# WHEN FLOYD COUNTY VOTES DRY MONDAY, SEPTEMBER 30 Don't Forget That 1 PINT of BOOTLEG LIQUOR

90 COUNTIES DRY  
Let's Make Floyd County  
the 91st Dry County!

## DO WE REMEMBER PROHIBITION?

The DRYs sure. Yessuh! We could eat in any restaurant and not be sickened by smelly drunks. We saw no liquor in grocery stores—hot dog stands or drug stores. No crime breeding open saloons debauched the community. No window displays—no enticing liquor signs cluttered the highways to attract and tempt our youth. No liquor propaganda forced its way into our homes through alluring pictures and outrageous statements in the magazines and newspapers. No brilliantly colored lights coaxed us into drink. No silly blatant beer radio programs invaded our streets. Drunks seldom seen. No beer trucks crowded us off the road. YES WE SURE remember prohibition and we WANT IT BACK. The quicker, the better.

## Saloons Don't Like PROHIBITION

The LIQUOR boys get liquor jitters every time they fear an outraged public is going to put their disgraceful business out. It causes them to SEE things and utter strange sounds. They trot out that stale chestnut about "Prohibition Doesn't Prohibit." If that is so, then WHY is the liquor outfit spending \$100,000,000 a year ADVERTISING LIQUOR? You can rest assured that if they sell MORE liquor under prohibition without advertising of any kind THAT'S WHAT THEY WOULD WANT. No advertising back in prohibition days—no highway signs—no thousands of bottles on shelves and in windows in plain sight—no beer trucks piled 10 feet high—no distilleries, some making as high as 5,000 barrels daily. ALL THIS and you let that degenerate business get away with that bunk about prohibition? POOPY!

## HOW MUCH TAX

Do We Stand to Lose When Floyd County Votes Dry?

The only state revenue we stand to lose amounts to less than 2 Cents per person. The local license fees have never paid for the drunks the saloons make.

Floyd County will save thousands of dollars when DRY.

**IT'S HARD TO BELIEVE**

THAT THE PUBLIC WILL LONG IGNORE THIS—

AMERICAN BUSINESS MEN'S RESEARCH FOUNDATION - CHICAGO No. 1037

**Will Cause More Gossip In A Dry County Than A 5-Ton Truck Loaded With Legal Booze In A Wet County With Open Saloons**

## Wet Counties Are Lousy With Bootleggers

You know the BOOTLEGGER. He is the one who sells liquor and beer in violation of the law.

The dealer who SELLS on SUNDAY is a BOOTLEGGER.

The dealer who SELLS to YOUTH under eighteen is a BOOTLEGGER.

The dealer who SELLS to an intoxicated man is a LEGGER.

The dealer who SELLS illicit liquor is a BOOTLEGGER.

The dealer who maintains a slot machine on his premises is a BOOTLEGGER.

You have heard of the Traditional BOOTLEGGER, the old LOOSE OVERCOAT or the baggy shirt that would hold a half dozen pints. In a wet county he hides behind the smoke screen of the saloons and is safe. In a dry

county he stands out like a sore thumb and can be caught.

The next time one of these shiny five-ton trucks, filled eight feet high with booze, crowds you off the highway or blocks Main street, take a pencil and paper and figure how many overcoats or hickory shirts it would take to lug that five tons of booze around.

THE NEXT TIME YOU PASS A WHISKEY Store shout the bottles on the shelves. You'll find around three to eight thousand. There are 30 Whiskey Stores in Floyd county. At only 5,000 bottles to a store, 150,000 bottles are constantly on display with Neon Signs inviting you in. Figure for yourself—HOW MANY BOOTLEGGERS, after this county goes dry will it take to handle those 150,000 bottles? At ten bottles to a BOOTLEGGER—it would take 15,000 BOOTLEGGERS, sneaking in the hollows and in back alleys. Silly, isn't it?

## When A Wet County Is Crowded With Open Saloons

LEGAL LIQUOR IS ALWAYS IN SIGHT: on trucks piled ten feet high; in open saloons under flashing neon signs; temptingly displayed in windows; attractively arranged on shelves in whiskey, grocery and drug stores and available in restaurants; hot dog stands, candy kitchens and roadhouses WITH MUSIC, food and dancing. Everywhere in wet territory, liquor tempts and snares the innocent.

WITH SO-CALLED "REGULATED" LIQUOR murder, theft, prostitution and lawlessness may be rampant. Bootleggers and "shiners" hidden ALL OVER THE PLACE behind open saloons may literally run wild. WE HEAR VERY LITTLE COMPLAINT.

BUT MY, OH MY!

WHEN A FEW BOOTLEGGERS IN DRY territory, hiding their wares in deep hollows, in dark alleys, or deserted shacks, peddle a

PINT of liquor COMPARED to ten gallons sold openly and everywhere in wet territory. JUST listen to the RIGHTEOUS HOWLS of THE PEOPLE.

FEW OUTSIDE of old DRUNKS, "Tin Horn Sports," "Slick Haired Jelly Beans" and "Pistol-Packin' Mamas" KNOW where liquor may be found in dry territory.

AND YET: Some people let the liquor boys put over this phony scare argument that more liquor is sold in dry territory. SILLY, ISN'T IT?

## WHAT LAWS DO WE ENFORCE?

DON'T FORGET—any law that could make men good and STOP ALL LIQUOR IN DRY TERRITORY would also stop all stealing and murder. We haven't yet found such a law. LET'S BE FAIR!

## 315 Registered Bootleggers In One Wet Kentucky County

In wet Campbell county there are 282 licensed saloons and 333 registered bootleggers, according to the 1942 Federal license figures. MORE REGISTERED BOOTLEGGERS IN THIS ONE WET COUNTY than in 50 dry counties combined. In the wet counties of Kentucky there are over 4,000 licensed saloons and 2,225 Federal licensed bootleggers. This county has BOTH the licensed saloon and the Federal licensed bootlegger. If the wet counties of the state aren't a gold mine for the bootleggers, then what are they?

## BOOTLEGGERS

And Moonshiners Thrive Best in Wet Counties, Behind the Smoke Screen of Saloons

## HERE'S THE PROOF

### BIG MOONSHINE STILL SEIZED

LEXINGTON, KY., March 11—An equipment and ingredients for mass production of moonshine whiskey were seized today near Frankfort—in the heart of the Kentucky bourbon country and only a short distance from the state capital.

Federal Alcohol Tax Unit investigators, aided by state patrolmen, confiscated 2,500 pounds of war-stored sugar, 900 pounds of bran and 150 gallons of fuel oil in a four-room frame building just over the hill from the Capitol.

Four men were arrested in connection with the operation of the still after officers had watched from a hideout as they loaded 175 gallons of moonshine into a discarded army truck which still bore army stars and numbers and was painted olive drab.

E. M. Statton, Lexington, a United States Revenue agent, said the still had a capacity of 2,000 gallons. "One of the most complete ones I've seen in this part of the country. It was a regular distillery—except for the license."

Statton said the liquor was being taken to Nelson county and from there to Louisville for sale. He said he had reason to believe the sugar was bought in Louisville.

NOTE—The three counties mentioned are the wettest in the state.

