1ST RETURNS IN ON SEALS

With \$225 Reported, Association Is Urging Support of Program

With 7,000 letters containing Christmas seals mailed out to Floyd county residents, the return in the first two days of the current Seal Sale totaled \$225, Judge Henry Stumbo, state seal chairman, said this week.

The Floyd County Tuberculosis Association is asking every person who receives Seals to respond with generous contributions promptly. Work of the Association and that of a full-time TB nurse for this county depends upon the return of the seals. While the appeal was being made locally, top labor officials and civic leaders of the county were endorsing the purpose of the Seal Sale. Seals in the fight on tuberculosis.

RAIDERS FIND 31 HALF-PINTS

Jail Hunter Arrested; P'burg Police Resist; Three in Wire Theft

A raid on the home of Randolph Hunt at Hunter by Deputy Sheriff Frank Crum and John Henson and Willie Johnson, Sunday, netted 31 half pints of whiskey and was followed by the jailing of Hunt and the arrest of a warrant against him for refusing to file a forest fire permit notified to do so by Forest Burchett, fire ranger. Ray Salisbury, of Drift, was convicted on a charge of not coming Monday and fined \$5 with 30 days. Salisbury was recommended to jail on failure to pay the fine. This is believed to have been the first such case brought to court in this county.

BLOOD CALL NETS 72 PINTS

Floyd Communities To Be Visited in 1952 Once Every 3 Months

Prestonsburg and surrounding areas increased their blood contribution to the Red Cross regional blood bank by 72 pints Monday, a total which, though far shy of the 150-pint quota for each community, was eight pints above the showing made here a few weeks earlier.

Of the 116 persons scheduled to give blood Monday, 50 did not report, and of those who did report, 29 were rejected. Thirty-seven "walk-ins" gave blood.

Among the volunteer blood donors was Miss Billie Bohan of West Prestonsburg, whose brothers, Walter Karr and Thomas, were killed in World War II and the Korean fighting.

Others named to the committee, Judge Stumbo told, are D. H. Nessler, Miss Sarah Clay Stephens, Dr. O. L. Huttschiller and Miss Ella Noel. All of Prestonsburg, and W. M. Crawford of Drift.

BAN ISSUED ON WILDCAT MINE STRIKES

Lewis, Executive Group Ask Workers To Refrain From Illegal Walkouts

Coal miners of this section and every other part of the nation where the industry is unionized this week were under orders from none other than Lewis, leader of the United Mine Workers of America, and the UMWA executive committee to refrain from wildcat strikes.

The word was sent out to the mine locals in a letter signed by Mr. Lewis as president, Thomas Kennedy, vice-president, and John Owen, secretary-treasurer.

Lewis was understood to have endeavored the resolution through the board with the comment that unauthorized work stoppages violate contracts and will not be tolerated.

Mine operators who have been repeatedly have complained about them directly to Lewis. Industry sources said mine owners are pleased that Lewis acted promptly and decisively, and have high hopes that the wildcat walkouts will cease as a result of the ruling.

The resolution informs coal miners that such walkouts "result in strained labor relations" with mine owners and can only result in the loss of jobs and wages, and penalties for contract violations.

The demand for an end to unauthorized walkouts, dated Oct. 21, follows:

"During the past year a wave of unauthorized local strikes or work stoppages occurred in various districts. In nearly all of these strikes

TRUMAN, RIDGWAY DENY ORDERING CEASE-FIRE

Al's quiet on the Korean front—except for the argument between him and reporters over what caused the lull in fighting.

General Ridgway and President Truman said there had been no cease-fire orders. Dismissal from the front said UN troops had orders to fire on the enemy only if attacked. An Associated Press reporter in Korea said he had seen the cease-fire order and that it was issued from Eighth army headquarters.

Whatever has happened behind the scenes, the fact was—Allied and UN troops had stopped fighting all across the 145-mile battlefield. The only action was in the air and at sea.

Gen. Matthew B. Ridgway's public information officer in Tokyo said "it may be that no such order has been given by the Eighth Army or anybody else. The report of a directive to stop the fighting is false."

AP correspondent Milo Parant, in a dispatch from the front passed by censors, quoted a Third Division officer as saying an Eighth Army directive ordered front line units not to fire on the Reds unless necessary.

