This Town-- That World

21--NOT NO. 1
VOL. XXI, No. 1
It's up there in the left-hand "ear" of this page to prove that today is one, that is, the Floyd County "times," birthday. Our 21st.
To mark its anniversary we have today we are--no, not a man, but old enough to know better.
Yes, 21 years ago is a mighty long time. We came onto the Floyd county scene, back in the not so longly-remembered '20's. That was back in Calvin Coolidge's term in the White House--'20's, we can remember when FDR was elected!

Twenty-one years ago, "Printer" Noble, the "Grandpa" of this page, was only 50 years old, and I need to tell in sincerity, was so young--how old or how young, we have joyfully decided not to say here because of a habit of mine of always checking back in our files. Those three infants of the "back shop," Jimmy Cobb, Bill Darcy and Neil Allen, back then would have been in a county jail from the modern human type that is more properly known as a leaver.
The funeral was on Tuesday morning from the Regular Baptist Church, Stone Coal, the Revs. Alex Coburn and Warner Munns officiating. Burial in the Tom Martin cemetery at West Garrett was directed by the Ryan Funeral Home.

PIKE-HARLAN ACT OKEHD

Case Has No Bearing On Restricting Act Hitting Floyd, Claim
Although the Court of Appeals last Friday upheld constitutionality of the Pike-Harlan Act, which created separate judicial districts for Pike and Harlan counties, opponents here of legislation enacted last week to amend the act, contend other parts of this section were undiminished.
The two acts, they say, have no question and an altogether separate question as to their effect on the legislation separating Floyd and Knott counties, creating a separate judicial district and making one entirely new district.
A hearing on the motion to discontinue the act was held in the court on Tuesday afternoon. Judge J. B. Hartsell presided, with County Attorney W. W. Burdett as a member of the bar. Hartsell is to hear the case on Wednesday. The Pike-Harlan Act is expected within the next few days, and opponents of the act are expected to be able to establish violation of the state constitution.

The Pike-Harlan judicial district act was held invalid in Pikeville by Special Judge Will H. Pukon, on the grounds that it violated neither Harlan nor Pike as a city of 20,000 population as recommended for circuit court districts of the act.
Appellate Judge Clyde B. Latimer commented, however, that Pike and Harlan are cities of 20,000 population.

GOOD GUIDANCE
An appeal from my private home to the heart of the community in the Prestonsburg Kiwanis Club for a public service every other group should have considered.
When word reached here last week of a third carnival headed this way with its little Rhapsody, gamblers were over the hills. It was decided we had had enough of a second county attorney W. W. Burdett is a member of the club. Hartsell is to hear the case on Wednesday. The Pike-Harlan Act is expected within the next few days, and opponents of the act are expected to be able to establish violation of the state constitution.

HANCOCK DIES IN CAR WRECK

Garrett Miner's Skull Crushed As Automobile Overtakes Near Bosco

John S. Hancock, 32 years old, Garrett miner, was almost instantly killed early Saturday night when an auto he occupied overturned in the vicinity of Hick Lick of Salt Lick Creek, crushing his skull. Jim Patrick, driver of the car, was injured, the auto escaped serious injury.
State police investigated the tragedy and told County Judge Alex L. Lewis that Hancock was in the car in the case, but they did not indicate what the charge would be or who would be held.

The victim was a son of the late Luke Hancock and Mrs. Maguel Fitzpatrick, of Garrett. He is survived by his mother, his widow, two daughters, Mary and Johnny, a son, daughter, Gertrude, two brothers, Lawrence Hancock, of Garrett, and George Hancock, Dayton, Ohio, and Mrs. W. C. Garrett, driver of the auto, escaped serious injury.
The funeral was on Tuesday morning from the Regular Baptist Church, Stone Coal, the Revs. Alex Coburn and Warner Munns officiating. Burial in the Tom Martin cemetery at West Garrett was directed by the Ryan Funeral Home.

THURSDAY

FORMER JUDGE BUYS BROWN HOTEL HERE

\$75,000 Is Reported Involved in Purchase Made by H.C. Stephens
Former Circuit Judge Henry Stephens, Jr., assigned management Monday of the Brown hotel here which he purchased last week at a price reported as upwards of \$75,000.
Judge Stephens bought the 60-room hotel from Mr. and Mrs. W. Brown last week, a few days after he sold his residence and adjoining land near Cliff.
The new owner said re-arrangement of the hotel will be made to accommodate from 10 to a dozen additional guests. Otherwise, the operation of the business will be along the same lines as successfully followed by the former owners.
The hotel business which thus changed hands was founded by the late John Sellars as the Sellars Hotel. It later became the Valley Inn, operation of which was continued after his death by his widow, Mrs. Maggie Sellars. After her death the property was sold to her daughter, Mrs. Brown, and Mrs. Brown remodeled the hotel and changed the name to the Brown.