## PIONEER HEALTH NURSE SPEAKS . . .

Figures in dollars and cents are not in my line, but "Human Values" are. This is why by the help of God that I am out with every ounce of energy I possess to see the sale of liquor become illegal in Floyd county, or abolished from our county.

For the past twenty years I have been interested in Public Health and Welfare, although only receiving a salary two years (1927 to 1929), in this county. During these years I have watched some of our finest men, both young and old, and a few women either diseased, crippled or completely mowed down by the use of liquor.

How could I sit idly by and see this coming generation of fine, intelligent boys and girls, whose mothers I helped guide in their welfare, probably be like victims? What price would you exchange for their well-being, parents or loved ones, I ask you? They may not see the handwriting on the wall as we are, they may not be old enough to vote, but we are! Are we going to spend a lifetime in carefully rearing them and then allow a stumbling block to their well-being remain in their midst? Thing this over and then remember Paul of Scripture (Romans 14:12), "Every one of us shall give account of himself to God," (verse 13) let us not therefore judge one another any more; but JUDGE THIS RATHER, "THAT NO MAN PUT A STUMBLING BLOCK OR AN OCCASION TO FALL IN HIS BROTHER'S WAY."

I find that the rules of health and welfare are merely the plan of God for His people interpreted through the intelligence of man. When rightfully used, according to the example left us by Christ, we are heirs of the ABUNDANT LIFE HE PROMISED US, and JOINT HEIRS OF HEAVEN. For their sakes, VOTE YES, Sept. 30.

## Society Notes

**SHOWER FOR BRIDE-ELECT**  
One of the prettiest showers of the season was that given Saturday evening at 7 o'clock by Mrs. O. T. Stephens and Miss Sarah Clay Stephens at their home on Garfield avenue, complimenting Miss Dorothy Sue Allen. The bride-elect's table was lovely with an embroidered cloth and a centerpiece of gladioli with an ensemble of silver candlesticks and white candles. At each place card was placed a corsage as a favor. Following dinner served by the hostesses, personal gifts were presented to Miss Allen who graciously accepted them. Dinner guests were Misses Allen, Mrs. Edward L. Allen, Mrs. J. C. Spradlin, Mrs. Buddy Hutton, Misses Alice Gray Burke, Eloise Williams, Gladys Cross, Jane H. Clarke, Vivian Caudill, Marian Salisbury, Polly Allen, Christine Salisbury, Judith Hutton, Mrs. Winston Burke, Mrs. Paul Combs, Mrs. Wm. O. Allen.

**"COME AS YOU ARE" PARTY**  
Misses Jane Clarke and Alice Gray Burke were hostesses at breakfast Sunday morning at the home of Miss Clarke on Second avenue, complimenting Miss Dorothy Sue Allen whose approaching marriage to Mr. Eldon Belward will take place at a home wedding on Sept. 30. The party was unique in the fact that guests were invited to come as they were, and no effort was made to arrange their toilet. Prizes were given to the best- and worst-dressed. Miss Sarah Clay Stephens won the prize for best dressed. Mrs. Geo. Combs, for worst. Guests enjoyed the breakfast. Misses Dorothy Sue Allen, Ethel Cross, Eloise Williams, Sarah Clay Stephens, Vivian Caudill, Joy Sturgill, Judith Davidson, Marian Salisbury, Mesdames Edward L. Allen, J. C. Spradlin, Buddy Hutton, Gene Combs, Richard Webb, III, Paul C. Combs, Winston Burke.

**DISTRICT MEETING**  
Paintsville Chapter, Daughters of the American Revolution, was hostess to the sixth district May Memorial Church Sept. 17 with an attendance of 102 members and guests. Chapters of the district were represented by delegates from Pope, Lodi, Paintsville, John Graham, Picoville, Breathitt county, Kentucky Park. State officers and state chairman gave reports at the morning session, with a round-table discussion of regents at the afternoon session. Mrs. Hugh L. Russell, state regent broadcast at 11 o'clock an interesting talk on "The Constitution." Mrs. Wm. Preston Drake, state vice-regent, presided at the meeting, assisted by Mrs. Thomas Burchett, district chairman. Members attending the conference from John Graham Chapter were Mesdames M. J. Lette, C. P. Stephens, Mrs. Tom James, Winnie F. Johns, Grace D. Ford, Osa F. Ligon, E. P. Arnold, C. L. Hutspinnler, Everett Sowards, W. B. Garrett, Joe A. Spradlin, Lida Spradlin.

**"AUNT CADE" WAS 90 YEARS OLD SUNDAY**  
Mrs. Caroline Harris, who is affectionately known as "Aunt Cade" and who has the distinction of being Prestonsburg's oldest woman, celebrated her 90th birthday yesterday (Sunday). Friends and relatives called, bringing her gifts and bouquets of flowers. She was indisposed with a cold but enjoyed the day to the fullest extent. Her many friends wished her many happy returns of the day.

**ATTEND OPENING OF ROAD**  
Mayor E. P. Arnold, Mrs. Arnold, Mrs. Mary D. Allen, Mrs. Lida D. Spradlin and James Andrew May attended the ceremonies at Lowmansville, Saturday, when Governor Chas. W. Walls and Mrs. Walls, with other distinguished guests from over the state formally opened the Mayo Trail, the connecting link from Detroit, Mich. to Miami, Fla.

**Coincidental Proof**  
**S**OME DAY that an editorial was published in THE TIMES reminding the Prestonsburg City Council of its duty to investigate the merits of a city bus line, THE PIKE COUNTY NEWS published an advertisement for the Pikeville City Bus Line in which its full schedule was given.  
 That schedule discloses that the line makes regular runs as far downtown as Harlow in this county.  
 Which is proof that city lines may extend their service outside corporate limits. Which, in turn, is proof that a line of this sort could be developed into a thing of great service to several thousands of Floyd county residents.

**'First Comes Talk . . .'**  
**T**OM PAINE said liberally paraphrased as a result of a fickle memory: "First comes talk, and then action." That being true, Floyd county should rid itself of the cynical habit of dismissing every plan proposed by a public group or committee as just so much more talk or the cross-stuff of dreamers never to become the warp and woof of reality.  
 Just now, John Graham, Chapter, Boarder of the American Revolution, is planning a memorial to all the Floyd county dead of both World Wars.

This memorial, now in the talking stage, is, however, more than a dream. Other communities all over the land are doing this sort of thing and Floyd county can reasonably be expected to do as much as a permanent tribute to those who gave for eternity.  
 The DAR plan is a roadside park, with trees to be planted in orderly array therein and each dedicated to those war

dead by a marker fashioned so that it may serve as a receptacle for flowers. A driveway from the main highway through the park to the cannon stage is envisioned; the latter to accommodate memorial services and other gatherings of public interest.  
 First comes talk, and then action. This talk of a memorial may be of the perfect memorial but it looks to be a living thing of beauty. It deserves serious consideration.  
 Spare it, please, cynical scoffing. Lend it your support instead.

