DEALERS SAY COAL PRICES TO BE LOWER

Floyd-co. Operators Plan Meeting Monday; Most Mines Are Idle

Eastern Kentucky's truck mining industry was practically paralyzed this week as operators balked at a price reduction ranging from \$1 to \$1.10 a ton.

With Floyd county truck mine production already at a minimum, a meeting of operators with mine local presidents and Sam Caddy and Tom Raney, District 30 U.M.W. president and international representative, respectively, has been scheduled here next Monday.

From that meeting the operators are expected to emerge with the same decision as that reached at a meeting held in Pikeville Wednesday night to produce "not another pound of coal till a price increase is granted."

This was the unanimous decision of Pike truck mine operators, John W. Hodges, secretary of the association, said following the meeting. Although the meeting was primarily for Pike county mine owners, a number from Floyd, Johnson and other counties attended. More than 400 mines, in all, were represented.

Said Mr. Raney following the meeting: "This is the operators' stand and mine local leaders will support it when the mines owned by the steel companies sign the contract prices will jump. They are trying to do better than they are doing now so that when the price of coal above that will have previously been paying. They're asking the truck mine operators to take a reduction of \$1 when in reality they are entitled to an increase of a dollar."

Mr. Raney said he was told today (Thursday) that not a truck mine in Perry county is operating. "I don't think they'll have to wait much longer than Monday for that contract to be adjusted," he added.

Because of the refusal of steel-company-owned "captive" mines to sign the new coal contract, the big Inland Steel Company operated Wheelwright with its approximately 1,200 mines was idle this week. REA steel in Pike county is also idle.

Raney said he knew of only two other rail mines in the district not operating.

BEGIN TERMS AT LAGRANGE

Salisbury, Keathley Taken; Appeal Lost By Left Beaver Man

Two twenty-prison terms imposed on Co. Salisbury of Hunter, by Floyd circuit court jury in the auto collision death of Mr. and Mrs. D. B. Henson of Mud Creek, were affirmed a few days ago, by the Court of Appeals, and Salisbury was Harold Coon to the reformatory at LaGrange.

Also taken to LaGrange was Isaac Keathley, who enjoyed probation after his conviction and one-year sentence on a charge of children stealing. Keathley recently was fined by Magistrate Dewey Roberts for making "mounding" whistles of the Circuit Judge Edward P. Hill revoked his parole and fixed his imprisonment.

Keathley, who was granted the trial here, made the last arrest on aged Mud Creek couple had "no crow for fear." It was claimed he took a hen, one night, and left a note to the couple to go to the bank and return for him at a future date. He said he would return to the bank and return for him at a future date. EDW. P. HILL (Continued from Page One) Mr. Hill was born in this county, September 18, 1871, the son of the late Benjamin and Lucy Hill. In his early career he was a school teacher, later was engaged in the mercantile business, served as Superintendent of Floyd county schools for four years, also served a term in the state Legislature. After moving to Elizaville, Fleming county, in 1914, he became actively engaged in the farming and livestock raising. He became a resident of Flemingsburg in 1919 and engaged there in various business activities, including bookkeeping at tobacco warehouses. In March, 1920, he became affiliated with the Deposit Bank of Praceo and became its first vice president, assistant cashier for six years, later serving as cashier and president until 1939 when the Deposit Bank consolidated with the Fleming County Deposit Bank which he served as cashier and director until retirement as cashier in November, 1943. He served as treasurer of Fleming county for a number of years. After his retirement from the Farmers Deposit Bank he became bookkeeper and a partner in the Kentucky King Loose Leaf Warehouse, Mayville, and was still affiliated with this firm at the time of his death. He was also active in the recently organized Fleming County Agricultural Fair, of which he was vice-president.

FOR CONGRESS He was an extensive land owner and since his retirement from the bank had spent much of his time looking after his farming interests. He was a lover of fine horses and purchased cattle and got much enjoyment from horseback riding. In December, 1903 he was married to Nancy B. Praceo, daughter of the late Mr. and Mrs. E. S. Praceo. Besides his widow and foster son, Lloyd, he is survived by two brothers, Ed. J. P. Hill of Flemingsburg, and W. J. Hill of Knott county, five sisters, Mrs. M. J. Hill of Flemingsburg, Mrs. Marion Martin, Mrs. Frances Martin, Mrs. T. J. Turner, all of this county, and Mrs. Rosa E. Hill, of Dayton, Ohio. Mr. Hill had long been a member of the Baptist Church. Funeral services were conducted July 4 at the McClure Funeral Home by the Rev. F. A. Hopkins and the Interment was made in the Flemingsburg cemetery.

