Approved Facilities For Vets To Enlarge College Enrollment

The Federal Works Agency, at its Chicago office, has approved the following veterans' educational facilities for Pikeville College: Completion of the gymnasium building, including all necessary fixtures, furniture and equipment; a four-room classroom building back of the administration building, with all fixtures, furniture and equipment; outfitting of six counseling offices and the Business Education laboratory, with all additional fixtures and equipment for the chemistry laboratory.

President A. A. Page said that the new facilities will enable the college to enroll 425 students—130 more than the present enrollment.

Mrs. H. C. Francis, Mrs. A. J. Davidson, Mrs. E. P. Hill, Jr., and Mrs. J. R. Hart spent the day with Mrs. Richard Peiler Thursday on Riverside avenue.

NEWS FOR THE VETERAN

MONTHLY SURVEY OF VETS IN TRAINING

A month-to-month survey of veterans enrolled in educational and training institutions in the Branch area, was ordered this week by the Columbus Branch Office of the Veterans Administration in an effort to avert delays in payment of subsistence allowances.

During the first week of each month VA personnel will visit every educational and training institution in the Branch area, including colleges and universities to determine that veterans are receiving their subsistence allowances promptly. Veterans who fail to receive their subsistence checks will be able to report directly to the visiting VA personnel, and it will be unnecessary for them to enter into correspondence with VA.

Since cases of delay in subsistence payments are inevitable because of the tremendous volume of work which will result from the start of a new school term, veterans are advised to be in position to meet their personal financial obligations for at least 60 days after enrolling in an educational or training institution.

INSURANCE RACKET PLACES VETERANS

Veterans are warned to make a thorough investigation of a company to assist them with their insurance problems involving National Service Life Insurance. VA insurance officials at the Columbus, Ohio, Branch office advised this week.

VA suspects that the splendid work performed by insurance companies, but is concerned with the promotional efforts of a few unscrupulous parties who have made unfounded claims as to the eventual worth of GI insurance—charging a nominal fee for the service. The Veterans Administration sanctions no plan whereby veterans are charged for information relative to their GI insurance, and further, states that parties operating such schemes are liable to federal prosecution.

VA DISTINGUISHES BETWEEN PUBLIC LAWS 16 AND 346

Seeking to clarify any misunderstanding concerning the intent and purpose of Public Laws 16 and 346, Veterans Administration officials at the Columbus, Ohio, Branch office for Ohio, Michigan and Kentucky this week explained the principal differences between the two laws.

VA officials emphasized that Public Law 16 is the Vocational Rehabilitation Act, which provides for the rehabilitation of disabled veterans. Its purpose is to restore a veteran's employability which was lost due to a disability incurred in, or aggravated by, active service in the armed forces. Disabled veterans and the educational or on-the-job training agencies where they are enrolled are supervised by VA.

Under Public Law 346, which is the Servicemen's Readjustment Act, or G.I. Bill, benefits are provided for disabled veterans regardless of any disability. These benefits include

education and training, loan guarantees, readjustment allowances and employment assistance. VA supervises only the veteran in education or training under this law and not the education or training agencies, which are under state supervision. Disabled veterans are entitled to benefits under both Public Laws 16 and 346, but disabled veterans are not eligible for training under Public Law 16.

VA MEDICAL STAFF INCREASES 100 PCT

Figures released from the Veterans Administration Branch office, Columbus, Ohio, revealed the addition of 608 doctors, dentists and nurses to the nine VA hospitals in Ohio, Michigan and Kentucky during the six-month period ending Sept. 1, accounting for a 100 per cent increase in the urgently needed medical staff.

Of this total, 231 were assigned to VA hospitals in Kentucky, 230 in Ohio and 147 in Michigan. With additional medical personnel still needed in branch hospitals, interested applicants should communicate with the nearest VA hospital or with the branch office, 52 South Starling St., Columbus, Ohio.

