and said he and Terry had "a few words" both went inside the house and upon reaching the kitchen Terry seized a butcher knife and attempted to cut him, the shouting following the action, he told the officers.

He claimed the shot which struck Mrs. Terry was a stray bullet, but officers said he fired at her when standing in the front of the house, she began howling rocks at Simms.

A call from Policeman Blackburn sent Sheriff Meade and deputies to Wheelwright where they were joined by state police. Simms had disappeared, but Deputy Sheriff Frank Parsons trailed him from the Lee Hall Hollow to the head of the Cold Course Hollow where he learned the slayer had traded two of his three guns, and from there he followed the trail to Wheelwright, Meadwell, officers and gone to Wheelwright to intercept the fugitive.

These Deputy Sheriffs W. J. Stone and Johnny Martin learned of Simms emerging from the timber, and soon thereafter Stone made the arrest.

Simms, who had been described by residents of Wheelwright as "a very dangerous man," was unnamed when taken. Sheriff Meade said retired neighbors and friends of Simms had made an angry demonstration when Simms was taken back to Wheelwright before being brought to jail here.

Survivors of the slay man include his parents, his widow, Mrs. Rebecca Joann Terry, a son, James Marlow, one daughter, Linda Marie, and the following brothers and sisters: Hubert Lee, of New York; Clarence William, Wheelwright; Ronald Eugene, Elroy and Elmer Eugene, all of Wheelwright; Mary Elizabeth Terry, of Virginia; Hazel Elizabeth Terry, of Michigan; Sandra Kay and Wendell, both of Wheelwright.

Funeral rites were conducted Thursday. The Rev. W. M. Jones officiating and burial at Wheelwright was directed by the Arnold Funeral Home.

Three Prestonsburg FHA Girls, Teacher To Attend State Meeting This Week

Two towns in this county are reported a population loss. These are Wheelwright with a population now of 1340 as compared with 1879 in 1940 and Weylan with 1,801 as against 1,890 10 years back. Wheelwright has an annual loss of 2,006. Allen, 420 for a gain of 152 and Betty Layne was reported a total of 1,912.

Martin, the population of which has been a subject of much discussion since the General Assembly declared it a fourth-class city, has a population of 1,666 as compared with 950 at the 1940 census, according to figures released this week.

Knott county had a gain for the decade of 229, with 20,336 population. Hindman, the county seat, lost 113 inhabitants, the preliminary totals show—312 as compared with 625 in 1940.

The case was ruled on by the Court of Appeals before which it had been pending for some time. The testimony was to be used further action provided the appeal was turned down.

Hopson and former Pike County Attorney F. Pierce Keene were in Richmond to sit in on the session.

If the Court of Appeals should recognize the claim, Hopson said "it would set the development of Pike county back 50 years and unsettle the value of and the title to much property."

He expressed the opinion that a Pike circuit court decision denying the claim would be upheld.

On the other hand, other attorneys expressed the opinion that a "slim possibility" exists that Taylor may obtain possession of the land.

Hopson said the grant is one of those issued by the Governor of Virginia from 1780 to 1785 in the territory which is now Kentucky.

He said Taylor's lawyers introduced copies of old maps at the Richmond meeting supposedly supporting his claim. Taylor said his grandmother, Maria Taylor, obtained the deed to the land in 1871. According to a deed on record in the Pike county court clerk's office, she sold it in 1884 to Wilson H. Jones. Taylor is attacking the legality of this sale.

The grandmother signed the deed in Baltimore before a non-resident commissioner of deeds for Virginia. Taylor contends the deed is invalid.

The area we serve are familiar with the large rural electrification program, we have been engaged in for a number of years. We have practically completed this program, which has extended our lines to the most remote and inaccessible areas in the district.

Mr. Baker also pointed out that his company has experienced greatly increased costs in maintaining service, which is in connection with all other businesses. He said, "We are using every practical means to improve our present standards of service without the necessity of increasing our rates, which are lower than pre-war rates. Very few necessities can be purchased on the market today at a price even approaching pre-war prices."

"We have received many comments from our customers endorsing the change, and indicating that it will be an added convenience to many users. Customers who desire to make monthly payments on their electric service bills can do so at any of our offices."

The new plan of billing every two months initiated by the local company is not new. Many large cities such as New York and Detroit have had such a plan in effect for many years, with the hearty approval of the public.

Blankenship Held In \$3,000 Theft At Fikeville

The Federal Bureau of Investigation announced Sunday the arrest of Vernon Blankenship 28, Pikeville, on charges of embezzling \$3,000 from the First National Bank there.

Fred Hafford, agent in charge of the Louisville F.B.I. office, said Blankenship was arraigned before U. S. Commissioner James W. Wingo at Pikeville and was held in further hearing. He was held in default of \$1,000 bond.

Hafford said the bank teller admitted in a signed statement that he began taking money shortly after July 1, 1943. He used most of it to buy whiskey, the agent quoted Blankenship as saying.

The F.B.I. agent said Blankenship would accept a deposit and make out a slip, but held it up until the following day after pocketing the cash. Then, the following day when other deposits were made, the teller would take enough from these to cover the previous day's slip and send it through.

Blankenship was arrested at Fikeville by F.B.I. agent and F.B.I. deputy marshal on the complaint filed before Commissioner Wingo.

Sequi Float Builder Arrives Here To Begin Floyd Parade Displays

A. B. "Burr" Hines, designer and builder of parade floats for the Metropolitan Flag & Decorating Co., Philadelphia, Pa., arrived in Prestonsburg yesterday (Wednesday) and began operations in connection with the Floyd County Sequiquennial Celebration.

Mr. Hines, who has just completed work on more than 30 huge floats and parade extravaganzas in Lancaster, Pa., for the Centennial Celebration there, has established offices at Sequiquennial headquarters, Patton building, Court street, and at the Brown hotel.

Individuals and firms interested in construction of floats for Sequiquennial parades are urged to get in touch with Mr. Hines as soon as possible.

Mr. Hines had had wide experience in float designing and building in various sections of the country, particularly for some of the huge celebrations and festivals which feature the winter season in Florida.

In Florida and in Lancaster, Mr. Hines worked directly under the designer for Metropolitan Flag & Decorating Company, who will soon be in Prestonsburg to advise upon local work.

HATCHER MAY BE CANDIDATE

State Official Says He May Run Against Clements for Senate

Secretary of State George Glenn Hatcher announced here, Saturday, that he is seriously considering becoming a candidate for U. S. Senator on the Democratic ticket in the Kentucky August primary.

Hatcher made the announcement, he said, after conferring with friends and after conferring with friends in Eastern Kentucky regarding a movement to draft him as a candidate for the Senate.

He added that he is considering the race because others previously mentioned have failed to file as candidates and "even they have not felt will be awarded state Home-maker degree, the highest attainable in state F.H.A. circles. Win-winners will be awarded state Home-maker degree, the highest attainable by the State Association, also will be announced at the banquet."

