and two visitors, Miss Elaine Roberts and Mrs. Clyde Blackburn.

Mr. and Mrs. Jack Branham, Jr., are the parents of a fine 8-pound daughter born recently at the Stum Memorial hospital, Lackey. The little one has been named Mary Lee and mother and babe are now at home doing nicely.

We regret to report the illness of the following citizens of the community: Mrs. E. B. Williamson is a patient at the Methodist hospital where she is being treated for a fractured spine suffered as the result of a fall at her home a few days ago; Mrs. Ollie Caldwell, also very ill at the Pikeville hospital where she has been a patient for several days; Mrs. Leatha Steele, recovering from a broken arm received in a fall in her yard last week; Mesdames Ellen Blackburn, who has had an attack of flu, and Kathryn Blackburn, suffering an infected finger, both convalescing at their homes.

The Robcats have been rather unenthusiastic in losing their last two games to Prestonsburg and Wayland but they have high hopes for the future. Patrons are still with them, winning or losing.

Seaman Morris Caldwell, recently discharged from the service, is with his parents, Mr. and Mrs. B. C. Caldwell.

The Woman's Club and the Home Economics Club did a fine job collecting canned foods for overseas relief. More than 800 cans were shipped from here this week.

Little Dottie Hall, daughter of Mr. and Mrs. Lendley Hall, recently suffered a broken arm while playing with friends.

Doc Hall is a patient at the C. & O. hospital in Huntington, W.Va., where he soon will submit to a major operation.

Teachers, students and patrons happily greeted Mrs. Charles Hale Monday upon her return to her school duties here, after her recent marriage to T/Sgt. Arthur Hayward, a former teacher here. Friends extend to them hearty wishes for years of happiness.

Pit Archie Goble is spending several days' furlough with his mother.

Garrett Church, Scene Of Wedding Dec. 23

The Garrett Methodist Church was the scene Dec. 23 at 12 noon of the marriage of Miss Betty Jean Childers, daughter of Mr. and Mrs. Henry Childers, and Cpl. Orville Lawson, son of Mr. and Mrs. H. B. Lawson. The pastor, the Rev. L. E. Wells, was the officiating minister, using the double ring ceremony. The bride, who was given in marriage by her father, wore a teal blue suit with brown accessories. Her corsage was of red roses. Miss Lillian Tutts, of Wayland, was maid of honor. Her corsage was of white roses. Clarence Edward Pettit served as best man. Music for the occasion consisted of piano solos by Betty Lou Roachie. Mrs. C. D. Francis sang "I Love You Truly."

Mrs. Lawson is an employee of the Elk Horn Coal Corporation here. Cpl. Lawson is stationed at Washington, D. C.

A "Look at the Books" OR "A Finger in the Pie"?

Which is the UAW-CIO really after? Is it seeking facts—or new economic power? Does it want to know things—or run things?

These questions concern you as well as General Motors.

For years the facts about General Motors have been made public. In spite of this, the UAW-CIO demands a chance to look at our books, with the hint that we could meet Union demands "if the truth were really known." We have firmly declined to recognize this as a basis for bargaining:

1. The Full Facts are Published
How much General Motors takes in each year—how much it pays employees—how much it pays to stockholders—how much it pays in taxes—how much net profit we make—and many other facts are plainly stated in annual reports and quarterly reports.

2. All Figures are Thoroughly Checked
Every General Motors annual statement is audited by outside auditors. Similar figures are filed with the Securities & Exchange Commission. Does the UAW-CIO honestly believe that General Motors would or could deceive these experts?

3. Basis of Collective Bargaining Is Defined
The Wagner Act lays down the rules for collective bargaining. These cover such areas as rates of pay, hours of work, working conditions. No mention is made of earnings, prices, sales volume, taxes and the like. These are recognized as the problems of management.

4. Something New has been Added
The obvious fact is that the UAW-CIO has gone beyond its rights under the law—and is reaching not for information but for power—not for a look at past figures, but for the power to sit in on forecasting and planning the future.

A "look at the books" is a clever catch-phrase intended as an opening wedge whereby Unions hope to pry their way into the whole field of management. It leads surely to the day when Union bosses, under threat of strike, will demand the right to tell what we can make, when we can make it, where we can make it, and how much we must charge you—all with an eye on what labor can take out of the business, rather than on the value that goes into the product.