The officer said that the ground war had stopped "for all practical purposes." "We are not shooting at them unless they shoot at us," the officer was quoted. "It will be a period of watchful waiting while we see how serious the Communists are about our 30 day cease-fire proposal."

The officer also said air strikes against Communist front line positions also had been banned.

Communist troops played volleyball in full sight of Allied troops while being fired upon. Camp fires glowed across the battle line but there was no shooting.

In Florida, President Truman's press secretary Joseph Short said, "there can be no cease-fire in Korea until an armistice has been signed."

Short was asked if the President had issued any type of order applying to fighting in Korea of whether the White House had directed any cessation of offensive action by American forces. "I'm not going beyond the terminology reported to have" he replied, waving the notes in his hand.

In Washington, the Defense Department said it had received no official information on the halt in ground fighting and said Gen. Ridgway had been asked for clarification. The department added that "there is nothing in the tentative demarcation line agreement which calls for a cease-fire."

FLOYD LEGISLATORS MEET IN PRE-ASSEMBLY TALKS

H. H. SMITH DIES AT 75

In Jacksonville, Fla.; Was Former Kentucky Banking Commissioner

Hillard H. Smith, 75 years old, former Kentucky Banking Commissioner and Knott county business attorney, died at a Jacksonville, Florida hospital Monday afternoon after a long illness. Mr. Smith's death was attributed to cancer.

A native of Louisville, Ky., Mr. Smith was a son of John and Betty Jean Higgins Smith. He had lived in Hindman 40 years, and in his retirement two years ago moved to Deland, Florida. Mr. Smith was well-known in Floyd county. A Republican, he was Banking Commissioner during the administration of Gov. Simon C. Willis, from 1944 to 1948. He also served as State Senator from 1908 to 1912, and twice was nominated by his party for Congress from this district, losing in the final election. Mr. Smith was president of the Bank of Hindman and its attorney.

FIRE ROUTS 3 FAMILIES

Damage in 2 Blazes May Reach \$20,000; Crager Home Burns

Destruction by fire Sunday afternoon of an 11-room residence in West Prestonsburg rendered tenants homeless and left two tenant families and included in the loss were practically all of the occupants' belongings.

Sunday's blaze brought the damage total from fire here and in this vicinity within a week to around \$20,000, it was estimated. On the preceding Monday the home of Mr. and Mrs. Jim Crager on the Auxier road, three miles from here, was gutted by fire and all its contents burned, also.

Miss Lurayne Pitts, retired teacher, who owned the West Prestonsburg building, said the blaze apparently started from a kitchen stove. She said she first became aware of the fire when flames burst into her living room.

Other occupants of the building were Mrs. Ellen Harmon and the family of her grandson, Milford Blackburn. Little of value was saved.

Despite a week of wet weather, Prestonsburg fire department confined the flames to the pits building, three adjacent residences escaping with minor damage. Miss Pitts' loss is partially covered by insurance, but her tenants had no insurance on their household effects.

Mr. Crager said this week the fire which destroyed his home apparently resulted from the explosion of a kerosene lamp which he and his wife had left burning in the dining room. The explosion caused a few feet to the rear of their home. The two were alone at the time, and only two chairs were saved. Included in the loss were additional clothing and furnishings and all their wearing apparel, were two hogs, butchered the day of the fire, and about 250 cans of fruit and vegetable stores in the smokehouse.

The Cragers' home was a six-room structure. The animal had been trapped in the kitchen.

Body of Cpl. Canfield Returned to Garrett

Body of Cpl. James Canfield, formerly of Garrett, who was killed in Korea, arrived Wednesday and was taken to the home at Garrett of his wife, Mrs. Canfield. Arrangements were incomplete, it was said at the Hindman funeral home.

Young Canfield was a son of Mr. and Mrs. Harry Canfield, now resident of Indiana.

Former Floyd County Is Killed In Korea

Adm. B. Turner, son of Mr. Adm. B. Turner, Paul Branch, Tenn., and a former resident of Byrds died Oct. 28, one day after he was wounded in Korea, it has been learned here.

Mr. Turner lived in the home of Dr. D. W. Osborne at Byrds from his 12th year until he entered the army. His father, Ireland Turner, was killed several years ago.

