TED-BEEBERRY

So Mr. and Mrs. Ted Beeberry have been treated by the people of Prestonsburg like reptiles!

Somebody said he was a poor coach at games in the drugstores, in their homes, they talked Nobody, he says, phoned him on his wife to say as much.

Ted Beeberry, a young man, personable, with perhaps a slight future ahead of him, should thank a guy named Harry Stuhldreher. This fellow Stuhldreher is a "Four Horsemen" player who later became coach at Wisconsin. And this man who was an immortal as a Notre Dame player was anything but as a coach Harry Stuhldreher wasn't a bad coach. He may have been a great coach, but the things didn't break right for him at Madison.

At games in the drugstores, in their homes, they talked Nobody, he says, phoned him on his wife to say as much.

Harry Stuhldreher is no longer coach at Wisconsin with the last season he was the head coach. His resignation was accepted and he was promptly "kicked upstairs" to the post of athletic director of a great university. Where? Why at the University of Wisconsin—where else!

Ted Beeberry, assume the career of coach, needs to learn much. A fact of life he needs to learn is that man carries out his own destiny, and he doesn't do it by growing and reaching and grasping because all is not sunshine and roses.

Good luck, Ted, wherever you go. Unless you change your outlook on life, boy, you'll need it!

JURY RETURNS
MURDER BILL

Tram Negro, Only Slayer Indicted; Two Officers Among Those Charged

Of upwards of 60 indictments returned by the grand jury of the Floyd circuit court as of Wednesday noon, only one was for murder, and that of the man charged with the slaying of Frank Jackson. The grand jury returned an indictment against the man charged with the slaying of Frank Jackson, a Negro, on the date of the slaying, three months ago.

John Derossit was named formally as grand juror. Two of the indictments returned involved Floyd county officers. One of those, Clerk of Police Wallace H. Martin, is named with Raymond Griffith, Jack Blackmore, et al. as co-defendants. Martin, on a striking and wounding charge preferred by M. V. C. S. and Jack Blackmore, et al. charged the three on a charge of official contempt.

In the other Emmett Roberts, a former deputy sheriff, is accused by the grand jury of the slaying of a man, grand larceny growing out of the slaying, and of the disappearance of the prisoner's wife, which, he claims, committed in 1938.

At the Martin case Chief of Police H. H. Martin and Blackmore were called by Clerk to have entered his home, late at night, and to have taken the man named Emmett Roberts, who was indicted for the slaying of a man, grand larceny growing out of the slaying, and of the disappearance of the prisoner's wife, which, he claims, committed in 1938.

Harry Stuhldreher is no longer coach at Wisconsin with the last season he was the head coach. His resignation was accepted and he was promptly "kicked upstairs" to the post of athletic director of a great university. Where? Why at the University of Wisconsin—where else!

WORK MOUNTS
AS MORE IDLE

But It's Work Hopping Unemployment Applicants At Area USES Office Here

With the truck mining industry at its lowest ebb since it boomed with wartime fuel demands and many rail operations curtailed for lack of orders, the Kentucky State Employment Service here has been swamped with applicants for jobs and unemployment compensation.

A few days ago, the last rail mine in the area served by the Prestonsburg office had an order with the Employment Service for miners announced. It had all the men to work at this time. The remaining order for 200 miners since war days.

A number of rail mines in the area are suffering from a lack of orders for coal. One operation had his in recent weeks, the Elk Horn Coal Corp., at Wayland, W. Va. The mine has been in a steady state run for a month, however.

Hill Asks Grand Jury For Stringent Probe; Sheriff in Statement

The bootlegging situation in this county, as viewed by citizens and officials alike to be bad, drew comment this week from two official sources.

Judge Hill, in his instructions to the grand jury Monday, "Are we going to turn Floyd county over to the bootleggers? Are we going to let the bootleggers run the county?"

Later in the week, Sheriff Troy B. Sturgis issued a statement in reply to the bootlegging situation. He said that the bootlegging situation is bad and that he is doing everything possible to control it.

His appearance here is the result of an artist's desire to make his own name and was recommended by the Prestonsburg Junior-Senior Club as a civic enterprise.

Scott's recital will be a blend of the arts of drama, humor and music on the concert stage. He will play a variety of piano pieces, including some of his own compositions.

