THE HUNTER HORNETS OF DRIVERS TIM FLOCK, BUDDY SHUMAN AND HERB THOMAS (L. TO R.) were first, second and third, respectively, in annual Detroit 250-mile NASCAR stock-car race June 29. The winning trio is being congratulated by N. K. VanDerZee, Hudson vice-president in charge of sales. (Right) Flock, Shuman and Thomas attributed their record to Hudson's exclusive "step-down" design, which brings "road-hugging" sparring performance on the straightaway and sure, easy control on turns. Hudson cars have won 25 out of 28 times in stock-car competition this year.

REFRESHING CANDOR
There were greater orators in
the G.O.P. convention last week, and
none of greater national reputation
addressed the gathering. But none in-
spired me with a frank exposition
of their honest beliefs as did Sen-
ator Cain of Washington.

The say rated a bit of Cain with
the assemblage. He told them the
facts of political life, whether they
wanted him to do so or not. He
even admitted that the Republic-
party doesn't have a monopoly on
energy.
Striking out at the Old Guard
thinking which depicts everything
new in the social scheme and every
change made necessary by a chan-
ging world, Cain told the convention
I quote from memory:
"This change, it doesn't matter
so much about the cut of the coat
as it matters just to be sure there's a
coat inside."

Mrs. Hunter Succumbs To Illness of 2 Years; Interment at Gularne

Esther Scott Hunter, 63, of Pikeville, died July 19 after an illness of more than two years at her home in Pikeville. She was born at Gularne, Johns Creek, Pike county, June 3, 1863, the daughter of William and Elizabeth Scott.

She was married to Will Hunter in 1885 and has resided at Pikeville since her marriage. Her husband preceded her in death in 1938. An only son, James Hunter, died in 1935. She is survived by the following brothers and sisters: Mrs. Letha Compton, Martin; Mrs. Alice Nunamy, Trum; Trumble Scott, Gularne; Ballard Scott of Trum; A grandson, Billy Hunter of Pikeville, also survive. A sister, Mrs. Nettie Layne, of Harold, and a brother, Dallas of Virginia, preceded her in death.

Funeral rites were conducted at Pikeville and burial was made in the Martin Scott cemetery at Gularne under the direction of the Baker Funeral Home.

Heart Ailment Fatal To Mrs. Mollie Clay At West Prestonsburg

Mrs. Mollie Adams Clay, 63 years old, died at her home in West Prestonsburg, Friday, victim of a heart ailment from which she has suffered for the last two years.

A daughter of J. P. and Rhoda Brown Adams, she was a native of Magoffin county. She had many relatives and friends in this county. Surviving are four daughters, Mrs. Darryl Stafford, of Prestonsburg, Mrs. Furman Wells, Mrs. Ora Burke and Mrs. Edward Murphy, all of Ashland; three sisters, Mrs. Hattie Vanderpool, West Prestonsburg, Mrs. Maybelle Howard and Mrs. C. L. Osborne, both of Ashland. She also leaves seven grandchildren.

Funeral services were held Saturday afternoon from the Assembly of God Church, West Prestonsburg, by the Revs. H. C. Church, G. R. Pannin and Mrs. Cora Johnson. Burial in the Stephens cemetery near West Prestonsburg, was under direction of the Moore Funeral Home.

Former Tax Official In County Succumbs At Dock Residence

Samuel G. Ousley, former Tax Commissioner of this county, was found dead Saturday in the garden at his home at Dock, apparently a victim of a heart attack. He was 61 years old and was one of the county's best men.

Mr. Ousley had been in failing health since suffering a stroke, some time ago. He had long been a member of the Christian Church. His survivors are six daughters: Miss Grace Ousley, Mrs. Lula Bradley and Mrs. Virgie Stephens, all of Dock, Mrs. Missouri Potter and Mrs. Julia Derossett, both of Greenup, Ky., and Mrs. Emma Miller, Columbus, Ky.

Funeral rites were conducted Tuesday from the graveside in the family cemetery by the Rev. M. C. Wright, W. S. Akers and John Ousley. Burial was under direction of the Hall Brothers Funeral Home.

The Big Step
THE Floyd County Good Government Taxpayers League has taken a big step. It has filed suit to collect what it claims has been paid to a county official in excess of the salary set for him by the state's Constitution.

This is a big step, for, by all the rules of the law, the matter of suit-ling can't stop there. Organized as representatives of all the taxpayers, it cannot permit likes and dislikes to enter into its League's deliberations and actions; for there cannot ever be any semblance of harmony, not to mention justice, when individuals get down to personal preferences or prejudices.

Representatives of the League say they will play no favorites. And that, as it should be. We hazard the guess that accepting excess pay has been the rule rather than the exception in this county, and that the rule has prevailed far longer than the last ten years.

The People's Choice
A REPUBLICAN said, the other day, "We Republicans have nominated Eisenhower, the choice of the people. Now, let the Democrats do the same."

That would make it read: Eisenhower versus Kefauver. And those of us who remain unshackled by the greasy bonds of machine politics could welcome that line-up.
With the Republican convention rigged against him, Eisenhower and his "supporters" made the pros of that league look like lushers. So it is that his election as the G.O.P. standard-bearer is hailed as a victory for the people.
Now, if Kefauver should perchance win the Democratic spot on the ballot, the root of the machine will near the stage at which the back-neved adjective, "fatter" will cease to be a cliché and become a descriptive necessity. The party big-wigs obviously do not want him. Those who cling to their patronage novvers shudder at his name. He is a rank interloper.
Being on the rank interlopers, we say—like Kefauver, both of them!