AUXIER HOTEL CLOSING SET

Archers To Convert Hotel Into Hospital; To Be Vacated, Dec. 1

The auxiliary of Prestonsburg's two hotels will cease to be operated as such, Saturday of this week. The first auxiliary building will be converted by Dr. George P. and John G. Archer into a hospital. Contracts on remodeling, making various installations and decorating of the interior will be awarded at once, it was said this week.

The three-story brick structure was purchased by the Archers several months ago, but the lease of O. P. Powers, who operated the hotel, extended till April, 1952. Wednesday of this week, Mr. Powers surrendered his lease as of the end of November.

The building was erected in 1930 by the late J. C. B. Archer, and after his death it was sold to A. B. and B. E. Conley from whom the Archers purchased it.

The Prestonsburg General Hospital will transfer from its West Prestonsburg site to the building on completion of remodeling which is expected to require six months.

JUDGE CASTS DECIDING VOTE

As Magistrates Split On Clerk's Bill; Court Okes Tax Settlement

The Floyd fiscal court by a 2-2 vote approved for payment Wednesday the \$700,000 bill of County Clerk Duane Moore for delivery of ballot boxes.

The four Magistrates failed to reach a decision. Magistrate Ellis Martin and Edgar Howell voting for payment, and Magistrates J. E. Harris and M. C. Wright against. County Judge Henry Stumbo broke the deadlock.

Magistrates opposing payment claimed the charge was in excess of the Clerk's actual expenses incurred in delivering the boxes to the 64 precincts, and maintained the law does not permit payment in excess of that expense. On the other hand, it was pointed out that this same charge has been paid to County Clerks over a period of more than 30 years.

Ex-Sheriff Troy B. Sturgill finally won a quietus from the court on his \$100,000 bill for the settlement with Mr. Sturgill on behalf of the court, submitted a statement showing the former official's figures to be correct.

Another item of business for the court this week was a suspension of the right to hold office of Beaver Creek at Boaco, and the court directed County Attorney W. W. Burdett to ask bids on construction of the new 22s will be opened December 2.

The court last week voted a salary raise for Mrs. Lily Parker, clerk for the county, from \$1,000 to \$1,100, effective Jan. 1. At the same time, all county road employees except Shelby Woods and Terry Stephens, older men, were laid off, effective Nov. 30.

ADKINS MAY ACCEPT TERM FOR SLAYING

Kazee, Charged Here, Ordered before Court As Probation Studied

Lewis Adkins was believed this week to have made up his mind to accept his 21-year pen term for the slaying here of his wife, Thelma Irene Adkins, without further legal aid.

He waived time for judgment to be pronounced Tuesday, and was sentenced by Circuit Judge Edward P. Hill.

Trial of Bill Kazee, charged with malicious shooting at without warning, was continued till April 10. Elmer Blackburn, the complaining witness, is in army service, now recovering from a wound suffered in Korea, and his return is expected before April.

Case was conducted in the fatal shooting here of Blackburn's wife, but his sentence was probed by Circuit Judge E. D. Stephenson, of the Pike circuit, to which the trial was transferred on a change of venue. Judge Stephenson last month issued an order calling for the appearance of Kazee in court on Nov. 17 to show cause why his probation should not be revoked, citing the case against Kazee in this county as a reason for the order. The Circuit Clerk's office at Pikeville said this week, however, that Kazee has been entered there in the matter.

The circuit court term here discontinued this week. Only one case, and that the filing of a Mason Award \$10 for drunkenness, was recorded.

Cases continued within the week were:

Marion Yates, possession of alcoholic beverages, to Dec. 1; Charlie Hall, selling liquor, Jan. 6; Bob Hall, child desertion, Dec. 1; Fred Sexton, grand larceny, Dec. 6; Fred Osborne, rape, Jan. 10, bond set at \$1,000.

In absence of witnesses, many of whom have moved to war production centers, was filed as one of the court's biggest handicaps against the continuance. Attachments were issued for witnesses in the Marion Yates and Bob Sexton cases.

or stoppages the machinery incorporated in joint agreements for the consideration and disposition of grievances was not invoked. The International Executive Board, in its session in Washington, D. C., has given consideration to the limitations involved in these strikes or stoppages and reached the following conclusions thereon:

"1. These unauthorized strikes adversely affect the structural relationship between the United Mine Workers of America and the coal operators.

