MAYTOWN SHY OF ONE POINT

To Average 50 Points Per Tilt As They Beat Auxier Hornets, 51-42

Had the Maytown Wildcats scored one more point Friday night as Auxier as they closed their 1949-50 season against the Hornets, their average for 25 games would have been an even 50 points per tilt.

The defeated the Hornets, 51-42, in a close contest which saw Auxier show surprising strength.

The score brought Maytown's total for the year to 1249 points, for a season average of 49.95 while the Hornets scored 1180 for an average of 47.2. The Wildcats have won 14 and lost 11 for a percentage of .561.

The stubborn Hornets were never out of range of victory until the last minute of the game. The first quarter found Maytown ahead 12-9, and at the half-time Maytown was leading 23 to 21 lead. The Wildcats widened the breach at the end of the third period, 42-26. A fourth quarter Hornet thrust was sufficient to overtake the Maytown lads.

Maytown found it impossible to score up Auxier's "Mighty Minute" guard, Paul Hager, who took individual high scoring honors for the night with 25 points. Pressure, Maytown forward, tallied 24.

Garrett Nips Maroons, 56-51, In First Game Tuesday Night

Indicating the widespread interest annually shown in the progressive play of the 58th district tournament, a well-filled house witnessed the "Little State Tournament" single game opening here Tuesday night which saw Garrett's Black Devils withstand suddenly powerful last minute Wheelwright threat before eliminating the Maroons, 56-51.

Recovering from a 20-point third quarter deficit, the Maroons, paced by their scintillating center Ronald Curry, narrowed their lead in one of the fastest comebacks seen here in many moons which would almost everywhere in the gymnasium to their feet in the closing minutes of the fracas.

The game which had the first-half appearance of an easy breeze for Garrett reversed itself in the latter stages as the Maroon whirlwind finish made Garrett's victory hopes look like they were almost gone with the wind.

Garrett took possession of the ball on the opening tipoff and after a scoring attempt by each club in their respective territories, the Black Beaver lads brought the ball back up the floor into the shadow of their own goal where Duff, the Black Devil center, fouled himself.

Duff hit one of his two free shot attempts for the first score of the game and thus the scoring action of another most unpropitious tournament was under way.

Garrett built up a 7-0 lead before Wheelwright was able to successfully cut the net. Curry nabbed in a free throw for the Maroons' first score of the game.

The end of the first quarter found the Garrett team leading 15-6, and the orange-and-black clad lads continued ahead, 34-18 at the half. In the third quarter, Wheelwright's sharp-shooting forward, Gibson, fouled out with 12 points already to his credit. The end of the period score read, 46-32, in favor of Garrett.

At the official timeout pause, Garrett led, 55-44. Evidently it was the pause which refreshed the Maroons. They came back into the third quarter with minutes of the game and almost made Wheelwright high school sports history.

Duff and Mullins, Black Devil guards, fouled out and Garrett scored visibly.

With a minute and 12 seconds left, the score stood, 56-56 in Garrett's favor. Two Garrett free shots failed to change the score and the Black Devil finally remained at a standstill, hitting a single-pointer to tie the Maroon total by one. Wheelwright missed the chance to tie the score by missing five of seven three throws in the last two minutes.

Centers of the two teams shared top scoring honors. Duff, Garrett, tallied 24 points, while Mullins collected 20 points each. These individual performances were also a key to the trend of play of their respective teams. Curry, limited to only four points in the first half, came through convincingly in the last half, Duff scored 15-points in the first half and also burdened himself with three fouls which slowed him during the last half.

UK HOME RECORD IS OFFICIAL BEST

Lexington, Ky. March 1—The National Collegiate Athletic Bureau has officially recognized Kentucky's Black Devils as the nation's 82 consecutive home floor victories as an official all-time record for a major college.

Arthur Rupp received last Friday a wire from Homer F. Cooke, director of the N.C.A.A., reading:

"We can confirm that no school's consecutive game record of home floor wins even approaches 82. Therefore, the N.C.A.A. accepts Kentucky's string as an official record for others to shoot at in the future."

Kentucky Wildcats lost their last home floor tilt to Ohio State on Jan. 4, 1949. The Cats reside from their home floor alumni gym with 82 consecutive wins by virtue of victories over Xavier last Friday and Vanderbilt's comeback Saturday.

The home floor alumni gym with 82 consecutive wins will be ready for play by the start of next season.

ON KMI TEAM

JOHN MANDT

Venice, Fla., Feb. 28 (Sp.)—Cadet John Mandt, son of Mr. and Mrs. A. H. Mandt, Mentor, Ky., is a member of K.M.I.'s undefeated basketball team. The school, winning in Florida, has played eleven games, thus far, with an unblemished record. They have won two victories over Jesuit High of Tampa, who are considered the best team in this section. Cadet Mandt is one of the first five players, playing forward on the team and has scored 100 points to date this season. He is a fifth year cadet and a member of the Senior Class.