To Conduct School For Police Recruits Commissioner of State Police G. H. Crowe announced this week that a training school will be conducted this month for state police recruits. The new police recruit school effect last Thursday. Arrangements are being made with various police authorities for the school, including the Federal Bureau of Investigation representatives.

Crowe said qualifications for new patrolmen include: Age, 21 to 35 years; education, high school graduate or its equivalent in police experience; good physical condition as determined by Board of Health standards. All Police are subject to intensive screening and are required to pass a mental test along police lines. Crowe announced appointment of two captains to head major divisions in the police setup. They are: George Helm, 38, Austin, former school teacher and high school principal in Warren county schools, as captain of training and personnel, and Estill Jones, 36, Madison, for five and a half years member of the State Highway Patrol, as head of the operators and the traffic section. "It will be our duty and chief aim to build an efficient police organization with courtesy as its watchword," Crowe said. "We, of course, do not intend to be lax with law enforcement activities. Law officers must be able to be brutal. They can be courteous to the public and should be."

RESOLUTIONS

Whereas, the Supreme Master of the universe did on the 4th day of May, 1948, see fit to call for labor on earth to refreshment in the Great Beyond our beloved sister, Maggie Davidson Hatcher, therefore be it,

Resolved by Adah Chapter, No. 24, Order of Eastern Star, of Prestonsburg, Ky., as follows:

First: That in the passing of Sister Hatcher this chapter has lost a true, lovable and loyal sister whose loss will be keenly felt by the members of this chapter.

Second: That the church to which she belonged has lost a true Christian, and the community in which she lived a beloved and respected citizen. Sister Hatcher was ever ready to lend a helping hand to those in need, and was ever ready to take her part in any move for the betterment of her community.

Third: That the bereaved family of this chapter extends a hand of sympathy and condolence in the loss of their beloved mother, and may our Lord and Master place his gentle arms about you and console you in your bereavement.

Fourth: That a copy of these resolutions be conveyed to the bereaved family, that a copy be spread upon the records of this chapter, and that a copy be sent to The Floyd County Times for publication.

Inspectors Commend Improvements Made In Two Floyd Mines

A number of recent safety improvements, and such desirable features as timbering in full conformance with the Federal Mine Safety Code, are commended in a reinspection report on the No. 1 mine of the Colley Elkhorn Coal Company at Prestonsburg, Ky., released by the Bureau of Mines. The report also proposes the number of further safeguards. The mine employed 48 men and produced 1,200 tons of coal. Inspector Leslie Johnson examined it in May.

The inspector recommended checking for borholes for depth before charging them, using enough incombustible stemming, firing all shots immediately after charging, and testing the roof and faces before and after blasting. He proposed improvements at the surface magazines and keeping the underground section free of rock-dusted areas.

Ventilation was good, the inspector said, and fresh air and weekly examinations for gas and other hazards were made. He proposed outfitting the ventilating fan with a fireproof housing and air dust and gas filters. He also suggested discontinuing the use of check curtains instead of doors and installing doors in pairs to form air locks or having an attendant at single doors.

Inspector Johnson observed no accumulations of coal dust, but he advised rock-dusting closer to the face and in a number of dry areas, including some that had been rock-dusted, and using water or other means to allay dust while cutting. To increase haulage safety, the inspector proposed discontinuing jumping on and off moving trips using enclosed trip lights, providing a man-trip station in one section, and removing obstructions from clearance space and crosscut shelter areas.

Commenting a number of recent electrical improvements the inspector proposed a few more, such as frame-grounding the hand-held electric drills and providing overload protection for the trailing cables.

Inspector Johnson reported approvingly that all employees wore protective hats and footwear, those working around moving equipment wore snug-fitting clothing, and all underground employees complied with the company's "no-smoking" rule. He commended a number of improvements, including a second escapeway from one section to the surface.

Timbering in full conformance with the Federal Mine Safety Code is among the desirable features and recent safety improvements commended in a reinspection report on the Colley Elkhorn Coal Company at Prestonsburg, Ky. A number of further safeguards are proposed. Operated by the Diamond Elkhorn Coal Company, the mine employed 50 men and produced 600 tons of coal a day when John H. Atkins examined it in May.