Presbyterian church, when shown this letter, recognized it as identical with the one President Frank H. Caldwell of Louisville Presbyterian Seminary received sometime ago. President Caldwell checked with the FBI but was informed that inasmuch as the letter originated in Mexico there was nothing the American authorities could do. Caldwell said that he supposed he had received 50 letters of this kind in his life and envisioned the future ministers to warn their parishioners of the condone racket. For a long time, Rev. Pearson says, President Caldwell's letter was posted on a bulletin board at the school.

TO THE VOTERS OF DISTRICT NO. 1:

I am running for Constable of this Dist. No. 1. I have lived here for the past 17 years and I hope I have made several friends during that time. I have never paid a fine in my life for a violation of the law. I don't think you have to be a member of a church to be a good citizen. You should all know me—I have been in the taxi-cab business ever since I have lived here.

So, if you voters of Floyd county believe I will give you a fair deal, vote for me and I will prove to you what I am. Your vote will be greatly appreciated at the Democratic primary, Aug. 2.

A SERIOUS APPEAL TO VOTERS

I am again obeying a voice that speaks to me and tells me when to write or speak. After reading The Floyd County Times and reading the appeal of James J. Carter asking for the office of Coroner in Floyd county I awoke at midnight, communing with God on the subject.

As you all know, the office of Coroner has been overlooked and abused in Floyd county. We have reached the serious point in the welfare of our nation state and county. Not everyone knows that the office of Coroner is a very important office. I was taught in my youth that the office of Coroner was the only legal authority that could arrest the rich Sheriff and if this law has never been abolished I have never read anything about it, and I do my best to keep well-read on all important subjects.

I have been in the Cave of Treasure most all of the time since the November election, 1951, have done my very best to be contented with my solitary life, as my Bible says: God setteth the solitary in families (Psalms 68:6), and that He is a father of the fatherless and a judge of the widows, is God in His holy habitation (Psalms 68:2), and I have communed with God and obeyed His voice until I know He has a work for me to do. For the Voice has proven to me letter writing is my best gift on account of handicaps that I cannot help. There are things we can do and things that are impossible. But with God all things are possible. I have always used courage for my keynote and reason for my philosophy, and I have never allowed any vain philosopher to lead me in a ditch.

God first called to Adam, Where art thou? If God blamed the woman He must ask the woman the first question? Verse 15: God's promise to the Serpent, is there not a cause? Was a question asked by David, a shepherd youth (1st Samuel 17:29) And David would not wear King Saul's armor to fight Goliath because it had been proved (1st Samuel 17:29). And David would not wear the armor of King Saul but they can trust in a true God like David, and prove it by words, actions and deeds.

1st Samuel 17:47. And all the assembly shall know that the Lord is not with sword and spear; for the battle is the Lord's and He will give you into our hands.

I have done all in my power in written words and personal appearances to prove and make men understand that my trials and afflictions are the proving of God's true disciple and I have been wrongfully denied my freedoms that my son died to protect. There are not enough men in our nation to back me one inch when I know I am right. Christ commanded the earthly care of his mother to his beloved Apostle John who leaned near his breast, and my beloved, a cherished son, Sgt. Roy Hall, left a record. Nations, take care of my mother. If there is any preacher, deacon, high sheriff or ruler that can prove to me by the Bible I have no right to speak for myself or use all legal means to protect life, liberty, property and the pursuit of happiness in my home, there is a reward for you when you prove it. If not, I ask you this question—Is there not a cause? That cause must be removed before there is any more peace and prosperity in Floyd county that will endure until the end. Now, I ask you if my articles have been eloquent and persuasive. Ask yourself this question: Why have our last two elected Coroners resigned before their term of office expired?

Go out and vote for James J. Carter who claims to be willing, able and qualified to serve us well, and remember if he co-operates with our Sheriff's force some mysterious deaths and hard problems could be solved.

Thanking you all in advance,
Sincerely and prayerfully,
EVA MEADE HALL

BIRTH ANNOUNCEMENT
Mr. and Mrs. Hansford May are announcing the birth of their first child, a son, born July 14 at the Prestonsburg General hospital. He has been named Claude Stephen May. Mrs. May is the former Wanda Ensminger, daughter of Mr. and Mrs. Harold Ensminger.

The earliest known surface coal mining reclamation program was begun in Indiana in 1918, and the peach and pear orchards planted then are still producing.
It would take a 55 mile long train, consisting of 6,117 coal cars, to carry the average amount of coal burned yearly by government heating plants in the area of Washington, D. C.

SHOW MOVIE SLIDES
Mr. and Mrs. H. L. Ley entertained a group of friends Monday night at their home. Dr. H. L. Ley, their guest, who has been doing medical research for the last six years for the U.S. army in Malaya and Siam, presented an evening's entertainment showing colored motion pictures of the places he had been during his work.

why wash dishes the hard way?

Washing dishes by hand is a dirty job, a thankless job—but above all, an unnecessary job. For less than 14 worth of electricity a meal, you can relax while an automatic dishwasher washes dishes cleaner than you could ever get them by hand.

Dishes, glasses, silverware, pots and pans... they all get thoroughly washed, rinsed, and dried... at the touch of a button.

Statistics show that the average housewife washes 680,000 pounds of dishes in a lifetime. Wouldn't you rather do them electrically?

MRS. JAMES AT WORKSHOP

That the teachers are interested in folklore was evident last week when the Morehead State Teacher's College workshop at Allen invited Mrs. Edith Fitzpatrick James to speak and sing.

