Let Us Consider! Isn't It "Education on the March--Backwards"

With the platform of Joe Wheeler Burchett and Willard May? (See October 3 Times)

They are "against" three superintendents. What does this mean? If they are sincere it means they are doing away with the one full-time supervisor we have (the State Department recommends three) for a is one of the assistant superintendents they talk about. We have always called him a "Supervisor." They would do away with the man in charge of transportation and supplies. He is the other Assistant Superintendent they talk about.

They are "for" effective supervision of the Floyd county school bus garage and the county school truck—yet if they are sincere they would do away with the man in charge of that supervision! They don't even say they are "for" school buses!

They are "for" (if they are sincere) reducing the county-wide tax rate to \$1.00 which would be about the pre-war standard while building materials, supplies and labor have doubled and tripled and one month of school has been added.

For this reason Burchett and May couldn't be "for":

- 1) Continued nine months school for all Floyd county children.
2) Continued higher salaries for teachers.
3) Continued expansion of school bus service.
4) Continued expansion of High School Curriculum
5) Continuing the building program planned when materials are available.
6) Continued services, not mere promises, to Floyd county children.

Let's Continue to go FORWARD with Education

—with—

James "Jimmy" Greene Educ. Div. No. 1 Dr. J. H. Allen Educ. Div. No. 2 West Prestonsburg, Ky. Langley, Ky.

We've never had a tire that sold as fast as the new B.F. Goodrich Silvertown

The better the tire, the faster it sells... that's why we've had such a hard time keeping the new B.F. Goodrich Silvertown in stock. There's extra demand because these tires are built with a wider, flatter tread that spreads the wear over a wider area. The cords are of an entirely new and stronger type with more of them, with greater resistance to "road shock." It's a proven tire of extra toughness and durability with millions of test miles on police cars, taxis and special test cars behind it. These features make it the tire that will *really* wait for you.

Can be bought on Small Down Payment and Convenient Terms

TRIBUTE TO MRS. EDGAR MAY

Dear Valeris:
If I were 21, Mrs. Edgar May would get my vote for the school race because she backs her words with action. The county has no better community worker or patriotic citizen. She is never too busy to help people. Some say she makes more visits, sends more trays, flows, and sends to the sick than any woman they know. Her flowers filled baskets will summer and winter. You know it for the cards were from her church. If you need to know what kind of person she is, ask to read her memory books.

Years ago Mr. Hunter gave her the grade principals place in Maytown with a fat supplement. When she learned another teacher with children had wanted it, she sent Superintendent Hunter a note saying she could not take it. So Graham Harris got the place. Once a new law gave the county board the right to hire teachers after they had been hired by trustees, Mr. Hunter was tested the law by suit. But Mother went. Mr. Thomas Patrick, whom the board had given Grade 2, and told her she would not take the job even if the trustees got in state social service. Mother said that a woman whose husband had no job should not be in a church program. Old students of Grade 2 still come to her for help. If one needs a job, Mother finds it. If a boy wants to go to school, Mother has been called the smartest woman in Maytown. This has not won her the friendship of scoldous citizens. But she has the most precious heart in the world. Once she took a long walk to visit the family of a former school teacher who was a corpse and collapsed from a heart attack on the way back. While she was in the hospital at the point of death, a conference two women said they hoped she would not recover. My mother refused to be a rubber stamp and held a job to be popular. She has never let me tell her who those women were. That is a fair clue to her character. When she is out on a mission, she goes out a mile long to help those who are in need. When she goes to a child's office, she says that was her chance to take a spite against her parents. But she did not do that. For each one easily and bravely she will without prejudice or animosity.

She loves and understands children and school work, administrative problems will not be a word to her. If she is called, our best wishes will have better coaches whose presence she has school will have pleased. She got to the head of the relief effort pretty fast. The public knows what she did in the dry campaign from the start. You may not know we begged her to go and campaign for herself the last two weeks while daddy was on vacation so we could help her. But a good cause comes out of it. How she has helped us has nobody to go with her to campaign. If the voters in the district pick the person who will do the most for the school she won't have to do any campaigning. I will write this letter. She may do any good thing she likes. I will write this letter. She may do any good thing she likes. I will write this letter. She may do any good thing she likes.

EDGAR MAY,
Georgetown College,
Georgetown, Ky.

NOTICE

TO WHOM IT MAY CONCERN:
Notice is hereby given that on October 10, 1946, the undrained proceeds and which was ordered filed their petition in the Letcher circuit court in the case styled "Bank of Mill Creek, plaintiff, vs. The Elk Horn Coal Corporation, et al., defendants," reporting the sale of various and sundry parcels of land situate in the counties of Floyd and Letcher, state of Kentucky, with buildings thereon, to various purchasers, subject to the approval of the court. The terms of sale and properties being more particularly described in the petition, and it was ordered that said petition lie over to October 29, 1946, for exceptions.

GRASS IS ON THE MOVE

Out of the sandhills of Nebraska, up from the Corn Belt of New Mexico... all the way from the mountains to Texas, there's a flood of livestock on the move. Feeder cattle and hams raised in the great grass-growing regions of the United States are flowing into the feed lots of the nation. This movement reaches its peak each October, and its significance is of great economic importance to all of us in the livestock-meat industry.