Silver Star Soldier Rites Held at School He Formerly Attended

Auditorium of Maytown high school from which he was graduated in 1938 was the scene today (Thursday) of last rites for Staff Sgt. Herman L. Osborne, Floyd soldier who won signal honors for gallantry in the battle for France, and who was killed in Belgium, Dec. 30, 1945.

The son of W. E. (Bev) Osborne and Mrs. Vada Smith Osborne, he was born at Luckey, Nov. 21, 1919. After attending Caney Junior College following high school graduation, he enlisted for army service in 1940.

With the 94th armored field artillery battalion of General Patton's army he landed at Utah Beach, Normandy, for his part in the invasion of France, and within two days came the action which won for him the Silver Star. As a result of a vague situation at Saumur and the inexperience of the troops, the unit was captured. Staff Sgt. Osborne withdrew the observation post, organized scattered elements of Company A and withdrew them safely to American lines.

Little more than a month later, he was wounded in bitter fighting for Troves, France. He was back in the fighting when his battalion did brilliant work in opening the corridor into Bastogne, Belgium, and here he was killed by an enemy shell.

During his army training at Pine Camp, N. Y., he was married to Miss Violeta Burrows. She, his parents and the following brothers and sisters survive: Deward Osborne, Batstone, N. J.; Emmet Osborne and Mrs. Hawley Martin, both of Yonkers, Mich.; Everett and Charles Osborne, both at home.

The funeral service was conducted by the Rev. Bennett Adams and William S. Akers. Burial was made in Eastern, the Ryan Funeral Home directing.

E. A. Smith, Jr., has returned to Bowling Green, Ky., where he is a student at the Bowling Green Business University, after spending the holidays with his parents, Mr. and Mrs. E. A. Smith, on Graham street.

In a surprise move the City Council Monday evening named Walter Scott Harkins successor to Joy Robinson as City Attorney. Mr. Harkins held the post prior to the city election of 1947.

The change in attorneys was made, one member of the council indicated, because Mr. Robinson was unable to attend meetings because of illness. Council's only other action of the evening was to grant city tabcard licenses for a period of six months, as heretofore.

But, to a lot of people, the 1949 Chevrolet is already old. They know what it will do, and how exceedingly well it will do it—they know all about its performance, its comfort, its power, safety, durability and economy. They are the engineers and technicians of the General Motors Proving Ground—the largest, most completely equipped, outdoor testing laboratory in the automobile world.

Here, before a single new 1949 Chevrolet went into production, experimental models were tested—made to show that they possess, in greater measure than ever, all those qualities on which Chevrolet has built its leadership.

In short, the General Motors Proving Ground tests are your assurance that your new-model Chevrolet has proved its worth through many months and many, many thousands of miles of rough handling.

Soon you will see the new Chevrolet—and when you do, you will see a car not only new, but tried and true.

Former Floyd Coaches Resume Athletic Feud

A Floyd county feud has shifted over into the neighboring state of Ohio.
This is an athletic difference, not one in which rifle-guns are involved. The "feudists" are Everett "Red" Hall, former Garrett basketball mentor, now at Beaver, O., and Joe E. Dyer, formerly at Wheeling, now coaching at Stockdale (O.) high school. Both teams are in Pike county, O., and are only seven miles apart.

Just before Christmas, Hall's team defeated Dyer's 33 to 20. Last year, Dyer had the edge and his team won the championship in its region. For the 1948-49 season both fives have set their line-ups and are expected to be strong regional contenders.

Hall's five has won nine of its 10 games this season. Its one loss was to Innesport team on Dec. 4.

TWO UNIVERSITIES' POINTS BALANCE

Although the University of Mississippi has beaten Kentucky in three of five games, the point totals balance exactly—68 each.

VETS DEFEAT WAYLAND FIVE

Also Edge Maytown But Gallantly Lose To Feminine Foe

Taking the big end of a 23-44 score the Prestonsburg VFW Ramblers celebrated their opening play in the Floyd County Independent Basketball League here on Christmas Eve by handing the Wayland Independents their first defeat of this season.