She told the old stories, now nearly forgotten, that formed part of the lore of our ancestors. Grieved the assembled teachers those old favorites of "Barbara Allen" and "Down in the Valley." There were other songs indigenous to Big Sandy and at the close the teachers joined Mrs. Fitzpatrick with enthusiasm.

Ten new songs are being built by daylarmen in Taylor county.

Morehead State Prexy Announces Scholarship Established by Jaynes

The establishment of a \$300 scholarship to be awarded to an Eastern Kentucky boy or girl to attend Morehead State college was announced this week by Dr. Charles E. Spain, president of the college. The award, to be known as the Jaynes Memorial Scholarship, is being established by three brothers, Leonard, Luther and Mason Jaynes, operators of the Madison Trail, Gasline at Morehead.

The scholarship will be awarded, on the basis of ability and need, to boys and girls living in or near town Eastern Kentucky, preferably those who plan to be a teacher.

The intent of the donors is that the award be repeated annually and that the first recipient would be eligible for the same award each year until graduation if scholarship standards are maintained. High school graduates interested in this scholarship should apply by August 1 to Nolan Eberly, chairman, Scholarship committee, Morehead State College.

Floyd Girl Selected

Ane E. Parker, daughter of Mr. and Mrs. J. T. Parker, of Wheelwright, has been selected as one of Kentucky's Girl Scout Camp at Buffalo Bill Girl Scout Camp at Cody, Wyoming. The camp period extends from July 20 to Aug. 20. Miss Parker has been a registered scout and active in Wheelwright troops for more than seven years. One of the requirements for entrance to the camp is that the scout be one more year of service to scouting after their attendance at camp.

She will be active in camping and trapping in the Rockies while at camp. One of the highlights of the western trip will be a sight-seeing tour in Yellowstone National Park.

Conley To Practice Law in Prestonsburg

Hollie Conley, resident of Eastern and a graduate of the Duke University law school, will begin the practice of law this week. He has been offered the facilities of the law office here of Ex-Congressman A. J. May.

A son of Mr. and Mrs. Willis Conley, of Garrett, he attended Caneby Junior College two years, receiving his pre-law at the University of Kentucky. After completing the study of law at Duke, he was admitted to the Kentucky bar two years ago.

He and his wife, a daughter of Mr. and Mrs. W. S. Martin, will continue their residence at A. J. May.

A large percentage of Western county farmers plan to establish new pastures this fall using fence and orchard grass.

(Continued from Page 1)

"I have done my best to serve the people faithfully and well as County Attorney, and no person can truthfully say that I have been disappointed by any man. I welcome an accounting between myself and the fiscal court. If I owe Floyd county anything, am willing to pay it, and it was not and never has been, necessary for any suit to be filed for a settlement."

Dr. Edward B. Leslie, president of the Taxpayers League, said this is not a case of one man being singled out, adding that the League proposes to "cover the field."

He pointed out that the cost to the League of this first suit was more than \$1,000 and that a lack of funds could hamper the League in its plans.

The suit filed Saturday further alleges that Mr. Burchett has been paid other fees and commissions, the amounts of which are unknown to the plaintiffs. At the same time it called on the defendant to make a full and complete disclosure and accounting of all official receipts for the years mentioned in the petition.

The plaintiffs—the League and its directors, Dr. Leslie, Joe H. Conley, Peck Saunders, Henry P. Scalf, John Warrick, Wayne Stumbo and Gorman Collins—stated in the petition that they and their representatives and Dr. Leslie as president of the League had appeared before the fiscal court and requested it to take proper action to discover what amounts are due Floyd county, and to take whatever legal action might be necessary to recover what had been due the county through excessive payments. The fiscal court failed and refused to take the requested action, it was claimed.

It is asking an accounting from the County Attorney and a judgment against him for all amounts paid in excess of the constitutional limit, the suit also called on the circuit court to enjoin the fiscal court and its members from paying further salaries, commissions or fees to Burchett until a proper accounting has been made.

The schedule of official earnings of the County Attorney, embodied in the petition.

1942—from State treasurer as percentage of fines, \$3,916.94; salary, \$1,800; commission on delinquent taxes, \$5,119.09—total, \$10,836.03.

1943—percentage of fines, \$2,818.21; salary, \$1,800; commission on taxes, \$4,480.00—total, \$9,098.21.

1944—percentage of fines, \$9,289.49; salary, \$1,800; commission on delinquent taxes, \$9,149.09—total, \$20,237.58.

1945—percentage of fines, \$6,939.14; salary, \$1,800; commission on delinquent taxes, \$406.72—total, \$9,145.86.

1946—percentage of fines, \$3,389.38; salary, \$1,800; commission on taxes, \$860.04—total, \$6,049.42.

1947—percentage of fines, \$4,283.43; salary, \$3,000; commission on delinquent taxes, \$808.62—total, \$8,092.05.

1951—percentage of fines, \$3,951.75; salary, \$3,000; commission on delinquent taxes, \$1,184.18—total \$7,135.93.

Some doubt has been expressed that, because of limitations, the suit can legally cover a period extending farther than five years back from the present. Council for the League held, however, that no such time limit exists in a case of this sort.

OWENS FAMILY HOLDS REUNION

The Owens family, formerly residents of Garrett, held their family reunion at Dayton, Ohio, July 4-6. The annual dinner was held at Walnut Hill Park on July 5.