VA ATHLETIC PROGRAMS POSTPONED IN HOSPITALS

Award of the Rotating Athletics Trophy, marking the completion of the first quarter of an extensive sports program first inaugurated within VA hospitals in Ohio, Michigan and Kentucky, was announced this week by the Veterans Administration Columbus, Ohio, Branch office.

Winner of the summer sports quarter was VA Lexington hospital, followed by VA Dayton hospital with the three-state area. To be awarded at the close of each seasonal sports season, the trophy goes to that hospital having the highest percentage of sports participation among its patients.

Another sports innovation was the telegraphic track meet held between Branch 6 hospitals, with VA Chillioup hospital the winner. Results of the six-event meet, first of its kind held among VA hospitals, were relayed to the Branch 6 office, where Special Service officials computed the scoring.

Long recognized as a leading method of physical therapy, the sports program doubles as a gym and body builder among the 7,200 veterans patients in the nine Branch 6 hospitals.

VETS' ADVANTAGE IN PAID-UP INSURANCE

Insurance minded veterans can save many dollars by investing in a paid-up insurance policy under the insurance policy, according to VA Branch Office for Ohio, Michigan and Kentucky.

This is advisable only in cases where the veteran wants to get their policy paid up during the period of life when they are most likely to be in the highest productive level. This plan has become increasingly important under the new N.S.L.I. which includes three dividend policies.

The veteran receives a 3 per cent discount of premiums paid in advance, and in the event of his death prior to the paid-up date, all premiums in excess of that date are returned. This procedure is favored over back-dating the policy to its issue date.

Otherwise, VA officials advise veterans to hold on to their insurance until they know what their income is going to be and whether endorsements, 20-pay life, 30-pay life, or ordinary life would best suit their requirements.

VETS CAUTIONED ON USE OF G.I. LOANS

World War II veterans have until 10 years after termination of the war in which to use their guarantee benefits, so they should exercise extreme caution in purchasing property at current high-level prices. Veterans Administration officials advised this week at the Columbus, Ohio, branch office.

Pointing out that under existing real estate conditions the sale price often exceeds the purchase price, VA officials warned veterans to look ahead, as present high-level prices might lead to financial chaos in later years. This is especially true for those veterans who violate the G.I. Bill and pay "under-the-table" when the sale price is lowered to meet the approval price. The loan guarantee benefit is a one-time deal, and the veteran who sells his loan privilege or uses it for speculation, loses one of the most valuable benefits earned by his army service.

DEATH CLAIM FILES IN BRANCH OFFICE

Over 50,000 files involving death claims have been transferred from the VA regional offices in the three states to the Columbus branch office. Cases formerly handled in Washington are being transferred to Columbus at the rate of 2,700 monthly, this plan to continue thru next December.

Upon completion of the decennial review conducted by the VA, the VA will be able to transfer to 15 counties in the state. Mrs. C. D. Wells, Ft. Worth, Texas, is one of the VA's new county agents.

travelling plan, all death compensation claims, as well as claims for reimbursement for burial expenses and claims for payment of accrued benefits, will be processed in Columbus.

The transfer includes all claims for death compensation resulting from the death of World War I and II veterans in cases where government insurance is not a factor. Eventually, the Columbus branch office will handle claims in which insurance is involved.

QUESTIONS AND ANSWERS

Q. May I make larger payments on my G.I. loan than my regular installments when I am able?

A. Yes. You have the right to repay at any time without premium or fee for the entire indebtedness or any part of your loan, but not less than the amount of one installment or \$100, which is less.

Q. When and how are readjustment allowance payments made to unemployed and partially unemployed veterans?

A. Readjustment allowance payments are figured on a weekly basis and in most states payments are issued weekly. The practice may vary in some states and allowance for two or more weeks be included in one payment.