Blasting practices, including the use of permissible explosives and permissible blasting units, were good, the inspector said, but he suggested firing all shaft blasting shots immediately after charging, and noted that 23 detonators were lying unconfined on the mine floor at one place. Fresh air examinations near rock-dusted areas, including the use of retreating for gas, the inspector reported, but he advised making weekly examinations for gas and other hazards such as keeping the explosion doors of the ventilating fan in operating condition and equipping it with a suitable gauge and a stoppage-alarm, and closing all crosscuts between entries except the one nearest the face.

Although the mine was well rock-dusted, Inspector Atkins recommended removing coal-dust accumulations and using water or other means to allay dust during cutting and at the conveyor unloading heads.

Only a few haulage improvements were suggested, including cleaning up clearance space and shelter areas, using enclosed trip lights, and equipping the locomotives with retarding and warning devices.

The Common Enemy—Self
CUPIDITY and rank selfishness are the twin perils which this and other nations of the world face, these days.

These twin make impossible national and world unity, destroy community spirit, create an impractical roadblock on the way to peace. They even tend to tear down good government.

Selfishness causes the man in the street, the ordinary citizen whose vote elects men to carry on their government from its outermost branches to the main stem at Washington, to use the yardstick of personal greed in determining the individual he wants as a public servant. One group opposes a candidate because he failed to obey its request—or order—in this situation or that. Another supports a candidate because he acted thus or so in this situation or that.

This selfishness destroys in men's minds the larger, wider view which looks to the public good. Thus men are in the sight of the Big Thing in Washington, to use the yardstick of personal greed in determining the individual he wants as a public servant. One group opposes a candidate because he failed to obey its request—or order—in this situation or that. Another supports a candidate because he acted thus or so in this situation or that.

John Sizemore, Floyd War Veteran, Victim After Dayton Wreck

John Sizemore, 28-year-old war veteran and native of this county, was killed Sunday at his home in Dayton, O., to injuries sustained two weeks earlier when his auto collided with a bus.

Sizemore's leg was punctured by a broken rib and his pelvis was broken, but he had been considered recovering and had been returned to his home from a hospital, day before his death.

The victim was a son of Mr. and Mrs. Adam Sizemore, of McDowell, who with his widow and the following brothers and sisters survive: Hubert and Herbert Sizemore, Mrs. Arlie Moore and Mrs. Nora Stumbo, all of McDowell. One half-brother and three half-sisters also survive: Henry Sprulock, of Printer, Mrs. Dewey Akers, of Ohio, Mrs. Ann Tackett and Mrs. Lottie Stumbo, both of McDowell.

The body was returned to the home of the parents at McDowell and funeral services were conducted there Wednesday, the Revs. Troy Nickles, Willie Collins, McKinley Moore, Tom Moley and M. C. Wright officiating. Burial in the family cemetery was under direction of the Arnold Funeral Home.

Cheese was a common part of man's diet as early as 1400 B. C.

LETTERS TO THE EDITOR

PROBLEM SHOULD BE SOLVED

As a citizen and taxpayer in Floyd and Knott counties, I wish to speak in regard to the bus strike. A widow and landowner, or rather, a leader of my family, I can prove by records I have done my part helping get a state highway up Left Beaver. I am greedy for a highway through M. V. Meade's heirs' land at Clear Creek for half the amount that others had asked, because I was interested in better roads for the public at a reasonable price. I certainly have helped the Sparks Brothers Bus Company by traveling to church and doing all my business trips by traveling on their buses.

As for their drivers, I have been personally acquainted with Bill Allen, Clarence Logan and Jesse Wallen and speaking for these three drivers, they are kind, courteous, reliable and give good service to church people. In fact, they have treated me as nice as any son could have his own mother, and I think the public should take action at once.

The Motor Transport Division of the state of Kentucky should step in and call the Sparks Brothers bus back into service to the public or withdraw the franchise and give other bus companies a chance.

As our preamble calls for a perfect union and says we are the people, I do not wish for any one to think I have any difference in bus companies in the service of all times and all places that taxpayers and the working class of people deserve, as Christ loved the common people and he loved the low and country and form a more perfect union and be steadfast in faith and practice.

Sincerely,
EVA MADE HALL

David Camp Is First Of Kind in Valley For Girl Scouts

The first Girl Scout day camp to be held in the Sandy Valley Council was held at David from June 28 till July 2.