"2. Unauthorized strikes cause unnecessary loss of earnings to our members, work hardship upon their families and are not beneficial to the interests of the communities wherein they occur.

"3. Unauthorized strikes reflect discredit upon our organization's sixty-year record of honoring contractual provisions and result in strained labor relations between the parties signatory to the joint agreements.

"4. In some instances these unauthorized work stoppages have created situations wherein union operators have not been able to meet their commitments and this resulted in these operators losing business to competitors.

"5. The joint agreements between our organization and the coal operators contain established machinery for the adjustment of disputes between the parties signatory thereto which eliminates the necessity for calling strikes.

"6. These unauthorized strikes not only endanger the stability of the coal industry but encourage the operators to demand punitive clauses in new agreements.

"On the basis of the foregoing conclusions, the International Executive Board, by unanimous vote, urges all members, local union officers and committeemen, district and international officials to not only refrain from participation in the unauthorized strikes, but to use their efforts and influence to prevent recurrence of said unauthorized strikes in contravention of the International Constitution and in direct opposition to the established policies of the United Mine Workers of America."

UNITED FUEL ASKS INCREASE

In Gas Rates; Firm Claims Costs Make Increases Necessary

The United Fuel Gas Company last week asked the Public Service Commission of Kentucky for authority to increase rates for natural gas service.

In its application to the Commission the company set forth three principal reasons for the request for higher rates. These are:

"The increased cost of natural gas purchased locally.
"The increased price of gas which the company will be called upon to pay beginning on December 1, 1951, to its principal southwest supplier, the Tennessee Gas Transmission Corporation.
"Increased costs of operations, including wage increases to its employees, increased taxes and other costs."

The company claimed that during the 12 months ended June 30, 1951, the revenues from the retail sale of gas in Kentucky, based on the present rates, were insufficient to provide for normal operating costs when adjusted for these increases. The company points out that its total expenses have been and will be substantially increased, and, until the Commission authorizes the rates which it seeks, there will be an annual deficiency in excess of \$300,000 in the revenues to which it is entitled.

The company also pointed out there is now pending before the Federal Power Commission an application on behalf of its principal southwest supplier, Tennessee Gas Transmission Corporation, asking authority to put into effect substantially increased rates on its sales of gas. Such rates are expected to be placed in effect under bond as of December 16, 1951, and in this event United Fuel Gas Company will be required to pay the increased rates at least until the matter is finally settled.

Commenting further on the application filed with the Public Service Commission, John W. Partridge, president of United Fuel, stated that "the proposed increase in rates to the average residential customer will amount to approximately 5¢ per day, and even then the United Fuel will still be selling gas at a substantially lower price than the cost of other fuels."

Mr. Partridge added that the United Fuel Gas Company has asked for only one rate increase in Kentucky during the past 25 years, a request which was granted, in part, in November, 1929.

The proposed schedule of rates would effect a 10-cent raise per 1,000 cubic feet of gas used up to 30,000, and that increases from 3 to 6 cents. The minimum would be upped from \$1 to \$1.20.

United Fuel serves cities of Ashland, Catlettsburg, Greenup, Hindman, Ilex, Louisville, Reelsand Russell, South Williamson, Worthington and rural communities in Boyd, Floyd, Greenup, Knott, Lawrence, Johnson, Magoffin, Martin and Pike counties.

P-T.A. Membership Goal Of 500 is Announced Here; Group's Activities Cited

A Parent-Teacher membership goal of 500 was announced as the result of the drive for members now under way. It was announced this week by Mrs. Ray Howard, membership chairman.

All financial drives hitherto made through the schools were eliminated last year, and this policy will be pursued this year, it was said, leaving P-T.A. membership fees as the only source of income for many of the undertakings sponsored by the organization.

Last year, it was pointed out, the P-T.A. purchased workbooks for pupils who were unable to buy books, supplied lower grades with art materials, purchased a record player for the music classes, produced and erected a stage set and a rostrum for the stage. A continuance of such a program is sought this year.

COMBS' LEAD UP TO 3,999

Estill County Error Corrected; Vote Totals In Other Races Given

Judge Bert T. Combs' majority over B-Governor S. S. Willis for the appellate court judgeship now stands officially only one shy of the 4,000 mark—thanks to correction of an error in the 1951 county returns and the insistence of a resident of that county that the record be set straight at Frankfort.