Those attending were Mr. and Mrs. Curtis Owens and sons of New York City; Mr. and Mrs. Laren File and sons, Mr. and Mrs. Miles M. Owens and sons of Dayton; Mr. and Mrs. Marcus Owens of Bevinville, this county; Mr. and Mrs. Devert Owens, Dwayne; Mr. and Mrs. Arnold Potts and son, of Garrett; Miss Alice Owens, Garrett; Mr. and Mrs. J. B. Wicker and son of Lexington; Mr. and Mrs. Robert Vale, Gene Owens, Dayton; Mr. and Mrs. Joe Ganya and son, Dayton; Mr. and Mrs. Clyde Potts of Michigan.

Miss Payne To Wed Arthur E. Linebaugh

Mr. and Mrs. Ballard Connors, of Dayton, Ohio, are announcing the engagement and approaching marriage of their niece, Billie Louise Payne, to Bobby C. Linebaugh, son of Mr. and Mrs. Arthur E. Linebaugh, Alpha, Ohio. He is a graduate of Beaver Creek high school and now attending Heidelberg college at Tiffin, Ohio. The bride-elect is the daughter of Mr. and Mrs. Faye Payne, of Estell, a graduate of Wayland high school. The wedding will take place in August.

CONCRETE PRICES HARDEN

The Office of Price Stabilization has authorized manufacturers of ready-mixed concrete to increase ceiling prices by 4 per cent.

The OPS during the industry's current earnings as compared to the level of earnings during the three best years, 1946-1948, justified an over-all uniform ceiling price adjustment upward of at least 4 per cent.

It will result in an increase of between 40 and 50 cents a cubic yard in the cost of ready-mixed concrete, according to estimates. During 1951, the ready-mixed concrete industry delivered an estimated 45 million cubic yards of concrete with a value of \$470 million.

CLEAN SWEEP FOR HUDSON HORNETS

in Grueling 250-Mile Test of Stock-Car Stamina, Safety and Power!

Take 1st, 2nd and 3rd in Detroit Classic for Most Dramatic Proof of Superiority Ever Seen in a Stock-Car Event

YOU CAN'T beat a Hudson for stamina, safety and power!

That was proved again when Hudson Hornets blanketed a field of 47 crack entries in Detroit's second annual 250-mile stock-car race on June 29 to win first, second and third places and set a new time record for this event.

This race was far more than a test of speed. Stock-car races are actually the proving grounds for a car's true worth. Hudson proves, time after time, that its sensational high-compression engine and its famed "step-down" design, with America's lowest center of gravity in a Monobit body-and-frame, bring you unmatched stamina, safety and power.

Visit your nearby dealer—drive a Hudson. Or phone him and a Hudson will be brought to your door without obligation to you! *Trade-mark and patents pending

20 WINS IN 23 STARTS

BY HUDSON HORNETS JUST LIKE YOU CAN BUY FROM YOUR DEALER

That's the Hudson record since January 20, 1952, in stock-car events held from coast to coast. These victories are in open competition against practically every make of car on the market.

Hudson Hornet 91, with Tim Flock at the wheel, gets the winner's flag at Michigan State Fair track, June 29. Bud Shuman, in Hudson Hornet 89, placed second; and Herb Thomas, in Hudson Hornet 92, won third place in this scorching test of stock-car stamina.

BEE-HUNTING IS AN OLD RECREATION

Wheeler Lewis, a miner of Mare Creek, and a few of the 25 colonies of bees he and Jay Thompson, a companion, have found this year.

There was an almost inaudible buzz and a honey bee dropped down from the sky, through a sunlit aperture fringed with leafy trees. The sound of its wings fanned scarcely a ripple in the deep silence of the primal wood but the waiting man stirred to life and perched at the winged visitor as it settled at the water's edge.

The erstwhile somnolent man, now alert and alive, was a mountain bee-hunter, indulging in that old but now practically extinct form of recreation. He had sat crouched over this tiny broodnest pool, edged with sand, for an hour, maybe two, sweating just this visit of the thirteenth bee. Patience, knowledge and judgment from his love were rewarded. The bee had come to "water."

A few burrs of the wings and the insect solicited the desired place to drink. The man watched intently, oblivious to the silence of the wood and the haunting shade under the great trees. There was only a man, a bee and when the insect winged away, a tiny dot rising in the sun.

A honey bee, after the first circle to get above the treetops, wings its way forward in a straight line. This line is called a "course" and the mental marking of it by a hunter is called "coursing the bee." Having discovered the "course" the hunter arises and after a hasty orientation of directions struck out in a straight line into the woods. Soon, he began to examine the lanes over, particularly those with knotty apertures on their sides, for he knew that somewhere on this straight line he was following, perhaps a short distance, maybe as far as a mile and a half away, the bee had "homed."

Slowly he worked his way upward toward the summit of the wooded hill and when he reached the top he paused for re-orientation of direction. Back down the "course" he had found no bee-tree and so he concluded the colony lived farther away and down the other side, maybe across and on the other hill. He started on his way. Perhaps at the end of the day he was in ill luck. If so he would come again tomorrow with "sweet bait."

"Sweet bait" is pure honey or it can be any suavored concoction that the hunter uses to attract bees. He places it in a sunny opening in the woods, preferably along a course that has not yet yielded a trace and flies many attempts. If he can attract several bees he may get a better "course" for the number of those flying away will materially aid his vision. If he continues to fail he advances with "sweet bait" along the straight line the insects followed. The closer he hears the tree the greater will be the number of bees

Fish and Wildlife Dept. Announce New Regulation On Hunting and Fishing

Frankfort, Ky., June 25 (Sp.)—The squirrel season for this year will open on August 23 and extend through November 5, according to regulations filed with the Statutes Revision Commission today by the Department of Fish and Wildlife Resources. The bag limit, according to the regulation, will remain at six per day or a possession limit of 12 after two or more days of hunting. Land bag limits for other game and birds have not yet been set by the Commission and the commissioner of the Department.