Kentucky Military Institute is now spending its seventeenth winter in Venice, Florida and will return to Lexington, Kentucky in April.

Girl Scout Council Schedules Dinner Here

February board meeting of the Sandy Valley Girl Scout Council was held in the Pikeville Girl Scout office with Mrs. Lon B. Progress, chairman presiding.

Committee reports were heard and plans made for coming months. Miss Virginia Hatcher, training chairman, announced the next training session will be held in Pikeville Saturday, May 6.

Mrs. William Crawford, of David, president of the Council, has set March 18 for a semi-annual Council dinner meeting which will be held at the Presbyterian Church, Prestonsburg.

Those attending were Mrs. Russell Harmon and Mrs. Harry Fletcher; David; Mrs. Winston Ford and Mrs. R. V. May, Prestonsburg; Mrs. Lloyd Canfield, Elkhorn City; Mr. and Mrs. Lon B. Rogers, Mrs. G. P. Hudson, Mrs. A. H. Joop, Miss Virginia Hatcher and Miss Fannie Mae Howell, Pikeville.

The slaves who hauled the five massive stone columns of the old state ho-bu-lding in Decatur, Ala., from Trinity Mountain were given their freedom upon the completion of the building.

Martin's attack was paced by forward Doug Lafferty who scored 21 points and was ably assisted by Bob Taylor, Webb and McCarty. Willis, Clyde Lafferty, Runnels and Childers set the pace for Prestonsburg.

"All Positions Open", Declares P.H.S. Grid Mentor, Doc Ferrell; Spring Session To Begin Monday

Issuing a spring football practice call to all 1950 Blackcat pigskin prospects, Prestonsburg high school football coach "Doc" Ferrell today declared:

"All team positions are open, absolutely without reservation, and every man, regardless of his experience, will have to start from scratch."

Spring football activity gets going next Monday, he said, with quarterbacks, centers and halfbacks reporting for indoor practice in the gymnasium. Immediately following the state basketball tourney, Ferrell said, all gridlers will be in practice and the athletes are slated to start in a month.

"There's one thing you can tell the world, we can't—we're going to have a good football team even if we have to start growing pain."

"I like the prospects at Prestonsburg. I have been here only a short time but I've been here long enough to learn definitely that there is plenty of material and the only thing lacking is the proper spirit and play-casting attitude of players. That is the reason that both the boys and myself are going to build a team anew and there won't be any room on the campy trip prior to school this fall," he said, "will be selected on the basis of their showing this spring."

"We not only lost eight men by graduation," the former UK gridder remarked, "as far as I'm concerned, we lost a whole team."

"As of this moment," he stated emphatically, "I am declaring all team positions vacant and want all boys, regardless of playing experience, eligible age, weight or color of hair, who may be genuinely interested in playing football to report with but a single thought in mind—that each has just as good a chance as the next one to make the team and his chances depend entirely on how he progresses in practice."

"I want eleven men who can and will play football regardless of where they come from, even from the sixth grade if necessary, and I want it understood that a 145-pound man can make a place on my team if he shows the stuff! And let it be certain, as of now, I won't stand for any men getting themselves ineligible due to ineligibility. In school anywhere, there is no excuse for the latter."

There, they drove here in the truck of his brother, Bill Blackburn, to the home of Lucy Mae Crisp whom they visited. Later they went to the Bus Station Cafe here for a sandwich. They started to leave town but were held back by the bus station at his wife's request.

There, this version of the tragedy continues. Kasez told Mrs. Crisp, "You're drunk and I'm going to arrest you and throw you in jail, like I did last Saturday night."

Blackburn said he lost control of the truck when his wife slipped against him. The truck careened around a right pole and turned onto its side.

Kasez said at the jail here: "I don't know how she was in the truck. I was shooting at the tires after the driver tried to run over me. The woman has lived next door to me at 1200 East Main for the past 12 years. She has played and grown up with my children. Why, I would as soon shoot one of my own children as that woman."

Chief of Police Ed Leftery said Kasez and Policeman Potler, who comprise the night police force, arrested Blackburn at a motel here on the night of Feb. 18 after the owner had complained he and others were creating a disturbance and that one Blackburn threatened Kasez, he added, telling him Betsy Layne wasn't big enough for her boy.

On the night of the shooting here, the Chief of Police added, Blackburn was heard making threats against Kasez. He said he was told Blackburn followed the officers in his truck from the upper part of Prestonsburg, down Third street and to the bus station. There he added, Blackburn ran his truck under the shed and stopped. "Toid to move, Blackburn backed the truck, then attempted to run over the two officers. The policeman, Leftery said, he was told, jumped behind a post, then Kasez fired as the truck drove away.

Although Kasez went to the home of Leftery and reported that a truck was wrecked, he did not at the time mention the fact that he had been shooting. The Chief of Police said the police chief said his first knowledge that there had been a shooting came, about an hour later, after Kasez had caught a ride to his home in Betsy Layne. Then a bystander let him in on the fact that he had suggested he should look for the bus.

our boys and girls their educational opportunities. "We, the undersigned, are citizens of Kentucky."