Both Groups Pledge Work to Community; Playground Stressed
The fraternal and civic groups of Prestonsburg were increased by two Wednesday night when the Prestonsburg Eagles, Fraternal Order of Eagles, and the Lions Club were organized.
Institution meeting of the Eagles was held at the home of Mrs. J. B. Hartsell, president, with 125 members and visitors from other places attending. Prestonsburg Eagles had a membership of 172 at its first meeting, and was led by Roy Hartsell, president, and Robert Burton, organizer, and Robert Glasper, Cincinnati, deputy grand secretary, who has the second largest organization in Kentucky upon organization.
Twenty-five business and professional men, including the president of the Lions Club, and a number of other members of the Lions Club, were present at the meeting. C. C. Den Herder, Louisville, special representative of Lions International, was in charge of the meeting. The meeting was held at the home of Mrs. J. B. Hartsell, president, with 125 members and visitors from other places attending. Prestonsburg Eagles had a membership of 172 at its first meeting, and was led by Roy Hartsell, president, and Robert Burton, organizer, and Robert Glasper, Cincinnati, deputy grand secretary, who has the second largest organization in Kentucky upon organization.

Body of Veteran Is Buried Sunday
Funeral of Ashland P. Stephens, 27, 1948 in the fighting on New Britain at the age of 27, was conducted Sunday from the home of the parents, Mr. and Mrs. G. C. (Clyde) Stephens, on Salt Lick near Haysville, the Rev. Ed Howard officiating. Burial was made in the family cemetery under the direction of the Ryan Funeral Home.
The soldier died Jan. 4, 1944 of his wounds. Besides his parents, he is survived by his brother and sisters: Mrs. Ed Bradley, of Indiana, Mrs. Earl Patrick, Magoffin county, Mrs. Willie Sparkman, Wayne, Russell, Mitchell and Ruby Stephens, all of Haysville.

Prestonsburg Might Vote 'Wet'

Says Hoshal, Dry Leader; Talk of City Liquor Monopoly Heard

Although no petition seeking a local option election in Prestonsburg, has been circulated to date, talk of such a move has increased and with this talk came a new local liquor control plan.
This plan, private disclosure, would provide a liquor monopoly in Prestonsburg, with one liquor store open in the city, and the other private management, with the city receiving all net profits.
Sentiment of city councilmen and officials has been sought on such a move but it has progressed no further than the talking stage.
The plan was originated, shortly after a move was launched to raise city assessments and gain needed revenues for operation and improvement of the town. A monopoly of this sort, it has been explained to the council, would eliminate all but one liquor store and would place the business under close scrutiny and control.
One source estimated a one-store liquor business in Prestonsburg, and under the law the only such store in the county would be in Prestonsburg around \$100,000 a year.
The possibility of a local option election in Prestonsburg, arises from House Bill 197 which was enacted with dizzying rapidity by the 1948

Four 'Cash Registers,' 9 Cases of Beer Found in Prater Cr. Cornfield
A Prater Creek family, hoisting court last Friday morning, made a discovery which proved their case was made to officers here.
"There's nine cases of beer and four cash registers up here in the field," a woman telephoned officers here.
Two hours later, the find was at the office of Deputy Sheriff Epp Lattimore. The nine cases of beer and the "cash registers," which to the initiated are better known as slot machines.
The loot apparently had been hurriedly abandoned. The money was still in the "cash registers."
There was no clue as to the identity of the persons who left the beer and machines in the field, nor could officers learn, it was said, whence the loot came.

COURT TEST POSSIBILITY
For Lewis in Union Shop Clause Defense; 'Captives' Mines' Reject New Pact
John L. Lewis, president of the United Mine Workers, may have to go to court to defend the union shop clause in his 1948 soft-coal contract.
Industry officials revealed that U. S. Steel and nine other operators of "captive" coal mines are being pulled on whether unfair labor practices should be filed against Lewis with the National Labor Relations Board.
The companies refused to sign the contract which Lewis considered had been made with the rest of the industry. They maintained that its union shop clause is a violation of the Taft-Hartley act.
The clause provided that "all employees shall be, or become, members of the United Mine Workers' except in certain classifications."
The Taft-Hartley law bars the union shop plan, at least 51 percent of the employees vote in an N.L.R.B. election. And it is an unfair labor practice to force an employer to sign an agreement against his wishes.
Lewis cannot petition the N.L.R.B. for an election, although there is little doubt that his U.M.W. members would overwhelmingly for the union shop. To obtain an election, the mine boss would have to file the non-union affidavit required by the Taft-Hartley law. He has refused to do so on grounds of principle.
Harry M. Moses, chief negotiator for U. S. Steel and other "captive" mine-owners, said his companies were willing to go along with the wage increases granted by other operators, but will not "knowingly or consciously" defy the federal laws.

SPEED TRAP NON-EXISTENT
Says Allen Official, Claiming Action Taken To Slow Down Traffic
"There is no speed trap in Allen," a member of the city council there declared Wednesday in answer to a question by several reporters. The city council has ordered that motorists being fined in Allen police for speeding.
Policeman Ben Collins has been the instigator of residents' complaints under the section of the town, been halting motorists driving too fast and to these have been issued tickets. This source said upon reporting at the police judge's office there, however, the drivers are warned against speeding and except in two instances, released without fines, it was said. One of those fined ran the traffic light after he had been halted by the officer. The official said, "The councilman said there have been two or three tickets that have been issued in the town where applicants have more than one car. In addition, there, he said, have demanded that traffic be slowed down."

