THIS 'N' THAT

By NOBLE HOBBS

We see in the paper that much speculation is rife throughout the country as to what is causing the present wave of strikes.

You don't have to leave your old home town to find the answer. Take a stroll down the street to your favorite haberdasher and try to buy a shirt. If you can find one, you will pay about three times as much as you did before the war. Visit your butcher or any other of the numerous people it is necessary to patronize in the American way of life and in most instances you will find the same thing is true.

And if, perchance, you buy a piece of property to build a home—well, just don't mention it; it can't be done.

Indeed, there must be a lot of people who think the man who produces all these things and at the same time is the backbone of the buying power of this nation is a very dumb cluck. Labor is organized to a very high degree and we certainly do not propose to see the shirts we wear, the food we eat and the few simple pleasures we enjoy inflated unless, as a crack, wages receive a little of this thing you call inflation also.

"HIKE JULE"

Below is an extract from a letter from Prof. Thomas D. Clark, of the University of Kentucky:

"Dear Mr. Osborn:
"I found it to be a very fascinating story indeed; I am very proud to have this book in my collection of Kentuckiana.
"I am, with every good wish,
"Cordially yours,
"T. D. CLARK."

The above is about HIKE JULE, a book written about Eastern Kentucky before there were any railroads or highways here, a book full of backwoods philosophy and humor. Many people say that it is an American Don Quixote.

We have just secured a new supply of these books and will send you a copy for \$2.00. You can send your order on a postal card and we will send the book, C.O.D., postpaid.

If you want a copy of this book, you had better send it once, as there will be no more after this edition is exhausted.

YOUR RIGHT

The brewing industry fully recognizes your right to demand that beer be retailed in wholesome surroundings and in strict accordance with the law.

Through its Self-Regulation program, the United Brewers Foundation has lifted the standards of licensed beer-retailing to the highest level ever attained, has won for the industry the respect of a far-sighted public and has gained the wholehearted support of law-enforcement agencies.

Today the vast majority of licensed beer retailers in Kentucky are men of integrity who are determined that their good reputation shall not be jeopardized. Any irregularities that may occur are promptly corrected.

Self-Regulation Works!

The seven other games scheduled are: Jenkins here April 19, Russell here April 26, Jenkins here April 27, Auxier here April 30, Paintsville here May 3, Paintsville here May 10, Russell there May 11.