These millions of head of feeder cattle and lambs are nothing more than grass turned into meat. True, these feeders will require a certain amount of grain to finish them on satisfactory meat animals. That's why they go into the feed lots. But were it not for these grazing animals, 779,000,000 acres of the land area of the United States would be idle, if not human food. In other words, 41% of the total land of our nation consists of grass land which cannot be used for producing other foods and feeds. Also taking into consideration the available land used to produce pasture, hay and other forage crops, approximately half of our land would produce no food of human value.

Of the total feeds consumed by beef cattle, 78.7% is grass, hay and dry roughages. With lambs it is 95.6%. These are official figures of the United States Department of Agriculture. Thus, the grain that goes into feeder cattle and lamb rations is but a relatively small part of the feed that makes our meat. A minimum of corn is needed to bring feeder steers from 700 to 1,000 pounds when the principal part of the ration is made up of fodder, corn silage, other available roughages and some concentrates.

In addition to utilizing grass which otherwise would be wasted, the production of livestock furnishes the nation with its finest nutritional food. In the great movement of meat from the Western range to the kitchen range, the stop-over in the feed lots increases the amount of meat. It also levels out the fall flood of livestock into a more even year-round marketing. Thus seasonal price fluctuations are not so marked. In the production of livestock, the majority of America's 6,000,000 farmers and ranchers find the chief means of marketing their grass and other home-grown foods.

MANY ACCIDENTS CAN BE PREVENTED

Every three minutes there is a farm or ranch accident. Unless 19,500 people may be killed in such accidents this year. Another 1,800,000 may be injured. We at Swift & Company want to help cut down this accident toll. That's why we print the pictures and the questions which follow. Little chances not taken, little repairs made, can prevent big accidents. Do you take...

I never handle animals without warning

I approach animals without warning

I am never careless around machinery

I sometimes take chances with machinery

SELECTING JUNIOR CLUB STEERS
by W. H. Peters
University of Minnesota

Every boy and girl who enters a junior feeding contest would like to become a champion. In selecting calves with this high aim in mind, the "factory prospect" must be a purebred or high-grade one of the recognized beef breeds, Short-horn, Hereford, or Angus.

The calf or weaner steer in thin condition must appear short in legs in proportion to his depth of body, or to put it the other way around, he must appear deep in body in proportion to his length of legs. He must then appear to be wide in his body and thickly covered with muscle, especially over the loin and down through the thighs.

The feeder calf should have a short neck and a short, broad head. He should appear moderately fine or small in the legs and head as an indication that he will fatten smoothly and show quality when fat. Large, coarse-appearing calves and small over-refined ones seldom develop into winners. Calves that appear nervous and easily excited or frightened should be avoided as they are likely to not do well and to be hard to train to lead.

Martha Logan's Recipe for DEEP DISH MEAT PIE

Yield 6 Servings

2 cups diced cooked meat
2 medium sized onions (beef and pork)
1 cup cooked diced potatoes
Salt, Pepper
2 tablespoons flour
1 cup cooked diced carrots
2 tablespoons lard

BISCUIT TOPPING

1/2 cup lard
2 cups sifted flour
2 teaspoons baking powder

Season meat. Drain in flour. Add minced onion and brown in hot fat. Add vegetables and hot water to cover. Drop in biscuits by cutting fat into flour sifted with baking powder and salt. Add enough milk to make a very soft dough. Drop by tablespoons on top of the meat mixture. Bake in hot oven (425°F) about 20 minutes or until the biscuits are well browned.

Control swine parasites and make more profit. Even fall pigs may be infested with internal parasites. Strict sanitation is the key to control. The following practices have been found effective: clean the farrowing pens and scrub with boiling lye water. Wash the sow and her belly before farrowing. If the pigs have been farrowed in permanent houses, haul them to clean pasture. Keep the pigs on pasture until fall weather sets in.

OUR CITY COUSIN

City Cousin dressed up slick, Wonders "Where a farmer's kick" He'll find out—mighty quick.

Marketing Dairy and Poultry Products. The same nationwide facilities which are used to distribute most are ideal for the distribution of dairy and poultry products. All these products are perishable and require refrigeration. Many consumers buy their butter, eggs, poultry and meats from the same store. So, as you can see, it is more economical to have one Swift & Company salesman who sells 16 or more products than the same store. So, as you know, your costs are reduced by having the same trucks deliver these products at the same time to the same dealer. By preparing, handling and selling dairy and poultry products, as well as meat, distribution costs are reduced on all these foods. Our objective is to provide other outlets for the products of America's farms and ranches. We have a booklet entitled "Dairy and Poultry Products" which we will gladly send you. Just write to Swift & Company, Department A-5, Chicago 9, Illinois.

SUSTAINS BROKEN SHOULDER

Mrs. John Hale, of Third avenue, is suffering from a broken shoulder sustained in a fall at her home last Thursday. The shoulder has been placed in a cast and will have to remain so for three weeks.

Mrs. Mary D. Allen and Mrs. G. E. Allen are attending the races in Lexington this week and visiting with Mrs. Allen's sister, Mrs. Maude Cope. Harlan county 4-H clubs have as their slogan, "A never crop for every place in a cast and will have to remain so for three weeks."

TO OUR CUSTOMERS

Due to motor trouble, we will not be able to give regular deliveries this week. This service will be resumed on or about Oct. 21.

Garrett, Ky.

TEAMWORK

While we were preparing the "Grass is on the Move" article for this page, a cattleman friend from one of the western range states called to see me. I told him about the article. "It points out," I said, "that lots of food for humans is produced from areas that otherwise would be wasted land if it were not for meat animals."