**What Are We Going To Do?**  
**I**t is a fairly safe bet that no less than ninety percent of the readers of this newspaper firmly believe that airplanes are good for nothing except for young fools to get their necks broken in and that the deranged contraptions have no place in our individual lives.  
 This is the normal reaction of earth-bound oldsters and we of this section, far from the sea and less acquainted with flying than residents of many sections of the country, are probably the most exasperated of all. For years ago, folks were saying the same things about "them demed horseless carriages" for which their children today are running circles around themselves to buy at any price.  
 And we have speeded up from the day of the horse-and-buggy and we are about to speed up from the day of the automobile—whether we like it or not. "Way back when, it was the die-hard who swore by his horse and swore at everything horseless. He it was who ate dust.  
 And now we are in much the same predicament. Yes, believe it or not, the airplane has come to stay. If we don't soon agree on that fact, and take steps accordingly, all will join in a chorus of lamentations, a few years from now.  
 Prestonsburg and Floyd county have, to this good day, done nothing towards taking advantage of federal aid in preparing an adequate airfield for the air traffic that, one day, will be coming this way. Some of our neighbors are up and about, getting in on the ground floor, getting help in building for the future.  
 What are we going to do?—wait till there is no federal aid in sight, then suddenly wake up and decide we must get out of the rut and build our own airport?

**ANSWERING WETS' PAGE IN THE TIMES, SEPTEMBER 12th**  
 By MRS. EDGAR E. MAY  
 Publicity Chairman  
 The point in regard to an answer is that about prohibition and jakeism came from drinking jamoke, made of molasses, malted barley and zinc poisoning.  
 Answer: Read top page 1, LABOR, newspaper, Washington, August 17 issue where the Treasury Dept., O.P.A. officials and Bureau of Internal Revenue all confirm reports that most of the whiskey on the market today is "rotgut," not fit to drink. Senator Murdock (Ohio) calls it "itch water." This article says the consumer gets 99 to 100 per cent neutral spirits (which must under law contain at least 5 per cent straight whiskey) blended with faucet water and coloring matter. Blended whiskey must have 39 per cent straight whiskey in it. Impurity in whiskey is also on the market.  
 Quoting one paragraph from this article in LABOR: "This article is not designed to encourage people to drink whiskey. Its object is to show that the people are being deceived by the American people, and how public officials stand by, with their hands in their pockets, while the thing is done." End of quote.  
 And the wets would like to protect us from the bootleggers and the stop. Why not put out straight goods themselves first?  
**CHECK UP AGAIN**  
 While the law gives the County Court Clerk authority to deputize persons to register people to vote during periods books are open, this must be done in public places, as in this case. The wets have called PROOF that they registered many particularly on Left Beaver, during this period, and NOT in public places as at all. Check has been made carefully and guilty parties, including the County Clerk, are being exposed. BEWARE DO NOT attempt to vote unless you registered properly in law. Privately owned establishments cannot serve for this. We did it then.  
**GIVE CREDIT WHERE DUE**  
 Thanks to those who write or call in to compliment the whole or part of material in THE TIMES or the DRYS weekly, but the credit goes to Mr. Walter J. Hodul, state superintendent of the Anti-Saloon League and the only paid worker connected with the Floyd county campaign. More power to him. He is putting Kentucky, home of distilleries, dry faster than ever.

**NO PARTY MAN**  
 Three-year-old Wayne Damon Dingus, son of Mrs. Myrtle H. Dingus and the late Wayne D. Dingus, of Martin, may be a playboy but not in the generally accepted meaning of the term.  
 Recently, when his mother honored him with a party on his birthday the very first of many gifts opened was a very pretty sand bucket, with a bright red shovel as an accessory and this broke down his resistance. Off to the sandpits he raced, leaving the party in the distant background. Coaxing by his little playmates effected his return to see what all these other packages contained, but when they were opened he was off again for the delectable sandpits.  
 Otherwise, the party was a complete success. Approximately 50 little guests joined him in the enjoyment of the occasion.

**Announce Marriage Of Their Daughter**  
 Mr. and Mrs. H. F. Terry, of Garrett, announce the marriage of their daughter, Joy Lee, to S/Sgt. Edward E. Derington, son of Mr. and Mrs. Stanley E. Derington, 712 S. Keystone avenue, Indianapolis, Ind. The simple but beautiful double-ring ceremony was solemnized at Wayland on September 7 by the Rev. R. P. Crumpler.  
 The bride wore a powder blue dress with pearls trimmings and white accessories, with a corsage of pink rosebuds.  
 Attendants were the parents of the bride, and Mr. Russell Rice, best man.  
 The bride and groom will leave soon for Indianapolis to spend the remaining part of the groom's leave. S/Sgt. Derington returns to Ft. Bragg, N. C., in October, where the bride will join him shortly thereafter.

**Cave Will Hold 500,000 In Future A-Bomb War**  
 Mammoth Cave, Ky., Sept. 18.—Old-timers in this area estimated today that Mammoth Cave could accommodate 500,000 persons for at least a year if the cavern is needed as a protection in any future war involving atomic bombs.  
 Federal authorities have been reported in recent months to be investigating the possibilities of using this and similar caverns as a protection against atomic warfare by any future military enemy.  
 The top level of the cave is considered too shallow for such protection. The second level, about 240 feet underground, is considered deep enough but three still lower levels are considered too damp for human habitation.  
 "The second level could hold a lot of people or a lot of anything," said Leg Hank, veteran guide at the cave.  
 Park Superintendent R. Taylor Hoskins would not confirm a report that federal authorities already have made preliminary surveys to determine the possibility of war-time use of the cave.  
 "It is entirely a policy matter," Hoskins said, "and I am not authorized to comment on it."

**Are Returning Veterans "Different"?**  
 During the war you heard a lot about how hard it was going to be for returning veterans to get adjusted to civilian life . . . how they'd be "different."  
 Well, plenty of them have returned to our town, and a finer, sturdier bunch you couldn't ask for. Most of them are back at the same jobs . . . going with the same nice home-town girls (getting married, some of them, and setting up families) . . . renewing the same old friendships.  
 Even their attitudes are the same. Nothing more exciting than fishing Seyward's creek or picking outdoor barbecue with friendly wholesome beer and pleasant talk. If they've changed at all it's in the direction of maturity and tolerance . . . tolerance for everything except dictators, and those who would destroy our democratic principles of life and let live. And from where I sit, that's another reason to be proud of them.

# TEN TRAGIC YEARS OF REPEAL!

"Miss Smith, I think I will have this old letter framed and hung up over there where I can see it daily."

"It must be an interesting letter."

"It is. It is one I received from The Association Against the Prohibition Amendment in 1921. It promised that if we repealed Prohibition and taxed legalized liquor at the British rate (not the government could abolish the income tax both personal and corporate, and ten years after repeal our taxes will continue to remain. Before Prohibition and ten years after Prohibition was repealed, Federal, state and local taxes were forty per cent greater than in the Prohibition period. Long before then, but after repeal, some income taxes doubled and re-

doubled as compared to the Prohibition era. Now, I don't mind paying taxes for the war effort. We all should be glad to do that, but I do mind having an organized pressure group make a sap out of me."

