SECOND DRAW NECESSARY FOR DISTRICT NET MEET

Only the fact that a number was missing in the first drawing Tuesday for position in the district basketball tournament at Martin presented the three net leaders of the county: Martin, Wayland, and Betsy Layne, from being thrown together into one trophy bracket.

A second drawing for the five-day event resulted in Betsy Layne, Martown, Garrett, and Wayland being grouped in the tough top bracket, with Assate-Prestonsburg, McDowell, Woodruff and Martin in the lower.

The only name on the first day of the lottery will pit Prestonsburg against Assate on Tuesday, Feb. 27. All of the seven other teams draw first-round byes.

Wednesday, Feb. 28, the upper bracket will be in session, with Betsy Layne and Martown meeting it.

Floyd County Among 70 Yet to Receive Play Invitation

Floyd county officials are not among the representatives of the 50 counties who already have been invited to enter at Frankfort with state officials on 1951 rural road construction plans, but letters are being prepared for the remaining 70 counties, it was said.

Rural Road Commissioner Enoch "Doc" Beschamp said each county has been assigned a date and an hour, beginning Monday of this week, for conferences on specifying the estimated \$9,000,000 to \$10,000,000 a year income from the extra two-cent-a-gallon gasoline tax.

He stated the roads on which work is to be done are school-bus and rural mail routes and roads connecting with state highways.

Beschamp said that since the additional tax went into effect in 1948, the department has completed or placed under contract nearly 2,000 miles of new county roads costing \$25,000,000. He said it was estimated that between 30 and 40 per cent of that went for drainage structures.

Valley's Coal Output Up 4 Million Tons

Pikeville, Ky., Jan. 8—Coal mines in the Big Sandy field produced 4,106,770 more tons in 1949 than in 1948. H. S. Homan, executive secretary of the Big Sandy-Elkhorn Coal Operators Association, reported today.

During the year just ended the field produced 14,962,201 tons. In 1949 the total was 10,855,431 tons.

For the last week of 1950, however, there was a drop in production for the first time in several weeks. During this week the total was 276,680 tons.

The average weekly workday also fell off a little. During the final week of the year the 46 operating association-member mines operated an average of 3.22 days. During the preceding week 47 association-member mines operated an average of 3.27 days.

Cats Lose Two Games; Play Owsingville Friday

Enjoying a comfortable lead at half time here this week over the McDowell basketball team, the Cats bogged down both on offense and defense, etc. 41-44. Last week the Cats lost to the Inez Indians, at Inez, 69-43. At no time did the Blackcat five seriously threaten the Indians. Friday night, Prestonsburg plays Owsingville, there.

Mid-Winter Baseball Finds Cpl. Branham In Mid-Summer Form

Ballgame Branham, former Prestonsburg baseball star, was in mid-summer form, even if the game was played January 7.

Hurling for his army team in the Philippines, Branham allowed only one hit while striking out 16 and winning an 8-0 shutout.

"It felt like old times," he wrote his mother, Mrs. Mabel Branham, Prestonsburg. Then it occurred to him to tell her he had been promoted to the grade of corporal.

INSIDE, SKIN BRACER IS OUTSIDE THE LAW

"Bub" and "skin bracer" are for the skin and not for the inner man, and it's "right the law" to sell such potions for drinking purposes. Assistant Attorney General William B. Simpson last week in effect told Police Judge Patrick H. Borders, of Paintsville.

Both Johnson and Floyd counties are dry territory, and officers here have found the consumption of these substitutes for the real article to be heavy.

Simpson said the local-option law excludes facial solutions from the definition of alcoholic beverages except when a retailer sells them to a person who knows will procure a type of alcoholic beverage for consumption.

Persons convicted under that law are subject to fines of \$30 to \$100 and 30 to 60 days in jail.

WISER IS THE MAN WHO TAKES ADVANTAGE OF HIS OPPORTUNITIES

POLIO CAN'T BE PREDICTED, SO NO QUOTAS ESTABLISHED

A 15-year polio victim, two and a half year old Joseph Darrel Kaley of Lebanon, holds an "eight-ball" from Governor Lawrence Wetherby's desk at 1951 March of Dimes campaign. Chairman Harry W. Cooke, left, and Governor Wetherby explain that the people of Kentucky are behind him in his fight against polio. Joseph was stricken last January 21st and spent five months in Kosair Crippled Children's Hospital in Louisville. He is one of four children of Mr. and Mrs. Louis Kaley, Jr., of Lebanon. Joseph returns to Kosair each week for post-polio treatment.