The season of minnows and crawfish from the streams of Kentucky for commercial use has been barred by an emergency regulation. The issuance of the regulation was ordered by the Game and Fish Commission and the Commissioner of the Department of Fish and Wildlife Resources when it was found that the streams of the state were being depleted of minnows and crawfish by the exceedingly heavy demand on them as bait. The regulation will be effectively immediately.

The regulation points out that this order does not interfere with any licensed resident selling minnows and crawfish from these streams for his own private use, but that such a person may not have in his possession more than 500 creek minnows or more than 200 crawfish at any one time. It is further pointed out in the regulation that no ban is placed on the taking of shad minnows for commercial purposes in the waters of Herrington Lake, Dale Hollow Lake, Kentucky Lake, Dewey Lake, Cumberland Lake and all streams under lock and dam, but not above the last lock and dam up the stream.

A license fee of \$5 will be required of any nonresident person or firm transporting or selling minnows or crawfish in Kentucky after August 15, according to a regulation filed with the Statutes Revision Commission today by the Department of Fish and Wildlife Resources. It is pointed out by the commissioner that this act is necessary so that the Department may have closer supervision of non-residents transporting and selling minnows and crawfish in the state.

Every out-of-state truck or any other type vehicle hauling minnows and crawfish must carry this non-resident license which runs for the calendar year.

O.P.S. NOTES

COFFEE STILL CONTROLLED
Coffee and cocoa beans have not been exempted from price controls. OPS explained the new Defense Production Act exemption of "fruits and vegetables in fresh or processed form" does not apply to coffee and cocoa beans.

REQUIREMENTS EASED

OPS has eased the way for small independent food stores which do not have a meat cutter or meat cutting facilities to obtain prefabricated cuts of beef from wholesalers. Changes, effective July 16, in the wholesale beef ceiling price regulation (CFR 24) relating to the purchase of prefabricated retail cuts make it possible for these retail stores to obtain a new source of supply where their customary source is no longer available. They also permit retail stores to obtain prefabricated cuts for the first time if they had not done so before.

SPORTS AFIELD

By TED KESTING

Two things about casting lines are axiomatic: 1. The lighter the line, the better it will cast. 2. The lighter the lure, the lighter the line should be.

Many casters still use lines much too heavy to get the enjoyment they should out of fishing. The introduction of spinning is helping solve this. In fresh water spinning a line over eight pounds isn't work and it is dawdling on many casting rod users that a light line will not only permit better casting, but will land surprisingly big fish.

Jason Lucas says that in reasonably weedy and snag-free water for any fish up to the size of large bass and pike, he nearly always uses a five-pound line. Where large and pike run large, he will use a 10-pound line. The spots are rare where bass grow so large that a 10-pound line won't land them. If—and remember this if—the user keeps cutting off the worn front of his line, next to the plug, before it gets weaker than the rest of the line.

However, in bass fishing and such, for the beginner or the man who doesn't get much practice, Lucas recommends a 12-pound line.

There are two general types of lines: the hard-braided water-proof which is very common, and the soft-braided, non-waterproof, used by some advanced anglers. The soft will cast much better with fewer backlashes, but it will not wear as well. In heavier test, the soft-braided becomes too bulky. The dividing line is a matter of taste. Personally I prefer soft-braid up to 7½ pounds test; hard-braid from that on up.

The tackle salesman will probably look blank when you ask for soft-braid, untreated casting line and tell you no such thing is made. But ask for spinning line of that type and you'll get what you want. As for choosing between silk and nylon, silk casts a shade better but it will wear so fast. Nylon need never be removed and dried. But you must watch that it doesn't wear out the rod guides because rough guides will run the line.

"Operation Playground" Scheduled by Drift Club As Recreation Movement

Operation Playground is scheduled at the next community picnic for the town of Drift. It was announced this week after the Drift Women's Club had voted at its July 10 meeting to sponsor this recreation project.

The playground is planned as a permanent community fixture, located just outside the Drift ball park. A date for a concerted effort on all citizens of the community will soon be announced, it was said.

After installation of equipment, a playground director will be employed.

ORDINANCE

NO. 73

An Ordinance fixing the time within which all taxes shall be paid and declaring the penalty on all unpaid taxes.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MARTIN, KENTUCKY:

Section No. 1. That all 1952 taxes shall be due and payable on July 15, 1952.

Section No. 2. That all taxes for any prior year shall be due and payable on July 1, 1952.

Section No. 3. That any person firm or corporation failing to pay such taxes on the due date, as herein fixed, shall be liable to a penalty of 6%, and in addition thereto interest at the rate of 6% per annum from July 1, 1952, until paid.

Section No. 4. All ordinances or parts of ordinances in conflict herewith, are hereby repealed.

E. P. GRIGSBY, Mayor
ANN GRIPPIETH, Clerk

TO THE VOTERS OF FLOYD COUNTY:

I am in the race for Coroner to win. I am running on my experience and qualifications. I honestly feel that I am well qualified to handle all problems that a Coroner is called upon to do.

The people of Floyd county deserve a Coroner that understands the job and a man who will be ready at all times, when called, be this day or night.

I can assure the people that as a citizen and Christian I will do my duty as Coroner to the best of my ability.

In the past the office of Coroner has been considered a joke, however, I can truthfully say that I have always considered the job of Coroner as a serious and responsible position and expect to continue to do so.

I will greatly appreciate all the help that I receive in this election from the good people of Floyd county.