"I am ashamed to say that I voted for repeal because I thought it would lower my taxes. I'll hang this letter up where it will remind me not to believe the silly economic tax arguments the booze crowd puts out. Repeal did not only fail to reduce taxes, but saw them greatly increased. The saloon did come back, and it is causing increased crime, juvenile delinquency, absenteeism, poverty, and misery. Never again will I be fooled by the liquor people!"

B-12

## Trying To Drink Ourselves Back To Prosperity Has Produced Drunks, Prostitution, Disease, Misery, Crime, Debt and Taxes!

- 1. The wettest economy produced that legalization of liquor would bring financial and social benefits to the nation. More ten years of legalized drunkenness, for now have—
- 2. The highest tax rate on record.
- 3. The largest public debt in the nation's history.
- 4. Sickening spectacles of corruption in government.
- 5. Tremendous increase in drinking among women. The Federal Bureau of Investigation report for the fiscal year, 1941, 28,419 arrests of women in 419 cities over 25,000 population, an increase, they said, of 35.4 per cent over 1940.
- 6. Increase in consumption of all intoxicating liquors (United States Government figures) from 8.33 gallons per capita in 1934 (first full year of repeal) to 20.7 gallons per capita in 1944.
- 7. Bootlegging has increased. Before the war and high taxes, the United States Attorney General said in 1937: "The number of commitments for violations of Federal liquor statutes has reached an all-time high. Never were so many persons sent to the Federal penitentiaries for the infractions of liquor laws." These commitments rose from 2,081 in 1937 under prohibition to 7,632 in 1934 under repeal, and again to 12,291 in 1937, when they equaled 51.2 per cent of all commitments to Federal penitentiaries.
- 8. Traffic fatalities more terrible than the statistics of American deaths in battle.
- 9. Crime, as measured in arrests, has increased 161 per cent since 1932, the last Prohibition year. (F.B.I. reports.)
- 10. Venereal diseases so frightful in their prevalence that our foremost health and medical authorities refer to one of them, syphilis, as Public Health Problem No. 1.
- 11. Jails, penitentiaries, and insane asylums more crammed than ever before.

 Mrs. Amanda J. Tutts, 82 years old, wife of W. H. Tutts, died Friday at the home of Geahheart of her daughter, Mrs. Bernice Stone, following an illness of a month.

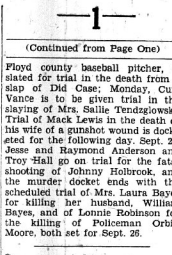

A daughter of John and Hannah Barney, she was a native of Greenup county. She moved to this section several years ago and had many friends in this county. Mrs. Tutts was a devout member of the Missionary Baptist Church.

Besides her husband, she is survived by the following sons and daughters: James H. Tutts, Prestonsburg; Felix Tutts, Ashland; J. D. Tutts, Wayland; George Tutts, Beulah, Ky.; W. S. Tutts, Wheelwright; Mrs. Bertha Hicks, Chichester, O.; Mrs. Marianna Bailey and Mrs. Hattie Blair, both of Wheelwright; Mrs. Clara Stone, Garrett; and Mrs. Bernice Stone, Geahheart. Two brothers, James Barry, of Garrett, and George Barry, of Ashland, also survive.

Funeral rites were conducted Sunday afternoon from the Methodist Church at Garrett, the Rev. Green Allen officiating. Burial in the Martin cemetery was directed by the Ryan Funeral Home.

Dummitt Addresses Clubwomen, Miners In Visit to County  
 The Wheelwright Woman's Club here and the Miners' Club of the county were the guests of Attorney General Edson S. Dummitt in his visit to the county Tuesday night, with visitors from neighboring towns and club groups in the audience. The state official made his visit to the county at the Wheelwright club's invitation.

Earlier in the day, Attorney General Dummitt addressed two safety meetings attended by approximately 700 miners, urging better cooperation between management and labor for their mutual profit.

JONES RESIDENCE AT DRIFT IS SCENE OF DOUBLE WEDDING CEREMONY SEPT. 7

Mrs. Thelma Jones, of Drift, and Mr. Harry Green, of Louisville, Ky., and Miss Sylvia Hale and Mrs. Archie Fugate, both of Drift, were united in marriage Sept. 7 in a double wedding ceremony.

The wedding took place at the home of Mr. and Mrs. P. T. Jones, parents of Mrs. Green, at 7 p.m., with the Rev. L. E. Wells, of Salverville, performing the double rite ceremony. Miss Jones entered on the arm of her father and Miss Hale on the arm of her grandfather to the strains of the Wedding March from Lohengrin. The ceremony took place beneath the living-room archway which was beautifully decorated with fern and white and pink gladioli. The scene was softly lighted by candles.

Miss Jones wore a street length dress of aqua blue wool with jewel necktie, beaded sleeves and dainty trim, accented with gold and sequins, with black accessories. Her only jewelry was a single strand of pearls. Miss Hale wore a street length dress of blue wool with jewel necktie, beaded sleeves and dainty trim, accented with gold and sequins, with black accessories. Her only jewelry was a single strand of pearls. The bridal couples were of pink roses.

Antoniadis were Miss Betty Jones and Mr. Don Hewlett. Mrs. Fugate is a graduate of Martin high school and attended a business school in Louisville. She is employed in the store of the Beaver Coal & Mining Company. Mr. Fugate is also employed by the Beaver Coal & Mining Company. They will reside in Drift.

Mrs. Green is a graduate of Martin high school. They will reside in Louisville, where Mr. Green is employed by the Louisville & Nashville Railway Company. They are close friends and relatives attended the wedding.

Francis To Head Floyd County USO Drive Next Month Fred G. Francis of Prestonsburg, has been named chairman of the Floyd County USO drive which begins October 18, it was announced this week. The county's quota is approximately \$2,500.

Need of funds for continuance of USO work in army camps and hospitals is being stressed and described as almost urgent now as during the war. The man in uniform is no longer a war hero and he consequently is far more lonely and devoid of interest and entertainment, it was said, than during the war.

MAN RAISES HIS ARMS ABOVE HIS HEAD FOR FIRST TIME IN YEARS

A few days ago a man said rheumatic pains in his arms and shoulders disappeared and now he can raise his arms above his head for the first time in years. He said the pain he used to have from this rheumatism were simply spinal, sometimes his knees and his jaw stiff and sore, but the pain was mostly in the back of his neck and across his shoulders. Now, however, his suffering is entirely gone and he says the change is due to taking RHEU-AID. "Oh, what a relief!" says this man. "Why don't other rheumatic sufferers get RHEU-AID?"

**REPLY TO WET HANDBILL**

By MRS. EDGAR E. MAY  
 Publicity Chairman

We express thanks to the Martin Wet who sent their handbills that arranges a majority of certain groups against prohibition. These groups are listed below, with the DRY answer to those given. Lack of space prevents reply to all.

1. U. S. Presidents oppose prohibition. ANSWER: Statements show the contrary. Washington, Jefferson, Lincoln, Teddy Roosevelt, Wilson, and many more opposed liquor. Other notable denouncing it include: Gladstone, Robert E. Lee, Franklin, Pershing, Thomas Edison. As for Franklin Roosevelt whom wet say many dries supported, why not, since Hoover straddled the issue? Many today prefer wet to non-riders. But celebrities have no monopoly on sound judgment. Eleanor Roosevelt advised women to see how much liquor is needed to indicate their need to drink less. One might as well tell a child to get as close as possible to fire but to stop this side of it. Common sense may stay as far as possible from danger.