He said, "That's good! There are always misguided people who complain that it's a waste to feed corn and other grains to livestock. They say people ought to eat the grain, instead of turning it into meat. They forget that most of that meat is made of grass, hay and other roughage that people can't eat."

"Another thing too many people forget," he went on, "is the important job our meat packers do in getting meat to the people who want it. I understand that meat travels an average of more than 1,000 miles from producers to consumers. That must be so because we fellows west of the Mississippi raise two-thirds of the livestock. But two-thirds of the meat is eaten east of the Mississippi, where most of the people live. In a way, we who raise and finish the animals are like manufacturers. And you are our sales and distributing departments. Believe me, we need an organization that covers the nation to get our product into every market in this big country. It seems to me that you and we are in this business together, and neither could get along without the other."

It seems to me that he's right! F. M. Simpson,
Agricultural Research Department

BETSY LAYNE

The Betty Layne Woman's Club met October 10 at the home of Mrs. Jack Williams, with Mrs. Glenn Blackburn presiding. Mrs. Catherine Blackburn had charge of the program. The topic, Peace Service, was discussed with great interest by Mrs. Glenn Blackburn, Mrs. T. J. Chandler and Mrs. Angeline George. After the business session refreshments were served to Mrs. Glenn Blackburn, Mrs. Clyde Blackburn, Mrs. James George, Mrs. Carl Pfeiffer, Mrs. Irene Robertson, Mrs. Lou Roberts, Mrs. T. J. Chandler, Mrs. Alice Davis.

RUPTURE SHEILD EXPERT HERE

H. M. SHEVIAN, widely known expert of Chicago, will personally be at the Henry Clay Hotel, Ashland, Sunday and Monday only, October 27 and 28, 9 a.m. to 4 p.m. Mr. Shevian says the Zoetic shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts, and thereby close the opening in ten days on the average. It is a scientific method of heavy lifting, straining or any position the back may assume. A nationally known scientific method. No under wraps or cumbersome arrangements and absolutely no medicines or special treatments. Mr. Shevian will be glad to demonstrate without charge. 6229 N. Arden Ave., Chicago 41. Large industrial hernia or rupture following surgical operation especially selected.

To The Voters of School Division 2:

From MRS. EDGAR R. MAY (WILMA G. MAY)

The first platform ever offered in Floyd County for school board candidates is to so force other candidates out of office and include parts of mine in theirs.

I FAVOR:

Higher pay for teachers, a broader high school curriculum (Mr. Hall's candidates claim), public school meals and physical education in all consolidated schools, school lunch rooms where possible, enforcing a rule requiring prescient teachers to advise parents of their children's progress on the basis of qualifications rather than on the basis of grades. Whether side admits this. Other policies kept regime in office. I favor giving the agencies for school magazines and books (not furnished) to some needy widow, instead of letting the county office sell them at cost.

Dr. Allen is for the \$150 school tax. Willard May is for a \$100 tax. I favor a 75c tax, while state per capita is not reduced. Floyd schools are the best in the county because of the 75c tax. It is not corruption and rigid economy practiced before someone asks what someone knows of such, permit me to say I had charge of all offices in the county eleven years ago. It employed more workers than that of the county superintendent now does. We operated on a strict budget and there were no impositions of grade.

Dr. Allen voted for three superintendents. I am for only one superintendent. Such reduction is possible if all employees give full-time service. It is not possible, when one member averages one day of work monthly in the school office and devotes the remainder of his time in the field. Do you call that efficiency and economic administration?

My record shows consistency. Dr. Allen bought local talent for years. He has family needed jobs. Then he was strong for it. Floyd now has a county-wide school tax, but for years Northern was exempt for judicial reasons, while sending pupils to Maytown whose district should have been retained to include all the territory served. I believe in democracy for all, and with parents about the injustice done when children from homes with full are shown parity. We believe in practicing the American way of life. No one tried to keep out of our service. He volunteered for the air corps. Enough said. I have no relatives of mine want either job or grade of any kind. I favor letting every school buy its supplies from local stores. As one time a clerk at school Dr. Allen or his wife owned stock received the bulk of school hardware (as shown in annual reports of the board). If Willard May is elected will school hardware be sold to his supplier or will he affirm his stand for the father's treatment to bill Law No. 180-80 roads. No individual shall be eligible for the County Board of Education who at the time of his election is directly or indirectly interested in the sale to him of books, stationery, supplies, equipment, or services for which school funds are expended. When this law is broken, it is for the benefit of some one's bank account.

Mr. Allen and Willard May are both wet. The public knows the parts they played in the recent campaign. It also knows I announced as a dry long before victory was

hoped for. This would not be mentioned but for the item in The Times last week saying Mrs. Glenn Savers, sister of assistant county superintendent, Henry Martin, had written Frankfort asking if the state prohibited a candidate from declaring himself as a dry. People appear to seek means to disqualify candidates who do not stand for their convictions regardless of whether it wins or loses. There is no such law. If someone fears the candidate might win, I will vote against any teacher known to drink. I will make an affidavit to this effect, and I do not care how many votes that costs me either.

Neither of my opponents has come out against vote-buying. The public knows votes are never bought wholesale fashion without the knowledge of the candidate, regardless of how much false swearing goes on in a contest suit!

I cannot afford expensive advertising and am so worn out from the dry campaign it will be impossible for me to see voters personally, as we have no car. But I do invite all school board candidates to appear with me in public and give our slugging in the dry campaign. I wish to say it was started orally by others, was okay if it will save them the money I will swear lies if necessary, hence no agency is responsible for this paper now!