The State Association was the first of the entire nation to be granted a charter. The Kentucky organization is now composed of 186 chapters with a total membership of 728 men. All F.H.A. members are high school students who are taking or who have taken home economics as a part of their high school study.

Old Land Litigation Decided Here Friday; Rights to Gas Cited

A land suit which had its inception 13 years ago with the question raised as to gas rights on a Middle Creek tract, was decided in circuit court here Friday, with Winfield Castle being denied any part in three gas wells drilled by the George West Virginia Gas Company on the A. F. Prater farm. The suit, filed by A. F. Hicks and others, named the gas company as defendant.

The judgment held that deeds executed to Castle by Milby and Laura Prater, Adam and Hilda Prater, Graydon and Julia Howard did not convey to Castle any interest in the oil and gas. Castle was adjudged the owner of a one-eighth undivided interest in the oil and gas in a tract of land conveyed by W. M. and Polka Prater, but with no part in the three wells drilled.

LAST DAY OF SCHOOL—WHOOPS!
 "I had been out here a few days ago, and this reminds me that things, by gum, are not like they used to be. The old order passeth, yea; it changes, he verily."

First, in the order in this case has swapped ends.

Last week, boys and girls were taking gifts to their teachers for the last day of school. Several years of weeks ago, it was the teachers who loaded up with candy and stuff to distribute on that last glad day to those soundrels who had pestered the life out of them for the last six months.

Back in those days, teacher not to be, and app's only during the term, and then only if the donor thought a peace-offering was in order.

That last day of school belonged strictly to the "scholars." That was when you lost your inhibitions, did things you'd wanted to do for months, was at ease, to which the teacher stayed her hand, lest some and picked up a bit more blood pressure. To wit, a child on this last day was unthinkable; to exhibit a child on this last day was just impossible.

That was when you came in and went through your paces in a "program." You got up, wobbled around a bit and recited poetry and stuff like that. In some cases such as mine you forgot the derailed poem and wobbled back to your seat, paws for air while the floor rocked up and down like the waves on a storm-swept lake.

And then, at the last, after surviving a speech by the teacher, the district trustee, mayor, or some parent who like to hear the sound of his voice, you lined up for the "treat." They tried to hold the line, but per pupil to a couple of sticks of horchound or peppermint candy at our school, but, somehow, we always managed to get more than that paltry dose. There was a neat trick of resolving your candy, then nucking back behind the line and bobbing up farther down to collect again.

We splash here a tear for those good, old days when boys and girls were scholars and teachers were there to "learn" 'em, not teach 'em.

FREE TRANSLATION
 Every man to his taste, as the baby said when his old man vowed cancer oil was delicious, such as to his trade, profession or racket, and all that—but why the mischief can't we all talk the same language? The medical profession was given a lesson, a few days ago, by Commissioner Osso W. Stanley, of the Kentucky Court of Appeals, in the use of English, "as it is spoken," and to Mr. Stanley we to whom medical terms are as clear as mud, give thanks.

Commissioner Stanley in an opinion pointed out that a Louisville doctor had been asked to describe in layman's language the condition he found in a body during an autopsy. "This is what the physician reported for the layman:

"We found a scirrhous adenocarcinoma of the small intestine with metastasis to the peritoneum and serosa of the greater part of the intestinal tract. Adenocarcinoma is a type of cancer. We also found multiple obstructions of the small intestine due to tumor infiltrations and adhesions. There was a double enterostomy opening near the midline with a healed recto-sigmoid anastomosis on either side."

In his opinion Stanley cited such quasi-medical and actual inability to write common, everyday English with this:

"This simple language was for the

benefit of the laymen. We give our understanding in technical language for the benefit of the doctor.

There were obstructions in and an extensive cancer of the bowel which had existed for some time before the onset of the trouble several years old; that it was beyond the operative stage and would have ultimately caused death."

INCIDENTALLY
 This has to do with the dealings of a business and a professional man, the latter to supply same by ordering from a wholesaler. The price was agreed upon, and in time the articles arrived and were delivered. Then came the bill. And some discussion thereof.

"How came it," the M.D. wanted to know. "You quoted me at one figure, and your bill is about \$40 more than that."

The retailer explained there were some extras he had not taken into consideration and so the price was up a bit. Apparently satisfied, his customer paid off.

Several months later, the business man was the doctor's customer. The bill was agreed upon, and in time the articles arrived and were delivered. Then came the bill. And some discussion thereof.

Everything went well. The baby arrived on schedule. A fine baby. Only it was a boy. Which, after all, was quite acceptable, as is always the case. The doctor's bill, and the retailer yelled.

"How come?" he wanted to know. "You said this and—look—the bill says that."

"Oh!" purred the doctor. "You see, you talked so much about a girl that I quoted you on that kind of a baby, but this one has some extras; so, old boy, I just had to bill you for the incidentals!"

**Heart Seizure Claims
 Former Johns Cr. Man
 At Prestonsburg Hotel**

Stricken by a heart attack in the lobby of the Brown hotel here Wednesday evening, General G. Privett, 78 years old, died 30 minutes later in his room of the hotel.

Mr. Privett, who was well-known in Prestonsburg and the Johns Creek section, had been in ill health for some time but was believed recovering until the fatal seizure came. Until his removal was forced by incident of the Johns Creek valley, he resided alone in the old Privett home, near the Browns Creek bridge.

He was never married and was the last of the family of Mr. and Mrs. A. E. Privett. His only survivors are three nieces and a nephew: Mrs. Yarbelle Banks, Lucasville, O., Mrs. Elza Powers, Auxier, Mrs. Roe Privett, Van Lear, and Artie Lee Privett, of Van Lear.

The funeral was conducted this morning (Thursday) from the chapel of the Arnold Funeral Home and burial was made in the family cemetery on Adams creek.

**Joe Add Turner, 35,
 Heart Victim Sunday
 At Cincinnati Home**

Joe Add Turner, 35 years old, native of this county, died Sunday at his home in Cincinnati, Sunday at 9 a.m., victim of a heart attack. He had been in failing health since his discharge from the armed services at the end of World War II. Mr. Turner was a son of the late Joe Add Turner, Sr., and Mrs. Lizzie Turner Wood of Allen. He left this county in childhood. His mother, his widow, two children and two sisters, Mrs. Clyde Pierce, Argillite, Ky., and Mrs. Forest Pinckton, Ironton, O., survive. He also leaves three half-brothers and half-sisters: Bill, Trent and Luke Woods, all of Allen; Mrs. John Lee Spriggs, Allen, and Mrs. Gordon Lee Porter, Dwaile.

The funeral was held in Cincinnati today (Thursday), and burial was made there.

**Pike Woman, 55,
 Held On Charge
 Of Operating Still**

Blairville, Ky., May 29 — Chief Deputy Sheriff Claude Reed today reported the arrest of a woman he said was involved in a Cumberland Mountain moonshine still operation this month.

The woman, Mrs. Bytha Wallace, 55, of near Elkhorn City, was released on \$1,000 bond pending an upcoming trial June 1 in Pike County Court on a charge of operating a still.