Q. I am an honorably discharged veteran. How can I get a Certificate of Eligibility for a loan?

A. Under the amendments to the Servicemen's Readjustment Act (G.I. Bill), an honorable discharge shall be a discharge under both chapters. Any veteran who does not have a discharge certificate, or who receives a discharge other than honorable, may apply to the Administrator of Veterans' Affairs for a Certificate of Eligibility.

Q. I am a widow of a World War I veteran and have been receiving insurance payments in monthly installments. May I now change and receive a lump-sum settlement?

A. No. Lump-sum cash settlement can be elected only by the insured on death claim occurring on or after the date of the enactment of the Insurance Act of 1946.

Q. I have been receiving educational allowance. Will this continue from taking an additional course or on-the-job training and receive subsistence allowance at some future date?

A. No. Receipt of readjustment or unemployment allowance does not take away any of the benefits provided by the G.I. Bill. However, a veteran cannot receive subsistence and readjustment allowance at the same time.

Q. Can a veteran pay his National Service Life Insurance policy with deductions from his compensation, retirement pay, or his pension?

A. Yes, the veteran may authorize the monthly deduction of his insurance premiums from his compensation, his retirement pay, or his pension.

Q. Is a partially employed veteran carried on the unemployment allowance roll for a longer period than the unemployed veteran because of his smaller readjustment?

A. Each time a veteran receives a weekly allowance, regardless of the dollar amount of the payment, he has used up one week of the limited number of allowances to which he may be entitled.

CURING PORK IS RACE WITH GERMS

A U. S. Department of Agriculture booklet called "Curing Pork Cans Style" states that it is a race between the growth of spoilage germs in fresh pork and the penetration of the preserving salt. To give salt time to penetrate the meat, bones and joints, chill fresh pork promptly and keep it cold—38 to 40 degrees—during the curing period.

"If the farm meat often has to be cured at temperatures above 50 degrees. Under these conditions families speak up with penetration by salt."

"(1) Salting rapidly and spreading the fresh, warm cure. Never pile warm meat or blanch it with salt."

"(2) Poking salt into the joints."

"(3) Pumping ice-chilled brine into the meat."

"(4) Bouncing or slicing the cuts into smaller, more quickly salted pieces."

"All these methods help and may save the meat, but none are so satisfactory as curing at the proper temperature—38 to 40 degrees."

"If curing temperatures drop below freezing for several days, add same number of days to curing time. Temperatures below 36 degrees slow down curing."

"Frozen meat is difficult to handle. If fresh meat freezes, thaw it in cold water or in cold brine before putting it in cure."

Copies of this leaflet filled with practical suggestions on curing pork may be had at offices of county agents, home demonstration agents from the University of Kentucky College of Agriculture and Home Economics at Lexington.

To Be Here Tuesday

A representative from the Social Security office in Ashland will be at the Prestonsburg postoffice Tuesday, Nov. 12, at 2 p.m. Horace J. Godbey, office manager, said this week, urging all workers covered by the Social Security Act to see the Social Security representative when they reach age 65, regardless of whether they will retire at that time. Families of workers who have died should inquire about death benefits and families of World War II veterans who died after discharge from the armed forces should consult the Social Security representative about the provisions made by the recent act. Veterans to the law to cover such veterans even though they had not worked in private employment or had a social security card, he added.

If Isabella had ice cubes...

Christopher Columbus would never have discovered America!

Isabella, Queen of Spain, had caskets full of jewels. She had velvet robes and silken gowns and handsome hand-made shoes. But she had no electric refrigerator! So the jewels were pawned. Three little ships set out against the sea. And Columbus happened on America back in 1492.

Fantastic? Not really. In Isabella's day, they tried to keep food from spoiling by spices brought overland at great expense from India. Columbus believed he could reach the Indies by sailing westward to the unknown Atlantic. The rest is in history books.

Poor Isabella, with all her clumsy luxuries, never dreamed of ice cubes—nor any of the miracles of modern electric lighting!

Though electricity plays such a great part in today's comforts and conveniences—you're scarcely conscious of electric service. That's because it's always on hand—all you want—at little cost.