5. This Threatens All Business
If the Union can do this in the case of General Motors, it can do it to every business in this land of ours. Is this just imagination? Union spokesmen have said, "The Union has stated time after time that this issue is bigger than just an ordinary wage argument, that it is bigger than the Corporation and bigger than the Union."

For Labor Unions to use the monopolistic power of their vast membership to extend the scope of wage negotiations to include more than wages, hours and working conditions is the first step toward handing the management of business over to the Union bosses. We therefore reject the idea of a "look at the books" not because we have anything to hide but because the idea itself hides a threat to GM, to all business, and to you, the public.

PRESTONBURG WOMAN PERPETUATES 'OLD CHRISTMAS' LEGEND SUNDAY IN SONGS, LEGENDS, OLD CUSTOMS

The legend of "Old Christmas" was perpetuated in song and story and the revivification of old customs Sunday afternoon when Mrs. Edith Fitzpatrick James was hostess, as is her annual custom, to her Old Christmas party.

They were going and when they told her she asked them to wait till she had finished her work and could accompany them. They could not wait and told her to follow later. When the old custom finally started, they were out of sight, and to this day, the legend has it, she has been searching the earth in search of the Child Jesus.

TO THE PEOPLE OF FLOYD COUNTY:

We are entering upon a four-year term of new officers elected by you at the recent November election. You had confidence that we would enforce the law and protect your lives, homes, churches and schools...

Judge Hill, Judge Davidson and myself have conferred and agreed upon the proper procedure to enforce the law. We will co-operate with each other and will need and expect the co-operation of the good citizens of Floyd county.

We have in Floyd county and throughout the nation a crime wave far-reaching and serious. We are having murders, robberies and our boys and girls being destroyed by venereal diseases. This can be, and must be, stopped.

There are certain regulations entered upon the order books of the County Court Clerk's office regulating the operation of roadhouses, beer and whiskey dispensaries. The operating hours of these places are from 6 a.m. to 8 p.m. It is a violation to sell beer or whiskey on Sunday, or to sell beer or whiskey to a habitual drunkard and various other violations.

These laws are going to be strictly enforced and all persons who violate them will be brought before the court and dealt with according to law. It is my opinion that practically all the crime originated from these places that abuse and violate these laws.

Hale-Haywood Woods Said December 30th

Marriage of Miss Carlos Maureen Hale, daughter of Mr. and Mrs. C. H. Hale, West Prestonsburg, and Mr. Arthur W. Haywood, son of Mr. and Mrs. John Haywood, Wayland, was solemnized in a quiet ceremony at 3:30 o'clock Sunday afternoon, December 30, at the home of the bride.

The wedding vows were exchanged before an improvised altar of white carnations and white tapers in the presence of the family with the Rev. W. B. Garriott, of the Methodist Church, officiating.

The bride wore a softly tailored suit of moss green, with a blouse of peach crepe and black accessories and a shoulder corsage of tallman roses.

Mrs. Harry Ranier, sister of the bride, was matron of honor and wore a dress of black crepe. Her carriage was of red roses. Mr. Sherrill Haywood, of Wayland, brother of the groom, served as best man.

Mother of the bride wore a black crepe dress with a corsage of pink sweetheart roses and sweet peas. The groom's mother's dress was navy blue. Her flowers were pink roses also.

Proceeding the ceremony, Mrs. Chalmers Frazer, pianist for the wedding, played "Liebestraum" - Vocal solo, "I Love You Truly" and "Because," were sung by Mrs. Palmer L. Hall.

PROFITABLE FARMING Electrically FARMING is recognized today as a key industry, or business. Its success or failure in a season determines the fate of countless other national factors.

BOOSTS FARM INCOME FROM MILK Keep milk cool electrically. Get higher prices for low bacteria count. Give your cows plenty of water.

RUNNING WATER MEANS PROFIT An electric water system will not only pay for itself in labor costs in six to twelve months, but automatically increases milk and egg production from 10 to 25%.

INCREASE HAY VALUES \$5 TO \$10 A TON Electric mow cured hay contains more protein and more carotene than the field dried hay and brings higher price per ton.

MORE EGGS, BIGGER BIRDS, MORE MONEY For strong healthy chicks with lower mortality and less wast and expense, Electricity has all the answers.