STATE POLICE IN OPERATION
No Politics, Promise Of Crowd; Police Get Enforcement Authority
Today (Thursday) a new law enforcement agency, the state police in Kentucky.
Although detailed plans for operation of the state police remain to be formed in any of its phases, it was announced recently that the department's first director, Guthrie T. Crowe, was retained. It is determined to keep it clear of the taint of politics.
The state police supplants the state highway patrol which has been restricted in its activities to enforcing traffic and motor vehicle laws on the state's highways. The new police force, said to have been modeled after the best state police systems in the United States, will have full police powers equal to those possessed by county enforcement officers.

FORMER WAYLAND SCHOOLBOY HAILED AS HERO AFTER RESCUE OF GIRL, 14, FROM BIG SANDY AT WEST VAN LEAR
Fourteen-year-old Johnnie Price, of Hager, former Wayland schoolboy, is being acclaimed a hero after his rescue of Helen Caudill, 14, from drowning last week in the Big Sandy river at West Van Lear.
The boy, a son of Mrs. Cleburne Price and a nephew of Bill Honshel, of Wayland, was boating down a nearby stream when he heard screams. He ran approximately 300 yards to the stream and saw two girls struggling in the water. He contrived to swim to the shore and pull the girl, but her companion, 15-year-old

NOT TRUMAN BUT BARKLEY CLUB IS HOST AT WAYLAND
100 Guests at Banquet, Officers' Installation; Achievements Cited
Installation of new officers of the Wayland Club was held at the club on Saturday evening by approximately 100 persons who were present from the front and back of the Wayland high school building, including the installation ceremony.
Sam Cady, president of UMW District 30, and Tom Roney, Pikeville, international union president, addressed a gathering of approximately 1000 miners, and they urged labor support Senator Albert W. Barkley of Kentucky for the Presidency of the United States instead of Truman.
The two union leaders also suggested that miners in captive mines which have not yet signed the new contract do what they wanted when the miners' vacation is over.
Described President Truman on his recent Western tour as "grinning like a Missouri mule eating out of a trough."
Roney, who spoke briefly before introducing Cady, told members that the union had been turned into a political party.
He urged the union members to vote against Rep. Virgil E. Chapman for the nomination of the Senate, and Rep. W. Hewes Meade (R-Ky.) of Paintsville, candidate for the House.
Roney said, "Loyal union members" cannot vote for Meade.
"The only thing to do is to retire Meade back to the farm," he added. Switching to Chapman, Roney said: "Chapman is so rotten I can't vote for him. You can't if you are loyal union men."
Caddy told the miners, "Don't worry about the captive mines signing up boys. They will very soon be signing up."

ESTILL MINERWORKER BODILY HURT IN WRECK
Charles Connors, of Estill, was seriously hurt Sunday when the auto in which he, Mrs. Connors, their daughter, Doris and three sons, Francis, Charles, Jr., and Earl were driving was wrecked at Philadelphia, Ky. The car was badly damaged and broken, relatives here were told.
Mr. and Mrs. Connors were en route to spend his vacation with his sons who reside in Cleveland.

BUS SHUTDOWN STILL ON, MARTIN MAN ASKS RIGHT TO OPERATE CITY BUS
The labor dispute between the Sparks Brothers Bus Company and its drivers continued this week to hold idle the buses serving this county—a situation which has existed since April 13 except for nine days.
Notice was received here this week that Woodrow Allen, of Martin, had applied to the Division of Motor Transportation for a franchise to operate a city bus line out of Martin, a distance of 10 miles up both Right and Left Beaver Creeks and downstream to Allen, with service also including Stephens Branch. The franchise, if granted, will probably include the left Beaver Creek to McDowell and Right Beaver Creek to Maysville.

TASK OF AKERS TO UP VALUES 3 1/2 MILLIONS
Reeves Says County Assessments Must Be Upped For '48
Today, July 1, began a new fiscal year, and there probably was "anybody less happy about it than Town Commissioner Clive Akers."
Far he had the unpleasant task of undertaking a countywide assessment which, he has been told with a good deal of emphasis, must total a minimum of three and a half million dollars more than last year's assessment.
Floyd Knott, Johnson, Boyd and Perry were among 28 counties mentioned recently by H. Clyde Reeves, chairman of the State Tax Commission, whose ability to adjust equalization fund benefits was questionable this year because of assessments below the state average. All these counties except Johnson are sharing in the fund, however, since they accepted higher assessments. Reeves' statement does not share.
Wrote Mr. Reeves 40 Superintendent of Public Instruction Hocking, "The Commission will not have been determined the districts which had average assessments, these would not have been certified as eligible for equalization funds."
"Unless," continued Mr. Reeves, "these counties show a substantial improvement in their assessments, made as of July 1, 1948, they should not expect to be certified by the commission for equalization fund benefits next year."
Two years ago, Mr. Akers said, he had the county assessment up, however, increased evaluation on mineral lands to approximately the required figure. The Board of Supervisors, however, refused to do so. "I hope," Mr. Akers said, "that supervisors are appointed, this year who will not cut assessments to the point where a blanket raise is necessary, for a blanket raise hits the fellow who is making money ends meet as well as the big company with a substantial surplus. The assessment I made two years ago raised values almost everywhere, mineral and affected the small taxpayer like it any day."