Prior to the league's formation the Wayland team, composed of All-stars' DeCoursey, Campbell and Johnson as well as other performers, had Hicks, Fraley, Tullis and Boyd, mowed down all opposition. The Prestonsburg Ramblers, listing on their roster the basketball luminaries Wilbur Schu, All-Southeastern star at the University of Kentucky, former U. K. Wildcat performer Bill Sturull, the sharp-shooting Blackburn brothers, former All-KIAC player Frank Heinze and his brother, Johnny, the consistent pointman, Bill Sturull, Ben Barkley Sturgill and others, has compiled an enviable record in meeting any and all opposition throughout Eastern Kentucky.

In the basketball-powerhouse clash here T. Blackburn, Rambler forward, and DeCoursey, Wayland forward, scored points each with Rambler forward A. Blackburn and Wayland guard Hicks getting 10, each.

As a holiday feature fans here were treated to an exhibition basketball game on December 28 between the Ramblers and the famed all-stars team, The American Red Cross, that ended, 47-46, in favor of the girls. Highlights of the game were the trick plays by the girls, a free shot exhibition by girl-champion Hazel Walker, the red faces of the boys and the unscheduled performance of somebody's little black woolly dog that persisted in taking to the playing floor and left referee "Doodler" Wells wondering if "everybody wants to get into the act."

In a pre-holiday game at Maytown the Prestonsburg VFW team staged a last-quarter blistering rally to overcome a scattering Maytown team, 52-39. The Maytown quint surprised the Vets by leading them throughout the second and third quarters.

Rambler forward A. Blackburn led the scoring with 19 points and played a fine floor game while substitute Boyd, Maytown forward, swished the goal for 13 points. Little Boyd led the losers in scoring despite being covered up by the defensive tactics of the tall-boy veterans.

Rankin To Quit Business For Career as Coach

Robert Rankin recently announced that he will dispose of his interest in the Family Store here to enter Eastern State Teachers College, Richmond, to take refresher courses in industrial arts and later to enter the coaching profession. Next summer, he said, he will attend the coaching school at Notre Dame. Rankin has been a student of football and basketball for several years and has had work with several famous coaches.

"I have enjoyed work in Prestonsburg and may be making a mistake," Rankin said, "but I'll never be satisfied to stay out of coaching."

World's Tallest Basketeer To Appear Here with Clowns

Ted Benedett ended his brief stay in Prestonsburg as athletic coach Monday morning, day after Johnny Carrico had published in his Courier-Journal column, "Hoopin' It Up," a blast considered by Prestonsburg school officials and citizens as aimed at the entire populace of the community.

He resigned the coaching post last week upon his return to Prestonsburg from Wheeling, W. Va., where he spent Christmas, but had agreed to remain until the end of the semester, Jan. 19.

Sunday, Carrico's column quoted Benedett as saying:
"My reason for leaving is quite simple. I and my family have been treated like reptiles since my arrival in Prestonsburg. Some people were dissatisfied and showed resentment when I was hired. They wanted a 'big name' coach to follow Ebner."
The Ebner referred to is John Ebner, who last year coached Prestonsburg to a Conference (football) championship, to a victory over Pineville in the Flood Bowl playoff game, to a district basketball championship and a state baseball championship.

After the Louisville newspaper was circulated here and the editor's statement had become widely discussed, school authorities considered Benedett's usefulness as a coach and teacher in the schools here at an end. He was told Monday morning that his services were no longer needed.

Asked for a statement, City Superintendent Chalmers H. Frazier merely commented: "Mr. Benedett's claim that he has been treated badly is the little boy's report to his mother that somebody had been rude to him. When he yelled, 'Hello, a voice said 'Hello.' A question, 'Who are you?' was asked by the same words. Then, when he retorted, 'None of your business' back came the same retort."
Asked if he knew or Benedett's claim he or his wife had received rude telegrams after losses by his football team, Mr. Frazier said he asked the coach for a specific report on the matter but that none was supplied.

Benedett, an all-KIAC fullback at Eastern State Teachers, Richmond, and an artillery lieutenant in the European theatre during the recent war, was warned when he accepted the coaching job last fall that he was stepping into a tough spot with several stars of last year's team gone, school officials said. Early in the season, the services of "Red" Blackburn, later to be named to a halfback position on the 1948 All-State eleven, were lost. Despite this the Prestonsburg football team shared the Big Sandy Conference title with Fleming high school.

Benedett's basketball team has lost three games while winning one of the first of the season.
Shortly after resigning last week an action taken, was said by Superintendent Frazier, acting in the absence of Ted Benedett, who resigned as coach Monday, is anticipated. Frazier himself may take over the job of coaching the basketball team, with Wilbur Schu, former University of Kentucky star, assisting.