Eleven from County At Pikeville College

Pikeville, Ky., July 14 (Sp.)—Eleven Floyd county students were enrolled last week at Pikeville Junior College.

Five other Kentucky counties, two other states and a foreign country also are represented among the 61 who are registered for the school's second summer term. Dr. A. A. Paas, college president, said today.

Men and women preparing to teach, as usual in Pikeville summer sessions, make up a major part of the group. All but eight are studying in the teachers course, working for a provisional elementary certificate.

Fourteen of the 59 future teachers at the college expect to complete the course this year. They will be eligible for the certificate when they have graduated at Pikeville's summer commencement August 8.

The Floyd counties who are enrolled at the college are Kenneth Burchett, Ivel, Nolene Derossett, Prestonsburg; Billy Dingus, Martin; Curtis Jervis, Endicott; Floyd Lafayette, Sloan; Elizabeth Laven, Allen; Dolores M. Leake, Prestonsburg; Morris F. Newcome, Grethel; Emmet E. Osborne, Endicott; Sallie Shepherd, Wayland, and Kathryn Youmans, Minnie.

LETTERS TO THE EDITOR

GIVES CREDIT TO WORKERS

Editor, The Times:

I would like to take this opportunity to express my sincere thanks to the many people who helped with the Bloodmobile here July 8. I especially want to thank Scoutmaster Robert Boy Scout troop No. 28, without whose help we would have been as a great loss. Boy Scouts who helped were: James Pranklin Francis, Billy Francis, Donnie Francis, Edgar Clark Doyle Hunt, Raymond Vanderpool, Herman Vanderpool, Adrian Stanley, Bobby Whit and Dickie Martin. Members of George S. Owsley Unit No. 296, the American Legion Auxiliary who helped were Mabel Bentley, Burette Moore, Virginia A. Draughn, Beulah Wanda Sloan, Roberta Sloan, Edna Conley, Patty Collins and Flossie McPeck.

Townpeople who were generous enough to sacrifice their time were: Bernice, Eugene, Stachia, Iona, Barbara Clark, Jo Evans, Ima Lee Spillman and Elizabeth Duff. My very special thanks to Sue Fitzpatrick, Stelmack of Chicago, Ill., and Barbara Mandt, of New York, N. Y., for interrupting their vacations to assist in this very worthy cause.

Words cannot express my appreciation for the help of Mrs. A. H. Mandt, of Manton, Ky. She was simply wonderful! She made many special trips up here to show blood donors films to help with the pledge cards, to train our workers to get the arrangements made at the school. She helped with the Bloodmobile and gave her pint of blood. She is one of the most remarkable women I have ever met. Again thanks to one who was a great leader in a great cause.

Thanks, too, to you, Mr. Allen, and your Floyd County Times for your wonderful advertising of the Bloodmobile visit. Radio Station WJL at Pikeville, was very very generous with valuable advertising time. Many thanks to Mr. Alexander and his very fine staff for the many spot announcements.

Most of all I thank the many people who kept their blood donor pledges and the 32 people who "walked in" on their own and gave blood. Even though we only received 52 pints of blood, I feel good to know that so many people are interested in the program. All our workers worked very hard. Again thanks to everybody.

SHELBY DRAUGHN, Chm.

To the Voters of Magisterial District No. 1

I hope nobody is disappointed if I am unable to see them. I have no means of transportation and this makes it very hard for me to get over the district. But I am in the race for Constable to win, and the help of you people I will win.

There are some people in the district who do not know me, and to acquaint them with who I am I mention the fact that my father is J. D. (Jonathan) Fitzpatrick, and that mother, who died when I was a small boy, was Nell Short Fitzpatrick.

I repeat my previous statement: I do not think the office of Constable is important to the people; so I will serve only those civil papers the County Judge or our Magistrate give me. In this way I can earn a little money which I otherwise could not earn because of near-blindness.

I will appreciate all the help you can give me.

The Reign of TURNERISM and NEPOTISM

The democrats of the world today are faced with the menacing "mass" vote, communism and laborism, and coming closer home to Floyd county, the children, the teachers, the taxpayers and the general populace and development of our county and state are worse than ever. The election of the 1952 board of education, following the election of the Floyd County Board of Education in 1951, has been a disaster. The board of education has elected a board of 10 members, all of whom are known to be members of the board of education of the county for a number of years. It is not until the election of the board of education that the voters of the county are given a chance to elect a board of education. The board of education is the only body that has the right to elect a board of education. The board of education is the only body that has the right to elect a board of education. The board of education is the only body that has the right to elect a board of education.

(1) Elsie Prater, a teacher for 12 consecutive years in district 18, was transferred to District No. 10, some 20 miles away.

(2) Christine Patton, a teacher in the Auxier elementary school, transferred to rural school No. 52, some 25 miles away.

(3) Mary Wells, a teacher in the Auxier elementary school, transferred to rural school No. 52, some 25 miles away.

(4) Farris Colson, Chief, Attendance Officer, transferred to Bessey Layne grades, some 20 miles away.

(5) Boone Hall, Director of Instruction, transferred to Auxier high school.

(6) Sarah Laven, a teacher at Auxier for a number of years, transferred to rural school No. 75.

(7) Alma Lowe, Maytown teacher, transferred to rural school No. 75.

(8) Wilma May, Martin teacher, transferred to rural school No. 38.

(9) Leatha Little, nominated for No. 38A, transferred to school No. 31.

(10) Ada Osborne, district No. 73 teacher for a number of years in the upper grade, transferred to District No. 95 to lower grades.