HALL MAIMED NEAR HUNTER
Arm of Merchant Torn Away by Passing Truck, Police Seeking Tacklet
Kentucky state police this week were seeking the arrest of Irvin Tacklet, of the Mud Creek section, in connection with the maiming Saturday night of Lee B. Hall, a merchant, who was left arm maimed by a truck allegedly driven by Tacklet.
The warrant was issued here by County Judge Alex L. Lewis, after the arrest of Tacklet, but police had no located him as of Wednesday afternoon.
State police were told that a truck veered suddenly toward Hall's truck, near Hunter, as he was driving home, and that the bed of the truck wrenched his arm away near the elbow. The arm was said to have been found, 50 feet away, on the bank at the upper side of the highway.
The truck which hit Hall, an elderly man, did not stop, and state police quickly threw out road blocks which failed to apprehend the driver. Hall was taken to the Beaver Valley Hospital, Martin, where air operation on the arm was performed. He will recover, it was reported.
The only early description of the hit-truck available to officers was a "wet truck." Later, witnesses were reported to have been found on a truck in the headwaters of Mud Creek.

RURAL TEACHER MEET SCHEDULED JULY 16; TERM OPENING, 19TH
An all-day conference of rural teachers will be held here Friday, July 16, preceding the opening of school on Monday, July 19, the County Superintendent's office announced this week.
Rural teachers are being asked to check out their textbooks with the Superintendent's office in the following order: Sub-district No. 1A to 26, inclusive; July 8; No. 27 to 52, July 10; No. 53 to 78, July 13; 79 to 101, July 14; No. 102 to 118 and Sizemore, July 15.

"Unless," continued Mr. Reeves, "these counties show a substantial improvement in their assessments, made as of July 1, 1948, they should not expect to be certified by the commission for equalization fund benefits next year."
Two years ago, Mr. Akers said, he had the county assessment up, however, increased evaluation on mineral lands to approximately the required figure. The Board of Supervisors, however, refused to do so. "I hope," Mr. Akers said, "that supervisors are appointed, this year who will not cut assessments to the point where a blanket raise is necessary, for a blanket raise hits the fellow who is making money ends meet as well as the big company with a substantial surplus. The assessment I made two years ago raised values almost everywhere, mineral and affected the small taxpayer like it any day."

HALL MAIMED NEAR HUNTER
Arm of Merchant Torn Away by Passing Truck, Police Seeking Tacklet
Kentucky state police this week were seeking the arrest of Irvin Tacklet, of the Mud Creek section, in connection with the maiming Saturday night of Lee B. Hall, a merchant, who was left arm maimed by a truck allegedly driven by Tacklet.
The warrant was issued here by County Judge Alex L. Lewis, after the arrest of Tacklet, but police had no located him as of Wednesday afternoon.
State police were told that a truck veered suddenly toward Hall's truck, near Hunter, as he was driving home, and that the bed of the truck wrenched his arm away near the elbow. The arm was said to have been found, 50 feet away, on the bank at the upper side of the highway.
The truck which hit Hall, an elderly man, did not stop, and state police quickly threw out road blocks which failed to apprehend the driver. Hall was taken to the Beaver Valley Hospital, Martin, where air operation on the arm was performed. He will recover, it was reported.
The only early description of the hit-truck available to officers was a "wet truck." Later, witnesses were reported to have been found on a truck in the headwaters of Mud Creek.

PRESTONSBURG MIGHT VOTE 'WET'
Says Hoshal, Dry Leader; Talk of City Liquor Monopoly Heard
Although no petition seeking a local option election in Prestonsburg, has been circulated to date, talk of such a move has increased and with this talk came a new local liquor control plan.
This plan, private disclosure, would provide a liquor monopoly in Prestonsburg, with one liquor store open in the city, and the other private management, with the city receiving all net profits.
Sentiment of city councilmen and officials has been sought on such a move but it has progressed no further than the talking stage.
The plan was originated, shortly after a move was launched to raise city assessments and gain needed revenues for operation and improvement of the town. A monopoly of this sort, it has been explained to the council, would eliminate all but one liquor store and would place the business under close scrutiny and control.
One source estimated a one-store liquor business in Prestonsburg, and under the law the only such store in the county would be in Prestonsburg around \$100,000 a year.
The possibility of a local option election in Prestonsburg, arises from House Bill 197 which was enacted with dizzying rapidity by the 1948

STATE POLICE IN OPERATION
No Politics, Promise Of Crowd; Police Get Enforcement Authority
Today (Thursday) a new law enforcement agency, the state police in Kentucky.
Although detailed plans for operation of the state police remain to be formed in any of its phases, it was announced recently that the department's first director, Guthrie T. Crowe, was retained. It is determined to keep it clear of the taint of politics.
The state police supplants the state highway patrol which has been restricted in its activities to enforcing traffic and motor vehicle laws on the state's highways. The new police force, said to have been modeled after the best state police systems in the United States, will have full police powers equal to those possessed by county enforcement officers.