The 1951 March of Dimes campaign to raise money for the fight against polio was launched this week with the unprecedented announcement: there would be no state or county quotas. Harry W. Cooke, Kentucky March of Dimes chairman for 1951, declared that since polio epidemics are unpredictable any quotas established for the drive would be on an arbitrary basis. Cooke said: "Crill polio can be reduced and controlled, we can't predetermine how much money will be needed to take care of its victims." Cooke headed for support of the March of Dimes as the only source for money to care for victims of the dread disease and the only source for funds to conduct research aimed at ridding the world of polio. Governor Lawrence Wetherby urged "all citizens of Kentucky to give of their substance as their means permit to aid in fighting polio; the terrible disease which maims and kills so many of our citizens of all ages and stations in life." The Governor proclaimed Jan. 31 as the period for fighting polio by joining the March of Dimes.

The Kentucky Chapter, National Foundation for Infantile Paralysis, reported that patient care in the 1950 epidemic in Kentucky cost the Chapter \$284,000 and that it was necessary to augment the Chapter's funds with three grants totaling \$20,000 from the National Foundation's epidemic aid fund. It was the second successive epidemic year in Kentucky with 470 new victims reported. In 1949 there were 696 polio victims. The Kentucky Chapter provides aid for 23 children severely stricken in previous years.

BALTIMORE—Albert W. Quinn, Baltimore Sun political writer, will become Assistant to the Governor upon the inauguration of Republican Theodore R. McKeithen January 10.

One Boy's Treatment Cost Fund \$15,000

When infantile paralysis strikes, very few families can afford to pay the entire cost of patient care. This may range from a few hundred dollars up to \$15,000 or more, depending on the degree of physical involvement and the months or years of necessary care. The March of Dimes is available to everyone who needs it.

For example, said Glenn Anderson, Floyd polo fund drive chairman, March of Dimes funds amounting to \$17,000 have helped one Texas boy stricken in 1944. Hospital and physical therapy charges came to over \$12,000, raising almost \$5,000.

Everyone giving this year to the Floyd county March of Dimes. Mr. Anderson said he asked to remember that the National Foundation for Infantile Paralysis today for its greatest patients, the ones when the value of the dollar has decreased. More money than ever is needed to pay for hospital care, professional help, iron lungs, hot pack machines and braces.

Bottlers Say They Did Not Set Prices Charged by Retailers

Soft drink bottling companies of this section which this week raised the price of their products 20 cents on the case expressed strenuous objection to an Associated Press story originating in Paintsville and claiming the bottlers had increased the "across-the-counter" price to 10 cents per bottle.

"We did nothing of the kind," said H. K. Howard, manager of the Grapette Bottling Company here. "We simply raised the price of our products 20 cents on the case to the retailer, and certainly we did not set any price for the retailer to charge his customers."

The price increase was announced in advertisements headed, "We're Breaking a Precedent before a Precedent Breaks Us." It was explained that higher production costs make price raising necessary. Joining in the move were the Grapette Bottling Company, here, the Red Rock Royal Crown Spruce and Dr. Pepper Bottling Companies of Paintsville and the Eastern Kentucky Beverage Company, Pikeville.

Grappette's 30-bottle case was raised from \$1.20 to the 24-bottle case price of the other companies was raised from 80 cents to \$1. The Coca-Cola Bottling Co., Pikeville, announced the price of its product would remain the same to dealers and that the retail price would still be a nickel per bottle.

Floyd County Historical Notes

By HENRY P. SCALF

The recent references to the Osborn family, and the information furnished as to where they were, that appeared in these notes, aroused considerable interest. The entire genealogical record of that brief article could cover only a few paragraphs of references to the maternal line. It is proposed here to devote a few notes on the many daughters of this 4th pioneer family. As in the preceding article, an attempt will be made to present a detailed genealogical pattern for the early Osborns, inasmuch as the problem of the first marriage line. This problem can be better explained by some reason, for instance, with the Osborn family, with which it was connected by marriage.