For this camp the Girl Scouts used their new Little House, the gift of David L. Francis, president of the Penness Elkhorn Coal Company. The camp was sponsored by the David Francis Women's Club and all expenses incurred were taken care of by the club. Members of the club who served as counselors for the camp were Mrs. William Crawford, Mrs. Ora Howard, Mrs. Harry Fisher, Mrs. Otis Bussey and Mrs. Virgil Harris. Miss Fae Lou Barrett, Scout executive, was director of the camp. Thirty Girl Scouts attended.

Activities carried on were card-making, cooking, arts and crafts, folk dancing, music, games and campfire skills. A movie of camp activities was made by Mrs. Otis Bussey. During the six-day period the camp was held open house for parents and visitors. Many of the girls earned proficiency badges.

ENTERTAIN WITH PICNIC

Coal-Dust Control At Elkhorn No. 28 Suggested by Shaw

Better coal-dust control and other safety improvements are recommended in a re-inspection report on the Wayland No. 28 mine of the Elk Horn Coal Corporation at Wayland, released by the Bureau of Mines. A number of recently-adopted safeguards are cited. The mine employed 58 men and produced 3,000 tons of coal a day when Inspector Russell Shaw examined it in May.

Inspector Shaw advised heavy rock-dusting in some areas, and rock-dusting in some of the working faces where this was not done, and using water or other means to carry dust during cutting and loading. He commended removing coal-dust accumulations from the haulage ways.

Ventilation was generally good, the inspector said, and preshift examinations were begun during the inspection. He advised attending single doors or installing air-locks using line brattles where necessary, offsetting two of the ventilating fans and installing safety devices at several of them. He commended frequent tests for gas during the operation of electrical face equipment.

The company's timbering standards were being complied with, Inspector Shaw said, but he advised taking down and securing timbering considerable loose haulage way roof. He commended the use of permissible explosives and blasting units, but he suggested testing for gas immediately before and after blasting, and firing all cribshot shots or series immediately after charging, which was not done in the hand-loading sections.

To supplement a number of haulage and electrical improvements, the inspector suggested others, including using permissible trip lights, cleaning obstructions from the clearance space, equipping all locomotives with audible warning devices, guarding the trolley wire where necessary, and frame-arounding the electrical equipment, with overload protection as needed. He also proposed a ban on talking matches or other flame-making devices into the mine.

Cpl. Howard was brought to the hospital here by Patrolman Mastis. As the hospital, it was said, Howard declined the aid of stretchers to bear him inside; instead, walked into the building.

After Dr. George P. Archer, John G. Archer and Paul B. Hall had determined the bullet through Howard's body had not perforated his intestines, a decision not to operate was made Wednesday afternoon. Dr. George P. Archer said Howard's condition was "very encouraging." A guard is being maintained in the hospital at Paintsville where Forrest Conley was taken for treatment. Liza Baker was brought to the Floyd county jail here Tuesday night by Sgt. Chester Potter, but was later released. Johnson county officials declined to sign bond for the hospital at Paintsville where Forrest Conley was taken for treatment.

Forty-two persons from Floyd county are among the 3,730 students attending the University of Kentucky this summer. Short course students who will enroll later are expected to swell the enrollment to more than 4,000, the largest number ever to attend the University in one summer term.

The Floyd county students: Blanche Allen, Haysville; Robert Allen, Eastern; Thomas Allen, Martin; Callie Branham, Prestonsburg; Mary Branham, Prestonsburg; Glenn Burchett, Prestonsburg; Charles Clark, Garrett; Eugene Cline, German; Reka Conley, Garrett; Hassell Craft, Wayland; Z. Officers quoted Liza Baker as saying the party had taken a Frutiger boy to his home on Abbott, had then returned home and had decided to drive to Paintsville when Mrs. Page fired the revolver shots which attracted the officers' attention. Harry Conley was said to have been drinking and was quoted as saying he "would kill anybody who tries to stop me."

Forrest Conley is the father of Forrest Conley, Jr., who is serving a life sentence for a slaying in the Paintsville American Legion hall last fall. The victim was Jasper Blair, a young war veteran. The reason for the gunplay was not brought out at the younger Conley's trial. The elder Forrest Conley also is an ex-convict. His brother, Harry, was sentenced one time to life imprisonment as a habitual criminal, but later was pardoned by Governor Ruby Luffton. His record, the state police department said, included convictions for two killings and a rape.