FORMER WAYLAND SCHOOLBOY HAILED AS HERO AFTER RESCUE OF GIRL, 14, FROM BIG SANDY AT WEST VAN LEAR
Fourteen-year-old Johnnie Price, of Hager, former Wayland schoolboy, is being acclaimed a hero after his rescue of Helen Caudill, 14, from drowning last week in the Big Sandy river at West Van Lear.
The boy, a son of Mrs. Cleburne Price and a nephew of Bill Honshel, of Wayland, was boating down a nearby stream when he heard screams. He ran approximately 300 yards to the stream and saw two girls struggling in the water. He contrived to swim to the shore and pull the girl, but her companion, 15-year-old

NOT TRUMAN BUT BARKLEY CLUB IS HOST AT WAYLAND
100 Guests at Banquet, Officers' Installation; Achievements Cited
Installation of new officers of the Wayland Club was held at the club on Saturday evening by approximately 100 persons who were present from the front and back of the Wayland high school building, including the installation ceremony.
Sam Cady, president of UMW District 30, and Tom Roney, Pikeville, international union president, addressed a gathering of approximately 1000 miners, and they urged labor support Senator Albert W. Barkley of Kentucky for the Presidency of the United States instead of Truman.
The two union leaders also suggested that miners in captive mines which have not yet signed the new contract do what they wanted when the miners' vacation is over.
Described President Truman on his recent Western tour as "grinning like a Missouri mule eating out of a trough."
Roney, who spoke briefly before introducing Cady, told members that the union had been turned into a political party.
He urged the union members to vote against Rep. Virgil E. Chapman for the nomination of the Senate, and Rep. W. Hewes Meade (R-Ky.) of Paintsville, candidate for the House.
Roney said, "Loyal union members" cannot vote for Meade.
"The only thing to do is to retire Meade back to the farm," he added. Switching to Chapman, Roney said: "Chapman is so rotten I can't vote for him. You can't if you are loyal union men."
Caddy told the miners, "Don't worry about the captive mines signing up boys. They will very soon be signing up."

ESTILL MINERWORKER BODILY HURT IN WRECK
Charles Connors, of Estill, was seriously hurt Sunday when the auto in which he, Mrs. Connors, their daughter, Doris and three sons, Francis, Charles, Jr., and Earl were driving was wrecked at Philadelphia, Ky. The car was badly damaged and broken, relatives here were told.
Mr. and Mrs. Connors were en route to spend his vacation with his sons who reside in Cleveland.

BUS SHUTDOWN STILL ON, MARTIN MAN ASKS RIGHT TO OPERATE CITY BUS
The labor dispute between the Sparks Brothers Bus Company and its drivers continued this week to hold idle the buses serving this county—a situation which has existed since April 13 except for nine days.
Notice was received here this week that Woodrow Allen, of Martin, had applied to the Division of Motor Transportation for a franchise to operate a city bus line out of Martin, a distance of 10 miles up both Right and Left Beaver Creeks

"SECOND HELPIN'S AIN'T NO DISGRACE!"

AT THE

FOUNTAIN KORNER

Folks just can't help it if our sandwiches, salads, coles, ice cream, sundaes and milkshakes are so "daung-ma-it" good that one tasty mouthful keeps on tastin' like another. And when folks start yelpin' for helpin's, first or second—you oughta see Joe 'n' Johnny pitch in with the third hands 'n' start dishin' 'em up!

"Course, if etiquette or 'etta-anything-else" is be-behavin' you—it's rightly possible to get around this second-helpin' situation by orderin' up one of our "SNAPPY SNACKS," a good summertime light lunch of larapin' goodness and a big double coke for four bits (50c).

If that don't turn the trick and you've come equipped with an appetite—just sit right down, rear back on your dignity and try the "BUSINESSMAN'S LUNCH." Boy! With this one we "shoot the works" with a milked sandwich, a choice of salads, a creamy-rich milkshake and a full "sunda-e-dressed-up" sundae for six bits (75c).

Now if you happen to, unhappily, eat too much at some other location and feel sorta "dislocated for comfort"—just trot over to the "FOUNTAIN KORNER" where Joe 'n' Johnny can hand you something good to take the ache out of your "tummyache."

If you're in a big hurry to get here and happen to stomp your toe on the way, the boys will gladly make ready with the gauze, tape, cotton, ointments, padding, mercurochrome, etc.—or even a pat on the back to soothe your feelin's. (And we ain't even politicians, either.)