What effect the cards will have on the Legislature and the Governor may not readily be learned. Allen M. Trout, The Courier-Journal's Frankfort Bureau chief, reported some legislators had expressed anger upon learning of the plan of the K.E.A. to conduct the round-robin. The plan was described as "secret."

Wrote Mr. Trout, in part, of the plan and possible reaction: "By Friday some legislators were expressing anger at the threat of mass political punishment on the card. They said if K.E.A. wants to indulge in power politics they are ready to vote for a bill now pending in the House that would re-exact the old system of electing superintendents by popular vote. "Since 1920, superintendents have been appointed by their Boards of Education."

"This bill is sponsored by Representative Thomas L. Britton, Corbin, an outspoken critic of the K.E.A. It now is resting in a House committee by the slim margin of one vote. Five committee members are ready to vote it out, and only one is ready to support it. "Opponents of this bill say it is a backward step that would nullify the progress Kentucky has made in education the last three decades. "Proponents say superintendents are up to their ears in politics, anyway, due to the practical necessity of controlling the election of friendly board members."

Letcher Mine Stalemate Claims Knott Victim

WHITESBORO, Ky. — Donald Gibson, 52 of Knott County, was crushed to death Thursday last week in a slate fall in the Stamper Collins mine on nearby Camp Branch Gibson, son of Mr. and Mrs. Darel Gibson, was killed instantly. GREAT SPIRITUAL FILM COMING HERE

Final arrangements have been made for the showing here of "The Prince of Peace," new \$2,500,000 Hallmark Production, in Cinecolor, that has been breaking attendance records everywhere. It was announced today by John Allen, manager of the Strand theatre.

This unusual, two-hour attraction is a complete unit in itself, according to Mr. Allen. The breathtaking beauty of the Wichtas and the background for the powerful, moving story.

It is bewauld "The Prince of Peace" so tremendous in scope, so beautiful in color, so sweeping in grandeur and so human in its theme that it is breaking boxoffice records from coast-to-coast. Its glorious and thrilling musical score and strong sermon-on-film has caused clergyman of every faith and denomination to all levels to call the film the most important motion picture ever to come out of Hollywood.

According to one critic the film makes its appearance at a time when the world, needs it most. "There are people in Hell who could have been saved by this picture," he said.

"The Prince of Peace" is a movie for the entire family. Father and mother will thrill to its majestic beauty while little brother and sister will delight in the new six-year-old child star, Ginger Prince, making her first screen appearance.

"The Prince of Peace" will be shown four times Sunday, March 12, when it opens at 1:30-4:00, 6:30-9:00 p.m., and will have 3 shows Monday, March 13 at 2:00, 6:30-9:00 p.m., at the Strand theatre. 3-2-45

Power Firm To Spend More Than \$3,000,000 In 1950 Construction

The Kentucky & West Virginia Power Company, Inc., announced recently that its 1950 construction budget would require the expenditure of more than \$3,000,000. R. E. Doyle, Jr., general manager of the company, said, "Almost a third of our budget, \$920,000, will be spent to build 285 miles of rural lines to serve an additional 2792 rural and farm customers. This activity will bring our total number of miles of rural lines to over 4,400, serving about 45,000 farm and rural customers. We are nearing practically complete area coverage with our rural lines, and by the end of 1951 we expect to have our major rural line building finished.

"Remainder of the budget consists largely of expenditures for transmission distribution facilities to be installed to keep pace with the growth of the communities we serve." "Kentucky & West Virginia Power Company," Mr. Doyle said, "is one of the six operating companies in the American Gas and Electric System. These companies are co-ordinated in such a way that each company in the group supports and is supported by the others. Our budget is part of the \$75,000,000 budget proposed for the companies in the group.

"A large part of the system budget for the year 1950," he continued, "covers the construction by our affiliates, Appalachian Electric Power Company and the Ohio Power Company, of additional units at the Philip Sporn plant at Graham Station, W. Va. The first unit of this station went into commercial use Jan. 18, 1950. Three additional units are under way, the last to be in service by July, 1952. The plant will then have a capacity of 600,000 kilowatts and the system capacity will be 2,876,000 kilowatts."

Lackey-Garrett Women To Sponsor Red Cross Drive in Club Vicinity

The Lackey-Garrett Women's Club met at the home of Mrs. S. M. Martin, hostess and leader for the program meeting on "America's Coal and Wood Security." The various phases discussed by Mrs. Martin were:

"American Coal—an Ambassador of Democracy," "What a Modern American Coal Mine Is Like," and "Coal's Extraordinary Future in the Atomic Age." Mrs. Martin based her report on material compiled by the Bituminous Coal Institute. An achievement test was given and enjoyed by all.