This 29th countain, it was said, made the trip to Frankfort to report the error and to see that the correction was made. Before that, Combs' majority stood at 3,919. The error was made in transferring the vote from the tally sheet to the election record book.

SUCH CHAWM, CHUM—Wayland Men To Wear Women's Hats To Plug Legion-Sponsored Play

Don't send for the butterfly net if you see members of Ekkhona Post 196, American Legion, going about their business, topped off with beautiful creations of ladies millinery.

For Saturday, December 1, has been proclaimed Crazy Hat Day in Wayland, and any Legionnaire seen on the streets without a woman's hat on his head will be fined \$1 or the price of one adult ticket to "CRAZY DAYS," the three-act comedy which the Legion Post is sponsoring to raise funds for an Adirondack-type lean-to at the Dewey Lake Boy Scout camp and the Legion's building fund.

The laughs which these "latter creations" on the heads of many of the well-known citizens of Wayland will provoke are only an indication of what is in store for the large audience expected at the showing on this comedy, Thursday, Dec. 6, at the Garrett high school auditorium.

PRESTONSBURG LINCOLN-MERCURY
U.S. ROUTE 23 PRESTONSBURG, KY.

We ask little of you. We ask you first to get into a Mercury and to drive it.

True, we can tell you here of a Mercury's performance. We can describe its handling, its roadability, its balance. We can try to explain all this by detailing its new-type springing, wide-view visibility, super-duty brakes, famous high-compression prize-winning V-8 engine.

We can put the words together until we run out of space and it won't tell you half as much as just a few minutes behind the wheel. We ask you to sit there soon. Then—we ask you to try it on your budget. We believe you'll pin the big move to Mercury—in a big hurry!

SWAY CHOICE INCLUDING MERC-O-MATIC DRIVE For "the drive of your life!" Mercury offers a triple choice in dependable transmissions. Merc-O-Matic Drive, the new, simpler, smoother, more efficient automatic transmission—or hefty Touch-Shift—Mercury drive are optional at extra cost. There's also silent-ess standard transmission.

Does it have a down-to-earth first price? Mercury's price tag is one you can understand—a big dollar's worth for every dollar invested.

Will you be sure of good gasoline mileage? Mercury has proved its more miles-per-gallon by winning officially sponsored economy tests.

Is it famous for long life? It is indeed! 92% of all Mercurys ever built for use in the U.S. are still on the road, according to the latest official annual registration figures.

Will trade-in value stay high? Mercurys keep their value; used car market reports consistently prove it.

Does it represent solid value? Mercury owners say YES! So will you when you get the rest of the story. Drop in today and see.

Two soldier-brothers from this county met in Korea recently after 18 months' separation. They are Pfc. Elmer Laferty, 22, left, and Pfc. Palmer Laferty, 20—sons of Mr. and Mrs. Henry Laferty, of Martin.

The reunion was in South Korea where Pfc. Palmer Laferty was stationed at the time. His brother, who drives a jeep in the North Korean mail delivery, found a few days' relief from duty and used it to go visiting.

Pfc. Elmer Laferty had been in Korea seven months and has five battle stars. His brother, trained at Ft. Monmouth, N. J., is in army radio work. He entered the army at 18.

On his last furlough home last March, Pfc. Elmer Laferty, a veteran of two wars, was married to Miss Bertha Stephens, of Dock.

Floyd Brothers Return From Korea to U.S. Posts
PORT MEADE, MD., Nov. 21 (Sp.)—Two brothers, Cpl. John L. Hamilton, 23, and Cpl. Butler Hamilton, 19, of Teaberry, Ky., are now serving with the 84th Army Postal unit here. The brothers returned from Korea together June 11, 1951, under the army rotation system.

At the time they were rotated, Butler was reassigned to the division postal section to return to the States with John. Both brothers received the Bronze Star Medal. Butler also received the Combat Infantry Badge while serving with the 13th Regiment.

John enlisted in the army on Sept. 21, 1948, at Portsmouth, Ohio, and Butler enlisted there two days later. After completing basic training at Fort Knox, Ky., they were assigned to the 24th Division. They later attended the Army Postal Course at the Eta Jima School Command in Japan.