MAY TO BREED RACE HORSES
Former P'burg Man And Texan Associated In Glen Ary Project
William H. May, of Frankfort, formerly of Prestonsburg, said last week he and Kenneth Murchison, of Dallas, will develop Glen Ary Farm, Frankfort, to breeding tractor horses.
"May, former state Commissioner of Agriculture, and Murchison, a Texas oil man, have about 45 head of thoroughbreds on the 200-acre tract now. They have been breeding for several years."
"We'll get rid of our cattle," May explained, "and give the place over to race horse breeding. We may do some racing, but mostly we'll breed racers."
The farm now has 20 brood mares and three stallions. St. Andrews, 2d, imported from England, and two Kentucky-bred sires, Delaware and Swallow, St. Andrews, 2d, set the world's record, 1:59 4/5, for the mile and a quarter at Brighton, England, in 1929. The mark was equaled last year by Shannon II at Danforth.
May said Thomas H. Stevens, of Lexington, has been employed to manage the farm and as head trainer.

TO THE VOTERS OF FLOYD COUNTY:

I wish to ask you to consider my candidacy for the Democratic nomination for County Clerk of our county.

I am a citizen and resident of Martin, Ky., and have resided here since my return from three years of service in the army of the United States during World War II.

My father, Marson Moore, was born and raised on Left Beaver Creek near McDowell, Ky.

In education and experience, I feel that I am qualified to serve the people of our county as their Clerk. I realize that the duties of the office are many, but the responsibilities are great, and that the opportunities for serving the people are numerous. I am more than willing to work hard as your Clerk in order to help the people of our county feel that the office of County Clerk belongs to them and is at their service at all times. I will try hard to serve you well.

If nominated and elected, my sole ambition will be to conduct myself and the office of Clerk in such a way that the good people of Floyd County will be proud of my work.

Join this army and see the World!

HERE'S one army you'll be tickled to death to sign up with—and for a good, long hitch at that.

It's the growing band of happy folks who are stepping out in tidy new 1949 Buicks—and they've got plenty to sound off about.

Mobility for instance. All the life and zing of big Fireball power plants, cradled to velvet smoothness on Ell-Poised engine mountings.

Silk-smooth operation on city street or open highway through the near-magic of Dynaflow Drive, available now on the Buick SUPER as well as the ROADMASTER.

Easy-going ground coverage from soft coil springs and pillow big tires on oversize rims.

And what a wonderful outlook you find here! Through broad, high, full-curving windshields that really let you see.

Through deep, airy side windows that send the whole countryside passing in review—through wide, one-piece rear windows that make parking and backing much easier.

Statistically, the fact is that 4-door Sedans have 22% more glass area than before. Practically, the thing to do is sit in one of these beauties—and note how beautifully you can see the world.

Note, while you're at it, the figures on your dealer's price tags. Even they are part of a mighty happy picture that makes it advisable to get your order in without delay.

TO THE PEOPLE OF FLOYD COUNTY:

This is to announce my candidacy for the Democratic nomination for the office of Jailer.

Four years ago, you were kind enough to help me in my race for this office, and I have never ceased to be grateful to you for that confidence. As Jailer I have conducted myself personally, the jail and all the details as I think I should have. As far as my own physical condition would permit, I have worked hard to make you a good Jailer and to care for the courthouse property as best I could. When unable to do this, I have had sober, honest assistants to do the work for me.

In short, I have tried to conduct myself and the office so that the people could, without shame or swinge of conscience, vote for me.

Had not inflated prices made it impossible for me to save any money out of the fees which are fixed by law, in time of low prices or high, I perhaps would not have again asked you to help me. But the truth is, I have made no money out of the Jailer's office. Now, with the prospect of lower prices, it is possible I could within the next four years make for myself and family the "nest egg" I had hoped to earn during my present term.

Certainly I have no ambition to remain in politics over a long period. As most of you know, I am unable to go into the mines or other fields of hard labor and earn a livelihood. But I can do the work of Jailer as well as any, and that is why I again am a candidate.

Please consider my case. I trust you will not think I am asking too much.

Your friend,
EVERETTE COLLINS
(Pol. adv.)