It was decided that the club sponsor a Penny Art tea, March 16, at the home of Mrs. J. C. Wells, with Misses Ann Wrightson, John Wallace, R. P. Vinson and Miss Thelma Daniels in charge. The club voted to sponsor the Red Cross drive in the Garrett-Lackey area. During the brief business session, Mrs. Gardner was welcomed as a new member.

The next meeting of the club will be at the home of Mrs. F. H. Cooley, March 16, for a "work" meeting.

Mrs. Martin served a dessert course to the following: Mesdames Harry Sherman, A. M. Deagle, guests and members, Mesdames John Wallace, Gorman Collins, Floyd Cooley, Richard Vinson, Fred Hall, Thomas Hatcher, Rudolph Spencer, Roy Souleyrette, Frank Rasmick, M. M. Collins, Everett Blanton, Noah Howard, Willard Carter, T. Prater, J. E. Miller, S. M. Martin, Cris Wells, Carlton Wrightson and Mrs. Gardner.

Women of Betsy Layne To Write 'Pen Friends'

"Hinds Across The Sea" might well apply to the latest endeavor of the Betsy Layne Women's Club. In the regular monthly meeting held on club Thursday, Feb. 16, at the home of Mrs. R. L. Anderson at Betsy Layne, each member present received the name of a "pen friend" from the Women's Club in Tokyo, Japan and each plans to begin correspondence with her overseas pen pal at once.

Mrs. C. C. Williams presided over the business session. It was voted to send a donation to the Crippled Children's Fund. The coming Red Cross drive was discussed.

Miss Alice Williams presented the program "Thrifty Buying," in the absence of the scheduled leaders, Mesdames Len Roberts and Ellen Blackburn. The program was opened with a discussion on "Dividing the Food Dollar." Mrs. Beecher Hardwick read and commented upon an article "Are You Washing Your Without Knowing It." "Make Pennies Count" was presented by Mrs. Williams. Mrs. Glen Blackburn discussed "Specials in Vegetables." "An Expert's View of Meat Buying" was read by Mrs. Anderson. "Do You Know Me?" was presented by Mrs. Arthur Van Kamen. Each article was discussed at length by all the members. The program was conducted by "A Party Saving Quiz." As the close of the program, Rev. Anderson entertained the group by the showing of a movie cartoon, "Jack and the Beanstalk," which was enjoyed very much by every one present.

A delightful dessert course was served to the following: Mesdames Arthur Van Kamen, Beecher Hardwick, Glen Blackburn, Edward Lynkins, O. J. Williams, Miss Alice Williams and the hostess Mrs. Anderson and Rev. Anderson.

CARD OF THANKS

Rites Held Saturday For William F. Taylor

Funeral services for William F. Taylor, 69, retired field foreman for the United Fuel Gas Company, and former mayor of Kermitt, W. Va., who died suddenly at his home at Inez, were held at 2 p.m. Saturday at Huntington, W. Va., with the Rev. Joseph A. Garshaw officiating. Burial was made in the Springhill cemetery there.

Mr. Taylor was well known in the Eastern Kentucky gas field and formerly worked out of the Prestonsburg office of the Warfield Natural Gas Company as assistant superintendent to R. C. Laird here. He was the father of Ralph V. Taylor, formerly a prominent resident of Prestonsburg while employed in the Floyd county gas field.

The deceased was born Aug. 8, 1880, at Kent, Pa., a son of the late George H. and Della Taylor. He was a member of the Methodist Church and the Independent Order of Odd Fellows.

Surviving are the widow, Mrs. Alice H. Taylor, four sons, Robert F. Taylor, of Huntington, W. Va., Ralph V. Taylor, of Pikeville, Alfred E. Taylor, of Dayton, Ohio, and William M. Taylor, of Inez; a daughter, Miss Verne Taylor, of Huntington, a brother, George W. Taylor, of Cameron, W. Va., three sisters, Mrs. Belle Goodnight, of Cuyahoga Falls, Ohio, Mrs. T. E. Powell, of Morgantown, W. Va., and Mrs. R. M. Rynd, of Charleston, W. Va., and a granddaughter.

Swing Sisters

The Fontaine sisters, Bea, Margie and Jerry, are the vocal trio heard on WLW NBC's weekly "Supper Club" programs at 7 p.m. EST.

McDOWELL

Mrs. Nannie Halbert, who is a patient at the Beaver Valley hospital, Martin, is much improved. She has been seriously ill. All her friends and neighbors wish her a speedy recovery.

The McDowell Women's Auxiliary Club will hold its next meeting at the new clubhouse. The first meeting was held Feb. 9 at the home of Thelma Hall. The officers elected were Geraldine Ward, president; Helen Meade, vice-president; Martha Williams, secretary; and Marie Stumbo, treasurer.

A large crowd attended and refreshments were served to Helen Lammie, Edna Aders, Geraldine Ward, Alice Ward, Marie Stumbo, Edna Stumbo, Annah Newsome, Martha Williams, Blackburn, Ruth Stumbo, Cathleen Blanton, Eleanor Stumbo, Gertrude Stumbo, Sylvia Stumbo, Helen Stumbo, Ruth Collins, Nergie Hopkins, Gilva Hall, Ida Row Meade, Alma Wampler, and Thelma Hall.