John Schmidt, Esq., was a British subject who served in America with Lafayette's army. He was the first American to settle in the Blue Ridge region, near the town of Richmond, Va., but he later moved to Floyd County, Ky. He married a British subject, and their children were born in the mountains of western Virginia and settled at the mouth of Laurel Creek. He raised three sons and two daughters. The sons were Joseph, Solomon and Edward. The daughters were Polly and Frances. Jean Schmidt Thaddeus was an unusual name, and since he did not have a large family comparable to other pioneer families, his descendants are not too difficult to trace. But with the Osborn family this condition is reversed. It was a numerous family at the beginning of the Nineteenth Century, and inasmuch as one early progenitor of a small family remains to the present day, it seems there were several more Osborns, and to further complicate matters, people with the Osborn name continued to migrate to the Sandy up to and even after the Civil War.

Leticia Osborne and the spelling variants to the marriage record, married Joseph S. Baisden, son of Jean Schmidt Baisden. The marriage was recorded in the marriage book of the county clerk, dated 1821.

One of the earliest marriage records in the county is that of Catherine Osborn to Joseph Ingle, Aug. 3, 1809. The ceremony was performed by Samuel Justice, an early Floyd justice but who became, as has been noted previously, an official of the county of Pike when it was organized in 1821. The Ingle family was one of the most prominent of the border families. Many Ingles having been captured by the Indians during the time of the war, was upon her escape journey, the first white woman to set foot on the soil of Floyd County, a few miles up from the mouth on her way to the Kanawha. The name Ingle was early corrupted to English, and finally to the present English and is so written in Pike county today.

Martha G. Osborn married Hiram Spurluck, April 4, 1818. Stephen Harper being the officiating Floyd justice. Hiram Spurluck was the son of John and Frances Turman Spurluck. John Spurluck was the first settler in Prestonsburg and his wife, Frances, or as some records indicate, Fanny, was a sister to John Turman, the first Floyd county settler.

Leticia Osborne married William Heussen April 17, 1824; Sarah Osborn married Samuel Sagraves Dec. 12, 1825; Phebe Osborn married Jacob Sanders, Jr., April 15, 1830.

The name Osborn lends itself to a great many variations in spelling. This column is a list of eight different variations and new we come to the most unusual. Alby Osborn married Matthew Grady, March 18, 1820. This Christian name is rather unusual at the present day but was given to daughters rather frequently in earlier years.

Charlotte Osborn married James H. Gray Nov. 17, 1838; Nancy Osborn married William Rose, Jan. 26, 1837; Sarah Ann Osborn (1807-1901) married Samuel Allen Oct. 6, 1842; This Samuel Allen, (1821-1881) was a brother of William Allen, born 1812, who married Nellie Osborn. They were sons of George Allen and Cynthia Allen. A daughter of William and Nellie Osborn Allen, Martha (1818-1889) married Jones Osborn, was a horse landowner on Rich, Beaver Creek, near the present Eastern.

Further Osborn (1851-?) married John Allen (1829-1895). This John Allen was a Confederate veteran, having served at one time with the 1st Louisiana Infantry, being discharged in 1865 at Louisiana. He died, probably from the effects of his many wounds, a few months after his release. It has been said that he was present when Stonewall Jackson was accidentally killed by his own troops. He came home emaciated, hungry and in rags. His brother, Jackson Allen, who had served in the Union army, seeing the pitiable condition of his brother, who had served on the opposite side and being sick, offered him help in the form of a handful of Northern gold. Tradition has it that the defeated brother turned angrily away.

It can be seen from the short sketch above and the preceding article that the Osborn family is a basic part of the genealogical pattern of Floyd county people. By the time of the Civil War men with the Osborn name had re-migrated west to all points of its compass. At

WAYLAND

hand is a recent letter from an Osborn whose great-grandfather left Floyd subsequent to the Civil War and settled in Europe. Kansas Osborns went to Missouri. Still others, more daring and restless, moved on and on westward, the dust from their covered wagons the last evidence of them to the ones who remained in Sandy.

In Harriet R. Stratton's "A Book of Strattons," it was stated that Richard Stratton, of Tazewell county, Va., died in Floyd county in 1823 of advanced age. But recovered from the archives of an old Floyd family is the following note:

"This shall oblige me, my heirs to pay the heirs or legal representatives of Richard Stratton, dead, twenty-nine dollars, as he had paid that sum for me as my security to different persons. Witness my hand and seal, Nov. 4, 1828, William L. Stratton. (Seal)."