Reed said Mrs. Wallace was with an unidentified man who on May 3 fired 10 pistol shots at a raiding party of three deputy sheriffs and two Elkhorn City policemen.

The still was in Blue Gap hollow, near Elkhorn City, in the Cumberland Mountains.

Reed said the couple escaped, but the woman's identity soon was learned and warrants were sworn out for her. The man has not been arrested.

 \$9,955, In Income Tax
 Court Is Told, Friday**

Frankfort, Ky., May 29—The Revenue Department today filed 18 suits seeking back payments of the State income tax.

The largest seeks \$9,955 from Dalton Coal Sales, Pikeville, on 1948 earnings, Dalton Mines, Pikeville, was asked for \$4,012, and Dalton Stores, Pikeville, was listed as underpaid by \$222.

Another suit seeks \$4,603 from Louis Levinson, 119 Riverside Parkway, Fort Thomas, on earnings back through 1943.

John P. Winans, Frankfort, was asked for \$357 on his earnings in 1944, '45, '46, and '47.

One for the suits asked W. Clarke Otto, a Louisville attorney living at 107 Eastern Parkway, for \$105.93 on his earnings in 1948 and 1949.

The other suits, all filed in Franklin Circuit Court, claimed small amounts.

**Daughter of Section's
 First Federal Judge
 Victim at Age of 96**

Mrs. Jennie Borders Rolfe, 96, member of a pioneer Kentucky family and daughter of the late Judge Archibald Borders, first federal jurist in Eastern Kentucky, died Monday at the home of her daughter in Huntington, W. Va.

Mrs. Rolfe, a native of Boyd county, had been a resident of Huntington 24 years. Her family settled in the Big Sandy Valley in pre-Civil War days and the town of Louisville, Ky., was named after her grandmother. She was the widow of William D. Rolfe and was a granddaughter of Louis Mayo and Maria Jones Mayo, pioneer Floyd countians.

Before suffering a broken hip three years ago Mrs. Rolfe was active socially and in Methodist Church work of Boyd and Lawrence counties.

Her daughter is Mrs. Hildegarde Richard Schobbs, Huntington. The funeral was held in Huntington Wednesday with burial at Louisa. Attending the rites were her cousins Mrs. Jo M. Davidson and daughter, Mrs. E. H. Swartz, of Prestonsburg.

A Stern Teacher Needed

A FEW weeks ago at Pikeville... election officers learned the error of their ways, with a district federal court acting as the stern teacher.

Without any rancor whatever... against these two men, Morris Shepherd and Lloyd Duff, as individuals, THE TIMES halts their conviction.

This news of the federal court's success with election law offenders gives rise to the wish that all elections were subject to federal jurisdiction. And, unlearned in the finer points of the law.

The right to vote as freed men and women is a right for which Americans have died since the War for Independence. It is one of the most sacred in our nation's history.

As Dewey Lake Rises

So Do Fishermen's Hopes

(The Courier-Journal)

During most of the year... Johns Creek isn't anything you can't jump across in many places. And as dams go, Dewey Dam, which has now started backing up the waters of Johns Creek, isn't really colossal, it only costs about \$8,500,000 and its lake, at flood tide, won't be more than 10 miles long.

But it will come in handy... For Johns Creek has a habit of flooding everything along its banks once or twice a year, and adding to the floods on the Big Sandy of which it is a tributary.

There is one little item that might restrain the celebration among the Isaak Wolfons of Van Lear, Paints-ville and Prestonburg today. Although the dam itself is completed, the constructing Army Engineers need another appropriation of \$600,000 to complete buying up land which will be covered if the reservoir reaches high flood stage.

Rules Concerning Public Use Of Dewey Reservoir Are Cited

Extracts from Department of the Army Rules and Regulations concerning public use of Dewey Reservoir:

- (a) The operation of boats on the reservoir for fishing and recreational use is permitted, except in prohibited areas. (b) A permit shall be obtained for loading and operating a boat on the reservoir for any one period longer than three days. (c) A permit shall be obtained for fishing and operating a boat on the reservoir for any one period longer than three days. (d) Boats shall be moored only in designated areas. (e) A permit shall be obtained for placing any houseboat on the reservoir. (f) Written approval shall be obtained of the plans for houseboats and the construction of the houseboats shall conform to the plans as approved. (g) Refuse, garbage, rubbish or waste of any kind shall be disposed of in the manner designated by the District Engineer or his authorized representative. (h) Houseboats shall be securely moored in the designated area. (i) Houseboats shall be maintained in a satisfactory condition and shall not be abandoned on the reservoir area. (j) The permit will be revoked and penalties required to renege the houseboat upon failure to comply with the terms and conditions of the permit or with the regulations. (k) Hunting and fishing are permitted in accordance with applicable Federal, State and local laws for the protection of fish and game, except in prohibited areas. (l) Hunting shall be with shotgun only. (m) A permit shall be obtained to construct a duck blind on the water of the reservoir or upon the reservoir. (n) Camping is permitted only at designated areas. (o) Approval is required to camp in the reservoir area for any one period of two weeks or longer. (p) Camps equipped shall not be abandoned or left unattended for 48 hours or more. (q) The installation of any person in the reservoir or any camp ground is permitted only on written authorization. (r) Campers shall keep their camp grounds clean and dispose of refuse in accordance with instructions posted at each camp ground. (s) Due diligence shall be exercised in building and putting out camp fires to prevent forest and grass fires. (t) Camps must be completely razed and the sites cleaned before the departure of the campers. (u) Firearms are prohibited in the reservoir area. (v) The destruction, injury, confiscation, or removal of public property or of vegetation, rock, or minerals, except as authorized, is prohibited. (w) Loaded rifles, loaded pistols, and explosives are prohibited in the reservoir area. (x) Gasoline and other inflammable liquids shall not be stored in, upon, or about the reservoir or stored there without written permission. (y) Because garbage, rubbish or waste of any kind shall not be thrown on or along roads, picnicking or camping areas, in the reservoir waters or in any of the lands around the reservoir, but shall be burned or buried or disposed of at points or places designated for the sanitary disposal thereof. Hookworm Endangers "Barefoot Fun," Warns County Health Officer

Crab barefoot in spring and summer can be fun for the children but it can also be dangerous, Dr. Rans...

Although hookworms are only a half inch long and about as big as a piece of No. 30 or 40 cotton sewing thread, they can cause a great deal of trouble in the body of their victim. The tiny worms, or grubs, from a polluted soil burrow into the bare skin, are taken up by the blood stream and eventually pass into the intestinal tract where they attach themselves to the intestinal walls and start sucking blood. As a result of the presence of hookworms in the body, the child or adult becomes pale and listless. If a person has a bad case, some parts of his body may swell, his eyes become dull and his gums pale. Hookworm can be cured, but only a physician is qualified to do it. There are several things that can be done to prevent hookworm. Sanitary toilets will prevent soil pollution. The Floyd County Health Unit will supply free of charge, the plans for building such a toilet. This is an important factor in combating the disease, since hookworm eggs are expelled in human waste. Boys and girls, especially small children, should always wear shoes or sandals. Remember that although less is heard about hookworm nowadays than several years ago, it still exists in Kentucky communities and causes needless illness.