Steel producers already have curtailed operations because of the threatened fuel shortage. The 24-hour-old strike in the so-called "captive" mines started because the steel companies refused to sign the contract accepted by the rest of the coal producers. Steel okayed the 81-a-day wage pact and 20 instead of 10-cent-a-ton miners' welfare fund royalty but disagreed a union shop clause in the agreement violates the Taft-Hartley act.

Denham's assistants arranged interviews and sought affidavits from attorneys representing both the union and the captive miners. They hoped to finish their work in time for Denham to decide before midnight Wednesday whether the steel company charges are valid enough for Denham to issue a formal complaint. Once Denham signs a complaint he can ask a federal court for a strike-banning injunction to last under the unfair labor practice charges can be lifted at NLRB hearings.

After graduation comes opportunity
The approach of Commencement Day, 1948, brings many high school seniors face to face with a big question—what next? Perhaps your own plans are all made. That's fine. But there's one big opportunity open to this year's high school graduates that no young American can afford to pass up without serious consideration.
THE ARMY AND AIR FORCE NOW LET YOU CHOOSE YOUR FIELD OF SPECIAL TRAINING BEFORE YOU ENLIST!
If you are 18 to 34 (17 with parents' consent), physically sound and a high school graduate, you can select your course of training in the Army or the Air Force before enlisting.
Under the Army Technical School Plan you can specify two different courses that appeal to you in each of two fields. The Army will check to make sure there is an opening in one of the four courses you have selected, and a place will be reserved for you in that course. Then you enlist for 3, 4 or 5 years, and after passing the physical and mental examinations and completing basic training you will get training in your chosen field.
The Air Force offers a similar opportunity in its Aviation Career Plan, giving you a pre-enlistment choice of three among the more than forty USAF Specialist Schools. There is no better way to get a start in the great and growing field of aviation.
Either of these plans gives you good pay, excellent training and a splendid chance for advancement in a real career. You'll be working with a fine group of men and serving your country at a time when your help is truly needed. If you want to continue your education you have a good opportunity to study college courses in your spare time.
Get full information, including lists of available Specialist and Technical Schools, at your nearest U. S. Army and U. S. Air Force Recruiting Station.

Lees Honor Student Voted Centre Scholarship

Lees Junior College, Jackson, Mo., has just been given the signal academic honor of a full scholarship for its yearly honor student by one of Kentucky's oldest and finest institutions of higher learning, Centre College of Danville, according to the following letter received by Dr. J. O. Van Meter, president of Lees, from President Walter A. Groves of Centre: "The Trustees took the following action at their meeting June 12: "In view of the historic relationship between Lees College at Jackson, Kentucky, and Centre College, Danville, it was voted to offer an honor scholarship to the honor graduate each year of Lees Junior College. This scholarship covers the general fees of the college."

of a dog's loyalty. The poem was written by Fern Cech, 1928 Mt. Royal Ave., Baltimore Md., formerly Miss Fern Mullins of Exill. She recently made her radio debut on station WCBM, appearing on the program, "Out of the Night," reading her own verse.

Anyway, to get back to what I intended to do, this is her poem for which we have broken down a barrier; an act for which I shall probably have to expiate by having others remind me of how I cruelly rejected their contributions:

I wonder if God had a little black dog. All curly and woolly like mine; With two silky ears and nose round and wet. And eyes, brown and tender, that shine.

I'm sure if He had, that little black dog Knew right from the first He was God; That he needed no proof that Christ, But just worshipped the ground where He trod.

I'm afraid that he hadn't been, I have read How He prayed in the garden alone. For all of His friends and disciples had fled.

Even Peter, the one called a stone. And oh! I am sure that a little black dog, With a true heart so tender and warm, Would never have left Him to suffer alone.

But, creeping right under His arm, Would have licked those dear fingers, in agony closed; And counting all favors but lost, When they led Him away would have trotted behind.

And followed Him quiet to the Cross! ABIGAIL THEATRE THURS.-FRI, JULY 9-10 "Alias a Gentleman" Wallace Berry, Tom Drake, Gladys George. News. Pre-Hysterical Man.

ance required under the new state health code. This minimum requirement, Superintendent Hall said, provides that every child beginning school must have a medical examination and that permanent health records be kept on the child, the same as his scholastic record. The physical education phase of the program cannot be begun this year, Mr. Hall said. One of the major problems yet to be solved is that of providing correction of defects discovered through examination of pupils, in addition to the disease prevention program.