WRITERS. Answer: If most writers do oppose prohibition, it may help explain why many of our own writers disclaim present liquor use is the trashiest in American history.

2. COLLEGE PRESIDENTS AND PROFESSORS. Answer: Cite figures and sources to prove this. Remember, many prexies do not believe in the greatest teacher of either sex and some suckers fall for that, too.

PHYSICIANS. Answer: Dr. Charles of the Mayo Clinic said: "You can get along with a wooden leg, but not with a wooden head. In order to keep your brain clear, you must keep your body fit. That means no drink, no me drinks, no beer."

Dr. Thomas Parran, Surgeon General, U. S. Public Health Service, said: "Alcohol is a major cause of insanity." Dr. Arthur Hunter, actuary, N. Y. Life Ins. Co., figures every 25 minutes of his life, in addition to his money. Be sure to include that the MASTER physician has to save on the subject, as he is the ONLY safe example for human conduct and conscience.

Recently a wet said that Floyd county doctors are all wet. This is an exaggeration. But how many Christian doctors has the country, still if they are all wet that still don't make the sale of liquor right any more than it is right for many doctors here to charge five dollars and more for prescription per bottle when the same brand in the same mill size can be had and has for many months been available in drug stores for from ninety cents to one dollar and a quarter in the drug store? These illustrations disclose the conscience of some wet, as does the story of a doctor who while intoxicated gave a patient poison.

WET MAKE. For weeks he was in a daze, but he never heard him worry about the little children, might be orphan as the result of his error. Let's rejoice that most Floyd county M.D.'s have more conscience, and are not all wet.

6. GALLUP POLL. Answer: The poll has been wrong before.

7. ORGANIZED LABOR AND COAL MINERS. Our straw poll vote among both groups satisfies us, and J. D. Tutts' ad in The Times last week about the miners should satisfy the wet.

8. THE BIBLE. Answer: Wets say on this handbill just out that it teaches temperance and not prohibition. The writer never knew a wet who was really familiar with the Bible, did you? To know the truth, one must take all the Bible has to say on any subject. What the Bible teaches in regard to drink is abstinence Lev. 10:9, Num. 6:3. It refers to wine as poison, twelve times. Does THAT sound like temperance? Saloon keeps excuse themselves by saying there is no harm, since it is legal to sell whiskey. Man can NOT legalize what God says is sin. "Woe unto him that stiveth his neighbor drink, that putteth thy bottle to him, and maketh him drunken." Hab. 2:15.

9. VETERANS. Answer: If most veterans oppose prohibition, why does the record show differently? In 1943, Scott, Trimble and Letcher counties went dry by a majority of 609 votes, while the boys were at WAR. This year the three counties went dry a second time, with the boys back home to VOTE, and the 1948 combined majority for the dry was over 3,000 votes!

Now, 326 friends who are still proud to be in such company, as the handbill says, are still ashamed to let your names be used to sell the removal last week of the Temperance League name on your whole page. And why didn't you include what the preachers, the men of God, have to say about liquor? There are more preachers and preachers' children in Who's Who than any other profession can boast. 23. Barstow states show the children of ministers have the best record in high schools and colleges, too.

Think again for sending me the handbill. Sign your name next time, for dries and wets are still friends and in spite of differences of opinion. (Adv. Paid by Rev. and Mrs. Frank Speck.)

**TWINS AND THEIR COUSIN BECOME BRIDES IN TRIPLE CEREMONY**

A triple wedding, with all six of the contracting parties from Floyd county, was solemnized in Paducah, Ky., by the Rev. Alonzo Reed, on Saturday, Aug. 21. Two of the brides are twins and the third is their first cousin.

Miss Phyllis Crockett, daughter of Mr. and Mrs. P. S. Crockett, of Orleans, Indiana, formerly of Martin, was married to Mr. Yalmodeo Vanderpool, son of Mr. and Mrs. Buck Vanderpool, of Estill, Ky.

Miss Elaine Slade, daughter of Mr. and Mrs. E. C. Slade, of Martin, was married to Mr. Dillard Howard, son of Mr. and Mrs. Earl Howard, of Estill.

Miss Lorraine Slade, also a daughter of Mr. and Mrs. E. C. Slade, was married to Mr. Denny Hubert, son of Mr. and Mrs. Wess Hubert, of Martin.

Mrs. Howard and Mrs. Hubert are graduates of Martin high school and of Wilford Academy in Chicago.

Mrs. Vanderpool is a graduate of Orleans high school and Bryant-Stratton Business College in Louisville. The three brides also completed a post-graduate course at the John Robert Powers School in New York City.

The three grooms are all veterans of World War II. Mr. Howard and Mr. Vanderpool saw action in the European theater and Mr. Hubert was in the China-Burma-India theater of operations. Mr. Howard is now employed at the Beaver Valley Lumber Company, of Martin. Mr. Vanderpool is employed by the Central Service Grocery at Estill and Mr. Hubert plans to continue his studies at Kentucky Wesleyan at Winchester.

Mrs. Howard and Mrs. Hubert will continue to operate the Twin Modernistic Beauty Shop at Martin, Ky., and Mrs. Vanderpool will continue her stenographic and bookkeeping work with the Stumbo Memorial hospital.

Mr. and Mrs. Howard and Mr. and Mrs. Hubert are making their homes in Martin. Mr. and Mrs. Vanderpool are starting housekeeping at Estill.

**WAKE UP, KENTUCKY**

By EWING GALLOWAY

The subject of this essay is school teachers, but I'm going to begin it with a story about horses.

When visiting Louis Bromfield, Ohio some months ago, I suggested the author let me take a photograph of him for distribution through my New York office.

"All right," he assented. "What kind of a shot do you want?"

"How about posing with a horse?"

"Horse, hell! Why, there isn't one on the place. Seven tractors, from but no draft animals. I even ride over our 640 acres on a tractor instead of horseback. I don't know anything a horse can do that a tractor can't do."

Machines are taking the place of both man and beast in about nine fields of work out of every 10, but thus far nobody has invented a mechanical device to take the place of a school teacher. And my guess is that nobody ever will.

Our supply of teachers is gradually decreasing. It is reported that nearly half the number of country school teachers in Kentucky hold emergency certificates. There will be more money this season for rural schools than in the past, due to a lift in taxes, but the average salary increase will not cover wartime and post-war increases in the cost of living.

With prices of nearly everything rising all the time, a 25 per cent increase in teachers' salaries will not check the drift of teachers into other fields of endeavor.

The Memphis Commercial-Appeal, alarmed over the situation in Tennessee, says enrollment of students for teacher-training fell off in Tennessee colleges from 3,386 in 1945 to 1,500 in 1946.

At a teachers college in San Diego, California, only 10 per cent of freshmen enrolled for teacher-training are now 50 per cent fewer teachers-in-training than five years ago. I hope to get comparative figures on Kentucky enrollments in the near future.