I WILL NOT COME OFF. I WILL FIGHT CORRUPTION TO THE LIMIT. Watch The Times. It is the paper now!

LACKEY

Mrs. Scott Lafferty entertained with a birthday party in honor of her youngest daughter, Fannie Mae, at her home Oct. 9. Several were unable to attend but sent gifts. Games were played and the honoree was the recipient of many nice gifts. Refreshments were served to the following: Virginia Ann and Lurline Peterson, Mackey and Letitia Jo Bess, Jackie Randolph Wicker, Carol Doney, Ghena Ann Hamilton, William Ray Allen, Celia and Phyllis Bentley, Irene and Charles Thomas, Mrs. and Joan Beckwith, Bonnie Preston, Bobby Evelyn Moore, Shirley, Polly and Barton Boston, Rosalie and Shirley Hicks, Rita Marlene and Margie Napier, Sally Jo Conroy, Jackie Kay, Faye Beckwith, Dean and Paul Gene Martin, Betty and Mervyn, Betty Smith, Betty Jean Napier, Betty Jean Patton, Norman Nugent, Betty Smith, Shirley Bentley, Evelyn Hicks, Mr. and Mrs. Grady Crager, Fay Beckwith, Albert Nelson, Glenn Lafferty, Mrs. P. D. Lafferty, George E. Lafferty, Mrs. Woodrow Horn, Mrs. Laura Conroy and Mrs. Jack Wicker.

Martin-Murray Vows Said at Paintsville

Announcement is made of the marriage of Miss Virginia Ruth Martin, daughter of Mr. and Mrs. J. E. Martin of Garrett, Ky., to Mr. Norman Murray, son of Mr. and Mrs. Homer Murray, of Loumansville, Ky. The ceremony took place on October 2 at 4:30 p.m. at the First Methodist Church, Paintsville. The Rev. James E. Savage officiating. The bride wore an aqua dress with brown accessories and a corsage of pink roses. The bride and groom both are graduates of Garrett high school. Mrs. Murray has been employed in her father's dry cleaning plant at Current for the past year. The bridegroom served in the army for four years. He has been employed in New York since his discharge. Mr. and Mrs. Murray expect to reside in Current.

OCEANS OF HOT WATER

more than make shifts

THIS poised and gracious lady is typical of your own aplomb and assurance when you step into an electrically heated bath. Running up and down stairs to the tune of angry turmoil—either your own or the family's—when ice water runs out of the faucet marked "Hot," just isn't being done when you are the lucky owner of an Electric Water Heater.

And that isn't all... an Electric Water Heater is CLEAN... ADEQUATE... DEPENDABLE... SAFE. Right at hand there is ever ready for ordinary or emergency demands a constant supply of hot water at the correct temperature for your use.

If you haven't an Electric Water Heater now, plan to install one just as soon as possible.

Let Us Get It Straight, Mr. Palmer Hall

When you were Assistant Superintendent of Floyd county, and Town Hall was Superintendent, a delegation of Boscos attended a School Board meeting on Tuesday night. They presented a petition at that time asking for construction of a brick school building at Besco, Ky. Several of the delegates described the condition of the heating and gas heaters to the Superintendent and the School Board. Superintendent Tolson stated that the condition of the gas heaters, which were both defective and antiquated, had never been reported, although it had been reported several times to Mrs. Folle B. Hall in the fall of 1945, but no action was ever taken.

In the Floyd County Times dated March 7, 1946 an account of the delegation's appearance before the School Board was given. We can ask the editor of the Floyd County Times for a re-print of the article to refresh your memory. Mr. Hall also that of the Board of Education in case you have forgotten. In this article it is pointed out that the delegation it considered their duty to call attention to a better school, the Board promised to take out the gas heaters and the way or scheduled for construction of a new building.

At that time the buildings under construction or scheduled for construction, according to the same article, were those of Layne and Westbury, Luckey, and Melvin, a science building at Prestonsburg and brick gymnasiums at Martin and Wheelwright.

Now we tell then, and still do, that a warm school building at Besco was very important. We had that opportunity at Martin and Wheelwright. But we were willing to take our own statements. Mr. Hall, in the Floyd County Times dated Oct. 10, 1946 the promise was completely forgotten. You stated in your article that you stood for the Bosco tax rate that would provide five times the first year's construction of the new building, or advance payment as soon as possible at Besco, Layne, Westbury, Luckey, Melvin, Wheelwright, Martin and Westwood. Mr. Hall, according to the promise given the Bosco delegation March 7, 1946, by the Floyd county Board of Education, the Besco school was to come next after the Layne and Westbury schools. What is going to have to pay McDowell school as well?

Now we tell you of progress so far. The Besco school has been under construction for 22 years, with no gas heaters, and the building is in a state of decay. The financial condition of the Floyd County Board of Education has had would not have given any improvement that is visible in Floyd county? Why was all the money made in certain schools and none in others?