Paris Conley, attendance officer, and Herbert Prater, his assistant, were re-employed by the Board Tuesday. The date for the rural school opening was set for July 19; for the consolidated and high schools of the county, September 7.

Sixty-six additional teachers were employed, but these leave a number of schools teacherless and a strong possibility exists that some schools will make a delayed start, since teachers have not yet satisfyingly met the requirements cannot be employed until after beginning of the school term and after it is evident more qualified teachers cannot be procured.

NOW OPEN TO HIGH SCHOOL GRADUATES

This is important news to every young man from 20 1/2 to 28 who has graduated from high school or who can pass equivalent education examinations. Under a new ruling, you may now enlist in the U. S. Army for the specific purpose of attending Officer Candidate School, provided the quotas are not filled.

You must be a citizen of the United States, and a man of high moral character, able to meet the necessary physical requirements.

To take advantage of this unusual privilege, you may submit your application to the Commanding General of the Army area in which you live. If you are selected, you will be enrolled in the Army as Staff Sergeant. If you have not had basic training or its equivalent, you will be given this training before entering Officer Candidate School.

If you are a successful candidate, you will be commissioned as Second Lieutenant in the Officers Reserve Corps and placed on active duty for two years, during which time you may complete for a Regular Army Commission. Should you fail to complete the course successfully, you will be released from the Army.

The opportunity to qualify for Officer Candidate School is, and has been, open to men in the Army. But never before during peacetime has such a remarkable opportunity to become a commissioned officer been open to civilian high school graduates. Get all the facts about it today at your U. S. Army and U. S. Air Force Recruiting Station.

ELKHORN CITY GETS TOURNEY

Kentucky Baseball Meet Stated July 25; Dist. Tourney, July 10

The annual Kentucky state baseball tournament will be held at Elkhorn City July 21-25, the National Baseball Congress announced Friday.

W. E. Stone, of Pikeville, state amateur baseball commissioner, said the site had been changed from Pikeville to Elkhorn City because the latter has lights for night play. Stone also reported Edwin S. Pruitt, Pikeville, had been named to supervise a district meet at Pikeville starting July 10 with the winner qualifying for the state championship tourney.

The Kentucky champion will meet the winner of the Tennessee state tournament, which is scheduled at Crossville starting July 23, for the bi-state title. This team will represent the region in the 14th annual national tournament at Wichita, Kansas, Aug. 13-25.

RELEASED BY WAYLAND

Second Baseman Collier has been given his release by the Wayland team of the Big Sandy League. He announced this week. Collier is open to offers from any team in this section.

MAJORS SIGN FLOYD YOUTHS

Moore, Weddington Go to Farm Teams To Gain Experience

Two products of Floyd county baseball were signed last week by major league clubs to contracts for assignment to minor league clubs for seasoning.

One of these, Big Ed Moore, son of Mr. and Mrs. Ed Moore Sr., formerly of Allen and Eastern, was signed by the Brooklyn Dodgers for a reported bonus of \$3,000 after several major league scouts had become interested in him as a mound prospect. He starred as a pitcher for Catelettsburg high school where he also excelled in basketball.

In Washington, D. C. last week, Clark Griffith, president of the Washington Senators, announced that Joe Weddington, of Emma, had been signed as a catcher. Weddington has been connected with the Cleveland Indians. He was sent to the Senators' Chattanooga (Tenn.) club.

Games Moved Ahead To Clear the Way For District Meet

Next Sunday, originally scheduled as a "vacation period" for the Big Sandy League will see all teams in section, with games scheduled for Sunday, July 18, moved ahead to this date.

The games scheduled for July 18 will be played Sunday because of the district baseball tournament which will be under way at Pikeville on the 18th.

All Big Sandy League teams have been invited to compete in the Pikeville tourney for a berth in the state finals at Elkhorn City. Inez and Louisa teams also have been invited.

Next Sunday's Big Sandy League schedule follows: Prestonsburg at Wayland, Pikeville at Harold, Weeksbury at Van Lear, Garrett at Elkhorn City, Clear Creek at Paintsville.

GAME, FISH REGULATIONS

Following are game and fish regulations set by the Commission for the coming season:

Also traps must be tagged with the person's name and address, and trap line must be reported to the conservation officer in writing.