If it's bargains you're lookin' for—then, take a gander at these reduced prices:

- FALMOLIVE SOAP—1 large bars size and 2 regular size41c
- COLGATE BUBBLE BATH—White pine or apple blossom fragrance59c
- PALMOLIVE OR COLGATE—Brushers shave cream (giant size)41c

Harian each have populations of about 10,000. He said Pike and Harlan circuit courts now have such congested dockets that citizens are unable to get prompt trials.

He noted the constitution states counties with populations of 40,000, including a city of 20,000, "may" be made separate circuit court districts. Harlan and Pike counties do not have any cities of 20,000.

Lattimer reviewed the constitutional debates of 1891 and concluded that the debaters desired to base redistricting on population, territory and business. He indicated that 40,000 was a compromise.

If a petition for reconsideration is not filed by July 30, a mandate will go out then ordering this revision of Southeastern Kentucky districts.

The 28th district, currently composed of Harlan and Bell counties, will become Harlan alone.

The 33rd, now Leslie and Perry, will become Letcher and Perry.

The 35th, now Letcher and Pike, will become Pike alone.

A new district, the 41st, will be composed of Bell, storn from the 28th, and Lord Leslie, taken from the 33d.

Gas Station Worker Dies Last Thursday At P'Burg Hospital

An asthmatic heart condition from which he had suffered for several years resulted in the death early last Thursday evening at the Prestonsburg General Hospital of Louis Averill (Lou) Gorrell, 53 years old, of Bull Creek, near here.

Mr. Gorrell, a native of Tyler county, W. Va., had resided in Prestonsburg and vicinity for the last 20 years and had many friends in the county. He was employed as engineer by the Columbus Fuel Corporation at its Bull Creek compressor station. Mr. Gorrell was a son of the late Thomas A. and Sophia Hill Gorrell.

Surviving him are his widow, Mrs. Ruby Harmon Gorrell, three sons and two daughters, Johnny A. Gorrell, of Prestonsburg, William, Louis Paul and Miss Jean Gorrell, all of Prestonsburg, W. Va., and Mrs. Darrell Wince, Canton, O. One sister, Mrs. W. O. Smith, of Ashland, and three brothers, Clarence, Guy and Harry Gorrell, all of Sitenerville, W. Va., also survive.

Funeral rites were conducted Sunday from the home on Bull Creek, the Rev. G. D. Prentiss officiating. Burial in the May cemetery here was under the direction of the Carter & Callahan Funeral Home.

TO MEET TUESDAY

The Woman's Society of Christian Service will meet Tuesday, July 6, at 7:30 p.m. at the Methodist Church. Mrs. Burj Spurlock will be leader of the program, topic of which will be "Restorer of Paths."

SUBSCRIPTION RATES

In Floyd county, \$2. Elsewhere in Kentucky, \$2.50. Outside Kentucky, \$3.00.

Three Raises Too Much

THE TIMES hopes public officials and citizens of this section lose little time in protesting the proposed rate increase by the Southern Bell Telephone & Telegraph Company.

Three raises in eighteen months are too much to bear without remonstrance.

When the Southern Bell workers won pay increases through a strike, we telephone subscribers helped pay the tariff through a rate increase.

Now that the company is well along in a development program, a costly undertaking, we admit, and one which the company admits is badly needed, Southern Bell asks for more money from its subscribers.

Service that is far from normal.

We know nothing of the company's financial difficulties, if any, but our ignorance of such matters does not blind us to the no small matter of common justice. It is apparent that the telephone business is a paying proposition; otherwise Southern Bell would have been out of it, long since. And, if it is a profitable enterprise, Southern Bell should maintain its lines, build new lines and provide for public service without inflicting on the public a series of rate increases.

Inflation doubtless has played its part in making the company's charges greater, but the coincidence of one increase with a hike in wages and of another with a construction program makes the whole matter look suspicious.

It is the Southern Bell workers who make it possible for the public to make its capital investment for it as well as to provide the profits of the business.

Rates could have been raised more graciously and less painfully, had the company waited until its subscribers began feeling they were getting value received at the old prices.

BODY OF SOLDIER TO ARRIVE SATURDAY

Body of C. E. Clevenger, Jr. who was killed in the southwest Pacific in 1945, will arrive here Saturday morning under military escort, and from here will be taken by the Arlington Funeral Home to the residence at Athens of a brother, J. C. Clevenger. Funeral rites will be held at the brother's home Sunday afternoon at 2 o'clock and burial will be made in the family cemetery near Athens.

ONE SIDE OF THE BUS STRIKE

(A statement of principles of Local Union 847, United Construction Workers, Dist. No. 50, United Mine Workers of America.)

Wouldn't you think that the Sparks Brothers who started a small business and with the help of loyal employees have built one of the most thriving businesses in Eastern Kentucky would have some consideration and respect for the loyal employees who have helped to build this business?

Wouldn't you think that an employer who sits down and bargains collectively would honor his word and not come back home and sign another clause that was not agreed to in a contract? This can be substantiated by Federal Conciliator Wilson.

