PRICE
(Formerly Gearheart)

We have begun to realize just how lucky we are of Price are, since that at a good many truck mines has been going so slowly. The Rust engineers are working on a "firm foundation" for the huge tipple which the Link Belt Company will begin work on in the next few weeks. Most of us can depend upon Inland Steel if and when a panic phase is on.

HERE'S NEWS!
It hardly seems to be news when some community reports that a citizen "shopped" in some town last week-end. We think it more newsworthy to report those who stayed at home and minded their own business. Among those were Mr. and Mrs. Russell Moore, E. C. Collins, H. D. Moore, Chas. Osborne, Leroy Lawson, Butler Gearheart, Morgan Stumbo, Herman Conley, Henry Hobson, Fred Ratliff, Bill Gibson, John R. Moore, Curt Tackett, Litten Smith, Les Moore, Sam Bulcher, Ted Storr, A. Vestilo, L. C. Frazier, Frank Newcome, E. Martin, J. F. Howell, A. L. Frazier, T. L. Morgan, J. C. Frazier, Bill Begley and Glenn Vitatos.

The service station has been taken over by Ollie Burgy who is living there.

A party was given for Mrs. Curt Tackett by Dean Moore. Many useful gifts were received.

We have rivals in the cooking business. The restaurant stories are: Bill Gibson made a corn pone. It rained above the pan. Bill removed the top. Five minutes later he peked in the oven and had to detop the pone again. It finally became necessary to remove the pone to the big garbage pail out back. Exactly 20 minutes later the stuff had sufficed the lid off the garbage can. Litten Smith was told by his wife to add flour to the gravy. Now the flour happened to be in a large baking powder can also, and Litten naturally picked up the wrong can. He even had gravy in his sox.

Russell Moore has filled in around his house and has bought a new living room suite, both for the Association.

Children who are attending McDowell consolidated school from Price are Myrtle Moore, Delmas Frazier, Birdie Frazier, Jerry Howell, Jr., Eula Gibson, Otto Frazier, Babe Frazier and Evelyn Adams.

John Maynard, of Paintsville, visited Mr. and Mrs. A. W. Frazier last week-end.

A surprise birthday party was given honoring Everett Moore Saturday evening. Many useful gifts were received.

Friends of Mrs. Bill Gibson sympathize with her in her illness, and wish her a speedy recovery.

is Sunday visitor in Price was Ernest Wallace.

Mrs. T. L. Morgan spent last week with her sister, Mrs. W. M. Boyd, of Leasner.

Mrs. Luella Burgy and Mrs. Ernest Wallace attended the box social at Ligon Saturday night.

Utilities Elkhorn Safety Measures Are Commended

A federal coal mine inspector endorses many recent safety improvements in the 1,300-ton-a-day Martin No. 8 mine and recommends additional rock-dusting and other precautionary measures in a report released by the Bureau of Mines. Operated by the Utilities Elkhorn Coal Company, the mine employed 232 men when Leslie Johnson re-inspected it in July.

The greater part of the mine had been well rock-dusted, and coal-dust accumulations were removed from the tipple. However, Inspector Johnson proposed rock-dusting to within 80 feet of the faces of some dry rooms, and elsewhere as needed to minimize dust-explosion danger, using water or other means to alloy coal dust during cutting, removing coal-dust accumulations from conveyor roadway, and dusttight electric motors for dusty tipple places.

Inspector Johnson endorsed the improvement in ventilation, and progress in installing concrete-block stoppings and air-lock doors. Permissible explosives and permissible single-shot blasting units were used on-shaft blasting, but the inspector suggested firing all shots or series immediately after charging, and examinations for gas and roof-bulging before and after all blasting. He commended the new explosives-storage magazine, and the fire-proof door on the detonator magazine.

IN MEMORIAM

In memory of our darling son and brother, Don Weddington, who passed away one year ago:
What would we give to clasp your hand,
Your happy face to see,
To hear your voice and see your smile.
That meant so much to me!
Just when your life was brightest,
Just when your years were best,
You were called from this world of sorrow
To a home of eternal rest.

Your smiling way and pleasant face are a pleasure to recall.
You had a kindly word for each
And died beloved by all.
Some day we hope to meet you,
Some day we know not when,
To clasp your hand in the better land.
In our hearts your memory lingers.

Always tender, fond and true,
There's not a day, dear Don,
We do not think of you.

Sadly missed by Mother, Dad, Sister and Granny Herald.

ALFA's acreage in Montgomery county increased by at least 100 acres last spring, and indications are for a far larger increase this fall.

taxes were not levied for the years 1944 and 1947. Correction of the omission for 1944 presented a particularly tough problem. County Clerk Jarvis Allen said he could not accept pay for taxes not levied at that time, since he receives payment only on delinquent taxes advertised and sold and there was no tax on the property. He queried the Department of Revenue but the only person qualified to answer the question was "cut." County Attorney W. W. Burchett this week was seeking a ruling so that title to property thus affected may be cleared.