Because so many eaters were slipping out without paying their bills, most restaurants in Cape Town, South Africa, have installed the system of having them pay the waitresses. The most delicious canapes are made with thin rounds of whole wheat bread topped with cucumber slices and dabs of surried egg-sauce.

ALLEN WINS COUNTY TITLE

In Bait Casting Contest, Cook Named in Juniors; Boff, to Go to State

Hitting 99 out of a possible 100 targets, David Allen, Prestonsburg high school 1940 Junior Conservation Club senior division champion, won the Floyd county title in the annual bait casting competition held Saturday on the Beaver Valley golf course at Allen.

Allen, 18-year-old son of Mr. and Mrs. Norman Allen, Prestonsburg, was awarded a glass rod and earned a trip to the Kentucky State Fair to compete in the state meet. His division represented boys 12 years and older.

Bill Cummet, A. A. H. high school 15-16-year-old placed second with a total of 77.

Johnny Craft, son of Mr. and Mrs. Lewis Craft, Prestonsburg, was named runner-up with 72. He is junior division which is composed of boys under 12 years of age. He was awarded an ice box and also a trip to the State Fair come fall.

First of contests that bait casting clubs are sponsoring at the Junior Conservation Club of Floyd county is attracting much of the attention, because known to the boys.

Over 50 sportsmen attending the recent Sportsmen's Convention at Clarksville, Ky., who heard Prestonsburg's Edna Marie Parks describe bait casting in great and full amount. Floyd county boys were so impressed that they invited a team from Knoxville to put on a demonstration of a casting sports event planned for this year.

As a result, the "high nineties" were in attendance scores yesterday (Wednesday) as a group of boys went through their practice casts in preparation for following the invitation.

Named to represent the Prestonsburg club at Grayson were David Allen, Edna Marie Parks, Bill Barker, Stewart Stephens and Donald Workman.

The Betsy Layne high school Bobcats, playing their year first full prep season of baseball in ten years, brushed aside competition in the K.H.S.A.A. tournament at Grayson to become the regional diamond champs with the right to enter the state meet at Louisville on Thursday, Friday and Saturday, June 8, 9, 10.

LAKE PATROL IS PROMISED

To Ruck Speed-Boating On Dewey Lake; Water 11 Feet Short of Pool

Those who live in fast speed on the waters of Dewey Lake will find a government ranger patrolling the rising expanse of water, beginning next Monday, it was learned here Tuesday night.

One of the ranger's duties, it was said, will be to curb speed-boating. The present use of motors without horsepower limitation is an experiment given trial by the Corps of Engineers after numerous protests had been filed against restriction of motors to six horsepower. The Engineers said recently violation of the six-horsepower speed limit will cause a ban on motors above that power in the interest of public safety.

The water of Dewey lake stood, on Tuesday afternoon, approximately 11 feet below the conservation pool stage. The lake was muddy at the bridge and on gradually extending farther down, with the water becoming silty in the vicinity of the Branch.

Although much of the lake area has been beautifully clear and amid all the rain, fishing has been poor, with very few bass taken.

Tops Sharpsburg, 6-1, Thursday, In Finals of Grayson Tournament

SET TO FACE FRANKFORT IN STATE MEET

The Betsy Layne high school Bobcats, playing their year first full prep season of baseball in ten years, brushed aside competition in the K.H.S.A.A. tournament at Grayson to become the regional diamond champs with the right to enter the state meet at Louisville on Thursday, Friday and Saturday, June 8, 9, 10.

The Bobcats gained their crown by dispatching Sharpsburg, 6-1, in the tournament final Thursday night at the Grayson athletic field after eliminating Tolleboro, 9-6, in the foregoing afternoon. Sharpsburg qualified for the final by bumping the Ashland Tomcats, 7-6, in another afternoon tilt.

There was no indication of inexperience however among the Bobcats who advanced through rounds of the best competition that eight districts, comprising approximately 12 counties, could offer. Throughout the lengthy game they were not charged with an error.

Stated, Betsy Layne pitcher, held the losing team in the final to three hits and hurled shutout ball until the sixth. He whiffed 10 batters and passed one on being hit by a pitched ball.

Albert King paced the hitting of Betsy Layne who struck out a better than 300 batters average for the meet. King had three for three in the final and two for four registered in his afternoon timber trials. The other four heavy-hitting Bobcats were Crum, Adkins, Martin 2 and Mincham.

Mincham highlighted the Tolleboro team for the Bobcats by racking up three hits. The same tilt saw King and Adkins smother a homer each. Jones allowed Tolleboro three hits and fanned nine batters. One batter drew a pass when hit by a pitched ball.

K.M.I. Graduate

John Torney Mandl, son of Mr. and Mrs. A. H. Mandl, of Maunton, was graduated at the 105th commencement of the Kentucky Military Institute, London, Ky., on May 28.

Mandl, a five-year cadet is a supply sergeant in the ROTC Unit, a member of the varsity basketball and J. V. football and baseball teams.

TO FACE FRANKFORT

Louisville, Ky., May 30, (Sp.)—Eastern Kentucky regional champion Betsy Layne is poised to meet Frankfort, winner of the central Kentucky regional crown, in a first-round game of the K.H.S.A.A. state baseball tournament here at 7 p.m. Friday.

The final bossone was not available. The scores of the final by innings:

Sharpsburg	000 001-0-1-2-0
Betsy Layne	200 001-0-0-0-0
Martin and Hart	Stratton and Lowell.

The weather continued its "watermarking" of Big Sandy League records Tuesday as rain, wet grounds, etc., bogged down proposed loop action in scheduled Decoration Day doubleheaders.

League standings to date, "tied-up" for the most part, must rely on Sunday's play for final completion. Saturday's results saw three teams gain a tie for first place while a shift was registered in their positions.

Allen pulled it first down a notch by defeating the Left Beaver leads, 10-8, at Allen and take a spot among the top three. The third spot, however, was pulled by Henry Clay, Prestonsburg, in losing, dropped out of last week's four-way tie for 10th place into a two-way tie for 11th place.

Henry Clay over-topped Harold, 11-5, to become the sole occupant of second place. Henry Clay jumped the number 4 run in standings. The loss left Harold in a two-way tie with Drift for fifth place.

Drift won its first game of the season in thumping Martin, 11-8. The Turner-Elkhorn boys leaped out of last week's cellar. The loss displaced Martin from third place in the rankings to the number 4 post.

Rain blotted out the Ind an Creek-Price game in the fourth inning with Indian Creek leading, 4 to 2.

Weather 'Watermarks' BSL Records

The weather soaked Indian Creek into the sole occupancy of third place which more or less "evaporated" the files containing their last week four-way tie for the same position.