The restrictions below Kentucky dam on Tennessee river to commercial fishermen have been increased to 700 yards.

Mussel season is open the year round in all streams. Where a regulation is not made and where no change has been made the old laws will apply.

The above regulations shall apply to the entire State of Kentucky. The sale of rabbits will be prohibited after December 31, 1948, 7-8-2.

HAROLD WINS THREE TILTS

But Elkhorn City Keeps Pace; League Returns Incomplete

Returns from the heavy Fourth of July schedule for the Big Sandy Baseball League were scattered and incomplete Wednesday morning, with not a team in the loop submitting box scores.

Sunday, Prestonsburg dropped a doubleheader here to Harold, one of the league's top teams, 5-0 and 7-2. Prestonsburg came back Monday to defeat Wayland here, 8 to 4, Harold continued its win streak with a victory over Pikeville Monday, 16 to 7. Elkhorn City defeated Wayland in a single game Sunday, 3-2.

Van Lear and Paintsville split Sunday, Van Lear winning, 4 to 3, with Paintsville coming back in the nightcap to win, 8 to 7. Monday, Paintsville defeated Clear Creek, 11 to 8. Clear Creek divided a doubleheader Sunday with Pikeville, winning, 7-3 and losing, 6 to 2.

Sunday's twin bills completed the round of doubleheaders scheduled by the league, though postponements may create double bills later in the season.

BETSY LAYNE

The Betsy Layne Woman's Club met Thursday evening, July 1, at the home of Mrs. Jesse Elliott. The program, "Women in the News," was led by Mrs. W. P. Howell, and consisted of the following: "The Woman for Vice-President," "The Mayor is a Lady," "Future First Lady," "The Woman Behind General Lee," and "Wassara's First Woman President—Kentucky Girl." Following each individual topic, a general discussion was enjoyed.

SHEDS DIRT...STAYS WHITE...

DU PONT HOUSE PAINT
CLEANS ITSELF!

Outside surfaces stay fresh and clean-looking when finished with Du Pont House Paint. Dirt and grime can't get a grip—rains just wash them away!

SELF-CLEANING Du Pont House Paint is so formulated that, as time goes by, a microscopically fine white powder forms on the surface. Heavy rains wash the powder away, taking dust and dirt with it, and leaving the surface clean and white again. Excessive accumulations of dirt (particularly in sooty industrial communities or in heavily shaded locations) may delay or interfere with this process. Because this "self-cleaning" is gradual, the wearing qualities of the paint film are not abnormally affected.

SELF-CLEANING Du Pont House Paint is as durable as it is beautiful... protects against rust, rot, and decay... gives lasting beauty and protection. Costs no more than ordinary paints—saves re-painting bills! Call on a reliable painter for your painting jobs, and ask him to use Du Pont House Paint!

DU PONT SLIP-RETARDANT SELF-POLISHING WAX

AN APPEAL IN MEMORIAM

To the Republican Voters of Seventh District By Open Letter

The powers that be, meaning the political bosses of the Republican party of the Seventh Congressional District, have insulted the intelligence of the common and average Republican voter by dictatorial methods of giving him a hand-picked candidate for the nomination for Congress on the Republican ticket.

These Political Bosses who control the so-called Republican Organization met at Inez, Ky., and without considering the will or wishes of the Republican voters picked and endorsed W. Howe Meade. I, like thousands of other loyal Republicans, do not believe in Political Bosses laying down a Hitlerized rule of telling the people whom they must vote for and for this reason I make an honest appeal to the Republican voters to throw off the shackles of the so-called leaders of our party who have repeatedly led us down to defeat.

It is my firm conviction that a Republican can and will win in the final election in November if the nominee is truly the choice of the people of the Republican party. The Political Bosses know beyond doubt that Mr. Meade is not truly the choice of the Republican voters at this time, and if the Republicans are to win the victory in November, then the voters of the Republican party must have a voice in the selection of the candidate which they would like to have as nominee in their party.

There are thousands of people in this, the 7th Congressional district, composed of farmers, miners, business men, teachers, veterans, and countless other groups and classes of people and if the Republican nominee is to win in November he will have to command the respect of these people. It is a known fact that Mr. Meade cannot get the support of a large segment of the voters, especially the laboring group, and without them we Republicans cannot win. Therefore, I earnestly appeal to the common masses of Republican voters to put the political bosses in their places and tell them that you are qualified and capable of choosing and making up your own mind for when you want to vote.