Did you know, Mr. Hall, that before the state abolished the consolidated tax we were paying a higher five or hundred, consolidated tax than our next door neighbor, Maytown? We had no high school and not even a decent grade school building. We are just a small part of the county. We know that. We did rather a Board Member for Superintendent, look after our interests. But we believe a fair-minded School Board and County Superintendent should have the same for the children anywhere else in the county. Let us say here and now, we are not anxious of the schools that do have good buildings. We only wish our children had the same. We do not mind paying the taxes, but we would like for our children to benefit by the taxes we pay. Everyone is invited to come and

see the building that represents our taxes. In order to make our case clear, and so there will be no doubt in anyone's mind concerning the issue, we are giving this explanation to the citizens of Floyd county so that they can judge whether you have treated us fairly or not. We don't hold you responsible for what Town Hall did or failed to do, when he was County Superintendent, but we do hold you responsible for your own actions. You knew as well or a little better than anyone else the condition of the Besco school. YOU yourself were sent to Besco to determine the repairs that were necessary. Our principal objections were the old, dangerous, leaky, dilapidated gas heaters, and the openness of the building, as the ceiling that lines the rooms is drawn apart, as you would expect after 22 years. Not one heater is safe and yet you ordered two heaters for five rooms and anyone could tell that it would take two heaters to every room to warm it to room temperature as the heat is continually being lost through the cracks in the walls. You evidently had the inside of the building outside be painted. DID YOU THINK PAINT MADE A BUILDING WARM, MR. HALL?

Whose job is it to inspect the Besco school? It would be considered as a fire trap if it were properly inspected. How would you like to send your child to a school building with heaters like we have and a frame building built 22 years ago? We have no fire-fighting equipment. It's doubtful if one out of ten would escape. Our children have

gone to school for years with the threat of fire hanging over the parents' heads at least four or five months out of the year. You have shown us, Mr. Hall, that you, too, can forget Besco, and a promise made in good faith. Will you please for our children's sake tell us to whom we can appeal? Our appeals have fallen on deaf ears. We cannot wait until June 30, 1946 for something to be done. It might be too late. One time a rubber hose used to connect one of the gas heaters was blown off and the gas caught fire and had not Will Boggs, of Garrett, who works for the gas company, luckily been on the premises there might have been a catastrophe. Do you wonder that we worry? How would you like to sit in an unheated room all day. Mr. Hall, when you have to wear your overcoat to keep warm five days out of the week, four months out of the year? That is what the pupils and teachers of Besco have done for several years. They have coughs continually, some contract pneumonia, others have had frost-bitten feet. Why don't you visit Besco school the first day you are free after freezing weather, take off your overcoat and stay awhile? You will see the children huddled around the heaters, wearing their outer clothing and still unable to keep warm. Can a teacher do justice to the pupils under conditions such as this?

You are hitting us in our most vital spot, Mr. Hall--our children, their health and education. What would you do, Mr. Hall, if you were a citizen of Besco and had to send a child to a school like ours? THE MOTHERS OF BOSCO (Advertisement)

BETSY LAYNE Annual memorial services on the Lee cemetery were held Oct. 6 by the Rev. Isaac Stratton. The Women's Society of Christian Service held its October meeting at the home of Mrs. E. R. Williamson, with the president leading the devotional program. A business session followed, including a report by some of how each member had used her allotment of \$1 to make other money for the new church. The poems prepared very entertaining and the results of the "talent" plan netted approximately \$80. New money-raising plans were discussed, at which the hostess served refreshments and a pleasant social hour was enjoyed. The Rev. and Mrs. W. F. Binney and children left Saturday to attend the funeral of a friend in Indiana. Before returning they will attend the wedding of Rev. Binney's brother and visit with other relatives and friends. Beckham Caldwell, Jr., who recently underwent an appendectomy at the Pikeville hospital, is recuperating at the home of his parents. Coach Charles Spears and the Bobcats have started their fall basketball practice and the first game is scheduled for Nov. 1. Among the community boys who have recently enlisted in army service are: Len Edward Roberts, Charles Walters, Rome Fannin, Jr., Billy Bailey and Ray Calvin Davis. McKinley Hunter returned home last week after spending several months in Germany. He plans to enter Pikeville College the second semester to begin his pre-medical course. Mrs. Wm. Stevens spent last week-end in Ashland. While there, they attended a youth revival. Progress on the building of the Church of Christ and the Methodist church is reported by those who are directing the work.

MASS OBSERVANCES The Rev. Joseph Wimmers, of Paintsville, celebrates mass at the following places and dates in the county: 1. announced: First Sunday, Prestonsburg, 8:30 o'clock; second Sunday, Martin, 8:30 o'clock; Wayland, 10:30 o'clock; third Sunday, Wheelwright, 8:30 o'clock; fourth Sunday, 10:30 o'clock; fifth Sunday, in Prestonsburg, 10:30 o'clock.

MARTIN Mrs. Della Owens and Mrs. John Turnley were business visitors in Lexington recently. While there they visited their nephew, Leon Hayes, who is a hospital patient. Mr. and Mrs. John Brumham, of near Allen, visited their aunt, Mrs. Lizzie Hill, this week. Bill Reynolds, who is employed in Charleston, W. Va., spent the week-end at home. Mr. and Mrs. Everett Ratliff attended the fish fry at Allen recently. Jimmy and Hanson Vincent of Huntington, W. Va., spent last week-end visiting their grandparents, Mr. and Mrs. Wm. Reynolds. Mrs. Frank Meade and daughter, of Wheelwright, visited her sister, Mrs. Bill Price, here recently. Mr. and Mrs. G. B. Conley and children of Ashland, have been visiting his parents, Mr. and Mrs. Kelly Conley. Little Sandra Marrs of Paintsville, recently visited her grandparents, Mr. and Mrs. Dave Marrs. Kelly Conley left Sunday for the C. & O. hospital in Huntington, W. Va., where he will take treatment. Leonard Puck of Garrett, visited his father, Dock Puck, here recently. Mr. and Mrs. Kelly Conley, of near River recently. Mrs. John Butler visited her mother-in-law, Mrs. James Blitter, in Pikeville recently.