"Attest: James Deroit." According to the above note Richard Stratton did not die in 1823 but had departed previous to Nov. 4, 1828.

Jack C. York, press representative of the Floyd County Siskiyou-Central Association, is in Tipton, Ohio, at present and is assisting a certain British author, Reginald Reynolds, to gather material for a history of beds. The "Druis" as Jack calls him, became interested in the beads being given by Iron-tonsians at the time of their emigration and a mutual friendship flowered, via mail and transatlantic cable. "The Druis" completed a history of beads and a copy, duly autographed, was presented to the Iron-tonian press agent, who had in the meantime acquired a luxurious 18-point ornament. Soon there will be another autographed copy called "A History of Beds."

Historical note that is "one for the book." One hundred years ago or earlier, the nearest good hog market for Floyd county was at Lynchburg, Va. Innumerable droves of hogs went from the Big Sandy to this Virginia city and brought, when sold, just three cents a pound.

Floyd county was beautifully represented at the Shorly Jamerson Day staged Monday at Henderson, Ky., for the University of Kentucky halfback who scored Kentucky's two touchdowns against Oklahoma in the New Year's Day Sugar Bowl classic at New Orleans.

The grid star's special guests for the day were his girl-friend, Miss Mary Louise Osborne, University of Kentucky student and the 1950 Miss Kentucky at the Atlanta City beauty pageant, and her mother, Mrs. W. D. Osborne, of Wheelwright.

Dramatic" play in the school district has been produced. About 15 years have elapsed since this old-time favorite was offered here, and the members of the present characters were members of the former cast. Characters include the fat girl who is boy crazy; the gun chewer; spit-and-thrower; Sista; and Buddie (mama's little precious detestable darling); twins, Kate and Daphne; also Pete and Repeat; and Conroy and Cooney, long-legged Sam; a pair of sweethearts (the Arnold Magranda—he is P.T.A. president and dared not risk the beautiful Elaine with another beau); the old-maid school marm; Lexie Allen, who loves the school superintendent, Tom Patrick, who is the school trustee; V. O. Turner, pines away for her, Thurla Ramey is the cry-baby, while her husband, Howard, is the gigster. Honors go to Olive Tinsue, the village table-lifter, who holds her own spicilium. **Bears Are Twice Upset
Both Times on the Road**

Pikeville, Jan. 15 (Sp.)—The Pikeville Junior College Bears were upset twice on a road trip last week—once by an opponent and once by a slippery highway.

The state's leading junior college basketball team, undefeated in the Kentucky conference when the trip started, had broken even on the two-game tour and had headed home Saturday morning when the school's station wagon, carrying seven of the squad, overturned near Nicholasville.

No one was injured, Coach William H. Houchins reported, but the auto was damaged to the extent of \$300 to \$500. The team members shaken up in the wrecked car were Vesper Singleton, George Batley, Junior Williams, George Tyler, Phil Scott, Thomas Davis, and manager Joe Hill.

With five conference wins under their belts, the Bears took their first defeat by a 100p member at the hands of Paducah Junior College 65-50 on a neutral floor at Summers Jan. 11. They bounced back the next night against Campbellsville College, Pikeville's host, in the Kentucky Junior College Conference last year, thrashing the Tigers 72-40. The Bears had previously turned Campbellsville back 80-62 on Dec. 9 here.

The Hoosiermen will next defend their top lead at home Saturday, Jan. 20, when they entertain the Ashland Junior College Thoroughbreds at Paducah on Monday night. Jan. 22, they will play a non-conference return game with the Francis Mingo State Vocational School, whom the Bears stopped 65-52 here Nov. 9 in their season's opener.

Pikeville record up to the middle of this week stands at six wins to one loss against conference opponents. The Bears have won eight of the twelve games they have played for a standing of 867. They only have outside the conference have kept to freshman teams from the University of Louisville and Western State and Marshall colleges.

**Auxier Splits Games
But Shows Strength**

Bill Damon's Auxier high school basketball team continued last weekend on the job of proving itself no different for other Big Sandy quarters, though splitting even on two games.