Mrs. Sam Praley has been a patient at the Beaver Valley hospital at Martin.

Miss Bill Braddock, of Martin, was the winner of the quilt given away Saturday night, Feb. 25, by the Women's Auxiliary Club.

Mrs. and Mrs. Milton Stumbo, Mr. and Mrs. Lloyd Stumbo and Mr. and Mrs. Foster Stumbo and Long attended the midnight show at Martin, Saturday night.

Milton Stumbo is a business visitor in Frankfort this week.

Mrs. Alma Wampler and sons, Benny Dale and Darrell, are visiting relatives in Detroit, Michigan. Mr. and Mrs. Glenn Stumbo, Miss Baby Stumbo, Freddy Stumbo, Mrs. Beatrice Thomas and Miss Justine Steele returned to Detroit, Mich., last week after being called here by the death of their grandmother, "Aunt Jane" Hopkins.

Scotland's Sealed Research Association has "almost perfected" a method for harvesting seaweed by use of mechanical cutters.

MIDAS

Mrs. Mildred Bellomy submitted a major operation in the Stumbo Memorial hospital at Lackey Saturday. Her condition is reported much improved.

Orville Adkins returned to the Veterans hospital Sunday for a re-check on his broken leg. He is now able to bend his knee and it should not be too long before he is able to walk without aid.

Mrs. Billie Allen has been very ill. She has been removed to the home of her mother, "Aunt Minnie" Webb for convalescence.

Arch Hayes was pleasantly surprised with a birthday dinner at his home, Feb. 22, with the following guests present: Mr. and Mrs. J. M. Turner, Mr. and Mrs. Ezra Turner and son, Johnny, Mr. and Mrs. Tramble Turner, Mr. and Mrs. Joe Turner, Mr. and Mrs. Harri Hayes, Mr. and Mrs. Ernest Hayes and Edna and Mrs. W. E. Cottrell. He received many useful gifts. The men enjoyed rock until a late hour.

FACTS

About the Coal Crisis

For more than eight months, coal operators have been trying to make a contract with the mine workers' union. Before any new contract could be made, two union demands had to be eliminated:

- 1. Complete domination of coal production by the union, through its insistence on the "able and willing" and "memorial" clauses;
2. Insistence by the union on the power to exact enormous sums of money from employers to be spent as the union dictates on "welfare" for union members.

Federal Judge Richmond B. Keech upheld the view of the operators that these demands were not bargainable—were, indeed, illegal.

On "able and willing," Judge Keech said:

"Good faith does not permit such extraneous and unlawful provisions to be insisted upon by an employee group as a condition of wage agreement. To include such provisions would be tantamount to nullifying any agreement reached at its birth..."

AS TO THE SO-CALLED "MONEY ISSUES":

The ruthless power of the labor dictator is being used to "Kill the goose that lays the golden eggs."

Under the expired contract, wages, which the coal operators have offered to continue, are higher than those paid in any other major industry. The average hourly wage is \$1.95 per hour, compared to \$1.67 per hour in all manufacturing. This rate is also paid for lunch periods and "travel time," making the average underground earnings \$2.40 per productive hour. In addition, vacation pay (\$100.00 a year), social security, welfare and other payments increase labor costs to about \$2.74 per productive hour.

Although the basic wage rate is \$14.05 per day on the basis of 6 1/2 hours of actual work in underground mines, many rates are higher, so that the average daily pay amounts to \$15.60.

If the additional labor costs are included, the figure is \$17.81 per day.

Again and again, union monopoly in the coal industry has brought the country to the point of crisis to enforce its demands.

sions would be tantamount to nullifying any agreement reached at its birth...

"The court concludes that insistence upon inclusion of the so-called 'able and willing' and 'memorial period' clauses in the negotiation of an agreement is a refusal to confer in good faith, and therefore a practice condemned by (the law)."

On union dictation and control of "welfare," Judge Keech declared:

"It is the opinion of the court that insistence that the welfare and retirement fund be administered so as to limit the benefits thereunder to union members and their dependents without compliance with the statutory requirements for a closed shop agreement, is in conflict with (the law)."

There can be no appeasement—no compromise—on these two fundamental issues.

Since more than 60 per cent of the cost of mining coal is paid for labor, the price of coal to consumers has risen again and again.

Obviously, if this industry is to survive, there must be a stopping point.

Markets for coal are shrinking. It does not make sense to raise costs when markets are shrinking. That is the way to price the industry—operators—miners—railroads—retailers—out of the coal business.

The net effect is that union dictatorship is killing off the industry, is killing off jobs for miners. In the process, it is bringing suffering and hardship to all.

