**PHI ETA SIGMA INITIATE**  
Initiations held Nov. 21 (Spil.)—Robert G. Salisbury, son of Mr. and Mrs. Herbert G. Salisbury, Prestonsburg, Ky., has been initiated into Phi Eta Sigma, national freshmen's school etc. honorary at Butler University, Mr. Salisbury, who is now a sophomore, is majoring in pre-medical work.

And when he left professional football it was to enter the navy for three years, during which time he was coach of basketball, track, wrestling and boxing at several colleges where the navy training system was installed. In 1943 his team won the all-Missouri conference title. He was a runner and communications officer in the navy, and set his biggest thrill riding 20,000 miles around the Pacific without an escort, with a full load of bombs.

No time to slip from the peak and condition during all this. Even if he had wanted to.

A normal 235-pounder, Coach Elber is a favorite with the cadets at the Allen golf course, for he is his own ball a country mile, those who have played with him are here to testify. Local tennis players have found him a formidable opponent. The boys haven't requested any competition from him in wrestling or boxing.

On the quieter side, he plays an excellent game of bridge—in fact can play any known bridge system, is a crack shot and can handle either a rifle or a casting rod with the best. He has an outdoor library of 300 books and an ambition to do a book himself on reef fishing in the keys of Florida. He mounts fish and has some nice specimens of his catches.

That hobby bows, however, to his love for antique collecting. He has an obsession for Gene with the Wind lamps and his new home at Mt. Sterling is complete with antiques.

Coach Elber's greatest enjoyment, however, is working with children and he plans, eventually, a huge program for boys and girls in school.

But the big guy who stays in the prep school admitted to a basketball to keep his weight down, it's hard, he admits, because for seven years he has been married to "the best cook in the South."

His immediate plans for the future are to return to school and complete work for his Master's degree in Physical Education.

But folks around Prestonsburg are hoping he has another hunch to cast his lot again with the Black Cats.

**Branhams' 39 Points, New Blackcat Record; VFW Team Here Loses**

"Get" Branhams, fresh from the football wars, dominated basketball Tuesday night to set a new Black Cat scoring record against Foster Meades' Flat Gap high school boys, burning the basket for 39 points. Prestonsburg in its second net game of the year, 61 to 39. In the team's first game last week while football practice was still on, the Cats defeated Maytown by a close score in a game that was marked by rough play.

The Prestonsburg VFW basketball team Tuesday night lost its first game of the year to a star-studded Wayland VFW five, 38 to 37. Prestonsburg led 37 to 34 at official intermission time, but was unable thereafter to stop Wayland's drive.

DeCoursey led the winners' scoring with 10 points, and the rebounding of "Copper John" Campbell, Wayland high coach and former Eastern Teachers star, was outstanding for Prestonsburg. It was led the way with 18 points. His brother, Adrian, was runner-up with seven points. Prestonsburg missed the Dumron, Heinze and Heinze combination of last year's team, which won 26 of 29 games played.

The Prestonsburg and Wayland VFW teams play here Sunday afternoon at 2:30.

Immediate Service  
**COOLEY MOTOR CO.**  
PRESTONSBURG, KY.

The true value of telephone service is much greater than its cost. Many types of concerns depend entirely upon the telephone to secure business. To them it is indispensable—yet the cost is only a few dollars a month. In fact, in all business, the value of telephone service is far greater than the cost.

The same is true with respect to the everyday home and social use of the telephone. There are times when just one call alone may be worth the cost of the service for several months. If you kept an account of the trips your telephone saves you each month and of the comfort, protection and pleasure it affords, you would find that the price you pay is much less than the value you receive.

The amount you are asked to pay, however, is never more than enough to pay operating costs plus a return on investment sufficient to enable the Telephone Company to secure from investors the millions of dollars of new money needed for improvement and expansion of the service.

**"TRAIN OF TOMORROW"**  
 Features meals cooked Electrically

YOUR MIND LONGS FOR WORDS TO DESCRIBE IT... "So flavorful, so eye-filling, so timed to the perfect turn." This is food prepared the all-electric way!

Electricity was specified to supply a battery of ranges, broilers, fry kettles and hot food table for the "Train of Tomorrow" dining car galley. This passengers were assured of fine food preparation and the train's chefs obtained a cooler, cleaner, roomier galley to three could do the work of five. Truly the "World of Tomorrow."

THERE'S a distant thrum of powerful motors... a flash of color... and around the bend and past cheering station crowds surges the General Motors "Train of Tomorrow" on its triumphal tour of America. Here is indicated the very ultimate in travel pleasure and convenience—high-lighted by the new Astra Dome observation sections atop the streamlined cars.

Within the Astra Dome itself there is another glimpse of tomorrow's better world. For now, up from the galley, comes food to surpass all past dining car performances.

Belgium has about 1,000 miles of navigable inland waterways.

The production of textile fibers from soybean protein has just made the transition from laboratory to factory production.

Both lines are in Perry county and the branch is from the L. & N.'s Eastern Kentucky division. The new line was approved at a meeting of the railroad's directors in New York.

Also meeting there were Dr. Huston St. Clair, president of Jewell Rice Coal Corporation, and R. H. Kelly, president of Fourseam Coal Corporation, who announced the plans for the mining operation.

They said their companies had made an agreement to lease the field from the Kentucky River Coal Corporation of Lexington and build and operate a modern and wholly mechanized tippie of 8-000-ton-a-day capacity near the head of Blair's Fork. The tippie will receive coal from both sides of the valley.

They said their mines would have a joint capacity of 160 railroad cars a day. The workings will be equipped with cutting machines, mechanical loaders and shuttle cars.

John E. Tilford, L. & N. vice-president, said it was believed the commission would approve the line as a further development of a previously approved one, the Leatherwood Branch. He said construction would require more than a year and that operations would not begin for one or a half or two years since machinery could not be taken in until the spur is built.

Prime problem confronting Cox is getting a parade, size unknown as yet, under way in time to pass the reviewing stand at the front of the Capitol before speeches are made by the outgoing and incoming Governors. The swearing-in ceremonies will follow.  
Apparently the parade will start from downtown Frankfort, move up Main street, cross the Capitol bridge over the Kentucky river and move up Capitol avenue to the Statehouse. First float and cars will take off at 9:30 a.m.  
Once the parade has passed the reviewing stand, laden with political celebrities, Mayor Arthur C. Jones of Frankfort, will welcome the throng to the city. Outgoing Governor Simon Willis will make his address and incoming Governor, Clements will reply.  
Clements then will be sworn in by Appellate Chief Justice Porter Sims. His first official act will be the appointment of an adjutant general to succeed C. H. May. Ashland, Ky.

Pineville went back to its ground attack upon receiving the kickoff, with Jones climaxing it with a 49-yard run for a touchdown. Howard again converted and Prestonsburg, 30; Pineville, 21.  
 Here, Prestonsburg might have stuck to conservative ball and pulled out a point ahead, but this was wide open football. Taking the Pineville kickoff, Porter again began passing and drove to the 30. At this point, with Pineville flabbergasted by this passing attack, came a quick-opening play on which Branham sprat for a touchdown. The pass for conversion was batted down. Prestonsburg, 38; Pineville, 21.  
 In closing minutes of the game Pineville reeled off another first down, but there the lions stalled. The game ended with the Cats in possession of the ball on their own 45-yard stripe—and perhaps ready for more passing.  
 Only reported casualties from the game were an injured hip by Henry Louis Mayo, a charley horse by his new-hander, center, Russ Lucille, and a bruised leg by Coach Eibner who got entangled in a sideline play near the bench.