Mr. and Mrs. J. E. Donley returned to their home at Morgantown, W. Va., several days ago after a visit with their daughter, Mrs. Charles Schindler, and Mr. Schindler.

INJUSTICE VIA THE LAW

I believe I have told in this column before the needed concerning the Floyd county man who, guilty of adultery, was asked what the Bible said about that sin and who droily replied, "It says, 'Cuss'd be she and let he go.'"

The only excuse for this rehash of the anecdote is to establish it as a parallel for the law and those who eye with scorn, yea, indignation, offenses such as gambling and liquor-dealing if the offenses are committed by certain groups or classes of individuals but who sanction the same offense if it is committed by another group or class.

It is reprehensible to use law suits for a bookie to take bets on a horse race—yes, sir. Even the newspapers print the total the boys and girls laid on the nose or across the board. It is reprehensible for a group which doesn't have much to start with to play nickel-limit poker. They have found themselves in durance vile for such infractions of the law. But big-time gambling with a social background gets the green light and few are the wiser. Few are the wiser unless it's the case of a traveling road show with its barkers and con men operating, with utter imperviousness to prescription, every known scam game. These everybody knows everybody is wise but simply does not care.

At the Kentucky State Fair this week the mad show concessions were closed. Professional gambling was stopped. The Now-You-Sec-It-Now-You-Don't game was in the hands of the sinners now stand, all profits going to the Optimus Club for, it is said, a good cause.

That is an improvement, we admit. Folks may not so frequently and derisively refer to the Fair as a "pleas'd carnival." And the "take" will stay reasonably close to Louisville as matters now stand. Yet it's better this way—but, far from perfect. There's the little matter of a law being given the runaround and made ridiculous.

But, after all, are these laws made to be enforced? We wonder. We are not blasting anybody; we're not demanding anything in particular, though we do find more reprehensible than some of these law violations the distinction the law and its representatives makes between this person and that or this group and others.

"Cuss'd be she?" Not! It should be cuss'd be both or nobody at all.

WE WANT YOUR ORDER

And the sooner you place it, the sooner you will get delivery. So if you want a Pontiac, order it now.

WE WILL ESTIMATE DELIVERY DATE

Due to conditions beyond our control, we cannot give you an exact date of delivery. But based on anticipated future shipments from the factory, we will, when you place your order, give you an honest estimate of when you may expect your car. Such estimates will be reviewed any time on request.

YOU PAY FACTORY-SUGGESTED PRICE

Due to changing economic conditions, we cannot, when you place your order, tell you exactly how much the car will cost when delivered in the future. But, at the time of delivery you will be charged only the factory suggested price on your model—which will be shown in a published list of local prices.

YOU SPECIFY ACCESSORIES

While most of our customers order their cars equipped with accessories, we do not force accessories as a condition of sale. You specify what accessories you want when ordering your car, and these are the ones (and the only ones) it will carry when delivered. Some items may be lacking due to current shortages, but none will be added.

REGARDING TRADE-INS

Naturally, if you have a car to trade, we would like to have it in order to take care of our regular used car customers. Our appraisals are fair, based on current conditions. But if you do not have a car to turn in, we still want your order and will accept it for delivery based on the conditions outlined above.

Nothing pleases us more than to turn over the keys of a new Pontiac to one of the many people whose orders we have, because we know they have chosen well—for Pontiac is always a thoroughly good car, and a thoroughly good value, this year, next year, any year.

WASPS SCORE GRID UPSET

Wayland Holds Tigers To 6-All Tie Friday On Paintsville Field

Wayland high school's victory finale which has lasted from its first game last season in the present state is not yet ended, but the Wasps came near ending it last Friday night at Paintsville and in so doing achieved a major upset in Eastern Kentucky children circles.

They held the Tigers, which had been mentioned in pre-season forecasts as strong contenders for the Conference title, to a 6-6 draw.

Although the more experienced Paintsville eleven outplayed the Flood team, Wayland was never out of the game and in the pinches staged a stubborn defense that nullified the Tigers' punting and passing attack.

Saturday night at Wayland, the Wasps play host to the Harlan Browns of the Cumberland Valley Conference. Game time is 8 o'clock and a big crowd is expected to see the visitors on their first invasion of this county.

Probably the biggest upset of the young season was the 7-0 defeat of the Pikeville Panthers by Betty's Pirates Friday night.

SPORTS AFIELD

By TED KESTING

In no other form of angling is the superiority of artificial lures over live bait so extremely marked as in fly casting for sunfish. Often dismissed as child's play, the sunfish taken on a fly rod soon proves to doubters that it is rightly called a game fish, claims angling master Jason Lucas.

Any fly rod with proper action will do for sunfish, although a light trout rod is more pleasant to use. Most anglers use level lines for straight, but Lucas suggests a good three-diameter line, if you can find one.

A six-foot leader is generally used, but there's no harm in trying one longer. A tapered leader of about one-and-a-half feet is advisable for either wet or dry flies.