I believe the average voter and Republican is tired of political dictatorialships and for this reason I again believe that the people will join me in the fight in rejecting these political bosses and give me their support in this August primary election and help me defeat W. Howe Meade for Congress.

Herbert Rowland
Candidate for Congress, Republican Ticket (Pol. adv.)

She has wrought a good work upon me. There shall also this, that this woman has done, be told as a memorial of her. (Matt. 26:10-13).

In memory of Mrs. Jack Allen of Garrett, Ky. We also think of the words of the Master as He complimented the woman who anointed Him... She showed an unselfish love and thus erected a monument that has not crumbled with time.

Mrs. Allen in her duty as a wife, mother and friend was faithful. She is gone from us, but her life, as we know it, is a monument that will remain. Her sufferings and uncomplaining patience are thought of with reverence.

Our sympathy is extended to her family. (1.)

LIBRARY SCIENCE MAJOR ALLEN

Because of the increased demands that cannot be filled for school librarians and lack of the proposed higher standards formulated by the Southern Association of Colleges and Secondary Schools, Western Kentucky State College is again offering a major as well as a minor in library science. The major consists of 33 quarter hours in library science and 13 quarter hours in related fields.

Among those who are completing a major in library science this quarter at Western is Mrs. Elizabeth Baker of Langley.

Mr. and Mrs. Harrison Frazier had the following guests from Shoin Sunday: Mr. and Mrs. George Gray and children, Mr. and Mrs. Ollie Laferty and Ollie, Jr., and Mrs. Melvin Laferty.

SHEER TRAVEL MAGIC

Here you sit in blissful ease while the power plant itself meets and masters the thousand and one situations that come up in travel.

Gentle grades, steep hills, long straightaways, stop streets—once your lever's set, you simply step on the gas—and take them all in liquid-smooth luxury.

Does all this sound fabulous? It is. So fabulous that folks are signing up in droves for the '48 fashion plate with this new-wonder drive.

So to take command of this traveler-touched-with-magic, come see us quickly and get your order in.

We'll take it in sequence whether or not you have a car to trade.

Here you let your left foot idle comfortably wherever you wish—there's no clutch pedal to push, ever.

Here your mind's free completely of remembering when to shift—no gears ever shift anywhere in the car.

Here, you glide over ground and grades in swift and utter smoothness as constant and unbroken as Niagara's flow.

For here you have the only passenger car in America where liquid replaces both the usual clutch and the low-second-high gear sequence of conventional transmissions.

What's Different About DYNAFLOW DRIVE?

To an efficient new pump (left above), Buick engineers have added a true turbine (right) and an ingenious new supercharging assembly (in hand) which produce a torque-boosting action in starting and accelerating. The result is the first drive on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a single control gives you manual selection of power ranges and direction.

Optional of extra cost on Buickmaster model only.

To the Voters, 7th Appellate District:

In the primary election August 7, 1948, my name will be on your ballot as a candidate for Judge of the Court of Appeals of Kentucky. I want your vote and influence in this primary.

As state Representative of the 79th District, I along with some other sponsors, introduced and we passed 71 to 0 in the House of Representatives, a bill to pay a bonus of \$500 to every veteran of World War I and II, regardless of the time of service. There is no reason why Kentucky should not pay a bonus to its veterans. This bill was killed in the Senate.

I introduced a bill to give the Fiscal Courts of each county complete control of the rural highway funds. I introduced a bill to have the state assume and pay the Road and Bridge bonds of the counties that did not vote bonds just the same as the ones that did. I introduced a bill to raise the pauper idiot allowance from \$75 to \$100 per year. I would like for you to look into my record as a Representative and see the number of bills that I introduced to help the taxpayers of your county.

Having served as County Attorney and County Judge of Morgan county, I know the problems of the mountain counties and I did all I could to help them.

Service men and women, I want your help so that people in Kentucky will know that it is popular to support bonus legislation for the veterans and we will have easier going in the next General Assembly.

Your friend and neighbor,
LYMAN B. WELLS, Atty. State Representative,
75th Kentucky Dist.,

Give a Fellow Time to Answer

A telephone ring is exciting! You never know what's waiting at the other end. That's why it's important to answer calls promptly. It's also important when you're doing the calling, to allow a minute for your party to reach the telephone. It's two-way telephone consideration that means better service all around.