Kentucky schools thus far have been able to muddle along somehow. But one of these days county and city superintendents are going to run short of persons even well enough educated to teach the fourth grade, unless much is done to make teaching a much more attractive profession than it is now.

No, you can't substitute tractors for school teachers.

**LETTERS TO THE EDITOR**

**SENATOR HAYS' SIDE OF THE SIDEWALKS**

Editor, The Times:

I was surprised to read in The Times the letter sent you by Mr. Lawrence Keathley, of Martin, blaming me for the failure of the highway department to build sidewalks in Martin. I have no desire to argue with Mr. Keathley through your paper, even if you would permit us to do so, but I want to point out a few facts as a matter of self-defense.

First of all, I'm a Democrat, not a Republican, and the work I have to do as that of a legislator. I worked at the last General Assembly to get Mr. Watkins, State Highway Commissioner, interested in sidewalks for Martin as well as for other road improvements in Floyd county.

To get his approval of this particular project, I co-operated with Mr. Watkins to the extent of withdrawing a bill which he considered against the best interests of the department. Call it "too-soft" or what you like. I was pleased this work at Martin as well as the surfacing of the road from Mettitt to Weeksbury.

State highway department engineers later went to Martin and their estimate of \$31,125 cost of Martin sidewalks was approved.

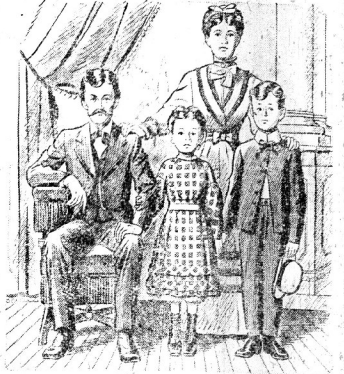

I appeared to be doing well at that time and, naturally, was elated. Now, with the work not begun, I am not doing so well. Naturally, I am not pleased. Still, I feel that no blame belongs to me. I belong, you see, to the legislative, not the executive, branch of the state government.

Mr. Watkins promised Martin sidewalks. I accepted his promise as the word of a gentleman. I still hold to the belief that he intends to do exactly what he promised.

At the same time, I must agree with Mr. Keathley to this extent—children can't walk on promises. And I am ready to do whatever I can to make the sidewalks a reality. To do that, we must get help from Frankfort. Mr. Keathley, being a Republican, might do his community a real service by working down here with those of his own political faith when he sees through dining see to the legislature, not the executive branch of the state government.

**NOT ON YOUR TINTYPE!**

Grandma looks calm and collected as she poses for posterity, but she wasn't—not on your tintype! Getting her family ready for this picture was a long, weary business.

The day this photo was snapped, Grandma was up at dawn, wrestling with the old wood stove, coaxing the kettle to boil, cooking breakfast. And the day before, she ironed the mountain of clothes that had needed such hard scrubbing. The day before that—

But that was Grandma's life. She didn't know any other kind. Her way of housekeeping took lots of time, lots of elbow grease. In Grandma's gayest dreams she never imagined the time would come when a woman would have dozens of electric servants daily for the cost of a bar of soap.

Electric service—ready and willing around the clock and calendar—is a modern miracle Grandma missed by being born too soon. But electrical dependability (and cheapness, too) didn't happen by accident. Not on your tintype! They're the result of plenty of hard work and practical experience on the part of your neighbors who operate this company.

**NOT ONE DROP LESS LIQUOR!**

Not One Drop Less Liquor Will Be Consumed In Floyd County Should It Have The Misfortune To Adopt Prohibition On September 30, Because:

Prohibition DOES NOT, CANNOT and WILL NOT Reduce Liquor Consumption!

HERE IS KENTUCKY'S RECORD TO PROVE IT

The first county in Kentucky to adopt prohibition since National Repeal became officially "dry" in August, 1946. A comparison of the consumption of distilled spirits during the month of July, 1936—the last month of state-wide legal sales—with succeeding Julys, as more and more counties adopted prohibition, indicates the ineffectiveness of prohibition as a method of decreasing liquor consumption. The official records of the State of Kentucky speak for themselves:

JULY	Number of counties adopting prohibition	Consumption of distilled spirits in gallons in Kentucky during month
1936	0	152,243
1940	47	169,000
1942	58	204,364
1944	75	212,375
1945	84	259,000
1946	87	417,000

## Which Way Will I Vote?

### A Famous Editorial Still Lives In The Hearts Of People

(The following editorial was written by A. P. Johnson, publisher of the Grand Rapids News. It has gone around the world in leading newspapers and magazines. We are fighting the same cruel relentless foe—open saloons.)

We stand today on the threshold of a great reform. We are facing a new dawn, a new day.

That reform is the triumph of temperance. The new dawn is PROHIBITION. The new day, SOBRIETY.

I shall vote for Prohibition because underlying its tenets are the happiness of my fellow men, the welfare of society, the betterment of the world.

I shall vote for Prohibition as a protection to everything I hold near and dear, as a safeguard to all that I love and as an appeal to its helping hand when mine should have withered away.

I shall vote for Prohibition as contributory to its adoption by my country. I shall hold fast to the thought that right must prevail, that drink is wrong. I shall set aside all contrary self-interests, friendships and associations and cling firmly to the inevitable truth that the world will be better when drink is done.

I shall vote for Prohibition to avenge the toll that drink has exacted from its innocent victims. I shall vote for the widows, the orphaned made destitute through the ravages of intoxication and those for whom I would shed my own blood could I ease the pain, the suffering and the anguish it has brought them.

I shall invoke, through my vote, a law that will help the weak win their battle. I shall exercise my franchise to accomplish that which prayers and supplications have failed to do. I shall vote to stem an evil that seems respect, shirks duty, and "takes off the rose from the fair forehead of an innocent and sets a blister there."

I shall vote for the boys and girls, my children and their children. I shall vote for the young man who falls by the wayside—who cannot say no. I shall vote a better environment for the young woman who wants to live right and go straight, but whose path is made perilous by drink.

I shall vote for industry, for thrift, and for self respect. I shall vote for the worker, the toiler, that in time he may see the fruits of his labors and live as becomes his worth. I shall vote for better homes, better health and longer life. I shall vote for the restoration to its rightful owners of all that drink has confiscated—for the return of happiness and human faith.

That Prohibition will conquer is as fixed as are the stars in the firmament. Temperance will prevail as the survival of truth, and with it will come the economic reward which has followed right thinking since man began.

Let your vote be a toast to a vanishing evil—a welcome to its doom. We bear the cup no ill will. Many a time it has been raised to a noble cause and drained by noble men.

But you must go, old comrade. You have made the world no better. You have cheered, but your cheer has chilled our hearts and blurred our vision. You have given hope, but your hope was false. You have given life, but your life is a lingering death.

For thousands of years we have tried you, but not once have you stood the test. Your philosophy is as empty as are the brazen images which men forsake to worship God. The sorrows we have known in your shallow pool have mocked us when you were not near to deceive our mind and beguile our path.

The hopes you enkindle today vanish with the sordid reality of the morrow. Your sunshine has been devoid of life, there are no stars in your night. Yours is a pale lifeless glare enveloped in eternal gloom.