Price, dealt the hardest blow by the annual damp weather, slipped back into the cellar this week because of their Sunday try. The unlucky team has played only one game out of five since and it resulted in a loss. Price has undisputed possession of the bottom rung of the ladder.

Dollar for Dollar— you can't beat a PONTIAC

Character is written all over it!

It's a wonderful feeling to take the wheel of a magnificent new Pontiac convertible—to feel the pride of driving a car with character in every line and action.

Naturally, the convertible is the sweetest of the Silver Streaks, a car with a manner all its own. But character is a basic Pontiac ingredient—one that adds greatly to the pride and pleasure of owning and driving any Pontiac model you choose.

Every new Pontiac has character written all over it and stamped deep into its background. That's an important why dollar for dollar, you can't beat a Pontiac!

(Continued from Page One) The court directed that on his recovery hospital authorities hold him for trial here on the murder charge. Dementia praecox is defined as a type of insanity in which the patient becomes repressed, introverted and loses all sense of social consciousness. The paranoid type suffers hallucinations and may harbor intense hatreds and comes to believe his delusions are real. Kozee's examination chart indicates he had attempted suicide and had suffered periodical frenzy. He told officers, en route to jail here, that he had been a patient in an insane asylum.

Dr. A. G. Osborne, of Pikeville, in a light poolroom, in 1927, and had eluded arrest until recently. Had he been adjudged sane, he probably would have been given trial this month.

We are interested in everything in Kentucky, and this trip will broaden our perspective of the great cities that have been made and are now taking place."

Harry McFigue, of the Louisville Chamber of Commerce Tour Committee, said he was gratified by the many offers of hospitality that had been made by the cities in Eastern Kentucky listed on the tour. But he added: "We travel on a close schedule, and to make the most of our time we have made on the train between stops, and significant and interesting talks are about all we have time for."

(Continued from Page 1) was just the thing for "soft" spots. The wheat and golden days were tops in the old, golden days, for powder. And maybe you think that's a little old-fashioned, but Kuhl Grander slightly brewed a bit of finely sifted flour in a pan; result: as fine a "pan" composition as any flour you can buy. Takes credit for it.

Prepared chalk was also used for powder, but that was more expensive and harder come by when you great-great-uncle would a-nooning...

Rose petals, crushed, and rubbed over the eyelids, served the dual purpose of a faintly tinged rouge and a delightful, if not long lasting, perfume. Mamma's mother never heard of Chanel No. 5, My Sin, or Flair d'Amour.

The more rugged gals had a sure-fire scheme to give their cheeks that rosy glow. They'd go down to the cabin, pull up a bank of mulch plants and rub their cheeks large like rough undersides of the...

Bating their buttocks on the cheeks and neck was a positive beauty aid. The sticky butter milk on before going 'beddy-woo. Leave it on all night. Wash off with soap and water next morning. Pres-Lop and soft, velvety skin. Good for chapped and roughened hands.

I remember Mamma—my own grandmother—made her own very ladylike manner, swore by rose water and glycine as a hand lotion and used the sticky butter milk on before going 'beddy-woo.

Men, of course, used bear grease had his pomade. Naturally they first had to catch the bear. Falling in that heroic deed, they resorted to pure hog lard or, in times of dire necessity, a bit of subtly applied hair cream.

Another stout the ladies of the early days employed was the judicious use of a hairbrush, itself a rarity in those days. Falling in that heroic deed, they resorted to pure hog lard or, in times of dire necessity, a bit of subtly applied hair cream.

When obtainable, witch-hazel was a definite necessity in shampooing the hair. It was, of course, with a bottle of his or her favorite formula, or just plain warm water, placed by in prone position. Stop back and wait when baby cries or whimpers, removed diaper and replace with fresh one. Take first diaper, which is now thoroughly soaked, and wringer all over face where freckles appear. Repeat as often as baby supplies diapers, when will be able enough.

This is guaranteed to remove freckles—if the baby's plumping facilities hold out. Now, if you agree with me that it is much easier to pay your \$1 bill for a "Cosmetic Permit" than modern cosmetic preparations, then today's fine make-up, than to try to follow the rough path your pioneer sters followed.

I'm sure you agree. With your "Cosmetic Permit" you pay your money and take your chance of the thousand odds to be found on the market today. And I repeat, ladies, I much prefer seeing you as you are!

(Continued from Page One) Prley case stands, the Administration still will hold a 2-1 edge on the Kentucky Constitution. The suit filed in the name of the Commonwealth of Kentucky through the Attorney General is attacking Dr. Allen's right to office on the ground that he has "continuously for more than five years last past" been employed by the Chesapeake & Ohio Railway Company as physician and surgeon and has held since on or about January, 1947 a free pass issued by the company which is good on any of its trains from or to any point in Kentucky. The last was accepted by the doctor in January of last year and was valid until December 31, this year. But for the Board controversy following the resignation of Ray Prley and the disputed action in the naming of Fred Prley as his successor, Dr. Allen would have kept this last pass, possibly to a successor to Ray Prley or to any state, district, city, town or county official or member of the General Assembly, which provides that acceptance of such favor shall forfeit such official's right to office.

In a deposition taken during recent proceedings in the Board hearing, Dr. Allen admitted receiving the railway pass but denied using it. He said he did not know it was illegal to accept one until he saw a published statement quelling somebody in the attorney general's office. "I didn't realize until that time that it was illegal, and still don't believe it is illegal," he declared.

The hiring of teachers was said to have been on the agenda at Monday's meeting of the Board. The temporary restraining order granted against Dr. Osborne and Mr. Stratton, however, enjoined them from seeking to employ teachers until the Floyd circuit court has ruled on the propriety of the case of the Commonwealth of Kentucky, ex rel. A. E. Funk, Attorney General, against Dr. Allen.

Meanwhile, a number of teachers, expiring employment, enrolled in college for summer work to gain needed credits. Superintendent Hall said Tuesday.

The appeal of Ray Prley from the opinion of Judge Austin had not reached the Court of Appeals, Prley's attorney, An. Appeals court in the case is expected before the court adjourns this month.

NOTICE The Floyd County Board of education will receive bids on the construction of a gymnasium with auxiliary rooms at Wadesboro, Ky., at its regular meeting in July—or other date designated by the Board. Plans and specifications will be available at the office of the County Superintendent. A deposit of \$25 will be required for each set of plans taken. The Board reserves the right to reject any and all bids. Palmer I. Hall, Superintendent, Floyd County Schools, Wadesboro, Ky. 6-1-31.

After approval by the State Local Finance Officer, the approved budget is submitted to the fiscal court on the time fixed for adoption of the county tax levy which must not be later than July 1 each year. The county budget commission must post the proposed budgets in the court house and publish it in a local newspaper not less than ten days before adoption. Any citizen of the county may appear before or petition the fiscal court on any part of the budget. Because the county budget is so important an element in the local government, this means to provide for the taxpayers to have an opportunity to express their opinions on county finance before the budget is adopted. The law makes it illegal for the county to spend money for that purpose in excess of the amount approved in the budget for that purpose. David Pool Dedication To Be Held Saturday, June 3

Come On In, Skinny--the Water's Fine!