(11) Howard Osborne, district No. 87 teacher in the upper grades, transferred to rural school, Abner, in the lower grades.

(12) A teacher's job can be her livelihood. Yet, these people were moved from the schools they wished, applied for, and were nominated for by the outgoing superintendent, but the "boss" had the final word. Floyd children furthest from their minds.

It is interesting to note that these changes all came about after the election in Dr. Allen's and Mr. Greene's districts, and very few, if any, changes were made in three other districts where board members are to be elected this November. Could all of these teachers have voted against Mr. Greene and Dr. Allen? COULD THESE TEACHERS BE CALLED INJUSTICES WHICH THESE TWO MEN PROMISED TO STOP? COULD THE PEOPLE OF FLOYD COUNTY WOULD NOT HAPPEN IF THEY WERE ELECTED TO OFFICE? HOW DO YOU FEEL NOW ABOUT YOUR CHOICES?

Let us go further into the July 1 meeting and see if any acts of NEPOTISM WERE INVOLVED. Earl Greene, son of Board Chairman Greene, was employed at a salary of \$250.00 per month as assistant bus mechanic. His age recorded in the Attendance Department of Floyd county states that he is 17 years of age but the Superintendent claims that he is 19 years of age. At any rate, this youth was employed at a salary higher than TWO-THIRDS of the teachers in Floyd county.

Hillard Meadows, son-in-law of Chairman Greene, was employed at a salary of \$4200 per year. HOW MANY TEACHERS IN FLOYD COUNTY MAKE \$4,200 per year? THAT OLD SAYING, "I'LL SCRATCH YOUR BACK IF YOU'LL SCRATCH MINE" has added \$815 a month to the taxpayers' expense to employ two board members' sons and one son-in-law.

The present Superintendent receives an annual salary of \$6,600.00 while the outgoing Superintendent was limited to \$4,800.00 per year during his six-year term. The maintenance program now in the Floyd county system cost the taxpayers \$1,100.00 per month, while under the outgoing Superintendent the maintenance salaries totaled \$500 per month.

ALL OF THIS HAPPENED AT THE JULY MEETING. MAYBE THE REIGN CAN BE STOPPED BEFORE THE TERROR SPREADS TO THE OTHER THREE DISTRICTS FROM WHICH THREE BOARD MEMBERS ARE TO BE ELECTED THIS FALL. One "him" to eliminate could be in the Right Beaver district.

In closing, Henry W. Longfellow's great poem, "LOSS AND GAIN" seems appropriate to us transferred, outcast teachers.

When I compare
What I have lost with what I have gained,
Little I have missed with what attained,
Little room do I find for pride.

I am aware
How many days have been idly spent,
How like an arrow the good intent
Has fallen short or been turned aside.

But who shall dare
To measure loss and gain in this wise?
Defeat may be victory in disguise;
The lowest ebb in the turn of the tide.

NOTICE

Notice is hereby given that a petition has been filed by more than twenty-five resident freeholders of the Beaver Elkhorn Water District in Floyd County Court, requesting that the Beaver Elkhorn Water District be granted authority to acquire, maintain and operate the distribution and sale of natural gas within said district. The district lines, as now set out, are as follows:

Beginning at a point in the Pike county line one mile east of the intersection of the road at Ligon and running thence North 15 degrees West five miles along the water shed between Left Beaver Creek and Mud Creek; to a point thence North 30 degrees West three miles thence North 30 degrees West three miles thence North 45 degrees West 34 1/2 miles to the intersection of Right Beaver and Left Beaver Creeks; thence North 60 degrees West, two miles thence South 60 degrees West 2 1/2 miles; thence due West 2 1/2 miles to a point in the Mingo county line; thence with the Mingo county line to the Knott county line; thence with the Knott county line to the Letcher county line; thence with the Letcher county line to the Pike county line; thence with the Pike county line to the Mingo county line; containing all of that area in Floyd county drained by Right Beaver and Left Beaver Creeks. Excluding therefrom all municipally incorporated areas.

It is further ordered by the Court that said petition be passed for a period of thirty days from this date, during which objections to same may be filed by any interested party.

IT'S A GOOD WORLD

BY WILMAY

Little Miss Sue Preston, daughter of Mr. and Mrs. Tommie Fannin, of West Prestonsburg, has always dropped her 'R's and other of the 'f' words, and it is amusing to hear her talk. When asked what grade she is in, she replies, "Thud." Asked which of the 'm' babies in her family she prefers, the boy or girl, she answers, "The girl. That 'll boy, he seems like a wum." she declares.

Three-year-old Mary Summers, of Lexington, knew little of the real significance of Easter till the past spring, when her parents decided to acquaint her more fully with the joyous tenderness of Jesus. Mary was deeply impressed and enjoyed hearing of all Christ can do for us. When we are in need of help, Son afterward her pet turtle got sick. Mary dialed the phone and said, "Jesus, my pet turtle is sick. Please, will you bless him so he will get well. Don't punch him, or poke him, but tell him to take up his bed and walk."

The plight of poor old England is simply pitiful. She has lost her last unattractive leaf for several years and she sincerely sympathize. But she has no problem at all paying for the late king's funeral of about \$168,000, and preparing a year ahead for her beautiful queen's coronation next June at a much higher figure. True, her supporters in the U.S. maintain what she needs is dollars, not pounds. Tourists have no difficulty exchanging the two cents and going.

England just has to have her pagantry, her worship of splendor even if the poor taxpayers have to do so one way or another to pay for it. It reminds us of something we heard our favorite preacher say in our childhood, namely, "That Jesus will never return to this earth while some human being wears a crown on his head."