The Coal Operators Are Eager for a Working Contract with their Employees

There can be no true security for the American worker, no steady progress for American industry, as long as UNION MONOPOLY can dictate when a man shall work and when industry shall produce. There can be no sure protection for the American public as long as UNION MONOPOLY is free to shake the fist in the face of all!

Miss Conley Is Bride Of W. B. Fletcher, Jr.
Miss Estella Ruth Conley, of Lexington, daughter of Mr. and Mrs. L. A. Conley, of Abbeot road, near here, became the bride of Mr. Walter B. Fletcher, Jr., son of Mr. and Mrs. W. B. Fletcher, of Lexington, in a ceremony solemnized at four o'clock Saturday afternoon, Feb. 18, at the home of the bride's sister, Mrs. A. J. Abern, 407 Cochran Road, Lexington. The Rev. W. B. Casy, pastor of Cherry Chase Baptist Church, was the officiating minister.

The bride wore a beige gabardine suit with many blue accessories and a white orchid shoulder bouquet. Her only attendant, Miss Kathryn Hicks, wore a gray gabardine suit with black accessories and a shoulder bouquet of gardenias.

John Preston Fletcher served as his brother's best man.

A reception was held following the ceremony for members of the Heford Wright chapter, covered with an eucalyptus cloth, held a tiered wedding cake topped with bride and groom figurines. A needle point arrangement of spring flowers and greenery was used as a centerpiece and was flanked by white tapers in silver holders.

The bride is a graduate of Prestonsburg high school and the Mayo Vocational School at Paintsville. She is now employed by Southeastern Greyhound Lines in Lexington. The groom was graduated from Lafayette high school and attended the University of Kentucky. He also holds a position with Southeastern Greyhound Lines.

Mr. and Mrs. Fletcher are making their home at 117 Bassett Court, Lexington.

BIRTHDAY DINNERS HELD AT SUGAR LOAF

1950 MERCURY TOPS ALL WINNERS IN MOBILGAS GRAND CANYON RUN!
OFFICIAL WINNER!
Ford Motor Mercury Special Sedan, Mercury Sport Mercury Association.
MOBILGAS GRAND CANYON RUN
MERCURY
1950 MERCURY WITH OVERDRIVE AMERICA'S "NO. 1 ECONOMY CAR!"
Sets amazing new gasoline mileage record for grueling 751 mile Grand Canyon run as it outperforms 30 other entries from America's leading car makers!
Yes, now it's officially proven! I-Pound for Pound, the big new 1950 Mercury IS America's most economical car!
For, in the 751 Mile Mobilgas Grand Canyon Run conducted by the American Automobile Association last week, Mercury delivered grand prize winning gasoline economy—over a rugged course which ranged from Death Valley to 7000 foot icy mountain passes.
This remarkable economy—made possible by the combination of Mercury's thirty, V-type, 8-cylinder engine and its gas-saving "Touch-O-Matic" Overdrive—came as no surprise to Mercury owners. For many Mercury owners had repeatedly reported gasoline economy far above average expectations.
Yet this unusual economy is only one of the many reasons why thousands of owners are now choosing Mercury. Many say it's the smartest-looking car on the road. Others claim it's the smoothest-riding, most comfortable, too! And all agree it's the biggest prize for the money!
Drive Mercury yourself—and see!
You bet it's "better than ever"—**MERCURY**

Two Million Bluegill Bream Available

Frankfort, Ky., Feb. 27.—(Sp.)—At least two million bluegill bream will be available for Kentucky Farm Pond owners this year. Minor Carr, Superintendent of Fisheries, has announced. Already many applications for the first distribution, which will start in March, have been received. Carr said, but a few more can be filled on this first delivery.

It is pointed out that applications can be made to the conservation officer in each county. This application will be returned to J. C. Cox, Supervisor of Farm Pond Stocking at the Division office.

These applications which cannot be filled in the March delivery will be taken care of in the fall, but pond owners are warned to make applications at the earliest possible date so that the schedule may be mapped.

Immediately after the bluegill stocking, the bass distribution will start these ponds. It is pointed out that the same procedure will be followed in the fall coverage. Those owners who have made application will receive their fish at a distribution point in their counties. The hour and date at which the truck will arrive will be determined. It is imperative that the owners be prompt to secure their fish on the distribution date. The first delivery will be made in the Western part of the state and the trucks distributing the fish will work eastward until the deliveries have been completed. The Farm Pond Supervisor emphasizes that on applications which had not been received prior to February 22, deliveries of both bluegill and bass will not be available until fall.

BAIT CASTING, SCHOOL RIFLE MATCHES SET

Prize-Winning Awards And Trips Announced By Floyd Supervisor

Plans for the annual prep bait casting contest and rifle matches in Floyd county high schools among members of the Junior Conservation clubs were announced this week by Bernard Baldridge, Floyd county conservation officer and club supervisor.

In the bait casting contest, five Shakespeare classic reels will be given the winners, one to each top scorer of the nine high schools. The boy who tallies the highest score of all competing in the school tests will be awarded the county championship and will be awarded, in addition to his school prize, a trip to the Kentucky State Fair.