Princess Pool, True Community Project, To Be Dedicated With Elaborate Program

Dedication of a new swimming pool in David, Kentucky, this Saturday, June 3, marks completion of another step in that community's ten-year plan to become the nation's model coal-mining community. David is the site of the mining operations of the Princess Elkhorn Coal Company.

The new pool is sponsored by the Princess Community Association, a non-profit organization in the community devoted to the support of church, school, recreation and welfare activities. Any revenue derived from the operation of the pool will be used in the furtherance of the Association's work.

Materials for the project were donated by the Princess Community Association, while the actual construction of the pool was carried out by company employees working voluntarily on the project on their own time. The Association provided free tickets to the pool for all employees of the coal company who donated.

Because of limitations on the space available for spectators, attendance at the actual dedication ceremonies will be limited to employees of the company and their families, with an open house to follow for the general public from 4 until 7 to enable the public to inspect the pool and its facilities. The pool will be open regularly commencing June 4 from 1 to 7 p.m.

An elaborate program has been planned by company officials for the dedication ceremony, highlights of which will be an exhibition of water polo by two teams representing the Phi Tau Alpha Fraternity of Marshall College in Huntington, followed by a diving exhibition.

Also participating will be the Prestonsburg High School band, under the direction of Mrs. Eva Hall, the David Glee Club and other musical groups under the direction of Mrs. Harry Fiedler.

Members of the Boy Scout and Girl Scout troop in David will be featured in swimming races and will also provide a color-guard for the flag-raising ceremonies at the beginning of the proceedings.

An interesting feature of the program will be a style show presented by six employees from the Huntington and David offices of Princess Elkhorn and daughters of company employees. Beach-wear and bathing suits for the show have been provided by Kaufmann's, Huntington Ladies' wear store and Mallory Stores at David and Auxier.

Principal speaker for the dedication will be Mr. Bert Combs, Prestonsburg attorney, while the program will be emceed by Ted Arnold, manager of radio station WSPF in Paintsville. A tape-recording of the proceedings will be made for broadcast over WSPF Sunday afternoon from 3:30 to 4 o'clock.

Others taking part include the following: Style show: Jane Crawford and Geraldine Carter of David; Barbara Branham and Jane Davis of Prestonsburg; Janet Wells, Libby Ann Daniels, Faye Goble and Helen Cline, all of Auxier; and Dorothy Parsons, Dorothy Ward and Helen Fisher from Princess Elkhorn's Huntington offices.

Boy Scout color guard: Randall Honecruft, Johnny Eversly, Donald Caspell, and Dexter Maske.

Girl Scout color guard: Betty Clark, Betty Jean Howell, Elizabeth Ruth Castle, Phyllis Hammonds, Nedra Carver and Clara Hager.

Boy Scout swimmers: Glen M. Dixon, John E. Dixon, Claude E. Wallen, William Johnson, Rex Murrell and Joe Clark.

Girl Scout swimmers: Betty Jean Honecruft, Roselyn Harmon, Peggy

MASTER OF CEREMONIES

Ted Arnold, above, General Manager of radio station WSPF in Paintsville, will serve as master of ceremonies at the opening of Princess Pool.

POOL IS LATEST ACCOMPLISHMENT OF THE PRINCESS COMMUNITY ASS'N

Completion of the new Princess Pool marks another milestone in the program of community service being rendered by the Princess Community Association, sponsor of the pool.

A non-profit organization, the Princess Community Association was founded in 1946 to provide for the educational, recreational and welfare needs of the community of David. The Association derives its funds largely from contributions by the Princess Elkhorn Coal Company, employees of the company, and interested outsiders. Any revenue derived from the operation of the new swimming pool will go into the association's fund for use in furthering its work.

The Association's activity in the community of David includes the operation of the church and the pasteurization of milk, assistance to the Boy Scout and Girl Scout organizations in the town, and the need in the community, and Princess Elkhorn during the war.

The Association will be in charge of the operation of the new Princess Pool with Garret Martin as superintendent. Life guards will be A. Russell Harmon, auditor for the coal division of the company, and the Association's Secretary, W. G. Collier, and Ann Brown, who will handle ticket sales and the locker room.

Careful Planning Makes Pool Model For Health and Fun

The Princess Community Association's new Princess Pool at David incorporates the most modern and up-to-date design and equipment in the swimming pool construction, according to Max G. Burns, Personnel Director of the Princess Elkhorn Coal Company and Executive Secretary of the Princess Community Association.

Construction supervised by David L. Huxford, President of the pool company, the pool is set on a concrete foundation. The pool is 28 feet wide and 75 feet long, with a depth of 14 feet in the shallow end and 9 feet in the deep end. A sophisticated system has been provided for the circulation of water in the pool. INVITE FRIENDS TO EVENT

Sequoi Officials Will Help With Invitations Without Cost to Sender

Want to invite friends and relatives who are former residents of the original Floyd county, now living elsewhere than Kentucky, to the Floyd County Sequoian Centennial Celebration, to be held in Prestonsburg, July 1, 2, 3 and 4?

That's easy—and without even the cost of postage. Officials of the Sequoian Centennial Celebration will send invitations to all former residents of the 18-county area, or to descendants thereof, who live in other states or counties.

These invitations will invite the former Kentuckians to visit the state for "Boy Old Kentucky Homecoming-1950" and to come to Prestonsburg for the Sequoian Centennial Celebration.

Names and present addresses of such persons should be sent immediately to Sequoian Centennial Headquarters, Patton Bldg., Court Street, Prestonsburg. Officials urge that all such names be printed or legibly written, and point out that present addresses—street, numbers, names and the like—be carefully noted.

The invitations will be sent continuously from now until Sequoian Centennial Celebration time.

DEDICATION SPEAKER

Shown above is Bert Combs, Prestonsburg attorney, who will deliver the dedicatory remarks at the opening of Princess Pool at David.

FOAM RUBBER: Foam rubber, which may now be bought by the piece, is a boon to home upholsterers. The rubber is put in the shape and size you need for your chair, sofa or divan, and is easy to work with. It is available in many colors and textures, and is perfect for professional and laymen alike.

BRING YOUR OWN SUIT AND TOWEL

Max Burns, Personnel Director of the Princess Elkhorn Coal Company, pointed out today that no rental suits or towels will be available at the new Princess Pool in David. Everyone will have to bring their own, he said.

Congratulations!

(An Editorial)

The Times would add its congratulations to those of citizens who are appreciative of the progressive spirit of the community of David and its moving force, the Princess Elkhorn Coal Company, on their latest achievement.

This swimming pool is a very fine asset to that wholly complete community.

We use here the word "complete," because this town, now only ten years old, is able to stand on its own feet as a splendid example of what modern industry, under progressive guidance, can do for a community. David has a market, its community church, its theatre, a Boy Scout club, a Girl Scout cabin, a modern school and a gymnasium building, a baseball field—and in its scenic reservoir, a restful fishing spot. And now a swimming pool. It's so complete, this town, that no resident is dependent upon any other community for all the activities, religious, civic or recreational, he or she may require.