A Way To Atonement

The deep interest expressed in Floyd county's schools during the recent School Board campaign could be carried on past the election, minus the bitterness of those interested, the schools of the county would profit immeasurably, regardless of who won at the polls. But election enthusiasm cannot reasonably be expected to survive the voting and the counting. The battle won or lost, then a few days matters settle back to normal, the school people go ahead with their work and the voters forget all those "momentous" issues for which they battled so vigorously.

It Is Not Lost—But It Could Be

It is not lost, regardless of the headlines in your newspaper. The world, even this better part of the world, is in a state of unrest. Peace often seems impossible. There are some among us who would change our form of government. But these disturbing notes in our nation's life have been heard before. Go into any library or daily newspaper and glance over the headlines at scattered the days of old folks, just after World War I. Here are a few of the 1919-20 era:

"Conspiracy to Blow Up Federal Building." "Attempt To Blow Up Plant." "News Staggered, Police Subdued." "Midnight Bombs for Officials." "War Department Criticized for Offering \$1,000,000 Worth of Bonds for Sale at Auction." ... And so on, over a familiar ground.

Headlines come and go, but the Republic will stand as long as its citizens have faith and are willing to fight for it. Politicians may tell you that the opposition will lead to disaster, but politicians can do nothing but follow the lead of the people.

The doctrine of a free country and a free people, once laid to the sword, and others, needs to be preached more widely. Especially in view of the open threat of a crack-pot such as Homer L. Loomis, Jr., leader of the Columbians, and the Georgia gang which, right now, is out-doing the Klan in its acts and

teachings of un-Americanism, and boldly declaring one of its aims to be that of overthrow of the government.

And probably more especially in view of such teachings as this:
"THE ABOLITION OF INHERITANCE"—Our goal, then, is equality of opportunity such as we have just described. The first move in this direction, we believe, would be the adoption of a thoroughgoing federal estate tax which will prevent the piling up of wealth for the use of individuals, and will insure its expenditure in the interests of all. If this tax is to do its full share in reducing inequalities, it must take a very large proportion of a man's estate upon his death, leaving for the heirs (apart from a modest provision for direct dependents) little more than mere keepsakes, which are valued chiefly for sentimental reasons.

"This arrangement would take from the children of the wealthy the advantage they now enjoy through inheritance of property which places them economically far in advance of those who have not chosen their parents so shrewdly. There is much to be said for shuffling the cards between deals, and for having all runners in a race start from the same point. It is equally important that contestants in the race of life should get an even start, insofar as the limitations of artificial obstacles is concerned. If inheritance of income-producing property were abolished, we should have at least a chance to judge fairly the qualities of the racers, a chance which is non-existent today under a system that often penalizes the weak and favors the strong. It is scarcely necessary to add that an estate tax, if it were not to be evaded, would have to be accompanied by a gift tax which would prevent the transfer of property in anticipation of death, or would at least tax such transfers at a high rate.

"INCREASES IN INCOME TAXES"—In addition to preventing the inequalities of one generation from being passed on to the next, something should be done to reduce inequalities even in the short run. It seems to us entirely fitting and proper that the wealthy—even though they have gained their wealth through their own efforts and not by inheritance—should be asked to pay a very large part of the running expenses of society. We propose, in this connection, a permanent extension of federal income taxes, with very considerable increases, in rates in the high-income brackets."

These quoted paragraphs—no, they are not from Ivesvita or Red Star or any other Soviet publication. They, believe it or not, are from Volume I, Chapter 28, page 321 of THE WAR DEPARTMENT EDUCATION MANUAL (EM 763)!

Thus it becomes evident that more of Americanism needs to be taught the military, one group in this country which could create a state of sudden crisis.