One of the chief reasons why so many claim they can't hook sunfish on flies is that they use flies far too large. Lucas never uses a fly larger than a 10; he often uses 12s and smaller. A sunfish can be extremely choosy about what shade fly he wants, but for the beginning try flies of black, white, brown and gray. And it's well to start out with hackle flies only. Specially dressed flies are almost invariably best for either trout or sunfish.

When you are ready to expand your collection, try the McClinton, the Bee, the Coachman and the Royal Coachman, Dusty Miller, Whirling Dun, Professor and Black Gnat are also good choices. Some anglers swear by rubber bugs of various sorts. Try them—half the fun of fly fishing is trying things. You won't often want to use a spinner, but when you do, keep it tiny and shiny.

(See Story No. 1, Page 4)

The largest crowd ever to witness a Prestonsburg football game—a gathering numbering between 1,500 and 2,000 persons—saw the Prestonsburg Black Cats open their 1948 season under the guidance of a new coach, and on a new field, with victory Saturday night.

Two brilliant runs by "Set" Branham, veteran halfback, netted the Cats a 13 to 0 win over Whitesburg high school. The game was the first sports event to take place under the lights of the new playground here.

Whitesburg came here with a 27 to 0 victory over Belfry to its credit and was rated an edge with a veteran, experienced team in good condition for the game.

The first quarter saw the two teams seewaw back and forth, with the Cats at one time reaching the visitors' 20 but losing the ball on a pass interception. Whitesburg got down to the Prestonsburg 40 then, but the Cats also took over on an interception. Prestonsburg surged back to the visitors' 30 and again a pass went awry. For that first period Whitesburg looked more consistent in its running attack.

Early in the second quarter, Branham took a short pass from young Eddie Hill at quarter and raced 60 yards for a marker, falling into the end zone as Hall of Whitesburg tackled him. Boyd's line plunge was to a remainder of the period was scoreless, with little decided difference between the two eleven.

Was Branham again in the third quarter. He went back into punt formation, took the ball from center, cut to the side then turned as if trying to spot a receiver. As the Whitesburg defense spread for the expected pass, he set out on another punt and paring the line with good blocking, and crossed the goal line with three teammates as a convey. The conversion attempt at the line failed.

Whitesburg's only real bid for a touchdown came in closing seconds of the contest. Hall, who had been passing accurately all evening to fumbling receivers, finally connected and the ball was taken to the Prestonsburg 10. Again he shot a pass which was followed by a lateral, and Whitesburg was in the shadows of the Cat goal. A touchdown appeared to be certain when the game-ending whistle blew.

Nessler at center for the Cats was probably the best defensive player on the field. He and line "Pie" Goodman were both terrific in this department. Hall was outstanding for Whitesburg with his passing and kicking. Prestonsburg did not punt once, although a kick was the play on at least one occasion. The team still lacks reserves and in this first game showed a weakness on pass defense and in blocking.

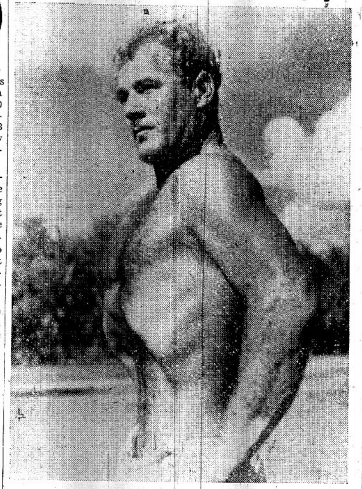

Saturday night, the Cats are at Belfry for a game with a team mentioned as a potential state championship eleven. Everts has a veteran squad and a large one, with two players who last year were mentioned for all-state honors, and has won its two games of the season by lopsided scores. Coach Benedict, however, has his team working hard for the game and the Cats are conceding nothing without a showdown. Prestonsburg players in action for this first game were:

Hyden and Durham, ends; Harmon, Horn, Spears and Spradlin at tackle; Bell and Wheeler Branham at guards; Hill and Goodman at quarterback; Set Branham and Willis at halves; Boyd at fullback; Joe Sowers and Neeley saw brief action.

WAYLAND TIPS HAROLD, 10-8

In Sluggest Opening Playoffs; Same Teams Play Again Friday

Wayland's baseball team, which finished the Big Sandy League season in third place, defeated first-place Harold, 10 to 8, in a slugging start to the league play-offs Saturday night under the lights of Lions Park, Wayland.

Result of the Elk Horn City-Weeksbury game at Elk Horn City was not learned. Winners of the two play-offs will meet for the championship Saturday night at 8 at Wayland.

DeCoursey and Adams with three hits each led the winners' attack with Martin, Ratliff, Moore and Boyd contributing two safeties each. Home runs by Conn in the fourth and fifth innings featured the Harold offense. Parker, who alternated between left field and the mound, led Harold with four hits in five times at bat.