We stand corrected. That jam and jamb story. "Pears like this is one time when menfolk and womankind are both right. Imagine such! Webster's International lists either form as correct for a traffic jam!"

Mister, has your little boy or girl a puppy? If not, he or she is missing half the fun of childhood, no? Kids learn from pets that we feel kind of sorry for those who cannot have them. Often it is Mether or Duddy, not the piano, or Jack, etc., as some claim to their pride, little youngsters! If it's at all possible, let 'em have at least one.

And if you have a real big heart do not insist upon a male pup. Let the kids have the fun of helping rear and train a litter of puppies each year. It's good for them. Libby Ree has been disposing of five little ones this week before our vacation. The Salisbury boys from Martin came to get one for Tim, who has been in the hospital. Terry liked them so well he took two, one for himself. He was intelligent enough to select the two smallest ones, too. David asked what kind they are, and Luis replied, "Heinz." David blinked, till she added, "Fifty-seven varieties."

Years ago, her dog got bitten by a mad dog and had to be shot, so a kind friend rushed to the rescue with a tiny stray terrier, whose litters have been oodles of fun to the family and friends.

P.S. If you ever have so many that bottling is necessary, when times comes to wean them and teach them to eat gravy just roll one in it and watch the others lick it off him! It is simpler than having them nibble fingerings. Ha. An accidental trick discovered by kiddies on Warco Hill.

Automobile Arson Near Crime Wave Proportions

Frankfort, Ky., July 16—Automobile arson is being experienced in Kentucky in near crime wave proportions, it was reported today by State Fire Marshal J. T. Underwood, who disclosed that about 20 total-loss automobile fires are being looked into by investigators from his office.

In seven other cases suspected automobile arsonists have either been arrested or indicted by grand juries and are awaiting trial on charges of attempting to defraud insurance companies.

Most of the cases involve older model vehicles that the owners try to burn on some isolated road with the idea that they can get more from the insurance than by selling the cars, Underwood said.

"Ordinarily most of our investigators spend most of their time on real estate fires," he said, "but in view of the alarming number of car fires, every man is now working a great deal of the time on automobile arson."

Underwood said the rise of this type of fire has been evident since the start of the year but that a much larger increase has been experienced during the last 90 days.

He asked the cooperation of citizens and local authorities in reporting fires and prosecuting offenders, and he warned fire-setters that insurance underwriters are working with his office with their own investigators to halt the wave of fires.

The bituminous coals being mined today were formed during the Carboniferous Age which ended some 200 million years ago.

More Eloquent Than Words!

It is true, of course, that a Cadillac owner is proud of everything about his motor car.

But it is also true that he reserves a special place in his heart for the beautiful crest that rides high on the hood.

For here, as only he can fully appreciate, is one of the most wonderful and unique symbols in all the world of manufactured products.

In fact, it seems safe to say that no other mark of identification speaks so clearly or so eloquently of the product that bears it... and of the man who owns it.

It tells, for instance, of magnificent engineering and inspired design—and of experienced craftsmanship and painstaking construction.

It promises mile after mile of superlative motoring enjoyment—and it foretells year after year of dependable and enduring performance.

It proclaims, in short, the Cadillac pledge of quality—that here is an automobile built to the highest standards it is practical to enforce in the production of a motor car.

And, oh, the wonderful things it says about the man behind the wheel!

It reveals, more surely than in the words were spoken, that he is a man of position and achievement in his own private world of affairs.

It attests to the high regard he places on the safety and the comfort of his fellow passengers.

And it says, with unmistakable clarity, that he is a person of discernment and good taste.

Little wonder that the man who owns a Cadillac takes special pride in the beautiful crest that identifies it and adorns it.

The Cadillac crest tells its most eloquent story when it adorns the magnificent car illustrated above. For here is the illustrious eight-passenger Cadillac "75"—so luxurious, spacious and distinguished that it stands alone among the world's motor cars.

For CORONER

James J. Carter

Although the office of Coroner is a non-paying office it is, nevertheless, a highly important office to the people of Floyd county.

In the past it has been an office to be made a joke of, but to the people who have had loved ones who have met death in suspicious ways, it certainly is no joke.

James J. Carter is running for the office of Coroner at the primary election Aug. 2. He is a licensed Mortician and is well qualified for the job. He is not a man who will consider the office of Coroner a joke, but will take it very seriously as the people of Floyd county deserve it.

James J. Carter is a young overseas veteran deservicing of your support. Let's elect him and take the office of Coroner out of the funny class.

If you want to find out what kind of man James J. Carter is, ask his neighbors. They will tell you he is a well respected young man who has never been in and trouble and who has always lived a respectable life.

This has been paid for and donated by a neighbor and long-time acquaintance. 11.

Resolutions of Respect

In Memory of

Brother James P. Harris, who died July 2, 1952.
Once again death has summoned a Brother Old Fellow, and the golden gateway to the Eternal City has opened to welcome him home. He has completed his work in ministering to the wants of the afflicted, in shedding light into darkened souls and in bringing joy into the places of misery, and his reward has received the plaudit, "well done," from the Supreme Master.

Whereas, The all-wise and merciful Master of the Universe has called our beloved and respected Brother home, and he having been a true and faithful member of our beloved Order, therefore be it

Resolved, That Prestonsburg Lodge No. 293, I.O.O.F. of Prestonsburg, Ky., in testimony of its loss, drop its charter in mourning for 30 days, that we tender to the family our sincere condolences in their deep affliction, and that a copy of these resolutions be sent to the family.