MASTER COMMISSIONER'S SALE

FLOYD CIRCUIT COURT

W. P. Mayo, Adm'r., Etc., Plaintiff
Vs.—NOTICE OF SALE
Wesley N. Martin, Etc., Defendant

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the October term, 1946, in the above-styled cause, I shall proceed to offer for sale at the courthouse door in Prestonsburg, Ky., on the following described property, to-wit:

Lying and being in the town of Allen, Floyd county, Ky., first tract, beginning on the corner of Lot No. 123, 124, 125, 126, 127, 128 and 129 of the T. A. Martin addition, thence with said alley to E. K. May's line; thence with said E. K. May's line to the line of Independent Order of Red Men; thence to the west corner of said Red Men's building; thence a straight line to within 40 feet of above mentioned alley; thence a parallel line with said alley to Main street; thence with said street 40 feet to said alley and the beginning.

Second tract: Being Lots Nos. 123, 124, 125, 126, 127, 128 and 129 of the T. A. Martin addition to the town of Allen, as shown and designated on the plat of said addition on file and of record in Deed Book No. 1000, page 1000, Floyd county record of deeds, and being part of the same property conveyed to grantor herein by Edithann Coal Corporation by deed dated, day of _____, 19____, and recorded in Deed Book No. _____, page _____, Floyd County record of deeds. The mineral, oil and gas rights in and under the above land have been heretofore sold and are not sold herein.

The purchaser will be required to make a deposit of \$100 cash at the time of sale. For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 4th day of November 1946.

J. B. CLARKE,
Master Commissioner,
Floyd Circuit Court.
Cost of advertising \$15.75.

BETSY LAYNE

Parents, teachers and citizens gathered in the school auditorium, the third Tuesday of October, to organize the P-T-A for the current school year. The principal, D. W. Howard, presided while the following officers were elected: Abel Hall, president; Rev. C. H. Furman, vice-president; Fred George, secretary; and Mrs. T. J. Chandler, treasurer. It was announced that the officers would meet with Mr. Howard before the next regular meeting in October and appointing committees. Following the organization, an interesting program was presented by the eighth grade.

Mr. and Mrs. Ambrose Roper and children have been visiting relatives in Ohio for the past several days. The week of Prayer and self-denial was observed during the first day of October by the Woman's Society of Christian Service of the Methodist Church. Interesting studies of India and some of the Home Missions work were presented by some of the members, assisted by guest speakers.

Miss Betty Jo Spears spent last week-end in Lexington, visiting her sister, Madge, who is a student at the University of Kentucky. Mr. and Mrs. Gordon George and children of Puriton, W. Va., and Mrs. S. H. Boney of Lebanon, Tenn., were the Saturday night guests of Mr. and Mrs. Charles George.

Mr. and Mrs. Gene Stanley and daughter, Patty, of Grayson, visited Mrs. Stanley's mother, Mrs. T. K. Johnson, and relatives of Mr. Stanley last week-end. Now representing this community in the armed forces are Billy Bailey, Edly Phares, Ray Calvin Davis, James McClanahan, Rowe Parvin, J. Charles Walters, Joe Taylor, Ben Larne and Lon Edward Roberts.

The annual Halloween carnival sponsored by the school was held in the school gymnasium last Wednesday evening with the largest attendance in years. Homecoming attractions were featured, climaxed by the coronation of the royal family, consisting of Emma Lou Clark, queen, Randall Stratton, king, Patty Shelton, princess, and Larry West, prince.

The Bobcats will open the basketball season at their meet Monday night at the home of Mrs. S. H. Boney. All patrons are invited to attend and help start the season off.

The annual Homecoming meeting was held Oct. 24 in the Home Rooms of the school with several old and new members attending. The major project on cleaning sewing machines was presented by Margaret Keady, teacher. Mildred Davis and Anna Williamson, who had attended the machine clinic at the Home Rooms last week, presented the lesson. Miss Requa Kinser, a lesson on Planning and Preparing of Flowers for Winter was given by Mrs. T. J. Chandler, followed by a discussion of Arizona by the reading chairman. The meeting was dismissed by the president, Mrs. Charles George, with the announcement that the November meeting will be held at the school on the third Tuesday. The lesson will include the use of Machine Attachments.