SHOWER FOR MRS. HOLBROOK A miscellaneous shower was enjoyed Sunday evening by a group of friends and relatives of Mrs. Phil Holbrook, who is recovering from a recent operation. Mrs. Mary Smiley, daughter of Mr. and Mrs. I. A. Smiley, of Friend street, at 8 o'clock the hostess, Madeline John, Hemlock, V. A. Smiley, J. Y. Goble, Mrs. Holbrook and Greenville Spradlin, received about 50 guests at the Axter hotel. The gifts received by Mrs. Holbrook were attractively displayed on long tables in the dining room where refreshments were served from an attractive table. A miniature bride and groom accompanied by silver candelabra, holding white candles, were placed under a tall decorated paper basket which held multi-colored fall flowers. A music program was enjoyed, with Miss Minerva Friend at the piano.

ALLEN Mrs. G. L. Gray attended the district missionary and stewardship meeting at the First Methodist Church, Paintsville, Monday, Sept. 24, presided over by Rev. Marshall of Martin, and the Rev. W. B. Boyd of Paintsville. The guest speaker was the Rev. Henry Wheeler, who is now on leave after 18 years a Methodist missionary in Africa, where he expects to return soon. Rev. Wheeler is one of the few white men to master the Swahili dialect of the East African Congo, and is editor and translator of a hymn book in that language. He is a native of Lashburn, W. Va., and received his college education at Ashbury College, Wilmore, Ky. He will visit several churches in Kentucky Sunday. Mrs. Fanny Smallwood of Bevsiville, was the Saturday night guest of Mr. and Mrs. Everett Tackett. Mrs. Maude Bord visited relatives in Shelby Sunday. Mrs. Carol Webb and daughter, Carol Jean, spent last week with relatives in Huntington, W. Va. Mrs. W. Rice and Mrs. Vernon Salisbury were shopping in Prestonsburg Saturday. P. W. Bobby Cecil Porter arrived here Sunday from his home in Md., where he received his discharge. He is visiting his parents, Mr. and Mrs. Oliver Porter. Mrs. Jerry Lucas, of Shelby, and Mrs. Adrian Kenney of Clarksville, visited Mr. and Mrs. Don Boyd Sunday. Mr. and Mrs. Clarence Salpers and sons, Carl and Edsel, spent last week-end in Louisville. Misses Malinda and Josep Laferty were business visitors to Pikeville the Rev. and Mrs. Flood Lafayette. Mr. and Mrs. Don Westfall and children, Mary and Tommy, spent the week-end in West Virginia. Mrs. J. J. Gibson, Mr. and Mrs. J. C. Kindred were business visitors to Pikeville Friday afternoon. Mr. and Mrs. Kindred left Saturday for Illinois, where they will make their home. Mr. and Mrs. Dave Morgan Flannery spent the week-end with relatives at Van Lear. Mr. and Mrs. Howard Moore spent last week in Cincinnati. Mrs. Howard Moore and daughter, Nancy, of Louisville, spent the week-end here with Mr. and Mrs. Frank Preston. Mr. and Mrs. Palmer Crisp were visiting on Salt Creek Friday afternoon. They had as guests Saturday night Sam Leslie of Emma, and Miss Grace Garrett, of Cold Creek.

PASS 3-MILLION MARK Commonwealth Life, with local offices here under the management of Claiborne Siebenius, reached and passed \$300,000,000 of insurance force on Oct. 6. In a special announcement from Moron Boyd, president, the company stated it is a 47-year history, pointing out that it achieved \$200 million in force in its first 22 years of existence. The second \$100 million in force in 16 more years, and piled up the third \$100 million in less than four years.

Garrett—Mr. and Mrs. Milton Trusty, Jr., of Garrett, are announcing the arrival of their first child, a daughter, born at the Bessey Valley hospital Friday, Oct. 4. The baby has been christened Deborah Ann. The mother is the former Miss Florence Baar. Mr. and Mrs. Henry Matshausand, of Louis. Mo., stopped here Tuesday, en route home from Atlanta, Ga., and Asheville, N. C., and visited Mrs. E. H. Sowers and Mrs. and Mrs. Jo M. Davidson. Friends of Mrs. Matshausand will remember her as the former Miss Florence Baar.

most important of all cars to you are. THE CAR YOU'RE DRIVING NOW

KEEP IT WELL SERVICED by bringing it to our modern Chevrolet Service Headquarters at regular intervals, and gain these practical advantages: (1) safeguard your present transportation; (2) avoid the major breakdowns which so often hit old cars in cold weather; (3) save money by preventing serious troubles and repair bills; and (4) maintain the resale value of your car. Remember—we're members of America's foremost automotive service organization; and motorist after motorist will tell you, OUR CAR-SERVICE IS YOUR BEST CAR-SAVER. Come in—today!

Mrs. Sam Wells was returned to her home here Monday from the Paintsville hospital where she recently obtained to a major operation. As she left the hospital her daughter, Mrs. Cass Winters, of Prestonsburg, was admitted for an operation.

From where I sit... by Joe Marsh Bert Childers and the Melon Patch Naturally it puzzled some folks... but Bert explains: "It gives me a little to have things when I can afford to—whether it's the money, or the honor, or both. I don't mind it. I like to indulge a little."