Mrs. Sydney Dinger is very ill in the Beaver Valley hospital. Others to be confined to the hospital include Miss Alafair Flannery and Miss Cynthia Allen.

Miss Martha Caudill spent Christmas with her parents, Mr. and Mrs. C. C. Caudill, here. She has been employed in Louisville for some time.

Former Garrett Net Star Wins Acclaim In Indian Tourney

Four years a forward with the crack Garrett high school basketball team, Charles "Greasy" Hughes, recently led the Rebuilders of the Eastern India air depot to victory in a 16-team tournament held in Monsoon Garden, Calcutta, India, and was heralded as "the little man with the greatest stamina and skill ever to set foot on the Monsoon Garden floor."

His team won the tournament finals, 58 to 38. Commenting on the tournament, THE INDIA INK, Eastern India air depot command newspaper, said of Hughes, among other things "equally complimentary": "a small, scrappy, tough little fellow, standing up and applauding; letting him know he had been the most popular player in the tournament."

Now barely past 21, Hughes has a college basketball career ahead of him, once he receives his army discharge. For, says a reliable report, he has been offered scholarships by both the University of Texas and Mississippi State.

Miss Martin, Mr. Hall Wed in Lexington

Announcement is made of the marriage of Miss Neuma Martin, daughter of Mr. and Mrs. H. D. Martin, of Drift, and Mr. Willie F. Hall, son of Mr. and Mrs. Duran Hall, of Martin, in Lexington, Dec. 22, with Dr. J. Archer Gray officiating.

The bride wore an aqua crepe dress with black accessories and a shoulder bouquet of orchids. The only attendants were Capt and Mrs. Jeff S. Durr.

The bride is a graduate of Martin high school and Mayo Vocational School, Falmouth, and for the past two years has been employed in Lexington as a beautician. The groom, a veteran of the Pacific theatre of war and former teacher in the Floyd county schools, is a graduate of McDowell high school, attended Canyon Junior College, the University of Kentucky, and is now attending Spencian Commercial School in Louisville.

After an extended visit with relatives, the couple will make their home in Louisville.

NOTICE

The Board of Trustees, town of Martin, Ky., will on and after this date meet at 10 a.m. on the first Monday of each month in the office adjacent the home of Mrs. Myrtle H. Dinger, Town Clerk, on Main street, Martin, Ky.

They Live—If You Remember

Few things are more precious than the memory of loved ones who have gone. Grace and dignity should be the keynote of the final rite. To neglect this means years of bitter memories and regrets.

Re-Opening

Friends and policyholders of the Bankers Life Co., I wish for you and your loved ones a New Year filled with success beyond your expectations.

May we all live in peace hereafter, and never have to suffer the suspense, loneliness and heartaches of another separation from our homes and loved ones.

To those of you who had battle losses and casualties in this world conflict, I extend my heartfelt sympathy. But let us, the living, strive to keep the freedom and peace for which they so gallantly fought.

TO THE CITIZENS OF FLOYD COUNTY:

Immediately upon assuming the important duties of the office of County Judge, I enter my first official report, reading as follows:

"It appearing to the court that so-called roadhouses, when unregulated and unrestricted in their operation, are breeding places for crime, lawlessness and destructive to our youth and the morals of our citizenry, are unnecessary and generally detrimental to the public welfare:

"It is, therefore, ordered by the County Court of Floyd county, Ky., that the hours during which roadhouses and like places of amusement may operate are hereby fixed as follows:

"From 6 a.m. to 8 o'clock p.m. on week days and they shall not be opened or operated on Sundays.

"This order shall be published in the Floyd County Times and shall be in effect on and after January 11, 1946.

"It is merely a necessary step in the suppression of crime which has become increasingly and distressingly rampant in Floyd county, during my tenure of office, shall be to enforce the law and bend every effort to help make and keep our county a decent and respectable place in which to live and raise our families. To achieve these results will require the wholehearted and active support of the good citizens and other law-enforcement officers of the county. Many of the former and all of the latter have pledged me their support.

"I have no grievance against any roadside operator, or other person, as I see it and to do what I believe the good citizens of this county expect from me.