TO THE PEOPLE OF FLOYD COUNTY:

The School Race is over. It has been fought on both sides. There are some things, no doubt, that both sides regret. We must frankly confess that the school program in both the county system and in the Prestonsburg system saw some interference. We feel, however, that there may be more advantages in the long run coming from the race. It is upholding democracy. The people have had a chance to express their sentiments. Now that they have spoken we feel that we know better the things they like and the things they dislike in a school program.

In behalf of Jimmy Greene and Dr. Allen and myself—since they were endorsing my administration—I wish to express sincere thanks for the vote of confidence in our ability and intention to carry on for the best interests of Floyd county's children. This is addressed to all the people of the county for the fact that it was actually a county-wide issue with only two divisions could actually vote.

Sincerely and educationally,
PALMER L. HALL, Supt.,
Floyd County Schools

College To Present Outstanding Artists

Two outstanding musicians have been signed up for the fall concert series at Pikeville College, President A. A. Page announced this week. Mona Bradford, contralto, made her debut with the Chicago Opera Company in 1940 when she was acclaimed by the critics for the beautiful quality of her voice and her musicianship. She has appeared in many scenic roles on the radio, in oratorio, and recently played the part of Siebel in Charles L. Wagner's production of Faust here. She will be given in Wickham Chapel on Tuesday evening, Nov. 19, at 8 o'clock.

The talented young violinist, Werner Gebauer, a protégé of Toscanini and Bruno Walter, who helped him come to this country from Nazi Germany in 1938. During the war he served in the U.S. army and with a touring USO company. His debut in Town Hall a year ago was hailed as the most important of the season. Mr. Gebauer will appear at Pikeville College Wednesday evening, December 11, at 8:15.

GIFT SUBSCRIPTIONS

We are taking Gift Subscriptions for Coronet and Reader's Digest for president of the Kindergarten department of the school. Rates: \$2.75 per year for first subscription; \$2.25 for each additional subscription. Phone 3921, City.

Mrs. J. M. Weddington and Mrs. Ireland Staten left Wednesday for Wichita, Kansas, for a visit with Mrs. Leta Grattan. Joe Campbell, of Owley county, gave one and a half acres of tobacco averaging more than seven feet in height and 22 leaves per plant.

Lexington, Ky., invites you to come and buy a home, farm or income property and live in the heart of the world.

Burke Gets First Truck Issued to Wounded Vet By Vets Administration
Paul Burke, of West Prestonsburg, a World War II veteran who lost his left leg in an Italian battle, received last Friday the Veterans Administration's first truck to be issued in Floyd county. This announcement was made by Estel L. McKinney, contact representative of the Veterans Administration here, who said that an automobile or other conveyance will be provided for each veteran in World War II who is entitled to compensation for the loss of or loss of use of one or both legs at or above the ankle. Burke, a technician fifth grade in the 472d infantry, was wounded March 6, 1945 near Bologna, Italy, while serving as first scout of his squad foraging ahead in an effort to locate enemy strong-points as he was making his way over the battlefield. His foot struck an enemy shoe mine. The resultant explosion cost him his left leg. His right leg was broken. Other amputee veterans who have not yet applied for an automobile or other conveyance were advised by McKinney to consult the Veterans Administration Contact Office at the U.S. Employment Service, Prestonsburg.