County championships in the rifle shooting contests will be decided in a county-wide shoot at the mouth of Sugar Loaf on the 23, south of Prestonsburg, Baldridge said. The tentative date is set for sometime this month, he stated, pending the completion of the individual school qualifying matches. Four of the school shoots are yet to be held.

Winning county-wide rifle teams will be awarded a trip to Dale Holt, W. Va. County winners will be designated in one-man, two-man and four-man competition, he said.

As a stimulant to interest in Junior conservation work in Floyd county, Jimmy Gilpin, of the State Division of Fish and Game, will be invited to give a talk at Dale Holt, Prestonsburg, Martin and McDowell on Monday. Tuesday found Mr. Gilpin at Sugar Loaf, where he will stay and work with the boys.

Pike Judge Sets Date To Hold Elkhorn City Wet-Or-Dry Election

Pike county Judge Ervin S. Pruitt, after a hearing at Pikeville recently, set March 23 as the date which Elkhorn City is to have a local option election.

Judge Pruitt had heard the case Monday, Feb. 13, but wanted more time to study it before deciding on it.

The petition was signed by some 323 Elkhorn City voters, representing about 25 per cent of the registered voters there.

Curtis M. Couch, Elkhorn City mayor, said Judge Pruitt would be the ABC administrator, unless the mayor appoints a substitute. If the wet vote, applications to operate liquor stores would be accepted by the mayor or his substitute and sent to the ABC board in Frankfort. This board, explained Judge Pruitt, has the power to grant or deny licenses.

It is believed that not more than two stores would be allowed, based upon the population Elkhorn City has.

COMMENTS

BY WOODROW ALLEN

It is only reasonable and just that a man who has devoted two-thirds of his life supporting his family should be able to retire when he reaches 65 years of age.

So many men earn—because they haven't made provision for sufficient income to permit retirement at 65.

The only way the average man can provide for his latter years and furnish protection for his family at the same time is through life insurance!

For the man who earns a higher than average income, the easiest, safest, and surest way to provide retirement income is through life insurance!

See me, soon, and let's talk about your future.

Novice anglers are sometimes cautioned by all this advice of "what's the right size line?" But they soon learn that the lighter the line, the farther and more steadily a line will cast, and the fewer back-lashes you'll have.

Jason Lucas, one of our favorite fishing authorities, lists the following points to consider when selecting a line to give the most ease in casting, and still assure you a reasonable chance of landing your fish.

In weed-thick and snag-free water a veteran can easily handle the biggest bass on a line of five-pound test or less. This is true for the beginner, but he can start with one of not over 12 pounds and work down to lighter line as he acquires skill.

In weeds or snags there isn't the difference between novice and initiate since both must have a fish before it tangles up. A 15-pound line will do in most places; for one of very moderate skill. But in some southern water with dense, tough weeds and big bass, it may be necessary to go up to 20-pound test. Some recently developed 20-pound lines astonish the old-timers by their ability to cast even a 1/2-ounce lure very large.

County champions in the five-shooting contests will be decided in a county-wide shoot at the mouth of Sugar Loaf on the 23, south of Prestonsburg, Baldridge said. The tentative date is set for sometime this month, he stated, pending the completion of the individual school qualifying matches. Four of the school shoots are yet to be held.

QUAIL CHICK BLANKS AVAILABLE TO CLUBS BY END OF FEBRUARY

Frankfort, Ky., March 1.—(Sp.)—Application blanks for quail chicks shall be in the hands of District Superintendents by today or tomorrow, Harry Gled, Superintendent of Game Management, announced.

The blanks were sent to the districts prior to the end of February. He pointed out that those sportsmen's clubs participating in the cooperative quail-raising program should order their local conservation officer or supervisors to make application.

After obtaining their application blanks, the clubs should fill in the data requested and return the blanks to the Superintendent of Game Management. These blanks should be in the office not later than April 15, so that the delivery schedule can be made. The first deliveries will be made in the Ninth District, with the Eighth next, and so on, until all the deliveries are completed.

Mr. Gled pointed out that sportsmen's clubs obtained more than 60,000 by mail last year and a few additional will be available for 1950. This additional amount, however, is being placed out, will go to new clubs and clubs which raised birds last year should request no more than they handled at that time.

Depending on weather conditions, the first deliveries are expected to start early in June. They will continue until all the birds have been distributed.

Where pile and mangle don't run very nicely, even though they won't do even for the beginner.

The walleys isn't a particularly hard fighter, but he can snap a fairly strong line if he's permitted to hit the end of it head on. Most anglers use about the same line for walleys that they would for bass, but a person who is inexperienced might do well to use somewhat heavier line.

Too many anglers break lines because they fail to watch the end next to the plug, which should be cut off when it shows wear. They may be, in effect, fishing with a cut-down line when they think they're using 20-pound.