They Live—If You Remember Few things are more precious than the memory of loved ones who have gone. Grace and dignity should be the keynote of the final rites. To neglect this means years of bitter memories and regrets. At our home you are sure of completeness in every detail and at prices well within reasonable limits. E. J. Arnold FUNERAL DIRECTOR Day phone: 4181—Night: 3841—or 6831-6011 PRESTONSBURG, KY.

REST ASSURED THAT WE'LL MAKE DELIVERY of your new Chevrolet just as quickly as we can, although it's impossible to give accurate estimates of delivery dates. We're getting our fair share of Chevrolet's current output, but production is still running far below normal, even though Chevrolet built more cars and trucks than any other manufacturer during the third quarter of 1946. Meanwhile, our sincere thanks to you for waiting for delivery—and our assurance that your patience will be well rewarded when you take possession of this car, giving BIG-CAR QUALITY AT LOWEST COST!

RETURNS FROM HOSPITAL Mrs. W. B. Boyd returned home Tuesday from St. Mary's hospital, Huntington, where she recently underwent an operation. Mrs. Boyd for a time was actually ill following the operation but is now rapidly recovering.

"I would like to tell you why Increased Rates on Telephones are Necessary"

Today, more than ever before, Kentucky needs adequate, dependable telephone service, and it is our purpose to provide it. We are now furnishing more service to Kentuckians than at any other time in our history.

Both local and long distance calls have reached an all time high for this state and more and more people want telephones. Since the first of the year, we have installed 40,000 new telephones. But we still have 23,000 orders on hand. Our study of the state's growth indicates that the demand for more service from present as well as new customers will continue to increase.

In order to keep up, we must enlarge our facilities and hire more people, regardless of the fact that construction costs and wages have risen tremendously.

The cost of erecting buildings is up 75 to 100 per cent. The overall cost of providing telephone facilities is up 45 to 60 per cent, and telephone materials 15 to 25 per cent.

Total payroll costs have increased 202 per cent since 1939. Wage rates in Kentucky have been raised during the past 18 months by \$2,162,573 on an annual basis. This is in keeping with national policies and trends and to assure competent personnel to provide adequate service. We now have 4,000 Southern Bell people in Kentucky. Wages account for about two-thirds of our operating costs.

Although the cost of everything we do to provide service keeps going up, your telephone rates generally are lower today than 15 or more years ago. Because of this, the amount of money we are paying out is increasing faster than the amount we are taking in, despite a record volume of business. Since 1939, the costs of providing service in Kentucky have climbed 118 per cent, while revenues have increased only 88 per cent.

The rapid advance of costs in comparison with revenues has caused our rate of earnings to go down. In 1939, the

Company was earning 4.40 per cent on the amount of money invested in the state. Today our earning rate is only 1.83 per cent. This rate reflects the latest wage increases and does not include any possible tax refund that may be available this year only on 1944 federal income taxes. Southern Bell's earnings are today the lowest in history.

Nevertheless, the Company is going ahead with a huge expansion program. We are preparing to spend about \$35,000,000 in the next five years on construction work to improve and expand telephone service in Kentucky. We must proceed with this construction work, despite high costs, in order to meet demands for service.

We need improved earnings if we are to meet the increased costs of providing service and if we are to obtain, on reasonable terms, the capital funds necessary to improve and expand our service.

That is the reason we have asked authority to raise rates for local service and to charge 5 cents more on most long distance calls within the state.

Current costs indicate a need for greater increases in rates than we are asking. But we hope our operating experience under the new rates will prove them sufficient. The increased income under the new rates would amount to only 11 per cent of our total Kentucky revenues. In face of the continuously rising costs of providing service, this is moderate.

Kentucky is now in a period of its greatest growth and expansion, a growth that will bring the state more prosperity than it has ever known. Good and effective telephone service is essential to this progress and the Telephone Company must be in a position to supply it. We believe, therefore, that our request for increased rates is sound and in the public interest.

J. M. McAlister
Kentucky Manager

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY INCORPORATED

The Kentucky Public Service Commission will hold a hearing at Frankfort, Ky., November 7 on the Company's application for increased rates.

NOTICE

THE CHESAPEAKE AND OHIO RAILWAY COMPANY hereby gives notice that on the 28th day of August, 1946, it filed with the Interstate Commerce Commission at Washington, D. C., an application for a certificate of public convenience and necessity authorizing the construction of an extension of the Elkhorn and Beaver Valley Sub-Division from Wayland in a southerly direction up Right Fork of Beaver Creek to the mouth of Isaac Fork, thence up Isaac Fork to Beaver Gap, then through Beaver Gap and down Mill Creek to its confluence with Rockhouse Creek, thence down Rockhouse Creek, and thence up sap to Indian Creek, and thence up Indian Creek to the end of the line near the forks of Indian Creek, a distance of approximately 25 miles all in Floyd, Knott and Letcher counties, Kentucky. Finance Docket No. 1544.

THE CHESAPEAKE AND OHIO RAILWAY COMPANY.

MORE TRUTH ABOUT FLOYD SCHOOLS

On Nov. 5, 1946, the voters of Education Division No. 1 and No. 2 will go to the polls to decide an issue, that is, to decide whether or not the future of education in Floyd county shall continue under Town Hall and others or change for a new deal under Joe Wheeler Burchett and Willard May.