"Floyd county is wet, all counties adjacent thereto, or in this entire section of Eastern Kentucky, are one (like) are dry. The practical effect is to bring within our borders numerous outsiders looking for liquor and entertainment. These outsiders help make bad matters worse.

"You know, as well as I, that many of the persons who congregate at such places do so for the purpose of drinking, dancing and engaging in illicit conduct, and as a result which they and others with whom they come in contact are demoralized; earnings are thereby wasted and squandered; dependent families are often made to suffer; the taxpayers are burdened with heavy expenses of law enforcement; jails are filled and overflowing; diseases are spread and the seeds of lawlessness sown in the minds of our youth.

"With these things in mind, let us get our heads and hearts together and make Floyd county what she can and ought to be—the best county in Kentucky."

County Judge, Floyd County, Ky.

The Mailed Fist of MARS has Ceased Pounding

Temporarily at least, human flesh and nerves and the human spirit have gained succor from the ceaseless hammering of Mars the war lord. Restful peace has settled once again on the world.

Now, it is the duty of us all to see the aims of this nation carried forward to gain a lasting peace . . . to make our country prosperous . . . to render the entire world a fit place for civilized men and women and their children . . .

Sound investments, economy, support of the nation which among all others is great—these are our bits of advice to our friends and customers.

CARD OF THANKS

We take this means of expressing our gratitude to all who assisted us in any way during the illness and upon the death of our beloved father, Alex Kidd, and to those who offered condolence upon his passing. We especially thank the ministers, the Revs. Isaac Stratton and Bert Conn, for their comforting words.—The Family.

TIRE RATIONING ENDS

No more certificate! Once again every one is eligible to buy, and soon you'll be able to drive in and get immediate delivery on new tires for your car.

PRODUCTION OUTLOOK AT A GLANCE

See manufacturers have been unable to fill the great need for new passenger car tires. In case we do not have the right size tire for your car, we should be able to get it soon. Come in for full information.

HERE'S WHY you'll want the B.F. Goodrich Silvertown OUTWEARS PREWAR TIRES!

It has been proved. More than 2,000 cars and nearly 17,000,000 miles of the toughest kind of road service showed that this new B.F. Goodrich Silvertown will Outwear Prewar natural rubber tires.

New, better rubber. B.F. Goodrich has developed a rubber that's far better than ordinary synthetic. It built the new Silvertown wear better and run cooler. It has greater resistance to cracking and actually stands stronger and damage from accidents better.

Tire body 35% stronger. An entirely new, stronger cord is used. More of these cords are used in the top ply, an extra shock-absorbing breaker strip is included. The result: a body that is 35% stronger for additional resistance to bruises, extra blowout protection.

Flatter tread covers more ground. Called the "road level" tread, it puts more rubber on the road, permits all the tread to share the wear. Results: a further increase in mileage, less scuffing, better distribution of weight, better traction, more safety on the turns.

Plus 3 years' EXTRA experience. Three years before any other manufacturer, B.F. Goodrich sold tires containing synthetic rubber to American car owners. The extra know-how piled up in these years is reflected in the new B.F. Goodrich Silvertown.

But who of us isn't screwy? Why heap all the honors on us slaves of the typewriter and pressroom? Cast your eyes around (as they used to, in the old dime novels) and watch other folks. Some will boast about their own personal achievements for hours or will describe in minute detail the antics of their first-born or their latest born. And expect you to be interested. Others will assume the role of walking ironist, cure and spout off, an hour or so, at the slightest provocation and earliest opportunity where there is an audience of two or more gathered together—and all the while imagine themselves saving the nation and instructing, not to be sure entertaining, the ignorant public.

POLIO FIGHT DRIVE NEXT

Starts Jan. 14th; Mrs. Clark Again Leader of Drive

The annual March of Dimes, to raise funds for the fight on infantile paralysis in the state and nation, will be held from Jan. 14 to 31. Mrs. Stephen W. Clark, of Wheelwright, will again direct the drive in Floyd County.

The Kentucky Chapter of the National Foundation for Infantile Paralysis, which conducts the March of Dimes, was compelled to spend \$200,000 to care for victims of the epidemic in 1944, the worst in the state's history. This money was spent for hospital bills, courses, physical therapists and other necessities, including the operation of an out-patient clinic, where victims receive treatments after discharge from hospital.