Don't Buy Fireworks Fire Marshal Warns
State Fire Marshal William L. Martin this week warned parents against allowing their children to purchase fireworks by mail, following disclosure that a number of firms in other states are soliciting mail in Kentucky for Christmas fireworks.

"Some of the fireworks being offered for sale are dangerous, and constitute a definite hazard due to poor construction," Martin observed. "In addition the 1950 General Assembly outlawed the sale of fireworks at retail in Kentucky."

Continuing, Martin recalled that it is also illegal under state law to shoot any type of fireworks in a public place, recalling that the law only allows supervised fireworks displays with the proper prior approval of local authorities.

He added that parents who allow their children to use fireworks in violation of law may be faced with damage suits from persons injured since the parent would be placed on notice that his child was violating the law.

Inauguration Plans Are Being Completed

Plans for a mammoth parade and the usual accoutrements that go with gubernatorial inaugurations were announced today for the coming inauguration ceremonies to be held December 11 by County Judge John D. Darrish, chairman of the Franklin county Inaugural committee.

The parade plans will be in charge of Carl D. Norman as grand marshal. Colonel Norman has served as grand marshal for four previous inaugurations.

Plans call for the Jefferson and Logan county delegations—honors of Governor and Governor-elect, Lawrence W. Wetzel and Lieut. Governor-elect Emerson Beauchamp to lead the parade in that order. Other contingents will follow in order of arrangement assigned by the Grand Marshal and his staff.

Wetzel is the 45th person to assume the office of Governor, while Beauchamp will be the 39th to be installed as Lieutenant-Governor.

MARTIN

RATLIFF IS GUEST SPEAKER

The Allen-Martin Woman's Club met Monday evening, Nov. 19, at the home of Mrs. Edna Martin.

Mrs. Russell Laven, program chairman, introduced the guest speaker, Wayne Ratliff, principal of the Wheelwright high school, who gave an inspiring talk on "Education." According to statistics, Kentucky now ranks far too low on the educational ladder, and Mr. Ratliff cited the advances being made in the Kentucky educational system. He pointed out how organizations such as women's clubs could help with the improvements.

Mrs. William Skinnette, club president, asked that each member bring to the next meeting filled Christmas stockings for hospitalized veterans and the two dollars which each member was to earn for the hand. To date \$32 has been collected for the CARE for Korea program.

A committee was appointed to select a suitable place to hold the annual Christmas party, to which husbands of the members are invited as special guests.

Refreshments were served to the following members: Mesdames Charles Marshall, Virginia Short, Bernon Martin, T. J. Akers, Town Hall, John P. Sammons, German Yance, Bonnie Hall, George Sims, T. W. How's THIS for a kettle of fish?

No doubt about it—a road failure can cost you plenty of "fish." Not only in time lost to what could have been profitable hauling, but in expensive repairs as well—repairs that could have been avoided.

That's where we come in.

If you bring your equipment to us at regular intervals, our mechanics will catch all the little things that go wrong with trucks before they become a major breakdown.

In so doing, you're being thrifty 3 ways. You (1) cut down the possibility of costly repairs, (2) get better performance with less "down time" and (3) get more years of service from the trucks you now own.

Make sense to you? Come on in—the service is fine!

He stressed the importance of music in the lives of everyone and especially what music can do for school children. A trumpet solo, "Mighty Fortress for God," was rendered by Billy Joe Fannin. Mrs. W. G. Reynolds rendered two piano solos, "Onward, Christian Soldiers," and "Moonlight Sonata." Misses Ann Webb and Betty Copley sang, "Come, Ye Thankful People," "The Holy City" was given by Mr. W. O. Reynolds. "Rock of Ages" and "In the Garden" were sung by Mrs. W. G. Reynolds and Dr. Sweeney. In conclusion, Dr. Sweeney sang, "America, the Beautiful," Group singing of Christmas Carols followed.

In a short business session, it was decided for each club member to give \$1.00 instead of serving a dinner, proceeds for CARE for Korea, to help with the Heart Drive, and to fill stockings for veterans at Nichols' General hospital to be brought to the Christmas party. It was also voted to give \$25 toward the local Christmas fund for filling baskets for the needy and the Christmas treat.