It seems that the present superintendents are very perturbed and irritated because they have opposition in this race. It seems that they have forgotten that a democracy gives the right to hold free elections, granting those who are qualified the right to compete for the offices as selected and voted by the voters. In Floyd county there are many men and women who have equal or superior qualifications to those held by Town, Palmer or Boogie. For example, consider the qualifications of any of the following men: (1) MON-ROE WICKER A.B. M.A.—17 years' experience as principal of Floyd county high schools; (2) CHALMER FRAZIER, A.B., M.A., 10 years' experience; CLAUDE MAY, A.B., 15 years' experience in Floyd county schools; (4) BOB SHEPHERD, B.S., eight years' ex-

perience; (5) GEORGE L. MOORE, A.B., M.A., his experience in Floyd county schools is well known to everyone.

Good people of Floyd county, lest we forget, I want briefly to give you a historical sketch of the present administration for the past 11 years, considering, of course, their administration as superintendents. To begin a new board was elected in 1936, and Palmer Hall was selected as superintendent, then in 1937 after Town Hall had completed his law study at the University of Kentucky, Palmer was demoted and Town became superintendent of schools, serving until 1944; at which time Hollie B. (Town's wife) was given a contract, until 1945, on which date our present superintendent was hired. By observing, it is easy to see that Town has served, and served until July 15, 1916, on which date our present superintendent was hired. By observing, it is easy to see that Town has served, and served until July 15, 1916, on which date our present superintendent was hired. By observing, it is easy to see that Town has served, and served until July 15, 1916, on which date our present superintendent was hired.

or Henry Martin? If favorites were being played I'd place my bet 10 to 1 on Boogie or Town.

Palmer would like to make many of us believe that he is and will be the Superintendent, that there are no strings attached to his contract, that he is free to act and do as Superintendent is supposed to do, that Town has no jurisdiction over his office.

Now, Palmer, I believe you to be an honest man and one who would like to do what is right, but, frankly, I don't see how you could have such ideas. It is obvious to me, and the voters, that your hands are tied, that you are only a figurehead, a temporary Superintendent, through which Town hopes to gain power once again. Didn't Town just place you in this office, thinking that you would be elected? He knew that he could not be on his own record. Was this one of his many political maneuvers not beyond an issue in this election, I'm sure that, if we were determined and counted them by number the greater number would favor Joe W. Burchett and Willard May. The veterans with whom I've associated since being discharged want no pity and desire to be treated as citizens should be treated. If it comes to our telling of our experiences in war, then I'm sure all of us could tell some interesting stories. As a Marine, I'm proud of my experience while in combat, but I'm trying to forget, because the beachheads at Iwo Jima, Ijebu, Eniwetok, Leyte and Mindoro were no place for a civilized man. It's something that should not be retold to our children nor brought before them to idolize or worship. One crack, though, Palmer, that you made, which I thought you above—to quote, "I sought no officer's commission—Navy or Marines, etc." Now may I ask you, is there anything wrong with wearing the uniform of an officer of the United States Army, Navy or Marines? Frankly, I'm proud of the fact that I enlisted as a private and worked up in the 43 months I spent in service to be discharged as a first lieutenant. You said, Palmer, that you didn't seek a commission, but did you at any time refuse a commission? Let's be honest, Palmer; aren't you just trying to get a few votes by playing up the time-worn subject of the "Caste System," which is now being done away with (in most cases) in the army?

Palmer asked if someone would give him and Harry May some advice on how to run the school bus garage more efficiently. Here are his, Palmer—just give Harry the authority to refuse to service any of the present administration's cars. Do you have the authority to do this? I'm sure this would please Harry because he's an honest man and one who likes to see the right thing done. By all

PUBLIC SERVICE OR AGGRESSION?

As a legal voter of Floyd county and a veteran of two years' combat experience in the war against German aggression, I would like to be called upon by the Floyd County Board of Education on a matter of importance to our county. I am who is PAYING THE EXPENSES OF THE NUMEROUS CAMPAIGN TRIPS MADE DAILY BY PARIS CONLEY, HENRY M A R T I N, BOBBER, TOWN, PALMER, AND ALL THE REST OF THE SUPERINTENDENTS AND SUPERVISORS? Is the taxpayers' money being used to assure continuance in office of the present regime? Is the taxpayers' money being used in accordance with Kentucky Common School Laws, 1946, by superintendents, supervisors, principals, attendance officers, and other regular public school employees on matters relating to the CONDITION, IMPROVEMENT OF THE SCHOOLS? The Kentucky School Law also states: "Attendance officers and assistant attendance officers shall be allowed their NECESSARY AND ALLEGEDLY REASONABLE TRAVEL EXPENSES incurred in the performance of their DUTY. DOES DUTY include campaign trips to our homes, and especially our SCHOOLS WHERE CLASSROOM WORK IS INTERRUPTED WHILE THE TEACHER OF "TRIDENT BELL" IS "PUT IN LINE" by "quilted" teachers who voted the "wrong way" by replacing incompetent teachers who voted the "right way"? Is the Board of Education and the present regime looking after our CHILDREN'S INTERESTS and that of the TAXPAYERS?
I agree with a recent statement made to the public I, too, would like to see our schools improved in the past? Who will replace these teachers who voted the "wrong way"? The teacher shortage in Kentucky is steadily growing worse, and teachers are indeed aware of this. Do not studies in twenty states show there are fifty-five per cent fewer teachers-in-training than five years ago? Not many months ago we returned to our homes victorious, but do not we as parents, teachers, and citizens need to fight a war against AGGRESSION HERE IN FLOYD COUNTY?
JOHN WALLEN