When the new day is at its zenith, you will be among the memories as a dark and ignominious past. You will be classed with the pagan altars upon which were sacrificed human blood and human lives. Your cheer will be as forgotten as are the fallen leaves in springtime, and the only epitaph that will mark your time will be the scars you left in our hearts. The world will forget you as you have so often forgotten those who fell beneath your blows.

Your passing will be the greatest blessing we have known since Christ. You have had your day and we bid you never to return, for we have come to the parting of the ways. We bear you no hatred, for you tolerated you as a weak society truckles to a strong foe, and we welcome the day when temperance will be emboldened before us as was the serpent cross before the ancient Constantine, and we can say one and in accord, "In Hoc Signe Vinces."

### Notice of Countywide LOCAL OPTION ELECTION

To the Voters of Floyd County, Ky.:

There will be an election held at each place of voting on the 30th day of September, 1946, said day being Monday, the polls opening at 6 o'clock a.m., and closing at 4 o'clock p.m.

Said election will be held to decide the question of whether or not spirituous, vinous and malt liquors shall be sold, bartered or loaned in said Floyd County.

Given under my hand as Sheriff of Floyd County, Ky., this 19th day of September, 1946.

TROY B. STURGILL, Sheriff, Floyd County, Ky.

### FLOYD COUNTY COURT ORDER

Regular Term, August 28, 1946. In the matter of J. E. Kelly, Henry Porter, Jesse Elliott, and Others, ON PETITION: WHEREAS there has been filed with the County Court Clerk of Floyd County, Kentucky, a petition signed by J. E. Kelly, Henry Porter, Jesse Elliott, and others, requesting this court to grant an order directing an election to be held on the 30th day of September, 1946, in all places of said county for the purpose of taking the sense of the local voters of said county upon the proposition as to whether or not spirituous, vinous or malt liquors shall be sold, bartered or loaned therein; and

WHEREAS, it further appears to the court that the number of signatures on said petition, totaling about 4,500 legally qualified voters of Floyd County, is equal to twenty-five per cent, or more, of the votes cast in said county at the last preceding general election; and that signature before the date of the filing and said petition be addressed to said petitioners;

IT IS THEREFORE ORDERED that an election be held in Floyd County, Kentucky, for the purpose of taking the sense of the local voters of said county upon the proposition of whether or not spirituous, vinous or malt liquors shall be sold, bartered or loaned thereon, and that such election shall be held on MONDAY, THE 30th DAY OF SEPTEMBER, 1946, at 6 o'clock a.m.

The proposition to be voted upon shall be stated on the voting ballot without comment and two spaces left upon the right side of the same, one for votes favoring the proposition to be discontinued by the word "YES" and one for votes opposing it designated by the word "NO."

The voter shall designate his vote by a cross mark placed opposite the word "YES" or the word "NO" in the question to be submitted shall be in words and figures as follows:

Are You in Favor of Adopting Prohibition in Floyd County, Kentucky? YES \_\_\_\_\_ NO \_\_\_\_\_

ALEX L. DAVIDSON, Floyd County Judge. STATE OF KENTUCKY, COUNTY OF FLOYD. JARVIS ALLEN, Clerk of the County Court for the County and State aforesaid, certifies that the above and foregoing is a true and correct copy of the Order as it appears of record in Order Book '46, page 68.

Witness my hand, this 28 day of August, 1946. JARVIS ALLEN, Clerk By HILDRED ALLEN, D. C.

# THE \$64 QUESTION

## WHY Is This Local Option Election Being Held?

We have been asked this question by hundreds of people.

We think it only fair to the taxpayers of our County to answer it.

1st. The Kentucky law gives the drys the right to call an election every three years, regardless of how badly they were beaten the last election, or how much it will cost you to hold an election.

2nd. The professional drys in Washington, D. C., Louisville, Ky., and San Antonio, Texas (personal reference to Sam Morris), in order to keep their jobs, must show results or lose their jobs. (Sam Morris donates his services for the lowly sum of \$1,500 cash on the barrel-head, for each appearance.)

3rd. The professional drys come out to our county and contact a few of our amateur drys and tell them that the time is ripe to vote the county dry. They say to our amateur drys—"A lot of people are angry because there is a shortage of beer and good whiskey. They will vote dry. A large per cent of our soldiers and sailors are still overseas and can't vote. We will vote the county dry while they are gone."

The professional drys in Louisville offer the following advice to our local dry committee:

"Don't make any move to start a local option election in your county or precinct until you get in touch with us—your legal set-up may be wrong—Most counties that voted wet had local attorneys—be sure to let us supervise your legal set-up."

Are our local attorneys crooked or are they just too dumb to be of assistance to the local committee:

We believe that the people of Floyd county resent the calling of this election so soon after the election of 1943, when we firmly said by a majority of 472 votes that we did not want prohibition.

We believe the taxpayers of Floyd county resent the unnecessary spending of approximately \$2000 of their money to pay for the election.

We believe the veterans of World War II resent the drys holding this election while a part of their buddies are still overseas and unable to vote.

We believe that the people of Floyd county are smart enough to conduct their own affairs without having professional drys from Washington, D.C., Louisville, Ky., and San Antonio, Texas, come here and tell us how.

We further believe that you will say "We resent it" in no uncertain terms on Sept. 30 by voting "NO".

**Teachers Shortest In 15 Years, U.-K. Professor Says**

Lexington, Ky., Sept. 14 (Sp.)—The teacher situation in every Kentucky community is the most critical in more than 15 years and there is little immediate hope of improvement, according to Director M. E. Ligon, of the University of Kentucky Teacher Placement Bureau.

Prof. Ligon cited these conditions as responsible, directly or indirectly, for the shortage:

1. Comparatively low salaries in the teaching field.
2. More attractive salaries elsewhere.
3. The return to studies by teacher-veterans taking advantage of the educational provisions of the G.I. Bill of Rights.
4. Critical housing shortages in most communities.
5. Many wives who had been teaching have returned to homemaking.

The supply of older teachers, who formed a backbone during the early days of the war, has been almost exhausted, he said. All in all, the bureau has only about one registrant for every 100 calls for teachers.

"However, the University seems to have turned the corner in a declining interest in preparation for teaching," Prof. Ligon declared. "From 1940-44 there was a constant loss of enrollments in teacher education, but during the past two years there has been a gradual increase."

"This does not necessarily mean that the University will have more teachers available during this school year or when schools open again next autumn," he explained. "The increase is noted generally in the lower classes—freshmen and sophomores—and it will be another year at least before the situation begins to improve and we are not expecting it to level off to anything near normal before 1950."

**HAYES-WESTFALL NUPTIALS SOLEMNIZED**

A wedding of much interest took place in the Allen Baptist Church Wednesday evening, Aug. 29, when Miss Janice Hayes became the bride of Mr. Forrest Westfall, The Rev. J. E. Feely, Jr., pastor of the young couple, performed the single ring ceremony at the close of the wedding prayer service in the presence of relatives and a house filled with friends.