A dessert course was served to 19 members and several visitors, Mrs. Charles Hornsby, Jr., Mrs. Harvey Miracle, Mr. and Mrs. W. G. Reynolds, Mrs. Wills Dean Patton, Dr. Sweeney, Miss Ann Webb, Miss Betty Copley, and Billy Joe Fannin. The next meeting will be the annual Christmas party in the Wayland Methodist Church, December 11.

IT'S A GOOD WORLD

BY WILMA

(Opinions expressed herein do not necessarily reflect those of The Times.)

A big bouquet for Commonwealth Attorney Burnis Martin, who intends to fulfill his campaign pledge and clean up a few evils in our country.

Just recently a fine young man stopped going to the church of his choice because some of its members got out and sell various things to raise funds for the support of the church. It takes some of us a long time to realize how we paralyze God's work by resorting to such methods for its maintenance. There is only one scriptural plan for supporting and maintaining a church, namely, tithes and offerings. Both the old and New Testaments plainly teach that tithes and offerings should be brought to the storehouse for its upkeep. There is more in the Bible on the subject of Giving than on Salvation, but we often overlook this and resort to means that we would never use to maintain our clubs or lodges.

Well do we recall over a quarter of a century ago how the members of one church were constantly raising money for it by one means or another. One made a beautiful quilt, which she donated to the church to raffie off by selling chances. The members gave a stick of gum with each chance. That way, no one was left out of the chance and receiving nothing. One member, as fine and good a woman as could be found, offered her brother a chance. He was not a Christian, but he said to her, "Why don't you women get out in the alley and get down on your knees and roll dice for the Lord?" She has never said or bought a chance since, and her relation of the experience made more than one of us stop buying chances on anything. If men on the outside of the church know right from wrong and are not afraid to say which is which, it is time some of us who profess to be believers acquire a new slant on matters.

High school students all over Kentucky are participating in a contest by writing essays on, "What My Community Needs." Some of the winners did not serve as judges have had the privilege of reading some of the best papers and they are eye-openers indeed. We wish that all of them might be broadcast and read before their respective city councils, so adults might know what these kids are thinking.

These papers prove the children are not afraid to speak their minds, regardless of whom they put to shame. They have ideas and plans. They know what they want and how to get it. They know the problems ahead and the answers, too. They do not spare schools, churches, towns, city boards, hospitals, teachers, leaders, Mom and Dad, you and me. They land on top of every one of us for failing them in countless ways.

The boys and girls are fed up with chicanery, corruption and excuses. They want deeds instead of words. They demand to know. They are tired of promises and beg for action instead. They are sick of the lack of sanitation in too many public places and do not mind saying where such conditions exist. These youngsters pull no punches. They want civic pride and co-operation to replace quarrelling and bickering.

Most of all the kids plead for recreation centers where they may enjoy wholesome fun. One boy said his crowd would never enter pool rooms or loaf on the streets if they had a better place to go. They express appreciation for all their schools have done and for what their churches are doing to help but make it plain it is not enough. They long for more citizens with vision who will promote clean-up campaigns and beautification projects, who will unite and work till our beloved section comes truly into its own.

If you doubt that they are on fire for a better world, just invite some of them to speak before your club or group and explain their views. You will be glad you did and you may get out and sweep your front-door steps when they finish!

Twenty Models of Other Makes of Cars Cost More!

There are hundreds of thousands of people who should be intensely interested in what we are writing here. They are the people who paid more for their cars than a Cadillac costs—and still didn't get a Cadillac.

You see—there are five manufacturers of motor cars who produce a total of twenty models which actually cost more than the lowest priced Cadillac. And during recent years, hundreds of thousands of people have taken title to these higher-priced models.

Surely, a large percentage of these owners did not understand, at the time of purchase, how little a Cadillac can cost. They assumed that a Cadillac must cost more—because of its reputation. So they paid for a Cadillac—and still failed to get the things a Cadillac provides.

They failed to get the irresistible performance of its great master high-compression engine... the soft, gliding ride that makes every road a better road... and the wonderful prestige which marks the Cadillac apart, throughout the civilized world, as a man distinctly apart.

Surely, they won't want to miss all this again. It's a lot to lose—especially when it costs no more to have it.

If we already have your order for a Cadillac—please be assured that you have made a wise decision—and stand firm until your car is ready for delivery.

But if we don't have your order—better come in and see us today. We are certain you don't want to pay the price of a Cadillac—and still not get one!