The overall result of this ten years of work and of heavy financial outlay is something to be proud of; a thing truly worthwhile. The Times has an idea that what many other communities need is to be adopted by a company such as this.

Fishermen on the Gold Coast held a 10-day funeral for a whale washed ashore, the fisherman who first saw the whale being treated as the "widower."

DAVID WOMAN'S CLUB PROVIDE SHRUBS FOR PRINCESS POOL

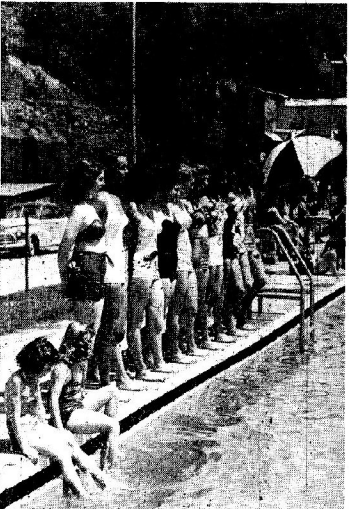

Shrubbery used in landscaping Princess Pool in David was donated to the Princess Community Association by the David Woman's Club. The David Woman's Club, The David Girl Scouts procured and planted the flowers which form the flower beds at the pool.

College Roll Honors Five Floyd Students, Dr. Page Announces

Although the new swimming pool sponsored by the Princess Community Association at David does not open officially until Saturday, youngsters from the community and lovely young ladies from the offices of the Princess Elkhorn Coal Company both here and in Huntington got a chance to try it out at a "dress rehearsal" ten days ago. Apparently, judging from the pictures appearing in this edition of The Floyd County Times, the event was a huge success. Incidentally, for the Huntington girls, Dorothy Ward, Helen Fisher and Dorothy Parsons, this trip represented their first visit to the company's properties at David. They will return to take part in the dedication this week-end.

College Roll Honors Five Floyd Students, Dr. Page Announces

Pikeville, Ky., May 27 (Special)—Betty Ann Martin, of Garrett, is one of the five highest-scoring graduates of Pikeville Junior College this spring. President A. A. Page announced in releasing the college's honor rolls this week. In addition, she received the Bible given by the second class' year to the graduating student with the best grades in the study of Bible. Four other Floyd counties also were included in the honor lists.

Dr. Page's students, including six from Floyd county, were graduated from the college, and 12 from Pikeville College Academy, May 25. The Commencement address on the occasion, "The Marks of An Educated Man," was delivered by Dr. Ralph B. Hudman, pastor of the First Presbyterian Church, Buffalo, N. C.

Of a M. Gibbs, of Tompshaw, Martin county, was awarded the Dr. W. C. Condit prize, a gold watch, for having the highest standing over the two-year course at the college. He was enrolled in the pre-medical course and held the Knights Templar scholarship given to a sophomore at Pikeville College by the Grand Commandery of Kentucky.

Dr. Page said, "Julian Charles Phelps, Jr., of Phelps, Pike county won the Margaret E. Resort prize, a cash award, with the second highest standing in the college group."

Barbara Greer, leader of the Academy class with an all-"A" record, received the May E. Day prize of a \$25 U. S. bond. She also won the Bible given for the best Bible grades in the Academy.

Miss Martha and Donnie Geraldine Carver, of David, the Floyd county representative on the honor roll of graduates whose average grades over the two years were "B" or better.

Billie Ekins, freshman, of Harford, was listed as one of the only two students in the entire college with an "A" standing. She held the Pikeville College tuition scholarship granted to the highest ranking school graduate of Floyd county last year.

Other Floyd county students on the college's freshman honor roll, with "A" grades for the year averaging "B" or better, are Wernett Bussey, David, and Mildred Finney, Banner.

Miss Carver and Miss Bussey have secured scholarships provided by the Princess Elkhorn Coal Company, according to Dr. Page.

Dr. Sirkle Receives High Masonic Honors In Louisville Rites

Dr. R. M. Sirkle, Prestonsburg, recently became the 99th of approximately 100,000 members of the Masonic Order in Kentucky to receive the Knight York Cross of Honor.

The honor was accorded to Dr. Sirkle at the Scottish Rite Temple, Louisville, while he was attending the 102nd grand convocation of Knights Templar there, May 23-25. These are the qualifications which made the physician, who is grand junior warrent of the Kentucky Grand Lodge and in the line of succession leading to the Grand Mastership, eligible for the KYC honor.

He is a past master of Wheelwright Masonic Lodge, past high priest of Pikeville Chapter No. 133, present trustee illustrious master of the 102nd grand convocation of Knights Templar, and past grand commander of Pikeville Commandery No. 43.

PLANS 50TH HOMECOMING

One Floyd countian who is already planning a Homecoming for the 50th anniversary celebration to be held in Prestonsburg July 1, 2, 3 and 4 is Mrs. C. E. Hornbuckle, now a stylist at Parson's Department Store at Ashland.

Mrs. Hornbuckle, prior to the celebration, will visit with her mother, Mrs. Joseph Allen Patton, of Martin.

During the festivities she plans to stop with friends and relatives in Prestonsburg.

Bottled present is more satisfactory in cold country for home use than briques because it has a lower boiling point and turns to a gas more easily in very cold weather.

Salysville Utility Gets Gas Rate Raise

Frankfort, Ky., May 26—Monroe Utilities Company, Salysville, was granted a \$2,800 annual gas-rate increase by the State Public Service Commission today.

Commission Secretary Ralph Kessinger said the increase will give the company 4.25 per cent annual return on its \$38,468 investment, which the commission found to be its rate base.

The raise, effective next Thursday, fixes a monthly charge of \$1.50 for 2,000 cubic feet of gas, 50 cents per 1,000 feet on all after that, and a 10 per cent penalty on bills paid after the 10th of the month.

Monroe serves 467 consumers, Kessinger said.

... and for the many things that have already been done. We are indeed proud of the accomplishments of the Princess Community Association, and also of the fact that we are a part of a community that is as progressive as David. The things that the people of David have done to make their community a better place in which to live are things that many large cities would have like to do but for which its citizens lack the drive and enthusiasm found in our community.

BETSY LAYNE WOMAN'S CLUB

The Hetsy Layne Woman's Club held its regular monthly meeting Thursday night, May 18, at the home of Mrs. A. K. Robinette, Mrs. O. J. Williams, the president, presided at the business session. A project for the community was discussed and it was voted to secure further information on this subject and to make a final decision at the next meeting. The 1950 Independence Savings Bond campaign was discussed. It was voted to sponsor a "Bake Sale" Saturday May 27, 1950 at "The Fountain" in Betsy Layne. Mrs. Williams and two delegates, Mesdames Beecher Hardwick and T. J. Chandler, were selected to attend the RFWO Convention in Louisville next month.