Just before the ceremony, Miss Mary Westfall, only sister of the groom, sang "Always" with Miss Rosemary Malone, of Allen, accompanied. The bride and groom stood beside an arrangement of pale blue asters and white Philippine lilies as the service was spoken. The bride wore a full flock of gray satin gown with black sapphire gilt-studded collar and sandals. Her corsage was pink rosebuds.

She is the eldest daughter of Mr. and Mrs. Hershel Hayes of Allen, and a granddaughter of Mr. and Mrs. Garrett Slone, one of the oldest families in Eastern Kentucky. She is a senior in the Prestonsburg in daily vacation Bible school work during the past summer. The groom is the son of Mr. and Mrs. Ben Westfall, of Allen, prominent Floyd County family. He was recently discharged from the navy after having spent 28 months in service, most of which was at Pearl Harbor. He was quartermaster 1st class.

They left immediately for West Virginia where they will enjoy a brief honeymoon.

**Offer \$1,500 in Prizes For Soil Conservation Contest Essay Winners**

Prizes totaling \$1,500 will be awarded the Kentucky high school and grade school students who win the 1946 Soil Conservation Essay Contest. Harry Blackburn, president of the Courier-Journal, The Louisville Times and Radio Station WHAS announced this week.

Conducted annually since 1944, the contest is sponsored by the two papers and the radio station in cooperation with the Kentucky Association of Soil Conservation District Supervisors.

To enter the contest every qualified student should write an essay, not exceeding 1,000 words, on "Why a Soil Conservation Program is Important to Kentucky." Special emphasis should be placed on the importance of soil as compared with other natural resources and the need for soil conservation district help in this program.

The three state prizes will include Savings Bonds of \$100, \$50 and \$25. In addition, a \$25 Savings Bond will be given the winner of the best essay from each of the soil conservation districts in which at least five essays are submitted.

State awards will be made at the National Home and Farm Campaign Soil Conservation Essay Contest luncheon-broadcast held in Louisville.

**VOTERS OF FLOYD COUNTY:**

There has been much mud slinging and dodging the issue by the dry forces in this campaign in the Local Option Election, September 30th. They have faithfully endeavored to confuse the voter by vilifying a few legal dealers in the Alcoholic Beverage Industry. BUT the fact remains, the real issue in this campaign is the Control of Alcoholic Beverages by legal permit holders, whose business places are open to inspection by Federal, State or County officers at any time, or turn this great industry loose to hundreds of bootleggers who have no respect for any law pertaining to the industry or any officer who tries to enforce it.

From 1918 to 1932 our Government had National Prohibition. There was no tax paid liquor in the entire United States. Did that mean there was no liquor in the United States? You who lived through that period, let your minds recall those terrible days. Don't be misled or confused into voting for what we hope will happen, look the facts in the face and vote to prevent what we know will happen if we turn our great country into a Bootleggers' Paradise. This shall never happen by our vote.

NOTE NO.—September 30th and Cooperate with Law and Order.

**Adequate Service Depends on Adequate Earnings**

Your Telephone Company is doing the largest volume of business in its history, yet telephone earnings continue to go down rapidly. The reason is perfectly clear. While your telephone rate has remained the same for many years, the costs of furnishing you service have increased. Wages, building costs, telephone materials, services, all have been going up so fast that—

*The amount of money Paid Out to provide service is increasing faster than the amount Taken In. Actually telephone earnings today are the lowest in our history!*

It is basic with any business that good service depends on reasonable earnings. To render good telephone service and to continually improve and expand it, reasonable telephone earnings are essential.

- 1 The amount of money Paid Out to provide telephone service is increasing faster than the amount Taken In.
- 2 Telephone earnings are the lowest in history.
- 3 Reasonable telephone earnings are essential to good telephone service.

Our public duty demands that we give you these facts.

The church looks forward to a fine year.

The Woman's Society of Christian Service met for the September meeting with Mrs. O. J. Williams. The devotional program was led by Mrs. Glenn Blackburn, followed by a study course directed by Mrs. E. P. Davis. The business session was presided over by Mrs. E. P. Davis, which a pleasant social hour was enjoyed.

The county Sunday School Association held its annual convention in the gymnasium here last Sunday afternoon with several Sunday schools in the county being represented and many new ideas being presented by speakers on the program.

A household shower honoring Mrs. Harvey Haskay was recently given at the home of Mr. and Mrs. D. W. Howard with Madames Sam Thomas and Mrs. Ernest Franky co-hostesses. The dining table was beautifully decorated with a lace cloth, with a miniature bride and groom in the center. The guests assembled on the lawn for a pleasant visit, after which the bride and groom opened the gift and graciously thanked the donors. The hostesses served refreshments.

Betsy Layne's school opened Sept. 9 with a good enrollment and the principal and teachers report that things are going well. Mr. Bill Akers arrived Monday from Anchorage, Alaska, to spend a month's holiday with relatives and friends. This is Bill's first visit home in eight years.

The district superintendent of Methodist Churches, the Rev. W. P. Fryman, conducted services here last Sunday evening and delivered a fine sermon, after which the Rev. Win Stephens was received into the church. Rev. Fryman was the overnight guest of Dr. and Mrs. T. J. Chandler.

Harrison county 4-H club members sold sweet corn for 75 cents a dozen and beans for 29 cents and tomatoes for 12½ cents a pound. Emory Perce, of Pikeville county, harvested 338 bushels of oats from 6½ acres treated with 100 pounds of ammonium nitrate per acre.

**SELF-REGULATION WHY IT SUCCEEDS**

The great majority of the men who retail beer in Kentucky are themselves the strongest champions of Self-Regulation. For they know that their own reputations might suffer because of the scattered few who sometimes fail to recognize the responsibility of a beer license.

Reputable beer dealers welcome suggestions for improving conditions in their places of business. They cooperate gladly and promptly. As for the others, our Committee acts to see that they comply with the law and with the high standards of the brewing industry.

**'Tax Payers! TAKE NOTICE!**

You have been told by the dry forces in the Local Option campaign that if Floyd county goes dry there will be no change in your taxes in Floyd county. Read these facts and consider:

There are 120 counties in Kentucky, 90 of which have voted Legal Alcoholic Beverages out, the remaining 30 counties are carrying the burden of taxation for the whole 120 counties. Every county who follows the 90 is cutting another link from the chain of revenue that flows into the general fund of Kentucky.

The Alcoholic Beverage Industry pays into the General Fund of Kentucky over \$11,500,000 annually, of which 28 per cent goes into the school fund for salaries for teachers, school printing expenses, etc. The 30 counties, of which Floyd is one, is carrying this enormous load. The dry forces are, link by link, step by step, concentrating their efforts on these remaining 30 counties. Ask them to tell you how they are going to replace this \$11,500,000 revenue when the remaining 30 counties go dry. This revenue must come from somewhere. It means the hated sales tax must come back. Every time you purchase a 10 cent article in the store, you must lay down the extra penny sales tax. It will mean that the real estate taxation of Floyd county will be raised to meet this loss of revenue. It will mean an increase of law enforcement officers and it will not decrease the amount of liquor that will flow into the county from other Wet Counties and moonshine stills.

Good Citizens, Taxpayers, think of these things and on September 30th VOTE NO.

Vote No! Vote No! Vote No!