Fishing sometimes complain of having hard-sold rods when the real trouble is varnish on their rod guides. This varnish can become very hard and develop sharp edges that scrape the line passing through.

The cure is simple: merely scrape the varnish off carefully.

Scrap metal thieves sawed off and stole the tail of a brass lion at the Metropolitan Museum of Art foot of the bronze without a phone call a year, or an average of 2,500 a day.

SCHOOL ACCOUNTING REPORT OF THE FLOYD COUNTY BOARD OF EDUCATION FOR THE SCHOOL YEAR ENDING JUNE 30, 1949

Palmer Hall, Superintendent and Secretary
Adrian Collins, Treasurer
August 29, 1949
W. W. Roschi, Supervisor of Accounting
Department of Education

Floyd County Schools School Year Ending June 30, 1949

Minutes—The minutes of the Floyd County Board of Education are recorded in the approved minutes books of this Department. Minutes are signed by Chairman and Secretary and are complete in all necessary details.
Accounts from approved by this Department are being used. Receipts and disbursements are entered under proper codes, summarized monthly and extended to the recapitulation for determination of monthly balances.

Claims are filed by the month in separate folders. Claims forms F-75 were used with most of the claims in the year 1948-49. In the year beginning July 1, 1949, all invoices will be accompanied by the standard invoice properly signed for approval.
The Board of Education of Floyd County maintains two funds for payment of claims and salaries. The General Fund is used to pay general claims against the Board. The Teachers' Fund is used to pay teachers, principals, and supervisors salaries.

The per capita and equalization payments from the Treasurer of Kentucky have been deposited directly into the Teachers' Fund. It is suggested that if the Board of Education wishes to maintain two funds that all deposits be made into the General Fund and then transferred to the separate Teachers' Fund.
It has been the practice of the Treasurer of the Board of Education to stamp the checks with a rubber stamp in most instances. The Supervisor can see some justification for this practice in a district as large as Floyd county where hundreds of checks are written annually. However, from a house standpoint it is a practice to be discouraged.

As of August 23, 1949, the county of Floyd had not set up a Bond and Interest Redemption Fund to handle bond and interest payments from the Board of Education. This Supervisor and the Superintendent of the Board of Education, County Treasurer, Mr. W. J. May, and Mr. Palmer L. Hall, called on the County Treasurer, Mr. W. J. May, and he accepted to first this fund would be set up to receive the net interest payment in September, 1949.

On September 1, 1949, \$50,000.00 Floyd County School Building Revenue Bonds were issued. All bonds are due for payment September 1, 1958. The bonds are payable at any interest paying date and Schedule "F-1" shows proposed plan of payment.

The teachers' salary schedule approved by this Department is being followed except in a few instances where credits have been allowed after schedule was approved.
Teachers sick leave and service records are being kept.
Teachers' retirement deductions are sent to the Retirement System promptly.

Claims for the months of July, August and September were checked and the following invoices were not found:
Check No. To Whom Amount For What
342 C. O. Railway \$34.20 Tickets
343 Mrs. Andrew May \$6.00 Stamps

Disbursements are supported by canceled checks, claims, and the approved salary schedule.
In a system as large as Floyd county, it appears that the office section is very well organized and economically operated. The records are very neat and accurate.

The annual Financial Report for 1947-48 has not been published, but 1947-48 and 1948-49 will be published when this audit is returned.
It is suggested that the Board of Education have an appraisal made to determine if insurance is adequate. This can be done by a reputable insurance firm or an appraisal agent.

The Board of Education was legally organized for 1949.
The tax collector is submitting monthly and annual statements.
Receipts from the sale of \$50,000.00 School Building Revenue Bonds were deposited in the Current Fund. No transfer was then made to a construction fund. The money was disbursed directly from the Current Fund for building purposes. It is suggested that any future issue be accompanied by a construction fund and all the proceeds from the sale of Revenue Bonds be transferred to this fund and disbursed from this fund for building purposes.

MOONSHINING ON INCREASE

Three Times As Active As Two Years Ago; 217 Still Cut By Agents

The moonshiners in Kentucky and Tennessee are almost three times as active as they were a couple of years ago.

Joseph G. Yates, enforcement supervisor of the Alcohol Tax Unit for the two states, said last week his agents had destroyed 217 stills in the first six weeks of 1950. During the same period in 1948 they destroyed only 85 and in the first six weeks of 1949 only 85. Yates said there was no division in his records between the two states. However, he added, Tennessee was making more moonshine whiskey than Kentucky.

The average still for moonshine whiskey now, he said, will hold more than 300 gallons of mash which will yield 25 gallons of powerful whiskey. It can be emptied of one batch in 3 hours. Thus, it makes it available and no federal agents come around, such a still could make 300 gallons of whiskey a day.

Yates said the increase in stills destroyed was due both to increased moonshining and better enforcement.

The moonshiners is selling his product at from \$3 to \$7 a gallon, depending on the location. The tax alone on legal whiskey is \$9 a gallon for 100-proof whiskey.