PORTRAIT OF A SCAB
By JACK LONDON
After God had finished the rattlesnake, the toad, the vampire, He had some awful substance left with which He made a scab.
A scab is a two-legged animal with a corkscrew soul, a water-logged brain, a combination backbone of jelly and glue. Where others have hearts, he carries a tumor of rotten principles.
When a scab comes down the street, men turn their backs and angels weep in heaven and the Devil shuts the gates of Hell to keep him out.
No man has a right to scab so long as there is a pool of water to drown his carcass in, or a rope long enough to hang his body with. Judas Iscariot was a gentleman compared with a scab. For betraying his master, he had character enough to hang himself. A scab has not.
Esau sold his birthright for a mess of pottage. Judas Iscariot sold his Savior for 30 pieces of silver. Benedict Arnold sold his country for a promise of a commission in the British army. The modern strikebreaker sells his birthright, his country, his wife, his children, and his fellowmen for an unfulfilled promise from his employer, trust or corporation.
Esau was a traitor to himself; Judas Iscariot was a traitor to his God; Benedict Arnold was a traitor to his country. A strikebreaker is a traitor to his God, his country, his wife, his family and his class.
A real man never becomes a strikebreaker.

Mrs. John G. Archer was hostess to the Cheshire Salisbury Circle of the Women's Missionary Union of the Baptist Church at its regular meeting Monday. The president, Mrs. Herbert Salisbury, presided. The society voted to share with the Julia Mayo May Circle the expenses incurred in cleaning the parsonage in preparation for the arrival of the new pastor, the Reverend Branham, on Nov. 19. The nominating committee presented the names and the following officers were unanimously elected for the ensuing year: Mrs. B. D. Francis, president; Mrs. John G. Archer, vice-president; Mrs. Tom G. Dingus, secretary; Mrs. Ben Stansifer, treasurer. Plans were made for a Christmas party at the home of Mrs. R. D. Francis on Dec. 12. Mrs. Ralph T. Archer, Mrs. Franklin Moore and Mrs. Curt Homes were appointed as a refreshment committee. The entertainment committee will consist of Mrs. Ben Stansifer, Mrs. John Archer and Mrs. Curtis Clark. The president also appointed a telephone committee composed of Mrs. O. G. Pennington and Mrs. J. R. Camelia.

At the conclusion of the business session Mrs. Ralph T. Archer, the program leader, led a discussion on the subject, "Fields Yet Untouched by Southern Baptists." She was assisted by all members present. Mrs. Harry Sandie, a former member of the circle, now residing in Hindman, was a visitor. The hostess was assisted by her daughter, Jacqueline Hensley, in serving refreshments to the guest and the following members: Mesdames O. G. Pennington, J. R. Camelia, R. D. Francis, Tom G. Dingus, Ben Stansifer, Herbert Salisbury, Franklin Moore, Ralph T. Archer, Ray Collins, and Curtis Clark.

Waiting for a new motor car isn't exactly the easiest or most pleasant experience in the world. But the saving about patience having its own reward holds doubly true when your patience is rewarded by delivery of a gleaming, new Pontiac "Silver Streak".

Up to now Pontiac production has been limited for reasons beyond our control. Now production is increasing. As of today, it's still below anticipations. But the trend is definitely encouraging. Which means that your wait is being shortened every day.

And when you do become the proud owner of a new Pontiac, you'll be mighty glad you waited—and your feeling of gladness will grow with every passing month and mile. Because in every way, the new Pontiac measures up to the phrase, "Finest of the Famous Silver Streaks". In dependability and economy it lives up to its great war-torn reputation. It looks, handles, rides and feels like the quality car it is. It's a value that will endure over the years—something well worth waiting for!

FORAGE-POISONING SEASON IS HERE

A warning to guard against feeding moldy hay, silage, cornstover, grain and other feeds has been issued by Dr. W. Dimock, of the UK Experiment Station, as this is the season when animals become ill from forage-poisoning. Corn, corn stover, hay and silage are especially dangerous to horses and mules, he said. For pigs and chickens the disease is called botulism because the head hangs limp. One of the symptoms of forage-poisoning is paralysis. Affected animals have difficulty swallowing. This condition is most evident in horses. Animals, especially pigs and chickens, are often unable to stand. In chickens the disease is called botulism because the head hangs limp. To prevent poisoning of stock, Dr. Dimock suggests that farmers make sure feeds are stored and of good quality and have been properly stored. Never feed spoiled canned goods to pigs and chickens. When stock becomes sick and symptoms point to forage-poisoning, change the feed at once, then have the suspected feed tested. Dr. Dimock points out that corn in the center of big cribs sometimes fails to dry out properly, and so becomes a source of botulism or forage-poisoning. Such corn is especially dangerous to horses and mules, he said. Also, where corn is husked from the shock and piled on the ground, mold may grow and the ground sometimes develop the poison.