Wouldn't you think a man who agrees to pay by the mile for driving a bus in a duly signed contract would agree to official mileage?

Semet-Solary Company at Henry Clay and Republic Street Company at Road Creek—no having signed the new contract.

Caddy said if they hadn't signed by the end of the miners' vacation July 6, it would be up to the men to decide what to do. Then he added:

"For myself, I know what I've done when there was no contract."

Caddy said he was breaking an old policy of keeping politics out of contract meetings by using the defeat of Chapman, who he said, "boasted he was 100 per cent against labor."

Box Scores in Cats' Losses at Lakeland Invitational Meet

Wild pitching and base running, with Prestonsburg's regular catcher, S.E. Branham sidelined by illness, cost the Prestonsburg Black Cats, Kentucky high school baseball champs, their second game in the Southeastern high school invitational tournament at Lakeland, Fla., last Wednesday afternoon on Avon Park, Fla. The Cats lost their first game, 9 to 5, although they outbit Decatur, Ga., 8 safeties to 3.

LEADERS HANG ON TO PLACES

Sunday's Doubleheaders Leave Big Sandy Loop Standings Unaltered

Standings at the top of the Big Sandy Baseball League were unaltered as a result of last Sunday's games, with Elk Horn City, the leader, copping a twin bill from Clear Creek. Harold in second place likewise trounced Garrett, and Wayland rang up a double victory over Pikeville.

MORE BASS FINGERLING FOR KENTUCKY STREAMS

The bass fingerling crop at the Division of Game and Fish hatcheries is excellent this season, the Fisheries Department reports, and all sportsmen's clubs are receiving increased numbers of fish this year. This report was forthcoming after the first few weeks of distribution in the Sixth and Ninth districts. When it was found that the number of fingerlings at the Williamsburg hatchery was almost double the previous high for that station. Already 40,000 baby fish have been taken from the life and almost that many more remain, the department believes. The previous high for Williamsburg was 37,000. The Division leaves the number of fingerlings at...

Here's what you get when you get a Universal Jeep

YOU GET YEAR 'ROUND UTILITY.
The Universal "Jeep" works right, giving you the field performance of a light tractor plus the highway performance of a light truck. Its usefulness is not confined to any particular season or to any specific kind of work—the "Jeep" is equally at home whether pulling a plow or handling a tough off-the-road towing or hauling job.

YOU GET CONVENIENCE. The Universal "Jeep" is as easy to drive as a car. Controls are simple and conveniently placed. It has full instrument panel, self starter, conventional pedals and accelerator. You change from 2 to 4-wheel drive by merely shifting transfer-case lever. Powerful sealed-beam headlights give daytime illumination for night field work and highway driving.

YOU GET POWER. The Universal "Jeep" provides three kinds of power: pulling power that operates tilling and harvesting equipment at tractor speeds of 2 1/2 to 7 mph; hauling power that can carry up to 1200 lbs. or tow a braked load of 2 1/2 tons on or off the road; portable power that furnishes up to 50 hp. for operating all types of splineshaft or belt-driven farm machinery.

YOU GET COMFORT in the field. The Universal "Jeep" has hydraulic shock absorbers and cushion seats to give you day-long comfort when doing tractor work. A top is available that will protect you from sun and rain in summer and keep you snug and comfortable in winter.

YOU GET ECONOMY. The "Jeep" cuts operating and maintenance costs to the bone. Its 4-cylinder engine uses very little gas and oil, gives trouble-free performance. Best of all, the "Jeep" spreads its cost over so many different jobs... costs less per job than any other farm vehicle.

YOU GET ALL THIS PLUS 'JEEP' RUGGEDNESS AND DEPENDABILITY.

SEE THE UNIVERSAL 'JEEP' TODAY!

New Telephone Rates Essential to Continued Good Service in Kentucky

Southern Bell's rates in Kentucky are not adequate to meet today's costs and assure a financially sound company capable of rendering good telephone service. The Company's new schedules, recently filed with the Kentucky Public Service Commission, include only such rates as are required to meet Kentucky's needs for service.

Today's telephone rates are the emergency rates authorized by the Public Service Commission last year. Emergency rates were requested only as a stop-gap to partly offset tremendous increases in the costs of supplying our service. They were not expected to meet all the increased costs and provide earnings necessary to keep the Company sound and the service good.

Furthermore, even the earnings lowered by continued cost increases are now running only about 2.5% on the millions of dollars invested in Kentucky telephone facilities.

Adequate Earnings Necessary For Continued Good Service

To continue to furnish good and improved service for the progressive communities of this fast-growing state, the Company must have rates that meet current costs and provide reasonable earnings for those who make telephone service possible by investing their savings in the business. The investors' dollars pay for new facilities through which telephone service is constantly improved, kept modern and enlarged. Since January 1, 1916, we have spent \$20,000,000 on new facilities in Kentucky, and in the next few years, \$50,000,000 of additional new facilities will be needed. These expenditures mean job opportunities and payrolls important to the continued prosperity of Kentucky.