The program "What Club Woman can do for the Betterment of the Community" was under the leadership of Mrs. Chas. Blackburn. Mrs. Blackburn outlined the program with a brief outline of five goals for club women for the betterment of the community. These five goals were discussed at length as follows:

The first goal, "Campaigns for Beautification of Communities as well as Homes" was presented by Mrs. Blackburn, who gave a brief discussion on the topic outlining things to be done in this field.

The second goal was, "Better Health and Hospitals." Mrs. Chandler gave a talk on this subject. Her talk included a discussion on examinations for school children and the Blue Cross Hospitalization plan.

Mrs. Edward Lykins presented the third goal, "Every Woman an Active and Informed Voter." Her reading and commenting on an article entitled, "Every Active Woman a Voter."

The fourth goal was "Community and Family Recreation, Music and Play." Mrs. Arthur Van Kammen gave a very fine discussion on "Co-operative Play" for small children. Miss Alice Williams presented "A Gym Dandy Program" concerning plans for long-age recreation during the summer months. Mrs. Williams read and discussed "The Hamilton Summer Play School," an article dealing with a co-operative plan for the recreation of a play school for children from five to ten years old.

The final goal was "An Increased Effort to Understand our Children Better by Study of Child Psychology." Mrs. Beecher Hardwick presented an interesting discussion on "How Should We Control Our Children?" Mrs. Alex Davis gave a discussion on "More Attention to Our Local Schools and our Schools Are What We Make Them." Mrs. Blackburn concluded the very helpful and interesting program by reading, "Funding your Community Project," an article dealing with "helps in finding our community needs."

A desert plate was served to the following: Mesdames O. J. Williams, T. J. Chandler, Beecher Hardwick, Edward Lykins, Elizabeth Pritchard, Arthur Van Kamen, Glen Blackburn, Alex Davis, Miss Alice Williams, Mrs. Robinette, the hostess, and guest, Mrs. Jean Robinette.

The next regular meeting will be Thursday night, June 22, 1950 at the home of Mrs. W. P. Howell. An informal discussion on community needs and problems is planned.

Mrs. Collins Claimed Sunday in 91st Year At Daughter's Home

Mrs. Annie Collins, one of the section's oldest women, died Sunday at 12:30 p.m., at the Allen home of her daughter, Mrs. Julia Osborne. She was 90 years old, and her death was ascribed to illness attendant upon advanced age.

Born Jan. 15, 1860, she was a daughter of Charles Baldrige and the late Emma Morris Baldrige, early residents of what is now Buchanan. She was first married to William Morgan, and of this marriage two daughters and three sons survive: Mrs. Robert Huff, Jacksonville, Fla.; Mrs. Julia Osborne, of Allen, Charles Morgan, general manager of the Nations Life Insurance Co., Birmingham, Ala.; W. P. Morgan, H. Hat, and James Morgan, Irvine, Ky.

After Mr. Morgan's death she was married to William Collins, who also preceded her in death. The one son born to this union, Marvin Collins died a few years ago. Four step-sons, Dr. M. M. Collins, Lacey, Dr. G. C. Collins, Martin, Dr. H. G. Collins, Ashland, and E. B. Collins, Mt. Sterling, survive. She also leaves a sister, Mrs. Susie Collins, of Jenny's Creek, 28 grandchildren, 19 great-grandchildren and two great-great-grandchildren.

Mrs. Collins had been a member of the Regular Baptist Church 42 years and was deeply revered by a wide circle of relatives and friends. Her funeral was conducted Wednesday afternoon from the Allen Methodist Church, the pastor, the Rev. W. J. Kenney officiating. Burial was made in the Martin cemetery, near Allen.

It takes the sun until June or July to melt the last of winter's snow in many rouppains of the west.

He Doesn't Care Who Passes Him!

One of the rarest satisfactions a 1950 Cadillac brings to its owner is serenity. He hasn't the slightest reservation about his car—and he takes to the highway with complete peace of mind.

Watch him briefly in the stream of traffic—and, if he is a normal Cadillac driver, you will quickly sense what we mean. He drives as befits his mood and his requirements, and is quite content to let other people do the same.

Unless he happens to be in a hurry, it is all right with him if another driver wants the honors when the light turns green. He knows that the surplus power in that eager, dynamic engine was put there for his safety and driving ease—and not for dramatic display on the get-away.

And so on the open road. If you wish to drive a little faster than he does, let him know.

He understands that his last two inches of throttle were not put there for the ungracious purpose of dominating the highway. They are there for an emergency—and for that lovely, floating, cruising ride which only a great reserve of power can provide.

So roll along, if you're in a hurry—and the top of the mornin' to you!

It's a wonderful thing, this feeling of calm confidence in your motor car. It lessens the strain, and increases the pleasure, of every mile you drive. Many say it's their happiest surprise when they first take the wheel of a Cadillac.

And we're wondering if you realize how easily and practically it can be your own. Listen... the lower-priced models in the Cadillac line cost less to buy than the highest-priced models of numerous other cars! Why not come in today?

"SHOW US YOUR CITY"

That's Request of Louisville Party Visiting Here

Holding there's no more idyllic place on Earth for an annual outing, a party of 100 Louisville manufacturers and wholesalers headed by Louisville's Mayor and the President of its Chamber of Commerce are making a tour of 13 Eastern Kentucky cities and towns by special train, June 8, 7, 8, 9. They'll be here soon.

They wish to survey first-hand some of the outstanding advance means—things of which each city visited is proud.

They'd like to see public and private improvements, streets, highways, hospitals, churches, schools, colleges, parks, stores, factories, historic and scenic attractions.

They'd like to renew acquaintances, meet and chat with the men and women who have had a part in each city's conspicuous progress.

They are placing themselves under your hospitable escort when their special arrives in...

Remember, Sunday School will begin at 9 a.m. next Sunday, June 4. The wedding of Miss Beryl Stewart and Mr. Jim Dixon will be at 12 noon in the church.

The attendance at Sunday School has averaged over 100 for the last three months. Every one is urged to attend each Sunday. The church needs you and you need the church. Come and worship.

The commencement exercises of the Maytown consolidated school were the best yet, judging by the crowds that attended. The first one, the grade school program, was held in the gym on the Friday night before the close of school. About 250 grade children, all who wished, took part in the program, theme of which was "Spring in the Magic Garden," centering around the princess, Miss Sandra Tingle, the queen, Miss Sandra Sue Patrick, and the king, Bobby Caudill, together with the ladies-in-waiting, flower girls, star maidens, elves, etc. made up a very beautiful spectacle. A record crowd attended.

Monday night was Eighth grade graduation program, sponsored by a very capable teacher, Miss Lucie Allen, Boone Hall presented the diplomas.

Tuesday night was Senior class night which was called one of the best ever given. The theme was a Book Review, and each one in the class represented some part of the book. All did exceedingly well. We even expect to have some statements out of this class of 1950. Mr. and Mrs. V. O. Turner were the sponsors and to show their appreciation the class presented them a beautiful gift.