Mrs. Merida Brown Tuberculosis Victim

Funeral rites for Mrs. Gartha Brown, 59 years old, wife of Merida Brown, who died Friday of tuberculosis, were conducted Sunday from the Free Will Baptist Church at Lacey. Mrs. Brown had been in ill health for some time. She was a daughter of Jonathan and Letitia Preston and had been a member of the Free Will Baptist Church for several years. Surviving, besides her husband, are one daughter, Mrs. Robert Kerr of David; one son, Murner Castle, of Thekla; her step-mother, Mrs. Catherine Preston of Lacey; three half-brothers and three half-sisters: Mrs. Halle Childers, Waverly; Mrs. Emma Jones McDowell; Mrs. Marjorie Ward, Oberon, W. Va.; Asa Preston, Jeffersonville, Ky.; and Sam Preston, of Lacey. Officiating at the funeral were the Revs. Tom Smith, Ernest Ward, Everett Daniels, L. T. Preston and Roy Bolony. Burial was made in the Collins cemetery at Lacey.

RESOLUTIONS OF RESPECT

In Memory of Mrs. J. M. Davidson, Who Died October 19, 1946. Once again death has summoned a Brother Old Fellow and the golden gateway to the Eternal City has opened to welcome him to his home. He has completed his work in ministering to the wants of the afflicted, in shedding light into darkened souls, and in bringing joy into the places of misery, and as a big reward has received the plaudit, "well done" from the Supreme Master.

AND WHEREAS, the all wise and merciful Master of the universe has called and beloved and respected brother home, and he having been a true and faithful member of our beloved order, therefore be it

RESOLVED, That the charter of Prestonsburg Lodge No. 293, I.O.P.F. of Prestonsburg, Ky., in testimony of her loss, be draped in mourning for 30 days and that we tender to the family of our deceased brother our sincere condolence in their deep affliction, and that a copy of these resolutions be sent to the family.

(Continued from Page One) The members of District 30 are backing your 100 per cent contract on the old tradition—no contract, no work. Lewis' theory that his labor pay and a shorter week for his soil-concerned miners would not increase costs drew a quick "utterly ridiculous" from an industry leader this week. "Mr. Lewis is going to price his boys right out on the street," John D. Battle, executive secretary of the National Coal Association, told a reporter.

"The gas and oil people are stepping in and taking whatever business they want. The only thing stopping them is a little difficulty getting equipment."

Economists for Lewis' United Mine Workers who contract with the government in its dispute, with the implied threat of a strike Nov. 20, told reporters informally of the new pay theory. They said the union president is convinced the operators would not suffer under an arrangement involving 25 cents more an hour with their 48-hour, six-day work week cut back to five days.

Basic pay now is \$1.18 1/2 an hour for the first 35 hours with the additional time on a premium-pay basis. These statistics figure that operating costs would be reduced from \$1.30 to 70c a ton, with an average saving of 45 cents. Miners dig 4 1/2 to five tons of bituminous coal daily. Thus the approximately \$2 a day added would be offset by the savings in the union arithmetic.

"I would want to see the formula they use," said Ezra Van Horn, chairman of the operator's negotiating committee. Lewis has not yet made known his formal demands. He is expected to do so when Secretary of Interior J. A. Krug returns to Washington later this week.

Asked how he accomplished this feat while in the air, he explained, lamely, "I just took a second leap afore he bit."