Auxier easily defeated Johns Creek 69 to 47, but lost to Maytown 58 to 50. Even in defeat the team gave a good account of itself, with Hager leading both teams on the attack with 28 points.

Line-ups:
Auxier (69) Pca. Johns Cr. (47) Clarke (7) F. Blackburn (3) Hager (23) F. McQuire (14) J. Hall (16) C. Stratton (7) P.D. Wells (8) G. McCoy (13) P.H. Wells (6) G. Thompson (2) Substitutes: Auler—Cass (3), B. Hall (4), P. R. Wells (2), Johns Creek—Edmons (2), Maynard (4), Flason (2).

**Betsy Layne Bobcats
Defeat Virgie, 75-69;
Meade Memorial, 69-65**

Betsy Layne, Ky. Jan. 16 (Sp.)—The Bobcats of Betsy Layne high school kept up their winning ways last week despite the fact they were away from home for both contests against powerful opposition.

They defeated Meade Memorial here, 69-65, in a game which was decided only by an overtime period. Friday night, the Cats clawed a strong Virgie Five in regulation time, 75 to 69.

Frankie Crum led the Betsy Layne attack in both games with 29 points against Meade and 28 against Virgie. The entire team played excellent ball, however, and young Grady Wallace chalked up 17 points against Meade Memorial. Clark scored 22 points against Virgie.

**Football Season Over,
Branham Is Net Star
With Utah Freshmen**

The football season over, Prestonsburg's "Net" Branham has turned his attention to basketball at the University of Utah and in this sport he is regarded as a sure-fire star for the Utes. Because he transferred from the University of Miami (Fla.) last fall, he is a member of Utah's freshman teams.

Of Branham's performances a Utah sports writer wrote recently: "Looking better with every contest, the Pigeons are paced by Frankie Deane Branham, a Kentucky lad who seems destined to leave his mark on Utah athletics, either as a quick-setting, hard-driving halfback, whose ground-eating thrusts through the line electrify fans at last fall's BYU-Utah freshman game, or as a top-flight cage performer, which he is now proving himself to be on Frank Beckley's front court."

NEW YORK — Author John Steinbeck and divorcee Elaine Anderson Scott were married here. Steinbeck has been divorced twice previously.

POULTRY SUGGESTIONS

January and early February is the best time to start your chicks if you want more profit from your laying flocks. Below are some suggestions that may be helpful to you:

1. Frozen combs cause a decrease in production and fertility. Prevent frozen combs by keeping the house dry and well ventilated. (Don't close the openings in the laying house.)
2. Keep grain as well as mash before the flock. Be sure the hens are maintaining body weight. If after grain is fed freely body weight is being lost add 1 pound of cornmeal to 10 pounds of mash for 1 week.
3. Check the brooder house. Make any needed repairs, and if it is too small enlarge it a few feet. By enlarging the brooder house the sump-borch may not be needed.
4. The brooder house should be cleaned by:

1. Sweeping all cobwebs from the wall.
2. Sweeping all litter from the floor and walls.
3. Scrubbing—I can be to 13 gallons of boiling water.
4. Spraying—with 5 pct. solution of acid and good coal tar dip or cresol. (1 pint to 2½ gallons of water is 5 pct. solution.)
5. Those who buy chicks early get more high priced winter eggs. Early fryers usually sell for a better price. Order your chicks now.
6. Cheaper pullets will be put into the laying house next fall if you buy three chicks for each pullet wanted, than will be if you buy sexed pullets.
7. Feed the chicks fine chick grain for two days, then give them mash. This lessens the tendency for "picking up."

Value Your Health More Than Riches

Some folks think that fine clothes and fine, big houses are the most important things in life, but these things really don't mean too much if a person doesn't feel well enough to enjoy them. Most folks don't realize this, but Mrs. Lucy Braswell, of Route 2, Stone Mountain, Ga., realizes it very well. Mrs. Braswell takes HADACOL, and by taking HADACOL she is helping her system overcome deficiencies of Vitamins B, Nicotin and Iron which HADACOL contains.

Mrs. Braswell's own statement: "I have been sick for some time with stomach disturbances. I began taking HADACOL and I have been taking it about six weeks. I am so much better and much stronger. I will continue to take HADACOL. It sure has helped me. Tell my friends about HADACOL. I can't praise HADACOL too much. I am 59 years old."