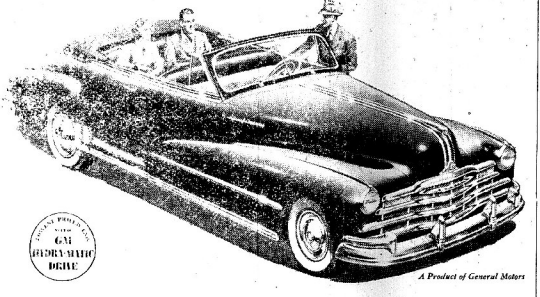

If we are to continue this improvement and expansion work, the Company's earnings must be sufficient to attract the necessary new capital.

Telephone Service Still An Outstanding Bargain

Telephone service at the new rates will still be one of today's best bargains. The new telephone rates are low in comparison with the heavy increases in our costs of rendering you service. They are low in comparison with the increases in costs of the other things you buy. While manufacturers, farmers and business generally have re-priced their products based on today's cost levels, the Telephone Company as a regulated utility has tried to render service in Kentucky at rates only slightly higher than those established in the 1930's.

The new telephone rates are required to give good and improved service. Rates lower than these in the long run could result only in poor service. The people of Kentucky want good telephone service and that is what we want to furnish.

PONTIAC

Adding to its Reputation!

Year after year, Pontiac's reputation grows — as owners spread the good word of its performance and dependability.

This year is certain to add special luster to the Pontiac name — for the great car illustrated here, the 1948 model, is the finest Pontiac ever built.

First, it offers the performance luxury of General Motors' Hydra-Matic Drive — and it is the world's lowest priced car with this phenomenal advance in ease, more convenient motoring.

It is the most beautiful of all Pontiacs. It is the finest performing of all Pontiacs. It is the most dependable of all Pontiacs.

Consequently, we are certain that those who purchase it will be the most enthusiastic of all Pontiac owners — and their praises will add to an already great reputation for enduring satisfaction.

Better make your own next car a Pontiac. Regardless of when you get it, you can be sure it will be a great car.

Girl Scout Camp Staff Is Announced

The camp staff for the two weeks of camp life at Camp Arrowhead for Girl Scouts, from August 3 to August 17, has been selected by the camp committee and is complete with the exception of a waterfront instructor and a registrar. All members of the staff, with the exception of the waterfront specialist and the registrar, will spend their time at the camp supervising the girls' activities and making every effort to provide the girls with profitable, pleasant and safe camp life.

Miss Mae Lou Barrett, Girl Scout executive, will be the director for the second year. Her assistant will be Evelyn Cassidy, a former camp executive. Miss Mary Allen, a Pike county health nurse, will be on the official grounds at all times as the official camp nurse. Mrs. James Allen, dietitian, Mrs. A. T. Ratliff, buyer, and Mrs. Cora Braham, cook, will provide well balanced meals for the Girl Scouts.

A waterfront instructor, approved by the National Red Cross aquatic school, will have charge of all water activities and will be assisted at all times by Doris Rogers, Ann Beverly, Jane Crawford, Evelyn Cassidy and Herbert Chaney. The buddy system will be used in the water with life-guards ready for any emergency.

The campers will be divided into units and will be supervised by unit leaders. Ten will be on hand for the responsibility: Mrs. W. T. Huffman, Jr., Mrs. G. F. Leatherman, Mrs. Durie Chaney, Mrs. Ekster Elswick, Mrs. Cephus Davis, of Lexington, Ky., Mrs. Dale Summerville, Miss Ruth Ralston, Miss Doris Rogers, Miss Jane Crawford, Miss Mary Allen, Miss Ann Ewerly. Four program specialists will go to camp at various times to direct special activities. These are Mrs. Robert P. Call, Mrs. Betty Edinger, Mrs. Betty Praizer, Miss Mary I. Spillman and Donald Elswick.

Resolutions

Wayland, Ky., June 26, 1947
Whereas, we, the members of Local Union 5895, United Mine Workers of America, have met for the past several weeks the buses of the Sparks Brothers Bus Line have been idle due to a labor dispute, and

Whereas, we note that for several months the management of the Sparks Brothers Bus Line have taken an attitude toward their employees that is unequal and anti-union and we believe this to be the chief stumbling block to a peaceful settlement of the present dispute, and

Whereas, the continued inability of the Sparks Brothers Bus Line to keep their buses moving is causing great inconvenience to the public in general and to the coal miners in particular, as this line is the chief mode of transportation in Floyd county;

Therefore, be it resolved that Local Union 5895, U.M.W. of A., respectfully asks the Public Service Commission of the state of Kentucky make an investigation of this dispute by consulting the business, labor and professional people of Floyd county and if the above charge is found to be true, that we ask that the franchise to operate buses in Floyd county be awarded to people who have or can prove their ability to keep the transportation of people by buses in Floyd county moving at a normal pace at all times.

Be it further resolved that a copy of this resolution be sent to the Public Service Commission of Kentucky, one to the management of Sparks Brothers Bus Co., and one published in 'The Floyd County Times.'
